Education Week

Business of Labor

(By J. S. Black)

Labor today in Canada, and more especially that great body of the workers known as organized labor, has long recognized the great need for Education.

Education in the broad sense of the word starts in the cradle and ends at the grave but too many people think it starts the first day in school and ends when they leave school or university.

Labor believes that teen age youth ought to have all facts presented to them in an entirely unbiased manner and left to form their own decision. Too many seem to think that wealth is a sign of greatness regardless of the origin of that wealth.

Responsible labor knows that education carries on all through life, beginning in the home, where perhaps lies the greatest responsibility for the calibre of our future citizens. With the coming of the machine age, employers were astute enough to realize that any employees who were unable to put 12 commodities in a package correctly were of little value to them, and the Public School system was broadened until today it is rare indeed to meet a person who has not a good knowledge of the 3 R's. But the 3 R's are not enough.

Youth is the backbone of any country and an early start ought to be made to ascertain in what line of endeavor young

people nearing adult age are inclined to follow. Labor supports government vocational schools and many trade unions in the larger centres run their own technical classes for the benefit of the particular industry they are concerned with. This has proved its value since the end of the war in giving youth the necessary technical training that is so necessary in learning a trade. Vancouver is well equipped with technical training centres, which ought to be made available to all promising young Canadians of British Columbia either by bringing the facilities here or providing the means for those who merit it to travel there. We all know how the youth had to join the Armed Forces very often in the middle of his training period and today labor is very well aware of the tragic result and would like to see apprentices or learners given more encouragement than they are at present receiving.

Ray Reflects . . .

. . . and Reminisces

There are parts of North America where the precise location of some of Canada's provinces remain a matter of doubt. So it is just as well to keep pounding away at Prince Rupert publicity. There cannot be too much—and often.

Penny Wise, bright lass of the Vancouver Sun staff, assailed by women who all agree they are divinely happy though married, gives a low chuckle and points to the paper's weekly column of divorce applications.

There had been unconfirmed reports of spring having arrived and Thursday, as a breeze with icicles in it blew around town, the shaking of heads became more pronounced. Nevertheless spring is here. Newfoundland's sailing fleet sailed yesterday. Tapping of maple trees has started in Eastern Canada

Labor in the last year has made history by setting up what is known as "The International Confederation of Free Trade Unions" with headquarters in Brussels. One of the main endeavors of this organization is to try and educate also aid in the growth of democratic trade unions in economic and social under-developed countries suffering from the aftermath of war. If labor is successful in this education, the peoples of the so called backward countries can never be used as cheap labor to drag down the standard of living of the American workers.

and out in British Columbia we'll be ordering a dish of ollichans any old day.

Whiskers for May Day! Prizes, once again, for Prince Rupert's fanciest facial foliage. In other words, the 1950 edition of "Klondyke Night" coming up. If it's half as rowdydowdy and colorful as the predecessors there will be pride and extra kissing.

What a ship! With a record of having carried, as luxury liner, nearly two million passengers, and serving as an armed cruiser and troop transport in two wars, the Aquitania goes to her grave in the scarphean on the Clyde where she was born. A gallant life and war winner, surely.

It had been generally thought that those frequent references, a few weeks ago, in the daily weather report, concerning "cold polar air pushing its way westward" would shortly be disappearing. But one should not always believe what he sees in the paper—especially when it has something to do with temperature.

Colorful Tale Of Early West

Thrilling drama of high-handed adventure in technicolor, "Red Canyon," with Ann Blyth, Howard Duff and George Brent as its stars, is the feature offering at the Capitol Theatre here tonight and Saturday. Vigorous action in the breaking of wild horses and the fighting of desperadoes is laid in the open spaces of southern Utah.

The story, based on Zane Grey's novel "Wildfire," is that of a rancher whose wife was killed in a gun battle with a band of desperadoes. He has raised his motherless daughter with an iron hand and has given his only feelings to the thoroughbred race horses which he breeds. How a wild horse brings about his defeat is the climax of the story.

George Brent is the hard and relentless father. Ann Blyth is the daughter, Howard Duff is a wild horse trapper.

Edgar Buchanan, John McIntire, Chill Willis and Jane Darwell are other important members of the cast.

Geese, Ducks, Bad Winter

Exhausted in their flight due to starvation from absence of available food caused wild geese and ducks to perish by the thousands in the Kitimaat area during the past winter, according to accounts of natives from that village who are here for the district basketball championship. The migratory birds even fell out of the sky into the village of Kitimaat.

The birds are believed to have been felled by the unusual cold and ice conditions in their usual habitat of feeding on grass and elms. The grass was frozen up and the beaches were so hard that they could not get elms.

PROGRESSIVE CONSERVATIVE WHIP—Arza Clair Caselman became a member of the House of Commons in 1921, winning in the eastern Ontario constituency of Grenville as a Conservative. But he resigned shortly after that to clear the way for Rt. Hon. Arthur Meighen to enter Parliament. Mr. Caselman was successful in Grenville-Dundas in 1926, 1930, 1935, 1940, 1945 and 1949. He is a lawyer, First World War veteran and father of two sons. Born in Dundas County Jan. 19, 1891, he was first appointed Progressive Conservative whip in the Commons in 1936. (CP Photo)

Now To Business

THE LABOR government in Britain, precariously situated politically following the recent general election, has won its vote of confidence on a Conservative amendment to the Speech from the Throne. It would be desirable now if further crises involving the stability of the government might be deferred by mutual consent so that business of the country, can now be proceeded with.

The Attlee government has reaffirmed its intention of proceeding with nationalization of the iron and steel industry, which was given approval by the previous Parliament, but has intimated that the implementation will be deferred for the time being. There is tacit if not open compromise.

The strong Conservative opposition should be satisfied to permit the essential business of Parliament to go through without precipitating any undue embarrassment at this critical time.

In yesterday's vote most likely the Conservatives never seriously anticipated the passage of the non-confidence amendment. To cause another election immediately would probably result in no clearer a verdict. It would delay the handling of important problems, particularly in the field of foreign affairs, on which there is no fundamental difference of opinion anyway.

In spite of political differences, it is to be desired that the two sides will get down together to serious business in the good old-fashioned common-sense way.

Britons are usually Britons first and politicians afterwards which may not be the case in some other countries.

SATISFACTORY VOTES

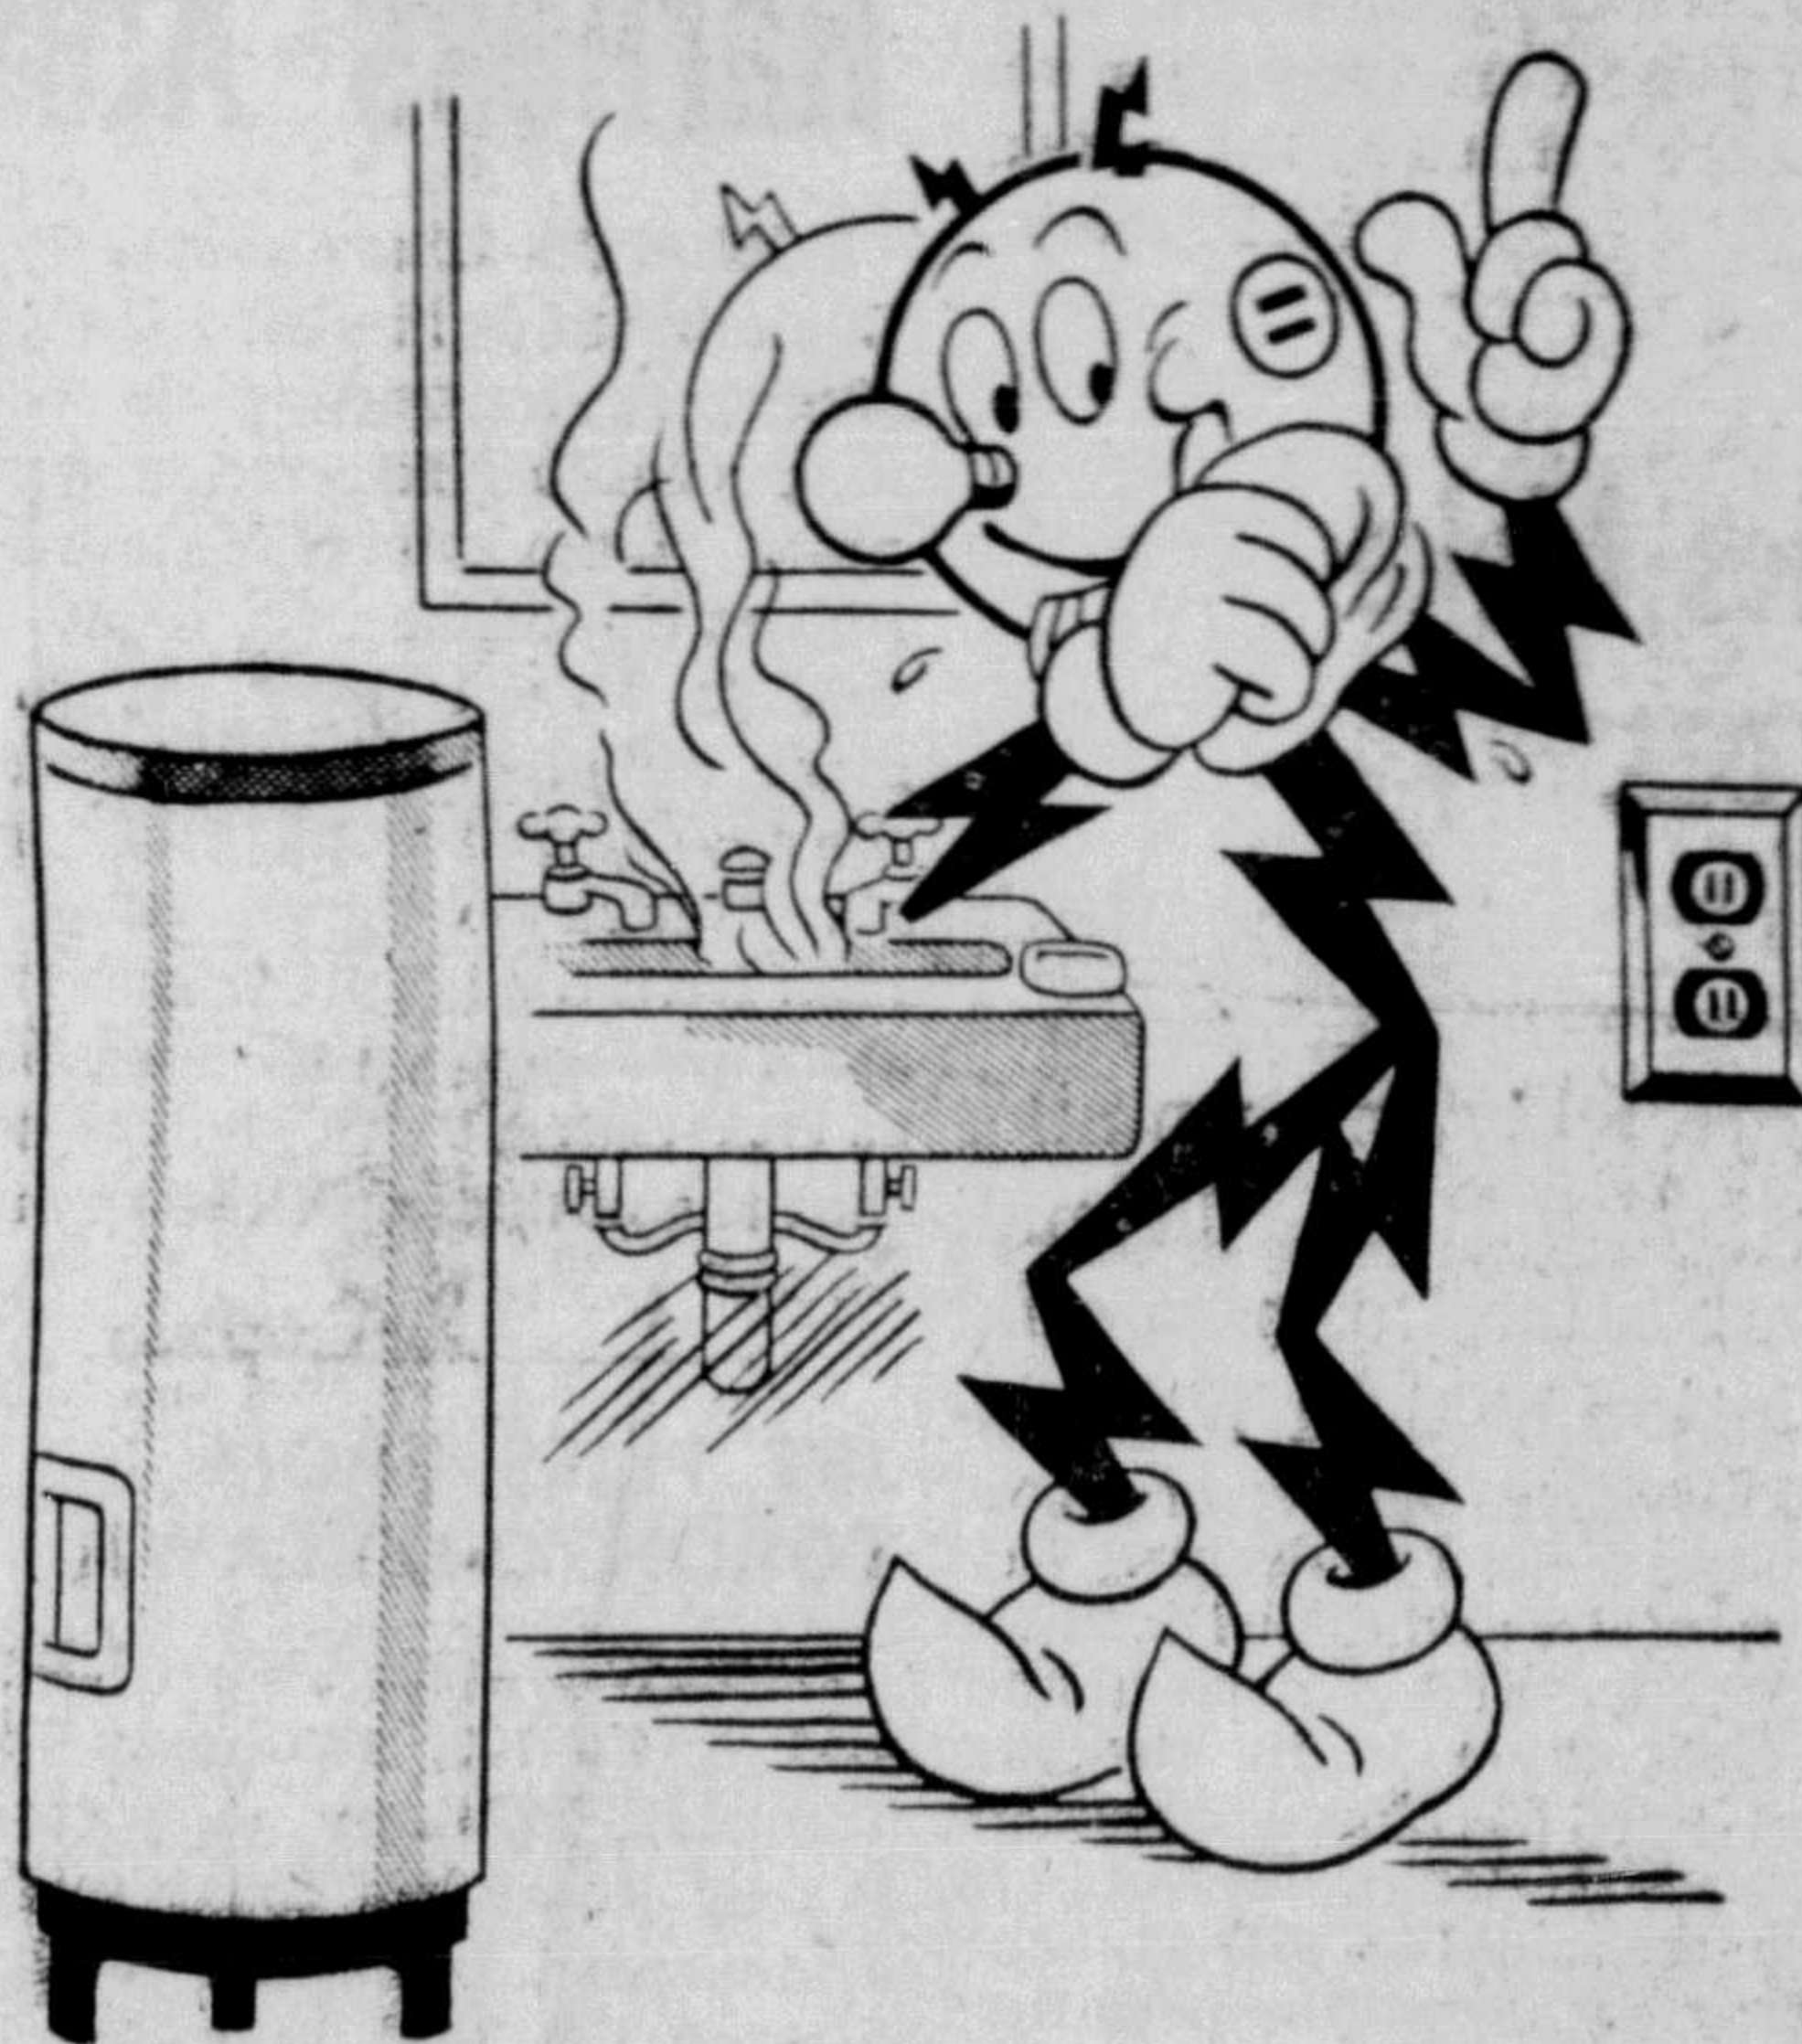

IT IS a substantial chunk of public works estimates—practically a million dollars—which the House at Ottawa has before it for Skeena and that is something to be gratified about in view of the general tendency to pare rather than increase. The member, Ted Applewhite, can be pardoned should he feel some satisfaction over the consideration his riding is receiving, subject to Parliamentary approval.

However, we are not suggesting we have received more than our due although we may have received a better proportion of our due than we might have on some occasions in the past.

In fact, while we are not ungrateful of what has been allotted, there are plenty of other things we need and for which we will have to continue pressing.

All of these are well known to Mr. Applewhite who can be counted upon to keep pursuing them. He has made a good start and, in view of his diligence, perseverance and energy, can be counted upon to deliver further in satisfactory measure as time goes on and opportunity permits.

It's Wonderful!

HOT WATER

An Electric Water Heater will give you the hot water your family wants at every hour of the day and night . . . You will have it on tap first thing in the morning for washing and shaving . . . all through the day for household purposes . . . at night for baths . . .

The supply will be thermostatically controlled, so there will be no waste heat, and no trouble. You'll be surprised how little it costs per day. Come in and look over the various types and sizes.

Open Day At City Schools

Open House in observance of Education Week was held in King Edward and Borden Street schools Tuesday. There was a large turnout of parents at both schools. Thursday other parents witnessed their children at study in Booth Memorial High and Conrad Street schools.

Over 120 persons were present at Borden Street School and teachers found it somewhat difficult to keep the minds of children on their work. Ex-Mayor Nora Arnold was one of the interested visitors. In Miss Jacqueline Trotter's grade three room, Mrs. Arnold discussed school work with Joanne Prockter.

To an audience of interested parents, J. S. Wilson, principal, led his mixed choir of young voices through a practice session during the hours of "open house."

At King Edward school, over 250 parents witnessed the actual work of students during school hours. Every room was visited by the gathering and informal discussion with both students and teachers were carried on. In divisions one, two and three, social studies were taught in addition to music. Use of the dictionary was taught in division three.

NATIVE TOURNEY FINALS— Kitimaat, Port Simpson To Compete For Honors

Greenville and Bella Bella Will
Vie for Consolation Trophy

Kitimaat, winners in 1949 and 1948, are assured of a place in the finals of the annual native basketball tournament following their win over Metlakatla last night. The other finalist will be Port Simpson which took a clear-cut victory over Kitkatla. Greenville and Bella Bella will play tonight for the Junior Chamber of Commerce Consolation Trophy, having won victories over Kincolith and Native Brotherhood.

PORT SIMPSON - KITKATLA

Port Simpson's victory over Kitkatla was the thriller of the evening. The final score was 50 to 37. Right up until the end of the third quarter it was anybody's game. In fact, Kitkatla was leading 33 to 31 at this point. Port Simpson tied it up and from then on it was their game all the way as they scored 19 points in the final period while holding Kitkatla down to four. Reece, Sankey and Dudoward, for the winners, scored a big 42 points between them

Reece getting 15 (10 in the last period), Sankey 14 and Dudoward 13. For Kitkatla Vickers was tops with 13 and Spencer made 10. It was a marvellous game, breath-takingly fast and cleanly played. Any fouls that were made were due to speed rather than intent. Port Simpson is a worthy team to play in tonight's championship finals for the B.C. Packer's Trophy.

Lineups:
Port Simpson—W. Dudoward 13, B. Bryant, L. Reece 15, A. Sankey 14, M. Ross, E. Well, W. Knott 2, H. Sampson, A. Reece 6, C. Price. Total 50.
Kitkatla—J. Vickers 5, J. Spencer 10, A. Innis, R. Bumble 1, R. Innis 1, W. Innis 5, E. Jackson 2, W. Jackson, L. Ryan.

A. Vickers 13, M. Tolmie. Total 37.

KITIMAAT - METLAKATLA

Kitimaat reached the finals of the native tourney for the third year in a row when they defeated Metlakatla by a 37 to 26 score. It was the lowest point game of the evening and the hardest fought. Kitimaat took an early lead to edge Metlakatla in the first quarter 10 to 7 and retained their lead throughout the game. Metlakatla made their big bid of the night in the third quarter, creeping to within two points of the winners but in the final period Metlakatians just couldn't hit the hoop. Then it was that Kitimaat really poured them in to make 15 points while the losers were getting six. Chris Wilson again proved himself worthy of the honor he received for two successive years. He was last night's most valuable player, making 15 points, intercepting pass after pass, and setting team-mate F. Wilson up for three lay-ups that virtually won Kitimaat the game. Both teams played a lot of zone defense which kept the scores low but it was good basketball to watch. Ryan was high for Metlakatla but Casey Nelson couldn't repeat Wednesday night's outstanding performance. He played hard but was unable to make the ball go through the hoop. He had more than his share of bad luck.

Lineups:
Kitimaat—F. Wilson 9, H. Grant 2, C. Wilson 15, H. Amos 2, Smith 2, R. Ross 2, S. Woods, R. Smith, F. Williams 2, Robinson 3, Total 37.
Metlakatla—R. Leask 5, C. (Continued on Page 5)

Between the BASKETS

League play-offs get underway again tomorrow night at the Civic Centre. The first game of the two of three game series for the Intermediate championship is scheduled with the Merchants playing Fashion Footwear. These two teams have been running neck and neck all season and it is anybody's guess as to which will win the Grotto Cup.

In the first game of the evening the Juvenile League leaders will meet in a sudden death game for the Juvenile Trophy. This will be the first time that any of these boys have played before an evening audience and the fans who come early will get a real treat when they watch Booth IV in their game with Annunciation School.

The big game of the evening will be the Brownwoods-Co-op Senior League fixture and to predict a winner is beyond the scope of this reporter. However, a few of the basketball fans, and players have been asked their opinion as to who will win and here are their comments:

Fred Arney (Co-op)—"Oh! I don't think we'll have any trouble."

Art Murray—"Co-ops will win, providing Lavigne breaks his leg before the game."

Angus Macphee (Co-op)—"If Co-op plays a better game than Tuesday, and Brownwoods worse, I predict Co-op to win."

Mayor George Rudderham—emphatically, "Brownwoods 55-48." (He's liable to lose the fisherman's vote on this one).

George Howe—"Co-op will win. Brownwoods can't take them two in a row. They might, but not in my opinion."

Howard Haugan—"It's hard to say."

Reg. Lavigne (Brownwoods)—"Well let's see—all I can say is, if we fight as hard as we did Tuesday night, we have an excellent chance."

Sid Woodside—"I'll say Co-op—providing Angus does his masterminding from the bench instead of from Art Murray's Emporium."

Dave Macphee—"Co-op will win because Brownwoods have never won two games in a row yet."

Doug Shier (Brownwoods)—"We won an upset victory over Bo-Me-Il, the improbable over Co-op; tomorrow night we'll do the impossible."

Junior League— Letourneau Top Scorer

Derek Letourneau was the high scorer in the Junior Basketball League during the past season according to figures compiled by League Statistician Fred Calderone. In addition to having the highest aggregate of points, Letourneau led in field goals with 72. He also scored the most field points in one game—twenty. Letourneau's Kinsmen's team, which ended up in second place for the season and is now in the play-offs, also led in total points for the season.

Runner-up individual point getter for the season in the Junior League was Norman Suther of the league-leading Prince Rupert Hotel.

Prince Rupert Hotel, as a team, was runner-up to Kinsmen in point getting.

Following are the season's records:

been dogged by bad luck ever since their hall burned down in February 1948. In spite of the fact that they have no hall to practice in they felt that they should enter this tournament and they have a good account of themselves. They didn't score many points but they were game and kept trying right up to the final whistle.

City firemen responded to two calls Thursday. At 1:45 p. m. flames from a blow torch set grass and a section of the Yaebti Club afire. Firemen quickly extinguished the flames and no damage was done. At 5:35 p. m. a roasting pan at the home of C. Love, 209 Ninth Avenue East, containing deep fat began burning. No damage was done.

Help Visitors Attend Church

The Prince Rupert Ministerial Association meeting this week went ahead with a plan to provide Church Directories in hotels and holidaying places so that visitors to the city may be encouraged to attend their church on Sundays. The matter is in the hands of Rev. Earl Solland.

In a discussion of the Bible Study Course at the High School it was planned to have the committee and the course arranged in May for the coming school term of 1950-51.

The President of the Association, Rev. Fred Antrobus, informed the meeting that it was expected that Rev. W. H. Hudspeth, M.B.E., general secretary of the British and Foreign Bible Society, is expected to visit the city early in May.

The secretary was instructed to prepare the Morning Devotions schedule for CPFR and the Saturday Sermon schedule for the Daily News until the end of August and present it in May.

Escorted by Constables E. D. Anderson and D. R. Westover, George McKnight and Stewart Thompson were taken to Oakalla prison pending their trial here April 17.

Keep your youngsters fit... steady health is precious!

"Martha, your Elsie and Bill act dull and listless at times. But, to keep up with playmates they just have to be on their toes all the time. That's where steady health counts — they must keep fit."

Keep your family fit all the time. One good way is to guard against "irregularity" — often caused by lack of bulk foods in the daily diet.

Post's — the better Bran Flakes — supply the natural bulk needed to help keep food wastes moving promptly — help the whole family retain vigour and vitality.

And all the family will enjoy wholesome wheat nourishment — POST'S BRAN FLAKES are made with other parts of wheat. Appetizing as a cereal. Also tasty and effective when made into light, tender bran muffins. Follow recipe on package. Two package sizes, large or regular. Insist on Post's — the better Bran Flakes.

The whole family needs **Post's BRAN FLAKES** — and likes them!
