

# Abbott Sees Long Range Solution Of Crisis

## Balagno-Lundquist Going To Warsaw For Music Contest

Balagno-Lundquist, Prince Rupert and Seated pianist, will be an American contestant in the International Competition in Warsaw, this fall. The competition is part of the year-long centennial commemorating the one hundredth anniversary of the death of Poland's greatest musical genius.

Open to young pianists of all nations who are between 16 and 32 years of age, the international competition was originally held in 1927 and thereafter at five-year intervals until World War II. The contest this year will be the first in the post-war period.

Marie Balagno-Lundquist, 28, now a resident of Seattle, is a pupil of Stephen Balogh of that city and a graduate of Seattle's Cornish School of Allied Arts. In 1940 and 1941 she won the Music and Art Foundation-Glen Kerry Scholarship and in 1947 received the first performer's diploma awarded in 19 years by Cornish. She has appeared in recitals in Seattle, as well as in a number of other cities in the Pacific Northwest and her home city of Prince Rupert.

After a recent audition before Arthur Rubenstein, the noted pianist and Chopinist, he described Mrs. Lundquist as having played Chopin "not only like a man, but like two men."

Mrs. Lundquist is the daughter of Mr. and Mrs. C. P. Balagno of Prince Rupert. Born at Prince George on October 13, 1920, and spending most of her life in Prince Rupert, Mrs. Lundquist went to Seattle in 1936 and has since studied with Mr. Balogh. The Polish competition is scheduled to begin on September 15, with finals taking place between October 12 and 15.

British Columbia Forest Commission announcing the ending of the logging ban, said it came as a relief to the logging industry generally throughout the province after 48 hours and the weather forecast predicted further precipitation. The logging ban was lifted as a fire hazard in the forest.

Another electrical fire in the city of Vancouver yesterday afternoon was off for a north Vancouver and blowing to blown trans. There was one-fifth of a train in one five-minute.

Street car riders in Vancouver are paying ten cent cash fares next Monday. On interurban lines the fare will be ten-cent fare city riders. The new fares were approved yesterday by the Utilities Commission. Rates in Los Angeles are in Los Angeles, California.

CANADA TO BUILD WORLD'S MOST MODERN SUBMARINE CHASER—Anti-submarine escort vessels will be built in Canadian shipyards for the Royal Canadian Navy. Work has begun on the preparation of detailed working drawings of the hull structure for the first three ships and it is hoped the first keels will be laid down late this year or early in 1950. The vessel has been designed primarily to combat the modern fast submarine and will be the first of its kind to be built anywhere. An artist's sketch of the finished model is shown here.

## MENACED BY REDS, PHILIPPINES HAVE HALF MILLION LOOSE GUNS

By SPENCER DAVIS  
MANILA (AP)—There are at least 500,000 firearms "loose" in the Philippines today, official estimates show. Only 77,000 are licensed or carried by special permit. In this new republic, menaced by the Communist-directed Hukbalahap uprising that refuses to be squelched, this serious firearms situation has caused remarkably small outcry.

FRIENDS IN SPITE OF IT ALL—"So long, buddy." It was warm smiles and handshakes all around as the "Big Four" foreign ministers broke off their history-making talks in Paris' Palais de Marbre Rose. Russia's Vyshinsky, second from right, is bidding good-bye to Dean Acheson, U.S. delegate, right. France's Schuman is at extreme left, Britain's Bevin is beside him.

## COMMUNITY HELP ASKED TO PUT CIVIC CENTRE CARNIVAL ACROSS

Plans for Prince Rupert's week-long annual Civic Centre carnival, an event which not only inspires a gala feeling during the summer months, but which is a financial cornerstone to the Civic Centre's year-long community service program, will be laid at an organizational meeting this evening.

If past experience is any guide, the burden of putting the carnival across will be again laid on the shoulders of a comparatively few unselfish volunteer workers, but everyone who feels that he can contribute something to the vast effort is being invited.

"And that really means everybody," says Bill Stone, chairman of the carnival committee. "We can use plenty of help."

Much of the detail of the program will be ironed out tonight but, already, a considerable amount of groundwork has been done by Mr. Stone and his committee. Preliminary work for the carnival, which will be held from August 13 to 20, actually began last spring.

A highlight of the program will be a beautiful child contest, a competitive affair in which children ranging between the ages of three and (Continued on Page 6)

## PUBLIC SHOWING OF 'HIGHWAY 16'

"Highway 16," British Columbia Travel Bureau picture depicting central British Columbia from Prince Rupert to Prince George as viewed from the northern transprovincial highway, will have a public showing on Thursday night at the Civic Centre. It was announced today. This will give all Prince Rupert people the opportunity of viewing the picture which is of particular local interest. At the same time a film will be shown in connection with the forthcoming Red Cross blood donor campaign.

## SPECIAL PROBE OF ARSON TRY

Aid of an investigator from the provincial Fire Marshall's office at Vancouver has been obtained by the city police and fire department to probe a suspected arson attempt in the Exchange Block, discovered on Friday.

David Cummings, investigator from Vancouver, arrived in the city by plane Monday afternoon to investigate the fire.

The fire, which burned itself out after doing only slight damage, apparently was set deliberately in the Rex Bowling Alleys in the basement of the block at the corner of Third Avenue and Sixth Street.

Sgt. L. A. N. Pottoroff of the city police at the week-end had asked that a trained fire investigator from the fire Marshall's office be sent here to examine the charred pieces of oil-soaked rag which were ignited between two bowling alleys. A similar request was made by Fire Chief Earl Becker.

Various possible motives are being studied in the hope that they might lead to the apprehension of the person responsible for what was flatly stated by the police to have been an obvious arson attempt.

The Rex Bowling Alleys, which closed several weeks ago, are said to have been offered for sale and are awaiting a buyer before being moved from their present location.

## FLORIDA HAS RACE RIOTS

GROVELAND, Florida (AP)—A riot of shooting and house burning flared last night after a man had been beaten and robbed and his 18-year old wife had been raped last Saturday.

Three negro homes were destroyed after an armed mob had set fire to them. Earlier sheriffs had hurled tear gas bombs into a heavily-armed mob who rode shooting through a negro community five miles west of here.

Three negroes have been arrested and charged with rape, kidnapping and causing bodily harm in connection with the offence on Saturday. A sheriff said that the three had confessed and a fourth man was sought. National Guardsmen last night ringed the negro section for some distance from flaming structures.

## Principles Must Be Changed Into Action

### Flash

**BIG MONTREAL FIRE**  
MONTREAL — Damage of \$200,000 was done when fire swept a tenement in the Verdun district late Sunday. It occupied fire departments for five hours.

**"RIP" REMOVED**  
LONDON—A delayed action bomb, which had been lying in the Tottenham Square district for nine years, had its fuse removed and was hauled away Sunday. During operation 2000 residents of the area were removed against the possibility of an explosion.

**CALLS MINERS BACK**  
SYDNEY—There are signs of the coal miners' strike breaking up. In some districts the miners are returning to work. Prime Minister Chifley said that miners, duped by Communists, were permitting "law of the jungle" to prevail.

**DROWNED AT HATZIC**  
NEW WESTMINSTER — Inquest has been ordered into the drowning of Douglas Herbert Marshall, 20-year-old son of Jack Marshall of New Westminster, who lost his life in Hatzic Lake Sunday when he slipped into a hole.

**MOVING HEADQUARTERS**  
VANCOUVER — Following commencement of the Trans-Pacific service, headquarters of Canadian Pacific Airlines are being moved from Montreal to Vancouver, President Grant McCormachie announces.

**RECAPTURED**  
VANCOUVER—Roland Forsythe, who escaped from Okalla Prison last winter, has been recaptured in Winnipeg.

## Communism Flourishing

**Unemployment Areas Are Termed "Wonderful"**  
Breeding Ground  
WASHINGTON, D.C. (AP)—Enid Rieve, president of the Textile Workers of America (CIO), said today that many jobless workers in the United States were listening to communist preachings. He told a "full employment conference" that places where unemployment is high make a "wonderful breeding place for communism."

It was a meeting of Americans for Democratic Action, a political organization which bars communists from membership. Rieve said that during the past few months communism had made large strides whereas in the war years democracy got little results.

Hon. Lurence A. Steinhardt, his wife and daughter will be accompanied by Col. Jack C. Hadgson, air attache at the American embassy, and Mrs. Hadgson.

They will travel as far as Skagway on the S.S. Prince George and from there will journey by rail to Whitehorse, Yukon Territory, where they will stay at the R.C.A.F. guest house.

Returning, southbound, the distinguished party will board a Canadian National train at Prince Rupert for Jasper National Park where they are scheduled to holiday for several days at Jasper Park Lodge.

## Sterling Countries To Curtail Imports From Dollar

LONDON (AP)—Finance Minister Douglas Abbott said today that he considers long-term solution of the dollar dilemma depends on "translating into action" principles endorsed at the recently concluded Commonwealth finance ministers' talks. He said these should lead in an expansionist rather than reactionary direction.

"Don't think that dollar cuts are a cure for anything," said Mr. Abbott. He indicated that Canada would feel the cuts, particularly in timber, non-ferrous metals and pulp and paper.

Finance ministers of the Commonwealth countries within the sterling area have decided to recommend to their governments the "equivalent" of a 25 percent reduction in dollar imports, it was announced last night.

This means that all members of the Commonwealth except Canada and South Africa will put into effect austerities similar to those that Britain announced last week.

Future import programs, rather than immediate consumption, will be affected. Canada is not concerned directly because she is a dollar country.

Meanwhile Prime Minister C. R. Atlee announced yesterday that he will take over the job of steering Britain through her economic crisis while Sir Stafford Cripps is on sick leave.

## Ambassador Coming Here

Lawrence A. Steinhardt of United States Coming Here

The United States ambassador to Canada and his family will be among 260 passengers arriving here Thursday morning on a 10-day cruise to Skagway on the Canadian National Steamships Prince George.

Hon. Lurence A. Steinhardt, his wife and daughter will be accompanied by Col. Jack C. Hadgson, air attache at the American embassy, and Mrs. Hadgson.

They will travel as far as Skagway on the S.S. Prince George and from there will journey by rail to Whitehorse, Yukon Territory, where they will stay at the R.C.A.F. guest house.

Returning, southbound, the distinguished party will board a Canadian National train at Prince Rupert for Jasper National Park where they are scheduled to holiday for several days at Jasper Park Lodge.

## Tuna Strike Off West Coast of Vancouver Is.

Tuna have been "struck" of the British Columbia coast by the fishery patrol cruiser Howay being operated in conjunction with the Fisheries Research Board of Canada.

One tuna was caught yesterday 40 miles southwest of Cape Cook, West Coast of Vancouver Island, in 58.7 degree water. Four more tuna were caught today about ninety miles southwest of Estevan or nearly due west of Cape Flattery. Water temperature there was 59 degrees.

The Howay reported numerous birds in the vicinity and that she had been cruising in "blue water" all day up to noon. Howay left here a week ago and cruised south off the west coast of Queen Charlottes.

An independent daily newspaper devoted to the upbuilding of Prince Rupert and all communities comprising northern and central British Columbia. Published every afternoon except Sunday by Prince Rupert Daily News Ltd., 3rd Avenue, Prince Rupert, British Columbia. G. A. HUNTER, Managing Editor. H. G. PERRY, Managing Director. MEMBER OF CANADIAN PRESS - AUDIT BUREAU OF CIRCULATIONS CANADIAN DAILY NEWSPAPER ASSOCIATION

### Long Range Needed

SURELY THERE IS A WAY of breaking the vicious circle of multilateral and competitive trade which is precipitating economic crisis on the western world. The need now may be to recognize that most of the trouble comes from doing what seems temporarily expedient rather than doing what is right from a long-range standpoint.

It seems to be becoming more urgent than ever for the world's statesmen to push aside details and get down to thinking and agreeing about fundamentals.

When a navigator on the ocean wants the right answer to a question of his ship's position, he gets up from his chart desk and takes a sun-sight. European nations certainly are at sea right now. They ought to get real help if they look in the proper direction.

### CRIPPS STILL NEEDED

IT IS NOT to be wondered that there is much speculation over the circumstances of the rest being taken by Chancellor of the Exchequer Sir Stafford Cripps. Generally recognized as the most realistic and fact-facing member of the British Labor government, Sir Stafford has given long-suffering Britons not a few bitter pills in his obviously sincere efforts to bring about a panacea to his country's grave economic ills. And Prime Minister Clement Attlee's political family has not been so happy about it at times, there is good reason to believe. Laborite or no Laborite, however, Sir Stafford has, nevertheless, been a forceful and useful figure, vicissitudes and difficulties of his position notwithstanding.

The reasonable thing to suppose is that Sir Stafford has simply suffered a breakdown under the weight of strain and responsibility in these critical times.

Those who follow and have some understanding of British affairs will hope anxiously that, after a period of rest, Sir Stafford will be able to return to the scene of British public affairs. He could and very well may play an important part no matter what political developments arise out of a great crisis which, from the economic aspect, is unprecedented in the nation's history.

### ACHIEVING MUSICAL FAME

MARIE BALAGNO-LUNDQUIST, achieving international fame as a pianist and joining the ranks of the contemporary great as an artist of the keyboard, wins further distinction in being chosen to go to Warsaw, Poland, as a competitor representing the United States in the Chopin International Competition this fall.

It speaks volumes of credit for the inspiration of her parents, particularly of her father who comes of a well known pioneer British Columbia musical family, and of her early training right here in Prince Rupert, at St. Joseph's Academy that Marie Balagno-Lundquist should have scaled the musical heights thus far—an ascent that, from all indications, has not ended yet.

This talented young lady is but one of several of Prince Rupert's very own products who have won distinction for themselves and the town from which they hail. To her parents and all concerned congratulations are due.

### A REPORTER'S TROUBLES

REFLECTING on the possibility of newspaper errors, which, in spite of the best we can do, seem bound to occur, a columnist in the Prince George Citizen enumerates some of the risks one takes when talking to a newspaperman. He says:

"First, the reporter has to hear aright what talker is saying. Then he has to remember it right and write it right. Then it goes into the backshop where it has to be linotyped right. Then it has to be checked right. Then it has to go into the paper right. In the latter process any of half a dozen mishaps can occur: it can get the head from another story; its head can be reversed, it can be mutilated to make it fit, thereby losing all meaning; it can be forgotten and left out altogether.

"The possibilities of making mistakes, as you will see, are unlimited. So, it's not right reporter should be sometimes asked whether he ever writes anything right."

## Ray Reflects . . . . . . and Reminisces

Tourists often visit Canada and return home without ever having seen a member of the Royal Canadian Mounted Police and, because of that, speak of great disappointment. Some of the advertising folders show a mountie on the cover which plainly suggests he is intended as a travel attraction which is far from being correct. It is their business to uphold law and order, and not pose as a diverting subject for someone with a camera. It is to be regretted a holiday is not always up to full expectations yet it's a fact one can tour for weeks and never get a glimpse of that scarlet unic.

Public life has a certain glamour that often gives a wrong impression. Behind the suggestion of power and distinction, there lurks such a thing as nervous exhaustion. It wore Franklin Roosevelt to a shadow. Truman is said to be standing up well but that's more than can be said for his cabinet. Only a few months ago, Forrestal dropped from a sky-scraper window. Within the past few weeks,

GOLD MEDALLIST FROM PRAIRIES—Kay V. Marshall, 13-year-old collegiate student of Moose Jaw, winner of the grand prize for best essay on subject "Our Navy and Seaborne Trade in Our Daily Life," as conducted recently by Navy League of Canada in co-operation with the Royal Canadian Navy. Miss Marshall came first in the junior age group, 10 to 13 years, in Saskatchewan, for which she was awarded a gold medal and wrist watch for herself and a framed picture of H.M.C.S. Magnificent for Central collegiate. In addition she has now won the Navy League's diamond medal and an expense-free visit to the fleet at Esquimalt, including a trip to sea in a Canadian warship. She will be accompanied by M.R. Ballard, principal of the collegiate who will be her escort, as a guest of the Navy League. The adjudicators for the national contest were Dr. E. J. Pratt, University of Toronto, Arthur R. Ford, Free Press, London, and Rear Admiral F. L. Houghton, R.C.N., vice-chief of the naval staff.

Krug, secretary of the interior has had fainting spells while trying to testify, or give addresses. And now, Mr. Cripps.

Questions concerning the Senate will be asked when Parliament reassembles. Answers may bare embarrassment or possibly reveal evasion. For there is a suspicion that Canada is commencing to wonder if the Senate is becoming a one-sided club or functioning as the Fathers of Confederation originally intended.

Communists are being blamed for plenty and somehow it all seems to stick. Apparently, there is no question as to the justice of the charges concerning the London strike. And so it goes. In other times when an industrial or political entanglement provoked and grieved the general public, it was usually good form to point at the Irish.

Without giving the subject a scientific approach, one might say that what is called muskeg consists of decayed vegetable matter. Long, bright days give it a power that puts an ardor—a strength and viridity into this business of growing. If you doubt, take time to give more than a passing glance at the acres of lush grass, tall ferns, bowers and flowers, verdure and variety within the borders of the railway reserve.

The late P. D. Ross, Ottawa newspaper publisher, was a lover of sports throughout his long life. Once, playing golf at Virginia Hot Springs, he met with an aged gentleman who, after brief conversation, invited him to play the following day. Starting out, Mr. Ross noted a small crowd following. The elderly stranger, in an amiable way remarked:

"I wish people would not be like this. For that reason, I usually play on my own links."

"You have a private course, sir," queried Mr. Ross.

"Yes. At Lakewood, New Jersey. Still I prefer a small course on the Hudson."

"You have two, then," was the surprised exclamation.

"Yes, indeed. Three, as a matter of fact. The third is in Ohio."

"I beg your pardon," observed Mr. Ross, "but may I ask your name?"

"Certainly. J. D. Rockefeller."

Tonight's train, due from the East at 11:30 daylight time, is reported two hours and thirty minutes late due to a delayed connection at Jasper. This would bring it in at 2 a.m.

COPS IN THE "REEFER" PATCH—This bumper crop of marijuana, dwarfing two six-foot R.C.M.P. officers, never found its way to dope addicts in the Windsor, Ont., district. The officers cut down the half acre patch of the dangerous narcotic used in the manufacture of illegal "reefer" cigarettes. (C. P. Photo)

### PLEASED WITH NEWFOUNDLAND

MONTREAL—"The tourist industry of Newfoundland is showing signs of rapid development," said Alistair Fraser, vice-president traffic, Canadian National Railways, on his return here today after an inspection of the company's freight and passenger traffic facilities in the new province. "Newfoundland," added Mr. Fraser, "is undoubtedly an almost untouched territory for the game fisherman and hunter and tourists can count upon a hearty welcome when they go there. "The volume of passenger traffic being handled by the railway is encouraging," he continued, "and I think this is due to a degree to the new lower passenger rates." He also emphasized that rates generally now in effect are giving widespread satisfaction to the population of Newfoundland. "My enthusiasm was aroused by Newfoundland's fishing, mining, and newsprint industries. After brief visits to various fisheries plants, two mines and two paper mills, I think Canada has much to gain from the recent union with Newfoundland," he concluded.

SOCIAL and PERSONAL

For reliable and dependable 24-hour service, call 555—Service Cabs. (171)

Anton Simundson left on yesterday's plane for a trip to Vancouver.

Shipments of fresh halibut continue. There were six carloads attached to last night's outgoing train for New York and Chicago.

Rt. Rev. James B. Gibson, Bishop of Caledonia left on last evening's train to spend the next few weeks at Shandilla, their summer home near Kitwanga.

Wilfrid Conlan, chief radio supervisor for the provincial police, who has been here for the past week installing radio equipment in the local police car, sailed by the Camosun this afternoon on his return to Victoria.

Mr. and Mrs. J. P. Moller and family are leaving the city shortly to make their future home in Vancouver. They have sold their residence on Fourth Avenue East to Charles Foreman who is identified with the Columbia Cellulose Co. here.

Mr. and Mrs. Vincent Cukrov, of San Francisco, arrived in the city on the Camosun Sunday evening and are the guests of Mr. and Mrs. George Pavich. The marriage of Vincent J. Cukrov, son of Mr. and Mrs. Cukrov, to Miss Annie Pavich, daughter of Mr. and Mrs. Pavich, will take place in the city on July 31.

WILSON ATTENDING PRINCIPAL PARLEY

J. S. Wilson, principal of Borden Street School, expects to be home in about two weeks from Victoria where he has been attending a Department of Education principals conference as well as taking an advanced course in choral conducting under B. L. Kurth.

Writing to the Daily News office, Mr. Wilson tells of meeting in Victoria several former Prince Rupert people including Carl Brand, one time accountant of the Royal Bank of Canada here, who lost the Victoria City tennis championship a few nights ago; Meth Davies, who still sings in a choral group in Victoria, and Miss E. A. Mercer, former principal of King Edward School here, who now lives in retirement in Victoria.

Notice is hereby given that I will not be responsible for any debts whatsoever incurred by anyone other than myself. Robert Hamer. (169)

Ole Kildal sailed this afternoon on the Camosun for Vancouver.

Regular meeting Chapter No. 211 Women of the Moose, July 20th. Initiation. (168)

Mrs. John Harradine and two children left on last evening's train for Winnipeg where they will make a six weeks' holiday visit.

Inability of some of the bandmen to turn out caused postponement of the visit of the Prince Rupert Shrine Club's City Band to Pioneers' Home last night.

Publicity committee of the Women of the Moose held a meeting at the home of the chairman, Mrs. A. S. Hamilton. Business was of a routine nature and was followed by the serving of delicious refreshments by the hostesses. Those present were Mrs. T. Ketcheson, Mrs. O. Tweed, Mrs. George Howe, Mrs. Thomas Glenn and Mrs. A. S. Hamilton.

SUCCESSFUL IN MUSIC THEORY

The following is a list of successful candidates in theory examinations held recently by the Royal Conservatory of Music of Toronto in Prince Rupert, names arranged in order of merit:

(Grade V, History) Honors—Aletta L. Gilker.

(Grade II) First Class Honors—June Henry, Margaret Elizabeth Martin, Rose Bentsen.

Honors—Henry Thomas Blackaby, Shiela Schumacher. Pass—Joseph Alfred Blackaby.

(Grade I) Honors—Lorraine Cathren Youngman, Margaret Johnson.

ENROLLING FOR VACATION SCHOOL

Enrolment began Monday for summer vacation Bible study school which will be conducted for the next fortnight at First Baptist Church. Complete enrolment figures will not be available for a day or two yet. In charge of the school, which is being held each week-day morning at the church, is Mrs. Fred Antrobus, wife of the pastor. Assisting are Mr. Antrobus, Mrs. W. D. Smith, Mrs. T. Lloyd, Mrs. M. Vandrehede, Mrs. H. Vandrehede and Mrs. Levelton.

Notice is hereby given that I will not be responsible for any debts whatsoever incurred by anyone other than myself. Robert Hamer. (169)

## PLAY BALL

This week's review of the City Baseball League batting averages reveals figures still in the astronomical level but on the way down from last week.

Miner Simundsen went to the head of the class by being out fishing. However, if he does not return to the line-up before next week, he will forfeit his place in the Big Six due to the number of times at bat requirement. This week only players with a minimum of twenty times at bat are reported.

Savoy still dominates the heavy hitting class with four of their players in the first six,

only one each of the other two teams are among those present. Judging by the way the averages dipped in the last week, it is reasonable to predict that, by the end of the season, an honorable 333 will get you into the place of fame.

Tonight the tall-end Merchants tackle the league-leading Savoy in quest of their first decision over the Hotelmen. The Merchant's brain trust advises that things are going to be different from now on. Look for the Merchants in the win column as their new motto.

### SOCCER SCHEDULE

Schedule for the North Star Trophy football series is as follows:

July 18—General Motors vs Canadian Legion.

## FOOTBALL— Legion Wins Over Motors

Experience Triumphed Over Youth in Last Night's Game

Experience triumphed over youth last night as Canadian Legion defeated General Motors two goals to nil in the city Football League.

There was no scoring in the first half, but shortly after the interval, Smith drove in the Legion's first counter from Bowman's well taken corner kick. Later in the second half, Smith and Armstrong combined neatly to split the defense, Smith pushing the ball past Boulter for the Legion's second goal.

Legion won the toss and elected to shoot downhill. Price started the game for the Motors and made headway. However, the Legion defense soon transferred the game and Smith and then Armstrong were stopped just in time. Boulter was good as he stopped a hard drive by Yelland and then came out to clear from Armstrong who came close. Legion continued to press but the Motors defence held them out. Smith was stopped just in time, and then, at the other end, a Motors raid was stopped by Eby and Dawes with Price and Currie close in. Legion forced a corner and, with Boulter beaten, Wilson cleared off the line. Veterans' pressure continued with Smith, Armstrong and Yelland all shooting past but the first half ended with no score.

After the interval several Legion raids were turned back with difficulty. Then Blackmore and Price got in close and the Legion custodian was lucky as Price's hard drive rebounded off the inside of the post, against the underside of the bar and back into play. Owens shot over. Then Currie was persistent but Greer broke up the play and fed Bowman who made a good run. Blackmore found Alexander an interesting opponent. Then Armstrong's hard drive was stopped by Boulter at the expense of a corner. Bowman's well taken corner was

## SPORTS

★ ★ ★ ★ ★

WORTH WINNING!—This magnificent golden trophy, donated by the First National Bank of Ketchikan, is the glittering bone of contention between the Ketchikan High School "Kayhi" basketball team and Booth Memorial High School "Rainmakers" of Prince Rupert. Won first by the Kayhi team in the 1947-48 season, it now reposes in custody of the Rainmakers who captured it last spring. Some of this year's contenders may see their children playing for it because it is engraved for competition up to 1962. It was delivered to the Rainmakers by their Coach Alex Bill a fortnight ago.

quickly converted as Smith drove the ball into the net for the Legion's first counter. Motors resumed pressing but too much dribbling spoiled the attack. Price tested Krause with

## YACHT JEANNE REACHES PORT

Another Capital to Capital Racer in Prince Rupert

Another delayed yacht in the International Power Boat Association's capital to capital marathon which was run last week from Olympia to Juneau through Nanaimo and Prince Rupert has been in Prince Rupert since the end of the week and will turn south from here to cruise leisurely homeward. It is the trim and speedy little 26-footer Jeanne with Mr. and Mrs. George Moore, its owners, on board.

Jeanne made the first lap of the race from Olympia to Nanaimo but abandoned the race when choppy waters of Johnston Straits, between Vancouver Island and the mainland north of Seymour Narrows, made it seem advisable not to continue. However, this did not deter Mr. and Mrs. Moore from carrying on to pick their weather and come on by easy stages putting in at such points as Alert Bay, Port Alexander, Safety Cove, Bella Bella and Klemtu. They reached here at 10:30 Saturday night.

Instead of going to Alaska, however, they decided to cruise into such waters as Gardner Canal, Rivers Inlet and left today on their return south.

Jeanne, equipped with 141 h.p. Chrysler-Royal Engine, flies the flag of the Queen City Yacht Club of Seattle.

SUNTAN TIMER—How much time she can spend in the sun without risking a burn no longer is guesswork for Lois Westgren of Cleveland. She is holding a "suntan meter" to determine tanning energy of sunlight and artificial light. It gives a reading which may be translated readily in terms of minutes it takes to get a sunburn.

Legion—Krause was safe in goal. Dawes did well but Eby was the best back. Alexander played hard. Yelland played his usual sound game. Greer never wasted a ball and fed Bowman and Armstrong effectively. Bremner did well. Armstrong was fast and effective with Smith a hustling teammate. Bowman did well on the wing.

Motors—Boulter in goal was very good—having no chance on the shots that went past. Lien did well. Wilson worked hard. Halvorsen and Sonstebly played hard. Sharpe was good at centre-half. Owens crossed some good centres but got little of the ball. Blackmore was fast but should pass more often. Price was effective, having bad luck with one of his drives. Currie worked hard.

Referee—S. P. Woodside. Linesmen—P. Forman, A. Hartwig.

It was a good game to watch. Legion forwards were the more dangerous, as too much dribbling by the Motors' forwards nullified several good scoring chances. Legion missed Baxter and Aird, while the Motors could have done with Olsen, P. Wilson, C. Currie and Haugen.

After the game players were reminded of the Football association meeting to be held tonight at the Civic Centre where the team to play "Ontario" will

be discussed and two films on football will be shown. The City Football League standing to date:

### Let's be frank about Fitness— It's smart to be healthy!

"Jane—you should check these dull, listless spells. Nowadays, demands are heavy on your time as well as mine. So, with the children, we both need to be keen and sharp. And that's where steady health counts—we should keep fit."

To keep "up to par" you must feel right. You can't if you have trouble caused by "irregularity" due to lack of bulk foods in what you eat.

For the whole family Post's are better Bran Flakes that provide gentle, laxative action. Help make food wastes move promptly—keep you feeling fit.

Enjoy wholesome wheat nourishment too—POST'S BRAN FLAKES are made with other parts of wheat.

Popular, appetizing Post's Bran Flakes—grand to eat every morning. Large or regular package. Insist on Post's—they're better Bran Flakes.

A Product of General Foods

Everyone needs **Post's BRAN FLAKES**—like's 'em too!

**READY FOR HISTORY-MAKING JOB**—Dr. Edwin P. Hubble, dean of U.S. astronomers, is shown putting the unique 48-inch Schmidt photographic telescope through its paces at Palomar, Calif., recently. The four-year scientific project will provide the world with the first definite photo atlas of the heavens in history. The "Big Schmidt" is the teammate of the 20-inch Hale telescope. But whereas the Schmidt is a wide-angle instrument, the Hale is a pin-pointing instrument. It would take the 200-incher some 5,000 years to do the job the Schmidt will do in four.

5,000 more carried on special permits. By this count, law enforcement agencies are out-gunned nearly six to one. Actually, the odds are much greater, for there are many thousands of guns in private hands, neither recorded nor licensed in any way.

Import records show that 30,000 small arms were imported to the Philippines in 1948 and 40,000 entered during the first six months of 1949. In addition, there are all sorts of left-over guns from the war.

The countryside, particularly the troubled neutral Luzon area, is so full of guns that it is an armed camp. It is there that the Philippine constabulary has fought an inconclusive three-year campaign against the outlawed Hukbalahap guerrillas of Communist Luis Taruc.

The man perhaps best acquainted with the gun problem and with the fighting habits of the Huks, is Lt.-Col. Napoleon Valeriano. This 33-year-old officer commands the constabulary's skull-and-crossbones "commando" outfit.

Valeriano has 762 officers and men trained for special assault operations against Taruc's raiders. He has found that the guns his men seize from Huks do not remain long out of circulation.

Through political pressure, the weapons are turned over to civilian guards, temporary police or voluntary guards. These last are in effect the private armies of central Luzon's provincial governors and large landowners.

There are approximately 12,000 private guards in the four central Luzon provinces where the Huks operate most frequently. About one half of these guards have been receiving a government subsidy of two pesos (\$1) a day to help the constabulary fight the Huks.

**Publicity Is Needed**

Impressed with the need of proper wayside publicity along the highways leading this way is Harold Ponder who has returned to the city after a three weeks' motor tour to Kamloops, Lytton, Ashcroft, Bralorne and other interior points.

Mr. Ponder cites one instance. At Quesnel, one of the crossroads on the highway, there was no sign showing the name of the country Hazelton was the furthest point west to be seen on the signboards.

At Quesnel Mr. Ponder met an official of the Santa Fe Railroad who, offering his own company's co-operation in the matter of publicity, said that American sportsmen—fishermen in particular, would come this way in large numbers if they knew of the roads and routes to the prolific fishing lakes and streams.

The railway executive compared the pitiful re-stocked lakes and streams of California with the bountiful waters of this part of the country.

As for roads Mr. Ponder considers they are in excellent shape, having improved in every way since his last travels over them. To those who are used to travelling over country roads, there is little to complain about, even the odd bumps and washboard spots.

Mr. Ponder was impressed with Stuart Lake and Douglas Lodge as one of the most pleasant points he visited after being able to drive in over the road northward from Vanderhoof at 35 miles per hour.

During his trip Mr. Ponder stopped at Hazelton, with its scenic beauty of which one can never tire, and made a side trip from Burns to Ootsa Lake.

While there seems to be some uncertainty as to the lumber industry, Mr. Ponder was impressed with the need of the central interior country for more settlers. Actually, there seemed to be less land being cropped than before the war, no doubt, to the tendency to move from the farms to the industries.

Modern Wells and historic Barkerville, almost a ghost town, were other points of interest on the trip.

After the drive through the awesome canyons and gorges of the turbulent Fraser River, Mr. Ponder visited Ashcroft, Lytton and Kamloops and attending the annual round up there.

One of the outstanding side-trips was by Pacific Great Eastern Railway along the shore of Seton Lake to Shalalth and the Bridge River hydro-electric project.

Leonard Leigh accompanied Mr. Ponder on his trip.

**FORMER RUPERT GIRL MARRIES**

Miss Engina Christensen is Bride at Menlo Park, Calif.

A former Prince Rupert girl and graduate nurse, Miss Engina Christensen, daughter of Mr. and Mrs. H. K. Christensen, who now reside at New Westminster, became the bride of Henry Natenstad at a candle-light wedding ceremony in Holy Trinity Church at Menlo Park, California, recently.

The bride, who wore traditional white satin, carried a family heirloom prayerbook used by her mother as a bride and first used at her maternal grandmother's wedding.

The wedding gown was trimmed with lace, and the full skirt was draped over hoops. The bridal veil was fingertip length and was fastened to a heart-shaped halo. With her prayerbook the bride carried orchids and carnations.

The bride was given in marriage by her father, Rev. Eric

**PRAIRIE FIRE DANGER LESS**

WINNIPEG — Sharp improvement in control of forest fires in Manitoba is reported. Three serious fires which have been raging in Manitoba's northern rock and muskeg country, devouring young spruce and jackpine by the acre, are said to be still burning but under control.

As in British Columbia, weather came to the aid of the fire fighters in Northern Alberta when heavy rains drenched fires (five of them) in the Whitecourt area, 100 miles north of Edmonton, and in the Peace River district to the northwest.

Major Manitoba fires were at Doghead Point, Lake Winnipeg Narrows, Long Lake on Berens River and Beaver Creek near the Hole River.

The Doghead Point blaze threatened to gut an Indian settlement at Mount Blood Vein River before it was cut off.

**BLOOD DRINKER IS CONDEMNED**

LEWES, Sussex — John George Haigh, confessed vampire-slayer of nine persons, was condemned today to die on the gallows. A jury of eleven men

Altar of St. Andrew's Cathedral was decorated by Job's Daughters, under supervision of Mrs. Alex Mitchell, with purple stocks and white gladiolas, the colors of the organization for the wedding of Miss Janet Rochester to John Richards which took place in the Cathedral last week. The bride was formerly a member of the Job's Daughters here. Tenor soloist J. A. Teng sang "I'll Walk Beside You" during the signing of the register.

SURPRISE PARTY ON ANNIVERSARY

The ninth wedding anniversary of Mr. and Mrs. George McWhinney was celebrated at a surprise party in their home Saturday night.

On returning home from the theatre, the guests of honor were greeted with best wishes by 20 of their friends. Games of cribbage and whist were enjoyed during the early part of the evening and later Mike Colussi entertained with selections on his piano accordion.

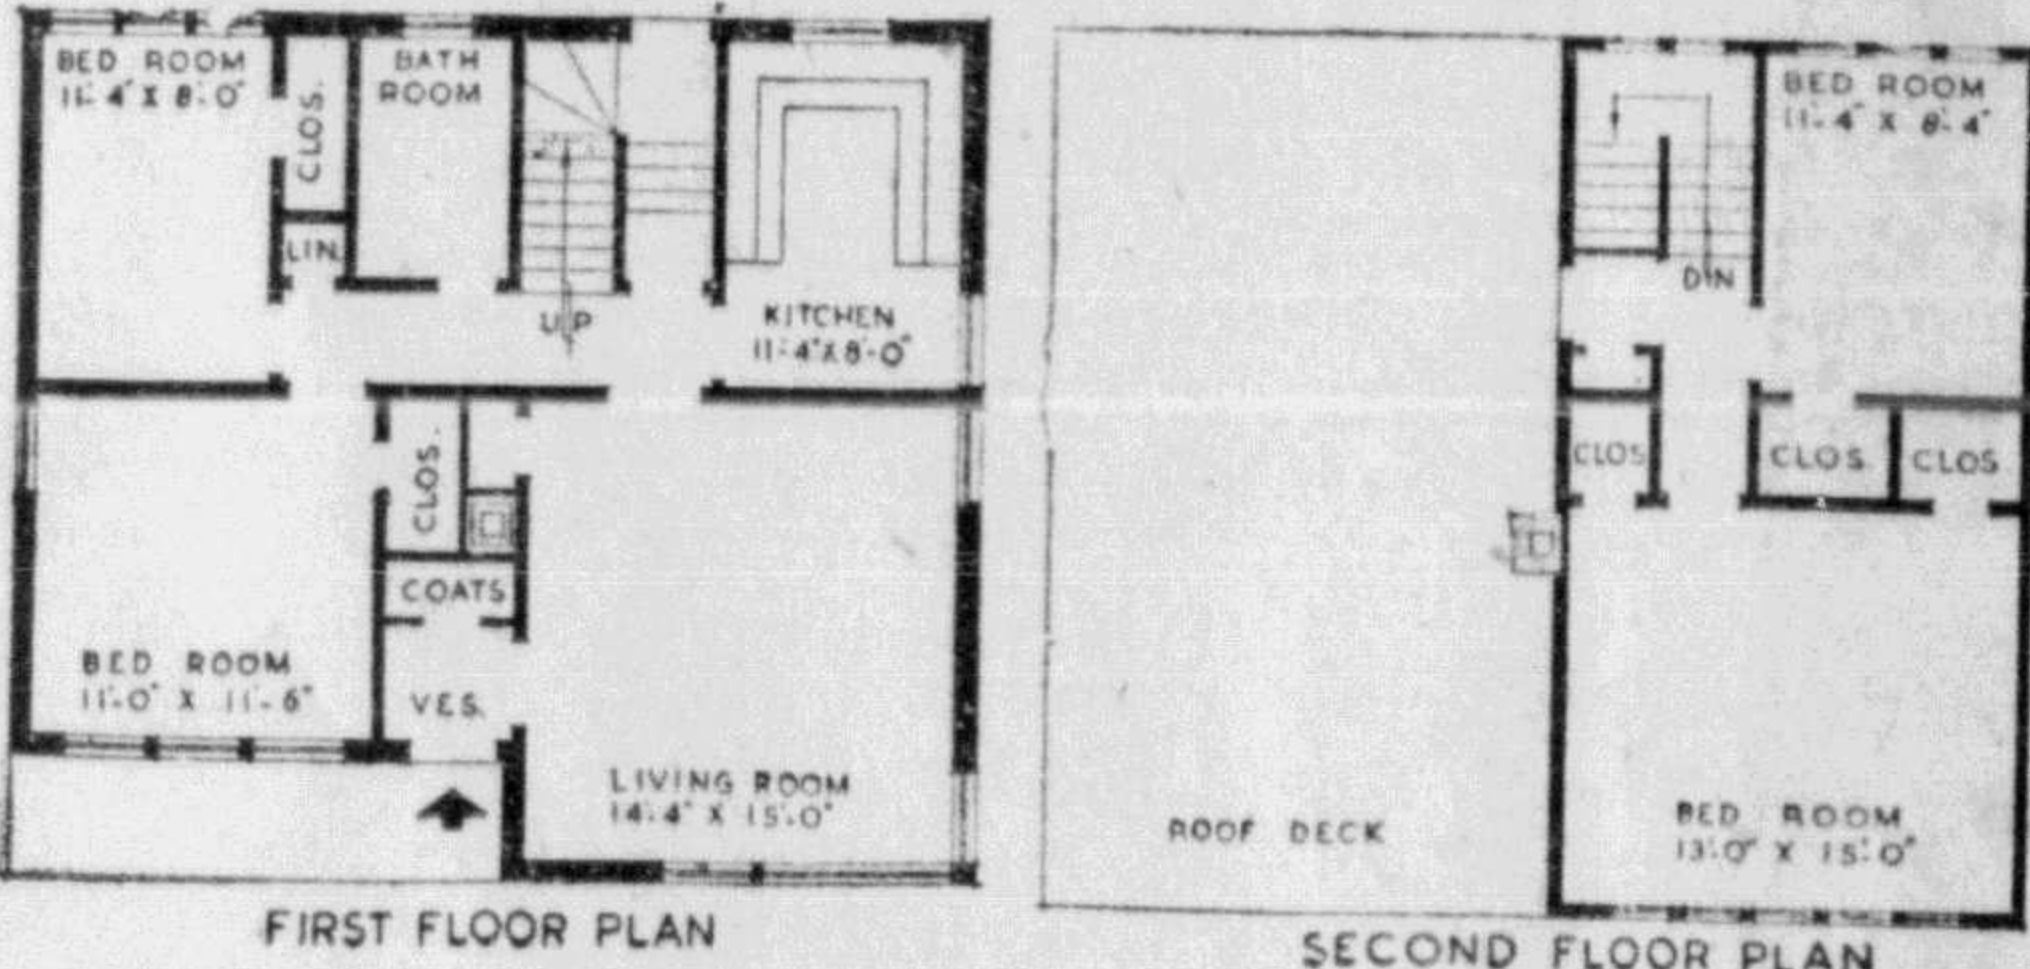

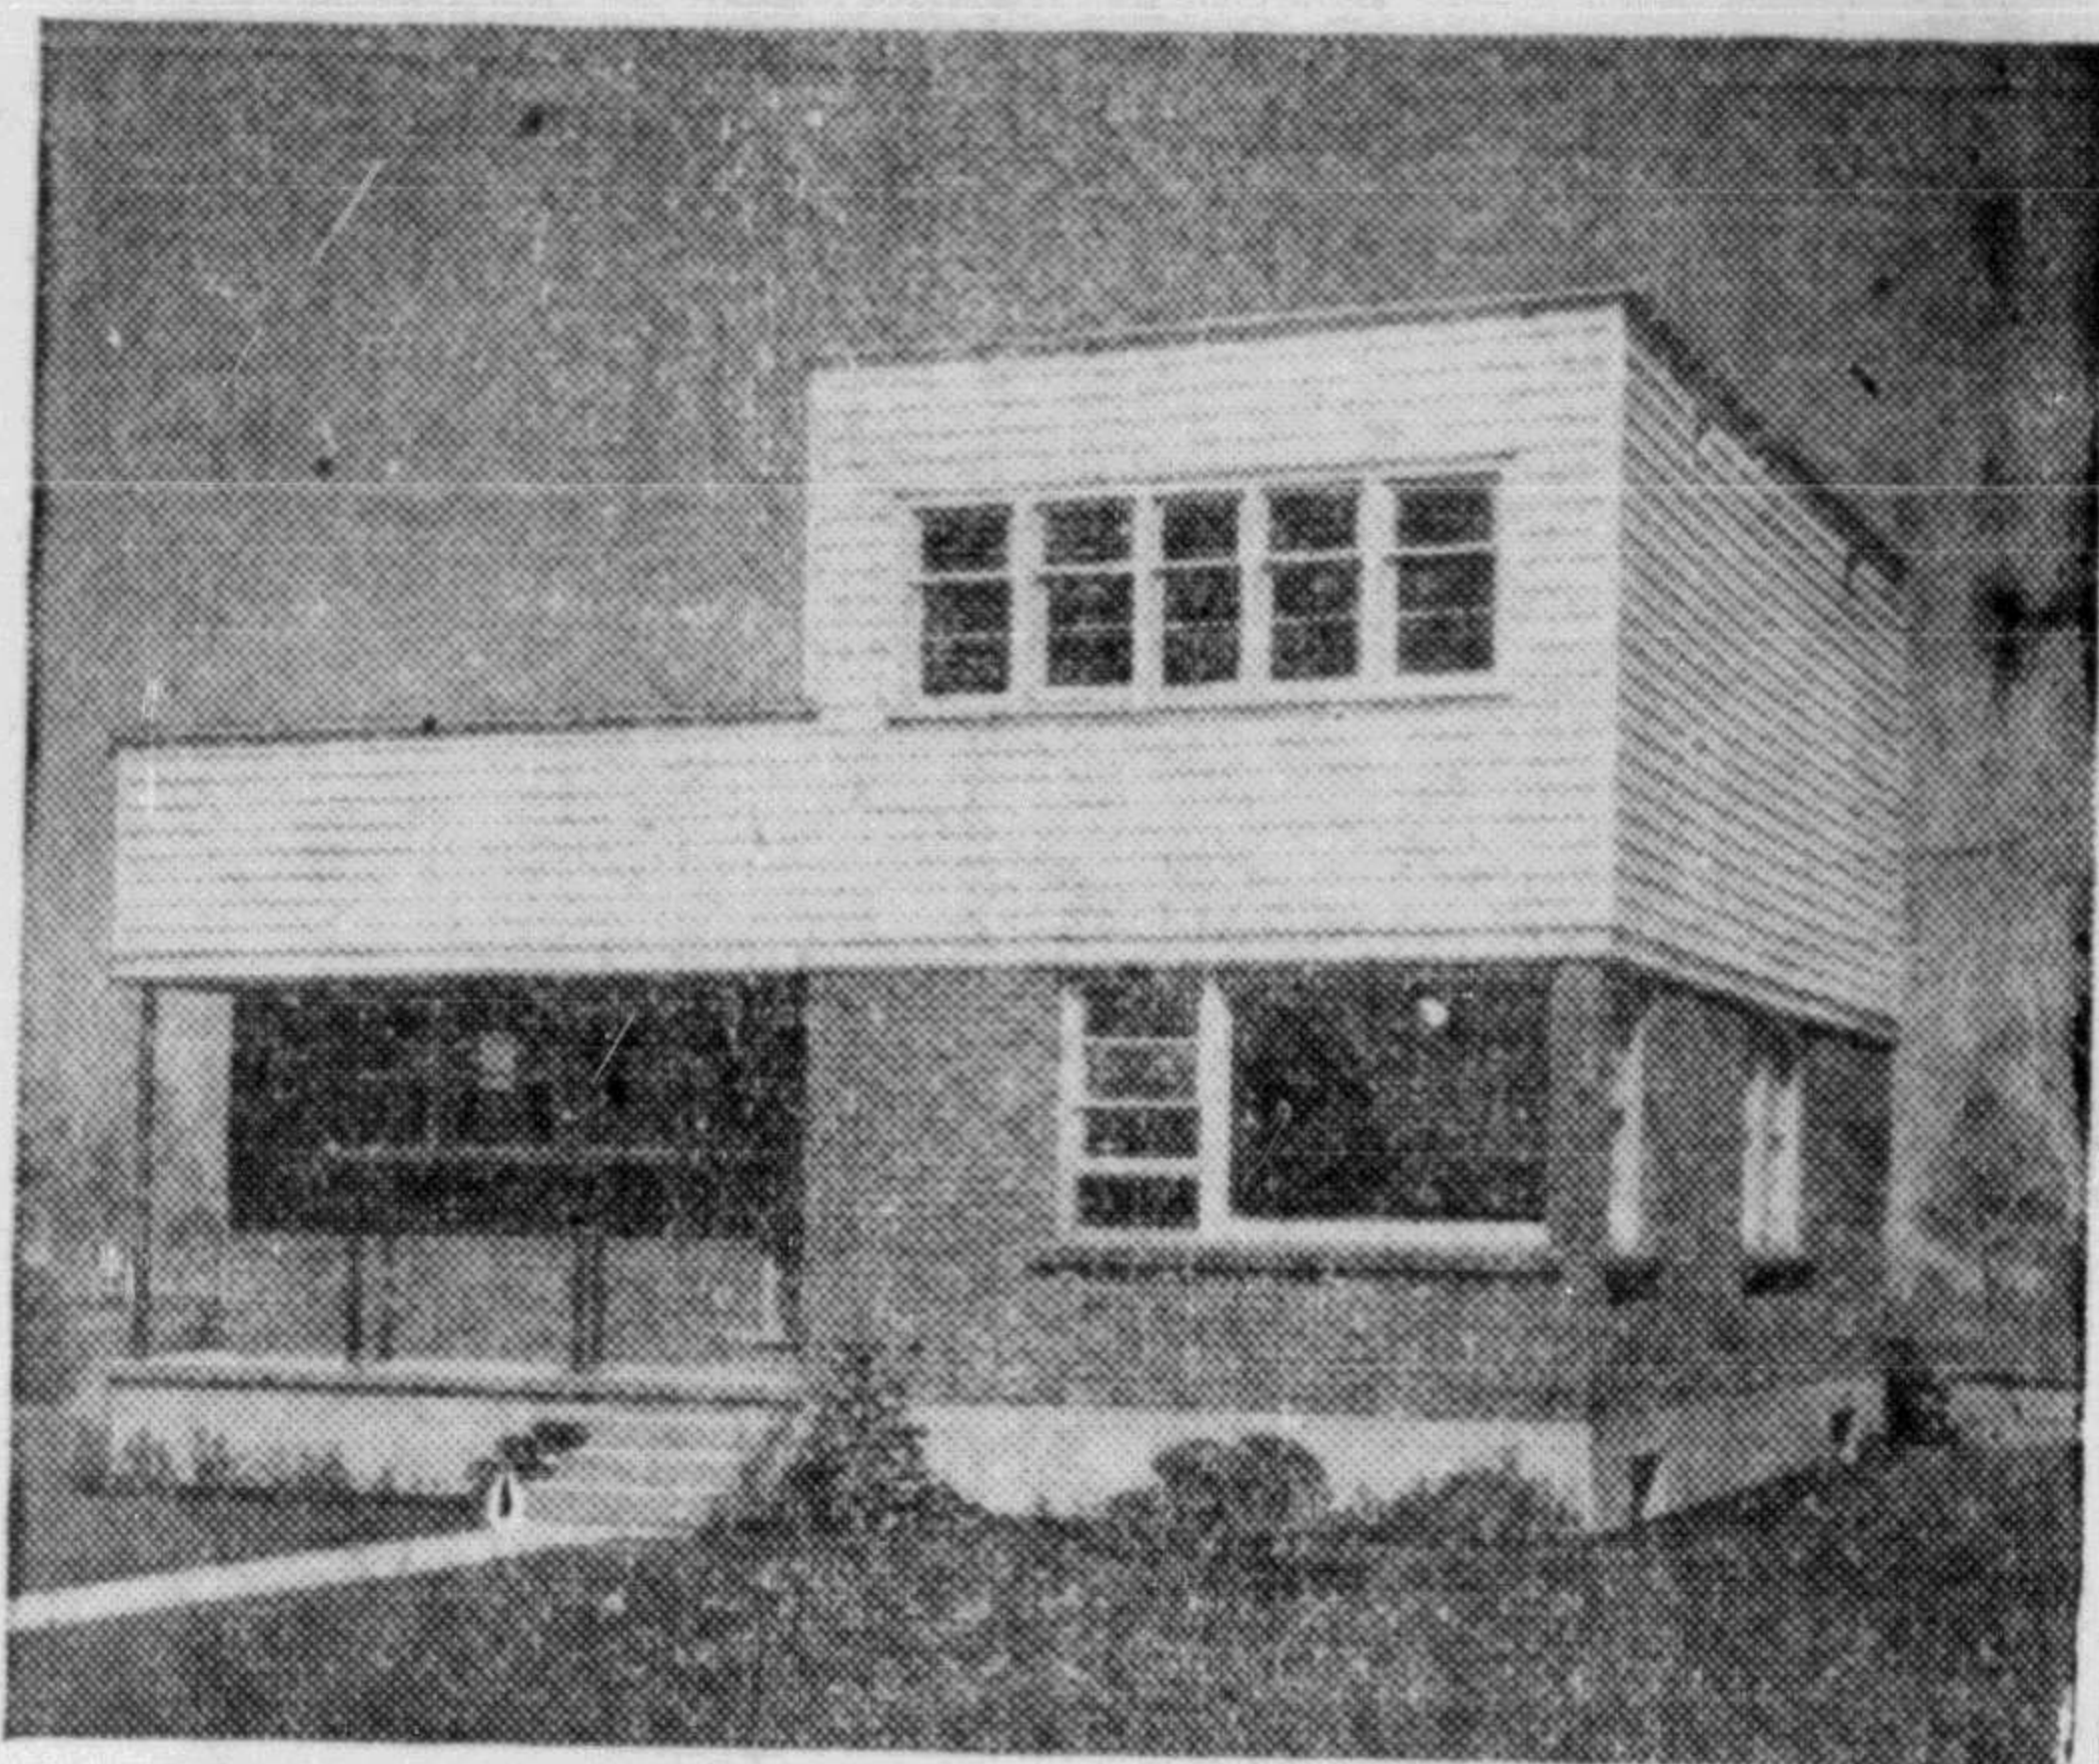

At a large table tastefully decorated with cut flowers, a delicious lunch was served by the ladies shortly after midnight. Canon Basil S. Prockter proposed a toast to the happy couple which was replied to by Mr. McWhinney who in turn toasted his and Mrs. McWhinney's friends who were gathered there.

Besides the guest of honor those present were Mr. and Mrs. L. C. Eby, Mr. and Mrs. Robert Irvine, Mr. and Mrs. C. Marinneau, Mr. and Mrs. Anthony Busanich, Mr. and Mrs. Mike Colussi, Mr. and Mrs. James Dickson, Mr. and Mrs. Stanley White, Mrs. William Dunn, Canon Basil S. Prockter, R. A. McLeod and G. H. Seaman.

Mrs. O. L. Murray sailed this afternoon on the Camosun for Bella Bella to pay a week's visit with her son, Lloyd Murray, who is an engineer with the fishery patrol service there.

N.H.A. DESIGN-OF-THE-MONTH

The appearance of this four-bedroom house strikes a pleasing and unconventional note in new Canadian house design. Suitable for construction anywhere in Canada, it offers the advantages of both a bungalow and two-storey dwelling with the added feature of a large roof deck.

Entrance, across the four-foot front porch, is through a vestibule which gives direct access to the large living-dining room. A large corner window is an attraction of the living-dining room and allows plenty of wall space for tasteful furniture arrangement. The U-shaped design of the kitchen enhances its efficiency. A window over the sink and another window on the side wall provides cross-ventilation.

Two of the four bedrooms are located on the ground floor and are arranged to achieve a maximum amount of privacy. All bedrooms have good closet space and large window areas. The bathroom is situated on the first floor.

The area of the house for estimating purposes is 1,279 square feet. Outside dimensions are 32 feet by 28 feet. While the construction drawings indicate brick finish for the ground floor exterior walls and vertical siding on the upper part, the Ottawa owner of the house illustrated has substituted horizontal siding on the second storey.

NINE YEARS OLD, 12,000 CONVERTS—Renee Martz, world's youngest missionary, Washington, sailed for Europe aboard the Queen Mary on July 7 on her second world tour. She started preaching at the age of six and is said to have had 12,000 converts since then. Renee is now nine years old.

COMMUNITY HELP (Continued from Page 1)

six will be judged for the title of "Master and Miss Prince Rupert." The contest will, actually, be two contests in one, with a boy and girl sharing honors.

Another real attraction will be the miniature railroad, which the Civic Centre is purchasing with a view to making it a permanent part of its carnival features. No toy, it will operate electrically and have seats to carry 56 children over its 800 feet of track.

Local talent will take a major part in the vaudeville show which will be staged nightly in the auditorium. There will, however, be an imported act, which, Mr. Stone thinks, may be a magician who will double as master of ceremonies.

A number of new games and attractions will take their place at the midway, with substantial prizes offered.

Tonight's organizational meeting, however, will concentrate on lining up volunteer help for the booths and stalls and to supply assistance which definitely carries no glory, but which is invaluable.

COMMUNITY SERVICE "Every year, we need between 65 and 70 helpers to whom we can offer no reward other than the knowledge that they are doing a real community service," Mr. Stone said. "There are certain faithful people who do their part every year but there is no reason why it should be done by a few. It should be a real community effort."

Mr. Stone paid tribute to the I.O.D.E. groups, the Women of the Moose and the Canadian Legion Women's Auxiliary and others which have been solid workers for the carnival.

For the second successive year, the carnival will be held within the Civic Centre building and, therefore, will not be at the mercy of the weather. The Dukes Orchestra will provide music for all the stage attractions and the evening dancing during the week.

PROMOTION FOR FRANK SOMERTON

WINNIPEG—Two changes in the rule instruction staff of the Canadian National Railways are announced today by the management. F. W. Somerton, formerly despatcher at Calgary, is promoted to rule instructor with headquarters in Winnipeg, H. A. Brown, formerly trainmaster at Hanna, Alberta, is promoted to rule instructor, succeeding the late C. R. Ramsden.

Both Messrs. Somerton and Brown have climbed the railway ladder from the bottom. Mr. Brown started as a call boy in 1919 with the Grand Trunk Pacific at Melville, Saskatchewan, and Mr. Somerton started in 1925 as a telegraph messenger in Prince George. They both have served at many points on the western region prior to their transfer to Winnipeg.

DEVELOPMENT OF URANIUM

George Royles and T. M. Christie have just returned from Hazelton after inspecting the holdings of the local uranium syndicate. They report much activity in the district. Engineers from the Consolidated Mining and Smelting Corp and the Silver Standard Co. were also on the ground. Re-grading the property of the local syndicate, negotiations are under way with a mining company with a view to developing the holdings.

FINED \$110 ON TRAFFIC CHARGES

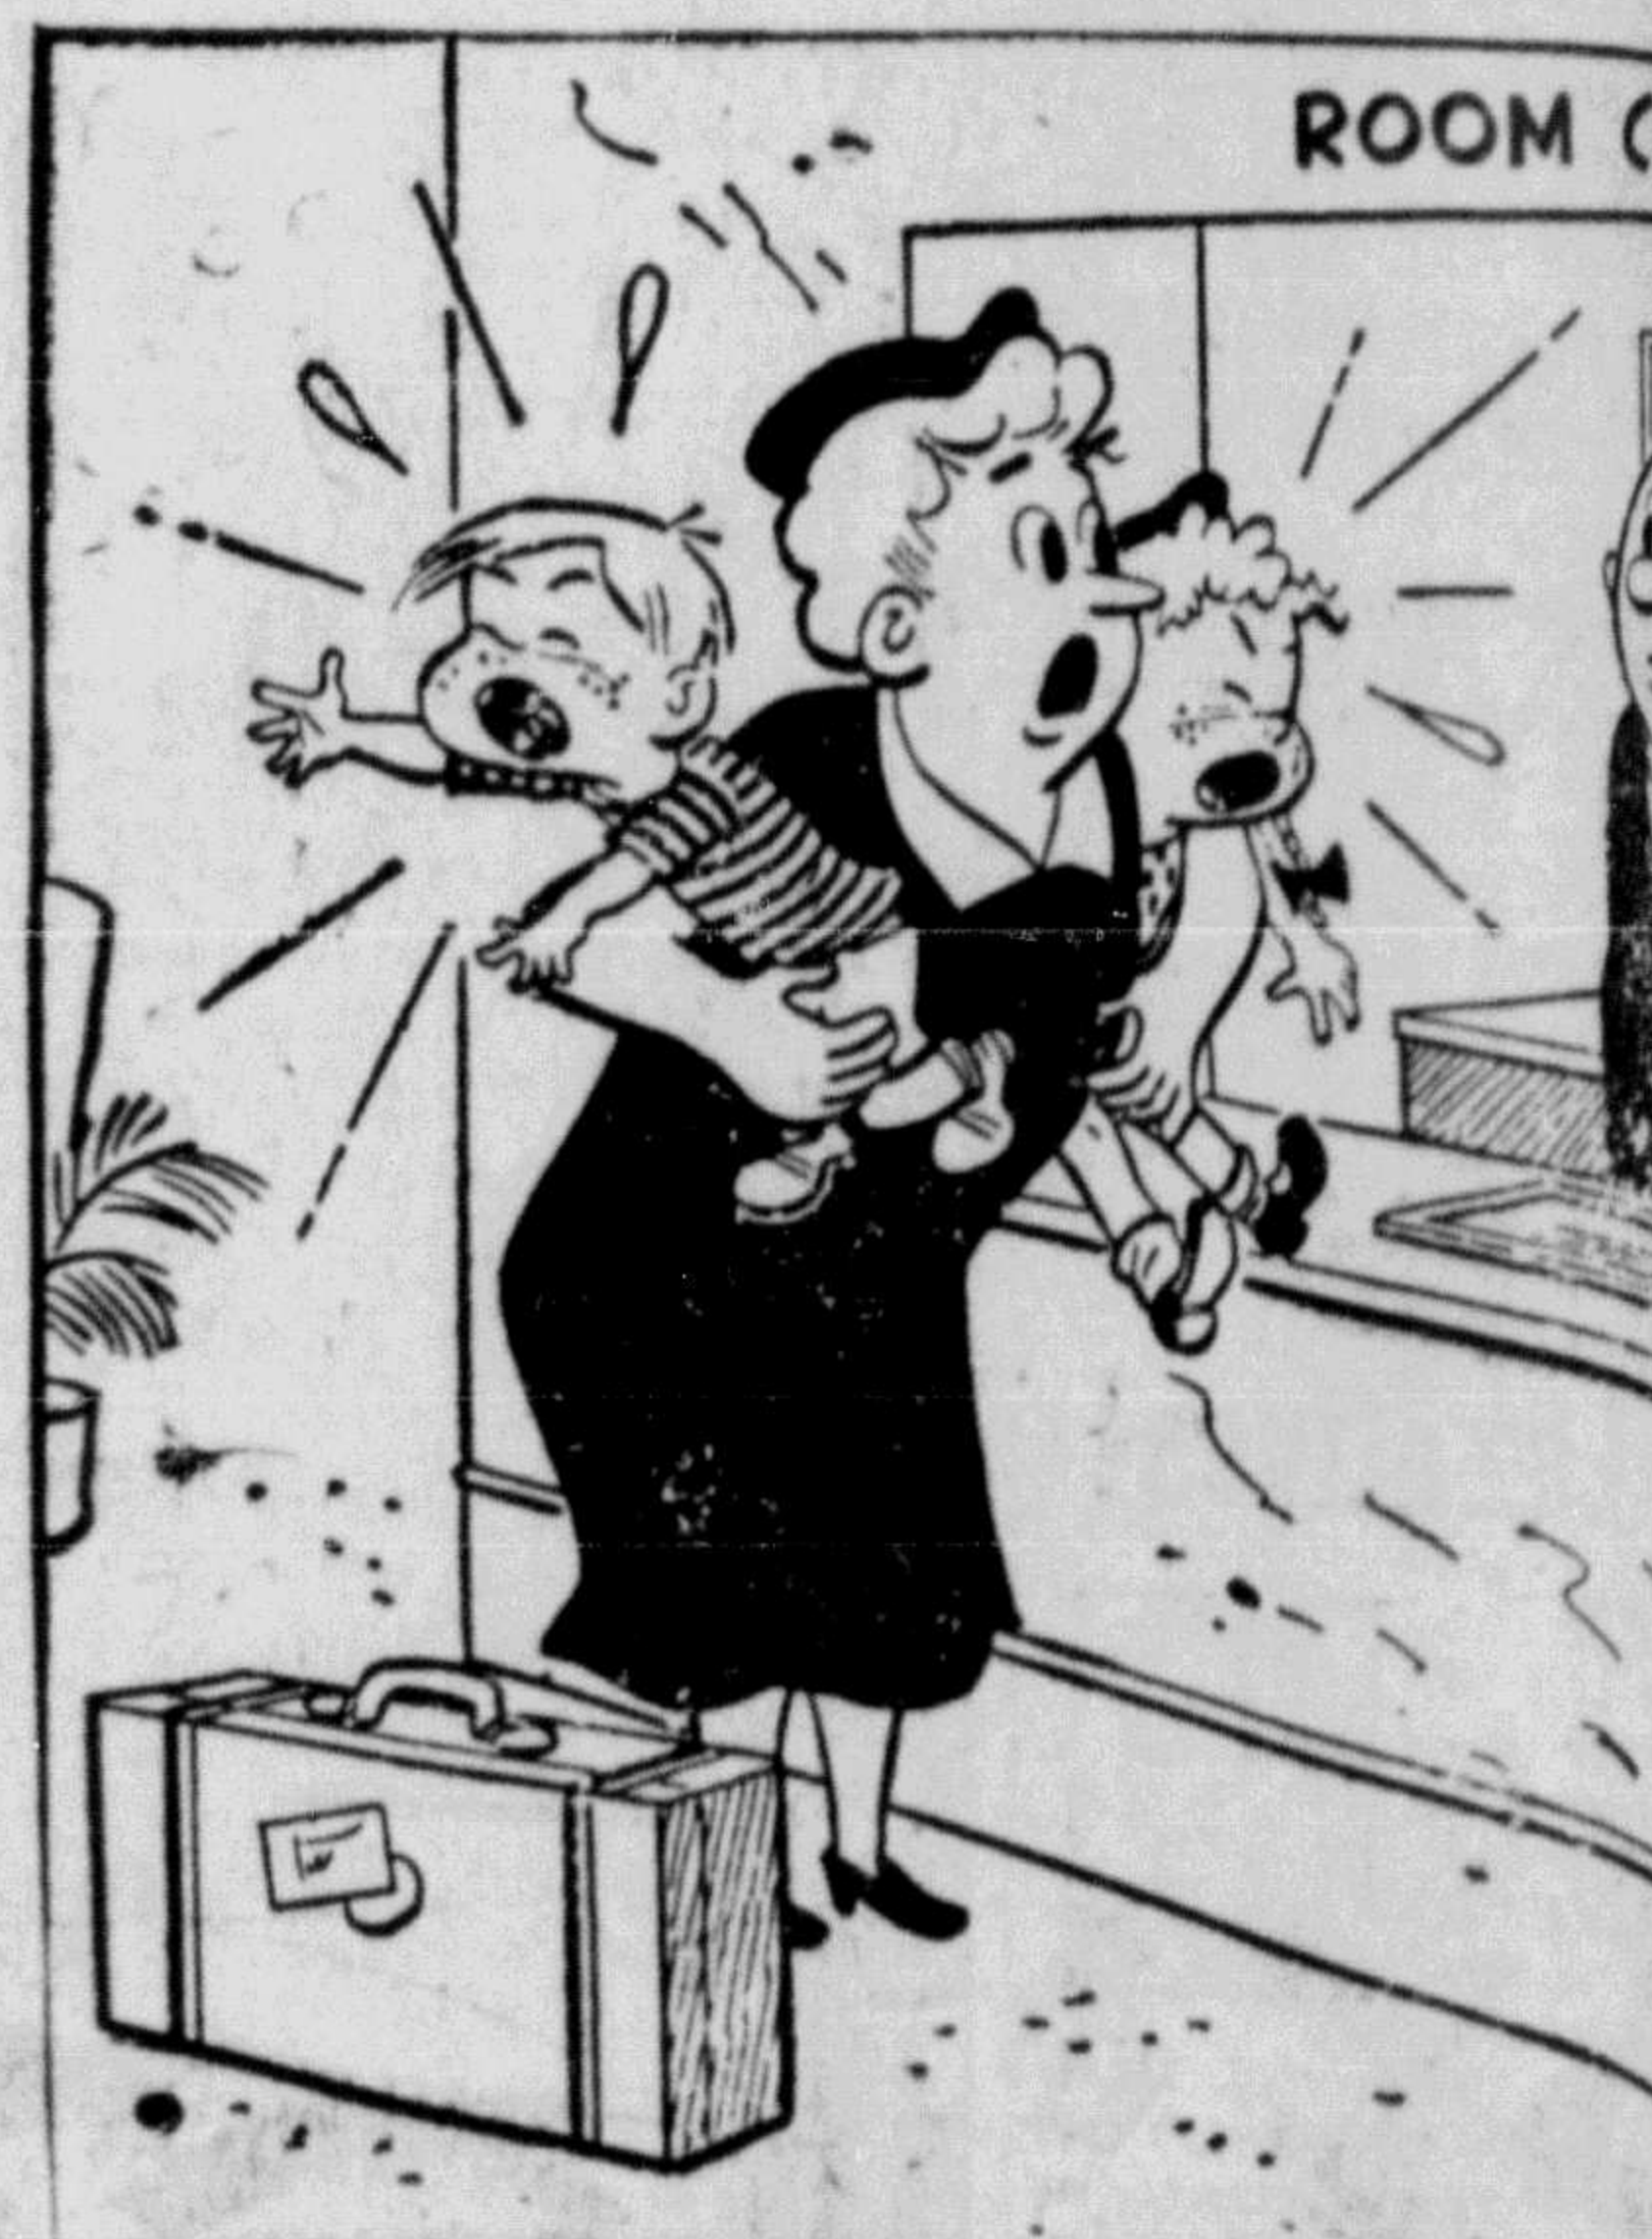

Fines totalling \$110 were levied against Jake Anton by Magistrate H. D. Thain in city police court Monday after he had pleaded guilty to two motor violations. The offences occurred Saturday night. A fine of \$10 was handed down on a charge of speeding and a fine of \$100 on a charge of dangerous driving. Anton's driver's license was suspended for six months.

ARE MARRIED IN WEST VANCOUVER Miss Josephine Capp Becomes Bride of Ernest Swift A former Prince Rupert couple were quietly married in a West Vancouver Anglican Church recently when Miss Josephine Helen Capp, daughter of Mr. and Mrs. Fred Capp of Portage la Prairie, became the bride of Ernest Swift, only son of Mr. and Mrs. William Swift of Kamloops. Both bride and groom were shipyard workers here during the war, having been employed as welders. More recently the bride had been identified with the staff of Van's Bakery. The groom has been located for some time in Vancouver. The bride wore a grey suit and had a corsage of gardenia.
