# Meat, Butter Price Controls Are Resumed

## Chinese Burn British Consulate, Injure Official in Canton Riot

HONG KONG (CP)—A British warship was en route to Canton today to evacuate Britons if necessary it was reported here following demonstrations in the Chinese city.

CANTON (CP)—A mob of several thousand Chinese attacked the British consulate here today, setting it on fire and destroying it and slightly injuring the vice-consul, J. K. Blackwell.

The attack was believed to be part of anti-British demonstrations which have followed an announcement that the Chinese government had protested against prison sentences imposed in the British colony of Hong Kong on two Chinese.

They had been charged with resisting police who were evacuating Chinese who were being cleared from a building which had been condemned for public health reasons.

The demonstrators burned the Canton consulate to the ground. Furniture, documents, and clothing were thrown into the fire. The demonstrators burned the houses of British Consul-General R. Hall and press attaché J. Murray.

The crowd also burned the offices of the shipping firm of Butterfield and Swires in which the British Information department and Reuters news agency were housed. Several other buildings also went up in smoke. Police restored order after three hours.

Robert Livett, union president, gave no indication of the union's intentions to appoint a representative to a conciliation board. Lacking official union comment, it was assumed that the miners have struck on a "no-contract-no-work" basis.

Gunmen Grab \$7,500 From Vancouver Bank

VANCOUVER, (CP)—Three gunmen who robbed the Burnaby branch of the Royal Bank of Canada Thursday escaped with \$7,500. The trio, each carrying a gun, forced 13 bank workers and several customers against a wall in the floor. The getaway car was found on Burnaby Mountain, five miles from the bank.

The same branch of the bank was robbed of \$8,000 on May 16, 1946.

B.C. FISHING LEADER DIES

VANCOUVER, (CP)—Alvah L. Jager, 71, former chairman of the International Pacific Sockeye Salmon Commission, and a leader in the British Columbia fishing industry, died in hospital today following a short illness.

Born in Iowa, he started his business career in Boston in 1901 and came to British Columbia in 1908 to build up the Canadian fishing industry, died in hospital today following a short illness.

Mr. Jager also was president of Atlin Fisheries Ltd. and the Northern Fishermen's Cold Storage Co., both of Prince Rupert. James L. Lee, manager of both companies, is leaving tonight on the Cardena, accompanied by Mrs. Lee, to attend Mr. Jager's funeral.

CHANGES IN INDIAN ACT IMMINENT

OTTAWA, (CP)—A new "Bill of Rights" for Canada's 130,000 Indians and Eskimos, involving the re-writing of the Indian Act is the immediate project of Canada's parliament which has concluded the hearing of evidence during two sessions of parliament. The Indian Act has been scarcely changed since it was originally adopted shortly after Confederation.

Representatives of practically all the Indian tribes and Eskimos in the country and many church and Indian Department workers gave testimony during the hearings of the joint parliamentary commission which was set up to recommend changes in the Indian Act.

By travelling through the St. Lawrence Canal instead of around the Cape of Good Hope, South Africa, ships save a total of 4,300 miles from Plymouth, England to Bombay, India.

WORKERS STRIKE IN RUHR VALLEY

BERLIN, (CP)—Some 75,000 German workers were idle today in four Ruhr Valley cities in strikes protesting food shortages.

Authorities feared the strike movement would spread swiftly in Germany's industrial area where hunger has more than 4,000,000 persons in its grip. Many are living on starvation diets.

German newspapers linked the labor crisis with what they call a "Communist master scheme" to wreck the Marshall plan.

GOOD IN THE ARCTIC—AND NEW YORK TOO—There are worse places than a quonset hut during an Arctic period such as New York had recently thanks to a record snowfall. And this quonset hut is home to Harry Flegenbaum in the Bronx. Quonseter Flegenbaum is bucking a drift at his front door as he pulls son Richard on a sled to his waiting mother.

## Barbara Ann Scott Wins World Skating Crown

PRAGUE (CP)—Canada's Barbara Ann Scott, a bundle of charm in emerald green, Thursday night won the European figure skating crown for the second consecutive year and maintained her iron grip as undisputed queen of the ice.

Showing her dazzling blades against 18 of the world's best skaters from five countries, the 19-year-old blonde and blue-eyed beauty from Ottawa put on a smashing display to win the free-skating competition.

Her performance was so overwhelming, that all seven judges placed her first on their score sheets.

Barbara Ann Scott remained a foremost figure in Canada throughout 1947, in physical prowess competition. Sporting editors, noted as a somewhat cold blooded breed regarded her as the Dominion's outstanding woman athlete.

In the year-end sport poll, Miss Scott received 72 of a possible 72 points, winning the award for the second consecutive year. The poll was sponsored by the Canadian Press.

At the winter Olympics test in Europe yesterday, an ovation from no less than 12,000 persons thundered over Miss Scott, as her victory was made known. It was in 1947 that Barbara Ann captured two fresh titles, and successfully defended another. She took the European and world championships and held the biennial North American title, after three consecutive victories.

She was hailed as a personage wherever she went last year. She

was the first woman ever to receive an official reception at a session of the Ontario legislature. And her popularity in Quebec did not suffer when, replying to a greeting from Mayor Houde in Montreal, she spoke in the French language.

NEW DELHI, (CP)—Mohandas K. Gandhi, bent on bringing communal harmony to India, fasted into the fourth day today, too weak to walk. A competent medical source said that Gandhi, 78, can fast an additional six days "at the utmost" before his life becomes seriously in danger.

WASHINGTON, (CP)—State Secretary Marshall and Senator Robert Taft appeared headed for a head-on collision today on how much the European recovery plan should cost the United States.

Taft suggested last night a \$1 billion cut, but Marshall warned that any change in previous estimates would endanger the whole plan.

Taft had said before that the \$6,800,000,000 figure for the first 15 months of the plan was too high.

## MAY 1 FOR 1948 FISHING OPENING

Only One Group Stands Out Against This Date at Seattle Conference

Boat owners and halibut fishermen, who met recently in Seattle in annual conference with the International Fisheries Commission to discuss fishing regulations for the 1948 season, came to general agreement as to the acceptability of May 1 once more as the date for the opening of North Pacific fishing. The only group which stood out against this date was that comprising Seattle union fishermen who wanted April 1 for the opening date.

George Anderson, secretary of the Deep Sea Fishermen's Union here, returned to the city this week after attending the conference as representative of the Prince Rupert halibut fishermen. Capt. Carl Giske represented the Prince Rupert halibut boat owners and is expected to return to the city this week-end.

Views were so divergent upon the possibilities of voluntary curtailment of halibut fishing that no common ground could be reached and nothing was agreed upon, Mr. Anderson reports.

BRITAIN IS BUYING Rhodesian Tobacco

LONDON—Great Britain has arranged to buy 46,000,000 pounds of tobacco from Southern Rhodesia in each of the next five years. This will mean that in 1949 nearly a quarter of the tobacco sold by shops in Britain will come from that territory.

TWO PERSONS DIE IN TRAIN WRECK

LITTLE ROCK, Arkansas (CP)—At least two persons were killed and an undetermined number of passengers and crew were injured when two Rock Island trains, one a passenger and the other a freight, collided near the western limits of Little Rock yesterday. W. L. Martin, engineer of the passenger train, was scalded to death. The other fatality was an unidentified woman.

GANDHI FASTS FOURTH DAY

NEW DELHI, (CP)—Mohandas K. Gandhi, bent on bringing communal harmony to India, fasted into the fourth day today, too weak to walk. A competent medical source said that Gandhi, 78, can fast an additional six days "at the utmost" before his life becomes seriously in danger.

DISPUTE OVER MARSHALL PLAN

WASHINGTON, (CP)—State Secretary Marshall and Senator Robert Taft appeared headed for a head-on collision today on how much the European recovery plan should cost the United States.

Taft suggested last night a \$1 billion cut, but Marshall warned that any change in previous estimates would endanger the whole plan.

Taft had said before that the \$6,800,000,000 figure for the first 15 months of the plan was too high.

MAY RECRUIT U.N. FORCE VERY SHORTLY

LAKE SUCCESS, (CP)—A United Nations delegate said today that he had been informed that the Security Council will act on providing an international military force to police Palestine before the United Nations commission goes to the Holy Land to enforce partition.

The delegate, a member of the Palestine commission, said that he had been advised that the council would act in the near future, perhaps without waiting for a specific appeal from the five-member commission.

ALASKA DEFENCES IN 'DAMNED' POOR SHAPE

CAMP MURRAY, Wash.—The defenses of Alaska, called "the world's most strategic military base," are in damned poor shape to protect the United States and Canada in case of invasion," says General E. N. Llewellyn, adjutant general back from a tour of inspection.

JUNEAU DOCTOR CALLED AS HEROINE LIES DYING

JUNEAU—The film "Anna and the King of Siam" was shown here early this month. The king lay dying and Anna was hastening to his side. Suddenly this sign was flashed on the screen: "Dr. Clemens is wanted in the lobby." He was, too.

NEW INDIAN COMMISSIONER

OTTAWA, (CP)—W. A. Arneil, of Ottawa, was appointed Indian Commissioner for British Columbia, succeeding Major D. M. MacKay. Mr. Arneil will take up his duties in Vancouver on January 21.

## Modified Re-Control of Basic Foods Announced by Abbott

Fertilizers Too Are Regulated in Anti-Inflation Program Announced by Finance Minister

OTTAWA (CP)—The federal government, spurred by a rapidly-rising price line, Thursday night embarked on a program of modified de-control by clamping price ceilings on butter and meats, the two strategic mainstays of the Canadian dinner table.

At the same time, mark-up controls—margins of profit—are being applied "where necessary" to increasingly costly imported fruits and vegetables.

In another drive to stem the soaring trend of food costs, certain types of fertilizer which have been advanced sharply in eastern Canada, will be reduced by the use of mark-up controls and roll-back—a form of price ceiling—on certain basic chemical ingredients.

These steps were announced Thursday night by Finance Minister Douglas Abbott in a 900-word statement in which he also disclosed that the government intends to ask parliament to extend its general price controlling powers, due to expire March 31, for another year.

Meantime, he said, the Prices Board is giving "consideration" to instituting prosecutions "of persons who appear to be selling at prices higher than is "reasonable and just."

He said the new measures are intended to put a stop to "unjust and excessive price increases. The price ceiling on butter, selling generally at a figure regarded as substantial in Canada, will be fixed on the basis of 67 cents a pound for whole-sale solid quantities at Montreal.

"This," said Mr. Abbott, "will stabilize butter prices a little below those prevailing during recent weeks."

CADET CORPS INSPECTED BY CAPT. MUSGRAVE

Capt. Cook Corps of Sea Cadets was congratulated on its smartness last night by Capt. A. P. Musgrave, director of Sea Cadets, Ottawa, who inspected the divisions in the navy drill hall prior to leaving for Vancouver after a two-day visit.

Capt. Musgrave termed the local corps one of the best-equipped in the country, and suggested that Sea Cadet work was one of the best types of youth training. He urged the trimly-clad cadets to continue the training as they grew older by joining the navy reserve.

Included in the inspection was the local Wrenneth group, which acts as an auxiliary to the Sea Cadets.

Prior to the inspection, Capt. Musgrave, Lieut. Commander K. Grant, his aide, Lieut. Commander Alex Mitchell, officer commanding Capt. Cook Corps, Commander Orme Stuart and Lieut. John Quinn, of H.M.C.S. Chatham, and Rev. R. A. Wilson, chaplain of the local Sea Cadets, were guests of honor at a dinner at the Civic Centre dining room.

S. P. Woodside, president of local Navy League branch was chairman. At the conclusion of the inspection, the executive of the Navy League conferred with the visiting officers and officers of the local corps.

Capt. Musgrave and Lieut. Commander Grant sailed for Vancouver on the Prince Rupert.

PALISANA SAILS FOR THE SOUTH

Her hull temporarily repaired, the Northland Transportation Co. motorship Palisana sailed out of Prince Rupert harbor at 6 p.m. Thursday bound for Everett, Washington, the destination for which she was headed one week earlier when she went aground at Barrett Point in a snowstorm.

The Palisana was taken out of dry dock Thursday morning after workmen made temporary patches on her hull which was damaged on the starboard side. She re-loaded a small quantity of fish at Atlin Fisheries and headed south.

Permanent repairs will be made in an American shipyard.

Crown Properties Worth Millions

ROME—The Italian Republic becomes richer by some \$100,000,000 now that the monarchy has been abolished by law, and the royal family a thing of the past. The principal real estate consists of four palaces, fourteen castles, costly villas, estates, jewels, foreign holdings, cultivated and forest lands.

REPLANTING FORESTS

LONDON, (CP)—During the next five years nearly 1,500,000 acres are to be devoted to reforestation it was announced at the annual report of the forestry commissioners. With a planned expenditure of \$80,000,000 the ultimate object is to replant 5,000,000 acres of forest in the next 50 years.

## The Alternatives

THE AMERICANS resuming their air base at Tripoli and the British commencing large scale concentration of defence forces at the Island of Cyprus are incidents that make more grim the outlook for the future of the Mediterranean theatre. There are the portents there, to be sure, of tension and insecurity but it is a situation that must be faced. At present the Eastern Mediterranean appears to be the focal point.

Even as President Truman, General Marshall and other leaders of the United States administration appeal for full and immediate support of the aid to Europe program as part of the campaign to head off the encroachment of another form of totalitarianism, the western nations are looking to their defences.

Aid to Europe or large defences for the western nations in the vulnerable areas appear to be the only formulae for the prevention of war.

This seems to be a grim but realistic fact.

\* \* \*

## AIMING TOO HIGH

TRYING TO FOLLOW in the footsteps of Horatio Alger heroes has frustrated a lot of fine college students, says Dr. J. Paul Leonard a California educator, and it's high time the boyhood yarns were tossed out the window.

Dr. Leonard conducted a searching study of 200 students carefully selected as a cross-section of a student body of 3,200. Sixty-two per cent were determined to enter the professional lines, such as medicine or engineering.

This 62 per cent bothered Dr. Leonard, since only about five per cent of Americans actually find work in the professional field. Dr. Leonard feels this remaining 57 per cent struggles futilely seeking a goal impossible to achieve, and the result is personal tragedy — maladjustment, discontent, frustration.

In his words: "There is a great wastage in education by students pursuing a number of courses for which they are not suited, only to discover they have to start over again."

Dr. Leonard plans to establish guidance panels to which students can go with their problems. And he proposes to build college courses to fit individual needs. The result, he hopes, will be college graduates vocationally adjusted to their roles in life, adequately trained in the basic skills, prepared for marriage and parenthood and ready to assume an active part in a democratic society.

## REVIVAL OF GRIT PARTY

### Special Committee Named to Line Up Activities

Under its new president, J. D. McRae, the Prince Rupert Liberal Association plans to come out of its between-election lethargy and, at a meeting of the executive this week, a committee was appointed to draw up a program of future activities.

The meeting heard reports of Delegates J. D. McRae and Robert McKay to the provincial convention at Vancouver early last month when the new leader of the party for the province was elected in the person of Byron I. Johnson who has since become Premier.

Letters of congratulations were ordered sent to the new Premier and new Provincial President Laing.

Condition of the highway was discussed and it was decided to make representations to the government for more adequate maintenance and more effective snow removal.

## OCEAN FALLS CONSTRUCTION

### Million Dollar Program Includes New Store and Community Centre

A million dollars will be spent at Ocean Falls to provide further accommodations and amenities for the employees of Pacific Mills and their families.

What is planned will include a three-floor department store which will have a cold storage department, a three-storey community centre to embrace full-sized gymnasium and high school gymnasium building. In addition to these, it is proposed also to erect a couple of buildings for the government.

### Modern Etiquette

By ROBERTA LEE

Q. Is it the man's or the girl's privilege to suggest how the evening should be spent, when no previous arrangements have been made?

A. It is courteous for the man to ask the girl where she would like to go. But a girl should be considerate where expense is concerned.

Q. May a bride wear a white dress and a veil when being married in a magistrate's office?

A. No. The traditional white is reserved for church and home weddings. She should wear her going-away suit.

Q. What is the customary tip for a checkroom attendant?

A. Ten cents is the usual tip.

### HUNGRY OLD MAN

## Year's Work By Public Relations Council Reviewed by Secretary

Prince Rupert's small but active Public Relations Council—dedicated to publicizing this city and region for tourists and industry—heard its year's accomplishments listed at its annual meeting night by its secretary, E. T. Applewhite.

The report told of more than a dozen projects which left their mark on individuals and agencies in many parts of the continent, but of which many local people are unaware.

To acquaint Prince Rupert citizens with the work of this voluntary agency, the Daily News herewith publishes Mr. Applewhite's report in full.

"The year 1947 may be said to have been our first real post-war year, and I think this Council may take some considerable pride and satisfaction in the number of tourists who have visited our city this year, and also in the great amount of publicity Prince Rupert has had in many publications, both Canadian and American—and some even further afield. It seems obvious that we shall be an increasingly important point from the tourist angle, as the Skeena Highway becomes better known, and better maintained. It is fair to state that during the past year this Council has contributed in no small measure to the advertising of Prince Rupert and the distribution of authentic information.

"This has only been possible because of the faithful work of a few active supporters from other organizations, and the public; and special mention must be made of the fine co-operation received at all times from the Corporation of the City of Prince Rupert. But for the

"faithful few" our results must have been small indeed.

"I assume that it is no part of the secretary's duties to single out any for special mention. After all, it is the combined effort of that counts. I do feel that many in the city have no knowledge whatever of the work we are doing—or attempting to do. This applies even to the membership of those organizations which make up the majority of our own membership.

"The attitude of most Government officials and civil servants with whom we have taken up various matters, has been helpful and co-operative.

"There follows some special mention of various of our activities.

"Outside Publicity—Data was submitted to Robertson's agencies for their booklet 'The Geese Go North' in which we took a page ad. Information was from time to time supplied the Government Travel Bureau; industrial data was submitted to McMahon & Burns; Co-operation was afforded to the Dept. of Trade and Industry in the making of a film travelogue on Central B. C.; material and an ad supplied to special edition Ketchikan Chronicle; 20,000 Skeena Highway stickers printed and distributed; data supplied to B. C. Electric Railway Co.; John Fisher was invited to visit

Prince Rupert but has not as yet done so; data supplied to B. C. Journal of Commerce and a half page ad taken; We were successful in having the Gov't Travel Bureau road reports include the Terrace-Prince Rupert Highway. A number of publications which solicited advertising were considered and turned down.

"Promotional Material — A great deal of promotional material was distributed to the British Isles, the U.S.A. and all parts of Canada. This included our own material and two very useful pamphlets published by the B. C. Government.

"Sportsmen's Map—This rather ambitious proposal has not yet come to fruition and will most likely have to await the financing of other more important projects.

"Information Bureau—By arrangement with the Museum Board we operated a tourist information bureau from June 13 to Sept. 15 with C. E. Cullen in charge. This did not prove to be as successful or as useful as was hoped and the whole subject needs serious study before a 1948 programme is adopted.

"Road Signs—Certain actions along the lines of road sign publicity were approved but were not acted upon. This too is worth serious action this year.

"Skeena Highway—This Council has assisted other bodies in vigorous requests for better maintenance of the highway and has taken the lead in giving publicity to the existence of the highway—over heavy obstacles. We can safely say that good results have been achieved.

"Canadian National Park—The C.N.R. were very co-operative in this connection and renovated the totem poles and generally greatly improved the park.

"Garden Competition — We sponsored this and provided the prizes, the judging etc. being taken care of by the local Horticultural Society.

"Window Display—The use of a free window on 3rd Avenue was available to us. This has not been utilized to the best advantage, but in recent months was used to try to stimulate interest in Roosevelt Park.

"Road Maps—We have scrutinized road maps issued by oil companies and others, and have drawn the sponsors' attention to inaccuracies and have made suggestions for improvements, all of which have been accepted in the spirit in which the criticism was offered.

"Florida Medal—Our most spectacular effort this year, the issuing of a medal for the first car to travel from Florida to Prince Rupert was, as in the past, made possible through the generosity of Manson's Jewellers. The publicity from the award of the medal was excellent. Publicity prior to its award was disappointing. Capt. Slayton and son Dick, of Tampa, Fla., were the lucky winners.

"A great many other small items occupied the time and thought and energy of the Council.

"Ten full meetings of the Council were held, the months

## ADULT TROUT TRANSPORTED

Carrying 700 adult trout, two Canadian National Railways express cars fitted with special water and oxygen tanks have taken the shipment from Northern Manitoba to the province's Riding Mountain National Park and White Horse Forest Reserve in connection with a government restocking program.

## Delta Tops All Houses In Completed House Standings

Delta House, with a total of 935 points, leads all Houses in recently completed House standings for punctuality, attendance, academic honors and sports. Delta is closely followed by Gamma with 921 points; Alpha with 710; and Beta with 544.

In the Junior High, Delta amassed its greatest

score, 680 points, followed by Gamma, 498; Beta, 253; and Alpha, 210. Alpha House gained the greatest number of points in the Senior High, 481, followed by Gamma, 403; Beta, 271; and Delta, 241.

In the race for highest awards in sports, Beta and Gamma are still vying for top honors with 20 points each, and are followed by Alpha and Delta with 19 and 14 points respectively.

By scoring 245 points, Delta House students in Grade 9 B gained the highest number of points given any House group in any one class.

## Club Activities

### PHOTOGRAPHY

The Photography Club, under Mr. Ewald, is at the present time busy with photography oil tinting. The club hopes to obtain window blackouts for a dark-room and an enlarger. Later in the year club members expect to get outside for scenic pictures. A prize will be awarded for the best picture of the year.

### ART

The Art Club, which has 12 members, was organized late in November. The club sponsor is Mr. Henry, the president and secretary are Charlie Currie and Diane Kennedy respectively. Most of the club members are now doing commercial art lettering. In the near future Roman, Gothic and ornamental lettering will be begun. Others, who are not lettering, will start cartooning this Friday. Painting will be done in the following media: water colors, poster paints, oil paints and pastel.

## Einar Valderhaug Is Encyclopedist

Einar first developed an interest in encyclopedias in Grade Six but it was not until after the librarian in Booth School had shown him how to use them efficiently in Grade Seven that he began his great explorations. Since the beginning of this term Einar has followed his interesting pastime of looking up information concerning countries and great people.

A close student of current and past history he has been recently studying the historical background of Russia in both history books and encyclopedias. Navigation is one of Einar's chief interests at present and he has been diligently reading the Britannica in order to investigate different phases of this work which he intends to make his life occupation.

After surveying all the encyclopedias at Booth School, Einar concluded that the Britannica was the best.

## HATS OFF to--

The Rainmakers for the wonderful show they put on in the fight for the Northern B.C. Championship.

The cheer leaders, here's hoping we see much more of them in the inter-city games.

Miss Gidney, the cast and stagehands who presented the three Christmas plays.

The Students' Council for sponsoring the Christmas dance.

All students who attended the games between Kay-Hi and Bo-Me-Hi. How about turning out to the games on Saturdays and supporting your team?

Shirley Slater, for her original idea of the water box.

The students of Booth School who collected over 300 tins of food which were handed over to the Prince Rupert Rotary Club for distribution in England.

## Better English By D. C. WILLIAMS

1. What is wrong with this sentence? "We continued on for about 15 minutes."
2. What is the correct pronunciation of "au revoir?"
3. Which one of these words is misspelled? Oblique, magnetic, technique.
4. What does the word "invincible" mean?
5. What is a word beginning with "l" that means "pertaining to the tongue, or use of the tongue in utterance?"

### Answers

1. Omit on. 2. Pronounce au-re-vwar, o as in no, e as in her, a as in ah, principal accent on last syllable. 3. Technique.
4. Not to be overcome, unconquerable. "Skill and assurance are an invincible couple."—Proverb. 5. Lingual.

## JUNIOR PROM IS COMING UP

From 8:00 to 12:00 p.m. on Friday the school auditorium will be the scene of the annual Junior Prom.

The evening will be devoted mainly to dancing, although there will also be a short program. A number of the dances will be spot-dances.

This prom is being held by the Junior Council, which is sponsored by Mr. Church.

## Student Voices

### HE WAS THE TYPE

Billy Tophin was a typical Canadian boy, right from the top of his blonde crew-cut to his shiny brown loafers. He loved all sports and ranked first or second in nearly all of them.

When Bill reached home on Saturday after practicing all afternoon for the big game that same night he sensed that something was wrong. As soon as he entered the door he yelled his cheerful: "Hi, is anyone home? I'm starved."

To his amazement he received no answer. The usually bright, busy household was quiet and dismal. There was no clattering of pans in the kitchen, no scent of his favorite blueberry pie which was usually there to greet him. He walked slowly, almost cautiously into the living room. There he found his mother weeping hysterically. As Bill tried to comfort and to find out what was ailing her at the same time, his eyes were drawn to a crumpled piece of yellow paper, a telegram. As he read it over and over again, until it was just a blur before his eyes: "We regret to inform you that your husband has been killed in action."

Bill could say nothing for a while. Then he went sorrowfully out the door with a determined look on his face. When he came home that night, he was dressed in the uniform of the Royal Canadian Navy. His mother was very proud of her son—he was the type anyone would admire.

—MB, Age 13, Class 8B.

### THE PLEASURES OF IDLING

Although idling is condemned by the majority of people as a bad habit it is still one of the pleasantest of pastimes. I personally cannot understand people who, as soon as they sit

## THIS AND THAT

"What's that, doctor, a solvent for doughy biscuits?"

## Able to Fight Within Decade

CALGARY—Lieut. Col. H. E. Wright, a veteran, stated here that Soviet Russia will be capable of staging a continental war by 1952 and a world war against other powers by 1957. This is just his own personal opinion, he said.

down, must pick up their knitting or sewing, etc. and work at it continually until what they call a rest is over. Or, there is still another kind of person who, as soon as you seat yourself comfortably with nothing to do, must thrust some working utensil into your unwilling hands. To sit reading or just daydreaming unmolested by humans is to me one of life's unequalled pleasures.

But beware of the consequences if your mother (this applies also to teachers) catches you day-dreaming when you have been given a certain task.

M.B., Age 13, 8M.

## CAPT. MUSGRAVE SON OF PIONEER SEA SURVEYOR

Capt. A. P. Musgrave, O.B.E.,  
R.C.N., of Ottawa, who as di-  
rector of Canada's Sea Cadets in-  
spected the local corps in the  
Navy drill hall last night, was  
once a resident of Prince Rupert,  
but it was so long ago that he  
has almost forgotten it.

As a boy, Capt. Musgrave lived  
here while his father, the late  
Capt. P. C. Musgrave, made a  
survey of Prince Rupert harbor  
and adjacent waters while in  
command of the survey ship Lil-  
loet which was stationed here.

The elder Capt. Musgrave and  
his wife were well known to early  
residents of the city.

Yesterday, the younger Capt.  
Musgrave took the opportunity  
to call on a number of the old  
timers who were friends of his  
parents. Among them were Mrs.  
R. L. McIntosh, C. H. Orme and  
Mrs. J. B. Gibson.

## WOMEN'S CLUB PLANS AID TO CITY MUSEUM

Prince Rupert Business and  
Professional Women's Club plans  
to sponsor a bridge party to  
raise funds to aid the Museum  
of Northern British Columbia.  
The monthly meeting of the club  
decided in favor of the project  
Wednesday night after it had  
been proposed by Mayor Nora  
Arnold. The matter was brought  
up at a short business meeting  
which followed a dinner in the  
Civic Centre. At the conclusion  
of the business meeting, the 13  
members present witnessed a  
showing of films taken in Prince  
Rupert and other parts of the  
province by Sgt. L. A. N. Potter-  
ton. The films were projected by  
Joseph Goscoe. Guests at the  
meeting were Mr. and Mrs. H.  
Hollick-Kenyon of Vancouver,  
who accompanied Mayor Arnold.  
Miss Frances Cross, club presi-  
dent, was chairman of the meet-  
ing.

## HOW CAN I ??? By ANNE ASHLEY

Q. How can I restore a  
shrunken woolen sweater back  
to its original shape?

A. Wet the sweater, drop it  
into a pillow case, the pillow  
case on the line by the hem  
and let water drip from it. Do  
not wring the sweater. Or, pin  
it to a sheet, measuring so that  
it is the correct size, and allow  
to dry.

Q. How can I treat a cork  
that has shrunk, and is too loose  
for the bottle?

A. Place the cork in a pan of  
boiling water and allow it to re-  
main until the water cools. This  
will make the cork expand to its  
original size, and it will fit the  
bottle snugly.

Q. How can I remove rust  
that has formed on scissors?

A. Kerosene will remove rust  
from the scissors.

## AIR PASSENGERS

To Vancouver—C. Rutherford.

ceived by Fay B. Gamblin of this  
city from Ottawa for the new  
heating system invention which  
he devised recently. There have  
already been some installations  
in the city.

Miss Shirley Green left Thurs-  
day night on the Prince Rupert  
for Vancouver on her way to  
Oakland, California, where she  
will take a study course in in-  
terior decorating and window  
dressing. She will be accom-  
panied as far as Vancouver by  
her parents, Mr. and Mrs.  
George Green, who will remain  
in the southern city for the next  
three weeks during which Mr.  
Green will attend a conference  
of Imperial Oil Co. representa-  
tives.

## Rotarians See New Offices

Prince Rupert Rotarians were  
guests of their fellow club mem-  
ber, Dr. C. H. Hankinson at the  
opening of his new office build-  
ing on Second Avenue following  
their weekly luncheon meeting  
Thursday afternoon. Club mem-  
bers and guests were welcomed  
to an inspection of the new med-  
ical offices by Dr. Hankinson,  
who informed them that the  
opening co-incided with the  
eighteenth anniversary of his  
medical practice in this city.  
Guests at the meeting, welcomed  
by club president Lee Gordon,  
were Richard Swain, Vancouver;  
Capt. A. P. Musgrave, Ottawa;  
Lieut. Commander Grant, Van-  
couver; Lieut. John Quinn, Lieut.  
Commander Alex Mitchell, C. H.  
Orme and Patrick Mangan, Ed-  
monton.

Maresa Windle. Opening date:  
January 24, 1948. For appoint-

A well known camp cook, Rob-  
ert (Bobby) Batt, located in  
Skeena for nearly 40 years, died  
last week in Winch Memorial  
Hospital at New Hazelton. He  
was employed mainly in govern-  
ment road camps. He came from  
the United States and had  
reached an advanced age.

● Moose Whist Drive and  
Dance every Saturday night,  
8:30. (14)

Reports from many of the  
smaller communities around  
Prince Rupert, on the coast as  
well as up river all indicate the  
housing shortage is not less  
acute. Where industry remains  
active through the winter, more  
families move that way and new  
dwellings are needed to take the  
place of buildings which are  
pretty far gone.

## THEIR WORK APPRECIATED

At the regular meeting of the  
Cambrai Chapter, Imperial Or-  
der, Daughters of the Empire,  
the members were gratified to  
hear that their work being done  
locally is meeting with apprecia-  
tion. Hampers, issued by an ear-  
nest group of workers during  
the busy pre-Christmas season,  
have brought in reply heartfelt  
thanks. Blankets donated to the  
Cambrai ward of the Prince Rup-  
ert General Hospital have been  
received with great apprecia-  
tion. Monies donated to the aid-  
ing of the elderly man in the  
Pioneer Home is being used with  
pleasing results.

Not only is the local work be-  
ing extended but the Overseas  
Parcels are increasing. Replies  
received from people receiving  
these parcels are making this  
work not only more worthwhile  
but also more pleasant. And so  
the events of this busy chapter  
are taking on new momentum  
with the growing local demands.

As the work of the chapter  
grows so are the new activities  
growing with it. Among the new  
suggestions received is that of  
a card party for members and  
their friends.

THEORY NOT ATHEISTIC  
Charles Darwin never denied  
the existence of God in his  
theory of evolution.

INDIAN CO-OPS  
There are about 150,000 rural  
co-operative societies in India  
and Pakistan.

## LEGION SENDING TWO DELEGATES TO CONVENTION

Canadian Legion President V. C. Houston and Rev. Charles Thomas, Legion chaplain, have been elected delegates from the local branch to attend the Dominion Command convention at Saskatoon on May 23 to 27.

The pair were elected by ballot from a group of four, at the legion's monthly meeting Wednesday night. C. L. Youngman and P. Ray also had been nominated.

An estimated 1,500 delegates will attend the convention. The meeting also decided to make a monthly contribution toward the Canadian Legion branch development fund, organized to provide financial assistance to small branches which have no beverage license and only a limited amount of revenue.

ANCIENT CITY Baghdad, famed Mohammedan city of culture, learning and romance, was built between 762 and 766 A.D. by Abu Jaffar.

### HOCKEY PLAYERS' NARROW ESCAPE

Canadian Olympic Team Had Close Call After Landing at Southampton

LONDON (C)—Members of the Royal Canadian Air Force Fliers, Canadian representatives to the 1948 Winter Olympic hockey tournament, escaped serious injury yesterday when involved in a traffic collision shortly after leaving Southampton dock.

They had just disembarked from the Queen Elizabeth when a bus, carrying 21 members of the Olympic party was struck in the rear by a street car and flying glass from shattered windows endangered the players. Beyond superficial scratches, there were no injuries.

### SHORT SPORT

Toronto's George Young won international fame, 21 years ago today when he became the world's first swimmer to conquer California's Catalina Channel and receive \$25,000 offered by Wm. Wrigley, Jr. Young—after four disappointments—won the Canadian National Exhibition 1931, 15-mile marathon at Toronto, but was never again successful although he made several attempts, the latest in 1947.

Jimmy Braddock of New Jersey was awarded an unpopular 10-round decision over Leo Lomski of Aberdeen, Wash., in a light-heavyweight bout at Chicago, 18 years ago. Braddock went a long way after that, winning the world heavyweight championship in 1935. He lost it to Joe Louis in 1937.

N. Y. FIRE DEPARTMENT TOOK PRECAUTIONS—The New York fire department, as a precautionary measure have had their fire trucks towed, stalled by the record fall of snow, away from fire hydrants. This is a very important task because a fire would be disastrous with the fire trucks unable to reach a water line. During the worst of the snow storm, the fire commissioner broadcast to the snowed-under population of New York City every 15 minutes not to light their Christmas trees and to take every precaution against fire.

## U.S. VESSEL NOT COMING

Arrival of the Hawaiian-American line freighter Minnesotan, which was due here this week-end to load four tugs for Indo-China, has been cancelled, according to word received by the G. W. Nickerson Co., local agents.

Instead, the freighter Arkanian, of the same line, will come here to load the four small vessels about February 15.

Inability to take the tugs as deck cargo was given a side reason for cancelling the Minnesotan's visit here.

The tugs have been at the dry dock for a considerable time waiting the arrival of a ship to load them.
