# EUROPE'S WORST DISASTER

## Dye Plant Blast; 600 Are Killed

MANNHEIM, Germany, (CP)—Police said today that between 500 and 600 persons had been killed and 1400 injured today in an explosion and fire which wrecked the I. G. Farben chemical plant at Ludwigshafen. It is the greatest peacetime disaster in Europe since the war.

The huge explosion wrecked the six-storey dye factory. French military government authorities first estimated from 250 to 300 persons were killed or injured but this figure was soon raised as was the provisional Reuters figure of 600 to 1000 provisionally reported injured.

Rescue workers are still digging into the debris for victims. All hospitals in the area are filled with injured, many of whom will not live.

The plant employs 1000 workers. How many were trapped in the flames is not known.

French officials report that the explosion occurred in structure known as a "nitrate building."

## DOES NOT KNOW OF P.G.E. DEAL

VICTORIA—Former Premier John Hart, who is still president of the Pacific Great Eastern Railway, said yesterday that he had not heard of negotiations for the extension by American interests of the PGE into Alaska. Mr. Hart was speaking of a report which appeared in the Spokesman-Review newspaper of Spokane.

WORLD'S CHIEF WATERWAY  
The Great Lakes and their connecting waterways form the world's most important inland waterway.

## SAYS UNION "DESTROYING" CAN. SHIPPING

OTTAWA, (CP)—Transport Minister Lionel Chevrier today charged Michael Jackson, Great Lakes' director of the Canadian Seamen's Union, with seeking to "destroy" Canada's shipping industry.

At the same time, he said, he had learned that the C.S.U. is preparing for a strike on deep-sea vessels in November.

Chevrier said he was satisfied the Canadian Seamen's Union was not Communist in character but he was convinced that about all some of the leaders cared about was fomenting trouble and disrupting Canada's unity.

The minister also declared that some of the actions of the companies had been "reprehensible." Shooting could not be condoned and it was for the local or provincial authorities to maintain law and order.

The unions had wrongfully taken the law into their own hands in boarding ships in violation of the Canada Shipping Act.

# NEWFOUNDLAND MAY JOIN CANADA SOON

COAL THROUGH THE CLOUDS TO BERLIN — Allied army trucks and planes are shown on the Rhine-Main air base waiting to load up with coal to be flown over the Soviet "starvation blockade" to beleaguered Berlin. Soviet planes are reported in the Allied air corridor. Coincidental with publication in Washington, D.C., of the U.S. state department note to the Soviets, demanding lifting of the blockade and stating that no amount of pressure would force Allied forces out of Berlin. The latest report from Berlin is that Britain is sending troops into Germany.

## Palestine Not Going to Court

LAKE SUCCESS—The United Nations security council decided yesterday against sending the Palestine question to the Court of International Justice.

hands in boarding ships in violation of the Canada Shipping Act.

## Hot Quebec Campaign At Climax Today

Charges of Fraud  
Resound as Voters  
Go to Polls

QUEBEC, (CP)—Ballot markers took command of today's Quebec provincial elections, but the fury of the sizzling, six-week campaign refused to die.

The uproar centred in Montreal, where accusations of fraud and black market dealing in registration slips were freely tossed about. Police said that thousands of voters in the metropolis may be disenfranchised because they unwittingly surrendered their registration slips to persons posing as revisers and examiners.

Deputy director Hilaire Beauregard of the provincial police said Montreal black market operators were offering voters from \$2 to \$5 for each slip. As a result, the police anticipated polling station disturbances and hundreds of attempts at impersonation before the 2,000,000 eligible voters finish balloting today.

The provincial election campaign yesterday was warmly fought and replete with blunt speaking and memorable incidents. As it drew toward the close, one of the most largely attended rallies was at St. Pierre Market in St. Sauveur Ward. Here, about 7,000 stood on the rough concrete of the old square to hear Premier Duplessis speak for about two hours. He assailed the province's Liberal chief, Ad-

## Acceptance of Colony As Tenth Province Is Believed To Be Near

OTTAWA, (CP)—Newfoundland may be accepted as Canada's tenth province in a few days, it was indicated in statements here today. Prime Minister Mackenzie King said that, before the week is out, the government will make a definite announcement of Newfoundland's political status. Important

quarters believe that, provided no unforeseen difficulties arise, the government will admit the colony into Confederation. Last week Newfoundland voted by a close margin in favor of joining up with Canada rather than forming her own responsible government.

## Bulletins

### RECORD PROFITS

VANCOUVER — Powell River Paper Co. Ltd. made record profits of \$3,500,000 in the last six months.

### OFFER REJECTED

VANCOUVER — William White, president of the Boilermakers' Union, announced today that the union had rejected a 12½¢ per hour wage increase from the shipyards.

## ASK RUSSIA FOR TALKS

LONDON, (CP)—A government official said today that Great Britain, France and the United States will offer to begin talks with Russia "on a general European settlement as a whole."

Meantime commandants of the Western Allies in Berlin today answered with a flat "No" increased Soviet pressure to destroy the elected government of the blockaded city of Berlin. The three commandants sent a letter to the mayor of Berlin countermanning two Russian orders aimed at seizing control of the city government.

The western commandants have advised the mayor of Berlin that an order to dismiss the Socialist deputy police president is invalid. They also told the mayor that the Soviet commandant had no authority to install a new deputy head of the city's food department.

Walter Bedell Smith, United States ambassador to Moscow, who is in Berlin, may confer with General Lucius D. Clay, United States military governor, later today returning to Moscow with proposals for settling the German crisis.

F. C. Underhill, Vancouver civil engineer, arrived in the city from the south on last evening's plane. He is in charge of survey work being carried out in connection with the Port Edward Celanese pulp mill project.

# Always Ask 20 per cent. Rate Increase

## Application Is Sequel Increase In Wages

(CP)—The Board of Transport Commissioners said that the Railway Association of Canada had submitted a 20 per cent increase in freight rates. It says its application, which is made on behalf of the Pacific, Canadian National and other railroads, is for a 17c per hour increase in wages.

The wage increase was granted two weeks ago, but the extra 17c would cost the Canadian National \$76,500,000 per year.

For an increase goes before the Board in interested parties, including the provincial government, appeared here last week to protest against the increase in rates, have been notified of it. Application has applied for an interim increase of 10 per cent immediate requirements due to the wage increase of 20 per cent because of sharply increased costs.

## RESTRICTED IN THIS BY AIR FIELD LACK

of the fuller use that could be made of the located Prince Rupert in development of aviation into the hinterland of northern British Columbia for which aircraft is of transportation became emphasized in the Daily News interviewed Captain J. E. Jellison of Montreal. Capt. Jellison was here for a brief visit in connection with his duties with the aerial surveys division of Canadian Pacific Airlines.

Canadian Pacific Airlines is looking into the possibilities of developing the survey branch of its service in connection with the establishment of new industries which would wish to use aircraft for the survey, mapping and photographing of timber stands, water power sites, mineral areas etc. That was why Capt. Jellison was here. He arrived on last evening's plane and returned to Vancouver today.

## THE WEATHER

Cool Pacific air lay over the entire province of British Columbia this morning. Although relatively clear skies returned to the southern coastal areas during the night, there was still considerable cloud in the southern Vancouver Island and Lower Mainland regions. Clearing is expected in these areas this afternoon. Showery conditions persist in the southern and southeastern interior. Another disturbance now moving into the northern coastal regions will cause rains in those areas today and increasing cloudiness over southern B. C. tomorrow. There is little indication of very much improvement during the next 48 hours.

Forecast  
Queen Charlottes and North Coast—Cloudy with showers, becoming overcast with intermittent rain during the forenoon, then cloudy with widely scattered showers tonight. Cloudy Thursday. Winds northwesterly (20 m.p.h.) in the exposed areas, light elsewhere. Little change in temperature. Lows tonight and highs Thursday—At Port Hardy —53 and 63, Massett 50 and 60, Prince Rupert, 50 and 60.

## B-29 Lost In Red Sea

Globe-Girdling Flying Fortress Comes to Grief—Most of Crew Lost

ADEN, (CP)—A United States B-29, one of three Superfortresses attempting a circuit of the globe, crashed into the sea last night after taking off from this port on the south coast of Arabia. Only one survivor of seventeen or eighteen on board has been picked up.

Harbor tugs, launches and British survey vessels are searching the shark-infested waters but poor visibility and monsoon conditions are hampering the search.

Cause of the crash is not known. The B-29's have been making the flight primarily for the purpose of testing flying fields and local conditions for the operation of Flying Fortresses.

In ancient times comets were supposed to be omens of sudden death.

# Way Cleared for British Capital in Canada

## ALASKA LUMBER SHIPMENT HERE

### More Workless Than Open Jobs

OTTAWA — Latest employment figures for Canada, as announced yesterday, show 110,000 persons seeking jobs in the Dominion and 51,000 jobs open. This is an improvement over the previous month when there were 119,000 seeking jobs and 63,000 jobs offering.

In British Columbia there are 19,000 looking for work and 5000 jobs offering.

If pears are left to ripen on the tree, they become mealy or gritty.

An experimental shipment of lumber from Ketchikan Spruce Mills reached here at noon today bound for the central United States. The shipment, 45,000 board feet, arrived by scow in tow of the tug Inverness, Capt. Stewart S. Amundson. It is being loaded into two railroad cars and is destined for shipment to Alabama and Iowa.

A similar but larger experimental shipment from Juneau was made through this port last spring. It consisted of more than 500,000 board feet.

## Industrialists May Now Start Up Plants Here

### FORTY-YEAR OLD SWIMS CHANNEL

DOVER, England, (CP)—Giovanni Gambi, 40-year old Italian horse breeder, today swam the English Channel from Au Dresselles, France, to the English coast near here in twelve hours, thirty-six minutes. Gambi won the five-mile marathon swim at the Canadian National Exhibition at Toronto in 1935.

LONDON, (CP)—The British government yesterday cleared the way for British industrialists to open branch plants in Canada or expand existing plants in the Dominion.

The Treasury said industrialists may now "take advantage" of investment facilities made available a year ago by Canada. Until now stringent foreign exchange restrictions had ruled this out.

## Handsome Catalina Yacht Is Visitor To Prince Rupert

### California Banker Achieving One of His Dreams—Inside Passage Cruise to Alaska

"It is the avowed ambition of every Southern California yachtsman to some day cruise the inside passage to Alaska," drawled Dick Loynes, Commodore of the Catalina Island Yacht Club, who, as a member of a cruising party aboard the yacht "Wandermore," in port yesterday, was asked his reactions to the trip up the coast.

California yachtsmen have two other main ambitions according to Commodore Loynes. They all want to be able to enter the San Francisco to Honolulu race and the Bermuda yacht race in their logs before they call it quits. When Commodore Loynes completes this cruise he will have realized two of those dreams, for in 1939 he was owner and skipper of the sailing yacht "Contender" which was the first of the racing boats to reach Honolulu that year and won the Golden Gate Exhibition trophy.

An interesting sidelight on that race was the broadcasting done from the "Contender" during the race. Each day at a set time all boats in the race were contacted and asked for their position and the results were later transmitted from the "Contender" to the Mutual Network where it went out to 128 stations in the United States.

G. A. Walker, president of the Farmers-Merchants bank in Longbeach, California, and owner of the 104-foot "Wandermore," which arrived in Prince Rupert Tuesday afternoon, bought the boat in Seattle several months ago. During the war the craft had been designed and

## Truman's Dexterity

PRESIDENT TRUMAN has succeeded very well in putting "the worst congress in the history of the country" on the spot. He has "demanded" that it enact at this special session, called by himself, sweeping measures to curb the upward whirling spiral of inflation and avert another great depression.

It would be unfair to charge the President with making outright political capital out of the nation's economic dilemma. Several of the measures he now asks are of the same nature which he had sought before or to replace measures which he himself had opposed, going so far as to exercise veto power, only to be overridden by a politically hostile Congress.

In effect, the President has now turned the tables most dexterously on political forces which had sought to embarrass him and had succeeded in doing so.

While it is regrettable that such intensely important matters should be kicked around politically, it is but to be hoped that, under the current exigencies, something may be accomplished to relieve a situation which is also having its effect upon Canada.

## TELEPHONE PROBLEM

WHAT THE CITY COUNCIL will do with the proposed \$500,000 telephone system rehabilitation measure which is to receive its special consideration will be followed with considerable interest. It is an important matter, too, which is deserving of most careful consideration.

There is no argument about the fact that the existing telephone system is not only obsolete but entirely inadequate. It has long since passed the point where it can be patched up or renovated to any efficient advantage. In fact, it needs, to a large extent, a complete replacement job.

Of course, a new telephone system is only one of the many things that this city now needs. The difference with the telephone system is, however, that it is a direct revenue producing proposition, capable, if put on a sound financial footing with an efficient plant, of paying for itself, if not paying profits over and above. It did this once before, being a very welcome source of revenue for general fund, rightly or wrongly, during the hard times and previously.

Some people might question of advisability of staking \$500,000 in a new telephone system at this time but something has to be done about it and the council, apparently, considers this the only way out.

## HUMANIZING WHALING

THE EXPLOSIVE HARPOON method of capturing the whale is not only "antiquated," as a visiting Scottish scientist says, but is an extremely cruel proceeding. Often the poor creatures have been known to last for a day before expiring after being harpooned, involving torturing of dumb animals that would shock the mildest of anti-vivisectionists, if the term may be properly used in this connection. Apart from that the harpoon is, in many cases, extensively damaging to the huge carcass.

It is interesting to have the proposal of electrocution or use of carbon dioxide coming up, particularly in view of the new and fuller uses which have now been devised for the use of whale meat.

## GOOD PUBLICITY

PRINCE RUPERT and Central and Northern British Columbia receive generous mention and space in the way of illustrations in the fifteenth annual yearbook of the British Columbia Journal of Commerce now off the press. It is an ambitious and creditable publication.

It is a 354-page publication, reviewing the province's general progress in construction and development. There are a good many pictures and stories respecting Prince Rupert and Skeena, as well as a good sized sketch of what the cellulose plant at Port Edward will look like. The written articles include one by E. T. Kenney, minister of lands and forests.

AGAINST CRADLE-TO-GRAVE SOCIALISM—England's famed cradle-to-grave socialization program with its component socialized medicine is just a pain-in-the-neck to Dr. Donald Beckett, an avowed "disinker" of Britain's current Minister of Health, Mr. Bevan, and the new health plan, is shown with his family in London as they explained to Canada, to which they are emigrating. The children are Brian, April and Carolyn (the last-named is in her mother's arms).

## WET WEATHER IN VANCOUVER

VANCOUVER—July is going down as the wettest month in meteorological history of Vancouver. There has been 1.93 inches of rain so far this month, one-tenth of an inch higher than the previous wettest July. During the last twenty-four hours .69 of an inch of rain fell here and a 30-mile an hour gale blew down power lines.

## Point Barrow's Summer is Over

POINT BARROW—Point Barrow's ten-day summer has come and gone. On July 18 the ice went out, marking what is regarded as the start of summer here. Yesterday two inches of snow fell to herald the advent of winter.

POPULAR FALLACY  
The notion that ostriches bury their heads in the sand was probably started by early desert nomads who saw them feeding on the horizon.

KNOWN AS KANAWHA  
West Virginia originally was known as Kanawha.

## PULP MILL AND POWER COMPANY

Latter was instrumental in Bringing Former Here, Official Says

Writing to the Daily News, H. E. Pawson, commercial manager of the Power Corporation of Canada, expresses appreciation of recent comments in this newspaper in regard to Columbia Cellulose bonds.

"Both issues were heavily oversubscribed," Mr. Pawson discloses in speaking of the first issue of \$15,000,000 of first mortgage bonds and the issue three days later of \$5,000,000 of general mortgage bonds. "The amount subscribed in this manner was \$20,000,000 out of the total requirement of \$32,500,000."

"As you know," Mr. Pawson continues in his letter, "Columbia Cellulose Co. is a wholly owned subsidiary of Celanese Corporation of America, a company with assets in excess of \$200,000,000, and the Canadian director of Celanese Corporation of America is P. A. Thomson of Nesbitt, Thomson and Co. Ltd. which firm was syndicate manager for the sale of these \$20,000,000 bonds."

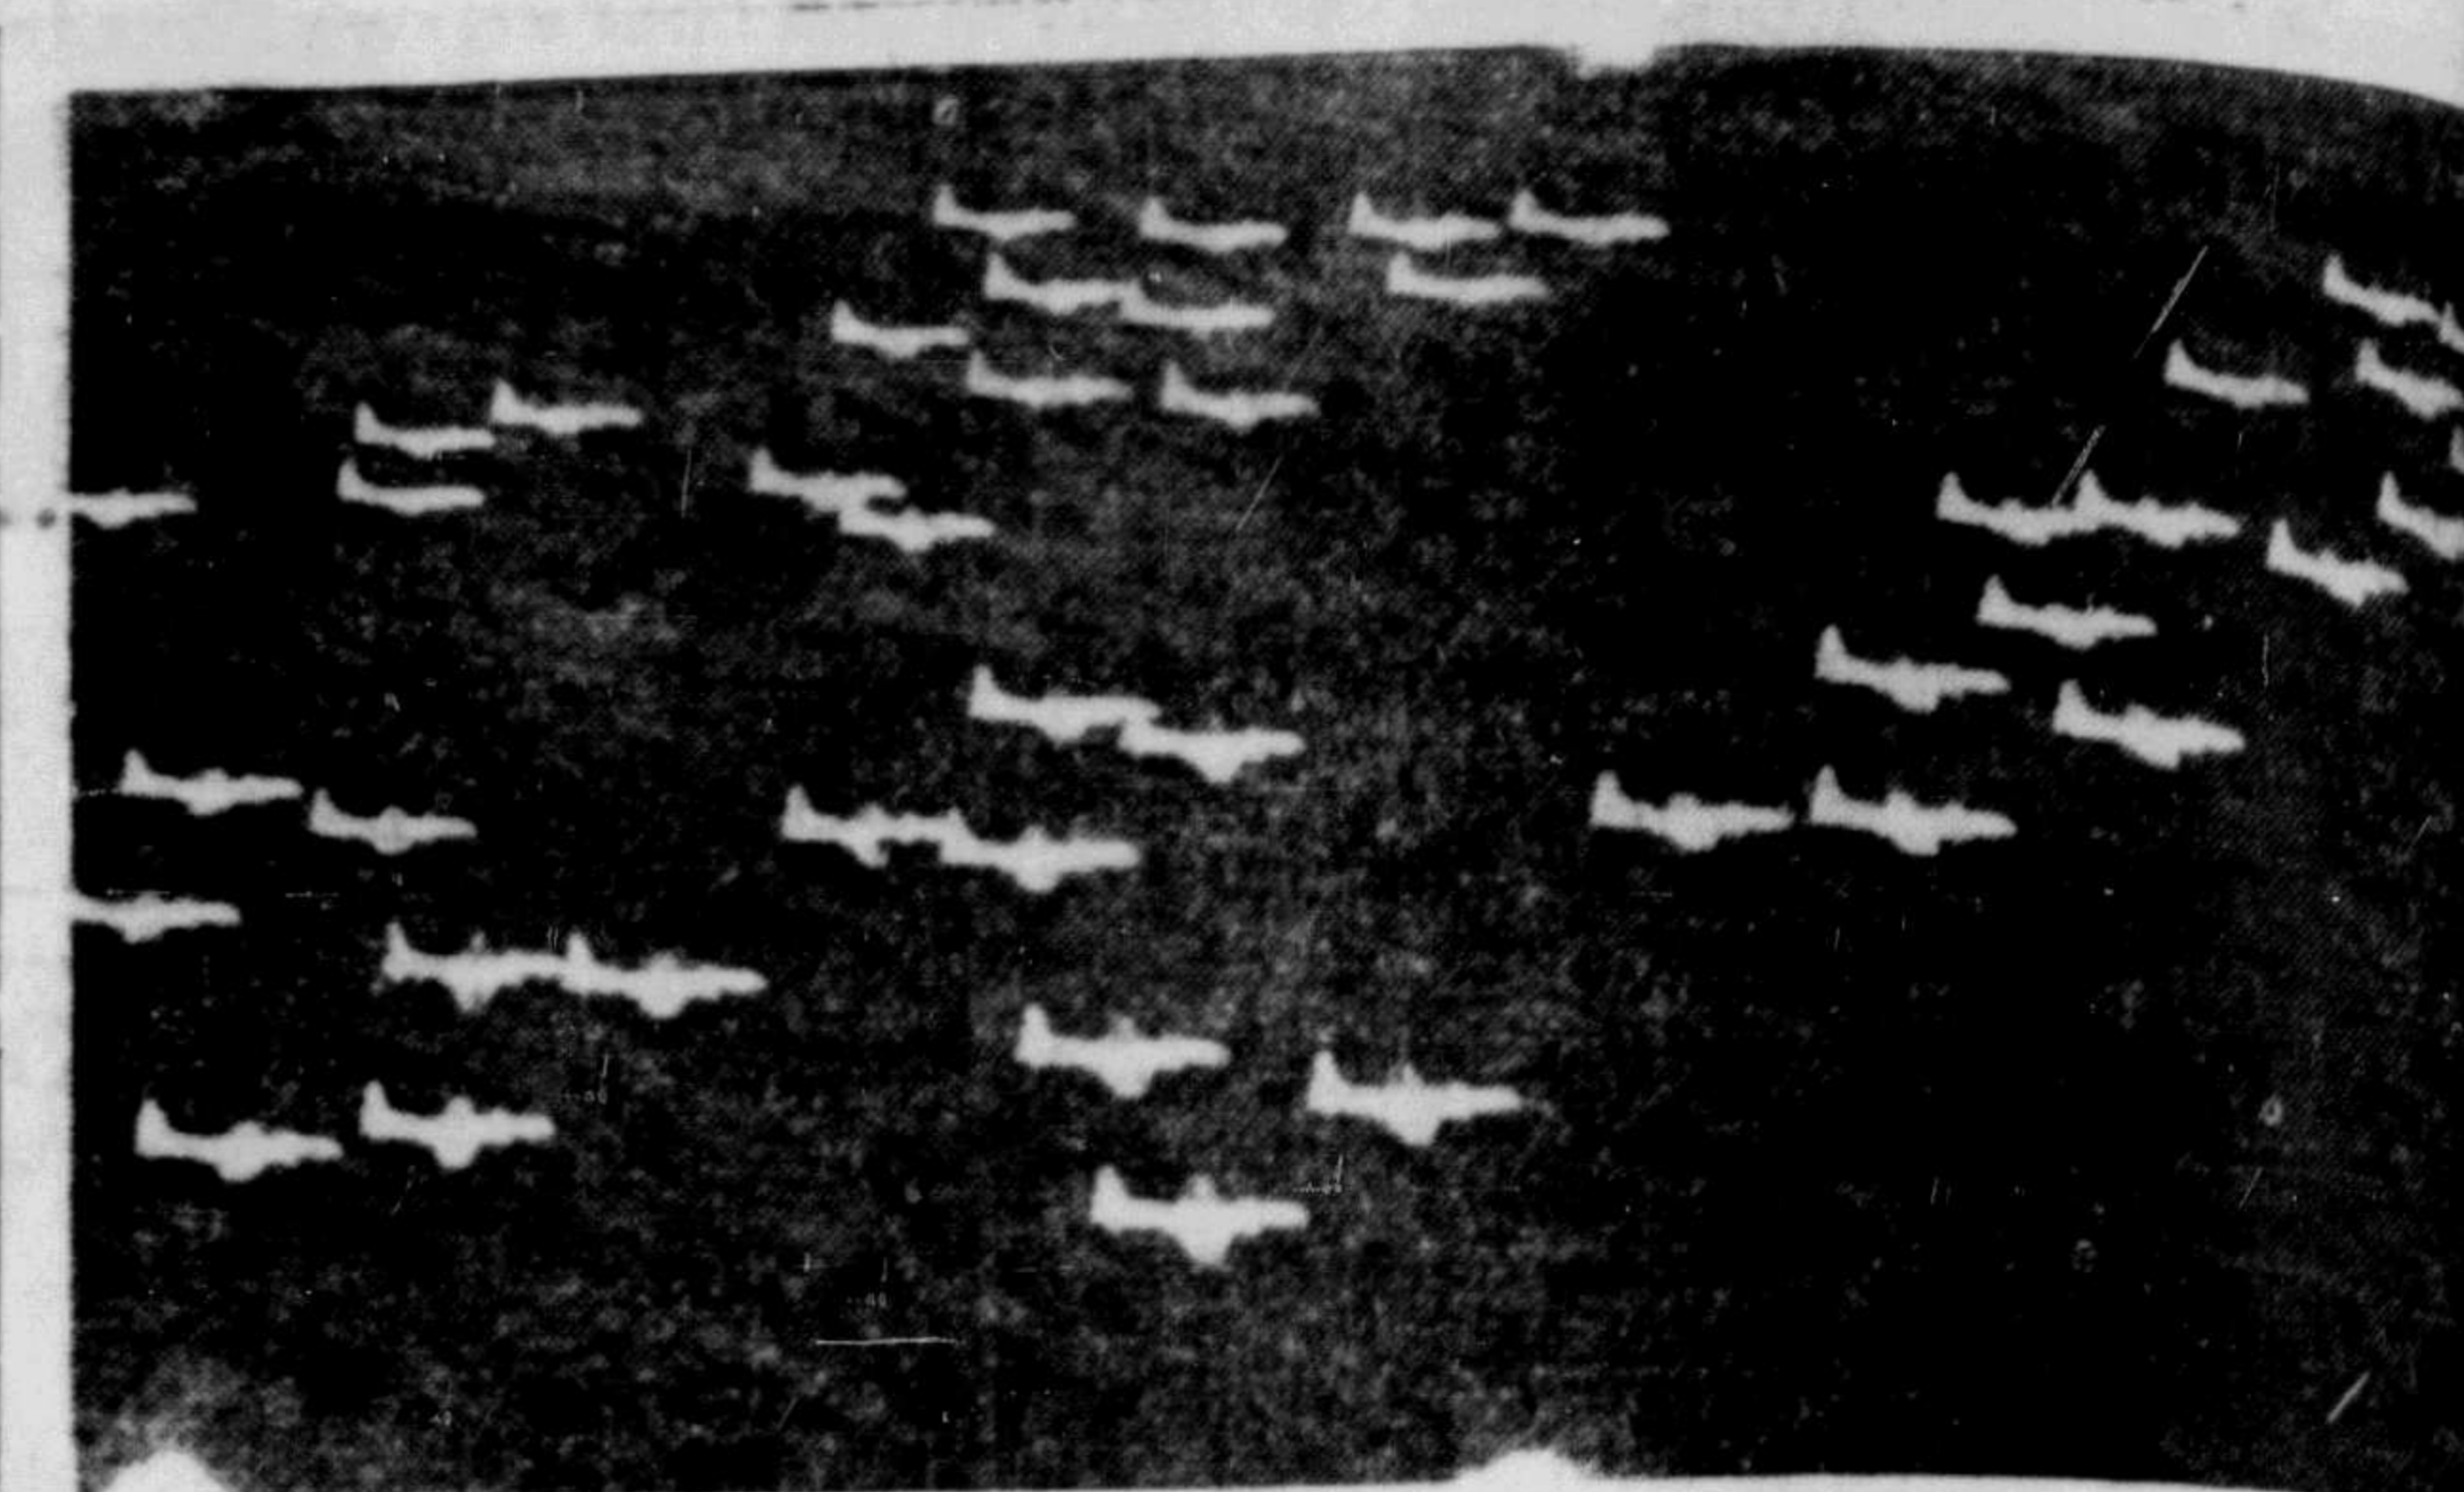

"It is a fact that Nesbitt, Thomson & Co. Ltd. were really instrumental in prevailing on the Celanese Corporation of America to locate its new pulp mill at Watson Island."

Mr. Pawson says that he expects to be in Prince Rupert in the not too distant future.

## PRODUCING 325 TONS PER DAY

W. F. Galloway, mill superintendent for the Polaris-Taku Mining Co. Ltd., was here recently on his way to Vancouver to purchase new equipment for the plant which will include material for a modern assay office.

Mr. Galloway announces that the Polaris-Taku property, which is situated at Tulsequah not far from Juneau, Alaska, and is an important gold producer, is now milling at the rate of 325 tons daily, and there is an improvement seen in the recovery of gold from the ore.

## PACIFIC COAST SALMON PACK

B.C. coast salmon pack up to the week ending July 17 totaled 164,729 cases, of which district Number Two, of which Prince Rupert is headquarters, produced 117,982 cases, according to the latest bulletin issued by the Chief Supervisor of Fisheries, Vancouver.

Fact that this year's pack is the greatest to date of any of the last six years is attributed to an unusually large early run of pinks and chums in District Two and exceptional run of coho in District One, further south.

Pack of pink salmon to date exceeds 25,000 cases, whereas for four out of the last six years it has not reached the 2,000 case mark. A similar condition exists in the chum pack. So far, 13,308 cases have been put up this year, while for the corresponding period last year only 4,007 cases were packed.

This year's sockeye pack for all areas is more than 20,000 cases below last year, although about even with 1946, 1945 and 1944. So far, 79,403 cases have been packed. In the Naas and Skeena districts, canned sockeye production is 9,000 cases above last year.

Production to date for the Naas and Skeena areas is as follows: sockeye, 40,019; springs, 2740; steelhead, 269; coho, 6,230; pinks, 9,548; chums, 6,789.

U.S.-JET FIGHTER PLANES PREPARE FOR GERMANY—Sixty-two Lockheed F-80 Shooting Star jet fighter planes of the U.S. air force's 36th fighter wing are being moved from the Caribbean by way of a transport ship to Germany on the heavy aircraft carrier USS Flathead. The jets will take the ship to Scotland and then to bases in Germany.

It must give light tomorrow and tomorrow!

TODAY many sections of the country are seriously affected by shortages of electrical power.

But this situation is being remedied. Vast new power projects are now being developed—through the investment of life insurance funds.

You see, part of every dollar that you put into life insurance is invested in government, public utility and industrial bonds. And millions of these life insurance dollars are helping to pay for new electrical power plants throughout the Dominion.

When they are completed, there will be power enough for all our homes, farms and industries in future years.

Thus your life insurance serves a double purpose. It provides financial protection for your family. And it helps raise the living standards of the nation!

A message from the life insurance companies in Canada and their agents.

It is good citizenship to own LIFE INSURANCE

Irving Berlin made exactly 33 cents on the first song he wrote.

Hugo Kraupner left on this afternoon's plane for a business trip to Vancouver.

● Public Meeting, C.C.F. Rooms, Fulton St., Friday 8 p.m. H. G. Archibald M.P., and Wm. Brett M.L.A. "Ottawa Highlights" and Price Control discussed (178)

Mr. and Mrs. A. K. Nelson, formerly of Prince Rupert and now of Remo, arrived in the city last night for a brief visit. They plan to leave tonight on their return home. Mr. Nelson is in good health and reports that crops in the Terrace district are progressing nicely under the in- fluence of good weather.

Mr. and Mrs. Harold Fisher and Mrs. Jones, Mrs. Fisher's mother, and Ronald Munro, who is attending the University of British Columbia, are leaving at the middle of this week by motor on their return south after a week's visit here. Mr. Fisher is the son of Judge and Mrs. W. E. Fisher.

### HOW CAN I ???

By ANNE ASHLEY

Q. How can I store walnuts and chestnuts for the winter.

A. Pack them in boxes or jars between layers of sand. If they have already become shriveled, keep them over night in a vessel of skimmed milk, or even a solu- tion of milk and water.

Q. How can I remove warts from the hands.

A. By washing in water in which a quantity of washing soda has been dissolved. Let the hands dry without wiping. Re- peat this bathing frequently, or until the warts disappear.

Q. What is a good fertilizer for potted plants?

A. Take tea leaves that have been used and put them around the plants.

A. H. Leamy is sailing on the Prince Rupert Thursday night on a trip to Vancouver.

Mrs. Hans Knutson and two children are sailing Thursday night on the Prince Rupert for a holiday trip to New Westmin- ster.

Mr. and Mrs. H. E. Thain of Nelson, who have been visiting their son and daughter-in-law for the past week, are leaving tonight on the Prince George to return to their home.

Mr. and Mrs. Bert Wouden and daughter Vera are sailing on the Prince George tonight on a three-week visit to Van- couver.

### THIRTEEN BEAUTY CONTEST ENTRIES

Thirteen city candidates for the beauty contest which may result in a Prince Rupert girl getting a free "glamor" trip to Hollywood next month have filed entries, Capitol Theatre manager J. Harry Black said this morning.

Prince Rupert entries in the contest will be judged by Capiti- ol Theatre patrons early in August, and the winner will be sent to Vancouver, with appro- priate wardrobe, to take part in the provincial contest at the Pacific National Exhibition.

Latest entries in the local Miss Stella Kurulok, 21, Capiti- ol Theatre cashier, 260 Ninth Avenue East.

Miss Ruth Mae Leavitt, 17, packer, Millerd Cannery, 655 Eighth Avenue East.

Miss Marie Lavigne, 18, stud- ent, 622 Eighth Avenue East.

Miss Lois Thompson, typist, Bank of Montreal, 449 Fifth Avenue West.

Miss Wanda Black, usherette, Capitol Theatre, 132 Fourth Av- enue East.

### KINSMEN CAMP APPRECIATED

The boys who made up the first group at the Kinsmen Kiddies Kamp this summer have settled back into the routine of town life again but they have many pleasant mem- ories of their Lakelse holiday which they have, apparently, described in detail some of the highlights to their families.

The mother of one of the boys in a letter to the Kinsmen Club, wrote: "We fully realize that it is quite a task to transport, control and care for 24 boys." On behalf of her husband and herself she expressed thanks to the Club for the grand time their son had at camp and "for the supervision, kindness and care of both Mr. and Mrs. Casey."

### AIR PASSENGERS

To Vancouver—Miss E. Mor- ton, Mrs. E. Dalt, Mrs. M. M. Miller, W. E. Drake, J. E. Jelli- son, I. J. Gowan, H. Kraupner, V. Johansen.

To Sandspit—R. Moody, E. Hensworth.

From Vancouver—F. C. Un- derhill, R. E. Broghley, E. F. C. Black, Mrs. M. McDonald and two children.

From Sandspit—R. Clarke, Mrs. E. Walker.

Potatoes exposed to air lose vitamin C.

### CHANGE of LIFE?

Are you going through the functional "middle age" period peculiar to women (35 to 52 yrs.)? Does this make you suffer from hot flashes, feel so nervous, high- strung, tired? Then no try Lydia E. Pinkham's vegetable Compound to relieve such symptoms. Pinkham's Compound also has what Doctors call a stomachic tonic effect!

VEGETABLE COMPOUND

LYDIA E. PINKHAM'S

## THIRTEENTH STRAIGHT WIN

Boston Red Sox Still Going Strong in American League

DETROIT.—Boston Red Sox scored their thirteenth straight win yesterday by blanking the Detroit Tigers and are now leading the American League by a game and a half. Cleveland Indians eked out a close win over the Philadelphia Athletics and shoved them out of second place by a mathematical margin. The leading Boston Braves won in the National League over the Pittsburgh Pirates and the Brooklyn Dodgers moved into second place ahead of the St. Louis Cardinals whom they defeated by a single run margin.

Yesterday's Big League scores:

National  
Pittsburg 1, Boston 5.  
Cincinnati 0, New York 3.  
St. Louis 2, Brooklyn 3.  
Chicago 3, Philadelphia 2.  
American  
Philadelphia 5, Cleveland 6.  
Boston 8, Detroit 0.  
New York 0, St. Louis 4.  
Washington 1, Chicago 2.

## Twenty Years Ago in Sport

Tennis—In the finals of the city tennis tournament, Carl Brand won over Poli Howard in a well-contested men's singles game by 3-6, 7-5, 6-1 and 6-4. In the ladies' doubles, Mrs. McMorrie and Mrs. Shadwell proved too steady for Miss Davies and Miss Vera Smith and won 6-4, 6-1. In the mixed doubles, Mrs. Shadwell and Carl Brand won from Miss Smith and Poli Howard 6-4, 6-2.

Lacrosse—In the first of the city lacrosse league games at Acropolis Hill, Kaiens won from Maple Leafs 8-4. At the end of the third period the Leafs led 3-2 but the last period was all Kaiens and they scored six while Leafs got only one. Harold MacDonald and Tom Kelsey were the snipers for the winners getting all their goals.

Kaiens — S. McPherson, O. Jackson, S. Styles, D. Staiker, T. Kelsey, Bob Irvine, B. Hill, A. MacDonald, J. Scott, B. Skinner, Shackford, P. Bond, H. Dickens and T. Hughes.

Maple Leafs— E. Smith, L. Astoria, S. Barrie, S. Dickens, C. Currie, B. Bacon, J. McNulty, H. MacDonald, T. Smith, Doc Alexander, D. Woods, O. Scott, H. Menzies, B. Milton.

Football—In the city Football League, Thistles outplayed the Regiment in a free-scoring game and won 6-3. The Mitchell brothers shared the Thistles' goals with Alex getting four and Bill two. Baptie, with two goals, and Wilson with one, scored for the Regiment. Campbell saved a penalty kick taken by Baptie.

Teams: Thistles—Jack Campbell, J. Murray, Erskine, C. Mitchell, T. Hadden, Woods; J. Currie, Jr., Haig, A. Mitchell, W. Mitchell, Willisroft.

Regiment — Brand, George, Lambe, Kelsey, Ross, Tinker, Wilson, F. Hodgkinson, Baptie, F. Cameron, Norrington.

## Today in Sports

FIRST BALL HOME RUN BY MUSIAL—Stan Musial, kingpin slugger of the National League, demonstrated in the all-star game played at St. Louis, Mo., just why he is up at the head of all major league hitters. In the first inning, he leaned on the first ball pitched to him for a home run, driving in Ashburn of the Phillies ahead of him. In the picture he is jogging across the plate, with Ashburn (No. 1) and Johnny Mize of the Giants (No. 15) offering congratulations. Those were the only runs the National League got. The American League all-stars, minus several of their best players, swept on to a 5-2 victory.

## Sport Shots

Are you a toxophilite? It's all right for a Canadian not to be; but a Briton who isn't is breaking the law. Toxophilites are archery-lovers. And an Act of Parliament passed in the reign of Henry VIII and never repealed, says every able-bodied man must own a bow and 2 arrows—and know how to use them. The Argincourt-and-Crechy tradition never altogether died out in England and today archery is booming again. Clubs are springing up all over the country—with as many girl members as men. The King and Queen and both the Princesses are keen archers, too.

Twentieth-century bows and arrows are international affairs. Irish hemp is used for the bow-

string. A turkey feather from Czechoslovakia balances the tail. A American lemonwood makes the best bows and Spanish yew is the choice for arrows. There's more to it than that. Sets are made with different strengths for men, women and children and, as in Canada, extra-powerful ones are used for hunting. Some of these are guaranteed effective against anything except perhaps an elephant up to 100 yards.

ALL THE SAME  
A turtle may be correctly termed a tortoise, and vice versa.

THE GREAT SPHINX  
The Great Sphinx, an ancient Egyptian temple built in the fourth dynasty, is 189 feet long.

## AVIATION RESTRICTED

(Continued from Page 1)

til it has a landing field, Capt. Jellison agreed. "It certainly seems to me that the Department of Transport should put in an air field here," he commented.

Captain Jellison referred to the increasing importance of the Pacific Coast from an aviation standpoint. As far as this was concerned, the position was accentuated for the Canadian Pacific Air Lines since it had been commissioned to operate two trans-Pacific services—one to Australia and the other to the Orient via Alaska. In fact, this would bring CPA's major operation to the coast and it was quite possible its headquarters might be moved from Winnipeg to Vancouver.

Captain Jellison, who has been an operational pilot with CPA for many years, being one of the old "bush pilot" category, is no stranger to Prince Rupert. He was here in the spring of 1942 when the Royal Canadian Air Force base at Seal Cove was in its infancy. Later he was commanding officer of No. 6 observation school at Prince Albert.

## BETTER USE OF WHALES

WINNIPEG.—Dr. H. R. Little of Dundee, Scotland, on a tour here, said that all of Europe could be fed for four months on whale meat that is wasted annually in the Antarctic due to "antiquated" methods of killing the mammal. He said that soon two new and more humane methods of killing would be coming into use and whale meat would go to Europe.

Little predicted that electrocution or use of carbon dioxide will replace the present harpoon explosive methods and predicted that the oily taste and fishy smell would disappear from whale products.

MILLIONS OF SUNS  
There are countless millions of far-distant, self-luminous gaseous bodies called stars and each one is in itself a sun.

## Football Schedule

August 4—First round of St. J. Shield.  
Moble Cup  
August 6—High School vs Legion.  
August 11—High School vs 120th Battery.  
August 13—Legion vs. 120th Battery.  
August 18—Legion vs. High School.  
August 20—120th Battery vs High School.  
August 25—120th Battery vs Legion.

## Timely Topics from Terrace

Mr. and Mrs. W. A. MacLean of Prince Rupert spent the weekend at Terrace as the guests of Mr. and Mrs. Bert West. They were on their return journey to the coast from Eastern Canada following a two years' visit with relatives in the south of England.

Miss Eva Peterson of Smithers spent the weekend in Terrace.

Mr. and Mrs. Duncan de Kergommeaux arrived on Friday's train from Port Edward and, after a short stay with relatives here, left on Tuesday for Copper City where they will spend the next few weeks on holiday.

Constable and Mrs. R. Rogers returned from Stewart at the beginning of the week.

Canon Hinchliffe of Smithers was a visitor in town on Tuesday.

Mr. and Mrs. Gordon Kerr returned this week from Victoria and will again take up residence in Terrace after an absence of nearly three years.

Norbert Cote left on Monday for Hazelton where he will be employed for the next few months.

Jim Smith is extending his business premises on Lakeside Avenue where work started this week on excavating the lot next to the dry goods store in readiness for an army building which is being moved on to it. The excavated gravel is being used to fill in the gully on Greig Av-

enue west which has long been an eyesore in the centre of the town.

## TERRACE C.W.L. AFFAIR SUCCESS

TERRACE—After a long delay caused by the flood conditions, the Catholic Women's League held their tea and sale on Saturday afternoon in the Credit Union hall. It was well attended and highly successful. Flowers decorated the tea tables and stalls and, as hostess, Mrs. Miller welcomed the patronage.

Those contributing to the success of the affair were: Serviteurs—The Misses Kofod, Tetreault, Patricia, D. Johnson. In the kitchen were Mrs. Bissonnette, Mrs. W. Christy, Mrs. Desjardins.

Home cooking—Mrs. Kofod and Mrs. Lever.

Sewing—Mrs. Cote and Mrs. Normandeau.

Mrs. Doll acted as cashier and Mrs. Tetreault was in charge of the raffle.

In the evening a card party was held at which the drawing for the cedar chest full of household linen took place. Mrs. E. Haugland drew the winning ticket, No. 55 which was held by Bernice Matthews. Winner of the dress-

## NEW HAZELTON

The Vancouver Children's Hospital travelling clinic, after having been in Terrace and Usk yesterday, was at the Hazelton Hospital this morning and proceeded this afternoon to Smithers.

Olof Hanson has been a recent visitor here, making arrangements for the annual pole drive on the Skeena River.

Albert Mercer, old time prospector, is looking for a lost mine in the Skeena Crossing area.

Pat McIlroy of Terrace has been appointed assistant divisional engineer for the Canadian National Railways with headquarters at Prince George.

David Jordan is making a good recovery after having been in hospital for a few days.

David Bews has purchased the old Willan home here and is making a number of repairs.

A road crew has been working on the Kispiox road of late and will move from there to Kitwanga to carry out widening. (Continued on Page Six)

ing gown was Vance Johnson with ticket No. 47.

Winners at cards were—Ladies' first, Mrs. Miller; consolation, Mrs. Hobenschild. Men's first, F. Johnson; consolation, Mrs. Baker.

Bingo winners were J. Lever, Mrs. Lever, J. Tetreault and Mrs. Baker.

## FRANCOIS LAKE

Miss Eleanor Moxley of Prince Rupert is a visitor at the Beach House.

Hazen Long and son, Bob, who left Francois Lake seven years ago, came up from Vancouver by car and are renewing acquaintances in the district. Archie Weatherspoon also came with them after being in the Shaughnessy Hospital for some time.

Mr. and Mrs. William Mummery and Gary are staying with Mrs. Mummery's parents, Mr. and Mrs. John Keefe. Mrs. O'Meara is also home for a few days from Albrede.

"Shorty" Macdonald was a visitor at the Keefe home for the week-end.

Francois Lake played Burns Lake baseball team on Sunday afternoon, Francois Lake winning the game.

Eight were present at the Fair Board meeting at Mrs. Lee Cooper's on Thursday evening. Plans were made for the Fair on August 25.

Mr. and Mrs. Hugh Taylor entertained in their spacious home on Saturday evening. About 50 guests enjoyed delightful hospitality with the younger set congregating round a campfire down on the lake-shore, toasting wieners and singing songs until well after midnight.

Mr. and Mrs. Mike Lougheed of Victoria are spending part of their holidays with the Verne Bennett family at Uncha Lake. Mr. and Mrs. "Butch" Merrick and small son are also at Uncha Lake, staying at their old home "Moosehorn Lodge." They came up by road from Abbotsford.

Mr. and Mrs. David L. Wittet of San Diego, Calif., are staying at Paradise Lodge on the north bank of Francois Lake. Mr. Wittet is publisher of Educational Magazines on the West Coast.

Mr. and Mrs. M. R. Montserrat of Hawaii, who are touring extensively through the country, stayed a short time at Paradise Lodge. Another guest was Brig. General Lambert of Vancouver who travelled up from Vancouver in a twin-motored Grumman Goose piloted by E. F. Williamson. Mr. and Mrs. Gosse returned to Vancouver in the plane with them. Mrs. Gosse is Rosemary (Hunter) Harrison's aunt and she and Mr. Gosse attended the wedding at Colleymount.

E. Anderson, F. Anderson and Ralph Jones came from Decker Lake and fished for char on Sunday afternoon, bagging five, the largest weighing 21 pounds, one of 16 pounds and another of 15.

## SMITHERS

The annual medal competition of the Smithers Golf Club got under way last Sunday with good competition in various competitions. Picnic lunch was served.

Start is expected to be made on the Smithers water system in September. Pump and pipe have yet to be delivered.

Clarence R. D. Ferris, chief photographer of the British Columbia Travel Bureau, is a visitor in this district, taking scenic pictures for government moving pictures.

Mrs. R. W. Calderwood has left for Vancouver where it is expected she will have to remain in hospital for several months.

## DRILLING IS UNDER WAY

Work has already been started by the Pacific Diamond Drill Co. on drilling for dams and tunnels in connection with the cellulose plant construction, Port Edward. Outfit was set up near Cloyah Creek last week.

The work will be on cost plus basis. The drilling is preparatory to the building of a nine mile pipe line to carry water from Prudhomme Lake to Port Edward. The announcement is also made that the Pacific Diamond Drill Co. has been awarded the contract for drilling at the quarry at Smith Island to supply the pulp mill with lime, following commencement of operations.

## Better English

By D. C. WILLIAMS

- What is wrong with this sentence? "I cut the apple in half."
- What is the correct pronunciation of "clientele"?
- Which one of these words is misspelled? Attendant, adolescent, adherent.

## ANSWERS

- Say, "I cut the apple in two (or, in halves)." 2. Pronounce kli-en-tel, i as in lie, first e as in men unstressed, second e as in tell, principal accent on last syllable. 3. Adherent. 4. To temper; soften. "There are many speakers who do not know how to modulate their voices." 5. Opulent.

## CATALINA YACHT

Continued from Page 1

vin Davis, Mr. and Mrs. Joe "Rusty" Fellows Jr. and 6 teenagers, 3 of whom belong to the Walker family, motored from their homes in Longbeach, California to Seattle. There they stored their cars and, when the boat was ready for travel, they decided to see Alaska before returning home. Victoria was their first stop on the Canadian side. From there they sailed to Nanaimo and then crossed over to the mainland coast to explore Jarvis and Princess Louisa Inlets and to visit the famous Malibu Club. Deep Water Bay and Bella Bella were two other stops and Klenugnet Inlet, which the party thought was one of the beauty spots of the trip, was the last anchorage before the "Wandermore" tied up at the Prince Rupert Yacht Club.

There is only one paid member among the crew of the "Wandermore." He is the cook and, in the words of Mr. Walker, "the most important member of the party." Navigating is Commodore Loyne's department. Mr. Walker is chief engineer and, if there is any need for a ship's carpenter, Mr. Fellows would be consulted. He is a partner in the well known Los Angeles boat building firm of Fellows & Stewart.

Early this morning the former rescue boat left for Ketchikan and from there the party expect to go on to Juneau. By August 15, Mr. Walker hopes to have his boat back in Seattle and from there plans will be made to take her on down the coast to Longbeach.

CANADA'S HIGH COMMISSIONER TO AUSTRALIA HOST—More than 400 guests attended the reception given by the Canadian high commissioner to Australia and Mrs. Kenneth Green at the Hotel Canberra on Dominion Day. The guests included members of the federal cabinet, high ranking public servants, other notable Australians and members of the diplomatic corps. The picture shows Mr. Greene chatting with Dr. H. V. Evatt, Australian minister for external affairs.

## Reminiscences and Reflections

By W.J.

The British Foreign Secretary is Ernest Bevin, and another member of the cabinet is Aneurin Bevan, minister of health. It is too much to expect that this is a situation to remain without incident. There can, sooner or later, occur a minor explosion that would make Mr. Bevin want to kick Mr. Bevan, or tempt Mr. Bevan to tread on Mr. Bevin's favorite corn. Mr. Bevan, in fact has already placed his foot within a somewhat careless mouth. He recently declared "the Tories to be lower than vermin," which led some to wonder why Mr. Bevin had committed such a blazing indiscretion. Well, similarity in names will lead to confusion. But it's one of the crosses one must carry, in public life.

Someone overseas says that, if sufficient marketing and business ability were shown, enough whales could be found in the Antarctic to feed most of the people in Europe and some in America for four months. Personally, we would not know how or where to begin on one.

Dutch settlers who saw the Skeena for the first time this spring and arrived precisely in time to see their crop washed away, did not add their tears to the over abundant water. They did not ask strangers for sympathy. They did not hurry home to Holland, home and mother and say Canada was a false alarm. They waited for a chance to grow another crop, grew it, and have been enjoying strawberries and cream. Incidentally, they say Canada is all to the good.

The fellow who argues that it's cheaper to pay rent than undertake to own a house need not be so sure. It's becoming plainer that the list of families who belong where they are—or are on the way—is growing handsomely. You can almost see it for yourself, anytime a stroll is enjoyed, and you use your eyes. There is small comfort in a fly-spotted cluster of old rent receipts.

## NEW HAZELTON

(Continued from Page 5)

ditching and graveling on the highway.

Douglas Parent returned last week to Val d'Or, Quebec after a visit here with his parents, Mr. and Mrs. George Parent.

Rev. Canon and Mrs. Bird are on a two weeks' holiday trip by motor to the coast. They were at Prince Rupert and Terrace at the week-end.

Huckleberries and blueberries are very plentiful in the district this fall and many are picking them.

Mr. and Mrs. Bert Spooner and family, after having spent the past ten months at Pinchi Creek, have returned to New Hazelton to resume residence.

Miss Dorothy Brown, public health nurse, was a visitor here last week on official business.

## NOTICE TO TAXPAYERS

A penalty of 5% will be added to all taxes remaining unpaid at August 1st.

Final date for payment is SATURDAY, JULY 31st.

For the convenience of taxpayers the city offices will be open from 9 a.m. to 5 p.m. for payment of taxes only. Remittances post marked not later than July 31st will be accepted without penalty.

H. M. FOOTE  
Collector.
