Freight Rates Parley

REPRESENTATIVES of seven Canadian provinces are to meet with the government in Ottawa tomorrow on the question of railway freight rates. When the conference was arranged it was ostensibly with a view to obtaining some amelioration from the 21 percent increase approved by the Board of Transport Commissioners and now in force.

DISASTROUS TIE-UPS

IT IS NO SURPRISE to hear that the Silbak Premier mine management is closing down the famous workings at Premier, which have been the sheet anchor of the mining industry in the Portland Canal district for 25 years, rather than concede retroactive wage increase.

"The Fishermen"

This early morn, each fisherman is hauling in his net. They've toiled all night along the shore, are tired, cold and wet. I watch a boat go drifting by, his flag is green and white.

SALVATION ARMY VACATION SCHOOL

Interesting Program Marked Closing Friday Evening The Salvation Army Hall was nicely filled last Friday evening with parents and friends of the children who had attended the Vacation Bible School.

LOCALS

Mr. and Mrs. A. Davis of Terrace are sailing on the Princess Adelaide tonight for Vancouver. Mr. and Mrs. R. F. Gidzenberg and two children, who drove here over the Skeena River Highway in their station wagon, are leaving tonight on the Princess Adelaide on their return to Seattle.

PRINCE RUPERT YEARS AGO

(July 19, 1913) Barney Mulvaney, the well-known old timer of the interior, and S. E. Lawyer, formerly of Alberta, were in town after a trip into the Neas River country. Both spoke enthusiastically of the area. They went in by way of Goose Bay and Alice Arm.

Reminiscences and Reflections By W.I.

Sticks and stones can break a fellow's bones but names do no particular harm. It might be well to remember this bit of artless philosophy, as Moscow from day to day, continues to think up abusive sneering and tantalizing remarks at the expense of the Western Allies.

ISLAND SERVICE DISCUSSED

ver which has, admittedly, become a serious financial problem. Cdr. Latchmore, who is conducting a study of British Columbia coastal steamship services with special reference to subsidy support, told the Chamber committee that it was the desire of the government to maintain services of the highest possible standard, having in view the needs of the areas concerned.

FINE TIME AT KINSMEN CAMP

Local Boys Enthusiastic in Writing to Their Mothers Judging from the way in which Donald and Edward Findlay write to their mother from the Kinsmen's Camp at Lakelse Lake, Prince Rupert boys must be having the time of their young lives. Both boys are already figuring out how they are going to be able to get back for next year's camp. Don writes that the swimming in the lake is fine but the fish are hard to catch. A visit to the hot springs was a highlight of interest. "Mrs. Casey is a very good cook—but not quite as good as you, Mom." "It's really great, Mom," writes Edward "and so much fun." The boys are on a sort of army routine with detail to duties which they, apparently, take very seriously.

J. G. Garrett, provincial assessor, is leaving on the Princess Adelaide tonight for a trip to Ocean Falls and Bella Coola after which he will proceed to Vancouver. Mrs. Garrett and child are already in the south.

MOTHER DIES IN VICTORIA

Called south on account of the sudden death of his mother at Victoria, H. S. Parker left here at the end of the week to attend the funeral. Mrs. H. S. Parker, sr., was 83 years of age and was born at Hautsport, Nova Scotia. She had resided in Victoria about fifteen years. Predeceased fifteen years ago by her husband, Mrs. Parker is survived by three sons—H. S. Parker of Prince Rupert; Frank Parker, Nevada, and Roy Parker, Saskatoon—and two daughters, Mrs. William Brook of Saskatoon and Mrs. R. D. Campbell of Victoria. Years ago deceased paid a visit to Prince Rupert.

"IT PAYS"

Local Lady Swamped With Replies to Classified She had a washing machine to sell. Second hand it was but in good repair, altogether a pretty fair machine but she had bought one of those ultra modern machines with built in pumps and wanted to be rid of the old one. Naturally she put a "for sale" ad in the classified section of the Daily News and, just as naturally, she got results. The fact is she could have sold 20 second-hand washing machines if she had had them. The lady was practically swamped with phone calls. There was even a long distance inquiry from a party in Terrace.

SEES CHANGES IN CALIFORNIA

Alderman Brooksbank, who returned recently from a holiday visit to California, after an absence of 10 years, was struck by the increase of population and general development. He spent a while at Lake Tahoe, long a popular summer holiday resort, where there has been great expansion. He estimates that today there must be at least 3,000 cottages built along the shores. Mark Twain mentions Lake Tahoe in "Roughing It." When Mark Twain and a partner were there, away back in the middle sixties, the lake was indeed isolated, the whole country being a wilderness.

AERO CLUB DANCE IS ENJOYABLE

Prince Rupert Aero Club was host to 100 members and guests at a dance Saturday evening in the club headquarters at Seal Cove. Andy McNaughton and his Four Dukes provided the dance music for the cabaret style function which was directed by Cliff Abercrombie, the club's entertainment chairman. Refreshments were prepared by Mrs. William Rothwell. Fred Calderoni was in charge of the door.

SHIPS AND WATERFRONT

With a large list of passengers, including several round trippers, Union steamer Camosun, Capt. John Boden, arrived in port at 8 o'clock last evening from Vancouver and waypoints and sailed at midnight for Alice Arm, Stewart and other northern points whence she is due back here tomorrow morning to sail at 1:30 p.m. for Vancouver and waypoints. Two C.P.R. coastal vessels are in port today. The steamer Princess Norah, Capt. Graham Hughes, arrived in port at 12:30 noon from Vancouver, sailing early this afternoon in continuation of her voyage to Alaska with a capacity passenger list consisting largely of round trip tourists. The Princess Adelaide, Capt. Fred McGraw, is due at 8 p.m. from the south and is scheduled to sail at 11 p.m. on her return to Vancouver and waypoints.

the intervening period he was employed for many years by the Pioneer-Canadian Laundries and latterly by the Ideal Cleaners until forced at the middle of May to give up his employment owing to ill-health. Deceased was a very active member of the Canadian Legion for many years and took a keen interest in all veterans' affairs. He served for many years as a member of the executive of the local branch, in which he also held the positions of vice-president (1945) and president (July 1946-April 1948) until compelled to relinquish the position owing to ill-health. Mr. Houston was also interested in the Boy Scouts and, like his son "Bobby," veteran of World War II who lost his life in a waterfront tragedy a year ago, always took an interest in the encouragement of sport among the younger generation of the city. Mr. Houston leaves to mourn his loss, his widow residing in Prince Rupert, one son, David M., in the employ of Nelson Bros. Fisheries Ltd., Port Edward, a daughter-in-law, Mrs. Elsie Houston, and two grandsons, also a brother, Arnold, in Vancouver. The funeral will take place Tuesday afternoon from First Presbyterian Church and interment will be in the Soldiers' Plot, Fairview Cemetery.

WHAT IS HOME WITHOUT A GARDEN?

INTERESTING LOCAL GARDEN

Is it a "green finger" or interest and industry that makes a garden? Probably a well-portioned mixture of all three and certain it is that where there is a will there can be a productive garden. This year for the first time, caterpillars are attacking the fruit trees. When the caterpillars attack a tree in force it appears as though a bunch of cigars are hanging from the branches. This illusion is created by the caterpillar pulling the edges of the leaves into an overlapping position, forming what he may fondly consider his house. Besides damaging the leaves they hold squatter's rights on, the young caterpillars are born with a husky appetite. A good all-purpose spray, according to Mrs. Pavlikis, can be made from nicotine of sulphate, one teaspoon to a gallon of water with a dash of soap flakes added and allowed to dissolve. It can be used on shrubs, trees and flowers and vegetables with good results. In the Pavlikis back garden there is a good show of vegetables. The peas, carrots, cabbages and celery are particularly healthy-looking. There too is a grape vine but it hasn't reached the producing stage yet. Perhaps some day Prince Rupert will be known as the orchard port of the north. A septic tanks in normal use, should be cleaned once a year. A farm wife spends as many as 12 hours a day in the kitchen.

CHILDREN'S HOSPITAL—This is the layout of the Children's Hospital at Vancouver, which operates a mobile clinic that will visit Prince Rupert next week for the first time. The travelling clinic will also stop at other towns in the district next week, as part of a program designed for the betterment of child health in this province. It will be at Terrace and Usk Tuesday, at Hazelton and Smithers Wednesday and at Prince George Friday.

YOUNG PEOPLE
VISIT COAST

VANCOUVER—Seven mixed parties of young people from the eastern United States—five groups of 26 and two groups of 20—will visit Vancouver for brief periods between now and August 9, using Canadian National trains and ships in and out of this city during their west or eastbound travels, according to K. E. McLeod, general passenger agent, Vancouver.

Five of these "low-cost" tours are sponsored by American Youth Hostels Inc. of East Northfield, Mass., and two by Adventure Trails Inc., New York. Although they "rough it" to some extent, the boys and girls really get around at minimum expenses. All have bicycles along to pedal on sightseeing and camera expeditions through cities, towns and national parks on their route during stop-over periods. These vacation tours last several weeks and parties

travel one way through Canada, going or returning via the U.S. Jasper National Park, Canadian Rockies, is a popular three-day stop-over point for all seven tours.

During their Canadian National rail journeys, in special colonist cars, hostellers handle their own arrangements, preparing foods, making beds and other chores. They are individually equipped with utensils and blankets.

First two parties arrived here Saturday.

A C.N.R. train brought 26 members of the American Youth Hostels, Tour 1 in charge of Wm. C. Crisp and Gladys Dupstadt, Saturday afternoon, 20 members of Adventure Trails group, Miss Dale Fullum in charge, arrived on C.N.S.S. Prince Rupert after a rail journey from Jasper to Prince Rupert and scenic cruise through B.C.'s inside passage. A similar group arrives on the same ship next Saturday, July 24.

Other American Youth Hostels parties will be in Vancouver July 21, westbound, in charge of Wm. Plaisted and Mrs. Florence Plaisted; August 6, eastbound, led by Ronald Gallup and Jean Burns; August 9, eastbound, via C.N.S.S. Prince Rupert to Prince Rupert and rail beyond, conducted by Edward Willing and Elizabeth Darling Victoria and Nanaimo are included in Pacific Coast itineraries.

Huge New Zealand
Trout Are No Fable

ROTURUA, New Zealand, —Tales of the huge size of New Zealand trout are often dismissed as fishermen's stories overseas. Trout in New Zealand grow much larger than the original stock from Europe and North America and to prove that the glowing accounts carried abroad by fishermen are not just wishful thinking, C. F. Gordon, of Lake Tarawera, had his catches over six weeks weighed and checked. During the period he landed 49 trout of an average weight of over 12½ pounds. The smallest fish weighed 3 pounds and the largest 19¼ pounds. He landed five fish of 17 pounds or over. They were big fish even for New Zealand but by no means records. Each season a few trout exceeding 20 pounds are caught.

COUNTRY GOOD, ROADS BAD,
HONOLULU VISITORS FIND

A holiday that began almost three years ago is nearing its end for Mr. and Mrs. M. R. Monsarrat, of Honolulu, Hawaii, whose wanderings throughout North America have taken them a distance equal to at least twice around the world before coming to Prince Rupert.

They arrived here at the weekend by car, almost accidentally, they say, and now, before they return to their Pacific Island in October, they want a look at Alaska.

"But not by car," says Mr. Monsarrat, a Honolulu broker, who figures that he has done enough driving, especially over northern roads. "We want to go by boat and relax."

They left Honolulu in December, 1945, and since then have visited "everywhere from California to Maine" in leisurely stages that acquainted them with the United States and parts of Canada.

A fourth-generation Hawaiian Islander, Mr. Monsarrat is a graduate of West Point Military Academy. A short time ago he attended his thirtieth class reunion at the famous American military school. As a West Point student, he was a year ahead of General Mark Clark and a year behind a man named Dwight Eisenhower.

He is a bit proud of the fact that his grandmother was the first white child born on the Islands with the exception of the missionary families.

Mrs. Monsarrat, a charming woman with an extremely attractive smile, thinks that central British Columbia is one of the finest regions she has visited, "except for the roads."

She recalls a two-mile walk along a clay highway when their car became mired near Francois Lake, where they stopped at Paradise Lodge.

"Except for the roads, however, this country is one of the most agreeable we have been in. The climate is lovely and the people very friendly."

To complete their trip, they hope to obtain passage on a steamer to Juneau and Skagway but, so far, they have not had success because all the vessels are crowded. They plan to continue trying, however.

The Hawaiian Islands, Mr. Monsarrat recalled, were vastly overcrowded with troops and war workers during the war but now they are recovering from a post-war slump.

"During the war, we couldn't leave the Islands, so we decided that, when it was over, we would take a real holiday," he said. He and Mrs. Monsarrat flew to San Francisco and had their Buick car shipped by boat. They plan to return to Hawaii in October from San Francisco aboard the reconditioned luxury liner Lurline.

SEVENOAKS, Kent, Eng. —When the Vine Baptist Church celebrated its 200th anniversary, congratulatory telegrams arrived from as far as India.

CERTIFICATES
ARE PRESENTED

A feature of morning service at First United Church yesterday was the presentation of certificates to the children who had attended the vacation school regularly during the two weeks the school was in session. Rev. R. A. Wilson, minister, spoke in appreciation of the work done by the teachers and then called on Miss Ina Dearing, director, and Mrs. C. L. Olsen and Mrs. McClintock, supervisors, to present the certificates to the pupils who had earned them.

Taking as his subject, "Adventuring With St. Paul," Mr. Wilson stressed the courage shown by St. Paul under all circumstances and in all situations. He illustrated very effectively by means of flannelgraph pictures the incidents connected with the arrest of St. Paul and Silas, their imprisonment, release and the conversion of the gaoler.

A choir, composed of members of the primary and junior departments of the vacation school, led the singing and gave two special numbers of their own, "At Work Beside His Father's Bench" and "The Birds Upon the Tree Tops." Mrs. L. Dakin was organist.

Hot water is a handy thing to have if it's not too hot. On the hands, it feels as if it is boiling, which it isn't if it gets up over 140 degrees.

Going Steady

Blood Transfusion
Service Is Coming

Extending the free Red Cross blood transfusion to the central interior of British Columbia for the first time, a mobile clinic is to visit the area between Prince George and Prince Rupert this year, it is announced by the British Columbia Red

Cross. Donors will give their blood and be established here.
