

Railway Strike Prospect More Ominous

Enlistments From Prince For New Canadian Brigade

Prince Rupert men left last night by train for Vancouver to join Canada's special brigade for the United Nations. They have passed physical examinations here and will be processed before being allotted to their regiments. They then go on to basic training, probably with the 1st Canadian Infantry Division.

Greece Is Having Cabinet Crisis

ATHENS — Sophocles Venizelos announced today that five Liberal party ministers will resign from the government, action that means collapse of the coalition cabinet that was formed last April under Premier Nicholas Plastiras.

Venizelos, Liberal party leader, has demanded resignation of Plastiras.

Plastiras had been under fire because of his insistence that Communists convicted of treason be granted amnesty.

Indian 'Quake Damage Heavy

GAUHATI, India — Tuesday's earthquake did about \$2,150,000 damage in upper Assam, first official communications indicated today. Most of the damage occurred in North Lakhimpur Jorhat and Pasigat. More than 2,000 government and private buildings were destroyed. Five persons are reported killed.

Strike In Prince Rupert

Not yet in effect, the rail strike has affected the movement of fish from Alaska and other sources.

Imports of fish and other goods from Prince Rupert might be affected when the strike is in effect.

CRUISE SHIP BURNS — Tied to the dock at Tadoussac, Que., approximately 150 miles down the St. Lawrence River from Quebec, flames swept through the ss. Quebec, white-hulled Canada Steamship Lines cruise ship of the Saguenay-St. Lawrence routes. Fire broke out Monday afternoon while the vessel was half an hour up stream from Tadoussac. She was rushed to the north shore port where her 400 passengers and crew of 125 were removed. Five passengers are known dead. These bodies were discovered in the ship, which is a complete loss. Food Shortage Not Expected

Prince Rupert meat and grocery wholesalers are well stocked in case the impending rail and steamship strike next Tuesday becomes a reality, it was learned today. Those checked have made provision for such an emergency should it occur.

Frank Waterhouse & Co. of Canada Ltd., freight ships will not be affected by the strike if it comes off.

Storage of perishable products presents the biggest goods to replace them will be obtainable as usual unless the strike goes to extreme lengths. Most wholesalers have prepared for the worst and advise against ill-considered buying by the public. It is only through such action, they feel, that any danger might occur.

United States Forces Under Serious Threat

TOKYO (CP)—Three divisions of North Koreans—25,000 to 30,000 men—started a heavy attack today on the Korean central front. Drive was made down the line between Waegwan and Kunmui, fifteen miles north of Taegu, the South Korean emergency capital. Red invaders poured through mountain passes and were reported within 12 miles of the provisional capital.

Later in the day Communist artillery shelled the outskirts of Taegu.

United States forces which advanced yesterday in a bulge of the Naktong River were threatened today with a pincers movement of the enemy.

"FAILURE" JUMPS
VANCOUVER — Freeman Forbes, 49, plunged off Burrard Street bridge and was picked out of the water 80 feet below a fishing boat. When rescued, Forbes was mumbling: "I'm a failure." His condition in hospital is reported fair.

SABOTAGE IN BLAST
SAN CARLOS, Cal.—Sabotage is suspected in an explosion which did \$250,000 damage to a chemical plant here. The plant was turning out material for use in the war in Korea.

SECRET SESSION
LAKE SUCCESS — The Security Council of the United Nations was in secret session this afternoon at the request of Jakob Malik, chief of the Russian delegation.

FARMERS AND STRIKE
OTTAWA — Canadian Federation of Agriculture, representing 400,000 farmers, today declared the government should take over operation of the railways as a national emergency if the strike threatened for August 22 materializes. The Association is critical of the uncompromising attitude of both sides and points out to the unions that farmers have to work a 60-hour week.

P.G.E. AFFECTED
VANCOUVER — J. A. Kennedy, general manager of the Pacific Great Eastern Railway, said today that a limited number of passengers could be handled on his line in spite of a railway strike. However, no freight would be handled.

BIG FLOOD IN CHINA
HONG KONG — Nearly 10,000 people in east Central China are suffering from the country's worst flood in a century. The crop loss, so vital to China's agricultural economy, is reported incalculable. Thousands of homes have been washed away, leaving more than a million people homeless.

Premier's Postponement Appeal Is Rejected By Heads Of Two Unions

Big Nazis Are Being Freed

FRANKFURT, Germany — Friedrich Flick, steel baron and seven other prominent Nazis, convicted of war crimes, will be freed in nine days for good conduct.

Otto Dietrich, Adolf Hitler's former press chief, and Walter Darre, former food and agriculture minister, are among those who will receive their freedom August 25.

Mr. Moshier said that the government's offer of mediation was welcome but he saw no necessity of a postponement of the strike. There was time between now and the strike deadline for mediation. Mr. Moshier added that it had been fourteen months since the unions had made their requests of the railways.

Two Canadian unions, representing 34,000 of 124,000 workers in the railway dispute, told the government today that they would give no "encouragement" on its request for a 30-day postponement of their general strike if there is no settlement by the August 22 deadline.

The unions said the question of postponement would depend upon progress made towards establishing a basis for settlement before the time set for the general walk-out.

At the same time the unions told the government that they would accede to the request from Prime Minister L. S. St. Laurent last night for a resumption of negotiations broken off last Thursday with a view to settlement.

The unions—the Canadian Brotherhood of Railway Employees and Brotherhood of Express Employees—also accepted the government's idea of a special government mediator although not on the terms proposed by Mr. St. Laurent.

In an appeal to the disputants last night, Mr. St. Laurent said he asked that they get together again and that a 30-day extension be granted on the strike call if there was no settlement by August 22. In the event of such a postponement the government would name a special commissioner and mediator.

A. R. Moshier, president of the Canadian Brotherhood of Railway Employees, and spokesman for the two unions, said, in reply, that a mediator would be welcomed if he was appointed before the deadline and without postponement.

"It is our firm conviction," said Mr. Moshier, "that a competent mediator could either establish a basis for settlement or determine the unlikelihood of being able to do so before the strike deadline."

RAILWAYS CHIEFS ACCEPT
Donald Gordon, chairman and president Canadian National Railways, said: "Speaking on behalf of the Canadian National Railways, I readily accept the suggestion of the government. I continue ready to meet the representatives of the unions at any time for further discussions and, moreover, if the strike is postponed and a mediator is appointed, I will be prepared to place our railways case fully before him."

The following statement was made by W. A. Mather, president of the Canadian Pacific Railway Company: "The Canadian Pacific Railway is prepared to do its part to comply with the request made by the Prime Minister to resume discussion with the organizations."

Labor Fights Europe Army

STRASBOURG — Delegates representing Britain's ruling Labor party battled yesterday to block European Assembly action on Winston Churchill's proposal for a European army.

Led by James Callaghan, Labor Member of Parliament, they enlisted Scandinavian support in the assembly sub-committee on security. Callaghan threatened to walk out last night after it voted seven to six, with one abstention, to take action on the army proposal.

Identification Of Burnt Bodies Hard
TADOUSSAC, Que. — With five passengers listed as dead, Quebec provincial police still stood guard over the burned out hull of the river cruise ship Quebec, tied up at a wharf in this Lower St. Lawrence port.

Because of the charred condition of the bodies, positive identification of the dead posed a problem for the investigators. But Canada Steamship Lines, owners of the 7,000-ton Quebec, listed Mr. and Mrs. Norman Shapiro as missing. A second son escaped.

The remains of a fourth and fifth victims were found yesterday on the opposite side of the ship from where the other three bodies were located. The bodies are those of a South Carolina doctor and his wife.

More Americans Are Massacred

HANDS TIED BEHIND BACKS, SHOT BY REDS
WITH UNITED STATES FIRST CAVALRY IN KOREA — Thirty-two American prisoners, with arms tied behind their backs, were shot dead today by Red Koreans on a hill west of Waegwan just before a United States patrol reached the spot.

The Reds tried to kill thirty-seven prisoners in all, but five lived to tell the story. They said the Communists also massacred the wounded as they lay moaning on the ground.

This was in the area bombed yesterday by ninety-eight B-29's in the heaviest air raid of the war.

Execution of the prisoners occurred on a hill which was captured by the Reds this morning.

Assembly Of Europe

ALREADY after the first week of this year's meeting of the assembly of the Council of Europe in Strasbourg, it is evident that this second session will be very different in character from the first.

Last year there was an outlet for all the energy and enthusiasm of the members in the creative work of organizing the Council and getting its various organs to function. That, in itself, was a big enough task. And at the end there was a real sense of achievement.

Now, the Assembly finds itself faced by a different problem. The machine has been created. What is it going to do? There is rather an anxious feeling that unless this session produces some solid and tangible results, unless something happens as a consequence of its discussions, enthusiasm may wane. In the political as in the animal body, organs which do not function are apt to atrophy.

There are, of course, federalists, ardent advocates of the creating of a federation of Europe, with a federal government and a federal Parliament exercising sovereign powers. For them the present Assembly is simply the first step towards their goal. And for them its main task is clear enough. The Assembly must devote all its energies to the conquest of power. It must strive all the time to extend its own authority, and to diminish the authority of national governments and national parliaments. They frankly regard it as useless in its present form and with its present powers, and would wish it to be a militant institution whose sole purpose is to work for a revolutionary change in the whole political structure of Europe, which they believe to be essential.

But the federalists, though very active and very vocal, are in the minority. The majority of the representatives, even though many of them regard some kind of federation as ultimately desirable, do not regard it as at present within the sphere of practical politics. They are concerned with the urgent problems of today. And it would be no help in the solution of those problems for the Assembly to devote itself to a prolonged and probably ineffective struggle to wrest power from the hands of national governments and national parliaments. That would achieve nothing and would indeed weaken Western Europe by creating new and sharp controversies and conflicts.

The dominant feeling, then, is that the Council of Europe, if it is to justify its existence, must be made into a useful instrument of co-operation between its members' states for dealing with immediate and urgent problems.

WHY NOT PARK?

IT'S 1,037 miles from Prince Rupert to Jasper. Between, there's a land of varied loveliness, summer warmth and sunshine, numberless lakes and streams. With highways now serving the region and consequent increase in driving as well as commencement of daily buses along the Skeena, the time is rapidly coming when somewhere there should be another park. There is ample room. Nowhere in Canada is there an area offering more in wholesome benefits and lasting charm.

As I See It

By ELMORE PHILPOTT
Alberta Lady's Vision

A FEW MONTHS ago I printed letters from Mrs. Ann M. Richardson of Wainwright, Alberta, telling of her remarkable visions. In one she saw the Christ as the friend of all colors and races; in another she saw the dove of peace overcoming Mars, the god of war, in a remarkable moral struggle.

Now Mrs. Richardson reports her vision of the great world struggle involving Uncle Sam, Uncle Joe, angels and a new strong character that seems to be coming up in or near Moscow.

MRS. RICHARDSON first saw Uncle Sam in 1945 with "tall hat, stars and stripes and all at the very top of a tree. Uncle Sam had a very large round, fat seat, which spread out all around. He seemed to have a lot of confidence in the heap he is sitting on."

"To the right of Uncle Sam, and a step or so lower down is Uncle Joe (Stalin). He is wearing a very modest, close-fitting beret on his head, and in his hands he is holding what appears to be a cornucopia."

(The cornucopia has always symbolized plenty, abundance, E.P.)

Ray Reflects and Reminisces

There are happenings old as a tale, that would not appear worthy of belief. Yet they occur. Monday out on the broad St. Lawrence off Saguenay, the steamer Quebec caught fire. Four hundred were aboard. The ship was burned to the water's edge, but there was no panic and, with the exception of three everyone was saved. Nearly a year ago the S.S. Noronic, tied up at her dock in Toronto caught

In the last few weeks, according to Mrs. Richardson's vision, a completely new character has come into the world-struggle picture.

"It is a large head of a man with a pale, clean-shaven, broad face, sharp nose, dark eyes and hair. This big mans head occupies a large space between Uncle Joe up above and his horseman, a step lower down. The big man is facing east, and partly south, yet his eyes keep looking north. "There is suspicion in those big eyes, also a steady glitter, indignation and determination, self-assurance and strength."

Mrs. Richardson thinks that the new character might represent old Russian patriotism. I think it could also represent the Chinese leader, or maybe even one of the men in the Kremlin who hopes someday to wear Uncle Joe's top-heavy head-gear.

I have not enough space to describe the angels, which in Mrs. Richardson's vision, are keeping an eye on human goings on. The one now in charge is a female angel, beautiful but aged. "At present she is looking away from the rivals, Uncle Sam and Uncle Joe, whose war horse is now stretching his legs to gallop."

fire. In her home port, snug and safe in the very heart of a large city, she caught fire and burned, along with more than a hundred of her passengers.

"Physically fit and mentally alert!" This in a nut shell is how one must qualify when seeking admission into the special service brigade for the United Nations. It covers practically everything. But, of course, there is psychology to think about—if it's ever thought of in the army.

Just because it would be unfair to think of us as a near-pagan because of irregular church attendance, here is the time and place to stoutly declare that there must be a merciful Providence after all. Early this week, what was called the world's most frightful earthquake happened. There has been a calamity in the wild maze of mountains somewhere beyond India. Yet it might have been much nearer great cities.

For the first time in history, the voice of Canada has shared in a naval bombardment in the Far East. H.M.C.S. Cayuga will rank as a historic ship in the future story of Canada. No lives were lost when a Korean harbor was shelled. Harbor installations were hit. A warship lay off and fired to good effect. Only this

time, she came from the B.C. Coast.

According to the reckoning in Winnipeg, Canada will reap the third largest harvest of wheat in her history, this year. The estimate is 500,000,000 bushels. It looks like no lack of bread and butter this winter—and perhaps a few dashes of margarine and molasses on the side.

Early next year, the plant of the Columbia Cellulose Company Ltd. will commence production of high alpha cellulose at a rate initially in excess of two hundred tons a day. About thirty years ago, people were being educated to think that little other than fish and rain came from Prince Rupert. But they have got over that.

Q. How can I store furs properly?

A. First see that the fur is thoroughly cleaned. Then buy twist tobacco crumble it into fine particles and sprinkle it over the fur. Then wrap in newspaper and place in a suitcase with close fitting lid. Also wrap the box in several thicknesses of newspaper. The odor of the tobacco will not cling to the fur as tenaciously as moth balls.

Q. How can I make a good cement for mending broken china.

A. Mix plaster of Paris with the white of an egg until the consistency of cream. Apply and allow to harden before using.

LITTLE WORK . . . WONDERFUL EATING

Libby's Exclusive Deep-Browned Cooking Method Makes All The Delicious Difference!

Yes, beans can be a party dish . . . when they're Libby's Deep-Browned Beans! For Libby cooks each bean individually till it's plump and tender, deep-browned right through to the centre, mealy and tender, like a well-baked potato. When every single bean is done to a turn, they're smothered in Libby's "secret-recipe" tomato sauce, rich in flavour and appetite appeal. They're a dish that you can serve friends proudly at small cost of time, effort and money. Look for—ask for—reach for Libby's Deep-Browned Beans.

TRY THESE ON A COOL NIGHT!

LIBBY'S BROILED BEAN SANDWICH

You can take it easy and still give your family and guests interesting, different meals when you have Libby's Deep-Browned Beans on hand. Take this broiled bean sandwich, for example:

- 1 tin Libby's Deep-Browned Beans
- 6 slices bacon
- 1 cup grated cheese
- 6 slices bread
- Butter bread. Top each slice with beans and sprinkle with grated cheese. Cut bacon slices in half. Top each sandwich with two slices of bacon in criss-cross fashion. Broil until the cheese melts and bacon is crisp. Serves 6.

Edmonton Is Moving Ahead

Gaining Population 1000
Per Month—Millions of
Construction—New Homes

Edmonton, growing at the rate of 1000 a month and with population now estimated at 160,000, is having its housing problem met to considerable extent by the enterprise of contractors who are building residences in blocks of 100. The homes, after being built, find ready sale. For an \$8000 house, \$2,500 may be required as down payment. The rest is financed and the contractor gets clear with a fair margin. The houses are often snapped up while under construction.

W. L. Armstrong, former local freight agent for the Canadian National Railways here and now in a similar position at Edmonton, tells of the phenomenal growth of the Alberta capital city. Many millions of dollars of building is going on. Impending new downtown structures include the massive new addition to the Macdonald Hotel and a million dollar new freight building for the Canadian National Railways. Everywhere other building is in evidence.

Big industrial construction also proceeds due largely to exploitation of the newly opened up oil developments. One new oil refinery has been completed for Imperial Oil. Two others are in process of construction by

Explanation Of Flying Saucers

SWATHLING, Hampshire,
England — In a letter to a
London newspaper, S. P. Smith
offered a possible solution for
the flying saucer mystery.

Planes testing terrestrial
ground level sounds carry a
saucer shape which holds a
microphone, Smith wrote.

"The saucer is connected to
the plane by retractable, fine
steel wires covered with blue-
grey plastic and therefore
practically invisible.

"The reasons the plane has
not been noticed are: its height
(3,000 to 5,000 feet) and color,
and the counter attraction,
visually, of the saucer, which is
generally 50 to 100 feet from the
ground."

Death After Liquor Party

Queenie Mercy Temple met
her death about 6 p.m. Saturday,
August 12, due to suffocation,
lacking sufficient oxygen to
support life, according to the
finding of a coroner's jury at
the inquest yesterday afternoon.

In instructing the jury, Cor-
oner M. M. Stephens said: "This
seems to stem from a drinking
party." He added pointedly
"like too many others." Coroner
Stephens called attention to
evidence that the three occu-
pants of the boat during the
day of the accident had "passed
out. He said the witnesses were
not clear on all points because
of their befuddled condition.

Evidence showed that deces-
ed had gone aboard the gill-
netter Sandy River of her own
free will and had helped con-
sume a bottle of wine. With her
were Charles Alexander, owner
of the boat, and his brother
David. They consumed one
bottle of wine. Charles went up-
stairs to the wheelhouse, where

he went to sleep. David and
deceased were asleep in the
cabin below. When Charles
awakened he went below and
wakened David and found de-
ceased breathing strangely. He
said he sent David out for as-
sistance and gave the girl
oachan oil, then started bail-
ing the gasoline from the boat.
David notified Cst. F. Caudell
of the then B.C. provincial
police.

Caudell testified he had asked
Cst. D. R. Westover to notify
Miller Bay Hospital and call the
inhalator from the city. Be-
tween artificial respiration and
the inhalator they had worked
on the girl from after 6 p.m.,
when he had been notified, until
8 p.m. when Dr. Burgess pro-
nounced her dead. He had seen
no marks of violence then or
later on the body. The cabin
was "as neat as could be ex-
pected" on a gillnetter.

The doctor's evidence was
that death had been caused by
suffocation due to insufficient
oxygen to maintain life.

The jury consisted of Charles
Pollock, foreman, Roger St.
Arnaud, Barney Turbitt, Edgar
Williams, Derek Gunderson and
David McNab.

Sport Shots

The general committee of the British Women's Amateur Athletic Association is in the doghouse. It has been consigned to this over-populated hide-out by none other than the all-powerful British Amateur Athletic Board, inked by the committee's recent action in slapping a 12-month suspension on the country's two top-flight girl sprinters. Centre of the disturbance are Sylvia Cheeseman, 21, British 200-metre title-holder, and Doris Batter, specialist in the shorter distances. Both represented England at the British Empire Games in New Zealand last February.

On returning to London, the chaperone of the team, Mrs. Ruth Taylor, provoked a major sen-

sation by reporting to the governing body that the two girls "were not amenable to discipline" during their journey to New Zealand. It developed that Mrs. Taylor objected to the girls dining with some of the male swimmers aboard the ship. They also failed, she said, to heed an order calling on team members to be in bed by 10:30 at night. Before the end of the voyage she found that someone had given her an apple-pie bed.

The two girls were summoned to appear before the women's A.A.A. and told they had been excluded for a year as official representatives in international competition. "Doris and I were amazed," said Miss Cheeseman. "We were not allowed to see the report nor was it read to us. And we were given no opportunity of defending ourselves." They appealed to the highest controlling authority, the British Athletic Board. After a speedy hearing, a tribunal headed by Harold Abrahamson, winner of the 100-metre Olympic title in 1924, washed out the charges against the girls and delivered a stinging rebuke to the W.A.A.A.

"It is almost inconceivable that the general committee of the W.A.A.A. should have entirely ignored one of the most elementary principles of justice," the tribunal's report stated. "They found that these two athletes were 'not amenable to discipline,' on the uncorroborated and unchallenged evidence of the team manager. It is much to be regretted that a responsible body thought fit to come to such a serious decision without attempting to obtain a clear and impartial view of the facts. . . . We think that Mrs. Taylor took her responsibilities far too seriously, and it seems to us that her ideas of what discipline was necessary were exaggerated."

The W.A.A.A. has nominated a new team manager to take charge of the British women athletes competing in Amsterdam late in August. She is Mrs. Constance Leslie, 49, who says she smokes and drinks "only a little," but does not regard herself as a strict disciplinarian. Meanwhile, Miss Cheeseman and Miss Baker have not yet been advised whether they will be on the official team.

Radios Win From Co-ops

Last night's Senior League softball game between Co-op and Rupert Radio was won by Rupert Radio with a score of 17-3. The Radios showed excellent team play especially in the field, while the Co-op boys, the regular team to begin with, were further weakened by some of their regular players having to work. The game got off to a fairly even start with Co-ops getting three runs in the first inning, and Rupert Radio three runs in the second. But from here on the game was all the Radios.

Tonight in junior softball the Firemen and Juniors tangle in a practice game. The Junior boys took the last practice game from the Firemen.

Fifty Pupils At Vacation School

First Baptist Church daily vacation Bible School got off to a good start this week with an initial registration of 50 pupils. Under direction of Mrs. J. H. Falls, instructors are Rev. Antrobus, Paul Antrobus, Mrs. T. R. Lloyd, Mrs. Robert MacDonald, Mrs. Henry Vanderheide, Mrs. Mat Waters, pianist; assisted by Jean Golds and W. Rodseth.

Having considerable experience Mrs. Falls has one of the best conducted schools of its nature ever held here. Discipline is excellent and pupils are showing great interest. Starting at 9:30 a.m., classes continue through to 11:30 each day.

The daily program consists of a march, good morning song, "O Canada," theme hymn, call to prayer, "Jesus Loves Me," Bible study, Psalm 23, "O Give Thanks," offering, prayer of thanks, story, recess and refreshments, handwork, closing prayer, goodbye song.

Aged Furnaces,
Heat Robbers

The owner of an average heating system five or more years old is warned by National Warm Air Heating Association that the odds are 7 to 10 his winter heating bill is at least 10 per cent more than necessary.

This is because 7 out of 10 older type systems of heating are in need of repairing and cleaning. Air leaks in and around furnace combustion chamber, soot in the chimney or furnace, warped, burned bars, corroding smoke pipe all create loss of heat right in the furnace itself. Therefore using more fuel to keep the proper temperature.

Heating experts report that home owners are "robbing Peter to pay Paul" through use of improper firing methods and negligence in furnace maintenance.

The majority of costly repairs could have been avoided if owners had followed a regular program of having heating systems inspected each year, says the Heating Association. Minor repairs can add longer service to heating systems and insure health and safety of families.

Malayan Sergeant Wins Police Medal

LONDON.—Award of the Gold Medal for Gallantry to Sgt. Wan Ya Acob Bin Wan Ahmad of the Malayan Special Constabulary was announced in the London Gazette.

With 15 special constables, the sergeant relieved a platoon of the 3rd Battalion Malay Regiment from an ambush of more than 250 Communist bandits. Defying calls to surrender from the bandits who called him by name, Sgt. Wan Ahmad formed a square in a hollow on rising ground and beat off attack after attack until the bandits withdrew.

The Malay Regiment suffered 15 killed.

Skeena Sockeye Pack Is Lower

The pack of Skeena-caught sockeye salmon this year was much lower than last year. Figures for comparison are not available but has been stated definitely as being low.

This week started out with a good run of pinks in the Queen Charlotte Islands. There are two seiners, working in Masset Inlet, about 22 in Inskip Channel on the west coast and five in Cumshewa Inlet on the east coast.

Seining in the Naas area closes to night in the interests of conservation.

MARRIED HERE — Following their marriage Sunday afternoon at First United Church here, Dr. Winston Jules Mahabir, M.D., of Trinidad and his bride, the former Miss Joan Graham, B.N., of Vancouver, received congratulations and best wishes at a reception at the home of Mr. and Mrs. Charles Forman, Fourth Avenue East. Here are shown the bridal party—Dr. A. W. Large, groomsmen; the groom, the bride, and Mrs. W. A. McBroom, matron of honor.

Torbrut Mine Is Busy Spot

There are busy times at the Torbrut mine camp near Alice Arm, says Ald. H. F. Glassey, who returned a day or so ago, from a business trip there. There was a recent shipment of 250 tons of concentrates, and since then another consignment totalling 175 tons had accumulated.

All told, approximately 190 men are finding employment in connection with the Torbrut Mine

Robinson Thinks Trade In Offing

BROOKLYN (C)—Jackie Robinson famed negro second baseman for the Brooklyn Dodgers, said yesterday "I won't be surprised if I'm traded to some other club before the start of the 1951 season."

Robinson gave this opinion amid indications of rising tension on the Brooklyn team, such as can be expected on a championship club favored to win the pennant but now lagging 6½ games behind the leaders. "I can't tell you any more," Robinson told a reporter. "It may be no more than a hunch. I've just got the feeling. That's all."

More Police Are Quitting

VICTORIA.—Thirteen more officers, who have been in the service of the provincial police have submitted their resignations. It was announced in Victoria Wednesday. This makes twenty-four in all who have quit since the taking over by the Royal Canadian Mounted Police.

For Eczema - Skin Troubles

Make up your mind today that you are going to give your skin a real chance to get well. Go to Ormes Drugs or any good drug store and get an original bottle of Moone's Emerald Oil—it lasts many days because it is highly concentrated. The very first application will give you relief—the itching of Eczema is quickly stopped—eruptions dry up and scale off in a very few days. The same is true of Itching Toes and Feet, Barber's Itch, Salt Rheum, skin troubles. Remember that Moone's Emerald Oil is a clean, powerful, penetrating Antiseptic Oil that does not stain or leave a greasy residue. Complete satisfaction or money back.

Better Garbage Service Sought

Health Unit to Communicate With Council—Rooming House Regulation.

Seeking better garbage disposal methods, The Prince Rupert Union Board of Health, at their quarterly meeting yesterday, suggested a letter to be sent from the Medical Health Officer and the sanitarian to the health committee of the city council pointing out some unsanitary conditions resulting from improper disposal.

Discussion on the subject revealed that some people had permits to burn garbage but burning was not always complete. The unburned residue was scattered about the yard causing a serious health hazard. The letter would ask the council to do something about the situation.

Another matter that was thoroughly discussed was a bylaw to amend the present bylaw to regulate dwellings to be used as rooming houses. After careful perusal and several changes it was decided to send the bylaw to the health committee of the city council asking them to recommend passage by the council. The new bylaw would define clearly the requirements the medical health officer would demand of such buildings and make necessary a certificate of approval from the medical health officer before a permit to operate as a lodging house could be issued.

Other business transacted at the meeting was formal acceptance of the Queen Charlotte Islands into the unit, confirmation of the appointment of Miss Marilyn Ross as full time assistant statistical clerk and approval by the board of alteration and enlargement of the dark room. A letter from Victoria stated a

suitable Public Health Nurse for Terrace was being sought.

The financial report was approved and bills ordered paid.

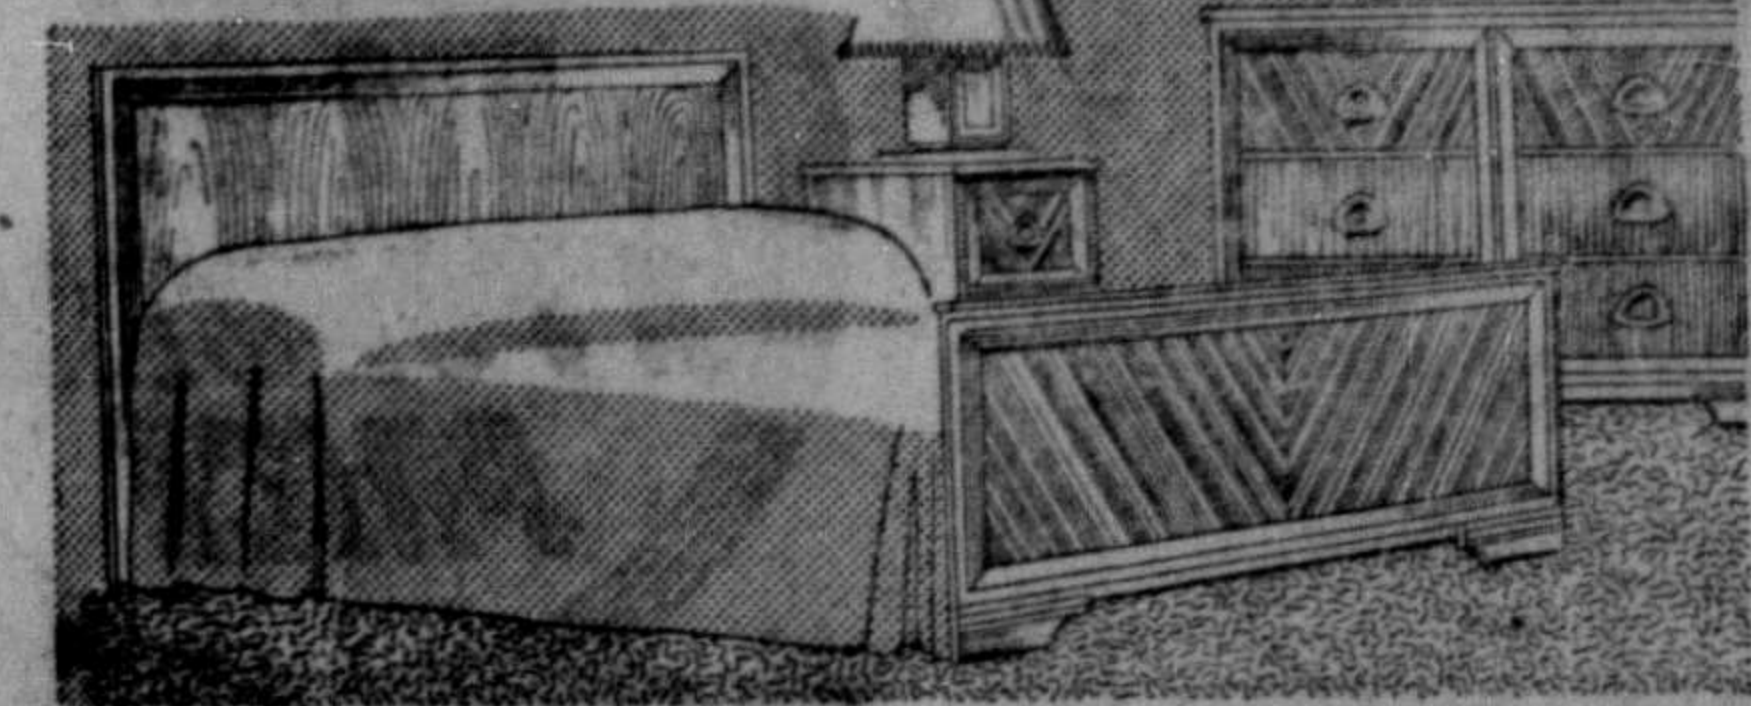

A display in the board's booth at the Civic Centre carnival was approved. The display will feature rheumatism and arthritis.

Present at the meeting in an advisory capacity was Claude Stonehouse, of the division of sanitation, Victoria.

TAX-FREE UTOPIA

The tiny state of Liechtenstein is virtually taxless, mainly because tax-exempt corporations set up headquarters there, pay nominal fees for the privilege and escape taxes in their own countries.

DISTINGUISHED RESTMORE STYLING

Modern conservative styling characterizes the Restmore suites for bedroom and dining room and in chesterfields, individual chairs, etc. Each beautifully perfect piece is quality-built to give long satisfaction and attractiveness.

RESTMORE FURNITURE

The Flex-o-lator method of mattress construction adds years of comfort in every Restmore mattress—the padding stays in its original smoothness.

Smithers
Marriage

Rev. L. C. Johnston officiated
at the marriage recently of
Shirley Hazel Tremere, eldest
daughter of Mr. and Mrs. George
Charleston, and Oscar Frank
Symes, only son of Mr. and Mrs.
C. V. Symes, in the United
Church in Smithers. The couple
are both members of formerly
well known Prince Rupert fam-
ilies.

For her wedding the petite
bride wore a brocaded satin
gown made by her mother, with
a floral headpiece and full
length veil. Her bouquet was of
pink sweetheart roses. She was
given in marriage by Mr. Ray
Brietke acting as proxy for her
father.

Miss Margaret Symes, sister
of the groom acted as brides-
maid in a yellow nylon gown
with a yellow sash and Chap-
el veil matching her gown, with
a bouquet of white and pink
carnations and blue delphiniums.

Mr. Art Washburn was best-
man.

Little Laverne Brietke, as the
flower girl was in brocaded blue
satin and tulle and carried a
bouquet.

The ushers were Mr. Clarence
Goodacre Jr., and Mr. Jasper
Raymond.

During the signing of the reg-
ister Mrs. Ed. Herman sang "Oh
Promise Me." Mrs. J. Herman
as organist.

For the occasion the bride's
mother wore a grey-green silk
dress with wine accessories and
a corsage of red roses. The
groom's mother wore a flowered
chiffon gown with navy blue ac-
cessories and a corsage of white
carnations.

A reception was held in the
Anglican Hall for about 200
guests. Presiding at the punch
bowl Mr. J. Capling, servants
being Marlene Gould, Mary
Ryan, Inez Herman, Ruth Her-
man, Elin Peterson and Betty
McKay. The toast to the bride
was proposed by Rev. Johnston
and was responded to by the

groom. The best man proposed
a toast to the bridesmaid which
was also responded to by the
groom. Mr. C. V. Symes, father
of the groom, proposed a toast
to the bride and groom and their
guests.

The bride and groom cut their
lovely four-tier wedding cake,
which was made by the groom's
mother, and decorated by Wil-
son's Bakery.

A wire from the bride's father
at Prince Rupert was read by
Rev. Johnston congratulating the
bride and groom.

The guests enjoyed the even-
ing dancing to the music of
Jorgen Dahle and his orches-
tra.

After the reception the bride
changed into a going away suit
of green gabardine with white
accessories. The bride and groom
have been motoring south on
their honeymoon.

The happy couple were fol-
lowing in the footsteps of the
groom's parents who were also
married in the United Church
in Smithers in 1929 by the Rev.
Mr. Smeeton.
