## City Starts Work in Dark As Gale Hits Power Lines

A southeast gale bearing snow and rain early this morning cut off Prince Rupert's light and power supply by knocking out lines to both main power sources. Partial service was restored before noon but it may be late today or tomorrow before complete service is resumed.

Reaching 48 miles an hour in peak gusts, the gale blew a tree over the power line to Shawatlans hydro plant and cut the line to Falls River plant up the Estell River.

Power from the Shawatlans plant was resumed at noon today, but it is not known definitely when the break in the Falls River line will be repaired. T. B. Black, Power Company manager, said.

Partial light and power service was resumed at 9:30 when the steam plant at the Prince Rupert Dry Dock was cut into the city lines. Power output at the dry dock plant is being increased to complement the supply coming from the Shawatlans plant which went back into service at noon.

Power company linemen found a tree across the high tension line near the Shawatlans plant but the nature nor the location

# Rapid Developments In Palestine

## Ship Strikes Barrett Pt.

Big Alaskan Refrigerator Vessel at Local Drydock After Stranding

After having been stranded for a short time last evening on Barrett Point at the entrance of the harbor where she struck at 6:30 p.m. while leaving port after having been here to discharge Alaskan frozen fish for transshipment East, the big Alaskan refrigerator motorship Palisana was at dry dock here today for inspection and possible repairs.

The stranding occurred almost at low water and, with the rising of the tide, the vessel was able to free herself. As she was leaking, it was decided to come back into drydock here instead of proceeding to Everett for which port she was bound. She will go on the pontoons tomorrow.

The 4,000-ton Northland Transportation Co. vessel is known to have hull damage. The stranding occurred during a rain and snow squall which struck just as she was leaving the harbor.

Extent of the damage is not yet known but it is believed to be not great.

The vessel, under command of Capt. August Ekholm, cleared the C.N.R. wharf at 6:30 last night, bound for Everett after unloading 10 carloads of frozen fish for rail shipment east. She arrived here Wednesday night from Ketchikan. A quarter of an hour after leaving the dock she was aground.

The Palisana struck on Barrett Point near the navigation light.

According to reports this morning, the boat is believed to be leaking in Number Three hold but the leakage is so small that the use of pumps is not required. She is moored at the dry dock pier. The Palisana carries a crew of 41.

**BOILED FOR THE SAKE OF SCIENCE**—Using themselves as guinea pigs, six scientists at the University of California at Los Angeles have cooped themselves up in a sealed room considerably hotter than boiling water, to prove that pilots would be able to stand the intense heat generated by friction when airplanes hit 1,000 miles per hour. They proved that the human body can stand temperatures up to 250 degrees Fahrenheit, which is 38 degrees above the boiling point of water. For periods of fourteen and a half minutes the scientists, headed by Dr. Craig Taylor, took turns in the chamber. One of the student volunteers, Si Friedlander, is pictured being removed from the heat chamber after he was subjected to the test.

## Purging of Communists

Police Fight Reds With Tear Gas Bombs and Machine Guns in Streets of Rio

RIO DE JANEIRO (CP)—Police fought yesterday with tear gas bombs and machine guns against communists attempting to publish an edition of their newspaper in the wake of congressional action withdrawing the last vestige of legality from the Brazilian communist party.

Four communists were wounded when workers refused to halt presses printing an edition covering action by the Chamber of Deputies last night stripping the Brazilian communists, largest communist party in the western hemisphere, of all elective posts.

## Arabs Cross From Syria To Join Attack on Jews

United Nations Calls British and Two Warring Factions Into Consultation

JERUSALEM (CP)—There were rapid developments in the Palestine situation today with Jewish sources saying that British troops had clashed with three volunteers of the "Arab People's Army" which crossed the border from Syria and attacked a Jewish settlement in upper Galilee. Several were injured in a two-hour battle, the first large attack by forces from across the Syrian frontier.

Meanwhile the United Nations Palestine partition Commission today called upon Britain, the Jewish gency for Palestine and the Arab higher committee for immediate consultations on the situation in the strife-torn Holy Land. The Commission decided to talk with representatives of the three interested parties as a first step in implementing the United Nations partition plan.

United States Marines are being landed in Palestine to guard the United States consulate in Jerusalem.

## BETTER EXPRESS SERVICE SOUGHT

Survey to be Made of Delivery and Pick-up Service

Extension of express delivery and pick-up service to anywhere within the city and particularly the now heavily populated area east of Hays Creek bridge with its hundreds of homes is being sought by the Prince Rupert Chamber of Commerce. As a result, the Express Traffic Association of Canada has been requested by the Board of Transport Commissioners to have a survey made as soon as possible.

At present express delivery and pick-up service for Prince Rupert is restricted to that part of the city between Hays Cove bridge and Westview bridge, a service which is considered entirely inadequate to the modern needs of the city.

## LUXURY TAX ON PIANOS LIFTED

OTTAWA (CP)—Pianos have been removed from the list of goods on which the 25 per cent Dominion consumer tax was placed last November as part of Canada's dollar-saving program, it was learned late last night.

## MONTREAL EXPLOSION

One Killed in Furnace Blast on Downtown St. Catherine Street

MONTREAL (CP)—A youth was killed and five persons were injured with more than 100 shrapnel by flying glass when a coal gas explosion ripped through the basement and main floor yesterday of the five-story King's Hall building on downtown St. Catherine Street.

The blast also caused three radio stations to go off the air indefinitely when the police ordered the top floor of the building evacuated and the power turned off.

The explosion occurred as a furnace was being stocked.

## ARE HOPING FOR RESCUE

Subsiding of Storm Awaited So That Passengers May be Taken From Stricken Russian Ship

TOKYO (CP)—Three rescue ships are still standing by and hoping to be able soon to take 780 passengers off the Russian ship Dvina which is disabled and in grave danger of being overwhelmed by mountainous seas off the northeast of Japan. Meanwhile other ships have been hurrying toward the leaking vessel which is being pounded by waves which have so far prevented efforts to remove the passengers.

A rescue plane of the United States Air Force circled over the Dvina during the night to keep watch in case of emergency. An American airman reported late yesterday morning that the Dvina's decks were awash.

Earlier reports had said the vessel might sink in a few hours but, in spite of them, she is still hanging on.

## Only Socialism Can Stop B.C.

From Becoming Canada's Second Industrial Province, Says Toronto Man

Only the advent of socialism can stop British Columbia from outstripping Quebec and becoming Canada's second most important province in trade and industry, said William S. Gibson, president of National Cellulose Co. of Canada, who is a visitor here from Toronto. He elided Saskatchewan to back up his contention that, where socialism comes into power, capital hesitates about coming in.

Mr. Gibson, who arrived in the city Wednesday from Vancouver in the course of a western tour, is greatly impressed with the strides which have been made by this province in industrial development in recent years.

The east is becoming more and more cognizant of the growing industrial importance of British Columbia and the Pacific Coast, declared the prominent Toronto industrialist to a Daily News representative who endeavored to impress upon him the strategic importance of Prince Rupert and the vast wealth of northwestern British Columbia in natural resources.

Mr. Gibson operates a paper products factory in Toronto which employs ninety-five persons.

## To Consider 'Royal Problem' of Belgium

BRUSSELS (CP)—Premier Paul Henry Spaak will establish direct contact with King Leopold of Belgium, now in exile in Switzerland, in an effort to seek a solution of Belgium's three-year old "royal problem," it was announced today. It is understood that new proposals came in a letter from the King who plans to leave for Cuba shortly.

McNAUGHTON NAMED  
OTTAWA—General A. G. L. McNaughton was today named as Canada's representative on the United Nations security council, taking the seat which was granted Canada recently.

SEAMAN IS LOST  
VICTORIA—A seaman has been lost off the freighter Lake Okanagan. He became missing shortly after the vessel left here for China with arms for the nationalist government. The weather was rough.

GAS PRICE DECISION  
VICTORIA—The Fuel and Petroleum Board will render its decision next week on the application of oil companies for permission to raise the gas price.

POWER FAILURE CUTS DOWN NEWS  
Due to several hours of power failure this morning, it is necessary to publish the Daily News in curtailed size today. In order to produce a paper at all, some advertisements have had to be held over as well as editorial and news features. The paper will be published normally again tomorrow.

MORGENTHAU IS TO BE PROBED  
Grain Trading Activities of Former Secretary of Treasury To Be Investigated

WASHINGTON, D.C. (CP)—The United States Senate committee investigating grain speculation is going to look into trading activities of Henry Morgenthau, jr., former Secretary of the Treasury, it was reported yesterday.

Morgenthau has acknowledged that he owned 195,000 bushels of corn futures last June 30 but he said in a statement in New York that he lost rather than made money as he was looking for an advance rather than a decline.

Morgenthau said that he did not speculate in grain until after he had left the cabinet.

## LOCAL ALL-STARS WIN SECOND OF SERIES WITH VANCOUVER ARROWS

All-Stars 56, Arrows 52  
Total Points Series—Locals 123, Arrows 118

Again playing before a sell-out house, Prince Rupert All-Stars, for a second time in as many nights, defeated the highly touted Vancouver Arrows by a score of 56-52 at the Civic Centre gym.

Starting the game with a scoring spurge that gave them an eight-point lead after ten minutes of play, the Vancouver boys seemed headed for victory in fine style. However, Jack Lindsay of the locals took matters in his hands and picked off ten of his thirteen-point total in the second quarter, to give his team a 39-30 lead at the breather.

From then on the home towners were never headed and even though they had to use every available man on their bench, they proved to their many supporters that they can set up a defence when defence is necessary. Arrows however, outscored the All-Stars in the last quarter by five points to put the fans in a frenzy in the dying moments of the game.

With Angus Macphee on the (Continued on Page Four)

## FLOOD WATERS ARE RECEDING

SEATTLE (CP)—Flood waters are continuing to recede today in the Pacific Northwest throughout widely scattered valley areas of Oregon Washington and North Idaho with six deaths counted. Oregon's central Willamette Valley area, however, braced itself for flood crests striking at Salem, the capital city. Many persons are homeless in the Willamette area.

## TURKEY GETTING AMERICAN SUBS

WASHINGTON, D.C. (CP)—The United States is transferring to Turkey four fleet type of submarines and navy crews will deliver them to a Turkish port. They are being transferred under the \$100,000,000 aid to Turkey program.

## SENTENCE COMMUTED

Governor of Washington Intervenes in Execution of School Boy

WALLA WALLA, Wash. (CP)—An hour and a half before Joseph Maish, 17-year old youth, was to die on the gallows of Washington State Prison last night, Governor Clarence Wallgren commuted his sentence to 99 years' imprisonment. Maish stabbed a High School girl to death in Vancouver, Washington, a year ago.

## WAREHOUSE FIRE DAMAGE \$15,000

VANCOUVER (CP)—Damage as a result of a three-alarm fire in the three-storey warehouse of the Clarke Fruit Co. on the waterfront yesterday is placed at up to \$45,000. Fruit stock valued at between \$20,000 and \$30,000 was destroyed. Also damaged was the \$15,000 dry goods stock of the Primary Distributors Ltd. on the third floor. The fire is believed to have started from a gas plate in the basement banana drying room.

## THE WEATHER

Synopsis  
An easterly gale in coastal waters was expected to decrease by evening. There is no sign of a break in current unsettled weather.

Forecast  
Prince Rupert — Cloudy with showers of mixed rain and snow. Winds, southwest, 30 miles per hour, decreasing to 15 miles temperature, normal.

## LOCAL TIDES

Saturday, January 10, 1948

## ARABS STRIKE BACK AT JEWS

Death Toll In Palestine Rises Today With Six More Jews and One Arab Killed

JERUSALEM (CP)—Six Jews and one Arab were killed as the death toll in Palestine yesterday soared to 627.

The Arabs struck back in retaliation for the Jaffa Gate attack of Wednesday when seventeen Arabs and three Jews were slain.

Several hundred Arabs sullenly attended funeral services outside the walled city of Jerusalem for the Arabs who were slain Wednesday.

## INTERIOR MOOSE SEEN ON COAST

Natives living on Douglas Channel, south of Prince Rupert, reported having seen, some time ago, what they described as a big deer, but which investigation revealed to have been moose, never seen by Indians in that area before. They might have come by way of the Kitimaat River Valley.

**FAMILY LOST THREE IN COLLISION**—Only survivor of the train crash which killed four near Tilbury, Ont., is Henry Thibert, seen with his bride of a month. His brother, Alex, 33, and three members of the Bourdeau family were instantly killed in the accident.

## TELLS ABOUT HOLY LAND EXPERIENCES

The "invincible ignorance" of the population factions in Palestine was described as one of the major factors which confuse attempts to bring conciliation and peace to the Holy Land by Rev. Charles Lomas in a speech before the Prince Rupert Rotary Club Thursday afternoon.

Now a missionary on the Anglican mission boat Northern Cross, Mr. Lomas returned several months ago from Palestine where he served for six years with the British forces.

"By 'invincible ignorance' I do not wish it thought that I look down on them," he said. "It is merely that they lack knowledge and have no interest in absorbing it."

Jews and Arabs, he declared, subscribe to viewpoints which, in the case of the Arabs and older Jews, are traditional, and they have no understanding of any other viewpoint.

He described incidents of violence, some of which he witnessed firsthand. They were, apparently, without pattern, and only complicated efforts to solve the Palestine problem.

Mr. Lomas was thanked for his talk by club president Lee Gordon. Guests at the luncheon were Rev. Basil S. Procter, who introduced the speaker; Lieut. M. Stapleton, Robert Elkins, C. B. Howe, C. H. Orme, Charles Salter of Vancouver, J. L. Long of Edmonton, Don Forward, Neil Ross and members of the Vancouver Arrows basketball team.

The team members were introduced by Coach Ted Milton who thanked the club for its hospitality.

## HISTORY AND OPERATION OF POLICE IS OUTLINED

**Inspector Woods-Johnson Speaks Before Junior Chamber**

History and operating procedure of the British Columbia Provincial Police—the oldest territorial police force on the continent—were outlined to the Junior Chamber of Commerce last night by Inspector B. F. Woods-Johnson, guest speaker at the group's monthly dinner meeting.

In charge of "D" division, which embraces a vast section of northern and central British Columbia, Inspector Woods-Johnson also stressed the need for co-operation between the police and the public which they serve. He deplored a popular tendency to "make a bogey out of the policeman."

Much of the antagonism which the police encounter, he declared, seems to originate in the childhood of people whose parents used the police as a bogey to frighten them into good conduct. This attitude increases the difficulties of law enforcement.

Outlining the beginning of the force, Inspector Woods-Johnson told how, up until 1855 no such agency existed in the province. The state of lawlessness which accompanied the finding of gold in the Fraser River, however, made a police force imperative and the colonial government appealed for aid from the British government.

That government, however, decided that it would be better if the struggling colony developed a law enforcement structure from within itself and sent an Inspector of the Irish Constabulary to organize a force. His name was Charles Brew and

on his arrival, two years later, he became the first commissioner of the B.C. Police.

"It is interesting to note," Inspector Woods-Johnson said, "That, with the exception of Charles Brew, every commissioner of the force has risen from the ranks and at one time held the appointment of constable."

**HOW FORCE ORIGINATED**  
The original force was organized around the gold commissioners in the Cariboo and Fraser River areas and faced the tremendous task of bringing law and order to a lawless land.

In 1924 the passage of the Police and Prisons Regulation Act resulted in a re-organization of the force under which its members were given uniforms and took over police duties in organized territories which desired its services.

Colors of the force at that time were chosen as khaki and green, and the green tabs which the B.C. Police wear today are in commemoration of Charles Brew—the Irishman who founded the force and died in the Cariboo in 1870.

Since 1924, the force has undertaken the policing of 46 cities, towns and villages in the province, as well as organized rural and unorganized territories.

Inspector Woods-Johnson described the operation of the force, the Criminal Investigation Branch, which deals with all types of crime detection. The force maintains a fingerprint bureau, scientific crime laboratory, ballistics office, all under charge of highly trained men. The C.I.B. operates in close

co-operation with police forces throughout Canada and the United States.

The force operates a radio network which embraces scores of towns and villages throughout British Columbia, and also maintains a marine branch which patrols the coast from the American border to Stewart.

In selecting its personnel, the force still clings to the original plan that its members should come from the citizens of British Columbia. For that reason, a basic requirement in any recruit is that he must be a resident of the province for at least one year before his application can be considered.

The force continually strives to develop the qualities of its members by courses at Victoria and at crime detection institutions in Canada and the United States.

**GOOD HUNTING**  
HALIFAX, N.S.—About 38,000 residents of Nova Scotia took to the woods during the last open hunting season on deer and present indications are that they bagged more than the 26,000 deer killed in 1942.

You saw it in the Daily News!

**IT'S A GOOD SYSTEM**

Competition is the plus-factor of successful business, the drive that inspires progress. Out of the ranks come the men with the courage, character and ability to direct others, and the sky is the limit for those with ideas and imagination.

The restless urge that makes men refuse to be satisfied with mediocrity pushes some ahead to lead others. The net result is our Opportunity System with its enthusiasm, initiative and progress.

People with ideas, applying them skilfully to business management, are constantly finding ways to produce more and better commodities with which to improve our already fine living standards.

As the demand increases for more of the better things in life, so increases the number of jobs in providing them.

There's nothing wrong with the system, provided management and labor make honest efforts to make it work. Management without labor would be useless. Labor without management would expend its undirected energies in frustrated chaos.

The answer is to strip down for a finish fight—against the outside forces which would like to see management and labor finish each other.

These views are presented in this newspaper by the British Columbia Federation of Trade and Industry. O-12

## RESOLUTION REPLIES ARE CONSIDERED

Reading of letters from the Associated Boards of Trade of Central British Columbia constituted a large part of the business done at last night's Junior Chamber of Commerce meeting. The letters contained replies to resolutions sent to various government agencies as a result of the convention held here last August.

A letter from the Associated Boards of Trade of the Fraser Valley urging that a convention of such combined boards be held at Penticton next month was approved in principle and notice of

approval sent to the Associated Boards of Trade of Central British Columbia. Votes of thanks to Wallace, chairman of the affairs committee and George, chairman of the vote committee, on the occasion of recent projects passed, a similar vote was passed to Don Esselmont, chairman of the radio auction committee.

**FAIRLOP, Essex, Eng.** — Construction of London's secondary airfield here has been shelved as the site is scheduled for agriculture use, said the ministry of civil aviation.

## Reminiscences By W.J. and Reflections

January 9 and no skating because of no ice. It's happened before and cannot be classed as a novelty. But whenever there is skating, it's apt to be over and done with before this. Steel blades have often been seen flashing in and around Prince Rupert, but not when long days are growing shorter.

Trying to travel on foot along the city streets this morning between 6:15 and daybreak was an experience not without its little risks. All lights went out and there remained nothing save pelting rain and powerful gusts and a blackness that could be felt. A flash light would have helped, of course but how many had one.

Q. If a woman acquaintance speaks of her husband (whom you do not know) as "Tom," should you also refer to him as "Tom"?

A. No. You should refer to him as "Mr. Nelson."

Q. Should the family of an honored speaker sit in the audience and register applause for what he is saying?

A. It is quite all right for them to look pleased and happy over what he is saying, but their applause should be soft and brief.

Q. Where should a woman guest leave her wraps when attending a large dinner?

A. A woman's wraps are usually left at the door.

Q. Is it important that a maid's room be both comfortable and attractive?

A. Yes.

Mrs. John McKechnie is sailing tonight on the Cardena for a trip to Vancouver.

**SHIPS and WATERFRONT**

Union steamer Cardena, Capt. Ernest Sheppard, from Vancouver and waypoints, is reported due in port at 11:30 tonight and will sail at midnight on her return south.

Union steamer Cassiar, Capt. Alf Aspinall, arrived in port at 2:30 this afternoon from Vancouver via the south end of the Queen Charlotte Islands and will sail at midnight for Massett Inlet points whence she will return here Sunday on her return south over the same route.

Sam Snidal is sailing tonight on the Cassiar for a business trip to Massett.

Mr. and Mrs. Ed Bridden, following a visit to the city, are sailing by the Cassiar tonight on their return to their home at Massett.

**LOCAL COUPLE WED QUIETLY**

A quiet wedding ceremony, solemnized at 9 o'clock Wednesday evening, united Miss Martha Ann Brown, of Prince Rupert, to Charles Arnold Lahey, also of this city. Rev. R. A. Wilson performed the ceremony at First United Church. The bride wore a gown of floor-length white satin. Matron of honor was Mrs. Fannie Jackson of Hazelton, who wore a floor-length gown of blue satin. J. R. Grant of Prince Rupert was groomsmen, Mr. and Mrs. Lahey will reside in the city.

**AIYANSH NATIVE COUNCIL ELECTED**

Reuben Munroe has been elected chief councillor of the Naas River village of Aiyansh for the year 1948, according to advice received at the office of the Indian Agent here. Councillors are Frank Tait, Hubert McMillan, Roy Azak, Henry McMillan and Abel Derrick, with Roger Mercer as secretary and Christopher Clayton as chief constable.

**COMPENSATION BOARD DOCTORS TO VISIT HERE**

A medical panel of the provincial Workmen's Compensation Board will sit in Prince Rupert on January 21, according to word received by the Prince Rupert Trades and Labor Council which met in regular monthly session Thursday night.

The panel will hold interviews at the Prince Rupert General Hospital and the Council was asked to notify persons interested in its arrival here.

The council endorsed a brief submitted by the Winnipeg Trades and Labor Council, seeking amendments to the Unemployment Insurance Act. The brief will be presented to the federal government by Percy Bengough, Canadian Trades and Labor Congress president.

Reading of the minutes of the Vancouver Trades and Labor Council resulted in a lively discussion of the rising living cost in relation to wage increases recently granted workers.

The Waitresses' Union reported that it had signed a working agreement with the Commodore Cafe, the first such agreement to be signed with any restaurant in Prince Rupert.

The Pile Drivers' and the Carpenters' Union reported having recently amended their agreements with several employers, under which wage adjustments were made in a friendly atmosphere. Other unions reported that negotiations in this line also were under way.

A letter was received from the Vancouver Trades and Labor Council giving information regarding trades and employees who will be employed by the Columbia Cellulose plant at Watson Island.

**AIR PASSENGERS**

From Vancouver (Thursday)—D. Johnson, G. Newbury.

H. Ormbak of Massett, who has been visiting with his wife, who is in hospital here, sails by the Cassiar tonight on his return to the Queen Charlotte Islands.

**Local News Items...**

Ladies and Gentlemen—See our new spring suit samples. Tip Top Tailors, 206 Fourth Street. (10)

Mr. and Mrs. H. A. Black and child, accompanied by Mrs. Black's mother, Mrs. McBain, sailed on the Prince Rupert last night on a trip to Vancouver.

Mrs. A. R. Holtby sailed last night on the Prince Rupert for Vancouver where she will make an extended visit with her granddaughters, Mrs. P. W. Martin.

Mitchell & Currie started yesterday morning to enlarge and remodel the Little's News Agency building.

Dr. R. M. Lane, director of the Prince Rupert Health Unit, sailed last night on the Prince Rupert on a trip to Vancouver and Victoria.

Col. Parker, who has been in charge of the local office of War Assets Corporation for the last several months, left on the Prince Rupert last night, accompanied by Mrs. Parker, for Calgary, to which city he has been transferred.

Hagbert Hansen and Harold Helland, directors of the Prince Rupert Fishermen's Co-operative, sailed on the Prince Rupert last night on a business trip to Vancouver.

"Brother" Moody, pioneer barber and the man who bought a corner of Second Avenue and Sixth Street at the first sale, has been heard from indirectly. He is living in Minnesota and, although well beyond 80 and unable to see well, continues to take a lively interest in Prince Rupert. He sends regards to all old friends.

William Weiss and Eric Speers have been named by Junior Chamber of Commerce President A. P. Crawley as delegates to the February meeting of the senior Chamber of Commerce at the monthly meeting of the junior group last night. Maurice Brydges represented the senior Chamber at last night's meeting. Guests included Ian Dunbar of Prince Rupert and the Vancouver Arrows basketball team.

Valhalla meeting tonight, 8 p.m. All members please attend. (11)

Major Lahiff, who has been in Terrace since last summer, returned to the city a few days ago. Since the arrival of winter, affairs in Terrace have become rather quiet and there is no lack of snow.

J. S. Kinross of Fernie, father of Mrs. W. R. Kennedy, is expected to arrive today by air from Vancouver. Mr. Kinross is 85 years of age.

W. M. Watts and A. S. Nicker-son returned to the city on last night's trail from Smithers where they spent a couple of days on business.

G. C. Walker, who left here for the United States early last summer, is living at Santa Monica, California, and expects to remain there indefinitely. He has been doing a good deal of motor travelling in different parts of the country.

Cadet John K. Kennedy, who spent the holidays here with his parents, Mr. and Mrs. W. R. Kennedy, sailed by the Prince Rupert last evening to resume his studies at the Royal Canadian Naval College at Royal Roads.

## BASKETBALL CHATTER

(By BILL LONG)

Rupert took 22 free throws Thursday night and scored 10 while Vancouver picked up 23 out of 35 throws.

Angus Macphee seemed to be taking the beating of his life from referee Johnny Comadina and for the remark "What do you want—Blood?" he was handed his team's only technical foul.

Little John MacKay, the high scoring forward of the Arrow's first game, was severely pounced upon by Sev. Dominato every time he came up with the ball to be held to but a single field basket for his evening's work.

Byford of the Arrows was the mainstay of his team and, according to coach Ted Milton, he is just a plain all-round athlete. He plays great lacrosse in the southern senior league and is also an up-and-coming baseball player.

All tickets, reserved and rush, were completely sold out about five minutes after the preliminary game started last evening. Many fans were held at home to be satisfied with the play-by-play commentary of Neil Ross on C.F.P.R. by an announcement

over the air, since seats were no longer being sold at the Centre.

Alex Bill travelled to Ketchikan with his Bo-Me-Hi team after winning Wednesday night's game with the locals and Art Murray handled the team last night. Alex however, was contacted as soon as the game was over and was happy to hear the good news as his High School boys took the short end of things at the first city—score 29-41.

New Metlakatla will be the next senior team to visit here and they should arrive some time close to February 15.

## DETROIT IN LEAD AGAIN

Takes First Place From Toronto in National Hockey League Standing

Montreal 1, Montreal 1 (tie).

MONTREAL, (C) — Following their victory over the Rangers at New York Wednesday night and their tie game with the Canadiens here last night, the Detroit Tigers are back in the lead of the National Hockey League with a two point margin over the Toronto Maple Leafs.

In view of the close race for the leadership, games this weekend will be watched with unusual interest, particularly the Toronto-Detroit game Sunday

## LOCAL ALL-STARS WIN

(Continued from Page 1)

sidelines with five personal fouls, Vancouver supporters had hopes of victory in the last five minutes of play but were stopped in their tracks by the stalling tactics of the All-Stars. They held the ball for the last two minutes of play and with the exception of one breakaway by the opposition, they proved complete masters of the situation to hold their slight margin.

One of the points of last night's game was the manner in which the rookies on the Rupert side handled themselves. Rupert Holkestad and Don Hartwig looked like veterans on both offense and defence and proved that they will be able to hold their own in all-star competition from now on.

Arrows, as a whole, played a faster and steadier game than the locals and offensively they proved to be the faster of the two squads. They could not, however, gain sufficient advantage to permit them to settle down

night. The following are scheduled.

Saturday—New York at Montreal, Chicago at Toronto, Boston at Detroit.

Sunday—Montreal at New York, Toronto at Detroit and Boston at Chicago.

The league standings to date:

	W	D	L	F	A	Pts
Detroit	18	6	8	107	75	42
Toronto	16	8	7	97	73	40
New York	13	5	14	98	113	31
Boston	11	7	13	89	87	29
Montreal	11	6	14	72	79	28
Chicago	8	2	21	97	133	17

to an all-defensive game and, as a result, they found themselves outnumbered from time to time by the fast-breaking forwards of the All-Stars.

Byford repeated his classy playing of the first game and, as a whole, the visitors handled themselves very creditably. Coach Milton's only remark after the series was that he felt the officials were a little too tough on many calls on both sides.

He claimed that in the south and other parts of the province unavoidable bodily contact is

not generally called, and the spectators are given more consideration by hearing less whistle blowing.

Vancouver picked up 23 points on personal fouls and the All-Stars picked up 10 points.

Individual scoring:  
All-Stars—Macphee 12, Lindsay 13, Arney 1, Holkestad 5, Dominato 6, Beynon 9, Foreman 2, Morgan, Fitch 3, Hartwig 5, —56.

Arrows—Byford 11, Grant 4, MacKay 7, Thompson, Shaw 6, Alton 2, Dinsmore 3, Green 5, Moses 14—52.

## KAYHI BEATS LOCAL TEAM

KETCHIKAN — Prince Rupert's Booth Memorial High School team lost the first game of their series here with the Kayhi Polar Bears by a score of 41 to 29 last night.

## URGE RE-OPENING OF ORE PLANT

C.C.F. Club Opposed to Its Being Closed Down

Prince Rupert's C.C.F. Club will urge the provincial government to re-open the ore sampling plant here which has been closed since 1942. The club made the decision at a meeting Tuesday night during which it was mentioned that a move was afoot to dismantle the plant.

According to the report given to the meeting, the plant is to be dismantled because the site near the Ocean Dock is no longer available. The members believed, however, that an ore sampling plant in the city would be of value to small prospectors.

The club also expressed dissatisfaction with the manner in which the new provincial voters' list is being prepared.

Resolutions for the forthcoming C.C.F. convention in Vancouver were discussed.

The meeting was held in the club's new quarters on Fulton Street, George Hills, club president, was chairman. Refreshments were served by the ladies at the conclusion of the meeting.

## COMMITTEES OF CHAMBER

New President Makes His Selections for Year
