C. FIGHTS LOSING BATTLE WITH FLOODS

BUILDING BYLAW SCRAPPED CITY COUNCIL

City's building bylaw, re-enacted last year on the basis of the National Building Code, was scrapped in favor of a comprehensive building bylaw because the aldermen felt it is hindering rather than aiding construction in Prince Rupert.

Robert McKay, chairman of the board of works, recommended that it be scrapped in favor of a new bylaw. Council Tuesday night approved something was slipped up when the stringent bylaw was put into force last year.

Arthur Brooksbank, who is stopping a lot of work, he declared. "That was not the intention of the council."

meanwhile, until a new bylaw is drawn up, the city's existing bylaw, passed 10 years ago with later amendments will be in effect. The complaint against the National Building Code was that it displaced the repairing of existing buildings by the costly construction standards which it imposed.

Brooksbank urged the electrical bylaw be modified, but Ald. T. B. pointed out that the city bylaw is secondary to the provincial legislation subject to it.

George Casey shook his finger at his colleagues and declared that "this is inclined to get cocked and is inclined to come of its own members to the public."

Convention concluding
Prince Rupert Delegates to Salmon Leaving for Tonight

(By Philip M. Ray)
KATON (Special to Daily News)—The convention of the British Columbia Command of the Legion, British Empire Service League, made an early start this morning for the day's business and the gathering will conclude at the banquet tonight tendered at the Bessborough Hotel by the command of the Province of British Columbia.

Col. L. D. Baxter of Winnipeg was elected president succeeding Major General C. B. Capt. G. H. Rochester of Prince Rupert was re-elected honorary member.

DIEPPE SURVIVOR GOING BACK TO WAR—As a reporter (left) looks on, 26-year old Thomas McDermott, of Detroit, Mich., a Canadian commando-survivor of Dieppe (centre), chats in New York with British Major Samuel Weiser, whom he last saw at Dieppe when he boarded a London-bound ship. McDermott is now going back to war. He enlisted to fight for Palestine with the force Weiser is busily recruiting.

NEW HIGH FOR AIR TRAVEL

MONTREAL — Air travel in Canada reached a new high last Friday as Canadians took advantage of a long week-end to travel. Anson C. McKim, vice-president of traffic, Trans-Canada Air Lines, announced here today. With Canadians across the nation making the most of the Victoria Day holiday, extra sections were operated on many T.C.A. routes. The domestic service revenue for last Friday was the highest ever shown by T.C.A. for a similar period.

GYRO TO MEET HERE IN 1949

Arrangements Made for Steamer to Bring District Delegates to City Next Year

Negotiations have been entered into on behalf of the Gyro Club organization for the chartering of a Union Steamship Co. vessel to bring delegates from southern British Columbia and Washington and Oregon States to Prince Rupert for the district convention of Gyro International in Prince Rupert in June 1949, it was reported at the local club luncheon yesterday.

The playground committee, W. M. Watts, chairman, reported to the luncheon that tenders were being received for the new swimming pool which the club is installing in McClymont Park and by June 15 the contract may be let. Playground equipment is now being put out in preparation for the institution of the summer supervised playground activities in July and August.

The club heard that the recent Klondike Night party had netted the club the substantial sum of \$1031.

All Set For Juneau Meet

September 22 and 23 have been finally settled upon as the dates for the holding of the annual convention of the Associated Boards of Trade of Central British Columbia at Juneau, the capital of Alaska. Arrangements have been completed for the charter of the Union Steamship Co.'s coastal liner Chilcotin to take the delegates north from Prince Rupert on September 20, returning here on September 25. Coming north from Vancouver to carry out the charter, the Chilcotin is expected to bring representatives of the provincial government and of the Vancouver Board of Trade to join the party here.

A minimum of 84 delegates is required to fulfil the charter terms. Interior boards of trade and chambers of commerce, who enthusiastically supported the Juneau convention idea at the convention here last year, have pledged themselves to send a substantial number of delegates to join those of the Prince Rupert Chamber of Commerce and Junior Chamber of Commerce.

SCHOOL BOARD TAKES TO AIR

School trustees from Sandspit and Port Clements, accompanied by Inspector E. E. Hyndman, tried out B. C. Airlines' newly installed charter service on the Islands recently. A school board meeting was scheduled for Sunday at Massett so the group chartered the Sea Bee at Sandspit and were in the north island village forty minutes later, avoiding the usual half-day travel by taxi and boat.

Arriving at Massett the plane landed on the inlet and taxied up to the beach in front of Indian Superintendent J. A. Findlay's cottage. The people of the islands think this new air service is the answer to their transportation problems.

At the board meeting Fred Ward of Port Clements and George Fife of Sandspit were elected to fill the two vacancies on the board of trustees. Progress reports on the schools brought satisfaction to all board members. A salary schedule effective September 1, which will bring the Queen Charlotte Island teachers salaries in line with other school districts, was approved. The reconstruction of the Massett school was examined and approved. As a further improvement the board decided to insulate the school building.

GIVEN TWO YEARS FOR WIFE BEATING

Harry Innes, a native, was sentenced to serve two years less a day in Okalla jail by Magistrate W. D. Vance in city police court this morning after he had pleaded guilty to a charge of wife beating. He was told by the Magistrate that, had he not been in ill health the sentence would have been much more severe.

Mrs. Innes, victim of the attack, which occurred earlier this week, is in hospital recovering from a beating which, the Magistrate said, might have resulted in her death had the police not arrived on the scene when they did.

Magistrate Vance said that he was sentencing Innes to the provincial jail rather than the penitentiary because he had learned that he was tuberculous and believed that he would have a better chance of recovery at Okalla.

"If you had been a well man the sentence would have been much heavier," he declared. "When I first learned of the condition of your wife I felt so incensed about it that I would have ordered the lash."

Council Shelves Bylaw Enforcing Taxi-Cab Meters

City council Tuesday deferred a move to make compulsory the installation of tax mileage meters in city taxi cabs and, instead, decided to try out a zone-fare system which had been incorporated in a redesigned bylaw last year.

As a result, the taxis will carry zone charts of the city which indicate how much a driver may charge passengers for various trips.

A delegation of taxi owners waited on council, delivered varying opinions regarding meters, but the majority were not in favor of them. Cherill McIntyre told the aldermen that, at a recent meeting of the taxi owners, attended by 26, there were 17 opposed to meters and eight in favor. The members represent 52 operating cabs in the city.

When discussion revealed that the zoning bylaw which was passed last fall had never been put into effect, Alderman Brooksbank, sponsor of a motion to make the use of meters compulsory, expressed surprise.

"This has brought out something I don't know—that the zoning system has never been applied," he declared. He moved that the law be enforced and that the meter plan be "shelved for a while."

Alderman T. B. Black agreed that, since the taxi men apparently could not agree among themselves about meters, the licensing committee's motion to make their use compulsory should be referred back to the committee.

MORE MONEY FOR CANADA

WASHINGTON, D.C. (By B.C. Police Radio) — United States tourist dollars may pour into Canada's till in larger volume this season as a new law, signed by President Truman yesterday, permits travellers abroad to bring home \$400 of goods duty free. Formerly they had been limited to \$100.

TERRACE SEEKS GOVT. AGENCY AND ADEQUATE FEDERAL BUILDING

TERRACE—Feeling that the growth of population and industrial development in this area warrants its further recognition as an administrative centre, the Terrace and District Board of Trade, at its regular monthly meeting last week, decided to seek the establishment of a separate government agency here. At present the only government agency in Skeena riding is at Smithers.

The Board also decided to press for the erection of a suitable federal building here to house Post Office and other Dominion government departments. The present cramped Post Office quarters have long been held inadequate to local needs.

No Boat, Fishing Party Makes Own

It's grand to get good service, and get it quickly. That is what happened to a trout fishing party from Prince Rupert that went out to Mud Lake along the Ecstall during the week-end holidays.

At Port Essington, it was learned there was no boat at the lake and that was too bad. But Jimmy Donaldson, who lives there, did not think so. He's a handy sort of man. At Brown's mill, he selected pieces of cedar and a few tools. These were distributed, and the hike for Mud Lake was under way.

On the shores of the lake, within the space of five hours, the cedar was converted into a staunch and trim little boat that did not leak a single drop. An outboard motor was attached, but, as a precautionary measure, a pair of oars and rowlocks had been taken along.

Note—Painting was omitted, and launching was strictly informal.

FAVORS HAZELTON ROUTE—Major General F. F. Worthington goes all out for western railway to Alaska.

COLUMBIA IS ON RAMPAGE

Twenty Thousand People Around Pasco and Kennewick

SEATTLE, (B.C. Police Radio) — Several thousand persons fled from their homes in the rich lands of the Pasco-Kennewick area of eastern Washington today as Columbia River flood waters leaped over dykes, flooded several trailer camps, and threatened numerous others. It is reported that 20,000 persons were forced to move. The exodus covered an eight-mile strip.

Skeena River Reaches Record Height; Tracks Submerged For 30 Miles

Flood Flashes

2 P.M.
Skeena River at Terrace still rising. Main highway bridge and approaches still intact.

Railway track at Salvus has been carried across the highway to the opposite side.

Highway bridge just east of Kwinitsa afloat with west end now resting on the railway bridge.

Four feet of water over railway track at Usk late yesterday.

No Let-up In Palestine

Arabs Continue to Strafe Jews in Palestine—"Cease Fire" Rejected

CAIRO, (B.C. Police Radio) — New fighting raged in the Holy Land today as Arab shells pounded the Jews in old and new Jerusalem while King Abdullah, monarch of TransJordan, prayed at Moslem and Christian Shrines in the Holy City. The Jews are cornered in the old walled city as the pace of fighting increases. The Arabs have confronted them with a "surrender or die" ultimatum.

Meanwhile at Lake Success the Arabs Wednesday night rejected the fifth "cease fire" appeal by the United Nations security council but asked that the council suggest methods of ending the war in Palestine. It was suggested today that the Arabs might modify their own demands.

Smuts Wins Big Victory

CAPETOWN—Field Marshal Smuts' United Party, with about half the returns now accounted for, appears to have won a decisive victory following yesterday's general election in South Africa.

Today Smuts was assured of 57 seats while the Nationalists had eight and Labor four.

The Parliament consists of 132 seats of which 76 are required for a clear majority. It seems certain that the United Party will take that many.

THE WEATHER

Synopsis
Widely scattered showers occurred throughout the province during the night. Clear and warmer weather is forecast for today.

Forecast
Prince Rupert—Little change in temperature. Winds light. Fog banks may move in from seawards. Maximum temperatures: Prince Rupert, 60; Massett, 60; Prince George, 78; Smithers, 70; Telegraph Creek, 62.

Four Hundred Miles From Kwinitsa to Prince George in Desolation—Estimates of Damage And Hardship Impossible

With transportation and communication facilities demoralized and efforts being made to set up emergency services, Central British Columbia from Kwinitsa to Prince George, was, like the rest of the province, fighting a losing battle along a 400-mile front today against the worst flood conditions in fifty years. Water in the lower Skeena Valley had this morning reached a level higher than that of the "big flood" of 1936. Failure of lines of land communications all along the way were making it impossible to obtain a clear picture of the situation and the extent of damage and hardship that has been caused by the ravaging waters of Skeena, Bulkley, Nechako and Fraser Rivers.

As weather continued warm and the water levels, already far above the danger mark, continued to rise, it was gloomily conceded that the worst had not yet been reached. Estimate as to when railway and highway traffic might be restored was receding from a period of days into weeks with the immediate concern to bring emergency relief rather than to re-establish for the time being normal services. Whole villages, it is known, have been compelled to evacuate.

Thirty miles of Canadian National Railways line between Kwinitsa and Shames stations was virtually in a state of wash-out this morning after flood waters of the Skeena River had risen another twelve inches during the night and were still going up. Kwinitsa is forty-six miles east of Prince Rupert.

The level of the lower Skeena is now twelve feet above normal high water mark. This was stated this morning to be higher than in 1936. However, grade and track are better than they were then. And the flood this year has not been quite so sudden.

For the thirty mile distance water is now from one to eight feet over the track. Illustrative of the plight of possibly many others in the flooded-out areas was that of E. G. Storey, the section foreman at Salvus, whose station house was flooded up to the ceiling of the first floor this morning with the family sent to the attic awaiting evacuation by boat which would now appear to be the only means. Such furniture as could be was moved to the attic and Mr. Storey ran his car up the side of a hill.

"The Skeena River is still rising and the situation looks tough," was the laconic comment from Canadian National Railway operating offices in Prince Rupert late Wednesday afternoon as they waited for interrupted telegraph communications to bring in piecemeal reports of the ravages of flood waters already strikingly reminiscent of the historic 1936 deluge.

Isolation of Terrace by highway and railway became complete yesterday when 1000 feet of railway track was swept away near Salvus, 58 miles east of Prince Rupert, making the longest of at least seven wash-outs which have now paralyzed the railway line east of Kwinitsa. So far no casualties are reported although many homes are being evacuated in such communities as Remo, Terrace, Usk and Pacific.

In order to give service to cannery points adjacent to Prince Rupert, the railway company announce that a tri-weekly mixed train service will be instituted between Prince Rupert and Kwinitsa. As the flood waters rose and damage lines of land communications all along the way were making it impossible to obtain a clear picture of the situation and the extent of damage and hardship that has been caused by the ravaging waters of Skeena, Bulkley, Nechako and Fraser Rivers. As weather continued warm and the water levels, already far above the danger mark, continued to rise, it was gloomily conceded that the worst had not yet been reached. Estimate as to when railway and highway traffic might be restored was receding from a period of days into weeks with the immediate concern to bring emergency relief rather than to re-establish for the time being normal services. Whole villages, it is known, have been compelled to evacuate.

Canadian Pacific Air Lines, it was announced yesterday, have a freight plane standing by here ready to carry supplies into Terrace and flood isolated points in the interior if emergency arises. Terrace reported last night that there was no serious shortage of food as yet.

Typical of the situation in the Bulkley Valley is the scene at the town of Telkwa where the Bulkley River has overflowed a foot and a half on to the main street. Further along the line a wash-out was reported on the railway at Houston. This would be one of innumerable wash-outs which have, undoubtedly, occurred.

ARMY SIGNALS TAKE OVER TELEGRAPHS

Radio Amateurs Also Standing By in Communication Crisis
Filling the gap left when the raging Skeena River washed out normal telegraphic communications, the Prince Rupert station of the Royal Canadian Corps of Signals today began handling civilian messages over its short wave facilities to other centres in British Columbia.

At the same time, the Prince Rupert Amateur Radio Operators' Association went on an alert basis to supplement the service, if needed.

The R.C.C.S. offices in Westview began pounding out commercial messages to Vancouver when the lines went out early today and it is expected that the station will operate on a 24-hour basis until the crisis is past.

Reprehensible Incident

A DISGRACEFUL INCIDENT of flouting the law and its respected officers took place here on Monday night when B. C. policemen going about their duty of taking into custody an obstreperous individual were set upon by a disorderly mob and beaten, kicked and otherwise assaulted. It was an inexcusable affair. The offender, who seemingly was in a fighting drunken mood, is said to have been an Indian. Many of the persons who engaged in the attack upon the officers and the successful attempt to prevent them from executing their duty were, however, certainly not Indians, so our native friends need not be held to blame.

While it is to be hoped that the persons involved in the incident Monday night may yet be apprehended and dealt with in a manner fitting their reprehensible conduct, there is one thing the police can and will have to do—that is tighten up and become "tough" with the hoodlum element. Repetition of such intolerable affairs as this cannot be permitted. Maybe the police have not been "tough" enough so far. Some fair-minded and decent thinking citizens feel they have not been. Such persons as those who engaged in this set-to upon the police are unsafe to have around. They are a menace not only to the fair execution of law and order but to the public at large.

RECKLESS DRIVING

THE INCREASING NUMBER of convictions on charges of driving cars while intoxicated is something which concerns every citizen. The mixing of liquor and gasoline has in recent years become very prevalent, and all through the province there is an alarming increase in the habit.

Every person who drives a car while under undue influence of liquor is endangering public life. Both pedestrians and drivers of cars alike are at the mercy of those who, in their foolishness and recklessness, deign to drive a vehicle while "under the influence." They are a menace to society and as such are interfering with the rights of the public at large. Any car owner, therefore, who takes the occasion to indulge in alcoholic pursuits should immediately put his car away in some place where he cannot get it under his control. If he is going to drive, he should not drink—and if he is going to drink, he should not drive.

HIGH WATER

HIGH WATER along the Skeena River can be destructive, dangerous and inconvenient. The surging flow carries overwhelming force and power. What this mighty mountain stream can do was witnessed at this season a dozen years ago, when man, with all of his ingenuity and resourcefulness, could but betray his helplessness. This flood may not rival the last, but the threat is here. Nature is kind in this pleasant province, but there comes times when its voice is stern.

If a sizeable river is at hand, nearly any town of average topography risks being flooded. But Prince Rupert is different. It's unlike anywhere else. Not by any stretch of fancy can one call Hays Creek a river. This fairest of cities, fashioned partly on the perpendicular and partly on the horizontal plan, will never be flooded. What—never? Yes, never. It just can't be done.

In the moist and picturesque past, unkind folk have charged that Prince Rupert is the natural home of cloudbursts. These were rebuked, but always more in sorrow than in anger, and in the hope that they would be forgiven, not knowing what they had been saying.

DELIGHTED WITH PRINCE RUPERT

Agreeable surprise with the size, appearance and general attractiveness of Prince Rupert was expressed yesterday by Dr. E. A. Hay-Roe, Edmonton medical practitioner, as he inhaled the clear, fresh air during a brief visit with his old friend, William Terry, and enthused about the harbor, the mountains and the surroundings in general. In the course of a vacation trip to the coast, it was his first visit to the city.

Dr. Hay-Roe was here aboard the steamer Prince Rupert, making the round trip. He will be back again this evening on his way back to Vancouver enroute home.

Mrs. John McKechnie, who left the city in January and has since been visiting in Vancouver, Chicago, Toronto, Ottawa and other points along the way, is now in Montreal and will be sailing in a week's time from Halifax on the Aquitania for a visit until September in her native city of Edinburgh, Scotland.

MIRACLES OF HOME LEAGUE

Letters from Abroad Inspire Salvation Army Workers to Greater Effort

As members of the local Salvation Army Home League worked away at their weekly meeting Tuesday on contents of relief parcels being prepared for sufferers abroad, the divisional secretary, Mrs. J. T. Gillingham, read touching letters of gratitude from recipients of such parcels to whom comfort and succor had been brought some times almost as if by miracle in emergency of urgent need. The gratitude expressed brought tears to the eyes of many of the ladies as they listened, strengthening the conviction and resolve that the important work of God's afflicted people must go on.

One of the letters told of the incident of a young boy whose life was saved by the good food obtained from Home League parcels after his life had been despaired of owing to weakness of his legs through lack of food. The food resulted in his strength being built up, his leg healing and a last resort operation being unnecessary.

Then there was the case of a 14-year-old boy, his face flushed with suffering and lips burned with fever, who was found lying in hospital facing the alternative of amputation of an infected leg or death. "Would penicillin help?" an observant Army officer asked. "Yes, if it was obtainable," the doctor replied. One Home League, the Army officer recalled, had sent penicillin. A car rushed from the hospital to the Salvation Army relief station and the penicillin obtained and administered. The miracle of modern medicine was worked—the boy is now well and still has his leg.

The Home League opened with

Reminiscences and Reflections

By W.J.

After a casual survey of the situation at Terrace, between Terrace and New Hazelton, between Terrace and Prince Rupert, at isolated points anywhere within a hundred miles from the coast, and in cars and boats any old place, one is forced to the conclusion that all the displaced persons do not come from Europe.

A page from a widely circulating magazine, containing an article on Prince Rupert was seen blown around in the Rhineland

IS HONORED BY CANADIAN CLUB

Fifteen years of efficient and conscientious duty by Mrs. A. L. Holtby as secretary was recognized when members of the Women's Canadian Club enjoyed tea in the Civic Centre yesterday afternoon. Some 70 ladies were present.

During the afternoon Mrs. Holtby was presented with a half-dozen beautiful sterling silver coffee-spoons, as a token of appreciation for her long and faithful service. Mrs. D. McD. Hunter made the presentation to which Mrs. Holtby responded. Memberships were renewed and new members welcomed into the Club, which is starting another year of activity under the new president, Mrs. F. N. Eve.

Song and prayer and a Bible reading by the secretary, Mrs. J. Wilkie. There was a brief business session and, after the working period, refreshments were served before the gathering closed with a benediction.

recently. The day was rather windy. Finally it dropped in a garden, to be picked up and read with interest by a comfortable looking house frau. It was not the first time fliers from Prince Rupert have been observed in Germany.

Because of the legion convention this week, Saskatoon becomes a centre of Canadian public interest. Its quiet history goes back to the early eighties and the rebellion. The real founders are said to have been a group that insisted on every citizen or visitor or resident being strictly temperate. Liquor in any form could not be tolerated. Nevertheless, Saskatoon survived. It must have been the location and climate or something like that.

PLANTS MAPLE AT BIRTHSITE

Canadian Woman Lands at Prestwick Airport Where She Was Born

MONTREAL—A small Canadian maple seedling yesterday waved gently in the breeze at Prestwick Airport, planted by a woman who was born on the spot where her Trans-Canada Air Lines North Star touched down after its flight from Montreal.

The woman was Mrs. John McKelvie, who for the past 40 years has been a resident of Winnipeg. Some 60 years ago Mrs. McKelvie, then Lilly Craig, was born at Aitkenbrae, a farm owned by her father and one of three taken over when Prestwick Airport was

constructed. The farms have long since disappeared and have been replaced by the long runways that played an important part as the British terminal for the Royal Air Force Ferry Command during the war. Now it is one of the major terminals for commercial world airlines.

Accompanying his wife was John McKelvie who is returning to his native land after an absence of 40 years. He is past president of the St. Andrew's Society of Winnipeg and for a number of years organized the Highland games in that city.

With Mrs. McKelvie on the plane came a maple seedling which she planted yesterday in a specially prepared spot at the airport. A guard fence will be erected about the small tree which bears a plaque recording the circumstances of the ceremony.

It was a happy homecoming in other ways too—for Mrs. McKelvie who hasn't visited Scotland since 1902. On hand to greet her was her sister, Miss Agnes Craig, who lives near Prestwick. The couple will return to Winnipeg in July.

WHY THE 'PINK SLIP' LAW?

WHAT IS IT?

Its real name is the Safety Responsibility Law. It is the result of careful study by Committees appointed by governments of the ACTUAL experience of various Provinces and States over a period of ten years and includes added improvements.

WHY DO WE HAVE IT?

It REDUCES accidents by eliminating the careless driver.

HOW DOES IT PROTECT ME?

The new law forces the automobile driver or owner to accept responsibility for accidents caused by him. If not, he's barred from the road.

HOW DOES IT WORK?

- What is the "Pink Slip"?

The so-called "Pink Slip" given you by your insurance company is your proof that you are insured. If you have an accident, by showing your card you prove that you can pay any damages for which you are responsible and your car is not impounded.

- What happens if I don't have a "Pink Slip"?

If you don't hold a "Pink Slip" or other adequate proof that you have insurance, your car is impounded and your license suspended until you can prove your ability to pay for damages.

- How are damages collected from a motorist who cannot pay?

If the guilty motorist cannot pay damages, a fund has been set up by the insurance companies called the "unsatisfied judgment fund" to pay such claims. The car of the guilty motorist is impounded and his license suspended until he has paid back into the "unsatisfied judgment fund" the amount of the claim, and he is further barred from driving until he establishes financial responsibility for the future.

- What happens to the accident-repeater?

If refused insurance by three insurance companies, he can then apply to a committee of insurers for insurance. If he is unfit to drive, he is off the road and rightly so.

IS IT A GOOD LAW?

Experience in other territories proves the "Pink Slip" type of law reduces accidents whereas compulsory insurance increases them.

Figures show that 40% of the fatal accidents and 35% of all accidents are caused by "Repeaters," who constitute only 4% of the drivers on the road.

Let's keep the accident repeaters and irresponsible drivers off the road.

As experience proves necessary the minor difficulties that are encountered in the administration of any new law will be ironed out.

This legislation which is designed for safety and responsibility gives maximum protection to the public at large.

LET'S ALL GIVE THE NEW LAW A CHANCE!

LAWN BOWLING SEASON OPENS

President Beats Vice-President In Initial Match

Monday saw the opening of the lawn bowling season at the Canadian National Recreation Association greens. A large number of members were present and the dampness of the weather did not daunt their spirits. Eight teams were drawn for the President versus Vice President match. After playing fifteen ends the President's side won by a score of 56 to 48.

Following the games, J. Frew presented the President with a fine silk hat. After the exchange of greetings the president drew two rabbits from the hat and very graciously gave one of the rabbits to his opponent.

Arrangements are being made for league games to start immediately.

TERRACE WINS OVER TELKWA

Close Baseball Game Featured Victoria Day Celebration

TERRACE—Terrace defeated Telkwa 4 to 3 in a keenly contested baseball game which highlighted the Victoria Day celebration program here on Monday.

In the tug-of-war contest Orange Lodge won over Kinsmen.

Rain notwithstanding, races for children and field sports proceeded in the morning.

Ball teams which came from Prince Rupert did not wait to play but hastened back to the coast in view of the Skeena River flood threat.

Record for King's Plate is Set Up

TORONTO. (P)—A record for the King's Plate but not for the track was made Monday when Jim Fair's colt Last Mark won the King's Plate, doing the distance of a mile and an eighth in 1:52 minutes flat. A colorful Victoria Day crowd of nearly fifty thousand saw the race.

SEVERE LAWS

IN THE SUPREME COURT OF BRITISH COLUMBIA IN PROBATE

In the Matter of the Estate of Carl Andrew Norlander, Deceased, Intestate
TAKE NOTICE that by Order of His Honor Judge W. O. Fulton, Local Judge of the Supreme Court of British Columbia, I was on the 7th day of May, A.D. 1948, appointed Administrator of the Estate of Carl Andrew Norlander, deceased, late of Prince Rupert, British Columbia, who died on or about the 31st day of January, 1948, at the City of Prince Rupert, British Columbia. All persons indebted to the said estate are required to pay the amount of their indebtedness to me forthwith and all persons having claims against the said estate are required to file them with me properly verified on or before the 15th day of June, 1948, failing which distribution will be made having regard only to such claims of which I have notice. DATED at Prince Rupert, B.C., this 10th day of May, 1948.
GORDON FRASER FORBES, Official Administrator, B.C. (125)

C.N.R.A. WHITEWASHES CO-OP IN SEASON'S FASTBALL OPENER

C.N.R.A. 11, CO-OP 4

Canadian National Railways' Athletics were playing for keeps at Gyro Park last night when they opened the fastball season by walloping Co-op 11 to 4 in the first game of what probably will be the most competitive season in years on the small diamond.

Getting off to a slow start, the railwaymen clouted the wharfsiders into confusion in the fourth and fifth innings of the city league opener, thereby establishing a position which will take careful maintenance.

Lest there be any confusion on the part of the absent fan, let it be stated at the start that the conflict was well larded with errors on both sides a condition that is practically inseparable from the raw condition of the players at this stage of the schedule.

However, both coaches and bleacher critics are hopeful that, as the season advances, the calibre of play will improve to some comparison with that of the city's favorite winter sport—basketball. After all, it takes time to develop a team and even longer to develop several of them.

Co-op marked up the first run of the season when Spiro Postulo made the circuit, scoring on an error. They failed to make another run until the fifth inning.

C.N.R.A.'s ledger remained a blank until the fourth when Schwab, Vanetta, Paulas and Tschabold scored. In the fifth, Vanetta, Paulas, Hay and Tschabold came round again, totaling eight for the railroaders.

In the fifth, Co-op scored two runs, Slater getting on base on a fielder's choice and Smith on a base on balls. Warren brought in Co-op's final run in the eighth after getting a base on balls.

C.N.R.A. scored their ninth run in the sixth inning when Stephens, getting a base on balls, came home on a fielder's error. The railwaymen's final two runs came in the eighth when Stephens clouted a single and came home on a series of errors, and Cembella repeated the performance.

BASEBALL SCHEDULE

ROYAL CITY CANNED FOODS

Is Inspired By Master

Interview with Rubenstein Sets Marie Balagno-Lunquist On Quest of Great Piano Award

Encouraged and inspired by an interview and audition before the eminent piano master, Artur Rubenstein, gifted Marie Balagno-Lunquist of Seattle, daughter of Mr. and Mrs. C. P. Balagno of Prince Rupert, has abandoned plans for a recital tour of the United States, and, instead, will devote the coming year to intensive practice in the hope of winning the Rachmaninoff Prize, one of the most coveted awards in the field of piano achievement.

In an enthusiastic letter to her parents, Marie tells of her interview and audition with Rubenstein in the ballroom of the Olympia Hotel. After hearing her play the Chopin "Scherzo," Rubenstein told the local girl that she played "not only like a man but like two men," that he was amazed at her wonderful technique.

Marie would have gone on playing Chopin but the master said that he was satisfied with her technique so Brahms' "Intermezzo in E Minor" was settled upon and then the Bach "Chromatic Fantasy and Fugue."

Thereupon Rubenstein suggested a try for the Rachmaninoff Prize which amounts to between \$15,000 and \$20,000 with the opportunity to study abroad as well.

The Rachmaninoff competition involves a test which is described as "terrific"—three concertos, all the biggest works of all the composers—Brahms, Paganini, Beethoven, Rachmaninoff, Tchaikowsky, Bach, Schumann—eight or nine hours of solid study and practice per day.

It was an interview of an hour

Seasonable Ideas for Housekeepers

GOOD RELIABLE RECIPES ARE KEY TO SUCCESSFUL HOME MAKER

The woman who cooks with a handful of this, a dash of that, a piece of butter the size of an egg and a teaspoon of sugar, usually turns out very acceptable dishes but she is always a homemaker with long years of practice.

Then there is the experienced chef who is really a creative artist and approaches his cooking as a painter develops his picture with bold strokes: such a chef scorns recipes which cramp his style and take the element of chance out of his cooking.

But Mrs. Average Homemaker prefers to have good reliable recipes which she follows exactly in measurement and manipulation. If she knows the general rules for cooking eggs, meat, cereals and vegetables and has a few standard recipes that always give the same excellent results, she will soon win a reputation as a perfect cook.

Home economists say that, with basic recipes for cake, baking powder biscuits and white sauce and a little imagination, endless delicacies may be made.

Standard Cake

1/2 cup shortening
3/4 cup sugar
2 eggs
1 teaspoon vanilla
2 cups sifted pastry flour
or 1 1/2 cups sifted all-purpose flour
1/4 teaspoon salt
3/4 cup milk

Cream shortening until fluffy; gradually cream in sugar. Add beaten eggs and vanilla and beat thoroughly until light and creamy. Mix and sift flour, baking powder and salt and add a third at a time alternately with milk, combining lightly. Bake in a greased cake tin (8 X 8 X 2 inches) in a moderate oven, 350 degrees F., for 40 to 45 minutes. Turn cake out on a rack to cool.

This cake may be varied by different icings or by the addition of spices, nuts, raisins, coconut or peel added to the batter before baking.

Baking Powder Biscuits

2 cups sifted all-purpose flour or 2 1/4 cups sifted pastry flour
3 teaspoons baking powder
1 teaspoon salt
3 tablespoons shortening
2-3 cup milk

Mix and sift flour, baking powder and salt. Cut in shortening until mixture resembles fine bread crumbs. Add milk slowly to make a soft but not sticky dough. Toss on a floured board and roll lightly 1/2 inch thick; cut, place on a baking sheet and bake in a very hot oven, 425 degrees F., for 12 to 15 minutes. Makes 12 medium biscuits.

Short cakes and cobbles may also be made from this recipe. For dumplings, reduce shortening to 1 tablespoon and increase milk to 3/4 cup.

White Sauce

Many dishes have a base of white sauce. Use the type of sauce best suited to the special need.

Thin:—1 tablespoon flour, 1 tablespoon fat, 1 cup milk, 1/2 teaspoon salt.

Medium:—2 tablespoons flour, 2 tablespoons fat, 1 cup milk, 1/2 teaspoon salt.

Thick:—5 tablespoons flour, 3 tablespoons fat, 1 cup milk, 1/2 teaspoon salt.

Melt fat and blend in flour and salt. Gradually add warm milk, cook over direct heat, stirring constantly, until thick. Complete cooking over hot water.

Pureed or chopped vegetables or strained tomatoes added to this sauce make a delicious variety of creamed soups.

The addition of hard-cooked eggs, mushrooms or vegetables to the basic sauce give endless variations for luncheon or supper dishes either served on toast or in casseroles.

Cheese, chopped parsley or chopped hard-cooked eggs used in medium white sauce may be used on vegetables, meat croquettes or fish.

Thick white sauce is a basis for souffles and croquettes.

HEART BEATS ARE VISIBLE

TORONTO.—Apparatus that can take x-ray photographs at near motion picture speed soon may give physicians a look at the human heart in action. The new device, at the Sick Children's Hospital here, can take four x-rays a second and is being used in the examination of blue babies. With this new diagnostic x-ray camera doctors have discovered that the heart in a blue baby has a short circuit.

Legion Favors Immigration

Courtesy B.C. Police Radio

SASKATOON, S.—The national convention of the Canadian Legion yesterday declared its support of a new immigration policy, approving entry of considerable numbers, "particularly Britons," and a fair share of displaced persons.

and a half that the Prince Rupert girl, who has already reached the heights of musical achievement, had with Rubenstein—"a most wonderful person, so kind and generous," before whom nervousness simply disappeared to be replaced by confidence and ease. "Wearing an old sweater, like any other man in his fifties, he looked just like his pictures," writes the local girl. "I was simply in a daze of excitement, when I left," she writes.

"SALADA" TEA BAGS

So handy

BUYS AND WHYS BY Barbara Brent

A weekly shopping and information service for today's woman

MONTREAL, May 27th.—Be sure your feet are as dainty as they look in those fashion-wise new shoes of yours! Spray away perspiration problems with Sno-Mist. Spray the new powder-spray deodorant! Spray it right inside your shoes, on your feet . . . or in your stockings . . . for there's never a worry about it being harmful to materials. And it's the quickest thing I know for head-to-toe freshness—banishes body odour instantly and clings like a fine face powder to give you all-day-long protection. "Careerists" I know keep Sno-Mist handy in their office desks—freshen up in the washroom at the end of a hectic day. And no bathroom cupboard is complete without it! So ask your druggist for SNO-MIST Powder Spray Deodorant—The one and only deodorant with an atomizer top!

I Wish You Could See my newly decorated kitchen . . . it's as bright and cheery as can be—and all thanks to those gorgeous "Decal" transfers! What fun they are to apply! I chose a gay tulip design for my white kitchen cupboard—bread box and salt-n-pepper containers. There are other "Decal" designs for kitchens, too . . . and special playroom, bathroom and nursery "Decals" for decorating walls, furniture and accessories. You should see them for yourself to really appreciate them! So why not take advantage of this free offer? . . . sample "Decal" Transfer! If you'll just tell me which room you plan to decorate, I'll send you a suitable design. You'll find it so very easy to apply . . . and easy to remove, too, when you want to change your colour scheme! Write to me—Barbara Brent, 1411 Crescent St., Montreal, P.Q.—for your free "DECAL" Transfer! And remember, you'll find "Decals" at paint, hardware, chain and department stores everywhere.

What a Bright Beginning to a May morning! . . . a big bowlful of "Cream of Wheat"! I make a morning habit of it . . . find the hours before lunch run more smoothly and I get lots more work done when I'm fortified with a good "Cream of Wheat" breakfast! Yes, it's true—this smooth, delicious breakfast food is a favourite in thousands of Canadian homes. It's good and good for you! "Cream of Wheat" you see, is fairly brimming with blood-building iron . . . it provides important Calcium and Phosphorus for diets deficient in these elements. And it costs less than 1c a bowl. Remember this when you're buying "CREAM OF WHEAT"—the breakfast food made in Canada from Canadian wheat.

It's a Gift! Yours for the asking is this free sample of Z.B.T. Baby Powder . . . a gift for baby—and how he'll love it! You see, Z.B.T. is the baby powder made with olive oil . . . made with scientific care for baby's tender skin. Completely moisture-resistant, Z.B.T. protects baby day and night—winter and summer—from the squinty irritation of "acid moisture". Every time you change baby's diapers, be sure to smooth on moisture-resistant Z.B.T. to keep him comfy and happy day in, day out! Write to me today . . . Barbara Brent, 1411 Crescent St., Montreal, P.Q. . . . for your free sample of Z.B.T. BABY POWDER!

Warmer Days mean wide-open windows and if you're a city-dweller, as I am, you'll find that curtains have an unhappy way of "absorbing" soot! Well, here's one good way to keep your curtains cleaner longer. Starch them with Lint, that fine starch that's a household "byword" with so many homemakers I know. You'll find that Lint not only makes ironing easier, but that Lint-starched curtains look fresher—seem to shed the dirt that blows in your windows! That's why I URGE you to keep pesky dirt at arm's length the Lint way! It's wonderful for shirts, collars, blouses, lingerie. Ask your grocer tomorrow for LINT!

Discovered! The dessert keyed to the merry mood of May! It's JELL-O—sparkling, cheerful, gorgeous-looking Jell-O—to grace the loveliest table at Maytime parties, or provide the answer to a busy mother's dream of leisure. So very simple to prepare—with out-of-the-world results. Fun too, when you colour-scheme your desserts with Jell-O. Chill a layer of Lemon-Jell-O until firm, then add a layer of Lime Jell-O. Most effective! Remember, Springtime—Summertime—anytime—thrifty Jell-O on the kitchen shelf is the solution to any dessert problem.

Mrs. Smith has gone shopping . . . Mrs. Jones is out to tea . . . Mrs. Brown is entertaining . . . but poor Mrs. Green—where's she? She seems to spend a most weekly use of Gillett's Drain Cleaner! Just two tablespoons a week in your drains keep them clear—make tubs and basins easy-to-clean—save time, trouble and plumber's bills! Ask your grocer tomorrow for GILLETTS DRAIN CLEANER, then, for best results, follow the instructions on the label!

Summer Playtime is just around the corner . . . and the youngsters in your family will be thrilled by these wonderful new VINYLITE inflatable Toys! So will you! For they're safe as safe can be. That magnificent Wading Pool, for instance. Gayly colourful in your back yard, it's big enough for the children to splash around in, yet extremely simple to inflate. And there are amazing animals to float in it . . . frogs—whales—beach balls for the children to play with while you relax on a Vinylite Buoy-o-buoy cushion. Truly, there's scarcely a thing for summer playtime that you can't find in Vinylite Plastics. When you're buying—remember to look for the Vinylite Plastics trade-mark . . . it's your assurance of fine products tested and approved by "The Better Fabrics Testing Bureau".

If You're Worried About The Cost of Living—and what housewife isn't—here's a thought. Your family's favourite summer breakfast . . . Kellogg's cereal with milk and sugar, includes three foods which show the smallest percentage increase over pre-war prices. So when your children ask for delicious, nutritious PEP, the crisp whole wheat that's good to eat, you can feel happy about getting it for them, budget-wise as well as flavour-wise and nutritious. And they'll be particularly happy because they get 2 free Transfers in every package. The Transfers are such fun to use. There are 64 exclusive designs to collect—dogs, butterflies, sports and aeroplanes.

No Need to Discard That Still-Good Slip because the seams "split" over and over again! If the material itself is still sound, you can get seasons of wear out of your slip by re-sewing the seams with Corticelli Nylon Sewing Thread! Durable—elastic . . . it provides the needed "give" in seams that makes for longer wearing. It's an excellent idea to go over the seams of new slips with this wonderfully strong thread . . . it's a "stitch-in-time" that's well worth the effort! So, to assure yourself of a lingerie wardrobe with "stay-put" seams—ask for CORTICELLI Nylon Sewing Thread. You'll find it in a variety of colours so lovely that you'll want several of each!

Gordon's HARDWARE

Stewart branch of the Canadian Legion put on a very successful Empire Day dance in the Legion Hall on Saturday. Premier residents turned out in large numbers and made a decided contribution to the success of the dance. Music for the dance was supplied by Mrs. Jean Stewart and Mrs. L. A. Behsen at the piano and Walter Hansen and W. S. Orr on the drums. Members of the Premier orchestra helped out during the evening.

J. P. Garlick, liquor vendor, leaves Monday night on the Cardena for his holidays. First stop will be at Prince Rupert where he will visit his parents.

George Green, district manager for the Imperial Oil Limited, left Monday night after spending a week on inspection here.

F. M. Burns and Mr. Vees of the Canada Customs spent a week here on a visit of inspection and left for the south on the Cardena Monday.

James (Shorty) Carson of Premier was a passenger on the Cardena southbound Monday for his summer holidays.

Last Thursday the Child Care Committee of the Women of the Moose, under the chairmanship of Mrs. Ann Geddes, sponsored one of the finest chapter night programs ever held in the district. Mrs. Vera Lawrence and Mrs. Veronica Fisher carried away the honors for the evening. The special gift was presented to Mrs. Edith Wilkinson. Following the program an elaborate supper was served to members and guests with Mrs. Maryetta Newell presiding over her birthday cake.

TERRACE CANCER SOCIETY FORMED

TERRACE—At a meeting Tuesday night, Dr. John Ganshorn, Vancouver cancer specialist, and Rex C. Bell, executive secretary of the Canadian Cancer Society for British Columbia, set in motion the organization of a Terrace cancer society. C. J. Norrington acted as chairman pro-tem of the meeting and a committee consisting of Brock Norbert, chairman, and Walter Chesher, secretary, was elected to proceed with the organization.

Yesterday Dr. Ganshorn and Mr. Bell, their itinerary interfered with by the interruption of railway service owing to Skeena River floods, left by plane, for Prince Rupert enroute back to Vancouver.

Mine Supplies Landed by Air

STEWART—Supplies for the Big Four Silver Mines were successfully landed within a few feet of the bunkhouse on the Prosperity claims by Queen Charlotte Airways. The property is at an elevation of five thousand feet and, with prevailing winds, the job of landing the supplies was a rather tricky one.

CELEBRATION AT STEWART

Victoria Day Celebrated in Spite of Showers

STEWART—On Monday children's sports were held under the auspices of the Canadian Legion branch. Unfavorable weather conditions prevailed and it looked for a time as if the sports would be rained out but, fortunately, the showers held off until after the races were run. The four contestants in the tiny tots' race finished the course in tears but smiles broke out through the tears when they were given a prize of a dime. Other winners were:

- Boys, 8 and under — Freddy Stewart, Reg Crozier.
- Girls, 8 and under — Laura Lawrence, Frances Macleod.
- Boys, 10 and under—Kenny Nelson, Alan Bredy.
- Girls, 10 and under—Laraine Bredy, Gloria Lawrence.
- Boys, 12 and under—Raymond Burnett, Johnny Kustas.
- Girls, 12 and under — Laraine Stevens, Barbara Lawrence.
- Boys, 14 and under—Raymond Burnett, Johnny Kustas.
- Girls, 14 and under—Laraine Stevens, Mary Manojlovich.
- Boys, 16 and under—Raymond Burnett, Johnny Kustas.
- Girls, 16 and under—Joyce Bredy, Violet Manojlovich.
- Sack Race—Johnny Kustas, Rex Dickson.
- Three-legged Race — Joyce Bredy and Violet Manojlovich, Raymond Burnett and Johnny Kustas.

Starter was W. S. Orr and the judges were Sam Kirkpatrick, Jack Wolstenholme and Ray Snyder of Hyder, Alaska, and Roy Sharpe, secretary of the branch.

Ice cream and peanuts were given to the contestants. Just then the rain came and the other items had to be cancelled.

Timely Topics from Terrace

Various articles donated by the members were disposed of at a Chinese auction in aid of the Women's Institute May Queen candidate on Thursday evening at their regular monthly meeting held in the Orange Hall.

Those donating articles were Mrs. T. Olsen was in the chair. Mrs. J. McLeod, Mrs. M. Jones, Mrs. D. Little, Mrs. Garlick. The installation of a kiln for pottery making will be undertaken in the near future as the kitchen quarters of the officers' mess near the Civic Centre are being rented from the village commissioners for that purpose.

Miss Janet Wade travelled to Prince Rupert on last Tuesday's train, returning by car with the Cheshers on Wednesday.

A. Atree left last week for Vancouver where he will enter Shaughnessy Military Hospital for treatment. Before returning home here he intends visiting his son and daughter-in-law, Constable and Mrs. Ken Attree at Penticton.

Mrs. T. Olsen is leaving today for Vancouver where she will attend the Women's Institute conference to be held there at the beginning of June.

W. C. Osborne drove to Prince Rupert last Thursday, accompanied by Mrs. Osborne and their daughter, Mrs. H. Pache, who left on the steamer for Vancouver where Mrs. Osborne will enter hospital for treatment.

Miss Freda Hall arrived on Friday to spend the weekend with her parents here.

Mr. and Mrs. Duncan de Kergomeaux, accompanied by Miss Daisy Wishart, arrived by car on Friday from Port Edward to spend the weekend with relatives here.

Mr. and Mrs. Bert Rowbottom and son Jack of Port Edward passed through Terrace on Fri-

day enroute to Lakelse Lake where they spent the weekend.

Little Darrel Jones was treated at the hospital last week for a severe cut under his chin sustained when the tricycle he was riding hit a rock and he was sent flying over the handlebars.

Apple trees in full blossom formed a beautiful canopy for the guests in their colorful summer dresses at a "Blossom Time" tea held on the lawn Thursday afternoon at the home of Mrs. McLeod. Sponsored by the Ladies' Guild to the Knox United Church the affair was an unqualified success. Those helping to serve tea were Mrs. Gavan, Mrs. Barr, Mrs. Bruce Smith, Mrs. Ross, Mrs. Haaland.

MAY QUEEN AT TERRACE

TERRACE—Joyce Cote, Odd-fellows' candidate, was Terrace's May Queen this year. The contest, sponsored by the Kinsmen Club, had been running for some weeks with competition being keen among the five candidates.

On Monday afternoon the reigning queen, Irene Haugland, handed over the crown and robes of office to the queen-elect at a ceremony at the Civic Centre ball grounds.

The other four candidates were the maids of honor. The standing of the candidates was as follows:
I.O.O.F.—Joyce Cote, 1832.
Catholic Women's League—Rose Marie Teraut, 1192.
L.O.L.—Lorna Melvin, 1105.
Canadian Legion — Marie Lindstrom, 1033.
Women's Institute — Vera Frank, 779.

LETTERBOX

APOLOGY
Editor, Daily News:
This is a letter of apology to the doctors of Prince Rupert for any remarks I made at the last city council meeting in connection with the chlorination discussion that might have offended them.

I have always felt that the doctors are sincere in their attitude in the matter and they are doing what they consider best.

However, their viewpoint does not agree with that of a large section of the public of Prince Rupert.

Chlorination has been in effect for some time and it is only fair to those who are opposed to it to allow use of the water in an unchlorinated state.

If at any time, it is found in any way detrimental to the best interests of Prince Rupert, I shall be one of the first to recommend re-chlorination. We have the plant and it can be put back into operation again at very short notice.

ARTHUR BROOKSBANK

TERRACE BRIDE-ELECT HONORED

TERRACE — Honoring Miss Margery Doll whose marriage to David MacKay will take place on June 2, Mrs. J. Gordon held a delightful miscellaneous shower at her home on Thursday evening last. Seated in a decorated chair before a table piled with gifts and over which was suspended a decorated watering can, the bride-to-be opened her packages and then thanked all for the gifts and good wishes. A tiny bean pot from the honoree's small nephew, Darrell Jones, caused a lot of amusing comments and the evening was a jolly occasion for all there. Refreshments were served by the hostess with the assistance of Miss Marion Head. Among those present were Miss Doll and her mother Mrs. H. Doll, Mrs. Gordon, Mrs. Seaton, Mrs. McKay, Mrs. Casey, Mrs. L. Calder, Mrs. Judd, Mrs. McNabb, Mrs. Best, Mrs. Dubeau, and the Misses M. Head, D. Cole, M. Little, C. Whalen, D. and I. Haugland, M. Honke, G. Little, O. and J. Kirkaldy.

TERRACE CROWNS ITS MAY QUEEN

TERRACE—The culminating event of the Victoria Day celebration here was the colorful ceremony of crowning in the Civic Centre of Joyce Cote as Queen of the May. Irene Haugland, last year's Queen, placed the crown. The new Queen was presented by Jack McLeod, president of the Kinsmen's Club, and Emil Haugland, chairman of the board of village commissioners, handed over the scroll of authority. Master of ceremonies was George McAdams. There was interest in the raffle of a trillight which was won by Lucille Bailey.

ANCIENT SCIENCE
The oldest scientific instrument is believed to be the astrolabe, invented by the Greeks 2,000 years ago to tell the time and latitude.
