

Churchill Thunders Against Labor Government

APPEARS IN COURT—J. Albert Guay, 32-year-old Quebec jeweller, Saturday was formally charged with the murder of his wife, one of 23 killed when a Canadian Pacific Airlines plane exploded and crashed near Quebec Sept. 9. Right photo shows Guay hiding his face from photographers as he was led into the Quebec court house by police officials. Left shows Guay, surrounded by police, as he heard the charge read. Police claim Guay had a home-made bomb, which exploded, placed aboard the plane. (C. P. Photo)

KEY WITNESS—Mrs. Arthur Pitre, 41, is the key witness in the police case against J. Albert Guay, Quebec jeweller charged with the murder of his wife, one of 23 killed when plane exploded and crashed a Canadian Pacific Airlines near Quebec Sept. 9. Mrs. Pitre is under police guard following 72 hours of unconsciousness from an overdose of sleeping pills. (CP Photo)

MURDER VICTIM—Mrs. Albert Guay, 28-year-old wife of a Quebec jeweller, died Sept. 9 with 22 other persons in the wreck of a Canadian Pacific Airlines plane and police have charged her husband with murder. Police say the man had explosives placed aboard the plane. (CP Photo)

HELD IN MURDER—J. Albert Guay, 32-year-old Quebec jeweller has been charged with the murder of his wife, who died with 22 others Sept. 9 aboard a Canadian Pacific Airlines plane at Sault Au Cochon, Que. Police claim Guay had dynamite placed aboard the plane and that a love triangle and a \$10,000 insurance policy motivated the slaying. (C. P. Photo)

APPEAL BILL GETS HOUSE SUPPORT

OTTAWA (CP)—The House of Commons has put its stamp of approval on the principle of a government bill aimed at abolishing appeals to the Judicial committee of the Privy Council. Members rejected a Progressive Conservative amendment to shelve the legislation for six months on grounds that to abolish the Privy Council appeals at this time would be a declaration of lack of solidarity within the Commonwealth. There was no formally recorded vote on the matter.

In the opening proceedings of Tuesday's session Finance Minister Abbott announced that as a result of amendments last year to the Income Tax Act, union dues are no longer exempt from income tax.

Mr. and Mrs. E. D. Manson and daughter left today by air on a trip to Vancouver.

Radar Screen On American Coasts

WASHINGTON (CP)—The Air Force said today that radar air defence systems are operated on both coasts of the United States and in Alaska. Beyond confirming its existence, however, the air force declined to give any details.

GUILTY VERDICT RETURNED IN RAPE TRIAL

An Assize Court jury Tuesday afternoon took 20 minutes to on two counts against Peter Williams, Skeena River cannery worker after his day-long trial before Mr. Justice J. O. Wilson.

The jury filed from the court room at 4:40 after hearing Mr. Justice Wilson's hour-long summation, then returned at 5 o'clock to announce that they had found Williams guilty on a charge of rape and also of a charge of having had carnal knowledge of a 13-year old native girl at Cassiar cannery last August 13.

Williams will be sentenced at the end of the Assizes, Mr. Justice Wilson said as he remanded him in police custody.

The court sat in civil session this morning to clear up a docket of four divorce cases and was scheduled to begin its final criminal proceedings at 2:30 this afternoon when Earl Johnson, Nanaimo fisherman comes to trial for the murder of his brother, Vic Johnson aboard a boat here on August 13.

In instructing the Williams jury, Mr. Justice Wilson adjured them to remember that the dispensation of justice to a native was equally as necessary as it would be to a white person.

"In this court, all people are equal," the judge declared. "That is the basis of justice. Justice for this man is just as important as if he were the most prominent person in the land."

Williams displayed no emotion as he heard the jury's verdict and remained passive as he was led from the court room by a police constable.

Services of an interpreter were required as the 13-year old victim of the attack recounted her story. She said that Williams had broken into the family cabin on the night of August 13, threatened to "beat her up" if she did not drink liquor which he offered her. She said that she had four drinks and remembered nothing until she woke up in hospital in Prince Rupert later.

A short time before Williams entered the cabin, the girl testified, her mother had come home drunk and had gone immediately to sleep. An attempt by the girl to arouse her mother had failed.

Blood-stained garments, said to belong to the girl and to Williams, were presented as evidence.

Halibut Board Hearing Local Views This Afternoon

For the specific purpose of obtaining views of the fishermen and the industry on possible ways and means of spreading out the annual fishing season and the supply of fresh fish, whereby a larger quantity of fish might be taken and certain stocks more suitably exploited, the International Fisheries Commission is holding a public hearing in Prince Rupert this afternoon.

The Commission arrived in the city on the Prince George this morning from Vancouver after having held sessions there and in Seattle. It goes on tonight to Ketchikan, Petersburg and Juneau.

The Commission consists of G. W. Nickerson of Prince Rupert, chairman; E. W. Allen of Seattle; George Clark of Ottawa, and Milton James of Washington D. C.

Travelling with the Commission as observers are Dr. J. L. Hart of Nanaimo Biological Station, Mr. Ozer, legal adviser to the Department of Fisheries, Dr. Chapman, special assistant to the United States Secretary of State, Mr. Day, adviser to the United States Fish and Wildlife Bureau and Mr. Chenney, legal adviser to the Bureau.

Mr. Nickerson is back in Prince Rupert after a three months' business trip to Eastern Canada.

Demands Parliament Throw Out Specialist Administration

LONDON (CP)—Winston Churchill asked Parliament today to throw out the Labor Government which succeeded his own regime in 1945.

"Most of us agree that it is high time for another Parliament and that all our difficulties would have been a much better chance of solution in a new House of Commons," the Conservative leader declared. "It will generally be believed that the hour is grave."

Churchill opened the second day of debate in the three-day emergency session brought on by the government decision to devalue the pound.

He said that Britain has reached a point which is "both serious and strange and over all there looms and broods the atomic bomb which the Russian Soviet, which, for reasons not yet explained, have got before the British, though happily, not before the Americans."

A Conservative amendment to a government motion of confidence states that a return to prosperity "can never be assured under the present administration."

If the amendment should carry—which is hardly even a possibility—Parliament would be dissolved and an election called immediately.

Churchill said that his new government could set the British pound free to find its own level in the world markets.

He said that Britain must cut taxes to increase incentive to work, especially among wage earners and ease up on "needless and vexatious controls."

THREE YANKEE PLAYERS FINED

NEW YORK (CP)—For alleged mistreatment of an umpire, three New York Yankee players received fines totalling \$500. They are outfielder Cliff Mape, \$200; catcher Ralph Houk, \$150; and Manager Casey Stengel, \$150. The trouble started over the winning run in a game which the Yankees lost to Boston 7-6 on Monday.

Mr. and Mrs. G. A. Hunter, who have been on a trip to Montreal, Toronto and Vancouver, will return to the city on the Coquitlam this Friday.

CONVICTION OF PORT ESSINGTON MAN QUASHED

Honorable Mr. Justice Wilson, sitting in Supreme Court Chambers this morning, quashed a conviction recently made against Harold F. Behm, of Port Essington, for allegedly permitting persons to be on a beer parlor premises after hours.

The conviction was made by Magistrate Glassey, sitting in Prince Rupert on September 8.

On application to quash the conviction, T. W. Brown appeared for Harold F. Behm, and Mrs. M. Willa Ray, for the Crown.

Ted Ivay, B. C. Inspector of Apprenticeships for the federal Department of Labor, will arrive in the city October 3 to discuss the question of apprenticeships with city business men. He will be here until October 6.

NAVY AIDS SHIP—Track of one of the longest tows ever undertaken by the Canadian Navy is reviewed by Cmdr. F.W.T. Lucas, chief of staff on the Atlantic coast, right, and Lieut. H. A. Porter, operations officer, in this photo. The frigate Swansea went to the aid of the R.C.A.F. supply vessel Malahat at the entrance to Hudson Bay and towed it from there to Goose Bay, Labrador. (C. Protection Needed

PEARL HARBOR, Dutch Harbor and elsewhere in the Aleutians, a submarine attack on the British Columbia coast and an attempted invasion of Alaska are a few reasons why General Pearkes' remarks in parliament, on the necessity of Pacific coast defence should be heeded. It is not required to be military minded to realize this. It has been already shown how vulnerable this region is.

Across the western sea, international affairs are by no means reassuring. Certain it is, that on a Sunday morning not so long ago, when Japan's death fleet descended on American naval power people dwelling on these shores, from California to Seward, felt nervous. If the full truth had been broadcasted, they might have felt dismayed.

Today, the situation is not far from parallel to that of 1941, despite efforts for peace. With an irreconcilable force facing us across the water, we on this coast should be the first to impress on our government the need for protective measures which would make a Pearl Harbor incident on this coast impossible.

AN AIR-HAVEN, TOO

AS THE SCOPE of business and other activities at Prince Rupert widens, the growing importance of air travel with all it implies is making itself felt here. Prince Rupert ought to become known as a centre with facilities for taking care of all kinds of planes.

Prince Rupert is a sea-haven, her harbor rivaling the best anywhere, and equipped for building, receiving, repairing and servicing ships and shipping. The city should also be known as an air-port, able in every way to meet the requirements of aviation, as completely and as efficiently performed when the job is being done for blue water.

ARCTIC BASES SUPPLIED BY U.S.-CANADIAN EXPEDITION
—Three U.S. navy vessels, with Canadian representatives on board, have returned to their bases after spending the summer in Arctic waters re-supplying joint Canadian-United States weather stations. Supplies were landed at the weather station

established in 1947 on Cornwallis Island, N.W.T., then were redistributed to other stations at Prince Patrick Island, Ellet Ringnes Island and Ellesmere Island. Here, a bulldozer and sled pass near the Royal Canadian Mounted Police detachment headquarters on Cornwallis Island, N.W.T.

Ray Reflects and Reminisces

Good gracious, will the wonders of science never cease? Here comes a story from the Dairy Research Institute of Newcastle-on-Tyne, telling how virgin heifers are turned into full-time milk producers. It seems an innocent looking little pill is slipped beneath the skin, with remarkable results. Alas for Ferdinand! The poor chap, full of confusion and humiliation cannot, for the life of him, shake off that sheepish look.

Visitors all speak of how pleasant the people of Prince Rupert are. It's an agreeable experience to meet them. Fine, and doubtless true enough. But what of those who live here? They can also take a bit of blarney. The world has a shortage of it.

The British pensioner in Victoria, contemplating pound sterling devaluation, thinks of South Africa, Australia, New Zealand. He feels he must move to some sterling land, if he is to live. A single travel agency reports fifteen inquiries in a day. There's no ifs or buts about a situation like this. Someone will dance with Matilda yet.

There were three years in the sixties when Fenians worried Canada. What were the three? Just prior to the coming of the R.N.W.M.P. there were a couple of forts in what became Southern Alberta. What were they called? In what year did the Hudsons Bay territory become part of Canada? Where in Canada, did an old man who was the original in "Uncle Tom's Cabin" die? Public schools have just resumed, and perhaps some students will know. Or will they?

Once, game birds were on sale here, and roasts of venison not at all uncommon. A fishing boat arrived one day, spars hung with deer, goat and other trophies from the hills. From

this, an enlarged picture was made, framed and widely distributed. Today, in Skeena, the hunter is more than likely to earn his bag. Perhaps that picture helps explain the situation as it is today.

Moscow may now and then, be up to some sort of mischief, but it does seem a bit thick to figure, as alarmists have suggested that the earth tremors felt on the B. C. coast last summer might be traced to atom blasts approximately in the centre of Russia.

LUCKY TICKETS DROP FROM AIR

Youngsters of the city turned out in hundreds last night in pursuit of lucky pamphlets in connection with the Civic Centre drive which were dropped from a Queen Charlotte Airlines plane as it passed over the city.

The ten lucky numbers which were drawn today were: 1013, 1092, 1205, 1444, 1682, 2112, 2630, 2769, 3334, 3611. If holders of pamphlets with these numbers, on their report to Don Forward at the Civic Centre they will receive a year's student membership to the Centre.

Mixed League Meets Tonight
The second half of the 24-team Mixed Five-Pin League will play their first bowling matches of the 1949-50 league season tonight. As there have been a few changes in the teams entered in the Mixed Bowling League, a new schedule for tonight has been drawn up and follows below.

An executive meeting was held Sunday and decisions in regards to the handicaps, starting times and foul line judges and the decisions will be posted on the bulletin board at the bowling alleys.

Sunday bowling was also discussed and a decision from the alleys is forthcoming. Sunday bowling would allow the Mixed League to keep pace until the completion of the remaining alleys.

Wed. Sept. 28—Maceys vs. Sport Shop, Blow-outs vs. Northern Lights, Silver Streaks vs. Ideal Cleaners.

YANKEES SURE OF FINAL SPOT AMERK PLAY-OFF

NEW YORK ©—With Vic Raschi back in final winning form, the New York Yankees are confident of carrying the American League pennant race down to the last day of the season. Raschi racked up his twentieth victory by a 3-1 margin yesterday over the Philadelphia Athletics while at the same time the Boston Red Sox downed Washington Senators 6-4 to maintain the Yankees' lead in the National League. In the National League, Pittsburgh Pirates and St. Louis Cardinals are tied for first place. Both the Cardinals and the Pirates have to play, while the Red Sox have to win to stay in the race.

TURBOJET GIVE BRITAIN SUPREMACY—The Society of British Aircraft constructors displayed top-secret jet fighter in a display in London. Seen at the exhibit was this supersonic fighter fitted with a Rolls Royce turbojet engine. Britain is leading the world in turbojet development, is conceded to have outstripped the U.S. in civic and military application of turbojet principal. British pioneering in this engineering sphere will give her civil air supremacy in five years, aviation experts predict.

STEWART NEWS

Latest from Portland Canal Mining Centre

STEWART—The Stewart Branch of the Canadian Legion held a very successful "Klondike Nite" on Saturday, September 24. Assisted by the members of the Women's Auxiliary, the boys went to town and everyone had a big time. The Legion Clubrooms were lit from top to bottom and it would appear that every-

Wednesday, the Women of the Moose held a shower for Mrs. Hector Stewart in the Moose Hall. The shower was under the direction of the Welfare Committee and Mrs. Stewart was the recipient of many good things. Mr. Stewart, a veteran of World War II, recently left for the south to undergo medical treatment.

George Taylor, an official of the Morris Summit Mines Limited, arrived here by plane dur-

ing the week-end and paid a visit to the property. It is understood that the Company, under the direction of Evan Harris, mine superintendent, has been doing some work on the extension of the Big Missouri

Timely Topics from Terrace

Mrs. C. R. De Kergommeaux, Terrace Reporter

George Atkinson, popular caretaker of the Red Cross Outpost Hospital returned on Saturday's train from Lloydminster, Saskatchewan, where, on September 20, he married Miss Agnes Davidson, younger daughter of Mrs. H. Davidson and the late Capt. Davidson of Terrace. Mrs. Atkinson will join her husband in Terrace very shortly.

Mr. and Mrs. G. E. Bilson of Hamilton, Ontario, arrived on Saturday's train from the East to spend a two weeks' holiday with their son and daughter-in-law, Mr. and Mrs. Victor Bulson of Eby Road.

Having heard a lot about the scenic beauties of British Columbia, they were nevertheless thrilled with all they saw on their journey here. The lovely Autumn tints, the swiftly flowing rivers and the beauty and grandeur of the snow-capped mountains exceeded all that they could ever imagine. Seen in all the glory of an Indian summer sunshine the country is at its best for their first visit to this part of the Dominion.

Arthur McCabe of Prince George drove into Terrace on Sunday for a brief visit with his brother, Robert McCabe and family, on Kalum Street.

Leaving Terrace by car on Thursday morning for Prince

Rupert, Mrs. W. Osborne explained for Vancouver from which point she flew to Trail, arriving there on Friday morning. Early on Sunday afternoon her only brother, William Doust, passed away after a lengthy illness and funeral services were held on Tuesday. Mrs. Osborne will be returning to Terrace almost immediately.

The Lakelse Avenue home of Mr. and Mrs. F. Baker was the scene last week-end of a surprise birthday celebration for Mr. Baker whose son and son-in-law, W. Baker and E. Buckholtz, drove in from Prince Rupert with their wives and children for the occasion. In the evening many of his friends called in and a happy social evening was passed and Mr. Baker was the recipient of many lovely gifts.

Mr. and Mrs. H. Philip drove to Prince Rupert on Saturday to spend the week-end there.

W. Chester, who is with the radio servicing department of McRae Bros., drove into Terrace on Sunday from Prince Rupert to see his uncle, W. Warner, who has been ill in hospital. Accompanying him on the journey was his daughter, Jean, and George Fraser.

Mr. and Mrs. George Peters have moved to the Munthe farm, Hillcrest Farm, on the bench where they will spend the winter months.

Mrs. P. Murie and Mrs. Ashton spent Monday of this week in Prince Rupert, driving there and back.

Klieve Keefe left on Saturday for Prince Rupert where he will be on jury duty.

Mrs. G. Siebin is very ill in the local hospital.

A party of Klansmen drove up from Prince Rupert on Sunday to do some work on their camp at Lakelse Lake. Local men helped out and a lot of work was accomplished.

At a meeting of the Civic Centre Drama Club held in the Civic Centre Monday evening with S. Howlett presiding, the election of officers took place, resulting in the following being elected: President, Mrs. R. Cooper; Vice-President, Mrs. Otto Lindstrom; Secretary-Treasurer, Miss Pat Tumilson; Stage Manager, Jim MacKay. It was decided to stage the three-act play, "The Scarlet Ghost" early in January. This was to have been produced last Spring but was postponed. Immediately following this production, rehearsals will start on another production for which the reading committee, casting committee and executive will have prepared the groundwork. It is also expected that the Civic Centre will enter a play in the Prince Rupert Festival next Spring.

AGED FURNACES, HEAT ROBBERS

The owner of an average heating system five or more years old is warned by National Warm Air Heating Association that the odds are 7 to 10 his winter heating bill is at least 10 percent more than necessary.

This is because 7 out of 10 older type systems of heating are in need of repairing and cleaning. Air leaks in and around furnace combustion chamber, soot in the chimney or furnace, warped burned bars, corroding smoke pipe all create loss of heat right in the furnace itself. Therefore using more fuel to keep the proper temperature.

Heating experts report that home owners are "robbing Peter to pay Paul" through use of improper firing methods and negligence in furnace maintenance.

The majority of costly repairs could have been avoided if owners had followed a regular program of having heating systems inspected each year says the heating association. Minor repairs can add longer service to heating systems and insure health and safety of families.

WINNER CONGRATULATES WINNER—Another "V" for victory was scored by Winston Churchill recently when his horse, Colonel II, came in an easy winner in the Lime Street Stakes. The affable Churchill made a personal visit back to the stables to give Colonel a rewarding pat for his noble effort.

Ronnie Paulson, Gerald Toop, Bob MacKay and Jimmy Procter drove to Prince Rupert on Saturday, returning on Sunday with a bear which they had shot enroute.

Hunting parties were early on the road on Sunday morning and, the weather being warm and sunny, a drive along the highway or a tramp through the woods were enjoyable even if there was no luck hunting.

Mrs. Homer Levesque of Terrace who is cook at the Celanese camp at Salvus, recently surprised herself and the crew when, from the cookhouse door, she shot and killed a bear which was foraging in the garbage can, 25 yards away. Using a 30-30 this was the first time that she had ever fired a gun. It was not until later that she realized the chance she had taken for had she only wounded the bear she would undoubtedly have been badly mauled by it.

Mr. and Mrs. Michiel and son, Larry, returned on Saturday from a holiday trip to Vancouver, driving up from the south.

Miss A. Lips, Miss V. Booth, Miss E. Forbes, Miss J. Wilson and H. Noakes drove to Hazelton on Saturday to attend a meeting of the local branch of the B.C. Teachers' Federation which was held there in the afternoon. Tentative plans were made for a meeting of the teachers to be held in Terrace some time in October. Officers were elected and are: President, Mr. Hayter; Secretary-Treasurer, Mr. Palmer; salary representative Miss Masik. Other officers will be elected at the Terrace meeting.

Mrs. R. Sparkes and sons, Joe and Walter, returned on Saturday from Edmonton where they have been visiting relatives since the beginning of July.

Colonel Sparling of the War Assets Corporation has been in town this week to inspect the army huts which the government has now released to the Corporation. On his return to Vancouver, it is expected that the huts will go up for sale. Mr. Barr of Prince Rupert accompanied him to Terrace.

Rev. and Mrs. P. Mallett are leaving on the steamer Prince George on Thursday for Bella Coola where they will attend a meeting of the Presbytery. Terrace delegate to that meeting is Mrs. R. Squires who will also leave on Thursday.

Mrs. H. Koch returned this week from Vancouver where she placed her two boys, Bobby and Peter, in Vancouver College.

RETURNS FROM OCEAN SURVEY—"Cedarwood's" commanding officer, Lieut. Com. J. E. Wolfenden, R.C.N. (R.) of Victoria and Vancouver "models" a reindeer parka. Souvenirs brought back by the ship's company included sealskin slippers, walrus spears, harpoons and many other curios.

WOULD PROBE IMPRISONMENT OF KURT MEYER

HALIFAX—A move has been made to investigate the civilian imprisonment of Major-General Kurt Meyer, Canada's only German military prisoner.

The investigation is being started by a group of unidentified private citizens who maintain that a military prisoner should not be incarcerated in a civilian penitentiary.

Meyer was sentenced to life for war crimes and is kept in the penitentiary at Dorchester, New Brunswick.

Fred Gibbs is working on the old garage building on Kalum Street, just north of the E. T. Kenney office repairing and remodelling it and it is understood that it is to be used as a warehouse for Johnstone and Michiel Hardware store.

The Students' Council at the Terrace High School elected their new officers at a meeting last week. President is David Gillanders; Vice-President, Jim Procter; Secretary, Valerie Craig; Treasurer, Betty McCabe. On the council are Lorna Melvin, Bob Craig, Charles de Kergommeaux, Vicki Hipp, Don Gillanders, Pat Johnston.

Miss M. Clark, R.N., matron for the Infirmary, spent a few days in Terrace last week looking over the building and late in the week left for the south.
