## Tito Says Russian Campaign Has Failed

## Death Blow Is Dealt To Nationalist China

## Attempt To Milk Country Economically Is Alleged

NEW YORK (CP)—The New York Times today quotes Marshal Tito of Yugoslavia as saying that economic pressure against his country had failed. C. L. Sulzberger, chief European correspondent of the paper, says the Yugoslav leader told him in an interview that the economic blockade by Russia and her satellites no longer represented a threat.

## Prince Rupert Is Fully Aware

TERRACE—Awareness of the importance of the towns and villages of the central interior and the spirit of support thereof by the people of the coastal city was acknowledged by Retiring President Stan Gould of the Central British Columbia Municipal Association at the semi-annual convention of the Association here last week. That Prince Rupert had sent its lady mayor and three aldermen to attend the convention was noted.

## Support of Interior Communities Acknowledged

The meeting was opened by Stan Gould president and Emil Hangland, chairman of the Village Commissioners in Terrace, formally welcomed the visiting delegates. This was followed by an expression of good wishes to the success of the convention by the president of the Terrace and District Board of Trade, Dudley G. Little.

The business of the meeting got under way and the 50 resolutions were read over before the noon recess. The meeting opened in the Terrace Theatre but later adjourned to the home of Dudley Little as the attendance was not large, none of the larger towns from the east sending representation.

In the afternoon the visitors were taken on a tour of the district and, as some of them later said, although they had visited Terrace often in the past years, they had not known of all the beauty spots that had been shown them now.

The delegates visited the Red (Continued on Page 6)

In Belgrade the Secretary of the Yugoslav politburo yesterday accused Russia of "exploiting the weak" by squeezing big profits from industries jointly owned by its satellites. The "exploitation" charge ran counter to world-wide orthodox dogma that exploitation of one Communist country by another is impossible.

Molovan Djilas, Politburo secretary, made the accusation in an article written for Borba, Communist party organ.

The article claimed that Yugoslavia had been milked through an agency of joint shipping and air line companies set up by Russia.

## MISSING MAN'S BODY IS FOUND

### Remains of James Prevost Were Floating at Tugwell Bay

Body of James Prevost, 40-year old Metlakatla Indian who is believed to have fallen overboard from his gillnet boat in Verrin Passage almost opposite Metlakatla village, was found about Saturday noon floating at Metlakatla Bar. It was sighted by Robert Price, Port Simpson native as he was heading towards Prince Rupert in his boat. The provincial police boat P.M.L. 15 was heading out at the time but was intercepted and picked up the body, bringing it into the city.

The remains were in a fairly advanced state of decomposition and identity was established by papers in the clothing. Prevost became missing from the boat, Glenora, after he had taken a friend, Robert Nelson, to Metlakatla, choosing to remain on his boat for the night instead of going ashore. Next morning the boat was found with cabin door open and Prevost missing. Fifteen feet of anchor chain was also gone.

## BOY IS SAVED FROM HANGING

PRINCE ALBERT — Allan Newton, 16-year old boy, who had been condemned to hang for the murder of his employer's wife, who had been shot to death, had his sentence commuted to life imprisonment by the Department of Justice.

## GREATEST AIR LINER READY

BRISTOL, England — The world's largest air liner, 130-ton, 230 foot wingspread Bristol Brabazon I, flew her trials here yesterday. Brabazon I is an experimental ship only. She has eight engines and ten landing wheels. Brabazon II will be commissioned in the London-New York transatlantic service. She will have capacity for 100 passengers and will have elaborate equipment and appointments.

## KISPIOX WOMAN DIES AT CANNERY

Death occurred at Sunnyside Cannery on Sunday of Mrs. Elizabeth Tait, 48-year old native woman from Kispiox. The remains are being sent to Kispiox where interment will take place.

## LOCAL TIDES

Wednesday, September 7, 1949

## Strategic Province Of Yunnan Is Lost

HONG KONG (CP)—The Yunnan war lord Lu Han, reported today to be in independent control of China's southwest corner, has dealt a death blow to nationalist plans for turning West China into a new anti-communist bastion, political sources said today. The Chinese reports said that General Lu, Governor of Yunnan Province, bordering on Indo-China and Burma, had successfully thrown off all government rule during the week-end without bloodshed after giving the nationalist army forty-eight hours to quit the provincial capital of Kunming.

## THE WEATHER

Synopsis: There is no sign of an immediate break in the present spell of fine warm weather over British Columbia. A weak disturbance over the Alaskan Panhandle this morning appeared to be weakening rapidly and was not expected to affect more than the northwest corner of the province during the next 48 hours. In sharp contrast to the warm sunny afternoons Prince George reported a low temperature of 31 degrees this morning. However, temperatures over the rest of the province did not generally fall below the forty degree mark.

## Forecasts

North Coast Region—Clear today. Cloudy over the Queen Charlottes tonight and Wednesday morning, clearing in the afternoon. Elsewhere clear tonight and Wednesday continuing warm. Light winds. Lows tonight and highs Wednesday—at Port Hardy, 50 and 72, Masset, 50 and 68; Prince Rupert, 50 and 72.

Mrs. V. Basso Bert and Miss Leah Basso Bert sailed on the Camosun last night for a trip to Vancouver.

## FAMOUS RACING FLIER KILLED

CLEVELAND—William P. (Bill) Odom, holder of round-the-world light plane distance records, was killed yesterday on the second lap of the Thompson Trophy event at the National Air Races. Odom was flying the "Beguine," a dark green modified air force fighter owned by Jacqueline Cochran, noted racing pilot herself and the wife of Floyd B. Odlund, New York financier. Odom's plane crashed into a house, killing a woman and injuring a child. Cook Cleland of Cleveland was the race.

Miss J. Simpson of Masset was a passenger on the Coquitlam Sunday for Vancouver.

## CBC Presents Its Case, Filling In Of Gaps In Network Is Advocated

### Need of More Extensive Coverage For Northern B.C. Is Emphasized

OTTAWA (CP)—Some shortcomings of the CBC and of privately-owned stations were outlined today in a brief submitted to the Royal Commission on arts and science by the CBC Board of Governors.

Of CBC shortcomings, the Board, among other things, said:

1. The broadcasting of the National system is not what it could be and should be in the interests of listeners and of the nation.
2. The CBC should produce more Canadian programs and improve the quality of many of its productions.
3. The CBC should extend the coverage of its networks to fill some of the gaps that are left. The desirability of more extensive coverage of northern B.C. is specifically mentioned.
4. There should be a second French network just as there are two English language networks offering alternate service.
5. The CBC now uses a large amount of Canadian talent, but it should use more, use it better, give it more opportunities and be in a position to pay talent better.
6. In the development and use of talent, the CBC should be able to pay more attention than it does to developing programs in Canadian centres apart from Montreal and Toronto.
7. The CBC should be able to be much more active in informing the public what services and the Corporation should also do research work into listeners tastes and needs.
8. The Corporation would like to, and should, further develop its broadcasting by frequency modulation transmissions.

The Board blamed the shortcomings on a lack of funds and urged the Commission to recommend that the \$2.50 licence fee on radio receiving sets be doubled.

## PRIVATE STATIONS

"Many community stations could and should use more local talent in their broadcasting. A few stations have made excellent efforts in their use of talent drawn from their own communities, but many appear to make little real effort to use live talent as is shown by their overwhelming use of records and transcribed programs chiefly coming from United States.

"Possibilities for the use of live talent, of course, vary greatly between different communities; yet the efforts of stations do not seem always to correspond to possibilities. Some well-off stations in large communities where there must be a good supply of talent seem to use relatively little.

"Private station interests have spent much money and energy on campaigns to change the laws

## WOMAN BURNED IN BOAT FIRE

An explosion on Sunday forenoon aboard a gillnetter moored at Cow Bay resulted in three persons being taken to hospital where one, Mrs. Emma Brown, was detained and treated for burns to the legs. The explosion occurred just as the engine was starting and the cause is believed to have been fumes from a leaky tank. The alarm was rung in and the fire brigade was on the job within two minutes. With a CO2 extinguisher on his shoulder a fireman raced across the wharf and the burning boat and promptly extinguished the flames. Someone chopped a hole in the hull and the boat sank but was later taken to the grid at the Co-operative wharf. The boat—No. CB-3989—is owned by Chester Bolton, brother of Mrs. Brown but it is not known whether he was aboard at the time or not.

BIG BLOW—Spray shot high in the air on the breakwaters outside Toronto harbor as a 55-mile-an-hour wind capsized small craft, disrupted communications and caused other damage in Southern Ontario and Quebec. The storm caused two deaths. (C. P. Photo)

## BIRTH ON POLICE BOAT—Stork Winner In Race From Alice Arm To Here

While speeding the 118 miles from Alice Arm to Prince Rupert today, a son was born this morning aboard the provincial police boat P.M.L. 15 to Mr. and Mrs. Ted Thompson of Alice Arm.

At the request of Dr. Buschlen of Alice Arm, the P.M.L. 15 set out at dawn this morning on her emergency trip from Alice Arm but a few hours later the child was delivered aboard the vessel by Dr. Buchlen who is accompanying Mr. and Mrs. Thompson. A radio message from P.M.L. 15 to divisional headquarters said that "mother and son are doing well." The P.M.L. 15 was on a routine patrol trip to Alice Arm when she received the emergency call.

WOMAN DIPLOMAT—Agnes Ireland, 36, formerly of Windsor, Ont., will become the first woman to hold the post of Acting High Commissioner in New Zealand when she takes over next November from Dr. W. Clayton Hopper, who is returning to Ottawa. (P. Photo)

## Housing Lack Serious

HOUSING IS AGAIN becoming one of Prince Rupert's most pressing problems. Industrial development is bringing new people to the city every day and they are having a grim time trying to find accommodation. Many people hesitate about coming here because they cannot find a place to live. Employers, as a result, are finding it difficult to get help. In fact, it is often harder to find the accommodation than to find the help.

Living quarters are at a premium and daily we hear of people living under undesirable conditions. It is almost becoming as bad as it was during the war.

Lack of housing, indeed, is commencing to slow up Prince Rupert's natural development pursuant to the new industrial activity. If the situation is allowed to continue, it will have an increasingly adverse effect.

The housing problem is one that could well receive the attention of such organizations as city council and Chamber of Commerce if they did nothing else than endeavour to interest the proper authorities in doing something about the serious situation here.

## CONGRATULATIONS, TED!

CONGRATULATIONS to Ted Forman, another Prince Rupert boy who has brought distinction to his home town for scholastic attainment—the winning of a \$600 Navy League scholarship which he will use in connection with his studies at Royal Roads naval officers' training school at Victoria to which he has won entry.

Naturally, Ted's parents, Ald. and Mrs. James Forman, are very proud of their son. So are his friends and the community as a whole.

It is particularly gratifying that Ted should have received all his education here, starting at Annunciation School and having topped the senior matriculants from the local High School this year.

Particular distinction is also brought to the local Sea Cadets Corps with which he has been identified since he was old enough to join.

Ted is another of the home town boys who has made good—a list which is becoming quite imposing as time goes on.

## IMPORTANCE OF OIL

THE DECISION to start drilling on the Queen Charlotte Islands in the hope of finding oil is expected to be followed by large scale work.

Attempts have been made but never before has an organization possessing the means and experience of the Royalite Co. been interested to the extent of actually going ahead which it is planned to do within a month. Geologists have been in the field for some time and reports have already been turned in.

In the event of a discovery of importance, the importing of oil and gasoline from California to British Columbia would be curtailed. It is of interest to note that, since 1948, the government of Alberta has received nearly \$20,000,000 from its auction of Crown oil rights. This, plus royalties, provides big money to the provincial treasury.

## HOLIDAY ENDS IN HOSPITAL

The holiday plans of George Anderson and Dick Hedstrom of Prince Rupert ended in near-disaster shortly after 10 o'clock Saturday night when Anderson's car left the road near Terrace and came to rest against a tree.

Both young men are in the Red Cross hospital at Terrace and their conditions are reported to be good. X-rays showed that neither of the victims are suffering from fractures but they are being treated for shock and facial cuts.

The accident occurred where the highway makes the last turn before entering Terrace. The car in which the men were travelling is badly damaged.

George Anderson, who works for the Kaizen Co-op, was on his way to visit his parents in Terrace.

Mr. and Mrs. Bart Hedstrom, parents of 18-year-old Dick, received word of the accident Sun-

day afternoon. They drove to Terrace with Bruce Wilson to visit their son and returned yesterday with Jack Bulger.

It is expected that the young men will be able to leave the hospital later this week.

Mrs. James H. Thompson, who has been visiting in Bozeman, Montana, for the past few months, will be returning home shortly.

Fog prevented Union steamer Catala, Capt. Ernest Sheppard, from making her call at Watson Island before coming into Prince Rupert at 9:30 Friday evening. The vessel went into Watson Island southbound after leaving here at midnight.

H. G. Perry is expected in the city tomorrow on the Prince Rupert from the south to remain for a few weeks. Mr. Perry has been in Victoria and Vancouver in connection with his duties as president of the British Columbia Liberal Association.

(Continued on page 4)

IT'S STILL THERE—Back from Canada's annual survey of the North Magnetic Pole, these pole-hunters pose before their Canso aircraft after reporting the pole just about where it should be in Canada's Arctic wastes. Shown, left to right, in this R.C.A.F. photo are: Philip N. Daykin, Vancouver, assistant magnetician; Ralph D. Hutchinson, Toronto, chief of the scientific party; F. O. J. E. Goldsmith, Halifax, navigator of the last three surveys, and geographer Ben Shinnaman of Toronto, who hitched a ride to study Arctic flora and fauna. (C. P. Photo)

## Season's Most Interesting Waterfront Visitor; Sailing Ship From Honolulu Caller

After making a transPacific crossing to Honolulu as a contestant in the sailing race from Los Angeles to the Hawaiian Islands and returning across the Pacific Ocean by way of Alaska and the west coast of North America, the ketch Resolute of Los Angeles spent the long week-end in Prince Rupert at the yacht club moorings. Skipper-owner Ed. Fabian gave a warm, friendly welcome to a Daily News reporter and had an interesting story to tell of the sailing and the ship.

The forty-foot ketch, with its graceful lines and typical fore-and-aft rig, is as neat and tidy as a new pin. Inside every available corner is economically put to use and tastefully furnished.

The galley with a butane gas stove hasn't an inch of waste space. The auxiliary engine, a twenty-four horsepower Gray, used mostly for refrigeration service, is tucked away under a companion-way. A refrigerator is within arm's length of the stove. One does not usually expect to find any connection between a Sherman tank and a sailing vessel but, just aft the steering wheel is a most comfortable

seat and this was at one time the seat of a Sherman tank. The voyage began on July 4 when the transPacific sailing race to Honolulu started. The distance as the crow flies is 2,240 miles but, as the Resolute sailed, it covered 2,550 miles and did the course in sixteen days. They finished twentieth in the race with twenty-four boat competing. The winning yacht was the Morning Star, owned by Commodore Howard Wright of the TransPacific Yacht Club, whose time was ten days. This established a new record as the old one which had stood for thirty years was eleven days.

It was interesting to learn that Mr. Fabian's two sons, Jeff and Tony, were members of the crew of the Resolute. They, how-

ever, had left the Resolute at Ketchikan as they had to get back to school, Jeff to Princeton and Tony to the Boston Conservatory of Music. They flew east from Ketchikan.

Two thousand six hundred miles and a consumption of only fifteen gallons of gas would make any sea-going man prick up his ears. But that is just what the Resolute did. Under power she makes four knots but without her engine she sails along at a steady seven knots, and it is the sailing that they want.

Tuna fishermen will be interested to learn that 1,080 miles to the west they ran into huge schools of tuna and caught all that they could eat. The fish weighed from eighteen to twenty-five pounds.

The journey from Hawaii was made in nineteen days which was much better than they had anticipated as they had allowed twenty to twenty-five days for it. Sailing down the inside passage has been a perfect experience.

Resolute's arrival in Ketchikan aroused great interest, as a resident of thirty years states that this is the first sailing ship he has ever known to have sailed there from Honolulu. Captain Fabian says that sailing the return trip from Honolulu to Alaska was much easier than sailing the outward one. This is his second Los Angeles to Honolulu sailing as he made the same voyage two years ago. As proof of his accomplishments he has two beautifully carved bowls of the native hard wood, koa, with silver plaques bearing his name.

Others taking the cruise, and sharing the deckhand and cooking duties, are Miss Celia Dartington, Miss Lora Claman, Miss

## Ray Reflects . . . . . . and Reminisces

Advice from Turkey says the dogs exist in Prince Rupert, it is not always their fault. Every missionary, a reporter and an army man, have returned from the ascent of Mount Ararat. They had hoped to find some trace to Noah's Ark. There was none. Nor was there any sign of the dove. Not even a feather

The day after the holiday. It was easier this morning, to understand how you felt when you gathered your books and could almost smell the white chalk.

If it were not for conferences concerning the remote or immediate possibility of unfriendly relations, if not downright war, the movement of international units aimed at what might be necessary in the event of war, the revised opinions of Stalin, the scope of secrecy respecting atomic bombs, Canadian-American relationships having regard to armament duplication, what would this jittery old world do for news, anyway?

Prithee, what next? The tale of Noah's Ark (or signs of it) on Mount Ararat having been exploded, try this one on your piano. It appears ancient documents have been discovered in a cave in Palestine and a bright lad up and says they are probably scraps of the Old Testament.

There is something to be said for the suggestion that if tramp

Dorothy Neal and Robert Swinheart. Joining the boat at Ketchikan were Mrs. Claman and son, Robert, who flew from Los Angeles and will continue the leisurely sail through the inside passage south to Vancouver. From then on they will make few calls. Two years ago the ship sailed 6,000 miles in two months and this year it will cover probably as many miles. They are well equipped with a radio and enjoyed listening to programs of both the Bering Sea and Hawaiian Islands at the same time. They were very complimentary about the accommodation and courtesy they received at the Prince Rupert Yacht Club's quarters and most enthusiastic about the scenery and the perfect sunsets.

Mrs. George Shenton and son, Norman, sailed on the Coquitlam Sunday night for Vancouver.

Mr. and Mrs. C. J. Currie and Bob left by car for Telkwa Saturday to attend the annual barbecue being held at the interior town.

A. Fletcher, formerly on the staff of Booth Memorial High School, left on Friday evening's train for Fraser Lake where he has accepted a position in the High School.

**WARM WEATHER ON LABOR DAY**  
Westerly Breeze Kept Official Thermometer Down—Everybody Outdoors  
A cool westerly breeze wafted over the official thermometer at Digby Island Sunday while the city of Prince Rupert had stifling stillness. Therefore, while all Prince Rupert people were agreed that it must have been the warmest day of the year, the Dominion meteorologist had to accept the reading of his instrument which showed a maximum of 76—two degrees lower than the official high for the year which was recorded at 7 a week ago Monday, August 29.

The Labor Day week-end provided ideal outdoor weather and many journeyed interiorward to the loggers' sports at Terrace and the rodeo at Telkwa. For those who preferred the water, the Salt Lake bathing resort attracted many. The only sports activity in Prince Rupert were baseball games Sunday and Monday which drew out good crowds to the Roosevelt Park grounds.

The official high thermometer reading Monday was 73.

Mr. and Mrs. G. L. Rorie left on today's plane for a month's vacation trip to Vancouver and Victoria.

**BALAGNO Florists**  
Phone Green 787 Box 1193

**TENDERS**  
SEALED TENDERS marked "Tender for Car" will be received by the undersigned up to noon Friday, September 9th, for the purchase of 1941 Ford, five passenger Coupe, as is, where is. Car may be seen at the City Garage between the hours 9 a.m. to 4 p.m. Mondays through Fridays. The highest or any tender will not necessarily be accepted.  
H. D. THAIN, City Clerk. (209)

SEALED TENDERS marked "Tender for Fire Hall Roof" will be received by the undersigned up to noon, September 8th, for repairs to Fire Hall roof. Specifications may be obtained from the office of the City Engineer. The lowest or any tender will not necessarily be accepted.  
H. D. THAIN, City Clerk. (209)

**WINS NAVY SCHOLARSHIP**

In addition to being admitted to Royal Roads naval officers' training school at Victoria, Ted Forman, son of Ald. and Mrs. J. N. Forman of this city, has been awarded a \$600 scholarship by the Navy League of Canada to assist him with his studies, according to word which was received in the city at the end of the week from Ottawa. He will be leaving shortly for Victoria to enter the college.

Ted is a Prince Rupert-born boy and received all his education here, having led the Senior Matriculation class at Both Memorial High School this year. He has been a member of the local Sea Cadet Corps since he was twelve years old and now, at eighteen, is a petty officer. Former Daily News carrier, he has recently been employed by Bob Parker Ltd. He made a naval cruise as far as Monterey, California, during the past summer.

## Future Of Sports

THE FUTURE OF SPORTS in any community is largely determined by the interest taken and the leadership given in the schools. In many large schools where there are teachers who are in charge of athletics the groundwork of achievement is well laid. In other centres much of the instruction and guidance depends upon the voluntary work of the instructors.

Some time ago in Toronto this matter came to a head as many of the teachers, who voluntarily gave up much of their spare time and time outside of the recognized school hours, felt that they should be remunerated for it. Why should they do all this extra work while other teachers getting the same rate of pay confined their instruction to the recognized school subjects taught in the school hours?

The training of teachers in physical education is being broadened so that many are now recognized as qualified instructors in football, baseball, basketball, swimming, field and track events, and other athletic activities.

And these instructors and coaches command and receive large salaries. It is being recognized more and more that there is a career for those students who achieve proficiency in one or more of these sports. If then there is a demand by the general public for trained instructors, if there are positions open to these experts, why should the school curriculum not recognize these facts and if pupils are physically fit and desirous of becoming qualified instructors why should such desires and ability not be considered and the training given?

In Prince Rupert more attention might well be given to the development of sports the year round. The first obstacle is probably lack of playing grounds. Not one school has adequate space. As a result, outdoor sports suffer. This is all the more regrettable as, with our variable climate, the children should be able to take the greatest possible advantage of the good weather. It is to be hoped that the new schools will provide ample space for the children to get the chance to play games in reasonable spacious surroundings. Even the Conrad Street School, the most modern school building in the city, lacks playing space.

The only game that is really being developed in the schools is basketball. One reason is that there is a good basketball floor but even it is not in the school but in the Civic Centre. And basketball is an indoor game. A long-term plan might well include the provision of sufficient playground accommodation for all school children. The result, physically, morally, mentally, would be all to the good. And the youth of today under such conditions would ensure a better citizenship in the future as they would have their natural abilities developed to a maximum. Outdoor sports need encouragement.

Rod McLeod, pioneer of this city and now taking up residence near Langley in the Fraser Valley, was well acquainted with the late Senator Ian MacKenzie, whose funeral was held this afternoon in Vancouver. He was in fact, a boyhood friend in the village of Assynt, Sutherlandshire in Scotland.

Mrs. Gillis Couture is expected back from Jasper this week having accompanied her grandson of Vancouver, that far. He had been spending the school holidays here and is returning home.

## Shirley May Mad Veteran Gives It Up Kills Twelve

Shirley May, American Girl, Fails In Attempt to Swim English Channel

DOVER — Shirley May France today abandoned her attempt to swim the English Channel. She was a little more than six miles from the English Channel shore when she was persuaded to give it up.

The 17-year-old girl from Somerset, Massachusetts, abandoned the attempt at 4:05 p.m. (7:05 Pacific Daylight Time).

She had been in the icy waters for 10½ hours and is estimated to have covered more than thirty miles of swimming.

The Channel is only 19 miles from Cap Griz Nez, France, where the girl started to Dover, England, but tides force Channel swimmers to cover much more than that.

CAMDEN, New Jersey — A 22-year old war veteran went berserk in Camden today and shot and killed twelve persons. Five others were wounded, two critically.

Killed in a 45-minute blast of bullets were two small boys, five women and five men.

Police authorities say they believe it to be the greatest mass slaughter on city streets in history of the United States.

After the mad escapade in the streets, the man identified by police as Harold Unruh, barricaded himself in a second floor room and exchanged shots with more than fifty policemen until they brought him out with tear gas. He was captured unbound and taken under heavy guard to police headquarters.

Among those shot were a druggist and his wife, a shoe repair man, a barber and a young bride.

Detective Marshall Thompson said the busy street "looked like a battlefield."

WINDING UP SEASON—

## Commercials Win Baseball Championship In Labor Day Week-end Round Of Games

Taking advantage of the fine week-end weather the Baseball League staged two games on Sunday and one on Monday to bring the baseball league to a conclusion. On Sunday Merchants won 7 to 6 over Savoy and lost 4 to 1 to Commercials. This brought the three teams all on even terms with an even number of games won and lost. Commercials beat Savoy 9 to 2 Monday to take the championship. Play-off will take place this week.

Merchants went to the lead of the league briefly in a tie with Savoy on Sunday when they defeated that team in the Sunday afternoon game by a score of 7 to 6. However, Odowes' crew looked like anything but champs as they trailed the Savoy for seven innings. It was an eighth inning outburst of power that saw the entire Merchant line-up at the plate to score five runs on four hits, a base on balls and Savoy's three errors thrown in to wreck Jack Sharpe's fine pitching performance. The Savoy outfit had played errorless ball up to that fateful inning and had built up a comfortable 6-2 lead. On the field the Merchants did not play brilliant ball and they had John Rosedale in trouble most of the way. It looked like another of those hard luck losses shaping up. Rosedale struck out fourteen while allowing nine hits, Sharpe pitched a good game with ten strike-outs to his credit.

In the evening game, which Commercials won 4-1, Toews found Merchants with their bats unloaded and set league team down with two hits. Merchants went to the ninth inning and darkness to break the shut-out when Abel scored on Ciccone's single. Two of Commercial's runs were scored by Harluk, a new recruit to the team, after he had singled and doubled in the fourth and sixth innings. Other runs were scored by Guthrie in the third and Sinclair in the fourth inning. The win put the Commercial on top of the heap unless Merchants protest is upheld and the game will require re-playing. Rosedale went to the mound again for the Merchants and, while he had

the Commercials under control, his teammates could not borrow or buy enough hits off Toews to manufacture winning runs. Ciccone relieved Rosie in the seventh and allowed not a runner to reach first base. Toews struck out eleven in the process of limiting Merchants to a pair of safeties.

The outcome of the afternoon game produced a result, unique in the league with all the teams tied with a percentage of 500. In an attempt to wind up the baseball league, the Merchants took on both the other teams in the league on Sunday and divided honors.

**Seiners Pay \$1700 Fines**

The forces that strive to protect the rich salmon harvest in this area were hard at work Saturday and obtained convictions that cost one crew of four seiners a total of \$1,700 and costs.

Capt. Henry Brown of Kitkatla, skipper of the salmon seiner Merle C. and Capt. Joe Innes of the seiner Aleutian Island from Kitkatla were picked up by the fisheries patrol in Browning Entrance. Charged in the Stipendiary Magistrate's Court with fishing during the weekly closed period and found guilty, the captains were fined \$500 each and costs.

Capt. Charles Filford of the seiner Fuen from Port Simpson was fined \$600 and costs for fishing in Chappel Inlet during the weekly closed time. Fish aboard the seiner were confiscated.

For fishing above the fish boundary in Barnard Cove, Capt. Joshua McKay of the seiner Midori from Kitkatla was fined \$200 and costs.

**THREE IN ROW** — Bernice Looney of Warren, Ohio, splashed her way to a third straight victory in the women's professional five-mile swim at the Canadian National Exhibition in two hours, 33 minutes and 37.7 seconds—five minutes slower than the course record she set two years ago. Miss Looney led all the way, just as she did in her two previous victories. (C.P. Photo)

Miss Ann Brown left on the Coquitlam Sunday night for Vancouver to resume her studies at Crofton House after spending the summer vacation here with her parents, Mr and Mrs. T. W. Brown.

It is a year this month since Ernest (Spike) Portman, formerly in charge of the railway news stand in Prince Rupert, entered hospital in Saskatoon. This was some time after his retirement here. According to word received here, he is still in hospital in the Saskatchewan city.

**BLONDIE**  
by CHIC YOUNG

HOW LONG WILL YOU BE GONE, DEAR?

I'LL BE GONE ALL AFTER NOON.

NOW, HERE'S THE LIST OF THINGS I WANT YOU TO BE SURE AND DO WHILE I'M GONE.

I NEVER LET YOU DOWN, DO I?

REPAIR WINDOW—FIX DRESSER DRAWER—CLEAN ATTIC—TACK DOWN CARPET—ADJUST STOVE—AND MEND SCREEN

FIRST, I'LL TAKE A LITTLE NAP SO I'LL BE IN TIPTOP SHAPE TO TACKLE MY WORK WITH THE PROPER AMOUNT OF VIGOR AND VITALITY

HOLY SMOKE—...I'VE BEEN SLEEPING OVER AN HOUR—...I'VE GOT TO GET ON THE JOB

I'VE GOT WORK TO DO

HOW ABOUT A LITTLE TWO-HANDED GIN SLURRY IN MY GARAGE, DAGWOOD?

A MAN CAN'T DO A GOOD JOB ON AN EMPTY STOMACH—...THE HUMAN BODY REQUIRES FOOD FOR ENERGY AND CLEAR THINKING

AW, COME ON, ONE MORE

DO YOU REALIZE HOW LONG WE'VE BEEN PLAYING? I'VE GOT TO GET TO WORK

NOW, I'M ALL READY TO GO—LET'S SEE, I'LL NEED MY TOOLS, A BROOM, STEP LADDER, BUCKET, BRUSH, AND RAGS

DON'T TELL ME YOU HAVEN'T EVEN STARTED YET?

ARE YOU HOME ALREADY?

GIVE ME THAT LIST—I'LL DO THOSE THINGS MYSELF

I GUESS I NEVER WILL UNDERSTAND WOMEN

9-18

NEW AGENT FOR  
C.P.R. AT JUNEAU

JUNEAU—William H. Feero, clerk in the Skagway office of the Canadian Pacific Railways, becomes agent of the company at Juneau in succession to Harry

H. Davies who transfers to Prince Rupert as general agent succeeding D. H. E. Maclean, moving to Seattle as wharf freight agent.

Advertise in the Daily News!

D. P. AT WORK—Happy to live in freedom in Canada rather than in his Communist-dominated homeland, Oda Hora, former member of the Czechoslovakian parliament, is shown at work in an Ottawa laundry. After fulfilling his one-year contract with the laundry, he intends to make his living as a bookkeeper. (C.P. Photo)

PRINCE RUPERT  
(Continued from Page 1)

Cross Hospital and spoke of the reception given them by the charming matron. They all expressed surprise and pleasure at the very efficient, though small hospital on the hill.

A drive along the bench, out to the airport and to Lakelse Lake as well as a visit to the Infirmary on the bench was all in the afternoon's itinerary.

A visit to Mr. and Mrs. Harry King's lovely home and gardens, a beautiful sight at this time of the year was a highlight of the trip.

In the evening a banquet was held in the dining room of the Silver Tip Cafe where the Village Commissioners, E. Haugland, D. Little and C. Adams entertained their guests along with several of the village community.

Delegates attending were Mayor Nora Arnold, Alderman Rudderham, Ald. and Mrs. James Forman and Ald. and Mrs. McLean of Prince Rupert, Mr. and Mrs. Forbes and Mr. and Mrs. Gould.

The Terrace guests included Mr. and Mrs. P. Murie, Mr. and Mrs. W. Robinson, Mr. and Mrs. T. Fraser, Mrs. C. R. de Kergommeaux and Mrs. D. Little.

Following a bountiful banquet the toast to the king was proposed by E. Haugland.

Mrs. Haugland presented Mrs. Nora Arnold with a lovely corsage of gladioli which so pleased the mayoress of Prince Rupert that she quipped: "This afternoon when I was driving around and saw all the lovely flowers growing in the Terrace gardens I was green with envy—now I'm pink and yellow with gladioli."

She expressed her pleasure at being in Terrace and wished the commissioners and community all success in what they were striving for. She felt that she had really come to know Terrace this time.

"The association was helping us to get to know one another and the towns in which we lived," she said, speaking with regret of the absence of delegates from Prince George, Vanderhoof and Burns Lake.

Commenting on the growth of the town of Terrace and its bright prospects, Mrs. Arnold mentioned several of the newcomers to Terrace who, fairly recently had come from Prince Rupert to live here, and she wondered "if after all, Prince Rupert will become a suburb of Terrace."

BETTER RELATIONS

D. G. Little extended a welcome on behalf of the Terrace and District Board of Trade and said that this was only the beginning of better relations between the towns.

H. D. Thain as did the dele-

gate speakers, expressed keen disappointment at there being no delegates from the eastern end of the riding. As secretary of the association he read a telegram from C. A. Berner, C.N.R. superintendent Prince Rupert, who sent greetings and best wishes for the success of the meeting. Mr. Rudderham, Mr. Forman and Ald. McLean all expressed their pleasure at being in Terrace, Mr. McLean saying that he considered himself a citizen of Terrace as well as Prince Rupert.

Mr. Gould, president of the Association, said that this was the first opportunity he had had to come to Terrace and he was well pleased with what he had seen and had been accomplished that day.

He spoke as the only representative from the east and was very much aware of the fact that Prince Rupert is behind the towns and villages of the interior and that their representatives will go to Victoria and support them in any of their claims.

Will Robinson spoke of the

great change that has overtaken from Prince George the people of the town with the changing of the country since he came into it in 1923. Terrace at that time suffered from massed claustrophobia, isolationism and sectionism, which had gradually disappeared as the country opened up. Recent meetings such as this one had shown that the people are starting to regard the area words

TWINS' Mother Says

"NEOLITE  
WAS AN  
EASY WINNER"

At Goodyear's request, Mrs. S. M. Marrs, 139 Brompton Toronto, made the "Twin-Test". Bill (left) had NEOLITE soles; Bob wore shoes with leather soles.

The two active Marrs youngsters romped and played together all day long. Like other normal boys, they gave their shoes plenty of punishment—until Bob's leather-soled shoes had holes in them. But not Bill's NEOLITE-soled shoes still had plenty of wear left in them after the test! Yes, it's a proven fact—NEOLITE soles far outwear the toughest leather.

Start cutting family new shoe and repair bills with NEOLITE soles—right now! They're waterproof, healthful, gloriously comfortable!

Worn Out Leather Still Good

NEOLITE SOLE

outwear leather over 2 to!
