Premier Stalin Sends Invitation To Truman For Meeting

TRUMPETS OUT TAX

The House-approved tax on halibut... considerable difference... The tax is contained... in the Alaska... George of the Juneau... Co. declared the... force vessels to Prince...

GREEN URGES PACIFIC PACT

OTTAWA—Howard Green (P-C, Vancouver South) told Parliament that he considered there was risk of the Pacific Coast becoming more of a danger zone than the Atlantic and, because of this possibility, the United Nations should sanction a North Pacific as well as North Atlantic pact. Mr. Green did not suggest when, or under what circumstances, danger on the North Coast in the west might develop.

RAIL BLOCKADE INTENSIFIES COAL SHORTAGE

Scores of Prince Rupert householders are keeping anxious eyes on their dwindling coal piles and, at the same time, hoping fervently for resumption of railway service into the city which will bring carloads of badly needed fuel. City coal dealers have been cleaned of their stocks as a result of freezing temperature levels and have been unable to renew them this week because of the rail blockade which resulted from last Sunday's rock blast at Hole-in-the-Wall. About 20 carloads of coal are reported to be standing on sidings at Terrace unable to roll westward until the line is cleared. Railway authorities hope to have the line cleared in time to permit train movements by noon Thursday.

WORKERS HERE RAMP UP MILL

When the construction of the Celanese Corporation... new \$25,000,000 mill... Island, Port Edward... James Macri and S... arrived in the city... on the Prince Rupert... Vancouver, accom... their families. Both... and Johnson have... from Mexico where... been engaged in... with the construc... similar plant for the... Corporation. There... some 80 men working... Island, most of them... in camp construction.

WET SNOW COSTS VALDEZ \$25,000

VALDEZ—A five-foot fall of wet snow has cost this city about \$25,000. It's weight resulted in the collapse of the roofs of a business block, a warehouse, an airplane hangar and a store. Plane travel was disrupted.

ALASKA PASSES NEW FISH TAX

JUNEAU, O.—The Alaska House yesterday passed the bill to tax raw fish. It carries provision for a four per cent tax on canned salmon, the taxing value to be 50 per cent of the average wholesale price of Seattle brokers. The halibut tax will be one per cent with the same for salmon and butter clams for non-canning purposes.

BULLETINS

DAYLIGHT SAVING?

VANCOUVER—If the electric power shortage continues day-light saving may be resorted to in Vancouver. With cold weather continuing, the power situation is no better and drastic restrictions went into effect last night. There was more snow with a southwest gale last night.

ST. LAURENT ON ELECTION

OTTAWA—Prime Minister St. Laurent hinted today that the general election may not take place for several months. He told a press conference that his colleagues were happy and were looking forward to an interesting session.

N.W.T. PLANE CRASH

YELLOWKNIFE—Pilot Grant Ford and Henry Dennis and Thomas Lee, mining men, are dead as a result of the crash of a plane on the south shore of Great Slave Lake. The plane had been missing since January 22. The wreck was located yesterday.

POWER FROM B.C.

OLYMPIA—Storage of water in the Arrow Lakes may solve the power shortage of the Pacific Northwest, it was suggested in the state legislature yesterday.

END OF DIFFERENTIAL

VANCOUVER—May Charles Thompson last night forecast the end of the mountain differential in railway freight rates "before this month is out." He termed the differential as "old and archaic."

DENIES STATEMENT

OTTAWA—Walter Harris, Parliamentary assistant to Prime Minister St. Laurent, denied yesterday that he had said in a speech at Brantford that there might be war with Russia within three months. The House rejected 133 to 55 a resolution by Leader of the Opposition George Drew that there be an emergency debate on defence matters.

Hungary Becomes 'People's Republic'

BUDAPEST—The Republic of Hungary, on its third anniversary, yesterday became a "people's republic." The National Front of Independence, name of the coalition of communist-dominated parties in the government, was renamed the People's Front of Independence.

SUDBURY WOLVES BEATEN AGAIN

STOCKHOLM (CP)—Sudbury Wolves, Canada's representatives in the international hockey championships which begin today, lost an exhibition match to Sweden 4 to 2 yesterday. It was the second time Sweden had beaten them.

C.N.R. HELPS SAVE JUICE

Seventy-Five Percent Curtailment in Vancouver

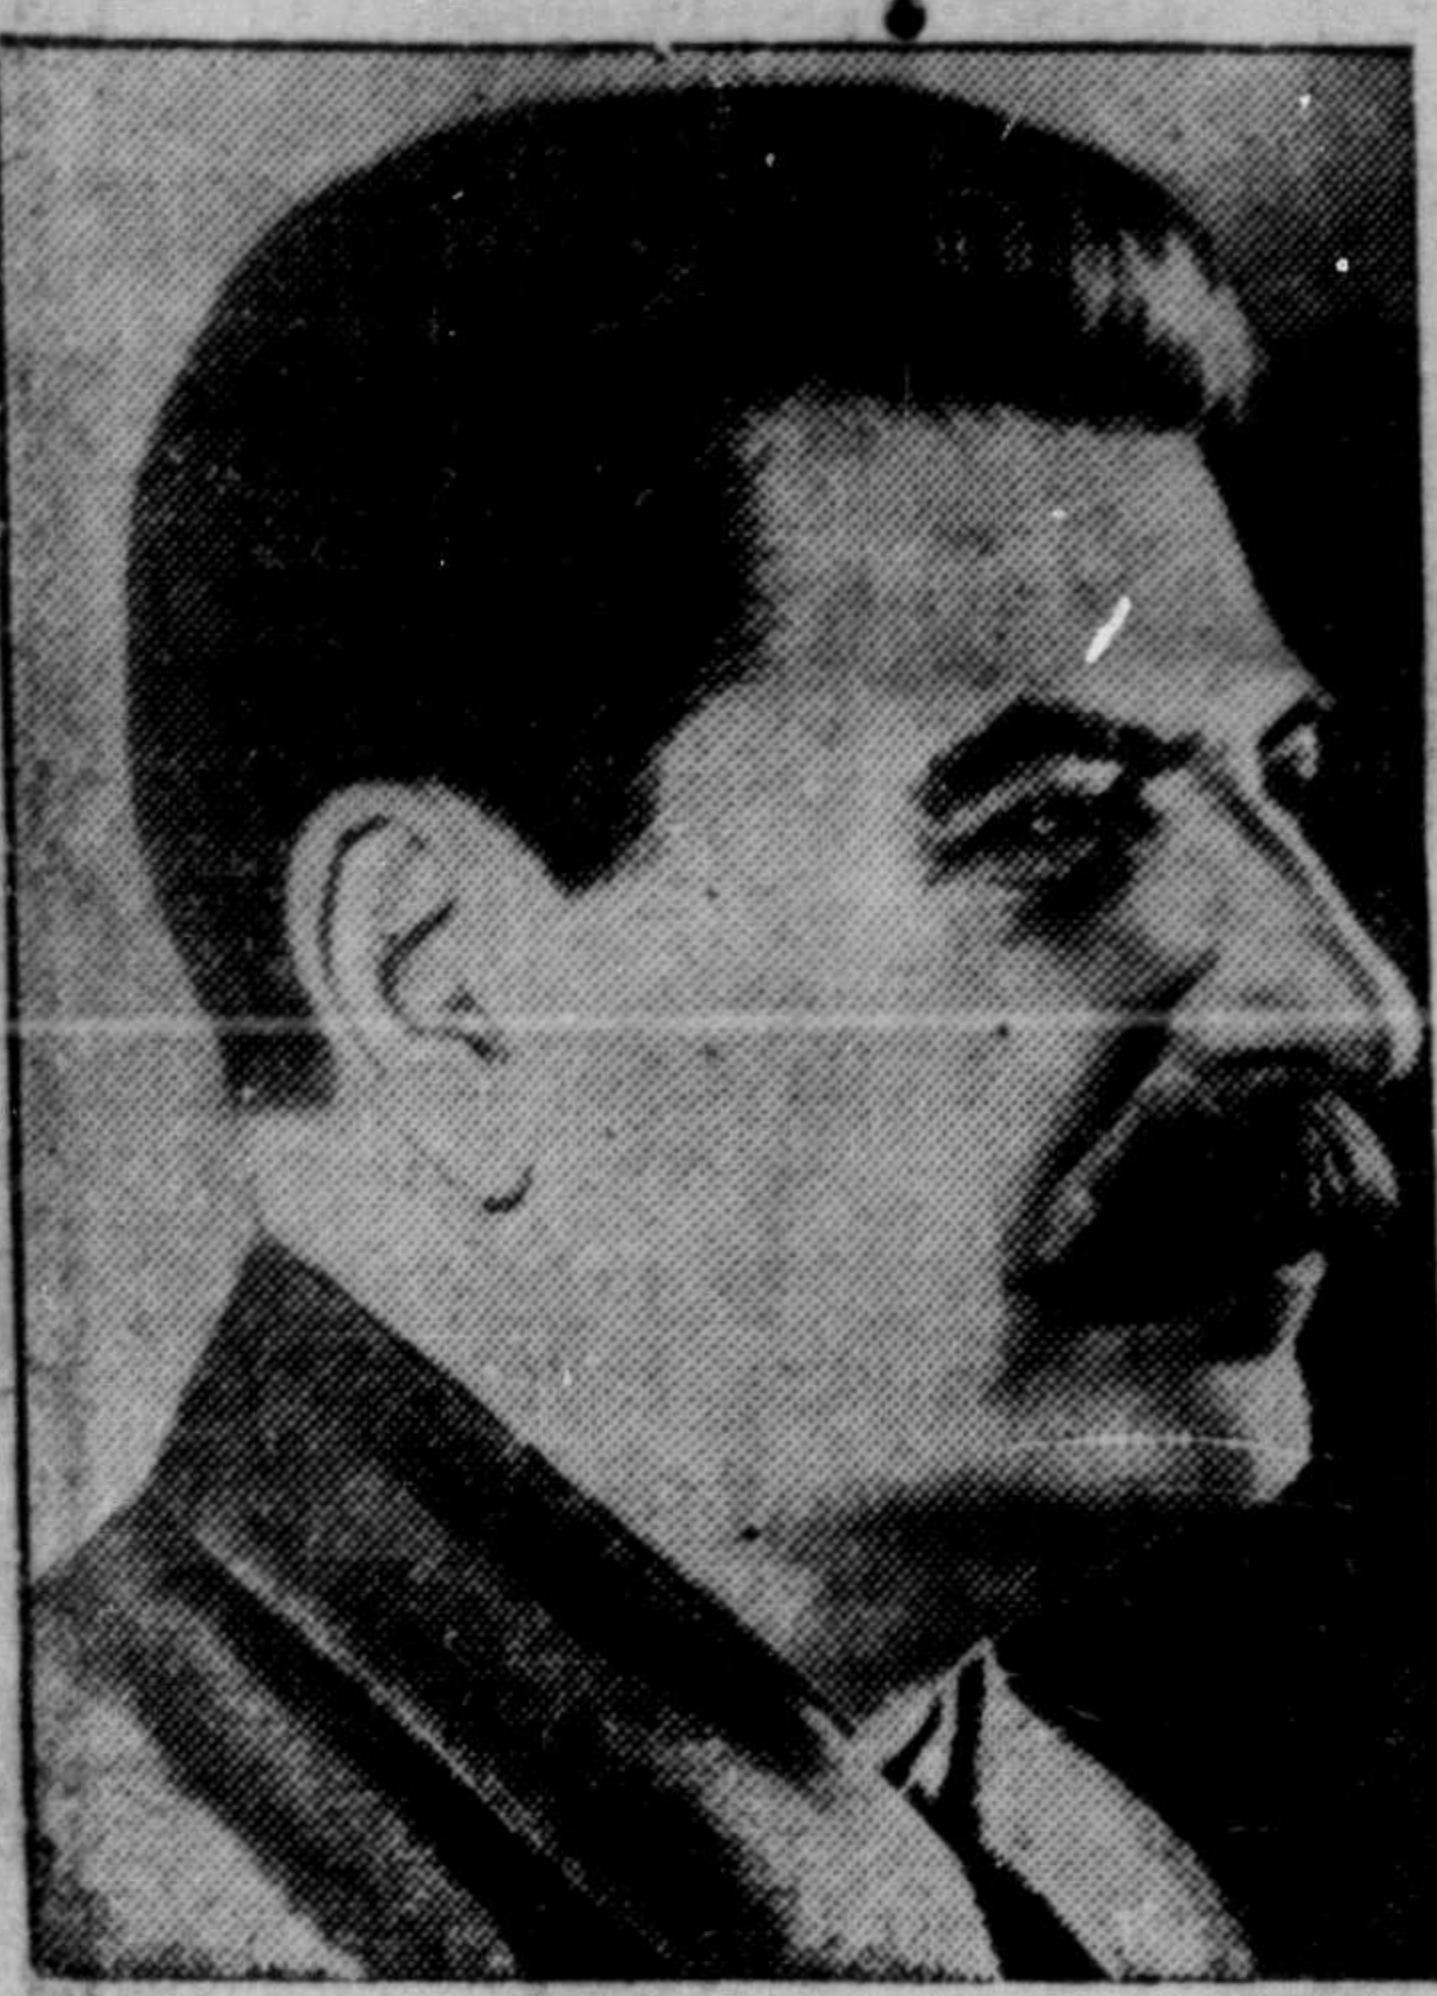

VANCOUVER—"Realizing the seriousness of the present power shortage on the Lower Mainland we have issued instructions to all departments of the Canadian National system in this area to cut the use of electrical energy to the lowest possible minimum," said J. P. Johnson, vice-president of the National system's western region, before his departure on Tuesday night for his Winnipeg headquarters following an inspection tour here.

"There'll be a lot of stair-climbing in our Vancouver station until the situation is improved," said Mr. Johnson, "as elevator service has been cut from eight hours to two-and-one-half hours daily. Exhaust fans, coach charging generators, meters and, of course, all types of lighting inside and outside will be used very sparingly. Facilities at our Port Mann shops including water pumps, compressors, electric welders and drills exhaust fans, lighting etc., are all affected.

"In some cases," continued Mr. Johnson, "the reduction in power will be as high as seventy-five percent which we are happy to say is considerably more than the thirty percent requested by the authorities.

"And before I leave," said Mr. Johnson with a twinkle in his eye, "here's wishing this rain-parched district several days of the good old liquid sunshine."

WILL THEY AGREE?

STALIN of RUSSIA

Would Have Session Behind Iron Curtain; Pleads Health For Inability To Come Over

PARIS (CP)—Prime Minister Joseph Stalin today invited President Truman to meet him in Russia, Poland or Czechoslovakia. The invitation was extended in a telegram sent to the Paris office of the International News Service. The telegram was reproduced in a special edition of the evening newspaper, France Soir.

Stalin offered to meet Truman either in Moscow, Kainograd, Odessa and Yalta—"wherever the President chooses"—or, alternatively, in Poland or Czechoslovakia if there are objections to a meeting in the Soviet Union.

Stalin said that, although he had wanted to go to Washington for a long time, he had been advised medically against a long sea or air journey.

A White House spokesman at Washington said today that Truman had not changed his position against leaving United States to see Stalin. So far, it was reported that Stalin had sent no direct invitation to Washington for a meeting with the President to discuss United States-Russian differences.

Weekly Wage Rate Hits High Record

OTTAWA—The average weekly wage of hourly paid workers in Canadian manufacturing reached a record high of \$11.16 in November. A new high for hourly earnings of 45.5 was also shown. The previous weekly top was \$40.68. In November 1947 it was \$36.34 in 1946 \$30.91 and in 1945 \$30.31.

LOOKS FOR MORE FLOODS IN 1949

VANCOUVER—H. T. Mitchell, retiring president of the Vancouver Board of Trade, in his report, warned that there is a possibility, in view of general snow conditions of another flood this year. Because of this he urged that a substantial part of the fund, available for relief purposes, be held in case an emergency arises. If it does not, then the money can apply further to the 1948 flood victims.

Smithers Has \$30,000 Fire

Garage Building Is Destroyed—Theatre Has A Close Call

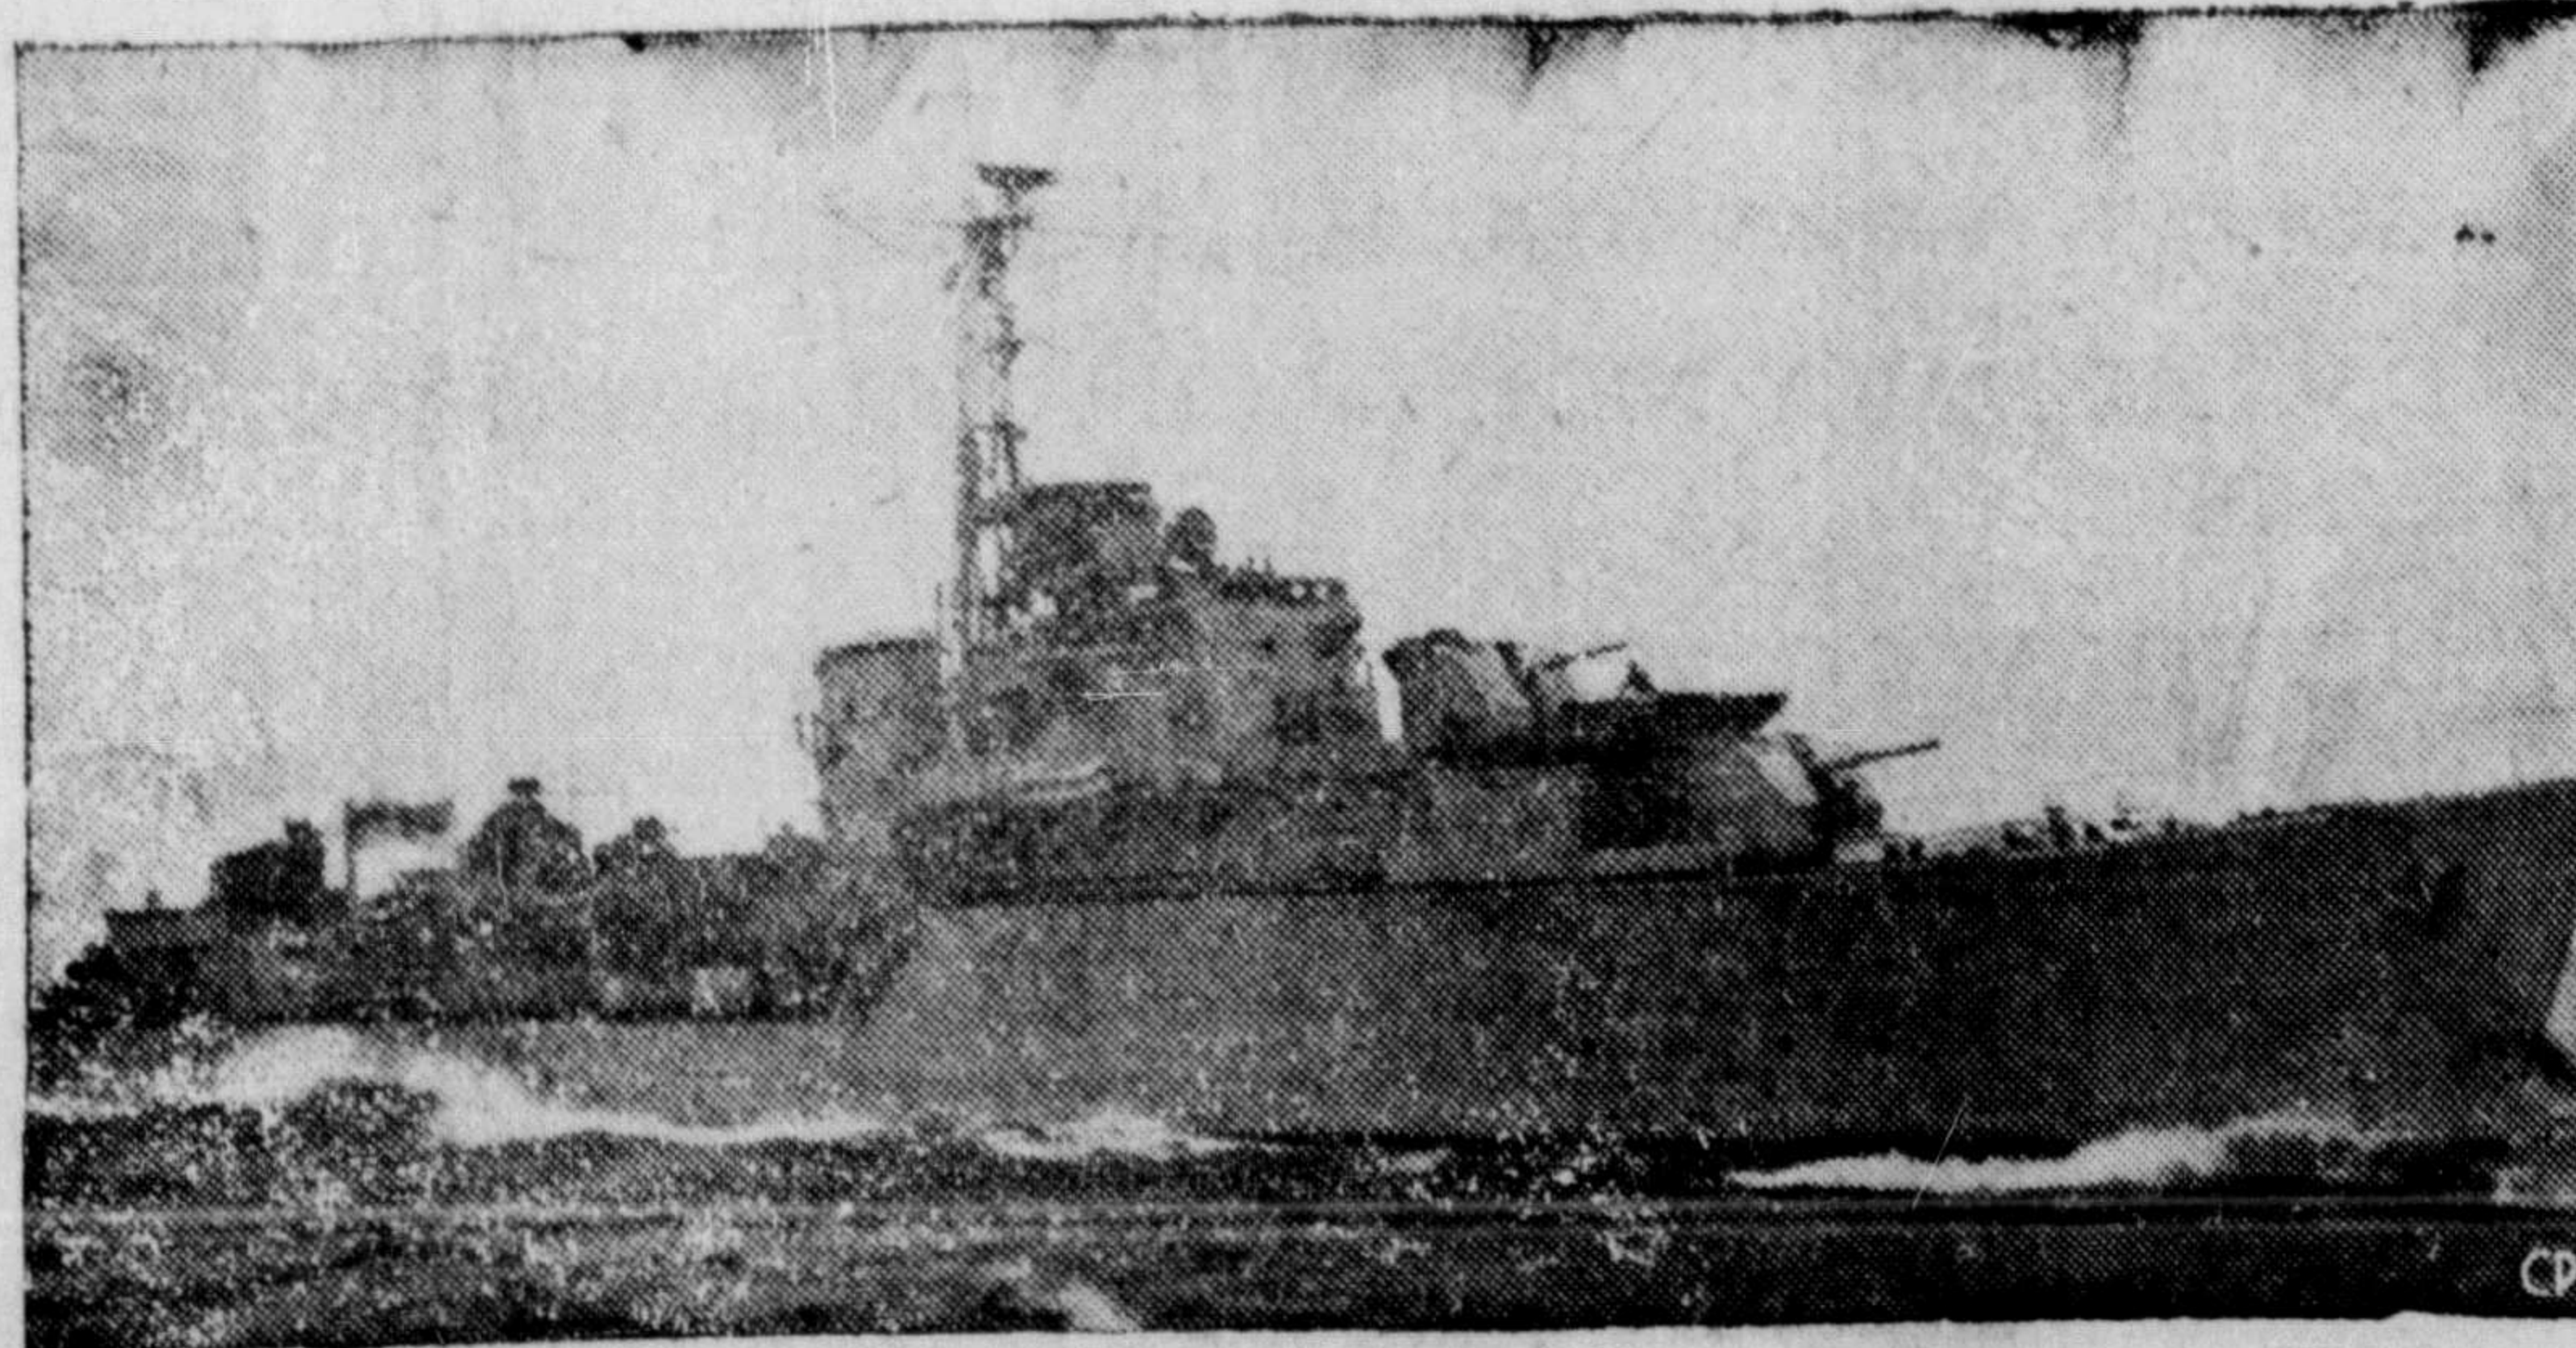

A \$30,000 fire visited the main street of Smithers at 4 o'clock this morning, according to advice at provincial police headquarters here. The spectacular blaze destroyed an old garage which had been used by William Vinson as a second hand store and by other persons for the storage of cars. Building and all the contents were destroyed. Valiant efforts of fire fighters saved the nearby moving picture theatre.

HOW POLITICAL TIMES CHANGE

OTTAWA—Wen Rt. Hon. William Lyon MacKenzie King, now sitting as private member, first entered the House of Commons forty years ago, the political complexion of the House was vastly different from what it is today. Liberals and Conservatives monopolized electoral support. The House comprised only three members listed as "Independents."

IS DRAGGED TO DEATH BY CHUTE

SHIP HARBOR, Nova Scotia.—A Navy fighter pilot was dragged to death yesterday when a parachute caught on the tail of a plane as he tried to jump clear of a doomed plane. The plane had caught fire in the air and crashed 35 miles northeast of Halifax. The unfortunate pilot was Lieut. Thomas Coultry of Dartmouth.

HEADING FOR FAR EAST—The Canadian destroyer Crescent is being sent to the Far East for use in event of emergency. Disturbed conditions in the east led to the action, Defence Minister Claxton said. The Crescent, shown in this Royal Canadian photo, sailed from Esquimalt today. She is well known in Prince Rupert. (CP Photo)

PRESIDENT TRUMAN OF UNITED STATES

DRIVER OF DEATH CAR SURRENDERS

TORONTO (CP)—A 49-year-old barber, unable to sleep and too nervous to work, yesterday ended a police search by giving himself up. The police had sought the driver of a car which Saturday night killed William Miller, 21, and injured a 19-year-old girl friend. He decided to give himself up when he heard that his girl friend's leg might be amputate.

The Hands of Esau

"ANYONE MAY LOVE the Soviet Union," said Marshal Tito, "but in no circumstances can he love his own country less." That did it. That marked the definite cleavage between Tito's brand of communism and that of Comrade Stalin. It is not that there is much to choose between them. It is only that Tito for his own reasons has challenged the overlordship of Moscow. Now the lines draw closer as Moscow girds itself to defend its position.

No matter how loudly they have proclaimed their national patriotism, the Marxian communists bow the knee to Moscow. No one can doubt the infallibility of the Politburo and remain a good communist. Yugoslavia is only an isolated instance of disagreement, at least at the moment although Czechoslovakia shows signs of defection.

Communism isn't a creed that any group or any country can adapt to its own needs. It isn't international as it claims to be. Its heart and its head are in Moscow, wherever its members may be. In a conference of European communists in Bulgaria in the dying months of last year, one after another, delegates from 18 different countries rose in their places to pledge their loyalty to the Soviet Union and to Marshal Stalin. In Czechoslovakia and Poland, at the same time, comrades were being warned that the party would purge itself if all members failing to identify themselves with the party line. And the party line, mind you, is not determined by the communist party. It is determined by Stalin and the Politburo.

We like to believe that this only applies to so-called foreign countries. Not the United States! Not Canada! But for the United States Whittaker Chambers has answered pretty clearly. The party line runs true there. But not in Canada? In Canada Tim Buck, leader of the Labor Progressive party, sent its message to Stalin on his 69th birthday: "Our party . . . pledges itself anew to work and fight in the spirit of working-class internationalism, for which you are the honored guide and teacher."

And what does "the honored guide and teacher" have to say? Speaking through the words of the chief of the state planning commission, Vosnesensky, who speaks with Stalin's authority, he says this: "Every communist party must obey the communist party of the Soviet Union, unconditionally." He says: "If any party thinks it can win power without our help, it is dreaming." That last may be his answer to Tito's blustering.

CONFUSION OF 'PRINCES'

NOT LONG AGO, a letter addressed to a well known local man in "Prince Albert, British Columbia" arrived in Prince Rupert and soon was in the hands of its rightful owner.

This sort of thing does not appear to be uncommon. It has happened before. A while back, a letter was addressed to someone in "Prince Albert, Ontario." All this has now led the publisher of the Herald in Prince Albert, Saskatchewan, to offer a little sharp comment, chiefly for the benefit of postal officialdom. In winding up his observations, he says:

"We would like to notify the Deputy Postmaster-General that Prince Albert is in Saskatchewan—not Ontario. After all, if 'Canada Post Office' doesn't know where we are then who the devil does?"

Better English By D. C. WILLIAMS

1. What is wrong with this sentence? "I am sure Robert will be back next Sunday."
2. What is the correct pronunciation of "falsetto"?
3. Which one of these words is misspelled? Harmonious, hazardous, haughtiness.

ANSWERS
1. Say, "come back" or "return." 2. Pronounce fol-sit-to, first o as in of, e as in set, second o as in no, accent second syllable. 3. Haughtiness. 4. Condition of body or mind, when its voluntary functions are performed with difficulty, and only by strong exertion of will. "After such vigorous exercise there came a feeling of lassitude."

S.S. PRINCE GEORGE

CAPT. E. B. CALDWELL

Coastal Luxury Liner to Start Busy Season Starting Late June

With arrival in Prince Rupert on Sunday, June 19, Canadian National Steamships luxury liner Prince George will be inaugurating a schedule of eight summer tourist sailings which will extend into September at approximately ten-day intervals. Northbound days will be Sunday and Thursdays and southbound Fridays and Tuesdays. The vessel is reported to be already heavily booked for the season.

Capt. Ernest B. Caldwell is again slated for command.

Leaving Vancouver at 9 p.m. on a Friday or Tuesday, the Prince George will arrive here on Sunday or Thursday at 9 o'clock in the morning, sailing at 1 p.m. for Ketchikan, Juneau, Haines and Skagway. The evening of the following day after arrival there, the vessel will leave Skagway and, with calls enroute at Haines, Juneau, Wrangell and Ketchikan, will arrive here on a

Friday or Tuesday evening at 7 o'clock, sailing south at 11:15 p.m. to cruise into Gardner Canal and Douglas Channel with call also at Ocean Falls enroute to Vancouver.

The northbound dates at Prince Rupert will be June 19 and 30, July 10, 21 and 31, August 11 and 21 and September 1. The southbound calls will be June 24, July 5, 15 and 26, August 5, 16 and 26 and September 6.

The steamer Prince Rupert will continue throughout the season on a schedule similar to that which she is now maintaining.

PRINCE RUPERT CLUB ANNUAL

Reports Received and Directors for Coming Year Named

William D. Lambie, 1948 president; A. B. Brown, secretary; W. J. Scott, G. C. Mitchell, J. C. Gilker, Martin Stewart, L. M. Feisenthal, W. F. Stone, Grant Stewart and Harry Hanson were elected directors of the Prince Rupert Club for the coming year at the annual general meeting of the club last night. The new directors will meet tomorrow night to choose their officers. Thomas W. Speers was elected auditor. The meeting received reports covering the past year's business. W. D. Lambie gave the presidential and house committee's report and W. J. Scott the report for the entertainment and membership committees.

EARLY SULFA DRUG
Sulpapyradine, one of the earliest sulfa drugs, was first used extensively in 1937.

Reminiscences By W.J. and Reflections

The firing of a huge blast in Prince Rupert during the early days was, as a rule, something of a gamble for the contractor. Formation and character of the ground could be a factor of importance. Perhaps there were charges that failed to explode or examples of being too much the other way. Possibly there was faulty wiring. Precisely what would happen was never a dead sure thing. It could, and sometimes did mean a difference of tens of thousands of dollars to the man whose business it was to see it through.

It was between Hays Creek and the neighborhood of Beach Place near the opposite end of the yards that the three heavy-

est shots ever discharged in the city took place. The one that was touched off by Don Brown at Hays Creek was the most successful of the lot. Archie MacDougall was the contractor. Nothing was overdone. Damage in any direction was nil. Everything was just right.

Once there was an incident that could have meant sudden death. But a stern reprimand, delivered with a lot of emphasis, saw the end of it. This was shortly before a major explosion when crowds on surrounding hills and in deep silence watched and waited. Suddenly, as though they had been hiding, two figures appeared on the dynamite-filled ground that

JUDGE FISHER LEAVING CITY

Off to Vancouver Tomorrow Night to Make Future Home
Judge W. E. Fisher, who came first to Prince Rupert in 1907 and a year later set himself up in law practice here and was County Court judge from 1933 to 1947 when he retired, leaves tomorrow night on the Prince Rupert for Vancouver where he will make his future home in the West Point Grey district, having purchased a residence near the University of British Columbia. He will be accompanied by Mrs. Fisher and his son, Harold Fisher, who practices law in Vancouver and who has been in the city for the past few days helping his parents in their preparation to move. Prior to his departure, Judge Fisher has been honored at several farewell gatherings including the Prince Rupert Club last night and a professional function of local members of the bar at the offices of MacLeod & Ray Monday afternoon.

GENERATIONS OF FAMILY AT GATHERING HERE OF AUDREY GRIMBLE

The Grimble family gathered for a present Tuesday for the wedding of Audrey's Catholic daughter, who is now Mrs. Marguerite, secretary of the church. The ceremony took place at 5:30 p.m. at the home of the bride's mother, Mrs. H. V. Tatterton, small nephew, Ross, son of her brother, Terence, given in marriage. The bride was dressed in a white gown with floor-length veil from a coronet headpiece. She carried a white bouquet adorned with orchids. The bridesmaids were Miss Betty Brown, Miss Betty Brown, and Miss Betty Brown, all of whom were dressed in white. The groom was Fred Grimble, and the best man was Clifford Simpson, and the officiating minister was Edward Haugan.

Peter Lien was organist and during the signing of the registers, Miss Joanne Langridge sang "Because." A reception followed at the Sons of Norway hall at which 150 friends attended. They were received by the bride's mother, wearing an afternoon dress of brown crepe with corsage of pink carnations. Toast to the bride was proposed by Jarvis H. McLeod, with acknowledgment by the bridegroom. The groomsmen proposed a toast to the bridesmaid. A three-tier wedding cake was cut by the bride and groom. Master of ceremonies was George Hills.

Telegrams of felicitations were read from friends at Victoria, Craig, Alaska, and Vancouver. The latter part of the evening was spent in dancing to music by Mike Colussi on the piano-acordion. Mr. and Mrs. Luke will leave Thursday evening on the Prince Rupert for Trail, where, after a short honeymoon, Mr. Luke will take employment with the Consolidated Mining and Smelting Co.

Rev. Dr. Hugh Dopson, secretary of evangelism and social service for the United Church in western Canada, arrived in the city today from Vancouver to attend the conference of Prince Rupert Presbytery which opened this afternoon.

New Canadians— Can Be Good Citizens Here

Canadian Club Hears Noted Newspaperwoman and European Correspondent

"These people will make good Canadians if we are good Canadians ourselves," said Mollie Magee, Canadian newspaperwoman and European correspondent when she told 80 members of the local Women's Canadian Club at dinner last night of people who are coming over from war-torn Europe to settle in this country as "New Canadians."

Miss Magee, as correspondent for the London News Chronicle in Vienna, has travelled extensively through Europe. She expressed intense interest in the future of millions of people who are scattered throughout Europe in Displaced Persons camps. Some, she said, had been moved as Nazi slave labor, when they were shipped as far away from their homes as possible—Poles were sent to France and Belgium, etc., while Belgians were transported to the other side of the continent. Others fled from their homes during the war as invaders moved in. With the end of hostilities UNRRA was formed and the United Nations introduced an International Refugee Organization with headquarters in Geneva. Canada was a member along with 16 or 18 other countries. Some were trying to help—some by financial aid, others by accepting them as immigrants. Canada agreed to take these people into industries where there was a demand for labor—mining, lumbering and agriculture—as well as domestic servants. Before they are admitted they must pass certain requirements and sign a contract for a year.

There are many methods of spreading propaganda about a country, the speaker continued. Today, the letters going back to Europe from "New Canadians" are influencing thousands. Austrian and German newspapers carry stories of these people. "We manufacture our own propaganda—for they write as they see and find us," Miss Magee said.

Displaced Persons camps are not prison camps. There are no gates and the people are not forced to stay. There is just no place else for them to go. The population of an average camp is between 2,000 and 3,000. They are self-governed, with a representative of the occupation force in charge, and contain a cross-section of the citizens of many nationalities. They are there because they are anti-Communist and have had to flee from their homeland.

In one of the camps Miss Magee visited she asked if she might talk with some of the people. Four shabby old men were presented to her. One had been a leading magistrate while the others were a civil engineer, a professor of chemistry and the head of a technical High School. Now they were too old and tired to feel that the future held anything for them. A conference was held to discuss what could be done for the many scientists and professional men whose talents were being lost to the world. This resulted in

MISTOOK OIL FOR GASOLINE

"Kerosene" which turned out to be gasoline caused a flash fire which badly scorched the interior of Cabin 2, Cow Bay, at 3 p.m. Tuesday when an occupant of the shack poured it into a stove to stimulate a flagging fire.

Police were told that one of a group of men in the cabin, which was occupied by John Murphy, who was away at the time, mistakenly poured a quantity of gasoline into the stove, thinking it was kerosene. James McKay received singed eyebrows and another man had his clothing burned.

Walls of the room were badly scorched by the sudden heat and a loaf of bread on a nearby table was partly toasted.

just under 30 of them being placed but there are many more. The younger ones are emigrating as manual laborers with the hope that they will eventually get back to their former occupations.

Miss Magee returned to this country with a group of refugees. It was pathetic, she said, to see the old people standing on the platform as a trainload of younger ones left for a new country and a new life. Many of the older ones knew they would never get out as there are certain age and health regulations and so they must part from their families. The speaker felt that this was the wrong policy. "We should move them in family groups as Chile and Australia are doing," she opined. "Today there are thousands of old people left in Europe who are facing a future devoid of hope. We shouldn't have done it this way. We should have looked farther ahead."

"Those who do come to our country," the speaker urged, "we should treat as we would our own." The European mind has been trained to believe that the victor should take possession of the vanquished. Canada is one of the few countries in the world today that has never known slavery.

"Refugees are new Canadians," she said. "Don't call them 'Displaced Persons.' They want to leave all that behind them and start a new life in Canada."

Mrs. Norton Youngs thanked the speaker for her interest and introduced a guest of the Club, Dr. Olga Lasorek, who recently came to this country from Czechoslovakia and, with her husband, is on the

LOCAL MEN WITH TRAINING GROUP

The local battery group that left recently for a period of winter training at Wainwright, Alberta, formed part of a total of about 400 officers and men by the time they reached their destination. The special C.N.R. train leaving Vancouver picked up the local men and some 60 more troops from the Okanagan as well as from other points in Southern British Columbia.

Mrs. R. B. Skinner returned to the city at noon today on the Prince Rupert from a trip to Vancouver.

staff of the Miller Bay Hospital here.

Mrs. D. McD. Hunter, on behalf of those present, extended to Miss Magee a most hearty vote of thanks.

The meeting, which took the form of a dinner in the Civic Centre dining room, was opened with the singing of "O Canada" and closed with the National Anthem.

A tea was held in the afternoon at the home of Mrs. Martin Van Cooten, Westview, when members of the executive of the Club were given the opportunity of meeting and talking with Miss Magee.

Reasonable Ideas for Housekeepers

HOT BREAD FOR LUNCH—VARIOUS CEREALS CAN BE COMBINED

Bread, the staff of life, takes on glamor when it is served hot. Hot rolls, hot baking powder biscuits or scones served with butter and honey or jam make a dessert that is enjoyed by everyone. These breads do not necessarily have to be made at the last minute either. They may be split, buttered and reheated just before serving time. Delicious breads of this kind are made by combining different cereals for added flavor and food value. Combinations of rolled oats with cornmeal, whole wheat with added wheat germ or bran or breakfast foods that are mixtures of several cereals, all make good breads with either baking powder or yeast as leavening. Home economists say that the new one-knead method is an excellent one for hot yeast rolls and they have an idea that speeds up even the quick method.

- JIFFY ROLLS**
 - 2 cakes compressed yeast or 2 tablespoons fast-rising yeast
 - 1/2 cup lukewarm water
 - 1 teaspoon sugar
 - 1/2 cup scalded milk
 - 1/3 cup shortening, melted
 - 1/2 cup molasses
 - 1 1/2 teaspoons salt
 - 1 egg
 - 3 cups whole wheat flourSoak yeast in lukewarm water and add sugar. Combine scalded milk, shortening, molasses and salt and cool to lukewarm. Soaked yeast and blend well together with milk mixture. Add flour and mix well. Roll out on well-floured board and fit into greased pan 10" by 10". Cut dough with floured knife into strips 1 1/4" wide, then lengthwise down the centre of the pan. Brush cut surfaces with melted fat. Let rise in a warm place until double in bulk, 1 1/2 to 2 hours. Bake in a very hot oven, 425 degrees F., for 20 minutes. Yield: 1 dozen large rolls.
- JAM POCKETS**
 - 2 cups sifted all-purpose flour or 2 1/4 cups sifted pastry flour
 - 2 1/2 teaspoons baking powder
 - 1/2 teaspoon salt
 - 2 tablespoons sugar
 - 1 egg
 - 1 cup milk
 - 2 tablespoons shortening, meltedJam
- Mix and sift flour, baking powder, salt and sugar. Beat egg, add milk. Make a depression in the flour mixture, pour in egg and milk, then melted shortening. Stir as little as possible in mixing. Turn half the mixture into well-greased muffin tins, add 1 teaspoon jam to each muffin and cover with remaining batter. Bake in a moderately hot oven, 375 degrees F., for 25 minutes. Yield: 1 dozen medium-sized muffins.
- FRUIT SCONES**
 - 2 cups sifted all-purpose flour or 2 1/4 cups sifted pastry flour
 - 4 teaspoons baking powder
 - 1 teaspoon salt
 - 2 tablespoons sugar
 - 1/4 cup shortening
 - 1/2 cup currants or raisins
 - 1 egg
 - 3/4 cup milkMix and sift flour, baking powder, salt and sugar. Cut in shortening until mixture resembles fine bread crumbs. Add currants or raisins. Combine egg and milk and blend with dry ingredients. Toss onto floured board and knead very slightly. Roll out to 3/4 inch thickness and cut into rounds 6 inches in diameter. Brush top with milk and sprinkle with sugar. Place on baking sheet and bake in a very hot oven, 425 degrees F., for 12 to 15 minutes. Yield: 8 six-inch scones.

SKIING ON MT. HAYS "PERFECT"

Members of Club Working Enthusiastically on Erection of Tow

Every week-end of late enthusiastic local skiers have been packing parts of the ski tow up Mount Hays and in about two weeks it is expected this facility will be ready for operation for their enjoyment. A great deal of effort, labor and "skiing time" is being expended in the erection of the tow.

Meantime many new skiers have been learning the sport and their interest and enthusiasm has been highly encouraging to all concerned.

The membership of the club is steadily increasing and, with the completion of the ski tow, there should be even more members.

Skiing conditions during the past two weeks are described as having been "perfect," both from the standpoint of weather and snow.

WHAT IS HOME WITHOUT A GARDEN?

HOTBED OUTSIDE WINDOW HANDY AND INEXPENSIVE

Even the smallest garden can profit from a hot-bed in which plants can be started weeks earlier than seeds can be sown outdoors. The plants you grow cost a fraction of those purchased in the market.

Most economical in space, cost and upkeep, is a hot-bed built around a window opening from a heated basement, preferably a south window. In front of the window make a shallow excavation, about a foot deep. The size must be figured carefully, so that a frame set in this excavation can be covered by window or hot-bed sash. As in the case of other hot-beds a glass substitute may be used on the sash, if desired.

Build a frame to fit in the excavation. The sides must slant sharply from a point above the window, almost to the ground. Fit the sash on this frame, using hinges at the top so the sash may easily be raised for ventilation. Earth may be banked around the frame to keep out the cold; and the sides should be as tight as possible to keep out the wind.

The frame may have to be caulked, where it joins the foundation to prevent drafts, otherwise it is built like the garden type, using a standard or odd size sash as you choose.

Heat is supplied to this bed by opening the basement window, and allowing the heated basement air to enter the bed. The window is left open at night, and may be closed during the day, when the sun is shining on the bed. Hotbeds of this type have been tried and tested, and although they do not maintain temperatures as high as other kinds the heat will be more even, and the ventilation much better.

The main things to watch are temperature and drafts. Ventilation is necessary on warm days, and for very short periods on cooler days.

It is no more difficult to grow plants indoors from seed than it is to bake a cake. But just as important to follow instructions. If you undertake to do it, read the directions well.

City Merchants

City merchants are asked in future to have copy for all display advertisements into the Daily News office by 3 p.m. of the day previous to their publication.

This co-operation will greatly assist the mechanical department in keeping to the regular hour for publication.

JOHNNY COMADINA SHOWS A BILL WHO RULES BASKETBALL COURTS

Senior League Game Awarded By Forfeit to Co-op After High Coach Shows Defiance

Basketball on Tuesday night brought up a situation that is the main topic of basketball fans today. Referee Comadina ordered the Senior game forfeited to Co-op when Coach Bill of Bo-Me-Hi refused to leave the players' bench as requested. The forfeit stemmed from a foul decision with which Bill disagreed. After an explanation of the penalty the coach continued his talking and was penalized with a technical foul and a warning to stop. He did not and then was ordered to leave the bench. He refused and the forfeit resulted. At the time there was about four minutes remaining in the game with the score in favor of Co-op 60 to 43. The official score is 2-0 with all scoring being put into the records.

Bo-Me-Hi was very weak on rebounds and shooting. They got the shots but could not score with them. Flatten and Spring were the mainsprings of the team. The loss of Don Scherk was keenly indicated as none of the players Coach Bill threw into the game came through with any great amount of scoring.

Co-op took 85 shots and scored 26. They canned 8 of 14 free throws. Bo-Me-Hi took 67 shots and made 15. They made half of their 26 penalty shots.

INTERMEDIATE
In the Intermediate game Fashion came through with another win although they were given a hard battle for nearly three quarters of the game by Stone's, who went down to a 37-27 defeat. The game was close during the first half with the teams playing on even terms. The half ended 15-14 for Fashion.

The second half progressed to 21-21 before Stone's slowed down and regained on their defence. Fashion moved in fast and set up several quick baskets that

mer, if you make enough sowings of them; and plan them so that one short harvest follows another, and as soon as quality begins to deteriorate in the first sowing, you can begin picking top quality beans, or beets, or sweet corn, from the next, and so on until frost interrupts the sequence.

To plan the correct number of sowings, and determine how far apart to make them, give a few minutes' study of the table shown herewith. It lists twelve of the

LADIES "A" LEAGUE STARTS FINAL THIRD

DeJong's, Annettes and Variety Store each took three games in the first session of the final third of the Ladies "A" Five-Pin Bowling League and thus start the new frame at the top of the standing sheet. Savoy might have had the first status had they not forfeited their first game against Orange by appearing late. However, they did run up two games. They played off their first game after the session but, even though they had a higher score for it than did Orange, it did not count in the standings.

Annette's bowled the high team score with 2,780.

High individual scoring honors went to A. McMeekin of Annettes who bowled 273 for single game and to A. Pierce of DeJongs whose three-game total was 701, averaging 234.

DeJong's 3, Scuby's 0, Annettes 3, Mansons 0, Variety 3, Westview 0, Gordon and Anderson 2, Taft and Odowes 1, Savoy 2, Orange 1.

short-harvest crops which home gardens are likely to grow.

In the table Column 1 shows the days it requires a vegetable to reach table size, from seed sown in the garden. Since there are quick and slow growing varieties of most vegetables, look in your seed catalogue to find the time required by the varieties you will sow.

Column 2 gives the time a crop remains in good condition for the table. Column 3 gives the space in a garden row to produce one serving for a family of four. If beans are to be served twice a week, for example, since one sowing of beans provides a harvest for four weeks, eight feet in the row will produce all the beans the family can use from one sowing. A new crop should be ready every four weeks through the garden season, to keep the table supplied all summer.

Of most crops enough sowings should be made to insure a sixteen weeks' harvest, which will carry you into October.

CUT THIS OUT AND PASTE ON CARDBOARD FOR REFERENCE

MAY STAKE CROWN—Joe Louis, world's heavyweight champion, says at Orlando, Florida, that he may lay his world's championship title on the line once more. If so, it will be the last time and I mean it this time," he says. His manager says that Louis may fight the last, his twenty-sixth title bout, in June if the box office appeal is right. His opponent will be either Lee Savoy or Ezzard Charles with perhaps "an elimination fight to see who gets a shot at the title."

COMADINA SHOWS (Continued from Page 4)

gave them the lead and the win. Fashion earned 15 of 67 shots attempted. They made 7 of 18 free throws. Stone's tried 57 shots and made 11. They made 5 of 12 free throws.

LADIES' LEAGUE

Dom's suffered their second defeat at the hands of People's as they went down to a 17 to 10 loss in the ladies game. Dom's were never effective in any department as their defence was weak, passing terrible and their shooting accuracy away off the mark. People's were better in that they scored enough points to win. Jackie Budinich was the reason for the win as she scored 12 of the victors' 17 points. The game was a dull affair as the ladies struggled to play a wide open passing game.

People's scored 8 field goals from 34 attempted. They made 1 of 3 free throws. Dom's scored 4 from 35 shots. They made 2 of 3 free throws.

JUNIOR

In the Junior opener North Star had no difficulty in winning over the luckless High School by the score of 39 to 17. High School were very ineffective in its playing. All the players seemed to want to go it alone with the result no teamwork and proper opposition for the opponents. The addition of Jordan Smith, up from the Juvenile League, has at least put some fighting spirit into the team, even though it is from only one player. It might spread which would help a lot. North Star shot well but with practically no defence offered against them the play was ragged and passing weak.

North Star took 49 shots and scored 18 field goals. They made 3 of 5 free throws. High School attempted 39 shots and made 8. They scored 1 of 3 free throws.

Individual scoring:
Senior
Co-op—Lindsay 25, Beynon 11, Dominato 9, Alexander 2, Moore 6, Holkestad, Murray, Vanetta 4.—60.
Bo-Me-Hi—Spring 8, Carlson 2,

Olson 5, Davidson 3, Flaten 13, Sunberg 4, S. Scherk 5, Webster 3.—43.

Intermediate

Stone's—Marshall 8, McChesney 2, Young, Walsh 2, Smith 1, Kristmanon 2, Dumas 4, Wesch 1, Christoff 7.—27.
Fashion—Statta 7, Intermela 2, Pierce, J. Hougan 10, Gill 7, G. Haugan 2, Teng 9, Arntsen, James.—37.

Ladies

People's Store—Budnich 12, Howe 3, Quick, Bill, Dumas 2, Krescy, Sedgwick.—17.
Dom's—Hamilton 3, J. Husoy 1, Thain, Kildal 2, Greenwood, Youngman 2, Jordan 2.—10.

Junior

North Star—Sedgwick, Simonson 4, Walsh 12, Young, Ketcheson 1, Sather 9, Johnsen 11, Currie 2.—39.
High School—Hills 6, Hamilton 6, Jeffries, Smith 3, Clark 2, Forman, Vance, Shappard, Rhodes.—17.

Fine Goods In Moscow

Stores Stock Up-to-Date Appliances and Conveniences
By TOM WHITNEY

MOSCOW, (AP)—Moscow stores now stock many up-to-date home appliances and conveniences.

Most of the Moscow's central department store, has on sale electric refrigerators with fine white enamel finish.

And stores also sell such appliances as television sets, vacuum cleaners, cameras, radios, pianos and bicycles.

Refrigeration is not much of a problem here because of Moscow's climate. Nevertheless, many Soviet housewives undoubtedly dream of acquiring one of these refrigerators.

It cannot be said they are yet being manufactured in quantity. When output is increased, undoubtedly the price will come down. (Prices are not given in the dispatch, which came through Soviet censorship.)

This department store also carries television sets and has been advertising that "televisions along with radios must be in every home." The television factory is reported to have sold some thousands of sets in the last year. Production is due to be increased. There are television stations in Moscow and Leningrad.

Vacuum cleaners are also sold in Moscow. They are floor-type models with a set of attachments. Prospective customers can have them demonstrated at a special centre in the store devoted to new merchandise.

Another novelty in the Moscow retail market is automobiles. They are sold in a special automobile store. Two makes are available at the present time.

The Moskitch is a small four-passenger four-door machine.

BOB FELLER STILL IS HIGHEST PAID

NEW YORK—Bob Feller expects to accept a \$10,000 cut in salary this season, but he will still be baseball's highest salaried pitcher

Too Many Bagpipes Say Scotch Curlers

SUBURRY, Ont.—The team of touring Scottish curlers, in ten games played here in one day, won five and tied two. Incidentally, the curlers say they are finding too much hospitality. They are also hearing too often, the sound of the bagpipes.

The Moscow store sells up to 20 a day.

The other car sold was the Pobeda. It is also a four-passenger four-door sedan. Somewhat smaller than such North American cars as Ford, Chevrolet and Plymouth, it is used widely as a taxi in Moscow and other centres. Its original Soviet design is modern and attractive and its four-cylinder motor pulls the car along at a good speed.

There are many Soviet makes of radios on sale. They are all table models and most of them receive short-, medium- and long-wave programs.

LANDED PLANE IN CITY STREETS

Pilot Richard King Brings Down Ship Adeptly at Fairbanks

FAIRBANKS (CP)—Richard King, bush pilot with the Alaska Airlines, crash-landed his Cessna plane with two passengers on a street at the south end of Fairbanks tonight. None were hurt.

The plane missed a picket fence by two feet, also a telephone wire.

A witness said that King was "the only Alaskan bush pilot who could make a landing like that."

OF FRENCH DESCENT
A large part of the Venezuelan aristocracy is of French descent and its members are nicknamed Mdosiu.

VARIETY OF LEAVES
Leaves of three completely different shapes grow simultaneously on the sassafras tree.

The Indian women of Bolivia wear bowler hats.

DEAF?

—Here's Good News!

Thousands are regaining the joy and happiness of hearing with a revolutionary new and amazingly economical hearing aid—that's ready to wear without individual "fitting." Costs half or less than half the price of others. Operates at less cost (1/2 of a cent per hour battery cost) than any other single-unit hearing aid of equal power. It has the acceptance of the American Medical Association, Council on Physical Medicine.

This new, lightweight, single-unit hearing aid is the product of the Zenith Radio Laboratories, world-famous for their 30 years of research and leadership in radio-aid exclusively.

Anyone who wishes to try this amazing new hearing aid can do so for 10 days at home, at work, anywhere—on a Hear Better or Pay Nothing (money-back) Offer.

If you want to delight family and friends who want you to hear and enjoy life with them, just drop a postcard to the Zenith Radio Corporation of Canada, Ltd., Dept. 7N29, Canada Trust Bldg., Windsor, Ontario, for full information about their Hear Better or Pay Nothing Offer. Made by the makers of world-famous Zenith Radios.

*Trial offer available on direct sales by Zenith Radio Corporation of Canada, Ltd.

Compton, Britain's hand pin-up boy, has offered a legacy of a year old spinster he seen. Now in South America the touring Marylebone Club, Compton refers in a letter from Bradshaw of Johanna to the writer: "I am a fan of sport I have done things to when you any objection to my house and position in my will?" The Compton's first requesters know what told reporters he get in touch with when when M.C.C. members. Compton of England's cricket boys. His collar-ad produced on thousands of boards and posters the country, is famous those who seldom match.

hazardous horse race of them all, will be run at Aintree in March. Already the tips are flying. One of the strangest so far comes from a judge at a famous British track. Without identifying himself, he says: "Bet the horse with a tall jockey. Long legs give them better leverage and a lower centre of gravity. They stay on better."

ARBITRATION HEARING STARTS

Arbitration hearings between the Prince Rupert Teachers Association and the School Board over 1949 salary levels, began at the Civic Centre this afternoon following the arrival by air this morning of members of the arbitration board from Vancouver. Bad weather at Sandspit delayed arrival of the flight at its scheduled time Tuesday afternoon.

The hearing began at 1:30 and it was expected that briefs of both contending groups would be completed today. It is likely that the arbitrators' decision will be made known tomorrow.

The teachers' cause was presented by U. L. Dryer of Vancouver. Frank Wilson, Chilliwack lawyer, is advocate for the School Board.

The arbitration proceedings arose after the School Board had declined to accept a proposed salary schedule for district teachers this year. A counter-proposal by the board was turned down by the teachers.

The three-man arbitration panel consists of Graham Ladner, Vancouver, chairman C. B. Ovens, Vancouver, teachers' representative and David Chapman, Kelowna, School Board representative.

TRANSFERRED TO OTTAWA

Lt. John L. Quinn, R.C.N., after having been here for the past fifteen months as staff officer of H.M.C.S. Chatham, is being transferred to Ottawa as commanding officer of H.M.C.S. Bytown, accounting base for naval headquarters. With Mrs. Quinn, Lt. Quinn will be leaving for the capital in about two weeks' time. His successor here will be Gunner Alexander Gray, R.C.N., from Esquimalt.

Lt. and Mrs. Quinn have become popular among many friends while here and their departure will be regretted. Mrs. Quinn was the former Miss Grace Merrill, well known in musical circles.

JANUARY WAS COLD, SNOWY

Sun Seen During Eleven Days in Month Just Ended

The weatherman maintained his frigid attitude toward Prince Rupert during January, sending down 20 inches of snow to accompany an average temperature that hovered at the freezing point, monthly summary of the Digby Island weather station revealed.

Maximum temperature for the month was 42.5, while the minimum was 17.2 degrees, a little more than three degrees warmer than the minimum for December. Average temperature was an even 32 degrees.

Total precipitation during the month was 12.11 inches, of which 20.6 inches was snow. Water content of the snow was 2.6 inches. Moisture fell on 24 of the 31 days.

Sunshine totalling 27.4 hours on 11 days set a record not achieved in January since 1943.

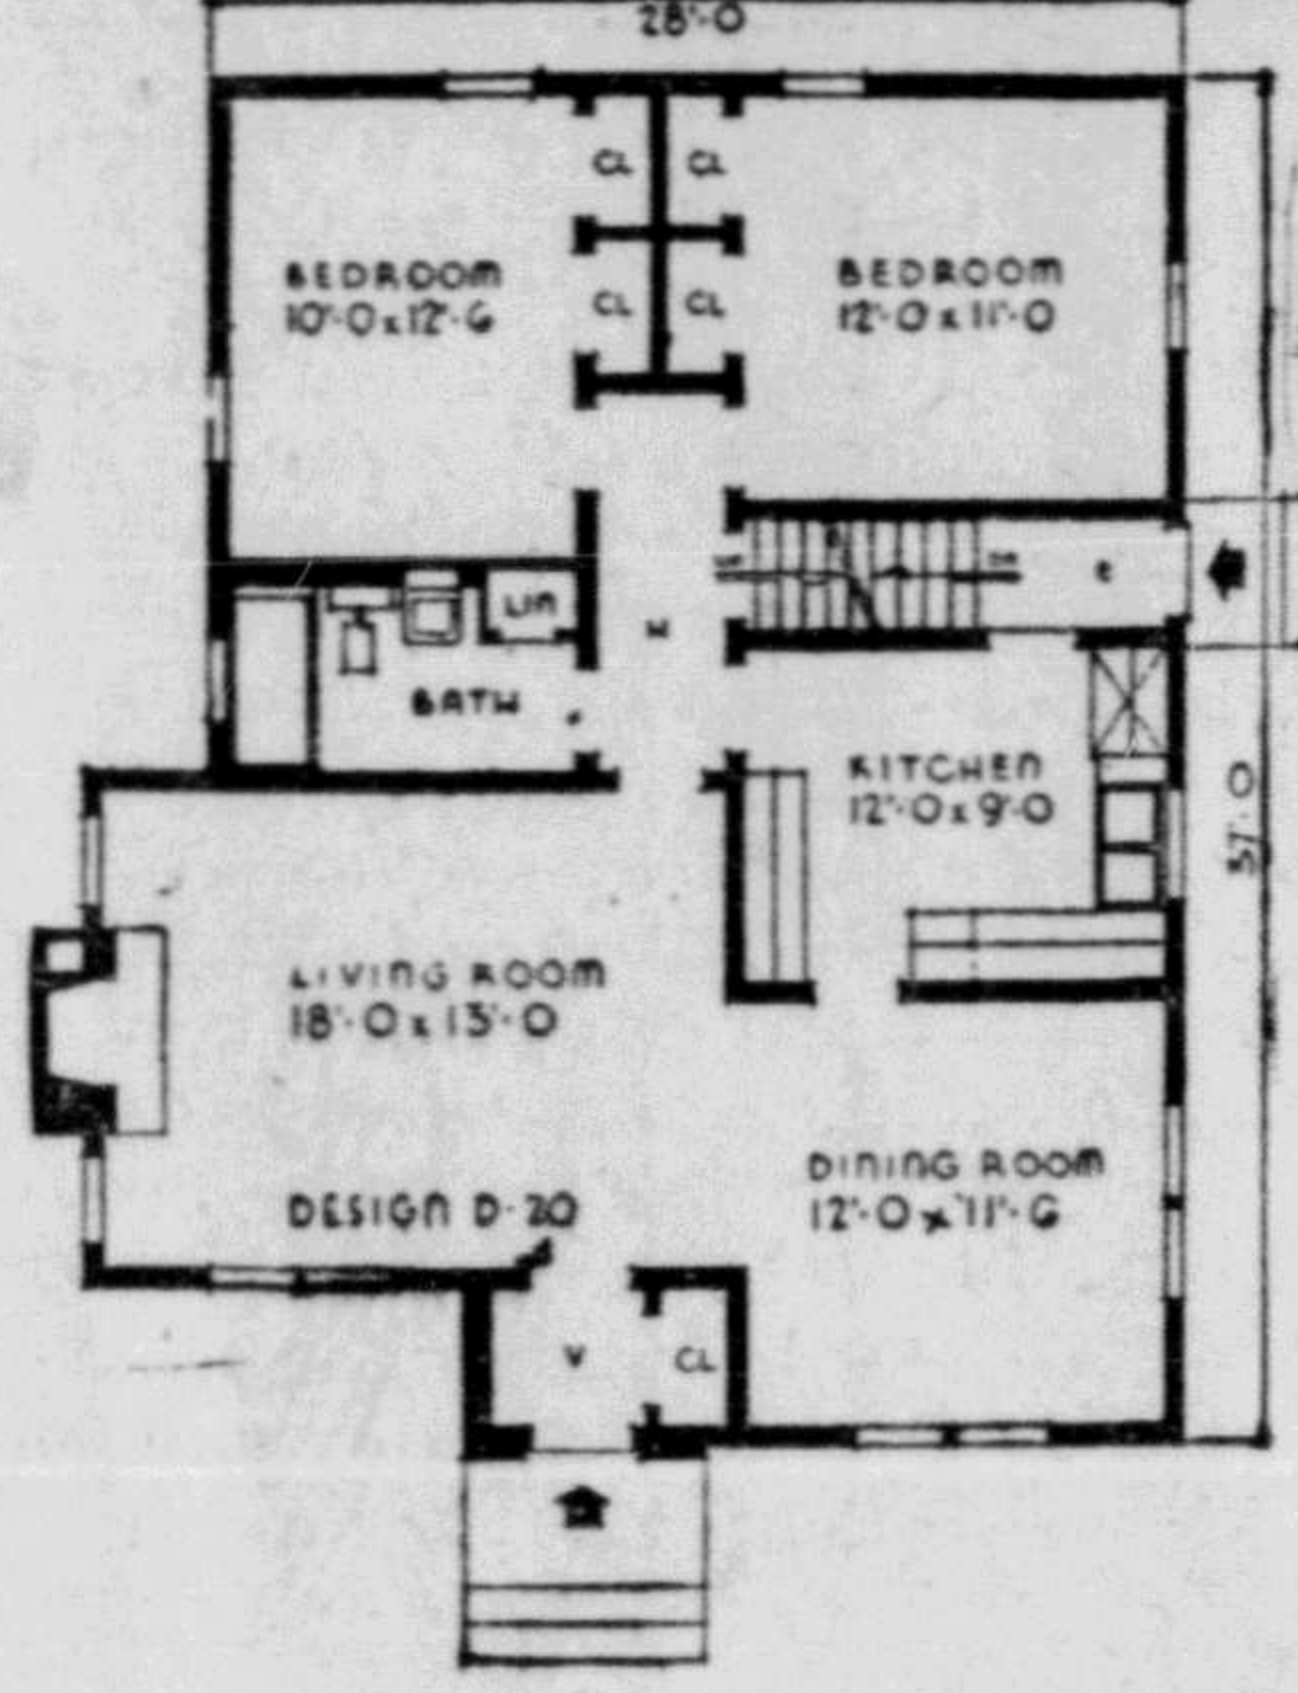

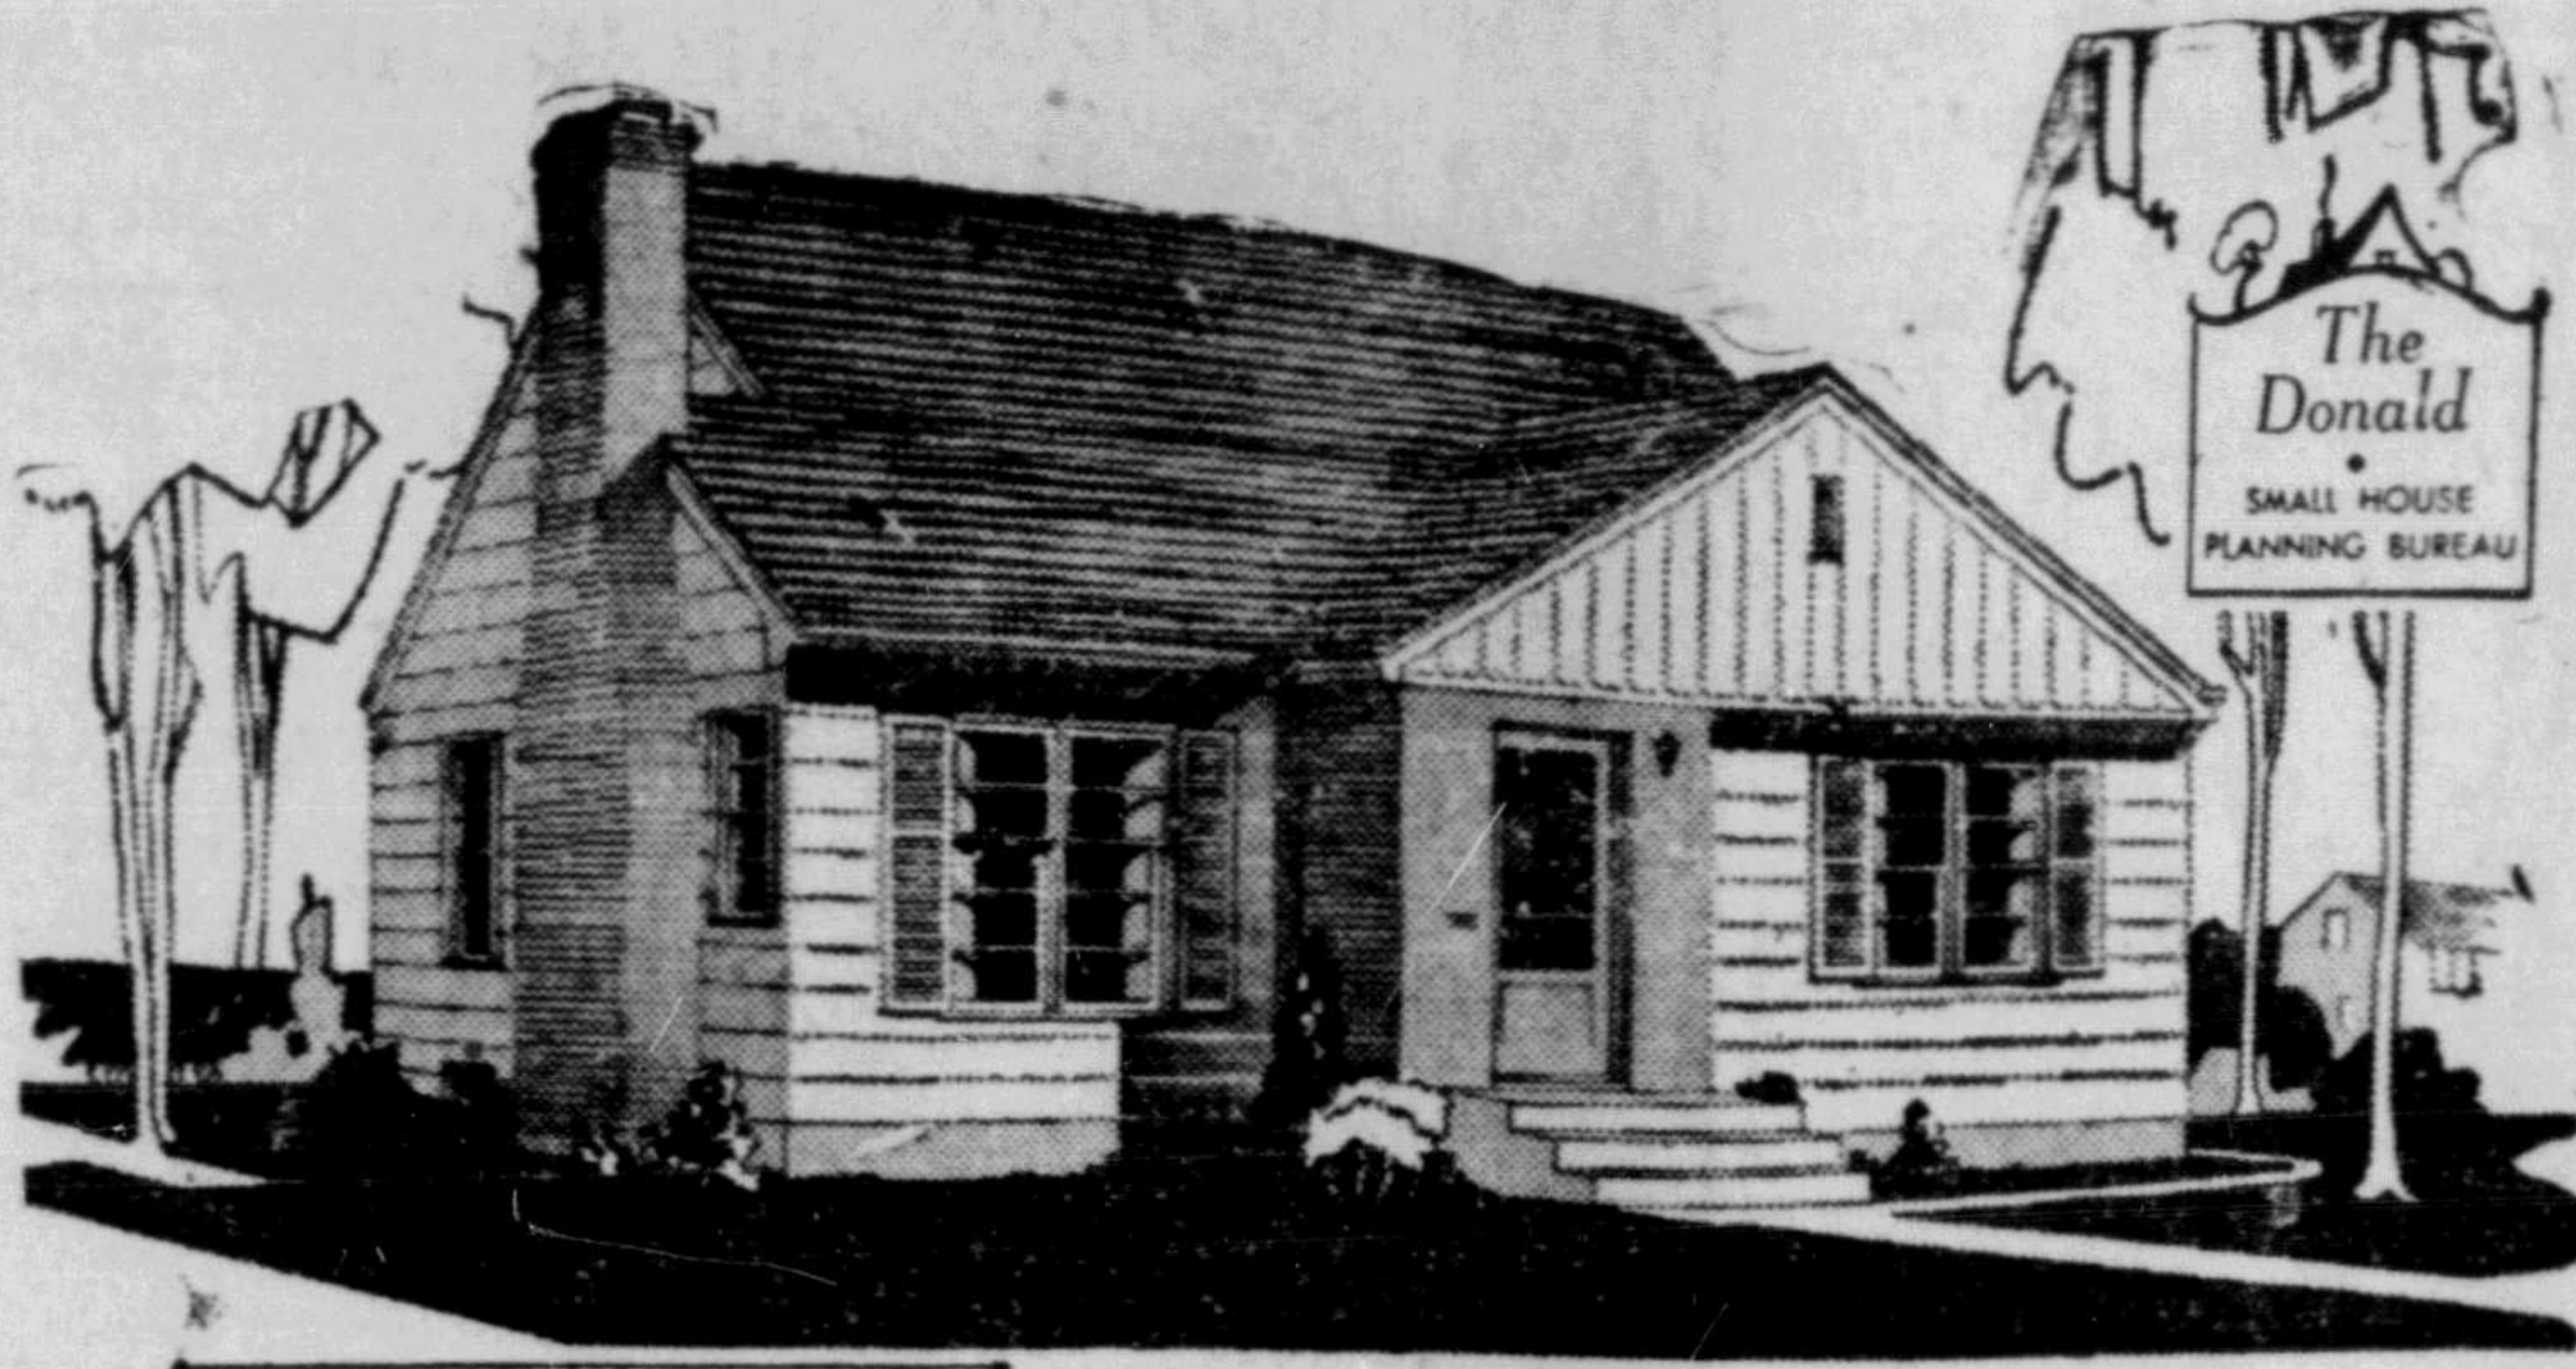

Barometric pressure reached a high of 30.5 inches on January 10 and a low of 27.22 inches on January 1.

The wind reached peak velocity of 54 miles an hour on January 4, 15 and 25.

Daily News Classified Ads get Quick Results!

THE DONALD has exterior lines broken by a projecting living room and dining room. The entrance vestibule is faced with brick. The balance of the exterior is finished with wide siding and a front gable with vertical siding.

The Donald's dining and living rooms are connected by a large opening which provides both rooms with a pleasant feeling of spaciousness as well as cross light and ventilation.

All of the Donald's rooms lead into the hall from which the stairs leading to the attic also open. This makes possible the two future second floor rooms.

Closet space includes a large wardrobe closet with overhead storage space in each of the bedrooms, a coat closet in the front vestibule and a linen cabinet in the bathroom.

Plans call for frame construction, insulated walls and ceiling and a full basement.

Overall dimensions of The Donald are 31 feet by 37 feet. The main body of the house is 28 by 32 1/2 feet. Ground area of The Donald is 1042 square feet with a volume of 23,347 cubic feet.

MEAL PRICES ARE NO HIGHER HERE

"I couldn't see any difference in the cost of a meal in Vancouver and Prince Rupert," remarked a local old timer yesterday, speaking of a visit south.

There may be a few cents here and there, and of course the more expensive cafes, if one cares to afford the service, are there. Where just the ordinary, everyday restaurant meal is

concerned it's a good deal the same, north or south, although something depends on what part of the city the cafe is located in. That usually makes a difference.

Mrs. W. J. Nelson returned today on the Prince Rupert after a holiday trip to Vancouver, Victoria and California.

A. E. Smith returned to the city this morning by air from a business strip to Vancouver.

SHIPS and WATERFRONT

The sailing cutter Escapee of Vancouver that sailed some months ago for the South Pacific has resumed her cruising, after a rather long stay in Fiji for repairs, cleaning and general overhaul. She had been through a lot of stormy weather and needed attention. Sailing her are three Vancouver men—Bob Fortune, Jack Wells and "Pip" Brock. The Escapee, which may be back home by spring, left Fiji for Tonga.

The Canadian warships that sailed from Esquimalt Monday for the West Indies are the Ontario, Athabaskan and Antigoinish. In the Caribbean, these vessels will join up with the carrier Magnificent and the destroyers Nootka and Haide. Ports of call will include Magdalena Bay in Mexico, San Diego, Cristobal, Canal Zone, St. John, Antigua and Guantanamo in Cuba.

CLUB HONORS JUDGE FISHER

Warm Sentiments of Esteem and Respect—Presentation Made

Farewell honors were accorded last night by the Prince Rupert Club to Judge W. E. Fisher, who, as the pioneer city lawyer, drew up its incorporation papers back in 1908 and is today believed to be the sole surviving charter member. At the annual general meeting of the club last night His Honor, who is leaving tomorrow night for Vancouver to take up future residence, was presented with a handsome pipe as a tangible token of esteem and well wishing.

On behalf of the club, the presentation was made by Judge W. O. Fulton who, in reminiscent vein which went back over nearly forty years of close association, paid heartfelt tribute to his friend and colleague on the bench. They may have differed as they practised law and later when one was on the bench and the other at the barristerial table but their deep personal respect and friendship had never been disturbed. "And," Judge Fulton admitted, "as I look back I must say he was usually correct—and always honest." It was with deep regret that his many friends in Prince Rupert would see Judge Fisher leave.

Judge Fisher conceded that, after forty years of residence here, it was not without feelings of deep regret that he left Prince Rupert. He recalled the founding of the club here, mentioning such charter members as J. M. Christie and Thomas Dunn. Association with the club over the many years had been of a highly pleasant nature and involved pleasures that would ever be remembered, none more vividly, however, than this farewell occasion when such kind sentiments had been expressed.

Following the presentation, refreshments were served.

President W. D. Lambie was in the chair.

Union steamer Camosun, Capt. John Boden, was back here at an early hour at 6 a.m. yesterday morning from her weekly voyage to Stewart, Alice Arm and Port Simpson. She sailed at 1:30 p.m. for Vancouver and waypoints and will be back here again next Sunday northbound.

STEWART NEWS Latest from Portland Canal Mining Centre

Walter Hansen left Monday for Prince Rupert where he will visit his mother before proceeding to Wenatchee, Washington.

Mrs. John Thompson and son, Kenny, left Monday to join Mr. Thompson in Prince Rupert.

STEWART NAMES HOSPITAL BOARD

STEWART—At the annual meeting of the Stewart General Hospital Association the following members were elected to the board.

Chairman, Charles Lake. Treasurer, George Anderson. Secretary, George S. Nelson. Directors—W. R. Toth, J. P. Garlick, W. J. Crawford and Charles G. Tran, Government Agent.

The hospital is in a very fair condition financially and, with the prospect of a resurgence in mining, should have a good year.

Mrs. Roy Morrison of Prince Rupert, is the matron in charge.

STEWART HONORS ROBERT BURNS

STEWART—The Stewart branch of the Canadian Legion celebrated the anniversary of Scotia's national bard in the Moose Hall on Tuesday. Notwithstanding a fall of 2 1/2 feet of fresh snow, there was a turnout of over 60.

The ladies of the Legion Auxiliary did themselves proud in the matter of the dinner. The wet end was also amply taken care of and song and story rang throughout the hall.

G. Anderson proposed the toast to "The Immortal Memory." Robert Cameron sang "Bonnie Mary of Argyle" and "O a' the Airs the Wind Can Blaw." Jack Bouzek was heard in "Afton Water" and "Coming Through the Rye." W. S. Orr sang "That's the Reason Noo a Wear the Kilt." Musical numbers were provided by Sam Kirkpatrick, George Bunn and George Nelson. John Gibson proposed the toast to "The Ladies," responded to by Mrs. Betty Barwise and Billy Orr. "Oor Toon," replied to by W. R. Toth, chairman of the Village Commissioners. Reels and Schottishes were performed with great agility.

BEETS STIMULATE TRADE

Every ton of sugar beets produced involves a trade movement of nine tons of other commodities.

THIS AND THAT

"Archie, you'll have to wake up again! He wants to get back to his own bed now!"

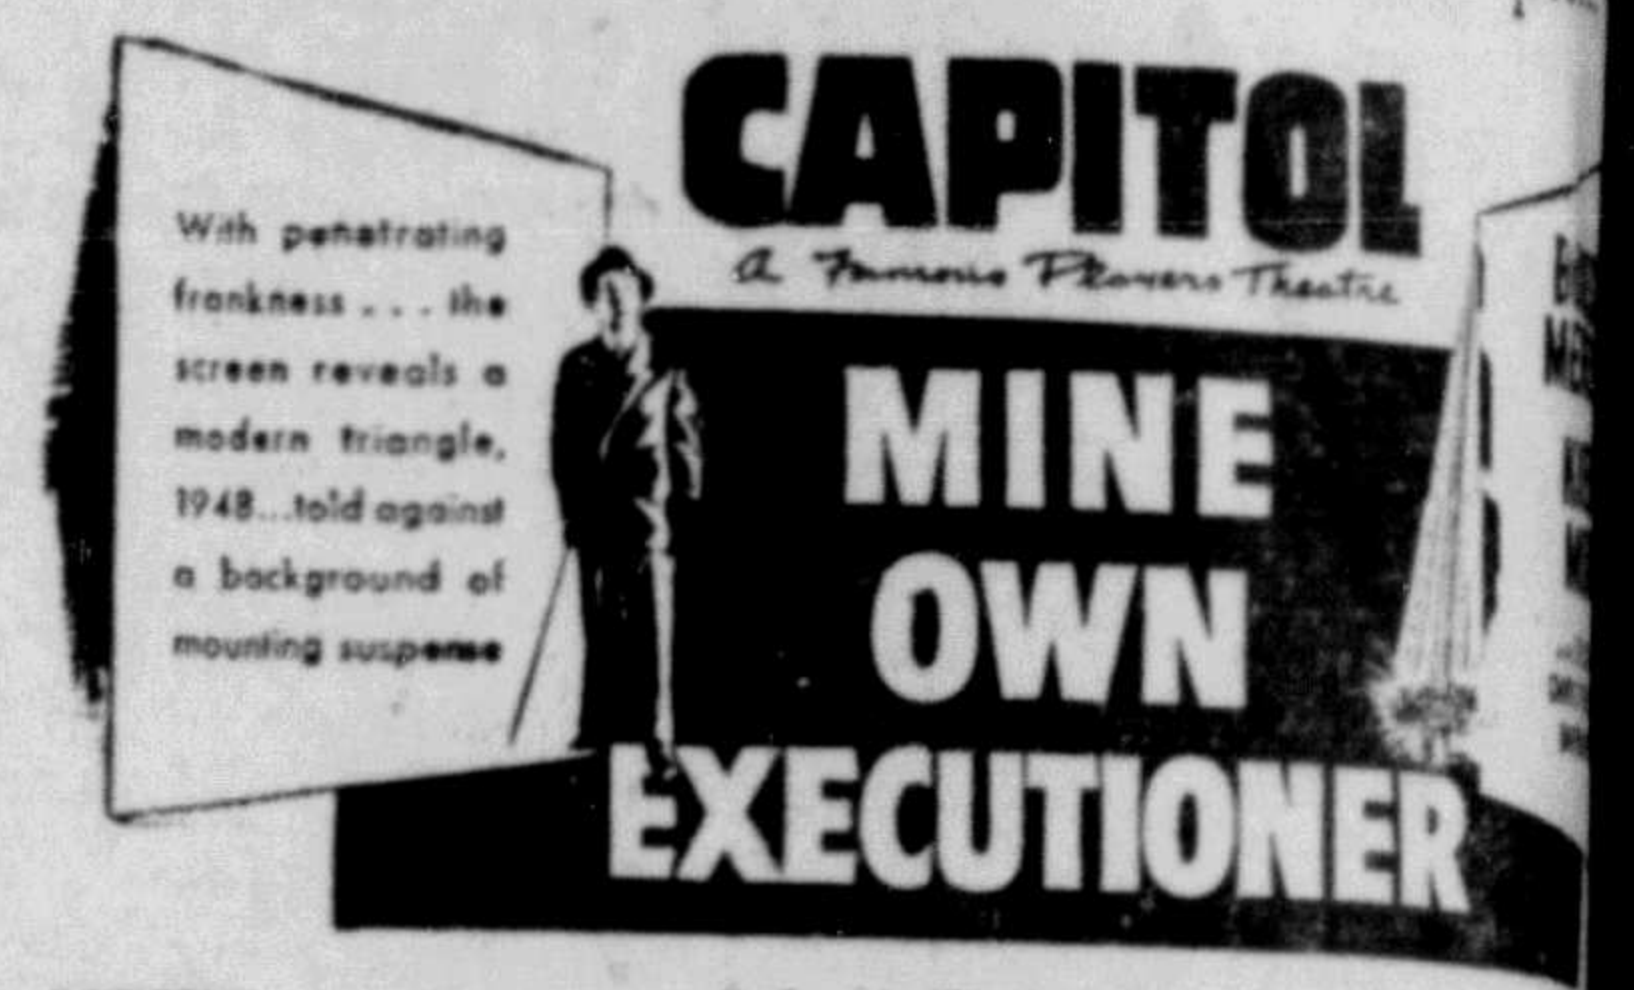

"When I ring the bell, you catch them out of the window."

AIR PASSENGERS

To Vancouver—Miss M. Macgee.
To Sandpit—Mrs. G. Kirby, Mrs. P. Croft.

TODAY AND THURS.

There is a DIFFERENCE in LUBRICATION

Our Chassis Lubricant is not just a lubrication under extreme water and road conditions. Yes, we do pay more for this type of lubricant, but you pay no more for your lubrication; do not buy a WASH OUT type grease.

LINDSAY MOTORS

How to buy a DIAMOND

Their value depends on many things. We often have a chance to buy diamonds poor a quality we would not offer them to our customers. They should be pure and clear in color and cloudiness or tint.

Their shape should be well proportioned. Should have no flaws or spots. Some large stones are not worth as much as others half the size. One of our customers brought in a diamond retsetting which we sold over 30 years ago. It was amazing how the value had increased.

We pride ourselves that we sell a quality good that there will never be any fault to find.
