Bulletins

RUSHING SALMON HERE

Activity on the local waterfront confirms Alaska salmon operators' statements that a million cases of canned pink salmon will be discharged at Prince Rupert instead of Seattle because of the maritime strike. The salmon, valued at \$20,000,000, is practically the whole pack of southeastern Alaska. The cases will be sent east in bond over the Canadian National Railways for delivery in the American midwest markets. It is expected the larger proportion will go to Chicago. The Alaska Transportation Co.'s big ship Clove Hitch has been in since yesterday afternoon unloading 46,000 cases. The Southeastern was in Saturday night with 6,000 cases.

TRAIN KILLS SIX

MONT JOLI, Que.—Six persons, five of them members of one family, were killed near Sayabec, 30 miles from Mont Joli, last night when their automobile was struck by the Canadian National Railways Ocean Limited train at a level crossing. The dead include Mr. and Mrs. J. Lebel and three members of their family.

PAKISTAN MOURNED

KARACHI, Pakistan—Sorrowing Pakistan with full military honors Sunday night buried Mahomed Ali Jinnah, Governor-General and founding father of this Moslem-led Dominion. The 71-year-old spiritual and temporal leader of some 94,000,000 Moslems died Saturday night of heart disease.

ADANACS COACH DIES

NEW WESTMINSTER—Smouldering fire in the mattress of his bed Sunday caused the death by asphyxiation of Maxwell (Max) Paul MacDonald, coach of the New Westminster Adanacs, Dominion lacrosse champions. MacDonald, aged 40, was staying with relatives at his summer home at near-by Beach Grove.

HURRICANE OVER BERMUDA

HAMILTON, Bermuda—A howling Atlantic hurricane swept over Bermuda today, cutting power and blocking the main highways with debris. Drenching rains flooded long stretches of roadway and telephone lines failed. Damage already exceeds \$400,000.

WOULD CONTROL COASTAL RATES

Prince Rupert Liberal Association is following up representations already made to the federal government that coastal freight rates be brought under some authority such as the Board of Railway Commissioners which governed railway freight rates. Recent arbitrary increases in coastal freight rates actuated the Liberals in making these representations. The public, it was felt, should at least have the right to protest such increases. Hon. Lionel Chevrier, minister of transport, has already told the Association that the matter of control of coastal freight rates is being considered by the Canadian Maritime Commission.

THE WEATHER

Forecast
Queen Charlottes and North Coast—Cloudy today, becoming overcast with intermittent rain tonight. Cloudy with showers Tuesday. Winds light, increasing to easterly (20 m.p.h.) this evening. Little change in temperature.

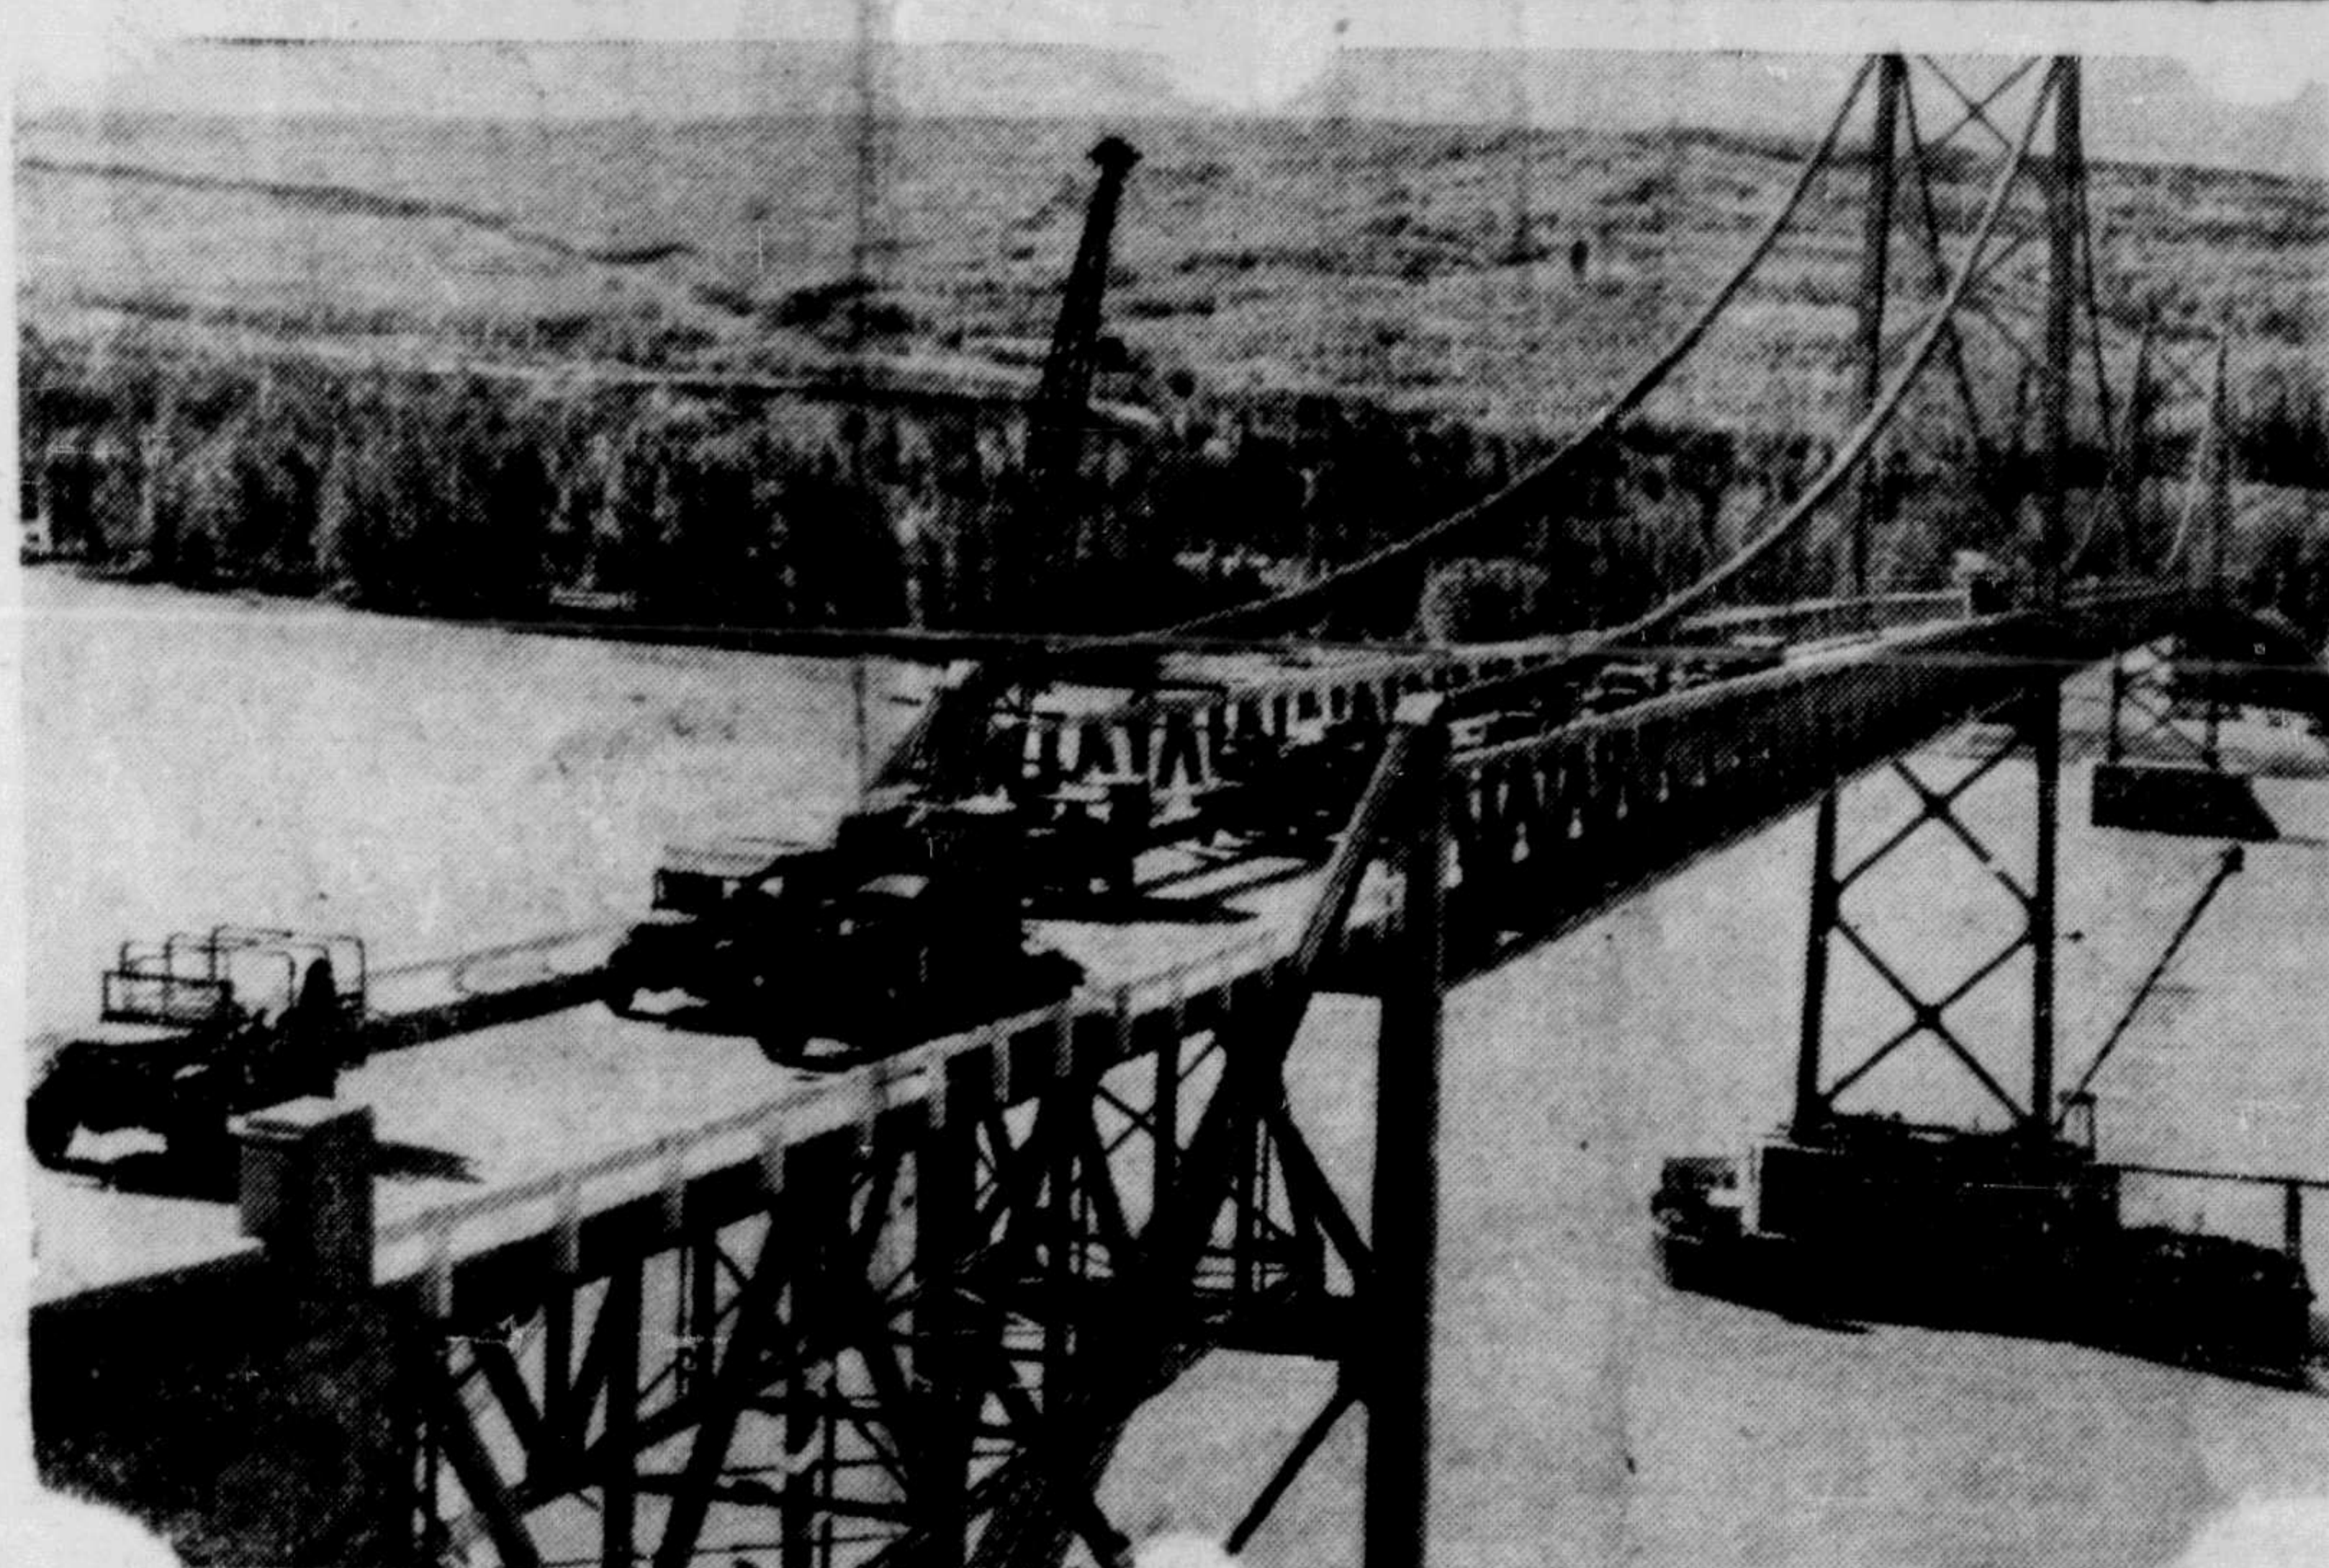

PINK SALMON EGGS GO SOUTH

Transfer from Lakelse to Washington State for Experimentation

There is likely to be some slight confusion among certain pink salmon fingerlings who normally would hatch in the watershed of the Skeena River near Lakelse Lake when they find themselves being used as objects of experimentation by laboratory workers of the Washington Fisheries Department. The Dominion Fisheries Department has been requested to supply 600,000 pink salmon eggs, which as fish eggs go is a comparatively small number, for use of the American department. The eggs will be obtained by Canadian officials at Lakelse Lake where there is a very good escapement of pinks this year. Arrangements for transporting the eggs to Washington will be made by Milo Moore, director of Fisheries in the State of Washington. Mr. Moore arrived in Prince Rupert over the week-end.

BUSINESS AS USUAL OVER PEACE RIVER BRIDGE—Repairs to the undermined north pier of the Peace River bridge, vital link on the Alaska Highway, go on as usual while a Canadian Army convoy passes over on its way to Whitehorse. Active and Reserve Force personnel in the convoy took part in Exercise North II. They stopped at the bridge site long enough to learn some of the problems encountered in the successful fight to save the bridge. Col. S. D. Johnston, M.C., V.D., Prince Rupert, took part in Exercise North II.

CONFIDENCE IN NEW PREMIER

Queuille Offers France Austerity Program—Budget Reductions and Increased Taxes

PARIS, (CP) — Premier Henri Queuille Saturday offered France a program of budget reduction and increased taxes in an attempt to get the country back on its financial feet. He was backed by a National Assembly vote of 351 to 196 confirming him as Premier.

Queuille has formed a new Centrist government. He has taken the ministry of finance himself. There are no De-Gaullists in his cabinet.

MERCY FLIGHT TO ALICE ARM

Injured Workman Brought From Torbrit Mine

Oirn Ditto, a construction worker with a crushed foot, was rushed by plane Friday afternoon from Torbrit silver mine at Alice Arm to Prince Rupert General Hospital.

Ditto, an employee of the Northwest Construction Company, was assisting in the work of moving the ball mill, a piece of machinery estimated to weigh 10 tons, when the heavy equipment came down on his foot.

The Skeena Air Transport's Seabee, piloted by Ken Cooper, took off with Dr. W. S. Kergin at 12:25 for Alice Arm and returned to the city with the injured man about 3 p.m. An operation was performed on his badly crushed foot this morning and Dr. Kergin reports that the foot will be saved and that the condition of the patient is satisfactory.

BUCKS HAVE CHANCE YET

Although Odds Are Against Them for Winning National League Pennant

PITTSBURG, (CP) — Odds are against them but, if Billy Meyer and his Pittsburgh Pirates win the National League pennant, he will be the first manager in Major League history to reach the top with a club that finished last—or tied for the cellar—in the preceding year.

Generally placed for fifth place at the best, the Bucs today are three games behind the front-running Boston Braves. The Braves have played and won six more games than the Pirates.

Pittsburg picked up half a game on the Braves yesterday by defeating Chicago Cubs 7 to 3.

LOCAL DEALERS AT BANFF MEET

Three Prince Rupert Automotive Men Attending Sessions of National Association

BANFF—Representatives of three Prince Rupert concerns are in Banff for the annual meeting of the Federation of Automotive Dealers of Canada which opened today and will continue Tuesday and Wednesday. It is the first time the meeting has been held in Western Canada.

Prince Rupert men present are Douglas Frizzell, who came by way of Vancouver where he attended a session of the British Columbia executive of which he is a member; Robert H. Parker and S. J. Hunter.

DROWNED ON WATERFRONT

Young Kincolith Native Loses Life in Plunge From Oil Company Dock

John R. Stewart, 25-year old Kincolith native, was drowned at 11:15 Saturday night when he fell from the British-American Oil Co.'s wharf on the Prince Rupert waterfront, apparently while attempting to board his gillnet boat Fern S. following a visit uptown.

The tragedy was witnessed by a 14-year old Indian boy, Herbert Clayton, who was on the wharf and heard a splash in the water followed by a cry for help. He looked over the wharfside and saw, in spite of darkness, a man floundering in the water. He rushed to the float below but was unable to render aid. Finally, the man disappeared. By this time Capt. Percy Alexander of the seineboat Kamchatka had been called. Search at that time proved ineffectual.

Yesterday morning dragging operations were undertaken at the scene and at 12:35 noon the body of Stewart was recovered. The coroner was notified and an inquest was called today. As far as can be learned, there was no evidence of either foul play or drinking.

Stewart is a member of a well known native family of Kincolith. He is survived by a widow and three children. He had been working with his boat out of North Pacific Cannery on the Skeena River.

Portland Canal settlement. Many of the families are staying at Stewart, confident that resumption of work at the Premier or employment at other mines will be only a matter of time. Many of those who went south were single men or men whose families were living in other parts of Canada.

Would Make Coup This Fall After U.S. Voting

BERLIN (CP)—A Liberal Democratic newspaper here says that "X-Day" for achieving communist seizure of Berlin has been fixed for some time after the November presidential election in the United States. The newspaper Montags asserts that the Russians have given German communists orders to step up riotous demonstrations with a view to seizing control of the city because Moscow wants no four-power settlement of the 80-day-old blockade crisis until "X-Day." Communists aim to "seize every opportunity to promote riots, strikes and demonstrations" and to worsen the local political situation.

Indians Move on Hyderabad

Matter is Brought Before United Nations Security Council

PARIS, (CP) — Fighting in Hyderabad was brought to the attention of the United Nations Security Council today by request of the Hyderabad government.

The Indian government at New Delhi announced that Indian troops had marched into Hyderabad this morning and scored immediate success on the northern, western and southern frontiers of the princely state.

Police Court Sets Record

Fines and Number of Cases Reach New Mark

The \$4136.70 collected in fines and costs at the local police court in August, fines amounted to \$3650 and costs \$486.70, set a new record in the history of the city. In the number of cases August's 197 also sets a new record, shattering the one set in July when there were 124 cases.

Total in fines and costs for the first eight months of 1948 is \$15,364.55 which is more than twice the amount during the same months of 1947. This is more than the entire amount of fines and costs taken in by the police court during the whole of 1945, 1946 and 1947 although it is not far ahead of the first 8 months of 1944 when fines and costs totalled \$15,224.

During the month of August city police made 169 arrests and, out of the 197 cases tried, there were 194 convictions and 3 acquittals. Greatest percentage of cases came under the Indian Act. There were 127 of these of which 17 were charges of supplying liquor to Indians. Under the Liquor Act, 56 cases were heard in court. Charges of being drunk were laid in 47 of the cases and the remaining 9 cases arose out of various infractions of the Liquor Act.

There were twelve cases under the Criminal Code. Three of the charges were for common assault, 3 involved stolen property, 1 was a case of reckless driving, and a nother for assaulting a police officer. Of the remaining 4 cases 2 carried charges of vagrancy and 2 were for causing a disturbance.

DOCTOR IS KIDNAPPED

WINDSOR, Ont., (CP) — Four suspects, three armed, were arrested here today in connection with an alleged kidnapping in Toronto last night of Dr. David Perlman, Toronto physician.

Perlman, aged 55, told police today that he was driven from Toronto to Cottam, 23 miles southeast of here, where he was left tied up in a cabin. He escaped shortly after 7 a.m. The reason for the kidnapping was not given.

TWO BOYS DROWNED

The silt brown waters of the Skeena River took the lives of 16 year old Russell Brown and 11 year old Allan Benson Saturday when the young native boys fell from their small boat while attending to fish nets a half mile from the village of Kitseguia.

According to reports from the Habelton detachment of the British Columbia Provincial Police the body of Brown was recovered Saturday afternoon and dragging operations are continuing as friends of the young boys and the police officers seek to locate the body of Allan Benson. Mrs. Alice Brown, mother of Russell Brown, was in Prince Rupert at the time of the tragedy and left for Kitseguia by car this morning.

MINISTER IS NOT ALARMED

Chevrier Discounts Story of Foreign Power Stealing Air Landing Parts at Winnipeg

OTTAWA, (CP) — Hon. Lionel Chevrier, minister of transport, now enroute to England, when informed aboard the Empress of France spare parts of an instrument landing system at Stevenson airport in Winnipeg, having been stolen, said there was no reason to believe "that a foreign power was involved."

"It is my belief," Chevrier said "that amateur radio operators who might break up the parts for their own use are the culprits."

NOTICE TO SUBSCRIBERS

For obvious reasons, the principal one being increased cost of production, it has become necessary for the Daily News to announce a long deferred but small increase in circulation rates to be effective on and after October 1, 1948.

The new rates will be:

CITY CARRIER DELIVERY:
Per Week, 20c; per Month, 75c; per Year, \$8
BY MAIL
Per Year, \$5; per Month, 50c

Payment may be made up to and including September 30 of any arrears or of advance subscriptions at the present rates of 65c per month and \$7 per year for city delivery and \$4 per year by mail. Thereafter both arrears and advance payments will be at the advanced rates.

Subscribers are advised to check up their accounts and take advantage of the old rates as long as they last.

Published every afternoon except Sunday by

CANADIAN DAILY NEWSPAPER ASSOCIATION
SUBSCRIPTION RATES
City Carrier, per week, 15c; Per Month, 65c; Per Year, \$7.00;
By Mail, Per Month, 40c; Per Year, \$4.00.

We Regret -

THE PRICE of every single thing in Prince Rupert has now advanced. The Daily News is sorry but, after long hesitation and much consideration, we have been forced to fall in line. Today we announce a gentle increase in our subscription rates.

Since everybody has been expecting us to do this, some of our friends having even been wondering how it was we did not do it before, there is no need to apologize and probably no reason why we should even attempt to explain.

We shall just tell our readers, as doubtless they must already realize, that everything that goes into the production of a newspaper has advanced sharply since last our subscription prices went up. Newsprint costs us 100 percent more. Wages are up forty percent or so. These are just the principal examples of our rising costs.

There was just nothing else we could do. Our only hope is that we will be able to stay at this level. We are just as unhappy about having to charge our good friends with higher prices as we are to have to pay higher prices ourselves.

All things considered, however, we have a feeling that our readers are still getting a good five cents worth of news and advertising. The healthy increase our circulation continues to show might be taken as some indication of appreciation, we think.

MR. KING THROUGH

TO ALL INTENTS and purposes, Mr. Mackenzie King is finished as Prime Minister of Canada except for representing the Dominion as honored head of its government at the forthcoming Commonwealth Conference in London and the United Nations Assembly in Paris which he left today for overseas to attend. Mr. St. Laurent takes over now although the formal assumption of office will not take place until the latter part of October when Mr. King returns.

Meanwhile Mr. St. Laurent is relieved of his important office of Secretary of State for External Affairs by the capable and experienced L. B. (Mike) Pearson whose appointment must be greeted with general approbation even though he is not from the ranks of Parliament. External affairs loom larger and larger in the current troubled international picture and it is well that the best possible man should have been selected regardless of political aspects. The fact that Mr. Pearson has never been actively in politics might well make him an even better qualified man to represent the Dominion with the authority of high cabinet rank in the important dealings that he will have to undertake.

SEEING THE NORTH

FOR EVERY Prince Rupert resident who takes a trip to Alaska scores journey south. And in the most of cases, Ketchikan has been the northern limit of the most of Prince Rupert people's travels. Business, social and family reasons, of course, explain why so many go south. But if one is free to choose and footloose, we could find the great regions between here and Whitehorse, or further, full of an interest that does not fade. The more one sees, the deeper the desire to keep on going.

CARE WHILE HUNTING

THIS IS THE shooting season. Don't mar it by killing a man instead of a deer. It's often happened in the woods around Prince Rupert. Don't be in too much of a hurry! Somehow, haste and a loaded rifle don't go together. Don't fire just because you see something move! Better to miss, for the rest of your life, all the game left on earth, than send a bullet through a man's heart or head.

BONILLA ISLAND SAILING AIDS

Liberal Association to Join Chamber of Commerce in Representations

The Prince Rupert Liberal Association is appointing a special committee to collaborate with the Prince Rupert Chamber of Commerce in continuing representations to the Department of Transport looking to the establishment of major lighthouse and aid to navigation facilities on Bonilla Island so that approach of deepsea shipping to Prince Rupert through Hecate Straits from the south may be facilitated. This would eliminate the necessity of travelling the longer distance by way of Dixon's Entrance around the north of the Queen Charlotte Islands.

The Liberal Association has decided to pursue the matter further after receiving a communication from the Department of Transport saying that its officials did not agree upon the necessity of installation of such navigational aids on Bonilla as a large lighthouse with direction finding, echo sounding and radar equipment. In view of the 45-mile width of Hecate Straits, these officials were of the opinion that they could quite safely be navigated without such additional aids and that, in view of heavy expenditures with which the Department was already involved, there should be no definite commitment at this time in regard to Bonilla.

After some dissatisfaction had been expressed at a meeting of the Liberal Association last week as to this stand by the department, decision was made to follow the matter of improved navigational facilities at Bonilla together with the Prince Rupert Chamber of Commerce.

Liberals On Fishing

E. T. Applewhite Tells of Resolutions Passed at Convention

Speaking at the week-end, E. T. Applewhite, Liberal candidate for Skeena in the next federal election, described as being of local interest a resolution on the fisheries which was adopted at the recent national Liberal Convention in Ottawa which he attended. "The Liberal party," said Mr. Applewhite, "recognizes the important part played by fishing in the national economy and the life of the nation."

The comprehensive resolution on fishing approved by the convention urged:

The extension of the programs of fishing development, including inshore and offshore fishing, to increase the stocks of the valuable species, thereby adding to income and continuity of fishing.

The institution of new programs designed to widen the domestic and foreign markets for fish with inspection of fish from sea to table and improved methods of preparing, storing and marketing.

Low-cost fishing equipment, establishment of adequate landing facilities, of safe anchorages, adequate aids to navigation, and encouragement of improved fishing practices.

● **MERCHANTS**—Do you know that the Daily News is the most effective medium of advertising in Prince Rupert? No one misses your message if it's advertised in the News. It's the really efficient way of putting it over.

THIS AND THAT

"Well, you objected to my getting out of bed every night for a snack!"

LETTERBOX

TERRACE CELEBRATION

Editor, Daily News:

The people of Terrace are at a loss to understand why you published in Thursday's issue such an inaccurate report of the Labor Day celebration sponsored by our Civic Centre Association.

You state "most of the races scheduled on the program were completed despite a few showers but the loggers' contests, which were expected to be the feature attractions were rained out during the afternoon." Actually all the races were run off, and the program of loggers' sports was completed with the exception of the log burling, which was cancelled due to the high water.

You also state that "there were more pounds of barbecued beef than there were people to eat it." This is also a gross misstatement. Four quarters of beef were barbecued and, by 4 p.m., it was all gone, much to the disappointment of the huge crowd.

This was the biggest and most successful celebration ever held in Terrace.

C. J. NORRINGTON,
Treasurer, Terrace and District Civic Centre.

(If there was inaccuracy in the report of the Terrace celebration above referred to, it is regretted by the Daily News, as is well known, has the most friendly feelings towards and has always endeavored to promote Terrace and all its undertakings. It might be explained that the report complained of was the

Reminiscences and Reflections

By W.J.

Ever since there has been a Prince Rupert, the city of Vancouver has had a good deal to say about rain reflecting, in no small degree on the general attractiveness of the town. More recently, however, Vancouver has been going all out, but in a different way. Through the simple expedient of adding the letter "B" to "rain," the word becomes "Brain." Thus, Vancouver sings a different song.

What's in a name? Plenty, sometimes. For instance, a Mr. Goodfellow is the welfare minister in the government of an Eastern Canadian province. Just now he is seeking to have old age pensions substantially increased and, if possible, put on a contributory basis.

Now and then a story with a glint of playfulness emerges from the solemn sittings of representatives of Soviet Russia and the United Nations. At a recent meeting, Mr. Molotov is reported to have remarked that he had not tasted a good apple since he had been in the United States. And this moved General Marshall to turn to General MacNaughton, and inquire: "I've always heard your Canadian

apples are first rate?"
"Oh yes," came the reply "Lots and lots—especially Northern Spies and McIntosh Reds." But it is doubtful if Mr. Molotov, though pretty smart, was able to grasp the point.

Newfoundland will bring more than new problems and a sturdy and progressive class of people within the Canadian fold. It is a favorite dish, the introduction of which is now pending. It is called "fish and brews" and sounds as if it might score a hit in Rupert. Made of cleaned, soaked salt codfish, sea-biscuit and onions, the whole fried in pork, it is regarded as a repast that puts a man in proper shape to go out and meet the world, the flesh and the devil, or anything else that sticks its neck out.

NEW SALT INDUSTRY
SALDANHA BAY, South Africa. —A new industry covering more than 2,000 acres, to extract salts from sea water, is being established here. It was announced recently. The plant will concentrate on production of a few varieties of common salt.

World Peacemaker... Today and Tomorrow

As one of the world's producers, the Canadian faces a huge and vital

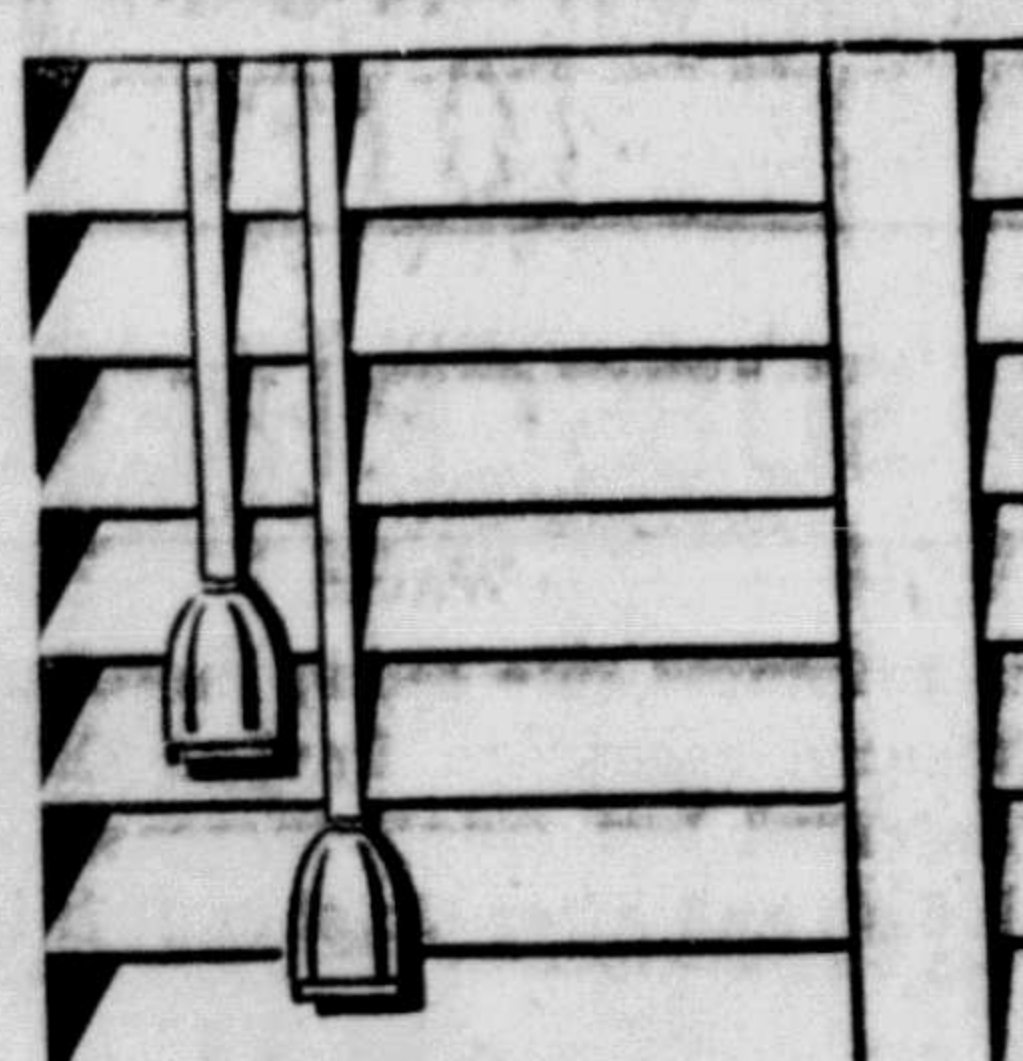

In the years ahead, not only the growth of our own nation, but the service of the cause of peace and progress for hungry millions

To help the farmer part of every life is invested in government industrial bonds which provide new power, machinery and to modern farming.

So, as a policyholder invest in security for progress... and help lay the foundation of peace!

On The Side

... by H. S.

He wasn't trying to rob the bank, it was broad daylight, but he did want to draw some money out and was very insistent about it. So insistent in fact, that he began by beating his fist against the glass in the outside door. One fist brought no results so he swung the other one into play. Still nothing happened except a lot of noise so he tested the glass with his shoulder. The glass wouldn't take it and Saturday morning there was a repair job to be done on the Royal Bank door. Apparently, the man had been in the bank after hours and told that he could not do business then so he went away seemingly satisfied. But apparently, when he had time to think the situation over, he thought the action an injustice and returned to the bank about six in the evening to argue the matter further.

Some of the men who fish for dogfish in Hecate Straits had a rough time of it during the storm early last week. When they went looking for their gear which had been set, many of them found nothing, some found damaged gear and others found equipment belonging to fellow fishermen. One man lost his entire set of nets valued at about \$1,000.

Margie Brain has all the charm and poise of what one commonly imagines belongs to a true queen. She is beautiful, gracious, unaffected, and a fresh appeal for people she meets. Friday as she stood on the Court House steps ready for the official presentation to be delivered by Acting Mayor Nickerson, she removed the orchids from her own coat and pinned them on to the lapel of her mother's coat.

Mrs. S. Walker and Miss E. Sharp, who have been guests of their brother-in-law and sister, Mr. and Mrs. H. M. Foote, during the summer, will leave on the Princess Adelaide tonight for Vancouver enroute to their home in Calgary.

CARNIVAL QUEEN— While making her royal tour of the carnival at Southend-on-the-Sea, England, the Carnival Queen, Patricia Waterman, is greeted by Edith Barlow, the "World's Smallest Woman." The latter is shown in the arms of the queen. Miss Barlow, who is 21 years old weighs 17 pounds, is 22 inches in height and is one of a family comprising 17 boys and girls.

Battery Wins Third Trophy

Canadian Legion Loses in Final of Stuart Shield

The 120th Battery added the Stuart Shield to its list of trophies by defeating the Canadian Legion 3 to 1 in a good game yesterday. The match was marred by an accident when Doug Christison, Legion centre-forward, fell and fractured his right ankle.

Play opened with Legion attacking. Morgan saved a good high shot from Yatt, then from Eby and later tipped a grand cross from Smith over the bar. Ward got away out Nelson stopped him and Dawes checked Pavlikis. Armstrong tested Morgan and then Gomez crossed well. From Ward's corner Brodie punched a fine shot away. Then came the accident when Christison fell awkwardly and fractured his ankle. He was taken to hospital. On resumption of play Bill Murray went to centre forward. Yelland right half-back and Greer left half-back. Cornwell and Dunbar went ahead but Eby cleared. A centre from Ward brought the first Battery goal when Brodie drove the ball against Pavlikis' foot and the ball rebounded through. From Dave Murray's corner Eby drove just wide. Then Bill Murray headed a fine equalizer from Smith's centre. Play was ragged at this period with players of both teams just getting rid of the ball as soon as they got it. Nelson stopped Ward and Bill Murray shot just high. Legion threatened and Ferguson headed away a good shot from Armstrong. Then a long cross from Ward came to Pavlikis who went in close to put the Battery two goals up. Armstrong gave Bill Murray an opening but Morgan cleared.

A drive from Bill Murray was luckily blocked by the Battery defence and then Brodie saved from Pavlikis on the line. The Legion deserved a goal when Armstrong made a fine run and sent in a great shot that had Morgan beaten all the way but the ball hit the inside of the upright and came back into play. Greer stopped Dunbar completely. The Legion half-back line was doing a fine job but their forwards, apart from Wyatt and Armstrong, were ineffective. Pavlikis broke through but shot over. Brodie saved from Pavlikis and then came out to save very pluckily from Ward's centre with Pavlikis right on the ball. Cornwell was good but Dawes cleared his lines. From Dave Murray's centre Bill Murray headed wide. After missing several good openings Smith hit the upright. Pavlikis came through and got his third goal with a good left foot shot. Wyatt and Armstrong went ahead but Ferguson broke up the play. Morgan saved from Smith and Nelson drove the ball back again but Gomez cleared. Eby set his forwards up but to no purpose and full time came with the Battery

(Continued on Page 5)

Green Wins Totem Golf

Seattle Man Winner Over Victorian in Final

JASPER PARK — Playing steadily from start to finish and with daring confidence on many holes, J. Edgar Green, Broadmoor Golf Club, Seattle, turned back the challenge of Gordon Verley, Uplands Golf Club, here on Saturday by defeating him on the thirty-fifth green of a 36 hole final for the Totem Trophy. It was a grand championship match with both players making spectacular recoveries at times. They both had lapses on the greens, but also came through with long putts, particularly Verley, who kept the match alive on the thirty-fourth green with a thrilling 30 footer for a birdie.

Verley started out to win the first hole but, from then on, was never better than all square. Green took the third, fourth, fifth and seventh to take a four hole lead and made the turn three up when Verley got a par. Verley lost the tenth but won the twelfth, thirteenth and fifteenth to cut the deficit to one. On the eighteenth Verley got a fine par to end the morning round all square.

The afternoon round was very closely played with Green holding to his one hole lead at the turn. He made it two up at the eleventh when Verley lost two strokes in a trap and kept this lead until the sixteenth when Verley ran down a long birdie.

Green made sure of it at the seventeenth by putting his second shot in the centre of the green when Verley found the trap and ended the match with a safe par four. It was a grand game and was followed by a large crowd. This was the second successive time Verley lost in the finals as last year he bowed out to Bing Crosby when the famous crooner chipped in to the cup on the thirty-sixth green for a birdie to win.

The results of the other men's finals follows:

Championship Consolation—P. F. McIntyre, Trail, defeated R. G. Armstrong, Vancouver, 4-3.

First Flight—R. E. Cleat, Vancouver, defeated J. H. Todd, Victoria, 2-1.

Second Flight—Frank Dunn, Seattle, defeated C. Currell, Edmonton, 1 up.

Third Flight—Dr. F. E. Fowl-

er, Astoria, defeated T. B. Randall, Vancouver, 2-1.

Fourth Flight—W. M. Rice, Winnipeg, defeated H. Keough, Saskatoon, 4-3.

Fifth Flight—A. A. Binford, Portland, defeated D. A. Marshall, Vancouver, 4-2.

Sixth Flight—J. W. Hefferman, Vancouver, defeated L. H. Hoffman, Portland, 5-4.

Medical Profession Trophy—Dr. J. Collins, Seattle.

Canadian Rockies Seniors—First Series: F. C. Thompson, Vancouver; Second Series: Carl Havens, Seattle.

In the women's play Mrs. J. H. Todd of Victoria who won the championship, played close to par golf to take a lead at the second and won the fourth, fifth Todd of Victoria, who won the and eighth, losing the ninth to a well-played part three to make the turn three up. On the short twelfth Mrs. Dunn won with a grand birdie two and almost birdied the thirteenth. She won the fourteenth to cut the deficit to one. On the bad baby Mrs. Todd played a perfect birdie two to win and took the bay hole at the 16th to end the match.

In the Verley-Fowler semi-final Fowler started out with some smart golf to take the first hole, having the next two and won the fourth. Verley won the fifth and they made the turn with Fowler two up and deserving it. On the home nine Verley came to life and won the long tenth and the eleventh with birdies and a par at the short twelfth turned the match around to put him one up. Verley was fortunate to get a half at the long thirteenth when his second shot was at the root of a tree. Fowler had a lapse here and they bogied the hole. Verley won 14 with a par and took the short fifteenth when Fowler missed a short putt. The match ended on the sixteenth when they got a half in par. It was not sparkling golf as both players and their lapses.

The Green-Starkey semi was much closer and, after two halves, Starkey birdied the third to go one up. Green came right back with a par on the fourth

to square the match. They halved the fifth and Green won the sixth with a par four. They halved the short seventh and Green won the eighth and Starkey made the ninth to make the turn with Green one hole to the good. On the tenth they halved it in par. Green birdied the eleventh to go two up and got a par three on the twelfth to be three up. Starkey won the long thirteenth

NOTICE TO CREDITORS

WILLIAM HENRY PIERCE DECEASED NOTICE IS HEREBY GIVEN that all persons having claims against the Estate of William Henry Pierce, deceased, late of Prince Rupert, British Columbia, who died on the 13th day of April, 1948, are hereby required on or before the 16th day of October, 1948, to deliver or send by prepaid letter full particulars of their claims duly verified to the undersigned at P.O. Box 368, Prince Rupert, B.C., as Executor of the said Estate.

AND TAKE NOTICE

that after the last mentioned date I will proceed to distribute the assets of the deceased among the persons entitled thereto having regard only to the claims of which I shall then have had notice.

DATED

this 7th day of September, 1948.

RICHARD GEDDES LARGE, Executor of the Estate of William Henry Pierce, Deceased. (224)

THIS AND THAT

"I'd give up teaching if it weren't for the money I make selling the bright remarks of my little pupils to the magazines."

BATTERY WINS

(Continued from Page 4)

winning by three goals to one.

Teams:

120th Battery—Morgan; Peddie, Ferguson; Cornwell, Veitch, Darrow Gomez; Dunbar, Jerstad, Pavlikis, Parkhouse, Ward.

Canadian Legion—Brodie, Nelson, Dawes; Yelland, Eby, Greer; Glen Smith, Wyatt, Christison, Bill Murray, Armstrong, Dave Murray.

Referee—S. P. Woodside.

Linesmen—Bond, Sunberg.

HAT TRICK

BY PAVLIKIS

The game was a very interesting one with the Battery winning on account of their superior drive in the forward line. Morgan was safe in goal and Ferguson was equally reliable. A newcomer, Peddie, filled in as the other back. Cornwell and Gomez were strong defenders and raiders while Veitch tried hard. Forward Pavlikis was fast and always dangerous. He completed the "hat trick" when he got all three goals. Ward played well and Parkhouse was fast. Dunbar was not so much in evidence and found Greer a stumbling block. Jerstad did quite well.

Brodie was very good in goal apart from his unlucky drive that came off Pavlikis' foot. Nelson and Dawes were both good with Dawes turning in his best game of the year. Greer was a standout although Eby and Yelland were both very good too. But Wyatt and Armstrong were the only aggressive forwards the Legion had. Dave Murray crossed the ball occasionally. He seemed to have been hurt slightly. Bill Burray was too slow and did not work for the ball and Smith missed many good chances.

The injury to Doug Christison was a bad blow for the Legion for this player is a hard driving centre who distributes the ball well and is dangerous about the goal.

Wednesday evening's game brings the same two teams together in the remaining fixture in the Mobley Cup.

Report has it that another trophy has been given for football and the Football Executive at their meeting tomorrow evening will make arrangements for that as well as for a benefit for Christison.

LAND REGISTRY ACT

Re: Certificate of Title No. 33264-1 to Lot 12, Block 31, Section 1, City of Prince Rupert, Map 923.

WHEREAS satisfactory proof of loss of the above Certificate of Title issued in the name of Joe Fook, has been filed in this office, notice is hereby given that I shall, at the expiration of one month from the date of the first publication hereof, issue a Provisional Certificate of Title in lieu of said lost Certificate unless in the meantime valid objection be made to me in writing.

DATED at the Land Registry Office, Prince Rupert, B.C. this 9th day of August, 1948, A.D.

ANDREW THOMPSON, Deputy Registrar of Titles. (215)

TERRACE P.T. ANNUAL MEET

(Continued from Page 4)

The annual meeting and election officers of the Terrace Parent-Teacher Association was held on Thursday evening in the primary school with a good turnout of members and newcomers. Business matters were cleared up and delegates to the hospital board meeting in October were appointed, these being Mrs. Haaland and Mrs. Van Stolk.

Reports were presented by committee convenors and the president who thanked the members for their loyal support and co-operation during the past year.

Election of officers was then conducted by the retiring president, Mrs. C. R. deKergommeaux.

All were elected by acclamation after which the executive was then called forward to take over the office. Mrs. Peter Van Stolk then thanked the members for electing her as president.

New parents were welcomed to the meeting, also the new teachers who were Miss Larson, Miss Booth and Miss Chester. Others welcomed were Rev. and Mrs. Mallett, Mrs. Glanzer, and Mrs. Hobenschild. Following the close of the meeting, refreshments were served.

The new officers are: Honorary President, Mr. H. Ferguson, school inspector. President, Mrs. P. Van Stolk. First Vice-President, Mrs. Mc-

TERRACE GIRL ISLAND BRIDE

Miss Freda Hall and Robert Mallory Married

TELE — The marriage of Miss Freda E. Hall, daughter of Mr. and Mrs. F. Hall of Terrace, to Robert Mallory, son of Mrs. E. M. Mallory of Port Clements, took place recently with Rev. N. F. Green of Massett officiating.

Wearing a navy suit with grey accessories, the bride carried pink and white gladioli. Her only attendant, Mrs. F. K. Richardson, wore blue flowered crepe with matching blue accessories. Her bouquet was of yellow and mauve gladioli.

Attending the groom was F. K. Richardson.

After the ceremony, a reception was held at the home of Mr. Eric Richardson.

Mr. and Mrs. Mallory will make their future residence in Massett.

The bride was formerly on the teaching staff at Prince Rupert's Conrad Street School.

OK, pal. That's a blue chip if I ever saw one—speaking deliciously, of course.

"And these malty-rich, honey-golden Post's Grape-Nuts Flakes are a whole stack of good nourishment."

"A spadeful of carbohydrates for energy."

"And minerals for muscle and growth and rich blood."

"Using two grains instead of one in making Post's Grape-Nuts Flakes is a pair that really pays off—in double breakfast enjoyment and rosy-cheek nourishment."

"Fellahs—I think I'll pop over to the grocer's right now and buy up enough Post's Grape-Nuts Flakes for a full house."

"I'll raise with a package of super-delicious Post's Grape-Nuts Flakes"

Fisheries patrol boat Kitimat, under Captain C. W. Earnshaw, left the tuna grounds off the Queen Charlottes at the weekend and was rushing to Vancouver to place the chief officer in hospital. At the time the boat left the west coast of the Queen Charlotte Islands most of the tuna fleet had gone from the area leaving only 14 boats. High catch among those remaining was 100 fish. Storms which have been hampering the tuna boats have abated.

Sixteen passengers from Alaska disembarked from the Princess Louise when the ship docked here at 5 o'clock Saturday afternoon. They spent the week-end in the city and will leave for Vancouver on the Princess Adelaide tonight.

Captain Fred McGraw has returned to his command on the Princess Adelaide after being absent for several weeks while on annual leave.

Post-Nuptial Shower For Terrace Bride

TERRACE — A post-nuptial shower for Mrs. Robert Perry, the former Roberta Lambley, was held recently at the home of Miss Pat Tumilson when the young bride was the recipient of many lovely gifts. The gifts were carried into the room in a gaily decorated basket by Selma Farquhar and Ann Tumilson. Later delicious refreshments were served by the young hostess. Among those present and sending gifts were Mrs. R. Perry, Mrs. D. Tumilson, Mrs. G. Lambley, Mrs. G. M. Perry, Mrs. R. Cooper, Misses I and D. Haugland, J. Jordan, C. Whalen, Norma and Joyce Perry, Judy and Betty Curtis, Violet Jackson, M. Paquette, P. Laird, K. Willisroft.

YACHT ESCAPES DAMAGE
ANNAPOLIS ROYAL, N.S. — A 35-foot yacht, the Loadstone, from Marblehead, Mass., narrowly escaped destruction when it dragged anchor in the swift current of the incoming tide of the Annapolis River, recently. Some men on shore saw the craft's danger, located the skipper and piloted the boat to safety.

ing to the Juneau Weekly which quotes Wallis George, the Canadian National agent.

CELEBRATION WAS SUCCESS

Loggers' Sports Highlight at Terrace—Kitkatla Girl Wins Homesite

TERRACE—The Labor Day celebration in Terrace, featuring logging sports and barbecue, attracted large crowds, including hundreds from Prince Rupert and the day was a financial success, making it possible for the Association to proceed, to a limited extent, with their improvements to the building. Grey skies greeted the visitors but everyone came prepared for rain which fell in the afternoon and did not dampen the spirits of the holiday makers.

After the children's races, large, luscious, barbecued beef sandwiches from beef cooked overnight in a deep pit and expertly carved by Alf Yoxall and Hugo Kraupner, a Prince Rupert visitor, were sold to a clamoring crowd, which later gathered on the Civic Centre grounds for the loggers' sports. They were the first of their kind to be staged in Terrace and the interest shown in them was very keen though disappointment was generally expressed at there being so few power saw entries.

The log rolling contest was a show of speed and good judgment.

Timely Topics from Terrace

Mrs. C. R. De Kergommeaux, Terrace Reporter

Gunnar Selvig of Prince Rupert is spending a few days in Terrace and has completed the sanding of the Civic Centre bowling alleys.

Constable and Mrs. Rogers are on holiday at Vancouver.

William Unger left on Tuesday.

ment and, in this some of the old time loggers put on a good show which delighted the onlookers. The championship was won by E. Clausen, with Cecil Lever a close second and J. Lever, third.

The ladies, too, joined in the sports with goodwill.

The nail driving and hand-saw bucking showed experience on the part of some of the contestants but Mrs. Emil Haugland and Judy Curtis were the easy winners of the latter event.

The dance in the evening at which the drawing by May Queen Joyce Cote for the Terrace homesite took place concluded Terrace's last holiday of the season. In the presence of the officers of the Civic Centre Association the winning ticket No. 2181 was drawn and the Terrace homesite went to Ruth Spencer of Kitkatla.

day for his home in Ocean Falls, having been here on holiday for the past six weeks. Mrs. Unger and son will be leaving next week.

H. Pache, G. Anderson, Peter Murie and W. Willisroft left on Sunday on a hunting trip to Telkwa district.

Miss Annie Lips returned at the beginning of the week to take up her duties as Principal of the elementary school after spending the summer holidays in the south.

H. Noakes returned to Terrace at the beginning of the week from the south where he attended summer school.

A "Smoky" Harrison had the misfortune to break his leg while on the job at Copper River Sawmills and is now a patient in the local hospital.

Mr. and Mrs. George Grant left last week for Vancouver where they will holiday with relatives.

How Nickel Steel in automobiles makes jobs for Canadians

The self-propelled vehicle dates back to the 18th century. As developed by engineers and designers of the present century, motor cars have widened horizons through providing fast, economical transportation.

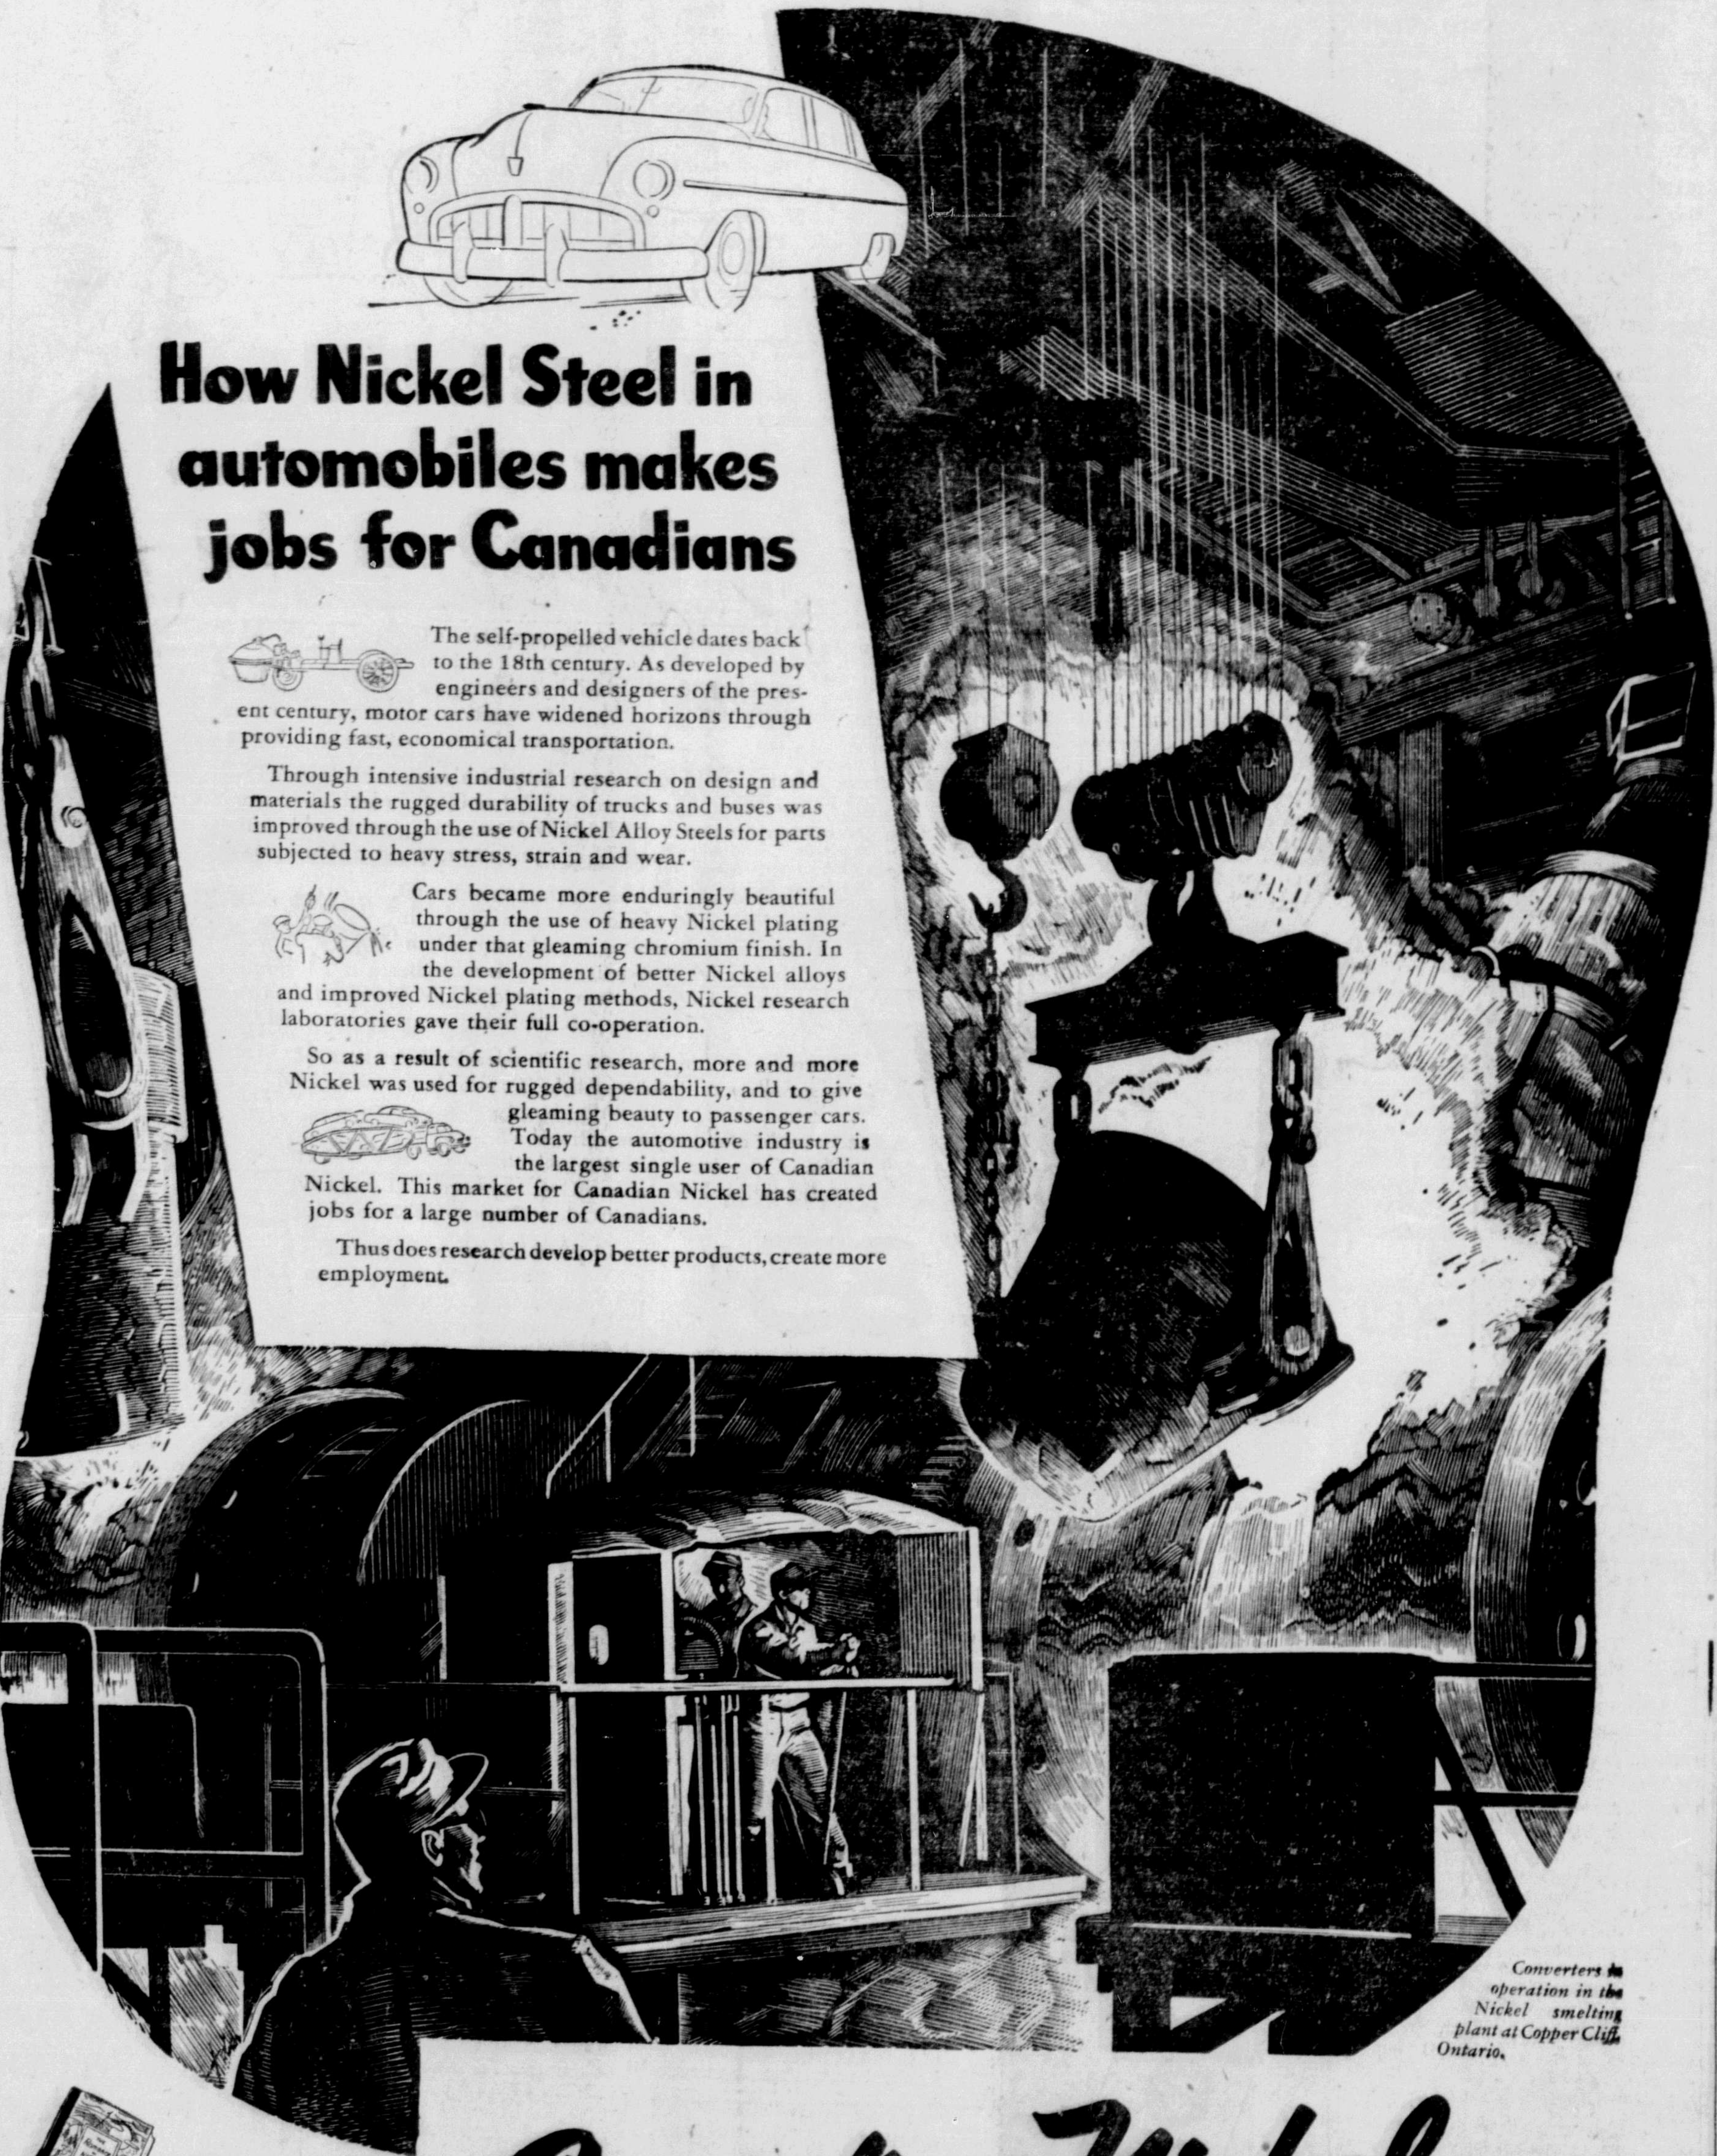

Through intensive industrial research on design and materials the rugged durability of trucks and buses was improved through the use of Nickel Alloy Steels for parts subjected to heavy stress, strain and wear.

Cars became more enduringly beautiful through the use of heavy Nickel plating under that gleaming chromium finish. In the development of better Nickel alloys and improved Nickel plating methods, Nickel research laboratories gave their full co-operation.

So as a result of scientific research, more and more Nickel was used for rugged dependability, and to give gleaming beauty to passenger cars. Today the automotive industry is the largest single user of Canadian Nickel. This market for Canadian Nickel has created jobs for a large number of Canadians.

Thus does research develop better products, create more employment.

Converters in operation in the Nickel smelting plant at Copper Cliff, Ontario.
