## The School Bylaw

TAXPAYERS of Prince Rupert will vote this week on the money bylaw to authorize the borrowing of funds for two important new school construction projects, the net cost to the city of which will be something well less than \$400,000, the provincial government putting up a larger amount to match what the city and rural portions put up.

The Daily News has on several occasions before pointed out the urgent need for new school buildings and educational facilities here so that a most important civic function may be efficiently and effectively carried out. The city, it is true, needs many things but we repeat, as we have said before, that nothing is more important than the schools.

We have no doubt that, in the interests of the children and the future citizens and in order that the city may demonstrate its progressive spirit in at least this one field, there will be a large and emphatic approval of the school expenditure. There may be a few reactionaries, of course, who will be somewhat lacking in public spirit and unappreciative of the importance of the need for better educational facilities here but we do not anticipate there will be many such.

This newspaper has no hesitation in bespeaking wholehearted support of the school bylaw. We are all-out in its favor.

## IMPACT FELT HERE

CONTINUATION for any appreciable length of time of the steel and coal strike in the United States could not but have a serious effect upon the industry of Canada which gets one of every three tons of steel it uses from the United States. It would, no doubt, soon make it necessary for government to impose controls upon steel to ensure that it would be only used for most essential purposes.

The United States strike again brings to the fore the necessity of further expansion of the iron and steel industry in Canada, an expansion which might well take place on the Pacific Coast, particularly since this is the part of the country to which new industry is more and more looking.

## ARTHUR BEALE LAID AT REST

Requiem high mass for the repose of the soul of the late Arthur Beale who passed away in the city this week was celebrated at the Church of the Annunciation Saturday morning by Rev. Father F. J. Rayner, O.M.I. Many friends of the former Imperial Army veteran attended the rite.

Prayers were said by Rev. Father Oliver Mohan at Grenville Court Chapel at 8:15 Friday evening in the presence of close friends and family members.

Interment took place in the Soldiers' Plot at Fairview Cemetery where Canadian Legion Sergeant Bugler W. J. Rance sounded the "Last Post."

Pallbearers were William Smith, Richard Bury, Leo Beaudry, Alex Harvey, C. L. Youngman and Neil Cameron.

# Victoria Report

by J. K. Nesbitt

## 'Duff' Pattullo, Liberalism's Grand Old Man, Visits Gallery—Publicity for Power

VICTORIA—The press gallery in the legislative buildings is the public's ears as far as the government is concerned. All government news goes through the gallery workroom, where representatives of press and radio have their desks.

When M.L.A.'s come to town, they always drop into the gallery to say hello to the men who report their legislative speeches each session.

One of the most frequent visitors, though no longer an M.L.A., is T. D. Pattullo, the grand old man of Liberalism in B.C. He comes to discuss the latest political issue, or to recall olden political days when he was in power.

"Duff" is nearly 77 now, dapper as ever, still full of fight and humor. He's off by plane in a few days for the east. Train travel is too slow for this man who has been in a hurry all his life, whose restless drive brought him to the top and has now left him benign and placid, kindly to all.

As gallant and thoughtful as in the days when he was premier, Mr. Pattullo, who was once mayor of Prince Rupert, sent flowers to Mayor Nora Arnold of Prince Rupert, when she was elected second vice-president of the Union of B.C. Municipalities at its convention here.

Same day as Mr. Pattullo called at the press gallery, Tom Uphill dropped in too. Mr. Uphill, as well as being M.L.A. for Fernie is mayor of Fernie. He has beaten Mr. Pattullo's long legislative record by being elected in eight general elections. Mr. Pattullo was victor seven times. Tom was down for the municipal convention and, of course, visited the buildings to take up personal matters for his constituents.

Alex Hope, M.L.A. for Delta, was in the same day and so was Art Ash, M.L.A. for Saanich. M.L.A.'s from distant parts envy the Greater Victoria's M.L.A.'s, who can go by bus to the buildings. Out-of-town M.L.A.'s have to pay their own way to the capital. They get a round trip free to Victoria only once a year, for the session. This pays well for members who live far away, for the mileage is so generous they get enough out of one round trip to finance several trips. The Vancouver members, however, don't do so well. They get about \$40 a year travelling allowances but that doesn't pay for many trips at present rates.

Government's B.C. Power Commission is going into the public

relations business in a big way. It has appointed John deB Shaw to tell the public of its good work. The Power Commission is expanding in every way. It is now calling tenders for its own building in Victoria, on a choice piece of property, with a view of sea and mountains, just outside the business portion of the city. It will cost about \$300,000.

Mr. Shaw for the last three years has been executive assistant to Hon. George Pearson, minister of health and welfare and provincial secretary. Born in

Victoria, grandson of Charles Lugin, one-time editor of the Victoria Colonist, Mr. Shaw started a newspaper career with the Victoria Times and had newspaper experience in Toronto and China. He returned from Hong Kong in 1939, and became legislative press gallery correspondent for The Vancouver Province and a few months later joined the Canadian Navy, serving overseas throughout the war with the rank of Lieut.-Commander.

## The handshake Walt Rayson will never forget

PERHAPS it was chance that led Walt Rayson, while driving through a college town, to stop at a certain restaurant.

As he gave his order, he glanced at the waiter. The face looked familiar. Suddenly Walt remembered—the young man was the son of an old friend.

After finishing his meal, Walt introduced himself. "You wouldn't remember me, Bill," he said, "but I knew your father. It's quite a surprise finding you here."

"That's easily explained, sir," said Bill. "I'm working my way through college. You see, when father died last year he left enough life insurance to support mother and pay part of my expenses, too. That, plus what I earn here, has made it possible for me to stay at university."

"That makes me feel mighty good," said Walt, "because I'm the man who sold your father that life insurance."

"Gee!" said Bill, you'll never know what that money has meant to Mom and me. And I guess you're the one I ought to thank for it. So . . . so thanks!" he said, shaking Walt's hand warmly.

"Oh, it was just part of a day's job," smiled Walt, rising. "Well, good-bye and good luck!"  
Later, as he drove into the night, Walt's glow of satisfaction deepened when he recalled how hard it had been to persuade Bill's father to increase and properly plan his life insurance to cover the emergency that, years later, Bill and his mother had to face.

"Well," said Walt to himself, "there must be thousands of cases like this where life insurance representatives have helped to save the day!"

## A helpful citizen in your community

When your agent sells you life insurance, he also helps to improve your community. For a large part of each life insurance dollar is put to work through investments to build schools, bridges, highways, industrial plants and many other projects that create jobs and make for better living.

You share in these improvements, made possible through the efforts of your helpful fellow-citizen—the modern life insurance representative!

New teachers on the city schools staff were welcomed by their colleagues at a dinner held by the Prince Rupert and District Teachers' Association at the Civic Centre. The function was in the nature of a "get acquainted" gathering. Under chairmanship of J. S. Wilson, who acted in behalf of President R. D. Cleland, who is at present in Vancouver as B. C. Teachers' Federation geographical representative, the impromptu program consisted of singing, dancing and vocal solos by Mrs. Grace Christianson, accompanied by Henry Pluym at the piano.

### SIX FIRE CALLS IN SEPTEMBER

City fire department answered six fire calls during September, none of which resulted in serious fire damage. Total number of fire calls so far this year is 67 as compared to 71 for the same period of 1948.

### AGED FURNACES, HEAT ROBBERS

The owner of an average heating system five or more years old is warned by National Warm Air Heating Association, that the odds are 7 to 10 his winter heating bill is at least 10 percent more than necessary.  
This is because 7 out of 10 older type systems of heating are in need of repairing and cleaning. Air leaks in and around furnace combustion chamber, soot in the chimney or furnace, warped burned bars, corroding smoke pipe all create loss of heat right in the furnace itself. Therefore using more fuel to keep the proper temperature.  
Heating experts report that home owners are "robbing Peter to pay Paul" through use of improper firing methods and negligence in furnace maintenance.  
The majority of costly repairs could have been avoided if owners had followed a regular program of having heating systems inspected each year says the heating association. Minor repairs can add longer service to heating systems and insure health and safety of families.

First Game At Yankee Stadium On Wednesday—Pennants Settled Sunday

**NEW YORK (CP)**—It's a subway World Series—Brooklyn Dodgers against New York Yankees—and it opens Wednesday at New York's Yankee Stadium. The Yanks won the American League pennant by crushing the Boston Red Sox 5 to 3 yesterday, but only after quelling a desperate last inning Boston rally.

Brooklyn was carried into ninth inning leading Philadelphia Phillies 7 to 7 for the victory that gave them the National League title. Brooklyn's triumph took the hearts of the St. Louis Cardinals who had finished their game against Chicago Cubs earlier, winning 15 to 5. A Dodger defeat would have tied them for first place, meaning a play-off.

Mrs. Douglas Stalker of Vancouver sailed Sunday evening on the Comptons to return south after visiting here with her parents, Mr. and Mrs. Mark Kogut.

**Burrards Win**

**VANCOUVER 9**—The Mann Cup returned to Vancouver Saturday night as Vancouver's Burrards defeated Hamilton Tigers 12 to 6 to win the best-of-five senior lacrosse championship three games to one.

The failure of the Tigers to retain the title which they won last year upheld a nine-year-old jinx on Eastern hockey squads.

The last Eastern team to win the trophy in the West was St. Catharines in 1941.

### COURT BOOSTS CIVIC CENTRE

Magistrate W. D. Vance took time out from his regular police court duties at the week-end to comment on the work of the Civic Centre. Mr Vance said that the Civic Centre had done more than any other agency in the curbing of juvenile delinquency and at the same time offered a place than can be enjoyed by each and every member of the Community.

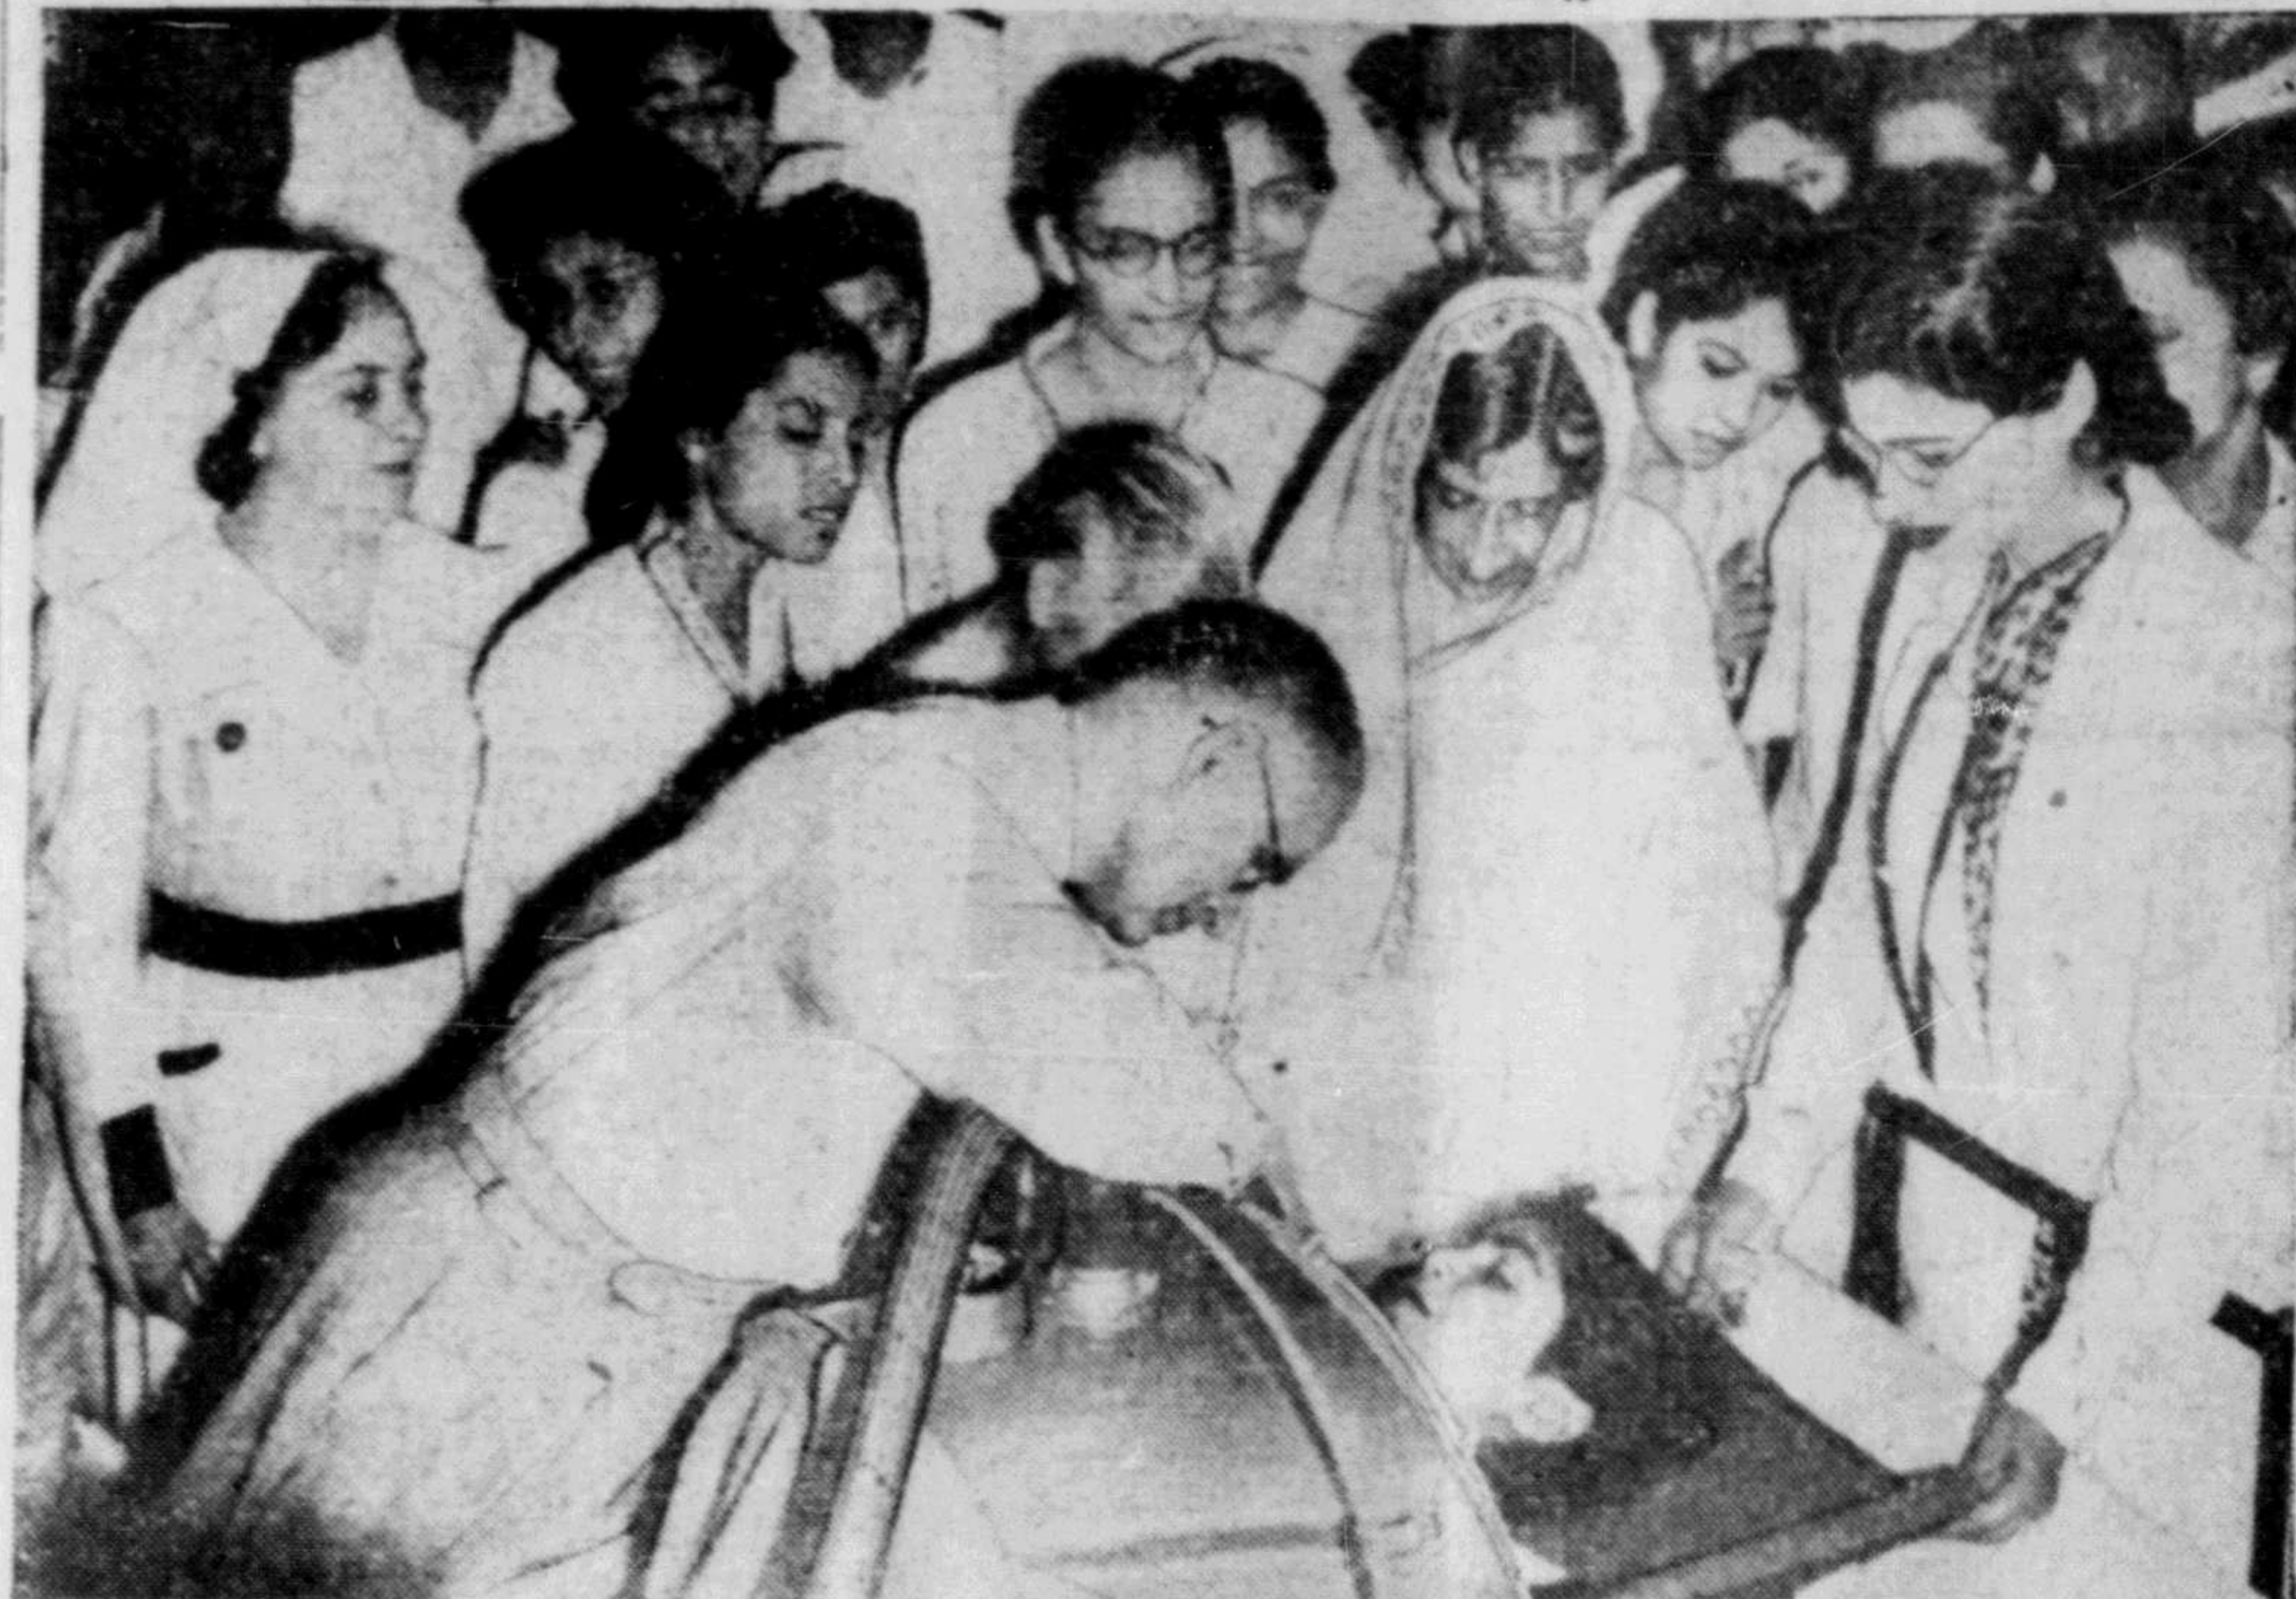

The magistrate recommended that everyone in Prince Rupert young and old, get behind the Civic Centre and take out their membership now.

### BUDDY CLARKE CRASH VICTIM

LOS ANGELES (AP)—The popular singer and orchestra conductor, Buddy Clarke, was killed Saturday night and five others, including the radio commentator, Sam Hayes, were injured in a plane crash in the Los Angeles residential area last night.

NAVIGABLE WATERS PROTECTION ACT  
R.S.C. 1927 Chapter 149  
SHELL OIL COMPANY OF BRITISH COLUMBIA LIMITED hereby gives notice that it has, under Section 7 of the said Act, deposited with the Minister of Public Works, at Ottawa, and in the office of the District Registrar of the Land Registry District of Prince Rupert at Prince Rupert, B.C., a description of the site and the plans of a marine service float and float approach proposed to be constructed and moored over a portion of lot "A" of Waterfront Block "E" Map 1161, Prince Rupert, B.C.  
AND TAKE NOTICE THAT after the expiration of one month from the date of the first publication of this notice the Shell Oil Company of British Columbia Limited will under Section 7 of the said Act apply to the Minister of Public Works at his office in the city of Ottawa, for approval of the said site and plans.  
DATED this 8th day of September, 1949.

### Iron Lung for India's Polio Sufferers

To counter a serious epidemic of poliomyelitis (infantile paralysis), the United Nations World Health Organization (WHO) has been speeding shipments of iron lungs to India. Here the Director of WHO's regional office for Southeast Asia shows a group of nurses and officials how an portable iron lung, just delivered, operates. Altogether, WHO plans to send 20 of the big machines to India.

### Ray Reflects . . . and Reminisces

A copy of The Empire, of July 1917, reports a sitting of the Fisheries Commission and quotes Chas. Edwards who said he had sometimes thrown away as much as 2,000 pounds of black cod to make room for halibut. There's not much black cod chucked away in 1949—not when it's retailing at 45 cents.

Now that the assize in Prince Rupert has concluded it is permissible to suggest that before the next one sits, two essentials be provided. The court room is not easy to hear in. First rate acoustics are important. And the same is true of using a good clear voice. Speak up, and take your eyes off the floor! If there is anywhere on earth where indistinctness is out of place, it's in a court of law.

Some September mornings were a shade cloudy, yet the month had its fair points, and, when September is on good behaviour, there is scant room for improvement. A little late for summer's heat, and rather early for the frosts of fall. September disappoints no one.

Thirty-two years ago the following Prince Rupert young folks rustled more than \$60 for the Red Cross, and that was rec-

oned pretty fair. The list reads: Constance McMullin, Violet Mortimer, Doris Pattullo, Isabel Kirkpatrick, Pete Tremayne, Miriam Lando, Jean and Moya Bailey, Marjorie Roberts, Catherine Morgan, Hilda Halvarson, Fred Ritchie, Mike Surotuk, Jean Duff, Sigrid Hegstrom, Gracie Carroll, Fred Pearce, Peter Black, Rupert Morrow, Gladys Viereck, Dorothy Jones, Rita Toomire, Vera Shockey, Amelia Gurvich, Tilda Morrow. Where are, the hustlers of yesterday?

Every progressive city has to go through the "little red school house" stage before blossoming out into the handsome and modernized era of development. In Prince Rupert, the time was about forty years ago and the place a tough-looking piece of muskget that later became Second Avenue. The hall of learning looked the part.

To be known as a "fish town" is a distinction Prince Rupert has long accepted as a matter of course. But there is still much to learn. There's lots and lots of good fish in the sea beside salmon and halibut as well as ways of cooking and serving. That's an art in itself. Kindly pass the smorgasbord!

### 'FLAMINGO ROAD' POLITICAL DRAMA

A dynamic, romantic drama about small politics, "Flamingo Road," starring Joan Crawford and Zachary Scott, is the feature picture for this Monday and Tuesday at the Capitol Theatre here.

Taken from a play by Robert and Sally Wilder, "Flamingo Road" tells about a beautiful carnival dancer who stays behind in a small southern town, falls in love and makes her rise to prestige and riches through a story beset with murder, romance and political intrigue.

With Mildred Pierce, Joan Crawford leads a beautiful street as a politician. The support of Gladys George, Gertrude M. Comer David and newest drama formerly on the Lloyd.
