## Acadians On Revisitation

HALIFAX—Possibly including among its members descendants of Acadians who were deported nearly two centuries ago and went to Ohio, a group of more than 100 persons, members of the Ohio farmer Nova Scotia tour will arrive today by special Canadian National Railways train from Chicago on a four-day visit to Halifax.

Strange as it may seem historians have developed the connection between the Acadians and the early settlers in Ohio through trees. The Acadians were noted for their willow baskets and when they were deported they carried them along. Proof that they went to Ohio has been made through the willow trees that prominently line the shores of the Ohio River.

During their visit to Halifax the party will take side trips to the Annapolis Valley and to the south shore. They hope to see famous Oak Island where Captain Kidd reputedly buried his valuable treasure and many of the quaint and picturesque fishing villages that dot the shores of the Atlantic coast.

## Parisian Family Visiting Rupert

Professor and Mrs. J. Riviere, both professors at a Paris university, arrived in the city today aboard the Princess Norah. With them is their daughter. They leave on tonight's train for Jasper. They also intend to visit Winnipeg and Montreal before returning to Paris. They sail September 5.

## Flash

NOT RAISING PRICE  
TORONTO—One chocolate manufacturing concern has announced it will not join in raising the price of chocolate bars from 5c to 7c. This is the Fry-Cadbury Company.

MENZIES TO TOKYO  
VANCOUVER—Prime Minister R. G. Menzies of Australia left by Royal Canadian Air Force plane today for Seattle whence he will take a commercial plane to Tokyo. He will visit General Douglas MacArthur and Australian fighting forces in Korea.

ROYAL BIRTH NEAR  
LONDON—Crowds still surged around Clarence House tonight awaiting the birth, which is expected momentarily, of Princess Elizabeth's second child.

CLAXTON ON JET  
TORONTO—Minister of National Defence Brooke Claxton personally experienced a flight yesterday in the new Canadian jet fighter plane. He made the trip from Ottawa to Toronto in 33 minutes.

A party of 73 Methodists from Chicago are on the steamer Princess Norah making the trip to Skagway. When they return to Vancouver they will proceed to Lake Louise and Banff before going home.

MAP CONTINENT'S SECURITY — Spurred by the conflict in Korea, these four top Canadian and United States industrial defence planners met in Ottawa this week to create a blueprint for total mobilization of the economic might of the two countries. Left to right, are: Sidney D. Pierce, Canada's associate deputy trade minister; Frederick Winant of the U.S. National Security Resources Board; Hubert E. Howard, chairman of the U.S. Munitions Board; and H. J. Carmichael, chairman of the Canadian Industrial Defence Board. (CP Photo)

## Unions Refuse Offers So Railways Of Canada Prepare For Strike

MONTREAL—Following is joint statement by Presidents of Canadian National Railways and Canadian Pacific Railway:

"We have just been informed by leaders of the two union groups involved in the current labour dispute that the final proposals of the railways put be-

fore them in Thursday morning's meeting are unacceptable to the negotiating committee. "The union representatives gave no indication they were prepared to recede in any degree from their full demands for a 40-hour week and an additional wage increase of seven cents per hour.

"In these circumstances the railways have no alternative but to prepare for strike action by the employees and appropriate announcements and arrangements will be made at once."

There was no immediate comment from Union leaders today to the personal appeal of the presidents of Canada's major railroads to call off the strike after Frank Hall, chairman of the unions' negotiating committee, had announced formal rejection of the railway's compromise plan.

The strike hour has been set for 6 a.m. August 22 and all trains running at that time will be permitted to reach their final terminal or divisional point.

All trains in Canada would be tied up except those carrying medical supplies or vital goods as decided upon by the unions.

Winch's Charge—  
VANCOUVER —The British Columbia Police have been "sold down the river," Harold Winch, C.C.F. leader, declared Thursday.

Winch said that Attorney General Wismer, who negotiated a contract for the Royal Canadian Mounted Police to take over, has promised that "our men would in no way be detrimentally affected in the transfer." He then claimed that provincial officers will receive lower pay under the Royal Canadian Mounted Police in 1952 than they were now receiving and many senior officers were being relieved of their commands.

A Victoria report said yesterday that nine senior officers placed action that they would be relieved of their commands until that had received mimeographed letters on Wednesday.

Canada Has Little Polio  
OTTAWA —Polio myelitis is comparatively scarce in Canada this year. Health authorities do not know why except that the crippling paralysis of polio comes in cycles and this is, apparently, an off year.

A Canadian Press survey shows that there are 115 cases throughout the Dominion compared with some 880 at this date last year.

British Columbia has had 26 cases so far.

Sons Of Norway Making Plans  
Besides routine business the meeting of the Sons of Norway Wednesday night made plans for their winter whist drives. This year, rather than splitting the season, there will be only one prize in April rather than one at Christmas also. The first game will be September 15. It was also decided to enter two teams in the bowling league this year.

## High Tribute At Last Rites

Tribute to the late George J. Frizzell as a pioneer community builder who looked far into the future welfare beyond his own immediate interests was paid by Rev. Canon Basil S. Prockter in officiating at a funeral service last evening in St. Andrew's Cathedral. Canon Prockter urged a large congregation to be of good cheer as the last thing that deceased would have wished would be sadness in his passing.

One of the hymns "Onward, Christian Soldiers" was typical of his buoyant spirit. The other hymn was "Jesus Lover of My Soul." Peter Lien presided at the organ.

Canon Prockter disclosed that Canon W. F. Rushbrook, the old friend of deceased, would have been officiating had his health permitted. However, he had been taken from his own hospital sick bed to pray before Mr. Frizzell passed away.

Members of the Masonic craft, parading in a body under Worshipful Master A. E. Field, Tsimpsan Lodge, of which deceased was a member, augmented the congregation of old friends gathered to pay their final tributes of sincere regard and sympathy.

Frank Skinner and Gordon Acton were ushers.

Following the cathedral service, the dignified cortege, surmounted by one large and beautiful wreath from the family, was taken to the Canadian National wharf where, after a brief service by local Shriners, led by C. A. Berner, it was placed aboard the Canadian National steamer Prince Rupert for Vancouver.

Cremation will take place in Vancouver after a service under the auspices of Gizeh Temple, Ancient and Arabic Order of the Nobles of the Mystic Shrine, in the chapel of Center & Hanna. The ashes will be returned north to be scattered on the Skeena River near the confluence of the Estall in which area deceased had spent so many years of his life.

A companying the remains south were the widow, son, Howard Frizzell of Chicago, and daughter, Mrs. Laura Mitchell. Another son, Ald. Douglas Frizzell, left today by plane.

Many old friends of deceased acted as honorary pallbearers including Mayor G. W. Rudderham, E. T. Applewhite, M.P., Col. S. D. Johnston, M.C., V.D., Dr. L. W. Kergin, G. F. Forbes, Bert Morgan, Ald. George B. Casey, C. C. Mills, W. J. Raymond, Louis Ross, G. W. Nickerson, John Bulzak, Joseph Lindsay. Also invited to act as honorary pallbearers but unable to attend were Former Premier T. D. Pattullo and Col. C. W. Peck, V.C., D.S.O.

## Prairie Crops Looking Good

WINNIPEG — while weather and precipitation has been variable throughout the Prairies during the past week conditions have generally been favorable for crop progress, and many points in all provinces are beginning to estimate prospective yields with considerable assurance of these being attained.

According to the weekly crop report of the Department of Agriculture of the Canadian National Railways.

Possibility of frost and migratory grasshopper damage must still be considered as determining factors in crop output in a number of districts. Excess moisture has caused crop lodging particularly in Manitoba.

In the Okanagan, weather was warm and dry. The pear crop is now estimated at sixty per cent of normal. Apple crop normal, and other fruit crops will be light. There is a good vegetable crop but, as tree fruits are a little late, movement of these is not very brisk due in part also to fair vegetable and wild fruit crops on the Prairies. It is expected that the apple movement will be considerable heavier before the end of this month.

Alberta Man Is B.C. Police Head  
EDMONTON — Assistant Commissioner A. T. Belcher of the Royal Canadian Mounted Police leaves Edmonton Friday to take command of the force in British Columbia effective next Tuesday when the R.C.M.P. takes over the policing formerly done by the British Columbia Provincial Police.

## THE WEATHER

Synopsis  
Skies are cloudy over northern British Columbia, keeping temperatures at or slightly below the mid-August average of 70 in the interior and 65 along the coast. Over the southern portion of the province the weather will remain mainly sunny and warm with temperatures in the interior in the high eighties and along the coast in the seventies. A few afternoon thunderstorms are expected in the southern interior today and tomorrow.

Forecast  
Vancouver City, Lower Fraser Valley, Georgia Strait Regions—Sunny today, sunny tomorrow with brief cloudiness in early morning. Little change in temperature. Winds light. Lows tonight and tomorrow—At Port Hardy, 50 and 65; Sandspit 55 and 62; Prince Rupert 50 and 67.

## Family Reunion After Four Years

For the first time in four years Mr. and Mrs. H. R. Hill, Second Avenue, Westview, are having a get-together with their three daughters. Driving from the south, Mrs. Fred Wesch of Vancouver and Mrs. Roger Bell of Nanaimo are in the city until next Wednesday. Mrs. Wesch is accompanied by her daughter, Judy, and son, Ronnie. The oldest and third daughter is Mrs. T. B. Black of this city.

## Princess Mary Being Replaced

VANCOUVER—A new ship for the Gulf Islands service will be provided to replace the veteran Princess Mary, the Canadian Pacific Railway announces. It is also planned to resume the run between Sidney, Vancouver Island, and the mainland. The Princess Mary also operates between here and Powell River.

## AIR PASSENGERS

From Vancouver (yesterday) —G. Gee, Mrs. Cooper, M. Caron, Mr. Sheardown.

To Sandspit (yesterday) —Mrs. W. Lund, Miss L. Lund.

## BATTLE OF KOREA—

## Reds Seize Vital Port Of Pohang In Savage Battle

TOKYO, Saturday, (CP)—Red troops last night seized the important port of Pohang on the east coast and fought virtually to the edge of the United States air base to the southeast.

The Eighth Army announcing the fall of Pohang, said the city was in flames as the Americans withdrew after a savage night battle. Pohang is 65 air miles north of the main U.S. supply port of Pusan.

Small United States forces battled in the early morning darkness to save the air field, which is on a spit about six miles southeast of Pohang. U.S. tanks and infantry were rushing in to rescue the air field.

Pohang, second only to Pusan itself as a supply port, fell to a surprise Red drive through undefended mountains while the Americans were rolling back the enemy on the extreme southern end of the Korean front. General MacArthur's headquarters, meanwhile, announced

to break out of the trap in the coastal hills southwest of Chinju and about 45 miles or so west of Pusan.

The marines completed the capture of Kosong, south coast port of 55,000 population, 20 miles southeast of Chinju. Associated Press correspondent Hal Boyle at the front, said the air strip to the southeast was fighting for its life. Communists have brought up artillery to within range.

Fighter planes blasted the attacking enemy with rockets and machine gun fire. Fighter planes left the air field for safety elsewhere during the night.

"DOWN UNDER" — Prime Minister Menzies of Australia, centre, is shown on his way to Ottawa for a three-day official visit to the Canadian capital. On hand to greet him are Francis M. Forde, left, Australian High Commissioner to Canada, and Trade Minister.

## Seems Impossible

IT IS inconceivable that the national disaster of a railroad strike should come to pass in Canada although there now appears to be every possibility of such an eventuality ten days hence with August 22 set as the date for walk-out by 125,000 members of non-operating unions in the wages and hours dispute.

Somehow or other, however, we cannot but hopefully anticipate that something will occur in the eleventh hour to avert such a catastrophe to the nation as a tie-up of the vital transportation service would be, if only for a short time.

We recall how such a strike came perilously near two years ago but was settled almost on the deadline.

It would be a weighty responsibility to precipitate such a calamity in which every citizen of Canada would suffer but none more than the employees themselves.

The ironic part of it is—and this can be confirmed if one talks to railway employees even in Prince Rupert—that even the employees themselves do not want the strike and, notwithstanding the fact that they may have voted for it themselves, dread the hour of its approach. They do not want it yet they voted for it—probably inwardly thinking that it would never happen anyway.

Here is a situation where the parties concerned should devote themselves to every avenue of compromise and mediation to head off national disaster.

Of course, the government could and would have to take over itself and operate the railway services possibly in an arbitrary manner but this, in the long run, would be no satisfactory outcome.

Meanwhile the growing possibility of such a strike cannot help but already have a disturbing effect on the business and economy of the nation in which the railways play such a vital role.

## NO MATERIAL VICTORY

THE physical destruction of modern war has become so great that no nation or group of nations can win a material victory.

The only good that can come out of wars is law which may be established and maintained by the nations that are determined to uphold the principles of the charter of the United Nations.

Free men throughout the world now have no alternative but slavery to the sacrifices which may be necessary to preserve freedom and to establish law and order. Either we unite and succeed in keeping the road of progress open or we fail to use our common powers and lose our chance to achieve civilization.

The stark reality of the present demands the highest and best that democratic people have in them. What there is to win is worthy of all that good men can give. The free world must be prepared to give all or give up.

## 'Hard Core' of Refugees Begins to Soften

Among the refugees living in camps operated in Europe by the International Refugee Organization (IRO), a United Nations Specialized Agency, are some 25,000 old and sick persons, the "hard core" which has the greatest difficulty finding new homes. In recent months, however, homes have been provided for some of them. In the left hand photo, an aged refugee, one of 980

offered homes by a Roman Catholic order in France, talks to a French priest about the new life ahead. At the right, a blind refugee (left) discusses the prospect of a new life in Norway, where 100 sightless persons and an equal number of their families have been accepted. With him is a camp official of the International Refugee Organization (center) and a Norwegian representative.

As I See It

By ELMORE PHILPOTT  
HE KNOWS KOREA

For the second year I have met the retired Anglican Bishop of Korea, the Rt. Rev. Hugh Embley. Ordinarily Bishop Embley lives at New Denver.

Bishop Embley knows Korea "like a book" as the saying is. He tells me that we should not be surprised at the number of experienced soldiers that the North Koreans have put in the field. A vast number of them fought as part of the Chinese Communist armies which, as we all know, have been fighting more or less continuously for thirty years.

ooo

TAKING the long range view of Asia, Bishop Embley thinks it is absurd to try to deny the existence of the Communist regime in China. He has faith that a basis of live-and-let-live will sooner or later be worked out between the New Asia and the peoples of the western part of the world.

He smiles at the suggestion that Russia will ever be able to establish herself as permanent overlord of China.

After talking with the Bishop for a few hours, I wish that the big allied governments had him "sitting in" on their policy-making conferences re Korea. For he has such a balanced and moderate approach to the whole business out there.

ALL THESE MOUNTAIN resorts have suffered because of the war in Korea—and the fear that it is merely the preliminary to worse troubles to come—maybe even world war three. But actually you hear very little war talk in the pool, or on hotel verandahs.

The Americans I meet are almost all the friendly type—good neighborly folks. But I did hear an amusing story of one loud-mouthed visitor who began to "sound off" against Canadians in a store not too many miles from here.

"Our men have been fighting a whole month in Korea—and where are the Canadians? You haven't got a man over there and you don't seem in any hurry to get any there either."

The proprietor of that establishment had the makings of a real diplomatist. Without once raising his voice he told the irate visitor that we here in Canada could certainly sympathize with them below the border.

He told how we felt in 1914, then how we felt in 1915, and again in 1916 and till April 1917.

Then he explained how we felt that same way again in 1939, 1940, and again in 1941—till Pearl Harbor.

As he developed the theme without a trace of bitterness, the visitor more and more deflated like a balloon with a slow leak in it.

ooo

WE IN CANADA would be the world's prize dumbbells if we carried that tit-for-tat argument too far. I sometimes wonder if we learned anything from either the first or second world war—except how to make an even worse hell of a mess in a third.

The lesson of world war one, to me at least, was that the system of national sovereignty was all washed up. Long before Hitler started world war two there were many of us who knew—and plainly wrote and said in speeches that there was only one salvation for the western demo-

cracies—that was to form one vast "federation of the free." Had the U.S.A., British Commonwealth, France and kindred democracies like the Scandinavians formed themselves into one out-and-out federation no aggressor on earth would have dreamed of attacking them.

It would have been suicide for Hitler to have attempted to do so.

Now because we failed to form such a federation even after world war two—we find ourselves facing a far more formidable challenger. The part of the world we have a chance to federate is shrinking year by year.

## Modern Etiquette

Q. Having finished eating, where should one place the knife and fork?

A. They are placed a little to the right of the centre of the dinner plate. The tines of the fork should point upward, and the cutting edge of the knife should face toward the centre of the plate.

Q. Which aisle should be used by the wedding party, if the church has two main aisles?

A. One of the aisles may be disregarded, using the other aisle for both the procession and recession.

Q. In the salutary phrase of a letter, may one use an abbreviation such as "Dear Dr. Smith?"

A. No; write "Dear Doctor Smith."

## FOREIGN TRADE

Approximately one-third of Canada's national income is derived from foreign trade, a degree of dependence on external economic conditions equalled in only two or three other countries in the world.

Try a Daily News Classified

## HOW CAN I ? ? ?

Q. How can I prevent the iron from sticking to the clothes when pressing out starched pieces?

A. Try using soapy water as a starch foundation. Use one tablespoonful of soap jelly to each quart of water. Then add the necessary amount of starch.

Q. How can I harden earthenware?

A. Place it in a pan of cold water and bring it very slowly to the boiling point. Then allow it to cool slowly.

Q. How can I keep apples for a long time?

A. Apples will keep for a long time without decaying if they are packed in sawdust.

## Better English

1. What is wrong with this sentence? "This is a preventative against such action."  
2. What is the correct pronunciation of "ridiculous"?  
3. Which one of these words is misspelled? Contemporary, contentuous, contemptuous.  
4. What does the word "posterity" mean?  
5. What is a word beginning with eq that means "evenness of mind"?

### Answers

1. Say preventive. There is no such word as preventative. 2. Pronounce ri-dik-u-lus, both r's as in it, and four syllables (not ri-dik-lus). 3. Contentious. 4. Descendants; all succeeding generations; future time. "Posterity gives to every man his true honor."—Tacitus. 5. Equanimity.

# OIL PRODUCTION

There was a total of 1,608 operating oil wells in Alberta in July 190, compared with 960 at the same time in 1949.

Classified ads bring results.

**ELGAR JUNIOR CHOIR** — The Elgar Junior Choir of Vancouver, which will visit Prince Rupert August 23 and 24 and sing under the auspices of First United Church men's club, has the enviable record of being one of the few choirs outside of Wales which has won in competition at the famous National Welsh Eisteddfod. The year was 1936 when the Elgar Junior Choir made its first British tour. Last year, in 1949, the Elgar Junior Choir made a second British tour and again the members were impressed with the singing tradition of the people "over there." In Glasgow, Scotland, the home town of the famous Orpheus Choir, the Canadian singers sang before an audience that was conspicuous for the number of musical notables that were present. The journey from Glasgow to Edinburgh was through the Trossachs and the Elgar singers saw for the first time the beauty of historic Loch Lomond and Loch Katrine. Reaching Edinburgh on the eve of the great Festival they found the city crowded with visitors from all parts of the world. The Choir gave two concerts in the beautiful Bowf in the famous Princes Street Gardens.

## SOCIAL and PERSONAL

Miss Bea Marshall and Walter D. Longwill left a few days ago for a motor trip to Vancouver. They expect to be away for three weeks.

Northland Dairy wishes to announce that on Monday, August 14th, the delivery trucks will be going back on their old schedule. This means they will be leaving the Dairy at 6:30 instead of 3 a.m. and will arrive at your door the same time as before the end of June. (189)

Vince Daly, from Saskatoon, and David Fyffe, from Kamloops, arrived in the city on last night's train. Both are here to join the mechanical department of the Daily News, the former in the composing room and the latter as pressman.

### Sandy Hamilton's Farewell Party

The home of Mrs. A. S. Hamilton, 940 Ambrose Avenue, was the scene of jolly hours last evening the occasion being a party held for Mrs. Hamilton's son, who, on August 14, will leave Prince Rupert, direct from here for Halifax to join in the European naval cruise.

### 25 Years Ago

August 11, 1925  
As a result of a conference between J. D. McNiven, Deputy Minister of Labor for B.C., Fair Wage Officer F. E. Harrison and Carter, Halls & Adlinger representatives, the company agreed to pay 57½ cents an hour for common labor with time and a half for overtime on an eight hour basis and no discrimination in the matter of men returning to work. In the original grain elevator contract, the scale for common labor was 50 cents.

According to word received from the north today, the Casciar strike has possibilities. It says that Grady, original staker of gold pan, has taken out 117 ounces of gold in 15 days. Placer miners say that is not so bad.

Mrs. A. C. Read of Terrace is in town.

### 10 Years Ago

August 10, 1940  
The contracting firm of W. C. Arnett, Vancouver, low tenderer, has been given the contract to construct a road ten miles from Manson Creek highway to Pinchi Creek, work to be completed within six or eight weeks, at a cost of \$23,202.

Arrangements for the wedding at the Civic Centre Carnival are now complete, W. F. (Cupid) Stone announces. The bride, groom, matron of honor, groomsmen and bridesmaids all have been selected. The bridal couple is trying to locate a home here.

Jack Mowatt returned to the city on the Princess Adelaide yesterday afternoon after a brief business trip to Vancouver.

Mr. and Mrs. A. Robertson, Qualicum Beach, Vancouver Island, and Mr. and Mrs. G. Elmer John, Sidney, Vancouver Island, are visiting Dr. and Mrs. E. A. Wright. Mr. John and Mrs. Robertson are sisters of Mrs. Wright.

Leading Storeman W. Thompson, H. M. C. S. Chatham was pleasantly surprised at the weekend to see his father G. R. Thompson, arrive in the city to work with Columbia Cellulose Company.

The manufacture of textiles provides more employment than any other Canadian industry per dollar of capital investment.

## COMFORT?

Babies dote on it!

If your baby could talk we're sure he would shout, "It's the most comfortable carriage I ever saw!" We have always been enthusiastic about the special comfort and quality features of Lloyd Carriages, and we're even more enthusiastic about these new 1950 models. So richly upholstered. So smooth riding. AND so good looking! Come and see these beautiful new models.

See for yourself their many worthwhile features of comfort, convenience and value.

## Baseball— Commercials Are Winners

In the baseball game played last night at Roosevelt Park, Commercials managed to take the game from the Islanders by the score of 7 to 3. The Hotelmen started right out in the first inning to take the lead and never looked back. Watson Island obtained no runs in the first half of the first inning and, when Commercials came to bat, their first man up, Shier, singled and Davis was walked. Macdonald, next man up, was safe on an error and Shier scored on a bad throw. Macdonald, who was on third, tried to come home on the hit and run play but was caught off at home. Windle then drove one out and Ewart, next man up, bunted safely to score Davis. Scherck struck out but D. Scherck hit a long fly which the fielder dropped and so all were safe with two runs coming in. Spring grounded out to end the inning with Commercials ahead 4-0.

Watson Island got a run back in the top of the second inning on one hit and two bases on balls to cut down the Hotelmen's lead. The Commercials came to life again in the fourth inning when the first two men were out and Sinclair, next up, hit safely and Shier followed with a hit. Then Davis came through with his first hit of the season to score Shier and Sinclair. Macdonald filed out to end the inning with Commercials ahead 6-1. The Hotelmen added another run in the fifth inning on two hits and an error. The Watson Island boys came back in the top of the sixth when Carolei was safe on an error and Barr walked. Then Robinson hit a long one which went for three bases scoring the two men ahead of him. He was

## Juniors Win Over Firemen

Last night the Junior softball team beat the Firemen in 9-inning practice game with a score of 8 to 2 in their favor. The Firemen were obviously not at their best, nor was the team in their usual playing positions. However, even though the Firemen were off a bit, the Junior boys looked very good and are showing excellent improvement under coach Rusty Fords experienced and guiding eye. The boys have been practising regularly and their playing ability is showing the results of their efforts.

Chief umpire for the game was Roy Webber.  
In the senior softball league on Saturday night Prince Rupert Plumbing plays Co-op.

out on the next play when he tried to steal home. Leveigne, next up, walked but the next two men struck out to end the inning.

There was no further scoring and the game was called in the seventh inning with the Commercials winners by the score of 7-3.

The next game will be Sunday afternoon between Commercials and Abel & Odowes.

## Terrace Is Considering Extending Of Boundaries

**TERRACE**—Possibility of extending of the village boundaries was discussed at Wednesday's monthly meeting of the village commissioners. Maps were consulted and it was finally decided to prepare a petition for those living outside the present boundaries to ascertain their feelings on the matter. The commissioners felt that, if the village boundaries were extended as far west as the old elementary school, south as far as Ferry Road and north to the edge of the Bench, the majority of the residents would then be within the town limits. Such an extension would be to the advantage to both the citizens and the township.

## SEWERS DISCUSSED

The existing army sewerage lines, of which there are two in town, was under discussion with the request of the proprietor of the Skeena Hotel to join on to the line going along Greig Avenue. It was that or make a new septic tank for the hotel. He was willing to spend \$500 on it but he would want the line to be private with no one else joining in. This was ruled out by the commissioners simply because no private sewer line could run along a public road.

Mr. Boas' advice on the matter was asked for and he stated that the sewerage line comes under the same ruling as the water line. Rates are charged and property owners must pay the set rate if it passes the property whether connected to it or no. If any residents wanted a sewer line they would be allowed to pay for it and then be re-imposed over a period of three years with rates deducted.

The whole question of sewerage will be worked out and contracts drawn up before the petition goes before the residents.

## Departure For Terrace Camp

Looking forward to a happy ten-day holiday under congenial surroundings, some 28 or so young ten-agers left on this morning's wayfreight for the Regular Baptist Church Bible Camp at Miss Gertrude Mitchell's place on Braun's Island. The departure of this party follows the return earlier in the week of a similar but younger group which reported an extremely happy time.

Rev. L. A. Thorpe is again in charge, assisted by Rev. N. A. McCrea of Vancouver, David Hangerur, William Blackaby, Miss Anna Beketov, Miss Alice Marston, Miss Margaret Hangerur, Miss Elsie Falk, Miss Eleanor Buller and Miss Gertrude Mitchell. The group of young people includes Carol Moorehouse, George Moorehouse, Billy Birch, Louise Wood, Ronnie Nordine, Sheldon Lee, Rockwell Terry, George Warner, Donny Neufeld, Patrick Rougeau, Edward Turcott, Ronnie Iverson, Phyllis Nystedt, Lillian Burn, Michael Powers, Genevieve Powers, Craig Oliver, Hoyce McGinnes, Jackie McGinnes, Eddie Eusvik, Reggie Eusvik, William Watmough, Donna Becker, Tom Yornie, Reggie Crozier, Valerie Kuhor, Shirley Eytcheson, Larry Eytcheson, and Paul Beketov.

## NEW HARDWARE

**Man Arrives**

L. W. Lefler, local representative for the past three years of the Vancouver wholesale hardware concern of Marshall-Wells Co., has been transferred to Chilliwack. His successor, Wilford Caron, arrived in the city by plane yesterday afternoon from Vancouver and will be followed by his wife. Mr. Lefler and Mr. Caron left last night on the Prince Rupert to visit Ocean Falls and will be back shortly enroute to the interior where Mr. Lefler will introduce Mr. Caron to the trade at various points.

## missioners to consider similar

sidewalks all over town and it was said that the first on the list of new sidewalks will be that one going from the centre of town to the new school.

Mr. Boas also stated that certain samples of water had been sent south by Dr. Black and will be analyzed so that the health of the community will be safeguarded as far as possible.

Five new street lamps are to be installed in the near future. A large one at the railway crossing on Kalum Street, one near the Columbia Cellulose, possibly at the corner of Park Avenue and Appley Street, two on Greig Avenue between the Terrace and Philbert Hotels, and one at the east end of Corey road.

## Insurance on office equipment

is to be increased from \$300 to \$2,000 and the village clerk was requested to look into the possibility of having a floater policy to cover it and the contents of the shed behind the office.

## D. G. Little reported that W. E. Bottomley

had been consulted about the drainage ditch west of Kalum Road, also about highway signs along Lakelse Avenue and through the town and he had been assured of the district engineer's co-operation in these matters inasmuch that they will receive his immediate attention.

## Kirkaldy was congratulated

on his efforts to better the sidewalks in town. He had made an experiment on the sidewalk east of Kalum Street on the south side of Lazelle Avenue and it had proved highly satisfactory. An inspection of the sidewalk was made by the commissioners at the close of the meeting. Bitumuls is used and it gives a hard black finish. Mixed like cement, the cost is about 50% cheaper. The results encourage the com-

## Must Back Up Ideals

E.T. Applewhaite M.P.  
Tells Rotarians

"The ideals our mothers taught us might be wiped away," E. T. Applewhaite M.P. for Skeena, told the Prince Rupert Rotary Club at luncheon today.

Club at luncheon yesterday, "unless we are willing to back up those ideals with everything, including our children."

Mr. Applewhaite told the group he would rather speak of pleasant things but, from now on, they will have to take second place. He was not convinced, he said, that a third world war was inevitable but whether or not there was a war times would be difficult.

Everyone was going around in a daze, the speaker said, not knowing just what the future has in store. Things had been like that for a long time but now have reached the stage where individuals must accept an ideal unselfishly and follow it fanatically. "What right have we," he asked, "to defend principles if we ourselves don't believe in them wholeheartedly?"

Eventually, he said, what is right will come out on top as it has in the past. Fears, he said, will not hurt people provided they do not get them down. They warned people of dangers ahead and urged them to plan to meet them. He said all organizations now have to face the question: "Are you willing to back up your ideals with everything you've got?"

No one else could be expected to go on doing it for others if they did not do it for themselves.

One of the main requirements for people was to have faith in the institution known as the Canadian government, not necessarily those now in the cabinet, but the whole organization including senior civil servants and heads of the armed services. He said those people were working with the United States and others of the United Nations. We have working for us, he said, the best brains of the world, not only of Canada but of all nations of good will. Our own theories, although they might seem important to us, he said, usually were concerned with only a small part of the overall picture. Senior officials, on the other hand, were working with others at all times and had the complete story. The least we can do is to give them unqualified support at the times they need it.

**PUBLICIZING SKEENA**

In opening his remarks, Mr. Applewhaite gave a brief description of Parliament. He said he took every opportunity of publicizing the whole Skeena district. "This whole district is going ahead on a sound basis," he declared. "What it needs most is more advertising, not of the propaganda type but of true presentation of opportunities it offers."

He said the duties of a member of Parliament were two fold. First he had to put forward the needs and problems of his district and secondly he must take an active part in doing the work of general and less local nature.

In the latter respect, Mr. Applewhaite said a member could work his heart out for his district but, if he neglected the other work, he would get the name of being selfish. He compared Parliament to a Chamber of Commerce where the members worked hard for their own problems but buckled down to help with national affairs and community matters. He said he had yet to see a member of Parliament put forward any matter that would benefit him financially.

The speaker expressed his appreciation for the moral support he had received from most of the people of the district. He added that without it it was hard to work. Unjustified criticism and back biting hinder the work of a member.

He said that, in order to be

## Army Campaign Starting Soon

Robert E. Montador has accepted the chairmanship of the Salvation Army's 1950 Red Shield Appeal in the Prince Rupert area. This area includes points in the interior as far as and including Terrace, and points north to Alice Arm and Stewart.

Mr. Montador has already made his contribution to the city in many ways, not the least of which his service club work in the Kinsmen Club, where he has been largely responsible for the planning of the excellent camp facilities that are now being extended and enlarged at Terrace.

Air Marshal W. A. Bishop, V.C., national chairman is anxious that all citizens rally around Mr. Montador and assist both physically and financially in raising this year's objective of \$3,200 for the work of the Salvation Army. High costs of living have hit all budgets of institutions, such as the hospitals, nursing homes, homes for unmarried mothers, shelters for the homeless, old age homes. Girls from many parts of this northern area have gone to Army institutions in recent months. Many men now living respectably in Rupert have been helped to re-establishment from Oakalla and other such places in the past year.

Mr. Montador has been told by Senior Captain W. C. Poulton of the local Salvation Army corps that these people are merely numbers on a file as far as he is concerned and that a generous minded public will have to accept his report without any names given in proof thereof. Mr. Montador is sure that this is the way the public would want it to be.

The local Kun Klean Lodge has been heavily subsidized again this year by the central funds of the Salvation Army and thus a local interest in actual money spent in town is provided for those so interested.

Assisting Mr. Montador will be G. R. S. Blackaby as treasurer, and cheques and donations may be sent to Mr. Blackaby at the Bank of Montreal.

The 1950 appeal is now in progress at Terrace and way points, and will be conducted at Alice Arm and Stewart in the next week. The appeal to citizens of Prince Rupert will commence on September 5.

Mr. Montador is seeking offers from interested citizens to assist in the canvass.

effective, a member must speak infrequently. In that way, when he got up to speak other members were so surprised that the speaker had their attention for a few sentences anyway. Speaking too often spoiled the effect.

Mr. Applewhaite said he was this district's official contact with the government and asked that he be used as such.

Guests at luncheon included Bernard Allen, Vancouver, E. T. Cameron, past president of the St. Catherine's club, Ed. Matson, Vancouver, Harold Church, Department of Veterans' Affairs and Alfred Blackaby.

## Dayton Scouts Visiting City

Four Boy Scouts from Troop 101, Dayton, Ohio, who arrived here yesterday on a motor trip through Western Canada think this whole country is "marvellous." They have nothing to compare with it back home. Dick Schiewetz, Evansville, Indiana, flew out and joined the party at Banff. The others are Garry Jackson, Ronald Marx, William Callister, and Bob Kuhns.

The boys left Dayton three weeks ago tomorrow and plan to be away from home another twelve days. They have been camping out during the trip and spending a good part of the time swimming and boating. They were amazed not to be able to find a camping place here. They were put on the right track by F. E. Anfield, scout commissioner for the district.

One of the things they particularly want to do is see Alaska. They are not particular about where as long as they can say they have set foot on Alaskan soil. They plan to leave Prince Rupert at the week-end.

## Job's Daughters Reach Vancouver

VANCOUVER (Special to Daily News) — Prince Rupert's Job's Daughters, on their way to the supreme session at Longbeach, arrived in Vancouver today after what the party of girls enthused about as a "gorgeous" trip from Prince Rupert.

Capt. John Boden and all the officers and crew of the Union steamer Coquitlam went out of their way to give the girls a good time. Entertainment feature of the voyage included a dance in the Community Hall at Butedale Tuesday night as the vessel loaded at the Canadian Fishing Co.'s cannery. Arranged by the ship's hostess, Miss Doreen White, everyone enjoyed the affair, including a party of passengers from the cruise ship Chilcotin which was also in port.

During the voyage, the Job's Daughters drill team entertained the passengers. Singing and dancing was enjoyed aboard ship.

The girls, from here, soon embussed for California.

**FREEDOM...  
CANADA NEEDS  
MEN TO TRAIN AS  
ANTI-AIRCRAFT GUNNERS**

A major requirement of Canada's defensive system today is men trained for anti-aircraft operations. Charged with the defence of vital areas, the men of the anti-aircraft units are equipped and trained in the use of modern scientific equipment—electronics, radar, radio and telephone.

There are very few more important jobs than service in an anti-aircraft unit for young men who want to make sure that Canada is well defended against any eventuality.

To enlist you must—

1. Be a Canadian citizen or British subject.
2. Be between 17 and 29 years of age.
3. Be single.
4. Meet Army test requirements.
5. Volunteer for service anywhere.
