Aluminum serves breakfast in bed! A 11.8. Hospitals select equipment with unusual care. That's why aluminum utensils are used in hospital kitchens everywhere. Health authorities recommend aluminum because it meets every need of hygienic food preparation. Enjoy this food protection in your home, too. No other metal is more "food-friendly" than aluminum. Hints to the Housewife! Whenever you see aluminum on the outside of a food or a drink, there's an "inside story" of purity wellprotected. Aluminum utensils clean easily. To remove natural deposit left by foods and water, use steel wool with soap and water. ALUMINUM COMPANY OF CANADA, LTD. ... Aluminum is friendly to food! mille

The frigate Magpie is a trim ship, operated with high efficiency. On board the duke delegates none of his work or responsibility.

However, even as a destroyer DDIMET CEADET lieutenant, the duke carried out functions which fall into the category of being "royal" rather than naval. As the Chequers and the Magpie steamed about the Mediterranean on various assignments it was arranged to have the duke step ashore for courtesy visits where Britain wished to keep relations warm. Such calls were unofficial but, made by the husband of Princess Elizabeth, they nevertheless had
