Sub Reported Sighted In Salisburys Sound

Calls vote In B.C. Toward Citizenship

"The franchise for natives in B.C." said Mr. Calder, M.L.A. for Atlin, in an interview yesterday such a big step that we now look forward to when we have full enfranchisement." Mr. Calder said that having a legal voice in provincial affairs was the first step. He hoped Bill 79, which would produce some results, would be passed by the government.

FRANK CALDER, M.L.A.—Full enfranchisement of natives is the hope of Mr. Calder.

Called To Board

Mr. Calder is expected to attend the meeting of the Board of Directors of the Provincial Health Insurance Act and the readjustments being made to better its operation but felt that the people wanted was full medical and hospital coverage.

Is Returning To Winnipeg

Donald Taper, professor in the Department of Plant Science at the University of Manitoba in Winnipeg, returns to his home in the Fort Garry district Thursday and hopes that damage is not too extensive.

Jap Reds Are Purged

TOKYO — The Japanese government yesterday purged from public life the brains of Japan's Communist party with General MacArthur, Allied occupation commander, calling the signals. The Reds took the banning of 24 politbureau members quietly. There was no call for strike action apparently due to fear that further violence would speed the threatened outlawing of the Communist party, a move the government threatened Sunday in view of attacks on five American soldiers at a red rally.

Mr. Calder On Session

At the regular C.C.F. Club meeting Tuesday evening guest speaker was Frank Calder, M.L.A. for Atlin, who reported on the last session of the British Columbia Legislature in Victoria, and the recent convention of the C.C.F. in Penticton.

In opening his address, the speaker said he was not long in Victoria before he realized many good speeches and ideas debated on the floor of the House were given very little space in the newspapers because, in the views of the various reporters, they did not constitute "news." This, he felt, was to be deplored.

This being his first session, Mr. Calder had been able to bring before the Government only a few of the more pressing needs of the North and his own riding in particular. Lack of medical service was apparent in every part of the riding and that, along with the serious lack of roads, he had done his best to have the Government remedy as soon as possible.

He explained at some length the Provincial Health Insurance Act and the readjustments being made to better its operation but felt that the people wanted was full medical and hospital coverage.

On labor matters he stated that the Government was disappointed in the refusal of the government to open the L.C.A. Act for amendments.

W. H. Brett, Club president, was in the chair and a good turnout of members listened with interest to Mr. Calder's address.

Apartment House Work To Start Within Three Weeks

Construction men and equipment are due in Prince Rupert within the next two weeks to start construction inside of three weeks of the former United States Army administration building on First Avenue which is to be converted into an 85-unit apartment block.

After the completion of the apartment block, the same organization will turn to construction of the new Charles M. Hays Hotel on Second Avenue, it is expected.

Power Failure Strikes 500,000 Canadians

VANCOUVER (CP)—Power failure struck the Fraser Valley, Greater Vancouver, New Westminster, Seattle, Tacoma and Spokane last night, with some 500,000 Canadians alone feeling the pinch.

The rush hour black out came at 5:55 p.m. with thousands stranded in street cars and elevators. The service, which also affected radios and gas supplies, was out between 30 minutes and an hour.

The trouble occurred when a power line at Grand Coulee, Wash., went out, affecting all participants in the Northwest power pool. The line going out created a huge demand for power which sapped all other points.

Big Slump On Wall Street

NEW YORK — The New York stock market headed downward at high speed yesterday. Key issues plunged from \$1 to an extreme of \$6 or so per share before the market found bottom. Business was so heavy that high speed ticker tape was unable to keep up. Wall Street sources said there was nothing in the news to account for the slump.

Fate of Auto Still Mystery

Swift Water of Skeena River Baffles Search

"We will attempt to find a way of beating the current," said Cpl. E. A. Wales today in commenting on the suspected plunge of an automobile over the week-end into the rushing waters of the Skeena River, 55 miles east of Prince Rupert. Three men are believed to have perished.

Cpl. Wales and Const. E. D. Anderson yesterday morning motored to the scene where tire tracks and shattered glass were visible, and dropped a lead line. As the current was too rapid, the Corporal stated, they found nothing.

On Monday morning Const. Anderson and Const. Fred Gibson investigated reports of a plunger going over the 15-foot steep and rough embankment at one of the more dangerous points on the highway.

Yesterday it was reported that William Gibb of this city, Don Fraser Sr. and Don Fraser Jr. of Terrace may have been passengers in the car. They left Prince Rupert Sunday afternoon in a 1949 Chevrolet and failed to reach Terrace.

Daring Daylight Theft Nets \$5000

VANCOUVER — A brazen bandit snatched "more than \$5,000" in cash yesterday from a gritty restaurant cashier in Vancouver's biggest robbery in years. The bandit carried off the daylight robbery while dozens watched. He snatched the money from the 22-year-old cashier of a drive-in restaurant while the girl was carrying it to the bank. The restaurant proprietor struggled with the man but was shaken off as he fled in a stolen car.

Pen Board Drops; Injures Worker

Johnson Gordon, a native fisherman off the "Shuchona," was injured at the B.C. Packers' deck at about 3:40 p.m. yesterday afternoon when a pen board, used in holds of vessels, dropped out of a sling and struck the victim on the head. He received concussion and bruises to the head, his physician announced this morning. His condition is "quite satisfactory."

Gordon was unloading gear by means of a winch when the accident occurred. He was attended by Tom Elliott, first aid attendant at the plant, and then taken to General Hospital by city ambulance.

AIR PASSENGERS

To Vancouver (today)—William Campbell, H. Trim, C. Falter, R. W. Liversidge, P. Meuse, Mr. Nelsfloe, Mr. Mangnall, D. M. Crawford, Mrs. J. Filling, Chris Julian, Mr. Couatts, L. H. Phillips, P. F. Thordeson, Mr. Gibbs.
To Sandspit (today)—N. Tarkuck, E. Murchie, L. Power, R. Vinblod.
From Vancouver (Tuesday)—J. S. Lindsay, Inspector F. Woods-Johnson, G. Jensen, H. Hansen, E. Schoder, Mr. Wicks, O. Moscrip, Mr. and Mrs. Keene, R. Johnson, A. Antonson, Mr. Casper-son, C. Peterson, F. G. Aviling.
From Sandspit (Tuesday)—A. Piper, J. Mooney, J. Wilkerson.

Story Told Sitka Editor Secondhand By Captain

SITKA, Alaska (CP)—The Sitka Sentinel reported today a fisherman sighted a submarine periscope in Salisburys Sound north of here June 1.

Harold Veatch, publisher of the Sentinel, said the report came in a round about way from Mac O'Malley of the troller Molly O., who told him Al Sallers of the troller Seabird was the man who sighted the periscope. Sallers reportedly saw the periscope sticking four or five feet out of the water from 150 feet away. He did not have long to look at it.

At Seattle, the Navy said it had no report of a submarine on that area at that time.

Flash

GETTING BETTER
SAN FRANCISCO — Mary McIntyre, young Vancouver woman, who was bludgeoned in her apartment here Sunday, is showing signs of regaining consciousness and her condition is better. She has been removed from an oxygen tent.

FOOD FOR DAWSON
DAWSON—The food shortage here was relieved today with the arrival of two river steamers—the first of the season—from Whitehorse after having been delayed for a week at Lake LeBarge.

NAMED TO U.N.
OTTAWA—R. G. Riddell has been named head of the Canadian delegation to the United Nations. He succeeds General A. G. L. McNaughton who has been named to the International Joint Commission.

EDITORS PURGED
TOKYO — General MacArthur tonight ordered 17 more Japanese Communists purged. Banned were those responsible for the editorial policies of the party newspaper in Japan.

MORE PRICE SUPPORT
WASHINGTON—The Senate passed a bill today authorizing an additional \$2,000,000,000 for government support of United States farm prices. If finally approved, the government could use up to \$6,750,000,000 in bolstering price props on basic crops.

THE WEATHER
Forecast
North Coast Region — A few clouds today. Extensive fog banks over the sea. Increasing cloudiness tonight, becoming overcast with occasional light rain Thursday morning. Little change in temperature. Winds light becoming southerly (15 m.p.h.) tomorrow morning. Lows tonight and highs tomorrow—at Port Hardy 45 and 60, Sandspit 45 and 55, Prince Rupert 45 and 60.

Bill Amends Boat Laws

OTTAWA — A bulky bill making national and international amendments to Canada's Shipping Act contains a special provision to allow Pacific coast halibut boats to go beyond the limits of a "home trade" voyage with third class engineers—that is, to go into foreign ports.

The section is a new one providing a vessel requires only a third class engineer if she is "foreign going" but employed in fishing only. But her engines must be not more than 20 horsepower, if steam propelled, and more than 10, but under 75 horsepower, if diesel propelled.

Ordinarily regulations concerning engineers are more stringent for foreign going vessels, but the concessions were made to allow B.C. halibut boats to go into Alaskan or other U.S. ports to market their fish under the international halibut treaty. The bill was approved in principle yesterday by the Senate.

Baseball Scores

Events By Fishing Industry To Feature Port Day Here

Organization is proceeding of races and demonstrations by vessels of the fishing industry which will feature Prince Rupert's rejuvenated Port Day celebration to be staged on July 1, it is announced by Ald. Douglas Frizzell, chairman of the general committee in charge.

With Rudolph Olsen as chairman, Prince Rupert Fishermen's Co-operative Association, Canadian Fish & Cold Storage Co., Sons of Norway and Valhalla Lodge are joining forces in connection with the promotion of events by the halibut fishing industry which will include boat races, gear setting, bait rigging and dory racing.

Salmon industry events, to be staged with the co-operation of Nelson Bros. Fisheries Ltd., Native Brotherhood of British Columbia and B.C. Packers, will include gillnet boat racing and gillnet setting demonstrations. Something new in the way of competition, in which everybody can participate, will be the catching of the largest, the smallest and ugliest fish off dock or boat by hand line during the hours of the port day program.

Incidentally, arrangements are being made to stage the harbor events snappily between the hours of 12 and 3 o'clock. Negotiations have been opened with Ketchikan and Juneau with a view to having boats come from those Alaskan cities for speed boat races. Sale is about to commence of raffle tickets for an outboard engine and rowboat as a means of assisting in the financing of Port Day. A meeting of the general committee of Port Day will be held in about a week's time to finalize the program.

News - Peace Instrument

SOME encouraging words were heard from Hon. Lester B. Pearson, Minister of External Affairs, in the House of Commons the other day. He looked beyond the current stage of democratic unity of sovereign states to an Atlantic commonwealth of free states and ultimately to one world. The one dark spot in his observations was the possibility that it might have to come about by war.

There is just one way that the possibility of war may be minimized. That is by free exchange of ideas and information between nations. It is quite possible that had there been a barrier of censorship between the United States of America and Canada, the peaceful relations between those two countries—the envy of other nations of the world—would not have survived as they have.

Probably the greatest voluntary co-operative effort of the world is the network of great international news services and newspapers that reaches into every nook and cranny in free countries, gathers news of those places and retransmits important news from all over the world back to those nooks and crannies so that people there can stack up local happenings against those of the world at large.

Recent history shows that the first warnings of large scale turmoil are presaged when a country or group of countries closes down on international flow of news.

LITTLE FOR NEWSPAPERS

MILLIONS are spent by the Federal Government for "publicity, advertising and information" in the course of a year. By this the reading public might assume that the newspapers find in Ottawa a substantial source of revenue.

This is an entirely wrong belief, despite the recent announcement that the 1950 estimates for publicity would amount to \$6,064,775. Of this, the proportion going to the newspapers will be only \$224,460. Most of the six million goes to operate the information branch of the various administrative departments, much of the effort of which is to chisel free publicity from the newspapers.

Data is offered the press and, if published, is on a free basis. The attitude of the government is that such action could be regarded as a public service—the plums, if any, going elsewhere than to the newspapers.

As I See It
By ELMORE PHILPOTT
Newspaperman Cured

THERE IS A FASCINATING article in Collier's magazine about a Chicago newspaperman, Jack Shanahan, who was cured of arthritis.

The remedy was the gland extract ACTH. This gland extract comes from the base of the brain. It seems to be like the general who gives his orders to the soldiers underneath him.

The soldier who apparently does the work against arthritis is the adrenal gland, which is on top of the kidney. What the scientists are concentrating on now is to synthesize this kidney gland extract. They are well on the way toward doing that.

HERE IN CANADA THE RESULTS so far obtained from the gland extracts have been far from conclusive. There are tricky "side effects" in the use of these powerful gland extracts. In at least some cases no benefits have been obtained.

But on the whole the discoveries made from the Cortisone and ACTH injections have been the most hopeful in the whole history of arthritis. For now at long last science seems to be getting an insight into the real nature of arthritis. It now seems clear that arthritis is a disease which results from an insufficiency of a kidney glandular extract. Once that is firmly and finally established science will be able to move on to the next stage in the conquest of the disease.

FAR FROM MAKING THE work of the Canadian Arthritis and Rheumatism Society superfluous, the new discoveries make it more necessary than ever. On the national level C.A.R.S. promotes and helps finance research. On the local level it supplements the work of the family physician and the local hospital.

Several clinics are already operating in Canada, completely equipped and mostly financed by C.A.R.S. The only complaint that I hear about these is that they can't yet serve all the people who need their services.

The travelling physio-therapists, in their little Bluebird cars, are perhaps even more necessary. It cannot be too clearly understood that no magic remedy—no Cortisone, no ACTH no injection of any kind—is going to repair damage already done to bones, muscles and joints. Such damage, however, can be corrected to an amazing degree by the physical healing arts and sciences. There are several varieties of these healing schools and the best of them do work wonder with long-crippled victims of arthritis, and other such ailments.

EVEN BEFORE THE DISCOVERIES re the brain and kidney gland extracts, arthritis

Los Angeles Party Coming

The party numbering some 250 persons, members of the Los Angeles Chamber of Commerce will be here aboard the steamer Prince George Friday of this week on their third annual goodwill tour of British Columbia and Alaska. The group includes many of the California metropolis' most important business men.

Leading the party is A. J. Gook, president of the Los Angeles Chamber of Commerce and prominent banker of California's principal city.

Again managing the tour is Charles P. Bayer, assistant to the president of the Los Angeles Chamber of Commerce.

The group, to be met and welcomed here by J. C. Gilker, acting president of the Prince Rupert Chamber of Commerce, will arrive at 10 o'clock Friday morning and will sail at noon for Alaska. Southbound they will be here again next Tuesday evening.

U.S. Training Ships Coming

Two U.S. Naval Reserve training destroyer escorts will visit Prince Rupert June 25 and June 27. It was announced by H.M.C.S. Chatham today. The vessels carrying a complement of 35 officers and 450 enlisted personnel, arrive here at 1:30 p.m. June 25.

was far from a hopeless disease. The vast majority of arthritic victims overcome it well enough to enjoy happy and useful lives. Some recover completely—with the help of remedies so different that it is almost laughable.

I know one Calgary woman who was completely crippled who recovered completely after living for one month on 33 oranges per day. I know of others who cured themselves by drinking young-pork kidney soup (and that was 15 years before Cortisone and ACTH). But up till now it has all been a hit-and-miss groping in the dark process.

C.A.R.S. in Vancouver is trying to raise enough money to finance a really scientific national attack on the greatest of all cripplers.

Native Villages Seeking Power

KISPIX — Good hopes are held here for the extension to the villages of Kispiox and Gien Vowell of the British Columbia Power Commission's services following a meeting in Hazelton between Chief Councillor Silas Johnson and others and the Hon. E. T. Kenney.

Mr. Kenney agreed that this and an adequate village water system would do much for improving the health of native people. For some months he has been urging Ottawa to provide a post office for Kispiox. Recently similar requests have

come from Kitimaat and other villages and Mr. Kenney assured the delegation that the federal member was doing all he could to have post offices opened in these places.

The Kispiox delegation also asked for Public Works employment. At present no Kispiox men are employed on this work, they pointed out. They were given assurance by the Minister that an improvement could be expected in this regard.

Mr. and Mrs. D. C. McRae, who have been visiting here for the past two weeks, will sail by the Prince Rupert tomorrow night on their return to their home at Duncan, Vancouver Island.

Post's GRAPE-NUTS

Delicious! There's no other flavor like Grape-Nuts!

In only two tablespoons of this highly concentrated cereal you'll get useful amounts of carbohydrates, minerals and proteins.

Grape-Nuts can be served in many delicious ways. For cooking, different recipes are on the package. Your grocer has Grape-Nuts. Today get a package. Try the recipe shown here.

Put Grape-Nuts on your shopping list. It costs so little—goes so far. A serving is just two tablespoons—costing less than a cent.

A Product of General Foods

---They Taste As Good As They Look---
GRAPE-NUTS ORANGE MUFFINS

2 cups sifted flour
3 teaspoons Calumet Baking Powder
3/4 cup sugar
1/2 teaspoon salt
2 eggs, well beaten
1/4 cup orange juice
1 tablespoon grated orange rind
2 tablespoons melted butter or other shortening
1 cup Grape-Nuts

Sift flour once, measure, add baking powder, sugar, and salt, and sift again. Combine eggs, orange juice and rind, and shortening. Add to flour, beating only enough to dampen all flour. Add Grape-Nuts. Bake in hot, greased muffin pans in hot oven (425° F.) 20 to 25 minutes. Makes 12 muffins.

JUNIOR BASEBALL IS GOOD LEAGUE

The Junior baseball division has managed to play two games between rainstorms, and got together again last night for two seven inning tussles when the Hawks met the sluggers in the early evening and the Scouts play the Baptists in the second game. In the first two games played the Hawks won over Scouts by a 6 to 5 score and the Baptists trimmed Annunciation 18 to 3. This is a good league, players are all under 18 years of age and the spectators have a real enjoyable evening when they watch the kids play.

TACOMA TIGERS LEAD BY 7 GAMES

TACOMA — Pitcher Bob Kerrigan got his tenth straight victory as Tacoma Tigers romped over Spokane Indians 10-4 in the only Western International league game Monday. The decision built the Tigers' lead to seven full games over second place Yakima. There were no Pacific Coast league games Monday.

It pays to advertise.

SPORTS

Port Simpson Boy, Sisters Do Well

Two of the six championship races at the Alberni Indian Residential School annual sports day were won by a brother and sister, Melvin and Sally Morrison, Port Simpson, while another sister, Marie, was runner up in her division.

Sally, in the junior girls' division, won the 50 yard dash, 75 yard dash and 100 yard dash. She was second in the 50 yard skipping and third in the high jump. She did not place in the broad jump.

In the intermediate girls' division, Marie won the 50 yard dash and 50 yard skipping. She was second in the 75 yard dash and 100 yard dash and was on the second place relay team.

Melvin won the 100, 220 and 440 yard dashes, the shot put, broad jump. He was second in the 880 yard run, hop, step and jump and was in the second place relay team.

Competition through the meet was keen.

BLONDIE — Blondie Misses the 'Buss'

Birthday Of Boston

BOSTON — Staid old Boston has celebrated its first jubilee since 1869 here. Two proud Canadian ladies of the sea played prominent roles in the observance, which brought thousands of visitors from all over the United States and neighboring Canadian provinces to the hub city of the Bay State.

The Canadian Steamship liners, Lady Rodney and Lady Nelson arrived in Boston and, at the invitation of the Boston port authority, the two Canadian ships dressed for the occasion with bright flags and colorful bunting. On their regular cruises between Canadian ports and the British West Indies, the two "Lady" ships were in Boston just long enough to take part with the U.S. Navy and other vessels in the preview maritime ceremonies ushering in Boston's mid century jubilee.

Francois Lake News

Mrs. Millar W.C.A. President—New Ferry Captain—W.I. Delegates Leave

The May meeting of the Women's Christian Association was held at Mrs. Calder's home on Saturday. Election of officers resulted in Mrs. Millar being named president and Jean Galtacre, secretary treasurer.

P. M. Matthews of Salmon Arm has recently arrived and will be the new ferry captain in Captain Stretch's place.

Mrs. Cassidy of Colleymount, Mrs. R. Sundin of Uncha Lake and Mrs. Harold Neave left last Saturday morning for the Women's Institute Convention in Vancouver.

The June Women's Institute meeting was held at Mrs. Partington's home on Thursday. Mrs. Peebles was chosen as delegate for the Round Lake conference in place of Mrs. Cassidy who has left to attend the Conference in Vancouver. Tentative plans were made for an evening's entertainment to be held some Friday in July in aid of the Flood Relief in Manitoba. Hostesses Mrs. Partington and Mrs. C. Snyder served the lunch at the close of the meeting. The membership has now risen to 23 members. Mrs. W. Jeffrey, Port Alice, has become an associate member.

Mr. and Mrs. Wayman Weldon returned for the summer. They have lived in Vancouver for some time.

Celebration At Greenville

GREENVILLE—Visitors from Aiyansh, Canyon City and Kincolth crowded this native village during a three-day celebration that featured dedication of Greenville Concert Band's new uniforms. Each village fielded track teams in the big sports festival.

The large gold three year challenge trophy donated by Charles Leeson was easily won by the home club with a total of 214 points. Other standings were Aiyansh, 123; Canyon City, 80; Kincolth, 70. Competitions included field and track, soccer, men's softball, ladies' softball and dbaseball. Kincolth had no entry in ladies' softball or baseball. Canyon City had none in soccer.

The ceremony of dedicating the new band uniforms was performed on the village playground by W. B. Bailey of the Indian Department in the absence of F. Earl Anfield, who was unable to be present. Mr. Bailey read a message of congratulations from Mr. Anfield. Assisting in the dedication were Frank Tait, Aiyansh council; William Moore, Canyon City council; Arthur Nelson and Francis Watts, Kincolth council, and Johnson Russ, Greenville council. After the service the band paraded to the village.

In the evening the band played at a banquet, which seated over 300 guests.

The official welcome to guests was extended by Chief Councillor Johnson Russ. Leonard Douglas, president of the band, welcomed the guests on behalf of that organization.

Fort Richardson Menaced by Fire

ANCHORAGE — Three hundred airmen and soldiers, armed with shovels, sand and bulldozers, waged a tiring war yesterday as a semi-circular forest fire advanced slowly toward nearby Fort Richardson. Buildings are not yet in danger. The blaze, one of 33 reported in the surrounding area in recent weeks, is the result of dry weather.

CALDER CALLS
(continued from Page 1)

with having been given the franchise in British Columbia, might give natives in this province full citizenship rights. The bill would affect every native in Canada.

He explained that under present circumstances the only way a native could gain full citizenship was to first have the approval of the Indian agent and to waive all aboriginal claims. This meant he would have to get permission to visit his family on the reserve.

He thought native schools should be controlled by the provinces and said there had been numerous petitions go to the Dominion government urging that necessary action be taken to bring that point into effect.

Calder intends to spend the whole summer doing research work among his constituents particularly in the more sparsely settled sections of the north. He hopes his studies in sociology will help him gain a better idea of their needs so that he may be a more useful member for them.

Next week he starts a tour of the Skeena with Arthur Turner, M.L.A. Vancouver Centre.

TRAILER PARTY FOR BIRTHDAY

A cowboy party on a trailer owned by his grandparents and Mrs. John Linney, was held for George LaSette's sixth birthday celebration. All his guests came dressed in cowboy costumes. The party ended with a drive all over the area with horns blowing and makers clacking.

CUNARD LINE

CUNARD WHITE STAR

Britain in Autumn

SPEND your vacation in Britain in the late Summer or Fall when steamship accommodation is more readily available.

IN EUROPE, Autumn means uncrowded hotels and trains... more leisurely sightseeing and shopping... generally at lower prices than during the Summer. And remember that devaluation of European currencies lowers the cost for Canadian visitors.

FALL weather is perfect for travel in Europe and the countryside is at its colourful best.

GYPROC

FIRE PROTECTIVE SHEATHING

THE LOWER COST BETTER SHEATHING MATERIAL

Our own tests, a builder writes, "confirm our claims that GYPROC SHEATHING makes stronger, better braced walls, and we are now convinced that for durability it beats any type of sheathing we have ever used".

GYPROC SHEATHING is a specially-made gypsum board with a dense core of gypsum enclosed in heavy, weather-resistant paper. It is outstanding among sheathings for greater strength, fire protection, weather resistance and all-round economy. GYPROC SHEATHING will NOT burn. It will not shrink, warp, or swell. Its joints remain permanently tight, giving maximum bracing effect in frame construction.
