

1950 Fish Harvest At This Port Starts

Halibut Of Season Is Landed In Prince Rupert Today

Halibut of the 1950 season following the opening May 1 operations, was landed at Prince Rupert today. Two boats, having gathered up the catches of small boats from out of Dundas and Stephens islands camps, arrived with a total of 63,000 pounds. The Rap I, Capt. Elmer Clausen, 100 pounds for Atlin Fisheries and the W. R. Lord, Capt. Sievert, 31,000 pounds for Canadian Fish & Cold Storage (C. Packers). Some, at least, of this fish will be immediately in the fresh state for the southern and markets.

Improvement Seen In Trade Balance

OTTAWA (P)—Graham Towers, governor of the Bank of Canada, yesterday estimated a favorable balance in Canada's payments. Ledgers dropped \$270,000,000 in 1949. The Governor of the Bank of Canada noted a decline in the overall surplus from \$452,000,000 in 1948 to \$180,000,000 in 1949 and attributed the drop to a bigger plunge into the red in Canada's trade and other dealings with the United States. Mr. Towers made his analysis of Canada's 1949 international financial status as chairman of the Foreign Exchange Control Board.

Sanders Would Assist Ass'd Boards

The perennial question of financial assistance to the Associated Boards of Trade of Central British Columbia so that organization may have funds adequate to carry on normal functions with dignity and efficiency came up at last night's meeting of the Prince Rupert Chamber of Commerce. It was agreed that the Associated Boards should be invited to submit an estimate of the assistance it might require from the individual boards and that the local Chamber should meet its quota by voluntary contribution from its members was voted down in favor of the straight assessment proposal.

Red Reaches High Levels

WINNIPEG (P)—The Red River flood crest rolled on toward Winnipeg today as the provincial cabinet gathered to consider the situation. All along the river from the international border at Minnesota to this city of 300,000 it's the same story—one of higher flood level readings than experienced in the serious 1948 floods. The inexorable rise of the Red, which sent modern records tumbling as it swirled through a dozen Manitoba centres, brought it lapping at the foot of hastily reinforced ramparts in St. Boniface and Winnipeg suburbs. Experts and city officials feared the worst was yet to come. Desolation and evacuation are widespread.

ACCIDENT-FREE
MONTREAL (P)—A safety record has been chalked up by employees of the paint and varnish plant here of Canadian Industries Limited. They have completed their 12th consecutive year without a single lost-time accident.

Important Communication Line Riddled by Vandals' Bullets

Bullet holes in an overhead telephone line running across Digby Island from the Marine station to a radio shack farther inland were discovered shortly after April 27 by the city telephone department crew.

Superintendent of Telephones Jack Edwards revealed today that at 7:30 p.m. April 27 the ship to shore line went dead. Operators here contacted Mr. Edwards immediately and the line was tested by him at approximately 8 p.m. Mr. Edwards said he found no response in the line. Next morning Army Signals checked the line to no avail. On Friday afternoon the city telephone crew went to work and finally discovered the damage caused by vandalism. They are still repairing the cable which was riddled by bullets. This line carries not only telephone connections with Prince Rupert and Digby Island but also the important fishermen's ship to shore communication.

Nationalists Pick Up Reds

TAIPEI, Formosa (P)—Chinese nationalists, in a Red hunt, arrested 1,284 persons Sunday on the big island of Formosa, authorities disclosed today. Reports from east coast centres and Pescadores Islands off south western Formosa are expected to swell the number. Most were detained for entering Formosa illegally or lacking proper credentials.

Yellowhead Gas Route Favored

At the suggestion of J. D. McRae, M.L.A. for Prince Rupert, the Prince Rupert Chamber of Commerce last night passed a resolution to wire the federal government immediately, pressing for the all Canadian route through Yellowhead Pass for the proposed pipe line from the northern Alberta and Peace River gas fields to the Pacific Coast. After considerable discussion, in which a few of the members expressed the belief that they were not sufficiently informed to take a decision on the matter, the motion following Mr. McRae's suggestion, was passed. Mr. McRae strongly advocated the Yellowhead Pass route, already approved by the Legislature, as tending to the development and supply of the whole province. The distance would be about the same as a southern route and cost of tunneling would be half. It was the only route by which Prince Rupert and central British Columbia could be assured of a gas supply. The cost was estimated at about \$100,000,000, of which \$35,000,000 would be for materials and the balance largely for labor.

DOUKHOBOR TERRORISM—The aged woman sitting on the rock is bowed with grief as she watches the results of 50 years' work in Canada go up in smoke. Her house at Krestova, B. C., was set on fire by members of the radical Sons of Freedom Doukhobors. She saved only the clothes she is wearing but will go along with other members of the fanatic branch of the Doukhobor religion. (CP Photo)

Prospectus of New Charles Hays Hotel Shows Attractive Project

The modern Charles M. Hays Hotel to be erected here soon is expected to cost \$432,000, according to the prospectus issued by Charles M. Hays Hotel Corporation. It will be so built as to allow for an initial 50 and an additional 50 bedrooms. All rooms will have either private or connecting bath.

At last night's Prince Rupert Chamber of Commerce meeting, W. A. Armstrong explained the prospectus of the proposed hotel. On motion of Dr. L. M. Greene, the secretary was instructed to write the Charles M. Hays Hotel Corporation, expressing the Chamber's approval of the new hotel and hope that the corporation proceed with construction at an early date.

The building will include a lobby, public space for functions, dining room, cafeteria, beverage room, if licensed, and stores. Plans show an ultra-modern building with complete facilities. In addition it is planned to build a theatre block with stores in conjunction with the hotel. Artists' sketches show adequate, comfortably furnished bedrooms, streamlined corridors and a spacious, well appointed dining room.

The prospectus boosts Prince Rupert and its area telling of the uses of the port as the quickest means of shipping from the mid-western United States to Alaska and of the port facilities already developed. It also goes into detail about prospects for the area. The corporation is capitalized by 1,000,000 shares of class A common stock with a par value of \$1.00, of which 5,010 shares have been issued. In addition are 1,000,000 class B common shares.

THE WEATHER

Synopsis
Cloudy unsettled weather persists over southern British Columbia this morning in the wake of yesterday's weather system. Some clearing has taken place during the last twelve hours over the northern half of the province and light frost was reported in these regions overnight. However clearing skies are not expected to reach the southern coast until tomorrow and the southern interior until tomorrow night.

Forecast

North Coast Region—Variable cloudiness today and tonight and sunny tomorrow. A few showers this morning. Little change in temperature. Light winds. Lows tonight and highs tomorrow—at Port Hardy and Sandspit 40 and 52, Prince Rupert 40 and 57.

Laying Off Shop Men

MONTREAL (P)—Immediate layoffs affecting about 500 shop workers in Western and Central Canada were announced today by the Canadian Pacific Railway.

Vice-president N. R. Crump said in a statement: "Lower rail traffic and consequent slackening in demands for equipment maintenance will cause minor reductions in staff of C.P.R. repair shops throughout the system." Principal units affected will be the main shops in Montreal, Toronto, Calgary and Vancouver.

WINNERS IN CRAFT CLUB

Bobby Gordon, Prince Rupert, was the winner of the handsome ladies' handbag set which was first prize in the raffle which was held Saturday night in connection with the annual Hobby Show by the Civic Centre Craft Club. Mrs. J. Kinslor was the winner of the second prize brief case and Mrs. Ed. Lindeth took the third prize wallet. The Afghan raffle was won by Heather Wahl. Winners in the leathercraft ticket selling contest was Marilyn Farmer who received a wallet with \$2 enclosed Verna Fossom and Sonja Jensen, for selling the most Afghan tickets, received wallets.

Prince George Boys Burned

PRINCE GEORGE—Joe Newmeyer and Johnny Warner, local boys, are suffering from burns and shock but their condition is satisfactory. The burns were sustained when they dropped a match into a near-empty gasoline drum while at play yesterday.

STAMPS LOSE OUT

CALGARY—Toronto Marlboros last night captured their first game in the Allan Cup final with a 6-5 victory over Calgary Stampeders, Western Canada champions. Scott Mair banged home the winning counter, the game winning effort coming with only 14 seconds of play remaining.

FISH BOAT SEIZED

Seized in Canadian waters off the Queen Charlotte Islands where she is alleged to have been found by the fisheries patrol cruiser Kitimaat, Capt. William Earnshaw, the Ketchikan crabbing vessel Jackie Joe was brought into Prince Rupert yesterday. Pending advice following a report to Ottawa, the fisheries department had no statement to make today concerning the incident.

M.P. Plumps For District

PEMBROKE—In an address on northwest British Columbia before the Pembroke, Ontario, Kiwanis Club yesterday, Edward T. Applewhite, M.P. for Skeena, gave an interesting outline of gold mining in British Columbia with particular reference to the Atlin district.

Guest speaker of the club, Mr. Applewhite also described the close co-operation and community interest between the people of his district and the territory of Alaska. Among places referred to were Ocean Falls with its pulp mill, Burns Lake and Tweedsmuir Park, Terrace, Stewart, the port of Prince Rupert and "that Paradise on earth—the Queen Charlotte Islands." After the meeting pamphlets of Prince Rupert and Terrace were distributed.

Ammunition Blast Kills 32

PATIALA, East Punjab (P)—Thirty-two persons were reported killed and 40 injured yesterday in an explosion which wrecked part of Patiala Fort's eastern wall. Nearby shops in the heart of the town were destroyed. Other people were believed trapped under the debris. A high state official said the explosion was caused by an old ammunition dump accidentally catching fire. He states the union government has ordered an immediate inquiry.

As I See It

By ELMORE PHILPOTT

ABOARD C.N.S. PRINCE RUPERT: A salt water voyage, long or short, is always a tonic relaxation for me. It is ten years since I made the trip to Prince Rupert before. This time the journey itself has been as relaxing as ever. The weather has been wonderful, and there is more to see.

There is time at Ocean Falls, for instance, to visit the bride and groom who live in an apartment looking out on majestic mountains. Ocean Falls intrigues me—for there I learn that when folks say they are going "downtown" they mean Vancouver which is a few hundred mile south. PRINCE RUPERT has changed decidedly for the better since I was there before. The war was a blessing to one city in one respect. For Rupert fell heir to as fine a Civic Centre building as there is in all Canada—certainly as fine as Nelson's—and therefore far ahead of any other city of similar size—maybe of any size. The place is a beehive of happy activity. There are two gyms, a large and small hall, hobby and handicraft rooms, and the library. It is certainly no coincidence that Rupert has no "hoodlum" problem—and no juvenile delinquency to speak about. THE LEGION has just taken over the wartime Navy Officers' Club. It has as glorious an outlook as any building I have seen anywhere, including Switzerland or our own Rockies. The construction of a huge cellulose plant just outside Prince Rupert should prove a great advantage for there has been too little diversification there. Too much of the district's prosperity has been dependent on fishing. There is a new worry in the fishing industry itself. For synthetic substitutes for cod and other fish liver oils are taking more and more of the market. Competition from Japan is already a reality—and a real future threat. IN THE PAST few years our own native Indians have taken an ever larger part in the halibut fishing—which they formerly ignored—some say, even disdained.

This is just one of many proofs that the Indians of Canada are more and more fitting themselves into the Canadian picture, as equals with others. It is a real thrill to see how the enlightened policies of the superintendents of Indian Affairs in northern B.C. are getting results. Year by year more and more Indian Affairs schools are being closed and the Indian youngsters are being fitted into the regular provincial system. The federal department pays the province an agreed fee for this service and it is working out to great advantage of all concerned. WHAT IS THERE about a sea voyage that helps to break down the standoffishness of us queer humans? You have a hard job to get Canadians to sing together on land—at least outside church, or without benefit of alcoholic tongue looseners. But on the first or second day out you will find them gathering around the ship's piano, shy at first, then more and more vocal. Northbound we had a regular spark plug who knew how to explode repressed humans. She was a middle aged, plumpish lady, with a soft face and a really beautiful voice. She sang "Jerusalem" herself beautifully, had the youngsters singing "Jesus Loves Me" and even hardened old sinners harmonizing on "Anie Laurie."

MY TABLE mates, both north and southbound including a fine couple from San Diego, Mr. and Mrs. Theodore MacCauley. Mr. MacCauley was one of the very first, pioneer aviators in America. One of the jobs was at Toronto Exhibition in 1915. At the climax of the grandstand performance he dropped "bombs" on an imitation of the German cruiser "Emden." The actual sinking was done by a bomb attached to the bottom of the vessel and exploded by an attendant. Thus the vessel always sank—even when MacCauley missed by nearly a quarter mile with his phoney bomb. This is just one of many proofs that the Indians of Canada are more and more fitting themselves into the Canadian

Help Wanted - Yours

THE sap running in Quebec, blossoms appearing on fruit trees in the Annapolis, Niagara and Okanagan valleys, the sailing of the halibut feet from Prince Rupert, all betoken the start of another season.

Individuals may think their small part in community affairs can not have a great effect in the overall picture. That is not so. The part the individual plays means everything. It is only co-operative effort on the part of many individuals that has made our great country what it is. Let's it keep ahead of those countries where the will of the man is submerged beneath the will of the state.

With the start of a new season we might well look into our possibilities for helping the promotion of our city. Perhaps your contribution might be beautifying your home—planting an attractive garden, a splash of paint here and there, cleaning up the back yard—or perhaps it might be improving your personal appearance to give the streets a more prosperous look. Then, again, you may have some ideas for civic improvement that will not interfere too much with the civic budget. Why not send us a note containing your suggestion?

Whatever course your ability to help follows, the mere fact of acting on it will improve conditions in the city and make it that much more attractive to prospective investors.

THE NEW HOTEL

THE prospectus of the Charles M. Hays Hotel Corporation Ltd., referred to elsewhere in today's paper, is an attractive looking document and the plans and pictures which it contains promise Prince Rupert a modern stream-lined hotel and theatre project which would fill a need such as has been advocated here for many years particularly in view of the growth of the city with its industrial expansion, increase in population and, of greatest importance possibly, the function it will be able to play in attracting tourists here. For years the city has suffered from the effects of inadequate accommodation and, doubtless, business has been held away through lack of facilities to handle it. Finding of hotel accommodation is now becoming a daily problem here with people seeking rooms going from place to place and sometimes finding it impossible to obtain.

The belief has also been freely expressed that a new hotel could not help but prove a paying proposition.

In this ambitious new project, Prince Rupert people are also being offered the chance to do something about backing up what they have considered a real local need and one which they have expressed confidence would be a profitable venture.

AIN'T SHE BIG?—The giant ore-carrier, Wilfred Sykes, is the longest and fastest carrier on the Great Lakes. This photo was taken on her maiden trip as she was passing up the Detroit River with the Detroit skyline in the background. The Wilfred Sykes was going from Korain, O. to the home plant of her owner, the Inland Steel Company at Indiana Harbor near Chicago. She is 673 feet long with a normal 20,000 tons capacity and will run between Lake Superior ports and Indiana Harbor. (CP Photo)

Ray Reflects and Reminisces

Prince Rupert has had scores of fire outbreaks in the last few months, any one of which could easily have spread into a conflagration, but for instant and efficient service. A minute—less than that—can often mean the difference between wide destruction and none. From the very beginning, this city has been spared anything in the shape of what could be called an extensive blaze. Few, if any of the older coast communities can say that much.

Alberta had a sorry week-end! In Edmonton a birthday party cost four lives. Car hit rear of truck. In Calgary, another party, but less expensive! When it ended, an unauthorized airman went for an air sail, almost hitting the Palliser Hotel and finally landing on a bungalow. He will never fly again. Most parties commence tranquilly enough. But has anyone heard of them staying there?

Once more the wild-Doukhobors of British Columbia have gone on the rampage with the torch. They are our most obnoxious people and our most irritating problem. —Ottawa Journal.

The Indian bridge spanning Hagwilget canyon vanished on a wild night years ago. But it's not forgotten. A Canadian magazine tells the tale and prints pictures. It's the sort of a periodical that can safely be left in any home, with the more children the better, which is more than can be said for a lot of reading matter. There isn't a word about sex education or troubled newlyweds anywhere in it. Unfortunately indeed the old bridge, built by the natives themselves, disappeared. Today, a splendid high level structure links both shores, and from it, view the Bulkley River foaming nearly two hundred feet below.

Railway reserve overlooking the yard has been cleared of brush and young trees followed by burning. Whether or not this is a concession to that spring feeling, or realization that neatness, in person or in general, is to be admired, does not appear to be known. Maybe it foreshadows the coming of a new hotel.

By the time White Pass & Yukon Railway employees are passing through town, bound north, it can be safely concluded the season is starting. And what a season! Plenty of Rupert old timers have never been

DONALD GORDON, C.M.G.—Chairman and president, Canadian National Railways, coming here on May 11.

along Lynn Canal, or felt the chill off the blue-green gleam of Taku Glacier as he drank in the warm sunshine, or sauntered along the streets of Skagway.

The railway is short, and packed full of good yarns. Much of the way to Lake Bennett, far down the dizzy slopes, one can trace the Skagway River and here and there catch up with the trail of '98. There, my lad, is a real story for you. How about glancing in at the little old church at the head of Lake Bennett? Or perhaps, ere this, it's fallen to pieces. It was a wreck years ago.

Whitehorse, they say, is just half a century old. Here's a camp that's becoming a substantial centre. The war, the Alaska Highway, and certain other reasons are making her that way. The W P & Y boys were here Monday, on their way up! One felt restless—a sort of yen to go along with them.

Parolees Are In Trouble

Guy Lowe and C. E. Latimer, who were given suspended sentences in County Court by Judge W. O. Fulton last month have got themselves into the toils of the law again.

Lowe is charged with stealing a radio from Jack Skauen here April 26 and then escaping to Ocean Falls. A warrant for his arrest was issued and he was arrested in the paper town April 28. Further, he is charged with attempting to escape from the jail shortly after his arrest.

Latimer is charged with retaining stolen property, namely the radio. After his arrest, he pleaded guilty to the charge. Sentence is reserved.

Lowe will appear before Magistrate W. D. Vanee in city police court today. He was escorted to Prince Rupert by Const. L. Adams of the Ocean Falls detachment.

Customs Figure Remains High

Customs collections for April were slightly lower than the record figure for March. Last month's collections totalled \$105,829.46, approximately \$3,000 less than the March figure of \$108,626.61. The total for the year to date is \$267,466.20. The April 1949 collections were \$43,781.41 with the total for the first three months of that year \$167,010.50.

Many "VIP'S" To Visit C of C

C.N.R. President, C.P.A. Chief, Vancouver Board Coming

Prince Rupert Chamber of Commerce will be host to many prominent visitors within the next two months and plans were made to receive them at the general meeting last night.

Thursday, May 11, the Chamber will entertain Donald Gordon, President of the Canadian National Railways, at dinner. Dinner will be at 9 p.m. daylight time. Earl Gordon and R. H. Parker will be in charge of arrangements. Junior Chamber of Commerce members will be invited.

The following night, members of the Senior Chamber have been asked to attend a meeting of the Junior Chamber, who are having as guest speaker, George Wilkinson, of the Labor Relations Board.

May 17 will see an invasion by possibly as many as 100 members of the Vancouver Board of Trade. They are arriving in the morning on the steamer Prince George and will be free to do as they like until 2:30 in the afternoon when they will be driven to Port Edward to look through the cellulose plant and the cannery. In the evening they will be guests of the Prince Rupert Chamber of Commerce at dinner. They leave that evening for Smithers, their next stop.

The June meeting of the Senior Chamber has been advanced to May 29, when W. J. Sheridan, executive secretary of the Canadian Chamber of Commerce, Montreal, will address the body. A letter from Grant McCon-

achie, President of Canadian Pacific Airlines, asking the Chamber to be his guests at a reception and dinner at the Canadian Legion July 1, was received enthusiastically. The letter asked that the mayor and aldermen and prominent businessmen not members of the Chamber be invited. Mr. McConachie's letter stated there would be a party of approximately 16, composed of businessmen from Canada and other countries. They would like to see the cellulose plant at Port Edward and the cannery. A committee composed of W. A. Armstrong, chairman, P. M. Ray and A. S. Nickerson was appointed to look after arrangements. The transportation committee was asked to find transportation to Port Edward.

Morrison Asks Liberal Help

LONDON (C)—A call for clear heads in Britain's current political dilemma was sounded by Hubert Morrison, top strategy maker of Britain's Labor government. The Deputy Prime Minister said Britain was hesitating politically before the choice which might "make or break us all."

Morrison, addressing a party meeting, put in an oblique bid for Liberal support to strengthen the hand of the government.

Winston Churchill, in another speech, credited his party with forcing the Labor administration to retreat from its plans to "form the absolute socialist state."

One minute's silence was ob-
served at last night's meeting
of the Prince Rupert Chamber of
Commerce in honor of the mem-
ory of the late J. E. Boddie, long
an active member of the Cham-
ber. Already a letter of condole-
nce has been sent to the widow.

Guests at the regular monthly
meeting of the Prince Rupert
Chamber of Commerce last night
were Don Tucker and Ernest
Sharpe. Sid Gonick was wel-
comed as representative of the
Junior Chamber of Commerce.
The presence of J. D. McRae,
M.L.A. for Prince Rupert, for the
first time since the recent ses-
sion of the Legislature, was duly not-
ed.

Shrine Party Merry Affair

The Shriners had a gay party
Saturday night at the Aero Club
when one hundred couples were
guests of the Prince Rupert
Shrine Club.

From 9 p.m. until 3 a.m. the
Shrine Club Band Orchestra kept
the crowd moving merrily. Mrs.
Nora Thompson was at the piano.
William Tocher was a genial
master of ceremonies.

Decorations of the hall, arrang-
ed under the direction of Mr. and
Mrs. Alex Mitchell with assistance
of Job's Daughters, were the sub-
ject of complimentary comment.
Shrine emblems and colors were
featured.

Much interest was taken in the
novel raffles. Two hams, two
pork shoulders and two sides of
bacon were offered as a door
prize.

W. F. Stone was winner and
he found himself in possession of
a live suckling pig, presented by
H. F. Robins. A dozen live chick-
ens were the prizes in games and
novel contests.

Mrs. Robins was presented with
a beautiful bouquet in recogni-
tion of her services as head of
the ladies' committee.

George Frizzei, one of British
Columbia's oldest Shriners and
certainly the oldest in this dis-
trict, was present as a guest of
honor.

Delicious refreshments were in
charge of A. Van Meer, R. G. Van
Meer, R. G. Van der stuy and E.
L. Dale.

The general committee consist-
ed of Vic Grant, chairman; Al
Sheardown, William Tocher,
Thomas Newton and George
Dawes.

W. M. Watts and A. D. Vance
arrived in the city by car Sun-
day from the interior. Mr. Watts,

Naval Dance Is Pleasing Affair

A pleasing, well attended cab-
aret style spring dance was held
in the ward room of H.M.C.S.
Chatham Saturday evening.
Welcomed by seven officers of
the Naval Reserve, guests en-
joyed a fine evening of dancing
and refreshments. Music was by
the Four Dukes with vocals ex-
pertly rendered by Dyke Mc-
Millan.

The affair was in charge of
Lt. Cdr. Jack McRae, command-
ing officer. Other ushers were
Lt. George Brown, Lt. Walter
Smith, Lt. Carl Smith, Sub-Lt.
John Good and Sub-Lt. Dave
Slater.

Refreshments were served in
the drill hall shortly after mid-
night and were in charge of Lt.
Brown.

Local Couple Are Married
 Miss Elizabeth Pearl Menzies and Leslie Arnold Brown, well known local couple, were united in marriage at a quiet ceremony which took place at 7:30 Saturday evening in the Manse of First Presbyterian Church with Rev. E. A. Wright officiating. Only a few friends and relatives were in attendance at the marriage rites although many attended a reception which followed in the Valhalla Hall.
 The bride was given in marriage by her father. She wore a pale blue afternoon dress and carried a corsage of red carnations.
 The bridesmaid was Miss Ethel Knutson who wore a red rose afternoon dress and a corsage of yellow carnations.

FRENCH BOXER WINS BY TKO
 MONTREAL — Laurent Daubuille of France last night earned the right to take a crack at Jake Lamotta's middleweight crown as he swept New York's Steve Belloise with a seventh round technical knockout in a scheduled 10-round bout. Referee Tommy Sullivan halted the one-sided affair just after the start of the seventh round.
 Mr. and Mrs. Brown will reside in Prince Rupert. The groom is an electrician on celanese plant construction.

School Program Cited in Ohio
 OTTAWA—Seven of 28 awards for excellence in radio programs were awarded to the Canadian Broadcasting Corporation. The results were announced yesterday. National Broadcasting Co. received ten awards, Columbia seven, and Mutual, four.
 Canada won for religious, cultural, drama, public affairs, educational and children's programs.
 CBC shares honors with the British Columbia Department of Education for their program "My Neighbor and Me," which was cited as "radio performing a unique service for the classroom teacher in the field of human relations, where help is desperately needed." The series of six programs written by Rita Greer and produced by Robert Allen from CBC, Vancouver. The director of school broadcasts, P. J. Kitley, says the response from high schools was most enthusiastic.

Wildcats are risky

To an oil man a "wildcat" is a well drilled in an area where oil has never been found. Drilling a wildcat is a risky undertaking and a costly one. Some wells have cost more than a million dollars—and have not been successful.

For that reason oil men make as certain as they can, before drilling, that there is a good chance of finding oil. They use the most modern instruments and skills to locate each drilling site; but still the odds are 20 to one against them. Only about one wildcat in 20 becomes a producer.

Over the past 30 years oil men have worked continuously against these odds. In western Canada Imperial alone drilled 134 wells—all dry—before the Leduc field was discovered in 1947.

But the end result has been new oil for Canada and benefits for Canadians. There are thousands of new jobs. Millions of U.S. dollars are being saved as the need for imported oil lessens. And, as another natural resource moves toward full development, the Canadian standard of living climbs higher.

These are real benefits to Canadians and they will increase as more oil is found. But to find more oil and to spread the advantages it brings, oil men must continue to work against long odds.

Sometimes a job that must be done can't be done without great risks.

Bringing you oil is a big job ... and a costly one

About Canada's Oil—Canada's proven oil reserves now amount to about one billion barrels, as compared with only 72 million barrels in 1946.

It is estimated the oil industry will spend \$150 millions for exploration and development in western Canada this year.

Last year Imperial drilled or shared in the drilling of 70 wildcat wells.

Wells drilled by Imperial to find and produce oil in Canada during 1949 totalled 231 miles in depth.

Housekeeping Time Recipes—In these busy days of spring-cleaning the average homemaker hasn't much time to think about whipping up fancy meals for the family.

If she's wise she'll keep a few easy-to-make recipes on hand which she can turn to at a moment's notice.

Here is Lemon Pudding which doesn't require much preparation and always turns out well.

Ingredients: one cup sugar, one tablespoon butter, two tablespoons flour, one lemon, one cup of milk, two eggs.

Cream the butter, sugar and flour. Add the egg yolks, milk and the juice and grated rind of the lemon. Before putting into a buttered baking-dish fold in the two stiffly-beaten egg whites. Bake in a pan of water for one-half hour.

This dessert has a custard bottom and a sponge top. It is delicious whether served hot or cold.

Hints For Spring Housecleaning—A torn cotton blind may be repaired by dipping a piece of the same material into hot starch. Place the patch neatly on top of the tear and press with a hot iron.

If windows are very dirty wipe them with a damp cloth and then again with a cloth dipped in methylated spirit. No polishing is required.

When putting up curtains on small curtain rods, slip a thimble over the end of the rod. The curtain slips on easily and no threads are pulled.

A carpet which has been soiled with soot or shoe polish may be cleaned by dissolving a little fuller's earth in a mixture of equal parts cold water and ammonia. The mixture is applied with a soft cloth. It should be allowed to dry on the material and then all particles are removed with a fairly stiff brush.

Egg-In-A-Nest—A novel way of serving eggs either as a luncheon or breakfast dish.

Separate the yolks from the whites. Pile the stiffly-beaten whites on slices of thinly buttered toast. In the centre of each put one of the egg yolks. Sprinkle with salt and pepper and brown in oven.

Dishes on Trains — Young travellers will be fascinated by the novel children's dishes now being used aboard dining-cars. Made by Medalta Potteries, Medicine Hat, Alta., the dishes are in jonquil yellow and white with pictures destined to gladden the heart of any child. There is a gay giraffe being fed

Institute Sends 100 lb. Woolens

FRANCOIS LAKE—One hundred pounds of woolens have been sent away to be made up, according to the secretary's report to the Women's Institute April meeting held at the home of Mrs. Keefe. Mrs. Holtz was hostess. Mrs. Partington will take washed woolens to be made into articles chosen by the sender.

Letters of acknowledgement and appreciation from the Solarium and Crippled Children's hospital were read and other correspondence taken care of. Resolutions to be sent to the Vancouver conference were decided upon. A parcel of material from the Solarium to be made into 12 print dresses was distributed. Members worked on embroidery during the meeting. The next meeting will be held at the home of Mrs. Gatacre, May 4.

Co-operation of City Is Sought

With a view to enlisting full co-operative response from the city council in its undertakings, the Prince Rupert Chamber of Commerce will send President L. M. Felsenthal, Secretary P. H. Linzey and W. F. Stone with the olive branch to the next meeting of the council.

The Chamber will have two specific requests:

1. That the city council take more active steps towards obtaining Central Mortgage and Housing Corporation assistance for house building in Prince Rupert.

2. That the city council take steps to have the provincial government live up to its responsibilities in improving and maintaining the arterial highway from the city limits to the centre of the city.

As for the housing problem, view was expressed that the city should take aggressive steps to ascertain the need here and the possibilities of meeting it. The growing seriousness of the lack of housing here was emphasized.

Strong comment was heard as to the deplorable condition of the highway entrance to Prince Rupert. Dr. L. M. Greene urged an immediate reconstruction program. J. D. McRae, M.L.A., said the city had already been asked by the provincial government to carry out work on the arterial highway for which work the government was prepared to pay. As for the government, the plan was to blacktop the road all the way in from Port Edward as soon as it was in shape for that work. Concensus was that, as far as the arterial highway was concerned, the method of approach should be through the city council.

FIERY PROTEST—The home of Philip Peveroff, a Doukhobor, goes up in flames set by the radical Sons of Freedom branch of the religious sect. Ten houses were destroyed in Krestova in the Kootenay district of southeastern British Columbia in fire raids beginning April 19. Raiders made no attempt to conceal their identities and 80 are in jail. Fires and public disrobing are two of the methods used by the fanatics to protest "man-made" laws. (CP Photo)

SHIPS and WATERFRONT

With the impending opening of river boat traffic on the Yukon River, a large number of employees of the White Pass and Yukon Railroad passed through Prince Rupert aboard the Canadian Pacific Princess Louise Monday. The vessel skipped in port at 11:30 a.m. daylight time from Vancouver and waypoints sailing for Ketchikan, Juneau, Skagway and Petersburg at 12:30 p.m. Total number of passengers was 239, with the most enroute to Skagway (154) and then by railroad to employment in the Whitehorse area. Seventeen passengers disembarked here, thirteen at Ocean Falls and there are 39 for Juneau. One person will get off at Petersburg. Disembarkees here included P. Sweeney, W. Drexel, Stan Avis, M. Rothecker, B. Parker, G. Wood, C. Grant, Miss M. Campbell and R. T. Davey.

Passengers for the north from here were O. Kovacevich, G. W. Larkin, R. Morrison, D. Kuoykrow, Miss A. Zaharko, N. S. McGlashan and H. Howell.

to be back in this country soon at which time it was hoped that more action might be taken.

FINDS WAY TO AVOID HARSH LAXATIVES

"The harsh laxatives I used to take are on a forgotten shelf since I began eating KELLOGG'S ALL-BRAN regularly. This good cereal has done wonders for me!" This from Iris M. Wetli, 35 Hunt Club Drive, Toronto 13, Ontario. One of many unsolicited letters. Are you suffering from constipation due to lack of bulk in the diet? Try this for lasting relief: Eat an ounce of crispy ALL-BRAN daily, drink plenty of water. If not completely satisfied with results after 10 days, send empty box to Kellogg's, London, Ont.
