Stock Market Recovery Continues

Upward Movement All Along Line Seen in Today's Trade

NEW YORK (CP)—For the first time since the price break started in the United States February 4, wheat, corn and oats crept up a few cents today and other commodity markets kept in step. Stocks continued to display rising tendencies.

Grocery chains continued to cut prices today on a variety of cost-of-living items and one said that meat cuts would be tagged lower, starting Monday.

Big Storm In United States

Death and Injury to Scores With Heavy Property Damage

CHICAGO (CP)—Angry elements, lashing out across wide sections of the United States, brought death and injury to scores and caused heavy property damage, leaving thousands homeless today.

Five died in tornadoes which twisted through eastern states and the Mississippi area yesterday. More than a score were injured and 32 homes were destroyed.

Thousands fled from their homes in the south and in parts of Ohio and West Virginia where snow-swollen rivers flooded lowlands.

Dayton, Ohio, is virtually isolated as heavy rains deluged the industrial city of 300,000, some one thousand families being forced to leave their homes.

WOOL INCREASE IS HELD NORMAL

Parliamentary Prices Committee Is Continuing Its Investigation

OTTAWA (CP)—Hon. Paul Martin, minister of health and chairman of the House of Commons committee probing the causes of inflated Canadian prices, reiterated Friday night that "we are not out to get anyone—we are out to get the facts."

The minister stated that the hands of the committee would not be tied in regard to inquiries into the bread-making industry of British Columbia, Alberta and Saskatchewan under the Combines Investigation Act.

Earlier the 16-member committee was told by Kenneth Taylor, chairman of the Prices and Trade Board, that increases in the prices of suits and woolen clothing was a reflection of the increased cost of imported wool fabrics.

About sixty percent of such fabrics are imported by Canada, principally from Britain, Mr. Martin said.

"We have found no evidence in our current surveys of wool prices to lead us to believe that there is anything improper or excessive in the increases in prices. Cost of woollen fabrics in Canada are normally set by the cost of imported fabrics."

FAMOUS BALL PLAYER DIES

TERRE HAUTE, Ind. (CP)—Mordecai Brown, one of the all-time great pitchers in the major league baseball leagues, died in hospital here today. He was seventy-one years old.

Brown broke into the National League with the St. Louis Cardinals in 1903.

May Close Mines Up

Unless Wage Demands Modified, Head of Vancouver Company Says

VANCOUVER (CP)—Vancouver Island coal mines, operated by Canadian Collieries (Dunsmuir) Limited, may remain closed indefinitely if wage demands by the United Mine Workers of America are not modified, J. A. Boyd, of Montreal, president of the company, said here today.

Mr. Boyd declined to comment on the Alberta conciliation board findings which recommended a \$2 per day wage increase for the miners.

MIDDLE EAST DEVELOPS
New industries such as dyeing and tanning, lignite mining and production of fertilizers have been developed in the Middle East.

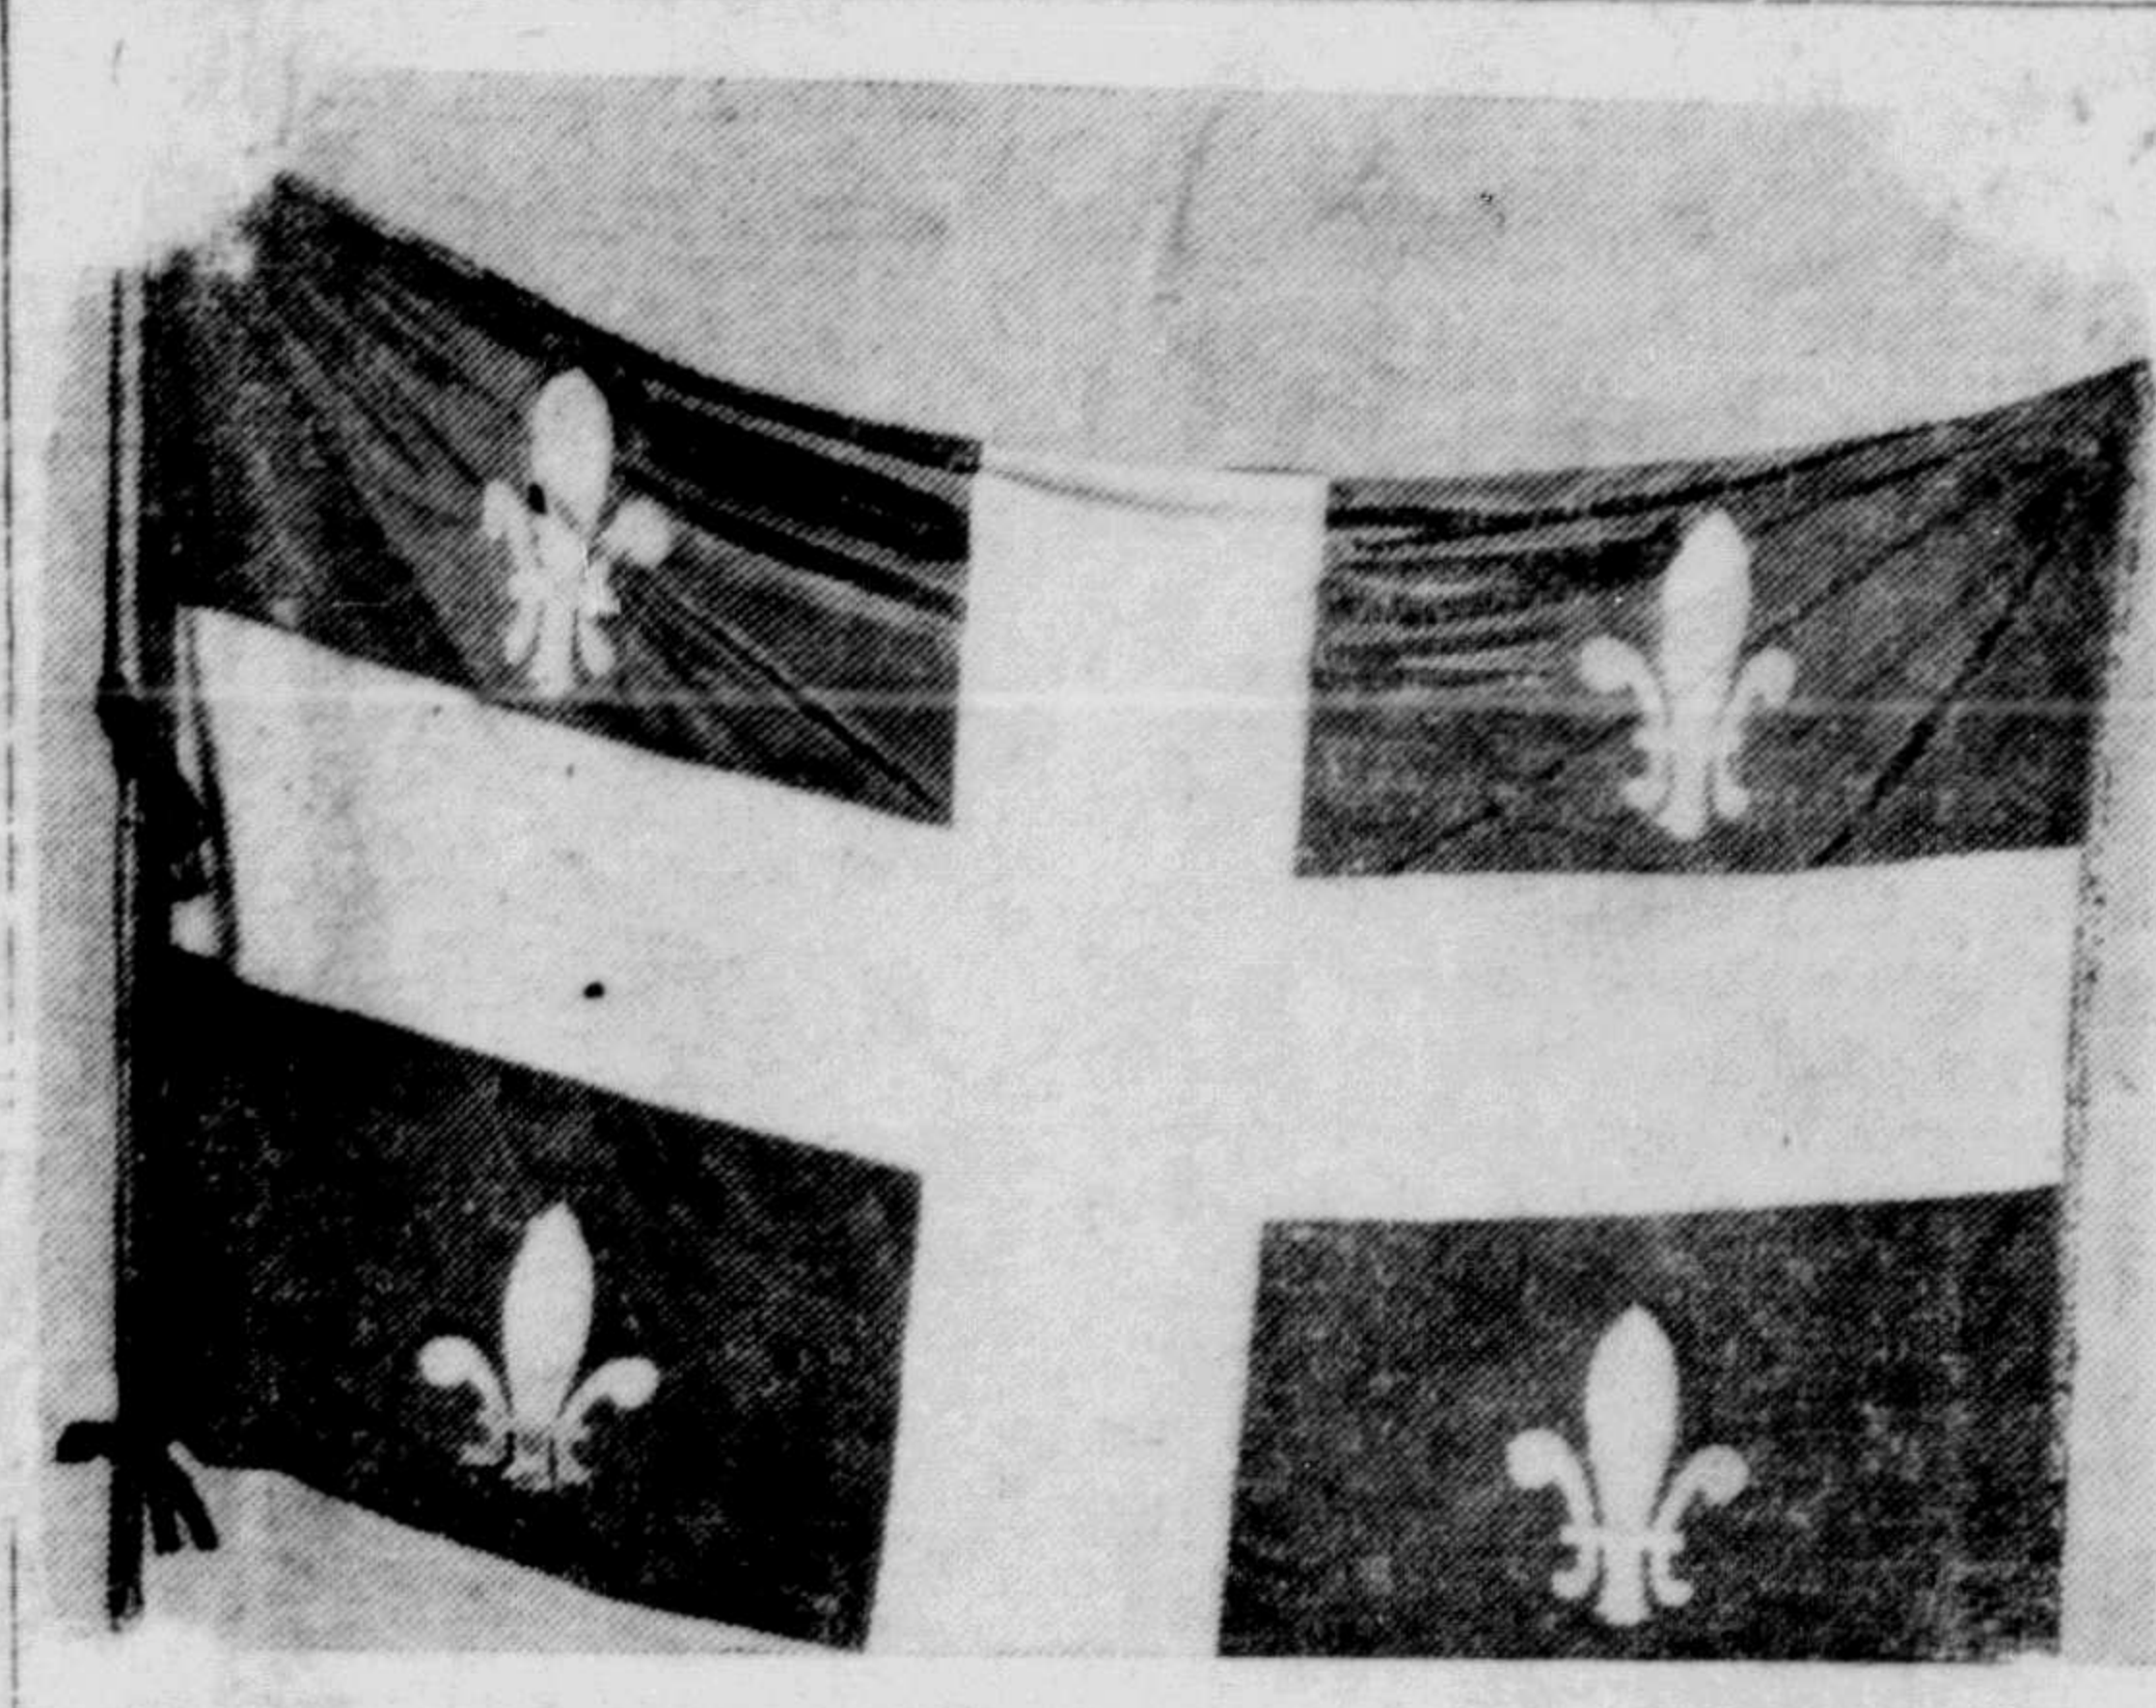

Skeena Member and Labor Minister in House Clash

OTTAWA (CP)—Fiery C.C.F. member for Skeena, H. G. Archibald, and Minister of Labor Humphrey Mitchell crossed verbal swords in the House of Commons Friday night and accused each other of making speeches of such type that might be heard in Communist Moscow and former Nazi-controlled Berlin.

Archibald charged that the government was governing for a segment of the population and destroying the faith of the people in democracy.

"The speech you have just made might have been made in Moscow," interrupted Mitchell.

"I fought the Communists long before you ever did," replied Archibald. "Just because you have carried out a spy probe—is no reason why you should try to damn a movement of the Canadian people."

NEW FLAG FLIES IN QUEBEC—New flag adopted by Quebec now flies atop the tower of the Quebec legislature. St. Jean Baptiste Society aims to have national flag for Canada; is responsible for the adoption of the "flower of the lily emblem."

SCOUT-GUIDE WEEK TO BE OBSERVED IN CITY BY VARIED ACTIVITIES

More than 230 Boy Scouts, Girl Guides, Cubs and Brownies in Prince Rupert next week will join with the rest of Canada's 160,000 Scouts and Guides in observance of Scout-Guide Week which begins on Monday.

Advancement which the movements have made in this city and across the country in the last year will be subject comment by outstanding citizens, including Canada's Chief Scout and Chief Guide, Viscount and Lady Alexander.

The Scout and Guide movement is now operating vigorously in Prince Rupert after being practically moribund during the war. Today there are three active groups—the First Prince Rupert Cub Pack, sponsored by St. Andrew's Cathedral under leadership of Rev. Basil S. Procter, Second Prince Rupert Scout Group, sponsored by B.C. Packers, with a Cub pack led by Bob Ferguson, assisted by Robert Irving and the recently formed Scout troop and Cub pack, sponsored by First Presbyterian Church.

In the Girl Guides' organization, St. Andrew's Cathedral sponsors both a Guide company and a Brownie pack. Mrs. W. F. Manning and Mrs. L. F. Bevington are leaders of the Brownie pack. Miss Honora Silversides is Guide Captain and Miss Marjorie Anstie is lieutenant.

The Brownie pack, sponsored by B.C. Packers, is led by Mrs. Helen Stone and Mrs. McLean. There also is a Guide company at Metlakatla under leadership of Miss Merritt.

The training for good citizenship given by the Scout and Guide movements will be the keynote of observation of the week. Functions will be held most nights with the climax on Friday night when a rally will be held at the Navy drill hall.

At the rally, every troop, company and pack in the city will display their various proficiencies in what promises to be an interesting program. All interested in the Scout and Guide movement are invited.

Monday is "good turn" day across Canada and on that day, Scouts, Guides, Cubs and Brownies will not only be doing their customary "individual" good turns but are also planning collective "good turns" by groups.

On Tuesday night, the First Prince Rupert (Cathedral) Wolf Cub Pack is to hold a "parents' night" in the Cathedral hall. Parents and friends are invited to see the Cubs at work and play—learning to serve Canada.

On Wednesday night, there will be an "at home" in the Cathedral hall, sponsored by the Cathedral Brownie Pack. The public also are invited to this function.

On Sunday, February 21, the annual Church Parades will be held at the Cathedral. First Presbyterian Church and Anglican Church.

Arrangements have been made for special bus service to carry participants and spectators to the rally Friday evening.

PHILIPPINES ARE STILL QUAKING

MANILA (CP)—Minor earthquakes are still being felt in far away Panay Island in the Central Philippines where violent tremors caused forty-eight known deaths and widespread damage on January 25. The quake was rated as one of the most violent in modern history.

Ontario In Winter Grip

Cold Winds Move In From North—Frigid Blizzards Sweep Prairies

TORONTO (CP)—With one motorist dead, transportation systems tied up and power facilities in some places disrupted, Ontario today faced prospects of still worse weather as cold winds moved in from the north.

At Wingham a theatre manager, Red Ostrander, died last night after his automobile crashed into a snow bank.

In Western Canada cold weather swept over the prairies with blizzard conditions in Alberta.

MARSHALL PLAN IS APPROVED

By Foreign Relations Committee of U.S. Senate

WASHINGTON, D.C. (CP)—The United States foreign relations committee yesterday voted for the four-year European recovery program (Marshall Plan) to be started with \$5,300,000,000 for the first year.

TO AMEND LABOR ACT

Certain Features to Be Removed, Premier Byron Johnson Says

VICTORIA (CP)—British Columbia's Industrial Conciliation and Arbitration Act will be opened by the government for amendment during the coming session, Premier Byron Johnson said at a meeting in the Saanich by-election campaign Friday night.

The Premier said, in answering C.C.F. charges, that certain features "that have made its operation somewhat difficult," will be removed from the Act.

The C.C.F. had charged that the government had no intention of amending the Act.

PROTEST EVICTION OF BRITISH—Thousands of school children joined in with grown-ups in a mass demonstration protesting the eviction by British authorities of the "squatters" from the former walled city of Kowloon near Hong Kong. Here a student is shown painting anti-foreign slogan on a lamp atop the British consulate gate. The demonstration, most observers believed, was politically inspired. It was organized and followed a similar demonstration in Canada when the British consulate there was burned to the ground.

Bumper Crop of New Immigrant Population Arrives in Canada

OTTAWA (CP)—Speeding up of examinations in Europe and increasing availability of shipping space has meant that the Dominion is finding Canada with an increasing immigrant population.

More than half of a 73,000 total made up of immigrants from the British Isles, the 1947 influx swelled into a bumper crop of "new citizens."

Most of the European countries as well as United States have also contributed.

By May Canada hopes to have 22,000 displaced persons, eight thousand of these having already arrived.

Great Britain provided Canada with 38,747 immigrants last year and, oddly enough, the United States came second with 9,440.

Jews Ready For Arab Attack

WILL ASSUME OFFENSIVE ON MAY 15

JERUSALEM (CP)—Hagana's military commander said today that the Jewish organization was strong enough now to hold its own against Arab attack. He said that Hagana's present policy of "aggressive defence" would probably be changed to "attack" some time after May 15.

THE WEATHER

Synopsis
An active storm centre over the Queen Charlottes has brought general rains to the British Columbia coast with amounts in excess of four inches being recorded on the west coast of Vancouver Island in the last 24 hours. Southeastery winds reached gale force overnight in the southern coastal waters and these will shift to westerly during the day as the disturbance passes inland. Cloudy skies and snow flurries are expected in the wake of the storm with colder weather in prospect for the southwestern half of the province over the week-end. Snow flurries and continued cold weather may be expected in the northern and eastern sections.

Forecast
Prince Rupert, Queen Charlottes and North Coast—Cloudy with showers of mixed rain and snow, clearing in the northern sections by afternoon and clearing in the southern section by Sunday afternoon. Winds, northern section, easterly, 25 miles per hour, shifting to northeasterly (30) by this evening. Southern section, southerly (35) shifting to northerly (30) by this afternoon. Colder, lows tonight and highs Sunday—At Port Hardy 33 and 40, Massett 25 and 35, Prince Rupert 32 by midnight, decreasing to 25 by mid-afternoon.

Wireless Saved

Portrait of Wilfred Bulger, 21-year-old radio officer aboard the tanker Panchito, which was recently off the coast of Alaska, appears in the official record. He was one of the survivors of the ship, both of which were reported saved.

Twelve survivors of the ship were reported saved. The young crew member lives at Renfrew.

The matter was discussed by John Bulger, local radio operator, a few days ago, and it was noted that the relationship between the two was a good many of the same living near Otter Bay.

Mr. Bulger, who formerly lived in the area, does not believe there is any kinship with those mentioned in the paper.

ANNOYING BUT NOT DISCOURAGING—Camille Gutt (left), director of the international monetary fund is shown at a news conference in Washington, in which he said that he is "not discouraged" by France's devaluation of the franc. He declared, however, that the French action "is an annoying event." Gutt told the newsmen that he was confident that "international rules and standards will not go overboard" as a result of the French move.

Youth Leadership

IN CANADA some 165,000 boys and girls will next week make an annual observance as Boy Scout-Girl Guide Week. These boys and girls are all proud members of two movements which are training young people in self-reliance with a respect for others regardless of racial or religious beliefs.

There can be no doubt as to the value of the two movements in the life of every community, as they play a vital part in the moulding of the citizens of the future. It can well be said that Canadian scouts and guides are training to serve Canada, and that this "apprenticeship" to real democracy gives them an inspiration which should be to the good of national unity, loyalty to their homes, schools and other institutions.

The Boy Scouts and Girl Guides Associations contribute to the nation a unifying action, bringing their members into a progressive and integrated program of spiritual, moral, mental and physical development. They break down barriers of class, creed and race. They are non-political and non-denominational.

In Prince Rupert, as in other communities, leadership is badly needed, and those men and women who have the interest of youth at heart are asked to remember that a little service in this direction would greatly aid those few who are trying so hard to foster good citizenship among the young.

SOMETHING TO FOLLOW UP

THERE SHOULD be no further delay as far as Prince Rupert is concerned in requesting Ottawa to make representations to Washington with a view to having the Jones Act amended so that shipping through this port to Alaska may be facilitated by making it possible for Canadian ships to carry American-originated cargo arriving here by railway from the United States on to destinations in Alaska.

In answer to Maj.-Gen. G. R. Pearkes, M.P. for Nanaimo, whose solicitousness for and friendly interest in Prince Rupert is to be appreciated, the Minister of External Affairs, Rt. Hon. Louis St. Laurent, went so far as to suggest that the advisability of the Canadian government making such representations to Washington would be carefully reviewed if request for these representations were made from Prince Rupert and such other quarters as are interested. No request, however, had yet been made, Mr. St. Laurent intimated.

So far there has been a hesitancy on the grounds of propriety in the matter of making any suggestions in regard to the Jones Act. In view of the suggestion of the minister there would now appear to be no justification for such hesitancy it would seem that we should be at once making up for lost time.

We have talked a long time about how the Jones Act was hurting the port of Prince Rupert in development of shipping with Alaska. Now we have been invited to make our voice heard in the matter so that the federal government may take it up on our behalf. The next move is plainly up to us.

"Cheese Manufacturer Removes Odor from Limburger."—Headline. Does that leave anything?

The PRINCE RUPERT FISHERMEN'S CO-OPERATIVE ASSOCIATION

ONE WEEK SALE commencing Monday, February 16th

CHRISTIAN LOVE

Love beareth all things, believeth all things, hopeth all things, endureth all things.
Ven. Edward Hodson, St. Peter's Church

It has been said that St. Paul in this Thirteenth chapter of his epistle to the Corinthians has drawn for us a portrait of the character of his Master, Jesus Christ.

It has been called "the greatest passage in all literature."

In it St. Paul compares and analyzes what he calls the "more excellent way" of Christian love with the more showy gifts that the Corinthian Church seems to prefer—gifts of tongues, faith and hope will vanish but love abideth forever.

What is this Christian love of which Paul makes so much? First of all he says it is not mere sentiment, not a mere emotion. It is self-bestowal, a giving of one's self. Beginning with desire, it is gradually purified and refined. Watching its development in the human soul we notice that it commences with the will to live that seems to be the dominant purpose of the newborn babe who strives as he grows to bend all things to his own will.

Eventually he learns that he cannot always have his own way and he acquires the will to live with others, and, later on approaching manhood, develops

the will to live for others, yea, he may even go further and reach the highest peak and become willing to die for others "Greater love hath no man than this that a man lay down his life."

"Love is not lust. It is opposed to it, for lust is self-indulgence, love is self-sacrifice. Lust is the desire to get, love to give. Lust seeks its own pleasure, love the pleasure of others. Lust is an instrument of the body, love is a flame in the soul. Lust is the impulse of an animal, love is the passion of a God."

Love is opposed to hatred for hatred is destructive, love is constructive.

In his analysis of love St. Paul says that love is patient. "Love suffereth long." It bears with calmness whatever trials life brings to us.

A patient character is one that endures hardness, meets life's difficulties with fortitude, has learned to "Rest in the Lord and wait patiently for Him."

Love is kind, says St. Paul, has an instinctive desire to make the best of everyone, is an inborn disposition of goodwill. Christian kindness is related to the Divine Like God, a Christian is kind to the evil and unthankful. It shows itself in courtesy, hospitality, in a desire to oblige and make others feel at home.

Then love is "unselfish" seeketh not her own. This is the spirit that is opposed to the spirit of today of which we hear so much which is couched in such words as "I want to live my own life" or "I only want my rights" etc. forgetting that "no man liveth with himself." "Ye are not your own, ye are bought with a price." And love is generous. "Love envieth not" has a wholehearted recognition of the good in other people.

Love is humble "is not puffed up." This is the basis of all other virtues. By it we see ourselves as we really are in God's sight.

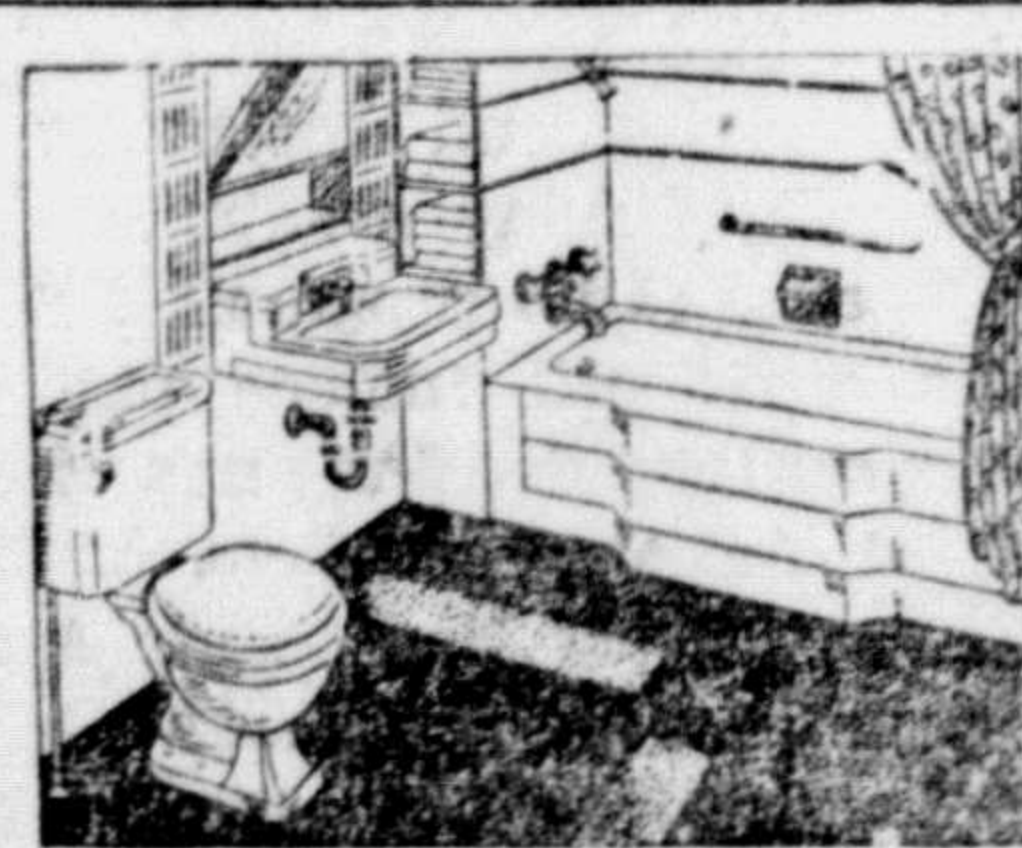

CANADIAN ARMY NURSING SISTERS

Continue to Form Integral Part of Canada's Forces

OTTAWA—Nursing sisters will continue to form an integral part of the Royal Canadian Army Medical Corps in Canada's peace-time army. They are stationed from Montreal to Vancouver and from the United States border to White Horse. The total comprises 76 matrons and nursing sisters under the direction of Major Dorothy M. Ballantyne, A.R.R.C.

The service had its beginning in the days of the Northwest Rebellion. Sisters went to South Africa with the First Contingent. Two thousand were accepted during the First Great War. Thousands served in the Second Great War. They were in eleven foreign countries and on hospital ships at sea.

Army nursing sisters have received 159 awards and 194 mentions in despatches.

War Assets Bulletin to Merchants BULK LOT SALES

Subject to prior sale or withdrawal War Assets Corporation offers the following new and used equipment lots:

LOT 1
All of the following in this lot are marine fittings:
Partial list includes:
Junction Boxes, various sizes
Receptacles Relays
Switch boxes, various sizes and voltages
Switches: door type, key type, push type, water-tight and dimmer, etc.

LOT 2
Partial list includes:
Junction boxes, various sizes Fans
Extension Lamps Lighting Fixtures & Reflectors
Sockets Heaters, various sizes
Spot Lights Electric Elements
Bulbs, Mazda, various sizes Switches, various sizes
Tri-light Lamps, 60" high

LOT 3
Partial list includes:
Acoustic Booths Plugs
Inter-communication sets Uniphones
Telephone Sets, Buzzers Head & Breast Sets
etc. Multi-Phone Transmitters
Switchboards, 10 line Condensers
Amplifiers Control Boxes
Bells & Gongs

LOT 4
All of the following in this lot are marine.
Partial list includes:
Hand Sets Gongs & Bells
Bell Boards, various Buzzers, rattlers
number of indicators Lamps
Loudspeakers Marine Telephone
Relays, various types Equipment
Motors DC & KW Motor Accoustic Booths
Alternator Annunciators
Navigation Gear, Radio Hailing Equipment
direction finders, antenna, loop, etc. phones, amplifiers, speakers, etc.

LOT 5
All of the material in this lot is direct current.
Partial list includes:
Motor Starters 115 Volt Motor Spares
Motor Alternators Fans, various sizes
Electric Motors Heaters, various types
220 Volt Motor Spares Toasters

LOT 6
All of this material is alternating current.
Partial list includes:
Generator Units, various Spare parts for Electric
types motors and Generators
Rotary Converters Control Boards

LOT 7
Partial list includes:
Spare parts for Circuit Air Circuit Breakers
Breakers various sizes
Fuses Supply Boxes
Switchboard Frames & Relay Units
Spares Ammeters
Voltmeters Panel Boards

LOT 8
The following are radio parts, equipment, etc.
Partial list includes:
Echo Sounding Parts & Antenna Rods & Assemblies
Components Condensers
Sockets Switches
Plugs Transformers
Cords Loops
Transmitters Radio Homing Equipment
Receivers Modification Kits
Power Supply Units Coils
Radio, table models Junction Boxes
Dynamotors Coils
Valves, English Microphones

The following are radio parts, components, equipment.
Partial list includes:
Relays Keys Fuses
Motors Headphones Condensers
Compass Oil Hand Tools Coils
Carbon Brushes Control Boards Cable Clamps
Switches Resistors Flexible Switches
Hydrometers Receivers

LOT 10
The following is Marine Lighting Equipment.
Partial list includes:
Lamp Holders Plugs Navigation Lamps
Pendants Switches Lamp Fixtures
Shades Push buttons Reflectors
Sockets Desk Lights Emergency Lighting
Signaling Lamps Fuse Boxes

LOT 11
All of the following are Marine Fittings.
Partial list includes:
Fuses Plugs
Canvas Clamps and Straps. Charging Panels
Deck Tubes Resistance Boxes
Push Buttons Coils
Washers Buzzers
Switches Dry Batteries
Distribution Panel Lockers, Stowage Boxes

LOT 12
All of the following are Marine Fittings.
Partial list includes:
Wooden Reels Brackets
Fuse Boards Connections, water-tight
Control Boards Bells
Glands Pushes
Plugs Switches
Sockets Lamps Junction Boxes
Receptacles Fuses
Fuse Boxes Signalling Torches

LOT 13
Partial list includes:
Flexible Tubing Fuses Thermometers
Tape Fuses Relays
Lugging Tools Junction Boxes
Wire Strippers Signaling Lanterns Keys
Ebonite Rods Glands Clamps
Receptacles Plugs Safety Fuse Switches

LOT 14
Partial list includes:
Extension Cords Acoustic Booths
Nofuz Panel fubs Rotary Transmitters
Wind Chargers Potentiometers
Insulators Nipples
Switches Fluorescent Ballasts
Safety Fuse Panels Starter Panels, 15 amp
Distribution Boxes Soldering Irons
Air Circuit Breaker Lamp Fittings
Cabinet

The above are partial lists only of the equipment lot available.

JACOBSEN SUDDENLY
Jacobsen, aged 61, Prince Rupert General Hospital last night after a brief illness. He had been a resident of this city for the last 15 years and is survived by his wife, who is a camp worker for the Canadian Fish- ing Co. at Porcher Island, and a step-daughter, Mrs. Karl Kjellbotten, of 245 Sixth Avenue West, with whom she lived prior to entering hospital. She was born in Norway.

MAN-MADE WASTELAND
An estimated 50,000,000 acres of land east of the mid-west plains in the United States have been abandoned as farm land.

More Valentines than you know
...if the news gets around that you're taking a Swans Down cake for Valentine's Day! For SWANS DOWN CAKE is better, fluffier, more delicious than any other cake made by cake makers...carefully selected Canadian ingredients in the famous "Controlled Process"—sifted and resifted through kitchen-tested by the Swans Down Home Economists specialists. That's why Swans Down gives consistently better results! Ask your grocer to show you Swans Down with experts... follow the tested recipes on the tin for leather-light perfection!

The Day After Tomorrow
...but you can still speed a Valentine gift to that special out-of-town friend by sending a BANK OF MONTREAL Money Order now! B of M Money Orders travel swiftly—safely... and they're so convenient—so inexpensive. You can buy them for use in Canada, the United States or the British Isles—and, in each case, any bank will cash them. Visit your nearest B of M branch first thing to-morrow for that very special Valentine... just one of the many B of M services for your convenience!

It's Not Too Late
to plan your next summer's garden if you send now for the new, illustrated "Seed and Nursery Book" published by DOMINION SEED HOUSE of Georgetown, Ontario! Listed are seeds—bulbs—shrubs for every garden and you'll want to choose your favourites in time for planting. For best results, seeds can be started right away... that's why you must write to-morrow—Barbara Brent, 1411 Crescent St., P.O. Box 100—for your free copy of the "Seed and Nursery Book"!

Look Before You Buy
—for quality—
—for true value—
—for the identifying label that tells you the food, furnishings or clothes you choose are the best to be had for your money! When I shop for pants—I look for knitted nylon. Have you seen those new, nylon, tailored-to-fit pants in your favourite department store? So budget-wise—so right in every way... these nylon pants wash easily—dry quickly after washing and you can forget about the chore of ironing. It simply isn't necessary with these delightful-to-care-for garments. Most important of all... when you're buying—remember to look for the tag... "Fabric Made of C-I-L Nylon Yarn"!

Youngsters Say "Yes!"
when you ask them if they'd like warm delicious cups full of Oxo at bedtime. And a good night's sleep after a hot cup of Oxo is one of the best things in the world for them! You can give this for their health's sake, or for their lunch or supper. Just dissolve an Oxo cube in a cup of water and add it to warm milk. M-m-m-m! They love it! The Oxo habit grows up, too, so do ask your grocer to show you the best-tasting Oxo in cube form... it has real value in price!

The Magic Touch
is that important "something" that transforms the simplest of meals into banquets fit for a king—or your husband! I've found that delicious dishes made with BENSON'S CORN STARCH are mealtime magic that men really like—men "musts" for husbands' hearty appetites and wholesome and good for youngsters, too! Try this Benson recipe...

MEAT PIE WITH BISCUIT TOPPING
Brown 1 lb. beef, diced, or 1 cup diced, left-over meat in 2 tbsp. fat. If no fat is used, cook thoroughly. Combine meat, 1 1/2 cups tin condensed vegetable soup with beef stock, 1 cup water, 1/2 tsp. salt, 1/2 tsp. pepper and pour into a well-greased casserole. Bake in 275° F. oven for 1 1/2 hours. Put dough for 12 biscuits on top of meat mixture. Bake in a hot oven (400 deg. F.) for 20 minutes or until biscuits are golden brown. Serves 2 to 4.

APPLE PIE
Time: 40-45 minutes
1 1/2 cups, lemon juice
1/2 cup Crown Brand Corn Syrup
1/2 tsp. cinnamon
1/2 tsp. nutmeg
1 tsp. butter
Mix together Benson's Corn Starch and cold water. Sprinkle with sliced apples and cover with pastry. Add sliced apples and cover with pastry. Add sliced apples and cover with pastry. Add sliced apples and cover with pastry.

CITY VEToes MOCK FUNERAL

FREDERICTON — Through-out the revelry of centennial week, the "Spirit of Gloom" will go marching on—by decision of the good burghers of Fredericton.

An ambitious planning committee preparing for the city's centennial celebrations to be held July 25-31 came up with the bright idea that the "Spirit of Gloom" should be buried forever with fuss and fanfare to usher in the week of good cheer.

But protests flowed into city hall, ministerial associations passed resolutions condemning the move and called for all-out backing in an effort to have it eliminated from the program. Several days later an announce-

ment was made at city hall that the burial would not be held.

Instead, the week will be ushered in with the rumbling of mechanized army equipment through the streets and the smoke and noise of a mock battle.

As originally planned, the burial was to start at midnight "with the ringing of church bell, blowing of whistles, noise and merry-making in general."

The "giant casket" containing the remains of the "Spirit of Gloom" was to be carried down the steps of city hall and mounted on a fire truck or other suitable vehicle.

As many "mourners" as possible were hoped for by the committee as the procession moved to a giant funeral pyre where the gloomy spirit was to be cremated.

MACHINE GAUGES SPEED OF STARS

VICTORIA — A machine to determine the speed of stars has been developed by Dr. R. M. Petrie, assistant director of the Dominion Astrophysical Observatory here.

Known as a projection comparator, the instrument is claimed to be much more efficient than any previous device and is the only one of its kind to be constructed and used in astronomical work here.

Dr. Petrie designed the machine and it was built by S.S. Gillling, observatory instrument maker.

The original negative of a star is projected under high magnification onto a screen which is ruled with a standard scale. The photographed starlight is compared directly with this standard, thus eliminating many laborious and time-consuming measurements.

An accurate micrometer then makes direct measurements of the speed of approach or recession of the star upon the projected photograph.

Displacements as small as one ten-thousandth of an inch are easily and accurately measured by this method.

LIFE in this Prince Rupert

by BIDDEE JINKS

One week ago, Dr. Lotta Hitchmanova spoke to several groups in our own city. She seemed to have but the one wish—to impress her listeners with the urgency of Europe's desolation. Her words, delicious in accent, were filled with a fervor that rose from a deep, natural sympathy for her own people. They are her kin. Her country has suffered and still suffers. While many are dying, she pleads, through the medium of the Unitarian Service Committee of Canada, for help. Every word was tinged with pity, yet full of hope for a surviving and building generation.

This seems typical of those who have seen, and know, what the war did to Europe.

As executive director for the Unitarian Service Committee of Canada, Dr. Hitchmanova travels constantly to place the plight of the people of Europe before us who live in Canada.

The Unitarian Service Committee was formed when UNRA became a thing of the past as far as America is concerned. According to Dr. Hitchmanova,

this can never be so in Europe. The thousands who owe their lives to the provisions given by this organization have built it an everlasting memorial by making it an everyday word in the nation's vocabulary. When they eat meat, they say: "This is good UNRA," remembering when it came only through UNRA. Or, speaking of shoes or clothes they say: "This UNRA wears well," thereby making it a versatile word involving the life-saving goodness of the past and weaving it into the hope of the future.

These people are not without hope. They patiently rebuild their cities, digging bricks from the debris one by one; carrying them away by hand or by pushcart and placing them carefully into what will be a new and better building on a new and better-planned street. "When it is done," they say, "we will have a better city than before!" They work barefoot. Children are barefoot also, winter and summer because shoes are at a premium if you own them, and unobtainable if you haven't Dr.

Hitchmanova told of families who attend school turn about through winter, each child wearing the shoes for a day. And that, while many of us house shoes too small for our growing families, or rubbers that do not fit the latest size.

As always, the children suffer most. In conjunction with the nation-wide appeal being made just now for aid to the children of Europe, Dr. Hitchmanova gave a word picture of these ragged little youngsters as she saw them this summer and also showed slides of pictures she herself had taken. Starvation's not pretty, on the face of a child—and particularly when we are reminded that 15 percent of all food bought in Canada finds its way into a garbage pail.

Last fall when Greta Haverland returned from Austria, from the summer camps held for D.P. children, she spoke again and again of "Children who do not know how to smile." That night, in the Civic Centre, they were pictured on the screen. They were a group who had come to the Committee Centre, hoping for food or clothes. None of them were completely covered, whatever rags they had draped about their bodies. One lad, aged 13, wore a woman's dress. Such dire

need leaves no room for a natural boyish pride that would rebel against "looking like a girl."

In France and Czechoslovakia, the countries aided by the Unitarian Society, convalescent homes have been set up. Children, and torture victims of older years, are brought here to be given medical attention and the chance to forget.

To help this project, it has been made possible for Canadians as individuals, or groups to adopt a child for a three-month period in which time they pay a total of \$45. Of course they may continue this foster-parenthood should they wish and many do after they receive a picture of their child and learn his case-history.

Everyone is not able to do quite this much, but any small contribution is welcomed. Used clothing and shoes may be forwarded to branch offices where they are packed for shipment to Europe.

In the words of the Committee: "Thousands of children need your help at once. Tomorrow may be too late. Hundreds are dying every day—hundreds whom you could have saved."

You saw it in the Daily News.

DAVOS PLATZ, Switzerland — Competition for the world's women's figure skating championship was interrupted today because of soft ice with Canada's Barbara Ann Scott well out in front. She led her nearest opponent, Jeanette Altweg of London, by ten points.

Burns Lake Lumber Yard Has Close Call

BURNS LAKE — A garage was destroyed, a truck inside was badly damaged and the lumber yard of the Baine Lumber Co. here, containing 17,500,000 feet of lumber, was threatened by fire at the first of the week. Citizens rallied and worked energetically in the fight against the flames. Damage amounted to about \$1500.

NOTICE
Examinations for the position of Assistant Forest Ranger will be held at the following centres at the dates and times indicated:
Saturday, March 6th, 9 a.m.—Smithers.
Monday, March 8th, 9:00 a.m.—Burns Lake.
Application forms and full particulars may be obtained from the District Forester at Prince Rupert or the Forest Ranger Office at examination centres. Completed applications should be forwarded to reach the District Forester by March 2, or failing this must be presented to the examiners at the time of the examination.
These examinations are being conducted to establish eligible lists for 1948 fire season employment. From such lists appointments to positions now vacant will be made according to candidates' standings in the examinations.
Candidates must be citizens of one of the nations of the British Commonwealth, and must have resided in British Columbia for one year unless discharged from His Majesty's forces within the preceding 12 months. Candidates should be 21 years of age, but some exceptions may be made depending on the candidate's standing in the examination, and men between the ages of 18 and 21 years are not excluded from taking the examination.
No examination fee is charged.

MEN'S "A" BOWL SCORES

In this week's men's "A" five pin league session, John Comadina and V. Cordor marked up the highest individual scores, while the Home Oil team walked off with the highest team scores, both for single game and triple.

Comadina's high score for one game was 294, while Cordor, playing for Mansons', ran up 710 for three games.

Here are the game scores:
Home Oil 2, Morgans 1.
McMeekins 2, Revellers 1.
Mansons 2, North Star 1.
Kilowatts 2, Ambassadors 1.
Malikins 2, Continentals 1.
Burns 2, Brownwoods 1.

BASKETBALL CHATTER

(By BILL LONG)

Seeking a third series win after having defeated Vancouver Arrows and Ketchikan All-Stars this season already, Alex Bill will lead his local All-Stars against the famous New Metlakatla Athletic Club here next Thursday and Friday, and if he is necessary, on Saturday also. This will be another of the two of three affairs and this series will definitely not go into a third game should either team win the first two. Art Murray admitted his mistake after the Ketchikan series when he saw the local lads lose a third game after giving such a good account of themselves in the first two. As one of the players mentioned in the shower room after the game it was an anti-climax to a fine two-game series and the boys didn't really get into the spirit of things. True, the fans that paid the expenses felt that they had been taken for a ride as it were, but they must consider that ball players have temperaments also and they can give just so much and no more. But anyone that saw either one of the first two games of that series and were there for the final game still got their value for their money.

This New Metlakatla outfit, by the way, is by far the strongest team we should see here this winter. They were victors over that same Ketchikan team every time the two teams met this season and have just returned from an extended tour of Alaska in which they were unbeaten. As always, the Annette Islanders rely on their uncanny shooting ability and their masterful ball handling.

It is rumored even though he may not know it himself that Mel Holkestad will be called upon to help his brother Rupert in this coming series and this move will be appreciated by the many fans that have been rooting for the brother act all season. This will give Alex Bill the smart forward line of the Savoys League entry as a unit and the other members is big Joe Davis who showed up so well against Ketchikan.

Tonight Savoys will endeavour to increase their lead in the Senior Division of the City League by a victory of the luckless Brownwoods entry and they might be considered favorites at that. Even though they have had trouble with the shoe men in every game save possibly one this season, they always manage to grab off that extra point or so to carry off the honors. It is the last meeting of these two teams. Brownwoods walked all over Savoys for half of the game only to lose in final few minutes on their inability to keep possession of the ball by the age-old stalling method. Brownwoods, however, are looking smarter every time out and maybe tonight is their night.

Waterfront Whiffs

Activity Along Waterfront at Low Ebb—Surveying for New Seal Cove Dock

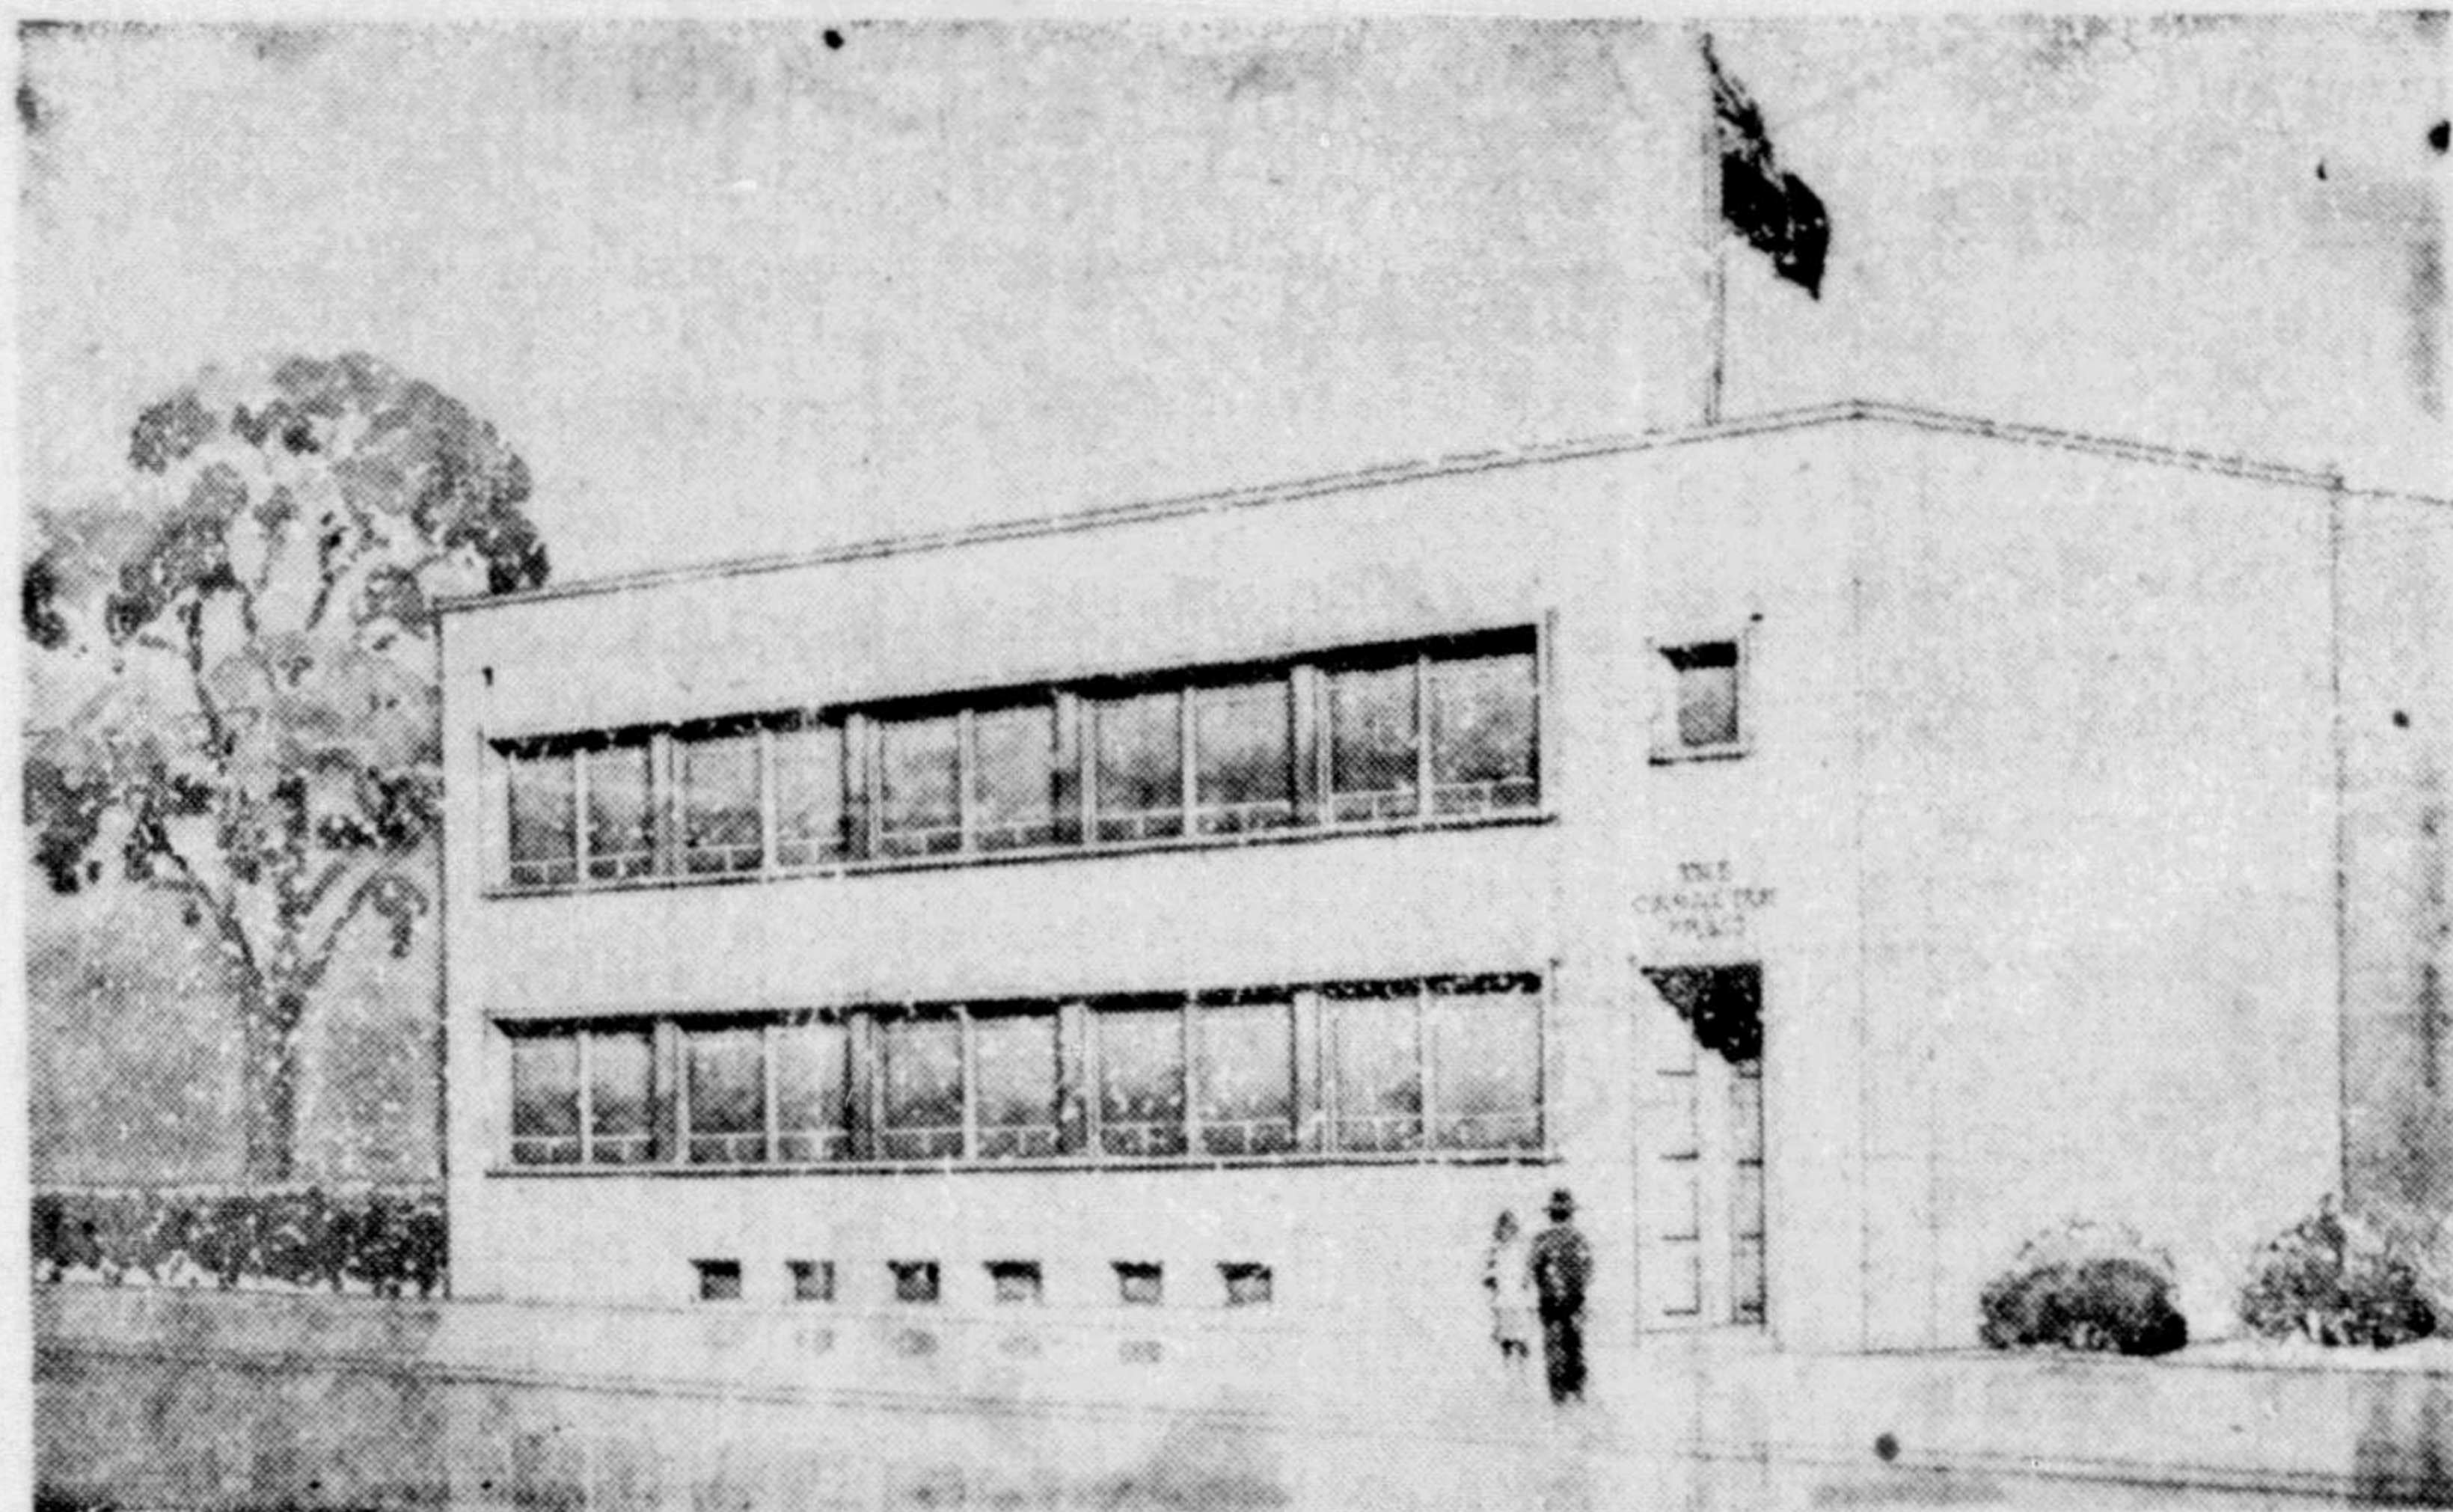

Activity on Prince Rupert's waterfront is now at an all-time low, just a feeble heart-beat above utter paralysis. The wharves and mooring floats present a picture of idleness as hundreds of fishing boats bob casually at their lines, waiting for spring and action.

The fish sheds, which in the spring and summer hum with activity, are a bit ghostly in their desertion. Now, only an occasional cargo of flatfish or dogfish pass across their floors.

Right now, there are only a couple of beam trawlers out—the Finella and Hero I, dragging for Atlin Fisheries, and the odd long-liner, after dog fish. A couple of hopeful trollers were in the harbor Friday afternoon

but their catches did not appear to be very great. The sudden change to mild weather is said to have brought the spring salmon into the harbor.

Few, if any, of the fishermen have started serious work on preparing for the spring fishing yet although some are planning to get their gear in shape for spring salmon trolling next

NEW HEAD OFFICE FOR NEWS ASSOCIATION—The Canadian Press, national news co-operative, has started construction of a new head of ice building in Toronto from which world and Canadian news will flow by wire to daily newspapers and radio stations from coast to coast. Two storeys as pictured above will be complete in August, with provisions for two more later. The building, on University Avenue near King Street, will also house the Canadian Daily Newspapers Association and Press News Limited, C.P.'s radio subsidiary.

month. A run of springs is reported to be off Port Simpson and the natives there are making good catches. They are keep-

ing it for their own use. Oolichan run on the Naas River is expected to begin early next month. The oolichans, though a small fish, are of major importance to the Indians who boil them down for their oil which they use in many ways.

A new 40-foot troller, built by the Henry Wahl boat works for Nels Antonson, of Dodge Cove, is moored at the Edmonds and Walker floats for final outfitting. The vessel is a fine looking one, has an 11-foot beam and is powered by a Chrysler engine which was installed this week.

SURVEYS FOR DOCK AT SEAL COVE
Survey for the Department of Transport marine section dock at Seal Cove was made

this week by C. F. P. Faulkner, federal public works engineer, who arrived from New Westminster last week-end. Test piles were driven by the Skeena River Pile Driving Co. to ascertain the type of bottom which the builders will encounter.

The dock, which will project from the north side of the former R.C.A.F. landing apron, will have a mooring length of 230 feet on one side and 130 feet on the other. It will be 40 feet wide. It will jut out almost true north from the travelling crane tracks.

According to Mr. Faulkner, about \$75,000 is being recommended in estimates to cover the job which will be started some time this summer. Completion of the wharf will give the Transport Department's marine section a real "home" where its lighthouse tenders, the Alberni and Birnie can moor.

At the end of the wharf will be a float 60 feet long and 16 feet wide to which small boats can tie. It will be the usual type of float with base logs and planked surface. It will be connected to the wharf by a ramp.

Jack Prince, well known local fisherman, is at present in New York, enjoying a family reunion. A Newfoundlander, Mr. Prince came west more than 25 years ago and has not seen his mother or brothers and sisters since. His mother lives at Boston and his other family members in other eastern Seaboard cities, including New York.

On her regular weekly voyage, Union steamer Cardena, Capt. Ernest Sheppard, arrived in port at 9 o'clock last night from Vancouver and waypoints, sailing at midnight on her return south.

What are described as the first overhead express refrigerator cars of their kind in North America will be built this year by the Canadian National Railways at the Transcona shops in Winnipeg. Announcement is further made that, when construction was first being considered, the basic research in overhead refrigeration was performed by the Dominion Fisheries Experimental Laboratory at Prince Rupert.
