Nation-Wide Counterfeit Ring Is Uncovered

Flood Of Spurious \$10 and \$20 Bills Spreading

VANCOUVER (CP)—Royal Canadian Mounted Police and city police believed today that they had uncovered a nation-wide counterfeit ring dealing in \$10 and \$20 bills. Two were arrested here and three more in Niagara Falls, Ontario, but no charges were laid.

Native Fisherman Has Narrow Escape

A native fisherman who had come close to having an unscheduled dunking in the harbor Saturday evening. He was asleep in a gillnetter tied too high and too tightly to a pile in front of Atlin Fisheries. When the tide dropped, the boat hung by its lines and was well on its way to being swamped when another fishboat came alongside and towed it in a half submerged condition to shallow water near the Cow Bay floats.

A Toronto taxi driver is being held without bail. Vancouver police discovered about \$2500 in \$10 bills at the Pacific National Exposition at the week-end. Fake bills were also reported in many Fraser Valley towns.

Centre of the counterfeit ring may be in Ontario, the police believe. They say the notes were probably flown out to Western Canada.

The counterfeit distribution is not confined entirely to Canada. In St. Louis, Missouri, a flood of fake \$10 and \$20 bills was released in the last 48 hours.

The bills differ from real bank notes as they lack the "green spots" water mark, smear when rubbed hard, are on thicker paper and are rougher.

Banks and business places have been warned to keep on the look-out for the spurious specie.

Prowess Shown—Fine Day At Terrace For Log Sports

TERRACE—Smiling skies and brilliant sunshine greeted the holiday makers in Terrace on Monday for the second Annual Loggers' Sports Day and Barbecue at the Civic Centre. A big event in the district, the various contests were open to all comers and keen interest was shown by participants and spectators alike.

The main event, the log-rolling championship, went to Dudley G. Little who, in 32 seconds, beat last year's champion, Carl Klausen, by five seconds.

Mrs. E. Haugland retained her championship in the ladies handbucking contest, she and her partner, Mrs. C. Kofoed, cutting an 18-inch log in one minute and 31 seconds.

In the men's hand bucking, A. Bissonnette cut through an 18-inch log in one minute and 4 seconds. A Parker came second, taking one minute, 18 seconds.

The log chopping was won by E. Bissonnette in two minutes, 44 seconds with W. Lindstrom, 2 min., 56 seconds.

A 20-inch log was cut by Henry Desjardins with his power saw in one minute, 23 seconds.

There were two prizes for the two-man power saw contest. A. and E. Bissonnette came first, cutting a 2-foot log in 47 seconds and Carl Muller with John McCulloch in 54 seconds.

The ladies in their nail driving contest, made quite a showing, eighteen of them taking part and some showing undoubted skill and experience in handling a hammer. In this event Mrs. Harold Baxter came first, Mrs. D. G. Little second and Mrs. McKenzie third.

Other races and contests were run off in the afternoon and for each child there was free ice cream. In the hall there were bingo, ball throw, dart throw and crown and anchor besides the fish pond for the youngsters which was packed until everything was gone.

H. G. Perry arrived in the city on the Prince Rupert today from Vancouver and will be spending the next few weeks in the city.

FLORIDANS TAKE TO CELLARS IN 150 M.P.H. HURRICANE—Bent over by the 150-mile-an-hour winds that lashed the Florida coast, this picture, taken at the height of the hurricane, shows one of the main thoroughfares in Palm Beach completely engulfed in water that was blown over the sea wall. Emergency shelters in many parts of the state were filled to capacity as the storm worked its way along the "Gold Coast," causing damage estimated in the millions.

Mass Killer Cool Customer

Death Toll in One Man's Massacre Rises to Thirteen

CAMDEN, New Jersey (AP)—The toll in Camden's River Road mass shooting rose to thirteen today with the death of 10-year-old John Watson. The youngster was the third member of his family claimed by the bullets of the stalking gunman who turned a city block into a place of terror Monday. The boy's mother and grandmother were killed beside him as they sat in their car waiting for a traffic light.

While stunned members of the families of victims prepared to bury their dead, police maintained vigil at the hospital bedside of Howard Unruh, 28-year-old Bible-reading war veteran. A bullet was removed from Unruh's hip last night.

The wholesale killer was not too busy to answer the telephone while still shooting it out with the police before his capture in his home, it has been disclosed.

A Camden Evening Courier reporter called him and Unruh answered: "Who are you and what do you want?"

"I'm a friend and I want to know what they are doing to you," replied the reporter.

"Well, they haven't done anything to me yet but I'm doing plenty to them," Unruh answered.

"How many have you killed?"

"I don't know yet. I haven't counted them, but it looks like a pretty good score."

"Why are you killing people?"

"I don't know. I can't answer yet. I'm too busy. I'll have to talk to you later. A couple of friends are coming to get me."

He then hung up.

MASONS BACK FROM STEWART

Twenty local Masons are back in the city after a fraternal visit to Enoch Lodge of Stewart in company with John Thompson, the district deputy grand master. They returned on the Camosun Tuesday after making the round trip which permitted of Monday evening being spent at the mining town.

Making the trip were G. F. Forbes, W. D. Vance, A. E. Field, C. H. Elkins, J. L. McIntosh, Robert Parker, G. J. Dawes, Frank Goertzen, J. R. Morin, Dr. W. S. Kergin, S. A. Bird, George Murray, Gilbert Campbell, Frank Skinner, Duncan Munro, N. S. K. Brewer, A. W. Allaire and Thomas McMeekin.

Robert Macleod, worshipful master, and other members of Enoch Lodge proved genial and courteous hosts.

JUDGE USES FILMS IN CIVIC COURTS

There is a county court judge, Judge E. D. Woodburn, who likes a projector on hand when he officiates at citizenship ceremonies in the Prince George district.

He favors two National Film Board productions, "Ballot Boxes" and "Peoples of Canada." The first illustrates the Canadian electoral system and introduces leaders of political parties. "Peoples of Canada" is a history of Canada's diverse population, calculated to make any newcomer feel at home.

The judge is all for the film

New Life In Germany

BONN, Germany (AP)—Germany started a new life as an organized state today when the Parliament of the federal republic assembled here for the first time in its new glass-walled Chamber overlooking the Rhine River.

It is the first freely-constituted German Parliament since Adolf Hitler destroyed the Weimar Republic.

CHILD DROWNS AT CANNERY

Divisional headquarters of provincial police here are advised of the drowning yesterday at Klemtu Cannery of Donald Graham Wells, three-year-old son of Mr. and Mrs. John Wells. The child fell into the water from a float. The provincial police boat P.M.L. 17 was called to the scene and recovered the body early this morning.

OTTAWA GIRLS REPRESENT CANADA AT U.S. TENNIS CONTEST—These five Canadian girls represented the Dominion in the 32nd national girls' tennis championship tournament at Philadelphia. The girls are (left to right), Dianna Lowe, Miriam Reinboth, Pat Lowe, Joyce Felix and Jean Batterton, all of Ottawa.

Deplores Efforts To Make 'Bad Blood' Over Dollar Shortage Issue

BRIDLINGTON, England (CP)—Prime Minister Clement R. Attlee today denounced opponents of Great Britain's Labor government who he said were trying to make "bad blood" between Great Britain and the United States. In an address before the Trades Union Congress, 9,000,000-member backbone of the Labor party, Attlee promised Great Britain would do its utmost to solve the dollar shortage which threatens Great Britain with economic disaster. But, he added, the problem "cannot be solved by any one government in isolation."

NATIONALISTS HAVE VICTORY

CANTON (AP)—The National Defence Ministry today claimed the recapture of several villages from Communist forces driving toward the Canton-Hankow Railroad from Hucheng, 170 miles north of Canton.

The ministry's announcement said the ground was recovered up to a point twenty miles west of Hucheng. That would place the fighting half way between Hucheng and the railroad.

Chinese news dispatches said that a small force of Nationalist militiamen had created a diversion by a guerrilla-like raid on Hucheng itself. These reports said that the road was led by a former magistrate there.

Great Fiscal Parley Is On

Britain's Economic Crisis Is Being Considered at Washington

WASHINGTON, D.C. (AP)—Great Britain's foreign policy and economic chiefs arrived today for talks with the United States and Canada on the British dollar crisis.

Foreign Secretary Ernest Bevin and Sir Stafford Cripps, Chancellor of the Exchequer, came by train from New York where their ship docked last night.

Bevin described the three-power conference as a means to "win the struggle for one world, one world of free and democratic peoples."

Hon. Douglas Abbott, Canadian minister of finance, and Hon. L. B. Pearson, minister for external affairs, represent Canada.

Secretary of the Treasury John W. Snyder and Secretary of State Dean Acheson represent the United States. They agreed that Great Britain would herself have to be largely responsible for finding a solution of her dilemma.

Britain will ask permission to spend Marshall Plan dollars anywhere she likes—not just in the United States—as one way out of her financial crisis, officials said today.

Diplomatic authorities say that Foreign Minister Bevin of Britain is convinced that his country shortly will have to dip into her dwindling reserves for millions of dollars unless Marshall Plan policies are relaxed.

Man Picked Up By Police, Wanted

Constable George Redhead and Constable R. B. Howell picked up a man by the name of William Kraft Monday night on a charge of vagrancy and then discovered they had a wanted man. Police in Penticton would like to face Kraft with a charge of obtaining money under false pretenses. In the meantime he is being held in the city jail pending instructions from provincial police headquarters.

Baby Born On Police Boat Dies After Reaching City

In a desperate but futile attempt to save the life of tiny Freddie Thompson, who was born on the Provincial Police boat P.M.L. 15 yesterday morning a few hours out of Alice Arm, the city fire department's inhalator was rushed aboard the Indian Affairs boat Naskeena and taken out to the inbound P.M.L. 15 yesterday.

Shortly after Dr. Buschlen had delivered the baby, a relayed request for an inhalator was received by the fire department. Arrangements were then made with acting supervisor of Indian Affairs, William Baillie, to take Jack Ewart and the inhalator out on the Naskeena to meet the inbound police boat. They were accompanied by Wally Price.

The Naskeena left at 2:45 p.m. and about one hour later contact was made with the P.M.L. 15. Dr. Buschlen, assisted by Mr. Ewart immediately put the inhalator to work supplying oxygen to the infant. In the meantime word had been sent ahead to the Prince Rupert General Hospital informing them of the baby's condition and requesting that an oxygen tent be in readiness.

However, at 7:50 p.m., shortly after being admitted to the hospital, little Freddie Thompson died.

## Radio Situation

THE TRANS-CANADA NETWORK is the nearest to universal coverage by radio in Canada but still it does not reach satisfactorily into some areas such as parts of northern British Columbia says the Board of Governors of the Canadian Broadcasting Corporation in an extensive brief which it presented yesterday before the Royal Commission on National Development in the Arts, Letters and Sciences.

Northwestern Ontario, certain parts of Quebec, the Maritimes and Newfoundland are also mentioned as areas which are not being served satisfactorily in the matter of radio broadcasting.

The brief did not mention, however, that the situation in this part of the country, which is so poorly served, could be so easily rectified by use of lines which are already in and could be tapped by Prince Rupert's radio station and inexpensive repeater instruments placed at interior points along the lines. The only thing that prevents it being done is governmental red tape, the federal department of public works denying this public service until it gets its prohibitive fee.

In fact this area's position is unique insofar as it already has the lines in existence which there are not in other parts mentioned.

The proposal of the Corporation that the annual fee for a receiving set be increased from \$2.50 to \$5 does not sit very well in the minds of radio receiver owners anywhere but it has double reason to be resented by the exasperated radio listeners of this part of the country including those of Prince Rupert who are denied hearing programs that they would like to hear because of a mere technicality.

## BRITISH MARKET ESSENTIAL

WESTERN CANADA lives under an 'export economy.

Trading lines for the Canadian West for many years have been chiefly related to the United Kingdom and Commonwealth markets.

It was the Imperial Trade Agreement that brought the West out of the depression of the Thirties. It should require little in the way of evidence to convince us in the West that the key to our prosperity is our ability to sell to sterling markets and that there is no adequate substitute in sight without a severe and painful readjustment period.

It is beyond credence that Canadians should be unable to bridge the gap between abnormal and normal conditions of availability of dollars in sterling countries.

Surely it is feasible for all the Canadian people, in their own interest, to underwrite a major part of the risk of recovering full value in selling Canadian products to eager buyers in sterling countries.

Surely half a pound is better than no pence at all. Surely we should say to our best customers: "Your future and our future lie together and we must make joint sacrifice and risk to maintain our trade."

The economic consequences of Canada taking pounds into a national fund, in promotion of Canadian-U.K. trade, and gambling on the future of sterling, would seem to be less dangerous than for Canada to resign herself to the destructive tortures and corrosive social effects of widespread unemployment and "relief."

Time and unimaginative, unstatesmanlike inactivity would doubtless produce their own solutions to this trading problem confronting Canada. But who could predict the social and political consequences of the adjustment? It would be a policy of drift, not one of direction or aggression.

Now is Canada's hour to step into a position of Commonwealth leadership and reconstruction. It is not good enough for us to sit and hope for trade droppings from the United States Marshall Plan table.

## Bank Supervisor Is Visitor Here

In the course of an inspection tour through central British Columbia, A. F. McAlpine supervisor of British Columbia branches of the Royal Bank of Canada, arrived in the city by car yesterday from the interior, accompanied by B. McGill, staff supervisor, and J. Cooke, who is in charge of bank premises. They will sail by the Prince Ru-

pert tomorrow night for Vancouver. Late this afternoon Grant Stewart, local manager, will be host for Mr. McAlpine at the wardroom of H.M.C.S. Chatham

A. J. Lancaster arrived in the city on the Prince Rupert this morning from Vancouver for a visit here with his son-in-law and daughter, Mr. and Mrs. E. J. Smith.

## SIGNIFICANCE OF HANDS IS SERMON TOPIC

At the morning service at United Church, Prince Rupert, on Sunday, Rev. L. G. Seiber spoke on the significance of hands. Even in every day contact the hands of people tell a story, he said. When people shake hands an impression is given. The feel of the hand reveals the character of the person or perhaps indicates the kind of work he does. In the stories of the Bible hands play an important part. The angel of the Lord stayed Abraham's hand as he was about to slay Isaac. Jacob received the blessing intended for Esau when he deceived Isaac who said: "The Voice is Jacob's voice but the hands are the hands of Esau." Thomas doubted that Christ had risen from the dead until he had seen and felt the hands of his Master. Pilate tried in vain to wash his hands clean. Judas' hands were stained. But the hands of Christ were hands of sacrificial suffering and God's hands are always redemptive hands. We have a work to do to use our hands to build up peace and the brotherhood of man.

**CHRISTIANITY AND LABOR**  
At the evening service Mr. Seiber spoke on the relationship between Christianity and labor. The change in the economy of labor required corresponding changes in the work of the church. The individual owner and employer had been largely replaced by the impersonal corporation. There had been a big shift of workers from the country to the cities. There had been a big movement from the east to the west. Much of the unrest among the workers was due to a desire for individual recognition. Even in the professions there was a movement towards the subordination of the individual to the influence and direction of government or other complex controls. Christianity must recognize these changes and adapt her methods and instruction to bring complete harmony between the workers and the

## Ian M'Kenzie No Poor Boy

Old Friends in Prince Rupert Amused at Stories of Poverty

Newspapers erred in their biographies of the late Rt. Hon. Senator Ian Mackenzie when they said that he was brought up in poverty in his native Scotland say William Mackenzie, 1257 Eleventh Avenue, and Cathel Kerr, Tatlow Street, who lived in villages neighboring on Mackenzie's Assynt. In fact, they knew young Ian quite well as a boy. Mr. Mackenzie of this city hails from Drumberg, three miles from Assynt, and Mr. Kerr from Clashmore, only half a mile distant.

There was no poverty in the Mackenzie house," agreed Mr. Mackenzie and Mr. Kerr in talking with a Daily News representative yesterday afternoon. George Mackenzie, Ian's father, a fisherman-farmer, owned a

60-foot sailing boat, the Capherfeith (Gaelic for deer horn) and was known as a very successful fisher of herring and cod in the waters of the Minch between the mainland of Western Scotland and the Island of Lewis. He was also a successful farmer and had fine crops of potatoes, vegetables and feed for the stock which included cows and chickens. There was always plenty of meat, milk and butter.

Boys in the Scottish villages did not go barefoot because of poverty. Boys always did that in spring and summer. "If Ian went barefooted, it was quite possible that there was a new pair of shoes at home," remarked Mr. Mackenzie.

"Yes, Ian was a very clever boy in his studies," Mr. Mackenzie agreed.

"Ian's father frequently came to Drumberg to sell his fish. That which he could not sell, he gave away and it was many a fish that I obtained from his boat to take home."

Mr. Mackenzie recalled that Ian's sisters, Mrs. Dan Stewart and Flora Mackenzie were early day residents of Prince Rupert.

The immediate embarking upon the evangelical enterprise of building a Rectory waits on two things to be done this month.

A. That Volunteer workers turn out Thursday afternoons and Saturdays equipped to clear and excavate the site.  
B. That our good will and intentions for this project which have not yet resulted in subscribing receive our attention. Almost five sixths of the minimum sum required is in hand. Having this help it will be possible to ask a general meeting to give us the green light.

## Ray Reflects . . . and Reminisces

Watch out for the fake ten spot. The warning came last night. The imitation is good enough to be dangerous and, for that reason, look twice, or thrice, if you happen to be carrying on a cash trade or handle money in the course of daily routine. Don't let a counterfeiter make you look and feel silly!

There are people who cannot get away from feeling sorry for themselves and to the attention of these, the meaning of Labor and all it stands for is respectfully directed. How many realize that in the year 1900 men worked from 6 a.m. to 6 p.m. for a pittance, that they were forbidden to combine for the purpose of trying to protect their own interests, that they had no vote and were subject to certain restrictions that barred the way to even the rudiments of education.

It is said that, when Buffalo Bill and his wild west show toured Europe many a year ago, the German Army gained a few tips from watching the methods they had in handling tents and equipment. There was no waste of time. Everyone knew his job. Buffalo Bill never saw Prince Rupert but it's a fact that, until round midnight Monday, the razzle-dazzle over on First Avenue was still going strong. But before daybreak, everything had vanished. There must be system and speed, when getting around today from a vacation trip to Vancouver.

If oil is struck, who owns it?

A fair enough query, and of local interest, seeing Prince Rupert will possibly find its way into the gusher belt. In Alberta, oil belongs chiefly to the provincial government with the C.P.R. and Hudson's Bay Co. substantial owners. About 80,000 farmers are more or less interested but only a very small percentage can actually be called owners.

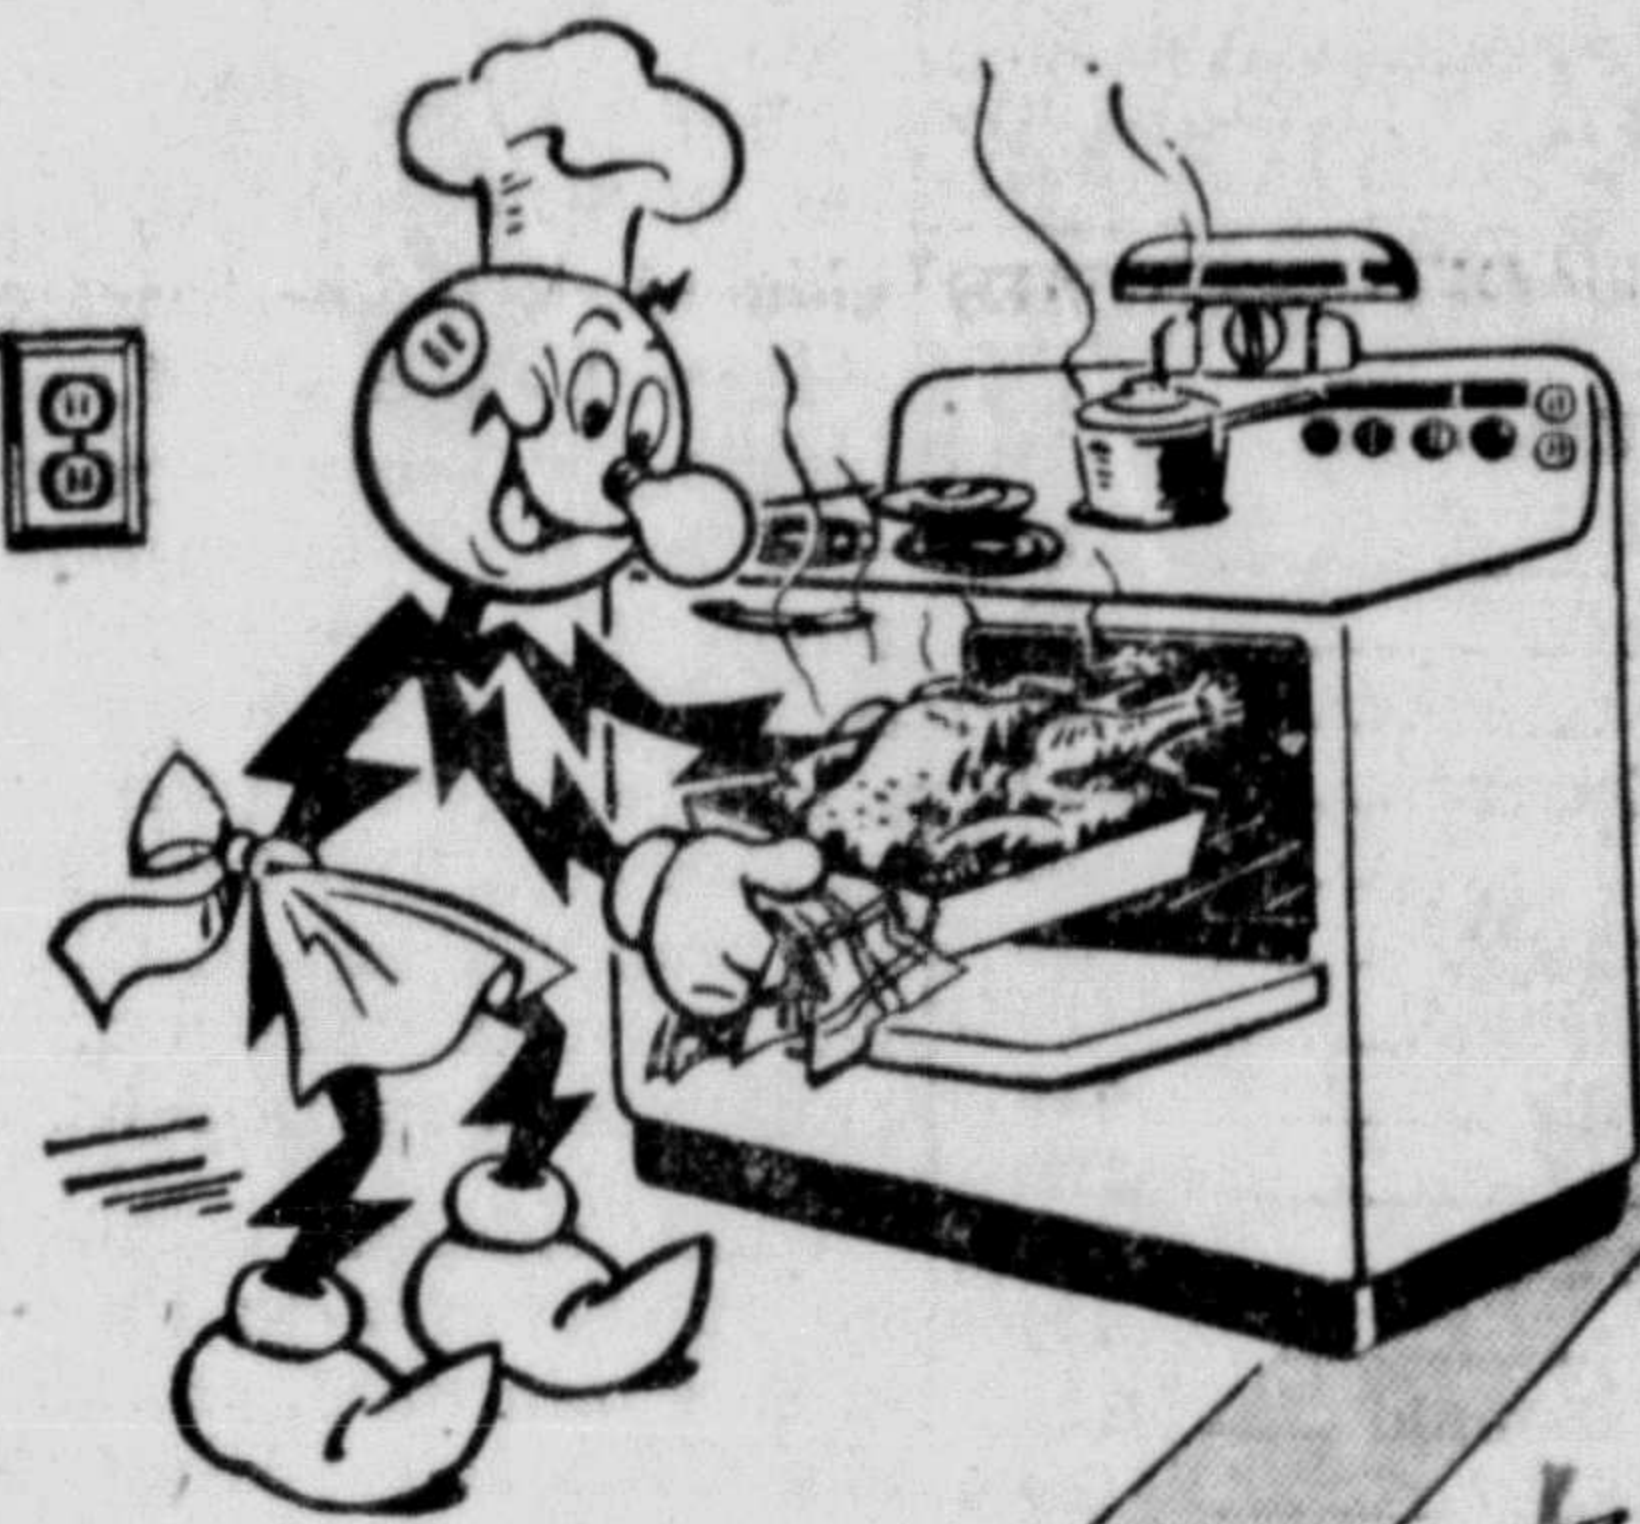

Oil rights, it seems, are seldom sold. Instead, rights are leased as surface rights are leased and it is here that farmers are given compensation. Generally speaking, the compensation is found satisfactory although there are times when there must be arbitration proceedings.

## QUIETLY WED AT UNITED CHURCH

Miss Irene Edith Weatherby, **Bride of Jack Harold Mitchell**

Miss Irene Edith Weatherby, daughter of Mr. and Mrs. Leigh S. Weatherby of Nanaimo, and Jack Harold Mitchell were united in marriage by Rev. Lawrence G. Sieber at a quiet ceremony in First United Church Saturday evening.

The bride, given in marriage by Don R. Creed, was attractive in a pale green suit and carried a bouquet of red roses. The bridesmaid was Miss Irene B. Russell who wore a grey suit with bouquet of light pink and red carnations. Groomsman was Erman Hildebrand.

Following the ceremony a reception was held at the home of Mr. and Mrs. Don Creed, where the couple received felicitations of friends under a bridal arch. Toast to the bride was proposed by Mr. Seiber and responded to by the groom. The bride cut a pretty two-tier wedding cake. Serviteurs of delicious refreshments were Mrs. Creed, Miss Edna Kirkham, Miss Evelyn Skog and Miss Mona Mutch.

Mr. and Mrs. Mitchell are taking up residence in the Exchange Block. The groom is with the Canadian National Railways offices staff here. The bride has been with the city telephone department.

**MISS CANADA IV FAILS TO BREAK WORLD SPEEDBOAT RECORD**—Foiled by bad weather and a balky engine Miss Canada IV, seen, above, failed to break world's speed record set by Sir Malcolm Campbell. The 37-year-old driver of speedboat, Harold Wilson, of Ingersoll, Ont., was scheduled to make championship runs on Picton Bay but rough water and engine trouble foiled him. Once again craft had failed at crack to gain recognition as undisputed speedboat queen, but Wilson, in spite of bad luck in previous races, said yesterday in Detroit he would try again to lift the Harmsworth Trophy from the United States.

"Col. Sam," a lover of thoroughbreds who never cared about the size of a purse, is planning to retire from the Canadian horse racing scene. "Colonel Sam"—R. S. McLaughlin of Oshawa, Ont.—will sell his entire farm and equipment soon, it was announced recently, bearing out rumors last year that his colors would not be seen on the tracks much longer.

The 85-year old automobile magnate made by far the greatest contributions to Canadian horse racing industry in the last 15 or 20 years, says Jim (Toronto Globe and Mail) Coleman. "He ran his horses as every horse man should—to win." He has been a sportsman who raced his horses only for the personal pleasures which their victories gave him—the purses which they won meant nothing to him because they repaid only a small fraction of the vast sum he invested.

"Only Col. McLaughlin and his immediate staff know how much he has expended on thoroughbred racing stock in the last 20 years. We would guess that the operation of his breeding establishment and racing stable has run into millions of dollars." According to records, there were only three years in which the earnings of "Col. Sam's" horses came close to repaying him. In 1946, he won \$90,000 in purses; in 1947, \$122,420; and \$70,000 in 1948.

"Unlike many of the great American breeders, Col. McLaughlin didn't breed his horses for public sale. He bred each of them to race in his own colors. However, if they didn't prove to be stakes-winning quality they were dropped into claiming races from which less wealthy horsemen claimed them with alacrity. Many a 'gypsy' horseman has made himself an excellent living, racing a horse that was discarded by the McLaughlin stable."

Now the McLaughlin broodmares are scattered over the Dominion's breeding farms from Quebec to British Columbia. His colors were carried to victory in the King's Plate—Canadian turfdom's blue ribbon event—

**TOP MARATHONER**—Looking reasonably fresh after his 15-miles trip over Toronto's chilly waterfront course, 18-year-old Cliff Lamsden of New Toronto flashes a big victory grin on winning the Canadian National Exhibition's annual marathon swim. Lamsden led all the way to take \$6,300 in prize money.

SEALED TENDERS endorsed "Tender, Government Liquor Store, Vanderhoof," and "Tender, Government Liquor Store Terrace" will be received by the undersigned for the erection and completion of premises fronting on Stewart Street, Village of Vanderhoof, B. C. and for the erection and completion of premises for use as a Government Liquor Store at Terrace, on Lots 17 and 18, Block 2, D. L. 361, C. D. R. 5, Plan 972, fronting on Lazelle Avenue, Village of Terrace.  
NOTE  
Each Government Liquor Store must be considered separately, and a composite tender for the construction of both will not be considered. Tenders for either one, or both, may be forwarded by one contractor but each bid will be judged as a separate unit of construction.  
Copies of the plans and specifications can be obtained from the undersigned on application and on payment of the sum of \$10.00 which amount will be refunded on return of the plans and specifications.  
Each tender must be accompanied by an accepted bank cheque on a chartered Bank of Canada, made payable to the Liquor Control Board for a sum equivalent of 10% of the amount of the Tender, which amount shall be forfeited if the party tendering declines to enter into the contract when called upon to do so. Tenders will not be considered unless signed by the actual signature of the tenderer.  
No tender will be accepted or considered that contains an Escalator or any other qualifying clause.  
Contract to include Fair Wage Clause.  
Tenders must be in the hands of the Secretary, Liquor Control Board, 525 Fort Street, Victoria, British Columbia, on or before 2:30 p.m. Friday the twenty-third September, 1949. Lowest or any tender not necessarily accepted.  
S. L. BUTCHER, Secretary  
Liquor Control Board,  
525 Fort Street,  
VICTORIA, B. C.

## so different today

THE FIRST HUMANS to eat cereals raised grain near their primitive dwellings and made it up for food. Today that delicious, appetizing cereal treat—Post's Grape-Nuts Flakes—is yours at any grocery store... easy to digest... wholesome... good for all the family.

Don't mind if your menfolk develop "caveman" appetites for Post's Grape-Nuts Flakes. Every delicious spoonful provides helpful nourishment from TWO GOLDEN GRAINS—sun-ripened wheat and malted barley... useful quantities of carbohydrates, protein, phosphorus and iron. For joyful, healthful eating ask today for Post's Grape-Nuts Flakes.

## DA NEEDS HEALTHY RAILWAYS TO SERVE HER PEOPLE

# 41 MILLION

## - a lot of passengers

Every Canadian depends on railroads—not only for travel but also, as freight carriers, to bring him almost everything he eats, wears, dwells in, uses... It amounts to 12 tons a year for every citizen.

**The railways EMPLOY a lot of people, too**

They paid \$544,000,000 in wages and salaries to over 190,000 Canadians last year. But that's just the beginning of what the railways mean to employment in Canada. Lumbermen, factory workers, miners, farmers—men in a hundred occupations—are busy producing things the railways buy. Last year their purchases added up to more than \$400,000,000.

This advertisement is one of a series pointing out the railways' key place in Canada's economy. As Canada's largest builders of railway rolling stock and equipment, this company and its employees are directly concerned with the railway industry. Canadian Car & Foundry, operating eight modern plants, turns out thousands of railway cars of every type. The company is fully equipped to supply Canada's railways with the latest type passenger and freight cars to meet the growing needs of our expanding economy.

**SHOO FLY! AND MONTREAL MEANS IT**—Bonsecours market in downtown Montreal gets a good dousing with a 25 per cent DDT spray as the city winds up the first of a two-day experimental campaign to keep flies away from food markets and other breeding places. Periodical checks will be made during succeeding weeks by city sanitary inspectors to see how well the spray is doing its job. City health officials had full co-operation of the national war on pests campaign committee in carrying out their first offensive against flies with the famous war-time chemical. Jeep-borne equipment made it possible for more than three-quarters of a million square feet on markets and stockyards to be sprayed the first day.

**Ocean Dock Elevator Used Again—Liners Making Farewell Calls**

For the first time since the war, the Barlow elevator on the Ocean Dock here was used Sunday for the loading of automobiles when the steamer Princess Kathleen, southbound from Skagway to Vancouver, called there and took on two cars which had been driven into Prince Rupert over the highway. With the cars were their owners, Mr. and Mrs. J. L. Stag and Mr. and Mrs. I. D. Stag, motor tourists from Oregon, who had driven here after fishing in the Cariboo and Prince George district. They had arrived on Saturday afternoon. The elevator on the Ocean Dock had been used quite regularly before the war by the old Princess Adelaide in the loading and unloading of cars and was similarly used during the war when the dock was taken over by the United States Army. After the war the motors were taken out but recently they were reinstalled. The Princess Kathleen called from 9 a.m. to noon Sunday on her final appearance here of the season after operating several tourist cruises to Alaska.

A Southern Pacific Railway tour party of 83 persons from San Francisco and elsewhere in California was included among 105 round-trippers who were here aboard the steamer Princess Louise which was in port from 12:45 to 3 o'clock Monday afternoon northbound from Vancouver to Skagway. Capt. J. A. Campbell is in command of the Princess Louise now, taking the place of Capt. William Hubenet who is now on a vacation. In all the Princess Louise brought 183 passengers out of Vancouver including ten who disembarked at Ocean Falls and 23 who came ashore here. From Prince Rupert the Princess Louise took 16 passengers north.

On another voyage with perishable goods from the United States in refrigeration, tug Shinn and barge sailed from Prince Rupert Saturday afternoon for Haines, Alaska, whence the goods will be taken in trucks over the Alaska Highway to central Alaska. The goods had been, as usual, brought here by rail from the United States.

Two Alaska motor vessels were in port during the week-end with canned salmon from southeastern Alaska for transshipment to United States over Canadian National Railways. MV Sidney was in port from 4 a.m. to 3:45 p.m. Saturday discharging 3800 cases while MV Dagney was in from 2:40 a.m. Sunday to 3:45 p.m. with 5804 cases.

Another coastal liner making her farewell appearance here for the season was Union steamer Chilcotin, Capt. Harry McLean, which arrived in port at 2:30 Monday afternoon from Vancouver and sailed at 7 p.m. for Ketchikan whence she returned here last night southbound. At conclusion of this voyage the Chilcotin will be tied up
