Pay Slash Is Answer To Loggers' Demands

Operators Seeking Cut At Hearing By Board

VANCOUVER (CP)—A thirteen-cent per hour pay slash is the reply to wage demands of 31,000 coastal loggers. Lumber camp operators proposed the wage cut to a conciliation board hearing loggers' demands for 15-cent per hour wage increases. The hearing continues today.

Town Half Wiped Out

Val Senneville Hard Hit by Wind-Blown Forest Fire

VAL SENNEVILLE, Que. (CP)—Twelve families are homeless in this mining village as a result of a savage forest fire which wiped out nearly half of this community last night. Val Senneville is 15 miles east of Val d'Or and 200 miles northwest of Ott.

There were no injuries but property damage is expected to be heavy.

Telephone and telegraph communications were cut off by the storm. Residents were evacuated.

GETS LIFE FOR ASSASSINATION

SEOUL, Korea (CP)—Lt. Ahn Doo Hi, 33, has been sentenced to life for assassination of the nationalist leader, Kim Koo, on June 26. He confessed that he killed the one time Korean president in exile when he learned that Kim had sought to overthrow the present government.

CATHOLICS IN REVOLT

PRAGUE (CP)—Police cut down a "revolt" in a Slovakian town where Roman Catholics were defending their priest from threatened arrest and attempting to set up their own local government, a Communist magazine reports.

Villagers, led by fighting peasant women, beat up the chairman of the Communist-controlled government.

Two persons were wounded and several arrested at the town of Strecno in northwest Slovakia.

The magazine said the village had its electrical power cut off for two weeks, apparently as punishment. It claimed the citizens chose an illegal council of their own to replace the local government.

MENTAL CASE GOES BERSERK

WINNIPEG (CP)—A man described as a "mental case" went berserk last night, slashing four persons with jagged glass. He is believed to be Peter Slusarchuk, former patient in the provincial mental home.

The man beat Mrs. Florence Smith, aged 45, to the ground, slashed her severely, kicked in the window glasses of three buses and taxis and slashed the others. He was finally overpowered by two unidentified men.

HOUSING IS BIG PROBLEM

QUITO (CP)—The Ecuadorian government faces the problem of housing 100,000 homeless from Friday's earthquake which gutted fifty mountain communities and caused thousands of deaths.

A spokesman for President Gale Plaza Lasso said that there was no official death list yet but that it might exceed 4000. He said there were 3200 deaths in Pelileo alone.

In the ravaged city of Ambato, seventy-five percent of the houses still standing must be torn down.

INTERCOASTAL RUN RESUMED

MONTREAL (CP)—Montreal-Vancouver all-water service via Panama Canal resumes August 30 with the sailing of the Canadian freighter Seaside. Inaugurated last May, the service had been discontinued by the deep-sea shipping strike.

Coal Miners' Strike Is Breaking Up

Seventy Thousand Men Have Returned To Work

SYDNEY, Australia (CP)—Miners of western and southern Australia coal fields, at a mass meeting today, rejected a proposal of the central union executive that it negotiate the miners' demands with the Commonwealth and New South Wales governments. Both governments said yesterday they would not negotiate with the miners.

TRAFFIC BYLAW AMENDMENTS GET FIRST READING

Amendments to the city's street traffic and parking bylaw emerged from committee stage last night in the form of an amendment bylaw which contains three of seven original suggested changes to bring order out of the increasingly confused state of downtown traffic.

The bylaw received its first reading in council.

Major revision, which will bring an answer to a condition which has beset Third Avenue, is an amendment clause which will permit a maximum parking time of 15 minutes in the Post Office block on both sides of the street.

The clause reads: "It shall be unlawful for any person in charge of any vehicle to permit such vehicle to remain parked or stationary for a longer period than 15 minutes between the hours of 9 a.m. and 6 p.m. on the north side of Third Avenue between Third Street and Fourth Street and on the south side of Third Avenue between Lot 21, Block 34, section 1 and Fulton Street."

Designation of the lot on the south side of Third Avenue is

SHOWDOWN IN NEW ZEALAND

AUCKLAND, New Zealand (CP)—Dock workers were told today by shipping companies to return to normal work by tomorrow or be fired.

The ultimatum threatens to halt all dockside work.

The action followed refusal by Union men to work a normal amount of night overtime, causing an accumulation of ship- ping.

made because of the fact that Third Street terminates on the north side of Third Avenue. The place on the south side is directly opposite the Third Street corner.

The amendment bylaw clauses formally authorizes diagonal parking on Second Avenue a condition which has prevailed between Sixth and Seventh St., a on request of business estab- (Continued on Page 6)

To Take Part in Gathering To Form Council of Europe

STRASBOURG, France (CP)—Winston Churchill is scheduled to arrive today to press the appeal for admitting western Germany into the newly-created council of Europe.

Foreign ministers of ten founding countries opened their first session yesterday, inviting Turkey, Greenland and Iceland to the council which sponsors the hope that some day it will be a full-fledged European union.

Admission of Germany, in the proposal, would be after the elections next month.

HAMILTON EVENS UP

North Shore Defeated In Second Game of Dominion Football Finals

CALGARY (CP)—Hamilton's fast aggressive eleven ran North Vancouver's vaunted North Shore club into the ground last night to take a two-to-one victory and tie the Dominion Football Association championship at one game each.

North Shore had won the first game Saturday night 4 to nil.

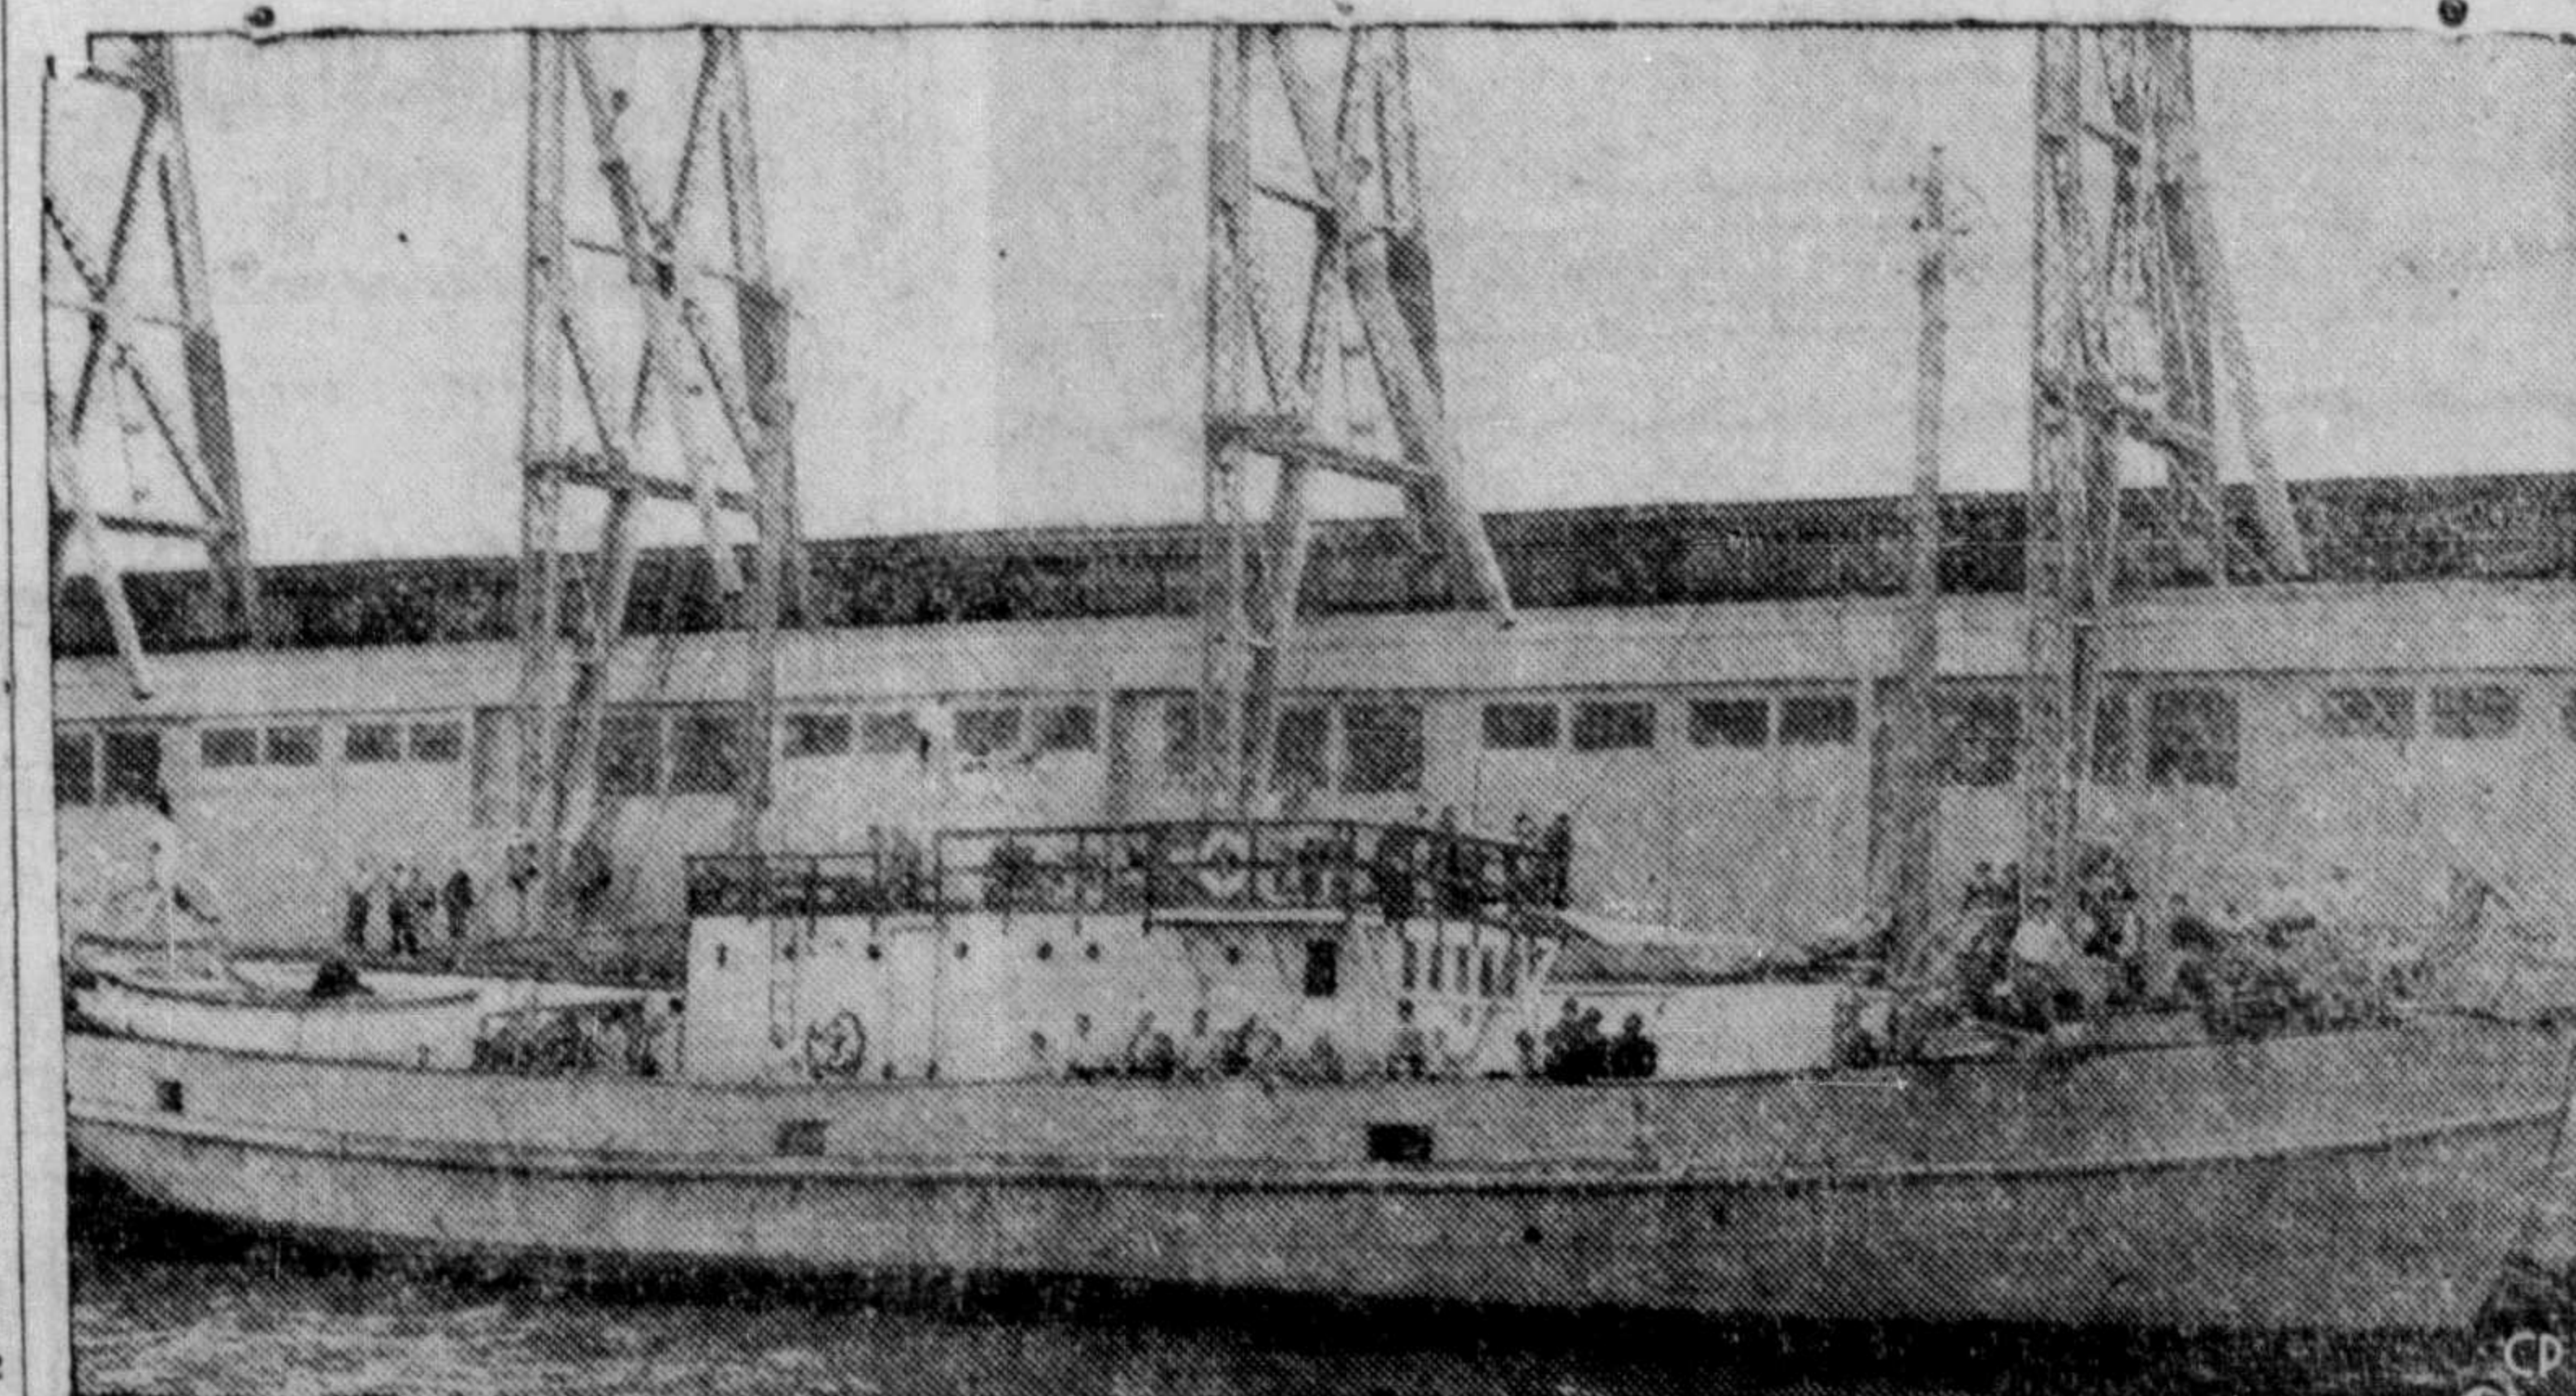

The third and deciding game of the series will be played here Wednesday night.

Hamilton's light forward line took command of the play from the opening whistle and never appeared close to defeat. They tackled their heavier opponents with zest and abandon, bringing roars of approval from a non-partizan crowd of about 2,000 fans.

Only spectacular play of Goalle Frank Ashdown held Hamilton from running up a lopsided score.

THREE IN A JEEP—Defence Minister Claxton, left, and Maj-Gen. Chris Vokes, officer commanding the army's central command, escort Dr. P. O. Choung, representative of the president of Korea, in an army jeep to a night fire-power demonstration at the Canadian Army's big reserve camp at Petawawa, Ont. Dr. Choung, who is Korean representative at the United Nations, is visiting Ottawa in an attempt to have Canada establish commercial and diplomatic relations with his country.

REFUGEE SHIP—The 250-ton ship Parnu, a former Canadian minesweeper, brought 134 Estonian and Latvian refugees to Canada after a rough 17-day Atlantic crossing from Sweden. This is the second refugee ship to reach Halifax within the past few weeks. The Skipper of the Parnu Capt. Josef Sukdorf, told Swedish port officials he was sailing for Norway, but set a course for Halifax, instead. (C. P. Photo)

AIR LINE SEEKS SEAL COVE LEASE

A request by Queen Charlotte Airlines to sub-lease from the city a part of the Seal Cove Air base for aircraft maintenance and hangar purposes was referred to the finance committee by city council last night. The finance committee will take the matter up with the Department of Transport and other agencies before recommending a decision.

The air line requested an area 350 feet long and 200 feet wide and use of a ramp at the opposite side of the concrete apron to that used by Canadian Pacific Air Lines. The company now pointed out that it is using wharfage space leased by the Department of Fisheries and that its increasing activity made it desirable to have its own base facilities.

Repair and maintenance of Q.C.A. planes is now carried out in the former air force hangar under arrangement with C.P.A. which leases it from the city. The aldermen were not certain of what might be involved with the Department of Transport and the Department of Fisheries so instructed the finance committee to investigate and report.

Any lease granted would have to terminate at the same time as the lease granted to C.P.A. since the city's lease from the Department of Transport is for only five years.

The petitioners pointed out that, in addition to servicing their own planes, they could provide accommodation for visiting private aircraft. If the lease is granted, they also plan to install their own fueling facilities.

MARRIED WOMEN TO BE REPLACED

VICTORIA (CP)—Replacement of married women in the employ of the government is the plan of the Civil Service Commission, a top-ranking official said yesterday.

"We don't want them (married women) to get the idea they are firmly implanted in their jobs," the spokesman said. He confirmed reports that all married women civil servants have been asked to submit to the Commission open resignations to be kept on file until the time comes when they can be replaced or their positions abolished.

EXPLOSION IN SUB-STATION

Vancouver Power and Transportation Interfered With For Almost An Hour

VANCOUVER (CP)—An explosion and fire in Hornepayne sub-station of the British Columbia Electric Railway Co. in the Burnaby district left Vancouver and most of the lower mainland area without electric power for nearly an hour yesterday. The failure occurred at 1:50 p.m. and power was restored shortly after 2:35 p.m. No one was injured although the station operator had a miraculous escape from death when he was thrown to the floor by the violence of the impact.

Street cars, trolley buses and interurban trains in the affected area were brought to a standstill as well as all electrically-powered industrial machinery.

The Problem Beyond

TODAY'S transitional urgencies, chiefly of an economic or political character—the Atlantic Pact, arms for Europe, European economic recovery—are international problems which absorb interest. Yet beyond them is the larger problem of achieving an international order within which the nations may find a peaceful solution to their most virulent disputes. Beyond them even is the present imperfect instrument of such an order—the United Nations.

To some people the vision of a world government may be no more than an escape from the hard necessity of supporting the concrete practical steps in international co-operation to be taken now. It is easier to sacrifice national sovereignty in theory than to find among today's divided nations the actual community of interest which alone can bring world law.

The chief danger is the possibility of splitting wide open the only existing organ for world action, the U.N. Only the sincerity with which the nations carry out their intentions can keep them from dividing the world further instead of helping to unify it.

Nevertheless, given a clear sense of immediate, practical necessities as well as ultimate, ideal possibilities, forward-looking men and women may compose the transitory difficulties.

GOVERNMENT AND UNIONS

BRITISH POLITICAL INTEREST will soon be shifting to the doings of the Trades Union Congress, that is to meet in Yorkshire, in September. Sir Stafford Cripps, Chancellor of the Exchequer, will no doubt send to it what has now become almost his customary message on the economic state of the nation. But meanwhile, union members of the Congress are ventilating their ideas of what ought to be the economic state of the nation. Most of them centre on the cost of living. The nub of discussion on that in September may well be whether it is possible for the government to do much more, or much at all, by legislation or order to bring down the cost of living.

Rather, if the government has its way, the question is likely to be whether the unions, by persuasion and education among their people, can get the ideas across that the way of decreasing the cost of living is by decreasing the cost of production; and in that the worker has the greatest part to play. That, at any rate, is likely to be the case put to the unions by one government spokesman and another. The unions themselves, in the resolutions they have put down for the meeting of the Congress, have a variety of ideas, none of which is by any means rejected by the government. But it is likely to point to the comparatively limited effect that most of them can be calculated to have.

LOOKING BACK

10 Years Ago

(August 9, 1939)
Eli Green, of Port Essington succumbed to carbon monoxide poisoning aboard his boat at the waterfront here.

A local branch of the B. C. Cancer Society was formed at a meeting in the city hall. Officers were: Dr. R. G. Large, chairman; Dr. Neal Carter, secretary; Mrs. G. B. Church, treasurer; Dr. C. H. Hankinson and Mrs. Alex McRae directors.

Plans were laid for a plebiscite to determine whether or not the city should have a manager on the retirement of Commissioner W. J. Alder at the end of the year. Chamber of Commerce, business and labor organizations were responsible for the move.

25 Years Ago

(August 9, 1924)
Formation of half a company of naval volunteer reserves at Prince Rupert was proposed. The Daily News pointed out that since only two divisions were to be allowed on the Pacific Coast, Prince Rupert might as well have one. The other was being formed at Vancouver.

Harry Carnahan, held in jail on suspicion of being a drug addict, was found in his cell bleeding to death from wounds in his wrist, apparently made by himself with a razor blade. He died later in hospital.

The Northern B. C. Agricultural Association offered a round trip ticket to the British Empire Exhibition at London to the winner of the carnival queen contest to be held in connection with its annual fall fair. Prizes totalled \$1,500.

"MATTER OF PRINCIPLE" BRINGS TAXPAYER BEFORE CITY COUNCIL

A "matter of principle" involving the pre-payment of utilities accounts came before city council last night and the aldermen, more than a little awed by its sweeping approach, placed it in the lap of the finance committee.

George McWhinney of 831 Bacon Street came before council to protest a 25-cent boost in his garbage rates which, along with his telephone and water bill, he had paid six months in advance.

Payment in advance, he argued, should have protected him from an increase in garbage rates which went into effect last May. For that reason he had no intention of paying the 25-cent bill which the accountant's department had sent him.

"I wish to point out to the Worshipful Mayor and worthy aldermen that it is not the measly 25 cents which inspires this objection. It's the principle," he declared.

To make matters worse, when he failed to meet payment of the 25-cent fee, the city had sent him another bill containing a 15-cent penalty charge. This inspired him to cancel his garbage collection arrangement with the city.

What City Council Did

to advise the Victoria group that the city already has endorsed a resolution to the Union of B. C. Municipalities to that effect.

Approved a licensing committee report which authorized the granting of a trade license to Arthur Murray to operate a tire sales agency.

On recommendation of the board of works, decided to purchase a new one-ton truck for the water works department and turn the present one-half ton truck now used by the department over to the City Engineer, to replace his car which is worn out.

"We don't eat out of cans and we burn our refuse," he declared. "I'll never pay that bill. I'll take it farther than this." He also registered a complaint regarding a water course which cuts through his property, asking that it be enclosed by the city.

City Clerk H. D. Thain told council that, in the matter of pre-payment of accounts, only water accounts can be pre-paid. "He is under the impression that he pre-paid everything. Actually, he has only pre-paid his water account. He made a deposit on his garbage and telephone payments."

The matter was referred to the finance committee and the ditch question to the board of works.

Ray Reflects and Reminisces

About the same time Exercise Eagle was launched in the Peace River region, something that was neither feigned or imaginary struck Ecuador, south of Panama. Nature made war—a stroke of overwhelming power and terror. Casualty lists lenthened. Exercise Eagle was not war, nor had it anything to do with earthquakes. It was useful and so merciful. Canada is fortunate indeed and in so many different ways.

It was no new experience for quite a few of the sailors on the Ontario to spend a while in Prince Rupert, although for the great majority the rainy city up north held surprises, practically all ageable.

After nearly forty unbroken years of being newspaper conscious, New Hazelton must feel there is something missing. Well, there is. The Herald sold out, packed up and moved down river. A paper, if its community is not beyond a certain size, is entirely different from any other entering there. The sheet may be liked or disliked but cannot be disregarded, ignored or extinguished. One must admit, perhaps against his will, there is an intimacy he is bound to feel. And though he vows the rag is no good and was never known to print a thing right, he will read every word in it twice and swear (sotto voice) if there is lateness in delivery.

Classified advertising is a handy, quick and comparatively inexpensive way of using print-

er's ink. Also, if there is urgency it can be accepted up to noon—perhaps later. The Daily News carries columns of classifieds and large city papers, page after page. All of which show what the public think.

Canadian naval craft have been welcomed in Alaskan ports this summer. For the people on shore and the young men aboard ship, it was a mutual pleasure to meet one another. The Ontario, the Crescent and the Athabaskan were all in the north, at one time or another. There is nothing like actual association for changing strangers into friends, and widening real information, instead of remaining under possible misconceptions.

Dust seemed thicker, blew faster and more frequently, and half the year felt colder when Saskatoon was just another town with nothing visible to crow about. Drinking water was drawn from the brown Saskatchewan River. To step on a plank sidewalk in the frosty stillness of a January morning sounded like a pistol shot. Most of the dwellings were flimsy but Saskatoon got over that—in time. Hotels were just that, no more and no less.

"May I ask what kind of soup you are serving?" inquired a polite guest from Manitoba, of a proprietor who, short of help, was none too amiable.

"Darn good soup," said the boss, moving along to the next table.

FUN CLUB SEASON BEING WOUND UP

The members of the Fun Club were again thwarted in their efforts to hold an outdoor weiner roast on Sunday afternoon owing to bad weather. A trip to H.M.C.S. Ontario was substituted for those members who turned out in spite of the weather. Arrangements have been made for the members of the club to attend Wednesday's matinee of "Connecticut Yankee" at the Capitol Theatre. The same evening, weiners and buns will be served to the members of the Fun Club at the Civic Centre. This will be final meeting of the club for this year.

Arthur Knutson Funeral Thursday

With the fishing vessel Lois N. due in port today or tomorrow with deceased brother, Lewis Knutson, funeral of Arthur Knutson, well known local young man, who died at the end of the week following a brief illness, has been arranged for Thursday afternoon. Rev. George E. Sendall, pastor of First Presbyterian Church, will officiate. Pallbearers will be Donald Scherk, Sydney Scherk, John Currie, Stan Vickerman, Harry Harrison and Louis Crompt.

"You and your wife have been coming here for a long time and I knew it had to come to this."

ARE HONORED ON GOLDEN WEDDING

A pleasant Saturday evening was spent when Mrs. Alfred Berry and Mrs. Leslie Brain entertained members of the family and friends at the home of Mrs. Berry, 700 McBride Street, in honor of the golden wedding anniversary of Mr. and Mrs. A. St. G. Brain.

A round of applause greeted the guests of honor as Mr. and Mrs. Brain, entered the living room which was decorated with flowers and white streamers.

A large white bell was suspended over the chairs where they sat to open the lovely gifts which were presented to them by their grand-daughter, Marilyn Berry.

The evening was passed with music and games. Following the serving of refreshments the bride and groom of 50 years ago cut a three-tier wedding cake which was beautifully decorated with the same adornments with which Mrs. Leslie Brain and Mrs. Berry had on their wedding cakes.

Messages of congratulations have been received from England, New Zealand and Toronto, as well as Vancouver and Prince Rupert.

Among those present were Leslie Brain, Miss Margie Brain, Vernon Cicconi, Mr. and Mrs. K. L. Monteith, Mr. and Mrs. W. Macdonald, Mr. and Mrs. E. Shiers, Mrs. A. L. Haines, Mrs.

Henry Stangbye, Mr. and Mrs. G. Ciccone, Mrs. Helen Showdra, and Keith McAra. Unable to be with the family were Alfred Berry, Victor Brain, and Gordon Brain, all of whom were out of town at the time.

ANYTHING FOR A ROOM

LONDON — Mrs. E. Casey asked a rentals tribunal to evict her three men roomers. She said she was rundown and the housework was too much for her. The tribunal, however, acceded the roomers' offer to tidy their own quarters and help Mrs. Casey with the housework.

BLACKHEADS

Get quickly by a simple method that dissolves them. Get two ounces of peroxide powder from your druggist, apply with a hot, wet cloth gently over the blackheads and you will wonder where they have gone.

The largest crowd ever to see a Western International League baseball game in Yakima—4,575—watched the league-leading Bears increase their margin over second-place Vancouver by beating the Caps 3-1 on Wednesday night of last week.

Lefty Lloyd Dickey hand-cuffed Vancouver for 8 2/3 innings before his control left him completely and he issued four walks to force in Vancouver's only run. With the bases jammed and Len Tran in the batter's box, Manager Joe Orenge was quick to use his newest addition to the pitching staff, Gene Babbitt, former Spokane relief ace, who joined the Yakima club this week. Babbitt tossed four pitches in getting Tran to end the game by flying out to Snag Moore in centre-field.

Dickey struck out 11 men and had his best control of the season until the ninth. He then issued four of his six passes. Dickey fanned six of the first 11 Vancouver batters to face him and allowed six hits. Bob Williams' single, Len Tran's error, a hit batter and Moore's double produced Yakima's three runs in the fourth inning.

P. Wilson brought relief to the Motors. The Motors nine men were fighting strongly and J. Wilson and Lien were giving nothing away. Motors forwards moved out and Owens tested Morgan with an awkward drive. Then D. Gomez at the other end found Boulter very good although conceding a corner. A few minutes later, Boulter again saved, this time marvelously at point blank range from Gomez, and then again from Pavlikis. Price cleared strongly and Motors then had a short spell of pressing, but found that nine men cannot hold eleven. In a few moments Vuckovich had a good run and shot past Boulter to give the Army a two-goal lead. Half-time found play at midfield.

P. Wilson kicked off for Motors on the resumption. A Gomez had replaced Veitch. Motors soon forced a corner but it proved fruitless. Next moment J. Wilson was clearing Motors lines when Pavlikis threatened. Play continued evenly with Motors players giving as good as they got. The extra two men finally began to tell and Vuckovich gathered a pass and centred nicely to Pavlikis who headed a smartly-taken goal. A few minutes later D. Gomez finished the movement with the Army's fourth counter. Then Bishop was outstanding, making a fine run and finally driving narrowly by. Motors strove strenuously and Morgan deflected Currie's dangerous centre into the Battery mesh while attempting to clear with three Motors forwards in close. Battery returned quickly and Boulter did well to punch a Parkhouse lob away. Then Pavlikis was through again but was tripped. Vuckovich drove the resulting penalty shot high over the bar. Battery drove hard now and forced three abortive corners, but the Motors defence held out to the final whistle. Battery being the winners by four goals to one.

MORE SHAVES FROM BLADE

MONTREAL — Dr. J. S. Foster, nuclear physicist in charge of McGill University's radiation laboratory, can turn his mind to lighter problems than those posed by the University's big cyclotron.

When a reporter went to interview him, the scientist told him how to get 30 shaves out of a single razor blade.

"Take any soap and wash your face and rinse it," said Dr. Foster. "That gets rid of the dirt. Then soap and rinse it again."

"That gets rid of the scum and you won't believe this scum is still there until you try it yourself. It's this dirt and scum which dulls and clogs the razor."

"Soap your face a third time, and this time you can use shaving soap, although it's not necessary, then shave. But don't

HOW CAN I ???

By ANNE ASHLEY

Q. How can I remove ink stains from a rug?

A. By saturating the spot over it then taking a large spoon with vinegar, sprinkling salt and dipping up as much as possible. Repeat several times, then rinse in cold water.

Q. How can I retain the juices when roasting meat?

A. Heat the oven very hot before putting in the meat to roast. This will cause the outside of the meat to sear and retain the juices.

Q. How can I soften water for bathing?

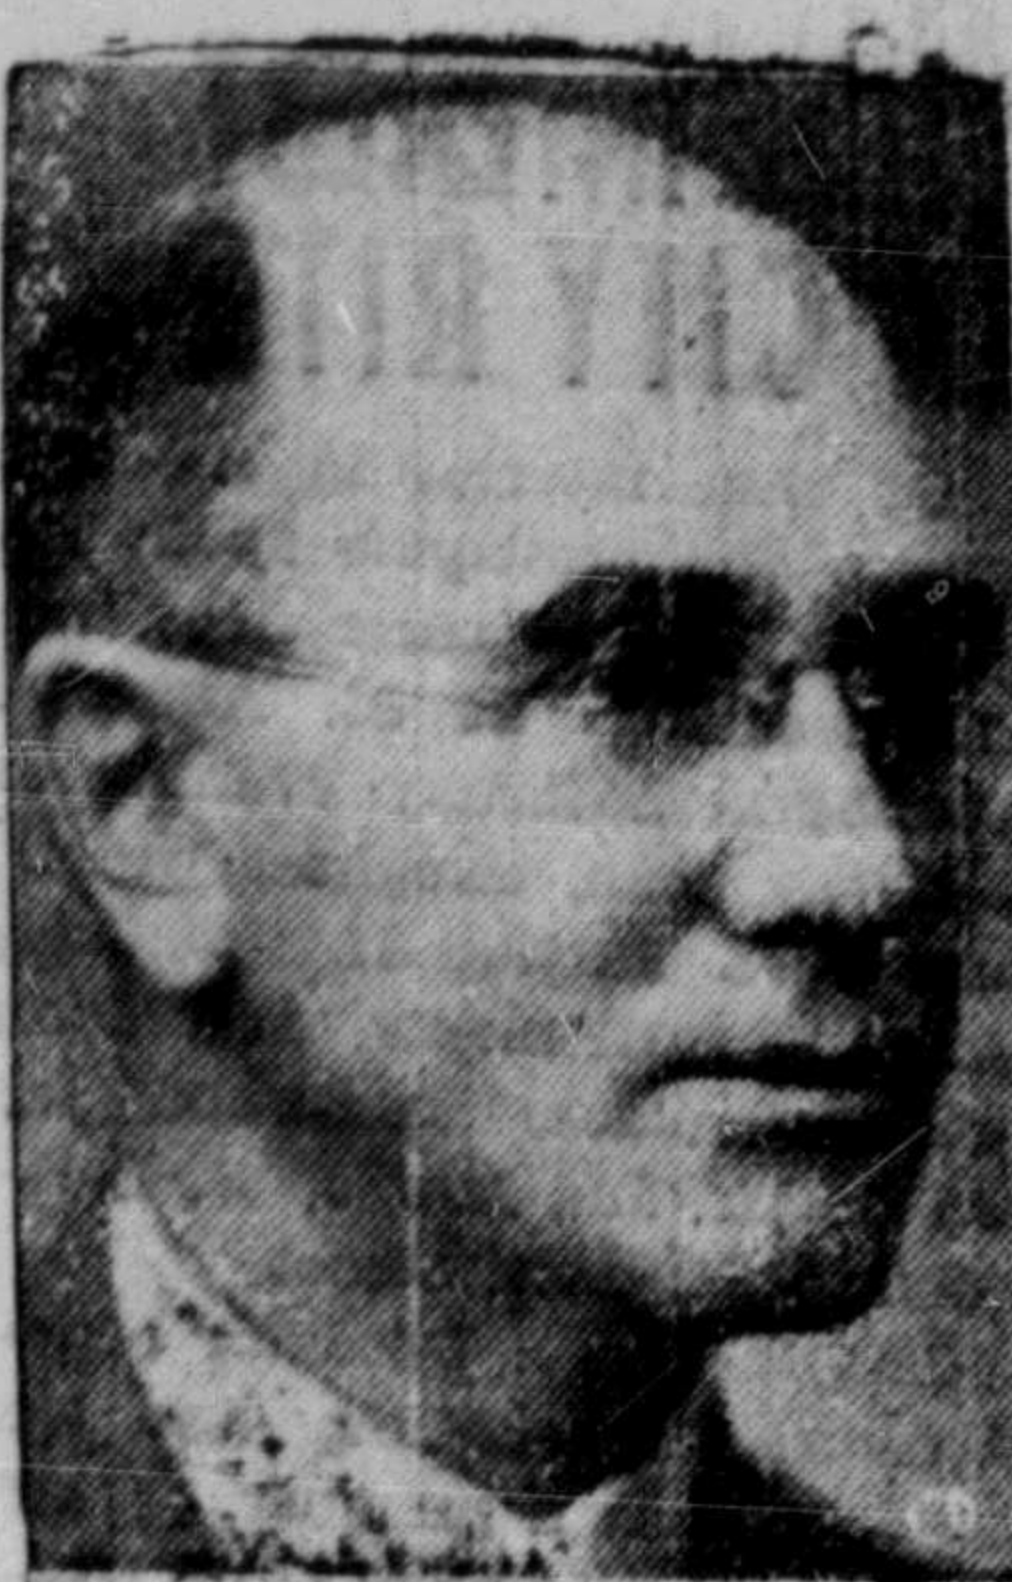

A. Add a half teacup of ammonia to the bath water and it will soften the water wonderfully, and also has a stimulating effect on the skin.

CITY WOMAN DIES SUDDENLY

Mrs. Moya Thomas, a resident of Prince Rupert for the last 16 years, collapsed suddenly and died at the home of her daughter, Mrs. Kenneth Yelland, 1078 Seventh Avenue East on Monday. She had been ill for some time prior to her death but had been released from hospital and was feeling well immediately before collapsing. She was 59 years old.

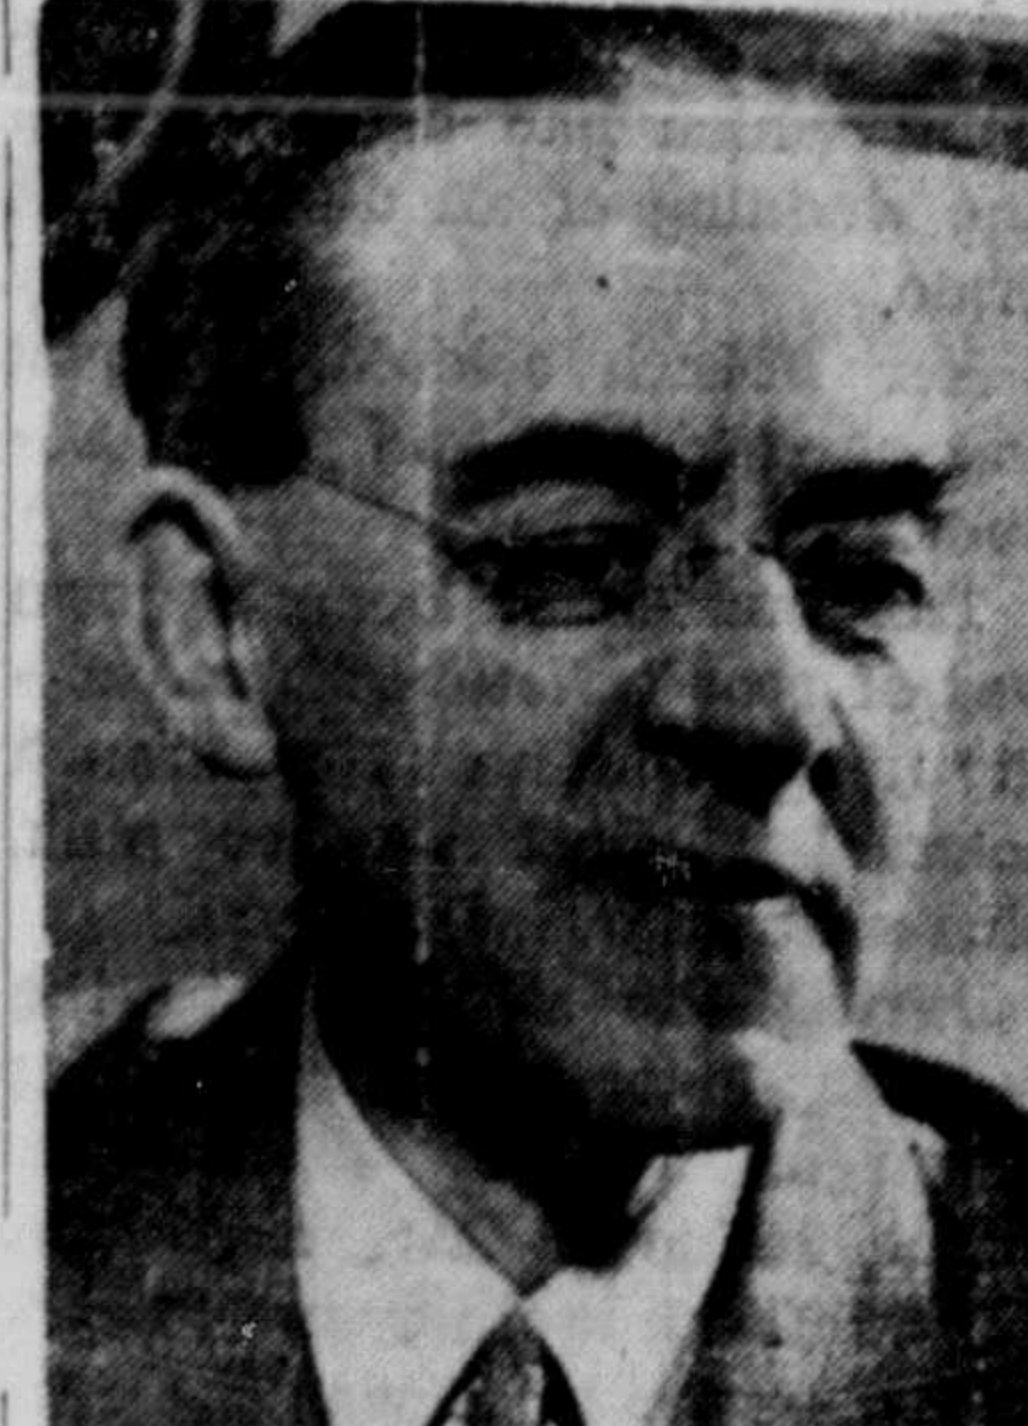

Born at Dublin, Ireland, she came to Canada 42 years ago, living for many years in Vancouver. The family then moved to Port Essington where they spent several years before coming to Prince Rupert.

Funeral services will be held Friday afternoon from the home of deceased's daughter with burial following in Fairview Cemetery.

Mrs. Thomas is survived by seven daughters and one son. They are Mrs. Kenneth (Eileen) Yelland Prince Rupert; Winnifred of Great Falls, Montana; Mrs. Kathleen Thompson of Oras Alberta; Mrs. Marjorie McKee, of Williams Lake; Mrs. Jean Backshas of Ketchikan; Mrs. May Turner of Sydney, B.C.; Mrs. Nora Beeson of Aldergrove and Arthur Thomas of Vancouver.

Deceased was an active member of the Canadian Legion Women's Auxiliary and the Ladies Orange Benevolent Association during her years in Prince Rupert.

PREMIER OF NEW BRUNSWICK—Hon. John Babbitt McNair, premier of New Brunswick since 1940. He entered the legislature in 1935 and was attorney-general in the cabinet of the late Premier A. A. Dystart. He became premier on the death of Premier Dystart. (C.P. Photo)

Hundreds of Thousands of Dollars Damage in Saskatchewan

YORKTON, Sask.—Hundreds of thousands of dollars' damage may have been done to crops in this section of Saskatchewan by a violent wind and hail storm yesterday.

An exhibition building at Melville was almost demolished. Twenty-five barns were wrecked in the Yorkton district. Crop damage in some parts is estimated at 25 to 100 per cent. There were hailstones as large as tennis balls.

START SCHOOL FOR FISHERMEN

NEW HAVEN, Sussex, Eng.—A school here is teaching young men how to fish. It's part of a scheme to attract more youth into the industry. Classes are held every Saturday. A course lasts six months and costs £2 (\$8).

Authorities are concerned at the drift of fishermen to shore jobs. Before the war nearly 50 vessels operated off the Sussex coast. Now there are only five. Students will be taught to handle all types of fishing gear under all conditions.

New Zealand Wool At Record Price

WELLINGTON, N.Z.—Sales of wool created records in the season just ended. The total payment and the price per bale were the highest ever known in New Zealand. Sales realized \$123,820,000, an increase of \$6,400,000 over those of the previous year. The average price per bale was \$144, about \$2.30 above the previous season's level which was the highest previously recorded. In the 1930-31 season the total proceeds from wool sales in New Zealand were \$13,992,000.

Seasonable Ideas for Housekeepers

COOL DESSERTS FOR WARM DAYS ARE IN ORDER DURING AUGUST

Cool desserts are on the march for these golden August days. Cool to prepare and cooler to serve are fresh fruit desserts which delight the eye and tempt summer appetites. Dishes made with fresh fruits are always popular and are usually easy to make. Frozen desserts rate high in popularity with every member of the family and are especially attractive when you entertain. Jellied or frozen desserts may be prepared early in the day when it is cool and be ready, waiting in the refrigerator, when needed.

Melons are coming in season now and make a happy ending to any meal. Most people enjoy their melons "as is," well-chilled and sprinkled with salt, sugar or, as some people prefer, pepper. Others prefer the mouth-watering combination of melon and ice cream. Cantaloupe and other melons, with their distinctive flavor and attractive color, make delightful components of fruit salads and are even good in frozen desserts such as sherbets or ice creams.

Raspberries are now at their peak and homemakers throughout the country are including them as frequently as possible in their menus. A particularly nice jellied dessert is "Raspberry Sponge." This easily prepared, attractive dessert met with the approval of all who tasted it and undoubtedly will call for repeat orders from your family. Try it soon while the raspberries are still in season.

Another popular August fruit is the blueberry. Whether served with cream and sugar, ice cream or embodied in tempting light desserts such as "Blueberry Mallow," this colorful member of the berry family is "tops" with many people.

The Home economists suggest the following desserts for your refreshment and cool satisfaction.

with these warm days.

Raspberry Sponge
1 tablespoon gelatine
1/4 cup cold water
2 cups raspberries
1/2 cup water
1/4 cup sugar
Dash of salt
2 tablespoons lemon juice
2 egg whites
3 tablespoons sugar
Soak gelatine in the 1/4 cup cold water for five minutes then dissolve over hot water. Crush raspberries, add water, sugar, salt and lemon juice, stirring until sugar is dissolved. Add dissolved gelatine, blending thoroughly. Chill and, when mixture begins to thicken, fold in stiffly beaten egg whites to which the 3 tablespoons sugar have been added. Pour into one large or six individual moulds that have been rinsed in cold water. Chill until firm. Serve

with a custard sauce made with 2 egg yolks. Yield: six servings.

Blueberry Mallow
2 cups blueberries
1/4 cup water
Dash of salt
1 teaspoon vinegar or lemon juice
20 marshmallows
1 cup whipping cream
Crush blueberries, add water and salt and cook, covered, until tender, about 6 to 8 minutes. Remove from heat, add vinegar or lemon juice and marshmallows, cut in quarters. Stir and blend until marshmallows are melted. Cool and let stand until partially set then fold in whipped cream. Pour into one large or six individual moulds that have been rinsed in cold water and chill until firm. If desired, 1/2 cup chopped, toasted almonds may be added to the mixture. Yield: six servings.

Canadian Press Staff Writer

NURSING—Nursing is one career in which a girl need never worry about the job possibilities.

Health and welfare department officials describe nursing as "a rapidly growing profession with openings in many fields, and with many opportunities for promotion."

Airline hostess—a nurse who chooses this has an opportunity to travel. While certain physical requirements are needed for this type of job, it offers "up to \$200 a month basic pay."

A supplementary issue of Canada's Health and Welfare, a department publication, lists the numerous other jobs open to registered nurses. As well as private duty nursing, which commands an average salary of from \$7 to \$8 a day, plus meals, while working, there also is physiotherapy work, where salaries run from \$125 to \$175 a month for a 40-hour week. Industrial nursing, public health nursing, medical social service, and doctor's office assistant also are included in the list.

BEWARE OF FLIES

Beware of flies in this hot weather season. Health experts warn the insects are great spreaders of disease. The housewife should make sure that they are kept outside and away from food and eating utensils. Windows and doors should be carefully screened and protected with insecticide.

Neither are mosquitoes pleas-

ant to have around. They can be eliminated by removing their breeding places—drain wet spots, empty and remove stagnant water containers and apply oil solutions to larger breeding grounds.

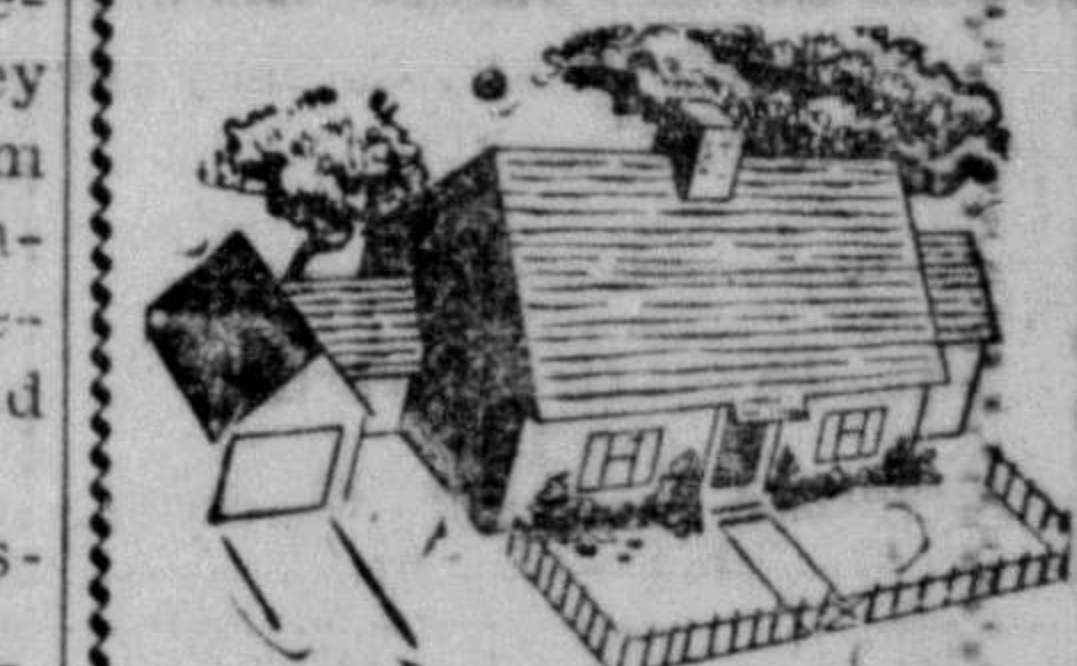

CARE IN SWIMMING

Swimming is fun in this weather, but it's best to be on guard when choosing a swimming-hole. Don't attempt to swim longer distances than you can easily make, and don't swim in polluted or swiftly-moving water. Stay out of the water for a reasonable time after meals, and never swim alone.

FAILURE OF FIRE TRUCK ROUSES CITY

The city's utilities committee last night was granted power to act in connection with the breakdown of the fire department's La France fire truck which is now tied up due to an engine failure described by committee members as "deplorable."

The truck, purchased in 1943, requires replacement of parts which the aldermen hinted may have been originally faulty. The parts show wear, they said, far beyond that which they should show considering the mileage on the vehicle.

"It's a deplorable condition. The truck has only 7,000 miles marked up, the majority of it in pumping operation. The committee should have power to do something about it," said Alderman H. M. Daggett, chairman of the utilities committee.

Alderman J. N. Forman said that "I can't see how a new engine could get in that condition in 40,000 miles, let alone 7,000. I think we should have an accounting."

Alderman Harold Whalen said that his observation of the parts which need replacement led him to believe that "they were never case-hardened. They went like lead. It's unbelievable how they went that way."

Immobilization of the La France truck leaves only an older General Motors truck, as the city's main fire fighting apparatus. How long the La France truck will be tied up cannot be known since replacement parts must be shipped from the east.

The aldermen were unanimous in granting the utilities committee the right to act as they see fit in the affair.

LEGION LADIES BACK CARNIVAL

Canadian Legion Women's Auxiliary will again take on its annual task of directing the tea room at the Civic Centre Carnival which opens on Saturday. A meeting of the organization Thursday night approved a request that this be done and appointed Mrs. P. Anderson as convener.

Major W. Yurgensen of the Salvation Army gave an address on the annual Red Shield fund raising campaign outlining its aims and ideals and soliciting aid of the W. A. Members agreed to canvass the business district when the campaign gets under way.

Two new members, Mrs. G. Tubb and Mrs. Luigerin were initiated into the organization. Winner of the lucky drawing was Mrs. A. Everleigh. Following the business session, refreshments were served by the entertainment committee.

Mrs. William Rothwell was chairman of the meeting in the absence of the President, Mrs. J. S. Black who is visiting in England.

Modern Etiquette

Q. What is the proper way to eat cheese?
A. Soft cheese may be spread with a knife or fork. A "dry" cheese may be eaten with the fingers at a picnic, but at the table must be eaten with a fork.

Q. What is the usual length of an engagement?
A. While this depends entirely upon the plans of the man and the girl, and circumstances, six months is usually the maximum.

Q. In writing to the head of a college, should his academic degrees be designated on the envelope?
A. It is not usual nor necessary to affix them to his name on an envelope.

Six Entered in Beauty Contest

Dozen Expected by Time Entries Close Friday Night

There are now six entrants in the Civic Centre Carnival's Bathing Beauty and Queen Contest. Expectation is that there will be at least twelve when entries close this Friday evening. Each of Prince Rupert's beauties will receive one of the latest in bathing suit creations which are now on display at an uptown store. These bathing suits are made from a specially processed cloth which reflects the light to give a very beautiful effect. Friday evening the entrants will have a preliminary rehearsal at the Civic Centre when bathing suits will be chosen on a first come, first served basis. Final entries will be received on that evening.

At present the following are vying for Queen honors:

- Miss Hope Laidlaw, age 20
- Miss Marie Lavigne, age 19
- Miss Beth Sedgwick, age 18
- Miss Frances Hiltz, age 20
- Miss Maresa Windle, age 18
- Miss Nina Youngman, age 19

"CONNECTICUT YANKEE" HERE

Third filmization of Mark Twain's witty novel "A Connecticut Yankee in King Arthur's Court" brings up to date in color that phantasy-like story on the screen of the Capitol Theatre here Wednesday, Thursday, Friday and Saturday of this week.

Bing Crosby, in the title role of the modern production, is co-starred with attractive red-haired Rhonda Fleming, William Bendix and Sir Cedric Hardwicke.

The film, in the prescribed manner, begins and ends in the twentieth century. In between Bing is temporarily knocked into unconsciousness and back into Sixth Century England when King Arthur and his Knights of the Round Table find provides hilarious film fare as he woos the gorgeous Rhonda away from Sir Lancelot and becomes top man in Camelot. The role gives him plenty of opportunity for his particular type of comedy as well as several crooning interludes.

WATERFRONT PAVING MUST WAIT ON CITY

A request by the provincial Department of Public Works that the city pave, on behalf of the department, a 1,200-foot stretch of road between the Cow Bay railway crossing and the provincial government wharf was received last night by city council. However, it will have to wait until after other city paving projects are completed.

The department asked that the city do the paving work on an agreement similar to that under which the McBride Street arterial highway is to be paved. Preparatory grade work will be done by the department.

The aldermen agreed with Alderman Rudderham when he said: "We will have to attend to that after we do our own work."

Beauty Thrills Local Audience

Eight Lovely Girls Vying for "Miss P.N.E." Honors

Seven beautiful Prince Rupert girls and one from Terrace thrilled a large and enthusiastic audience from the stage of the Capitol Theatre last night in the competition to be "Miss Prince Rupert" and win a trip to the Pacific National Exhibition in Vancouver and the opportunity to become "Miss P.N.E." as did Miss Margie Brain last year. The contest continues tonight and tomorrow when the audience will mark ballots handed out at the door, being asked to judge on the basis of beauty of face, grace of figure, poise and personality. The winner will be announced at the end of the contest.

The eight contestants appeared first last night in evening dress and then in bathing suits.

Manager J. Harry Black acted as master of ceremonies and Miss Margie Brain was a charming announcer. Andy McNaughton played incidental piano music.

"Miss P.N.E." will receive a \$1000 scholarship from the Exhibition Association and an all-expense trip to Hollywood.

Several local merchants have expressed their desire to present "Miss Prince Rupert" with going-away presents.

Local entrants are as follows:

- Cynthia Norton, telephone operator, Terrace.
- Edith Jordan, government office, city.
- Jean McGlashan, Sweet Sixteen, city.
- Frances Hiltz, city.
- Lorraine Youngman, Columbia Cellulose, city.
- Nina Youngman, city.
- Maresa Windle, city.
- Diane Kennedy, city.

WIDE INTEREST IN CITY RITE

Of wide interest in the city, where the principals spent the greater part of their lives, was the wedding at St. Andrew's Cathedral Saturday evening of Dorothy Jean, daughter of Mr. and Mrs. Jarvis H. McLeod, Summit Apartments, and John William (Jack) Eastwood Jr., son of Mr. and Mrs. J. W. Eastwood, 719 Fulton Street.

Canon Basil S. Prockter officiated at the ceremony and the bride, who is a member of the staff of the provincial Land Registry Office, was given in marriage by her father, Mrs. Jack M. Evans, sister of the bride, was matron of honor.

Groomsman was Archie McLeod, brother of the bride. Jack M. Evans and Ned McLeod were ushers.

Lustrous white satin, embroidered with seed pearls, fashioned with exquisite bridal gown styled with sweetheart neckline and an heirloom veil of rose-point which had been worn at the wedding of an aunt of the bride.

Her French colonial bouquet was of gardenias and pink rosebuds.

The matron of honor's gown was of rose taffeta with matching net headdress. Her French colonial bouquet was of pink, blue and yellow carnations.

During the signing of the register, Peter Lien presided at the organ.

The home of Mr. and Mrs. Ned McLeod, brother and sister-in-law of the bride was the setting for a reception which followed the rite. Guests were received by the mothers of the bridal pair, the bride's mother wearing a floor length gown of black lace with pin, and flowered hat. The groom's mother wore floor-length black crepe with flowered black mohair hat.

Out-of-town guests included Mrs. A. Eastwood, of Victoria, grandmother of the groom and Mrs. John Carson, of Ottawa.

The couple have taken residence in the Benson Block, Third Avenue. The groom is employed with the provincial Forest Service here.

TRAFFIC BYLAW

(Continued from Page 1)

lshments in the block, for several months.

Truck loading along the south side of Third Avenue is taken care of by an amendment which allows vehicles to back up "at an angle of 45 degrees on the south side, between the hours of 8 a.m. and 12 noon while actually engaged in loading or unloading."

The amendment bylaw clauses will be pertinent to the Street Traffic and Parking Bylaw 3, 1943 when they receive their second and final reading at the next meeting of council.
