Chinese Nationalists Big Red War Plan

President Truman's statement came while Nationalist Chinese top leaders told visiting American officials today in Taipei.

At a news conference in Taipei, the Nationalist Chinese leaders, preparing for a world conference in Geneva, said they were ready to fight to knock Communism out of the Far East. They said they would fight to knock Communism out of the Far East, now standing on fringe islands with the sea.

Elaine Masters, winsome 19-year-old brunette, called the Herald last night and said, "Nick wants to turn himself in."

WINS TRADITIONAL GOLD CANE RACE—The 10,000-ton Canadian Pacific cargo liner Beaver-cove won for her master, Capt. S. W. Keay, O.B.E., the traditional gold-headed cane awarded annually to the skipper of the first overseas vessel to enter the Port of Montreal at the beginning of the navigation season. Ice conditions in the St. Lawrence River, which caused ships to dock temporarily at Quebec City, helped make the race one of the tightest ever, with the Beaver-cove making the voyage in just ten hours and ten minutes. Inset shows Capt. Keay (right) receiving the gold-headed cane from A. Gordon Murphy, Montreal Portmaster. This marked the second time that Capt. Keay had won the award, taking it first in 1945 aboard the freighter Gatineau Park while still on service with the Admiralty. For the ship's pilot, Andre Gauthier, it was the fourth time that he had been aboard the winning ship, each time a Canadian Pacific vessel.

Fishermen Divided on Fish Control, Mayhew Tells House

OTTAWA ©—Fisheries Minister Mayhew yesterday told the Commons there were "strong differences of opinion" within Canada's halibut fishing industry to widen the scope of the international Fisheries Commission to regulate the industry. In a return tabled in the House of Commons in reply to questions by Howard Greene (P.C. Vancouver-Quadra), the minister said his department as yet had no recommendations to make in the matter.

Flood Crisis Is Due Today

WINNIPEG ©—Army officials said today 3,000 sandbags have been rushed to Morris, 41 miles south, to buttress the dike holding back flood waters from the town's hospital. An army officer said a call had been received saying the dike had begun to show signs of weakening.

Flood Danger In Interior is Seen

Later than usual, the first indication of the run-off along the Smithers division of the Canadian National Railways was reported this week when waters of the Nechako River between Endako and Prince George started to rise. Superintendent C. A. Berner, speaking yesterday of the possibility of flood conditions on his division, expressed some apprehension. If there should be a sudden spell of warm weather right now, it would be bad, Mr. Berner admitted.

Museum Board Beats Housing

Prince Rupert Museum Board is beating the housing shortage, which becomes more and more acute, by making two rooms available in the museum for the accommodation of Dr. and Mrs. Ellis of the University of British Columbia who are coming here to reorganize the museum this summer and act as curators. Contributions of furnishings which Dr. and Mrs. Ellis may use during their stay here are being sought by Chairman J. H. Black who points out that anything that can be saved in this regard will help to conserve limited funds of the board. Part of the contract is to meet the housing expenses of Dr. and Mrs. Ellis while here.

Is Found Dead In His Cabin

The body of Frank Fischer, 71, for 25 years a resident of the district, was found by a neighbor yesterday in a cabin on Park Avenue, where he had been living alone. A native of Hamburg, Germany, Mr. Fischer was engaged for many years here making boxes for shipping halibut. He was last employed by Royal Fish Company.

Although he had not been seen about here since the beginning of the year, friends thought nothing of it as he had indicated he was making a trip to the prairies. His death is believed to have been by natural causes. An inquiry is being held this afternoon. He leaves no known relatives.

Six Percent Increase In Enrolment In One Year

Enrolment in city schools last month increased by 6.5 percent over the April figure of 1949. The total enrolment this April was 1261. In the same month last year it was 1179.

This April, 446 children attended Booth while in March enrolment was 450.

These figures were included in teachers' reports read at a School Board meeting last night. As in March, the Port Essington school came out on top in percentage attendance. The figure in April was 92.9. City schools last month dropped from the 90 percent brackets to the 80's. It was announced that attendance at the Port Edward school was very poor during last month due to outbreaks of chicken pox, mumps and influenza.

The problem of transporting High School students from Digby Island to Prince Rupert for classes will be investigated by the board, it was decided. Representing H. Hatland, board member from Digby Island, A. Enockson told the board that a daily ferry service to Digby for the transportation of students here would be greatly appreciated. Mr. Enockson stated he had no idea as to the cost of such a venture but emphasized that by next term, at least six children will be high school entrants. This year, he said, there are five. At present the five are not attending school and a ferry from the city only visits Digby about once a week.

A draft agreement for the joint operation of the Port Essington school between the Indian Department and the Department of Education was examined by members. The agreement, among other things, stipulates that Indian children now attending the Port Essington Indian school, be admitted to the school under the jurisdiction of the Department of Education and that they receive all educational benefits that are given to the white children.

Following were April school enrolments (figures in brackets April 1949):

Borden	250 (227)
Conrad	255 (231)
King Edward	307 (291)

Following are percentage attendance figures for April:

George Pearson

THE British Columbia cabinet loses one of its towers of strength over many years in the retirement of health and welfare and provincial secretary. It had been obvious for some time that Mr. Pearson, after successive breakdowns, could not carry on but it was typical of his dogged conscientiousness that he would endeavour to continue even after all his friends knew that his duties were sapping and undermining his strength.

Unostentatious, yet effective worker, Mr. Pearson was one of the most respected members of the legislature and government during a long period of service which began in 1928 when he was first elected in the two-member seat of Victoria, later transferring to his own home town of Nanaimo. With seventeen years of cabinet service, he was long minister of labor and had been minister of health since 1948.

Mr. Pearson is a man whose first thoughts and sympathies were consistently with the common people and, in the two departments which he administered, he left his mark in their benefit as a legislator and an administrator. He had much to do with bettering the lot of the worker and the ordinary person and he was instrumental in the record for which British Columbia has long been known as the most advanced province in the field of social legislation. Some of his schemes he had to fight hard for and often against heavy opposition but, in spite of his quietude, he was a determined and an influential man and usually won through.

His many friends throughout British Columbia will hope that Mr. Pearson may soon recover from the illness which had kept him from his cabinet duties for nearly two months, and that he will be able to enjoy the fruits of the retirement which he richly merits.

Drew Would Outlaw Reds

OTTAWA (C)—In a denunciation of Communism, George Drew, Progressive Conservative leader, yesterday asked the Commons to outlaw Communists in this country.

Branding the red doctrine as anti-Christ and most "terrifying and brutal reality" the world has ever known, he penned this amendment for the government's motion to go into supply: "This House is of the opinion that appropriate legislation should be introduced so that communist and similar activities in Canada may be made an offence punishable under the Criminal Code." Liberal and C.C.F. parties promptly declared their opposition.

Prime Minister St. Laurent told Mr. Drew Canadian laws

already were adequate to deal with subversive activity and said he felt the best way to combat communism was to show that democracy could work for the betterment of the people. Angus McInnis, for the C.C.F., and E. G. Hansuld, Social Credit, also opposed Mr. Drew's move.

By-Elections Set In Eastern Seats

OTTAWA (C)—Prime Minister announced that by-elections for a Halifax Commons seat and two others will be held June 19. The other two are the Nova Scotia riding of Annapolis-Kings and Quebec's Montreal-Cartier.

By-elections for the remaining two of the five existing Commons vacancies will be held May 16 in Toronto-Broadview and Hamilton West.

PORTLAND (C)—Wholesale salmon prices skidded as much as 15 cents a pound this week as the first Columbia River catches of the new season went on sale. Dealers priced chinooks at 45 to 46 cents a pound. Fishermen were receiving 20½ cents a pound from canners and 25 cents on the fresh market.

VANDALISM

REPORTS were published earlier in the week of wilful vandalism by the breaking of the telephone cable line which connects the city with Digby Island and which carries important communications including the ship to shore radiophone service of Prince Rupert's fishing fleet and which is, therefore, a vital line. This is serious sabotage which would merit rigorous punishment could the perpetrators be apprehended and brought to book. The mental attitude of people who will resort to such destruction is difficult to understand.

Also we have reports of new incidents of vandalism in park resorts of the city which is equally despicable and stupid. The perpetrators may be difficult to catch up with but they can be assured that their sneaky and asinine activities are roundly disapproved.

Barbara BUYS AND WHYS

A WEEKLY INFORMATION SERVICE

MONTREAL, May 4th—A Mother's Day gift that father will enjoy, too!... The famous MORPHY-RICHARDS fully automatic ELECTRIC TOASTER! Write to me—Barbara Brent, 1411 Crescent St., Montreal, P.Q.—for this free booklet describing the wonders of this fully automatic toaster! When you read about its amazing new improvements, you'll say—"Just what I've always wanted in a toaster!" Yes, the Morphy-Richards breakfast! You see, it's the work of skilled British craftsmen—now available (for just \$22.50!) at leading department stores and dealers all across Canada. So do send for this booklet now—and show it to your husband. I'm sure he'll take the hint!

"Look At It Inside! Look at it inside! You can't match a Frigidaire!" That slogan forcibly caught my eye at a Frigidaire dealer's the other day. And when I took another look outside and inside the new FRIGIDAIRE DE LUXE COLD-WALL REFRIGERATOR I realized how meaningful that slogan is! Outside—the gold and white Raymond Loewy cabinet design is sheer beauty. Inside—there's the full-width Super-Freezer Chest that holds up to 49 pounds of frozen foods—the rust-proof aluminum sliding shelves—the twin "stack-up" fruit and vegetable hydrators—all lustreously ice-blue trimmed! "You certainly can't match a Frigidaire," I said to myself. "No wonder the Frigidaire people keep reminding everybody that there is only one Frigidaire—that it is made only by General Motors. That Frigidaire name is something really important to look for!"

Just For Us Women!... the makers of that good DURHAM CORN STARCH know that a handy to handle package helps make cooking a pleasure! That's why they've spent months designing this brand new Durham Corn Starch package that's a pleasure to open! Just pinch the top and roll back—no fumbling with a knife or other sharp instrument to open it! Inside you'll find "Durham" carefully protected in a paper bag. Then when you've finished using it, replace the lid and your corn starch will be protected completely from dust 'til the next time you use it. And you'll be thrilled by the luscious recipes on every package of Durham Corn Starch! One of my favourites is Maple Walnut Cream—so good when it's made with Durham!

It's ALWAYS In Demand in our house at mealtimes... that's why I make a particular point of having a good supply of HEINZ TOMATO KETCHUP always on hand! There's scarcely a dish that doesn't taste twice as tempting when it's flavoured with zesty, exciting Heinz Ketchup! Just try it! You'll find so many taste-wise uses for this Heinz "Flavour Magic" . . . it's perfect with egg dishes, stews and hashes and wonderful in gravies! Of course the Heinz Chef uses plenty of rich, rosy pedigreed "Aristocrat" tomatoes as a base in Heinz Ketchup—so no wonder it's good! When eating out or at home be sure to look for the famous red bottle.

I've Discovered The Ideal Gift For Mother's Day! It's the amazing RADIANT 3 MINUTE KETTLE that boils anything there's a wall-plug handy anytime you feel like a cheery cup of tea! Its heating unit is well-insulated and its "legs" protect the surface of your furniture. . . it's absolutely safe! It shuts off automatically by thermostatic control—so it never boils dry AND it shuts off at once if it's plugged in without water. It's truly economical, for it lasts a lifetime and saves power because it heats faster! With a wonderful "Radiant 3 Minute Kettle", you can boil enough water for four cups of tea—in just three minutes!

May Days Are Outdoor Play Days for your youngsters—so guard their health by protecting their feet from wet pavements and damp playgrounds! Buy shoes with NEOLITE soles! Neolite soles are absolutely waterproof. . . they're truly healthy! For Neolite does not cause foot burning—perspiration—foot odours nor itchy feet. It's more flexible than leather—truly kind to active, young feet! (And truly kind to your floors, too!)—for it doesn't mark them at all! And, last but not least, Neolite outwears leather over 2 to 1! So take my tip and look for that Neolite trademark on the soles of the children's shoes you buy!

There's Good Reason why this Silver Moon Cake is so popular. It's tender, light, and melt-in-your-mouth. There's a reason for that, too, and the super-fineness, the superb evenness of SWANS DOWN CAKE FLOUR is the answer! Try this and see if you don't agree it's one of the best cakes you've ever made.

SILVER MOON CAKE
(5 egg white)

3 cups sifted Swans Down Cake Flour
3 teaspoons Calumet Baking Powder
1/2 teaspoon salt

2/3 cup butter or other shortening
1 3/4 cups sugar
1 cup milk
1 teaspoon vanilla
5 egg whites

Sift flour once, measure, add baking powder and salt; sift together three times. Cream butter, add sugar gradually; cream together until fluffy. Add flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Add vanilla. Beat egg whites until they will hold up in moist peaks. Stir quickly but thoroughly into batter. Bake in three greased 9-inch layer pans in moderate oven (375° F.) about 20 minutes. Spread lemon icing between layers and over cake.

You'll find a B of M Safety Deposit Box will give you a wonderful sense of security!

No Wonder so many Canadian families have that good "Cream of Wheat" breakfast habit! Delicious 5 Minute "CREAM OF WHEAT" is so smooth—so tempting—so good! What's more, it's good for you . . . for 5 Minute "Cream of Wheat" provides Iron, Calcium and Phosphorus for diets deficient in these elements. Yet all this goodness costs less than a cent a bowl! So, no wonder "Cream of Wheat" is a family "flavourite" . . . a favourite way to wake up early morning sleepyheads! And so easy to prepare, too . . . for just 5 minutes of boiling cooks it to smooth perfection!

Want To Do Something Nice For Your Hair? Then let me recommend a RICHARD HUDNUT HOME PERMANENT! And guess what! This grand Waving Lotion is actually 22% more effective. That means smoother, prettier, longer-lasting curls! That's why I urge you to make your next home permanent a Richard Hudnut—and, as a perfect prelude try that so-popular Richard Hudnut Egg Creme Shampoo!

No Matter How Gay The Occasion, you can never be your happiest if you know you're not at your best. That's why wise women never risk offending with perspiration odour. Best way I know to be sure of personal distinctness is to rely on NONSPI! It's the truly effective liquid, anti-perspirant. It's so safe—won't harm your gala-occasion clothes . . . and it's gentle to your skin, too! Lowe was escorted from Ocean Falls Wednesday by Const. L. Adams. Following the alleged theft, he went to the paper town but was later arrested and locked up. Another charge of attempting to break jail awaits him at Ocean Falls.

BEEF AND HAM LOAF

Combine 1 lb. ground ham (raw or cooked), 1 lb. ground beef, 1 cup uncooked oatmeal, and 1 1/2 cups Carnation Milk. Add 1/2 tsp. salt and 1/8 tsp. pepper—and if desired, some minced onion. Pat into loaf shape on shallow baking pan. Bake in mod. oven (375° F.) 1 1/2 hrs. Baste occasionally with hot fat, or with fruit juice. 8 to 10 servings.

What Makes Carnation So Extra Good?
It is good, whole, cows' milk, made double-rich by evaporation. When your recipe says milk use half Carnation and half water. It's so smoothly heavy and rich, that it whips. Use it for coffee, cereals, fruits. Use Carnation. It saves so much on your milk and cream bill. Your grocer has it.

Charged With Theft of Watch

A city man, Clarence Green, was arrested Saturday morning after a woman came into the police office and told police that Green stole a wrist watch from her in a downtown rooming house. He was charged with theft and remanded by Magistrate W. D. Vance. The timepiece is valued at \$75.

DAYLIGHT TIME ACCEPTED HERE

Daylight saving time became effective at midnight Saturday but that does not mean everyone recognized it. There were some who retired earlier with never a thought of it, even when winding a watch. But by Sunday breakfast they were aware of the change. Standard time remains as usual on the Canadian National Railways and Canadian Pacific Air Lines.

Would Put Harvey On National Body

J. T. Harvey, former president of the Associated Boards of Trade of Central British Columbia and long active in Chamber of Commerce affairs, is being proposed by the Prince Rupert Chamber of Commerce for the post of a provincial director on the national executive of the Canadian Chamber of Commerce. Support of the Associated Boards will be sought which requires the seconding of two other members.

The Charles M. Hays Hotel! Had there never been a ship called the Titanic there would have been a hotel in Prince Rupert long before this. And it would have had another name.

Alaska was purchased by the United States more than eighty years ago for \$7,200,000 and since then, Washington has received from the territory, in wealth, four hundred times that amount. Has any other deal in Yankee history ever made a profit like that? And it is still making it. Yet, Alaska, it would seem, has no business in presuming to become a State of the Union.

No one seems able to define Communism but, if a fellow says a Red is someone who feels he's been getting the small end of everything as long as he's lived and is as sore as -- about it, perhaps it won't be making such a bad guess.

How could there have ever been such a thought? The British Hymnal has been revised and it's decided to drop "The Voice That Breathed O'er Eden." And June a few weeks away!

Pete LaPorte is among those who has a card from Arnur Brooksbank, visiting in Rome. An ancient city, a city of endless interest and instruction, a busy city—a city to remember.

There are presumably truthful statements hard to believe and one is the recent release from Victoria that Prince Rupert's population is 9,200. In order to ease this gnawing scepticism the only thing left to do now is discover the census taker and have it out with him.

Speaking of advertising Prince Rupert, is there another town in North America where a youth can go out in his row boat, and return home with a forty pound red salmon fresh from the salt water, greatly to his own pride and delight of the family?

Baseball Seeks Civic Centre Tie-up

Will Offer Membership For Support

Prince Rupert Baseball Association, at their annual meeting last night, decided unanimously to send their executive to a meeting of the Board of Directors of the Civic Centre Association with a proposition to become affiliated. The affiliation proposal will contain the following points:

1. That the baseball association be called the Civic Centre Baseball Association.
2. That the Civic Centre Association approve all negotiations for out of town trips.
3. That the Civic Centre Association back the baseball association morally and financially in order to simplify credit arrangements and equalize financial problems over a period of years.
4. That all ball players in the league become members of the Civic Centre.

The closing date for entries of teams into the city league was set for May 11 with the first game to be held May 14.

The secretary was instructed to write the Parks Board asking for use of Roosevelt Park on the evening of May 24 in order to hold an old timer-rookie ball game.

Registration of players will close May 16 with no limit as to number of players on each team.

Old business transacted at the beginning of the meeting included reading of the minutes and the financial statement. The financial statement showed a small operating surplus barring payment of \$100 to the winning team last year. Speaking for the winning team, Dave Abel said he thought they would be satisfied if the association paid for crests the team had purchased.

In his president's report, Art Murray thanked the executive team sponsors, managers and coaches and the players for their fine co-operation during the year and asked for their continued support through the coming season.

The following slate of officers was elected for the 1950 season: Honorary* president, Mayor George Rudderham; president, Art Murray; first vice-president, A. S. Nickerson; second vice-president, Gunnar Anderson; secretary-treasurer, George Murray.

It appeared from the meeting that it was likely there would be two teams from the city and one from Watson Island. Don Forward was asked to carry an invitation to Terrace to enter the league with those games to be played Sundays.

The meeting closed on a note of optimism for baseball in the district this year.

Reply Of Civic Centre Director To Prince Rupert Baseball Ass'n.

The following statement was presented to the executive of the Prince Rupert Baseball Association last night by Don Forward, executive secretary of the Prince Rupert Civic Centre:

The Baseball Association has intimated through the newspaper that the Civic Centre Association will be asked to operate the Baseball Association this year. In fact it has been intimated that the Civic Centre plans to get out from under this responsibility. First let me explain that the shoe is on the other foot. The Baseball Association, not the Civic Centre, has always operated baseball. If there is an attempt to get out from under, it is not the Civic Centre that can be so accused.

The Civic Centre Association, to the best of its ability, and within the scope of its staff and finances, endeavours to operate a program for the youth of the community during the summer months. Available funds and a budget adopted by an annual meeting determine the scope of this youth work. The Association is given a yearly grant by the Gyro Club to cover work on the Gyro Playgrounds. This means the operation of a playground programme at McClymont Park, Seal Cove Park, Totem Park, Westview Park and Gyro Ball Park, also supervision of the outdoor swimming pool and wading pool. When you consider that \$600 is the amount of the yearly grant, you will realize that the work is necessarily limited.

This Association has never undertaken the operation of any Senior Club or Association. The Basketball Association has its own executive, runs its own affairs, handles its own funds and pays its own bills. The Civic Centre does look after the City League Basketball but their home is the Centre. Every player is a Centre member. City league funds go 100% into the operation of the Centre. However, the Basketball Association decides on policy and controls the actual League operations.

All other sport and activity is operated by those interested in that activity. The Badminton Club is self-operative, just as all adult organizations in the Centre are operated by the membership involved. If we were to undertake the operation of baseball, would soccer, lawn bowling, tennis, bowling, the Yacht Club,

the Aero Club and every other organization in the city expect us to do the same for them, and, if so, where would the funds for staff be obtained?

The Civic Centre operates at a \$4,000 or more per year deficit. We try to keep that deficit at a minimum by budgeting for a skeleton staff in the summer time. Already, because of budget limitations, our Pro-Rec instructor has been laid off until needed in the fall. The program secretary goes on leave of absence without pay till September. The physical instructor is employed on a seven-months-a-year basis and is not presently on the staff. The janitor staff is cut to the minimum. The office staff is employed for the winter months only. Until that day when the Civic Centre is able to employ a large summer staff, the operation of Senior Sport Leagues is definitely not in the scope of the Civic Centre.

Too often it is glibly suggested that the Civic Centre should run this and run that! Who is the Civic Centre—it is its membership! Those members who wish to play badminton band together to operate badminton. Those who wish to have a symphony or a band, organize to have such a group. My contention is that baseball should be operated by the baseball players and fans, not by the members of the Chamber of Commerce, the Co-op, the Service Clubs, the Women's Organizations, the boys' groups, the sport groups, and other interested groups, who band together to provide an operating executive for the Civic Centre.

We are fortunate this year in obtaining as our Playground Supervisor for the summer months, Keith Maltman, a recent graduate of the University of B. C. Physical Education Department. He will be with us from June 15th till Labor Day and will arrive this week to work in the fishing industry till going on our staff. Because of his experience, we are able to undertake the organization of Junior Baseball this year. This is a worthy work organized last year by the Baseball Ass'n. I feel it comes within the scope of our youth activity. We are pleased to offer our staff services in this respect but the success of the project will depend on full co-operation from all baseball players. If the Juniors are to be

The Association will inform the Port Day committee that the footballers are anxious to co-

operate with them in the Prince of Port Day and make the community success. The Parks Board advised that the Association assist as far as possible in getting the grounds ready. They have already made arrangements to have some ashes supplied. Present at the meeting were J. S. Wilson (chairman), Haig (vice chairman), Smith (secretary), J. Port Day committee that the son (treasurer), Darrow Tommy Boulter.

This is No Fish Story

The things you can catch in a herring trap these days! Of course the thing was not just an ordinary thing that Keith Faught brought home to his parents at 939 Borden Street Monday night. To the amazement of his folks and others, he proudly held up a 40-pound red spring salmon in his hand. It was caught in Jap Inlet.
Keith and a few other young men set out in a row boat Sunday. As evening came along, the huge fish was noticed in the trap. After bringing it in, Keith smacked his lips towards home.
"Pass me the fork, partner!"

City Paintings To Smithers

Sixteen paintings by members of the Prince Rupert Art Club, which were on exhibit at the Hobby Show in the Civic Centre last week, are being exhibited at Smithers this week. In addition, 29 canvases by the noted Canadian painter Jean Cameron, will be shown. Miss Cameron's pictures were also on view at the Hobby Show. A large number of exhibits from Prince George and Quesnel will also be on display at Smithers.

On May 15, all paintings will be transferred for an exhibition at Prince George followed by an exhibit at Quesnel later this month.

Mrs. J. T. Harvey, president of the art club, announced today that the "Snow Scene" by Miss Cameron was purchased and will be raffled in the city this fall.

Firemen were called out about 1:30 this morning to extinguish a fire in a rubbish pile near the Hyde Transfer fuel shed.

Good Fishing In Area Two

Smaller two-man vessels are catching up to 11,500 pounds of halibut daily in the waters of Area No. 2 about 30 miles west of Prince Rupert between Rose Spit and Triple Island. The larger boats are running fair catches and weather conditions in that area are good, it is reported.

In Area No. 3, between Cape Spencer and Cape Sarichef on Unimak Island, the waters are being fished mostly by American and Vancouver vessels. Only two halibut boats cleared out of Prince Rupert for Area No.

Miners Refuse To Buck Government

SYDNEY, Australia (The Australian Federal Parliamentary Labor Party today decided to endorse the principles of the Coalition Government's bill to outlaw Communism. Meanwhile, at pit top meetings this morning, miners in 50 of 115 mines in New South Wales voted against their Communist-led union's order to strike for one day in protest against the bill.

3. They were the Kaare No. 1 and the Western Spirit, skippered by the Novic brothers. The pair were among the first to leave for the fishing grounds.
