British Army Men Here Months in North Wilds

Young Imperial war veterans—two of them and the third just out of the famous highlanders—are in Prince Rupert for a year spending three months in the Bowser camp of Steward, on a "combined operating topographical surveys, taking photographs and collecting plants—not as a government undertaking but as a private enterprise and more especially a holiday.

Inspiration of the expedition was the desire of Captain Hamish Pelham-Burn, F.R.G.S. of Perthshire, Scotland, to return and learn more about this part of British Columbia after having been here during the war in 1943 on special services for the British Army.

Capt. Pelham-Burn's companions are Capt. Robert C. Curtis of London, England, who is on special leave from the Royal Artillery, and Michael G. Cox of Llanbrynmair, Montgomeryshire, Wales.

They arrived here from Bowser Lake by Queen Charlotte Airlines, Pilot Bill McLeod having flown in to pick them up. From Prince Rupert the trio will proceed to Vancouver whence they will travel by train to Montreal to embark for home.

They went into Bowser Lake from Vanderhoof with Central B.C. Airways June 18, taking in 1000 pounds of provisions and 2500 pounds of camping equipment and gear, all of which had to be shipped over to Canada from Britain because dollars could not be exported to buy it here. It is inconvenient but Capt. Pelham-Burn and his companions are philosophical about it, admitting that such things have to be done in the fight to maintain Britain's credit. The British Army and Royal Geographical Society loaned some equipment.

The young men made their base camp at the west end of Bowser Lake from which they would move out for short trips of two, three or five days. Their radius of operations was 25 miles. Among other things they scaled two mountains of 8,000 or 9,000 feet which had never been climbed before.

During the three months in the wilds, they encountered other men only once, meeting up with Charles Knipple of Juneau, his son, Schubert Knipple, and Tony Retvedt of Stewart, coming out from Treaty Glacier country, northwest of Bowser Lake, where they had been working mineral ground.

The trio are hoping to come back to the district again next year for another similar expedition in the Tide Lake area, this side of Bowser Lake. Indeed they left a cache of some leftover provisions there for such a purpose.

FINANCING OF OIL LINE

VANCOUVER—Plans to raise the \$90,000,000 required to construct its 1,150-mile pipe line from Edmonton to Superior, Wisconsin, were announced yesterday by Interprovincial Pipe Line Company.

Dr. O. B. Hopkins, president, said that, subject to permission being obtained from the Board of Transport Commissioners to construct the Regina - Gretha section of the pipe line, the company proposes to issue in the near future, \$72,000,000 of 3 1/2 percent, 20-year bonds, \$17,000,000 of 2 1/2-year 4 percent convertible sinking fund debentures of 10,000 of its four million authorized shares of \$50 par value capital stock.

The bonds will be offered privately to insurance companies and other institutional investors in Canada and the United States. Of the total, \$37,000,000 will be payable in Canadian and \$35,000,000 in United States currency.

Interprovincial will offer \$7,500,000 of the convertible debentures publicity through underwriters in Canada, the balance will be sold privately with Imperial Oil taking a substantial portion. Interprovincial will reserve 340,000 shares for conversion of debentures at the rate of 20 shares for each \$1,000 of debentures. The Canadian portion of the bonds and debentures will be offered through a group of investment dealers, of which Wood, Gundy and Company Limited, and McLeod, Young, Weor and Company Limited, will be joint syndicate managers.

Of the 20,012 shares of capital stock to be outstanding, Imperial now owns 10,000, 12 are directors' qualifying shares, and the balance will be sold privately by Interprovincial.

A wholly-owned United States subsidiary of Interprovincial, Pipe Line Company Incorporated, will own and operate all facilities in the United States and will issue to Interprovincial first mortgage bonds to meet the entire cost of these facilities.

ALBERTA CHIEF JUSTICE PASSES

EDMONTON—Chief Justice Horace Harvey of the appellate division of the Alberta Supreme Court died here today. He was eighty-six years of age. His death ended forty-five years of service as judge of courts in the Northwest Territories and the Supreme Courts of Alberta.

Berserk Man Threatens To Explode Powder Stores At Watson Island

Two constables were dispatched from the city police office at noon today in response to a call from Port Edward that an employee in charge of blasting powder stores had gone violently insane and was threatening to explode the magazine.

Constables Gordon Simons and Jack White joined Constables John Medley and Doug Westover of Port Edward in an effort to induce the man to leave the magazine peacefully.

REPORTS ON CONVENTION

TERRACE Board of Trade In Monthly Session
TERRACE—Several matters of business were disposed of on Wednesday night at the monthly meeting of the Board of Trade which was held in the dining room of the Silver Tip Cafe with President D. G. Little in the chair and J. Stevenson as secretary.

Dr. McPherson was admitted to the Board's membership. There was not a large turnout of members to hear the reports of the delegates to the recent Associated Boards convention at Smithers which, as presented by W. Robinson, gave some idea of the value of such conventions in seeking some solution to problems faced by the various communities.

In the correspondence there was a letter from the Department of Public Works in Victoria with regard to the fencing of the Lakelse Hot Springs and this matter is to be thoroughly investigated.

There is not likely to be a game warden resident in Terrace for some time to come, as, by a letter from the Attorney-General's office, the Board was advised that there had been no provision made in the estimates for such a warden.

The matter of a new federal building to house the post office, the Dominion Government Telegraphs and telephone will not be dropped by the Board until it becomes an accomplished fact.

Recommendations were made to be submitted to the traffic branch in Victoria for proper traffic signs to be placed at the east entrance of the village and the 20-mile speed limit sign at the west end be extended to the school. Also that danger signs be placed both east and west of the rock-cut near the Skeena Bridge. The report of the committee, D. Kerr and H. Lynum, set up to investigate the condition of the Deep Creek bridge was commended by the Board and their findings, with the recommendation that a new bridge be built, will be sent to the proper authorities. Matters pertaining to the N.H. H.A. cannot be settled until a definite town planning scheme becomes effective.

CANADIAN RAIL UNIONS LAGGING

Calgary—W. P. Kennedy of Cleveland, president of the Brotherhood of Railroad Trainmen, said last night that the railroad unions were lagging behind other labor unions in applying for the forty-hour week. He said that his Union, which has 206,000 members in Canada and the United States will apply for a 40-hour week for yardmen among 20,000 Brotherhood members in Canada. He told 200 delegates attending a two-day convention of Canadian members that working conditions of the Dominion's railroad men must be on a par with those in the United States.

THE WEATHER

Synopsis
Skies are clear this morning in most sections of British Columbia. Extensive fog banks lie along the coast. Most regions will enjoy another fine day today. However cloudiness is expected to develop over the southwestern corner of the province with isolated thunderstorms developing by evening.

Cooler air is spreading into the extreme northern interior of British Columbia and snow is falling at Fort Nelson and Fort St. John with temperatures in the low thirties.

Forecast
Clear today and tomorrow, slightly cooler tomorrow. Northwest winds, (15 mph). Lows tonight and highs tomorrow—at Fort Hardy 50 and 67, Massett and Prince Rupert 45 and 65.

Crash Kills Twenty-One

MONTREAL (CP)—Canadian Pacific Airlines said today that one of its DC-3 planes had crashed forty miles from Quebec City with seven passengers aboard and, so far as is known, none survived. The plane was on a regular flight. Officials estimated that the crash occurred about 9:45 a.m.

The plane was on a regular flight. Officials estimated that the crash occurred about 9:45 a.m. D. Kerr and H. Lynum, set up to investigate the condition of the Deep Creek bridge was commended by the Board and their findings, with the recommendation that a new bridge be built, will be sent to the proper authorities. Matters pertaining to the N.H. H.A. cannot be settled until a definite town planning scheme becomes effective.

Rupert Resolutions Are Thrown Out; Daylight Saving Vote Favored

VICTORIA (CP)—The Union of British Columbia Municipalities convention delegates here will not ask for legislation allowing the municipalities to limit the number of taxis in operation. Prince Rupert delegates asked that this course be taken on the grounds that "fly-by-night" taxi cabs operate on their streets at the close of fishing seasons when 1948, was also defeated. There was a lot of money around. The delegates, however, entered, "And," said Mayor Arnold, "they dorse a Prince Rupert resolution calling on the provincial government to take a plebiscite on daylight saving time. Mrs. Arnold told the convention that grave accidents had occurred during the fishing season through its application.

Nora Arnold Is Given Office

VICTORIA—Solomon Mussallem, perennial reeve of Maple Ridge in the Fraser Valley, who was in business in Prince Rupert in the early days, was elected president of the Union of British Columbia Municipalities yesterday in succession to Mayor Percy George of Victoria. Mayor T. H. Waters of Nelson was elected first vice-president and Mayor Nora Arnold of Prince Rupert was named second vice-president.

Shake-Up Of Navy Vessels

OTTAWA—The first major phase of a modernization program for destroyers of the Royal Canadian Navy is near completion and the next three months will see an entire change-over of operational destroyers in the Fleet, it was announced today by the Minister of National Defence.

Three Tribal class destroyers—H.M.C. Ships Huron, Cayuga and Micmac—and the Fleet class destroyer Sioux, which have been undergoing rearmament in yards on the two coasts, are to return to active commission. Huron and Micmac will be based at Halifax and Cayuga and Sioux at Esquimalt.

They will replace H.M.C. Destroyers Nootka, Haida, Athabaskan and Crescent, which are to be paid off into reserve. Nootka, Haida and Athabaskan, all Tribal class ships, will be taken in hand for refit and re-equipment, as will H.M.C.S. Iroquois, a ship of the same class, which was brought into active commission this summer to assist with the Reserve sea training program. She had served previously as depot ship for the Reserve Fleet at Halifax.

Pursuant with the naval policy of constantly seeking to improve living conditions on board ship, while still maintaining the highest standard of fighting efficiency, extensive and radical alterations have been made to the crew's living quarters in H. M.C.S. Sioux.

A cafeteria messing system and dining quarters separate from the sleeping accommodation have been introduced, modification in the sleeping spaces hammocks have been replaced by bunks which will fold when not in use. Although the cafeteria and bunk systems are not uncommon in larger ships, this will be the first time they have been employed in toto in a destroyer of either the Canadian or British Navies and the experiment (Continued on Page 6)

Shake-Up Of Navy Vessels

OTTAWA—The first major phase of a modernization program for destroyers of the Royal Canadian Navy is near completion and the next three months will see an entire change-over of operational destroyers in the Fleet, it was announced today by the Minister of National Defence.

ELECTED—Mayor Nora Arnold, named second vice-president of Union of B. C. Municipalities

PREZIDENT—Reeve Solomon Mussallem of Maple Ridge, new president of Union of B. C. Municipalities. Former Prince Rupert resident.

Important Announcement

NORTHLAND DAIRY are confident that, with the addition of one more truck and the following change of schedule, they will be able to give a more satisfactory delivery service than in the past. Starting Saturday morning at 6 o'clock Sept. 10th, truck No. 1 will start at Hays Cove Bridge working all the district east to Seal Cove and back along Eleventh Avenue. Truck No. 2 will work the district between Hays Cove Bridge west to Fulton Street. Truck No. 3 will start along 9th Avenue West from McBride Street, continuing through to the district west of Fulton Street then Section 2 and the business district. Please help Northland to give you better service by leaving your bottles out at night until they have established your regular delivery time.

BATTING 1,000—Eddie O'Donnall, left, Iroquois Falls, Ont., taxi operator, went hunting recently near his summer camp. When he returned to his camp, he had four potential bearskin rugs for his hearth. He saw a mamma bear and three cubs strolling along. Raising his rifle he fired four shots. Result? Four dead bears shown here. (C. P. Photo)

MENTAL HOSPITAL IN SOUTH BURNED

VANCOUVER—Seventy mental patients were safely evacuated last evening when Hollywood Sanitarium here was gutted by fire which raged through the institution. None were injured.

Published every afternoon except Sunday by Prince Rupert Daily News Ltd., 3rd Avenue, Prince Rupert, British Columbia. O. A. HUNTER, Managing Editor. H. G. PERRY, Managing Director.

Why No Northern Senator?

TOM REID, veteran Member of Parliament for New Westminster, holder of that seat for nearly thirty years, will be a worthy acquisition to the Canadian Senate. There will be disappointment, however, in Northern and Central British Columbia that no heed has been paid to representations which have on several occasions in recent years been made by boards of trades, chambers of commerce and Liberal associations seeking an appointment from this area to the Upper House.

As has often been said before, northern and central British Columbia is not without worthy and deserving talent for the venerable chamber-men of attainments, ability, sound judgment who have also served their country and party well over the years.

It will not ride very well with the people of this part of the country that their just claims to Senate representation have been again ignored in favor of the south.

In this now rapidly developing and increasingly important section of the country, we could well have expected to be accorded favorable consideration and action in this appointment.

THIS IS GOOD NEWS

IT IS GOOD NEWS, indeed, that reason should have prevailed and that a settlement has been reached between loggers and operators of British Columbia coast whereby the strike, which for a time threatened seriously, has been obviated.

Such a strike would have been an economic body blow to British Columbia, through bringing mass unemployment in the province's major industry and stopping production at a crucial time.

But the most satisfactory feature of all is the fact that a new spirit of compromise and understanding appears to be developing between labor and industry. What the loggers and operators have been able to do there is good reason to believe may be achieved should at any future time other differences arise between labor and management.

It is, apparently, agreed that in strike action everybody loses and more particularly the workers and the public as a whole.

RICHARD STRAUSS

A MUSICAL PRODIGY at the tender age of four and storm centre in middle age of critical debate on his impressionistic expression in tone forms, Richard Strauss lived to see many of his innovations become almost commonplace musical devices. Then he became enmeshed in Nazi politics when Hitlerism invaded German art.

Born July 11, 1864, the son of Franz Strauss, player of the French horn in the Munich Court Opera, he began strumming the piano almost as soon as he could sit at one and started composing when he was six. At twelve his opus No. 1, a "Festmarsch" for orchestra, was before the public.

He was world famous at the turn of the century for tone poems and crowned his creative genius by producing the impressionistic operas "Salome" (1904) and "Elektra" (1907), the works by which he was most widely known in America. "Salome," widely censored and censored, the text being after Oscar Wilde, put Strauss into the headlines. Its treatment of a Biblical subject displeased straight-faced Kaiser Wilhelm II, but its score brought the composer the cross of the French Legion of Honor. Typical of American reaction was a critic who wrote of "the passionate music which grovels in the blood and filth of the concluding scene."

The Strauss genius ran the gamut of musical expression from simple songs (songs of which were acclaimed as among his most beautiful works) through piano solos, string quartets and symphonic poems to complete symphonies and operas, with ballets and chorals thrown in for good measure. On top of that he was a gifted conductor and was an acknowledged master in drawing colorful effects from huge orchestras.

DOLLAR DELEGATES—Their briefcases, bulging with pertinent data, top-ranking members of the government's financial and diplomatic divisions are shown just before flying from Ottawa to Washington for the Canadian-U.K.-U.S. economic discussions. Shown, left to right, are: Graham Towers, governor of the Bank of Canada; Norman Robertson, clerk of the Privy Council; Finance Minister Abbott; M. W. Mackenzie, deputy minister of trade and commerce; External Affairs Minister Pearson; Louis Rasminsky, Bank of Canada; John Deutsch, Finance Department; A. E. Ritchie, Canadian High Commissioner's Office, London; A. F. W. Plumptre, External Affairs. (C. P. Photo)

Ray Reflects . . . and Reminisces

In 1897, a dollar a day in many parts of Canada was regarded as fair enough. Today, that much an hour is reckoned by millions of people as not enough. And the world wags on!

the weather God evidently knows his onions.

Times are usually pretty active when sizeable money robberies are reported. When business is dull and the outlook discouraging no one can work up enough enthusiasm to start something. It's been like that since railway building days when one morning a steamer that had left Vancouver with cannery payrolls on board called to say a lot of cash was missing. The quarter master, socially inclined, had secreted fistfuls of banknotes all over the ship. When he sobered up, he helped the cops and most of the long green was recovered. It might have been worse for all concerned.

A Department of Fisheries officer says Canadians are the lightest consumers of fish in the Dominion. Obviously, he never witnessed a line-up at a Prince Rupert cafe lunch counter with halibut steaks, black cod and boiled salmon performing the "disappearing act."

Top U.S. Army officers, enroute to Alaska, paused long enough in Edmonton to refuel (Continued on Page 5)

AN APPEAL

TO MEMBERS AND FRIENDS OF ST. ANDREW'S CATHEDRAL . . .

The immediate embarking upon the evangelical enterprise of building a Rectory waits on two things to be done this month.

A. That Volunteer workers turn out Thursday afternoons and Saturdays equipped to clear and excavate the site.

B. That our good will and intentions for this project which have not yet resulted in subscribing receive our attention. Almost five sixths of the minimum sum required is in hand. Having this help it will be possible to ask a general meeting to give us the green light.

BASIL S. PROCKTER, Canon and Rector.

Cheques may be made payable to the Cathedral Rectory Fund at the Canadian Bank of Commerce

RETURNS FROM HOLIDAY CRUISE

A call at Stewart for a Masonic gathering, a run into Wales Island to offer assistance to a fellow medical practitioner and yachtsman and an excursion to the head of Warke Canal for fishing were comprised in a four-day cruise up the coast for Dr. W. S. Kergin and son, Bill, who returned to port last evening with the Full Moon.

Departure was made here at noon Sunday for Stewart. The call at Wales Island was made when Dr. Kergin heard that Dr. R. G. Large had suffered mechanical trouble with his new boat Yaloo. However, no assistance was required.

Coming out of Warke Canal yesterday morning, Dr. Kergin encountered fog at the mouth of the Naas River and in Chatham Sound of density such as he had never experienced before. It was so thick that even the fishing fleet tied up. It lasted almost all day but cleared up perfectly in late afternoon for the run back into port.

TELLS OF NEED FOR FOSTER HOMES

The need for a growing number of foster homes for children of broken families was described to the Prince Rupert Rotary Club Thursday by E. I. Coughlin, district supervisor of Social Welfare, who addressed the club's weekly luncheon meeting at the Broadway.

Protection of children who are the victims of domestic discord is a major part of the work of the department, and the difficulty of finding foster homes where they can develop within an atmosphere of normalcy is becoming more difficult, he said in the course of an autobiographical address.

He outlined the province-wide system of agency centres whose functions include every type of social welfare work.

Guests at the meeting were Frank Shanahan, and H. H. Church, both of Vancouver. A. Bruce Brown was chairman in the absence of President R. G. Van der Sluys.

Guy Lombardo Is Boat Race Winner

TORONTO ©—Guy Lombardo won the Canadian National Exhibition unlimited Canadian class power boat race after dropping a second heat to Sid Street.

A Sixteen Dollar Watch BARGAIN

We can today show you a very special watch value.

These watches are for those who demand good timekeeping at moderate cost.

They are built to run along for twenty years.

Nickel case, 16 size with hinged double back.

15 Jeweled, open face, white dial, fully guaranteed.

"You didn't forget the RECKITT'S Blue, Mummy!"

Today's smart homemakers never forget that last, quick swish of Reckitt's Blue in the final rinsing water. This is the only sure way of getting rid of the yellow look that tinges white things when BLUE is not used... the easy way to make certain that all white linen, towels, sheets and clothes stay white throughout their lifetime!

7 colours combine to make White. One of these is Blue. Blue must be added to make true White.

RECKITT'S BLUE
PREVENTS CLOTHES TURNING YELLOW

Cavatwill Topcoats
Water Repellent

A Fine Dress Topcoat, 100% Two-Ply Wool Worsted, in plain colors.

Expertly styled with set-in sleeve, square shoulder effect and sash pockets, the Cavatwill Topcoat is designed to combine smartness with long wearing quality.

This new hard-finish material will hold its press and give lasting good appearance to the wearer.

What a Difference Right Breakfasts Make!

"We find Grape-Nuts delicious" writes a Victoria, B.C., mother, "and my twin boys (aged 12) want them all the time."

Why Breakfast is an Important Meal

A satisfactory first meal of the day should start you off right. Make sure your day is not spoiled through a hasty breakfast. The reason: that skimmed breakfast encourages fatigue, irritability and lowered efficiency. A better breakfast helps you to start right and stay right all day.

Why Grape-Nuts is Specially Made for Breakfast

It takes only two tablespoons of delicious Grape-Nuts to furnish the cereal share of a good breakfast. You'll enjoy these golden, crunchy kernels of whole wheat and malted barley. You'll benefit, too, from useful quantities of carbohydrates, proteins, and minerals. Plenty of flavor-lift with milk or cream. Recipes for other uses on the package. Today order economical Grape-Nuts from your grocer.

BASEBALL— Play-Off Game Tie

Darkness Halts Commercial's vs. Merchants Contest

The first game of the senior baseball play-offs ended in a 5 to 5 tie when the Commercial's overcame Merchants four-run initial inning lead. The game was called on account of darkness after the Commercial's squared the contest in the sixth inning.

Merchants' runs were scored when Abel unloaded the bases with a double to the left field fence then crossed the plate himself on a miscue. Commercial's got some errors out of their system and then went on to play sound ball. They scored a pair in the second frame when Windle and Sinclair crossed the plate after each had stolen bases. Commercial's smartest run was the one scored by Cornwell in the fifth inning when he stole home while Merchants' moundsman was in the act of delivering the ball.

Lambie relieved Ciccone on the mound in the sixth after-

he had walked the first batter on the inning which turned out to be the tying run. Howdick scored on Guthrie's safe bunt after he had been advanced on an error and Shier's third hit of the game. However, Lambie ended the rally when he caught Vanetta's bunt and doubled the runner off third base.

Commercial's used three pitchers when Toews developed arm trouble. McKinnon completed three innings and then Letourneau went on to hold the Merchants down.

Heaviest hits were Abel's double and triple that went right to the fence in each case.

DOUBLE LIFE—Pete Karpuk lives a complicated life in the early autumn. The versatile Toronto-born athlete spends his weekdays playing shortstop or pitching for Ottawa Nationals of the Border Baseball League, a club headed for a playoff spot. On week-ends, he switches to football and scampers about the backfield for Ottawa Rough Riders of the Interprovincial Union. He boasts a batting average well over the .300 mark and has won eight of his first nine decisions as a pitcher for the Nationals. For the Riders, he has contributed a touchdown in each of their first two games. (C. P. Photo)

FOOTBALL SHORTS

This evening's football game brings General Motors and the Heavy Battery into contention in a continuance of the Mobley Cup competition. While the General Motors team has no chance of winning this competition it can have a hand in deciding who will win it for the winner may not be determined until the last game. That is what makes the competition so interesting. Further, the General Motors think that, with some of their players back who were working out of town, they are now in a position to finish the season with a winning streak.

IT'S A DATE—Boys in strange cities sometimes find it difficult to meet girls. Canadian Navy ratings in Halifax have no such trouble. Under the auspices of the Naval Officers' Wives Association and with the full approval of the navy, a date bureau has been established at the east coast Canadian port. Here, right, Ordinary Seaman John Keable of Quebec calls the date bureau for a date. On the other end of the line, as the left photo shows, are Mrs. J. I. C. Inness and Mrs. W. H. De Costa who operate the bureau. They check their list of girls and give Sailor Keable a number and address. As protection sailors and girls must both be registered with the bureau and present proper identification when they meet, usually at the girl's home.

PLAN SKY LIGHTING
CANBERRA — A team of
-Australian physicists has begun
-experiments to produce an ar-
-tificial aurora. The aurora is
-believed to be caused by electric-
-ally-charged particles striking

the atoms of the upper atmos-
-phere and making them radiate
-light. The scientists produce
-the same effect by shooting a
-beam of radio waves into the
-atmosphere, 60 miles above the
-earth.

NOTTINGHAM — An offer
-from a Nottingham business
-man to provide £5,000 (\$20,000)
-for a statue of Robin Hood, 14th
-century legendary outlaw of
-Sherwood Forest, has been ac-
-cepted by the town council.

and answer a few press questions. Future oil discoveries seemed uppermost in the thoughts of some. Said one: "You can't make too many oil strikes." Drill away, Queen Charlottes!

Tourists, glorying in northern scenery, are returning home just in time to miss the fascination afforded in watching the rich tints of changing foliage. Of course, the same can be enjoyed in the United States, but seasonal beauty is discouraged in vast cities. Take a look at the forests of Skeena and Omineca in September and October.

PILES

When your piles are at their worst, driving you nearly crazy with pain and itching... get Pyltone. You'll appreciate the blessings of modern science in the New Pyltone Treatment. Hundreds of letters tell us only one bottle was needed. Others used more but always with amazing results. Pyltone, a liquid taken by mouth, goes direct to the internal trouble, removing the cause. Results you expect with one bottle of Pyltone or price refunded. At all modern druggists. P.T. 2

SWEET-TOOTH WASPS NEW DELHI —The Indian government has established a directorate-general of shipping. Arthur S. Lal, formerly Indian trade commissioner in London, which are ruining the fruit before it is ripe. Some growers report that their trees of early plums have been stripped.

NORWICH, England —Plum trees and gooseberry bushes in Suffolk and Norfolk are being attacked by swarms of wasps which are ruining the fruit before it is ripe. Some growers report that their trees of early plums have been stripped.

NEW DELHI —The Indian government has established a directorate-general of shipping. Arthur S. Lal, formerly Indian trade commissioner in London, has been appointed to the post to deal with seamen's welfare, maritime conventions, shipping corporations and lighthouses.

THE ALLEN is basementless, with the floor slab, easily adaptable to linoleum or other composition flooring, laid directly on a gravel fill. The heating plant and laundry equipment are in a utility room which replaces a basement.

Plumbing, for the bathroom, and laundry equipment is in the same wall. Location of the fireplace makes the same chimney available for the heating unit.

Storage space is liberally allowed for in each of the three bedrooms and closets are planned for the front entrance and utility room. A general closet and linen cabinet are in the bedroom hall.

The exterior walls are shown to be of frame with wide siding. But, concrete blocks can be used as a substitute. The roof is covered with asphalt shingles.

The kitchen of The Allen is modern with cabinets and equipment arranged in a U-shape. The sink is under the window and the refrigerator and range are completely built into the cabinets.

Dimensions of The Allen are 38 feet by 27 feet with an area of 1,110 square feet and a volume of 13,320 cubic feet.

CONVICTED ON LIQUOR CHARGE

Harold Beam, proprietor of the Skeena Inn at Port Essington was fined \$50 and costs following his conviction by Magistrate H. F. Glassey here Thursday afternoon for an infraction of the Government Liquor Act.

The prosecution followed an investigation on August 12 by Constables Edward Anderson and George Redhead who visited the Skeena River village on the police boat P.M.L. 15. Beam was charged with permitting persons to be in the beer parlor of the hotel after 11:30 p.m., the regulation closing time.

Constable Redhead, who was on temporary duty with the P.M.L. 15, told the court that he had seen a group of persons in the premises at 12:45, 15 minutes after the closing hour. The accused, he said, exchanged some money during that time.

Constable Redhead's testimony was corroborated by Constable Anderson.

The prosecution was conducted by Constable Anderson. A. Bruce Brown acted for the defence.

PRINCE RUPERT BOY IS DENTIST

Dr. Kosta J. Killas, son of Mr. and Mrs. James Killas, formerly of Prince Rupert and now of Vancouver, has opened up for dental practice in the Medical-Dental Building, Vancouver, following his recent graduation from the Oregon Dental College with the degree of Doctor of Dental Medicine.

Born in Prince Rupert, Kosta Killas received his public and High School education here and later took three years in University of British Columbia before going to Oregon Dental College.

MARRIAGE AT TERRACE

TERRACE—Under a large white wedding bell in an archway of cedar boughs decorated with pansies, Elsie May Crego, eldest daughter of Mr. and Mrs. W. Crego, and Donald Charles Hull, elder son of Mr. and Mrs. G. Hull, were united in marriage by the Rev. A. C. Shindel at the Pentecostal Church on Wednesday evening.

Cedar boughs and late summer flowers decorated the front of the church piano and windows and made an ideal setting for the beautiful bridal party.

Given in marriage by her father, the lovely bride was graceful in a floor-length gown of lustrous white satin which featured a small bustle, portrait neckline and long sleeves. Her bridal veil, entrain, was crowned with an Elizabethan coronet. She carried an arm bouquet of red and cream gladioli, baby's breath and fern.

Maid of honor was Miss Ann Molitor, charming in a floor-length, long-sleeved gown of blue velvet and artistically decorated by Mrs.

flowers and a blue shoulder veil.

The two pretty bridesmaids, Dorothy and Mildred Crego, popular sisters of the bride, the former wearing a long gown of pink sheer with long sleeves, pink ribbon sash and shoulder veil crowned with pink velvet flowers. Mildred wore a deep cream gown with short sleeves and ribbon sash. The bride's attendants all carried bouquets of pastel shaded flowers.

Attending the groom was his brother, Wayne. Kenneth Alger was the usher.

As the bridal party proceeded down the aisle after the ceremony, pictures were taken by Jim Brickley.

Mrs. F. Gibbs was soloist during the signing of the register and Miss Grace Little played the nuptial music.

A reception was held in the Credit Union Hall where the guests gathered to felicitate the happy couple. Flowers in profusion, wedding bells and streamers decorated the hall and tables. The bride's table was covered with a lace cloth, hand crocheted by the bride's mother. Centering it was a three-tier wedding cake made by the bride.

and artistically decorated by Mrs.

F. Bailey. Receiving the guests was Mrs. W. Crego who had chosen a gown of black and rose printed silk, black accessories and corsage of red and cream gladioli. The groom's mother wore wine with grey accessories and corsage of glads.

The toast to the bride was given by her grandfather, A. A. Crego of Vancouver and responded to by the groom.

Leaving on a motor trip through the province, the bride wore a navy suit with pale blue accessories. On their return, the newlyweds will reside in an apartment above the groom's men's furnishings store on Lakelse Avenue. The bride was a popular member of the local telephone staff.

SHAKE-UP

(Continued from Page 1)

will be watched with a great deal of interest.

Whether these systems or modifications of them will be adopted in the other destroyers of the R.C.N. will depend on the success of the tests to be carried out in H.M.C.S. Sioux under practical sea-going conditions.

Concurrent with announcement of the destroyer program, it was announced that H.M.C.S. Magnificent was expected to return to service in mid-October.

The Magnificent will work up and engage in a period of flying training in East Coast waters, after which she will proceed on an autumn cruise.

During this period, the carrier will embark for sea training ordinary seamen who have completed their new entry training at H.M.C.S. Cornwallis. In this capacity she will replace temporarily the cruiser H.M.C.S. Ontario, which will commence a two-month refit at Esquimalt November 1.

**YOU'LL FIND OUT!
KELLOGG'S
BRAN FLAKES ARE
FRESHER!**
