Soviet Russia Criticized At Ottawa

Foreign Affairs Debate Proceeding In Commons

OTTAWA, (CP)—Minister of External Affairs L. B. Pearson, opening a debate on foreign affairs in Parliament today, sharply criticized Soviet Russia, charging it with aiming to widen its political power on other nations and stamp out their independence. He declared that the Soviet was endeavouring to reduce Yugoslavia into slavish obedience.

B.C. WOMAN WINS AGAIN

TORONTO—Emblematic of the world's championship in wheat growing, the Canadian National Railways wheat trophy for annual competition at the Royal Winter Agricultural Fair was won for the second time in its three years of competition by Mrs. A. G. Kelsey of Erickson, B. C. Mrs. Kelsey was advised by wire by the fair officials of her victory over many outstanding wheat growers and it is hoped that she will be present next week to receive the trophy in person.

Too Many Ships Now

Is Complicating Merchant Marine Problems, Head of Canadian Commission Says

QUEBEC—The problem of exchange, as well as the fact that the "world has too many ships" is complicating world shipping problems, John V. Clyne, chairman of the Canadian Maritime Commission, said on his arrival here today aboard the liner Franconia.

Returning from talks in Britain between British and Canadian shipping authorities on merchant marine problems, Mr. Clyne said the talks will be resumed shortly in Ottawa with Sir Gilmour Jenkins, permanent secretary of the British Ministry of Transport.

Encouraging Of Home Building

OTTAWA, (CP)—The House of Commons, after a seven-hour debate, last night approved in principle a bill making major changes in government legislation aimed at encouraging construction of more homes in Canada. Down payments under National Housing Act would be cut in half.

The approval came after Hon. R. H. Winters, minister of reconstruction, said he was anxious to get the legislation through because provinces which wish to cooperate with the federal government must pass complementary legislation in their legislatures.

Opposed to Re-zoning

Opposition to a re-zoning proposal which would change a portion of First Avenue West from a residential to a commercial area met with stalwart opposition from residents of that district who Monday night backed up a petition with a personal appearance before city council.

Key to the controversy is the re-zoning of a section of First Avenue, west of Ninth Street, to include the present Arrow Bus Lines garage in a commercial area. Nearby residents opposed the suggestion and added one of their own—that the bus company move its maintenance operations to some other part of the city.

Alderman George Casey, chairman of the zoning committee, assured the delegation that neither he nor his colleagues had any intention of taking action until they had heard all sides of the matter.

A petition, signed by 32 taxpayers who estimated that they represented \$100,000 in taxable property, termed the presence of the bus company's garage and its "noisy" buses a "nuisance."

Shelford Darton, 1022 First Ave. West, one of three residents of the area who addressed council, said that the roar of bus motors in the early morning was a "regular nuisance" and that he would like to have "the buses removed from that neighborhood."

D. G. Frizell, who said that he was building two homes in that area, felt that, while it was a desirable residential district, it was not suitable for commercial enterprises and that the presence of the bus line garage tended to depreciate property values.

Mrs. J. A. Rutherford of 1045 First Avenue told council that, since the petition had been drawn up, the "nuisance had been exaggerated by the parking of buses over an area of four or five blocks."

"Those buses are interfering with our lives and we think that they are in the wrong part of the city."

The aldermen took a sympathetic view of the property owners problem in referring it to the zoning committee.

"You can't get away from the fact that those buses are parked on city streets," commented Alderman T. B. Black. "I think it would be advisable to have the bus company find a new location."

Alderman Casey said that he will call a meeting of all interested parties in the near future.

FIRST RED FREIGHTER—The crew of the Russian freighter Chelyushinets steered clear of newspaper photographers when she docked at Montreal. A guard at the rail ducked out of camera range; the captain refused to be interviewed. The Chelyushinets, first Soviet ship to visit Montreal since before the war, is taking on a cargo for Britain. \$10,000 Fire In New School At Houston

Extensive Damage Done to New Educational Structure in Interior Town

Estimated ten thousand dollars damage was done to the new \$46,000 school building erected and occupied during the past few months at the Bulkley Valley community of Houston. A bucket brigade, in which women and children helped the men of the town, is credited with having saved the fine new structure from complete destruction.

According to report received at division headquarters of provincial police here from Sgt. T. D. Brunton, district chief of British Columbia police at Smithers, the fire started from a hot air duct in the furnace room. There was time to sound the alarm and all the pupils emerged from the building uninjured. There were three teachers and 87 pupils. The building consists of three classrooms and a teachers' room.

BOND BYLAW FOR SEWER PROPOSED

A money bylaw which would permit the city to sell \$144,000 in bonds to repay the treasury for construction of sewer outfalls in the downtown area will be referred to city raters in a referendum in December.

Purpose of the bylaw will be to retrieve money spent out of general funds on sewer outfalls by selling bonds. The matter was brought before council last night by finance chairman T. B. Black.

Bulk of the sewer cost arises from the construction of 1980 feet of sewer in the Cow Bay area east of McBride Street which, because it is classified as an outfall, cannot be charged as local improvements.

Alderman Black has told council that the money which was being used to build the sewers was coming from general revenue and should be recovered for working capital for the city.

THEY SAY—Peeved at English reporters, these three girls came out to smile a welcome to Canada as the Canadian Empress of Canada reaches Montreal. "A lie," they were asked about the reporters story that the girls had "books" containing the names of 100 boy friends in the United States. They have only names of a few others they met in England. And, besides, they were not looking for jobs, not husbands—"unless the right job comes first. Co-ops Take Lead Of Hoop League

Brownwoods Last Night—Merchants, Peoples Store Kinsmen Win

Co-ops became undisputed leaders of the Senior Hoop League last night when they took a decisive victory over the Merchants, Peoples Store and Kinsmen. The Co-op team, led by Joe Davis, won 43 to 33. At no time were the Co-op trailing, and at the end of the third quarter, they had piled up a lead. Brownwoods made a strong bid in the last few minutes of the game to overcome this lead and for a while it looked as though they might do it as they came within five points of overtaking the winners. However, time ran out on them and the final score gave Co-op the seven-point lead.

It was a big night for Co-op's Joe Davis. He played a bang-up defensive game and picked off the rebounds time after time. He was responsible for 12 of his team's points and shot two sensational baskets that brought the fans to their feet. Angus Macphie made his first appearance of the season and was on the floor for a brief five minutes before retiring to the coach's bench.

Doug Shier, for Brownwoods, gave a demonstration of foul-shooting that will be hard to equal. He made 9 of 11 tries, and was top scorer for both teams with a sparkling 17 points. The game was ragged compared with other games played this season but Brownwoods final spurt gave the crowd the excitement they craved and the fans went home well satisfied.

Co-op—Arney 11, Flaten 11, R. Holkestad 7, Davis 12, D. Scher's 8, Morgan 1, Macphie. Total 50. Brownwoods—Gurvich 4, Shier 17, Lavigne 2, Pierce 4, Bussey, Thompson 3, Sunberg 7, Bill 6, Owens, Davidson. Total 43.

INTERMEDIATE

Merchants pulled the game out of the fire in the last quarter to win 29 to 24 over North Star who had held the lead all the way. North Star was worthy of a win, but Harold Marshall of Merchants went to town in the last few minutes to rack up 9 points and assure his team of the final lead. (Continued on Page Four)

Following the footsteps of their counterparts in the Mixed League, Manson's had gained top spot temporarily in the Men's Five Pin League Friday as they won four points by default over the Canadian Legion who were busy with Remembrance Day activities. There were three other teams that won four points each Friday night. They were Mallets from Undesirables, Home Oil from Oddfellows, Crescents from Jaycees No. 2. In the other games Ambassadors won three points from Commercial and Philpott Evitt won three points from Jaycees No. 1. High scorer for the evening was Jack Paul of Manson's with 321 for high single and 799 for high three games.

The Manson's versus Headpinners match in the Mixed League bowling on Wednesday not only placed Manson's on top of the league but also produced high scores for both ladies and men. Manson's won three points in close battles. High ladies single and three game total were by B. Dunbar with 303 and 749. High men's single game was 267 by R. Vuckovich and high three game total by Ian Dunbar with 719. The three high scorers were from Manson's. In other games Watts & Nickerson took a great leap

out of the cellar position in the league with a four point victory over Hangovers. City Transfer also won four points from Bob Parker. Handicaps won three points from Northern Lights, Ideal Cleaners upset Macey's to win three points, and Booth School and Pushovers split two points apiece.

POPULAR RITE JOINS LOCAL PAIR SATURDAY

A honeymoon trip to Ketchikan followed the wedding here Saturday evening of Mary Ann, daughter of Mr. and Mrs. Anton Dybhavn and Charles Leonard Youngman, jr., son of Mr. and Mrs. C. L. Youngman. One of the largest marriage gatherings ever to enter St. Paul's Lutheran Church witnessed the rite which

was performed by Rev. Earl Solland. Adding to the beauty of the occasion was the presence of the church junior choir and the Varden Singers. The former sang "O Perfect Love" and the latter sang the Norwegian song "Fader Vor" during intervals in the ceremony. Mrs. Solland, wife of the Pastor, was organist for both groups.

The church was beautifully decorated with bouquets of pink and white carnations and nosegays of lily of the valley, tied with white satin ribbons on each of the pews. The service was recorded by Joseph Goscoe.

A Rhinestone necklace, gift of the groom was worn by the bride as she entered the church accompanied by her father. Her costume was of white moire with net over the skirt and sweeping train adorned with rose buds. Her finger-tip veil fell from a beaded coronet head piece and her bouquet was of red roses.

Maid of honor was Miss Jeanne Husoy, who wore a formal gown of blue nylon with blue net head piece crowned with pink carnations. Her bouquet too, was of pink carnations.

Miss Nina Youngman, sister of the groom, acted as bridesmaid. Her gown of maize taffeta was enhanced by a head piece of maize net and a crown of yellow carnations. Her bouquet was composed of yellow carnations.

Groomsman was William Denlock and ushers were Sydney Youngman and Andrew Dybhavn. A banquet dinner was served to 170 guests at the reception which

followed at the Oddfellows' Hall. The mothers of the bridal pair, each gowned in formal black velvet, received the guests.

Toast to the bride was proposed by Barney Roald, who acted as master of ceremonies. The groom responded. A toast to the newly married couple was proposed by William Denlock while a toast to the bride's parents was proposed by A. Martinussen. Toast to the groom's parents was proposed by James Nicoll and a toast to the bridesmaids was proposed by Sydney Youngman.

The dinner was prepared and served under supervision of Mrs. Barney Roald.

The bridal couple sailed on Monday on the Princess Norah on a honeymoon trip to Ketchikan. For travelling, the bride wore a rose colored coat with grey accessories. On their return, they will take up residence at 336 Sixth Avenue East.

The bride is a well known and popular local girl and was previously on the office staff of the Fishermen's Co-operative. The groom is employed at the government liquor store.

Miss Beverly Nelson returned to the city on the Prince George this morning after a holiday trip to Vancouver.

Mr. and Mrs. J. Clausen returned on the Prince George this morning from a trip to Vancouver.

FIRST STEP TO POWER—This sketch shows the projected dam at Libby, Mont., the first of two to be constructed on the Kootenay River to develop power and flood control over area of approximately 70,000 acres on both sides of the boundary between British Columbia and the United States. The Libby dam, approximately 425 feet high, will store water to a maximum elevation of 2,440 feet. The project, undertaken jointly by the governments of Canada, the United States and British Columbia, will include a second dam on the Kootenay in British Columbia.

**Ray Reflects . . .
. . . and Reminisces**

Why are prospectors and old-timers always "grizzled?" They could be bald, or clean-shaven. Why are accident cases always "rushed" to the hospital? They could move slowly, and with care.

An Englishman said not long ago that the thing that most impressed him about North America was the admirable way parents obeyed their children.—Hamilton Spectator.

A little pleasantry now and then, appears to be permissible in the House of Commons. Recently, Macintosh Red apples from British Columbia were presented: one apple for each member. A few appropriate remarks were made by G. A. Cruickshank (Fraser Valley). Mr. McCusker, from an eastern riding, thanked Mr. Cruickshank for his information. Otherwise the apples might have been mistaken for cranberries from Newfoundland.

The Yukon River gold bonanza having petered out, another alleged strike is reported from a village in Northern California called Castaic. It was near there the State's original excitement started in 1842 and seven years

later, in 1849, the world famed stampede broke. Charley Allen runs a cafe in Castaic and he struck color when deepening a well in the rear of the restaurant. The fever is on. Men are panning for gold with skillets, frying pans, pie plates—anything handy. Central B. C. is round about midway between California and Yukon. The logical location for the next yellow metal flurry!

Bill Sullivan—but to most of us, he's just "Sully"—has lived in Prince Rupert since earliest days and he also has a few reminiscences of his own. How many know that Joachim von Ribbentrop used to work in Skeena? He was one of Hitler's key men and like the rest of the crew did not survive the second great war. He held down a lumber camp job somewhere in this district, and also was employed aboard a river steamer in the steward's department.

"It was there I first met him," said Mr. Sullivan the other day. "He was a Prussian, all right. He must have learned how to be a waiter while he lived in Germany. When he waited on table, he did just that. He'd take the order, place everything—just so—step back and stand silently waiting. He was all waiter. As I recall him, he was just an ordinary looking fellow who didn't talk any more than he had to."

No one remembers when von Ribbentrop left the north, but it is known that when the First Great War began, he was in Ottawa and had been there a considerable time. He had become quite well known as a young man about town.

Between the first and second Great Wars he was employed for some years as a travelling salesman, handling champagne. He was also active in politics, once the Nazi creed began to spread across Germany. With Hitler in power, von Ribbentrop climbed to high authority. Little did anyone imagine, back in 1910 that the youth, packing dishes back and forth on a Skeena river boat was destined to determine life or death for fellow countrymen and live to be hated by nations and finally executed.
