Accord At Conference

OTTAWA (CP)—Representatives of Canada's eleven governments agreed today that Canada, as a sovereign nation, should have the power to amend her own constitution on all matters—federal, provincial and jointly federal and provincial.

At the opening of the Dominion-Provincial constitutional conference, Prime Minister St. Laurent and Premiers of the ten provinces agreed that Canada should not have to go to the United Kingdom to obtain amendments to the Canadian constitution.

"Canada is today the only nation in the Commonwealth lacking full capacity to amend its own constitution by its own action. Our country is, indeed, the only sovereign state in the world which lacks this power," said Prime Minister St. Laurent.

"Our aim is to reach an agreement as soon as possible on a method of amendment which will relieve the United Kingdom Parliament of an embarrassing obligation and establish within Canada full and final responsibility for all national affairs."

After hearing the addresses of the representatives of the ten provinces, Prime Minister St. Laurent expressed the opinion that the delegates were in general agreement on the existence of fundamental rights whereby there should be autonomy within the Dominion to finally settle constitutional matters affecting the Dominion and provinces jointly. There is already such autonomy on matters purely federal and matters purely provincial.

Discussion over technique of procedure slowed down the progress of the conference today.

Premier Byron Johnson of British Columbia favors the setting down of an agenda to be followed by a continuing committee of the conference.

Election On February 23

LONDON—Prime Minister C. R. Attlee yesterday announced officially that the general election in Great Britain will be held February 23 with nominations February 16.

The present Parliament will be dissolved February 3 without further sessions. The new Parliament will be called March 1 for the election of Speaker and swearing in of members. The Speech from the Throne will be March 4.

Meantime, what is expected to be one of the most bitterly fought and keenly contested campaigns will have been fought between the government and its nationalization principles and the Conservatives and their free enterprise.

Labor and Conservative parties are expected to contest all 625 seats with about 400 Liberal candidates and about 100 Communist.

The last general election was July 1945.

The present standing of parties in Parliament is as follows:

Labor	393
Conservatives	201
Liberals	24
Independents and others	22

Indian-Ceylon Trade Talks With Canada

COLOMBO, Ceylon (CP)—Canadian delegates to the Commonwealth foreign ministers' conference are to hold trade talks with India and Ceylon before they return home; it was learned yesterday.

Indian trade talks will discuss the stimulation of trade between the two countries and the possibility of an overall trade agreement.

Discussions with Ceylon will explore the possibility of trading Canadian wheat for coconut products.

Canadian delegation to India-Ceylon talks, to start December 22, will be headed by Hon. L. B. Pearson, the Dominion's minister of external affairs, who is now attending the foreign ministers' conference here.

Opposition To Wage Increase

RAILWAY COMPANIES OF CANADA Cannot Agree With Demands of Employees

MONTREAL (CP)—Canadian railways today opposed the demands of 116,500 employees for a 40-hour week and increased pay, declaring that the proposed changes would "inevitably have effects far beyond the railway industry and extending to every part of the national economy."

The interest of Canada, as a whole, demands that the request of the employees be denied, the railway said.

In a lengthy statement to the board of conciliation, under Mr. Justice J. O. Wilson of Vancouver, which is hearing claims of international railway labor organizations for a 40-hour week in place of the present 48-hour week and an additional wage increase of seven cents per hour.

The railways said that such demands could not be met without an additional increase in freight rates.

The Montreal Star said today that train operators would seek a 20c an hour increase.

COAST STEEL PLANT VANCOUVER, B.C.—Several groups, interested in steel, are investigating the possibility of establishing an iron and steel industry in British Columbia.

Hon. R. C. McDonald, British Columbia minister of mines, said last night in addressing the annual meeting of the British Columbia and Yukon Chamber of Mines. A survey showed more than 10,000 tons of ore in three deposits, two on Vancouver Island and one on Texada Island.

COMMITTED FOR MURDER VANCOUVER—Stocky red-haired unemployed Vancouver laborer, Frederick (Red) Ducharme, 34, was committed for trial yesterday, charged with the murder of 45-year old attractive spinster, Miss Fern Blanche Fisher, whose violated body was pulled from the muddy waters of False Creek here November 5.

VANCOUVER TRAINS HELD VANCOUVER—The drifting snow is holding up three Canadian Pacific passenger trains near Agassiz as strong winds hold up snow-fighting operations.

Seventy-Seven Patients Safely Removed In Cold Weather of Yukon Winter

DAWSON (CP)—Trapped in the flame-swept infirmary, Sister Mary Gideon died in a fire yesterday which destroyed St. Mary's Hospital here. Two other persons were injured. An unidentified sister was badly scorched while trying to save equipment and the other person injured was a fireman.

Seventy-seven patients and other members of the nursing staff were evacuated without injury.

Cause of the fire is unknown but it is believed to have started in the chapel.

Sister Mary Gideon was 78 years of age and was the eldest member of the Roman Catholic Order of Sisters of St. Ann. She came here during the gold rush days of 1898 when the hospital was opened.

Firemen battled the blaze for hours in far below zero weather which caused the hose lines to freeze.

Flames leaped for hundreds of feet in the air and were visible for miles.

The hospital, recently modernized, was valued at \$200,000.

Parley With Applewhaite

Also Nickerson—Taxation And Halibut Conservation Up

The fishermen of Prince Rupert have a large number of matters they would like to see brought to attention at Ottawa and last night they had a chance to discuss these matters with E. T. Applewhaite M. P. who answered queries at a meeting in the Civic Centre. About 50 were in attendance.

The most hotly debated subject was the income tax problem which fishermen think is "unfair and foolish." Mr. Applewhaite promised he would strongly approach the House and the fisheries department with the case.

One problem, which the member for Skeena thought should be made into a resolution, dealt with the exemption clause in taxation in regards to keeping two households.

"A traveller, one of the fishermen said, is entitled to exemption and I cannot understand why fishermen cannot be classed in the same category."

George Nickerson, chairman of the International Fisheries Commission, spoke briefly on the split season which fishermen in this district would like to see put into effect. Instead of beginning in May, the fishermen thought, the season should commence in June and be spread into July and August. This would give the May stock a rest and increase the supply during the following months.

Mr. Applewhaite told the gathering the district engineer had been instructed to obtain tests of suitable rock for the Fairview floats breakwater.

Regarding the road approaches to Cow Bay, the member stated that last information dealing with this was that the Department of Transport had authorized the installation of mechanical level crossing signs. Until the signs are installed, he said, opening of the road will not be permitted.

The member for Skeena made it clear to the members present that, in order to forcibly impress Ottawa with their problems, resolutions or letters signed by the president and secretary of a fishing organization should be presented. "In this way," he explained, "I can not only say what I think the fishermen here want, but can also prove my statements."

George Anderson, president of the Deep Seas Fishermen's Union, was in the chair.

Trains Tied Up—Snow Battle Proves Tough

After fighting a losing two-day battle with a chill northeast wind issuing stiffly down the snow-laden valley of the lower Skeena, Canadian National snow clearing crews took advantage of an amelioration of the wintry blast to resume the drive to clear the tracks of drifted snow east and west of Kwinitsa station, 47 miles east of Prince Rupert. A passenger train, which left here for the East Monday night, was trapped at Kwinitsa while another train—a freight—having on board much-needed meat supplies, of which the city is running short, was being held at Salvo, further east, awaiting the clearing of the line. Meantime railway traffic east from Prince Rupert and west from Terrace is paralyzed. There has been no train in since Sunday morning and none has been able to get through for the East since last Friday.

There has been no new snow but the high wind has been drifting the dry snow lying on the ground and alongside the tracks.

There is one great drift piled up ten feet deep and to a length of 600 feet, 52 miles east of Prince Rupert into which a rotary plow is attempting to dig from the west and a wing plow from the east. Forty-two miles east of Prince Rupert is a 1500-foot drift, three to five feet deep, which has to await the clearing of the other drift before the plows can turn attention to it.

The passenger train, which left here Monday for the East, is between the two drifts. It will be brought back to Prince Rupert as soon as it can be extricated.

A passenger train, which should have arrived at Prince Rupert Tuesday night from the East, was turned back from Terrace to Jasper, passengers, mail and express being left off at Terrace to be brought into Prince Rupert by the first means which may be a freight train Thursday.

The westbound train arrived at Terrace at 12:15 midnight, deposited nine passengers and

New Zealand To B.C. In Schooner

A small New Zealand schooner, the Te Hongi, with a crew of three, is reported on her way from Auckland, by way of Honolulu, to the British Columbia coast. The owner is Jacques Markwider, a Swiss. It is said he plans on returning to his New Zealand home in about a year.

Too Much Pay In Air Force, Jailed

TORONTO—Jas. Donnelly, 27, a former airman has been sentenced to two and a half years for fraud. "I blame all my trouble on the air force," he declared. "I was discharged, after getting more money than I'd ever had before. I got into the habit of spending it carelessly."

City To Meet Power Company

Future power supply to the city will be discussed at a meeting to be held between members of the city council and the Northern British Columbia Power Co., at present holding the franchise. A date for the meeting will be set by the Mayor, probably early next week.

While the present agreement with the Northern B. C. Power Co. does not expire until March 1954, the company has certain plans and proposals that it wishes to place before the city and that is the reason for the early meeting.

Kowloon Is Fireswept

HONG KONG (CP)—A furious fire destroyed 6000 hut dwellings today in the Chinese sector of Kowloon and left 60,000 persons homeless.

The fire, fanned by a strong wind, wiped out almost all the historic walled city of Kowloon, a small area over which the Chinese have always claimed sovereignty, and scared an area of 1000 yards by 500 yards.

The fire was under control by nightfall.

Casualties were few.

Cause of the outbreak is not known.

Destitution Faces Boxer

CHICAGO (CP)—Battling Nelson, former lightweight boxing champion, is faced with losing his post office clerking job, leaving him with a monthly income of only \$22 on which to live. The 67-year old fighter, who held the lightweight crown from 1908, when he beat Joe Gans, until 1910, when he lost it to Ad Wolgast by a fourth round knockout, contends that he is entitled to a \$90 pension per month as a Spanish American war veteran.

The once wealthy fighter is said to have earned \$300,000 during his 22-year ring career but is now virtually penniless. He has been notified that loss of his job is imminent under a blanket order from Washington covering temporary appointments during the last year.

Formosa Loss Not Important

WASHINGTON D.C.—Secretary of State Dean Acheson declared yesterday that fall of Formosa to the Chinese Communists could not break the impregnable defence line of the United States, which was anchored on Japan, Okinawa and the Philippines.

Six Year Record Set For Building In City

Including new business structures downtown and a number of new residences, building permits issued in Prince Rupert in 1949 set a six year record. Last year \$362,569 was spent in erecting new construction. In 1943, permits totalled \$477,090.

The 1949 total was considerably higher than last year's \$193,123.

Building permits issued last month totalled \$14,180 as compared with \$12,225 in December of 1948.

Permits for the month of December were as follows:

J. Husluk, residence, Sixth Avenue East, \$4500.

C. K. Ytreberg, residence, Second Street, \$3,000.

Russia Quits U.N. Council

LAKE SUCCESS—Jacob Malik and the rest of the Russian delegation walked out of the Security Council of the United Nations yesterday in protest at the continuation of the Chinese Nationalist delegate who happens to be the chairman.

Malik claimed that the Chinese delegate had no right to sit since he represented no one. He demanded that he be expelled.

The council voted 8 to 2 against expelling the Chinese Nationalist delegate. Russia and Yugoslavia voted for the expulsion. India abstained.

Nations voting against Russia's expulsion motion favored deferring the decision.

Looking Over Fifty Years

THIS IS THE JUBILEE YEAR of the Twentieth Century. At its birth the Victorian Period ended with the death of the Great White Queen in the midst of the South African War, and from thence began the most troubled and sensational fifty years in the history of civilization. The troubles began before the First Great War with political and industrial unrest and strained international relations in Europe. Germany was preparing to challenge Britain in a war for world power.

Kipling had sung most of his songs of Empire which concluded with the solemn note of warning in "Lest We Forget." In literature Britain had emerged from the decadent "Gay Nineties" and the vogue of Oscar Wilde had ended in Reading Jail. Wells was in the ascendant with his scientific fantasies, Conan Doyle was telling of the midnight exploits of Sherlock Holmes through the gas-lit fogs of London, and Marie Corelli, Hall Caine were turning out serialized romantic novels for the millions. Joe Chamberlain, Arthur Balfour, Asquith and the fiery Lloyd George were outstanding political leaders, while the daring young Churchill was winning or using his spurs as a free lance. Meanwhile science was reaping the harvest of nineteenth century research and inventions and applying them to practical purposes in chemistry and mechanics. This development was speeded up by the First Great War in mass production of weapons of destruction. For the first time man took to the air in warfare and the airplane was launched upon its rapid flight to perfection as a means of transportation, while means of communication were extended by wireless, the forerunner of the world encircling radio systems of the present day, and also of radar.

Canada at the beginning of the century was a barely out of her swaddling clothes as a nation, having been born in Confederation only 33 years before. The population of the Dominion was little more than 5 million. But a heavy movement of immigration began in 1902 which extended to 1913, nearly 3 millions being admitted during that period. This movement was responsible for the opening-up of the Prairie Provinces which were sparsely populated fifty years ago. The Yukon gold rush was over. Rich gold and silver deposits were being discovered elsewhere in Canada. Canada's immense industrial development may thus be said to have begun with this century.

All these are physical developments, but great progress has also been made in the past fifty years in education, in literature and the arts. Universities, public and private schools and libraries have sprung up as if by magic across the Dominion since the beginning of the century. Many young Canadians have risen to high positions in the professions and in business in this country and over the line, a tribute to the high standards of our cultural institutions, and their personal influence has been the means of creating a better understanding and fellowship between the two neighboring peoples.

When the complete story of the past fifty years comes to be written, Canada will stand out as a striking example of what can be accomplished by free men and women in building up a great nation from humble beginnings in the log cabin, the red schoolhouse and the sawmill to the latest skyscraper, university and factory.

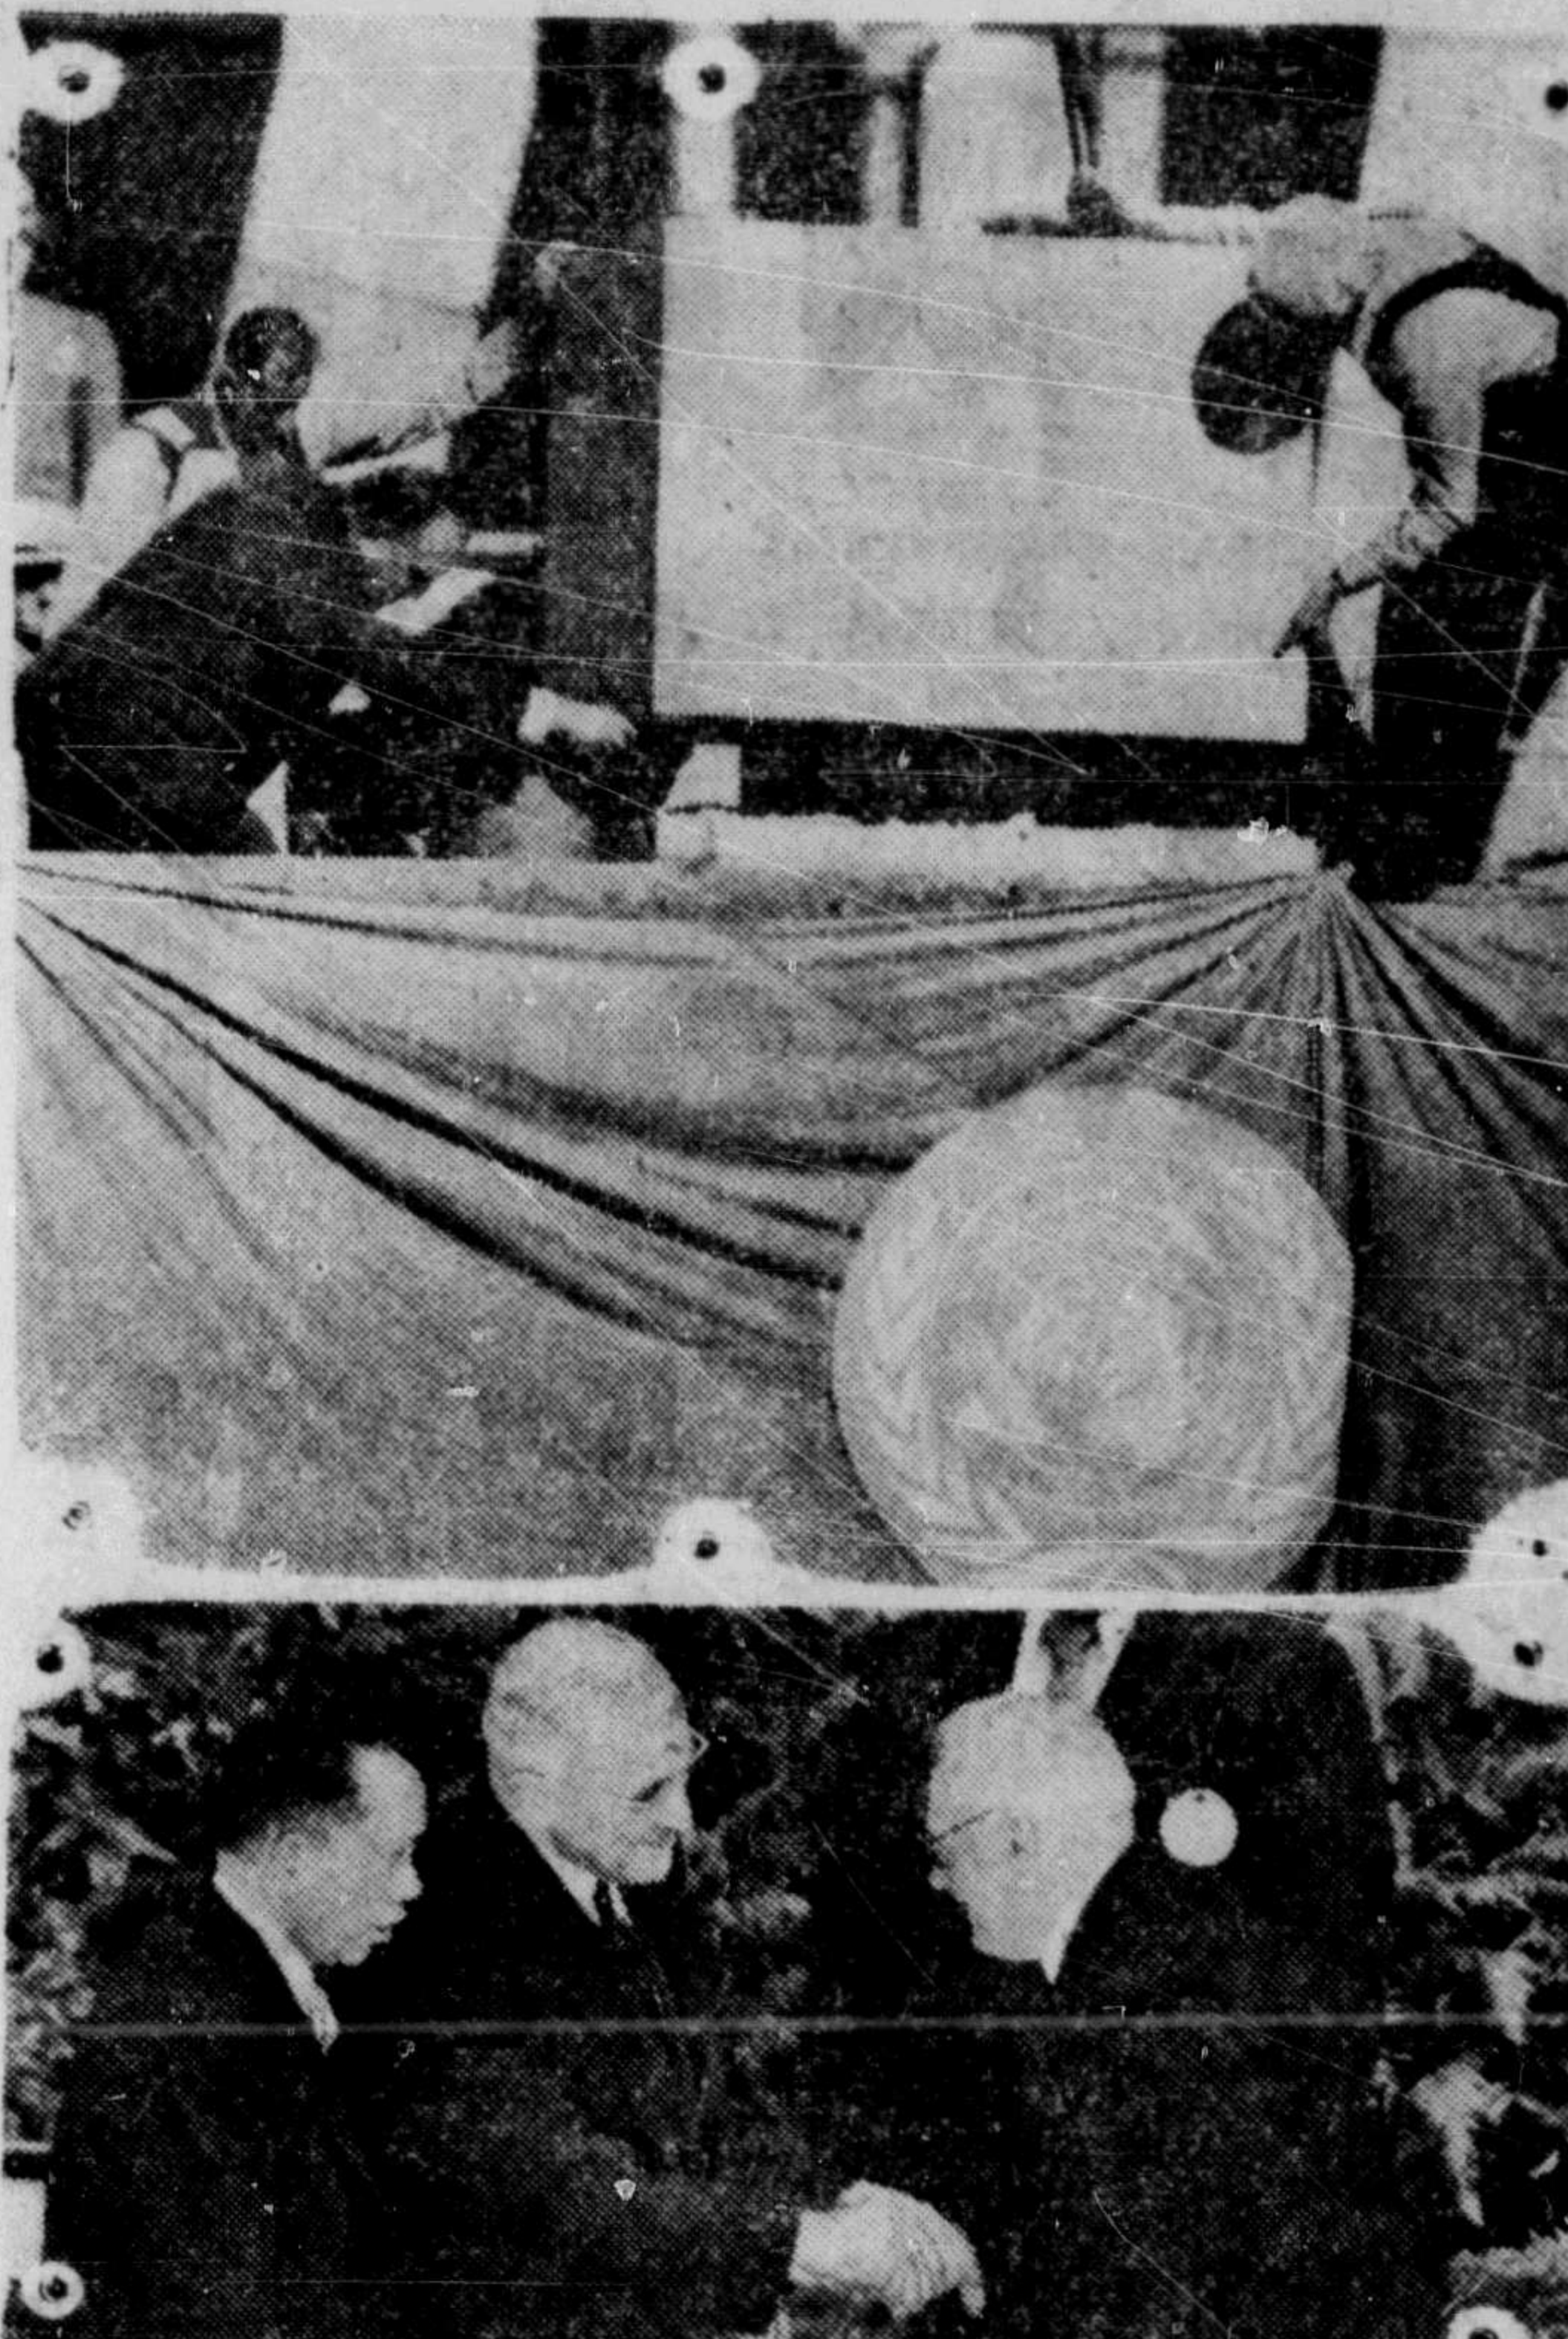

WORKLESS NOT NEEDED

IT DOES NOT APPEAR at all certain that with the return of seasonal work, the question of unemployment in Vancouver will find a real solution. Labor leaders, the government and industrialists are alive to what increasing inactivity can lead to, and naturally will do whatever is possible to restrict, if not eliminate it.

In the meantime, it will not, be at all surprising if many workless people who can manage it financially, will journey to Prince Rupert where they know there is a large construction program. And that is not to be advised, without making full inquiries first—even that does not necessarily mean prompt jobs.

Prince Rupert and Victoria are pointed to as the two bright spots in the British Columbia employment picture today.

Mr. and Mrs. Michael DeFabio, Louise Amadio, will sail tomorrow night on the Prince George for Richmond, California, where the bride being the former Marie Amadio, daughter of Mr. and Mrs. they will make their home.

Prince Rupert Ministerial Association in Session

The monthly meeting of the Prince Rupert Ministerial Association Monday expressed pleasure with the response to the recent Week of Prayer Services and reported that the offerings amounted to \$43.16. Expenses were \$3 and the balance of \$40.16 was voted to the British and Foreign Bible Society. Rev. Earl Solland was named as representative to the Civic Centre Board of Directors. The Bible Study schedule of instructors was drawn up and submitted by Canon Basil S. Procter. The instructors for Bible Study will be the Archdeacon Jodson, Rev. L. G. Sieber, Captain W. Poulton, Rev. C. Fawcett, Rev. F. Antrobus, and Rev. E. Solland following the Education Departments syllabus. The Association asked Rev. Antrobus, Captain Poulton and Rev. L. C. Sieber to be a committee to draw a schedule for Sunday Church Services in the Recreation Hall of the Columbia Cellulose Company at Port Edward.

It was noted that there is no instrument of any kind in the hall for Church or recreational purposes. The Association would be glad to accept an organ or piano from any citizen of Prince Rupert or district for use in services at Port Edward. Rev. Fred Antrobus, the president of the Association was in

Ray Reflects and Reminisces

Canadian troops up north are learning how to cook and serve square meals outside, no matter what the depths of a hard winter may feel like. Well, they will not be losing any servietts or spilling tomato ketchup on the table cloth.

Prince Rupert experienced four below zero and a roaring fire at the same time early one day in February 1917. This might appear to have been reasonable enough but the trouble was in the flames not being confined to furnace or stove. The Merryfield Block, First Avenue near McBride Street, was burning down. Time was away from daybreak and a stiff wind blew from the north. Brother, was it cold? To recall events of 33 years ago is easy when there's something to remember. There was, on that grey dawn all right.

Some men don't know the first thing about hard times until the wife loses her job, observes, more or less truthfully, the Chatham News.

General MacNaughton and a United States officer went to Newfoundland to inquire into alleged friction between Americans and Newfoundlanders. One of the latter said he had a kick and would like to say what it was. There were not enough Yanks and many others had the same notion. The happy ending was in keeping with the compliments of the season.

Presentation To Alaska Governor

The Eugene (Oregon) High School band that gave concerts in Prince Rupert and Alaska had with them for presentation to Governor Gruening, a large box of delicious edibles from Oregon. These included walnuts, apples, cherries (tinned) and many other appetizing products from the Webfoot State. In the absence from Juneau of Governor Gruening, who was in Fairbanks, the box was received by Lieut.-Commander F. P. Chester, military aide to the governor.

Sex instruction for juveniles seems to be weakening. Last autumn, everyone appeared to be talking, some in whispers. The subject was in print and on the screen. But now, a great silence. There isn't even a "continued in our next" notice.

Canadian travelers may go to Oregon to give the benefit of their knowledge and experience to the industry in that distant land. When, in Sunday school a helluva long time ago we were singing "tho' soft the spicy breezes blow soft o'er Ceylon's isle" no one ever dreamed that some day, hard-boiled fishermen from Canada would be quoting prices there.

Philatelists Organizing

At a meeting held last evening at the home of Kenneth F. Wilmont, an enthusiastic group of local stamp collectors organized the Prince Rupert Philatelic Association. Temporary officers were appointed, and committees named to canvass for members and to arrange for a place of meeting for the Association. Another meeting will be held next Monday when more interested in joining the Association are expected to be enrolled.

The temporary officers are: President, E. K. Steele. Vice-President, Nicholas Christy. Secretary-Treasurer, Kenneth F. Wilmont. Other initial members are Ross Inerham, Eugene Nelson, Norman Scherk and Duane Loughlan.

It's business wise to advertise.

QUESTIONNAIRES ON HOUSING

The city will make an effort to obtain questionnaires to be used by persons in this city requiring a home. This move was prompted by Alderman T. B. Black during the council's sitting Monday night. Aid. Black stated that such blanks are being used by other Dominion cities. These forms will enable the National Housing Scheme, which is being formulated, to survey the needs of individuals.

City Clerk H. D. Thain announced he will contact Vancouver with view to obtaining the forms.

City Lots Are Being Purchased

A by-law authorizing the sale of certain lands was finally adopted by city council Monday night. R. E. High School Perks Up To Win By One Point Margin

Co-ops On Short-End—Fashion, Peoples And
Rupert Hotel Winners

Bo-Me-Hi, nettled by remarks that they were out of training, showed the fans what they were capable of doing in a fast, exciting game last night which they won from pace-setting Co-ops by one lone point 56-55. The students led all the way until the last 45 seconds of the game, when Joe Davis sank a penalty

shot to give Co-op a one point 52-51 lead. The fishermen, with playing coach Angus MacPhee on the sick list, were not able to hold their lead, however, as Mickey Webster sank one to put the students on top again. Those last 45 seconds were packed with excitement nine points being scored, and High School winning the game.

Ted Arney continued his current scoring spree with 21 points for Co-op, followed by team-mate Don Scherk with 15. Spring and Carlson each potted 14 for Bo-Me-Hi, with Sid Scherk netting 10. Dominato and Husoy called 22 fouls—14 on Co-op and 8 for the students—with Rupert Holkestad leaving the game in the last quarter because of five penalties.

Bo-Me-Hi led 12-9 at the first quarter, 29-23 at the half, and held a whopping big 12-point lead when they went in to the last quarter with the score 47-35. It was to Co-op's credit that they were able to overcome this lead by some smart ball-handling.

Lineups
Co-op—R. Holkestad 6, Arney 21, Scherk 15, Beyon, Flaten 6, Davis 7, Morgan, M. Holkestad, Total 55.
Bo-Me-Hi—Spring 14, Bill 6, Carlson 14, Scherk 10, Moore 4, Webster 3, McChesney 2, Sharpe, Kristmanson 3, Total 56.

Intermediate
Fashion won an easy Intermediate victory over North Star leading all the way to take the game by a 54-29 score. Hill with 15, Gill 14, and Intermela and Haugan with ten each were Fashion's big guns. Simonsen, with seven was high scorer for North

Star which is an indication of the one-sided score. Dick Large and Maurice Teng called 22 fouls—13 on North Star, and 9 on Fashion. North Star rated an "A" for effort but they just are not big enough to make it an even match with Fashion.

North Star—Wesch 4, Smith 6, Young, Simonsen 7, Hamilton, Parnell 5, Sedawick 2, Ketcheson, Total 29.

Fashion—Gill 14, Hill 15, Intermela 10, Hebb 3, Lien 2, Haugan 10, Watson, Total 54.

Ladies
People's won a 21-14 victory over the High School in a pretty dull game in the Ladies' League. High School made only five field baskets, scoring their other four 4 points on free throws. People's scored on 10 field attempts, converting one free throw. Referees Woodside and Holkestad called 5 penalties on the school team and double that on Peoples.

Line-ups
High School—Lykegard 5, Keays, Greenwood 5, Pavich, Webster 2, Matson 2, Marshall, Pearson, Sedgwick, Total 14.
People's—Budinich 3, Howe 4, Pottle 4, Bussey 2, Dumas 2, Thain 6, Total 21.

Junior
Rupert Hotel played top-notch basketball in the Junior League game, taking Sea Cadets by a wide margin, the final score being 49-19. Forman, for Rupert Hotel, just about won the game with his individual score, swishing the hoop for a neat 16 points, followed by team-mate Sather with 13. Bil Toderas played a steady game for the Cadets, topping their score with 8 points.

HONORED BY ALEXANDER—Eli Boyaner, New Brunswick provincial commissioner of Boy Scouts, and Charles Allen of Fredericton Junction, N.B., were honored by Viscount Alexander, the governor-general and Chief Scout for Canada, at an investiture in Government House at Ottawa. Mr. Boyaner received the Silver Wolf award for distinguished service to the Scout movement. Scout Allen won the Gilt Cross for his gallantry in rescuing a woman from drowning. (C.P. Photo)

Basketball Time Table

Basketball league schedule for the remainder of the 1949-50 season is as follows:

Jan. 13—U.B.C. Series, Boy Scouts vs. Stones.
Jan. 14—U.B.C. Series, Rupert Hotel vs. Kinsmen.
Jan. 17—Boy Scouts vs. High School, Peoples vs. Dom's, Merchants vs. Fashion, Bo-Me-Hi vs. Brownwoods.
Jan. 21—Stones vs. Sea Cadets.

Jack Leighton left the game on his third foul for unnecessary roughness.

Line-ups
Sea Cadets—J. Leighton, Ford, D. Leighton, Drake 5, Christensen 2, Mathews 2, Toderas 8, Davidson, Wing, Black 2, Total 19.
Rupert Hotel—Morrison 8, Sather 13, Marki 5, W. Stacey 2, B. McFarlane 5, E. Stacey, A. McFarlane, Donaldson, Forman 16, Total 49.

NEW MICROSCOPE SEEN CANCER AID—Designer David S. Grey, New York optics expert, is shown with his newly developed microscope which uses ultraviolet light to permit tissue to be seen and photographed with greatly increased clarity, promising to speed cancer research. The new lens arrangement is explained on the background blackboard diagram which shows how invisible ultraviolet light is reflected by mirrors to permit tissue to be seen and photographed more clearly.

Marie Balagno-Lundquist Speaks Intimately of Career And Music

Marie Balagno-Lundquist, talented young woman, mother of two boys, has come a long way in her profession and her constant study and practice will be reflected in renditions of difficult and well-known works of the world's greatest composers, when she plays at the Civic Centre tomorrow night.

The musical life of Mrs. Lundquist began at the age of three, when her parents Mr. and Mrs. Charles Balagno of this city, introduced her to the instrument she now masters. It was at four years of age that her father, also a gifted musician, placed her on the stool for her

first recital. From then on it was study, practice and more practice. After studies at the convent in Prince Rupert at the age of 12, her musical career gathered speed and at 14, she was enrolled in the Cornish School of Music and Allied Arts in Seattle.

Graduating in 1943, she returns to the school between recitals for post graduate work in musical studies. At present, as during her school years, she is studying under the professional touch of Stephen Balogh, a graduate of Budapest's Conservatory. Mr. Balogh has studied with Debussy and according to Mrs. Lundquist, is an exceptionally talented and intelligent instructor.

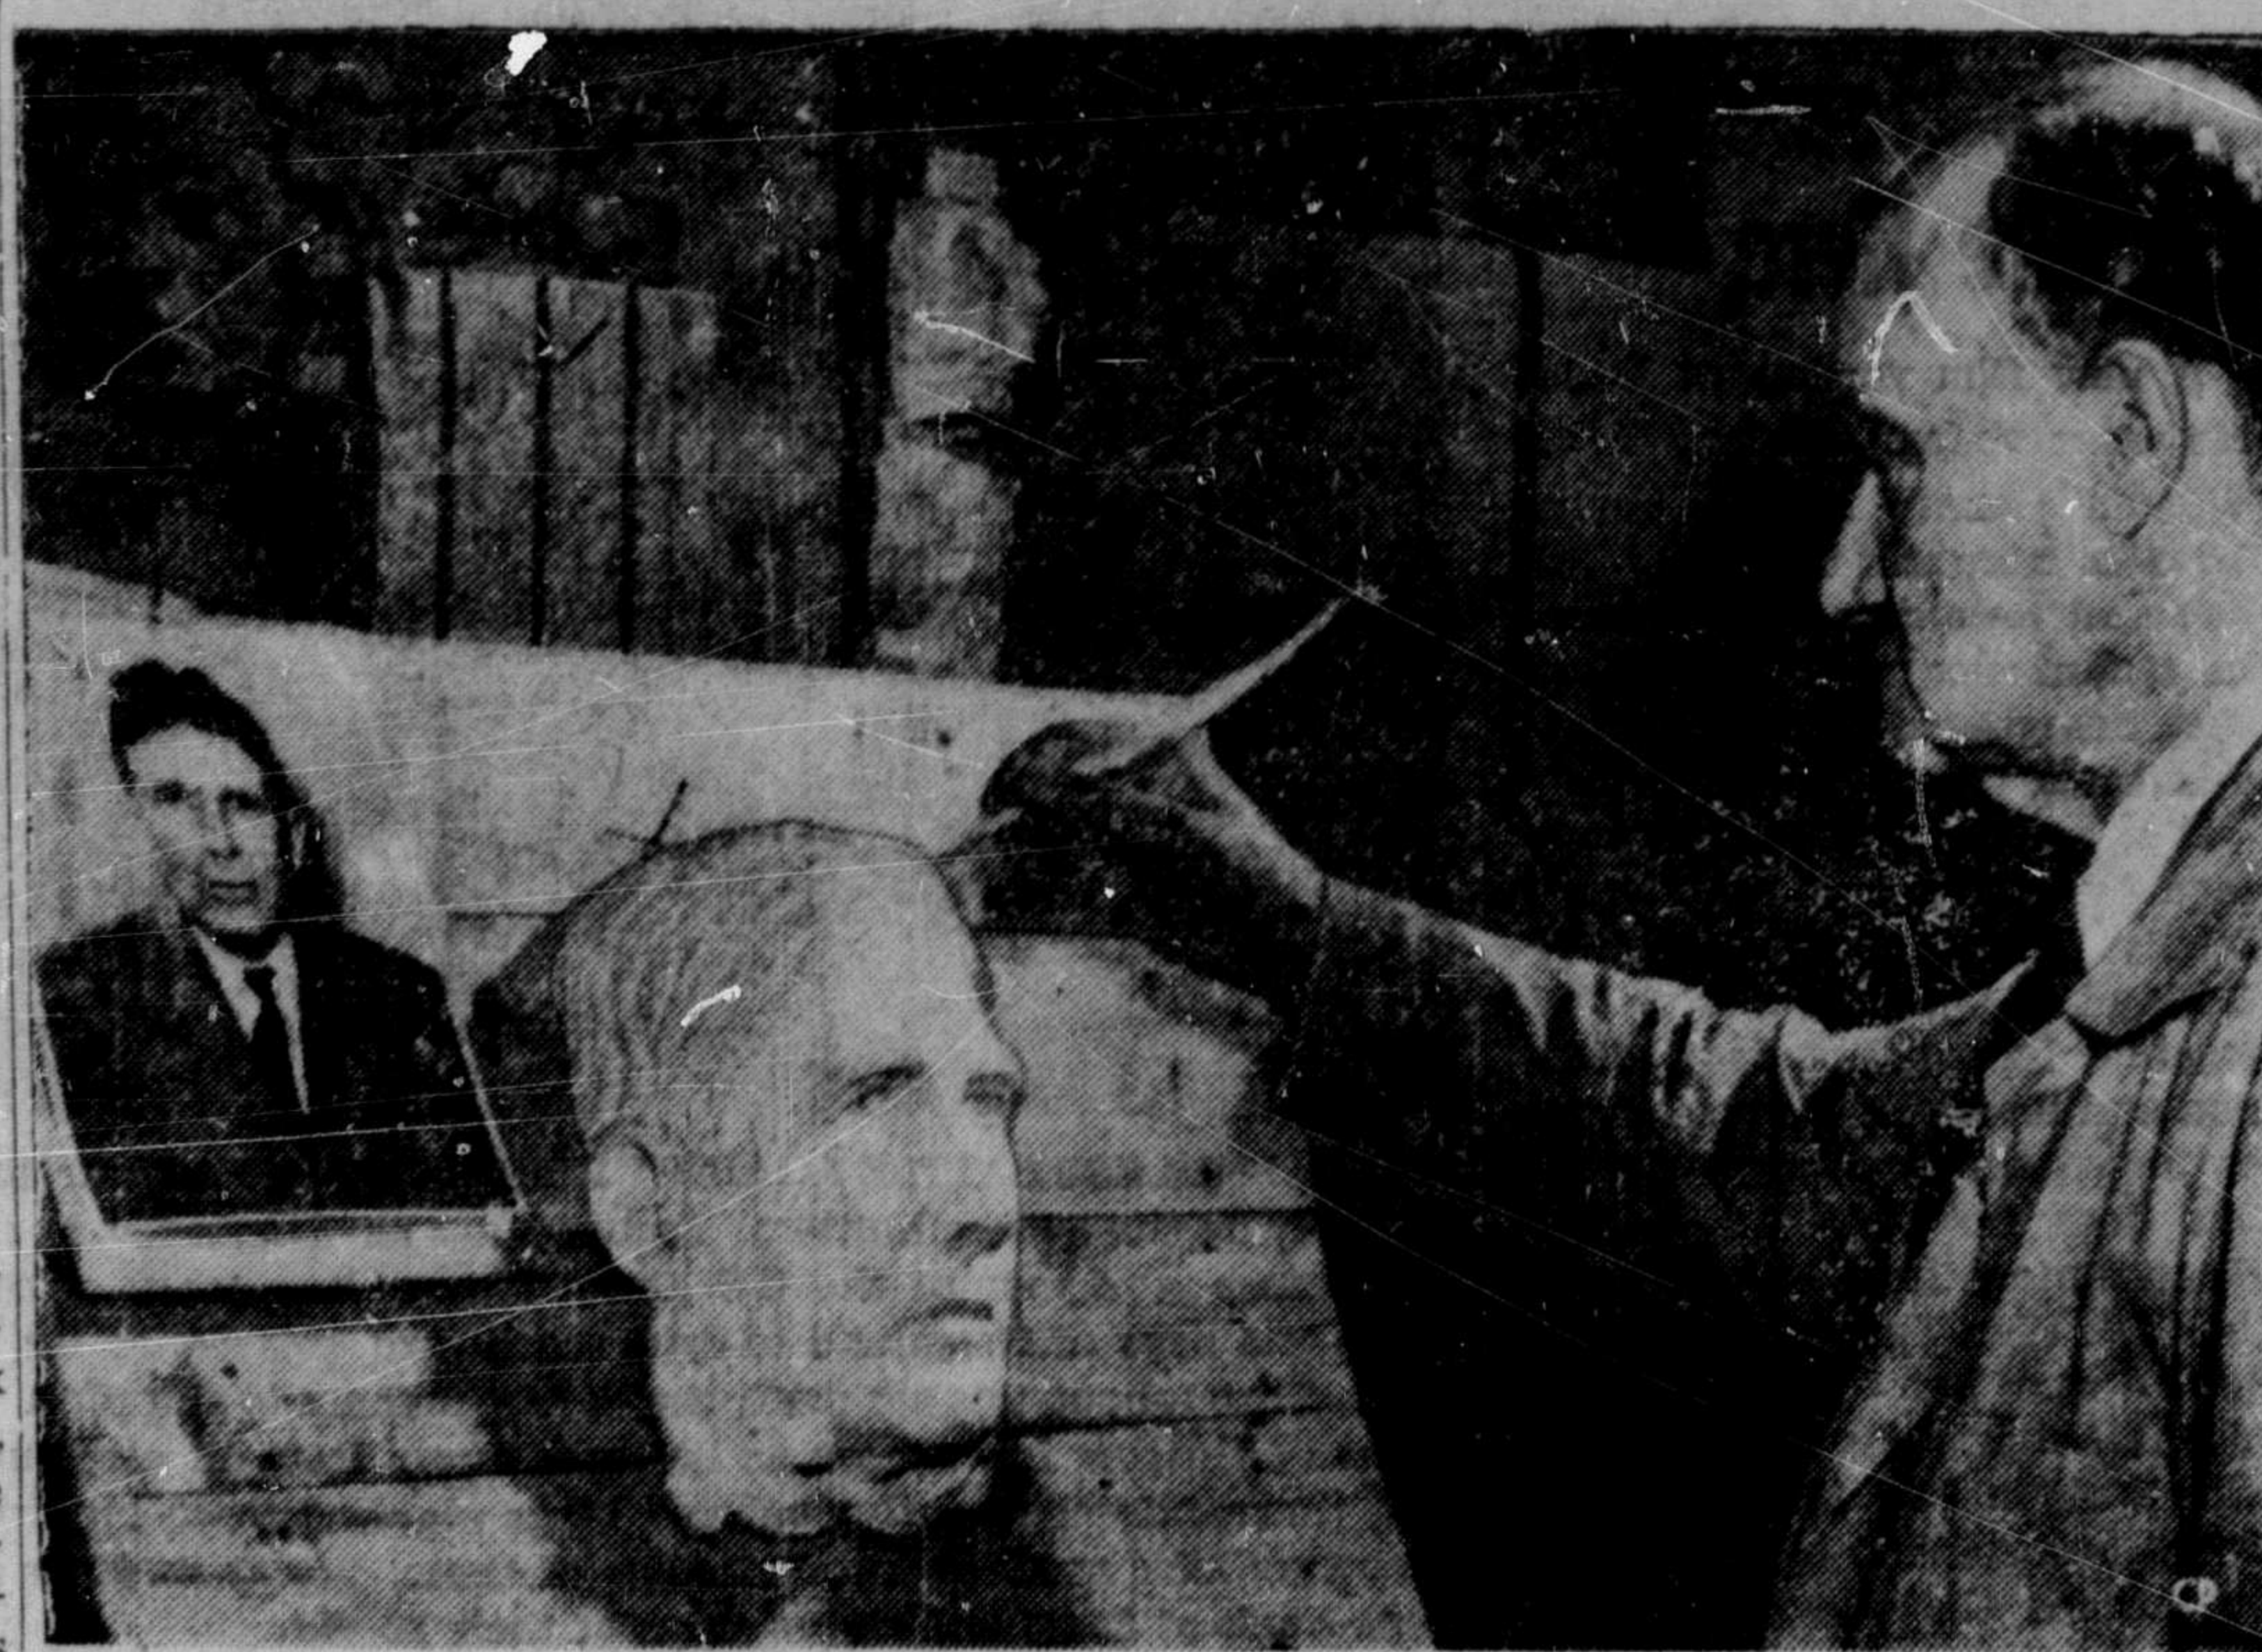

"He teaches music so that your interest never lags", she said. Mrs. Lundquist holds the highest praises for her teacher.

Married for eight years to Glen Lundquist, a Boeing engineer, she states her married life does not in any way clash with her studies or recitals.

LULLABIES SONS

Her two young sons, presently in Prince Rupert, listen with interest to their mother's playing and when ushered to bed at night, insist that she practice.

Geoffrey, age five, she said, is the more musically inclined of

WRITERS HONORED—Life-sized masks of 10 noted Canadian newspaper men have been carved into the limestone walls of the Court of Honor in the Parliament Buildings at Ottawa. The work was done by Cleophas Soucy, a Quebec sculptor who has carved scores of famous faces into the walls. Here, working from a photograph, he puts the finishing touches on a plaster cast of M. Grattan O'Leary, vice-president of The Ottawa Journal, one of the 10 men honored. The cast later was used as a model when the mask was carved. (C. P. Photo)

the two. Gregory, age six, likes music but leans more to the art and mechanical side. It seems that Jeffrey will take after his mother, while Gregory will follow in his father's footsteps, who besides being an engineer is very adept with his hands and will at some time enter the furniture designing profession.

Speaking of the music profession, Mrs. Lundquist firmly believes in constant practice and study—she runs her fingers over the keys for eight hours a day—and to look to breaks.

"It's really a hard grind, she confesses. You work for years and years and then suddenly, breaks come your way, and you enter the professional field."

Studies are very discouraging. She suggests that when a person feels that way, the best solution lies in a long vacation. Upon return to studies, all you have absorbed seems to come back.

Two years ago, Arthur Rubinstein, one of the world's foremost concert pianists, acclaimed her as "playing not only like a man, but like two men." Before arriving in Prince Rupert a short

LARGEST U.S. MILITARY AIR TRANSPORT—Looking like a giant whale with mouth opened wide, the first of the giant new C-124 globe-master transports was completed early in November in Long Beach, Calif. Featuring a clamshell door in its nose, the craft can carry two large buses within its enormous body, or troops, trucks, tanks, and field guns in combat use. Globemaster can transport a 50,000-pound payload 850 miles and return, or longer flights with less cargo aboard. Built-in ramps seen in the above photo permit vehicles to drive right into the plane. The four-engine craft is the largest production transport aircraft in U.S. military service, and weighs 175,000 pounds gross. When converted into troop carrier with double decks, the plane will carry 200 men.

DOG SLEDS 750 MILES.—Rebecca, 16-year-old Eskimo girl, recently returned to her own people in the Arctic north, after two years in England. Adopted at the age of ten by Canon John H. Turner and his wife, the girl was taken to England, after Canon Turner's death in a Winnipeg hospital, Dec. 9, 1947. He, his wife, two children and Rebecca, were rescued by an R.C.A.F. plane from their lonely mission at Moffet Inlet, on Baffin Island, Nov. 22. Rebecca, however, longed to return to her own people and has just made a 750-mile journey by dog sled to be joyously welcomed by her family.

"Little Women" Feature Here

A new film version of Louisa May Alcott's famous story "Little Women" comes to the Capitol Theatre here this Thursday, Friday and Saturday. It is pictured in technicolor with an all-star cast bringing the four heroines and their friends together.

It is a well remembered story read by millions of the March family, living in a small New England town, and closely knit together by bonds of deep affection and loyalty. Bad investments have cost the family heavily but this does not keep the father (Leon Ames) from enlisting in the Civil War. The mother (Mary Astor) and her four daughters (Janet Leigh, June Allyson, Lucille Watson and Margaret O'Brien), put on their own resources, accept the economies they must practise with good grace for the most part. Romance develops with the son (Peter Lawford) of a rich neighbor (C. Aubrey Smith) and the first break in the family occurs. One of the girls goes to New York and attains success as a writer and, finally, after some poignant vicissitudes, all are happily united.

IT'S AN ENDLESS BATTLE AGAINST ICEBERGS—A cold war that is really cold is that waged endlessly by the iceberg hunters. Icebergs are as dangerous to shipping as if they were enemy submarines, and men of the U.S. Coast Guard keep track of bergs that break away from the fjords and bays of Greenland to drift southward sometimes for nearly 2,000 miles before they melt. Throughout this big drift, they are a menace to shipping. At right you see one of the cameramen adjusting his camera as he looks down from an airplane over the home of the icebergs. Left, thousands of recently "calved" bergs starting their big drift towards the north Atlantic. They may look small to you, but some of them are as large as a city block. The Coast Guard keeps track of them and warns ships of their route.

University Extension Courses

Miss Eileen Cross of the Extension of the University of British Columbia will not be coming to give a course at the Civic Centre until spring. The reason that Miss Cross is not able to present her course in January is that the authorities at U.B.C. were unable to find anyone who could replace her there for a 10-week course in youth training. It is anticipated that her course here will be presented either in late March or early April. From information available it is presumed that the Home Tailoring will be given in the afternoon and any other phase of this course will be presented at night. A recent article in the Vancouver Province featured her famous "Fix it" course and will be of interest to those preparing to attend this coming Civic Centre attraction. It is hoped that Miss Jean Travis, who gave such a splendid course on her last visit here, will again be persuaded to make a visit to Rupert to give a course for interested Civic Centre members who favor the crafts.

Movies

The regular movies for the Junior Members of the Civic Centre will be held in the common lounge on Friday night of this week. Special films have been brought in through the courtesy of one of the local oil firms. The titles of these films are "Screw Drivers" and "Screw J's", a film on driving and jay walking and the Birth of an Oil Field showing the expansion of this industry.

Crafts

Sixteen Civic Centre members attended the new Craft Class started last night for those interested in Leathercraft. Several men attended this class which proves that the popularity of this craft is not entirely among the ladies. The use of the tools for setting snap fasteners and working leather was explained to the class who then did a little work for themselves and got a general idea of what can be accomplished during the course. This class meets every Monday and members may also attend the Social Leathercraft groups which meet through the week on Wednesday and Thursday afternoons. The previous class which met on Monday will now meet on Tuesday.

Allan M. Hurst left on today's plane for a business trip to Vancouver.

Terrace Guides Had Good Year

TERRACE—Annual meeting and election of officers of the Girl Guides Association was held on Tuesday afternoon at the home of the president, Mrs. Head. Mrs. McIlroy, captain of the Guides, presented a fine report of the year's work. There are now 19 Guides and 11 recruits and a full Brownie Pack.

One thousand Guide cookies were sold in April by the local Guides and Brownies.

Mrs. McIlroy paid tribute to the members of the association for the success of the Guide Camp at Lakelse Lake last July.

New President is Mrs. K. Wold, vice president, Mrs. A. Irving, secretary, Mrs. J. Haaland, and treasurer, Mrs. D. Kerr.

Next meeting is to be held at the home of Mrs. Irving on February 7. Refreshments, served by the hostess, closed the meeting.

Mr. and Mrs. A. R. Hunter, who have been on a vacation trip as far south as California, returned to the city on the Prince George today.

Timely Recipes

GREEN RICE

Boil ½ cup rice in salt water until tender. Drain and add:
1 well beaten egg.
½ cup milk.
2 tablespoons melted butter.
2 tablespoons grated cheese.
Salt and pepper to taste.
½ teaspoon grated onion.
2 tablespoons minced parsley.
spinach.

½ cup ground or minced raw meat. Beat all ingredients to blend with rice. Pour into a greased baking dish and set in a pan ¼ full of water. Bake 35 to 40 minutes in a modern oven 375 deg. F. Serve with mushroom or tomato sauce. This makes a nice Sunday night supper or luncheon dish. Green rice can also be baked in a greased ring mold and filled with creole or curried shrimps. This will serve four.

SAUCE—½ of this receipt is enough for the Green Rice).

½ pound mushrooms, cut in quarters.
½ cup of milk.
½ cup cream.
2 teaspoons flour.
½ teaspoon Kitchen Bouquet.
2 tablespoons butter.
2 teaspoon Worcestershire sauce.

Salt and pepper to taste. Separate mushroom caps from stem, cut in quarters, and simmer in butter until thoroughly tender—about 5 minutes. Add milk mixed to a paste with flour. Add cream Worcestershire sauce, and Kitchen Bouquet. Then add salt and a dash of pepper, and cook until sauce is the consistency of thick cream, stirring constantly.

County Court Is In Session

Three civil cases and three appeals from convictions were set down and five applications for naturalization were approved when County Court was in monthly session Monday before Judge W. O. Fulton.

January cases are: Houston Meat Market vs. Fred Bjorkman, \$197.04. A. Bruce Brown for plaintiff, defendant in person, January 19.

Gunnar Selvig vs. Clifford Silversides, \$34.32. T. W. Brown for plaintiff, R. MacLeod for defendant, January 31.

Prince Rupert Supply House vs. Basil Tompkins, \$458.42. A. Bruce Brown for plaintiff, defendant in person, stands over till next court.

Charles Woods, appeal from conviction by Magistrate W. D. Vance, T. W. Brown for appellant, stands over till next court.

Joseph Feller, appeal from conviction by Magistrate W. D. Vance, R. MacLeod for appellant, January 20.

Anthony Richard, crown appeal from dismissal by Magistrate H. F. Glassey, T. W. Brown for crown, January 30.

Certificates of naturalization were approved for Ludwig Sodmann, Selma Rudsvick, Low Get Jing, Fukujiro Koyama, and Low Kut.
