SMALL BOYS MAKE 120-MILE HOP IN STOLEN PLANE AT OKLAHOMA

OKLAHOMA CITY (CP)—Two fifth-graders who studied flying in comic books confessed to state patrol last night that they piloted a stolen plane "almost to Texas."

The plane was a two-place Ercoupe with simplified controls advertised as being nearly fool-proof. The boys made a 120-mile flight, landing in a farmer's field, eighteen miles from the Texas Panhandle.

BULLETINS

BUDGET CRITICIZED
OTTAWA—Opposition Leader John Bracken and J. M. Macdonnell, chief financial critic for the Progressive-Conservative party, criticized the budget yesterday. Macdonnell suggested that income tax exemptions might be increased to help counter the cost of living.

NOT HERE THOUGH?
OTTAWA—Reduction from 7c to 4c for air mail letters of an ounce or under, as announced yesterday, will apply only to air mail on the Trans-Canada main lines and not on feeder lines.

SMALL BOY IS DROWNED

Robert Doll, seven-year-old son of Mr. and Mrs. Frederick Doll of Kitwanga, was accidentally drowned in Verne Moore's lake near Kitwanga one afternoon last week when a raft on which he and two other small boys were playing broke up and all were thrown into the water twelve feet in depth. One hour later the body of the unfortunate lad was recovered but application of five hours of artificial respiration failed to resuscitate him and a doctor who arrived later pronounced him dead.

An inquiry was held by Dr. D. M. Murphy and death was found due to accidental drowning. The funeral took place at the end of the week at Kitwanga with numerous friends attending and many floral tributes being offered.

CONSCRIPTION IS ADVOCATED

CALGARY (CP)—A Dominion-wide peacetime conscription program for Canada's armed forces was demanded here last night by J. Harper Prowse, service representative of the Alberta Legislature and leader of the Alberta Liberal party. He told the Alberta United Services Institute that "the price of peace is preparedness." He suggested a training period of one year.

INSPECTION OF RESERVE SET

Capt. Kenneth Adams Coming Here on May 31
To conduct the annual inspection of H.M.C.S. Chatham, local naval reserve division, Capt. K. F. Adams R.C.N., Ottawa, director of naval reserves, will arrive in Prince Rupert May 31 from Vancouver, remaining here until June 2 when he will proceed to Edmonton by rail. Accompanying Capt. Adams will be Lt. Cdr. J. G. Pratt R.C.N., assistant director of naval reserves, and Lt. Cdr. (E) L. E. Simms R.C.N.

Capt. Adams is no stranger to Prince Rupert. His last visit here was when in command of H.M.C.S. Uganda which is now tied up decommissioned at the Esquimalt naval base.

Publicity Medal to be Awarded To Driver From New York City

Want to win the 1948 Public Relations Council medal? If so, all you have to do is drive from New York City to Prince Rupert amid a din of publicity and be able to prove that you were the first one to do it this year. You probably will meet a lot of mayors and newspaper editors along the way.

Public Relations Council last night approved a recommendation by a committee headed by Al Manson, donor of the medal, setting New York City as the starting point for the transcontinental drive, then made proposals for rules governing the trip.

Since publicity for Prince Rupert is the keynote of the thing, credentials for contestants will be sent to Mayor William O'Dwyer, of New York with request that they be properly publicized. Anyone hoping to pick up the medal here would receive a letter from Gotham's first magistrate as well as rules governing the trip.

Drivers will be urged to contact mayors and newspaper offices of cities they pass through at least once a day.

The medal which awaits them here is similar in design to those which have been awarded for the last two years—one to a driver from Halifax and one from Tampa, Florida.

Photographs of the medal and publicity material will be sent to newspapers and news services in cities throughout United States and Canada.

TO AID MUSEUM
The Public Relations Council voted last night to maintain a publicity office in the Museum of Northern British Columbia despite a decision a month ago that they would ask downtown merchants to serve as tourist publicity agents.

The reversal was made after a discussion in which it was decided that since the Museum was the logical centre for tourists to visit, publicity efforts should be centred there. Members voted to grant C. E. Cullin, museum curator, \$150 to act as a tourist guide and informant during June, July and August. The arrangement is similar to that in effect last year.

Efforts by the Chamber of Commerce to obtain representation from Prince Rupert on the British Columbia Tourist Council, an advisory body to the Department of Trade and Industry, will be backed up by the Public Relations Council.

For the last year, the Chamber of Commerce has been seeking

PAUL MARTIN IS CRITICAL

Thinks Ontario and Quebec Should Have Signed Tax Agreements

VANCOUVER (CP)—Minister of Health Paul Martin Thursday criticized the governments of Ontario and Quebec for declining to sign taxation agreements with the federal government.

In a speech at a Vancouver Centre by-election rally, Mr. Martin said that lack of agreements for the two provinces was the reason that some of the federal proposals of the 1945 conference had not been carried out.

Vancouver Board Coming June 22

Under a slight change in arrangements, Vancouver Board of Trade party, on its early summer cruise to Northern British Columbia and Alaska, will arrive here June 22 instead of June 21 as originally planned. They will travel aboard the steamer Camosun, specially chartered for the occasion, and are due at 8 o'clock in the morning, remaining until 3 o'clock in the afternoon when they will proceed to Ketchikan. Another brief stop will be made here the following day southbound. During the stay here a visit will be made to the Watson Island celanese mill site and there will be entertainment by the Prince Rupert Chamber of Commerce.

WHEAT SEEDING IS PROCEEDING

After Delay Owing to Floods—Acreage to be Less

WINNIPEG—Wheat seeding in western Canada varies from completion at a few points in southern sections to just commencing in most northern sections, with degrees of variation in between depending on location, according to the weekly crop report of the Department of Agriculture of the Canadian National Railways.

Heavy rains over the weekend further delayed seeding in Manitoba while high winds were experienced in Saskatchewan with weather continuing cool.

Weather has been warm with light to heavy rains over central Alberta where seeding will be general for about a week. It is estimated that wheat acreage will be reduced from 10 to 25 per cent in that territory. Land is still saturated in the Edmonton division where wheat seeding is only about five per cent completed. With warm weather seeding should be general in some areas of the Peace River territory and 90 per cent completed around Sexsmith.

Weather in the Okanagan remains cool and cloudy with heavy showers. Fruit crops will be 10 days to two weeks late.

HOUSE SUBSIDY IS THROWN OUT

OTTAWA (CP)—A CCF move to have the government subsidize the building of houses was defeated in the House of Commons Thursday night.

The motion drew support from CCF and Social Credit members but was opposed by Liberals, Progressive-Conservatives and the most of the Independents.

Archdeacon and Two Newspapers, However, Rise To Her Defence

LONDON (CP)—Another Scottish Church group rebuked Princess Elizabeth today for frolicking on Sunday in Paris. The heiress-apparent received support, however, from the Archdeacon of Lewes and two newspapers, the Evening Standard and the London Star.

VETERANS ARE FORCED DOWN

VANCOUVER (CP)—Three University of British Columbia students, enroute to the Canadian Legion conference at Saskatoon, were Thursday night reported to be uninjured after they were forced to land an aircraft in an inaccessible and heavily timbered section of British Columbia Kootenay district.

The plane was forced down near Hower, ten miles northwest of Duncan Lake.

Aboard the plane was Grant Livingstone, Ray Dewar and Fred Nesbitt.

Battle of Jerusalem

Arabs Claim to Have Control of 80 Percent
JERUSALEM (CP)—End of the battle for the old walled city of Jerusalem seemed in sight today. Arabs claimed their forces controlled eighty percent of the old city which had been seized by their forces or abandoned by the Jews. The Jews have been driven back to a thin defence line along the west side of the Jewish quarter. Arabs have hurled their armed strength against Jewish positions and artillery rocked the entire city.

The Jewish air force was reported in action during the night with a bombing attack on Arab positions at Samakh on the southern tip of the Sea of Galilee. Elsewhere in the Holy Land bitter fighting continues.

OLYMPIC HOPES LOOK BRIGHTER

VANCOUVER (CP)—Vancouver's Olympic boxing hopes got a boost Thursday night with the announcement that the provincial team to Montreal trials May 28-29 would be nine strong. Boxing circles were early dissatisfied because only five were named. The fighters are Flyweight Len Walters, Bantamweight Bob Shires, Welterweight Lyle Kehoe, Light heavyweights Jimmy Crook and Jeris Jamel, Featherweight Frank Almond, Lightweight Eddie Haddad, Middleweight Bill Brenner and Heavyweight Ello Ius.

THE WEATHER

Synopsis

The weather will remain bright and warm in the southern and central sections of the province today and Saturday with a few scattered showers and thunderstorms over the mountains of the southern interior. A weak disturbance lies almost stationary over the extreme northern section of the province and is giving occasional light precipitation in that area.

An Immense Project

A \$400,000,000 POWER, development and aluminum plant project, the possibilities of which on the British Columbia coast high officials of the Aluminum Co. of Canada are here to investigate, would pale into almost insignificance any industrial enterprise yet undertaken on the west coast. Much as we appreciate and value our own show, such an enterprise as the Port Edward cellulose pulp mill project—a mere \$25,000,000—would be overshadowed.

As the industrial world looks to the Pacific Coast and the vast undeveloped resources here, money talk is beginning to assume tremendous terms. If this sort of thing goes on, British Columbia may ere long not be the third industrial province of Canada but may outstrip Ontario and Quebec. And why should it not? Certainly not because either Ontario or Quebec surpass us in potential of natural resources.

Particularly interesting to Prince Rupert, of course, is the fact that one of the sites to be investigated for the great aluminum power development should be at Gardner Canal, a mere hundred miles down the coast while another is in Dean Channel, a hundred or so miles further south. Of course, it may not come to either of these places, Bute Inlet, some 200 miles north of Vancouver, having been the originally mentioned site.

Prince Rupert and northern British Columbia is bound to share in a great way in the impending industrial development of British Columbia.

THE WORD 'DOMINION'

A FATHER OF CONFEDERATION, Sir Leonard Tilley, found in a passage of the Bible, the word "Dominion" and this was endorsed by Parliament.

Under that designation, Canada's sons have died in battle and this country has grown to greatness. Yet, there are some who, for strange reasons object to the expression "Dominion." Why?

Wrote Milton "By Him were all things created: whether they be thrones, dominions, or principalities or powers."

Another authority, defining the word says—"Independent right of possession, use and control, sovereignty, supremacy."

COLORFUL RITE JOINS PRAIRIE GIRL, CITY MAN

A marriage of interest in Saskatchewan and Prince Rupert was solemnized at 7:30 Thursday evening by Rev. R. A. Wilson at First United Church when Miss Marjorie Elena Bryan, daughter of Mr. and Mrs. Leonard Bryan, of Bridgeford, Saskatchewan, became the bride of Robert Charles McNab, youngest son of Charles McNab and the late Mrs. McNab, of this city.

A number of friends of the principals attended the rite. Groomsman was David McNab, brother of the groom, and James Lawrie was usher.

Given in marriage by John Strachan, brother-in-law of the groom, the bride was gowned in white satin with floor-length net veil. Her headdress was garlanded with silver leaves and she carried a large bouquet of red roses.

Bridesmaids were Miss Evelyn McNab, sister of the groom, and Miss Muriel Webb, the former wearing a gown of rose crepe with blue net headdress and blue gloves, and the latter gowned in gold taffeta. Both carried bouquets of tulips and irises.

As the register was signed, Miss Grace Merrill sang "Because." She was accompanied by Miss Rose Marie Hartwig at the organ.

At the reception which followed in the Sons of Norway Hall, toast to the bride was proposed by Rev. R. A. Wilson and the bridesmaids were toasted by the groomsman. The couple cut their wedding cake in traditional fashion. Pictures were taken by Jack Wrathall. Dancing was enjoyed to music by Aandy McNaughton at the piano.

Following the reception, the couple left on the Prince Rupert for Vancouver where they will take up residence. The groom is on the staff of an electrical appliance firm in the southern city. The bride was formerly employed by the navy here.

GADGET PROTECTS AUTOS
VANCOUVER — F. Lavers and L. Emmerly of Vancouver have invented a gadget to guard autos against thieves. It sets off an alarm if the car is even jiggled a bit.

Reminiscences and Reflections

The Postmaster General announces that after July 1 all letter mail will be carried by air, whether it bear regular or air postage. And it is to be hoped that, on arrival in Prince Rupert, the letters will be picked up by letter carriers and taken to the respective addresses.

Speaking of curses and all that, Scotland's whisky enriches the treasury by forty million pounds a year in taxes and earns ten million dollars in hard currency. Well Jock?

The Minister of Transport says shipbuilding will be speeded up, along the best and latest lines. He doubtless knows that the government confesses to ownership of the fine construction plant, with a reputation, at Prince Rupert.

The first teepsea ship ever built at Prince Rupert was launched about mid-afternoon on a gorgeous summer day. Everything went slick as butter. Tonnage was around eight thousand and she bore the name "Canadian Scottish." The time was not long after the conclusion of the First Great War. For a few years the Canadian Scottish sailed around and about the world, giving useful service and earning the best of reports. Then one day in a gale off the sullen shores of Scandinavia a wreck ended her days. That's all, folks!

Ontario is Most Wicked Province

TORONTO — Dr. J. R. Mutchmor, secretary of evangelism and social service, has delivered a withering blast against Ontario. The province, he declared, leads all Canada in its number of "evil-doers." "Ontario," said Dr. Mutchmor, "can chalk up half of all the drunkenness in this country."

ELIMINATION OF SALES TAX LOWERS PRICES

Elimination by the federal government of its eight percent sales tax on smoked and cooked meats, as announced Tuesday night by Finance Minister Abbott in his budget speech should bring a note of cheer to families which for months have been faced with constantly rising meat prices.

A city meat wholesaler today estimated that dropping of the tax should mean a difference to the consumer of between five and six cents a pound on that type of product which now ranges in the neighborhood of \$1 a pound. But, as the retailers have already bought on the prices including sales tax, no changes in retail prices are expected before next week.

"For the last several months we have had to contend with constantly rising prices," the

wholesaler said. "It is refreshing to know that the retailers will be able to pass on a saving to the consumers for a change." Incidentally, he said, fresh beef prices had dropped two cents a pound wholesale this week.

The 1948-49 budget knocked off the eight percent sales tax from smoked meats, cooked meats, and shortening and on smoked meats. Its elimination may mean a difference of about five cents a pound.

Canned meats and canned salmon also come into the picture but, at present, it is not known whether or not meats canned prior to the elimination of the tax can be sold tax-free or not. Those manufactured after the elimination of the tax will carry none.

Canned salmon of the 1947 pack will carry the tax but the 1948 pack will be tax-free.

VANCOUVER CLOVER LEAFS ROBBED GREATEST HONOR, OLYMPICS TRIALS

By ED ROMAINE
Canadian Press Staff Writer

VANCOUVER—An old saying goes "the best team doesn't always win" and some Pacific Coast sports writers are bemoaning the fate of Vancouver Clover Leafs as a case in point.

The basketballing Leafs, who won the Dominion title last year as the meralomas and successfully defended their crown earlier this month, failed to make the grade in the Olympic trials.

Some sports scribes feel they never had a chance.

Bill Dunford of the Vancouver Province says the "Leafs finished off one of the toughest sport junkies in some time by collecting a title as hollow as the hollow tunnel. To make a service club holiday... Laurie Irwin, sultan of the Canadian Amateur Basketball Association, has made them a burnt offering."

Leafs defeated Montreal Y.M.H.A. three games to two in the Canadian final. The following two evenings, Leafs and Y.M.H.A. jostled again in Toronto on the same bill were the University of British Columbia Thunderbirds and University of Western Ontario Mustangs.

The Leafs lost sudden-death

tiffs with Montreal and the Mustangs. Thunderbirds, in turn, whipped the Mustangs and Y.M.H.A. officials announced that Montreal and U.B.C. coaches would select the two teams to represent Canada in London.

Dunford contends the Leafs were victim of the law of averages. "They should never have been put in a position where the law of averages and the natural let-down following a cross-Canada trek to the title could play such a disastrous trick."

TOUGH SCHEDULE FOR LEAFS

"Leafs played 14 games in 22 days. They travelled more than 2,500 miles to do it. In the east they feel the Leafs should have automatically qualified for the finals, the other clubs playing off for the right to join them."

"The C.A.B.A.," says Dunford, "with its usual ineptitude, has succeeded in forming an Olympic team on which the best team in the country will be represented only by the kindness of either Thunderbirds or Montreal."

Alf Cottrell of Vancouver Sun also lays the blame on the C.A.B.A. officials.

"Canadian basketball officials have gotten off a few honeys this winter but they never booted anything higher than the Olympic trials which have been exposed to hoop fans in Toronto."

"If the whole Toronto show was for laughs only it is only fair to admit they have brought down the house. Everywhere you hear folks wondering out loud if the basketball bosses know any more good ones."

Baseball To Open Tuesday

With Old Timers vs. Rookies
Prelude on May 24

According to A. S. Nickerson, president of the Prince Rupert Baseball Association, the local baseball league will officially get under way on the evening of Tuesday, May 25. First game of the season will be a meeting of Moose vs. Savoy, last year's second and first place teams.

This year the baseball league consists of three teams: Savoy, managed by Minor Simundson; Moose, managed by Benny Windle, and Merchants, Cliff Dahl.

Local baseball fans are promised that they will be treated to evenly matched league competition. In the words of President Art Nickerson: "I took the job of running the Baseball Association to foster good baseball in this city and I will personally see that no one team is overloaded with talent while another is suffering through lack of same."

Baseball this season will be played at Roosevelt Park on Tuesday and Thursday evenings and Sunday afternoons. Admission will be charged for the evening games and a collection for the Sunday afternoon games.

In conjunction with the Kinsmen May 24 celebration the baseball Association is sponsoring the annual Old Timers vs. Rookies game on the evening of May 24. The Old Timers will be managed by Doug Kerr and boast of such stars as Jack Lindsay, Minor Simundsen, Cliff Dahl, Benny Windle, Bill Lambie, Jack Rosedale and many others. The Rookies, managed by Ted Arney, also have a strong line-up—to mention a few—Nick Pavlikis, Herb Morgan, Bruce Simundsen, Joe Davis

and Boyo Gurrlich, the third game in as many as the two teams. Timers took the first two the second 7 to 6 in the first. If improvement means anything, this should be the year.

CHRISTENING

Saints Church in Vancouver was the scene of a christening ceremony recently when Miss E. Whittles baptized Alice, four months old daughter of Mr. and Mrs. R. W. (nee Edith Keefe of France). The baby wore a jacket made by her great-grandmother and was carried in a woolen shawl passed on by her great-great-grandmother. Among those present were the grandparents, Mr. and

Mrs. John Keefe, and the great-grandmother, Mrs. J. W. Henkel. Sponsors were Mrs. G. Sutton-Atkins and Mr. R. W. Garvon. An informal tea followed the ceremony at the home of the parents at 3120 Adanac Street.

Game Matters

Are Discussed

Hunting Down of Wolves
Sought—Early Trout Season
BURNS LAKE—A rousing meeting of the Tweedsmuir Park Rod and Gun Club was held in the Women's Auxiliary Hall here Monday night, the meeting lasting until midnight. Many matters of importance were discussed.

Many Tweedsmuir Park guides were in attendance and the business of the meeting disposed of with all possible despatch. An order-in-council, quoting an increase in nearly all trophy fees brought lengthy discussion. It was finally approved with the exception of the raise to \$60. Many of the guides date their hunting parties a year ahead and the trophy fee on moose has already been quoted at \$40. The argument brought forth the question—what becomes of all the revenue collected by the department? Little of it goes to road improvement, less to trails and a totally inadequate amount to the suppression of predators. The service of a two-man plane was requested to hunt wolves during the winter months as they are rapidly decimating the bands of moose, cariboo and goats.

The "tick" question also came up. Hunters have observed that the ticks confine their attacks to game animals which are thin, weak and doomed in any case. The wolves choose the youngest and fattest. Discussion of hunters misusing planes brought out a motion "that planes be allowed to land only at registered landing fields in the Lakes District, but not to be allowed to engage in hunting nor fishing by plane." The meeting endorsed a strong objection to the area encircled by the Circle Water Route being closed to big game hunters and in an unofficial meeting with the trappers and guides Inspector Gill stated that there was no likelihood of any part of Tweedsmuir Park being closed in the near future.

Orval Harrison of Wistaria accounted for twenty wolves and fifty-three coyotes in Tweedsmuir Park during the last season. Cariboo are reported to be slightly on the increase in spite of the depredations of the wolves, as game hunters took only a few heads during the past two hunting seasons.

LAKES DISTRICT
IMPORTANT ZONE
At a friendly meeting of trappers, guides and other members of the Tweedsmuir Park Rod and Gun Club, Inspector Gill of the Game Department enlightened them as to the value of the central interior zone. This zone is composed of the districts surrounding Burns Lake, Smithers, Vanderhoof, Prince George and McBride all of which towns have aggressive Rod and Gun Clubs, all seeking, not only improvements in the game laws, but principally the protection of the wild life of the central interior. Many purely local laws might be changed to

suit the condition existing in different areas but could by no means cover the whole of the zone.

At Burns Lake, on account of all creeks being overcrowded early in May and the small trout which have been deteriorating annually for many years, it is the general opinion that creek fishing should open on May 1 as by May 24 the creek runs are over. This condition is general throughout the Lakes District.

Representatives of the Tweedsmuir Park Rod and Gun Club suggested that the coming convention should be held at Burns Lake as being much more central than Prince George. Delegates will be appointed to attend the next convention, possibly at Vanderhoof, in order to ease the transportation problem. This matter will be decided possibly at Prince George in June, 1948, and at the convention to follow. Delegates will be chosen for the big convention at Harrison Hot Springs in 1949 and all expenses be paid by the Department.

REMOVE DRIVING HAZARDS
REGINA. — Circulars enclosed with light and water accounts have reminded Regina citizens of a by-law effective June 1 which says hedges and fences, if they are within 15 feet of a corner and obstruct the vision of motorists, must come down.

Mr. McAdams and Mrs. C. J. Norrington were appointed a committee of two to organize a meeting where a new committee would be formed with representatives from all the active organizations in Terrace. Concern was expressed over the sanitary conditions in Terrace and the secretary pro-tem, Mrs. Norrington, was instructed to communicate with the village commissioners asking them to investigate the matter and suggesting that new sanitary by-laws be instituted at once. Miss Ross, matron of the hospital was present at the meeting and, as Dr. Mills was unable to be present, she submitted his request that something should be done

Feeling that their work had been completed, the executive resigned in a body and the question was raised whether to elect new officers or dissolve the association. However, in view of the fact that the association had guaranteed the Red Cross that \$5,000 would be raised by the community as their share in the cost of establishing the hospital, it was decided that the Hospital Association should continue to function for the sole purpose of raising the necessary money.

Mr. and Mrs. Walter Chesher and family drove to Prince Rupert on Wednesday, returning the same night after taking in the show "Gone With the Wind." about getting an ambulance service in town as this had become a vital necessity now. Offers of plants to beautify the hospital grounds have been received, C. P. Balagno of Prince Rupert being among the first to donate some of the plants.

The principal business of the evening was the preparing for the celebration on May 24. Everything is ready and the day should be a great success.

Terrace Hospital

Ass'n Carries On

TERRACE—The Terrace Hospital Association will continue in existence it was decided at a public meeting in the Orange Hall on Wednesday evening presided over by President G. McAdams. It was the first meeting since December 15, 1945 when the association was formed. Since then the executive has achieved most gratifying results. The hospital has become an accomplished fact. The land, on which stood the former brigade headquarters, was leased from George Little. The building was purchased from the War Assets and the Red Cross Society has converted it into one of the most up-to-date hospitals of its size in B.C.

Feeling that their work had been completed, the executive resigned in a body and the question was raised whether to elect new officers or dissolve the association. However, in view of the fact that the association had guaranteed the Red Cross that \$5,000 would be raised by the community as their share in the cost of establishing the hospital, it was decided that the Hospital Association should continue to function for the sole purpose of raising the necessary money.

TEA IS SERVED ON SUNNY LAWN

Job's Daughters Score Outstanding Success

The home of Mrs. Alex Mitchell, tastefully decorated with spring flowers, was the scene of a delightful and successful tea by the mothers of Job's Daughters Thursday afternoon. There was a large attendance of ladies and a very gratifying sum was realized as a result of the event.

General convener was Mrs. H. Mork, assisted by Mrs. S. R. Donaldson, Mrs. H. F. Pullen, Mrs. George Murray, Mrs. J. R. Morin, Mrs. L. C. Eby and Mrs. Mitchell.

Many guests took advantage of the lovely weather by having their tea served on the lawn. The guests were received by the Honored Queen, Miss Solveig Mork and her mother.

Presiding at the tea table, which was covered with a beautiful cut work cloth and centred with spring flowers, were Mrs. J. A. Frew, Mrs. T. J. Boulter, Mrs. J. W. Eastwood and Mrs. Robert Gordon. The serviteurs

LIBRARY BOARD MONTHLY REPORT

Prince Rupert's Public Library loaned 1,798 of its 8,001 books, made a net gain of 14 new borrowers and cleared \$53 revenue from circulation, according to the report for April delivered to the Board this week by Librarian Miss Olive van Cooten.

Total number of borrowers now stands at 1,604, her report showed. There were 34 new borrowers added, against 20 membership cancellations.

Of the 1,798 books borrowed, 875 were fiction, 201 non-fiction, 371 juvenile and 348 "pay collection." The library was open for 21 days during the month and average daily circulation was 85.4 books.

Books added to the library during April included six by gift and 63 by purchase, while 50 books were discarded because of age.

were Mrs. B. Miller, Mrs. J. H. Jeffreys and the Misses Dorothy McLeod, Yvonne Morin, Kaye Nickerson, Peggy Pullen, Lorna Donaldson and Monica Holby, with Mrs. Grosvenor acting as cashier.

The sale of home cooking was most popular, the table being laden with delicious baking made by the mothers and many friends of Job's Daughters. This was in the capable hands of Mrs. S. R. Donaldson and Mrs. L. C. Eby. At this table, a raffle of an angel cake, donated by Mrs. A. L. Holby, and a fruit cake, donated by Mrs. Mork, was in charge of Miss Bernice Eastwood. The winners were Mrs. Robert Gordon and Mrs. R. L. Hood.

Considerable interest was taken in the drawings for raffles which were handled by Mrs. J. R. Morin and resulted as follows:

Plastic table lamp, donated by Mrs. Robert Gordon, won by Mrs. H. Mork.

Three pairs nylons, donated by Mrs. A. Berner and Mrs. Pullen, won by Miss Daisy Sharpe.

Towel set, donated by Stewart Donaldson, won by Miss Frances Moore.

Two-pound box of chocolates, donated by Miss Solveig Mork, won by Mrs. E. Tycho.

Daffodils and plants were sold by Miss Jean McAfee.

PEACETIME ARMY SEEKS RECRUITS

HALIFAX — Recruiting for Canada's peacetime army now is in full swing here and "any energetic young man can be assured of a career by joining up and becoming a soldier-citizen," military authorities reported.

The officials said opportunities for young men in the Canadian Army are greater than ever before along the lines of advancement, pay, pensions and trades training.

The infantry soldier was described as a highly-trained and skilled weapon specialist—a master of rifles, pistols, machine-guns, anti-tank guns, grenades, flame throwers, explosives and mortars.

Dangerous Driving Charge Dismissed

A charge of dangerous driving, laid against T. W. Newton was dismissed by Magistrate W. D. Vance in district police court Tuesday. The charge was laid as a result of a motor accident on the Port Edward road on April 22 in which four people were injured.

BUSINESS OF FESTIVAL IS CLEANED UP

The Music and Drama Festival Committee completed their business as a governing body last night at a final meeting held in the Civic Centre.

A committee consisting of E. E. Hyndman, Carlo Hansen, Mrs. F. E. Anfield and Mrs. J. H. Black was appointed to prepare recommendations that will serve as a guide to festival committees in the future. Aside from observations made by members of the present committee, questionnaires sent to the various groups which took part in the festival, will supply valuable information for the report. The recommendations committee will present their findings when they meet with the Parent-Teacher Council at the end of May.

Carlo Hansen exhibited the silver trophies won in the drama competitions and reported that they were ready for distribution.

A sinking fund of \$100 was established by the committee for use in preparation work for next year's festival. The Civic Centre will receive an additional grant for use of the auditorium. Groups which participated in the festival are to receive a grant based on a two-thirds expense basis. In doing this the committee made it clear that expenses were relatively low this year but the situation may be different in the future and the next committee may not be able to work on the same basis.
