COMMUNISTS ARE LOSING GROUND IN ITALY

Train Out

Not Be Operated After
This Year On Local Line
Canadian National

of lack of earnings,
the no daily train ser-
vice year on the Jasper-
Edmonton line of the Cana-
dian National, previous
reports that there would
be a service notwithstanding
was announced yesterday
Cooper, general superin-
tendent, British Columbia,
who is here for a
few days on official busi-

of the anticipated
service, the three trains
as at present operated
maintained, Mr. Cooper
Cooper is here particularly
in connection with the inau-
guration of this week
new lumber shipping traf-
fic from Juneau to
for transshipment East
railway.

WEATHER

Synopsis
Cold weather was gen-
erally in the northwestern cor-
ner of British Columbia this
morning. Elsewhere in the prov-
ince, showers with pre-
cipitating skies along the
coast are expected to ex-
tend to Vancouver Island by to-
morrow. Otherwise, there will
be a change in the weather
province.

Forecast
Rupert, Queen Char-
lotte, North Coast—Clear
Wednesday. Northern
overcast with scattered
showers. Southern section, clear
this evening. Winds
generally (25) today, shift-
ing westerly (20) early Wed-
nesday. Clouds, low. Low
and high Wednesday—

LOCAL BUSINESS MEN URGED TO DEFEND CANADIAN WAY OF LIFE

Should Be Up and Doing—Strong Chamber of Commerce Recommended

Business men, instead of sitting back, should be up and doing to combat strong and active elements whose one interest is to overthrow or cripple the present Canadian way of life, declared Larry Eckroyd, western field organizer of the Canadian Chamber of Commerce, in addressing a luncheon meeting

TRANSCANADA IS REPRESENTATIVE

WINNIPEG—TransCanada Air Lines has been appointed the representative in Canada of British Commonwealth Pacific Airlines which links this country with Australia and New Zealand. It was announced today by W. Gordon Wood, general traffic manager, TransCanada Airlines.

The appointment facilitates communications between the three Dominions with all T.C.A. offices in North America performing ticketing and reservations functions. TransCanada already dispatches and services the Commonwealth Airlines aircraft at Vancouver, terminus of the Pacific route.

There is an average of six flights monthly from Vancouver to the Antipodes while the airline reaches Sydney in a little more than 48 hours flying time. It features a day's stopover in each of Honolulu and Fiji enroute. It was pointed out by Mr. Wood that the Commonwealth airline offers the only non-stop schedules between Vancouver and San Francisco from which point it commences the flight to Honolulu. The California flights operate twice weekly. The Southern Airline will represent T.C.A.

Dutch Settlers Arrive In Canada

HALIFAX—Dutch farmers and their families, numbering 702, landed here from the steamer Kota Inten, sang the Netherlands National hymn and cheered their new homeland. They plan on settling on farms across Canada. George Reuvekamp, wife and eleven children figure on growing tulips at Renfrew, Ontario.

PENSIONS INCREASE

OTTAWA—Veterans Minister Gregg announced today that the government has agreed virtually to double the helplessness allowances to pensioned veterans such as paraplegics who need help from other people. Allowances will be increased from \$250 to \$400 annually as a maximum and from \$750 to \$1400 as a minimum.

At the same time Mr. Gregg said basic pension rates would be increased further from the 16 to 20 percent boost proposed.

Communism Is Blamed

Marshall Sees It In Colombia—Bogota Still In Chaos

BOGOTA, Colombia—Secretary of State George Marshall last night blamed international communism for the abortive revolution which ravaged Bogota and disrupted the Pan-American conference.

Marshall said the revolt followed the same pattern as outbreaks which have provoked labor troubles in France and pre-election unrest in Italy. "This situation (revolt)," Marshall told newsmen "must not be judged on a local basis. However tragic and immediate the results to the Colombian people, the occurrence goes far beyond Colombia."

Bogota is still paralyzed. Banks and stores are closed. There is no transportation and some places are without lights. There are still a number of rebel snipers loose. Hospitals are crowded with wounded. Corpses litter the streets.

C.N.R. DEFICIT IS ANNOUNCED

R. C. Vaughan Says Freight Rates Should Be Even Higher

OTTAWA—Record peace-time traffic in 1947 failed to pull the Canadian National Railways out of the red and the government system reported to Parliament Monday a deficit of \$15,885,000. It was the second straight post-war deficit and is an increase of seven million dollars over the \$8,961,000 loss in 1946, compared with a surplus of \$24,765,000 in 1945.

Steadily rising costs were blamed by the company for the slipping financial position. President R. C. Vaughan said it should seek further freight rate increases to compensate for increased charges of labor and materials since 1946. The company shares in the 21 percent increase authorized by the Board of Transport Commissioners a fortnight ago but the C.N.R. head said that the 1946-48 cost adjustment should be over and above that.

TRUCE MAY BE FORCED

NEW YORK—United Nations Security Council members have just about given up hope of persuading the Arabs higher committee on Palestine and the Jewish Agency for Palestine to back down from conditions which so far have prevented agreement on a cease-fire arrangement. Confronted by continuing disagreement, council members are represented as feeling it is time for the security council to lay down terms of truce. Yesterday General A. G. L. McNaughton of Canada proposed that a special commission supervise the reaching of a truce.

WANTS HIGHER RATES—President R. C. Vaughan of Canadian National Railways.

RUSSIA'S FRIENDLY TALK

MOSCOW, U.S.S.R.—Premier Joseph Stalin said last night that the new Russian-Finnish treaty should break down the distrust which has existed for 150 years between the two countries.

"I want to proceed to a new period in our relations—to a period of mutual trust. We should like this to be well understood not only by those in this hall but by those outside in Russia and Finland. We Soviet people consider relations between large and small nations can and must be equal."

OTTAWA OILS UP ELECTION MACHINE TO BE PREPARED AT SHORT NOTICE

OTTAWA (CP)—Whether or not it calls one, the government will have the machinery oiled up for a general election this year. While voluminous amendments to the Dominion Elections Act will have to be passed at the current session of Parliament, the administration has arranged it so that the electoral equipment will function as smoothly as though nothing had happened.

On instructions from the government, electoral-office officials have brought all their material up to date on the basis of 100 or so amendments pending before Parliament but not yet passed. Many of these are necessitated by last year's redistribution of constituencies.

When these are adopted along with some further but minor amendments expected to develop before the House Elections Committee, all that will be necessary will be to whip the prepared material off to the printers.

Because of this advance work, an election will be possible well within three months of passage of the Election Act amendments.

Speaking in impassioned tones and twice stamping her foot, she said: "The iron curtain we are told exists has given place to a kind of sheet in a shadow, on which we see a phantasmagoria of horrible, grotesque people passing across. Somebody has got to tear it down to show that on both sides of it are ordinary, human people."

Bulletins

NOT YET SETTLED
VANCOUVER—J. O. Lindsay, secretary-treasurer of the Canadian Communications Association, Monday night denied reports that the west coast deep sea strike would "definitely" end today. He said that a wire from Association officials in Montreal indicated that the striking officers' union had reached a "tentative agreement rather than settlement." The matter of whether or not striking officers should be penalized has not yet been settled.

WAR NOT INEVITABLE
OTTAWA—United States Fleet Admiral William (Bull) Halsey told the Canadian Club today that he was by no means convinced that "we must allow the international situation to develop into another full scale shooting war. The free peoples of the earth fear the results of another war and are willing to go to almost any extreme to prevent it but the free peoples must let it be known that they will not tolerate further military infringements upon their liberties. They must have military power to enforce them."

PANS TRUMAN, MARSHALL
BERLIN—A high Russian official today told a German youth rally that "the Marshall Plan means war." Col. Sergei Tulpanov, political and information chief of the Soviet's German military administration, also likened President Truman to the late Herman Goering. The Marshall aid plan, he said, was an offshoot of "greedy attempts of American monopolists to exploit war-weakened Europe for their own profit."

BILL OF RIGHTS
OTTAWA—House of Commons failed to agree yesterday on the need for a Canadian bill of rights. Progressive-Conservative, C. C. F. and Liberal members urged that such a bill was essential. A Social Credit and an Independent Liberal said that "traitors" and "dupes of communists" were the ones seeking the legislation.

PARLIAMENTARY TEST
OTTAWA—Liberals met in caucus today to discuss their stand on the freight rates increase with reference to a non-confidence vote put forward by M. J. Coldwell, C.C.F. leader, criticizing the government for not deferring the increase until appeals had been heard. The Liberals are expected to oppose the non-confidence motion and defeat it by a narrow margin.

Tune Being Changed As General Election Nears

THREW BABY INTO STOVE

Wife of Ontario Lumberjack Charged With Murder

KIRKLAND LAKE, Ont. (CP)—Mrs. Lucille Lamarche, aged 21, quoted as having said "the baby burnt," faces a murder charge in the kitchen stove slaying of her two-month-old son, Lawrence.

Police say they believed the lumberjack's wife threw the baby into the stove early Sunday in a fit of rage after the child started to cry. The baby was still alive when police found him wrapped in charred, filthy rags on the kitchen table. He died 20 minutes after admission to hospital.

Naval Manoeuvres In West Indies

HAMILTON, Bermuda—Joint exercises by warships culminated in "landings" on the Virgin Islands. Vessels of the Royal Navy, and ships of the Royal Canadian Navy took part. H.M.S. Sheffield, was flagship. Canadian ships were the destroyers Nootka and Crescent, and the cruiser Ontario.

B.C.'s Woman of Year

MAYOR NORA ARNOLD who was advised today that she had been chosen "Woman of the Year" by Hilda Cryderman, of Vernon, treasurer of the Canadian Federation of Business and Professional Women's Clubs. A telegram received today by Mayor Arnold from Miss Cryderman read "Congratulations to the Woman of the Year. We are very proud of you and what you are doing and congratulate the Prince Rupert Club on their first President's record." Mrs. Arnold is currently honorary president of the Prince Rupert Business and Professional Women's Club.

JEWES GET TOGETHER

Accord Between Elements—To Set Up State

JERUSALEM (CP)—The Zionist General Council intends to proclaim an independent Jewish state in the Holy Land May 16, the day after the British mandate ends. Internal authority may be set up which eventually would become the provisional government of the state. At a meeting yesterday in Tel Aviv, council members also approved a long-proposed military accord between Hagana, the Jewish militia, and Irgun Zvai Leumi, the Jewish underground group. However, fighting continues with three Jews and an Arab reported killed during the day. The unofficial death toll since November 29 is now 2700.

R O M E (CP)—There

were increasing signs today that the communists are losing ground in Italy's April 18 election battle. They have quit talking about arms and insurrection if the Parliamentary elections do not go their way. Communist leader Palmiro Togliatti took a different view of the Marshall plan, saying last night at Parma: "The communist party does not purely and simply reject American aid but asks that it does not compromise our independence."

A one-hour country-wide strike yesterday, called by the Communists, was just a fizzle.

UNIDENTIFIED BODY FOUND NEAR MASSETT

The body of an unidentified man, who according to the finding of a coroner's jury, came to his death by drowning, has been found at North Beach, 11 miles east of Massett on the Queen Charlotte Islands. He is believed to either have fallen off some boat or perished in some unascertained wreck.

The body was discovered by Harry Crook after it had washed up on the beach in front of his house at North Beach. It was clothed but carried no identification.

The provincial police said here this morning that they had no knowledge of anyone answering the man's description being missing.

An inquest conducted by Coroner R. M. Stewart of Massett returned a verdict that the body was that of "an unidentified man who had come to his death by drowning."

According to the description received here, the man was elderly, wore a rubberized hip-length rubber coat, a red and grey zippered windbreaker jacket, a red plaid shirt, a pair of heavy, dark mackinaw pants and two pairs of grey woolen socks.

Around his chest and under the arms was tied a length of half-inch rope.

The shirt was a "Caribou" brand, made in British Columbia and the jacket bore a label reading "Norlite Brand, S. S. Holden Ltd. Ottawa and Hull, Canada."

The body was that of an elderly man, five feet six inches in height with a gold dental bridge and several teeth missing. The only article found in the clothing was a pocket comb.

An investigation was conducted by Constables L. W. Turner and J. M. Fletcher, of Queen Charlotte City. Members of the coroner's jury were John Findlay, foreman, Arden Crist, Philip Burton, Noel Taylor, James Morgan and Bertram Phillips.

VIENNA TRAFFIC BEING HELD UP

VIENNA, (CP)—Informants say that Soviet troops in Semmering Pass, check point 98 miles from Vienna, are continuing to interfere with highway traffic between the British zone of Austria and Vienna by demanding that automobile travellers produce passports or identity cards with photographs. This is in addition to the four-power card which has been in use for two and a half years. Father Louis Amadio sailed on the Cardena this afternoon for Vancouver enroute to St. Boniface, Winnipeg. Later he expects to be assigned to an ecclesiastical post in Northern Ontario.

What Are We Doing?

WE HEAR at every hand these days from coast to coast of the peril that is facing our free democracy here in Canada, of the persistent influences that are out to undermine it and then take control. The press and certain organizations, even including some labor leaders, have taken up the battle but what are the ordinary people doing about it? Why do the people who would be most seriously affected if the system were changed continue to take a passive and indifferent attitude, apparently leaving it to some one else to fight the battle for the basic freedoms of democracy which others are working hard these days to take away?

Canadians should be more actively conscious of the perils which face their way of living as selfish groups of non-productive people plan and advise against the primary basis of freedom in Canada.

If we lose that freedom we can blame our own lethargy, both of mind and action, as much as subversive infiltration.

* * *

COLLEGE EDUCATION

ONLY AN INCREASE in the number of manual workers will slow down the growing migration of professional and technical workers from Canada to the United States. The Dominion is producing more educated persons than the country can provide educated incomes for on a scale comparable to that of educated individuals in the United States. And the United States is producing fewer educated persons than it can incomes for.

So says B. K. Sandwell of Toronto, well known lecturer, writer and student of economic trends and theories. In other words, Canada is turning out more educated men and women than the national economy can afford. It is, doubtless, true enough examples can be seen of where time spent at a university is largely wasted. Effort directed in some other direction might be best in the long run. Misfits are by no means few, and usually costly, not to mention disappointing.

To do what one likes to do, is to be greatly blessed. Whatever it may be, it is his natural, his true vocation no matter whether developed in or out of college. He cannot help excel and the daily round is never drudgery.

ROOSEVELT MEMORIAL

THE MEMORIAL to Franklin Delano Roosevelt, unveiled in London yesterday, is ten feet in height. It stands in Grosvenor Square facing south.

The bronze statue portrays the former President standing bareheaded, dressed in a double-breasted lounge suit, soft shirt and four-in-hand tie. He is wearing the naval type he favored in his lifetime. It is draped about his shoulders and a walking stick protrudes from its folds on the lower right. Roosevelt's left hand is clasping his left lapel.

The memorial is the first purely British gesture in honor of an American president. Already there are statues of Lincoln and Washington but both are results of American interest. This represents co-operative effort on the part of the Pilgrims' Society and the British government. The cost was \$160,000 through public subscription.

Perfect spring weather prevailed and, after the solemn ceremony ended, the great assembly which had stood in deeply respectful silence, slowly dispersed.

Winston Churchill, in the course of an address on the establishment of the memorial, said these words:

"Of Roosevelt, it must be said that had he not acted when he did, in the way he did and had he not resolved to give aid to Britain and to Europe in the supreme crisis through which we have passed, a hideous fate might well have overwhelmed mankind and made its whole future sink into shame and ruin. It may well be that the man we honor today not only anticipated history but altered its course."

LOCAL MAN TO BE DECORATED

Governor General to Invest
British Columbia Residents
May 12

When His Excellency, the Governor-General of Canada, makes his forthcoming official visit to British Columbia in May he will preside at a number of investitures at which Navy, Army and Air Force people and some civilians will be presented with the insignia of decorations and medals awarded to them

for bravery or outstanding service, during World War II. In Vancouver, the Joint Services Officers' Mess at Jericho will be the scene of the colorful ceremonies on the afternoon of May 14, when approximately 41 service and ex-service personnel (Navy, Army, Air Force) and 25 civilians are to be presented with their awards. They will include Sgt. Darrow Gomez, Prince Rupert, Distinguished Conduct Medal, and Lt. J. Corner, Prince George. M. B. E.

What City Council Did

Utilities committee reported that further investigation is being made on a proposed plan to increase telephone rates.

Tabled for further consideration a request by Arthur Murray to purchase the rear halves of four lots at the corner of Fraser Street and Sixth Street for the erection of a bus depot and garage. The area, fronting Sixth Street for 50 feet and the lane at the rear of Third Avenue, was more suitable because it is not so far below street level as the portion facing on Fraser Street, Murray said. The matter was referred to council for consideration by the finance committee.

On motion on Alderman McKay, instructed the City Engineer to draw up plans and specifications for improving traffic conditions at the dangerous corners of Seventh Avenue and McBride Street.

Accepted a report from the Pioneer Home committee that steps have been taken to lift the liquor interdiction placed last fall on three inmates of the Home. They have been advised that "future abuse" will bring permanent imposition of the ban.

Terminated the services of C. B. Howe as City Engineer and Building Inspector and appointed Assistant City Engineer D. C. Stewart to the post of Acting City Engineer as of April 1. The moves were made on recommendations from the board of works and committee of the whole. Mr. Howe left the city last week.

Approved the granting of the following trade licences as reported by the licensing committee: George A. Davey, contractor; William Weiss, trucking; J. S. Bell, chimney services.

Granted Municipal Chapter, Imperial Order, Daughters of the Empire, permission to hold a tag day on behalf of the Canadian Institute for the Blind on October 2. The request was the first which the city has received for tag days so far this year.

Granted the Watchtower Bible Society permission to operate a sound truck on Saturday afternoon in the city streets to advertise a Sunday public lecture. However, they informed the petitioners that it would be necessary for them to keep the amplifier a reasonable distance from the hospital.

Tabled for future consideration a report on garbage costs under preparation by former City Engineer C. B. Howe. The report was tabled to give Acting City Engineer D. C. Stewart time to study it.

Adopted a recommendation that a quantity of fire hose, at a cost of \$782, sewer pipe at a cost of \$425 and garbage equipment to a value of \$75 be purchased from Army and Navy Stores war surplus stocks.

Decided to obtain legal advice on a proposal by Alderman Casey that the unused Seal Cove School be either sold or leased. Aldermen were of the opinion that if it were sold it would have to be removed from its present park land site.

Letters to the Editor

DEFENDS GERMANY

Editor, Daily News:
I think you are guilty of abusing a nation that has already endured too much.

In estimating Germany, why not examine German history, rather than Levantine literature?

The rise of nationhood is hailed as a great achievement in Canada, the United States, Great Britain, France, Spain, Italy, Russia, China, Japan, India, Egypt, and elsewhere. But it has been persistently opposed in Germany and the opposition is Rome, with her age-old satellites in Paris and Vienna—in every country of the world and worst of all in Germany itself. A brief survey will remind you that Germany was the compeer of England against Imperial Spain, against Louis XIV, and against Napoleon I. France and Austria made Germany their battleground for three centuries. The actual aggressor in 1870 was Bismark, having established was Napoleon III, not Bismark, the necessary military and political conditions for a united German nation, proceeded to cultivate the national development with a system of national schools. That was the chosen occasion for Rome to display her power openly. How exciting and pleasant effort it is to refuse obedience to a national school law under the flattering assurance that you are thereby obeying a higher authority. The pious urbanity of Latin strangers is far less tiresome than the earnest and possibly harsh manner of a home grown school master or the day to day workmanlike manner of a bread-winning husband or father.

And so, Bismark, who repelled Napoleon III and cemented British and American friendship, was conquered by the silly women, children, and adolescents who imagined their eternal life would come through Latin channels. It is noteworthy that one of the foolish adolescents, apparently, was the Emperor William II, who allowed his Iron Chancellor to be snubbed in the very courts of Rome, and who then went home and implemented a line of policy that led directly to World War I. That war was the first major break in the greatest century of peace and progress known to the shores of the German Ocean, the Baltic Sea, and the North Atlantic, and the greatest century of progress known to man.

Those who know Germans know that they are intelligent rather than passionate, reasonable rather than emotional. The phenomenon of mass ferocity known as Nazism was and

is essentially alien to the deliberate intellectual independence of German adult minds. Nazism could not have been produced without the help of the utmost skilled pedagogy. Hitler, a child of Austria, was a political child of Rome's Duce.

The greatest power for peace and human advantage is the human brain. But so long as the brain of Mediterranean man continues to suffer so unfortunately a sense of inferiority when it looks northward, so long will the danger of European War and World War continue to threaten.

EDWARD J. G. LETCHFORD.

CITY TO BORROW UNTIL TAXATION MONEY ARRIVES

City council last night authorized its finance committee to present a bylaw permitting the city to borrow up to \$100,000 from the Bank of Montreal to defray current expenditures in anticipation of 1948 tax payments which are not due until July.

The recommendation was made by the finance committee whose chairman, Alderman T. B. Black, told council that it would be "better business" to borrow the money at 4 per cent interest than to sell city-owned provincial bonds to carry interim city costs.

"The city is in a rather peculiar position," he told his colleagues. "It has quite enough money in reserve funds to cover its needs until the taxes start coming in but these are invested in bonds."

However, the Bank of Canada has withdrawn its support from provincial bonds, causing them to drop to 94 per cent of their par value. If the city sold them now, it would take a loss of six per cent.

While the city would have to be soaked in a concentrated solution four per cent interest on

C.N.R. Mechanical Engineer Retires

WINNIPEG—Frank E. Collinson, mechanical engineer, Canadian National Railway, western region, retired yesterday from active service after a railway life of 36 years. During his service with the company Mr. Collinson has made many outstanding contributions to the advancement of motive power and the thoroughness of his work has been an inspiration to both young and old.

money borrowed from the bank, the 2 1/2 per cent interest it receives from its bonds would reduce the actual out-of-pocket interest payment to 1 1/4 per cent, he said.

The city, he added, did not anticipate having to borrow the full amount authorized, and urged civic department heads to "hold down expenses" as much as possible while the city would be operating on borrowed money. A similar temporary borrowing policy has been followed in the city before.

PRIMITIVE LIGHTER

In 1805 a match was invented with a head of sulphur coated with chlorate of potash, sugar and gum. The match burst into flame when touched to a pad soaked in a concentrated solution of sulphuric acid.

OF COURSE SCHOOL COSTS HAVE GONE UP

Nearly 800 school children are coming into B.C. every month from outside points.

- More children mean more teachers—6% more this year than in 1945.
- More children mean more schools.
- More schools mean more essential equipment and supplies.

On top of all this the seven year lag in normal new construction has pyramided present building demands.

Disregarding new buildings entirely, this factor of larger enrolments has increased school costs by at least 30% since 1945.

SCHOOL COSTS WILL CONTINUE TO RISE

- B.C.'s population will continue to grow through immigration which will bring eventually added prosperity but immediately increased education costs.
- There should be a general reduction in class size as soon as the shortage of teachers has been alleviated.
- Teachers' salaries are still too low.

Whether the source be provincial or municipal revenues, MORE MONEY MUST BE FOUND FOR EDUCATION.

—Inserted by the British Columbia Teachers' Federation.

MEMO TO ADVERTISERS

For the information of our advertisers, A.B.C. auditors make a complete, annual audit of our circulation

Audited Distribution for your Advertising

GOOD advertising copy and attractive layouts are, of course, essential to the success of your advertising. But from the standpoint of final results the answer depends upon the distribution of your advertising.

When you buy newspaper advertising you are paying for an opportunity to talk to people about your merchandise and service. What you get for your money, therefore, depends upon how many people there are in your audience, where they are, how this audience was obtained, and many other facts that indicate the value of the circulation as a market for what you have to sell.

In order that our advertisers may have this information and thus be able to invest in advertising in The Daily News on the basis of known, verified facts, we are members of the Audit Bureau of Circulations.

The Bureau is a national, co-operative association of publishers, advertisers and advertising agencies. Every year one of the trained auditors employed by the Bureau makes an audit of our circulation records. This audited information is issued in official A.B.C. reports covering each member publication. You avoid guesswork and speculation when you advertise in an A.B.C. newspaper.

POLICE URGE SPEED LIMIT SIGNS POSTED

Police Sgt. L. A. N. Potterton wants motorists to know that the city's speed limit is 25 miles an hour without having to go to court to find it out. He thinks that the city should post signs warning the driving public to tread lightly on the throttle.

"On more than one occasion," he wrote council last night, "I have been placed in the unhappy position of trying to explain in the police court the reason why an accused person can be prosecuted under Prince Rupert city bylaw No. 968 for driving at a greater rate of speed than 25 miles an hour when there are no signs erected to inform the public that 25 miles per hour is the maximum speed allowed."

"I feel that no further prosecutions should be made until such traffic signs are erected," he suggested, and council agreed that signs should be erected without further delay at the highway entrance to the city, the top of the C.N.R. ramp, and the Cow Bay bridge. Council, however, could see no reason for placing one at the Morse Creek bridge, as suggested by the police chief.

Sgt. Potterton also suggested that the city "immediately" of the Capitol Theatre, the main place "no parking" signs in front entrances to the Civic Centre and that a 15-minute parking limit be imposed on Third Avenue in front of the Post Office. Council had recommended earlier that the latter three measures be taken.

C.N.R. LOOK-OUT IS POPULAR

The look-out, on the crest of the Canadian National Railways Park, continues to attract more visitors, particularly those who happen to be passing through the city. There is an unusually fine view, for the site is high enough to provide a vista that covers the whole harbor and about all of the townsite. The long seating benches have been securely nailed, so there will be no repetition of what happened some months ago when the benches were thrown down the hillside, doubtless, the act of hoodlums. Another welcome improvement is the placing of new receptacles for old accumulation of rubbish.

SCHEDULE OF MIXED BOWLS

April 18—C.Y.O. vs. Ideal Detergents, B.C. Packers vs. Brownwoods, Triple XXX vs. Miss or Hits, Cougars vs. Islanders.

April 25—Miss or Hits vs. B.C. Packers, Cougars vs. Ideal Detergents, Islanders vs. Brownwoods, Triple XXX vs. C.Y.O.

May 2—Islanders vs. C.Y.O., Triple XX vs. Brownwoods, Cougars vs. B.C. Packers, Miss or Hits vs. Ideal Detergents.

Apr. 23—Army vs. Fish Dock, Co-op vs. Canisco, Muttis vs. Thom Sheet Metal, Leafs vs. Scotians, Stones vs. Thorncliffes, Grotto vs. Moose.

Apr. 30—Muttis vs. Scotians, Leafs vs. Moose, Thorncliffes vs. Canisco, Stones vs. Thom Sheet Metal, Army vs. Grotto, Co-op vs. Fish Dock.

May 7—Co-op vs. Grotto, Stones vs. Canisco, Fish Dock vs. Scotians, Muttis vs. Moose, Leafs vs. Thom Sheet Metal, Army vs. Thorncliffes.

FIRST OIL BURNER

The Queen Elizabeth, the British warship recently retired to the scrap heap, was the first battleship to use oil alone for fuel.

DRIVING ON PLAY FIELD IS IS FORBIDDEN

A bylaw prohibiting motorists from using the Roosevelt Park playing field as a race track or a training ground for student drivers will be enforced in future, city council decided last night.

Council also authorized the preparation of the grounds for summer sport and the repair of the baseball backstop which was damaged by winter storms.

Signboards forbidding the driving of motor vehicles on the grounds will be erected in various parts of the park.

"People have apparently been using the grounds for a race track and, consequently, it is all chopped up with wheel tracks," Board of Works Chairman Robert McKay said. "If the city is going to spend money to keep the field in shape that sort of thing will have to be stopped."

GROWS FAST

About a year after the rootstock of a banana is planted, the plant attains a height of from 15 to 30 feet.

Barbara Ann for Films

Has Had Four Offers—
Henie Making First Film
By BOB THOMAS

HOLLYWOOD (AP)—Barbara Ann Scott may follow in Sonja Henie's ice tracks. The Canadian ice queen has had offers from four major studios, says Dance Director Leroy Prinz, who is her advisor on movie matters. If the Ottawa champion does turn professional, the first order of business would be a United States skating tour.

Last week Miss Scott said that she would not sign any movie contracts until she has completed her present commitments to appear in amateur skating carnivals. She said she was booked up until May 8. An Ottawa report said that Miss Scott had been offered a chance to appear with dancer Fred Astaire.

Michael Khy, who languished at M.G.M. for two years, is definitely signed as Miss Henie's co-star in "The Countess of Monte Cristo." He's also her current skating partner.

ALONG THE MOVIE BEAT
Charles Boyer has recovered enough from his bursts attack to travel and he leaves this week to attend the New York premiere of "Arch of Triumph."

Maria Montez, who has been off the screen too long for the good of her career, will get into action soon. She'll do some added scenes of the long-finished "Atlantis" and then start an independent film, "Last Year's Snow."

Bing Crosby finished his chore in Disney's "Two Fabulous Characters" and heads east. When his boys do their acting jobs for the film next August, they'll be the first to use Walt's new sound stage which he claims is the world's largest. It's the story of a party on a rainy night. Instead of going out, they listen to a radio personality named Crosby recite the Inhabod Crane yarn. After that, they're too scared to go out.

ODDS AND ENDS

Shirley Temple is another star heading for New York. It will be one of her few trips to the big town.

Red Skelton's "A Southern Yankee" is going back for a couple of weeks' retakes. Meanwhile, Red is spending most of his time with the circus while it is in town.

John Garfield hopes to lure Faye Emerson back to pictures for his "Tucker's People." She's now playing in "The Play's the Thing" with Louis Calhern.

Rita Hayworth took a two-month lease on a Palm Springs house so she'll do no globe-trotting. She's still trying to shake a cold.

Esther Williams is taking vocal lessons. She'll sing a couple of songs in "Neptune's Daughter," in which she'll portray a swim suit manufacturer.

Walter Pidgeon of St. John, N.B., will be a grandpa in two weeks.

Francois Lake News

Jack Rutherford of Tatalrose, B.C. was busily engaged in trying to photograph a bull moose which had invaded the lawn of the spacious Housen farm residence when a collie dog resented the trespasser and heeled him. The moose charged straight at Rutherford and pursued him round and round the house and through the barnyard, the trail becoming more and more slippery until the moose slipped and fell while Rutherford gained the sanctuary of the kitchen after a narrow escape.

Michael J. Tuohy, widely known as the Poet of the Trails, his masterpiece being entitled "The Hazelton Trail," has left the Lakes District for hospitalization at Prince Rupert where he has numerous friends.

Francois Lake is permanently sealed, the ice thickness increasing steadily and there is no possibility of it going out before April 20. Betting is even that the ice will not break up until after the first of May.

CANADIAN WAY OF LIFE (Continued from Page 1)

Indication of growing acceptance of the importance of the national body which had as its two principal objects, first, the obtaining of local views on national questions and co-ordination of same for presentation to the federal government and, second, service to increase the efficiency and usefulness of the local organizations at their level.

The speaker congratulated the Prince Rupert Chamber of Commerce on an enviable record of achievement but he recommended a continuation of the current campaign for more "active and determined" members.

Mr. Eckrold, who has just completed a tour of the central interior, remarked upon the excellent relations existing between the coast centre and the communities of the interior. This had been apparent to him everywhere he had been.

The visiting national official spoke before a gathering of about fifty persons among whom were special visitors in the persons of J. F. Cooper, general superintendent, Canadian National Railways, Vancouver, and George McAdams of Terrace, immediate past president of the Associated Boards of Trade of Central British Columbia.

President R. G. Large was in the chair and a vote of thanks was offered to Mr. Eckrold by Vice-President G. R. S. Blackaby.

Following the general session of the Chamber Mr. Eckrold conferred with the executive when such topics as encouragement of industrial expansion possibilities, immigration and co-operation between the local chamber and the national body on national affairs were discussed.

GRAVEL TENDER ACCEPTED BY CITY COUNCIL

10,000 Cubic Yards for Street
Program to be Delivered by
Highway Construction Co.

A tender by Highway Construction Co. to supply 10,000 cubic yards of gravel for the city's street reconstruction program was accepted by the city council last night. Completed delivery date was given as within 90 days of the signing of the contract.

Highway Construction Co. superintendent L. M. Shannon told council that he "could deliver the first gravel within two weeks—It's just a matter of bringing up barges from Vancouver. The gravel will be hauled from Denise Arm."

His tender specified that the gravel would range in price from \$2.65 to \$3.40 per cubic yard, depending on how finely it is crushed, delivered to any spot within a half-mile of the C.N.R. lumber loading dock.

Beyond the half-mile free-haulage area, 10 cents per cubic yard per mile would be charged.

Board of Works Chairman Robert McKay said that he calculated that average cost for the whole quantity would be in the neighborhood of \$3.12 cents a cubic yard.

Mr. Shannon said that his firm is prepared to make delivery to any place in the city the material required and that base gravel could be hauled directly from the barges to the roads under construction without stock piling.

His tender suggested that, in cases where the quality of the gravel might be questioned by the city, it be stock-piled separately and scientific tests as to its usefulness in asphalt road building be conducted. Costs of the tests would be borne equally by the city and the company.

Alderman George Rudderham spoke in favor of acquiring the full 10,000 yards this summer.

"It is better to get the whole works now, even though we may not use it all this summer," he declared. "If we do, we will have it on hand when we need it. If we had it now, our program could be under way."

In ancient times it was a legitimate practice to desert newborn infants.

Timely Topics from Terrace

TERRACE WANTS SNOW PLOUGH

TERRACE — The quarterly meeting of the Terrace and District Board of Trade was held in the Orange hall on Friday evening, president Duncan Kerr in the chair. L. G. Eckroyd, field representative of the Canadian Chamber of Commerce was the guest speaker of the evening.

Business of the meeting brought forward some interesting and vital matters for discussion. Correspondence was dealt with and the reports of the committee followed.

George McAdams, reporting for the highway committee, stated that, in answer to a telegram sent by this board of trade requesting information, Hon. E. T. Kenney had replied by wire that the Skeena district had been voted \$145,000 for maintenance of public works. \$10,000 was allotted to the Kalum Road, \$5,000 to the Hot Springs road, \$30,000 to the Nash switchback, \$35,000 to Porphy Creek Bridge, and other projects were being considered.

Also a heavy power grader for the Terrace-Prince Rupert highway would be delivered in about a month's time.

A motion was passed that a wire be sent to Victoria asking that the rotary plough at Stewart, which is going to be moved out of that district, be placed on the Skeena Highway. In this respect, the support of the Prince Rupert Chamber of Commerce will be sought as they are most anxious to have the road kept open all winter.

Strenuous objection was raised by some of the members at the imposing of the new sales tax. A wire from Hon. E. T. Kenney was read in which he regretted his inability to subscribe to the observations of the Terrace Board of Trade. It was decided that another letter be sent to the Minister saying that there was no objection to the government collecting new taxes, realizing the needs of social service, but objection was taken to the method of collecting through the means of a sales tax.

It was stated that a complaint of the Terrace Rod and Gun club was being thoroughly investigated. The board decided to extend an invitation to Dr. Pritchard and Roland Brett to attend a meeting to explain the Fisheries activities at Lakelse Lake.

Discussion followed the reading of a letter from the Department of Agriculture in which it was stated that an Experimental station could not be established at Terrace as there is a sub-station at Smithers and the local problems could be solved there. However, an illustration station was suggested for this district. Objection was raised to this and it was decided to ask for the same ranking as Smithers, i.e. to have a sub-station here. In regard to this matter, Mr. Eckroyd in his talk later in the evening stated that he was amazed at the decision of the Department of Agriculture here but, in some cases, officialdom seemed to think that democracy was run from the top down instead of from the bottom up.

LAND REGISTRY ACT
Re: Certificate of Title No. 26776-1 to Lot Twenty-one (21), Block One (1), of District Lot Three Hundred and Sixty-one (361), Village of Terrace, Map 912.

WHEREAS satisfactory proof of loss of the above Certificate of Title issued in the name of Thomas W. Ross has been filed in this office, notice is hereby given that I shall, at the expiration of one month from the date of the first publication hereof, issue a Provisional Certificate of Title in lieu of said lost Certificate, unless in the meantime valid objection be made to me in writing.

In the Matter of the Estate of William Thomas Powers, Deceased.

TAKENOTE that by Order of His Honor Judge W. O. Fulton, Local Judge of the Supreme Court of British Columbia, I was on the 1st day of April, A.D. 1948, appointed Administrator of the Estate of William Thomas Powers, late of Prince Rupert, British Columbia, who died on or about the 6th day of January, 1948, at the City of Prince Rupert, British Columbia. All persons indebted to the said estate are required to pay the amount of their indebtedness to me forthwith and all persons having claims against the said estate are required to file them with me properly verified on or before the 15th day of May, 1948, failing which distribution will be made having regard only to such claims of which I shall have been notified.

DATED at Prince Rupert, B.C. this 5th day of April, A.D. 1948.

NATIVE WOMEN NAME OFFICERS

KITKATLA—The newly organized Kitkatla branch of the Native Sisterhood of British Columbia, elected its first slate of officers recently, naming Mrs. Beatrice Lewis president for the 1948 term. The branch consists of 78 members who act as an auxiliary to the Native Brotherhood.

Mrs. Alice Gamble was named an honorary life member. The full slate of officers consists of: President, Mrs. Beatrice Lewis. First Vice-President, Mrs. Henry Vickers. Second Vice-President, Mrs. Kate Ridley. Treasurer, Mrs. Flora Hill. General Secretary, Mrs. Rita Bolton. Recording Secretary, Mrs. Edna Wilson.

The memorial service for Chief Gamble was sponsored by villagers of Bella Bella who visited Kitkatla for the Easter observance. Various speakers paid tribute to the late chief who died two years ago and who was one of the organizers of the Native Brotherhood of B.C. Two minutes of silence was observed in his memory.

A rendition by the choir of the cantata "The Immortality" was a feature of the evening service. Choirmaster Henry Brown conducted and Norman Lewis was organist. The service was attended by visitors from Port Simpson, Bella Bella and Klenmu as well as Kitkatla residents. A banquet, sponsored by the Kitkatla celebration committee, was held in the afternoon. A distinguished visitor was Caleb Williams of Bella Bella, vice-president of the central region of the Native Brotherhood of B.C. Master of ceremonies was Chief Russell Gamble, chairman of the celebration committee and son of the late Chief Edward Gamble. The Kitkatla concert band was in attendance and entertained with several selections.

MEMORY OF CHIEF GAMBLE IS HONORED

KITKATLA—Memory of the late Chief Edward Gamble will be honored here at a special memorial service held outside the widow's residence on Easter Sunday afternoon. The service was conducted by Rev. Charles Lomas of the mission boat Northern Cross who also conducted morning and evening church services.

The memorial service for Chief Gamble was sponsored by villagers of Bella Bella who visited Kitkatla for the Easter observance. Various speakers paid tribute to the late chief who died two years ago and who was one of the organizers of the Native Brotherhood of B.C. Two minutes of silence was observed in his memory.

A rendition by the choir of the cantata "The Immortality" was a feature of the evening service. Choirmaster Henry Brown conducted and Norman Lewis was organist. The service was attended by visitors from Port Simpson, Bella Bella and Klenmu as well as Kitkatla residents. A banquet, sponsored by the Kitkatla celebration committee, was held in the afternoon. A distinguished visitor was Caleb Williams of Bella Bella, vice-president of the central region of the Native Brotherhood of B.C. Master of ceremonies was Chief Russell Gamble, chairman of the celebration committee and son of the late Chief Edward Gamble. The Kitkatla concert band was in attendance and entertained with several selections.

Reminiscences and Reflections

W.I. Letting facial foliage have its full filling is not exclusively a Prince Rupert idea but, now the movement has started, here's wishing a bumper crop. Without having the slightest means of knowing what the harvest will be, may whiskers flaunt freely and the winds blow through 'em.

There were frequent band concerts in Prince Rupert many years ago whereas there are comparatively few today. Moreover, the bandsmen were new and cheerful looking uniforms, and the instruments cost real money. The set-up had nothing to do with Prince Rupert. The musicians came from neighboring Indian villages. The fact remains that today, after enough time in which to start and develop half a dozen good bands, there is a sorry lack of what ought to be for a town the age and size of this one.

Prince Rupert has a band and, in fairness, let it be said there cannot be much better, under the circumstances. But now that should change. An organization that has substantial means has become interested and with support back of it there should soon be a band in which the whole community will take genuine pride and give ardent support and co-operation. A band can mean so much. And there are so many occasions when it is needed.

BLACKHEADS

CHARGED WITH DRUNK DRIVING

Charged with drunken driving and assaulting a police officer, Ernest Mayo appeared in city police court this morning and was remanded without plea until April 21 by Magistrate W. D. Vance. Ball was set at \$100. He is represented by T. W. Brown.

Joe Wright, charged with supplying liquor to an Indian, also was released on \$100 bail after he had been remanded without plea by Magistrate W. D. Vance. His case was set for hearing Wednesday afternoon. Wright's counsel is T. W. Brown.

Wright is alleged to have supplied liquor to James Shaw, an Indian. This morning, Shaw pleaded guilty to a charge of intoxication and was fined \$15 or seven days.

Col. Jim Cornwell Visits Whitehorse

WHITEHORSE—Colonel Jim Cornwell of Victoria was here a few weeks ago. He had visited Edmonton and is now somewhere in the MacKenzie and Arctic regions. As long ago as 53 years, he was roving through the north and was in the Klondike well in advance of the gold rush. He was also active in the early development of the Peace River country.

G. B. S. QUESTIONS STALIN'S SANITY

LONDON — George Bernard Shaw, 90-year-old playwright, is quoted as saying in an interview that "if Stalin countenances the folly of a war he should be shot or put in a mental home. No European country can afford a war, and least of all, Russia."

JUDICIARY DEFENDED

VANCOUVER, B.C. — Benchers of the British Columbia Law Society Monday defended members of the British Columbia judiciary against attacks made in the Legislature by two C.C.F. members, Harold Winch and his father, E. E. Winch.

The benchers declared the criticism "unfair and cowardly" and "palpably untrue." Criticism of the judiciary, with one judge called "the hanging judge" was made by the C.C.F. members last Wednesday.

FIRE ORPHAN IS OFFERED HOMES

PORT HURON, Mich. — Forty couples would like to adopt three-year-old George Meldrum, orphaned by a fire that killed his parents and two sisters. Some offers are from as far away as New York and Texas.

LOVAT SCOUTS CHANGE NAME

INVERNESS — The Lovat Scouts, founded in 1900 by the late Lord Lovat, chief of the Fraser Clan will lose their historic name and be known in the future as the Royal Armored Squadron of the Scottish Horse.

STUMPED BY GHOST TALE

British Physicist Debunked
Most of Them, However

LONDON — Britain's chief authority on psychic research, Harry Price, passed quietly away at his home in Essex. He had been interested in the supernatural since childhood.

Price made many exposures of extravagant claims, and no one was more merciless than he when "phony spiritualists" were shown to be just that. As a result, they became very scarce. They knew they would be caught in Price's searching examinations.

But this did strengthen Mr. Price's general standing. He found, through 60 years of study and co-operation, ample evidence of the existence of a world beyond.

For example, there was the case of "the blue nun of Borley rectory." For 15 years Price tried to find the key to the apparent psychical phenomena of this mystery. A succession of God-fearing ministers at the rectory reported ghostly foot-steps appearing and disappearing and many other strange incidents that could not be explained. In 1935 church authorities gave up. For three years, Price and his aides tried to find a solution, but in vain. After they left, a policeman vowed he saw a woman in the flaming building. He called Price to the scene.

"The figure of a girl dressed in a misty blue gown was flitting about the rooms of the smoldering ruins," Price reported. "She vanished into thin air."

He gave credence to few other ghost stories. He had debunked hundreds. But this one he could not.

LONGSHOREMAN PASSES AWAY

George Mathers, a longshoreman employed by Pacific Stevedoring Co., died in Prince Rupert General Hospital this morning after a brief illness. He was 68 years old. Born in England, he came to Prince Rupert 38 years ago. He was unmarried and had no known relatives in Canada.

BARRIE NEAR PUCK CLINCH

TORONTO, Ont. — Barrie Flyers took a stranglehold in the Eastern Canada junior hockey championship Monday night, defeating Montreal Nationales 8 to 3 for their second straight victory in the best of five final series.

At Port Arthur the West End Bruins of that city roared back last night to defeat Lethbridge Native Sons 7 to 4 in the third game of the Western Canada finals after dropping the first two matches.

HAMILTON TIGERS UP IN ALLAN CUP

OTTAWA, Ont. — Hamilton Tigers, Ontario's senior hockey champions, Monday night defeated Ottawa Senators, champions of Quebec, by a score of 5 to 4 to take the first game of the best-of-five Allan Cup semi-final series.

PROTECTION OF MERE MAN

It has taken more than a year to complete the making of a screen play engaging the talents of a thousand persons and exploring history that takes one back at least a couple of centuries in the story of this continent. The research performed has been on a prodigious and exacting scale. This is leap year, incidentally, and one item should cause all unattached males today, to feel relieved, or at least more comfortable.

It reads:
"All women of whatever age, rank, profession or degree who shall impose upon, seduce or betray into matrimony, any of His Majesty's male subjects by virtue of scents, paints, cosmetics, washes, artificial teeth, false hair, iron stays, bolstered hips or high heeled shoes shall incur the penalty of the law now in force against witchcraft and the marriage shall be void."

Stock of the Parkin Electric Co. which ceased operation recently following the death of its proprietor, A. T. Parkin, has been purchased by the Northern B.C. Power Co.

'HENRY V,' GREAT FILM SPECTACLE, AT CAPITAL THEATRE TOMORROW

On of the outstanding moving picture spectacles of the year — the technicolor presentation of William Shakespeare's great historical drama "Henry V" — comes to the screen of the Capitol Theatre in Prince Rupert with two specially arranged showings — one Wednesday afternoon and one the same evening.

Laurence Olivier is not only the star of the widely-heralded picture, which local picture-goers have long been anticipating with pleasure, but was also its producer and director.

All the original elements of the great play, first acted in 1599 in the old roofless Globe Theatre at Bankside, London, are said to be meticulously preserved.

Laurence Olivier plays the title role and noted British actors are included in the cast which depicts historic characters of the time such as Princess Katherine, the Archbishop of Canterbury, King Charles of France, the Duke of Berri, the Dauphin, the Duke of Orleans, the Duke of Burgundy, the Duke of Bourbon, Queen Isabel of France and many others.

FINED \$200 FOR KNIFE ASSAULT

Rita Petterson, pleaded guilty in police court this morning to a charge of committing assault with grievous bodily harm and was fined \$200 by Magistrate W. D. Vance. The charge arose out of an incident at the home of the accused on March 20 when Peter Wingham, local fisherman, suffered knife cuts on his arm and head. Rod McLeod appeared for the accused.

EDMONTON MOVES UP

SASKATOON, Ont. — Overcoming a first period deficit, Edmonton Flyers came back Monday night to defeat Winnipeg Flyers 7 to 3 in the third game of the Western Canada senior hockey finals. The Victory gave the Albertans a two games to one edge in the best of seven Allan Cup semi-final series.

CHLORIDE PUT ON STREETS TO ALLAY DUST

The dust nuisance which was prevalent along unpaved streets last week came under control on certain arteries this morning when city workmen spread the season's first application of calcium chloride, a moisture-attracting salt which will keep gravelled surfaces moist during the summer months.

Unable to apply the chloride to the streets last week because they were too dry, a city crew this morning took advantage of the dampness left by yesterday's rain to spread with a special attachment on one of the city trucks.

The city has a rail carload of calcium chloride on hand, believed to be sufficient to keep down the dust until the streets gradually become hard surfaced during the summer street rehabilitation program.

This morning, Third Avenue, Seventh Avenue, Hays Cove Avenue and Conrad Street received chloride applications.

TWIN FILLIES ARE UNUSUAL

ZELLENOPLE, Pa. — Twin fillies have been born to Arkansas Lady. Stockmen say this birth of twin fillies is as rare as quadruplets or quintuplets among human beings.

*Serving
You*

is his career

WHEN you register at a
Canadian Pacific hotel, you're sure to meet
a bellboy. You'll notice his smart appearance
... his courteous efficiency as he carries your luggage
and escorts you to your room.
He'll adjust the lights and windows the way you like them ... or perform any other little duties
you may require. Throughout your stay, you will find him always on the spot with speedy, cheerful
attention to your needs. Serving you is his career ... and it is also a tradition among the many
thousands of employees in Canadian Pacific's
world-wide travel system.

Canadian Pacific

Canadian Pacific service is a
tradition in travel. This advertise-
ment is one of a series depicting
some of the men who make it so.
