**INJURED NEWCASTER RETURNS HOME FROM TRIP TO TIBET**—Noted author and news-  
caster Lowell Thomas (centre), who was injured when he was thrown by a horse on a Tibetan  
mountain pass, is shown being greeted by his father, Dr. Harry C. Thomas, on his arrival, with his  
son, Lowell, Jr. (left), at New York airport. Thomas told newspapermen that after his injury, he  
was carried for 16 days and nights by native bearers to a town where he could receive medical aid  
for injury which was diagnosed as a broken thigh bone. While in Tibet, Thomas was given person-  
al message from the Tibetan government to President Truman along with an official scroll from  
the Dalai Lama, the boy ruler of the inaccessible nation. Thomas is believed the first westerner  
in history to be given such a message from the religious rulers of Tibet.

## Vexed Case Is Settled

**Privy Council Rules in Favor of Dominion Over E. and N. Lands**

LONDON — A prolonged land dispute between the British Columbia government and the Dominion government was settled yesterday by the judicial committee of the Privy Council with a decision in favor of the provincial.

The Privy Council's decision was that no contract existed between the British Columbia government and the Esquimalt and Nanaimo Railway Co. in relation to a forty-mile railway belt within the province.

The effect of the decision is to reverse a judgment of the Supreme Court of Canada against which the provincial government had appealed.

The case involved the provincial government's right to collect taxes.

## YOUTHFUL PLAN TO HELP INDIA

OTTAWA — A youthful opposition member suggested in the House of Commons that Canada take over part of India's sterling balance in the United Kingdom.

Hazen Argue, CCF-Assiniboia, 28, Kayville, Saskatchewan farmer, said India had a fairly large sterling balance in the United Kingdom. If Canada took over part of it, the move would ease Britain's dollar problem and would contribute to improvement of living standards of the people of India.

## DOMINION HAS MORE URANIUM

OTTAWA — Solon Low, federal Social Credit leader, contended that "there are a good many places where uranium oxide could be produced in greater quantity" in Canada and called for an investigation.

Mr. Low spoke during a debate on a motion by Rt. Hon. C. D. Howe, minister of trade and commerce, for the establishment of a 14-man committee on atomic energy which the House of Commons approved in committee.

## Too Much Bridge Divorce Grounds

HONOLULU — Judge John Matthewman yesterday ruled that bridge five nights a week is grounds for divorce. Laura McConnell testified that, when her husband was not playing, he "talked nothing but bridge."

The judge granted a divorce decree on the grounds of cruel treatment.

## Must Change Trade Policy

NEW YORK — Secretary of State Dean Acheson called upon the United States Wednesday night to reverse its 30-year-old foreign trade policy and become an "import-minded" country in order to close the \$6,000,000,000 trade gap.

In a speech prepared for the convention of the National Foreign Trade Council, Acheson proclaimed a campaign to reduce tariffs, simplify customs, "modernize" other laws and otherwise expand opportunities for foreign producers to sell goods in the United States.

United States, Acheson said, must get away from the system under which it finances the shipment of huge amounts of its products through gifts or large government loans.

## Rectory Is Financed

The church committee of St. Andrew's Cathedral was in full session on Tuesday night last on the issue of building the rectory. The Bishop, as Dean of the Cathedral, occupied the chair by special request of the rector and wardens.

The financial report given by R. G. Hopkins, the treasurer of the rectory fund committee, reported a gratifying result in cash and also the news of a benefaction. Mrs. Robert L. McIntosh, in order to carry out the wishes of her late husband and herself in connection with the Cathedral having a Rectory, has offered advantageous and generous terms the means whereby this end can be accomplished with a minimum of delay. This offer was gratefully accepted. All this means that by far the greater part of the financial problem is completely solved, even though it is not necessary for anyone to assume that the Fund has been closed.

The Committee decided that authority should be given to some of its members to finalize plans and to ensure that building shall start as soon as possible after all necessary steps had been taken. It is anticipated that the contract will be awarded early in the New Year.

## U.S. Britain Aiding Tito

**Ban On Shipment of Aircraft and Equipment Is Lifted**

WASHINGTON — Great Britain and the United States have eased the ban on the sale of commercial planes and aviation equipment to Yugoslavia. First shipments, limited quantities of gasoline and lubricants, were cleared by the Department of State today.

This marks the latest step by the West to bolster Marshal Tito in his fight with Moscow and her eastern European allies and may lead to an air lift if Yugoslavia becomes sealed off.

## Enfranchisement Meet Postponed

Date of the forthcoming sitting of the Metlakatla enfranchisement board, which was to have held its first session at Metlakatla on November 8, has been set back to November 9, Indian Superintendent F. E. Anfield said yesterday.

Reason for the postponement is to allow adequate time for Indian Commissioner W. S. Arneil to arrive from Vancouver in consideration of the possibility of violent weather at that time.

Members of the enfranchisement board, which will sit to work out details of the forthcoming enfranchisement of the 100 villagers of Metlakatla, are Commissioner Arneil, Indian Superintendents Anfield and Peter Leighton, of Metlakatla.

A. J. Croxford, who is revising the honor roll plaque of the Canadian Legion, has received two further names of World War I dead which will be added. They are Jack Wearmouth, son of Mr. and Mrs. H. F. Wearmouth, formerly of this city and now residing near Victoria, and Alfred Attree, son of Mr. and Mrs. A. Attree of Prince Rupert. Both of these young men made the supreme sacrifice while serving with the Canadian Army in Italy.

The Daily News is co-operating with Mr. Croxford in the effort to make the Legion memorial complete with all eligible names before it is moved to the Legion's new headquarters.

## Intergovernmental Conference

GENERAL SATISFACTION should prevail over the calling by Prime Minister St. Laurent of the Dominion-provincial conference for January 10 to which British Columbia has been one of the provinces to promptly assent. All are agreed upon the necessity of the conference and, during the election campaign, pledges were made that there would be a minimum of delay in calling it.

Called to consider "constitutional questions" as affecting the Dominion and the provincial jurisdiction, that objective may well contain all the outstanding matters which have been hanging fire for many years between Ottawa and the provinces and which have, from time to time, been settled with temporary expedients such as grants-in-aid and the like.

It is to be hoped that the newest conference will be entered into with a cordial spirit of give and take between Ottawa and the provinces and among the provinces themselves. Much good may then accrue for the welfare and happiness of Canada as a whole.

## CANADA'S RIVERS

IT MAY BE because we have so much country, but we Canadians are inclined to be woefully ignorant of our own geography. Take our rivers, for instance. We think of the St. Lawrence as being one of the great waterways of the world—which it is—but how many Canadians know that we have a longer river?

The St. Lawrence is nearly 2,000 miles long, from the Atlantic Ocean to the westerly end of the Great Lakes system, a waterway which reaches almost half way across the continent. But longer than the St. Lawrence is the Mackenzie, which flows north from Great Slave Lake to the Arctic Ocean, a distance of 2,514 miles. The Yukon is 1,979 miles long.

The Saskatchewan River, 1,205 miles, rises in the Rockies, flows across the plains, and joins the Winnipeg system of lakes drained by the Nelson, a river system 1,600 miles in length. The Churchill River, with its tributaries, has a total length of 1,300 miles, draining into Hudson Bay. Our own Fraser is 695 miles in length. The Skeena River is 325 miles long.

Canada's rivers have played a big part in the development of a great country.

## LETTERBOX

### "POPPY DAY"

Editor, Daily News:  
On Saturday next, the people of Prince Rupert will be asked to purchase the poppies which make it possible for the Canadian Legion here to carry on its welfare work.

This work is important, but I think one thing that perhaps has not been sufficiently stressed is the fact the poppy is the symbol of remembrance . . . remembrance of the dead of two world wars.

Our memories are apt to be a little short and, were it not for this annual poppy sale, I sometimes wonder if those who did not lose sons and husbands in the two wars would be as fully conscious of the sacrifice as they are. I do want to stress the importance of this one day in the year being set aside in this way.

Those who have not had experience with the Poppy Fund may perhaps be inclined to question whether the Poppy Fund is necessary here in Prince Rupert. I can assure them it is. It is true that there are veterans and veterans' dependents who cannot work. It is true that we have in our Acts of Parliament considerable social legislation, but it is equally true that things such as the old age pension and other similar legislation and allowances are inadequate in the face of present living costs. However, and this is a fact, the majority of worthy veterans are people with a very intense personal pride. They have given Canada service during war time, many of them on two occasions. They are the type of people who hesitate to approach organized charities. Were it not for the Canadian Legion, and the comradeship which was born in war, many of these deserving cases would not be known about.

The Poppy Fund enables the Canadian Legion to assist veterans and veterans dependents in times of emergency. Every penny collected in Prince Rupert and District is used right here in this district, and the expenses of "Poppy Day" as well as the cost of operating the "Poppy Fund" throughout the year are borne by our Branch out of our own branch funds.

I would ask your support and that of the people of Prince Rupert in carrying on this very worthy work.

JAMES NICOLL,  
Canadian Legion,  
Branch 27,  
Prince Rupert.

## RATEPAYERS GROUP SEEKS MORE MEMBERS

East End Ratepayers Association, which is in the process of organizing, will elect a permanent slate of officers on November 15 and, in the meantime, a membership drive will be started, a preliminary meeting in the East End hall decided Tuesday night.

The 30 citizens who attended deferred election of a full executive panel for two weeks and voted in the meantime to maintain Robert Ferguson as temporary chairman, H. R. Thorsteinson will continue as interim secretary - treasurer.

Need for an active membership embracing a larger number of taxpayers was considered vital and A. Pearson was named to head an organizing committee which will promote greater membership. Other committee members are Robert Cameron, George McWhinnie, P. Lester, Harry Quick, Harry Harrison, W. D. Griffiths, Frank Baldwin, Mrs. R. Ferguson and J. W. Prusky.

Vision of the organization expanding to or inspiring, the formation of other Ratepayers' Associations in other parts of the city was a vital element in the meeting. It was felt that when the East End group gets underway its influence will broaden to the betterment of community interest.

General outline of the aims of the association was given by W. D. Griffiths who told the meeting that it was open to all ratepayers no matter in which part of the city they reside. It is also dedicated to development of the interest of citizens in active participation in affairs of the city and use of the enfranchisement and to promote understanding between citizens and the city council.

Membership dues were set tentatively at 25 cents to the end of the year and \$1 a year thereafter.

School Secretary Mrs. M. M. Roper was authorized by the school board at last night's meeting to attend a meeting of School Secretaries, sponsored by the Department of Education, at Victoria on December 8 and 9.

## MINISTRY OPENED BY NEW PASTOR

Last Sunday marked a milestone in the growth of the Regular Baptist Church of Prince Rupert. At the newly inaugurated morning service, the Church welcomed its new pastor, Leonard Thorpe.

Mr. Thorpe comes from Duncan, Vancouver Island, and is a graduate of the Northwest Baptist Bible College at Port Coquitlam.

The pastor's morning theme was "Worshipping With Moses." He showed three pertinent reasons for the power of Moses, as he prevailed with God in prayer. In the light of today's need of Christians with that same power, he pointed out the necessity of examining devotional habits.

In the evening, Mr. Thorpe's message was centred around the Old Testament story of Naaman's miraculous cure of leprosy. Using this to illustrate the simple, old-fashioned gospel, he urged the unsaved to exercise saving faith in the finished work of Christ.

## TEACHERS ASK NEW AGREEMENT

Negotiations for a new working agreement between the Prince Rupert Teachers' Association and the School Board will begin this month following receipt by the Board of a request from the Association that salary talks commence.

Last night, the Board moved that all its members meet the salary negotiating committee of the Association and suggested the afternoon of November 4 as the date.

Deadlock in 1949 salary negotiations resulted in an arbitration board hearing here in February which bound both the board and the Association to its findings.

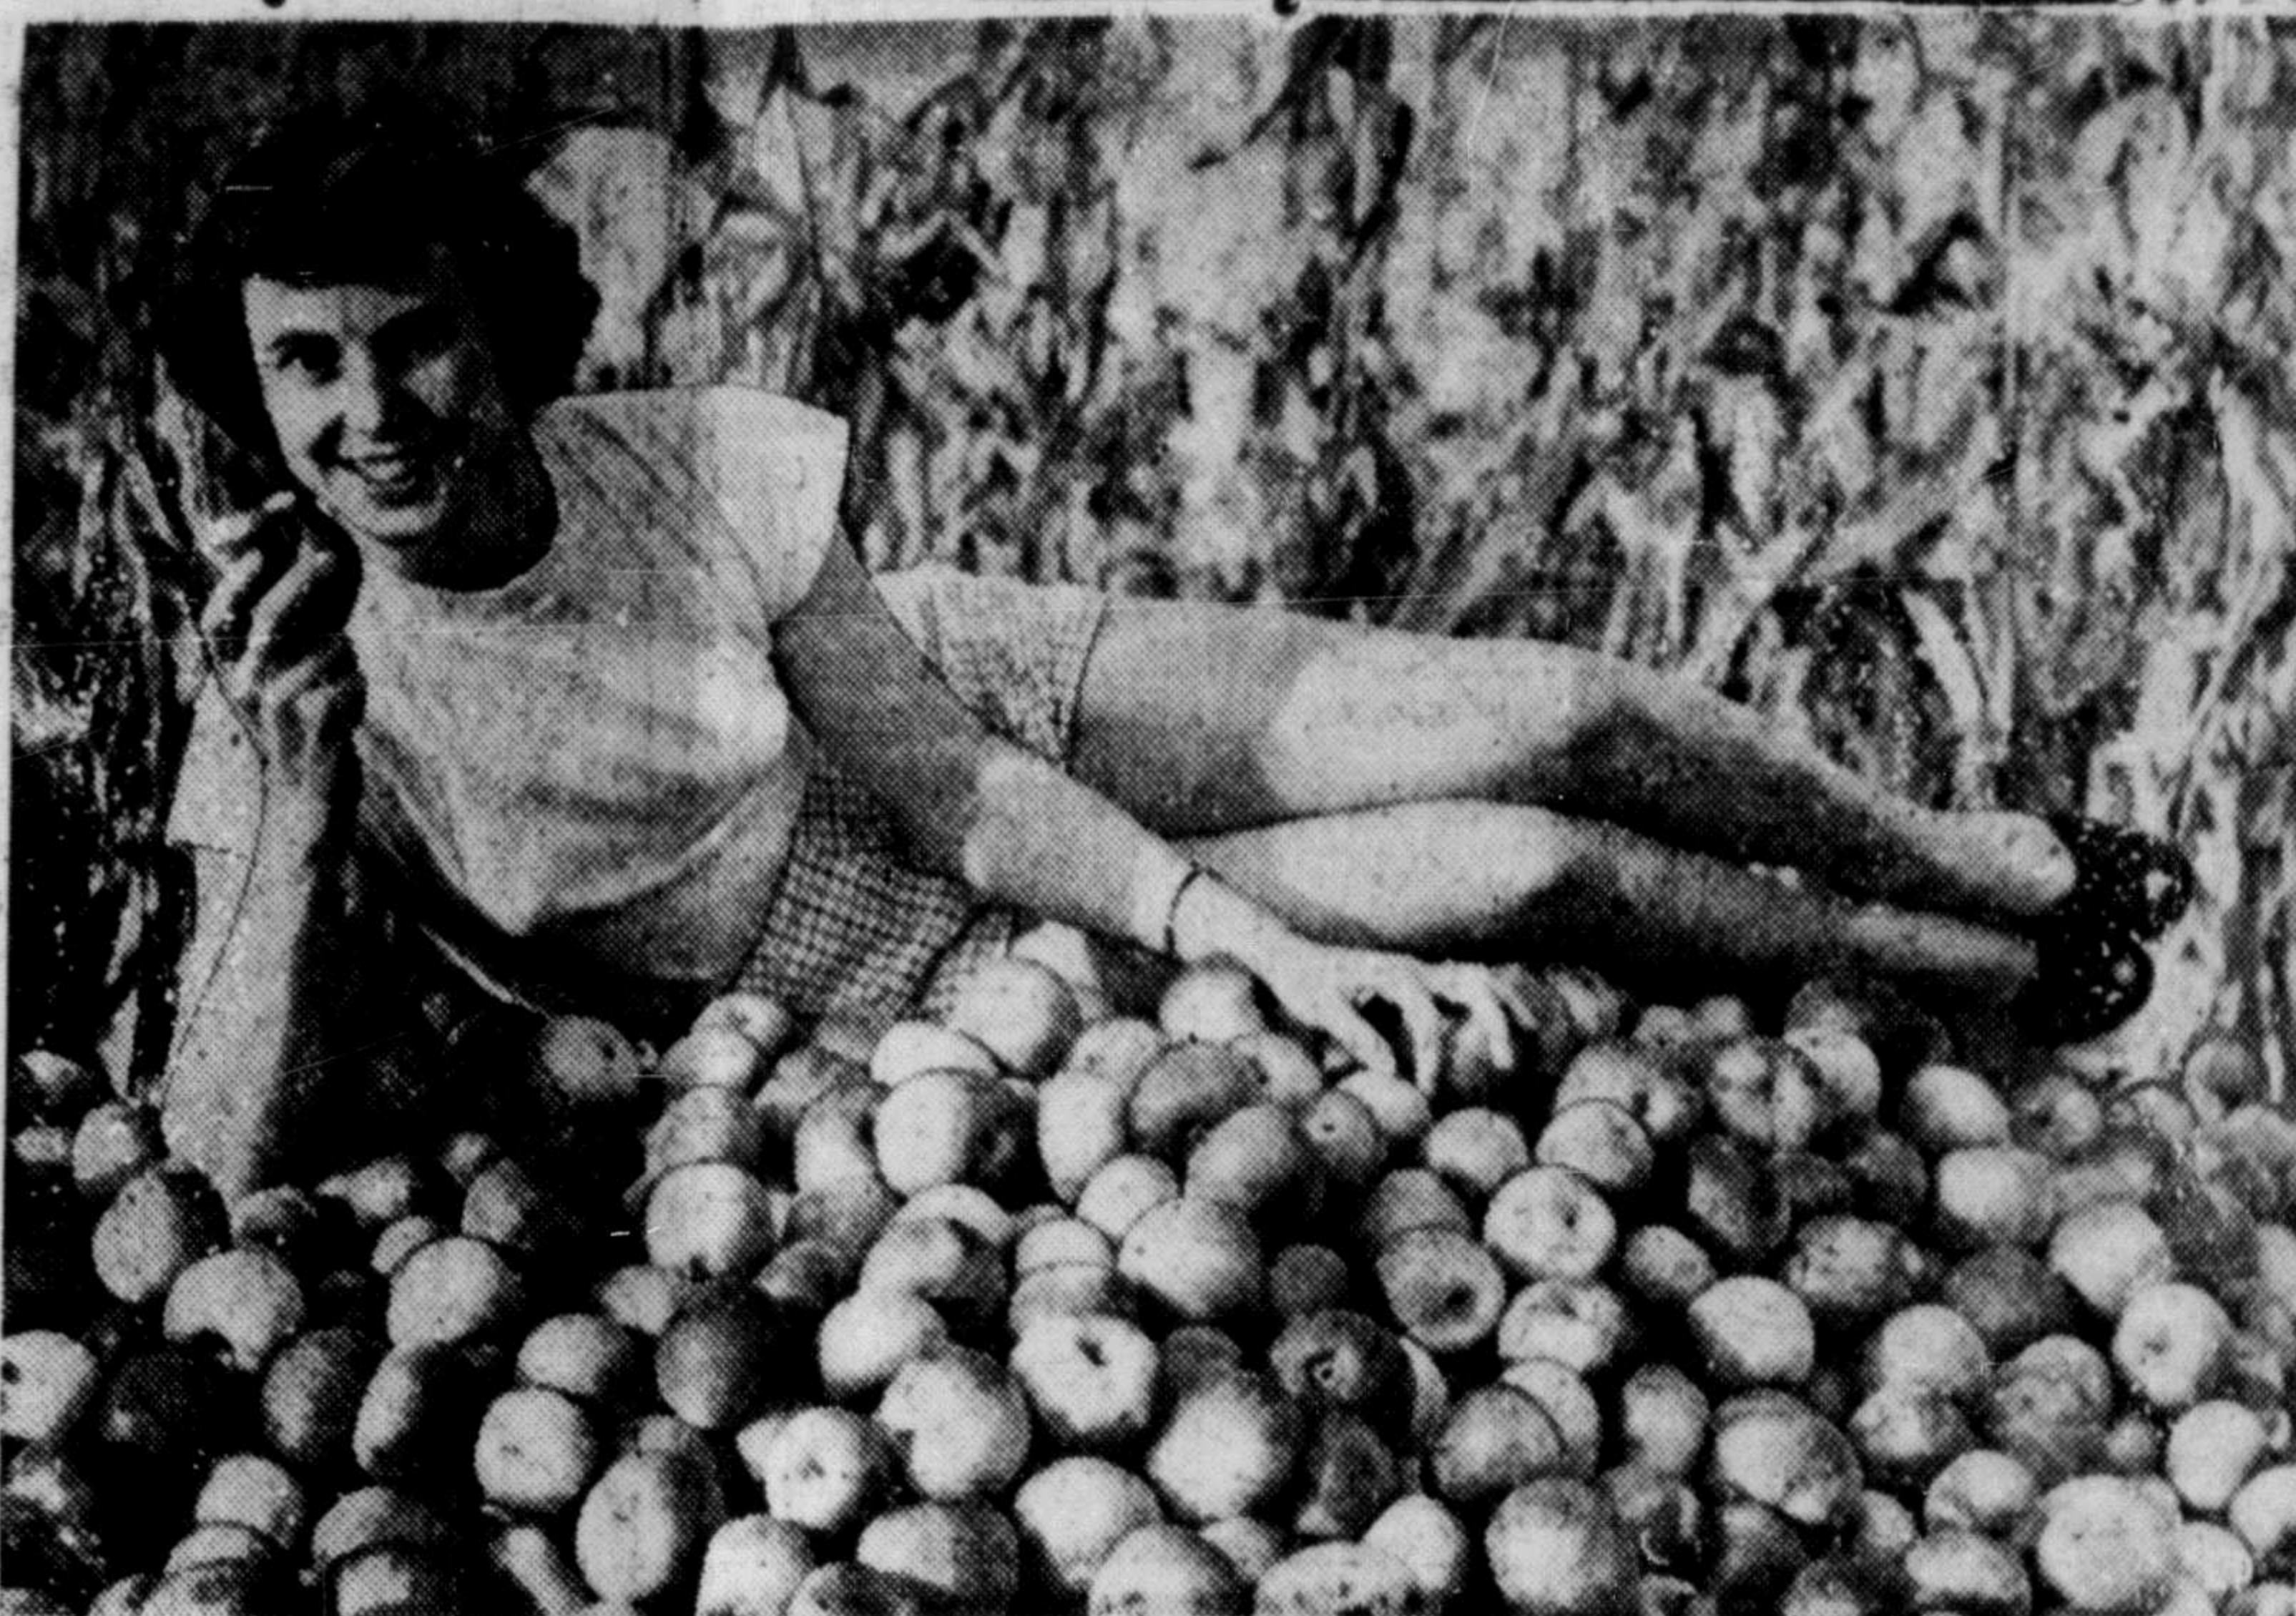

Board members intimated last night that they, too, will ask some revisions in the present contract, although no mention was made of a possible wage scale during brief discussion of the teachers' request.

The teachers' request was signed by R. G. Moore, chairman of the Association's salary committee.

## Ray Reflects . . . . . . and Reminisces

Sale of the Administration Building on First Avenue will be real news for the boss of the Crescent Shows.

Naming the new theatre in Prince Rupert "Totem" is a happy and original idea and certain to find a response among visitors and tourists. This is Canada. What is wanted is a touch of freshness and novelty—something in keeping with what is expected and not awkward and unwelcome attempts to remind them of the United States, or wherever they have just come from.

Suggestions to the general effect that jazz is going out, continue. Music, so called, is heard from stage and floor, from radio and gramophone, at all times and under varying circumstances. Its range is all the way from insufferable to passable. Jazz seems to have arrived about the end of the Victorian era, the commencement of the tango rage, and the dim shadows of approaching Great Wars. Since then, there has been no peace.

The old doctor had never refused a call, from rich or poor—but now he was tired. "Have you any money?" he asked a midnight caller. Certainly he had

money. "Then go to the new doctor. I'm too old a man to get out of bed for anybody who can pay for it."—Contributed.

The distance between Hope and Princeton, seen on a wall map, is barely an inch, but it has taken generations to complete the highway that, mid much retooling, was opened Wednesday. Prince Rupert's road building disappointments have been as nothing, contrasted with Hope-Princeton. Down there, they have been hoping and coaxing ever since the sixties. That's almost ninety years ago. It would seem, gentlemen, that the first century is indeed the hardest.

"Just a place to live. That's all." You heard it said quite often during the war. And it's being repeated today, in Prince Rupert. A man with a family on his hands looking for a house has a sizeable problem. And it's usually the kind that won't wait. If shelter were available for everyone in need of it, the local population would see some expansion.

The president of the Canadian Congress of Labor, A. R. Mosher, says the minimum cost of a plain empty little four-room house is eight thousand dollars. Ever look closely at a plain little room from which all the furniture, furnishings and do-dads had been removed. How the heck did that danged thing ever cost two thousand smackers?

Teachers in city schools who plan to leave the city for the Christmas holidays will be granted an extra day, either before or after the holidays to meet train and boat schedules, the School Board decided last night. The extra time they take off in this way will be without pay.

A WEEKLY INFORMATION SERVICE

MONTREAL, Nov. 3rd—Getting away from it all with your husband is a grand idea. But with a growing family, it's sometimes difficult to arrange, isn't it? Best way I know to make this dream of a "Second Honeymoon" come true is to begin saving for it now. Open a "Sunshine Account" at the BANK OF MONTREAL... to send the youngsters to camp... and to leave you and your husband "free and easy" to do what you like, go where you like! A little in your BoM "Sunshine Account" every payday during the coming months will give you the pleasant vacation you've had for many and many a moon!

High Praise and lots of it... for the gal who serves this Feather Spice Cake! Delicate, fine-textured, so moist and tender because it's made with SWANS DOWN CAKE FLOUR, the cake flour, you know, that's sifted again and again until 37 times as fine as ordinary flour.

1/2 cups sifted Swans Down Cake Flour  
1/2 teaspoon Calumet Baking Powder  
1/4 teaspoon salt  
1 teaspoon cinnamon  
1/2 teaspoon mace  
1/4 teaspoon cloves  
1/2 cup butter or other shortening  
1 cup sugar  
2 eggs, unbeaten  
1/3 cup molasses  
1 cup milk  
Sift flour once, measure, add baking powder, salt and spices. Sift 3 times. Cream butter, add sugar gradually; cream together until light and fluffy. Add eggs, one at a time, beating thoroughly after each. Add molasses and blend. Add milk, a little at a time, until smooth. Beat for 5 minutes, beating after each addition until smooth. Bake in two greased 8-inch layer pans in moderate oven (375 deg. F.) about 25 to 30 minutes.

My Idea Of A Mouth-Watering, Fall Weather Breakfast is a glass of fruit or tomato juice, a BIG bowlful of luscious "CREAM OF WHEAT" topped with brown sugar and cream... then a fried egg, bacon and rich, dark coffee. And the more I hear folks talk about food, the more convinced I am that this is also the most everyone's idea of a meal to start the day right. Doesn't take long to prepare, either! Delicious 5 Minute "Cream of Wheat" cooks to complete digestibility in just 5 Minutes of boiling! And it's so good... and so good for you! For 5 Minute "Cream of Wheat" contains Iron, Calcium and Phosphorus for diets deficient in these elements. Ask your grocer tomorrow for 5 Minute "Cream of Wheat" — such a popular breakfast habit!

"I Like Venetian Blinds," a reader writes, "but I had a terrible time cleaning them. A friend told me to try JOHNSON'S CREAM WAX! Now I clean them in a fraction of the time it used to take — and they stay clean so much longer!" Yes, with "Johnson's Cream Wax" Venetian blinds, furniture, woodwork, refrigerators — can be both cleaned and polished in a matter of minutes! Special cleansing ingredients in it remove dirt and stains when you apply it... and because it's a genuine wax in quick-drying formula, it puts a polish on things! What's more, it's non-oily, so it dries completely dry and dust particles can't cling!

Starry-Eyed — that's what you'll be when you see the brand-new FRIGIDAIRE ELECTRIC RANGE. Just imagine! The handsome cabinet is finished in gleaming white porcelain, with beautifully-designed chrome handles and a Lumine cooking top lamp. The top flows in one smooth, unbroken line from the top of the back panel, across the broad cooking surface, down over the switches. The Cook-Master Control cooks oven meals automatically while you're away — and its big dial doubles as a kitchen clock. Has Frigidaire's extra-big Even-Heat Oven, of course, and the famous Radiantube heating elements. Thermizer deep-well cooker element pops up instantly as an extra surface element. See your Frigidaire Dealer and admire this wonderful Frigidaire Electric Range.

There's A New "Star" in the "galaxy" of HEINZ JUNIOR FOODS! Heinz Junior Vegetables WITH FISH! Such a good idea from every point of view! You see, fish protein is truly valuable in the diet of a growing youngster. It's easily digested and the equivalent of beef in value to the blood! Tasting is believing how good it is... so taste for yourself the new Heinz Junior Vegetables containing white-fleshed sea fish! M-m-m!... delicious! Yes, this new Heinz "Friday Special" for Junior has everything! — nutritional value — taste appeal — and it gives him a really balanced dinner. Ask for this new Junior Food at your dealer's — and ask for Heinz Strained Baby Foods — so skillfully cooked to baby-ready digestibility!

"My Husband's Favourite Dessert," a reader writes, "is Blanc Manger. And — since I've begun using the Blanc Manger recipe in Jane Ashley's recipe folder — he boasts I make the best he's ever tasted!" You'll want to give your husband the treat of this excellent recipe, so here it is — courtesy of Jane Ashley of Canada Starch's Home Service Department! 1/2 cup sugar, 6 tspns. BENSON'S CORN STARCH, 1 1/2 tspns. vanilla. Mix sugar, Benson's Corn Starch and salt in top of double boiler. Gradually add milk, mixing until smooth. Place over boiling water and cook, stirring constantly, until mixture thickens. Cover and continue cooking 10 minutes longer, stirring occasionally. Remove from heat. Add vanilla; cool. Pour into moulds or serving dish and chill. Makes 6 to 8 servings. And, for eleven more delicious recipes and cooking tips, simply write to me — Barbara Brent, 1411 Crescent St., Montreal, P.Q. — for Jane Ashley's recipe folder featuring BENSON'S CORN STARCH!

Let's Face It! The cold-weather months are hard on your skin! So — for the very kindest skin-care you can give yourself — I recommend regular use of extra-mild WOODBURY FACIAL SOAP. It's the best beauty treatment I know for skins chapped and parched by winter winds! You'll never, never have "skin-burn" with this kitten-mild soap. Skin-burn is that roughened condition of skin robbed of its softening oils. You see, Woodbury Soap contains a skin-smoothing ingredient of fine face creams. It's actually made by skin specialists. So try a Woodbury Facial Cocktail every day: Massage the creamy lather thoroughly over your face to cleanse and soften. Then follow with two rinses — a warm and a cold — and pat dry.

## Sport Shots

Newfoundland sportsmen, an unknown quantity on what they themselves term the "mainland," may soon be showing their wares in competitions in Nova Scotia. Kevin (St. John's Evening Telegram) O'Neill reports a "rumor" that the St. John's senior hockey team will make a few flying visits to Sydney, N. S., this winter. "How they could compete with teams from that section," says O'Neill, "seems difficult to imagine. There isn't even the slightest suggestion the local boys will be taking their skates to the attic for at least several months but the Sydney team are in full swing on a 74-game schedule."

Baseball squads from the Old Colony also may show their stuff before long in Nova Scotia. There have been rumors that a Newfoundland outfit will seek games—perhaps even affiliation—in the Antigonish-Pictou-Colchester league next season. So far, however, there is nothing definite.

## MEN'S BOWLING BATTLE CLOSE

An exhibition of top notch bowling was displayed by Brownwoods on Monday as they won four from D & S to advance into first place in the Men's Five Pin League, two points ahead of Manson's who will play Friday evening.

Ed Musselmen of Brownwoods again was high single Men's player with 345. Ed's three-game total of 731 was short, however of his team-mate, R. Tubb, who had three games of 233, 306 and 295 for 834. The high single and three game total scores incidentally are high for the season thus far.

Other games saw Mallets win four points from Watson Island Stages, Cold Storage three points from Stone's, Thom Sheet Metal three points from C. P. A., Blains three points from Triple C's, and Scotians three points from Grand Cafe.

## TEACHERS ASK BETTER FARES

Would Have Travel Concessions to Conventions

At the regular monthly meeting of the Prince Rupert and District Teachers' Association, President F. R. Wright reported on a meeting which he and Peter Adlem had with G. A. Rushon, traffic manager for the Union Steamship Company, to ascertain the feeling of the transportation companies operating out of Prince Rupert with regard to a reduction in fare on boat travel for teachers on holidays or attending conventions. It has been the policy of the railways in the past to grant a fare reduction to teachers travelling by train and it was felt by the Prince Rupert Teachers' Association that they should initiate a movement toward having the same concession apply to boat travel. Mr. Wright reported that Mr. Rushon expressed pleasure at having met with representatives of the Prince Rupert Teachers' Association.

Northern Geographical Representative R. D. Cleland, reported on the regular quarterly meeting of the provincial executive of the B. C. Teachers' Federation which he attended in Vancouver in September. Mr. Cleland indicated that it was unlikely that the teachers would be asked for an additional amount this year to help the plight of a number of teachers not covered by the pension scheme. Last term Prince Rupert and District Teachers' Association, together with other teachers throughout the province, voluntarily levied themselves a fee paid in three monthly instalments to aid their fellow retired pedagogues in dire circumstances. Teachers in the Prince Rupert area subscribed to this project one hundred percent.

Resolutions concerning teachers, heard at the Union of B. C. Municipalities meeting held recently were also reported by the Geographical Representative.

Mr. Cleland stated that a committee consisting of representatives of the U.B.C.M. and B.C.T.F. were working together on finding a suitable solution to educational finance.

A. M. Hurst, convention committee chairman, reported to the teachers that there is a possibility of holding a dinner meeting with a Department of Education speaker in attendance. Mr. Hurst suggested that sectional meetings of the various groups could precede the dinner.

Miss E. Cavalier gave an auditor's report to the gathering, and Mr. Hurst was re-affirmed in the position he has held for the past two years, that of the teachers' Wright and R. D. Cleland.

ALMOST A CABINET MEETING AT YOUNG LIBERAL CONVENTION—Top government officials gathered in Montreal to speak at the Young Liberals convention of representatives from all over Canada. Left to right: Hon. Brooke Claxton, minister of national defence; Finance Minister Douglas Abbott; Solicitor-General Hughes Lapointe; C. A. Durand, national president of Young Liberals; Mrs. Louis St. Laurent and Prime Minister St. Laurent.

RIGHT ADDRESS—There is one family in London, Ont., living officially on Easy Street. Shown are Mrs. Floyd Osborne and her two young daughters landscaping their new home in a veterans' sub-division. The family was the first to build on an unnamed thoroughfare and the final result was so attractive, Mrs. Osborne named it Easy Street. (CP Photo)

representative on the Board of Directors of the Civic Centre.

R. D. Cleland stated that meetings of the Northern B. C. District Council were to be held November 2 and 3 in Prince Rupert. Attending the meeting from Ocean Falls District is J. G. Moore. H. Noakes represents Terrace District while Prince Rupert District is represented by F. R. Wright and R. D. Cleland.

## NEWLYWED GYRO RECEIVES GIFT

A pair of handsome table lamps were the gift of the Prince Rupert Gyro Club last night to Robert (Joe) McKay when members numbering upward of thirty gathered at a stag party at the home of W. M. Watts to celebrate the occasion of the honored guest's recent marriage to Miss Leah Basso-Bert. Mr. McKay prior to his marriage, was the last remaining bachelor member of the club. The presentation was made to Mr. McKay with suitable expression of sentiments by President Maurice Brydges and the recipient replied appreciatively.

Prior to the stag party the members gathered at the Prince Rupert Club and proceeded to the Civic Centre for dinner.

A new Gyro member was welcomed in the person of Dr. L. M. Greene.

## MEASLES HIT CITY SCHOOLS

A measles epidemic, which swept city schools last month sent attendance records plummeting. Elementary principals reported to last night's School Board meeting. However, enrolment in the four public schools showed a slight increase over September.

Percentage of attendance in the three elementary schools generally in the 90's, dropped to 82 at King Edward, 79 at Conrad Street and 78 at Borden Street because of the widespread measles epidemic.

Booth Memorial High School, with an enrolment of 460, had a percentage attendance of 90. Few of the students at this school were stricken with measles.

Registered enrolment in the city's four public schools increased to 1,263 in October from 1,261 in September.

Enrolment at King Edward last month was 313. Principal R. G. Moore reported. At Conrad Street, the enrolment was 252 and at Borden Street, the enrolment was 238.

Only rural school report received by the Board was from Port Essington, where 49 pupils are enrolled.

The Indian summer weather that delighted Prince Rupert Tuesday and Wednesday night continued through to this morning and appeared to be pretty general over most of the province. **"ROPE OF SAND"  
IS EXCITING**

**Suspense-Packed Adventure  
In Rugged Diamond Country**

Adventure on a rugged and suspenseful scale comes with the presentation of "Rope of Sand," which arrives today at the Capitol Theatre. The film co-stars Burt Lancaster, Paul Henreid, Claude Rains and Peter Lorre and introduces the luscious Parisienne, Corinne Calvet. The distinguished character actor, Sam Jaffe, has the top featured role. "Rope of Sand" is set in the diamond country of South Africa. The story concerns the determined efforts of Lancaster, former hunting guide, to recover a cache of stolen diamonds, hidden in the forbidden area of the diamond city. Henreid, who will be seen as the viciously cruel supervisor of the city, not only wants to get those jewels, but wants to get Lancaster, as well. Sworn enemies, the two men are additionally antagonistic because of their mutual attraction to Miss Calvet. She has been hired by Rains, large stockholder in the mines, to try to find out from Lancaster the location of the diamonds. The intrigue set in motion by these conflicting forces and the rugged, tight-to-the-death action is said to pack "Rope of Sand" with thrills aplenty.
