Housing Plan Imperative

None can gainsay the fact that there is a shortage of housing accommodation at this present time.

Now it is obvious the Celanese plant is rapidly going ahead with its construction programme and that early next year it will probably be in actual operation with permanent staffs of management and workers. All of these will require permanent housing.

In the granting of the timber management licences to the company it was mutually agreed, or so we all understood, between the government and the company that no company townsite would be created at the plant but that with a few exceptions the employees would reside in the City of Prince Rupert where the facilities of community life are already available.

But unless housing accommodation is available in the city there can hardly be justifiable objection if those employees of this great industry reside outside the city limits.

Hence it follows there is a responsibility upon the City Council to embark upon some programme of housing to meet the impact of the demand for accommodation. For private capital is unlikely to embark on housing to the extent required.

Fortunately for this city, the Provincial Government, following conferences with the Dominion Government has submitted a plan for housing projects in the cities of British Columbia. The first step required from cities was a survey and a plan of their housing needs.

The City must undoubtedly have completed this preliminary work. It is imperative that no time be lost in working out the full plan for a large housing project, so necessary for immediate needs, and even more necessary if Prince Rupert is to derive the benefit of the purchasing power of the permanent employees who will be demanding accommodation next spring.

The Chamber of Commerce is to be congratulated on being alert to the situation and for its energetic and sympathetic cooperation with the City Council and J. McRae, M.L.A., in finding an immediate solution to this pressing problem of housing.

But the time for civic action is right now if we are to avoid the charge later on of doing too little and too late.

Train Accident Worst In India

CALCUTTA, India — A crack Punjab mail train plunged 50 feet from a bridge in Bihar state yesterday. Officials said 71 dead and 78 injured were counted. Abdul Ansari, Bihar's Relief Minister, who was aboard, said the final death toll would exceed 100.

It is the worst railway smash up in Indian history and officials immediately charged sabotage. They said dozens of bolts have been removed from the fishplates holding the rails on the bridge. This caused the train to jump the track and dive off the bridge. They said a similar attempt was made at the same spot just a month ago.

Spanish Galleon Believed Found

London—Excitement developed at Tobermory, on the west coast of Scotland, Sunday. The ancient hulk reported more than a month ago on the floor of Tobermory Bay is believed to be whatever may be left of the Spanish galleon *Florentia*, sunk in the year 1588. Two silver medallions have been brought up. As one of the invading fleet known as the Spanish Armada, defeated by Sir Francis Drake and other British naval leaders, she fled north, reputed to have not less than 30 million ducats on board. If any of the treasure is left, the owner would be the Duke of Argyle, for he is a large land owner here. Naval authorities had been engaged in examining the sea bottom, and they have at last made the statement that in their judgment, the old craft is the *Florentia*. They have no contract to search the wreckage. Their job was to locate it. This, they believe, has been accomplished.

Winners Number 29 In Alaska Ice Pool

NENANA, Alaska — With a muffled crunch drowned by the roar of hundreds lining the banks, a chunk of ice broke loose in the Tanana River at 4:14 p.m. Saturday. The exact minute meant riches for 29 individuals and groups in the record \$227,000 Nenana ice pool. Winners will divide \$175,000. The total was announced in the new community building, partly financed by ice pool funds. Each winning ticket was worth about \$6,000.

Majority Report Favors Pensions

WINDSOR — Company-paid retirement pensions of \$55 a month for employees of Chrysler Corporation of Canada Limited were recommended yesterday in the majority report of a conciliation board dealing with a contract dispute between the company and local 195, United Automobile Workers (C.I.O.). The majority report was signed by Judge Harold E. Fuller of Welland, chairman of the conciliation board, and Drummond Wren of Toronto, union nominee. A minority report by the company nominee, Charles W. Donaldson of Windsor, dissents.

Canadiens Take Memorial Cup

MONTREAL — Billy Goulet led Montreal Canadiens to the Memorial Cup Saturday night with a dazzling three goal performance, as the Montrealers trounced Regina Pats 6-3 to capture the Canadian junior hockey championship in five games.

For the Rights of Women

East and West meet in the fight for women's rights as Judge Dorothy Kenyon (left), former U. S. representative on the United Nations Commission on the Status of Women, and Mrs. Lakshmi Menon of India (center), Chief of the U.N. Section on the Status of Women, greet Mrs. Ruth Tomlinson, President of the British National Federation of Business and Professional Women's Clubs. Occasion was a luncheon given in New York in the latter's honor when she arrived at U.N. Headquarters, where she will attend the fourth session of the U.N. Commission on the Status of Women.

Ray Reflects . . . and Reminisces

Prolonged floods in Manitoba and prolonged droughts in other parts of the west are enough to give a man the "willies" think some of the farmers. And if one didn't have a heart he might think of saying, or writing something about the dust.

We like to sometimes fancy ourselves as pioneers. Yet, there were others. Predecessors of the Mounties who will take over B. C. this summer qualified. They marched from Manitoba to the Bow River in 1874. Seventy-six years ago. Most of us were not born that long ago.

Winnipeg Papers Go Like Hot Cakes

During the war, and since, many hundreds of new residents in Prince Rupert included people from the prairie provinces. Of these, a good many had lived in Winnipeg and in other parts of Manitoba, and some are still in this city. If they cannot be exactly classed as ex-dwellers in Winnipeg, they have relatives or friends there, and are following with exceedingly sharp interest, the day to day flood developments.

Yesterday, there came a bundle of Winnipeg newspapers. There are here, of course, private subscribers; but so far as one local news stand goes, the copies went fast. Stacked on the counter, the papers were snapped up in record time.

Spring Late-And Seeding

WINNIPEG — While spring seeding has commenced at scattered points in the prairie provinces, it will not become general until May 10 or 15, and then only if warmer weather occurs, according to the weekly crop report of the department of agriculture of the Canadian National Railways. In comparison with last year, the crop will go in from one to three weeks late this season. Moisture conditions are quite variable.

Estimates of change in acreage of wheat and coarse grains are difficult to appraise accurately. Some areas indicate a wheat reduction of 5 to 10 per cent due to the late season, with the possibility of coarse grains being increased somewhat. Close to 200,000 acres in the Red River valley are under water at the present time. Farmers have been urged by the Dominion Department of Agriculture to reduce wheat planting by 3,000,000 acres, but indications are that the overall wheat acreage may approximate that of last year when nearly 26½ million acres were sown.

In the Okanagan, extremely

cold weather in January and February caused considerable damage, especially to apricots and peaches. Estimated yield of these fruits may not be more than 20 per cent yields anticipated. Damage to plums, prunes, apples and pears is thought to be slight and normal yields may result.

THE SOURCE OF top management

Here is a typical bank manager—43, married, with a growing family. He is active in community affairs. When he joined the bank as a junior, he was 17, just out of high school. He soon moved up. By his late twenties he was accountant in his branch.

He worked hard. All the time he was learning about banking, about Canada, too, in various branches, different areas . . . learning to know people—their hopes, fears, problems—the importance of the human factor.

At 36 he was branch manager. Now he has another, larger branch. And his way to advancement is still open. His general manager started as a junior, too . . . and carried with him to the top the business experience and human understanding gained along the way.

CHELSEA BUN LOAF

Make 3 pans of buns from this one recipe— dough will keep in refrigerator for a week.

Scald 3/4 c. milk, 1/4 c. granulated sugar, 1/2 tsp. salt and 1/2 c. shortening; cool to lukewarm. Meanwhile, measure into a large bowl 1/2 c. lukewarm water, 1 tsp. granulated sugar; stir until sugar is dissolved. Sprinkle with 1 envelope Fleischmann's Royal Fast Rising Dry Yeast. Let stand 10 mins., THEN stir well. Add cooled milk mixture and stir in 1 well-beaten egg. Stir in 2 c. once-sifted bread flour; beat until smooth. Work in 2 1/2 c. once-sifted bread flour, knead on lightly-floured board until smooth and elastic. Cut off 1/2 of dough; knead into a smooth ball, place in greased bowl, grease top of dough, cover and store in refrigerator until wanted. Shape remaining 1/2 of dough into a smooth ball, place in greased bowl and grease top. Cover and set in warm place, free from draught. Let rise until doubled in bulk. Cream 1 tb. butter or margarine and blend in 1/2 c. brown sugar (highly pressed down), 1/2 tsp. ground cinnamon and 1 tb. corn syrup; spread about 1/2 of this mixture in bottom of a greased loaf pan (4 1/2" x 8 1/2") and sprinkle with pecan halves. Punch down risen dough and roll out into an 8" square; loosen dough. Spread with remaining sugar mixture and sprinkle with 1/2 c. raisins. Loosely roll up like a jelly roll. Cut roll into 6 slices. Place in prepared pan. Grease tops. Cover and let rise until doubled in bulk. Bake in moderate oven, 350°, 25-30 mins. Let stand in pan for 5 mins. before turning out.

Miss Oden In Lovely Ceremony

A pretty wedding of wide interest was held Friday evening when Evelyn E. Oden exchanged vows with George C. Wilson. It was the first wedding for the Regular Baptist church and the first wedding for Rev. Leonard Thorpe. Evelyn, who was born and has lived her life in Prince Rupert, was lovely in a beautiful baby blue floor length gown of all over lace organza with low neckline, wide collar of self material and wide taffeta sash caught in a large bow at the back. She wore a waist length veil with matching coronet; for the something old she chose an Alaskan ivory bracelet that her fraternal grandmother sent her from Alaska when she was six years old; something borrowed was a four strand string of pearls lent her by Annette Mansell. She carried a bouquet of American beauty roses with lily of the valley.

Her bridesmaid was her twin sister, Elvina, who looked lovely in a floor-length gown of pink starched net with a broad bodice and sweetheart neckline with a shoulder-length veil and matching net coronet. Elvina carried a nosegay of mixed spring flowers. She also wore a bracelet that matched the bride's. The matron of honor Barbara Wilson, also chose pink. Hers was a ribbon taffeta, floor-length, set with net at the neckline and a fetching peplum at the waist. She also carried a nosegay of spring flowers.

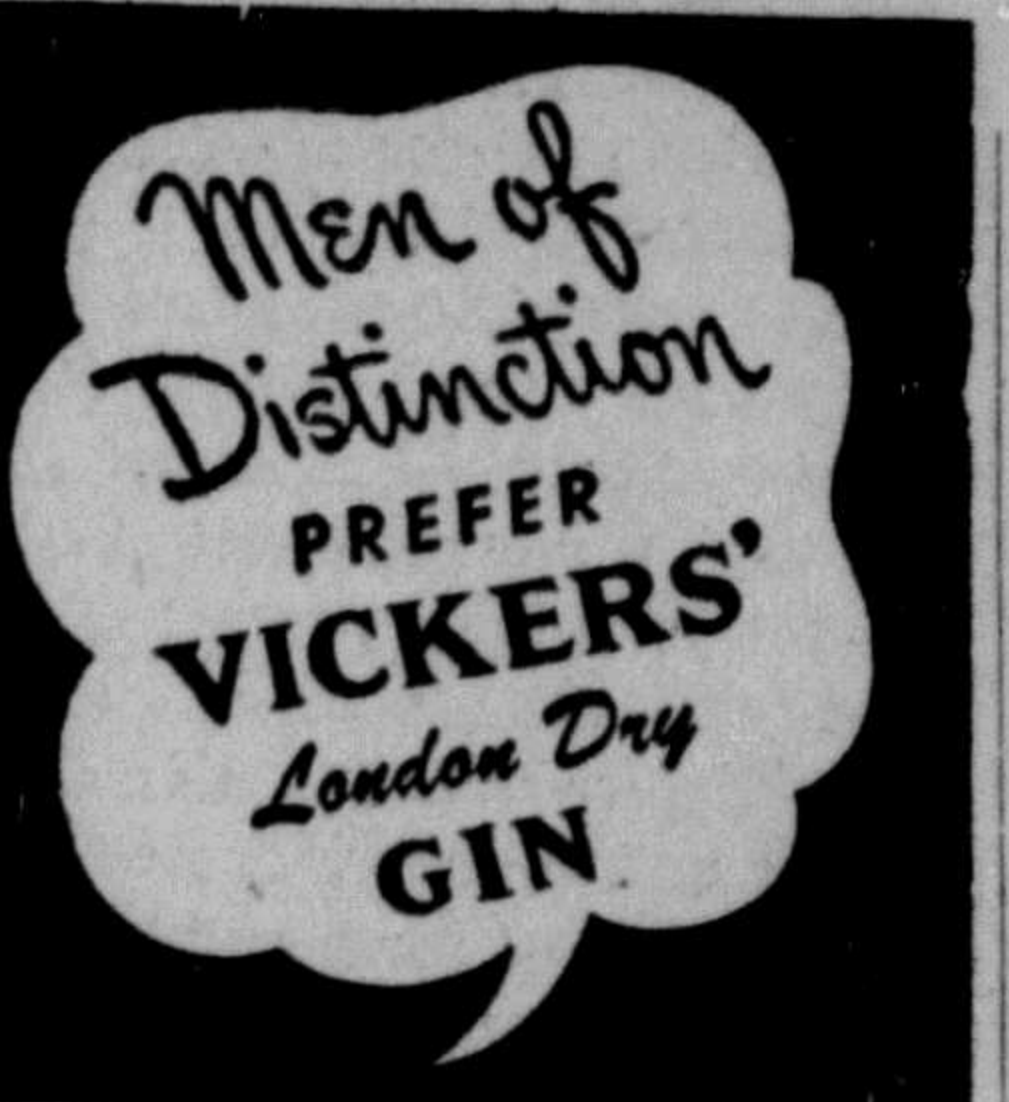

Ushers were Ralph Wick and Sam Jehnze.
The church was beautifully decorated with spring flowers. The bride entered to the strains of "Here Comes the Bride," played by Mrs. Sam Jehnze, to the arm of her stepfather who gave her in marriage. She retired to music of "Because."

The reception was held at the home of the bride's parents, Ninth Avenue East, where over 75 guests gathered to give their best wishes to the happy couple. The bride's mother received the guests attired in an ankle-length gown of silver grey crepe with lace bodice. It was softly pleated at the waistline with full skirt and matching accessories. Her corsage was of pink carnations. Pastor Thorpe gave a toast to the bride in a few well chosen words. Elvina Oden gave a toast to the groom.
Little Sylvia Cherry entertained the guests with dance numbers. A buffet supper was served on an attractively decorated table with spring flowers and pink

BOUQUET FOR MOTHER'S DAY; WHY NOT GIVE HER A MEAL?

Daughter could give no better gift on Mother's Day than an invitation to sit down at her own table and enjoy a meal which she has neither planned nor cooked. If daughter's enthusiasm is not equalled by her experience mother will not mind. Cookery has become an exact science and it is comparatively easy to learn the rules and principles of cooking different foods, then follow them exactly in every detail. If daughter has been fortunate enough to study home economics in school she will have her own recipes but may need a few pointers on meal planning.

Home economists suggest a menu for Mother's Day which would be easily served by the novice but would give mother a break even if she had to prepare it herself.
Mother's Day Dinner Menu
Fruit Juice Cocktail
Chicken Marengo
Asparagus Parsley Potatoes
Mixed Green Salad
Hot Rolls
Rhubarb Sundae
Cookies Milk
Tea
The cocktail may come straight from the can or be a combination of several juices but must be well chilled. This may be served in the living room or at the table with an accompaniment of crisp crackers.
The meat courses is always a problem for the beginner and usually takes the longest time to cook. "Chicken Marengo" requires two hours cooking but in that time the fowl which goes

into the pot comes out to be served as "chicken". It is easy to prepare and can't go wrong if the instructions are followed implicitly.
Asparagus is the vegetable for May. Parsley, potatoes sound so much more elegant than plain boiled and a little butter and finely minced parsley will work the magic.
The green salad will be lettuce, fresh and crisp, with a favorite dressing.
For dessert, a simple rhubarb sauce transforms plain ice cream from the corner store into an elegant sundae to top off this special meal.

It seems logical that Alex (Halifax-Chronicle-Herald) Nickerson should think of attics at house-cleaning time. But the real purpose behind his mental trip to the dark corners was to find out "how many trophies are lost in storerooms?" "He never did answer the question, but it appears that there are numerous famous but forgotten sport mugs covered by dust and unclaimed.

"Only a few years ago, Moncton sportsmen unearthed the famous Starr Trophy — which back in 1897—was accepted as emblematic of the Maritime Senior Hockey Championship and became a permanent property of Moncton Victorias in 1909," says

Nick. This \$1,000 piece of silver-wear now is the trophy presented by the Maritime Amateur Hockey Association to the Maritime Senior title winners.

"Even older than the Starr Trophy," recalls Nick, "is the Larsen Trophy, first presented to the Halifax Commercial League in 1895. Only recently it turned up in a storeroom after being 'lost' for a quarter of a century."

"There must be hundreds of equally-valuable trophies gathering dust in some forgotten storeroom. Even a casual search would probably uncover cups and shields, once as important as the trophies of today, which have been 'lost' for 30 and more years."

Reorganization Of Softball Planned

Softball enthusiasts will be out again at the Gyro Ball Park this year after a year's lay-off from this popular game. Twice a week league fixtures are planned and sport fans will see plenty of action if past seasons give any indication of the calibre of ball to be played.

Civic Centre playground director Keith Maitman will be on hand for the organization meeting to be held this coming Saturday evening and entries are called for in three divisions; Senior, Junior and Ladies.

It is planned to play two 7-inning games each league night,—a junior or ladies league preliminary with the main event at 8 p.m. In former years there has been keen competition between Booth School, General Motors, CNRA, Co-op and Gordon & Anderson. It is hoped to have entries from some of these teams and from others interested in the game.

STOPPED THIS ONE—Goalie Russ Dertell deflects Don Rope's shot past the Calgary goal in the dying minutes of the second Allan Cup game at Calgary May 3. Winger John McLellan of Toronto Marlboros waves beside the goal apparently thinking the puck (level with Dertell's right shoulder) is on the way into the net. That's Calgary defenceman Julian Sawchuk sprawled beside McLellan with centre Doug Cairns in the background and defenceman Jack Taggart of Calgary checking Rope. Stampeders won 5-4 to even the games at 1-1 in the best-of-seven series. (CP Photo)

Mill Rate Remains Same Expect Higher Revenue

Although it is going to cost nearly \$5,000 more to run the city this year, due to the increase in value of the mill, the mill rate will remain at 60. The civic budget this year will call for a record \$305,826.97 as compared to \$300,939.63 in 1949. The high 60 mill budget was introduced last year. The budget was handed down by the finance committee last night and approved by city council.

The budget, submitted by Alderman T. E. Black, chairman of the finance committee received its first reading as a rate by-law without dissent.

"In all cases, we have endeavoured to hold down expenditures in all departments," said Mr. Black in presenting the

Following is the 1950 rate structure followed by 1949 for comparative purposes:

	1950	
School Purposes	23.871	\$123,735.32
Debenture Purposes	12.792	\$ 66,308.93
General Purposes	22.337	\$115,782.72
(Roosevelt Park Improvements designated one mill is included in General Purposes).		
	60	\$305,826.97
	1949	
School Purposes	25.03	\$125,536.92
Debenture Purposes	12.65	\$ 63,454.65
General Purposes	21.32	\$106,932.37
Roosevelt Park	1.00	\$ 5,015.69
	60	\$300,939.93

The school rate, increased last year, was brought down for 1950 from 25.03 mills to 23.871. This year only \$123,735.32 was allowed for school purposes as compared to \$125,536.92 last year.

The general rate was decreased slightly by .142 from 12.65 in 1949 to 12.792 this year. This year, the Roosevelt Park mill was included in the general purposes mill allowance of 22.337. In 1949, the general purposes mill rate including the Roosevelt Park allowance was 22.32, slightly higher than this year.

Golden Trophy For Best Boxer

A magnificent gold plated trophy, measuring 23 3/4 inches in height and 11 1/2 in diameter is to be presented to some lucky young pugilist in the Civic Centre Friday night. The event will be the Northern Sports Boxing Club amateur boxing tournament when about 20 matches by boxers ranging from 90 to 220 pounds meet in the squared circle.

The trophy is sponsored by Norm Applin, trainer, and is awarded to the best all around boxer. But in order to retain the trophy permanently, the boxer is obliged to hold the title for three succeeding years. You can bet there will be a lot of keen competition.

In addition, the club is offering eight cups and seven other trophies sponsored by local business concerns. These prizes will be permanent keepsakes.

Friday night's card should prove exciting. Benny Windle will be in the ring as referee. Names of judges have not yet been announced.

The dark haired beauty Miss Joyce Tattersal, Miss Northern B.C. for 1950, will present the cups and trophies to individual winners.

This month at Second Avenue and Sixth Street, the club opens a new and larger gym with up-to-date facilities and equipment. The present club, which now can handle up to 100 members, will be able to take on about 300 at the new premises.

WELFARE GROUP TO MEET AT VANCOUVER

More than a thousand social workers and interested citizens from all parts of Canada as well as American visitors, will attend the Welfare Conference in Vancouver June 11-17. The many speakers will include Dr. G. Gordon Brown of Toronto, a noted authority on the native Indian, and E. L. Coughlin of Prince Rupert. He will speak on the same subject. The treatment of offenders will also have a place on the conference program.

Prince Rupert Boy Married in States

Wedding of Prince Rupert Born Boy in United States Capital

The marriage took place in Washington, D.C., on April 22, of Carolyn Frances Howard, daughter of Mr. and Mrs. William J. Howard of Washington, to James M. Valentine, son of the late Mr. and Mrs. Ernest N. Valentine of Prince Rupert.

Following the ceremony, the couple left by plane for a month's honeymoon in the Caribbean and South America. On their return they will reside at 1236 Astor Street, Chicago, Ill.

The bride has been active in television circles, and until her marriage held an executive position with American Broadcasting Company in Chicago and Los Angeles.

The groom was born in Prince Rupert, and attended school here. He is at present supervisor of television engineering for the central division of American Broadcasting Company, with headquarters in Chicago.

Spring Beginning to Waken—Planning For May 24

There are no signs of growth on the trees but the grass is slightly green and there will soon be a little picking for stock. There is still snow on the land back from the lake although the lake surroundings are clear.

At a special P.-T. A. meeting on Wednesday afternoon further plans were made for the children's sports on May 24. The crowning of the Queen will be in the afternoon. She will arrive in a decorated chariot with her maids in waiting, and will be attended by a crown bearer, flower girls and a guard of honor.

Lee Cooper saw two coyotes near his sheep. They were chasing a deer. He shot one of them.

The J. A. Walker family have moved into the cottage near the Corliss Repair Shop. The Bob Brooks family are now living in the cottage beside the road which the forestry has every summer.

Mrs. Warkup Gilgan and small Tommy are visiting with the Sam Shaffer family.

Neill Kelly and J. Stretch have recently shipped a carload of baled hay to Crescent Spur.

Although light cars are still crossing on the ice it now looks gray and soggy. On Sunday morning a light sleigh loaded with a ton of fertilizer and a drum of gasoline crashed through the ice about twenty yards from the landing. It was impossible to get the fertilizer up as it was in paper sacks but rope was put round the gas drum and it was brought up safely.

Stewart Canal Gold Optioned

STEWART-Stewart Canal Gold Mines (the John Haahki property) has just been optioned to Vancouver interests and we are reliably informed work will commence about June 1.

by Owen McFadden who arrived a week ago. Engineer for the new interests is expected to arrive here in the near future. This is very cheering news indicating that interest is still being directed at the Portland Canal and that the potentialities of the district as a producer of precious metals, is still recognized.

NARROW ESCAPE—The four occupants of this house escaped severe injury when the five-room bungalow on Calgary's North Hill was demolished in a plane crash. Jack Harper, 22-year-old pilot of the twin-engine Cessna, was instantly killed. Police said they were told by witnesses that Harper, a salesman for an aviation company, had been drinking before he took one of his company's planes on the night-time rooftop-hopping flight. Shown in the background centre is the last remaining wall of the house of Marshall McDougall, a police station switchboard operator. The debris in the foreground includes both the plane and the house. (CP Photo)

What City Council Did

Granted the Rotary Club of Prince Rupert the right to construct three public tennis courts and allow space to erect a clubhouse on the corner of McBride Street and Sixth Avenue West. The plans at present, the club stated in a letter before council, call for asphalt courts at an estimated cost of \$7500.

Granted Auditors Crehan, Meredith and Co. of Vancouver a \$200 increase in fee for 1950. The firm recently completed the 1949 financial statement for the city.

Filed a letter from the Booth Memorial High School council which asked that council buy advertising space in their forthcoming high school annual.

Granted City Engineer Don Stewart leave of absence from May 19 to 24 and his annual vacation from May 24 to June 7.

Granted the Capitol Theatre until May 15 to clear away the earth pile and existing board walk on Third Avenue. If nothing is done by the management at that time, the city will proceed to do the work.

Approved a finance committee recommendation that \$75 be granted to W. R. Long as part payment of expenses, provided he is able to attend the Municipal Officer's conference in Victoria next month.

Approved a finance committee recommendation that lot 25, block 8, section 7 be sold to Robert McKay, Jr., for \$200 and that it be recommended to the zoning committee that this lot be re-zoned for minimum commercial purposes.

Heard a Finance committee report of the following property sales:

- lots 5 and 6, block 28, section 2 to F. H. Lee for \$150.
- lots 29 and east half of lot 28, block 6, section 7 to James S. Linklater for \$150.
- east half of lot 36, block 14, section 5 to Walter and Helen Lahti for \$240.
- lot 4, block 29, section 1 to Edward and Daisy E. Sheppard for \$150.
- lots 13 and 14, block 13, section 2 to Allan Morgan for \$150.
- lots 1 and 2, block 9, section 1 to C. E. and M. H. Love for \$925.

The latter three are subject to ex-servicemen's rebate.

Granted a Health, social assistance, police and licensing committee recommendation for the issuance of trade licenses to:

- Columbia Paper Co. Ltd.—agency.
- Norman Applin—recreation center.
- Lawrence Malella—taxi operator.
- Joe Centro—taxi operator.

Finally adopted the Land Sale by-law No. 1125.

Program On Silver Tip

STEWART—That the program of development, as outlined by Dr. J. T. Mandy, consulting engineer of the Silver Tip Mine, will be carried out this summer is the word received from W. R. Tooth, who returned recently from a brief trip to Vancouver and Victoria. Mr. Tooth is local representative of the company and is very optimistic of the future of the property.

GOOD NEIGHBOUR POLICY

Hanging out my laundry I noticed that Mrs. Layton's, next door, was whiter. I couldn't help asking her why. 'Reckitt's Blue keeps out that yellow tinge', she said. 'Just swish it through the final rinse. You can only obtain pure white with blue, and you don't take chances with anything that may damage fabric.' That's what I call good neighbourliness and good advice. It's Reckitt's Blue for me from now on, particularly as it costs so little.
