Tobemory Bay May Hold Fabulous Treasure In Doubloons, Plate, Gems

TOBEMORY, Island of Mull, Scotland — Excitement has raged little Scottish island today as the Royal Canadian Mounted Police discovered a treasure trove of doubloons, a gold plate and gems. The discovery of silt in the bay has given substance to a long-held idea that Tobemory waters may conceal more than a king's ransom of doubloon pieces of eight, gold and jewels.

Radius Is Reduced Working On Air Field

Working on the air field at Prince Rupert, the radius of the field has been reduced from five miles to three miles. The reduction is being made to facilitate the construction of a new air strip. The project is being supervised by the Federal government. Recently, Mr. Youngs, chairman of the air transport committee, told the Chamber of Commerce last night of further activity in the continuing campaign towards having an air strip for Prince Rupert put in on Tugwell Island by the Federal government. A visit had been paid to Tugwell Island with N. A. Beketov, agent of the marine department, to investigate the possibility of building a jetty there for the mooring of a water taxi which would connect Tugwell with the city in the event of the air strip being put in there and commercial service operated. Efforts were being made to emphasize the importance of the defence angle in the project.

Wanted Man To Be Tried

A man wanted by city police on a false pretenses charge is being escorted from Smithers to this city by Const. Jack White. A radio message was received recently from the Smithers detachment informing police here that the accused, D. Caldwell was a patient at Smithers Hospital, Coast. White left for the interior town by train last night and will return with Caldwell tonight. Following discharge from hospital, Caldwell was locked up at Smithers. He is alleged to have cashed a worthless cheque for \$60 here December 1. He is also wanted in Fort St. John for a similar offence alleged to have been committed last December. At the northern interior town he is reported to have cashed a worthless cheque for \$20. He will face trial here.

Chamber Housing

The Chamber of Commerce is taking more active steps to ascertain the needs of housing in the city. A survey of the housing situation is being conducted. New Building Makes Change

Already, as a consequence of the formal opening of the new Canadian Legion premises, new traffic on First Avenue and along First and Second Streets can be noted—both on foot and in cars. Previously, or at least not since the end of the war, there was not much activity on that part of the avenue and between it and on the area extending toward the actual waterfront. But it's different today.

CHAMBER TAKES HAND—

The site of the proposed new hotel is on Second Avenue where Ross Bros. at present have a pool room. It would be a three-storey structure with baths, on each of the two upper floors. The Chamber was advised that Liquor Commissioner W. F. Kennedy had been already approached by Ross Bros. but he had flatly refused to grant a beer licence for a hotel of less than eighty rooms (the capacity of Prince Rupert's present largest hotel). This would necessitate a five-storey hotel which would involve excessive cost as far as the proposing builders were concerned. Therefore, the project would have to be abandoned unless the licence was granted on the forty-room basis.

New Modern Hotel Here Depends On Beer Licence Being Granted

Ross Bros., whose project to build a \$100,000 forty room modern fire proof modern hotel with dining room and other facilities depends on the granting of a beer licence in conjunction with the premises, last night received the backing of the Prince Rupert Chamber of Commerce on further representations in connection with their application for the licence.

Russian Planes Helping Chinese

TAPEI, Formosa — An air headquarters spokesman said today that Russian-built planes which downed two Nationalist fighters were undoubtedly operated by Russians. The spokesman said the planes were "definitely of Russian manufacture" and he added: "Judging from their technique they most certainly were manned by Russians." The Nationalist fighters were shot down Sunday during a raid on Red shipping in Hangchow Bay south of Shanghai.

Chamber of Commerce Hears of Business at Vancouver Meetings

D. K. Kerr, secretary of the Associated Boards of Trade of Central British Columbia, has advised the Prince Rupert Chamber of Commerce that meetings of the council of the Associated Boards of Trade of British Columbia and the Pacific Northwest Trade Association, to be held in Vancouver about the middle of this month will consider resolutions dealing with:

Distinctive auto licence plates for British Columbia featuring the totem pole theme with a six numeral system instead of the present system of lettering and numbering.

The appointment of a director of the Canadian National Railways representing British Columbia.

Location of a gas transmission line from Alberta to the Pacific Coast which would serve the greatest possible number of communities in the interior of British Columbia.

Co-operation of the provincial government in removing handicaps to maximum development of the oil industry in British Columbia in the fields of production, transportation, refining and distribution.

The appointment of additional game wardens.

Routing of the West Coast Transmission Co.'s pipe line through Central British Columbia to Vancouver.

Control measures against mosquito plagues.

As already announced a resolution is going forward from Prince Rupert seeking support in the move for a landing field at Tugwell Island to serve Prince Rupert.

F. M. Dockrill of Telkwa will represent the Associated Boards of Trade of Central British Columbia at the sessions.

ASSAULT CHARGE LAID AT TERRACE

Carl Ingvar Paulson, 13-year old Terrace youth, has been charged with creating bodily harm and remanded for trial before Magistrate W. Robinson at Terrace, tomorrow. The youth was charged after a recent alleged attack on 21-year old Edgar Tetreault at Terrace. Tetreault alleges he was assaulted after a Saturday night dance.

REWARDS OUT FOR GIRL KILLING CAR

TORONTO (Canadian Press) — Rewards for information leading to the arrest of a truck driver who struck and killed two young girls last Friday night had risen to \$2000 last night. Police said they had two slim new clues in the search for a truck that struck the girls as they were walking to an evening church service.

Alexander To Take Charge

LONDON — Concident with the announcement today that an Allied general staff was to be set up in Berlin against possible acts of aggression came a report today in the Daily Telegraph that Viscount Alexander, now Governor General of Canada, is "being spoken of as successor to Field Marshal Viscount Montgomery as chief of the western union defence set-up."

Pioneer Woman Of City Passes

In ill health for the past year and one-half, Mrs. Clara Duggan, 72, of 2168 Atlin Avenue, died in General Hospital at 3:30 a.m. today. She was admitted Friday. Born in Bridgetown, Ontario, she married John Duggan in the eastern province and in 1900, the couple came west. They lived in Victoria, in the Yukon, and in 1910 settled in Prince Rupert. Her husband, before his death here 14 years ago, was employed by the city. During the last year and a half of illness, Mrs. Duggan was bedridden at the home of her daughter, Mrs. M. Valentin. In addition to her daughter, she is survived by son, Robert Duggan in Victoria, and six grandchildren. Funeral arrangements, under the direction of B. C. Undertakers, will be announced later.

Bandit Pretended To Negotiate Loan

NEW WESTMINSTER (CP)—Shot through the chest by a would-be robber, Alistair Jack, assistant manager of the Commercial Street branch of the Bank of Montreal, was reported in "fair" condition in hospital here today. A bullet, which went through Jack's body, also grazed the stomach of Dorothy Pace, 21, a girl clerk.

Totem Pole Is B.C. Theme

The totem pole will still be featured in British Columbia's tourist advertising, a move to play it down in favor of hunting and fishing having been rejected at a recent meeting of the tourist council of British Columbia. Hugo Kraupner told the Prince Rupert Chamber of Commerce at its monthly meeting last night. Mr. Kraupner, who had represented Prince Rupert at the meeting of the council, led the campaign for the retention of the totem pole theme. W. J. Scott still felt that hunting and fishing were important.

Mr. Kraupner reported that a survey of the tourist trade had been made and it had been found that 51 percent of the tourists who came to British Columbia were bent on sight-seeing and therefore appreciated totem poles, 17 percent came for fishing, 5 percent for hunting and three percent for cruising.

The meeting had gone on record against full day closing of stores during the tourist season. The idea of daily radio broadcasting of road conditions, advanced by Prince Rupert and Prince George, had been adopted by the council. Education of customs and immigration officials at the border on the roads of the province had been advocated. (For years some such officials have been giving misinformation about roads particularly of Highway 16 into Prince Rupert). The idea of co-operating with the Alaska Development Board in advertising the attractions of the north for tourists had been approved by E. G. Rowbottom, commissioner, who presided at the council sessions, had advised that \$1000 would be available from the Department of Trade and Industry.

Delegates To Be Named Here

Delegates from the Prince Rupert District Teachers' Association to the British Columbia Teachers' Federation annual convention will be chosen at an association meeting tonight. A meeting of the Northern B. C. District Council of the B.C. Teachers' Federation will be held in Prince Rupert this Friday. Those attending will be: J. G. Mac, Ocean Falls; H. Noakes, Terrace; and Mrs. Jean Singer, Charlotte Islands. R. D. Cleland and F. R. Wright will represent Prince Rupert. This is the first Northern B. C. District Council meeting to be attended by a representative of the Queen Charlotte Island teachers.

The majority of the members of the Council will travel by air to Vancouver the following day to be present at the B.C.T.F. Annual convention. Five hundred official delegates and 200 other teachers from all parts of B.C. will "go to school" at the thirty-first annual convention of the B.C. Teachers' Federation in Vancouver from April 10 to 13. Business sessions will be held in Hotel Vancouver but for sectional meetings and demonstrations the setting changes to the Kitsilano High School. Hon. W. T. Straith, Minister of Education, will formally open convention proceedings with a luncheon address to delegates.

Reports by the Education Finance, Teacher Training, and Rural Living Conditions committees appear likely to be high points of interest. Decision is to be made on the holding of a summer "workshop" for local association officers. A joint B.C.T.F.-Parent Teacher Federation public meeting features Dr. A. L. Doucette, Director of the Calgary Branch University of Alberta, Wednesday, April 12. Presentation of the annual Fergusson and Charlesworth Memorial awards will be made at this meeting. The Fergusson Memorial is awarded annually to an educator for meritorious service in his work. Winner in 1949 was H. B. Fitch, Vancouver. The Charlesworth Memorial is a scholarship to aid the child of a present or past B.C.T.F. member to higher education.

Value of Haines Cut-off

THE INCREASING INTEREST shown in Alaska in keeping the 160-mile Haines cutoff open throughout the year should be reflected in Ottawa if the efforts of E. T. Applewhite M. P. bear fruit. Many timely facts are brought out in an exhaustive report sent Hon. Brooke Claxton, Minister of Defence, by E. E. Applewhite M. P. with the co-operation of Aubrey Simmons M. P. of Whitehorse.

The armed forces of both nations, says the report, are greatly concerned in seeing the cut-off open all year. Alaska markets waiting to be tapped would provide a year round flow over this road, as the route is both cheaper and faster than the most attractive alternative—the Alaska Railroad out of Seward.

Shipping costs to Prince Rupert from eastern American points are the same as they are to Seattle the Canadian port is 600 miles nearer the market.

A rate survey has revealed that of 88 items commonly shipped 85 showed Prince Rupert gave from 15 to 25 per cent less cost than if shipped the other route.

CANADA'S PRESS

THE TRUTH, IT MUST BE ADMITTED, is that Canadian intellectual fare, so far as the printed word is concerned, is left largely to the magazines and newspapers, writes Gratton O'Leary, well-known Ottawa editor, in a special Canadian edition of the London Times. It is fare good, bad, and indifferent. Canadian newspapers are perhaps not the best or most brilliant in the world; they are probably the most free and independent; ranging all the way from the Winnipeg Free Press, which John W. Daffoe made the voice of western Liberalism and international as well, to the Montreal Gazette, which speaks intelligently in the Tory accents of the old London Morning Post.

Unfortunately, there are no Canadian weekly or monthly journals of opinion to compare with the best in Britain, or at all equal to such United States prints as the New York Nation and the New Republic, the Atlantic Monthly, Harper's Magazine and the Yale Review, although several universities issue quarterlies of value to thoughtful Canadians. Also unfortunately, for every Canadian who reads or sees the Atlantic Monthly, Harper's Magazine, or the Yale Review there are tens of thousands who see and read religiously the Saturday Evening Post, Collier's, the Ladies' Home Journal, and Henry Luce's Life and Time, the former with the "American Century," and the latter with all the inner secrets served saucily and with spice.

ICED HOT CROSS BUNS

They're "topping" made with new fast Dry Yeast

• They rise so wonderfully — taste so wonderfully good! That's because Fleischmann's new Fast Dry Yeast keeps full-strength and active till the very moment you bake! No more spoiled yeast! No more refrigeration — you can keep a whole month's supply of Fleischmann's Dry Yeast in your cupboard!

ICED HOT CROSS BUNS

Scald 1 1/2 c. milk, 1/2 c. granulated sugar, 2 tps. salt and 5 tbs. shortening; stir in 1 c. crisp breakfast-bran cereal and cool to lukewarm. Meanwhile, measure into a large bowl 1/2 c. lukewarm water, 2 tps. granulated sugar; stir until sugar is dissolved. Sprinkle with 2 envelopes Fleischmann's Royal Fast Rising Dry Yeast. Let stand 10 mins. THEN stir well. Add cooled milk mixture and stir in 2 well-beaten eggs. Stir together twice 4 c. once-sifted bread flour, 3 tps. ground cinnamon, 1 tsp. grated nutmeg. Stir about half of this mixture into yeast mixture; beat until smooth. Mix in 1 c. seedless raisins and 1/2 c. chopped candied peels. Work in remaining flour mixture. Grease top of dough. Cover and set in warm place, free from draught. Let rise until doubled in bulk. Turn out on lightly-floured board and knead until smooth and elastic. Divide into 2 equal portions; cut each portion into 12 equal-size pieces; knead each piece into a smooth round bun. Place, well apart, on greased cookie sheets and cross each bun with narrow strips of pastry, if desired. Grease tops. Cover and let rise until doubled in bulk. Bake in a hot oven, 425°, 18-20 mins. Glaze hot buns by brushing them lightly with corn syrup. Other treatments: Use confectioners' icing for crosses, on baked buns... or spread cooled buns with white icing and make crosses with chopped nuts.

Ray Reflects . . . and Reminisces

The smoking of ten ordinary cigarettes, every day, does not affect the health, says a family physician. However, according to those entrusted with the promotion of sales, there is no such object as an ordinary cigarette.

Putting up with the Jones Act has been cutting deep into trade and travel business between British Columbia and Alaska for many a year but it appears to still be doing business at the same old stand. Alaskans, as well as Canadians, would welcome a change such, for example as its elimination. That's possible, but not before statehood looks far nearer than it does at present.

Teen age fights have long been with us. Where is the man unable to remember the school yard bully? Nothing is more natural, wherever a gang of youngsters play, than to see physical encounters without Queensbury or any other kind of rules, developing. Some life-long friendships have originated in a good round with unclean little fists. But this latter day hoodlumism, use of knives and brass knuckle dusters confronting police in Vancouver is something else again. There's a job for the law and it can't be done too quick.

Some are saying that getting right down to it, a means test is just an ordinary every day job.

To make a profit from transaction of business should be as agreeable to the business man as a wage raise to an employee, yet profits are by some still classed as crime. But Sam Gompers, first president of the American Federation of Labor, had an answer to that one. He once declared the greatest wrong an employer could perpetrate on his employee was failure to make profits.

An outlay of five hundred million dollars within a hundred miles of Prince Rupert to establish an aluminum industry is today ranked among the definite possibilities of the times. It must be, when that sober, solid, dependable journal, the Financial Post, discusses the general outlook in British Columbia, with obvious satisfaction. And, incidentally, Prince Rupert is commencing to be discovered.

And of course, speaking of Canadian Legion affairs, there's a heap more room now, at the new building when it becomes necessary to park your car

Civic Centre Art Meeting

Season Winds up With Interesting Session

Last week the last Art meeting of the season was held at Civic Centre with 44 members and visitors present. Those who wished to draw came early and had three varied still life studies to choose from. One was an arrangement of books and flowers, the second a cheese and a chronte bottle while the third was an assortment of colorful children's toys left in disarray. When a vote on the three was taken, the food arrangement proved most popular and Mrs. N. E. Arnold and Mrs. Basil S. Prokier received the prize.

It was decided to have the three still life studies set up at the Hobby Show April 27, 28, 29.

with several pupils drawing or painting them.

As the drawings were completed other members and visitors arrived and a lively discussion took place on the ten pictures of the Jasper Park Cameron exhibit which has arrived ahead of the Hobby Show. Some people preferred the gradeur of the Jasper mountains and lakes. Others like the Cape Breton rocky shore or the Lunenburg cottages. The Ontario wheat field was popular for its softer colors. All agreed that hung in the small gym at the Hobby Show, the 30 pictures are going to make one of the most attractive displays ever shown in Rupert.

After the vivid colors of the Eastern exhibit it was a pleasant change to view the other pictures including attractive watercolors in black and white by J. E. Gerrard. He has promised to be included in the selection of

Where are Union Boats—Local Fisherman in Africa For the next few weeks, it

will be difficult to remember which Union Steamships vessel is in port and which is in Vancouver or vice versa.

The merry-go-round began last Friday when the Camosun returned to the Queen Charlotte Islands run which has been plied by the Chilcotin for the past few months. But it will only remain on its former run for two weeks—up to April 9. The Chilcotin will return again for one trip.

The puzzle seems to fit together April 19 when the Camosun leaves Vancouver for Prince Rupert and Queen Charlotte Island points, and relieving the Chilcotin again for the remainder of the summer.

The northern run to Stewart and Alice Arm must also be dealt with and the Coquitlam which is on the present northern run, will be relieved for one week beginning April 18, by the Chilcotin. But in this case, the juggling is not too extreme. On April 28, the Coquitlam returns on the run for the remainder of the summer, leaving Vancouver April 28.

The Chilcotin will resume the yearly summer cruise along the northern B. C. Coast and Alaska.

Miss Jeannette Paure, during her talk on architecture, showed the beauty of different types and with her vivid descriptions, took her listeners for a visit to various beautiful buildings in Europe.

As the membership in the Art Club is growing to include many who do not wish to draw a program will be arranged to include varied aspects of art enjoyment. The fall meeting will, for instance, begin with a competition in flower arrangement in which everyone will participate.

For the expense of bringing the Jean Cameron exhibit the Art Club has a financial responsibility. The idea of raffling one of the pictures was rejected in favor of supporting the raffle of a brown purse made by Mrs. R. Cameron and a brief case and wallet made by the leathercraft group.

Helpers were lined up for all aspects of work at the Hobby Show and the evening finished off with coffee served by Mrs. T. D. Christie and Mrs. Orme Stuart.

LEARNED HER LESSON

"Isn't it funny how things you learned at school suddenly come back? My washings always had a yellow tinge and then I remembered our chemistry teacher telling us that seven colours combine to make white, and one of them is blue. That is why there is no true white without blue. So of course, I use Reckitt's Blue now to keep my clothes white always—just a swish or two in the final rinse. Out of the blue comes the whitest wash."

Four girls were initiated into Job's Daughters at a meeting of the organization last week. A regular meeting of the group was held with Donna McArthur, honored queen, in the chair. The four new members are Lois Good Margaret Giske, Patricia Lemon and Karen Wright.

Arthur Silversides, pioneer city business man, making a trip around the world in a westerly direction, has been heard from at Singapore whence he was to continue on through the Mediterranean, visiting England and eventually disembarking at New York where he will be met by Mrs. Silversides who will accompany him home.

City ambulance responded to a call Monday at 9:30 p. m. to take A. Price of Port Simpson from Cow Bay to General Hospital.

George James, who left for his home in Toronto by last night's train after a visit here of a few weeks, said he would look forward to another trip this way possibly with family members along. The Skeena highway was becoming more widely known City and district were steadily developing and becoming settled and there was plenty of interest to be found wherever one might go.

Mr. and Mrs. Robert McLean arrived in the city aboard the Camosun at the week-end from Vancouver. Mr. McLean, son of Capt. H. E. McLean, skipper on the Camosun, will commence employment with the Department of Transport here.

CLIFF GILKER IS VEEP OF CHAMBER

J. C. Gilker is the new vice-president of the Prince Rupert Chamber of Commerce. He succeeds Thomas B. Black who resigned recently after the Chamber had taken a critical view of the recent power shortage in the city. Mr. Gilker, recommended by the executive council, was elected by acclamation.

Modern Etiquette

Q. What is the correct way for a woman to refer to her husband?

A. Under usual circumstances, a woman refers to her husband as Mr. Smith, although sometimes when addressing a stranger she may say, "my husband." In conversation with a friend, she uses his first name.

Q. How can a girl pay respect to the flag when it is carried in a procession?

A. She stands with her hands relaxed at her sides. A man removes his hat and stands at attention.

Q. Should the tissue paper that comes with engraved invitations be sent with the invitation to the guests?

A. The tissue paper is folded in with the invitations.

HOW CAN I ???

Q. How can I avoid wasting chocolate when melting it?

A. It is wasted by so much of it sticking to the bottom and sides of the container. But this can be prevented if the container is thoroughly greased before the chocolate is put into it.

Q. How can I make a substitute for a funnel?

A. When a small funnel is not at hand, an excellent substitute can be made by punching a hole in the end of a dried egg shell.

Q. How can I mail a bottle of medicine, or other liquid securely?

A. Get a heavy, tubular ice cream container, and stuff it with cotton. This makes an ideal device for this purpose.

Royal Hotel In Big Lead

Sunday's Section of the Ten-Pin Bowling League saw every team battling for those extra points. Royal Hotel forged still farther out in the lead by squeezing out four points at the expense of the luckless Liquor Control squad. Grotto hung on to their second place spot by splitting with the Commercial Hotel team while W.E.A.C. moved one point closer taking Savoy Hotel for three points. W.E.A.C. had to do it the hard way as an extra frame had to be bowled to decide who got the extra point for the total pins with both teams ending up with a total of 2448 pins. On the extra frame the W.E.A.C. came through for the extra point. 90 Taxi are making their big bid in the stretch drive, swamping the hapless Prince Rupert Plumbing squad for 4 points. Jack Lindsay came very close to breaking his own record of 597 pins for the three

game high, by rolling a smashing 580 pins.
99 Taxi — (4 points) 798, 779, 848—2425.
Grotto—(2 points) 771, 847, 795—2413.
W.E.A.C.—(3 points) 800, 789, 859—2448.
Royal Hotel—(4 points) 776, 789, 811—2386.
Prince Rupert Plumbing—(No points) 693, 746, 699—2138.
Commercial Hotel—(2 points) 722, 807, 885—2414.
Savoy Hotel—(1 point) 849, 763, 836—2448.

Between the BASKETS

Basketball continues to hold the spotlight in Prince Rupert. Next week it is the B. C. Finals which will be held in either Nanaimo or Penticton with the Prince Rupert Jets defending their twice won Senior "B" title. The team expects to leave here on Tuesday of next week and, if the playoffs are in Nanaimo, will arrive home the following Sunday.

This week sees the Mohawks return for one more game on their way southbound after their series in Alaska. They won their first game against Ketchikan All-Stars, winners of the Alaska Championship a few weeks ago. The first two games held in Rupert against the Jets were just about the finest ever seen here and a big crowd is expected for the Californians return engagement with the Jets on Thursday. This is basketball at its best, entertaining, clean, fast and exciting.

As an added attraction for Thursday's Mohawks-Jets game the league officials have arranged a first-class preliminary, Coach Sid Woodside is pit-

Tight Race In Bowling

As the end of the season gets closer, the battle for play-off spots is getting more strenuous. In the Friday Section of the 10 Pin League which has only two more games to be played, A. E. Smith's lead is being pressed very closely by City Transfer, which is only two points behind, followed by Mugwumps another 2 points back. But with two more games still to be played it is still just about anyone's race.

Bill Richardson of the Paramount squad broke the former high three score set by John Schroeder of A. E. Smith's squad. Bill rolled a big 570 pins on Friday.

Results of Friday's games are: Mugwumps—(4 points) 764, 775, 828—2367.

ting the Intermediate All-Stars against Bo-Me-Hi Seniors, who will be without the services of Spring and Scherk, playing with the Jets. The Intermediates are confident they can take the students with their two high scoring threats watching from the sidelines. In any case it will be a good evening of sport for Mr. and Mrs. Fan.

Alberta oil has changed his future

The boy doesn't know it yet. Many a grown-up doesn't realize it—but the new oil fields of Alberta brighten Canada's future.

Western oil is saving 100 million scarce U.S. dollars this year, dollars we don't have to pay out for oil imports. This means money to buy other things we need—things that cannot be grown or made in Canada. Next year Alberta oil should save 145 million U.S. dollars!

Then, too, the search for oil is making a big new market in Alberta for things the rest of Canada has to sell. The oil industry is spending \$3 millions a week in the west. Across the nation this money is fostering new industries, expanding plants, creating jobs, paying wages, building homes.

And in the prairies petroleum product prices are lower than they would have been if oil had not been found. Prairie consumers saved more than \$30 millions last year. Anything that helps prairie prosperity helps all Canada.

Oil is important to us all. More oil means a higher standard of living.

The search for oil is unending, a costly business, often disappointing. But the job is pressing forward. And new-found oil is changing our future... promising a better, brighter future for Canadians—man and boy alike!

Bringing you oil is a big job ... and a costly one

About Canada's Oil—At the end of 1949 potential oil production in Alberta was more than one-third of Canada's requirements. Three years earlier, Canada produced less than one-tenth of the oil she used.

More than 240 companies and syndicates are searching for or producing oil in western Canada.

It is estimated that the oil industry will account for almost 10 percent of all new business capital invested in Canada this year.

In 1949 Imperial Oil bought a total of nearly \$40 millions of equipment and supplies from more than 3,000 Canadian firms.

ARE WE EMBARRASSED?

- Two weeks ago the Rupert Peoples Store offered Nationally Famous Panama Spun dresses at \$4.98. We had a copy of an ad by Ottawa's largest department store, FRIEMANS DEPT. STORE to verify this price.
- Two weeks ago we advertised the Rupert Peoples Store price was the same price as paid from Coast to Coast.
- This week we discovered one of the large Vancouver stores was selling Panama Spun dresses for \$4.95 instead of \$4.98. Don't ask us why the difference of THREE CENTS. We don't know but we do know we've let you down.

WHAT DID WE GAIN?

- We'll let you figure it out. At 3c a dress we made \$3.69 extra from the one hundred and twenty-three ladies who bought these dresses. This ad telling you of our mistake costs us around \$25.00 leaving a net loss to us of \$21.31.
- Our price has now been changed from \$4.98 to \$4.95. Any customer who paid \$4.98 may stop in for a refund. Your word is all we need.

Operetta Is Bright Show

Borden Street School's operetta "Sunny" drew a crowd of four hundred persons to the auditorium of the Civic Centre last night and loud was the appreciation for a colorful and tunesome entertainment which will be repeated tonight under the direction of Principal J. S. Wilson.

The principals of the operetta gave an excellent performance throughout and the Rhythm Band, under direction of Sharon Bond, was exceptionally smart. Miss M. Adlard had charge of the rhythm band and Miss Y. Larsen was accompanist.

The principals were Louise Wood, as the King, Julie Prockter as the Queen, Yvonne Jackson as Tickle Toes, Ronnie Patten as Sunny, Molly Simmons as the old beggar, Roy Sieber as the court magician, Betty Hood as South Wind and Margaret Johnson as Queen Bee.

Interesting sequences were the King's Guard drill, Sunny's Little Ha Ha, the Honey Bees in their yellow and blue costume and the group of flowers who sang so sweetly.

Special dances by Jackie Gustafson, Sylvia Cherry and Sonny Patten were also outstanding items.

Remains of Native Woman to Aiyansh

Body of Mrs. Titus Nisyok, 50 Aiyansh, has been taken by air to Aiyansh for burial. The native woman died in General Hospital early last Thursday morning. She was flown to Prince Rupert from the native village Wednesday on a Queen Charlotte Airlines Stinson.

Better English

1. What is wrong with this sentence "He was completely surrounded by an angry mob."
2. What is the correct pronunciation of "residue"?
3. Which one of these words is misspelled? Cauliflower, callisthenics, calculator.
4. What does the word "presentiment" mean?

Answers

1. Omit completely, as surround means to encircle.
2. Pronounce rez-i-du, i as in it unstressed, u as in cube, accent first syllable.
3. Cauliflower.
4. A feeling that something will happen. "All presentiments that are confirmed by events, give man a higher idea of himself.—Goethe.
