Tourist And Export Industries To Benefit By Dollar Drop

Importers of U.S. Goods At Disadvantage

(CP)—Canada's tourist industry is expected to benefit as will her export trade, but importers of U.S. goods will suffer as a result of the devaluation of the Canadian dollar announced last night by the Minister Abbott.

The result of the Canadian move, which followed the devaluation of the dollar, it will take time to buy on American goods at the official exchange rate of 10% to the American dollar.

In Toronto they lived within 10 blocks of each other. They never met—until this month both returned to Dereham on vacation.

TORONTO'S SUCH A FRIENDLY TOWN

DEREHAM, Norfolk, Eng. (CP)—Phil Brown left Dereham for Canada in 1921. Two years later Arthur Cranmer took the same route.

In Toronto they lived within 10 blocks of each other. They never met—until this month both returned to Dereham on vacation.

Brazil Suffers Red Jitters

By ANDREW MARGHALL
RIO DE JANEIRO (Reuters)

—Reports of renewed communist activity in several parts of Brazil are causing fear that various extremist groups are gaining strength. Organized Communist agitation has been reported from points as far distant as Sao Paulo, the key industrial centre; Porto Alegre in the far south; towns in the north and Minas Geraes in Central Brazil.

Police reports say the disturbances were part of a plan which was to involve the whole country.

In Porto Alegre more than 50 alleged communists were arrested, including a number of prominent members of the outlawed Communist Party. Ninety persons were arrested here.

Police claimed to have found large quantities of small arms, "Molotov Cocktails" and explosives at Porto Alegre. They said documents they found indicated the communists planned to seize and set fire to the state governor's palace and other public buildings. They also claimed to have evidence of a communist "citizens' revolutionary army," including a women's brigade which would operate as a sort of "seductive fifth column" to help set up a "People's Democracy."

Some Brazilians say the "Red Menace" has been unduly played up and that the difficulties Brazil is experiencing have created a mood favorable to any demagogic bid for popular support.

Congress Backs Suspension Order

CALGARY—After a warm debate marked by indications of slipping communist support for the left-wing element in the Trades and Labor Congress of Canada, the T.L.C.'s annual convention Monday confirmed its executives' suspension of the Red-influenced Canadian Seamen's Union. Following the initial suspension order some weeks ago, the C.S.U. submitted a voluntary resignation from the Congress.

Scenes At Toronto's Grim Ship Fire Disaster

(MORE PICTURES ON PAGE 6)

FIRE SWEEPS NORONIC—In the worst ship disaster on the Great Lakes in a century an early-morning fire on Saturday gutted the 36-year-old Noronic as the passenger liner lay at the Canada Steamship Lines dock at the foot of Bay Street in Toronto. More than 121 are known dead in the blaze. This shot was taken half-an-hour after the first alarm at 2:38 a.m. (CP Photo)

ROMULO HEADS U.N. ASSEMBLY

NEW YORK (CP)—Brigadier-General Carlos P. Romulo, Philippines delegate, was elected president of the United Nations General Assembly this morning. Lester Pearson, Canadian Minister of External Affairs, was elected chairman of the political action committee which handles the United Nations' thorniest problems.

CZECH CHURCH HEADS ARRESTED

PRAGUE (CP)—The Czechoslovak government has jailed dozens of Roman Catholic priests and nuns in a big, new wave of arrests aimed at breaking the spreading resistance to state control schemes, church sources said. The source said that more than 200 are now under arrest.

FORMER CARIBOO M.L.A. PASSES

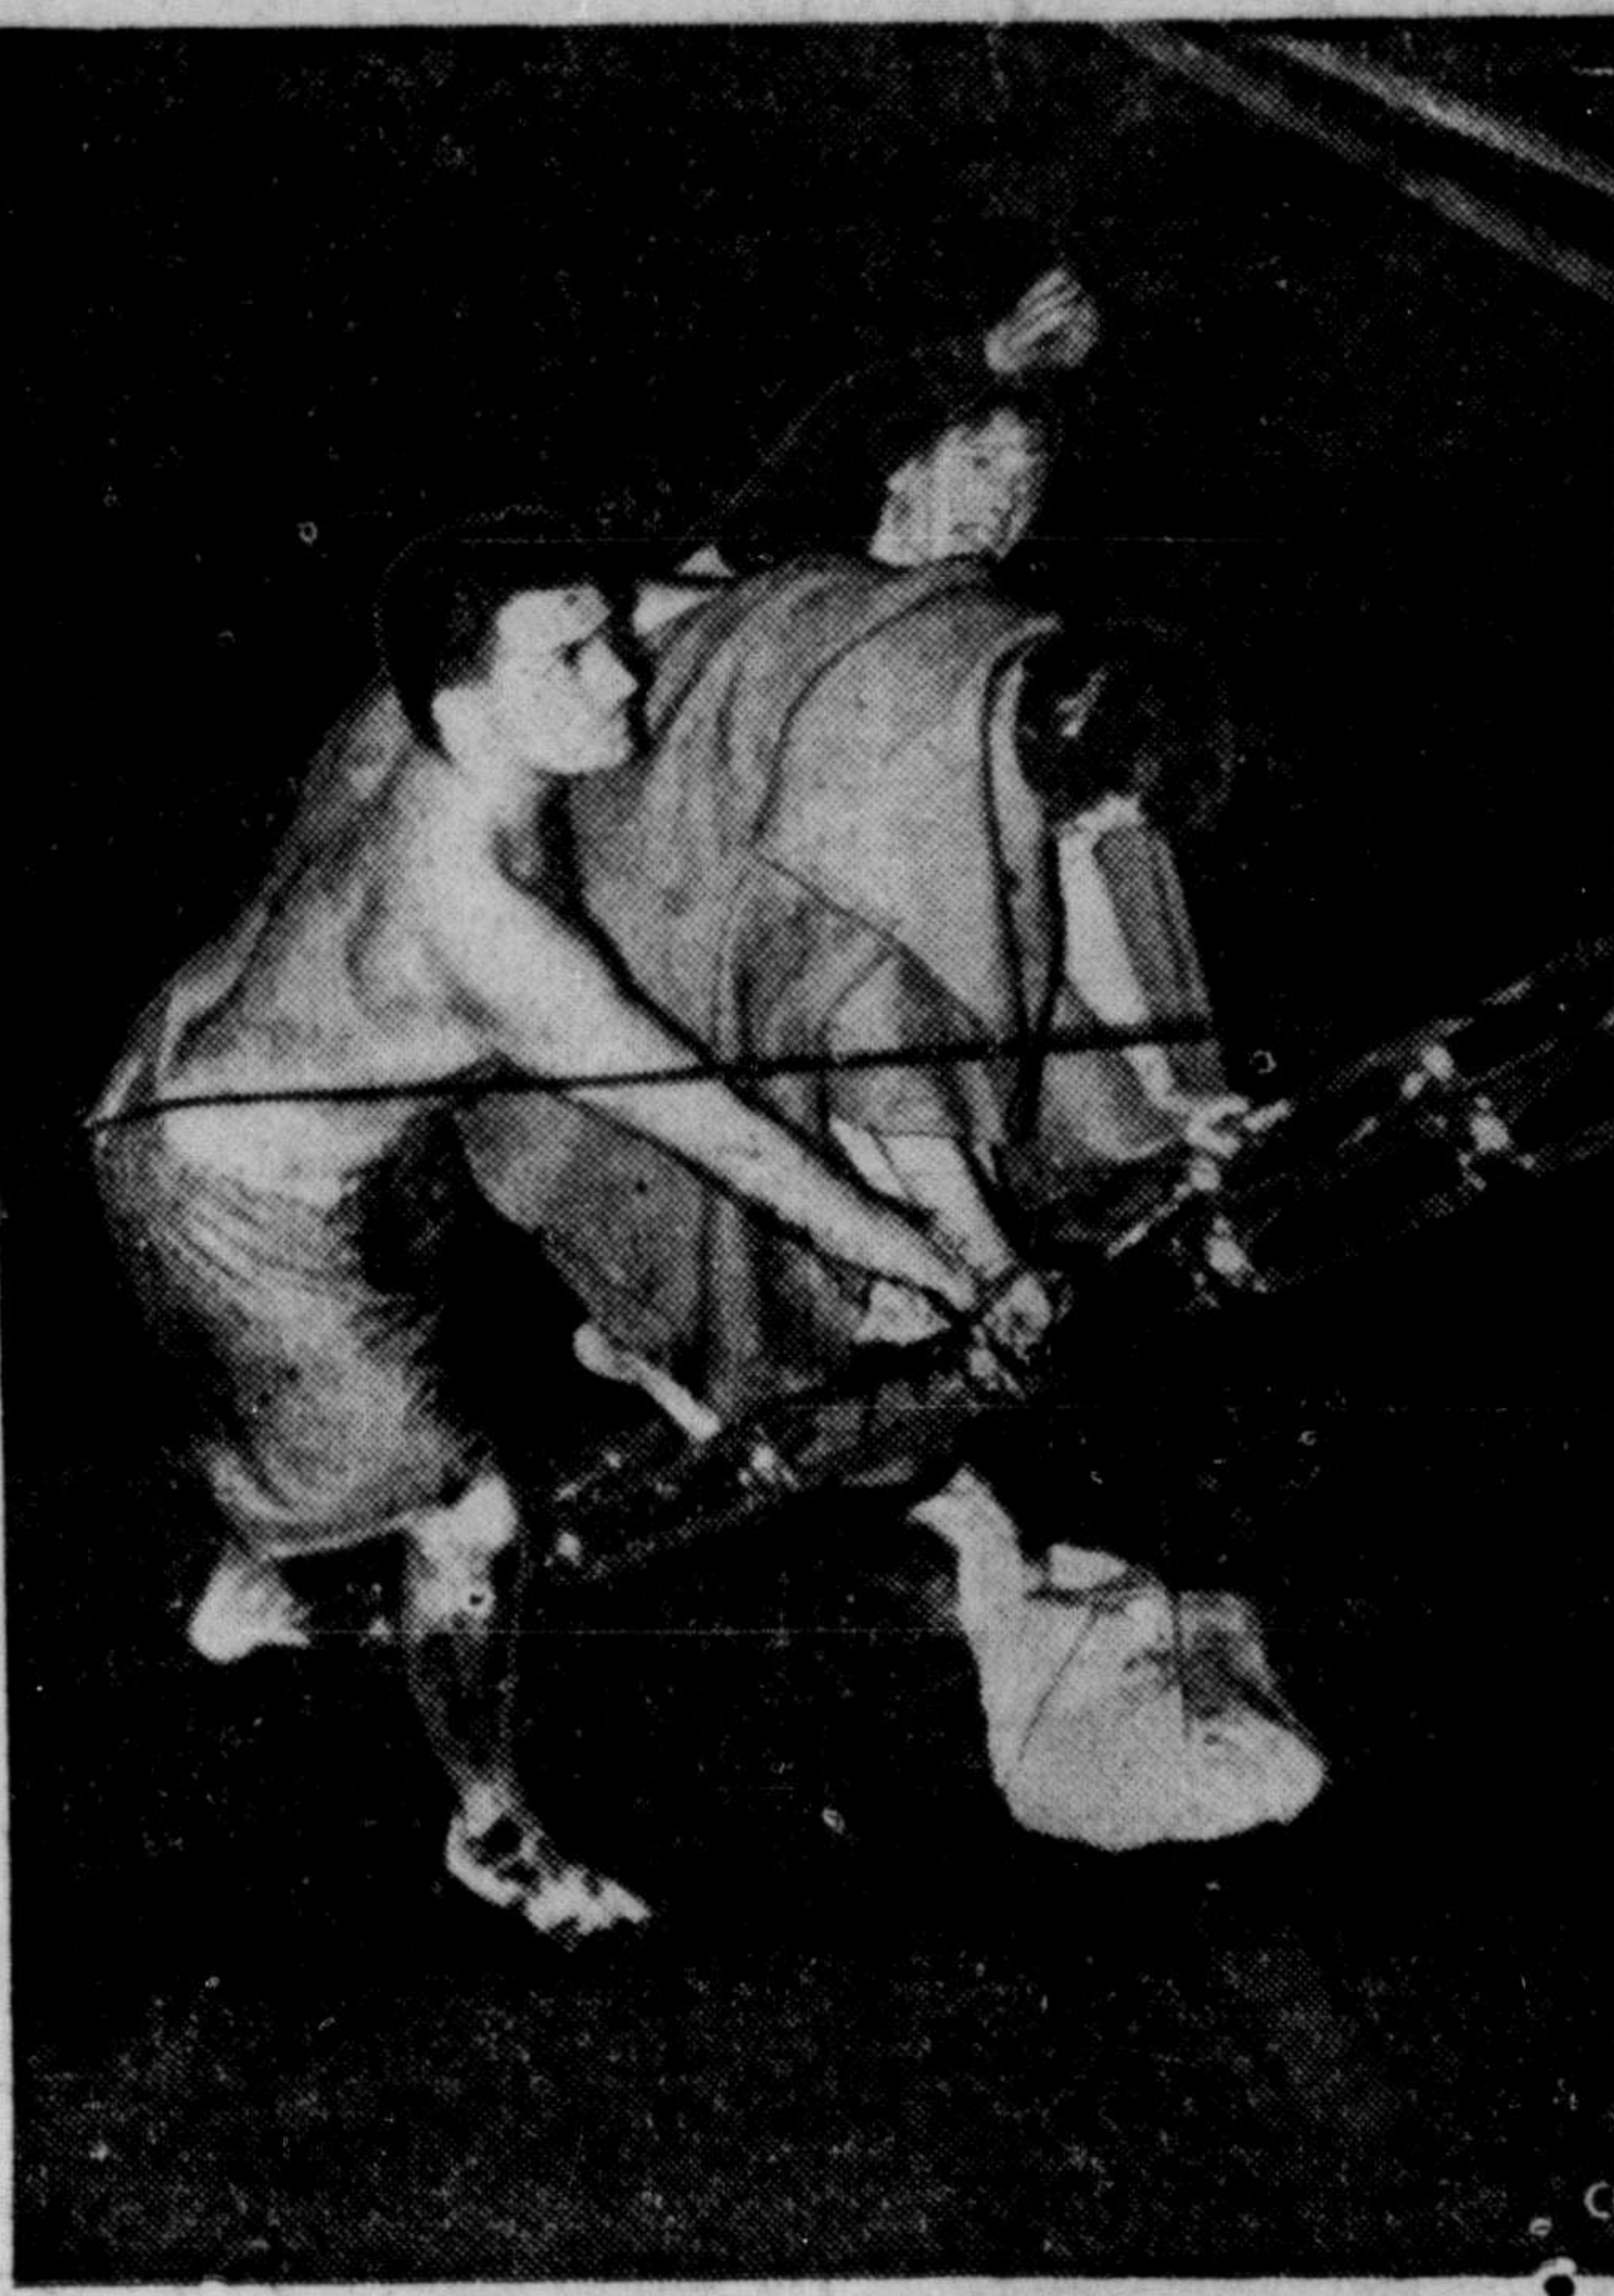

KAMLOOPS (CP)—Walter Hogg, 60, former member of the Coalition legislature, died last night in hospital after a long illness. He was elected in February, 1948 in a Cariboo by-election and was not re-nominated last June.

Old Asian Culture Found In U.S.S.R.

MOSCOW (Reuters)—A Russian expedition has discovered traces of an ancient culture which flourished between the third and fifth centuries in the Soviet central-Asian republic of Kara-Kalpak. The expedition found ancient texts written on wood, sculptures and paintings in the fortress of Toprak-Kala, capital of the Chvarism Empire which was conquered by the Arabs in 712. Prof. Sergei Tolstov, director of the ethnographic institute of the Soviet Academy of Science, led the expedition.

TEXTILE'S HISTORY

The manufacture of poplin, a textile fabric of French origin brought to England by the Huguenots, has long been specially associated with Ireland.

FIRE BLAZING SHIP—Passengers, aroused by crew members or awakened by the crackle of flames, abandoned the steamship Noronic in night clothes as the liner blazed at her Toronto pier. Firemen ran extension ladders to the ship's bow. Some survivors climbed down ladders, others slid down mooring lines or leaped into the water. Here, a blanket-wrapped woman is helped down a fire ladder. (C. P. Photo)

Youths Shoot Down Chicago Constable

CHICAGO (CP)—A policeman was shot and killed by two young Negro gunmen who pumped nine shots into him without saying a word. Constable David F. Keating, 34, was slain after he questioned the youths about a package one of them was carrying.

KNOCK-OUT IN RING TOURNEY

TORONTO (CP)—Eddie Zastrie, 175 pounds of Winnipeg, knocked out Jack Herman, 204 in the third round of the Jack Dempsey-Frank Tunney elimination tourney here last night.

SLOWDOWN POLICY CREATES CRISIS

LONDON (CP)—Londoners face the gloomy prospect of having to walk to work if railway workers' "work-to-rule" plan carries on. The workers policy of causing delay in train service by adhering minutely to the details of the rules, beyond the spirit or intent of the regulations was brought in after 50,000 railwaymen refused an offered 10 shilling a week wage increase.

WESTERN FOOTBALL SCORES

Calgary Stampeders 13, Saskatchewan Roughriders 1
Edmonton Eskimos 10, Winnipeg Blue Bombers 3

SIX BOSTON SEAMEN MISSING

BOSTON (CP)—Six fishermen were reported missing after the Gloucester drifter Corinthian was rammed and sunk by the freighter Normacir in dense fog 60 miles southeast of Halifax.

JACKPOT BAN IS SUSTAINED

NEW YORK (CP)—Federal Judge Simon Firkind, Monday blocked the Federal Communications Commission from banning radio giveaway shows for the time being. He signed a temporary restraining order to hold up the ban on jackpot shows until the F.C.C. can test in court its power to invoke such bans.

Mines Idle As Pension Fund Strike Begins

PITTSBURGH (CP)—Coal mining in 19 states was virtually at a standstill today as nearly all of the 480,000 members of John L. Lewis' United Mineworkers of America stayed from the pits for the second day of their "no welfare fund, no work" dispute. Coal hauling railroads laid off thousands to boost the unemployment total to more than 500,000.

There were reports of violence from several parts of the coal mining area. In Kentucky, 20 shots were fired as tempers flared but no one was hurt.

In West Virginia two tippie workers and a truck driver were beaten and 13 truckloads of coal dumped. Rowing pickets were blamed for both incidents.

President Truman said that he had no intention of trying to halt the walkout in the next 30 to 60 days. He said that he was determined to let Lewis and the coal industry sweat out their difficulties which arose over the suspension by Lewis of the union pension fund, because it was "running low."

DOLLAR DROP MIGHT FORECAST WAGE BOOSTS

OTTAWA (CP)—Pat Conroy, secretary-treasurer of the Canadian Labor Congress indicated that devaluation of the Canadian dollar means higher living costs in Canada and might touch off a round of demands for wage boosts.

FORMER HOCKEY PLAYER CHARGED WITH MURDER

SHERBROOKE, Quebec (CP)—Tony Demers, 32, former bullet-shot National Hockey League player was charged with the murder of Mrs. Anita Robert of Coaticook, Quebec today.

The former Montreal Canadian was held criminally responsible by a coroner's jury for the death of his 31-year old girl friend. She died in hospital Friday after being taken there battered and bleeding. Hospital authorities said she showed the results of a bad beating.

Demers said that she had jumped from his car. They had been drinking, it was learned at the inquest.

REVISIONS TO CONSTITUTION COURT DUTY

OTTAWA (CP)—The courts may be overloaded by a major share of the ticklish work of overhauling Canada's constitution.

The government indicated yesterday that it will tread carefully along the path to constitutional maturity, aware that many groups are zealously watching the proposed changes to the British North America Act.

Prime Minister St. Laurent said that the government will not use legislation to solve matters which are more properly the work of the courts.

In a further Throne Speech debate a C.C.F. amendment by Mr. Coldwell—regretting that the government has failed to provide legislation to remove the "means test" from old age pensions—was defeated by 136 to 50.

AUTUMN GALE JUMPS GUN

First storm of the season ripped down on Prince Rupert early this morning on a moderately strong southeast wind, jumping the gun on the official arrival of Autumn by two days.

The wind, bearing occasionally heavy rain squalls, was officially recorded at the Digby Island weather station as reaching a peak of 25 miles an hour, but outside points reported higher velocities. Areas of the Queen Charlotte Islands reported 60-mile-an-hour winds as a large storm area moved in from the Pacific.

The southeaster which whitened Prince Rupert harbor, was the strongest to be felt here for months. However, because of its direction, wharfs and moorage spots were protected.

Although the storm is probably the first of a series of equinoctial gales, it actually beat the arrival of the equinox by two days. Autumn does not officially arrive in these parts until 5:06 A.M. (PDT) September 23.

THE WEATHER

Synopsis

Clear skies over the southern interior last night brought a sharp frost to the Kootenays with a temperature at Crescent Valley falling to 27. In the Okanagan Valley, Penticton reported 33. A severe storm which is nearing the northern British Columbia coast this morning is causing a southeast gale of up to 60 miles per hour in the Queen Charlotte Islands. Increasing cloudiness will spread to the Vancouver area this afternoon with some light rain expected in the evening.

The weather tomorrow will be sunny along the southern edge of the province but will remain unsettled over all northern areas.

Forecast

North Coast Region—Overcast with intermittent rain today and tomorrow. Little change in temperature. Southeast gales (50 m.p.h.), shifting to southwest gales (35 m.p.h.) about noon. Southeast gales (45 m.p.h.), developing again late Wednesday afternoon. Lows tonight and highs tomorrow—At Port Hardy, Sandspit and Prince Rupert 45 and 55.

EXPLOSION ROCKS TEXAS REFINERY

FORT WORTH, Texas (CP)—An explosion rocked Magnolia Oil Co. number one refinery today and set off a raging fire which killed at least two and injured eight. Observers said there was danger of another explosion, but later the fire was brought under control and the grim search of the ruins begun.

An independent daily newspaper devoted to the upbuilding of Prince Rupert and all communities comprising northern and central British Columbia (Authorized as Second Class Mail, Post Office Department, Ottawa) Published every afternoon except Sunday by Prince Rupert Daily News Ltd., 3rd Avenue, Prince Rupert, British Columbia. Bring Them In

IT IS HOPED to settle as many as ten thousand Dutch farmers in Canada this year. Seeing that Canada wants them, and they want to come to Canada, any difficulty in bringing it about should not be at all serious. No part of the Dominion is more suitable for new-comers of this type than British Columbia, and no part of the province offers a more promising field than the Bulkley Valley and adjacent region. Already, some practical steps have been taken. A conference has been held between Dr. A. S. Tuinman, Holland's agriculture and immigration attache in Canada, and Hon. Harry Bowman, the recently appointed Minister of Agriculture for British Columbia.

The latter, through long residence and study in the north is unusually well qualified to co-operate with Dr. Tuinman. Expansion of the Pacific Great Eastern Railway, now in progress, and prospective developments in Skeena by vast monied interests also help emphasize that if ever there was a time when agriculturalists from Holland would be well advised to settle down here, it is now. And incidentally, the history of Canada, as well as the United States, shows how the Dutch, as a people, and as pioneers and producers rank with the best.

SAY IT AGAIN, GENERAL

THE BEST WAY to ward off dangers of communism is for Canadians to work together, said General F. F. Worthington, speaking at the annual reunion of the Governor-General's Foot Guards in Ottawa. He formerly commanded the Fourth Canadian Armored Division overseas, in which the G.G.F.G. fought.

The four sheet anchors against loss of the Canadian way of life he described as discipline, responsibility, craftsmanship and loyalty. He also answered the oft-heard saying that the country owed its citizens something.

"Canada," said General Worthington, "owes us nothing. If we do things for Canada we do them for ourselves. Canada is the sum of the efforts of all of us, and exists only as the expression of the will of the Canadian people."

Reminders of this sort are valuable, particularly so, after a political campaign when the populace still hears lingering echoes of political promises, much of a ham-and-eggs variety. A country is the sum-total of its citizens and nothing else. What the so-called mass owes to the individual is certainly something to be decided, but it can be successfully decided only after the individual has become aware of what he owes his fellows.

Mayor Arnold Gives City Boost In Interview At Municipal Meet

VICTORIA ©— Mayor Nora ent 10,000. Arnold of Prince Rupert, B. C., named Canada's Woman of the Year for 1948 is enthusiastic about her post as head of a city of 10,000 population.

Here to attend the recent annual meeting of British Columbia Union of B. C. Municipalities, of which she is the only woman executive member, the tall motherly woman said in an interview that she had never encountered any prejudice against a woman mayor.

"I have never heard any kind of objection," she said. "People come to the mayor's office with every kind of problem from domestic troubles to the state of the city."

When she took office she cut her salary from \$2,000 to \$1,200 a year. She has familiarized herself with every fact of municipal life and has at her fingertips the history of the financial ups and downs of Prince Rupert. Incorporated in 1910, the city increased in population from 6,500 before the war to its present

"There was no mayor or aldermen for nearly 10 years after the city went bankrupt in 1933," she said. She served for four years as alderman and entered municipal life to "try to help put Prince Rupert back on its civic feet."

A teacher and then business-woman after her husband died in 1936 she operated the real estate business which he established in addition to carrying on her mayoralty duties.

Getting along with an aldermanic council of eight men proved no problem to Her Worship.

She points to the fact that 800 men are building a big celanese plant seven miles out of Prince Rupert which will provide the city with an all-year-round industry.

"We are happy to see it come, for the fishing industry is seasonal. Practically we've lived on fish. Mind you, none of us bellies it. It's the biggest halibut fishing port in the world."

Ray Reflects . . . and Reminisces

There was less chewing tobacco manufactured in the United States in 1948 than in any year of the present century, to date. This may be disagreeable news to those who look on chewing as "a bad habit." But in what way is it bad? If the chewing of tobacco declines, so will a certain form of marksmanship, requiring good judgment, clear eyesight and considerable muscular compression. The shooting has nothing to do with a rifle range.

Children in Russia have never seen an ice cream cone. Such a luxury appears to be unknown in the workers paradise. So says Dr. H. E. Ronimois, professor of Slavonic studies at the University of British Columbia. Perhaps that's the trouble with the Soviet. A little sweetness now and then, is relished by the reddest of men.

Seven dust covered bottles of whisky were found this month in Seattle, where an old hotel was being dismantled. The discovery was in the ceiling, above the plaster and laths. The hotel was built during the Klondike gold rush. The liquor included two Bourbon brands, dated 1896. Verily, this was a find. Not exactly "aged in the wood" but close enough for informal recognition.

A newspaper employing a route boy who has an unusual capacity for getting the other fellows' point of view, has been discovered. It seems that one day, when there was serious mechanical difficulty, he covered his route anyway, leaving this note at each customers door: "Press broke down. Sorry no paper today. Your paper boy." That laddie did not have to be told the value of public relations. He deserves to go far.

The Federal parliament had hardly assembled when some one intimated it was the intention to resurrect the flag question which, it was thought had been definitely settled. And no one need be surprised if another controversial subject such as "O Canada" comes forward with a bow and a smile. Some sing the Weir version. It has a national tinge. Some prefer the Buchanan verse which frankly suggests imperialism. The result is that Canada's national ballad is not sung at all.

Instead of raising crops, the nations that have been raising hell for ten years might just as well be admitted.

PRESIDENT'S RIGHT TO MAKE PACTS RESTORED

By GEORGE RONALD
Canadian Press Staff Writer
WASHINGTON ©—Power to negotiate trade agreements with foreign countries has been restored to President Truman.

For 2½ months he had no such authority, despite the administration's avowed belief in a multilateral approach to world commerce with lower tariffs and fewer restrictive arrangements.

The catch was that the Reciprocal Trade Agreements Act, founded in 1934, expired last June 30, automatically taking away the presidential power.

But, despite opposition from a combination of the Republican minority and some northern Democrats, the Senate finally extended the law today.

Administration critics fought unsuccessfully to include the controversial "peril point" proviso in the Act.

Republican - controlled 80th Congress last year extended the Act only for 12 months. And it weakened the President's powers by directing the tariff commission to set minimum "peril points"—the limit to which tariffs could be cut without harming domestic industry.

That meant that if the president went below those points, he had to explain his action to Congress.

So the real issue this week was not whether the Act should be extended but whether the "peril point" clause should be retained.

The House of Representatives last spring passed legislation for renewal. The Senate because of other legislation such as the North Atlantic Treaty and the European military assistance measure, did not get around to the trade agreement matter until early this month.

FULL LARDER—Heated parliamentary debates give members hearty appetites and a full larder is a "must" for the parliamentary restaurant. Checking the supply of meat before the opening of the new session Sept. 15 is R. Belanger, restaurant purchaser, while Paul Meincke prepares ribs for the next meal. (C. P. Photo)

NIGHT SCHOOL REGISTRATION REMAINS OPEN

Registration period for night adult school classes at Booth Memorial High School will remain open for a few days more because of a "disappointing" enrolment at the formal close of registrations last night.

Minimum enrolment of 15 students per class, necessary before the classes can begin, was not reached and for that reason, a further opportunity will be given to late-comers to enroll. Principal A. M. Hurst said. Those wishing to enroll may do so by contacting Booth High School.

Registrations up to last night totalled 39 for five different subjects: typing 12; bookkeeping 12; woodworking 8; dressmaking 5; and shorthand 2.

Each course consists of 20 weekly two-hour periods. The night school program is made available through co-operation of local teachers, the Prince Rupert and District School Board and the Department of Education. Enrolment fees are \$10.

... well
practically unanimous

You CAN still find people who "don't believe in banks" . . . who keep their cash in old coffee pots, or hide it in the woodpile, or carry it around.

But most folk nowadays keep their money in bank accounts. They can get it whenever they want it; and they can pay their bills by cheque. Canadians have more than seven million such deposit accounts. In terms of Canada's adult population, that makes it practically unanimous.

The banks, in turn, know they must earn this confidence by giving you the best service they know how.

Today you can take your account to any bank you choose. And what is in your bank book is strictly between you and your bank. It is your own private business.

SALVATION ARMY'S NEW HEAD INSTALLED

Representatives of the white and native Corps in the Prince Rupert Salvation Army division formally welcomed their new commanders, Senior Captain and Mrs. William Poulton at a final rally of the Army's summer congress in the Citadel last night.

Capt. Offutt of Port Simpson, dean of the native Corps extended a warm welcome to the new officers on behalf of the native people while Major Mrs. Chambers welcomed Capt. and Mrs. Poulton on behalf of the white Corps and also expressed farewell wishes to Major and Mrs. Yurgensen who are leaving the Prince Rupert Corps to do missionary work in South Africa.

Welcomes were also extended by Mrs. A. Timms and Sgt. Major Mat Waksdale on behalf of the Corps.

Capt. and Mrs. Poulton were introduced by Col. Gilbert Best, Salvation Army field secretary. The rally heard a number of musical selections and a brief scriptural address by Capt. Poulton.

IRELAND FOOD EXPORTS ARE NEARING GOAL

DBL—Eire is making good progress towards doing all she promised under the long-term recovery program approved by the European Co-operation Administration in Washington in 1948.

Her main purpose was to produce food for export, the vast bulk of which goes to Britain.

Food exports were valued at £27,500,000 (\$110,000,000) in the E.C.A. year of 1947. The long-term plan with its goal in 1952-53, was that they should reach a value of £65,000,000 (\$260,000,000) if prices remain relatively unchanged.

Figures for the first six months of this year show that agricultural exports have risen to £23,467,063 (\$95,068,252) as calculated by the E.C.A. formula, compared with £11,963,799 in the same period in 1947.

As the exports for the second half of the year are always grater, because of the increased numbers of cattle shipped at this time, it seems safe to assume that by the end of this year, Eire will have sent out agricultural produce worth over £50,000,000 or within £15,000,000 of the target set for 1952-53.

MIXED LEAGUE TO START WEDNESDAY

Mixed League bowling is scheduled to swing into action at the Prince Rupert Bowling Alleys on Wednesday, September 21 at 7 p.m. Twenty-four teams are entered in the Mixed League for the 1949-50 season which will be handled in one evening by the alleys with Wednesday designated for the Mixed League.

The semi-annual meeting September 14 was well attended and election of officers took place with Garnett Hull elected to the office of president, R. Roberts, treasurer, and J. Mitchell as secretary. Appointed to the executive council were J. G. Paul, J. Comadina, E. Hildebrand, Mrs. A. Pierce and J. Graham. Also the meeting moved and passed a resolution to divide the league into two groups at the completion of the first half of the season in order to allow the inexperienced teams to have more equal competition and a greater chance at some of the prizes. It was pointed out to the bowlers that the foul line will be enforced at the new alleys and judges for this purpose to be supplied by the teams in the league.

SPORTS

LEGION BLANKS SHORT-HANDED MOTORS TEAM TO WIN MOBLEY CUP

Legion 5, Motors 0

The Canadian Legion eleven had a decisive 5-0 win over a short-handed General Motors eleven last evening but only after a great battle by the younger team. Playing with only eight men all through, the General Motors were only a goal down at half-time but in the closing minutes the Legion scored a second and then ran up three more in short time.

The Legion at full strength took up the attack at once and Armstrong tested Boulter. Robinson made a fine run for the Motors but Sunberg cut off the pass and cleared strongly. Smith cut through but John Wilson bottled him up and cleared. Olson broke up an attack and Motors pressed but Owens just failed to control the ball. Armstrong to Murray to Smith left, the latter with an open goal but Boulter saved splendidly. Bishop was prominent, John Wilson miskicked but Boulter cleared. Lien centred well for Sunberg and Eby to clear. Armstrong was clever but John Wilson saved. Then from Armstrong's pass Murray gave Boulter no chance from close-in and the Veterans were a goal up. Boulter brought off another great one-handed save from Smith at close-quarter. Baxter centred well and Boulter cleared. Half-time came with the Legion leading a goal to nil.

Playing up-hill the Motors started with an attack in which Olson and Bishop were prominent. Yelland cleared. Robinson cleared well and John Wilson came through effectively. Smith just missed from Murray's centre. Bishop was clever and with Pat Wilson kept the Legion defence worried. Pat Wilson worried through but Eoy cleared his centre. Baxter shot past. John Wilson again stopped the Legion attack and Yelland came through nicely. Bowman and Baxter threatened but Olson headed away. Boulter saved from Baxter and then Pat Wilson beat three men and forced a corner. The Legion scored again when Baxter's centre was converted by Murray. Bishop and Pat Wilson were aggressive but succumbed to force of numbers. John Wilson blacked a great drive by Smith. Greer slipped a nice forward pass to Murray and Smith converted the relay to put the Legion three goals up. Back came the Motors with Owens centering well but Yelland checked. Smith hit the upright and Baxter converted the rebound and then Murray's cen-

tre Smith added the fifth goal. Full-time came immediately after, and the Canadian Legion won the game and their second trophy of the season.

Teams:
Canadian Legion — Krause; Sunberg, Eby, Alexander, Yelland, Greer, Baxter, Bowman, Smith, Armstrong, Murray.
General Motors — Boulter; John Wilson, Robinson, Lien, Olson, Pat Wilson, Bishop, Owens. Referee, S. P. Woodside; linesmen, Haig, Parkes.

It was a hard-fought game in spite of the General Motors being so short-handed. With McKay, Mercer, Price, Bob Currie and Charlie Currie all failing to turn up it was a heartbreaker for the rest. Boulter gave a great display in goal with two seemingly impossible saves tucked in among a dozen other great stops. John Wilson starred at back tackling strongly and kicking with fine judgment. Robinson also gave a great display, defending courageously and making effective runs. Olson was a stand-out in every way. Lien was tenacious and fed his forwards but he weakened his team by falling back towards the end and putting the opposition onside. Bishop was clever in a three-man forward line with Pat Wilson turning in a great fighting display that was good to see. Owens was always a trier. Krause had nothing to do. Sunberg kicked very strongly. Eby was reliable as usual but found Pat Wilson hard to stop. Greer played coolly and made good use of the ball. Yelland was always capable and Alexan-

der was fair. It was only towards the end that the Legion forwards were able to capitalize on their numerical advantage. Armstrong and Baxter are the two

**MEN'S FIVE-PIN
LEAGUE RESULTS**

Without any fuss or bother the Men's Five Pin Bowling started at the new Rupert Bowling Alleys Monday night. Nearly all bowlers were on hand to try out the new alleys as the first round of the league was opened.

The foul line difficulty bothered the odd bowler and quite noticeably affected the style of the majority. However, it is felt that no hard feelings are being created and it won't be long before the foul line will offer no handicap to anyone.

The results of the first night of Men's Five Pin League bowling seemed to follow a fixed pattern with all teams aligned in groups of threes. Manson's Grand Cafe and Blain's were able to remain in the undefeated column tallying their four points each from Watson Island Stages, Undesirables and Philpott Evitt respectively.

Pacing the Manson's group to victory and ringing the high game and three games totals for evening's bowling was Ian Dunbar with a score of 311 for high game total and a three game score of 716. The second half of the first round in the

EDUCATION IN GARDEN—In a picturesque setting, the spacious grounds of the residence of Mrs. Gertrude McGill of Victoria, a unique school is operated to teach pre-school and under-teen age children citizenship. This Mrs. McGill defines as "character, co-operation, courage, comradeship and Christianity." A child-sized library filled with children's books is part of the garden school. Also included is a movie theatre housed in a converted streetcar where children's films are shown. Here Mrs. McGill is surrounded by a group of children in the play area of her garden. "Jumbo" is a slide with a sand pile around the base. Mrs. McGill is assisted by 25 volunteer workers in the operation of her school. (C. P. Photo)

Men's Five Pin League Bowling will take place Friday, Sept. 23rd at 7 and 9 p.m. All teams are asked to be on hand on time and to supply the foul line judges as required.

FOOTBALL SHORTS

With only one more football game of the regular season to play it has been decided to play the final game of the season on Thursday evening of this week. This will be the final of the Benefit Shield and will bring together last night's contenders, the Canadian Legion against the General Motors. These two teams met in the final of the Dominion Day Cup and played to a one-all draw. The Legion won the replay by a single goal with the Motors falling to score from a penalty. Should the Legion win it will be their third trophy of the year. The General Motors have not won a trophy yet. But there are many who feel that should the Motors be able to field their full eleven they could quite understandably make this their first competition win.

CLARIFY CITY LIBRARY HOURS

During the Fall season and until further notice the Prince Rupert City Library, situated on the second floor of the Civic Centre, will be open to the public at the following times:

Monday, Wednesday and Saturday from 2 p.m. until 8 p.m.
Tuesday and Friday from 10 a.m. till 11:30 a.m. and from 2 p.m. until 6 p.m.

The library will be closed all day Thursday.

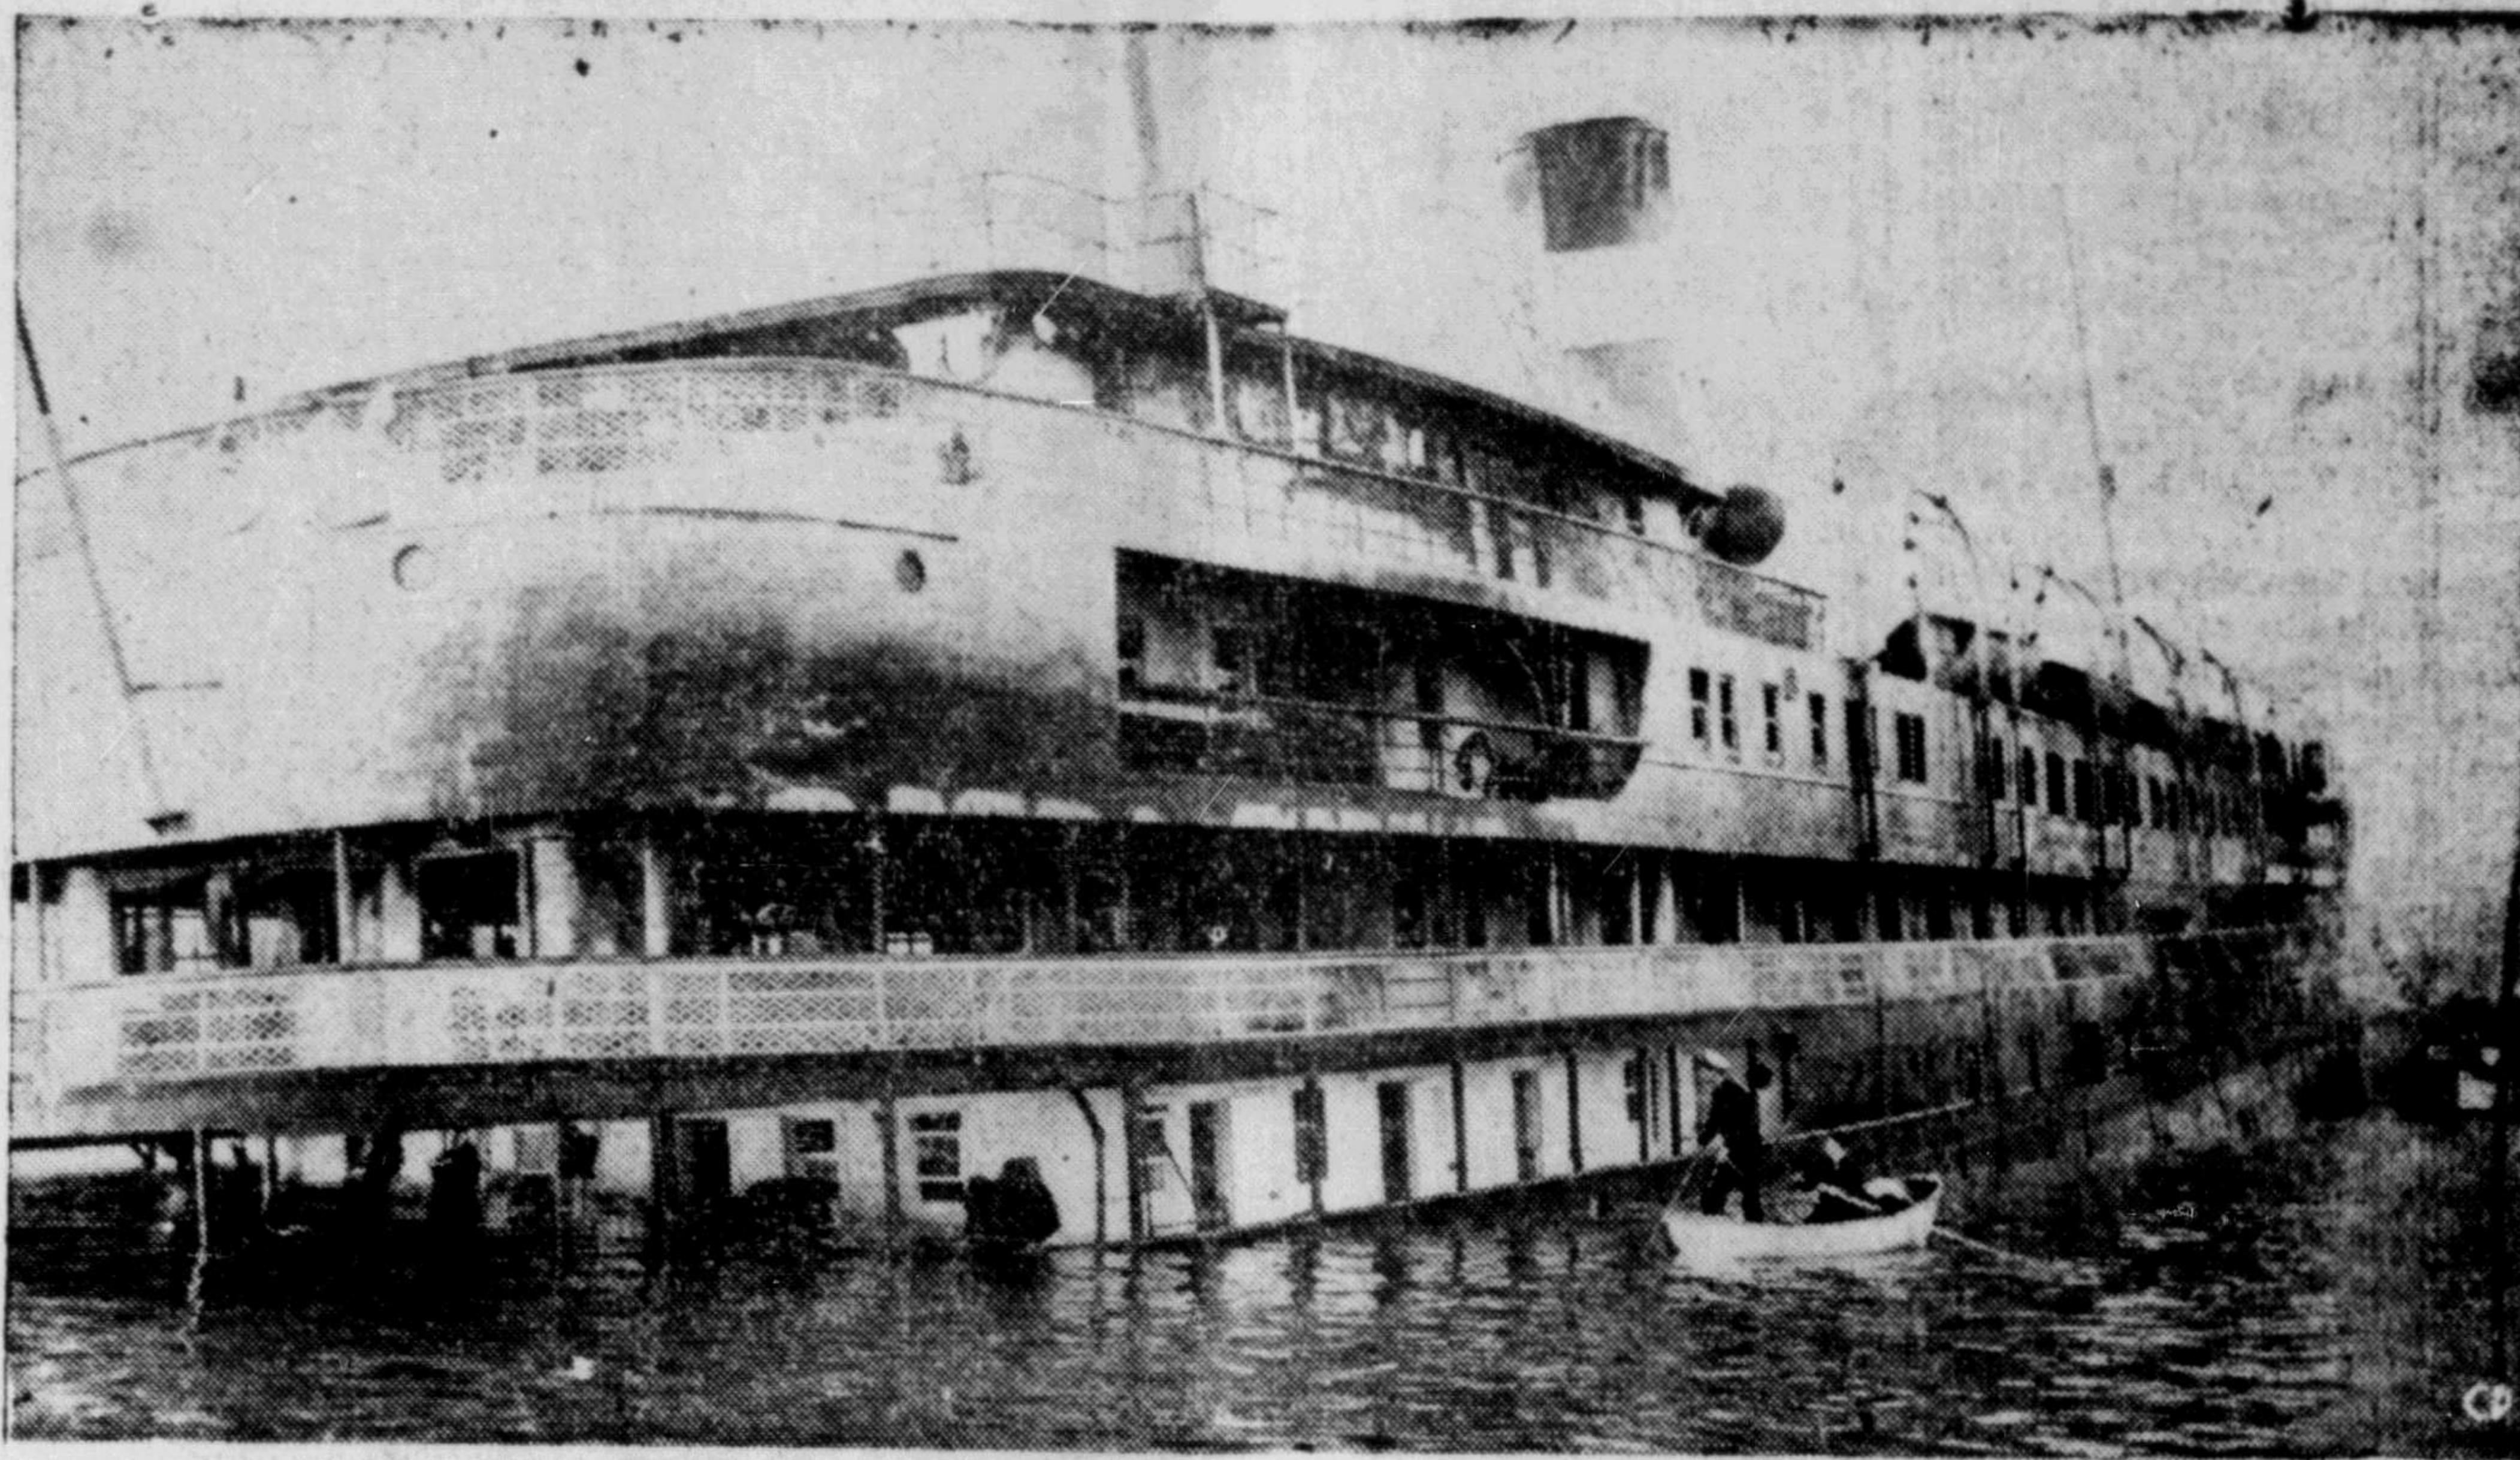

The library is open to all residents of Prince Rupert who may join by contacting either Miss Olive van Cooten, the librarian, or her assistant, Miss May Macdonald at the library. Temporary residents may borrow books by special arrangement.

A new selection of books has just been added to the children's library as well as many new technical and non-fiction books to the adult section.

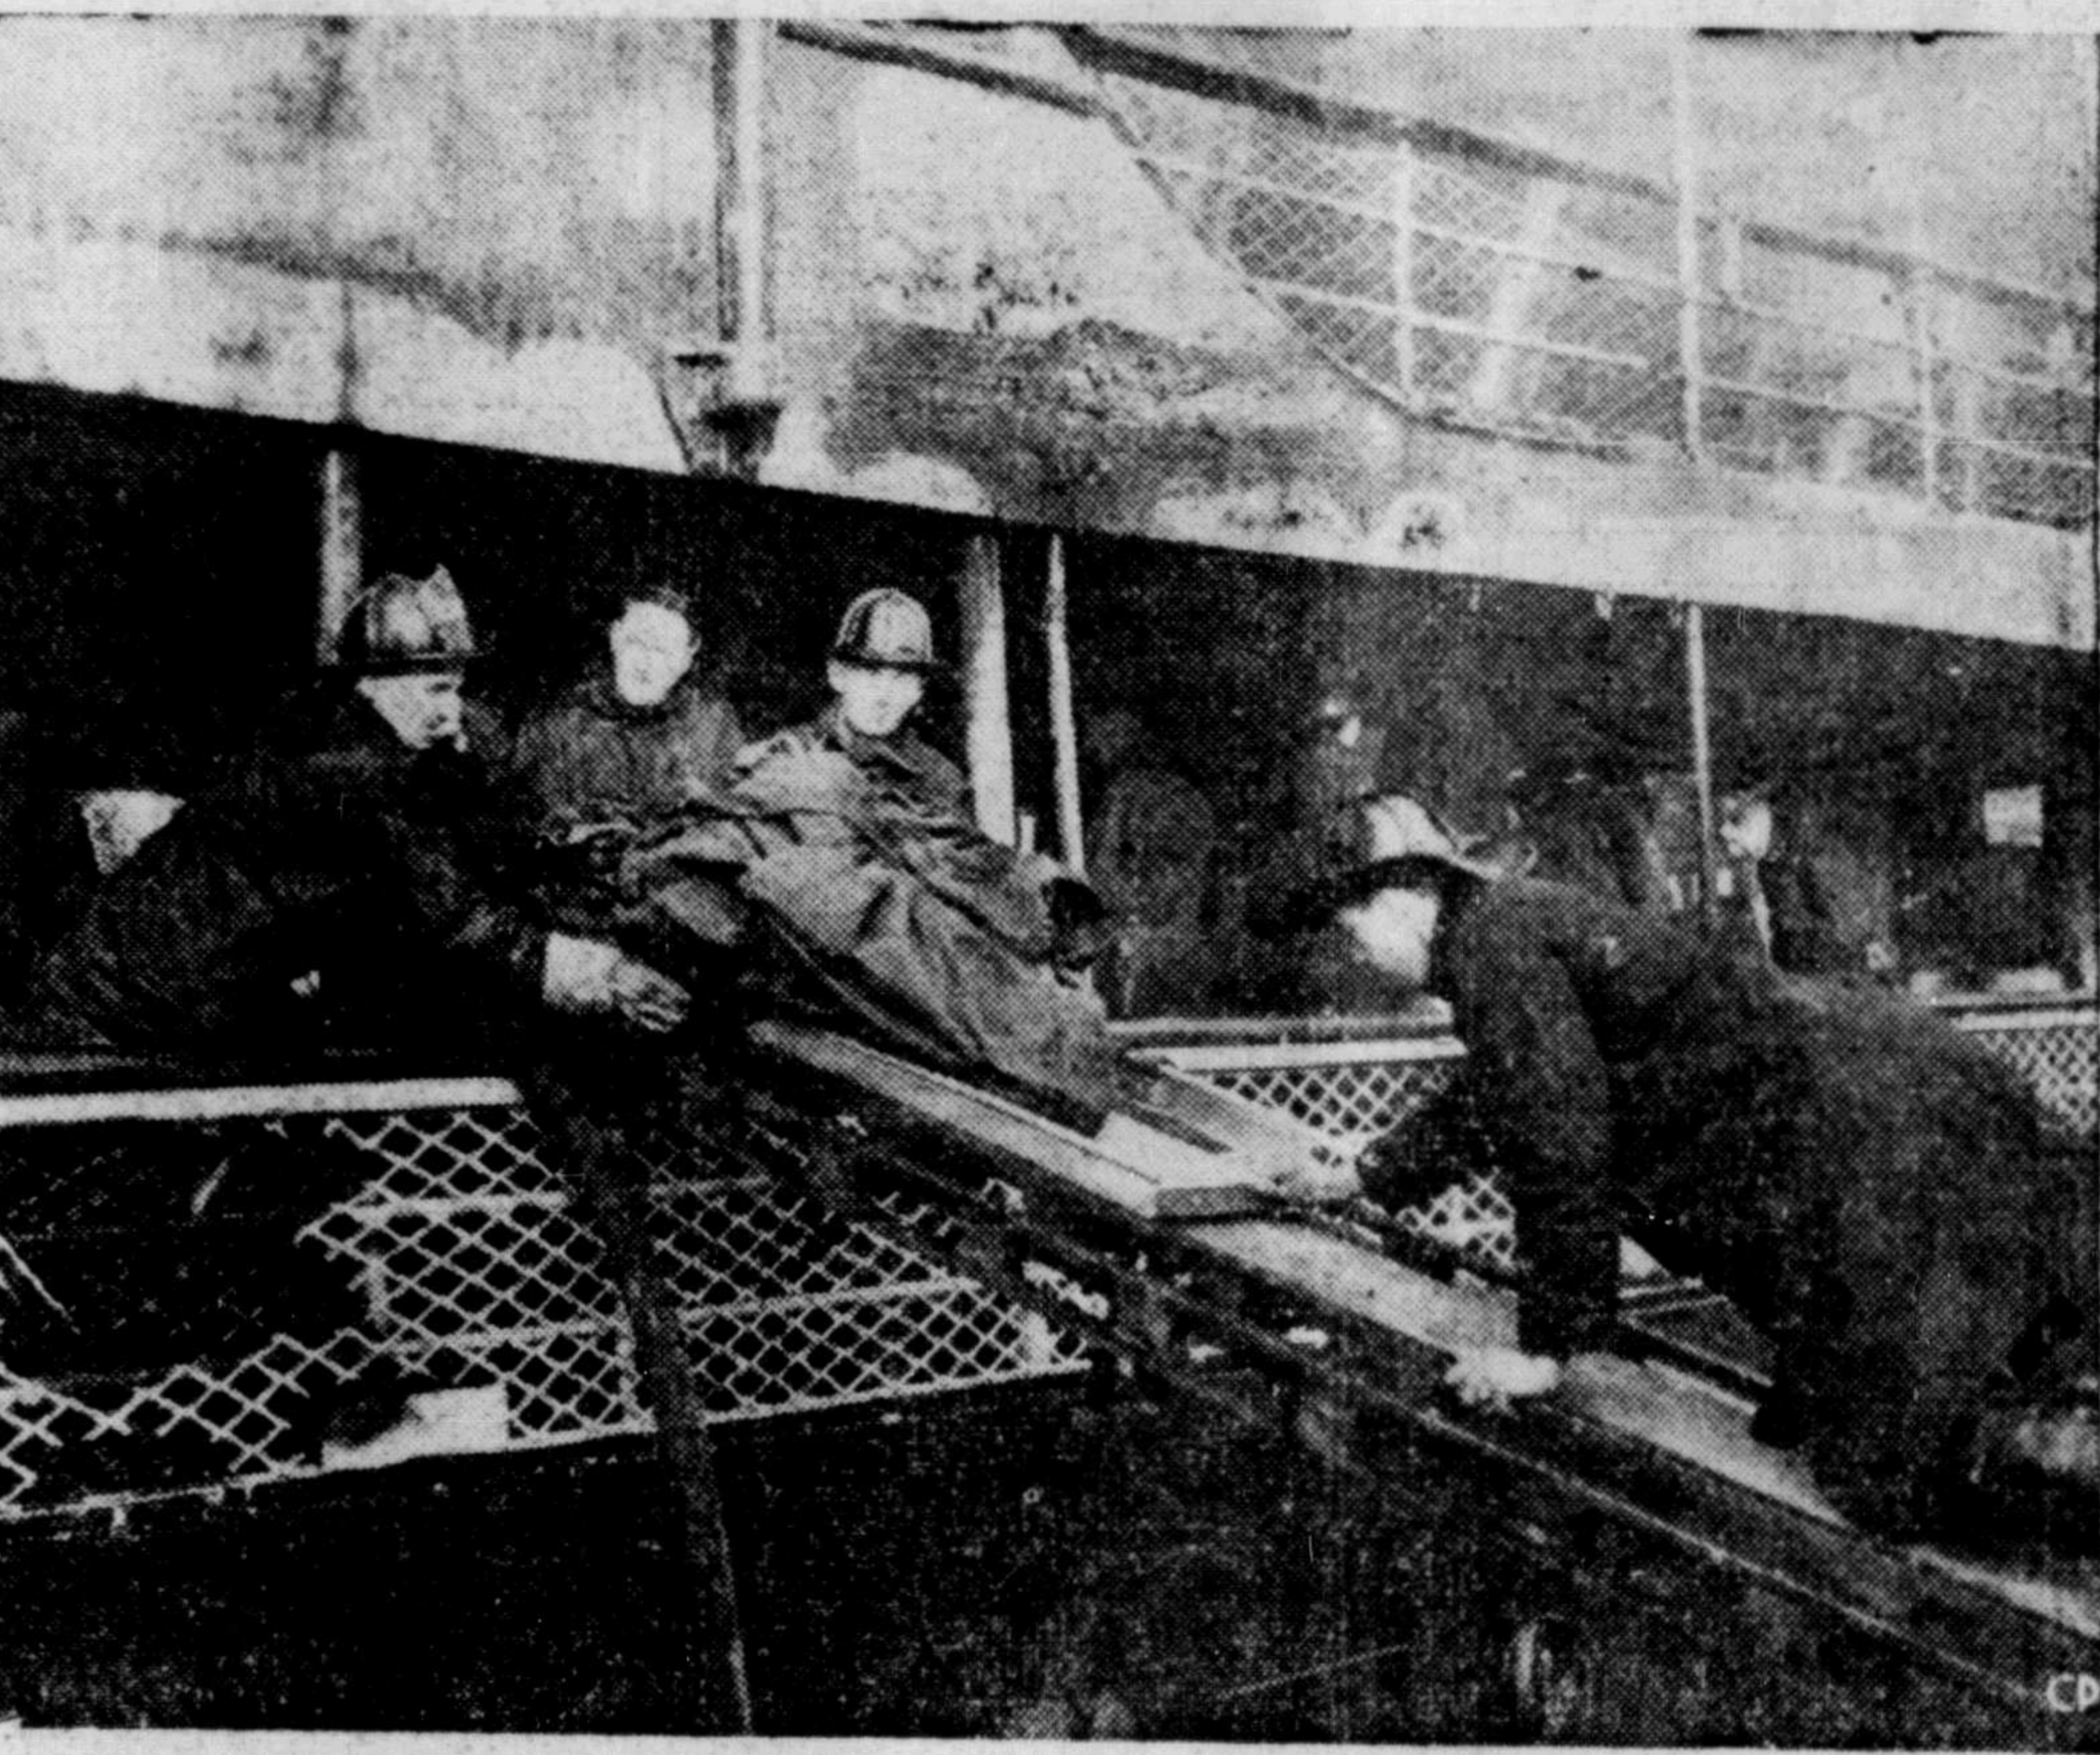

SUSPENDED ON ASSAULT CHARGE

Three months suspended sentence was handed down by Magistrate W. D. Vance in police court Monday to W. L. Woods following his conviction on a charge of common assault.

G. W. Cook of 629 Eighth Avenue West, was taken to the General Hospital this morning at 10:15 by the Prince Rupert ambulance service.

GHASTLY HULK—As a night of death turned day, the fire-rigged steamship Noronic listed sharply, then righted herself as her stern filled with water and her keel settled to the bottom of the slip in Toronto harbor. This shot was taken as firemen brought the blaze under control and began the grim task of recovering bodies of the more than 120 victims. (CP Photo)

GRIM TASK—Firemen searched the ruins of the once-proud luxury liner Noronic for hours to recover bodies of the victims. Here firemen remove one of the bodies from the death ship. (C. P. Photo)

shouted the bartender: "you said you'd kill every fly in the place."
"And so I will," said the hobo, rolling up his sleeves and stepping outside. "Send them out one at a time."

SHIPS and WATERFRONT

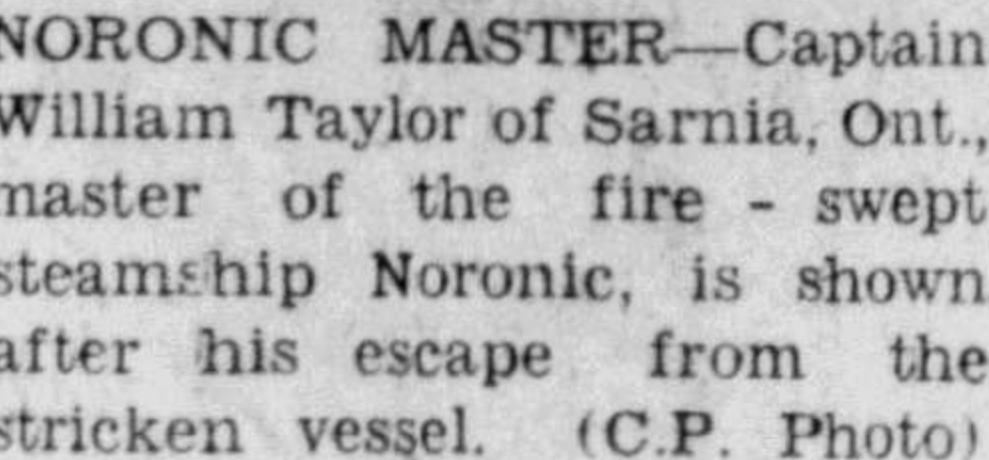

The whole of District Number Two, with the exception of the Queen Charlotte Islands, will be closed to all salmon fishing for commercial purposes after 6 p.m. on Friday, September 23. The season will officially open again on February 1.

The M.V. Shinn, under Capt. Bakvousen, towing barge 1597, entered port here to take on cargo for the north.

The M.V. Dagny, under Capt. Wicks, was in port today unloading canned salmon from Alaska for transshipment under bond to the United States.

A private plane, piloted by J. Lougheed cleared here today for Ketchikan, Alaska, with two men on board from the Powell River Co. Ltd., Vancouver.

FINED \$15 ON SPEED CHARGE

Charged with speeding, Allan E. Barr was fined \$15 and \$2.25 costs by Magistrate W. D. Vance. Police told the court that Barr had been travelling 30 miles an hour through a 15-mile-an-hour school zone on Seventh Avenue East.

What— neglect my health? . . . not with today's living costs!

"These are no times for that 'slack-off' feeling . . . got to make my pay beat today's prices . . . that means — keep on the jump . . . stay fit."

Keep YOUR pay envelope full by protecting your health. Guard against "irregularity" often caused by lack of bulk in the food you eat.

Post's — the better Flakes — contain sufficient bran to act as a gentle, natural laxative . . . along with other parts of wheat to provide good, sound wheat nourishment not always found in a bran cereal.

You'll go for the crisp, sweet-as-a-nut flavor of Post's Bran Flakes. Today, get your large or regular size package. Make sure they're Post's — the better Bran Flakes.

Sure — he needs **Post's BRAN FLAKES** — likes 'em too!
