## It Pays Off

TPAYS OFF to be a good student. Two examples right here in Prince Rupert this week prove it.

Prince Rupert-born Harry Daggett has been awarded a new scholarship of \$3300, bringing well up in the thousands now the aggregate of such awards which he has received and which have enabled him to attain a high standard of education which he appears to be putting to good account.

Another local boy, Warren Wilkinson, it was our pleasure to announce yesterday, has been selected for an all-expense educational and goodwill tour to Britain this summer. The necessary qualifications were academic standing, together with such attributes as co-operation and enthusiasm which are as much educational factors as the scholastic attainment. No doubt many other students are envious of Warren today and some of them might have been in his position had they applied themselves in the proper attitude.

And to the credit of Prince Rupert, Daggett and Wilkinson are just two of many local students who have found that applying oneself to the acquisition of good qualities of education and citizenship can be exceptionally profitable sometimes.

### LEARNING OF RUPERT

ONGRATULATORY letters continue to received by the publishers of the Daily News on the special international edition we put out last fall. One which we consider outstanding arrived yesterday from Hon. Ray Lawson, the Lieutenant Governor of Ontario. Mr. Lawson was greatly impressed with the Civic Centre here, for one thing, but the whole edition was, apparently, a revelation to him. His Honor is but one of many prominent individuals throughout Canada and the United States who received copies of the edition and already a number have written in to intimate how much they had learned about Prince Rupert as a result.

Here is Mr. Lawson's letter:

Heartiest congratulations on the International Edition of the Prince Rupert Daily News that was published jointly with the Ketchikan Chronicle.

This is a remarkable edition. It is interesting and educational.

I was particularly surprised to see what is apparently a marvellous Community Centre.

As stated in the illustration, it might well be the envy of the Continent

I do not suppose there is any place the size of Prince Rupert that has such an attractive and commodious Community Hall.

To see the illustration and read about the \$35,000,000 Celanese Pulp Plant that is under construction and your enormous timber reserves, makes me wonder if the people of Eastern Canada are familiar with the annual income from the fishing industry, your large grain elevator and your annual fur trade.

May I express my sincere thanks for forwarding a copy of this International Edition of your paper and again offer my sincere congratulations to you and the people of Prince Rupert, who have joined with the people of Ketchikan in co-operating in this special edition and I also send best wishes to the people of Ketchikan for the enterprise they have shown.

## Enrolment Unchanged'

Enrolment at Prince Rupert schools during last month was exactly the same as January. Mumps are still keeping a few of the Conrad Street school children at home but no major outbreak of diseases was reported to the school board Wednesday night.

It was reported by the schools school were as follows: committee that the Borden Street grounds were in bad shape and required filling. It was decided to purchase clink-

damp conditions.

Enrolment at Booth totalled January. At Conrad, 252 pupils Pyltone than the January total of 250. ner trouble. One bottle will show you the results we claim 308 during January. Enrolment has it in stock new. Borden Street totalled 247 compared with 245 during Janu-Total enrolment February was 1255, identical to that of January enrolment figures.

Attendance percentages per Booth 91.

## Survey Need Of Kindergarten

The Parent-Teacher Council has referred to the four P.T.A.'s resolution which has been passed to them by the Local Teachers' Federation for endorsation to the effect that current regulations be changed to permit teachers to hold civic office. If passed by the P.T.A's, Council will forward the resolution to the B.C. Parent-Teacher Federation in Vancouver to be taken up at their annual convention this spring.

A recording of excerpts from the B. C. School broadcasts which is reported to be of especial interest to parents and teachers, has been forwarded here recently. The recording will be played to each of the city's P.T.A.'s at their | March meetings.

A survey will be conducted again this year to determine the number of kindergarten age children in the city, so that the P.T. Council will be provided with material to follow up the action begun last year in an effort toward the establishment of adequate kindergarten facilities here. R. D. Cleland was appointed chairman of the Council's Kindergarten Committee.

The next meeting of the P.T. Council will be held on March 27.

Those present at Monday evening's meeting were Mrs. A. J. Dominato, President J. Jenkins, Secretary-Treasurer: J. Goscoe, Mrs. H. M .Lindseth, Mrs. R. E. Mortimer, T. G. Bateman, Mrs. E. W. Becker, Mrs. H. Marchildon, H H. Thom, L. Sykes, J. S. Wilson, Mrs. W. McLeod, Mrs. H. Flood.

Also in con- To substantiate this I refer you nection with Education Week, it to any radio station other than was announced that visitors day CFPR. would be held at each of the city's schools.

## Two Tenders Are Accepted

Three tenders, two for servicing of typewriters and one for construction of teachers' desks were opened at a meeting of the Prince Rupert Public School Board Wednesday night.

The successful tender for servicing of 44 typewriters at city schools was that of Brydges, McLean and Rudderham which stipulated servicing of each typewriter every second menth at a \$1 fee. The other bid, by McRae Bros. Ltd., was identical.

Thirteen teachers' desks will be supplied by Woodbilt Products of Prince Rupert as a result of their successful bid for the contract. The desks, of wooden construction, will measure 42 feet by 26 feet and cost \$45 each. Seven of these will be used at Borden Street school and the rem .ning six at Conrad Street school.

### PILES

Pyltone has been used in many cases. Some were very old people with twenty or more years of torture, others recently severe ers to remedy the muddy and cases, scarcely able to walk, yet the new Pyltone Treatment has been successful. ## "THE WASHER TH COULDN'T HAPPE

at a price you won't believe

Bendix announces the newest, simplest, automatic washer at world's lowest price!

See this utterly different Bendix Economat! It stars the amazing flexible Wondertub made of metexaloy-the tub that revolutionizes washing, draining, damp-drying!

Triple-Action Wondertub combines with

agitator to make a dream come true!

What's more, the Wondertub eliminates many costly parts. Enables Bendix to give you the first automatic washer every family can afford.

So different, so simple, so practical! And this amazing new Wondertub is guaranteed for 5 years!

UNDERTOW WASHING ACTION! The Wondertub's shape combines with the agitator to give you a new washing action! (Clothes and suds are pulled down into undertow currents. Dirt comes out like magic.

FLOAT-AWAY DRAINING! Floating suds trap dirt. The Wondertub then closes in. Floats dirty suds up and out the hollow agitator. Sand and

heavy sediment flushes out through the tab bottom. Dirty water never strains through clothes. Clothes come out clean!

SQUEEZE-DRYING! The Wondertub gently but firmly hugs clothes. Squee-co-cezes out water. No wringer! No spinning! No deep-set wrinkles! No tangling! No broken buttons! Just even, constant vacuum pressure. Clothes come out damp-dry in a jiffy!

COSTS LESS TO MAKE! COSTS LESS 10 NO WRINGER! NO SPINNING! NO BOLYING

Don't Miss This Chance to Enjoy Automatic Washing of Sensational Low Pricel IT'S HERE! SEE IT TOU
