DOUKHOBOR TROUBLE—This photo was taken during the current demonstrations by fanatic Sons of Freedom Doukhobors in the Krestova region of southeastern British Columbia. Here Col. J. Mead of the B. C. Provincial Police, beyond the uniformed police officer, urges a crowd of Doukhobors at Krestova to be patient and to stop their public disrobing and burning of homes. Typical Sons of Freedom homes can be seen in the background. (CP Photo)

Ottawa Incident

Unprecedented Interlude On Unemployed in Chamber
OTTAWA — One after another of seven men tried to shout statements about unemployment from the House of Commons gallery into the Chamber and were forcibly seized and removed by House police.
The incident was the first of its kind in years.
The uniformed police grabbed each man as he stood up and started to read a brief prepared by the "Canadian Convention of Unemployed Workers" meeting here.
The group had tried earlier but unsuccessfully to present a brief to Prime Minister St. Laurent and Labor Minister Humphrey Mitchell.
The incident was all over in a minute or two.
The House looked up, first in astonishment, and then tittered a little although it took no official cognizance.

Flash

SANDERS PLEADS GUILTY
Charles Alexander Taylor alias John Barry Sanders, former bookkeeper at Butedale cannery, pleaded guilty in County Court yesterday before Judge W. O. Fulton to a charge of theft in connection with the disappearance of over 11,000 from the office at Butedale in September 1947 and was remanded until Monday for sentence.
OUT FOR COMMUNISTS
SINGAPORE—The Malayan government today put still more teeth in its anti-communist campaign by providing the death penalty for communist agents. Until now only armed terrorists have been liable to the extreme penalty. Latest government move came on the heels of an attempt on the life of Singapore's governor, Sir Franklin Gimson, who was unhurt when hit on the leg today by a piece of unexploded hand grenade which police said was thrown by a Communist.

Minister Would Be Watchful of Russ

MONTREAL (CP)—The Western Nations must not be fooled by any "phoney peace overtures" from the Russians, Hon. L. B. Pearson, minister of external affairs said today. "We must refuse to be led astray by empty words of those who talk of peace but who make no other proposal for safeguarding it except to recommend that we unilaterally disarm," he said in an address to the Reform Club.

Pride In Good Jobs Urged

MONTREAL—Donald Gordon, C.M.G., chairman and president, Canadian National Railways, this week urged the delegates to the 20th annual meeting of the C.N.R. Union-Management Co-operative Movement, Maintenance of Way Department, to have pride in the performance of their work. "The individual is always the most important unit of any organization," he said. "The railway requires the faithfulness and skill of its employees for the welfare of the whole organization the company's slogan of 'courtesy and service' can only be made a reality by the action of the individual," Mr. Gordon added.

"Shod for Glory"

Joe DiCocco of Prince Rupert, B. C. at the age of 78 wore shoes for the first time in 35 years—in his coffin. For all those years he had gone barefoot—London Sunday Express.

Big Blast on Sunday

Big blast will go off beside the Canadian National Railway track about three miles west of Pacific tomorrow.
Over sixty tons of dynamite will be detonated to extend a quarry there and open up 150,000 yards of new rock to provide rip rap and ballasting material for the grade along the Skeena River.

Arsenal Wins English Cup

LONDON — Arsenal defeated Liverpool 2 to 0 today in the English Football Cup final at Wembley Stadium. With the victory went the Football Association Cup, symbol of soccer supremacy in Great Britain. A rain-soaked crowd of 100,000 wildly excited fans watched the game.
Scoring hero of the game was Reg Lewis, inside left, who scored both goals.
Arsenal opportunism, plus stoutest defences which refused to crack before a sustained second half drive by the Merseysiders, won for the local club.
It was Arsenal's third cup triumph and, as in 1930 and 1936, the King presented the famed trophy to the London eleven.

DOCK STRIKE OVER

LONDON—London's 11-day dock strike virtually ended today when 2,000 key representatives of 14,500 strikers decided to resume work Monday on 205 ships now idle. The men warned, however, there would be immediate and extended resumption of the stoppage should their three leaders be refused work. The expulsion of the three from the Transport and General Workers' Union for their part in the British dock strike last summer in support of striking Canadian seamen fired off the present strike April 19.

Standout For Dominion Day

OTTAWA—E. T. Applewhaite, M.P. for Skeena, led speakers opposing a bill to change the name of Dominion Day to Canada when the bill, proposed by A. P. Cote, member for Matapeia-Matane came up for second reading in the Commons Wednesday.
Mr. Applewhaite pointed out that there was neither reason nor demand for the change and that both name and day commemorate the coming into existence of a Dominion that many Canadians had a real affection for the term Dominion and that only an inferiority line of thought could prompt a move to break away from all historical ties.
Among others who spoke on similar lines was Angus MacInnis, C.C.F., Vancouver East, who said it was somewhat ridiculous to think that changing the name would change the historical event. The debate was adjourned.

Northern Ship Captain Passes

Capt. Alex MacLennan of Union Steamship Co. Succumbs
Veteran master mariner of the British Columbia coast whose runs extended for many years into northern waters, Capt. Alexander Campbell MacLennan, whose last command was the steamer Camosun on the Prince Rupert-Queen Charlotte Island run a few weeks ago, passed away in Vancouver yesterday following a stroke earlier in the week. Out of respect to his memory, vessels of the line are flying flags at half mast until after Monday when the funeral will be held in Vancouver. For the past year, Capt. MacLennan had been in indifferent health.
Born in Kyle, Scotland, Capt. MacLennan went to sea as a boy of 15 and ran on steam trawlers between the Hebrides and Greenland, later being on tramp freighters plying from the United Kingdom to New York and Canada. On one voyage he signed off deep sea at Seattle and joined the British Columbia Coast Steamship Service of the Canadian Pacific Railway. In 1914, he joined the Royal Canadian Navy as a petty officer and served therein until 1921. Then he joined the Union Steamship Co. in which he served for 28 years, the last twenty years as master of various ships including, at various times, all which plied to Prince Rupert.

French Fire Curie From Atomic Post

PARIS — The French Government yesterday decided to dismiss Frederic Joliet-Curie, Communist scientist, as chief of France's atomic energy commission. Centre and right wing leaders have been demanding such action ever since Joliet-Curie told the 12th national congress of the French Communist party this month that "Communist scientists will never contribute a particle of their science to war against Soviet Russia."

Education Helps To Thwart Communism

OTTAWA — Communism will never take root in communities where people have found economic security, a Canadian educationalist told the Senate committee on human rights.
In a 2500-word brief prepared for delivery before the committee, Dr. E. A. Corbett of Toronto said one reason why communism was making no headway in places such as Great Britain and in the Scandinavian countries was because the level of public education for adults was higher than anywhere else in the world.

Elizabeth Plans Big Royal Family

LONDON — Princess Elizabeth may re-establish the Royal tradition of large families, Buckingham Palace sources hinted yesterday.
The Heiress-presumptive to the throne and her young husband, Prince Philip, Duke of Edinburgh, are expecting their second child in August. The people around the palace think the baby will not be the last by any means. "There's no question that both are very child-minded," one informant said. "This is particularly true of Princess Elizabeth since the birth of her first baby."
Queen Victoria set the big family tradition for the British Royal house. She had nine children herself and at the time of her death had 37 great-grandchildren on her Christmas list.

Americans Murdered

JAKARTA, Indonesia — A Yale professor and an American correspondent were slain yesterday in western Java—apparent victims of a murderous gang whose motives could not be determined.
The two were:
Professor Raymond Kennedy, 43, of Yale University, noted sociologist known to his students as "Jungle Jim" because of his urge to explore remote places.
Robert Doyle, 30, native of Chicago, who worked for Time and Life magazines out of Hong Kong.
A spokesman for the American embassy said the two were killed on a paved highway near Tomo.

Manitoba Flood Crisis Worsens

WINNIPEG — Southern Manitoba flood crisis worsened yesterday as the Red River's crest shifted toward Winnipeg. A rapid rise in the river poured water over acres upon acres of flat farm lands north from Emerson at the International boundary. Yesterday as far north as Winnipeg the level was climbing.

Four Die After Edmonton Party

EDMONTON — A birthday party ended tragically today as four persons were killed and two others injured when their car smashed into the rear of a truck on the Calgary Highway near Nisku, 15 miles south of here.

Daylight Time Starts Tomorrow; Rupert, Like Most of Canada Advances Clock

Canada, as a whole, including Prince Rupert, switches to daylight saving time at 2 a.m. Sunday, April 30. That's tomorrow. The only province in which standard time remains as usual is Alberta. It's been declared illegal there. A Dominion-wide survey shows that, while there has been some opposition to the change, this attitude has not been particularly marked. Traditionally, the farmers would prefer standard hours. They say their cows do not know the difference but still have to be milked at the same hour.
In Manitoba, a private member's bill advocating a ban was rejected in the legislature, the vote being 29-18. In Ontario, the dominant preference is a single standard system right across the whole Dominion. Yet, Ontario goes with the majority.
As for the length of the "fast" time, it will remain until late September.

Anti-Sub Role Given Canada

VICTORIA — Canada's major wartime function under the North Atlantic Pact will be anti-submarine and escort work, Vice-Admiral Harold T. W. Grant, chief of naval staff, said yesterday. He said that a five-ship squadron from the Canadian Navy may visit the North Atlantic Pact nations next fall.

HOBBY SHOW IS DRAWING CROWDS

Attendance at the annual Hobby Fair in the Civic Centre has been gratifying. Some 560 persons visited the show on opening day Thursday and there were about 400 yesterday. Miss Eileen Cross' lectures drew about 125 persons Thursday afternoon and evening. The home moving picture programs have also been popular, drawing out about 125 persons each evening in the common lounge.

THE WEATHER

Synopsis
The sun was shining on all but the exposed coastal sections of British Columbia this morning and it seems likely that this condition will prevail through tomorrow. A disturbance which moved slowly across the Charlottes last night caused cloud and showers in these parts but it is expected that it will be too weak to cause much change in the weather elsewhere.
A second storm now entering the Gulf of Alaska is expected to be causing intermittent rain and fresh southerly winds over the north coast region by tomorrow afternoon. Under the influence of clear skies temperatures should fall rapidly tonight with frost to be expected at many points while tomorrow the maximum temperatures should again rise to the high sixties at south coastal and central interior points.
Forecast
North Coast Region—Cloudy. A few showers today. Intermittent rain beginning tomorrow afternoon. Little change in temperature. Winds light becoming southerly (15) tomorrow afternoon. Little change in temperature—at Port Hardy, Sandspit and Prince Rupert, 40 and 50.

Let No One Sneeze

THE OVERALL MAJORITY of Britain's Labor party is now eight and the majority over Mr. Churchill's legions is a bare 313 to 297. It will be remembered that in a recent division of the House over the minor matter of adjournment, the court was sharply against the government. Quite rightly Mr. Attlee declined to consider it a criticism of the government, but it did point to the constant danger facing him. Perhaps the Labor Government after even a so sharply qualified success, remains overconfident.

Matters are at a pass where a half dozen Labor members forgetting to wear their rubbers on a wet London day might change the political fortunes of Britain. It is not likely that the Conservatives under Mr. Churchill's astute leadership will fail to take advantage should such an opportunity arise. Never, as Mr. Churchill might have said, were such weighty decisions hung upon the snuffles of the few.

SOME GOOD PUBLICITY

PRINCE RUPERT gets a good spot of up-to-date publicity in a comprehensive article "Where To Build Your Factory" by P. H. Linzey, secretary of the Prince Rupert Chamber of Commerce, which appears in a recent issue of "Canada's Weekly," published in Britain but featuring Canada, particularly from the industrial, commercial and economic angles. Mr. Linzey has missed little in the way of latest industrial developments and advantages and opportunities offered here and hereabouts for new industry. The article reflects a good deal of research in bringing Prince Rupert's story up to date and Mr. Linzey is to be congratulated on a good job.

PRESIDENT EISENHOWER?

NO PROFESSIONAL SOLDIER has served the United States as president for many years but there is another Eisenhower boom on for 1952.

It is no novelty for men of military training and experience to have had a part, in the guidance of the nation in a civilian sense. Washington, father of his country, Jackson, fiery fighter of the south, Harrison, Taylor and Grant, who led the Union armies to Appotomax, all sat in the highest executive office.

Today, possible candidates are mentioned. There are parties, groups, movements. There are admissions that the times will be calling for a type of man who, more than others, is best fitted to succeed such historic predecessors. Many Americans believe they have found him in the person of General Eisenhower, who came home from France to take over a university.

Trip to Moscow is Condemned

George Drew Urges Trygve Lie to Keep off Appeasement Trail

TORONTO — Speaking before the Empire Club here Thursday,

George Drew, leader of the Progressive-Conservative party, declared it would be folly for Trygve Lie, secretary-general of the United Nations, to visit Premier Joseph Stalin in Russia. He warned against a road of appeasement and humiliation to the Kremlin, reminding of Munich in the days before World War II.

Services in the Church

DIRECTORY

Services in all churches at 11 a.m. and 7:30 p.m.; Sunday School at 12:15 except as shown.

rad United Hall: all at 2 p.m.

Britain And Palestine

LONDON — Great Britain yesterday officially recognized Hashemite Jordan's annexation of Arab Palestine and, at the same time, accorded full de jure recognition of the state of Israel.

Kenneth Younger, minister of state, announcing this in the House of Commons, said that Britain's recognition of Israel was subject to explanation of two points.

The British government, he said, was unable to recognize the sovereignty of Israel over that part of Jerusalem she occupied pending final determination. Similar reservations, he said, were made on Israel's boundaries.

Miss Eileen Cross of the University of British Columbia extension department, who had been here giving courses in sewing and home furnishings at the Civic Centre, left by yesterday's plane on her return to Vancouver.

Advertise in the Daily News.

C.D.N.A. PRESIDENT — Roy Thomson, 55, of Toronto is the new president of the Canadian Daily Newspapers Association. Mr. Thomson, owner of several daily newspapers, is also first vice-president of The Canadian Press. (CP Photo)

More Control and Economy Called For by George Drew

OTTAWA — George Drew, Progressive-Conservative leader, called in Commons for "an examination of the whole business of the government" and demanded that the people's business be brought "fully under control" of parliament.

Continuing in the budget debate, the Opposition leader said the government has presented a \$2,400,000,000 budget without any idea of how to economize.

Mr. Drew said he felt that, by complete examination of government business, overlapping services within the government could be eliminated.

Ray Reflects . . . and Reminisces

Prince Rupert is changing. What a weird unnatural feeling it would give a fellow to step out and know any one!

Anybody who followed the efforts to find Spanish doubloons in the long lost Florencia of the Spanish Armada, sunk in Tobermory Bay, Scotland, refreshed his knowledge of romantic history, anyway. Perhaps there's the makings of a dashed good movie. Naturally enough, that winsome lass Mary, Queen of Scots, would be mentioned here and there.

"Always say your prayers and eat an apple at bedtime", advises an old-timer. By following this advice it is assumed one can keep both the devil and the doctor away.—Juneau Empire.

It's a long way to go but Labrador's iron ore will yet find a way to the industrial empire around the Great Lakes. The St. Lawrence remains a popular subject with Ottawa and Washington.

Someone said, last winter, that May was the month construction of that \$500,000 hotel would commence. And May is just around the more or less distant corner. There are numerous ladies and gentlemen in Prince Rupert who have had unrivalled experience in waiting. But everyone welcomes some sort of reward after long and faithful service.

Starting a story that some well known local person is dead with-

out knowing absolutely if it is a fact is more carelessness than anything else. In practically every case it shocks and often can mean distress or illness, unless there is speedy correction. How and where do these dangerous yarns start? Only too readily will people take the worst, for granted.

The harbor is a safe and spacious haven as well as a noble playground which it will be on Port Day, July 1. But how many of the present population know much about it? How many have even been away from Kalen Island as far as the opposite shore? How many have sailed around it, or been as distant as Shawatlans, cruised away in Tuck's Inlet and into the roomy bay extending well toward Georgetown and Port Simpson? Yet, its all "the harbor". Or, how many, stepping ashore for the first time some morning, are able to say next day by which end of the port, their ship entered.

New Ambassador To Canada Named

WASHINGTON D. C. — President Truman yesterday announced the appointment of Stanley Woodward, now chief of protocol of the State Department, as the new United States ambassador to Canada, succeeding the late Lawrence Steinhardt, recently killed in an airplane accident.

Senator George Jones Succumbs

OTTAWA — Progressive-Conservative strength in the Senate was further reduced Thursday with the death of Senator George B. Jones of New Brunswick. He was 84 years of age and had been in the Senate since 1925. He served for a short time as minister of labor in the government of former Premier Arthur Meighen.

The Senate now has 75 Liberal members and thirteen Progressive-Conservatives with fourteen seats vacant.

Incipient Fires Are Extinguished

Early detection of telltale smoke and prompt calling of the fire department prevented what might have been serious fires in two major city buildings yesterday afternoon.

At 4 p.m. smoke issued from the basement of the Besner Apartments into the suite of Mrs. D. McD. Hunter. By the time the firemen arrived fire was breaking through but it was confined to a small area and little damage was done.

At 6 p.m. a mattress in the boiler room of the Exchange Block was found smouldering after the fire department had been called by attendants at the

Northern Sports Centre who smelled the smoke. The mattresses were dragged out. The fire is believed to have been caused by a wandering inebriate who was still slumbering after the excitement was over.

It's business wise to advertise

NOTICE

All tickets, stubs and books for Civic Centre Raffle must be returned to Civic Centre desk by 7:30 p.m. tonight (Sat.) (1t)

UNEMPLOYMENT INSURANCE BOOKS MUST BE RENEWED

EMPLOYERS!—Please send all unemployment insurance books for 1949-50 and previous years immediately to the National Employment Office with which you deal, unless renewal arrangements have already been made. They must be exchanged for new books.

Before sending in your 1949-50 insurance books, take note of the date to which stamps are affixed, so as to avoid duplication in the new books.

Renewal of books is important to you, to your employees and to the Commission. Please Act Promptly.

TO THE INSURED WORKER!—Have you an insurance book in your possession? If so, please take or send it to the nearest National Employment Office for renewal immediately. If you send your book, enclose your present address so that your new book may be sent to you promptly.

Catholic Women's Card Tournney

There were twelve tables of bridge, whist and cribbage at the periodical card tournament of the Catholic Women's League Thursday night.

The prize-winners were:
Bridge — Mrs. R. Letourneau and G. R. Hull.
Cribbage — Larsen and J. Bugyinka.
Whist — Mrs. H. Tweed and Sylvia Johnson.
Convener and cashier was Mrs. E. Coughlin, president of the Catholic Women's League, and refreshments were in charge of Mrs. G. R. Brett, Mrs. L. Amadio and Mrs. D. Mulroney.

Prince Rupert's Pretty Choice

Joyce Tattersal to Vie at Smithers for "Miss Northern B. C." Crown

Willow blonde 18-year old Joyce Tattersal, daughter of Mr. and Mrs. Les Tattersal, 738 Taylor Street, who came out from England only two years ago, was the winner of the beauty contest which finalized in the Civic Centre auditorium last night at the Junior Chamber of Commerce dance to determine the local choice for the forthcoming "Miss Northern B. C." competition at Smithers on May 4.

Miss Tattersal, graduating student at Booth Memorial High School this year, won the call of six judges in a close contest with Edna Ronald, Margaret Gagnon and Betty Campbell.

In addition to the trip to Smithers, Miss Tattersal, who was presented with a beautiful shower bouquet by Harold Hampton, president of the Junior Chamber of Commerce. Numerous other presentations are being made by local business concerns. Further fine awards await if she wins the final at Smithers among entrants from various district communities.

Principal prizes here were an \$80 costume for the winner by the Junior Chamber of Commerce which also presented gold engraved compacts to each of the contestants.

To the approval of the big crowd which attended the dance and as Andy McNaughton played sweet piano music, the four candidates paraded on the stage, first in their pretty evening dresses and then in attractive bathing suits. The judges made their decisions on the basis of poise, personality and posture.

The judges were Mrs. P. M. Ray, Sgt. L. A. N. Potterton, E. D. Forward, L. M. Felsenthal, C. H. Klotz and G. A. Hunter.

All Worthington was master of ceremonies.

The beauty parade was the highlight feature of the dance. A fifth contestant, Beverlea Mattson, was prevented at the last moment from entering owing to illness.

Music was by the Dukes Orchestra.

Winners in spot dances during the evening were Miss Lorraine Youngman and Cliff Knutsen and Bob and Mary McInnis.

BROWNWOODS

SEAL OUTLAW—The head of one of the largest sea lions shot in the annual Dominion Fisheries Branch hunt in Knight's Inlet about 120 miles north of Vancouver. Jack Beadnell, a Dominion Fisheries officer whose rifle killed this one, is shown leaning over the edge of his boat as the trophy is pulled up. The seals eat candlefish which are valuable to Indians. (CP Photo)

Waterfront Whiffs

The waterfront has been in a minor rush this week as halibut crews completed their preparations for the annual quest for deep-sea fish. Skippers have been patiently taking on ice, herring bait and rigging. Some of the boats have been out and speared a few octopus—a very effective bait. There has been rigging and taking on of ice. Some vessels have taken on frozen bait while

others prefer bait from the live pounds at Jap Inlet and in the vicinity of Namu cannery down the coast.

Over 20 vessels cleared at the Customs Office Friday and more left today to set their course for the halibut grounds. Most Prince Rupert fishermen head for Area No. 2 due to the smaller type of fleet. These boats measure from 45 to 65 feet. Larger vessels, the majority from Vancouver and across the border will try their luck in Area No. 3.

Up to Saturday salmon trollers cleared here also. They were the I-H, Capt. P. Melo; Dvina, Capt. H. Childs, and the Morstov, Capt. Nels Peters, all from Prince Rupert.

This advertisement is not published or displayed by the Liquor Control Board or by the government of British Columbia.

There is little expectation that fishermen will be back much earlier than a week. In Hecate Straits, it is said, tidal conditions may delay deep sea operations. Good prices are expected at the exchange because the halibut

Try this trick to peel onions without weeping. Hold them under water while working on them. This also helps to keep the onion odor out of the air.

stock here has been nearly cleaned out.

Landings by Prince Rupert vessels in 1949 totalled 12,545,000 pounds. American landings here were 4,246,000 pounds and U.S. landings at Seattle totalled 9,191,485 pounds. Landings here by American vessels was approximately 2,000,000 pounds over the 1948 figure. Canadian landings too, were slightly larger last year as compared to 1948.

The following vessels have cleared for the fishing grounds: Taplow—Capt. J. Strang, Oldfield—Capt. P. Rosang, Ingrid H. —Capt. C. Lindquist, Dovre B.—

Capt. A. Martinussen, Island Queen No. 1—Nels Antonsen, Panda 2—O. Olsen, Viking No. 1—H. Eriksen, Invercan No. 4—Matt Leighton, Rodney P.—Capt. Percy Pierce, J. R.—Capt. J. P. Reid, M. V. P. Doreen—Capt. Leon M. Sandvar, Capella No. 1—Capt. T. Byrne, Mitkof—Capt. Oscar Hansen, Deep Sea—Capt. E. Brechen, North Cap—Capt. M. Pedersen, Nord—Capt. O. Frydenlund, Great Bay—Capt. G. Howe, Primrose No. 1—Capt. Bert Sheppard, Wamega—Capt. F. A. Parker, Cape Spear—Capt. Ole Stegavig, Selma H.—Capt. Anton Strand, Annabelle—Capt. George Cook, Pierce—Capt. N. M. Nilson.

With a fair-sized list of passengers, Union steamer Camosun arrived in port at 2:15 yesterday afternoon from Vancouver and waypoints, sailing at 10 pm. for Masset Inlet points whence she will return here tomorrow evening to sail at 9 p.m. on her return south. Capt. William McComb has taken over command of the Camosun from Capt. Harry McLean and Norman Davidson is now on board as chief steward.

Three J. H. Todd & Sons combination halibut boats and fish packers arrived in port this week from Vancouver enroute to the halibut grounds. They were the Invercan I, Capt. H. Prevost; Invercan III, Capt. Bert Hanson, and Invercan IV, Capt. Matthew Leighton. They are leaving this week-end for Area No. 2. All three took on bait at Jap Inlet.

Many friends will regret to hear that Capt. Dan Larsen, formerly of this city, suffered a stroke in Vancouver a few days ago and was unable to come out with his halibut boat Capella which arrived this week enroute to the fishing grounds with Capt. T. Byrne in command. Capt. Larsen for many years lived in Prince Rupert and was president of the Canadian Halibut Vessel Owners' Association.

Capt. Chris Henrikson with his Gibson, was among the halibutters arriving this week from Vancouver enroute to the grounds. The Teeny Milly was another well known vessel arriving here.

"The Jackie Robinson Story," the screen version of the life of Brooklyn Dodgers' now famous second baseman Jackie Robinson, is now having its world premiere in New York and will be shown in Canadian theatres later this spring and summer. Jackie Robinson, with twenty-six honors to his credit, has amassed more trophies and awards in his three years of major league baseball than any other ball player in his entire pro career.

Of special interest to Canadians, "The Jackie Robinson Story" shows how the young negro player received his first big chance in Canada, when he was signed up to play for the Montreal Royals. The film tells the story of Jackie's early life—his struggles to overcome prejudice and discrimination—how he entered the big league under the watchful eye of the Dodgers' Branch Rickey—and how he became established as one of America's most popular and important athletes. Jackie Robinson appears personally in the film in the starring role.

THE GREATEST CONUS SYSTEM EVER DEVELOPED

1910, forty years ago, Monday morning meant the beginning of a 58-hour work week for every working man.

But over the years—as workers, business and manufacturing methods became more efficient it took less and less working time to produce goods of all kinds.

The result is that today the average work week has been cut to 40 hours in B.C. The saving—18 hours, better than two working days, has been passed on to the man himself to use for leisure time.

But that's not the whole story. Back in 1910 the average household earned about \$950 (in 1950 dollars) for its year's work. Today, for a lot less work, it earns \$2,100. That's just the same as being paid to stay away from work for over 2 days per week.

WHAT'S OUR ECONOMIC SYSTEM AT WORK. This system has some faults—such as ups and downs in prices and jobs, and everybody in this country, except a small group of would-be reformers, is working to correct them.

But just remember this: If we want to earn still more money—if we want to work still shorter hours—the only way to do it is to make this system, which has already proved itself, work even BETTER. And that means that every man, every business, every machine has got to produce more and more for every hour they work—just as they have been doing since 1910. And if they do, the gains can be shared by everyone.

All of us in this country WANT the system to work better. And if all of us work together—you can be sure it will.

THE BETTER WE PRODUCE THE BETTER WE LIVE.

BRITISH COLUMBIA FEDERATION OF TRADE AND INDUSTRY

Freezing Of Foods

Miss Eileen Cross Discourses at Hobby Show

Would Prince Rupert families next winter enjoy shortcakes made from frozen Terrace strawberries, frozen Smithers whipping cream, and sponge cake baked in the summer when eggs are cheap? This was one of the ideas suggested by Eileen Cross during her talk on 'Freezing Foods' on Thursday afternoon at the Hobby Show.

This meal could be started with soup that had been made ahead and frozen. Next one could have frozen fish, meat or poultry purchased during the season when they are cheapest, then handed in to the locker plant manager who cuts them up, wraps them, puts them through the quick freeze then into the locker.

With this could be served several frozen vegetables. Green peas can be shelled quickly by putting them through a hand wringer when the peas will fall on one side and the shells on the other. If the pods have been wet slightly as by washing them, they won't spray all over the room.

Cauliflower freezes well so a demonstration was given of how to prepare and pack one. After being cut into several pieces the cauliflower was dropped into boiling water. Once the water boils again it is timed and in three minutes taken out, drained, dipped in very cold water, then set aside for a few minutes till cool. Next it is popped into a round cardboard container, set in the refrigerator, then taken down to the locker plant as soon as possible.

If flat containers are used food is first packed in plastic bags, or these bags may be used inside round cartons making the cartons fit for use over and over again.

VEGETABLES

All vegetables must be boiled for the three minutes, corn on the cob slightly more, but fruits are merely sliced or stoned and packed in the containers raw. Peaches, pears and apricots are better dipped in a syrup first, but strawberries, raspberries, and prune plums are best packed without the syrup. Canteloupe

should be quite ripe. A fruit salad is best packed in a syrup. Whipping cream to serve with these should be packed in the small containers or the waxed milk cartons.

For assorted parcels approved paper must be used as it has a special coating of wax that keeps out the air, prevents drying which is called freezer burn. The paper comes in three weights, the heavy brown locker wrap used for meats, poultry and fish, the less pliable freezer wrap used for cakes, and the thinner peach colored which comes in waxed and plain. The plain is used between layer of hamburgers, green peppers or fruit so that one layer can be used at a time and they won't break when being separated.

Highly seasoned foods such as sausages or stuffed poultry shouldn't be left longer than six weeks as the salt and seasonings tend to make a bitter taste if left too long.

Cakes and pies however can be left a year. Many people do their Christmas baking in the summer when the eggs are cheap, or make ice box cookies in very large quantities, wrap the raw rolls in the plastic material, then take one piece from the freezer to bake each week. Sponge cakes are among the best to freeze, and to demonstrate this Miss Cross had one that had been frozen for ten days. Along with some buns and a pie it had been taken from the locker the day before, then left to thaw at room temperature. Everyone had a poke at them to prove that all three were entirely moist and fresh.

Miss Cross emphasized the need to always label packages with the date, contents and number of the locker. Books on freezing

FIRST JEWISH JUSTICE—A new chapter was written this week in the annals of Canadian judicial history when Harry Batshaw of Montreal became the first member of the Jewish faith to ascend to a high court bench. Prior to his appointment as a justice of the Quebec Superior Court, the 48-year old jurist was a prominent Montreal lawyer.

foods are very helpful. **INTERIOR DECORATING**—The evening lecture on Interior Decoration covered refinishing wood, covering furniture, selection of materials for drapes, and the arrangement of furniture in a room. Expressing the thanks of everyone and the afternoon sewing group in particular, Mrs. Anne Kelly presented Miss Cross with a Prince Rupert picture. Miss Cross said that, due to so many requests, she expects to come back here about this time next year to give courses in sewing and home furnishing.

Hospital Donations

TERRACE—An overall bed-table, purchased by the Auxiliary for the Red Cross Outpost Hospital, has been received and is now in use. It will be inscribed as a donation from the Auxiliary in memory of one of its most untiring members, Mrs. Edna Maxted, who passed away last October.

This was decided at Thursday night's meeting of the hospital auxiliary which was held in the nurses' lounge. Mrs. D. G. Little presided and there was a fair attendance.

The coffee table, the auxiliary's donation to the nurses' lounge, had also been received. The teaspoons for the use of the nurses, money for which was raised by teas, given by mem-

PRIDE IN JOB

(Continued from page 1)

the movement had reviewed 1,476 suggestions received from the men during 1949, of which 883 were adopted, 340 dropped, 35 deferred and 218 pending. These included improvements to tools, improving housing conditions, conservation, care and distribution of materials, improvement, care and operation of track, motor and hand cars, better methods of performing work, safety, Maintenance of Way rules, relations with the public, first aid and treatment, education and training of employees, fire prevention, betterments to appliances and work equipment, and 17 miscellaneous categories. Mr. Wheelwright also said that since 1930, a total

of 23,826 items were discussed, of which 72.6 per cent were proposed by employee representatives.

W. H. Crampton, general chairman, Brotherhood of Maintenance of Way Employees, Ottawa, stated the C.N.R.'s Co-operative Movement had been of great benefit to the men and to the railway, and that he would continue to support it.

F. L. Noakes of Detroit, who represented T. C. Carroll, president of the Brotherhood of Maintenance of Way Employees, said the Co-operative Movement on the Canadian National was one of the most active institutions he had found in American railroads. "It is warm and human, and a model of its kind." Other speakers included S. F. Dingle, vice-president operation; A. A. Gardiner, general passenger traffic manager; E. A. Bromley, vice-president, purchases and stores; F. P. Donovan, general chairman, BM of WE, Winnipeg, and W. A. Spinall, vice-president, BM of WE, Winnipeg.

Refreshments were served at the close of the meeting.

Shows New Fabric In United States

LONDON, April 27—Elizabeth McGee, United States "Maid of Cotton" now visiting Britain, will take a British cotton dress of palest yellow home to the United States with her.

Designed by Norman Hartwell, the Queen's dressmaker, it is made in a new ever-glaze cotton which is stiff yet gossamer. It is new to American markets.

It pays to advertise.

SIMMONS TELLS INSIDE STORY OF Beautyrest COMFORT

X-Ray display reveals secrets of world's most Famous Mattress!

Outside, mattresses may look alike. It's what's *inside* that makes the big difference in real value. And now—at Simmons Dealers—you can see right inside a Beautyrest. Now you can see why only Beautyrest gives you the famous Beautyrest "Luxury Comfort".

Note how each of its 837 coil springs are individually pocketed, acts separately—thus giving firm, buoyant support to every body curve. Note such other Simmons features as: patented "Jiffy Join" tufting; pre-built border; no sag edges; air vents and taped handles—with Simmons quality throughout.

INVESTMENT IN COMFORT... Start the new Half-Century right! Get this great mattress value now. A Beautyrest Mattress and its Matching Box Spring will assure you years of perfect rest and relaxation.

Finest SLEEP COMBINATION

Its Matching Box Spring is Beautyrest's perfect base for restful comfort. Together they form the world's finest sleep combination—to give you "the kind of sleep you've dreamed about". Other Simmons quality mattresses—Ostermoor, Deepsleep, Slumber King—are all also available with matching box springs.
