## Berlin Disorders May Break Up Power Parley

### Bulletins

#### PEARSON NAMED MINISTER

OTTAWA—Appointment of L. B. Pearson, Under Secretary of State for External Affairs, to full cabinet status as Secretary of State for External Affairs was expected to be announced this afternoon by Prime Minister W. L. Mackenzie King. He succeeds Rt. Hon. Louis St. Laurent who, having been chosen leader of the Liberal party, will soon assume the Prime Ministership. Norman Robertson, Canadian High Commissioner to the United Kingdom, is expected to succeed Mr. Pearson as under-secretary.

#### SEAMEN TO STRIKE

VANCOUVER—West Coast deepsea Canadian seamen have instructed their national union executive to take an immediate strike vote. James Thompson, Pacific Coast vice-president of the Canadian Seamen's Union, said today that the action was being taken following unanimous rejection by the seamen here of shipowners' proposals for new national deepsea agreements. The seamen are demanding a fifteen percent wage increase.

#### CHURCH HEAD DIES

LONDON—Most Rev. Charles A. Seager, 76, Anglican Bishop of Huron and metropolitan of Ontario, died last night after a brief illness.

#### RUSSIANS OVER DENMARK

COPENHAGEN—Russian bombers roared over the Danish island of Bornholm this morning for the second straight day. A Foreign Office spokesman said the office "may decide whether Denmark will lodge an official protest with the Soviet government" when Foreign Minister Gustav Rasmussen returns tomorrow.

#### QUEUILLE SEEKS APPROVAL

PARIS—The National Assembly will be asked to approve the new French government headed by the Radical Socialist (Conservative) Henry Queuille. If accepted the cabinet would be the fifth since January 1947 and the fourteenth since liberation.

## NT AT KALUM LAKE IS AND AIR STRIP AS WELL

Reporting for the industrial committee told the Terrace and District Board last night that J. Hart was getting in to generate power on the opposite side of the lake. There were plans for a hydro-electric one mile of transmission line. A

ed in Terrace and inquiries concerning same were to be made. A suggestion had been received by the Board from a Kitsumkalum resident that the "Terrace Welcomes You" sign on the highway west of Terrace should have the mileage added to it as tourists are continually mistaking Kitsumkalum for Terrace. This suggestion was adopted for the highway signs both east and west of Terrace.

A communication from Kenneth Caple, C.B.C. regional representative, stated that they were endeavouring to improve the radio broadcasting in this region and the matter had been referred back to the Board of Commissioners in Ottawa. C. J. Norrington reported that the Village Commissioners were preparing a sanitary bylaw which would receive the first reading in about five months' time.

Further correspondence had gone forward concerning a new federal building and word had been received from the Minister of Transport, Ottawa, that there were no funds available. However, instructions had been received by the Dominion Telegraphs and Telephone Co. for data concerning the amount of space available for such a building when there are the necessary funds.

### Bulgaria, Hungary Sign Trade Pact

SOFIA, Bulgaria (AP)—Bulgaria and Hungary have signed a trade agreement which provides for exchange of Hungarian machinery, railway equipment, metals, electrical materials and chemicals for Bulgarian agricultural products, tobacco, furs and vegetable seeds.

### THE WEATHER

Cool moist air covered the northeastern section of British Columbia this morning and is expected to spread over the entire province by Saturday morning. Cloudy skies, accompanying the leading edge of this outbreak, will spread to southern Vancouver Island and the Lower Mainland by Saturday morning. However, clearing skies and northwesterly winds may be expected during the day and tomorrow. In the interior only variable cloudiness and slightly lower temperatures will result.

#### Forecast

Queen Charlottes and North Coast—Cloudy today and tonight, clearing along the mainland tomorrow morning. Occasional rain or drizzle today and tonight in the vicinity of northern Vancouver Island. Winds northwesterly 15 m.p.h. Little change in temperature with lows tonight and highs Saturday: Port Hardy 50, and 58, Massett 50 and 63, Prince Rupert 52 and 64.

QUESNEL (AP)—Bill Willis really got the "bird" on a fishing trip. He felt a terrific tug on his line and reeling in discovered he hooked a seagull in the web of one foot. He released it after showing it to companions.

## BLOODY STREET FIGHTING IN CAPITAL IS CONTINUING

BERLIN (CP)—Bloody street fighting in blockaded and divided Berlin sharpened fears today that settlement of the German crisis may become impossible. Allied sources voiced open concern in regard to mounting incidents between Communist and anti-Communist Germans. They feared they might pile up

## TEACHERS ARE STILL BARRED

HARRISON HOT SPRINGS (AP)—British Columbia's teaching population is still not eligible for election to municipal councils as far as municipalities are concerned. Delegates to the Union of British Columbia Municipalities convention here rejected a resolution proposing that teachers be enabled to qualify for election to councils.

to a point where four-power negotiations, now being held in Berlin in stalemate, might break down completely.

Fighting last night between Berlin civilians and Russian troops cost the life of one German youth and injured twenty-two others. The clash came after 200,000 Germans demonstrated against the Communist drive for power over the city.

### LOCAL TIDES (Standard Time)

## Prince Rupert's Own 'Margie' Brain, B.C. Beauty Queen, Home

### Civic Welcome and Warm Reception By Citizens to No. 1 Emissary of Publicity and Goodwill

Radiant Margaret Brain, British Columbia's Queen of Beauty, returned home this afternoon to receive a heart-warming welcome as Prince Rupert's very own. The girl, who captured the title of "Miss P.N.E." at the recent Pacific National Exhibition in Vancouver and journeyed to Hollywood to become her home

town's No. 1 emissary of goodwill and publicity for 1948, was accorded a fine civic reception as she stepped ashore from the flag-bedecked steamer Catala at 2 p.m. Citizens in large numbers were gathered to approve Acting Mayor A. S. Nickerson who led the reception. And, as Margie landed, even the skies cleared as if to match her beaming smiles. Ships in the harbor sounded whistles and auto horns added to the din.

The Prince Rupert Shrine Band was on hand to play rousing music under the direction of Bandmaster Peter Lien and to lead a procession uptown after Acting Mayor Nickerson had greeted "Margie" and presented her with a handsome bouquet. The parade, with "Miss P.N.E." and the acting mayor in a decorated open car, followed by other vehicles containing the aldermen, officials and other citizens, moved to the Court House grounds where official presentation was made of a handsome brooch taking the form of a key to the city.

Then it was home for "Margie" for the intimate welcome of her proud parents and other relatives. Tonight at 7:45 "Margie" will be radio-interviewed and will appear on the stage of the Capitol Theatre at the intermission period. Tomorrow night she will be the guest of honor at the Junior Chamber of Commerce at a dance in the Prince Rupert Aero Club rooms at Seal Cove.

MAYOR EXPRESSES CITY SENTIMENTS  
The sentiments of the citizens on "Margie's" return were expressed as follows by the Acting Mayor:

"We have met here to welcome the girl who has just won the title of the most beautiful girl in British Columbia. 'Margie' Brain of Prince Rupert has won this title against the stiffest

kind of competition, having competed at Vancouver with 'The Pick of the Crop' from fourteen districts of British Columbia. She appeared with them before an impartial board of judges, experts all of them, and she walked off with the title. You only have to look at her to see why.

"This afternoon we want to congratulate 'Margie' and to thank her. We want to congratulate her on her victory and her title which she so well deserved and to welcome her home from her tour of triumph. And

## AIR SERVICE IS SUSPENDED

TransCanada Gets Permission to Quit Port Arthur-Duluth Run

MONTREAL (AP)—An application to the Air Transport Board for permission to discontinue the TransCanada Air Lines service between Port William, Port Arthur and Duluth because of lack of traffic has been approved and the service will be suspended as of September 30, A. C. McKim, traffic vice-president for the company, announced yesterday.

In spite of a concerted effort on the part of the company to develop both cargo and passenger traffic between the Lakehead cities and Duluth the route continues to be uneconomic and for this reason the company has regretfully decided to withdraw the service, McKim said.

The regular TCA service connecting Port William and Port Arthur with eastern and western Canada will not be affected and will continue on the present schedules, he said.

## ELEVEN DEAD IN FACTORY BLAST

CHICAGO (AP)—Deaths of seven more victims raised to eleven the toll of an explosion and fire at the E. J. Brach and Sons candy factory early Tuesday. Four employees were killed in the fire which swept the huge west side plant. Seven others died in hospital. About twenty suffered burns and injuries.

## SHIPPING SUBSIDY FOR PRINCE RUPERT URGED

VANCOUVER (AP)—A federal government subsidy on freight shipments out of Prince Rupert was recommended Thursday in Vancouver by Senator James Gray Turgeon.

The Grand Trunk Pacific Railway (now the Canadian National), had been built to develop the port but since then little had been done to build up the northern seaport, Senator Turgeon told a meeting of Burrard Liberals.

Construction of a railway to Alaska and the Peace River was also urged as a project "vital to Canada's future."

## REPORT ON OTTAWA—

## Only Liberal Party Is Imbued and Equipped to Give Canada Right Gov't

Those Who Have Good of Country at Heart Should Get Behind It Now, Declares Delegate E. T. Applewhaite

Canadian who feel that national unity is essential to the future of this nation should accept the patriotic duty of working hand in hand with the Liberal party which is the only truly representative party in the Dominion and which is prepared and equipped with broad and comprehensive policies and vigorous,

leadership to give the country the government which it must have in the days that lie ahead. Such was the forthright conclusion that E. T. Applewhaite, Liberal candidate for Skeena in the forthcoming federal election, delivered to a meeting of the Prince Rupert Liberal Association last night when he reported completely and enthusiastically on the recent national convention at Ottawa. He told party members of an organization and platform "of and for the people" which had been set up along truly democratic lines. He paid tribute to the new leader, Rt. Hon. Louis St. Laurent, a man of great mental size and talents, to whom it would be easy to be loyal because he inspired such pride and confidence. The Liberal party Mr. Applewhaite described as the only one with a real "fighting faith" based on maintenance of the principles of human rights and dignity, possessed of no hatred class for class or section, giving full exercise to all the principles of democracy—freedom of speech and action—possessed of and practicing an understanding of the national interest along unified lines and now settled under an understanding leadership which in itself exemplified the unity of the nation. Mr. Applewhaite described the new leader, Mr. St. Laurent, as a "statesman" rather than a "politician," a man who was undoubtedly most excellently equipped to lead this country both in the international and domestic fields.

It had been indeed a great privilege to attend "your" convention, declared Mr. Applewhaite. He acknowledged the keen and consistent representation that had also been given, Skeena riding at the convention by C. P. Bussinger of Telkwa and G. W. Nickerson of Prince Rupert.

A "tremendous hit" had been made at the convention by Premier Byron Johnson of British Columbia. Mr. Applewhaite said. In seconding a motion on the subject of development of world trade, he had "stolen the convention."

Mr. Applewhaite went at considerable detail into the convention procedure and proceeded to discuss generally the resolutions which had been passed, those of particular local interest pertaining to the fishing industry, immigration, transportation, the federally-financed TransCanada Highway, freight rates and social security.

The local delegate himself had seconded a resolution calling upon the government, where price increases became unreasonable, to reimpose selective price controls for the

REPORTS ON CONVENTION—E. T. Applewhaite inspired by national Liberal gathering.

## AIR DEATHS ARE PROBED

EDMONTON (AP)—Mystery of why three men plunged into the night to their deaths from a crippled plane on Tuesday was probed by United States Air Force officials yesterday. They were ordered to bail out together with two passengers when a twin-engined Dakota developed an oil leak while enroute to Edmonton.

The three United States airmen died when their parachutes failed to open.

The pilot, Lieut. Brock Dubell of Philadelphia, and co-pilot and flight engineer stuck with the ship and managed to make a crash landing near Leduc, dragging themselves from the plane before it burst into flames.

## SALMON ARE HOLDING UP

Salmon fishery of Prince Rupert district, which has produced some 500,000 cases of the 800,000 case output of all varieties for the coast this year, is standing up well from the conservation standpoint, figures compiled by G. S. Read, district supervisor of fisheries, would indicate. Over a period of years, the picture as to the survival of the salmon against fishing operations appears to be quite encouraging.

In 1947 the total salmon production was 69,122,900 pounds which compares favorably with the figures for several previous years which were as follows:

1946—66,873,700 pounds.  
1945—89,039,000 pounds.  
1944—66,734,800 pounds.  
1943—68,119,700 pounds.  
1942—63,729,900 pounds.  
1941—67,327,200 pounds.

## THE LADIES MAKE GOOD

IT'S HATS OFF to the ladies of Prince Rupert this year for sure and the men of our town would do well to sit up and take notice. Today we are welcoming home pretty Margaret Brain, the charming local lass who invaded Vancouver to capture British Columbia's honors for feminine beauty. It just reminds us of how long we poor men have been fighting to get fair recognition for Prince Rupert in Vancouver in various ways with results which, to say the least, have been anything but convincing. And so it took this ingenious up-country teenager to win a victory for Prince Rupert such as Vancouver had never before admitted our fair city.

And while we are according our adulation to the beautiful Margie we might remind ourselves of an outstanding bit of recognition and publicity which it took another woman to obtain for us. We are talking now of Mayor Nora Arnold who was voted Canada's "Woman of the Year" by the national Association of Business and Professional Women's Clubs. In that connection we notice that the Union of British Columbia Municipalities, at its annual convention this week, recognized the fact and congratulated our Nora on her good work.

So again, congratulations to Marjorie and Nora. They have spread our name and fame and can well be the envy of the men for their accomplishments.

## HOW TIMES CHANGE

"MIND YOUR OWN BUSINESS" said a Russian General to an American officer in Berlin Thursday. It wasn't that way when Allied supplies aided Russia in her extremity back in 1943 and 1944 when, with Berlin collapsing in burning ruins and Hitler doing the same, the Russians and Yankees came face to face for the first time and clasped hands. It was not like that when Stalin played lavish host and it seemed ruthless dictatorship had been finally vanquished and the way was clear for a brave and a better world. Just who are the Russians, anyway, to tell the Americans to "mind your own business?"

## LIKE CANADA BETTER

CHILDREN who were sent from Britain to Canada when war broke out in 1939, are returning to their parents overseas. The latter are delighted. But it now appears that many of their offspring are not so happy. The change of course, is all very well but the process of adjustment is not so simple or pleasing. Away from the land of their birth, they have been spending years in Canada. First impressions are often the deepest and most lasting and it seems evident that in this case they have been highly agreeable as well.

## LOOK WHAT WE DID!

SALLY was a pussy-cat with fluffy, golden fur  
The family liked to pat her  
And listen to her purr  
But one sad day she wandered far  
and couldn't get back home  
The family had no idea, just  
where she chanced to roam.  
But a News ad went at once to  
Work to track the lost cat down  
And promptly brought poor Sally back,  
From the other side of town.

## ADVERTISEMENTS APPEAL

PEOPLE READ advertisements to find out what they can buy and they read advertisements in newspapers with special interest, because newspaper ads are, in the main, more down-to-earth than advertisements in magazines. They often give prices, and they tell exactly where the goods are to be had. What is more, many of them are very good reading—interesting, informative and sometimes amusing. For women in particular, faced with the job of feeding and clothing their families, reading the advertisements is an important part of each day's work. And they like it. —Peterborough Examiner.

## CHINESE REGARD CANUCKS HIGHLY

WINNIPEG, Ont.—It is a cause for pride if one is a Canadian in China. Canadian doctors, nurses and missionaries are highly respected by the Chinese people — and they have high regard for everyone from the Dominion, says a former Winnipegger.

She is Miss Vivian Stack, former U.N.R.R.A. workers who is on leave from Shanghai and is

## Blackbirds Clean Out Corn Field

PICKERING, Ont.—A field of corn on the farm of L. C. Annis was destroyed during the week-end by a huge flock of blackbirds. They came over like a black cloud, circled around and then settled on the corn and started eating. No corn was left.

spending a few weeks in Winnipeg with her parents.  
Miss Stack now is employed by the Board of Trustees of Rehabilitation Affairs—known as BOTRA—which is carrying on U.N.R.R.A. projects in China.

## On The Side

... by H. S.

A tourist on one of the coast cruise ships was overheard complaining of the lack of entertainment on the ship. The night before a dance had been scheduled but stormy waters prevented that entertainment. Perhaps the man felt that the tourist bureau should have performed some supernatural act and had the sea as calm as a mill pond during his trip. Surely no one making the coast trip needs special entertainment during the day. All they have to do is look out the ship's windows or port-holes and see some of nature's most spectacular works. The "Inside Passage" has a particular beauty in any kind of weather as long as fog doesn't completely block the view, which is seldom during the tourist season.

Trolling for salmon is an independent life, not the life for a softy or one who must have crowds and bright lights to be happy but a life that to those that follow it, provides satisfaction. A man who owns his own troller is a little king in his own right. As long as he obeys the rules of the sea and the fisheries department, he can go where he likes and when he likes, he can use his own ideas about how deep to fish and try out whatever lures he thinks the fish are likely to strike.

A friend who spent his holiday trolling, discovered that the lines on his boat's port bow pole were by far the most productive although the lures on it were just about the same as on the starboard bow pole. The main pole's lines hooked only a very small percentage of the catch. The bow lines were steel and the main lines cotton if that made any difference and the forward lines went deeper but that couldn't have accounted for the heavier catches because most of the fish taken off them were on the upper hooks. One possible solution is that the bow poles register more of the boat's motion than do the main poles and tend to give the spoons more realistic movements. Perhaps if he had had the main poles sticking out over the stern they would have brought in just as many fish as their mates up forward.

## SCOTTISH VILLAGE SPORTS NEW LOOK

DALRY, Ayrshire, Scotland, ☐ —If Dalry isn't the best-dressed village in Scotland it's at least gaining a reputation for producing smart fashions.

In a factory converted from a wartime barracks, more than 100 girls make new look dresses, designed by a leading fashion expert.

The models used for reproduction cutting are sold to the staff at half price.

TIMID WHALE SHARK  
The whale shark, largest of living fish, is harmless and puts up no fight when caught by man.

## The Experts Say -

**PICKLE PARADE**—The pickle parade has begun. And now it's time to line up recipes for that winter supply of relishes.

Corn relish is easy to make and should prove popular with the family.

**Ingredients:** 20 ears of corn; two green and one red pepper; one-half cup salt; one-half cup flour; one tablespoon celery seed; two teaspoons turmeric powder; four onions; one large cabbage; two cups sugar; one tablespoon ground mustard; one tablespoon white mustard seed; two quarts vinegar.

Cut corn from cob and chop cabbage, onions, and peppers. Four 1½ quarts vinegar over this and let come to a boil. Mix flour, mustard, sugar, turmeric, celery and mustard seed with one-half quart vinegar. Pour into kettle and boil 30 minutes. Stir constantly. Yield: six quarts.

**Pepper Hash** — **Ingredients:** One dozen large green peppers; one dozen large red peppers; 18 large onions (chopped fine); two teaspoons mustard seed; two teaspoons celery seed; two cups white sugar; two tablespoons salt; one-quarter teaspoon red pepper.

Remove seeds from peppers and chop. Cover with boiling water and let stand five minutes. Drain, then add onions and bring to a boil in weak vinegar and water (about one-third vinegar and two-thirds water—enough to cover). Drain. Add

fresh vinegar solution and seasoning. Bring to a boil and seal.

**Mixed Pickles**—**Ingredients:** two cups sliced green tomatoes; two cups sliced onions; two cups cucumbers; two cups peppers. Soak over night in salt water and then drain. Two cups carrots; two cups kidney beans; two cups lima beans; two cups celery one cup green beans. Soak separately until tender and drain. Mix all vegetables together and add four cups vinegar, four cups sugar, a little mixed spice. Cook together ten minutes and seal in pint cans.

**Pepper Relish**—**Ingredients:** 3½ pounds sweet red peppers; three pounds green peppers; three pounds medium onions; four cups vinegar; one cup sugar; one teaspoon mustard seed; one tablespoon dry mustard; one tablespoon celery seed; two tablespoons salt.

Wash peppers and remove seed cores. Peel onions. Put vegetables through food chopper using coarse blade. Place in large preserving kettle, cover with boiling water and let stand five minutes. Drain thoroughly. Add vinegar, sugar, spices and salt; cook until vegetables are tender (about 10 minutes stirring occasionally). Pour into hot sterilized jars. Cool and seal. Yield: about six pints.

### SUPPORT FOR NAVY SOUGHT

The essentiality of maintaining trained men in the armed reserves in view of present-day conditions as well as the fulfillment of community obligations to the nation were emphasized by Lt. Cdr. Thomas A. Johnstone of H.M.C.S. Chatham as he spoke before the Prince Rupert Rotary Club yesterday in appealing for moral support of a recruiting drive for the local naval division which is being instituted. He sought the co-operation of Rotarians through their sphere of influence in encouraging young men to become actively interested in the naval service.

Another speaker at the Rotary luncheon yesterday was John A. Clarke, executive of Nelson Bros. Fisheries Ltd., who expressed the opinion that Prince Rupert people were not displaying the active interest in the fishing industry that its economic importance in relation to the community justified. There was a tendency, he felt, to overlook the fisheries in emphasizing interest in other less concrete industrial projects.

President D. C. Stevenson was in the chair and guests at the luncheon, in addition to the speakers, included Lt. John Quinn, staff officer of H. M. C. S. Chatham.

● Another travelling rug show at Gordon & Anderson's, Sept. 16 to Sept. 21. All rugs shown are offered for sale. Easy terms easily arranged. (216)

● ROTARY MALE CHORUS—An invitation is extended to all men interested in chorus singing, to attend a meeting which will be held at the Civic Centre, Friday evening, Sept. 10, at 8:00 p.m., to discuss plans for the winter program. (213)

John A. Clarke of Nelson Bros. Fisheries Ltd., after a brief visit here and at Port Edward on company business, left by today's plane on his return to Vancouver.

● Ladies' Bowling League meeting, Sept. 8. Men's Bowling League, September 9. Mixed Bowling League, September 10, at Rex Bowling Alleys, 8 p.m. (213)

Executives of the Grand Trunk Western Railway, after having made the round trip to Alaska, disembarked from the steamer Prince George here Wednesday night and proceeded East by special car attached to the regular evening train. They used the luxury car "Pacific" which had been brought out especially from Montreal to accommodate them. The party consisted of Mr. and Mrs. Harold Fitzgerald, Mr. and Mrs. S. A. Hill, Mr. and Mrs. Ralph C. Morley, Mr. and Mrs. Bonbright, Mr. and Mrs. F. E. McAllister and Mr. and Mrs. Harvey Campbell. William Connolly, general passenger agent, Canadian National Railways, Winnipeg, accompanied the group.

### Chef Writes Menu For Food Parcels

Will Aid Europeans in Making Best Use of Food

NEW YORK (U)—Because the semi-starved people of Europe do not make the best use of food parcels, a famous Fifth Avenue chef has devised a seven-day menu to be included in parcels being sent to Germany.

German-born Herman Edcl, after two weeks' research, drew up a menu which uses the contents of one food package supplemented by the frugal European rations.

The type of food package he used is being sent to Germany by Save a Friend in Europe, the food parcel concern representing non-profit Swiss charity organization, Caritas.

SAFE food parcels are bought and packed in Denmark and flown into Germany. At present food depots are set up in Paris, London and certain cities in Austria but it is hoped to extend the service to European countries. These packages take no longer to deliver than ordinary airmail.

The food cartons contain 24 pounds, providing 45,000 calories. "Although everything seems to die a little during the summer months, there has been no let-down in the food parcels Americans have been sending," said Newton Randolph, international director of SAFE. "We expect a great increase this fall and winter."

### Founded Offshoot Of Salvation Army

GREAT NECK, N.Y. — Mrs. Maud Ballington Booth, at the age of 82, died here late last month. She was co-founder of the Volunteers of America, after a rift in the Salvation Army's Booth family, half a century ago. She and her husband, a son of the founder of the Salvation Army, General Wm. Booth, organized the Volunteers of America, a religious and charitable relief group.

### P.T. EXECUTIVE IS IN SESSION

Borden Street Association Plans General Meeting

At the first executive meeting of the Borden Street Parent Teacher Association for the school year now starting plans were made for the regular monthly meeting to be held next Wednesday.

The meeting will take the form of a social 'get-acquainted' gathering. A special invitation is being extended to parents of beginners and children recently arrived in the city. A reception committee will be on hand to see that all new members are welcomed and introduced to the members of the teaching staff. Memberships will be accepted and new members enrolled.

It is hoped that parents of the beginners will make a special effort to be present so that they may meet the teachers and be made familiar with school objectives and methods. It is felt that the best guarantee that the children will get the most out of their years at school lies in the close co-operation between parents and teachers and it is with the idea of making this a success that this first meeting is planned.

Present at the meeting were Mrs. A. J. Dominato, Mrs. S. J. Anderson, Mrs. W. J. Lineham, Mrs. H. E. Amos, Mrs. Wm. McLeod, Mrs. C. Strand, J. S. Wilson and S. A. Cheeseman.

Mr. and Mrs. H. J. Jefferies returned to the city this week by air from a trip to Vancouver.

FOR YOUR 'CHICKEN IN THE ROUGH' CALL RED 705 CIVIC CENTRE DINING ROOM

### HOW CAN I ???

By ANNE ASHLEY

Q. How can I avoid accidents caused by a stepladder slipping on wet floors?

A. Find an old worn out rubber overshoe, cut out a few small rectangular pieces to fit the bottoms of the stepladder legs, and tack or glue a piece to the bottom of each leg.

Q. What can I do to food that has become too salty?

A. Place a wet cloth over the top of the vessel in which the food is cooking and the steam will draw the salt into the cloth.

Q. How can I remove castor oil stains from washable fabrics?

A. Try dipping the goods in alcohol before laundering.

## GERMAN LAD HAS "VERY FEW FOOD"

MARGATE, Kent, Eng., (U)—A 17-year-old German youth describing himself as a clerk in Leipzig Town Hall since 1947, has asked Mayor W. J. Perkins to find him British pen pals. "We become very poor in Germany," he wrote. "We have not the simplest things and very few food. The little children get no milk or butter and become very ill."

"The people get cross to one another because they are hungry. Conditions are bad all the way round. It is very terrible..."

The mayor offered the German's name and address to any one wishing to write to him.

INTERNATIONAL AIRPORT VANCOUVER (U)—The Sea Island airport here has taken on new international significance with trans-Pacific routes operating from here. City council has renamed the airbase "Vancouver International Airport."

three mile record by covering the distance in 13 minutes, 35.4 seconds at Stockholm six years ago. It was Hagg's eighth record breaking race in 74 days. He was later barred from amateur competition.

Harry Wills, giant New York Negro heavyweight boxer, gained a unanimous 12-round decision over Louis Firpo, Argentine scrapper at Jersey City 24 years ago. Wills never got a chance

## Today in Sports

### SOCCER STUFF...

A successful football season is winding up with a promise of even better games than the spectators have already seen. Wednesday evening's game in the first round of the Stuart Shield produced a fast and hard-played match. Both teams were at full strength. Holkestad is back from holidays and turned in a good game. The Battery turned out a new player, Cornwell, a recent arrival from Vancouver. He impressed the spectators right from the start. He hits the ball well, places it with judgment and drives hard all the time.

High School turned out their best team of the season though they are still weak in the inside left position. The return of "Monk" Sunberg has added strength to the defence. Sunberg stops for nothing, tackling with great determination and showing surprisingly deceptive moves in making occasional runs.

The return of the native lads, Adams, Mercer and McKay, has also added strength. These lads are clever and fast with a good deal of football "know how." Their presence helps to make up for the Currie brothers who are out of town.

The Canadian Legion footballers viewed Wednesday evening's game with keen interest. They will meet the winners in

### Vancouver Girls Softball Champs

VANCOUVER — Vancouver Pacific took their third of a five game series Wednesday night with a two to nothing win over Calgary Alexanders to cap the Western Canada Senior "A" girls' softball championship. Calgary took the second game in the series to make the final tally three to one.

the final of the Stuart Shield on Sunday afternoon. They are planning extra practices and with the return of Eby and Dawes they hope to be able to field their best team.

Friday evening's game brings together the Battery and the High School in the replay of the protested Gihuly Cup game which the Battery won but which the Association protest committee threw out. Those who saw Wednesday evening's game will not miss this one. The students feel that their team will do much better. It was the first time that several of the team had played together for two months so they feel sure that they will do a better job now that they have got acquainted with each other again.

The winners of the Mobley Cup have not been decided either. There is a postponed game between the Canadian Legion and the Battery to determine the league winners. Actually the only team to have already won a football trophy this year is the Battery which captured the Dominion Day Cup. But if the Battery wins Friday evening's game they have the Gihuly Cup. If they win Sunday afternoon's game they win the Stuart Shield. If they win the remaining fixture with the Canadian Legion in the Mobley Cup the Battery would have made a clean sweep. That would be an enviable record. But supporters of the other teams will be the first to say: "They have got to show us." Well, that is what the Battery is out to do. There is only one way to prove it—win the games.

### FOOTBALL'S BIG SHOTS

(Only League and Cup Games included)

Pat Wilson (Hi School) 13 goals  
Nick Pavlikis (Battery) 11 goals  
D. Christison (Legion) 7 goals  
Parkhouse (Battery) 6 goals

### BOWLING SCHEDULE

November 9—Trollers vs. Busy Bees, Big Sisters vs. Boosters, Miller Bay vs. Brownwoods, Belmont vs. Stars, Rosa Lees vs. Cosmos.

### ENTERS BALL'S HALL OF FAME

No-Hit, No-Run Game by Rex Barney for Brooklyn Dodgers

NEW YORK — Greatest pennant races in Major League baseball history were forced to play second fiddle last night to 23-year old Rex Barney who only a few short months ago was struggling to stay in the big time. Barney rapped loudly on the door to pitching greatness when he hurled a no-hit, no-run game against the New York Giants, giving his Brooklyn pals a 2 to 0 victory.

It was the first such game of the 1948 National League and the second in the majors this year.

The win advanced the Dodgers to within 3½ games of the league-leading Boston Braves.

### Baseball Scores

American League  
New York 4, Boston 9.  
St. Louis 5-4, Chicago 2-2.  
Philadelphia at Washington, postponed, rain.

Detroit 2, Cleveland 3 (12 innings).

National League  
Pittsburgh 6, Cincinnati 1.  
Boston at Philadelphia, postponed, rain.

Brooklyn 2, New York 0.  
Chicago 0, St. Louis 4.

Western International League  
Bremerton 9, Vancouver 3.

## Durban Hires Women As Postal Carriers

DURBAN, South Africa (P)—The emergency measure of using postwomen to deliver mail in Durban and suburbs is to be introduced here because the post office cannot get enough men for the work. Its field staff is 25 per cent under strength, so it is seeking 50 young women to help make up the deficit.

The women will carry mailbags weighing about 30 pounds—five pounds less than postmen. Every six months they will receive a free uniform comprising tunic, skirt, shoes, helmet or cap and protective clothing for wet weather. Postwomen were used in Durban and other cities for a time during the war.

## MAY BE RECORD

KITCHENER, Ont., (P)—A glider flight from Kitchener airport to Malton, near Toronto, may win Albert Pow, of London, Ont., a new duration record. Pow's glider, cut loose at 2,000 feet, stayed aloft six hours. The present record is 5½ hours held by "Shorty" Boudreault of Ottawa.

## IN THE SUPREME COURT OF BRITISH COLUMBIA

IN THE MATTER OF THE "ADMINISTRATION ACT" and

IN THE MATTER OF THE ESTATE OF REGINALD GILBERT LIPTON

TAKE NOTICE that by Order of His Honour Judge W. O. Fulton, made the 7th day of September, A.D. 1948, I was appointed Administrator of the Estate of Reginald Gilbert Lipton, deceased.

ALL PARTIES having claims against the said Estate are hereby required to furnish same properly verified to me on or before the 20th day of October, A.D. 1948, after which date claims filed may be paid without reference to any claims of which I then had no knowledge.

ALL PARTIES indebted to the said Estate are hereby required to pay the amount of their indebtedness to me forthwith.

DATED at the City of Prince Rupert, in the Province of British Columbia, this 8th day of September, A.D. 1948.

GORDON FRASER FORBES, Official Administrator, Prince Rupert, B.C. (224)

## TO CREDITORS

HERBERT GIVEN that owing claims against the late Henry Pierce, deceased, Prince Rupert, British Columbia, on the 13th day of September, 1948, are hereby required on the 10th day of October, 1948, to send by prepaid mail to the undersigned at Prince Rupert, B.C., as said Estate.

NOTICE that after the date I will proceed with the assets of the deceased persons entitled to the estate of Henry Pierce, deceased.

7th day of September, 1948.

HERBERT GIVEN, of the Estate of Henry Pierce, deceased. (224)

## LIBERAL PARTY

(Continued from Page One)

protection of the consumers. Mr. Applewhite perceived a bit of "history in the making" in the incident at the convention when the representatives of Newfoundland, Mr. Smallwood and Mr. Bradley, had been introduced. Here, in the flesh and working at their mission, were two modern "Fathers of Confederation."

The dramatic incident of Prime Minister Mackenzie King's farewell as leader of the party was described by Mr. Applewhite. The great ovation he was accorded left no doubt of the genuine respect and affection in which "The Old Chief" was held.

There were many reasons why Mr. St. Laurent was elected leader but the outstanding reason Mr. Applewhite saw was because, beyond question, he was the best qualified man in Canada to hold the office of Prime Minister. A contributory factor was, no doubt, his experience and capacity in external affairs.

## NO SELFISHNESS BUT GREATEST GOOD

One of the lasting impressions of the convention, Mr. Applewhite declared, was that never throughout the proceedings had the voice of selfishness been raised. The whole spirit of the convention had been to achieve the greatest good for the greatest number. Here was no effort to set class against class, section against section, but a genuine and concerted effort to bring the power of the whole into play for the benefit of all. University Liberals were to be seen active on union security, residents of the prairie working for the betterment of the fishing industry, the people of Quebec interested in the problems of the Pacific coast. "I must admit, too, that people from Montreal seemed to know more about Prince Rupert than I did about Montreal," he said in passing.

"In contrast to a philosophy of hatred which is being preached in some quarters today, this convention seemed to breathe a spirit of love for mankind, a spirit without which no major movement can accomplish anything of value."

In the conduct of the convention, there had been the broadest principles of democracy. There was no running from the top here. Rather there was the opportunity for everyone to have his say and many did. There might have been heard

talk of young Liberal "rebels." They were no rebels, God bless 'em," declared the delegate, "they were real Liberals." It may be difficult for some people to understand a party in which a member can argue his own point of view with the courage of his convictions, let the chips fall where they may, but that is the Liberal party."

No party—Social Credit, C.C.F. or Conservative—was in the position to conduct the affairs of this Dominion with the unity and representation of which the Liberal party was capable," declared Mr. Applewhite. "Here is the party with which we can crusade for freedom of speech, freedom of religion, the maintenance of the right and privilege of human dignity. Are these not worth fighting for."

"And we have a duty which is higher than mere political loyalty. In carrying out that duty, we can do no better than support and work for the party whose principles are right, the grandest and most powerful party in Canada."

## MR. NICKERSON ALSO HEARD

G. W. Nickerson also gave a brief extempore report on the convention. At the outset he spoke of the hard work of Mr. Applewhite. It was a good indication of the work which he might be expected to do if he was elected member.

Democratic principles had been maintained at the enthusiastic Ottawa convention, Mr. Nickerson said. There was a marked difference between that convention and one he had attended some years ago in Kelowna.

Mr. Nickerson approved of the election of the new leader, Mr. St. Laurent.

Turning to provincial affairs, Mr. Nickerson expressed the opinion that what was needed here was the Liberal party practicing Liberal principles. Otherwise he would just as soon see the C.C.F. in power.

Mr. Nickerson was critical of the record of the Mackenzie King regime and the Canadian National Railways for failure to utilize the port of Prince Rupert and develop this section of the country as had been planned by Sir Wilfrid Laurier and later approved and promised by Mackenzie King. Mr. Nickerson spoke of lack of use of the grain elevator, cancellation of shipping subsidies, the making of the Grand Trunk Pacific Railway to Prince Rupert branch line to the

Canadian Northern to Vancouver. He pledged his support to the Liberal party if it would be Liberal.

In the chair at the meeting was J. D. McRae, president of the Prince Rupert Liberal Association. There was a good-sized and receptive audience.

Correspondence coming before the meeting dealt with such matters as the party's campaign to have amendment of the Jones Act to remove discrimination against Alaska and Prince Rupert, provincial aid for arterial highways through municipalities, establishment of a major light-house and full aids to navigation on Bonilla Island to aid shipping entering Hecate Straits from the south in approaching the port of Prince Rupert and the setting up of an authority to govern coastal shipping rates similar to that exercised over railway and highway transport.

J. G. Steen suggested the desirability of the formation of a women's Liberal organization, a suggestion which will receive the consideration of the executive.

## IS HONORED AT FRANCOIS LAKE

FRANCOIS LAKE—The Partington home was filled on Friday evening when Mrs. Partington entertained in honor of Betty Munro who left on Saturday morning for her home in Winnipeg. She had been staying with the Neave family at the Landing for the summer. After games, refreshments were served by the members of the Women's Institute of which Miss Munro has been an active member. Mrs. Keefe presented the guest of honor with a pair of nylon stockings from the Women's Institute and wished her happiness in her future work. She intends attending normal school.

After refreshments, W. E. Funnell, Gordon Funnell, Clarence Snyder, Neil Kelly, Mrs. Partington and the Neave boys contributed amusing songs and anecdotes.

## Timely Topics from Terrace

Mrs. C. R. De Kergommeaux, Terrace Reporter

Will Robinson has been on a motor trip during the past few days into the interior.

Miss Evelyn Bussey of Prince Rupert has been visiting here with Mr. and Mrs. Ray Judd.

Mr. and Mrs. Ken Mangnall and son of Vancouver are visiting here with Mrs. Mangnall's father, George Little. They motored up from the south.

Mrs. Hazel Cole and son, Jimmy, of Prince George, are holidaying here.

Rev. and Mrs. Pervical Mallett arrived here a few days ago from Vancouver. Mr. Mallett is the new United Church pastor here.

Miss Irene Pratt left at the end of last week via Prince Rupert for an extended trip to the United States after which she will make her future home in Vancouver.

Jack Kirkaldy left at the end of last week for Vancouver to resume his studies in Applied Science at the University of British Columbia.

All Yoxall, Dudley Little, Hank Pache, Tony Cote, Mr. and Mrs. Walter Chesser, Mr. and Mrs. Steve Howlett, Mrs. C. R. DeKergommeaux, Mrs. R. Cooper, Miss Colleen Whalen and Miss Vera Frank comprised the ticket selling and demonstration party which visited Prince Rupert last Saturday in advance of the Labor Day celebration here.

Mrs. Erikson has her parents, Mr. and Mrs. Jenkins, visiting with her. They came up from the Fraser Valley and met their little grandson who is now a month old.

H. A. S. West and party passed through on Friday. They are finishing up a topographical survey for the Dominion government which started on June 1. They have travelled by plane, boat and car.

The September Women's Institute Meeting was held at Mrs. John Keefe's home on Thursday afternoon. It was planned to hold the October meeting in Mrs. Cassidy's home at Colley-mout. It was decided to have a picture show and dance during the month. There was very little business to attend to and Mrs. Keefe served refreshments after the meeting was closed.

## NEW HIGHWAY SUP'T HERE

R. H. Hankey, who succeeds F. B. Shannon as superintendent of the Highway Construction Company operations in Prince Rupert, has arrived in the city accompanied by his wife and children.

Mr. Hankey drove up with his family from Boston Bar where he had been in charge of company works at that point. It is the first time he has been in this area since he worked for the Carter-Halls construction company at the Terrace airport in 1943. Mrs. Hankey, after a brief visit in the city, left Tuesday on the Camosun accompanied by the children who will attend school in Vancouver this term.

Work at Denise Arm is progressing favorably according to the superintendent and he expects to have all the gravel contracted for by the city, plus 5000 extra yards, stockpiled within the next seven or eight weeks. Chief difficulty of hauling gravel from Denise Arm is a sandbar at the head that must be crossed at high tide and the Butze Rapids where tugs and scows require high slack water in order to pass into the harbor.

## Claim Negro Seamen Smuggled Into U.K.

LONDON (P)—A mysterious organization in Aden was accused of smuggling Negro seamen into Britain by a delegate to the annual meeting of the National Union of Seamen.

J. Ockleton, district secretary of the northeast coast section of the union, said the men, who often could speak no English, were flown into England, where they gave "a big rake-off" to agents who found them jobs aboard British ships.

White seamen were often displaced, he said.

## Prince Rupert Daily News

Friday, September 10, 1948

The meeting passed a resolution condemning the influx of Negro seamen into the merchant navy, and asking that the government take steps to check "abuses now current."

## COMPLAINANT A "SISSEY" BRANTFORD, Ont.

local magistrate described the action of a man who went to doctor after getting a black eye in a fight as "sissy-like."

man pleading guilty to common assault was given suspended sentence and the magistrate ruled that the doctor's bill was the responsibility of the complainant.

### Water Tastes Bad It's Natural Gas

FORT NELSON, B.C. (P)—Visitors always leave this friendly R.C.A.F. station with a bad taste in their mouths.

Natural gas has seeped into the station's water supply. It's a fire hazard and makes it almost impossible to wash clothes clean. And it tastes awful.

Last summer they tried digging a new well, but the gas seeped into that one too.

The only thing that makes residents happy is watching the expression on the faces of transient air passengers as they sample the Fort Nelson brand of coffee.

## SHIPS AND WATERFRONT

**Strike Brings Business Here—  
Boat Reported Lost in  
Skidegate Inlet**

With the movement of fish products from Alaska into Prince Rupert for transshipment East over Canadian National Railways gaining ground, two more vessels were in port yesterday—the Ketchikan motor ships Sydney and Dagny. The Sydney had three cars of frozen fish and the Dagny 6000 cases of canned salmon. According to dispatches from the south, Alaskan slamon packers assert that large amounts of Alaska canned salmon are to be diverted from Seattle to Prince Rupert because of the current maritime workers' strike which is tying up both ports and ships of the west coast of the United States. This was said to be one of the reasons why the Alaska Steamship Co.'s steamer Denali put into port Wednesday night to discharge 30,000 cases of canned salmon.

Canadian Pacific Steamships are keeping both steamers Princess Louise and Princess Norah on the Alaska run via Prince Rupert through the month of September instead of withdrawing one of them for the fall as is the usual custom. On Monday morning the Princess Louise was in port with 211 passengers, of whom seven disembarked at this port. The Princess Norah was here this morning bound for Skagway.

Nothing further has been heard since the denial by the C.P.R. of the report that the steamer Princess Adelaide was being withdrawn from the run and the Vancouver—Ocean Falls-Prince Rupert service given up. Contrary reports notwithstanding, the Princess Adelaide seems to be doing well as indicated by the fact that she is handling so much cargo now that she is usually late in arriving here on Monday evenings. This week, for instance, she did not arrive until 11 p.m. The Princess Adelaide has long since become an institution on this run and abandonment of her service would leave a gap indeed.

There is also speculation as to the plans of Union Steamships Ltd. for coastal service now that the summer runs are ending. Expectations are that a twice-a-week service between Vancouver and Prince Rupert will be maintained and possibly improved. The improvement which it is heard may be made would be effected by operating a vessel, possibly one of the converted corvettes which have become so popular, on a large direct run between Vancouver north and south with extension of the voyage out of Prince Rupert each week to Queen Charlotte Island points, making the direct service to the Islands out of here. Thus, it appears, would be eliminated the costly business of making the long haul to the Islands out of Vancouver. A decision on the matter is expected soon. Meantime, the Cogitiam continues on the run between Vancouver and Prince Rupert via the Islands with the Camosun out of the Vancouver-Prince Rupert-Alice Arm-Stewart run and the Catala on the cannery run between Prince Rupert and Vancouver.

Unconfirmed reports received here during the week were to the effect that the Vancouver halibut boat John Essler, which has been engaged in tuna fishing off the west coast of Van-

couver Island, had struck a rock and sunk in Skidegate Inlet. Three men aboard the vessel were reported to have made a safe escape. The John Essler was equipped with a 100 h.p. engine. An American vessel was also reported to have come to grief in Skidegate Inlet, being towed to Queen Charlotte City.

With 75 bookings assured, the special voyage of Union Steamship Co.'s steamer Chilcotin to Juneau with the convention of Associated Boards of Trade of Central British Columbia is definitely on. In all, there is accommodation for 100 persons. Departure from here will be made a week from next Monday evening, September 20, with return Saturday night. Representing the Union Steamship Co. on the trip will be Frank Skinner, general agent here, who is being accompanied by Mrs. Skinner, while coming from Vancouver will be Jack Buckeridge, representative of the company's passenger department, and Daniel Shaw of the freight department.

When a new bent, which had been installed at the Cow Bay floats in connection with repair work being carried out there, collapsed on Sunday morning of this week, it fell over the Greenville fishing boat A. E. S. aboard which were Mr. and Mrs. Alex Stevens. The A. E. S. was lying on the bottom after the tide had gone out and sustained considerable damage from crushing. Mrs. Stevens, asleep aboard the boat at the time, escaped injury which might have been serious had she actually been caught by the falling timber.

#### MOWER'S REWARD

A home owner, wearing his oldest clothes, was mowing his lawn when a woman in a brand new car stopped and asked him: "What do you get for mowing lawns?" "The lady of the house lets me live with her," replied the home owner.

There are at least 250 different kinds of violets.

### RENOVATION OF BOOTH SCHOOL

General repair and overhaul work being carried out at Booth Memorial High School is running slow and behind schedule but progress is being made, slowness of delivering lumber and other factors notwithstanding, the board of school trustees was advised Wednesday night by its building consultant, W. H. Shortridge. The board gave Mr. Shortridge authority to proceed with the work, decision of an important nature, of course, to be made by committee.

### Ontario Farmers Burn Vegetables

TORONTO — Truckloads of fresh vegetables are being dumped and burned almost daily in the Boulby Avenue district, residents say. Officials say the vegetables are not worth salvaging. John Goodman says a trucker told him a load had just come in from his farm to be dumped, the farm goods being in perfect shape. But the owner stated he would sooner destroy what he had raised than accept low prices. He would not sell cabbage at 3 cents a head.

### BABY BROUGHT BACK TO LIFE

VANCOUVER, (P)—A mother here now knows why hospital attendants last May 13 spoke of her infant as a "miracle baby." Trudy was born to Mrs. Margaret Nystrom with "RH" antibodies active in her blood. During post-natal surgery when the RH-laden blood was replaced by "replacement transfusions," the infant's heart stopped for five minutes, and her respiration for 30.

Trudy was delivered by caesarian operation. At the height of the operation her heart stopped and respiration ceased. To all appearances the child was dead.

Adrenalin brought the heart back into motion, the operation was completed and the child placed in an incubator. It was 30 minutes before respiration resumed.
