## Contract For New Nurses' Home Is Awarded

### Mitchell & Currie Get Contract For \$81,392

Another major building project in the city gets under way immediately following the awarding of the contract today by the board of directors of the Prince Rupert General Hospital for an \$81,392 addition to the Nurses' Home. The successful bidders were Mitchell & Currie who will start work immediately. Architects are McCarter & Nairne of Vancouver whose representative will be here shortly. The new structure provides for twenty-eight bedrooms and a recreation room and will occupy the most of four lots immediately to the east of the present Nurses' Home.

### Big Winter Event— Burns Lake Ski Meeting

**BURNS LAKE**—With a strong executive in the saddle, Omineca Ski Club is planning the holding of the biggest and best Ski Tournament since the British Columbia championships brought the greatest group of ski experts ever gathered in the west and when the attendance was so great that almost every house in the young village was held open to visiting ski enthusiasts. Accommodation is no longer a problem, however, as the Tweedsmuir Hotel is especially prepared to entertain skiers. The big basement is equipped with showers, dressing rooms and an expert attendant will be on hand to overhaul damaged skis, to advise as to the different ski dope suited to prevailing weather conditions, and to repair and adjust ski hitches for the novice. The Club Instructor is conceded to be one of the best in America. Officers for the season are as follows: President—Jack S. Brown. Vice-President—Gordon Williams. Secretary—Isabel Curistan. Treasurer—Rodolphe J. Bourque. Instructor—Kaare Engstad, (former Dominion champion) aided by Karl Lindaa, winner of last year's gruelling cross-country run; Larry Curistan, Edwin Ostberg, Dale Dundas, Fred Ragsdale, Ted Rowland, Margaret Bickie. Honorary President—Lyster Mulvany.

**THRIVING SIAMESE TWINS**—One asleep, the other awake, Brenda and Beverley Townsend, Siamese twin girls are placed on a scale for their first photograph in Tofield, Alta., municipal hospital. The daughters of Mr. and Mrs. Bud Townsend, the twins, joined at the abdomen, weighed nine pounds two ounces. No attempt will be made to separate them until they are stronger. Marie Slavik is the nurse. (C. P. Photo)

### Pipe Thawing Causes Fires

First cold snap of the season in Prince Rupert caused frozen water pipes and thawing of pipes resulted in two calls to the fire department. The first fire was at 5:25 a.m. at 625 Tatlow Street in a house owned by Mrs. R. Gilbert and occupied by the family of D. Magnus and Lief Nelson. A partition took fire and damage amounting to about \$25 or \$30 was done. The second pipe-thawing fire was at 11:15 a.m. to the suite of Mrs. Gowan in the Macey Apartment, 327 Second Ave. where smoke came through the floor but caused no damage.

### Finning Tractor Tender Chosen

Finning Tractor and Equipment Co., Ltd. will supply the Shawatlans Lake emergency water pumping plant with a 140 H.P. Caterpillar engine and pump at a cost of \$3,762 f.o.b. Prince Rupert plus tax.

The Board of Works committee recommended this last night at a special meeting of city council. Delivery is guaranteed within three weeks after placing the order.

The machine has a six months guarantee tacked on to it which calls for two days continuous operation at the outset in order that city officials be satisfied the outfit is in good operating conditions. It is also guaranteed to pump 1000 gallons of water per minute.

The engine is a new Caterpillar Model D13000 Diesel type complete with lower type fan and gasoline engine starting arrangements. The pump is a Goulds Centrifugal pump with six inch suction and four inch discharge. Other parts are a "V" belt drive for the latter and an oil and water safety device.

Questions by Ald. Black and Ald. McLean drew assurance from Ald. Rudderham, chairman of the board of works, that the city was amply guaranteed from the vendors of the plant, of service and performance to meet the requirements.

"Mr. Lane has assured us that the engine will do the job required," Ald. Rudderham declared. Ald. McLean said he had understood that a 160 h.p. engine would be required to do the job. One could not always depend upon the rating of an engine but Caterpillar rawas always known to deliver its rating. Ald. Rudderham said.

### Says Hooligans Upset Cambridge

**CAMBRIDGE, England**—Two hundred ex-service undergraduates of Cambridge university were called "vicious and ill-disciplined" by Dr. C. E. Raven of Christ's College.

Dr. Raven, who has just given up the post of vice-chancellor, told a meeting of the Workers' Educational Association: "I should estimate that in the university as a whole there are somewhere about 200 young men who had better not be there, who seem to be vicious and ill-disciplined—the kind of young men responsible for the hooliganism on Nov. 5 last year." (Last November students caused considerable damage to university buildings. Cars were overturned in the street and some visitors were injured). Dr. Raven said his criticism did not apply to 5,000 students "who are doing good work here."

### Interesting Here— Housing Plan Outlined To Council

In the near future Canadians, especially those in the lower income brackets, may be able to purchase new homes with a minimum of initial financial outlay, as a result of a new housing scheme now being worked out between federal and provincial governments. The plan appears to be very interesting to such places as Prince Rupert.

City Clerk H. D. Thain, who attended a housing conference of dominion, provincial and municipal officials in Victoria this week, told city council last night the federal government realized housing as the number one requirement and is taking steps to boost home building at a reduced down payment under the National Housing Act.

Under the new scheme one sixth of the ultimate price will be required. The federal government will foot 75 per cent of construction costs while provinces will pay 25 per cent. Municipalities will not be required to shell out a cent. Costs will entail purchase and surveying of lots and erection of houses.

But, Mr. Thain stated, cities will be expected to survey their own needs. Frying a new exists, they will take the matter up with the provincial government. Needs will be assessed, land will be made available at reasonable prices and an agreement that all services will be extended to the boundary of the construction area, must be fulfilled. If utilities are required in a new housing area, the cooperative scheme would not cost the municipality a cent.

It was suggested a survey be taken immediately. It was agreed that a housing committee should be set up next year to look into the matter.

It was a "far-sweeping" plan which the federal government, through Central Mortgage and Housing officials, had presented at the Victoria conference. Thain informed the council.

In addition to the scheme to encourage private home ownership by reducing the down payment to one-sixth, interest on the lot purchase, the government was prepared to co-operate, with the co-

### UNEMPLOYMENT on INCREASE Situation Serious But Not Alarming

**OTTAWA (CP)** Unemployment in Canada this winter has reached the highest level since the war. So has employment.

Federal Department of Labor officials say the unemployment problem is "serious but not alarming."

No accurate estimate is available as to the number of people in the country who want jobs but cannot find them. Around 208,000 job seekers are registered with the National Unemployment Service. Some of them probably have jobs but are seeking the National Employment Service to help them change them.

### Seventeen Dead In Plane Crash

**JALAPA, Mexico**—All seventeen persons aboard a Mexican air liner which crashed near the Gulf Coast yesterday are considered dead, an official said today.

Wreck of the Compania Mexicana de Aviacion plane near here was the third major crash in Mexico in a year and a half. Thirteen of those aboard were passengers, the rest crew.

Five other persons were killed today in traffic accidents while enroute to the scene of the crash.

### Adult Craft Club Closing

A fitting conclusion to the social gatherings of the crafts club will be the social evening held at the Civic Centre for the Club members on Monday evening of next week. There will be an evening of moving pictures in the club lounge so that the members of the evening groups may have an opportunity to meet those attending the afternoon classes. Both of the Monday night groups will meet early to finish any work necessary for the Christmas rush and later will have an opportunity of seeing the movies and enjoying a social hour. Tea and cookies will be served afterwards.

### Big Stock Of Liquor Here

The cargo of the Camosun yesterday included 2,500 cartons of beer and 800 cases of hard liquor all for delivery at Prince Rupert. The longshoremen had a sizeable job unloading the refreshments.

### City Gets Cut On Sales Tax

Mayor Arnold announced to the city council last night at its special meeting that a check for \$30,399.69 had been received from the provincial government, being Prince Rupert's share of estimated proceeds of the Social Security and Municipal Aid (sales) tax for the first six months of the current year. A letter from Hon. Herbert Anscombe, provincial minister of finance, accompanied the check.

### Dr. Hershey Has Resigned

**VICTORIA**—Dr. J. M. Hershey, commissioner of British Columbia's Hospital Insurance Service announced his resignation today. He said in a statement that because he had not been given assurance that major change he had recommended in internal operation of the service would be carried out, he had no alternative but to resign.

### High School Sports Banned

**VICTORIA**—British Columbia's High School sports finals have been banned by the Department of Education. Minister of Education W. T. Straith, in announcing the ban, said that attempts to organize provincial high school sports had been unsuccessful because of time lost and expenses involved.

### Vancouver Stores To Defy Bylaw

**VANCOUVER**—Many Vancouver stores will remain open next Wednesday and test the validity of the Weekly Half Holiday Act. The Hudson Bay Co decided it would take the lead in staying open, the bylaw notwithstanding and fifty smaller stores have followed suit. Time and a half wages will be paid the employees for the half day.

### New Housing Deal

At last the federal government appears to have come through with a scheme for assistance in housing financing that is made to order for Prince Rupert. The details of the scheme, which would be financed by the Dominion with assistance by the province, were disclosed to the city council yesterday afternoon by City Clerk H. D. Thain who this week in Victoria attended a conference of municipal representatives with provincial government and Central Mortgage and Housing Corporation.

With such a scheme of assistance as this available, there would appear to be a real solution to the housing problem. Not much longer now should the condition exist where it is impossible or nearly so to obtain housing accommodation. It remains to be seen whether there will be much building for rental, the assistance of which is also provided for, but, without that, the scheme seems to bring within the reach of almost everyone the possibility of building for himself. The down payment of one-sixth (including the price of the lot) or the lease-purchase plan, whereby one can lease and build up the down payment as he goes, constitute attractive and practical propositions indeed—even to the person of most modest immediately available means.

It is to be recalled what a boon the deal on the wartime housing units in Prince Rupert was to the former renters who were able to become owners under the most easy and favorable of terms. This new scheme of aid to home builders appears to have possibilities of almost equal facility and advantage. It is to be expected that the 1950 city council will see to it, that immediate steps are taken to ensure Prince Rupert is organized to meet the housing crisis under this scheme.

There appears to be little disposition for private enterprise to meet the housing shortage from an investment basis, except for the apartment project involving the former administration building which will fill a real need.

Real home owners make stable community of good citizens. The new government housing deal seems to be the instrument that can really bring that about.

### THE DOUKHOBORS REPENT

There is no reason to doubt the good faith and intentions of the long troublous Sons of Freedom Doukhobors in their avowal of renunciation of their troublesome and defiant tactics which for years have been marked by burnings, bombings, nude parades and general nuisances. They have announced their repentance for their sins and their resolve to sin no more.

The official declaration of the Sons should be an important step of progress toward the settlement of this long vexed problem. That they will follow up their resolve with a respecting of same in good faith can be expected with some confidence. They have had their faults but at least the worst of the Doukhobors have never been charged with duplicity. Their obstinate defiance has been one of their most baffling weapons.

The recanting of the Sons of Freedom from their unlawful ways probably marks the best degree of progress that has so far been made in the solving of the problem with which they are concerned.

### SATURDAY SERMON

(Capt. W. C. Poulton, Salvation Army)  
"For unto us a Son is given and the government shall be upon His shoulders."

The message of the Advent given to mankind 700 years before it happened rings very strangely on many ears today. They fail to see that this has really come to pass. O! foolish man that thou art to think to thyself that thou art greater than God who made thee! While men go on through life trying to convince themselves that they are independent of God and His Son Jesus Christ, they are nevertheless constantly under His government. His Government? Christ in control? Why then is Sin so rampant and evil abounding?

I have yet to discover anywhere in God's Word, either Old or New Testament writings, where God has said either directly in great utterances or through His inspired writers and Prophets, that man, CANNOT commit sin. I do find in many, many places where He says, and His Son reiterates the Father, "Thou shalt not - - - or else!"

There is a difference you know, or don't you know? Government, which is the operation of Law, sets a norm for our conduct and sets rewards and punishments for our obedience to or declension from those norms. Jesus came to be the Governor of the World. Thus He came to be the operation of the Law. He controls by rewards. He does not have to apply the punishments as they are self adjusting. Sin always

repays the Sinner. Sin has an accounting system that is second to none. It pays-off in kind, Jesus knew that when He said: "Do unto others as you would they should do unto you," or again "With what measure ye mete, it shall be measured to you again." Sin takes care of its own punishments. Jesus came to be the Government, as Isaiah said He would. He bore that Government upon His shoulders—the Cross. To most it was an evidence of the operation of Law man-made Law, but to Jesus it was the opportunity to show the power of His Governance by Love.

That is the message of Advent: "Jesus came down my Ransom to be, O it was wonderful Love; For out of the Father's heart He came, to die for me on the Cross of shame and from sin's bondage to reclaim; O it is wonderful Love." Words are such terribly inadequate things to get that message across to man's mind. Love cannot be transferred to mere words, it defies the effort. Jesus the government! Yes, emphatically so. You go ahead and forget that He is and find yourself up against the accounting system of Sin. The system that insists on paying you what you have earned.

Well might Simeon of old say: "Mine eyes have seen Thy Salvation which Thou has prepared before the face of all people, to be a light to lighten the Gentiles (Heathen) and the glory of Thy

### Badminton— First Tourney This Week-end

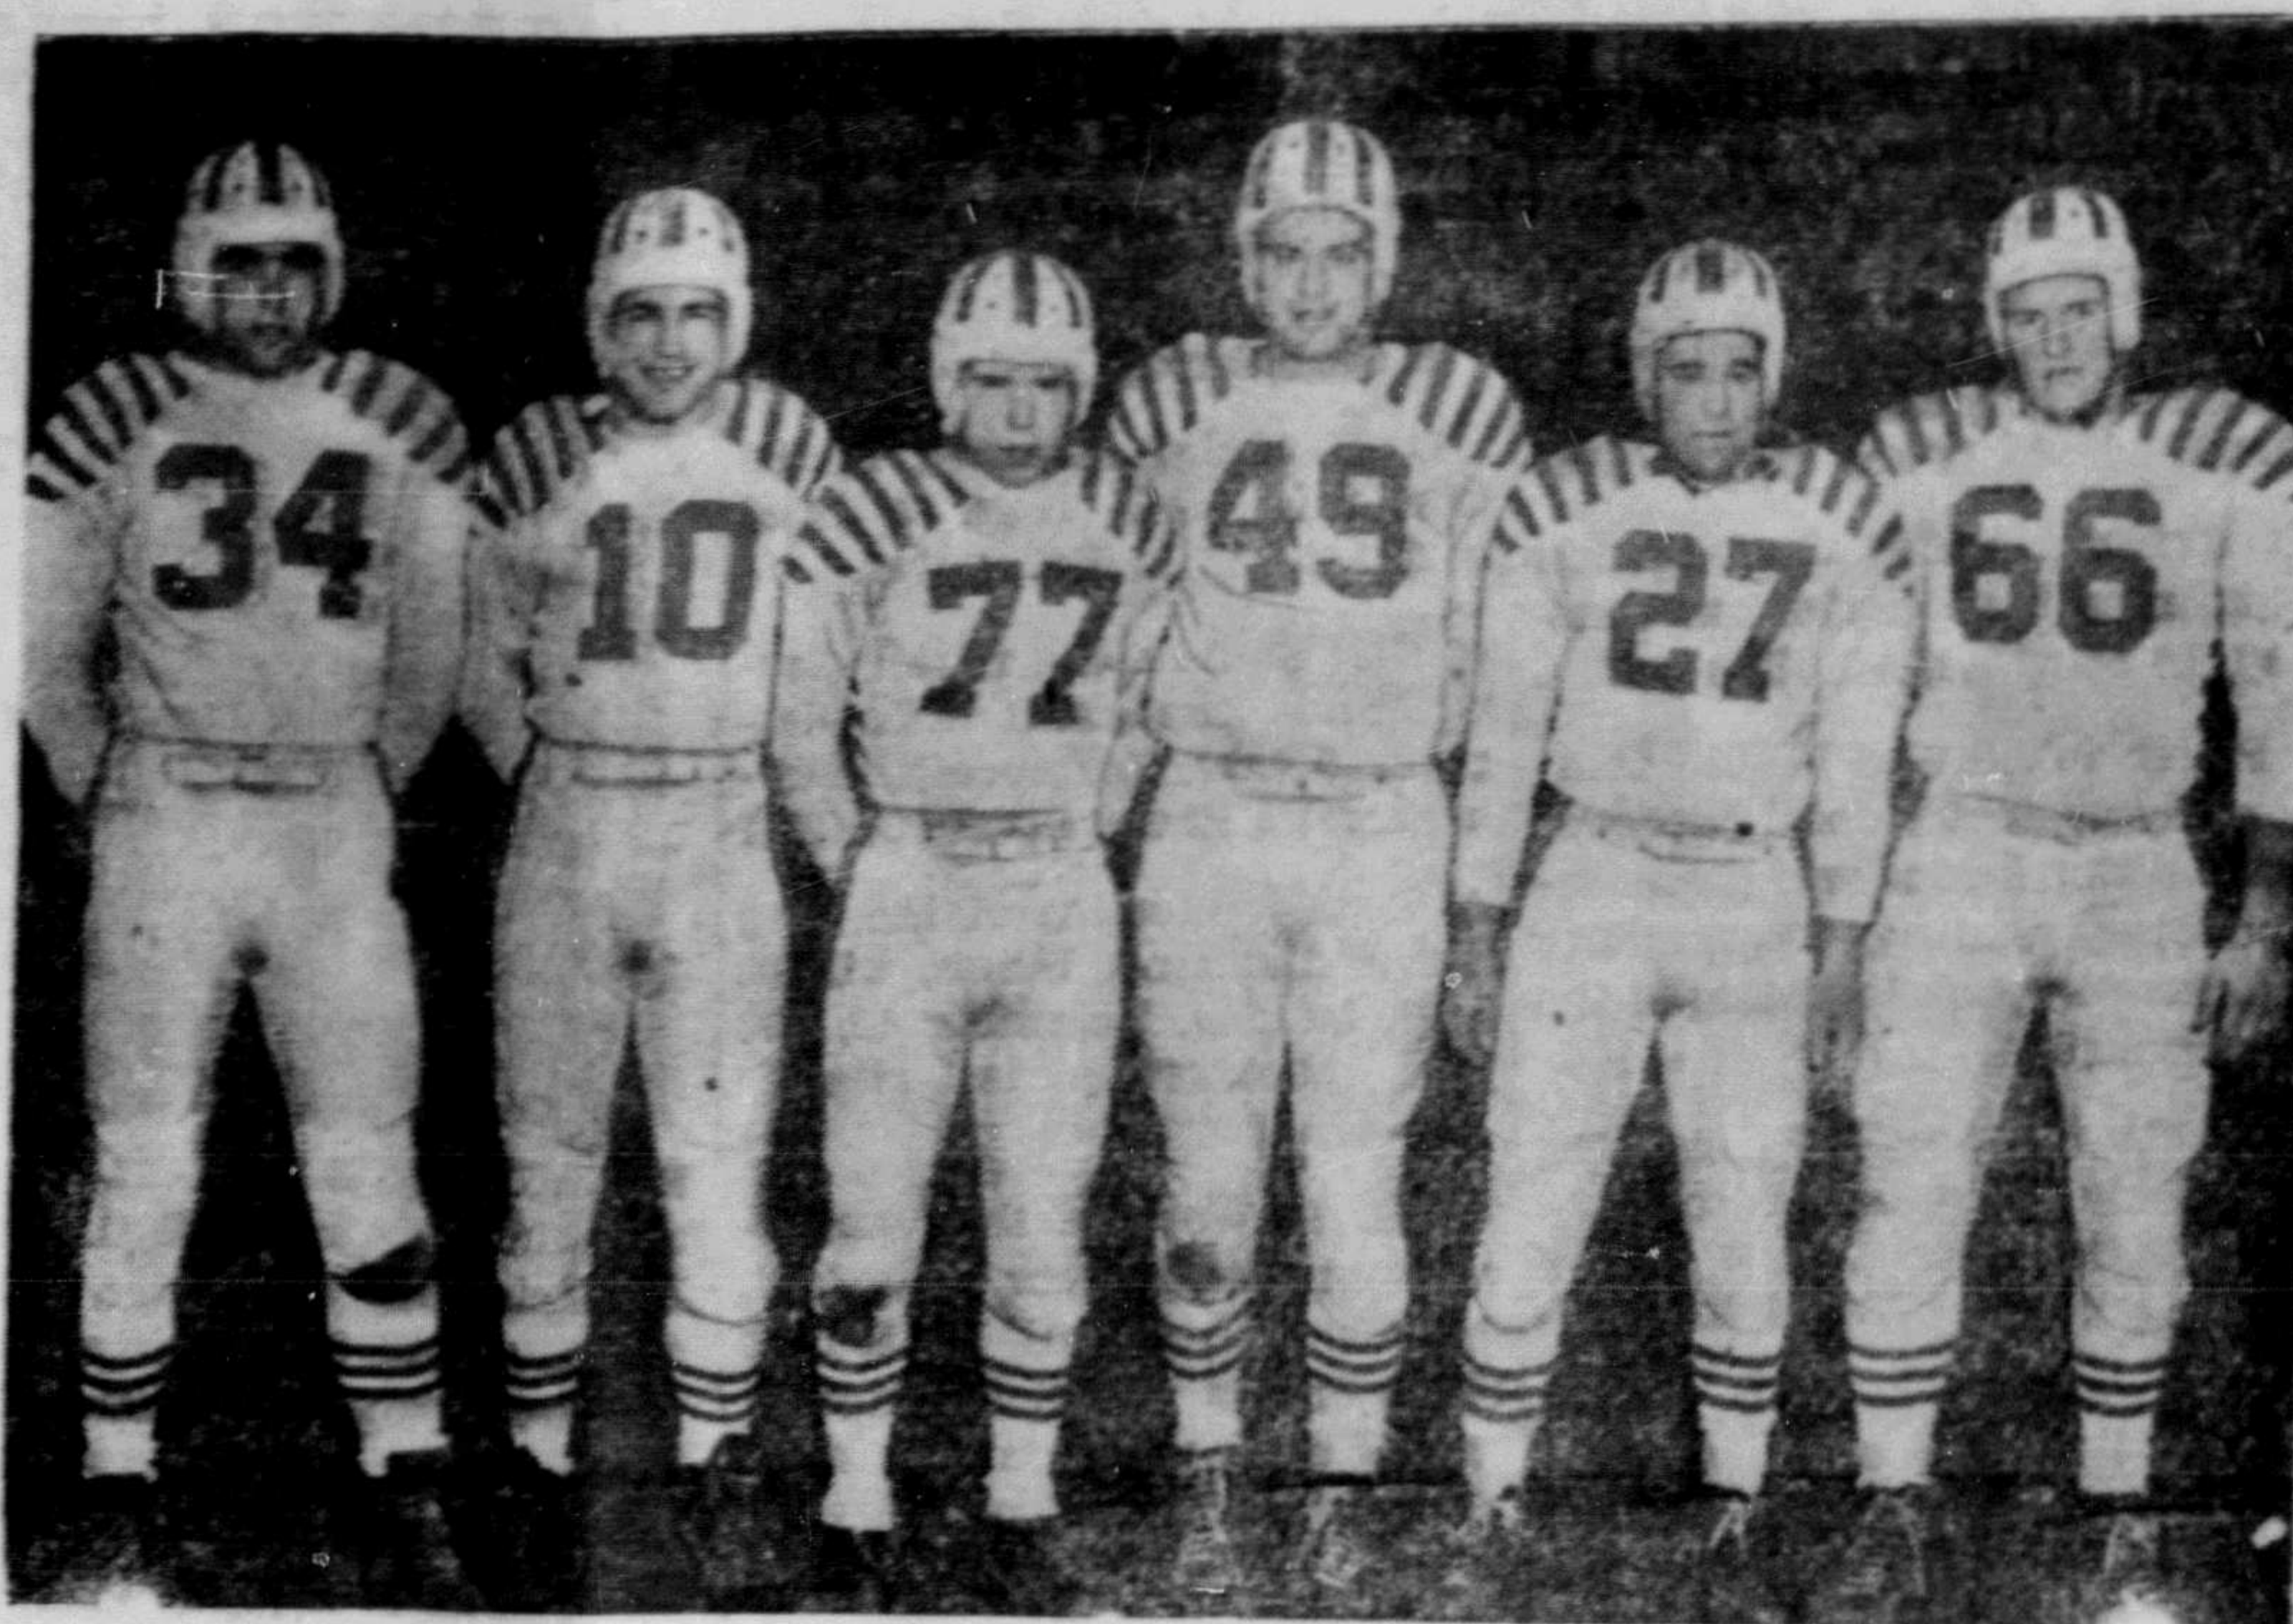

The Civic Centre Badminton Club will hold its first tournament of the season tomorrow afternoon and early evening at the Civic Centre. There are 58 entries and three flights will be played. All games will be mixed doubles, and the tournament will

be the American type with each doubles pair playing every other pair in their flight. As there will be a total of 45 games to play in each flight, or 135 games in all, the games will go to 11 points only instead of the customary 15 or 31. The winners of each flight will be decided on the total points scored in all games played and each winning couple will receive identical prizes.

Play will be on five courts, four being located in the main gymnasium, and one in the appa-

rus gymnasium. The gallery will be open to spectators and some fine badminton is assured as there are excellent players among the club's 150 members. The games committee drew for flight partners at a meeting held last night and the following pairs will play in three flights:—  
FLIGHT ONE—G. Viereck and J. Patterson, Mel Hansen and Dot White; J. Georgeson and E. Rivett, C. Forbes and F. Partridge; H. Pluym and M. Jackson, H. Morgan and B. Morton; S. Vickerman and J. Cross, T. Scheer and M. Viereck, H. Jackson, and L. McKay, H. Holke-

VANCOUVER IS "STAMPING GROUND" FOR THESE COWBOYS—All the cowboys aren't from Calgary. Here are six members of the Calgary Stampede, western Canada's hope in recent Grey Cup final against Montreal Alouettes, in Toronto, who claim Vancouver as their "old home town." Left to right, they are: Barney Bjarnas on, Walt Chahley, Frank French, Ernie Choukalos, Pete Thodos and Rod Pontages. All except Pontages and Thodos are newcomers to club.

Locals Clinch Trophy—

### BO-ME-HI WINS OVER KAYHI IN FIRST KETCHIKAN GAME

Bo-Me-Hi won the first game of their series with Ketchikan last night by a score of 42 to 36. It was their third win of the four game series and they now retain the First National Bank International Goodwill Trophy for another year. The first two wins were in the Prince Rupert half of the series played here earlier in the month. Tonight's game to be played in Ketchikan will have no bearing on the series and will be classed as an exhibition.

The game last night was a rough and rugged affair with Ratchford and Carlson of the Rupert team and Himan and Lewis of Ketchikan leaving the game by the foul route. Play was dull until the final quarter as Bo-Me-Hi had difficulty in getting started after their boat trip north. The boat was nearly three hours behind schedule and the students had to start play immediately after the trip with little opportunity to warm-up. However, they settled down in the final quarter with Carlson and Scherk leading the way.

Joe Lewis and Jim Tucker of Kay-Hi lead their team in scoring with 15 to 7 points. Ray Spring topped the Bo-Me-Hi score with 14, individual scores for other team members being

Carlson 9, Webster 2, Scherk 8, Moore 3, Hill 2, Ratchford 1, McChesney 1, Kristmanson 3, Sharpe.

Monday night the team will play in Metlakatla, Alaska, returning to Prince Rupert Wednesday on the Princess Norah.

### Murray Sez-

With Bo-Me-Hi away on their annual invasion of Ketchikan, Brownwoods and Co-op will tee off in what should be a natural in the regular Senior League attraction this evening. Brownwoods are out for a repeat performance over the fishermen and with the league leaders short on manpower this looks very possible.

Crowds are dropping off during the Christmas rush as is usual each year. Yet tonight should see reserved seats being at a premium again.

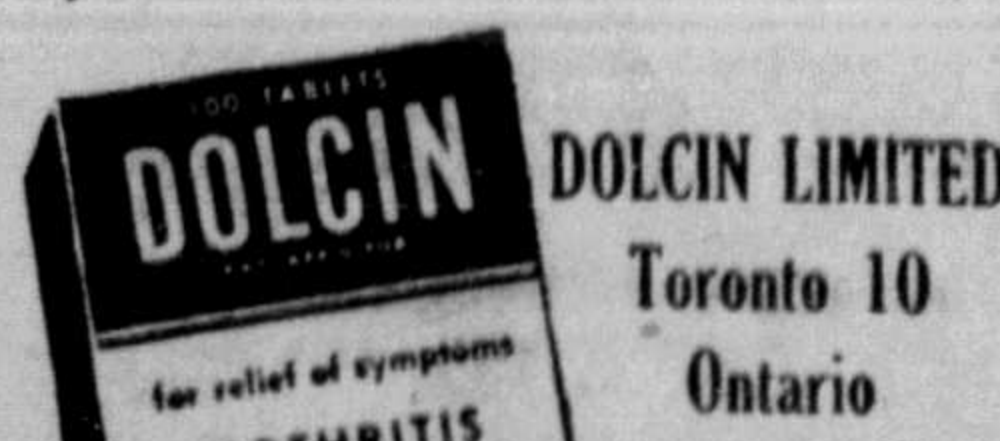

Good news comes from Ketchikan this week. The First City will ship their best for Xmas week which settles Don Forward's worries. Teams seem hard to find this year.

### HOW CAN I ???

By ANNE ASHLEY  
Q. How can I renovate satin goods?  
A. By rubbing over the soiled spots with a cake comprised of magnesia and prepared chalk. Follow the grain of the goods. Let it remain for several hours, then rub off with a soft cloth.  
Q. How can I clean a clogged sink?  
A. A strong solution of copperas water poured down the drain pipe of the sink will open it.

**Christmas Party**  
**United Church**

A number of parents and the small pupils at the Christmas party at the United Church on Friday afternoon presented a short play of carols and recitations, which Rev. Lawrence Stebbins presented a religious film, "The First Noel," sung by the choir.

Ice cream and cake were served to the children in the gaily decorated kindergarten room, while the adults enjoyed afternoon tea, served by Mrs. Gordon Reade, Mrs. Carl Strand, Mrs. Bartlett, Mrs. Clive McLeod and other helpers.

The first gift from the Christmas Tree was presented to Mr. Sieber to be given to the children of Miller Bay Hospital on Sunday next. This gift was a scrap-book, beautifully made by the children of the Kindergarten.

Mayor Arnold handed each child a gift from the gaily lit Christmas Tree which was followed by oranges at the door.

The Kindergarten will re-open on January 4.

# Ray Reflects . . . . . . and Reminisces

One of those forty years ago columns reports a housewife giving up serving bacon for breakfast because it had increased to eighteen cents a pound. Nothing is said as to the severity of the shock the woman must have suffered.

Perhaps the Thompson case in Vancouver has something to do with it, yet there can be no denial that B. C. papers are printing a lot just now concerning the importance of drawing a will instead of allowing an estate to stay at loose ends. Many a family battle can be traced to the disposal of property. Often, the wording of a testament can establish a double meaning, when nothing like that was intended. But, whether you leave much, or comparatively little, a properly drawn document reduces, if it does not entirely remove, the possibility of trouble.

Devaluation of the pound is said to be impairing the finances of the Duke and Duchess of Windsor. But so long as that ranch in Southern Alberta remains in good shape, they need not worry too greatly.

John Fisher, clear-voiced broadcaster, who never neglects the chance to put in a good word for Canada, finds it necessary to defend his position. He says what is very true—too many Canadians have the tendency to boost any part of the earth, so long as it isn't Canada. Their reluctance to shout their own wares, he says, is a blunder. Of course it is, and the curious thing is most of us have always known it.

"There are all kinds of signboards in Prince Rupert except the sort that tell strangers what it is they wish to know. If they had, firmly fixed in mind, how and where the avenues and side streets run, half the battle would be won. Suppose someone is looking for an address on Third Avenue. First of all, find Third Avenue. There is such a sign. Instead of being large and well up it's been cut small and indistinct in the sidewalk concrete and is barely noticed. Casual visitors and tourists, when sign-seeking, gaze upward and around. They do not stare at their feet. Because some folks who have been here forty years, and blind-folded could tramp around town backward, it does not follow others could. To the guess-again newcomer, this is a puzzling sort of place anyway.

Polling in Prince Rupert, contrasted with what it was in the early days, has advantages it is just as well to sometimes think of. In the past, city election balloting took place as a rule in the council chamber—and that meant stair climbing, cramped conditions and all around inconvenience. To say the Civic Centre has everything is not an over-statement.

IN THE SUPREME COURT OF BRITISH COLUMBIA IN PROBATE

IN THE MATTER OF THE "ADMINISTRATION ACT" AND IN THE MATTER OF THE ESTATE OF MALCOLM McDONALD, DECEASED

TAKE NOTICE that by Order of His Honour Judge W. O. Fu on local judge of the Supreme Court of British Columbia, I was on the 1st day of December, A.D. 1949, appointed Administrator of the deceased estate of Malcolm McDonald, late of Lower Post, British Columbia, who died on or about the 13th day of September, 1949, at the settlement of Dawson Creek, British Columbia. All persons indebted to the said estate are required to pay the amount of their indebtedness to me forthwith and all persons having claims against the said estate are required to file them with me properly verified on or before the 15th day of January, 1950, which distribution will be made having regard only to such claims of which I shall have been notified.

DATED at Telegraph Creek, B.C. this 1st day of December, 1949.

ERNEST EARL ALLEN,  
Official Administrator,  
Telegraph Creek, B.C.

## LETTERBOX

### SUGGESTS NEW TENDERS

Editor, Daily News:  
We have read with interest W. J. Richard's letter in your issue of December 16 expressing his attitude to "The Engine Deal." We concur with his remarks that no specification sheets were prepared and, but for the courtesy and help of the City Engineer who supplied what data was available, we would have had a very poor idea of the requirements demanded of this proposed Pumping Unit.

The delivery of 1,000 to 1,200 gallons of water per minute against a head of 400 feet requires an engine between 160 B.H.P. and 180 B.H.P. if it is required to run for long periods at full load such as was the case recently when the city pipeline was damaged by a washout. Lack of a sufficient water supply to our city mains constitutes a very serious condition, since even in Prince Rupert we could have a very serious fire, particularly along our well oil stocked waterfront where at times well over 500 boats are tied up.

For these and other considerations, with our principals, after consulting pump and gear specialists, decided to submit the tender at present before the City Council. This covers a plant capable of continuous performance delivering the above quantities against the above head.

The time at our disposal to collect, assemble and deliver this tender was far too short and the data not definite enough when one compares the range of power and prices submitted to the City Council. This cost of preparing these tenders is not negligible and, where there seems to be such a variation in the interpretation of what has to be supplied, it would be wise to publish definite specifications and call for new tenders on this project.

This would ensure the City of Prince Rupert getting what any engine and pump maker desires, i.e. a plant that will do the work when required and for as long as required.

Irrespective of the fact that this unit for long periods may be idle it has to be considered a heavy duty unit because when required it must be able to carry its full load for as long as an emergency exists.

Thanking you, Mr. Editor,

**FLIGHT THREE**—B. Timmermeister and J. Croxford, D. Farmer and M. Long; T. Capstick and L. Phillipson, G. Naylor and P. Tait, B. Bacon and L. Long, L. Astoria and E. Harrison; B. McGinnis and I. Kristansen, J. English and C. Charbonneau; B. La Mothe and E. Nyhus.

Special badminton sessions have been arranged for the holiday season. The regular Sunday sessions have been cancelled, falling as they do on Christmas and New Year's Days. There will be club badminton as usual on Wednesday evenings during the holidays, and badminton on Tuesday afternoon and evening, December 27 in the main gym and the apparatus gym.

Another special day will be on Monday, January 2, with badminton in both gymnasia afternoon and evenings.

The badminton courts in the auditorium will be closed during the next three weeks due to the heavy schedule of concerts, Christmas parties and other events booked for there between now and January 6.

Plenty of opportunity will be given for casual badminton during the next holidays by arrangement of court and reservations.

**TIMBER SALE X-48752**

**Victoria Report**  
... by J. K. Nesbitt

VICTORIA. — Newly elected members of the Legislature drift into the buildings these days to be sworn into office by Clerk of the House Ned DeBeek. Mr. DeBeek is anxious to get as many as possible sworn in before the House opens, so there'll be no

queue. In the last few days we've had calls in the Press Gallery from Jimmy Mowat, the quiet little Scottish M.L.A. from Port Alberni, who defied Coalition formula last June to run as an independent, and won, from Opposition Leader Harold Winch, sad as he contemplated his legislative forces cut in the election from eleven to seven members; from his father, Ernest Winch, still fighting for the underdog and looking exceedingly well, despite his 70 years; good old Tom Uphill, bubbling as always; from Bert Welch of Coniox, who still finds it hard to believe he gave the fighting Colin Cameron such a trouncing last June; from Charles Beard of Esquimalt, who constantly admits to frustrations as he tries to get things done for the people who elected him. And we had a visit, too, from a defeated M.L.A.—Sam Guthrie, who represented Cowichan-Newcastle these many years. Mr. Guthrie admitted it felt strange to enter the building as private citizen. He was cheerful, though. "That's the way of politics—here today, gone tomorrow," he said. "And I'm not so old—four years will pass quickly—and then perhaps I can run again—and win that time."

In the main rotunda of the Legislative Buildings recently has been a "Young Canada's Book Week Display." On the one hand it shows the splendid reading that is available for young people today; on the other is a table of the crime books—called comics, which they aren't, of course. The titles are enough to make the flesh creep—"Blonde Phantom," "Women Outlaws," "Crimes by Women," "The Human Torch," "Desperado," "Seven Dead Men." They're complete with horror pictures—half nude, wild-eyed women rushing away from blazing guns in the hands of mad men. Contrasts these with the in-

formative, entertaining and beautifully illustrated books modern children may read—"The Cat Who Went to Heaven," by Elizabeth Coatsworth; "Kristli's Trees" by Dr. Mabel Dunham; "Starbuck Valley Winter," by Roderick Haig-Brown; "Young Fu of the Upper Yangste," by Elizabeth Foreman Lewis; "The Black Stallion," by Walter Farley; "Let's Learn About Flowers," "Where Things Come From," "The Golden Egg Book," "The Music Box Book," "The Story of a Tree," "The White Stag," "History Sings."

All these books may be obtained, free, by children in rural areas from the government's excellent Public Library Commission, which has a staff in the Legislative Buildings constantly packing boxes of books and sending them to people who live in isolated places.

Librarians are convinced that if good books are made available to children the crime stories will lose their glamor.

The government is constantly cursed by the liquor question. Cabinet ministers, looking over the subject of alcoholic beverages and how they should be served, may cry "stay away from my door," but this never happens. Everyone, it seems, takes some stand on liquor.

In Victoria the other day the Victoria County Young Liberal Association embarrassed the government by voting for what is called liquor reform. The Young Liberals said B.C. should follow Ontario's pattern. This means cocktail bars. The government won't go that far, not for a long time, anyway.

**Comedy Of Gridiron**

Fred MacMurray in the film comedy "Father Was a Fullback," which is showing this week-end at the Capitol Theatre, has the role of an harassed football coach who has to worry through a disastrous season on the gridiron and at the same time cope with the antics of two adolescent daughters.

MacMurray delivers a smooth performance, perfectly timed to fast-moving comedy situations. Maureen O'Hara plays the wife and mother with restraint and understanding. Betty Lynn is a bobby-sox baby sitter and Natalie Wood, the kick sister who tells whoppers at the most inopportune moment.

Rudy Vallee also has an important part as the smug spokesman for the alumnae.

**British Bride For Local Man**

Mrs. Constance Emily Lobley, who arrived in this country at the first of the year from Suffolk, England, became the bride of Hubert Ward, one of Prince Rupert's best known and esteemed pioneers, at a quiet ceremony in St. Andrew's Anglican Cathedral Wednesday night. Rev. Canon Basil S. Prockter officiated and the attendants of the couple were Col. and Mrs. S. D. Johnstone. Otherwise only immediate relatives were present.

Following the ceremony, the occasion was suitably celebrated at the home on Graham Avenue, Westview, where Mr. and Mrs. Ward will reside. Mrs. Ward is a sister of Mrs. A. H. Neave of Francois Lake. Before coming north she had been visiting with her family in Denver, Colorado.

**TO BE BURIED IN NANAIMO**

Remains of Mrs. Phyllis May Meredith, wife of Henry Meredith of Nanaimo, who passed away on Wednesday in the Prince Rupert General Hospital here, will be sent tomorrow night by the B.C. Undertakers to Nanaimo where interment will be made. Thirty-six years of age, Mrs. Meredith had been a resident of the city for about a year and a half. She was engaged as a waitress here. Besides the widow, there are two young sons, Roy and Emmett.

Firemen were called to the residence of Joe Sankey at the rear of King Tl premises at Seventh Avenue East and Fulton Street at 4:35 p.m. yesterday. The blaze, caused by a gasoline stove, was extinguished before arrival of the squad and very little damage was done.

With the forthcoming arrival here of Dr. Duncan Black to assume the post of director of the local public health unit, Dr. A. W. Large, who has been carrying on in an acting capacity, will be enabled to again devote his entire time to his private practice.
