Touch Featured In Britain's To Aid Production Boost

AM JENKINS to increased productivity meth- (Editors)—Britain's "human touch" is being used to solve the problem of improving production efficiency. He advocated a wider extension of joint production committees and works councils in industry to overcome disputes and restrictive practices. The government is encouraging employers to form policy committees at their factories and taking steps to see that employees know the national plan for their industry and the part their factory is expected to play in it. What I called the wartime "browned-off" attitude still exists among employees in Britain's factories, according to some employees, but it is on the wane. Britain's recent new dollar import cuts have increased apprehension about unemployment, they think.

VIOLENCE LOOMS AS RED ELECTION NEARS IN KOREA

By WILLIAM R. MOORE SEUL, Korea (AP)—A peak of violence may be reached in Korea September 20. This is the date set by a self-styled "Democratic Front" in Communist-ruled North Korea for a general election to cover the whole country. The Assembly is to write a new constitution to "unify" this divided country.

THE WEATHER

Synopsis
A weak disturbance which this morning lies across the Queen Charlotte Islands is bringing cloudy skies to all the coastal sections of the province and to the central interior as well. Intermittent rain is general over the northern coast and showers are expected to spread to the southern coastal region by Wednesday. Ground frosts were again reported from most sections of the southern central interior but an increase in cloudiness today should bring milder temperatures to these areas tonight.

NEWFOUNDLAND SHIPS ORE

BELL ISLAND, Nfld. (P)—This port shipped 350,026 tons of iron ore to mainland Canada from May 24 to August 6. Another 201,477 tons were shipped to the United States.

Foreign Ministers To Meet Next Week

WASHINGTON (P)—Russia has agreed to an informal meeting of the Big Four foreign ministers at next week's session of the United Nations General Assembly at Lake Success, New York, diplomatic officials reported last night. The meeting will bring together Bevin of England, Vishinsky of Russia, Acheson of United States and Schuman of France.

WEST GERMAN CHANCELLOR TO BE NAMED

BONN, Germany (P)—Dr. Konrad Adenauer appeared firmly in the saddle today as the strong man of western Germany's new federal republic. Yesterday's election of Professor Theodore Heuss as president assured Adenauer of the chancellorship and demonstrated the power of the three-party coalition which he heads. As President, Heuss will name the Chancellor (Prime Minister) perhaps today or tomorrow. The 75-year-old Adenauer heads the Christian Democrat Union, strongest party in the right-wing coalition.

LIBERALIZE RE-MARRIAGE ATTITUDE

HALIFAX (P)—The seventeenth General Synod of the Church of England in Canada today passed a resolution permitting re-marriage of persons where the nullity of a previous marriage has been established by the Church. The measure was entered by Mr. Justice W. H. Harrison of St. John, N.B. Before gaining final approval the motion must be passed by the House of Bishops.

RECOVER HALF STOLEN JEWELS

TORONTO (P)—Diamonds and emeralds valued at \$15,000, believed to be half the loot stolen from a Vancouver estate, were found today in a safety box here. Police said that the box was rented by Lou Molnar, suave, 27-year-old jeweler, chief suspect from the Fraser Valley estate of C. S. Gaspie, millionaire lumberman. Police said that a friend of Molnar, who is known also as Ward, tipped them off to the jewels' whereabouts.

BOARDWALK PIER IS HIT BY FIRE

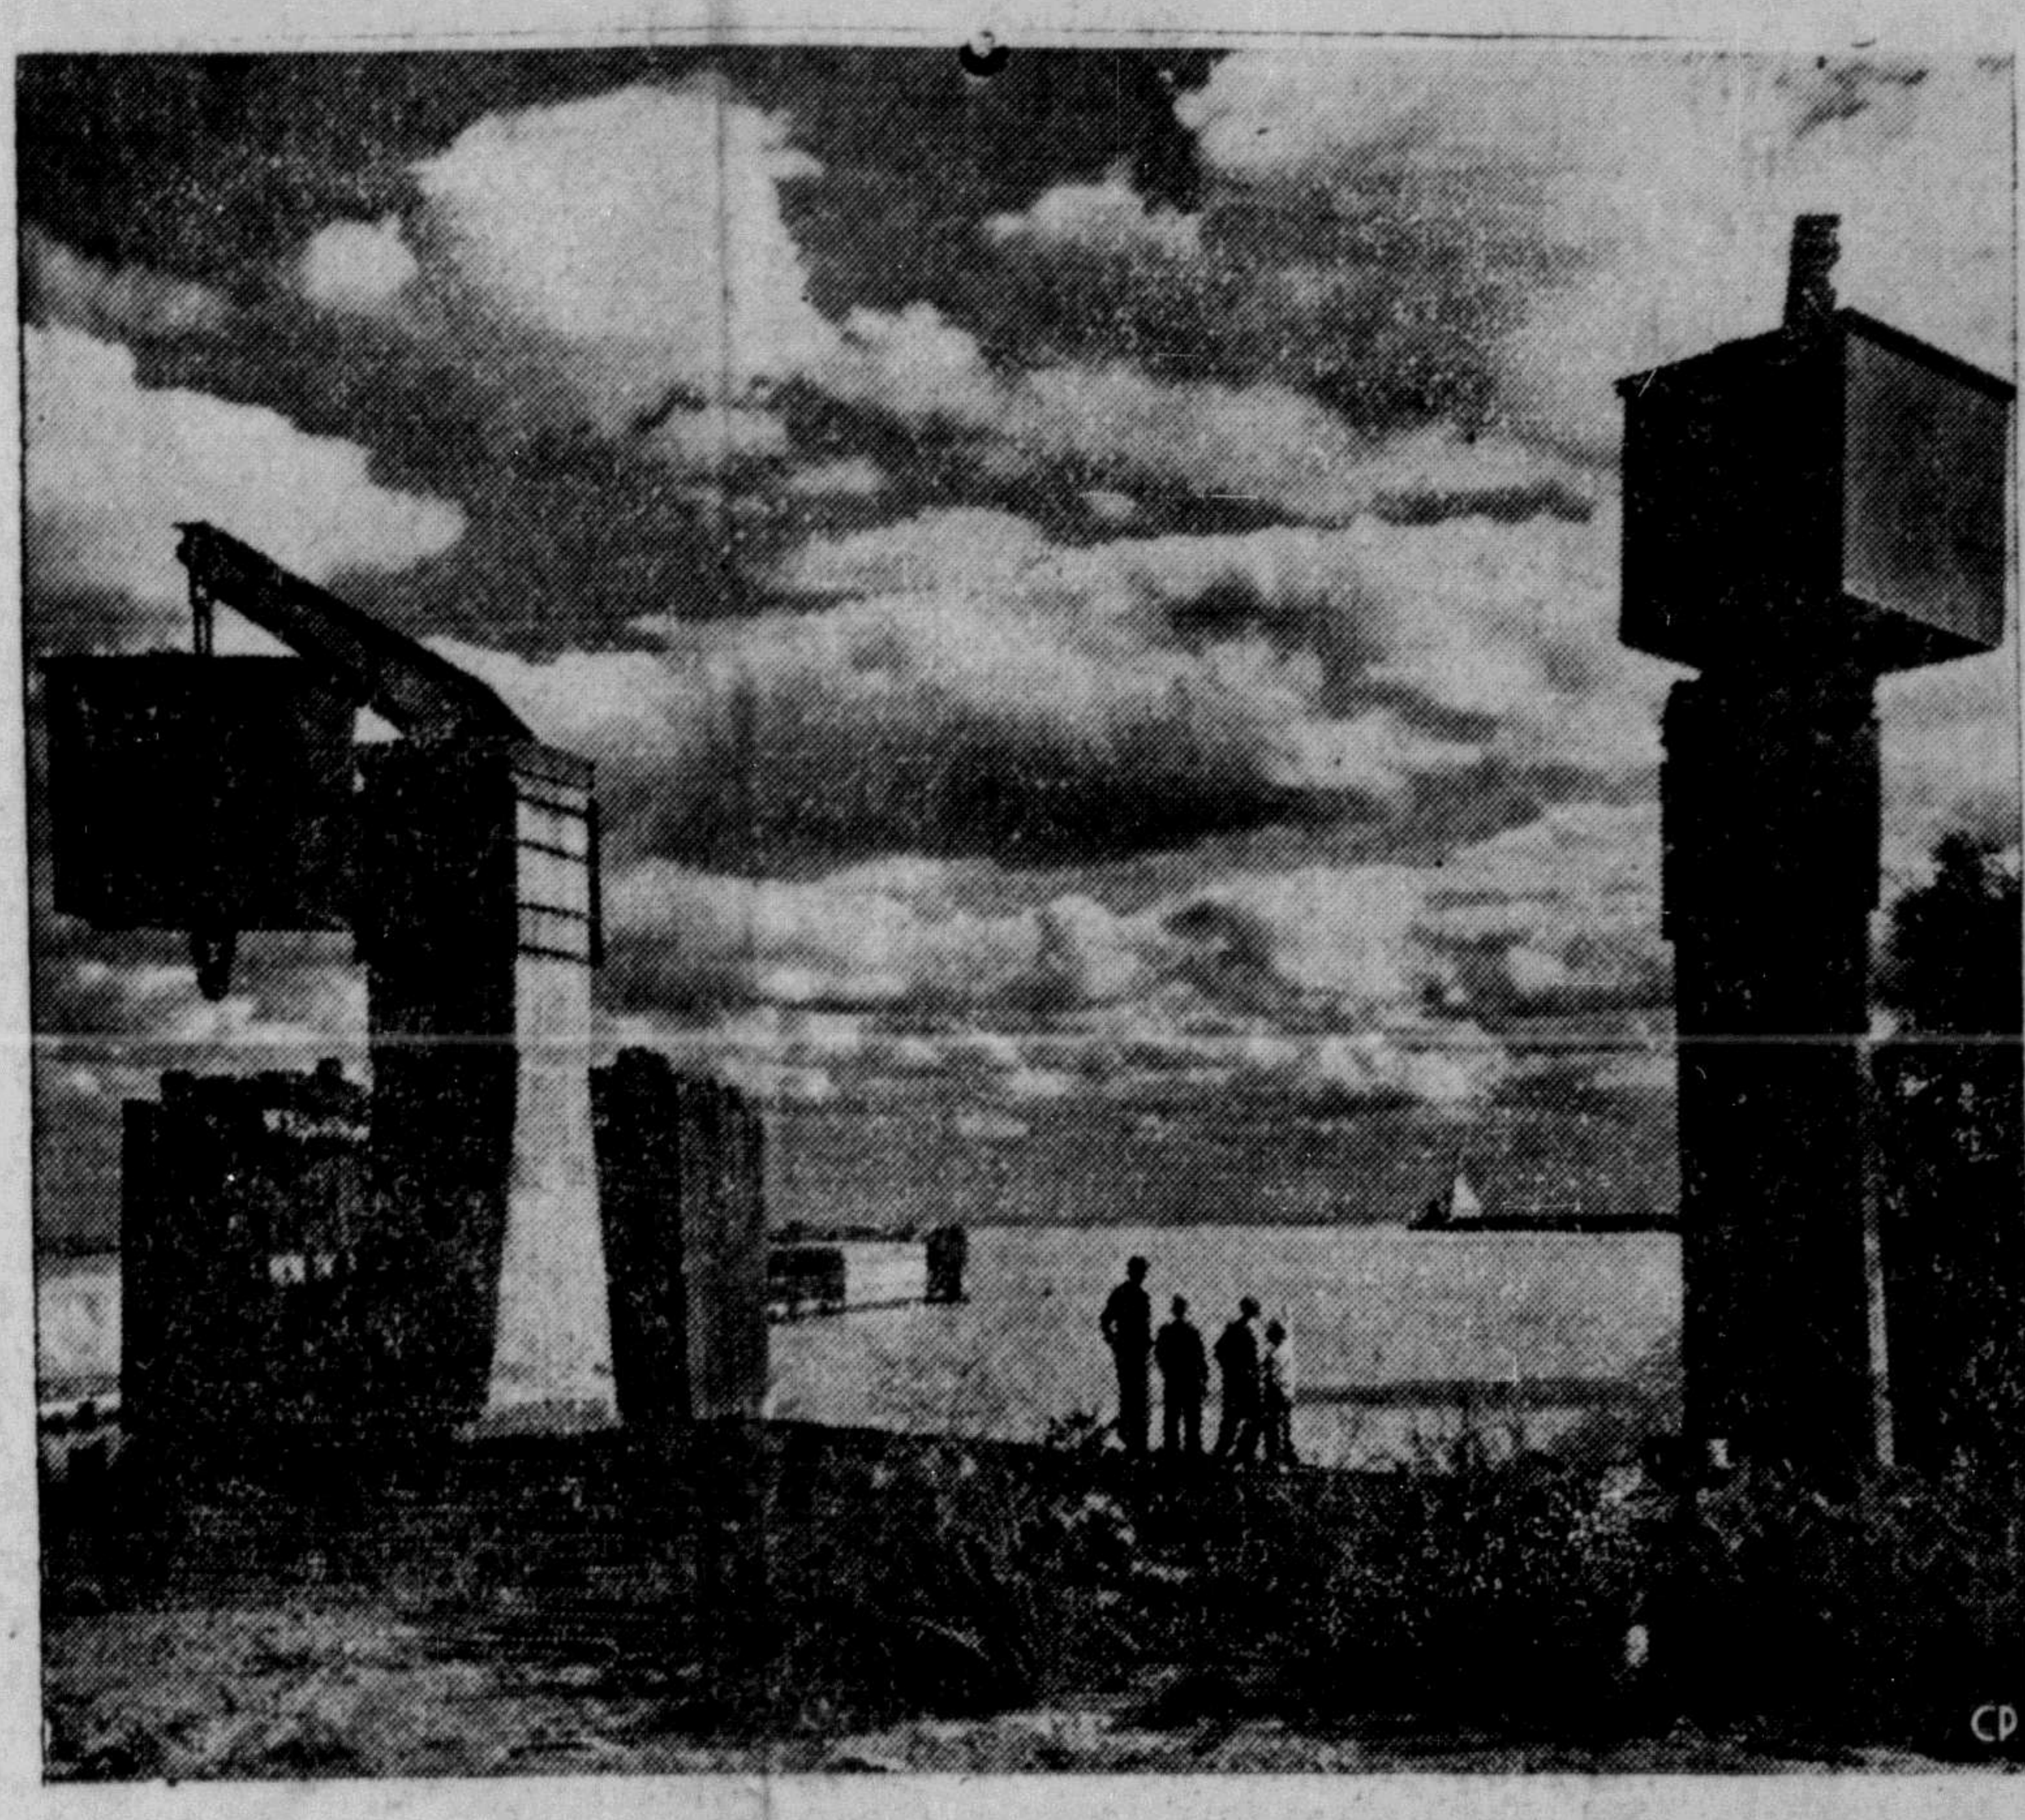

ATLANTIC CITY (P)—A \$200,000 fire ripped through 300 feet of the famed \$1,000,000 pier here today. The well-known landmark which juts 1,900 feet into the ocean on a downtown section of the boardwalk, caught fire about 4:30 a.m. (EDT). A strong wind blew the roaring flames down the beach, away from the boardwalk hotels.

CHARGED WITH KNIFE MURDER

SUDBURY (P)—Adelard Latour, 49-year-old bush worker today was charged with murder in the hunting-knife slaying of 23-year-old Mrs. Cecile Rainville, his cousin's wife. Handcuffed, his hand and wrists bandaged, Latour appeared briefly in court today and was remanded to September 20. Mrs. Rainville died yesterday in her two-room basement apartment while her two-year-old adopted daughter, Jeanette, sobbed by her side. Police found the woman's body, with numerous knife wounds, clad in a dressing gown. Latour reported the slaying to the officers.

WESTERN COLD WAVE HITS CROPS

EDMONTON (P)—Damage of at least \$1,500,000 to late-spring uncut crops in central Alberta is expected in the wake of a cold wave that brought 20 degrees of frost to some parts of the province last night. In British Columbia, the cold struck a hard blow at vegetable and grain farmers, causing a 10 percent loss in the Okanagan Valley tomato yield.

LAST LOOK—Four boys looked across Lake Erie for the last time before starting back to school as a news photographer caught this view of the harbor at Port Stanley, Ont. (C. P. Photo)

WOULD DEVALUE SOFT CURRENCY

WASHINGTON (P)—The international monetary fund today advised dollar-short countries to devalue their currencies if needed, to boost their dollar earning exports. Without singling out the pound sterling, but with Britain's dollar crisis obviously in mind, the report was laid before the fourth annual meeting of the board of governors of the multi-billion dollar fund and world bank. Shortly thereafter, financial leaders of the 48-member countries were to hear an off-the-cuff address by President Truman.

STEEL STRIKE TRUCE EXTENDED

PITTSBURGH (P)—There will not be any steel strike in the United States for the next 11 days—and after that, maybe not at all. Chances look bright as autumn sunshine for a peaceful solution of the wage dispute that threatened to tie the country in economic knots. The United Steelworkers (CIO) and six major steel producers have agreed to an 11-day extension of the strike truce sought by President Truman. In the meantime, they are studying the report of the Presidential fact-finding committee which they received at the week-end.

BOARDWALK PIER IS HIT BY FIRE

ATLANTIC CITY (P)—A \$200,000 fire ripped through 300 feet of the famed \$1,000,000 pier here today. The well-known landmark which juts 1,900 feet into the ocean on a downtown section of the boardwalk, caught fire about 4:30 a.m. (EDT). A strong wind blew the roaring flames down the beach, away from the boardwalk hotels.

CHARGED WITH KNIFE MURDER

SUDBURY (P)—Adelard Latour, 49-year-old bush worker today was charged with murder in the hunting-knife slaying of 23-year-old Mrs. Cecile Rainville, his cousin's wife. Handcuffed, his hand and wrists bandaged, Latour appeared briefly in court today and was remanded to September 20. Mrs. Rainville died yesterday in her two-room basement apartment while her two-year-old adopted daughter, Jeanette, sobbed by her side. WESTERN COLD WAVE HITS CROPS

EDMONTON (P)—Damage of at least \$1,500,000 to late-spring uncut crops in central Alberta is expected in the wake of a cold wave that brought 20 degrees of frost to some parts of the province last night. In British Columbia, the cold struck a hard blow at vegetable and grain farmers, causing a 10 percent loss in the Okanagan Valley tomato yield.

RAILWAY CHIEF TO MAKE FIRST TRIP IN COMPANY'S NEW SHIP THIS WEEK

(By G. A. HUNTER)
JASPER PARK—R. C. Vaughan, president and chairman of the board of directors, Canadian National Railways, was interviewed at Jasper Park Lodge Monday by a representative of the Daily News who was at Canada's lovely mountain resort awaiting a late train connection for the East. Mr. Vaughan displayed his usual keen interest in Prince Rupert and the railway between Jasper and Prince Rupert over which he will travel later in the week in the course of his annual western inspection tour. The railway chief, accompanied by Mrs. Vaughan and their daughter, Mrs. Arnold, will arrive in Prince Rupert Thursday night by the regular train and proceed to Vancouver on the steamer Prince George the same night. Mr. Vaughan expressed regret that time would not permit a longer visit to Prince Rupert.

It will be his first trip on the new steamer. Mr. Vaughan was full of desire to obtain the latest information about the new celanese mill at Watson Island which he was told was now well under construction with the raising of steel for the building, the laying of the pipe line for water supply and employing seven hundred men. The railway president also recognized the further great development which would accrue to the Prince Rupert area and the province of British Columbia generally through the apparent likelihood of the Aluminum Co. of Canada locating near Prince Rupert. He mentioned the probability of a branch line connection to Kitimaat, if that site is selected (Kitimaat is only about forty miles southwest of Terrace). Discussing the possibilities of improvement of service on the railway line between Jasper and Prince Rupert Mr. Vaughan expressed as he has often done before, his anxiety to do everything possible to help in the development of the line, keeping expenditures within due bounds and with due regard to existing returns and the possibilities. He was appreciative, at the same time, of the duty of the railway in building up the country and mentioned the work that the immigration department of the C.N.R. was already doing in settling up the central interior. (An example of this is the bringing of Dutch settlers into the Houston district). Improvements to the railway line into Prince Rupert were also being made in the system's general program. The railway president admitted the difficulties of the financial aspect. Mr. Vaughan told of having been interviewed only recently by the representative of Toronto interests which were contemplating the building of a new hotel at Prince Rupert. They were seeking from the railway an additional piece of land adjoining the already acquired Second Avenue site. The property desired was on the waterfront side to permit of a more advantageous entrance on the ground floor. "It looks like they really mean a business," Mr. Vaughan said. The railway had no financial interest but was anxious to do all it could to cooperate with the provision of adequate and up-to-date hotel facilities at Prince Rupert. Discussing the United States-built waterfront installations at Prince Rupert, including the large warehouse and administration building, Mr. Vaughan declared that the Canadian National Railways would very much like to see these buildings remain intact in view of their possible future usefulness and the fact that it would cost so little to keep them in the meantime. "They served a valuable purpose during the war and it seems to me that they should have a place in the future building up of the country." Jasper Park is closing the season this Thursday after its biggest year yet, having handled a capacity of 600 guests daily since the opening in June. The Canadian Weekly Newspapers' Association is now in session here with some 300 delegates at its annual convention. The American Association of Railway Ticket Clerks started their convention today. Walter S. Thompson, director of public relations for the Canadian National Railways, with H. B. Boreham, western region representative, and John Noel, Mr. Thompson's assistant at Montreal, are also here. Many noted weekly newspapermen from all parts of Canada are here for that convention. Nestor Izowsky of the Prince George Citizen is Central British Columbia's representative.

ASK REPAIR WORK BE DONE AT DRYDOCK

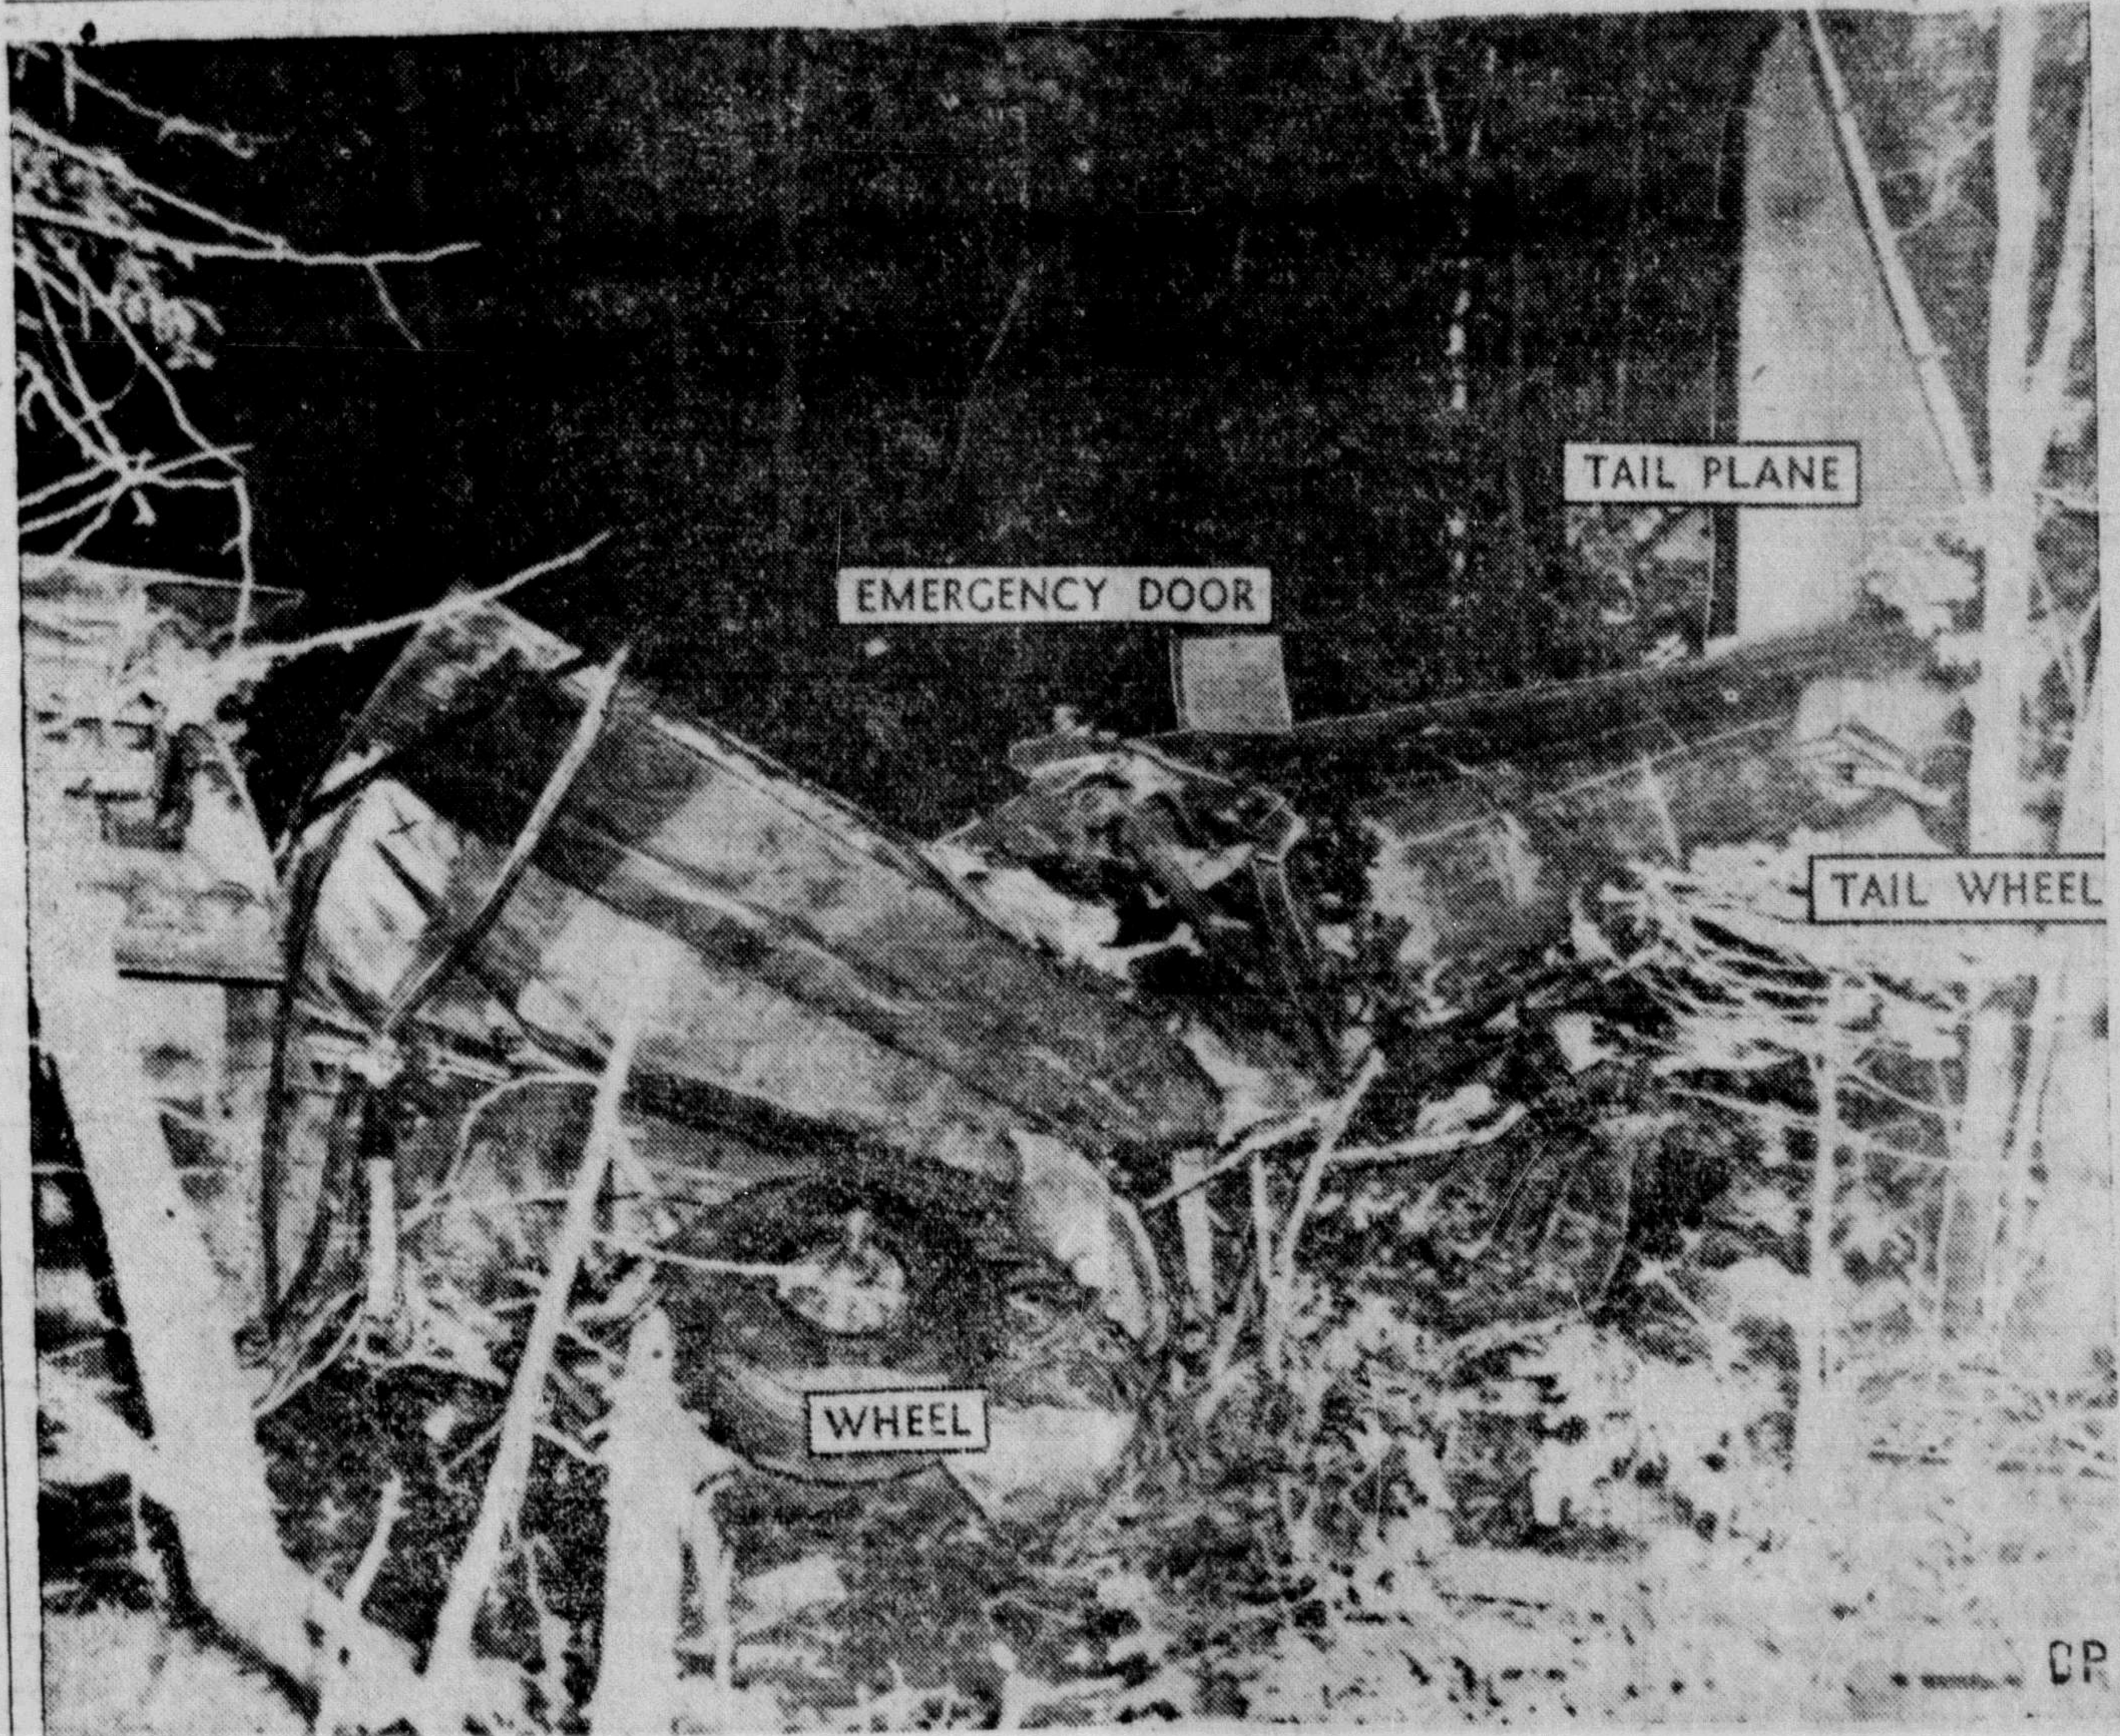

A Chamber of Commerce delegation will meet R. C. Vaughan, President of Canadian National Railways on his arrival here Thursday night to urge that C. N. coastwise ships receive repairs and overhaul at the company's dry dock here. The meeting will follow up a telegram sent recently in which the Chamber "strongly urged" the company president to have the steamers Prince Rupert and Prince George overhauled at the company plant here rather than in southern yards. Added expense in bringing in steel and difficulty in getting enough skilled help here was given by Mr. Vaughan as the reason why the Prince Rupert is to be overhauled at Vancouver. Last night the Chamber disputed the view that to have the work done here would involve extra expense. Presence of a completely equipped machine shop and other facilities would have the effect of reducing costs, members felt. The Chamber council was empowered by the members to make representations to Mr. Vaughan in this regard.

10-POINT PLAN EASES BRITISH DOLLAR CRISIS

WASHINGTON (CP)—Britain, the United States and Canada Monday announced a 10-point program which Sir Stafford Cripps said would bring Britain's dollar crisis under control and pave the way for an economic come-back. The program, announced following the three-power conference, includes steps to give Britain a freer hand in spending Marshall Plan dollars and opens the doors of Canada and the United States a bit wider for British goods. It includes permission for Britain to purchase Canadian wheat with Marshall Plan dollars and a pledge by Canada to increase her buying of tin and rubber from British areas and a United States promise to review its stock-piling program to see if it can do the same.

Mariners Are Warned Beacon Not Burning

The Department of Transport announced today that the King Island electric beacon, Queen Charlotte Islands, has been reported not burning. It will be attended to as soon as possible.

23 DIED HERE—Nineteen passengers and four crew members died in the wreckage of this Canadian Pacific Airlines plane near the tiny saw-milling hamlet of Sault au Cochon, Que., 40 miles below Quebec City on the St. Lawrence River's north shore. The DC-3 is barely recognizable in this photo of crash scene—a hilltop into which the plane plunged a bare quarter-hour after its take-off from Quebec on a flight to Baie Comeau, Que. (C.P. Photo)

AIRPORT HERE IS VITAL NEED

Need for an air landing field at Prince Rupert will be brought to the attention of the joint U.S. Canadian Defence Board by the Prince Rupert Chamber of Commerce which sees such an installation as vital to defence of this area.

Dr. L. M. Greene told a meeting of the Chamber last night that an air field here is vitally necessary to the defence of Alaska and north west Canada and its need is recognized by Alaskans.

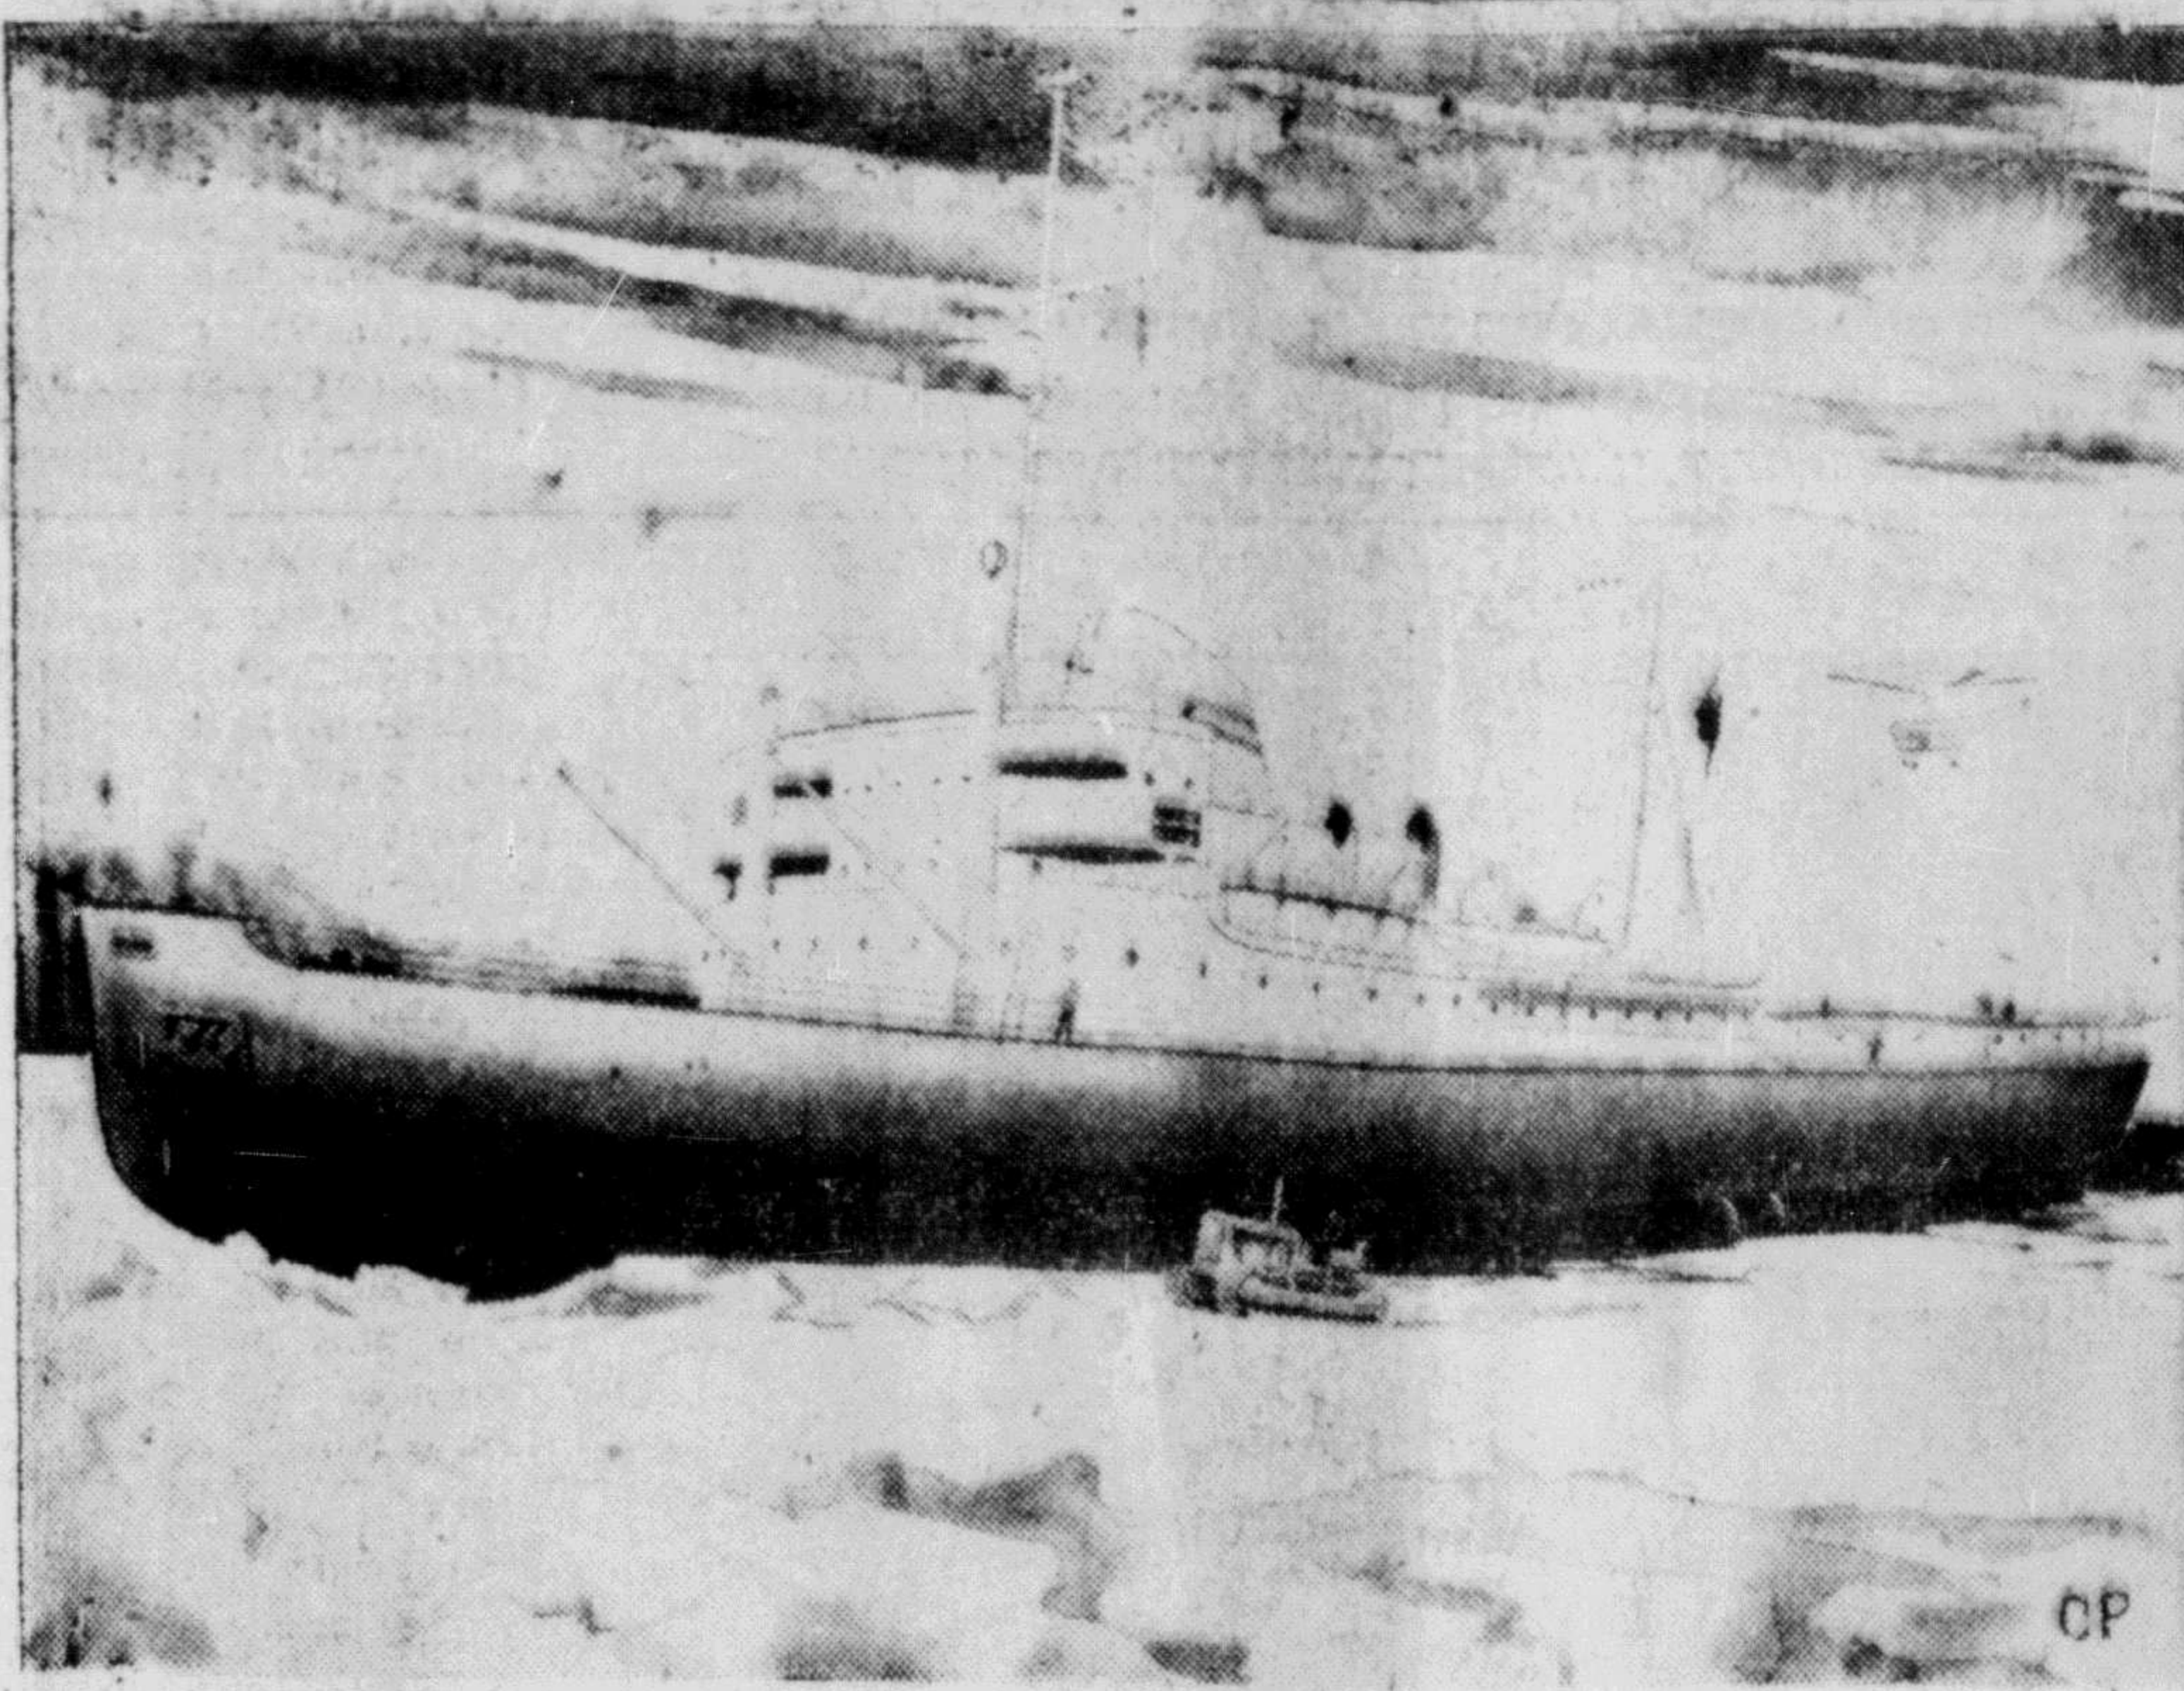

"Lack of a landing field here is a bottleneck to civilian flying too," he declared. Because we

lack a landing field here, towns in other parts of the north-central area are deprived of scheduled air service."

The matter was turned over to the Chamber's air committee with power to act.

At Anchorage, Alaska, today, United States Air Secretary Stuart Symington described Alaska as the "bastion between the United States and the only country which might attack her." He spoke on the matter of defence appropriations, saying that he is asking \$190,000,000 for Alaskan air defence, of which \$50,000,000 will be for a radar screen around the territory.

NEW ICEBREAKER—The 300-foot icebreaker shown in this architect's drawing is being built at Lauzon, Que. for the federal Transport Department. The largest in North America, it will have a range of 12,000 miles, accommodate a crew of 70 and will carry a helicopter. (C. P. Photo)

Ray Reflects and Reminisces

Nearly every tourist season, at least "one" story appears. This one, presumably true, happened at Alexandria Bay (N.Y.), where a worried American tourist crossing the Thousand Islands International Bridge to Canada asked the toll collector where he could buy a quick course in "Canadian." He explained that he spoke only English.

Dublin, having had a statue of Queen Victoria as long as there remained a taste for that sort of figure is prepared to ship it to any city in Canada, providing the freight bill of \$8,600 is paid at the receiving end. In this age, when the world is swamped with pressing problems, it's hard to think of anything less needed in Canada.

It seems that the people of Moose Jaw are quite content with the big-gain sounding name of their fair city, chiefly because there is small chance of any more towns choosing it. Already Canada has three "Moose Rivers." There's also a Moose Bay, Moose Brook, Moose Creek, Moose Factory, -Moose head, Moose Lake, Moosehorn, Mooseland, Moose Mountain, Moose Range and Moose Valley. We were about to draw a fresh breath and keep on, but learn that that's all that can be found. Moose Jaw has nothing to worry about.

Cool, squally mornings in Prince Rupert and disconcerting reports of frost and snow flurries in Alberta need not cause nervous attacks or spells of dependency. Between the middle of September and December, there is still considerable pleasant weather. But we prefer to think and talk about storms—if not here, then certainly on the way. The rain complex still haunts Kaien Island.

LETTERBOX

FINE IMPRESSION
Editor, Daily News:

It would be remiss of the directors and officials of the P.N.E. if we did not write to tell you what a splendid impression Miss Cynthia Norton created during the finals of the P.N.E. Beauty Pageant.

As Miss Prince Rupert, she represented your community with charm, grace and dignity. Unfortunately, only one contestant could be named "Miss P.N.E." but I might say that the judges had a most difficult time in selecting one out of the twelve very fine girls who competed in the finals.

We sincerely hope that your community will be represented again in the 1950 finals and who knows, some lucky young lady from the Prince Rupert area may be named "Miss P.N.E." of 1950 and receive the \$1,000 scholarship we offer as well as all the other very grand gifts that go with the title.

Yours sincerely,
H. J. MERILEES,
Chairman,
P.N.E. Beauty Parent Committee.

Stanley Wilkins, of Prince George, district inspector of Social Security and Municipal Aid, who is a business visitor in the city, was a guest at the monthly meeting of the Prince Rupert Chamber of Commerce last night.

L. M. Felsenthal acted as chairman of last night's Chamber of Commerce meeting in the absence of G. R. S. Blackaby who was ill.

ACTION NOW, PASTOR SAYS

Speaking from the topic "Now is the Time," Rev. Lawrence Sieber in First United Church Sunday stressed the truth of this statement in our individual lives every day. There are crises every day, decisions to be made and the sum total of these may change the course of history.

The great historic crises did not arise suddenly out of nothing. If we are to play our part in the world we must ever keep in mind the truth that "now is the time."

In the evening service Mr. Sieber spoke on the importance of the individual. Basing his talk on the miracle of the feeding of the multitude by Christ, Mr. Sieber suggested that the lad who had the small supply of food for his own use could not have known to what great purpose Christ could put such a meagre fare. Even the disciples did not recognize the importance of the lad's offering. Still less did they evaluate their own contribution to the advancement of Christianity in the world.

There is no way of estimating the power of an individual with an idea. What the individual does is of tremendous importance to the world. Each one of us matters to himself, to his neighbors and to God. In the fellowship of the Christian church man can make his best contribution to world peace.

The junior choir made its first appearance of the year since the summer vacation at the morning service and members of the senior choir were present at the evening service. H. A. Plum was at the organ. Sunday School also resumed its regular sessions.

COUNCIL PLANS SIDEWALK WORK

Plans for further road and sidewalk repairs and construction were presented to the City Council last night by Board of Works chairman Alderman Geo. Casey. The plans which were approved by the Council included a culvert to be constructed across Sixth Ave. East in front of the Masonic Temple to take care of the heavy overflow during the rainy season. A new sidewalk to be built on the South side of Second Avenue between Sixth and Seventh Streets at an approximate cost of \$1700. The area of Sixth Ave. East in front of the Poulson building is to be crowned and black topped this fall.

**PIONEER PAIR
50 YEARS WED**

Relatives gathered Saturday night to celebrate the golden wedding anniversary of Mr. and Mrs. J. W. Moorehouse of 1216 Eight Avenue East, two pioneers of Prince Rupert.

The couple were married in 1899 at St. Mathias Church, Nottingham, England and migrated to Canada in 1904 to settle in Toronto until 1909 when they travelled west to Prince Rupert. They have resided here ever since.

Mr. and Mrs. Moorehouse have three sons, Tom, Norman and Bill, and two daughters, Mrs. Ethel Graham and Mrs. Ida Hogan, also eight grandchildren all of whom are residents of this city except Mrs. Graham of Powell River who travelled here specially for the occasion.

Several gifts were received from the family and numerous floral tributes from friends and organizations. A telegram bearing good wishes was read from relatives in Nottingham, England.

**SLUR ON CITY
RESENTED BY
POLICE HEAD**

A clergyman's comment at Halifax today that Prince Rupert is a "wicked city" drew stalwart denial from Alderman W. F. Stone, chairman of the civic police committee.

A despatch to the Daily News quoted an unnamed clergyman at the seventeenth General Synod of the Church of England in Canada, sitting at the east coast city as terming Prince Rupert "wicked" during discussion.

"Nonsense," said Alderman Stone when asked for his reaction. "Prince Rupert is no worse than any other city. You have good and bad everywhere. It just depends on the type of publicity you get."

"I might say that I think Prince Rupert has as many or more churches per capita than any other city in Canada. Churches won't make the city better by that kind of talk."

"I'm also satisfied that our police force is doing a good job of keeping the city reasonably clean," he added.

**BRIDAL PARTY
ALL IN WHITE
AT WEEK-END RITE**

Bride and bridal attendants were all in white at the wedding at St. Andrew's Cathedral Saturday afternoon which joined Rita Lawson; daughter of William Lawson, of Port Simpson, to Oscar Benson, son of Mr. and Mrs. Edward Benson, of Kitwanga. Canon Basil S. Procter officiated.

Given in marriage by her father, the bride wore a gown of white silk with sweetheart neckline and long train. Matron of honor was Mrs. Pricilla Smith, sister of the groom. Bridesmaid was Miss Gloria Morven. Miss Bernice Lawson and Miss Beatrice Benson acted as train-bearers. The two little flower girls

**CABINET PLANS
FOR SESSION**

OTTAWA, (C)—The federal cabinet met today to review its legislative program to be presented to the first session of the twenty-first parliament which opens Thursday.

Since the general election of June 27, the cabinet has been sitting only on Wednesdays. However, Tuesday and Wednesday meetings were called this week to give final approval to the Speech from the Throne which will forecast the government's legislative plans for the coming session.

were Frances Lawson and Carol Daniels.

The groomsman was Robert Jackson. Also attending the groom was his father, Edward Benson, Eddie Ryan and Russell Holland.

While the register was signed, appropriate organ music was played by Peter Lien, Cathedral organist.

A reception and banquet followed at the Commodore Cafe where a number of addresses of felicitation were made by prominent people from Kincolth, Port Simpson, Skeena Crossing and Kitwanga.

The couple have taken up residence at Port Edward, where the groom is employed at Nelson Bros. cannery.

FOOTBALL SHORTS

Morgan gave a great display all through in last Friday's football game and was the difference between success and defeat for his team. Dunbar kicked cleanly and used good judgment. Ferguson was hard to pass. Veitch did a good job driving through to break up plays. Mazzone was also a strong defender. Darrow Gomez first at inside left and then at halfback was always a thoughtful clever player both in defence and attack. Billy Gomez defended strongly. Parkhouse was the most dangerous forward getting a good goal and testing Boulter well. Ward got across some beautiful centres but Pavlikis was not effective. Vuckovich was fair.

Boulter did a grand job in goal. John Wilson was a very steady back and cleared effectively. Lien did not do so well and was unlucky. Bishop and Ward were a good halfback line with all engaging in neat combined passing plays Bishop got a very clever goal when he went centre-forward in the second half. Owens got across some neat centres and Mercer was always clever and constructive. Price was weak and slow. Pat Wilson played hard and was fast. He shot well. McKay was fair but did not play his position at all times. Charlie Currie came on in the second half and did well enough at back. Bob Currie replaced Ward but lacked the former's experience. He improved.

Orme Stuart returned to the city by air Monday afternoon from a brief trip to Vancouver.

An interested visitor in Prince Rupert tomorrow will be Fred Kaufman, senior reporter of the Montreal Daily Star, who will spend the afternoon and early evening here gathering material on the district. Mr. Kaufman will arrive on the Prince George about noon and leave by train for Jasper in the evening.

Last night's football game, scheduled between Canadian Legion and General Motors at Roosevelt Park, was postponed because of wet grounds.

CAPS WIN FIRST OF FINAL SERIES

YAKIMA — Vancouver Caplans defeated Yakima Bears 14-5 in the first game of a best-of-five final series in the Western International baseball play-offs here last night.

The second game will be played here tonight with the third and, if necessary the fourth games at Vancouver.

Jim Hedgecock was last night's winning pitcher.

SPORTS

ONE WIN, ONE LOSS—Guy Lombardo, London, Ont., native, is shown at the wheel of Tempo VI, his Harmsworth class power boat in which he won the Canadian unlimited class at the Canadian National Exhibition. Lombardo lost the second heat of the race after he agreed to navigate his boat within the narrow sea-wall course to accommodate his smaller competitors who could not drive in the choppy lake. (C. P. Photo)

BIG NAMES TO RING IN FANS' EARS DURING WRESTLING TOURNEY HERE

McLaughlan, Stojack, Karlenko to Take Part in Two-Nighter at Civic Centre

The United Nations won't like this, because it smacks of warmongering, but maybe, because it's junior grade the Assembly will overlook it.

The thing has overtones of mayhem on a grand scale, being billed by Civic Centre manager Don Forward as a wrestling tournament for the junior championship of northern British Columbia. It's set for September 23 and 24.

Incidentally, in that event, Stojack and Jack Kiser, who also has fought at the Civic Centre here, mopped up the villainous partnership of Leo Karlenko and Tarzan Potvin.

Stojack and Karlenko will have feature billing in the first night's bout. Third man in the ring will be none other than Jack McLaughlan, darling of the fans, whose shining purity, it is hoped, will have a deterring effect on

"GOVERNMENT LIQUOR ACT" (Section 25)
Notice for Application For a Club License

NOTICE is hereby given that on the 13th day of September next the undersigned LOYAL ORDER OF MOOSE, PRINCE RUPERT LODGE NUMBER 1051, intends to apply to the Liquor Control Board for a Club License in respect of the premises situate at Second Avenue West, City of Prince Rupert, Province of British Columbia, upon lands described as Lots 3 and 4, Block 21A, Section 1, Map 923, Prince Rupert Land Registration District, in the Province of British Columbia, to entitle each member of the said Club to keep on the premises a reasonable quantity of liquor for personal consumption on the premises, and entitling the Club to purchase liquor from a vendor and to sell by the glass the liquor so purchased to its members and guests for consumption on the Club premises in accordance with the provisions of the "Government Liquor Act" and the regulations promulgated thereunder.

DATED at the City of Prince Rupert, in the Province of British Columbia, this 5th day of August, A.D. 1949.

BASEBALL HEADS ROCKY SURE PONDER PROTEST OF QUICK WIN

Executive of the city baseball league will meet tonight to consider the protests entered by Commercial against the double-header on Sunday which saw Merchants win the right to meet Savoy in the league finals. No games are scheduled for tonight.

BASEBALL

No games were scheduled in either the National or American leagues yesterday.

the baser instincts of Karlenko. The second night's offering will see Mr. McLaughlan meet the winner of the Stojack-Karlenko match, the loser of the first match to act as referee. At stake Saturday night will be a magnificent belt, emblematic of the northern British Columbia championship.

McLaughlan already holds the coast championship, a trifling honor which will pale into insignificance by comparison with the northern championship.

Both night's bouts will be prelude by boxing preliminaries featuring local fighters.

ESKIMO SON GETS YEAR IN CUSTODY FOR AIDING MOTHER IN SUICIDE

OTTAWA — Details of the had entered pleas of "not guilty." Eskimos on September 2 and 3 at Cambridge Bay, Northwest Territories, on charges of aiding a 45-year-old Eskimo woman in the commission of suicide were announced today by the Department of Mines and resources.

Eeriykoot, 21, son of the woman, Nukashook, was found guilty by a six-man jury made up of R.C.A.F. and Department of Transport personnel who attached a recommendation for clemency to their verdict. He was sentenced to one year's imprisonment by Stipendiary Magistrate A. H. Gibson, who presided over the trials.

Ishakak, also 21, who was to some extent under the domination of Eeriykoot, and whose part in the affair was a minor one, was acquitted. Both accused

had many times requested Eeriykoot to assist her to die. Besides her advanced state of tuberculosis the autopsy showed that her teeth were worn almost to the gums and that she must have been in great pain from both these conditions.

Eye witnesses stated that it had been an Eskimo custom to assist old or sick Eskimos, upon their own request, to die, and Eeriykoot himself, as a witness at the trial of Ishakak, said that he would have considered it wrong not to help his mother when she asked him to. At the same time it also appears that both Eeriykoot and Ishakak realized that the white man would consider their actions wrong, because Eeriykoot originally objected to helping Nukashook and Ishakak showed some reluctance to join with Eeriykoot. It was only when Nukashook said: "Very well, if you will not help me I will have to do it myself" that Eeriykoot finally did as she asked.

The manner of the assisted suicide supported the idea of Eskimo custom because all parties seemed to know exactly what was expected of them. The act proceeded without concealment, and as soon as Nukashook was dead the neighbors were informed and they assisted in the burial.

Both accused were shown to be intelligent types. They are able to read and write syllabic Eskimo, and seemed to grasp the essential factors involved in the trials.

Eeriykoot will serve his sentence at Cambridge Bay. He apparently will not be in close confinement, and the only real factor of punishment will probably be his isolation from the rest of his own people at Boothia Peninsula.

It is hoped the trials will have the desired effect of bringing home to the Eskimos that assisted suicides are forbidden. The comparatively light sentence given Eeriykoot avoided, however, any unnecessary harshness toward an individual whose sense of filial duty and

ALBERTA'S NEW SENATOR

What City Council Did

A petition for the construction of 270 feet of black road top on Seventh Avenue East was read at the Council meeting last night. The petition which was signed by the merchants of

Seal Cove and some from the city requested the paving of the road between the entrance to Seal Cove Air Base and the railway crossing.

A second petition was read by Alderman Casey from the residents of Tenth Avenue East of Conrad Street for the construction of a new piece of road 350 feet long. This proposed section to be paid for by the residents of this section.

Both petitions were referred to the Board of Works Committee for their report.

Tenders for the repair of the Prince Rupert fire hall were

BLACKHEADS

Don't squeeze blackheads—dissolve them. Get two ounces of peroxide powder from any drug store and apply gently with wet, hot cloth over blackheads. They dissolve and disappear by this safe simple method.

OCEAN TO OCEAN—The Atlantic will increase its depth by a bottleful of water taken from the Pacific shortly after the close of the general Synod of the Church of England in Canada at Halifax. Rev. Canon C. Swanson of Vancouver, right, presented the bottle to Rt. Rev. Philip Abraham, Bishop of Newfoundland, to mark Newfoundland's admission into the Church at the 28th diocese. The water is to be poured into the Atlantic off Newfoundland. (C. P. Photo)

considered last night by the City Council and as the Thom Sheet Metal Works' bid of \$1270 was the only bid offered, it was accepted by the Council.

A recommendation of the City Utilities Committee that they purchase new cable to the amount of \$6,075 for use in case of emergency was passed by the City Council.

J. S. Edward, new telephone superintendent, said that "due to the fact that the heavy cables are quite old they are liable to come down during the winter and new cables should be on hand so that we will be able to forestall total breakdown in case of breaks in the line."

Alderman Black commended the Utilities Committee and the superintendent on their plan to

restore broken and old lines with new cables which could be used in the event of a new telephone system being installed.

The regular meeting of the City Council last night was presided over by Acting Mayor G. R. Rudderham in the absence of Mayor Arnold.

The City Engineer was instructed to carry out the demolition of the building situated at 1287 Park Avenue.

Trade licences were granted to: D. L. MacDonald, peddler; Catherine Laurie, public stenographer; Peter Lacharite, taxi operator; Wm. R. Wrathall, taxi operator.

The sale of the following properties:

Lot 65 to 68, inclusive, Block 13, Section 8, for \$60, to Ercole Colussi with the understanding that the city will not provide any additional services.

Lot 21 and 22, Block 33, Section 8, for \$190, to Mrs. Dorothy Stevens.

The City Treasurer was authorized to purchase a cheque protector for the sum of \$180.

Alderman Foreman's request for leave of absence from September 9 to 20 was granted.

Alderman H. Whalen called for a closed meeting at the end of the regular meeting.

Sit-awhile kitchen:

Here's a kitchen so pleasant you'll even want to loaf in it! Of course, the more time you spend here, the more you'll appreciate the beauty, the ease-of-cleaning, the long-lastingness of a Gold Seal Congoleum Rug. For Congoleum has a wear-layer of heat-toughened paint and baked enamel equal in thickness to 8 coats of best floor paint applied by hand. And it's the only enamel surface floor covering with the famous money-back guarantee. Look for it on the rug you buy!

HOW CAN I ???

By ANNE ASHLEY

Q. How can I remove dust from the inside of a clock?
A. Soak a piece of cotton in kerosene and place inside the clock, at the bottom of the case. Leave it for a few days, then remove it. It will remove much of the accumulated dust.

Q. How can I repair a leak in a sprinkling can or other such article?
A. They should be repaired with solder; but in an emergency yellow soap pressed securely into the leak will prove a good substitute.

Q. How can I make the whites of eggs beat quickly?
A. Add a little salt to the whites of the eggs when beating, and it will make them froth quickly.
