Slide Hits Train, Two Of Crew Are Killed

Armies Are Closing In On Holy Land To Join In Fighting Against Jews

MAKE SUCCESS (CP)—The Arabs today reject a French proposal for an international volunteer force for Jerusalem. The Jews had agreed to a 1,000-men elite force to safeguard Jerusalem's holy places under a proposed truce but rejection dashed hopes for its establishment. Husseini, vice-chairman of the Arab Higher Council for Palestine, said Jews would not resist the police force but never agree to it.

TAX DEADLINE POSTPONED

OTTAWA—The delay of deadline for filing 1947 individual income tax returns which has been extended from April 30 to May 31 applies to most taxpayers, including farmers, but not to those required to make quarterly or other instalments, according to the announcement of Hon. Dr. J. J. McCann, minister of national revenue, in the House of Commons yesterday.

"Extreme weather condition in various parts of the country," said the minister, are "making it impossible for taxpayers to get the appropriate income tax forms."

In addition there is substantial increase, particularly in the rural areas, in the number of tax payers over previous years. This has added greatly to the problem of the distribution of the various forms.

RUPERT NOT IN VICE-REGAL TOUR

His Excellency Viscount Alexander, Governor General of Canada, and his party will be unable to visit Prince Rupert during their western Canadian tour in May because of a rigid time schedule preceding a trip to Brazil early in the summer. Mayor Nora Arnold was so advised today by the Governor General's secretary after she had issued an invitation by telegram for the vice-regal party to visit this city. The Governor General is coming west next month to officiate at the investiture of a large number of western army, navy and air force veterans with honors which they won during the war.

Second Annual Hobby Show Opened By Mayor Arnold

and semi-professional artists and Indian crafts, some of the latter of great age.

The effects achieved in both rooms are breathtaking in color and tasteful arrangement. In the main gymnasium, the displays are arranged on the walls and on tables with backgrounds of white newsprint which sets off the colors strikingly.

So numerous are the exhibits in this room that even casual examination of them takes well over an hour.

"If you really want to see all that there is, it would take about three hours," said one delighted visitor as he emerged from the building. "There are so many fine things that it almost strains your capacity for appreciation."

School exhibits which take up considerable wall space are attractively displayed and some of the pencil, crayon and water-color drawings reveal imagination and creative talent that is obviously being developed by the instructors.

There are displays of needlecraft, various types of dress-

(Continued on Page Two)

NEW TENANTS—The Duke and Duchess of Windsor pose before their Long Island summer home "Severn." The house which is located on Horse Hollow Road, Lattingtown, has been rented for the summer by the Windsors from Mrs. Brooke Howe. They expect to move in for the summer on the 56-acre estate about the 20th of the month.

Canadian National Has Accident Near Kamloops

KAMLOOPS (CP)—Two trainmen were killed today when a Canadian National Railways freight train struck a rock slide forty miles north of here. The dead are Fireman E. Witt and Brakeman T. W. McKnight, both of Kamloops. The slide occurred near Barriere in the North Thompson Valley.

A third member of the train crew, Engineer J. Home, suffered leg injuries.

Engine and eleven cars were derailed as tons of rock crashed down a mountainside. It will take from twelve to fifteen hours to clear the track.

Conscription For Young Canadians

VANCOUVER—The Vancouver Young Liberal Association wants compulsory military service for all young Canadians between 18 and 21 years of age. A resolution to that effect will be sent to the national convention in Ottawa in August.

TO FLY SOUTH FOR INVESTITURE

Sgt. Darrow Gomez of this city would have found it impossible to go by ordinary means to Vancouver on May 14 to receive his investiture from the Governor General, of the Distinguished Conduct Medal for valorous service overseas with the Canadian Army. Accordingly special arrangements were made whereby he will be enabled to fly south. The arrangements were made through Col. T. E. De'O. Snow, area commandant, Pacific Coast, Canadian Army, who was a visitor in the city this week.

Appeal Made To Young Men To Enlist In The Local Battery

Unit Now In Position to Function Actively—Equipment Here and Training Organized

With the necessary equipment now on hand and the training personnel organized, Prince Rupert Reserve Army unit, the 120th Heavy Anti-Aircraft Battery, commanded by Col. S. D. Johnston, M.C., V.D., is now in a position to accept recruits. An appeal for local young men desirous of receiving the people should take an interest in its organization and efficiency. The 120th Battery belongs to the people of Prince Rupert. Therefore they should take a pride in it and ensure that it is well led, well trained and always ready to carry out its main role—the defence of this great port.

"I know that the Battery is (Continued on Page 3)

Mayor Arnold Joins Appeal

Emphasizes Vital Need of Strong Reserve Army Unit Here

"I heartily endorse Colonel Snow's appeal for recruits for the 120th Anti Aircraft Battery Reserve Army," says a statement from Mayor Nora Arnold. "We in Prince Rupert are more familiar with the number '102nd' for the regiment from Northern B. C. bearing this number on their flag is famous in the history of our nation.

"In the last thirty years world events have shown that war can strike with alarming and tragic swiftness and the presence in our midst of a group of men trained, disciplined and under efficient leadership and equipped with the necessary arms would be of incalculable benefit to our community.

"In 1941 the people of Prince Rupert were very concerned with the lack of defences in our city. We did not have a single gun of any description and the threat of invasion was great. We were so concerned that we sold our quota of the 2nd Victory Loan in four days to back up our appeal to the Prime Minister for adequate defence of our city. The sudden entry of Japan into the war scene after that year proved that our ears were not groundless.

"While we pray, hope, and work for peace it is plain common sense to put ourselves in a

GEORGE KEEP NEW HEAD OF POLICE

George Keep, who started working as a constable with the Canadian National Railways more than 28 years ago, has been appointed Inspector of Investigation for the National system in British Columbia, with headquarters in Vancouver. For the past three years Mr. Keep has been special agent at Edmonton. Between 1920-24 he served in the C.N.R. police department as constable at Winnipeg and Calgary. He became special agent in 1924 at Edson, Alberta, subsequently working in the same capacity at Edmonton, Prince George, Kamloops and again in Edmonton. He often visited Prince Rupert while at Prince George.

Born in England, Mr. Keep came to Canada as a boy and after some experience as a railway machinist's helper in Montreal, was in the insurance business. World War I changed his career and he went overseas with the First Division, returning to Canada in 1919.

FLYING NON-STOP FROM WINNIPEG

A Canadian Pacific Air Lines Canso amphibian plane is due to arrive here this evening after a 2000-mile non-stop flight from Winnipeg, via Edmonton and Grand Prairie. The plane will replace one of the two amphibians already here and will be used as a stand-by for the plane regularly in use on the Prince Rupert-Sandspit flight. The Canso, which is being replaced, will be flown back to Winnipeg Friday where it will receive a routine overhaul and be placed in service between Winnipeg and Red Lake.

SNOW AND NORTH WIND IN QUEBEC

QUEBEC—Snow and bitter northeast winds were experienced here today for the second straight day.

THE WEATHER

(Synopsis)
A strong flow of warm moist air brought increasing heavy rains throughout the southern interior. Princeton and Kamloops report 1/2 inch in the past 24 hours and Penticton over an inch. The downpour is expected to continue today and stop during the night. Coastal sections are experiencing better weather and cloudy skies with frequent periods of sunshine which will persist in these areas today and Friday.

(Forecast)
Prince Rupert, Queen Charlottes and North Coast—Variable cloudiness today and Friday. Light southerly winds. Little change in temperature. Lows tonight and highs tomorrow—Port Hardy 35 and 40, Massett 32 and 50, Prince Rupert 32 and 50.

NEW RAILWAY AGENT NAMED

LONDON—William Taylor, general agent, Canadian National Railways at Antwerp, Belgium, has been appointed general freight agent at London, it was announced today by Jas. B. Thom, European manager of the C.N.R. He succeeds George E. Cowie who is retiring under the pension rules of the company.

strong defensive position for the tactics of aggression always seek the weak places for attack. A strong man armed is a greater deterrent to war than all the speech making in the world, and I appeal unreservedly to our young men to fill up the ranks of our reserve army unit, the 120th Anti Aircraft Battery."

TACKLING PALESTINE PROBLEM AGAIN—Warren Austin, leader of the U.S. delegation to the United Nations, is shown (left) chatting with Karel Lisicky, of Czechoslovakia, chairman of the United Nations committee on Palestine, as the special session of the general assembly opened at Flushing Meadows, N.Y. Speakers appealed to Jews and Arabs, currently locked in a major battle for control of upper Galilee, to cease hostilities and give the assembly a chance to achieve a solution acceptable to both sides.

Bulletins

FLOODS SUBSIDING
WINNIPEG—Flood waters continued to subside today in the most of sections of the prairie provinces with the death toll through the week and a half old flood period now standing at fourteen. The latest victim was a 2 1/2-year-old boy—Donald Smith—who was drowned when he tumbled into a water-filled excavation at Regina.

EXCHANGE WORKERS BACK
NEW YORK—United Financial Employees (AFL) today voted to return to work at the New York Stock Exchange and four brokerage houses, thus ending their non-long strike. There was no immediate announcement as to when the strikers would return to their jobs. They are accepting the wage offer of the employer.

TO MAKE BRITISH FILMS
LONDON—J. Arthur Rank, head of Great Britain's biggest movie combine, said today that he hopes to make full-length films in Canada and Australia. "The whole situation will be reviewed as soon as the tax question has been adjusted," Rank said.

COMMONWEALTH PARLEY
LONDON—The first postwar Parliamentary conference of the British Commonwealth

will be held next autumn. Prime Minister Attlee announced today. The Prime Minister suggested at a meeting of the United Kingdom branch of the Empire Parliamentary Association that the date for the meeting would be some time in October.

LEGISLATURE PROROGUES
VICTORIA—British Columbia's "public purse" will have a new lining this year—filled by an additional \$13,600,000 in new tax levies. The third session of the 21st Legislature prorogued last Wednesday after Lieutenant-Governor Charles A. Banks had given royal assent to 112 bills. It was the longest session in eighteen years, the days consumed by the Legislature in discussion totalling forty.

TRUMAN HOPEFUL
WASHINGTON—President Truman expressed hope today that a national railroad strike would not actually develop. He was sure, he said, that the federal conciliation service would get both sides together.

TO ALLOW MARGARINE
WASHINGTON—The House of Representatives, by vote of 260 to 107, approved the repeal of heavy taxes on margarine. There may be a hard fight in the Senate.

TO USE 'CANADA' IN PLACE OF 'DOMINION'

OTTAWA—Commons yesterday approved a bill by which the word "Canada" may henceforth be used instead of "Dominion of Canada" in official documents.

Judge W. O. Fulton left on last evening's train for a trip to Smithers to conduct a session of County Court.

E. A. Yager is sailing tonight on the Prince Rupert for a trip to Vancouver.

Roderick MacLeod, local barber, left on last evening's train for a trip to Smithers on legal business.

Join the Battery

YOUNG MEN of Prince Rupert are referred to the appeal made today by Col. T. E. D'O Snow, area commandant, Pacific Coast, supported by Mayor Nora Arnold, for recruits for the local reserve army unit, 120th Heavy Anti-Aircraft Battery, which, with equipment available and training personnel organized, is now in a position to function actively.

All over Canada, according to reports, the reactive postwar apathy to military service is wearing off and considerable enthusiasm on the part of young men to become identified with the reserve units is developing.

Remembering the fine local units of the past here—the old 102nd Battalion, the Royal Canadian Naval Reserve, etc.—we can recall with pride the response of young men of previous years. That young men of today in Prince Rupert will be equally responsive is to be assumed.

While proud duty to country and community may be important actuating factors in deciding young men to assume responsibility as members of the reserve units, there are also the benefits of healthful and useful training and the pleasures and privileges attached thereto.

It is a pleasure for us to commend this appeal on behalf of the Battery.

THE HOBBY SHOW

WE ENTHUSED a year ago when Mrs. J. T. Harvey introduced her first arts and hobby show in Prince Rupert. Yesterday the second edition opened and a very versatile and finished undertaking it is. We cannot help but remark again on the many skills and talents along interesting and unusual lines which the great assembly of exhibits reveals.

But the important thing about this year's show are the splendid organization and arrangement in the two big gymnasiums of the Civic Centre.

The show is certainly an enlightenment and an education, a striking disclosure of what Prince Rupert people can and are doing in the way of handicraft, skill and ingenious projects.

Mrs. Harvey and her associates are to be greatly commended. They have put an immense amount of effort into the show but it is certainly well worth it all in the extreme effectiveness of the result.

Maurice Brydges returned to the city Wednesday afternoon by air from Vancouver where he has been receiving medical treatment for the last few weeks.

KINSMEN SET ELECTION DAY

The election of officers for the Kinsmen Club will be held at a special meeting on May 26, providing this recommendation made by the executive last night meets with the approval of the members. This date will also mark the beginning of the club's summer recess. During the meeting the executive proposed a nomination committee consisting of Harry Sheardown, Carson Wallace and Harry Seaman.

The question of the Kinsmen fielding a football team for an exhibition match during May 24 celebrations was discussed and it was decided to find out definitely how many members would be willing and able to play. According to reports, veterans of former football teams of the city would be ready to accept a challenge.

President R. G. Moore reported that he had obtained a Maypole from Charlie Balagno and training of the dancers is under way. Mr. Moore felt that if there was sufficient interest shown in Maypole dancing this year the Kinsmen could acquire several poles and make this a regular feature of Victoria Day.

Overheard At Hobby Show

Little Ralph Weick came to the Indian table clutching money in his palm: "I want those Indian gloves to give to my little sister. See they are too small for me but they will fit her. I made this money myself. I sold one bunch of papers then came back and got more to sell."

One little girl to another little girl: "I know how to do this. You put the number of the doll you like best here, then the one you like next."

AIR PASSENGERS

Outbound—To Vancouver—K. E. Hayter, G. Endersby, O. Septau.

STONE-AGE CLUES

LAGOS, Nigeria.—The government archeologist at Zenabi, in Kano province, reports that he found five Middle Stone Age sites in that area, all of them containing tools of a type which in Europe is associated with the Neanderthal man.

best here. "I'm going to mark that big one here and my own doll next."

"Wouldn't that Miller Bay beaded necklace look smart with my black dress—and the bracelet and earrings to match?"

"I can't decide which of these photographs I like best, I think I'll come back tomorrow and vote then. Let's go in to the Art exhibit."

"That picture would make me feel ill if I had it in the house. Yes, I feel a bit seak already looking at it."

"I like Miss Faure's snow picture the best, the mums next best."

"Mrs. Applewhite's pictures are much nicer than last year. Do you know that she is learning to use her left hand instead of her right?"

"Mrs. Ed Russ made these baskets and that is the portrait of her husband."

"That big picture of Mr. Selvig's 'Desolation' is so strong so very desolate."

"Look that's a real Emily Sartain. I've only seen prints of hers on greeting cards before."

HOBBY SHOW

(Continued from Page One)

making, hooked rugs, leather-craft, dolls, cabinet work, wood carving, photography, shell craft and many other types, all of which add to the effectiveness of the show.

The small gymnasium is lined with art works of regional and coast artists while the centre contains a large table bearing samples of modern native leather craft from the upper Skeena and historic garments and utensils which have been parts of the native way of life for hundreds of years.

The small gymnasium has achieved the atmosphere of an art gallery, mainly because the ingredients of a gallery are there. In addition to the fine works of Bjorn Selvig, Jean Ness Findlay and Miss Jeanne Faure, the room contains water colors by Edna Eastwood of Smithers. Her group consists of four landscapes which capture the authentic spirit of the interior countryside, and one still-life. There are pastel drawings by Reba Lewis and a large and striking floral painting by a Victoria artist.

Examples of weaving on a hand loom, done by Mrs. R. E. Fields of Vancouver, command considerable attention because of the quality and variety of the cloth. With the exhibit is a small hand loom sent to demonstrate the weaving process. However, so far it has not

PORT ARTHUR WINS AGAIN

TORONTO — Port Arthur's rugged West End Bruins edged out a narrow decision to win their third straight victory last night over Barrie Flyers in the Memorial Cup final series and moved to within one game of the Canadian Junior hockey championship. The score was 5 to 4. After the game, Barrie said it would not play a fourth game in the best of seven series unless there was a change of referees. Port Arthur needs but one more win to take the cup.

SHORT SPORT

Jim Tobin, 32-year-old right hander of flutter-ball fame, pitched his first no-hit, no-run game and Boston Braves blanked Brooklyn Dodgers 2-0, four years ago. It was the first no-hit, no-run game in major league play for nearly three years and Tobin faded by just two men of pitching a perfect game.

Charlie Conacher underwent an operation for removal of a kidney at Toronto 18 years ago. He retired in 1938 owing to ill health after a brilliant National Hockey League career with Toronto Maple Leafs. Conacher now is coach of the Chicago Black Hawks.

Jack Blackburn who developed Joe Louis from an awkward amateur into the world's heavyweight boxing champion in less than three years, was buried four years ago today. Louis, then with the United States army, attended the funeral.

FISH "LOSE FACE" HONG KONG — Chinese customers consider headless fish unlucky and will not buy them from fish stores. Recently importers here had to destroy a large consignment of headless fish because the exporters had cut off the fishes' heads.

PROTECT FISH STOCKS LONDON — Britain has taken measures to prevent over-fishing in North Sea waters. Stocks, becoming low before the war, now are again decreasing. Proposals embody agreements reached at the Over-Fishing Convention of 1946 between 12 nations using North Sea fishing waters.

SCHEDULE OF MIXED BOWLS May 2—Islanders vs. C.Y.O. Triple XX vs. Brownwoods. Cougars vs. B.C. Packers. Miss or Hits vs. Ideal Detergents.

May 9—Cougars vs. Brownwoods. Miss or Hit vs. C.Y.O. Islanders vs. Ideal Detergents. Triple XXX vs. B.C. Packers.

Today in Sports

Edmonton Flyers Win Opener

REGINA — Edmonton Flyers won the opening game of the best of seven series for the Allan Cup last night by defeating Ottawa Senators by a score of 6 to 2.

HOOP FINAL EVENED UP

WINNIPEG — Western Canada senior basketball championship final series of best of three games was squared up last night when Winnipeg Paulins defeated Vancouver Clover Leafs 68 to 58 for an overtime victory. Vancouver had won the first game Tuesday night 67 to 61. The third and deciding game will be played tonight.

MIGRATION OF BIRDS RECORDED

BURNS LAKE — More flocks of migratory birds have been in evidence during the past two weeks than ever before in the history of the Central Interior. Thousands of robins, woodland thrush, juncos, warblers, blue-birds, chic-a-dees and black-polls have been feeding on the lawns in the village of Burns Lake, while a few swifts and swallows are taking advantage of the mud to build their nests. Suddenly they nearly all disappeared with the exception of a few hardy robins which remained to brave the morning frosts. Overhead, flock after flock of Canada geese honked their discordant way northward, daily and far in to the night. A great flock of sand-hill cranes circled Burns Lake for hours at a high altitude. A small flock detached themselves and flew south. This flock could be identified by the leader, a one-legged crane which had landed annually for years in both spring and fall on the open fields of the Braaten farm near Uncha Lake, and is quite at home even in the barnyard. This flock shows a slight increase as the Braaten Farm has proven to be a Sanctuary.

BURNS LAKE COMMUNITY HALL ASS'N

BURNS LAKE—Annual meeting of the Community Hall Association was held at the Community Hall Monday evening and brought an enthusiastic gathering.

The secretary's report showed a most successful year and a profit for the year of \$1577.51.

In spite of heavy pressure to serve another term, J. S. Brown was determined to retire as president, as was also Kaare Engstad, vice-president. Elections resulted in the president's chair being occupied by Sam Turner, while Frank Hurstfield will be vice-president. Miss Jean Peebles will retain the secretaryship with Jonas Glaus as treasurer. The executive committee is composed of Vic Montaldi, Mrs. Sam Turner and Mrs. George Simpson.

Treasurer Jonas Glaus submitted a sketchy plan for the enlargement and improvement of the hall which will be thoroughly considered. Construction is expected to start as soon as materials are available.

Votes of thanks and appreciation were tendered to the retiring officers, J. S. Brown and K. Engstad, and were unanimously approved and applauded.

PIONEER OF NORTH DIES

George Culp of Francois Lake Had Colorful Career

BURNS LAKE—George Isaac Culp, pioneer of Central British Columbia, passed away at the home of his niece at Canyon City, Oregon recently after a brief illness which followed a stroke. He had celebrated his ninetieth birthday on February 28 surrounded by relatives and friends.

"Kid" Culp, as he had been known for seventy years, came to Central British Columbia over forty years ago by pack train over the old Bella Coola Trail and prospected the richly mineralized areas near the contact of the interior sedimentaries with the Coast granites and then covered the placer fields of the Omineca and Upper Finlay Rivers. He was reputed to have had a younger brother killed in the Custer Massacre and came of a historic family of buffalo hunters and scouts who had helped to civilize the west.

Culp made many a stake, but like most prospectors had spent most of his money in the development of other properties. Some of his abandoned claims are right now attracting attention and development work is contemplated this season.

Culp found time to develop one of the best farms in the Francois Lake District. His niece, Miss Linnie Grant, drove up to Burns Lake last summer from Canyon City and took the old pioneer back to the scenes of his boyhood to spend his declining days. His nephew, Jack Parrish, spent some years near Francois Lake.

ASTON CLINTON, Buckinghamshire, England — J. S. Mayne, now 91, had a cold bath daily until he was 83, took up running when past 40 and won hundreds of prizes.

SEALED TENDERS, addressed to the undersigned and marked "Tender for Lighthouse Tender and Buoy Vessel" will be received up to 12 o'clock noon, E.D.S.T., Monday, June 7, 1948 for the construction of a Steam, Twin Screw, Lighthouse Tender and Buoy Vessel—Length 259 ft., Breadth 46 ft., Depth, 20 ft. 6 in.

Plans, Specifications, Labour Conditions and Form of Tender in the matter may be obtained by bona fide shipbuilders capable of carrying out the work on application to the Chief Purchasing Agent, Department of Transport, Hunter Building, Ottawa, Ontario.

Each tender must be accompanied by a security deposit in the amount of \$50,000.00 (Fifty Thousand Dollars), such security to be in the form of a certified cheque on a chartered Canadian bank made payable to the order of the Receiver General of Canada, and/or Dominion of Canada bonds, all par and for bonds of the Canadian National Railway Co. or its subsidiary companies, unconditionally guaranteed by the Dominion of Canada, at par. Such security will be forfeited in the event of the tenderer refusing to enter into a contract on the basis of his tender if called upon to do so or failing to satisfactorily complete such a contract. Security deposits of unsuccessful tenderers will be returned.

Any tender not accompanied by a security deposit as described will not be considered.

The Department does not bind itself to accept the lowest or any tender.

F. T. COLLINS,
Secretary,
Department of Transport,
Ottawa, Canada, April 24, 1948.

DISTRICT NEWS

News of Pr. George

Further steps towards the establishment of a retail credit bureau in Prince George were taken at a public meeting of all interested this Monday night. The move for a credit bureau was initiated by the Prince George Board of Trade with a committee, of which R. S. Ferguson was chairman, drawing up preliminary plans for the organization.

A drive for funds for the Prince George Hospital is being instituted. The ambitious objective is \$150,000. The campaign will start with a public meeting Thursday night of this week at which Frank Clark will be the principal speaker.

Provincial police here are seeking the whereabouts of a man named William Angus Shapland for whom a testimonial has been received from the Royal Canadian Humane Association "for heroic action and presence of mind" in the rescue of Mrs. Margaret Campbell from her burning trailer home at Summit Lake December 28, 1946. Mr. Shapland, who was an employee of a road construction company is believed to have left for the coast some time ago.

The recent Red Cross campaign here went over the top on its objective of \$3000, the last return on collections showing \$3629.97. A. M. Patterson was chairman in charge of the campaign.

You saw it in the Daily News!

Delivering Mail In Lakes District

BURNS LAKE—Mail stages are operating with difficulty throughout all the southern part of the Lake District as all heavy traffic has been suspended. From Burns to Francois Lake the mail is being relayed, the stages from each end meet-

ing at an impassable stretch of the road where a transfer is necessary. The heavy rains of last fall are responsible for many deep and unsuspected sink holes at Four Mile, Seven Mile and along the shoreline of Tchessinkut Lake.

Competition he subdues, who advertises in The News.

Francois Lake News

FERRY IS OPERATING REGULARLY AGAIN—ROADS IN BAD SHAPE—WISTARIA WEDDING

The ferry made its first crossing last Thursday afternoon after the lake was sufficiently clear of ice. On Friday it made several trips across and will continue to make six crossings a day until the roads are sufficiently dry to allow normal traffic.

The Women's Institute sponsored a shower for Mrs. William Anderson (nee Margaret Drew) at her mother's home at Tchessinkut Lake. It was the occasion of the anniversary of Mrs. Drew's birthday so there was a double celebration. More would have attended the shower had the roads been passable, and some were ill. After contests and music, the guest of honor opened her gifts and thanked those who were there. A delicious lunch was served by Mrs. Drew, assisted by her daughter, Carrie, and a prettily decorated birthday cake was served.

The hawks are becoming so bold that they have been picking up chickens right in the yard at Fred Gardner's.

The chief topic for conversation is mud, and there is lots of it on the roads at present. There is a bad spot between Francois Landing and Burns Lake where it is impossible for cars to get through without help from the public works truck which has been standing by for two days. Trucks can just manage to get through. The roads are now closed until they are sufficiently dry to allow traffic without churning up the mud again.

Miss Betty Munro of Winnipeg is visiting Mr. and Mrs. A. H. Neave. She arrived on Saturday's train.

The wedding of Shirley Nutter and Stanley Blackwell took place at Wistaria on Friday morning.

At a meeting on Saturday the Calf Club was started here, with President, Ralph Keefe; Vice-President, Louie Snyder; Manager, Clarence Snyder and Secretary Treasurer, Peter Read.

ODDFELLOWS' ANNIVERSARY

Commemoration Meeting Held on Tuesday Night

On Tuesday evening Prince Rupert Oddfellows' Lodge commemorated the 129th anniversary of the founding of the American Order of Odd Fellowship, the sister Rebekah Lodge joining with the men for the occasion. In the absence of Noble Grand, Harry Quiek, Past Grand Master Harry Daggett presided and gave expression to the pleasure it gave him to be present on so memorable an occasion. He introduced to the audience, members from Terrace and a visiting member from south of the border. The chaplain, Brigadier J. T. Gillingham addressed the gathering. Following this several educational films were shown, refreshments served, bringing to a conclusion an interesting and enjoyable evening.

BURES, Essex, England — A looth weighing four pounds, believed to be that of a mammoth, was discovered in a gravel pit here.

This contest from May 15th to 29th		
This contest from May 29th to June 12th		

\$1,000.00 GRAND PRIZE for all Canada!

KEEP THESE RULES

Enter as often as you like, but be sure to enclose 2 box tops from packages of Kellogg's Corn Flakes with each entry.

- For the purpose of this contest there are 3 regions: The West (Manitoba to the Pacific), Ontario, and The East (Quebec and the Maritimes).
- Each contest will last two weeks, and will be judged separately. For each contest, from the correct solutions to the "Who Are We" jingles, the judges will draw the 35 prize winners in each region. When the three contests are completed, the winner of the Grand Prize for all Canada will be selected from the 315 prize winners, on the basis of the best answer to the question...WHY DO 4 OUT OF 5 CANADIANS PREFER KELLOGG'S CORN FLAKES?
- The closing dates for each contest are midnight, May 15, midnight May 29, and midnight June 12. To qualify for each contest, entries must be postmarked on or before these dates.
- The contest is open to all residents of Canada, other than employees of the Kellogg Company, or its advertising agencies, or their families. All entries become the property of Kellogg Company of Canada Ltd.
- Each entry must be qualified by enclosing two box tops from packages of Kellogg's Corn Flakes. Entries are to be sent to the Kellogg Company of Canada Ltd., Kellogg's Corn Flakes Contest, London, Ontario, Canada.
- The name and address of the grocer from whom you buy your Kellogg's Corn Flakes must be included with each entry.
- The decision of the judges, who are H. G. Kimber, Past President, Canadian Daily Newspapers Association; S. M. Philpott, President, Advertising and Sales Club of Toronto, Inc.; J. F. Graydon, President, Canadian Facts Limited, is final and legally binding. Results will be published in this paper. In the case of a tie, the entry bearing the earliest postmark will be declared the winner.

YES, it's easy! It's fun! Here's an exciting 3 in 1 contest every member of the family will want to enter right away!

Here's all you do for a chance at the Grand Prize, open to everyone: Solve the first of the 3 riddles given above, and with your solution, give a 6-word or less answer to this easy question: **WHY DO 4 OUT OF 5 CANADIANS PREFER KELLOGG'S CORN FLAKES?** An obvious answer might be "because they taste better."

There are lots and lots of prizes, so everyone has a real chance of winning every two weeks—plus a chance for the Grand Prize when the three contests are over. And to make it even easier to win, you compete for the jingle prizes only with people from your own part of Canada... Ontario, Western Canada, Eastern Canada.

Enter the first contest now! Then enter the second and third contests so you'll have a better chance for the Grand Prize! Use the entry blank below for your first entry, and get extra blanks at your grocer's for your second and third entries—or as many more entries as you want to make. Enter each contest as many times as you like—the more times you enter, naturally, the more chances you have to win. But remember, with each entry for each contest, you must enclose 2 box tops from packages of Kellogg's Corn Flakes. Get your first entry in today!

GOSSIP FROM NEIGHBORHOOD
Gyro Club Hears About Ocean Falls, Bella Coola, Queen Charlottes and Mining Camps
"Gossip from Our Neighboring Communities" was the title which School Inspector E. E. Hyndman chose for an informal and intimate chatty talk before the Prince Rupert Gyro Club at luncheon yesterday when he discussed some of the problems and perplexities of school administration in the Ocean Falls, Queen Charlotte Islands and Portland Canal districts which, with Prince Rupert, comprise his rather far-flung inspectorate. Past President W. F. Stone presided in the absence of President O. G. Stuart.

Ocean Falls, Mr. Hyndman described as an up-to-date, well-equipped community which, in some ways, was better off than some larger places. It was settled, contented settlement where rain was not shunned and bemoaned as it was in some places. The people there did not mind their 180 inches a year since the industry was dependent upon high precipitation. In fact, "no rain" might well mean "no pay check" at Ocean Falls. It was a company town but, in spite of that, school policy was dictated by a board of three members which consisted of two union leaders and another company employee. One of the company's policies was to make happy and congenial conditions in the community.

Namu had become an important fishing centre with a permanent population. During recent years the plant had been practically reconstructed. Where once there was difficulty in maintaining a school owing to the small number of children, today there was an enrolment of 26.

The extent of the Bella Coola Valley created some special school problems there, one of which had been the amicable settlement of the site for a consolidated school which had been finally settled upon at a public meeting. This was an area, extending from coast far into the interior, of greatly diversified industries including fishing, timbering, farming and cattle raising.

Mr. Hyndman turned from the coast to the Queen Charlotte Islands and took occasion to mention some of the attractions of that pleasant area and some of the intimacies of community life in such places as Massett, Port Clements, Tiell, Queen Charlotte City and Sandspit. They were a kindly, hospitable people. For the holiday maker, the Queen Charlottes had much to offer.

Portland Canal district included Alice Arm, Stewart and Premier. Mining, labor conditions, community life were touched upon with special reference to the Premier and the spectacular Salmon Gold with its enterprising and vigorous manager, Evan Harris. Thanks of the club for an in-

Is Committed For Stealing of Tools
BURNS LAKE — Constable Zorn of the B. C. Police was a weekend visitor at Burns Lake. He returned to Smithers with a prisoner who had allegedly stolen a shoulder box full of carpenter's tools from a local contractor. The man was speedily apprehended and the tools recovered by Constable William H. Richmond. At a preliminary hearing held at Burns Lake police court, accused was committed for trial.

LAPPS ASK AID
STOCKHOLM — A convention of Lapps in northern Sweden recently asked the government about possibilities of building meat-processing plants for reindeer meat. It also suggested placing manufacture of Lapp arts and crafts on a rational business basis to augment the Laplanders' incomes.

Interesting discourse were extended to Mr. Hyndman by A. M. Hurst.

Progress on arrangements for the Klondyke Night to be held Friday of next week and a dancing party to be held at the Prince Rupert Aero Club's quarters at Seal Cove were reported by J. S. Lindsay and Dr. Jens Munthe.

Reminiscences and Reflections
By W.J.

Just how will deep sea fishing and daylight saving get along together? When fifteen hundred boats and all keen as mustard to load up and get to market, no one is going to worry about what kind of time it is. They do not play golf on the North Pacific.

One can feel in his bones that when 250 representative residents of Los Angeles, visit here in June, the skies will be smiling. For the Prince Rupert rain legend has been ingrained in Southern California, ever since this townsite was cleared. As far back as 1909, they were spinning a yarn about what Los Angeles folk said when they sighted a few light, fleecy clouds drifting across the otherwise deep blue sky.

"Oh look, Coupla empties, coming down from Prince Rupert."

An authority, speaking of the telephone system tells of "an overloaded plant, of ancient vintage." The man could make his fortune as a descriptive writer. Talent should not be neglected or restricted. Here, the field is wide and so many opportunities that they become embarrassing. Take the jail, for example. We've been in it (on business and not as guest) and cannot recommend the place from the point of view of even modest comfort. This is out of step with the times. The trend is away from harshness

It takes more than kisses to keep a man happy! If you want your man always to be proud of you... if you want always to look your youngest, slimmest, and loveliest... you must watch your diet! And in any diet to gain a lovely figure, you should eat certain special foods because of their vital "protective" qualities.

That is why Kellogg's All-Bran is included in scientific weight-control menus. All-Bran is made only from the outer layers of the wheat grain. This is the vital part so rich in iron and certain other "protective" food elements your body must have.

Not only is All-Bran a "protective" food but it is guaranteed, on a double-your-money-back basis, to keep you regular naturally. Such natural regularity is always advisable, diet or no diet.

Make up your mind to take better care of yourself. Start eating All-Bran today.

It will be on Saturday, June 19, that the S.S. Prince George will sail from Vancouver for the north, fresh from the hands of her builders. She is due in Prince Rupert June 21 on the first scheduled tourist voyage although an earlier trip with the Los Angeles Chamber of Commerce is planned. It will be her initial voyage to the ports of Northern British Columbia and Alaska. The vessel has already had inspections and it is possible there may be one or two short sailings to see that every detail has been completed and is in working order. The Prince George, a 5,700 ton ship, cost \$3,000,000. She is 350 feet long and has a speed of eighteen knots. Passenger accommodation is provided for 294 in first class and 28 in second. Cargo space totals 50,000 cubic feet with 5,000 of this refrigerated. The Prince George was built at Yarrows Ltd. Victoria, and will operate along the inside passage, calling at Ocean Falls, Prince Rupert and ports in Alaska.

TONIGHT'S TRAIN 10 HOURS LATE
Waiting connection with the westbound transcontinental train at Jasper, tonight's train which would have normally arrived at 11:45 daylight time, is running 10 hours late and is expected to reach the city at 9:45 daylight time, Friday morning. Trains crossing the prairies are still being delayed by floods and diversions for some main line sections have been necessary.

A good hen cackles, a good cow moos; a good firm runs ads in The News.
