Fatal Airplane Crash Down The Coast

CITY CLERK TO AID ELECTION
City Clerk H. D. Thain said this morning that he probably would serve in the capacity of election clerk in the federal election on June 27 following a disagreement among the aldermen as to the propriety of a city official accepting outside work.
Mr. Thain accepted the appointment of election clerk at request of Returning Officer Rod MacLeod, then resigned at the week-end after he had received objections from four city aldermen.
Last night the matter came before council when Mr. Thain made a request to take a portion of his holidays during the election period. Alderman George Casey, who had previously objected to Mr. Thain taking the job of election clerk, rose to retract his stand.
Aldermen H. M. Daggett, H. S. Whalen and J. H. Forman maintained their objection on the grounds that the city had registered an objection a year ago to a firmman accepting outside employment.
"I brought this matter up because I thought that the council should be consistent," Alderman Daggett said as he moved that Mr. Thain's request to serve as election clerk be not granted.
In the vote which followed, Aldermen Casey and McLean voted against the motion and Alderman Black declined to vote. His failure to vote was considered a negative vote by Acting Mayor George Rudderham. The 3-3 tie was broken by Acting Mayor George Rudderham, who voted against the motion, thereby permitting Mr. Thain to act as election clerk if he chose.

WHERE VIOLENCE FLARED—Asbestos, Que., eastern township centre, was still under martial law at the week-end following clashes between striking miners and Quebec Provincial Police who moved into the town after the strikers set up roadblocks and isolated the mining community. Top photo shows a provincial police car overturned on the outskirts of the town. Four police were in the car and attempted to crash through a barricade. The windows were shattered when police fired from inside to frighten the mob. The officers were pulled from the car and disarmed before the vehicle was overturned. Note the dents from rocks hurled by the strikers. Bottom photo shows a group of miners stopping a car at one of the roadblocks. Only doctors and clergymen were allowed to pass through the barricades which were later removed as reinforcements of police neared the town. Many of the men were armed with clubs. One hundred and fifty miners were arrested for their part in the violence. (CP Photo)

Light Machine Hits Mountain; Sup't of Logging Camp Killed

VANCOUVER (CP)—One man is dead and another is suffering from a broken leg and nose and shock after a crash late yesterday of a light Fleet Canuck aircraft in Homfrey Channel, 32 miles north-east of Campbell River, on the mainland. Dead is Loren McLean, aged 34, Vancouver, who was a passenger on the pontoon-equipped aircraft owned by the Aerial Taxi Co. here. The pilot, Walter Lutz, was injured. The body of McLean and the injured man arrived here on a Royal Canadian Air Force Canso. McLean was superintendent of the Forbes Bay logging camp and is survived by a wife and four children. The plane was reconnoitering a forest fire and is believed to have flown too low, striking a mountainside.

SEAMEN ARE IMPRISONED

WELLINGTON, New Zealand
A Wellington magistrate today sentenced twenty-seven members of the crew of the Canadian freighter Tridale to four weeks in jail for continuing to disobey the lawful command of the master to sail. The men are members of the Canadian Seamen's Union.

Submitted by Civic Finance Chairman Alderman T. B. Black, the budget received its first reading as a rate bylaw without dissent and will be given its final reading at a special meeting of council late Wednesday afternoon. The rate level, which Alderman Black described as designed to handle maximum requirements by the city for the current year, will be levied against 100 percent of land and 60 percent of improvements. Total of the 1948 budget, which up to this year had set a record for civic expenditures, was \$261,998.14, raised by a mill rate of 55 mills. The 1949 mill rate was increased by one extra mill because of a levy for that amount for the improvement of Roosevelt Park authorized by a plebiscite at last December's elections. It will raise \$5,015 for that purpose. There will be similar levy each year for five years. Here is the 1948 rate structure, followed by that of 1949 for comparative purposes:

Council Approves Record 60-Mill Budget for Year

Up Five Mills Over Last Year—Rising Labor Costs Major Cause
A record civic budget which will call for total expenditure of \$300,939.63 including a special levy of \$5,015 for park purposes this year and boost taxation on property from its 1948 level of 55 mills to an all-time high of 60 mills on the dollar was handed down by the city finance committee last night and approved by council.
Submitted by Civic Finance Chairman Alderman T. B. Black, the budget received its first reading as a rate bylaw without dissent and will be given its final reading at a special meeting of council late Wednesday afternoon. The rate level, which Alderman Black described as designed to handle maximum requirements by the city for the current year, will be levied against 100 percent of land and 60 percent of improvements. Total of the 1948 budget, which up to this year had set a record for civic expenditures, was \$261,998.14, raised by a mill rate of 55 mills. The 1949 mill rate was increased by one extra mill because of a levy for that amount for the improvement of Roosevelt Park authorized by a plebiscite at last December's elections. It will raise \$5,015 for that purpose. There will be similar levy each year for five years. Here is the 1948 rate structure, followed by that of 1949 for comparative purposes:

Table comparing 1948 and 1949 budgets and rates. 1948: School Purposes (21.04), Debenture Purposes (13.58), General Purposes (20.38), Roosevelt Park (60). Total: \$261,998.14. 1949: School Purposes (25.03), Debenture Purposes (12.65), General Purposes (21.32), Roosevelt Park (1.00). Total: \$300,939.63.

SCHOOLS BIG INCREASE

The school rate, necessary to cover estimates by the school board, increased this year from 21.04 mills to 25.03 mills, an amount of 3.99 mills. "I believe it is generally accepted that the School Board endeavoured in every way possible to reduce estimated expenditures but had to budget for a considerable increase in teachers' salaries," Alderman Black said. "The general rate," he declared, "has been held down to 21.32 mills, an increase of only .04 mills over the 20.38 mill rate of 1948. This has been possible only by increasing the garbage collecting fees and estimating a probable return of \$56,000 from the provincial government Social Security and Municipal Aid Tax." A decrease in the debenture rate from 13.58 mills last year to 12.65 mills this year was attributed largely to the fact that more formerly city-owned property is privately owned this year and therefore bears its share of the debenture burden. "The total proposed increase over 1948 is five mills, bringing the mill rate for this year to 60 mills. It is apparent that rising labor costs throughout have occasioned in large part, the higher rate," Alderman Black said. ISRAEL APPROVED LAKE SUCCESS—Israel's bid for membership in the United Nations was approved by the General Assembly's special political committee yesterday. The vote was 35 to 11 with 13 abstentions. Canada favored the admission. Mrs. James H. Thompson sailed this afternoon on the Chilcotin for a trip to Vancouver. Going south with her was her niece, Mrs. G. W. Hofnagel.

THE WEATHER

Synopsis
A few banks of high clouds over the northern sections of the province and fog banks along the west coast of Vancouver Island are the only signs of other than clear weather reported over the province today. Pressures are remaining moderately high and temperatures will again reach close to 90 degrees in the southern interior and the high 60's in sheltered coastal areas. There are no signs of any large changes in the weather and the present warm spell is forecast to continue tomorrow. Forecast
Queen Charlottes and North Coast—Overcast today and tomorrow. Extensive banks of fog over the water. Light winds. Little change in temperature. Lows tonight and highs tomorrow—At Port Hardy 45 and 58, Masset 45 and 58, Prince Rupert 46 and 60.

FEDERAL DEPARTMENT OF PUBLIC WORKS SPENDING \$500,000 HERE

Federal Department of Public Works projects representing an expenditure of more than \$500,000 are being undertaken in this district this season, the bulk of them being at Prince Rupert or in the immediate vicinity. Major undertaking is the \$250,000 breakwater for the new fishermen's floats at Fairview Bay, on the west end of the local waterfront, detailed surveys of which are now being carried out by C. D. Forbes, assistant district engineer, so that plans may be completed and tenders called at the earliest possible date. These plans are expected to be completed by the middle of summer and the work should be started before autumn. Also scheduled for this season is a \$50,000 rebuilding job on the fishermen's floats immediately east of the dry dock. Rebuilding of breakwaters will also be carried out. The work of installing lighting on the Fairview Bay floats is being proceeded with on contract by the Northern B.C. Power Co. at a cost of \$6000. Authorization by the Board of Transport Commissioners for a level crossing is all that is now holding up the building of 600 feet of road which will connect the city road with the new Fairview floats. Another important local waterfront project on which work will be commencing any day now is

PROVINCIAL REGISTRATION DOES NOT QUALIFY FOR FEDERAL VOTE

Voters Must Register On Federal List Which Is Being Compiled Now
Distinction between the provincial and federal voters' lists in the forthcoming elections were emphasized this morning by Federal Returning Officer Rod MacLeod following reports by enumerators that many people feel that, because they have been registered for the provincial list, they are automatically entitled to vote in the federal election providing they have the same qualifications as white people. Racial grounds alone will be no barrier. Indians who do not reside on reservations and who have the same qualifications as white men as to residence status and nationality will also be allowed to vote federally, he said. Having voted in the last federal election does not automatically qualify a person for this one. Reregistration is necessary. Mr. MacLeod said that he had received a telegram from Ottawa this morning which stated that Japanese, Chinese and Hindus in British Columbia will be

Council Warned of Over Extending Borrowing on Works Projects

It was pointed out that, if Prince Rupert goes ahead with works and utility projects which will require serial bond issues, it may badly damage the rating for future borrowings was sounded by Alderman T. B. Black. Clerk H. D. Thain. "I think that something will have to be left over until our old debt is paid off in 1951." Alderman Black predicted that if the city floated bonds so close to the limit of its borrowing power it would have to take "a loss of from 7 to 10 percent on the open market." "Therefore," he said, "I do not favor a plan to have the ratepayers sponsor debts of that kind at this time."

HALIBUT SALES

Summary
Open Market—68,500 pounds Canadian halibut, 18.6c, 17c and 12.5c to 18.7c, 17c and 12.5c. To Co-operative—342,500 pounds, to Co-operative at advance price. Ispaco, 37,000, Booth, 8 1/4c, 7c, 17c, 12.5c. J. H. Todd, 26,000, Cold Storage, 18.6c, 17c and 12.5c. Orca G., 10,500, Atlin, 18.6c, 17c and 12.5c. Twinkle, 25,000, Royal, 18.7c, 17c and 12.5c. J. R., 15,500; Ingrid H., 12,000; Combat, 44,000; Kyrielle, 21,000; Joe Baker, 12,000; Wales Island, 21,000; Keno II, 15,000; Gony, 27,000; North Cape, 14,000; Isl and Queen, 25,000; Helen II, 40,000; Gustav, 22,000; Gibson, 11,000; Neptune, 19,000; Northern Breeze, 47,000; and Dicky Boy, 17,000, all to Co-op.

Fare Boost Is Approved

Increase on Railways Coming Into Force Tonight
MONTREAL, (P)—The Railway Association of Canada today announced that the Transport Board had approved increases ranging up to 15 per cent in first class fares in Canada and the new rates will come into effect after midnight tonight. The increase is equal to the federal transportation tax which was repealed by the federal budget in March. Enumerators, who began their canvass for the federal voters' list yesterday, reported that there is a prevailing misconception in this regard and that people who decline to register federally on that account will be deprived of their vote in the June 27 elections. Registration in the provincial list, which closed on May 2, has nothing to do with the federal elections and unless voters have their names placed on the fed-

Enormous Project

THE MORE WE HEAR about the proposed aluminum industry for British Columbia, for which Kitimaat, not far from Prince Rupert appears to be the favored site, the more important the project appears to loom. Now it is said by one of the Aluminum Co.'s heads there may be expected, in addition to the aluminum plant itself, such other industries as pulp and paper mill, steel plant and fertilizer factory.

The importance of stable government in connection with the establishment of these projects is stressed. A political faux pas at this time, it is said, might well result in the abandonment or serious delay of the projects.

It is quite reasonable to assume that there might be hesitation, at least, in the investment of half a billion dollars in a province, no matter what its natural resources, if there should be a tendency to political instability. Even the way that Mr. Winch is hedging now on the subject of socialization of industry, which has always been a pet objective of the C.C.F., is admission of that.

NEWFOUNDLAND AND FLYING

DEVELOPMENTS in Newfoundland should be rapid if for no other reason than that the tenth province lends itself so admirably to air travel and that the island's air ports already rank among the most spacious and best equipped to be found anywhere.

Without using a plane, a journey from Canada means a roundabout and tedious trip involving a car or train (perhaps both) and certainly a steamship. There are wild waters around Newfoundland almost any season though in fall and winter severe storms are more frequent. At no time, is there certainly fog will not appear.

It is pleasant to realize that in flying, many of these risks, disadvantages and discomforts will be largely avoided, not to mention a very considerable saving of precious time.

Ray Reflects and Reminisces

It is well there is also a Fathers' Day. He is capable of accepting recognition quite as gracefully as mother. Being the goat permanently can become stale.

Like so many who eventually enter the government service H. F. S. Paisley, retiring director of information for the Department of Fisheries, used to follow the newspaper line. Years ago Mr. Paisley and the writer, representing St. John N.B. morning papers, went to Halifax to meet the SS. Victorian soon due from Liverpool. She was the first turbine equipped liner to cross the Atlantic. There was a third member of the press party—and as it sometimes will happen—the other two could not but feel the necessity of saving his job for him. It was, in fact, a recognized custom in professional circles at that time.

Perhaps in the general scheme of things, men were intended to refrain from interference with the orderly progress of facial foliage, bearing in mind, of course, the necessity of judicious trimming. It is certainly clear that women, from the cradle to the grave, were to remain smooth-faced and, doubtless, many sound reasons could be found. On occasion they may seem a bit mannish but hardly that far.

At last this is spring. Some-how snugly buttoned ulsters, buds and blossoms, robins flitting among the trees and welcoming the dawn did not seem to go together.

Keep Klondyke Night a permanently annual event! Let the faceless "Days of Ninety-Eight" carry on! Name a date, preferably in the springtime and stay with it. Nothing in western history was more of a fabulous boost than the discovery that turned the universe toward the creeks of Canada's northland. Not long ago, a leading American magazine saw fit to live over again the "Days of Forty-Nine" in pages of colorful scenes and sketches a century ago. The idea was the same. Klondyke Night is healthy and wholesome and helps inject the spirit of cheer—something that can be made use of in this jittery era.

To spot from the air the wreckage of an airplane days overdue is an achievement many search parties have been unable to do. The topography and climate of this province are not without peculiar difficulties. And so it comes with particular interest that Prince Rupert learns of Flying Officer Jarvis McLeod's feat in being first to sight Pilot Grant's plane in the mountain wilderness of the British Columbia-Washington wilderness. This is "Hickey's" old home town.

LETTERBOX

DEEP APPRECIATION
Editor, Daily News:

I would like to ask for some of your valuable space for a letter of thanks and appreciation.

Saturday night the Young People's Association of the Anglican Church entertained the patients here.

To minds and bodies weary of the dreariness of hospital routine, the arrival of the group was like a breath of cool air on a hot day.

Due to lack of seating accommodation, it was necessary for them to give two performances, each lasting approximately two hours.

For us, it was two hours of make-believe; two hours of fun and laughter, of forgetfulness of pain, and escape from the maddening monotony of hospital life.

To Archdeacon Hodgson and the Y.P.A., therefore, go our hearty thanks.

J. G. WILLIAMS,
Miller Bay Hospital

'PHONE DEPUTY HEAD RESIGNS

City council last night accepted "with regret" the resignation of F. M. Kempton as assistant superintendent of utilities and wiring inspector. Mr. Kempton asked that his resignation be made effective May 26. He plans to take a position in the south.

Alderman T. B. Black commented that Mr. Kempton had done much with planning for the future telephone system.

Regarding the replacement of a wiring inspector, Mr. Black suggested that the provincial government be asked to place a district wiring inspector in the area.

Motion to accept the resignation of Mr. Kempton with regret was made by Alderman H. M. Daggett.

Oil in the driving gears

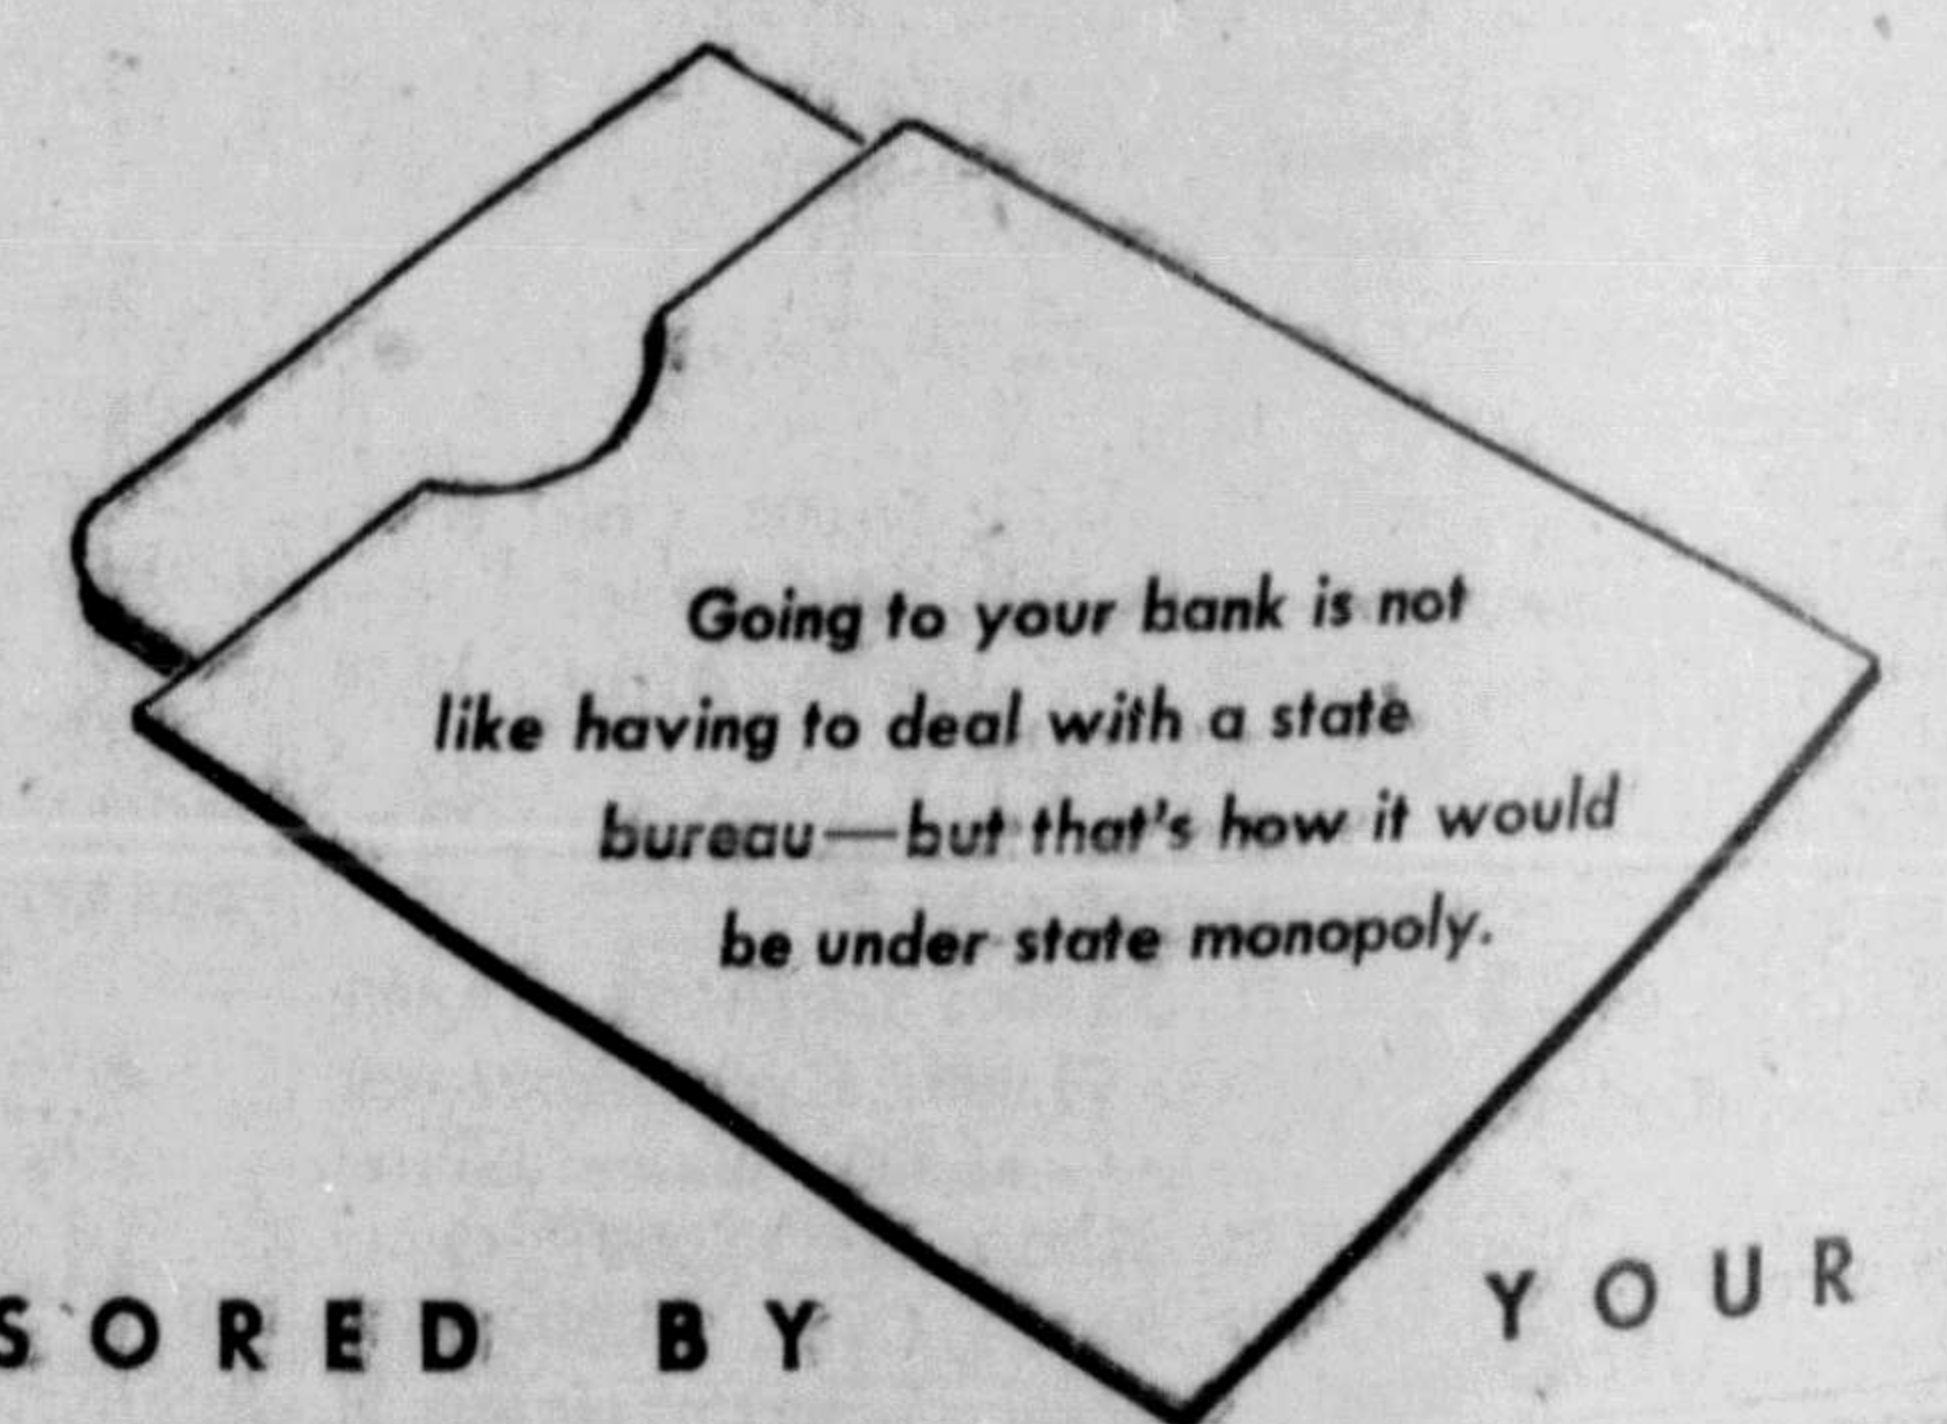

BANK CREDIT oils the driving gears of production, industry and commerce. It helps to produce the goods and provide the services and jobs which mark the Canadian way of life.

"Money in the bank" is the foundation of credit. You and some seven million other depositors have nearly seven billion dollars in the chartered banks.

To pay for work done, goods produced, bought and sold, Canadians issue—every month—upwards of six billion dollars in cheques.

Cashing these cheques, making loans, discounting notes—in many different ways your bank keeps money and credit moving through all the channels of trade and opportunity . . . like oil in the machinery.

This whole vast, private, competitive, efficient process is made possible by your "money in the bank"—and by the experience and skill and integrity of the men and women on Canadian bank staffs.

 Walter Tennant, chairman of the regional advisory committee of the Veterans' Land Act is arriving on tonight's train from the interior and will interview veterans interested at the Canadian Legion hall on Wednesday.

ENUMERATORS START FEDERAL VOTERS' LIST

Twenty teams of enumerators went into action in Prince Rupert Monday, joining literally with hundreds throughout Canada to list names for the federal voters list which will determine who is eligible to cast ballots in the federal election next June 27.
 The teams consist of two persons in Skeena riding, representatives of the two parties which were at the head of the polls in the 1945 general election. Each team consists of an appointed representative of the C. C. F. and the Liberal party.
 In Prince Rupert, each team will cover one polling division and will continue the enumeration until this Saturday, when the six-day enumeration period will close. Copies of the list in each division will be posted publicly.
 Under the federal Elections Act, the voters' list opens for registrations on the forty-ninth day prior to the election date.
 In Skeena riding, which embraces a wide section of central and northern British Columbia, 100 teams went into action to cover the 100 rural and village polling divisions outside Prince Rupert. Enumeration in these parts will be less difficult because of the fact that each division contains a smaller number of people and a relatively stable population.

Mrs. C. R. de Kergommeaux of Terrace is paying a brief visit to the city, having arrived from the interior on Sunday.
 Canadian Legion Regular Monthly Meeting (with initiation of new members) Legion Hall, Wed. May 11, 8 p.m. (110)
 James P. MacDonald, fire inspector of the local Forest Branch, returned to the city on Saturday night's train from Fort St. James where he took part in a fire warden's school of instruction.
 Rev. Basil S. Prockter, rector of St. Andrew's Cathedral, returned to the city on Saturday night's train from a trip to Saskatoon where he participated in the convocation of Emmanuel College. He also visited Regina where he preached in St. Paul's Cathedral.
 Sgt.-Major J. J. Saxon of the Royal Canadian Electrical Mechanical Engineers arrived in the city from Vancouver at the weekend on a periodic arms inspection visit to the local army reserve battery.

KIN AUCTION WAS SUCCESS

Open Air Sale to Raise Funds For Kiddies' Kamp
 The crowds that thronged Third Avenue Saturday afternoon were treated to an old-fashioned open-air auction complete with rapid and sparkling commentary by Auctioneer George Dawes as he enumerated the outstanding features of each article donated to the Kinsmen Club for resale.
 Five puppies, the only livestock put on the auction block, went like the proverbial hot-cakes. A quantity of clothing, particularly ladies' wear, found ready bidders as did a variety of groceries, books, dishes and furniture. Stoves and radios likewise moved under the persuasion of Mr. Dawes and, by late afternoon, there was little left in the vacant lot opposite the post office except the auctioneer's gavel.
 Originally it had been planned to hold the auction in the Navy Drill Hall where the articles were stored but, when the sun came out, the committee, under the direction of Lorne Vanetta, decided to make the sale an open-air event. The various items were donated by householders and merchants of the city. Mr. Dawes donated his services to the Kinsmen Club.
 Funds realized from the sale will go toward new buildings for the Kinsmen Kiddie Kamp at Lakelse Lake.

(Continued from Page 1)
 the construction of an \$80,000 wharf at Seal Cove for the Department of Transport's marine station. The contractors, Hori-Latimer Construction Co., are due on the site almost immediately now that delivery is being made of the materials, decking and piling, all of which are completed. This work is to be completed by July 29 but an extension has been asked.
 This week Mr. Forbes will start survey for a new landing for the wireless station on Digby Island. The landing will be at Dodge Cove instead of the old quarantine wharf which has now fallen into disrepair. Cost will be \$25,000. A new trail from float to the wireless station will also be involved.
 Further work in this district by the federal Department of Public Works includes \$50,000 repairs to the Premier dock at Stewart, tenders for which are to close May 18.
 Tenders are also being called for a new summer headquarters wharf for the snagboat at Bal-

moral on the Skeena River. Cost is estimated at \$14,000. The site there has been selected in view of the availability of water. Queen Charlotte Islands projects include a new \$75,000 wharf at Sandspit, for which plans have just been completed with a view to calling for tenders soon. The wharf head will be 130 feet across and 50 feet deep with a 250-foot approach.
 Plans have gone into Ottawa for a large repair job at the Port Clements wharf including partial renewal of piling and complete renewal of superstructure, the cost to be \$40,000.

No More Dosing For Constipation

Famous cereal frees woman from harsh laxatives
 Searching desperately for constipation relief? Then read this unsolicited letter:

"For 10 years I've been suffering from constipation. I've tried everything but nothing helped me. At last my doctor in England advised KELLOGG'S ALL-BRAN. I began to eat this cereal and soon realized I was better. I eat ALL-BRAN regularly now and can definitely say I am free from constipation." (Name given on request.)
 You, too, may never have to take another harsh laxative for constipation due to lack of bulk in the diet. Just eat an ounce of KELLOGG'S ALL-BRAN daily—and drink plenty of water. ALL-BRAN is not a purgative, but a wholesome regulating cereal. Eat as a cereal, or in muffins for constipation relief. If after using one package you are not entirely satisfied, get double your money back as guaranteed on the package. Buy delicious ALL-BRAN from your grocer. Made by Kellogg's of London, Ontario.

FOOTBALL KNOW-HOW

THE "OFF-SIDE" RULE
The interpretation of the "off-side" rule arouse more discussion than any other rule in the football rule book. For the information of those who don't know it and to refresh the minds of those who do know it the official ruling is given here. While there are many points not specially mentioned that might call for interpretation, the most important point is: Where was the player when the ball was last played. If he was outside then he cannot be off-side after it is played unless it is first played by the forward to him by one of his own team.

Rule:—A player is offside if he is nearer his opponents' goal-line than the ball at the moment the ball is played, unless:

- (a) He is in his own half of the field of play.
- (b) There are two opponents nearer to their own goal-line than he is.
- (c) The ball last touched an opponent or was last played by him.
- (d) He receives the ball direct from a goal-kick, a corner-kick, a throw-in or when it is dropped by the referee.

Punishment: For an infringement of this law an indirect free-kick shall be taken by a player of the opposing team from the place where the infringement occurred. A player in an off-side position shall not be penalized unless, in the opinion of the referee, he is interfering with the play or with an opponent, or is seeking to gain an advantage by being in an offside position.

This columnist knows of one player who was frequently called back for off-side when he was on-side. This player was an outside right and was fast. He used to wait in an onside position till the ball was played forward or kicked forward from a free-kick and then he tore in, often arriving in the goal area at the same time as or ahead of the ball. There is no doubt that he was on-side and entitled to score but frequently he was called back.

Timely Topics from Terrace

Mrs. C. R. De Kergommeaux, Terrace Reporter

The Fireman's Annual ball, held Tuesday in the Civic Centre was a great success and James Smith, volunteer fire chief, expressed his thanks to all who had made it such a success. After the insurance has been paid there will be enough money left over to buy some much needed equipment. Everything was donated for the occasion.

W. Donald returned from the south after being away three weeks on holiday. He is much improved in health and has some thrilling tales to tell of the earthquake in Seattle where he was visiting relatives at the time.

At the Girl Guide Association meeting at the home of Mrs. Head last Tuesday it was decided to have a meeting with the parents to plan the supplies needed for the summer camp and to figure out approximately cost for each girl. The proceeds of the May tea have increased the Camp Fund to \$123.79. Refreshments were served at the close of the meeting.

W. Osborne Jr. left by car on a business trip to Vancouver.

The gymnasium at the Civic Centre has been boarded up and is now ready for classes. Under the supervision of Jim Kennedy, the boys have done a good job of carpentry work and great credit is due to them for sticking to the job until it was completed. The boys working were George Haugland, Alex Jordan, Denis de Kergommeaux and Roy Clifford.

Alex Mackenzie of Prince Rupert has disposed of his property on Lazelle Avenue to Mr. and Mrs. John MacDonald of Prince George.

Mr. and Mrs. C. Pohle returned recently from a trip to Vancouver.

The Dominion Telegraphs has installed a line on the bench for the convenience of the residents in that area.

Dudley Little drove to Prince Rupert on Thursday.

Geoffrey Lambley returned from the south on Thursday morning, having attended the Game Commissioners Convention at Harrison Hot Springs as the Terrace delegate.

Will Robinson journeyed to Prince Rupert last week returning with a new car.

states to Washington, then north. Mrs. Archibald and their small daughter are coming later by train.

Despite the slackening condition of world trade and its danger to Canada's economic level, the government will not hear of any barter arrangement which might sidestep the cramping lack of hard dollars.

"They have stated definitely that they will have nothing to do with barter," he commented. Plans for his forthcoming political campaign are not definite yet but he thinks it will be a while before he starts holding meetings. He expects the last fortnight of the campaign to be strenuous.

The provincial election trend? He was willing to make a wager on a C.C.F. victory in B.C. on June 15.

Reports of his anti-Atlantic past stand in C.C.F. party caucus two months ago were termed "distorted rumors" by the Skeena member.

C.G.I.T. TAKES CHURCH SERVICE

Led by Miss Donna McArthur, Canadian Girls in Training conducted an impressive Mothers' Day order of service in First Presbyterian Church on Sunday morning. Miss McArthur was assisted by the Misses Mary Strachan and Heather Brewer and each of the girls acquitted herself with much credit. Barbara Teng sang sweetly "God Gave Me a Wonderful Mother." The service was conducted entirely by the girls except for the benediction by the past, Rev. George E. Sendall.

LARGE-SCALE PANHANDLING Begging was so rampant in Paris in the 1850's that its streets were "worked" daily by some 40,000 professional beggars.

Something they ALL like
... it's Good for them, too!

How trying it is when families don't like the things that are good for them! You won't have that trouble with Post's Grape-Nuts Flakes.

For this distinctively different cereal does more than delight them with its famous Grape-Nuts flavor in the form of crisp, honey-golden flakes. It also gives them nourishing food essentials for which they ALL have a daily need!

Post's Grape-Nuts Flakes

Why Post's Grape-Nuts Flakes taste so Different ... are so Nourishing

Post's Grape-Nuts Flakes are made not from one but from TWO grains—sun-ripened wheat and malted barley—blended, baked and toasted to a flavor that is different from that of any other ready-to-eat cereal in the world.

So there's a double reason why they provide needed nourishment... useful quantities of carbohydrates for energy; proteins for muscle; phosphorus for bones and teeth; iron for the blood and other food essentials. Get Post's Grape-Nuts Flakes the very next time you go to the grocer's.

RECIPES for TASTY COOKIES and other good things on the package.

I'LL NEED LOTS OF POST'S GRAPE-NUTS FLAKES TO HELP ME MAKE THAT TEAM.

I PREFER A FLAKE CEREAL AND POST'S GRAPE-NUTS FLAKES ARE OUT OF THIS WORLD!

I CALL 'EM THE "GO-GETTER" CEREAL THEY SET YOU UP FOR THE DAY'S WORK.

MEMBER SEES FOREIGN TRADE ELECTION KEY

The forthcoming federal political battle will be fought out on the basis of Canada's foreign trade, which is the biggest concern in the nation's economy, according to H. G. Archibald, M.P. for Skeena, who arrived in the city from Ottawa Monday night to start his election campaign.

Tanned by sun and wind, Mr. Archibald arrived in the city by car after driving from the national capital where he attended the session which began last January and culminated in dissolution and the call for an election.

"The government is badly worried about the falling condition of Canada's world trade," he said. "Figures which they use for political purposes are those of a year ago. They are afraid to publish the stumping state of Canadian trade for this year."

Mr. Archibald left Ottawa a week ago Sunday by car and drove through the northern

A LETTER... ... from Toronto

DEAR CUSTOMERS:—

Well here I am a long way from home trying to find new and beautiful things for your 1949 gift occasions.

I have looked over the samples of over fifty five factories and wholesale houses and when the goods arrive in Rupert during the next few weeks I really hope our customers will think I have done a good job. Many of the pieces have never been shown anywhere till this year and most of the items have been from present stock before the new 10 per cent sales tax. They will include china, silver, copper and glass as well as the new jewellery and many interesting new things.

Hope to see you soon.

JOHN BULGER

BE PROUD OF YOUR HOME PAINT IT THIS YEAR (INSIDE AND OUTSIDE)

Your home deserves to be placed on a pedestal. It is the heart of the family and one of life's greatest satisfactions.

The satisfaction of owning your own home is greater when you know it looks its best, and is fully protected. Quality paint, backed by the name and reputation of dependable manufacturers and distributors gives greatest return in beauty and protection. Good paint increases the value of your home.

No other purchase you make for your home equals in satisfaction the lasting beauty and protection of Quality Paint—Beauty which reflects your good taste and welcomes your friends — Protection for your most satisfying investment.

CALL YOUR PAINTER TODAY. LEARN THE LOW COST PER YEAR OF GOOD PAINT AND REMEMBER,

NEW ERA FOR THIS DISTRICT

J. T. Gawthrop Impressed With Prospects for Industrial Development Here

There is no doubt that the district eastward from Prince Rupert is on the eve of a great era of development, enthusiastically comments John T. Gawthrop, director of development, Department of Trade and Industry, who is now in the city following a trip through the country.

Mr. Gawthrop sees a housing shortage in Prince Rupert, but expresses gratification that at least one project appears to be likely, that of remodelling the former United States Army ad-

Sponsored by the Prince Rupert and District Music and Drama Festival Association under the Auspices of the School and Community Drama Branch of the Department of Education. (110)

ministration building here for apartment purposes.

The department official also mentioned interest which was being taken in hotel developments here.

"Our job is to help industry to locate in British Columbia and to keep abreast of developments," Mr. Gawthrop said of his own work. "We will be looking more and more to boards of trade for help in our work." A second and revised edition of the industrial index, which has been so favorably received, will soon be under way, he said.

Mr. Gawthrop is accompanied by W. H. Crocker of Prince George, regional representative of the department of development.

JUDGE GRANTS FIVE DIVORCES

Five divorces, granted by Mr. Justice H. S. Wood Monday afternoon, completed the brief docket of the spring Assize Court session which opened in the morning when two decrees were granted. The session was the first in years at which there were no criminal cases.

Decrees were granted Monday afternoon to:

Chester Frank Bolton from Doreen Mercy Bolton, Willie Robinson, co-respondent, A. Bruce Brown for petitioner, Angelina Marion Goodall Mair from John James Hartley Mair, T. W. Brown for petitioner.

Peter Brown from Elizabeth Violet Brown, Alex McPherson, co-respondent, Rod MacLeod for petitioner.

Leon Benoit from Marie Audre Benoit, John Mathews, co-respondent, Rod MacLeod for petitioner.

Joseph Leo Cronin from Dorothy Eileen Cronin, Paul Coddette, co-respondent, Rod MacLeod for petitioner, T. W. Brown for respondent and co-respondent in matter of custody and costs, Custody of two children awarded to petitioner with access during summer holiday by respondent.

What City Council Did

... Concurred in the issuance of the following trade licenses as reported by the licensing committee.

Island City Building Supplies Mrs. Lavina Beynon and Mrs. Anna C. Stewart, taxi operators (transfer of an existing license).

... Approved the sale of the following city-owned lots:
Lots 17 and 18, block 3, section 2, Graham Avenue, to Helen P. Wilford for \$650.

Lots 5, 6 and 7, block 5, section 7, Fifth Avenue East, to Doris M. Cobb for \$225 with the understanding that the city will not undertake to provide services or utilities for the property

... Approved a recommendation by finance committee that a tender by Wilfred Baker of \$350 for lot 14, block 28, section 1, Eleventh Street, be accepted, it being the highest bid received when tenders were called for.

... On motion of the zoning committee, approved a re-zoning of two lots at the corner of Sixth Avenue and Hays Cove Circle, one occupied by the former War-time Housing Administration office and the other a private residence, across the street from medium residential status to minimum commercial.

... Referred to the utilities committee for investigation and complaint from Mrs. R. L. James, Seventh Avenue East, that she had been treated unfairly in allocation of telephones. Moved that similar complaints be referred to the committee for action.

... Granted permission to Fred Scadden to erect two poster signs on city property, one on McBride Street near Fourth Avenue and the other on Sixth

Street near First Avenue for an annual rental of \$10.

... Granted a request by the Gyro Club that a telephone be connected to the vessel which will carry southern delegates to the annual district Gyro convention which will be held here June 14, 15 and 16.

KETCHIKAN IN FESTIVAL HERE

Group Arriving from First City of Alaska Friday

Fifty boys and girls, students from Ketchikan, will arrive in Prince Rupert late Friday afternoon by private boats to take part in the annual Prince Rupert and District Music and Drama Festival being held in the Civic Centre Thursday and Friday.

The Alaskan group is composed of 25 members from the Ketchikan High School Band and L. Vacca and a 25-voice school choir directed by Mrs. Irvin Wergent. Originally the choir was scheduled to appear on the Thursday program but arrangements could not be made to have the students here in time so the executive of the Prince Rupert Festival Association have planned a "Ketchikan Hour" before the regular festival program Friday evening, which starts at 8 p.m.

Although the presentations rendered by the Ketchikan entrants between 7 p.m. and 8 p.m. will not be adjudicated, they will have a chance to appear before the adjudicator during the intermissions between the senior High School plays being presented that evening.

NOW ... LOSE UGLY FAT

UP TO 7 LBS. PER WEEK THE MODEL DIETARY WAY
SAVES MONEY, TOO!
Begin Losing Fat at Once without starvation, harmful drugs, laxatives or exercise.

The new Model Dietary Plan is not a reducing drug. It's safe, pleasant, simple as A-B-C. It will help you lose up to 7 lbs. per week — or no cost to you! If your excess weight is caused by over-eating, the Model Dietary Plan will bring results from the very first day.

Beauty Queen Hails Model
Noreen Noble, lovely winner of Miss Western Ontario beauty crown for 1948, says: "The Model Dietary Plan is a wonderful help in taking off weight and controlling the figure. Without reservation I recommend it to all women who wish to take off unwanted, unsightly fat. Believe me, the Model Dietary Plan really works."

Make This No-Risk Test Today!
Buy a package of Model at your Drug Store. Check your weight before using and at the end of 7 days. If not completely satisfied, return the empty box to your Druggist, who will promptly refund purchase price. Model available at all Drug and Department Stores. Now only \$2.50. Make this test today! Buy the double-size package only \$3.98.
