## Die As Tornado Wrecks Arkansas Town

### Management of Industry and Enterprise Advocated

#### Chamber of Commerce President For More Active Participation

was still seen as the principal basic in-Prince Rupert but reference was also made and rapidly developing timber industry potential importance of the tourist industry. Large in presenting his annual report he retired last night as president of the Prince Rupert Chamber of Commerce. Dr. Large referred to the growing appreciation that seemed to be marking the work of the Chamber of Commerce on behalf of the community but called for more active participation by the public generally and the business men in particular in that work. The paramount concern of any Chamber of Commerce, he believed, was to promote the advantages of the private enterprise system as opposed to a dictatorship by the state which could only ensue through the adoption of any of the many isms.

The most notable development of the year in the Chamber had been the rapid increase in membership, said the President's report. Dr. Large believed there has been a corresponding increase in interest in the city in Chamber matters. Thanks to a very active membership committee under Chairman Joe Scott, there had been added forty new members during the year. There had not, however, been a corresponding increase in the average attendance at meetings.

"If we are to be the force of the community we should be, more than monetary support is needed, and some effort should be made to get a more active participation by the general membership," the report suggested.

The city should be interested in an organization which had played an important part in such improvements as a wider area of express deliveries in the city, better service to the Queen Charlotte Islands which centres now on Prince Rupert, increased interest in our Skeena Highway by the Department of Public Works, the return of the Fisheries Research Board to this city, and so on.

"We can, with justifiable satisfaction, state, that we have continued an active interest in anything which concerned the fortunes of the city and district and, more widely, the Province and the Dominion. It is on this basis, that we solicit the increasing support of individuals and businesses in the city. Much remains to be done if we are to realize the dreams of the founders of this western seaport and it needs the combined effort of all to make them come true.

There are too many individuals in this city who owe their financial success to the opportunities presented here but who will not lift a finger to promote the general good.

"It must be obvious that cities do not always, like Topsy, 'just grow'. If they do, the result is not all that could be wished. In this age, it is popular, anyway, to plan and we must plan wisely if we hope to accomplish much.

#### NOT MERE FISH TOWN

"The old saying that every dollar bill in Prince Rupert has fish scales on it is no longer true but there are still enough fishy dollars to give us pause. With modern conservation methods, we can count on the fishing industry in perpetuity and we have not yet reached the limits of its possibilities. For this reason, we welcome the return in some

### TWO DEAD IN PLANE CRASH

#### Catholic Brother and Pilot Lose Lives In Manitoba

WINNIPEG (CP)—Royal Canadian Mounted Police are today investigating the deaths of a cleric and the pilot of a twin-engined Anson plane who were fatally burned yesterday when the aircraft exploded and burst into flames in mid-air near Island Lake, Manitoba.

The dead are: Brother Uleric Petit, aged 32, of the Franciscan Fathers' rectory at Lac de Bonnet, Manitoba, and Victor Yasinski, 34, Winnipeg pilot.

The ski-equipped plane was approaching Island Lake to land and refuel when it was ripped by explosion and crashed in flames.

### SAFE AT SEATTLE

#### "Missing" Sitka Troller Has Been in Port for Month

SEATTLE, (CP)—The troling boat Julie Lu, reported yesterday to have been missing out of Sitka with two men aboard, has been in Seattle since December 8, the United States Coastguard reported today.

The boat had been reported missing to the United States Commissioner at Sitka which port the vessel left November 22 for Port Orchard, Washington.

The troller is operated by Clayton Harris who was accompanied by Nicholas Anderson.

### West Indies Taking Goods

OTTAWA, (CP)—Rt. Hon. Clarence D. Howe, minister of trade and commerce, announced today that the United Kingdom had agreed to relax import barriers which have been blocking Canadian trade with the British West Indies. The West Indian colonies now will permit "limited importation" of a number of products which up to now have been prohibited or severely restricted because of dollar shortage. The goods concerned include apples, canned fruits, cooking utensils and textiles.

Local students returning to the University of British Columbia in Vancouver aboard the Cogitlam Sunday night after spending the Christmas and New Year vacation at their homes here included Ian McRae, John Wesch, Don Hartwig, A. E. Burnip, Norman Martinussen and George McAfee.

HOMES FOR AIRMEN—Quarters for married members of the permanent forces have proved a problem across Canada. At the larger establishments, the government is building homes for these men. One of the most recent developments is Middleton Park at the big R.C.A.F. base at Trenton. It will eventually contain 450 houses but only 125 are built or being built at present. The first 10 were opened recently. This R.C.A.F. photo shows the location of the development. The wooded area in the centre will be a playground and parkland. (CP Photo)

### MAYOR OUTLINES YEAR'S PLANS AT 1949 COUNCIL'S INITIAL MEETING

Street construction, telephone rehabilitation, traffic control and park beautification were cited as projects facing Prince Rupert's 1949 city council by Mayor Nora Arnold at the initial meeting of that body last week.

Work facing the council during the year was outlined by the Mayor as she welcomed the aldermen, both veteran and novice, at the first statutory meeting of the year at which committees were appointed.

Major projects listed were: 1. Telephone rehabilitation. "The electors approved rehabilitation of the telephone system in no uncertain terms." 2. Completion of the street program. "Last year's board of works did all the necessary ground work for the road program and they were bitterly disappointed that circumstances contrived to prevent the fulfilment of the program they had laid out."

3. Study of traffic conditions. "With the opening of the Port Edward industry and the ever-increasing tourist business added to our locally owned automobiles, the traffic problem will soon be a major one." 4. Improvement of Roosevelt Park. "The Parks Board will have opportunity this year to commence the job of making Roosevelt Park into a beauty spot. The electors approved the reservation of one mill for this work and, although this is not a large amount, it will enable them to prepare plans for a long

### Production of Mines Record

OTTAWA (CP)—Canada's mineral production hit an all-time high record of \$806,000,000 in 1948, the Dominion Bureau of Statistics estimated yesterday. While increased prices accounted for much of the gain over the 1947 peak of \$644,000,000, quantities produced were also larger.

Output value of metals went up 22.4 percent, fuels almost 44 percent, other non-metals 19 percent and structural material almost 17 percent.

Coal production was half a million tons below the 1942 record but the value of \$107,000,000 was seventy percent greater than in that year.

### TORONTO MAYOR IS RE-ELECTED

TORONTO (CP)—Voters of this city sent Major Hiram McCallum back into his \$11,000-a-year job as mayor of Ontario's largest city—but only for one year.

The voters rejected a controversial proposal to give the city council and Board of Education two-year terms.

McCallum beat his only opponent, Ross Dowson, hands down. Dowson, a member of the Trotskyite Revolutionary Workers' Party, got 23,777 votes and McCallum, 97,715.

### GUERRILLA 'GOV' FORMING IN JAVA

BATAVIA, Java (CP)—A Chinese newspaper today reported the formation of an anti-Dutch guerrilla government for Java" headed by four members of the Indonesian Republic's last cabinet.

The newspaper, Sin Po, said that Republican armed forces "generally remain fully intact" in Dutch "police action" and escaped the drives of the Netherlands.

### BUTEDALE MAN IS NATURALIZED

Certificate of naturalization was given Monday to Olof Herman Hedman by Judge W. O. Fulton in County Court. A Butedale resident, Mr. Hedman is of Swedish birth. Initial obligations to his achievement of citizenship were completed last year. Judge Fulton also set over to January 31 a civil action by R. E. Turner, against Gordon Joliffe, of Queen Charlotte City on a claim of \$92.44. The action had previously come up during December.

### RUSSIAN TEACHER IS NOW CATHOLIC

NEW YORK (CP)—Mrs. Oksana Kosenkina, Russian school teacher, who escaped from the Soviet consulate here last August, was today received into the Roman Catholic Church of Eastern Rite. She said "the Catholic Church means so much to me since it is the main force against Communism in the world."

### DISTRIBUTES CANADA FOOD PARCELS

Michael Redgrave, film star, distributes Canadian gift parcels to old age pensioners at the Britain Toys "Thank You" exhibition in London. Mr. Stewart, 91, and Miss Mary Ashley, 75, are telling Mr. Redgrave just how much these parcels mean to old people like them themselves.

### Southern States Swept By Fierce Winter Storm

WARREN, Arkansas (CP)—This weeping and torn timber town today counted forty-six persons dead and nearly three hundred injured in the wake of a tornado which hit with a thundering roar late yesterday afternoon. Two other tornadoes had killed four persons and injured more than sixty in northern Louisiana and near Eldora, Arkansas.

### MINE TROUBLE FLARING ANEW

#### Fresh Disturbances As Saskatchewan Tie-up Enters Third Month

ESTEVAN, Sask. (CP)—Violence, court actions and union rivalry have accompanied a strike of 200 lignite miners in the Estevan-Bienfait lignite field.

The strike is today in its third month. One of the seven companies affected has announced it will cease operations.

The walk-out started November 3 as the United Mine Workers of America (C.I.O.) sought wage increases and working condition changes.

Negotiations to settle the strike will resume at Regina tomorrow with pension fund payment demands of the union the last strike issue at stake.

All through the night dazed survivors at Warren (population 7,500) stumbled through ruins of a twenty-block industrial and residential area.

Warren is 100 miles south-east of Little Rock. At daybreak today 150 National Guardsmen and state policemen started the back-breaking task of prying through the wreckage in search of additional bodies.

Major Jim Hurley expressed fear that other bodies would be recovered and predicted the death toll would reach at least fifty.

The storm struck at 5:45 p.m. and lasted only fifteen minutes but the arrival was heralded by an ominous roar.

The Louisiana blow killed a farmer and an eleven-month-old baby and injured twenty-nine persons.

After leaving Warren the storm skipped to the vicinity of Eldorado, killing two others and injuring more than twenty.

The tornado arose out of a frigid blizzard which brought temperatures as low as 25 below zero to some parts of the country.

### MARINES ARE NOT LEAVING

#### Report of United States Forces Withdrawing From China Denied

SHANGHAI (CP)—Vice-Admiral Oscar C. Badger today denied that United States forces were being withdrawn from China. Admiral Badger, commander of the western Pacific fleet, said "rumors were based on reports that United States Marines had terminated their lease on the Shantung University campus where they maintained barracks."

### THE WEATHER

Synopsis  
An active storm was developing in the Gulf of Alaska this morning and moving steadily eastward towards the Queen Charlottes and Northern British Columbia coast. Southeast gales are expected along the north coast tonight, accompanied by rain. As this disturbance continues inland tomorrow, rain and snow is expected over the southern coast late in the day with snow occurring through the interior. Temperatures will be milder over most of the province tomorrow.

Forecast  
Queen Charlottes and North Coast—Overcast today with rain commencing by evening. Cloudy with showers, snow and rain, tomorrow. Wind southerly (20 m.p.h.) today to southeast (45) by evening, shifting to west (30 m.p.h.) tomorrow morning. Little change in temperature. Lows tonight and highs tomorrow—Port Hardy 36 and 42, Massett 36 and 44, Prince Rupert 36 and 42.

## Prince Rupert and Defence

FINAL DECISION of United States and Canada on joint defence planning may well have an important bearing on Prince Rupert which in the last war was one of the points where joint defence measures were so fully demonstrated. This seems particularly likely in view of the realistic expectation that the vortex of another war might well be in the northern and western sections of the North American continent. In fact, some wonder may be entertained that already something more along the line of defence preparedness has not been undertaken by this time.

In view of the uncertain international situation, it seems poor policy to be completely letting down our defences at Prince Rupert and other strategic points in the country.

## COASTING AREAS

ANOTHER of what appears to be a series of cold snaps and heavy snow falls at Prince Rupert is being washed away. A couple of weeks or so of coasting conditions have ended but there may be more such spells this winter.

In this last cold snap, it is fortunate that there were not accidents due to the collision of coasting children and motor traffic. The car drivers of the city, as a whole, are to be commended for their care and patience.

If another such season of coasting comes, it is to be hoped that the authorities will immediately set off some streets as coasting areas as a safety measure. By doing so the risk of serious accident would be largely reduced.

## VALUE OF CHAMBER

IT WAS a timely suggestion that Dr. R. G. Large, in his address of retirement as president of the Prince Rupert Chamber of Commerce, made last night that there should be a greater modicum of active interest among the supporters of principles of free enterprise as against the various isms of totalitarian tendency in the work of the Chamber of Commerce which the doctor described as "the one non-political Dominion-wide organization giving concrete expression to the claims of private enterprise."

Apart from that aspect of Chamber of Commerce work, however, its function in promoting community interests and developments has been amply demonstrated here through the continued efforts of a not large number of enthusiastic workers. The work has been done effectively and well here. The Prince Rupert Chamber of Commerce in recent years has done much to put this city on the map. It is not a question of its work not being appreciated. We believe it has been appreciated. However, as Dr. Large suggests, not appreciation but more active support on the part of those who have their interests here is in order. The way that can be done is to join the Chamber and participate in its work.

## SIZING UP ONE'S SELF

TO TRY and size up the actual state of a country, as a New Years dawn, is usually a thankless service, even if undertaken with the greatest of care and industry. To take stock of one's self is much easier and in certain respects of greater importance. To you, the condition of your health, your finances, your present prosperity and prospects are, or should be, of vital concern.

The ending of a year is a logical time for the general appraisal and summing up of how everything is standing, respecting yourself. This sounds like lecturing, a habit from which the Good Lord deliver us, yet it will be found that to know which way and in what manner you are going, pays. And a good time to know is now.

## WEALTH NOT UNLIMITED

THE PLAIN FACT IS, that as we stand today, there is not unlimited wealth upon the earth to be distributed by any system whatever. The world is desperately poor—all of it except a few patches of prosperity like that in America. No matter how the available goods are redivided there will not be enough to go around and feed everybody properly let alone make everyone comfortable. And even America, fabulously rich beyond the dreams of antiquity, is still very poor. If all the money in Canada for instance—the money being merely a token and index of the wealth—were divided up equally between every person in the country, everybody would still be poor. With all our rich land and vast machinery of production we are able, working at full time, to produce something like a thousand dollars worth of goods per person per year, and a substantial part of that must be set aside for capital replacement, repairs and expansion.

—Bruce Hutchison.

CHRISTMAS MAIL BURNED—Six hundred bags of Christmas letters and parcels were burned and an undetermined number of bags damaged when fire broke out in a baggage car enroute from Moncton, N.B., to Halifax. Most of the parcels came from a large mail order store in Moncton. Men of the Halifax post office investigation and inspection departments are shown above salvaging some of the damaged letters. (CP Photo)

## Encouragement of Industry

(Continued from Page 1)

small measure at least, of the Fisheries Research Board, and the continued interest on the part of the government in progressive research which that presages. I think we must also give commendation to the Fisheries Department for the work done this past year in developing the tuna fishery which promises so much for the future. This Chamber should do all in its power to further these activities and also take a continued interest in all problems concerning the fishing industry—at the present moment, particularly the approaches of the fishermen's floats, the breakwaters at Fairview and Coast Guard facilities for aid and protection to the fishing fleet.

"Another primary industry is showing rapid development. I refer, of course, to forestry, and the entrance of the Columbia Cellulose Co. into this area. I would suggest that it is the duty of this Chamber to remember the small operator who has been making his contribution to the progress of this district for many years and to see that his interests are not altogether forgotten in the enthusiasm to welcome big business into the district.

"The advent of the Celanese Corporation brings with it additional problems. The greatest of these at the moment, is housing. In setting up an active committee this year, we have attempted to point the way to some of the solutions and our task will not be done until we succeed in interesting capital in the construction of several new apartments and a definite housing development.

## TOURIST INDUSTRY

The tourist industry has become one of the most important of the province. At the present time it surges into the southern half of the province and up and down the Cariboo Highway, while a second stream flows past our doors to the playground of Alaska. Only a trickle wends its way along the Skeena Highway to see the magnificent scenery and enjoy the recreational advantages we have to offer. We can bring the tourist in increasing numbers in two ways. First, by direct advertising; and secondly, and most important, by sending back those who do come as enthusiastic boosters. The first method is being taken care of by the Publicity Relations Council but there is much to be done before the second objective is reached.

"Auto camps are urgently needed; street and road signs to relieve confusion; charter

## City Merchants

City merchants are asked in future to have copy for all display advertisements into the Daily News office by 4 p.m. of the day previous to their publication.

This co-operation will greatly assist the mechanical department in keeping to the regular hour for publication.

boats to make available the fishing and hunting opportunities at our very door; better train service so that tourists can once more be routed east to Jasper; an airfield to make rapid transportation more easily available; improvement to our highway. These are only some of the ways we can help ourselves and as a Chamber we should be pressing steadily for their accomplishment.

## PARAMOUNT CONCERN

"In closing, let me try to express what I believe to be the paramount concern of any Chamber of Commerce. These are pregnant days. They hold the real possibility of a Third World War, it is true. But they hold much more than that. We are in the midst of the final struggle of two philosophies—two ways of life. I have not been able to get too greatly exercised over Communism in particular. I do not believe that it will ever find a very fruitful ground in Canadian life. Its chief menace is military and its nuisance value in our economic life. But I am concerned about isms, in general and what they represent. Call them what you like—communism, socialism, C.C.F.ism, Social Creditism, New Dealism they represent the yearning of the common man for Utopia—that idealistic state where everything is perfect. Their advocates refuse to recognize that you cannot have perfection of life, or laws or states, until human nature itself is perfect. These isms would subject all human endeavour to the will of the State. It is only by a complete dictatorship of the State, that socialism can be made to work, and even though it be a benevolent dictatorship, the principle

is repugnant.

"We, on the other hand, who live by, and believe in private enterprise, see the state as the servant of the people—wielding only such authority as may be necessary to co-ordinate individual effort in this modern society and to alleviate unavoidable and inevitable suffering. The Chamber of Commerce movement is the one non-political, Dominion-wide organization giving concrete expression to the claims of private enterprise. As such it commands the unqualified support of every man who loves individual freedom and wants to see the freedom safe-guarded. It is our duty as Chamber of Commerce members to constantly preach the advantages of the system of private enterprise, to make use of the educational facilities which are being supplied in ever increasing amount by the Canadian Chamber, and last, but not least, to be constantly vigilant to detect and correct the abuses and failures of this system in which we believe."

Dr. Large received a hearty vote of thanks for his "inspiring message" to the Chamber.

## NOTICE

The Daily News wishes to draw attention to the rule that classified and transient advertising is payable in advance at the office at time of presenting copy for advertising. Those desiring to advertise in this manner in the Daily News are asked to assist the office and respect this rule by refraining from telephoning classified advertising.

## STEPHEN CLAYTON AIYANSH 'MAYOR'

Native Village on Naas River Elects Council for 1949

Stephen Clayton was elected chief councillor of the Naas River native village of Aiyansh which has just completed the election of its 1949 native council.

Other councillors are Kenneth Grandison, Ephraim Johnson, John Morven, Titus Nishik, George Robinson and Reginald Percival (secretary-treasurer).

Kitkatla is having its election tonight. So is Kincolith, another Naas River village.

Metlakatla will nominate on

## LETTERBOX

### HOSPITAL VISITORS

The Editor:  
From information I have received there appear to be rather severe restrictions in regard to visitors to the local hospital. Recently the two daughters of a local resident were presented with babies on the same day. The mother of these girls was naturally anxious and wished to see them. Her request was turned down though their husbands were allowed in. It is understandable that regulations are necessary if the patients' welfare is to be assured. Surely in this case the anxiety of the mother and desire of the daughters to see their mother allowed for some relaxation in the regulations. Trusting that in future more consideration could be shown.

W. D. GRIFFITHS

## OUTSTANDING CONCERT ARTIST COMING HERE

High critical praise has been awarded in New York and eastern Canada to Harry Adaskin, Canadian concert violinist, who will present a concert in the Civic Centre here on the evening of January 6 with Frances Marr, outstanding pianist as accompanist.

Mr. Adaskin and Miss Marr are best known in western Canada for their radio work which has been broadcast over the networks from Vancouver and Winnipeg.

Mr. Adaskin was warmly received when he made his New York debut less than two years ago in a program of modern works which included a performance, the first in that city, of the Canadian composer John Weinzwieg's Sonata.

The appearance of Mr. Adaskin and Miss Marr here is another of the series of fine artist programs which have been sponsored by the Civic Centre during the last two seasons.

"To Save Succeeding Generations from Scourge of War"—These words are taken from the preamble of the charter of the United Nations. Presented here is a child's eye view of the international organization which is pledged to protect their futures. The U.N. is currently meeting in Paris. The children meet Said Ibrahim Hassan, representative of Yemen. His ceremonial sword rivets three pairs of eyes while his turban draws the attention of the fourth.

At The Civic Centre—

## HANDICRAFT, RUP-REC WORK RESUME AGAIN

An intensive program of Rup Rec classes and handicrafts has been resumed at the Civic Centre following the Christmas holiday recess. The program, which began last October, includes a wide variety of physical classes as well as handicraft instruction for all ages.

The Rup Rec classes began Monday afternoon with girls' organized games, directed by Miss Margaret Slinn. The handicrafts will commence on January 10.

First of the Rup Rec women's keep-fit classes also was begun last night, the next to be held on January 6.

Here is the program.

### FUNERAL NOTICE

SEGUIN—In the city, Sunday, January 2, 1949, Joseph Jules Seguin, aged 76 years, of 931 1st Ave. W. Requiem High Mass will be sung by Father O. P. Monahan at Church of the Annunciation at 9 a.m., Wednesday, January 5. Father F. J. Rayner will say prayers during interment to follow in Fairview Cemetery. B.C. Undertakers in charge of arrangements. Friends kindly assemble for prayers at Greenville Court Chapel this evening at 8 p.m.

## Local News Items...

Captain W. F. Robertson of the Dominion government snagboat Essington has been appointed a justice of the peace, according to a recent announcement from Victoria.

Miss Margaret Thomas, teacher of the native school at Sunnyside, returned on the Camosun Sunday afternoon enroute back to her duties on the Skeena River after a holiday visit in Vancouver.

Miss Margaret Page, who has been teaching the native school at Kitkatla sailed Sunday night on the Camosun for Port Simpson, having been transferred to that point.

Miss E. Waterman arrived in the city on Saturday from Vancouver and left today for Kitkatla where she will take over the duties of teacher of the native school.

Rt. Rev. James B. Gibson, Bishop of Caledonia, who contracted pneumonia following a trip to the native mission of Kitkatla last week, was reported today to be doing nicely at his home at Bishop's Lodge.

City Engineer Donald Stewart was last night elected a member of the Prince Rupert Chamber of Commerce.

Passengers sailing south on the Camosun this afternoon from Prince Rupert were Mr. and Mrs. H. Camm to Vancouver and J. McKenzie to Alert Bay.

Mrs. Roy Morrison and young daughters, Patricia and Ann, sailed Sunday night on the Camosun for Stewart where Mrs. Morrison will take over the duties of resident nurse in charge of the Stewart General Hospital.

Parker Mills and N. Cote of Terrace were among district students leaving Sunday night to resume their studies at University of British Columbia after having spent the Christmas and New Year vacation at their homes in the interior.

Indian Superintendent F. E. Anfield left today with the departmental cruiser Naskeena for Kitkatla to preside over the election of the 1949 native council tonight.

### Modern Etiquette By ROBERTA LEE

Q. How and where should a woman pay her bill when she has been staying alone in a hotel for several days, and is ready to leave.

A. Ask for the bill to be sent to your room, that the items may be checked and totalled. Then pay the bill at the desk. This will save time in going over the items at the desk.

Q. When meeting on the street, should the man or the woman give the first sign of recognition?

A. The woman.

Q. Would it be permissible to answer a formal invitation informally?

A. No. A formal invitation in the third person should be answered in the same way.

**Long Distance to Queen Charlottes**

Prince Rupert Chamber of Commerce, on recommendation of its public utilities committee, decided last night to make representations direct to the minister of transport with a view to extending long distance telephone service to Massett and possibly other Queen Charlotte Island points. The committee reported that the local telephone department was ready and willing to co-operate in the handling of such traffic but was unable to do so at present since authority was lacking to use facilities which already existed. Business people on the Islands have told the Chamber that it would greatly facilitate the doing of business between Prince Rupert and the Islands if ready long distance service was available between this city and such points as Massett and Queen Charlotte City.

**CHAMBER EXECUTIVE**

Officers and Directors For 1949 Elected

G. R. S. Blackaby, manager of the Bank of Montreal, was Monday night elected president of the Prince Rupert Chamber of Commerce. L. M. Feisenthal was elected vice-president and E. T. Applewhite was re-elected secretary-treasurer.

Members of the executive council for the year were elected in the persons of J. C. Gilker, A. D. Ritchie, G. A. Hunter, T. N. Youngs, Ald. T. B. Black, Ald. W. F. Stone, C. A. Berner and J. D. McRae.

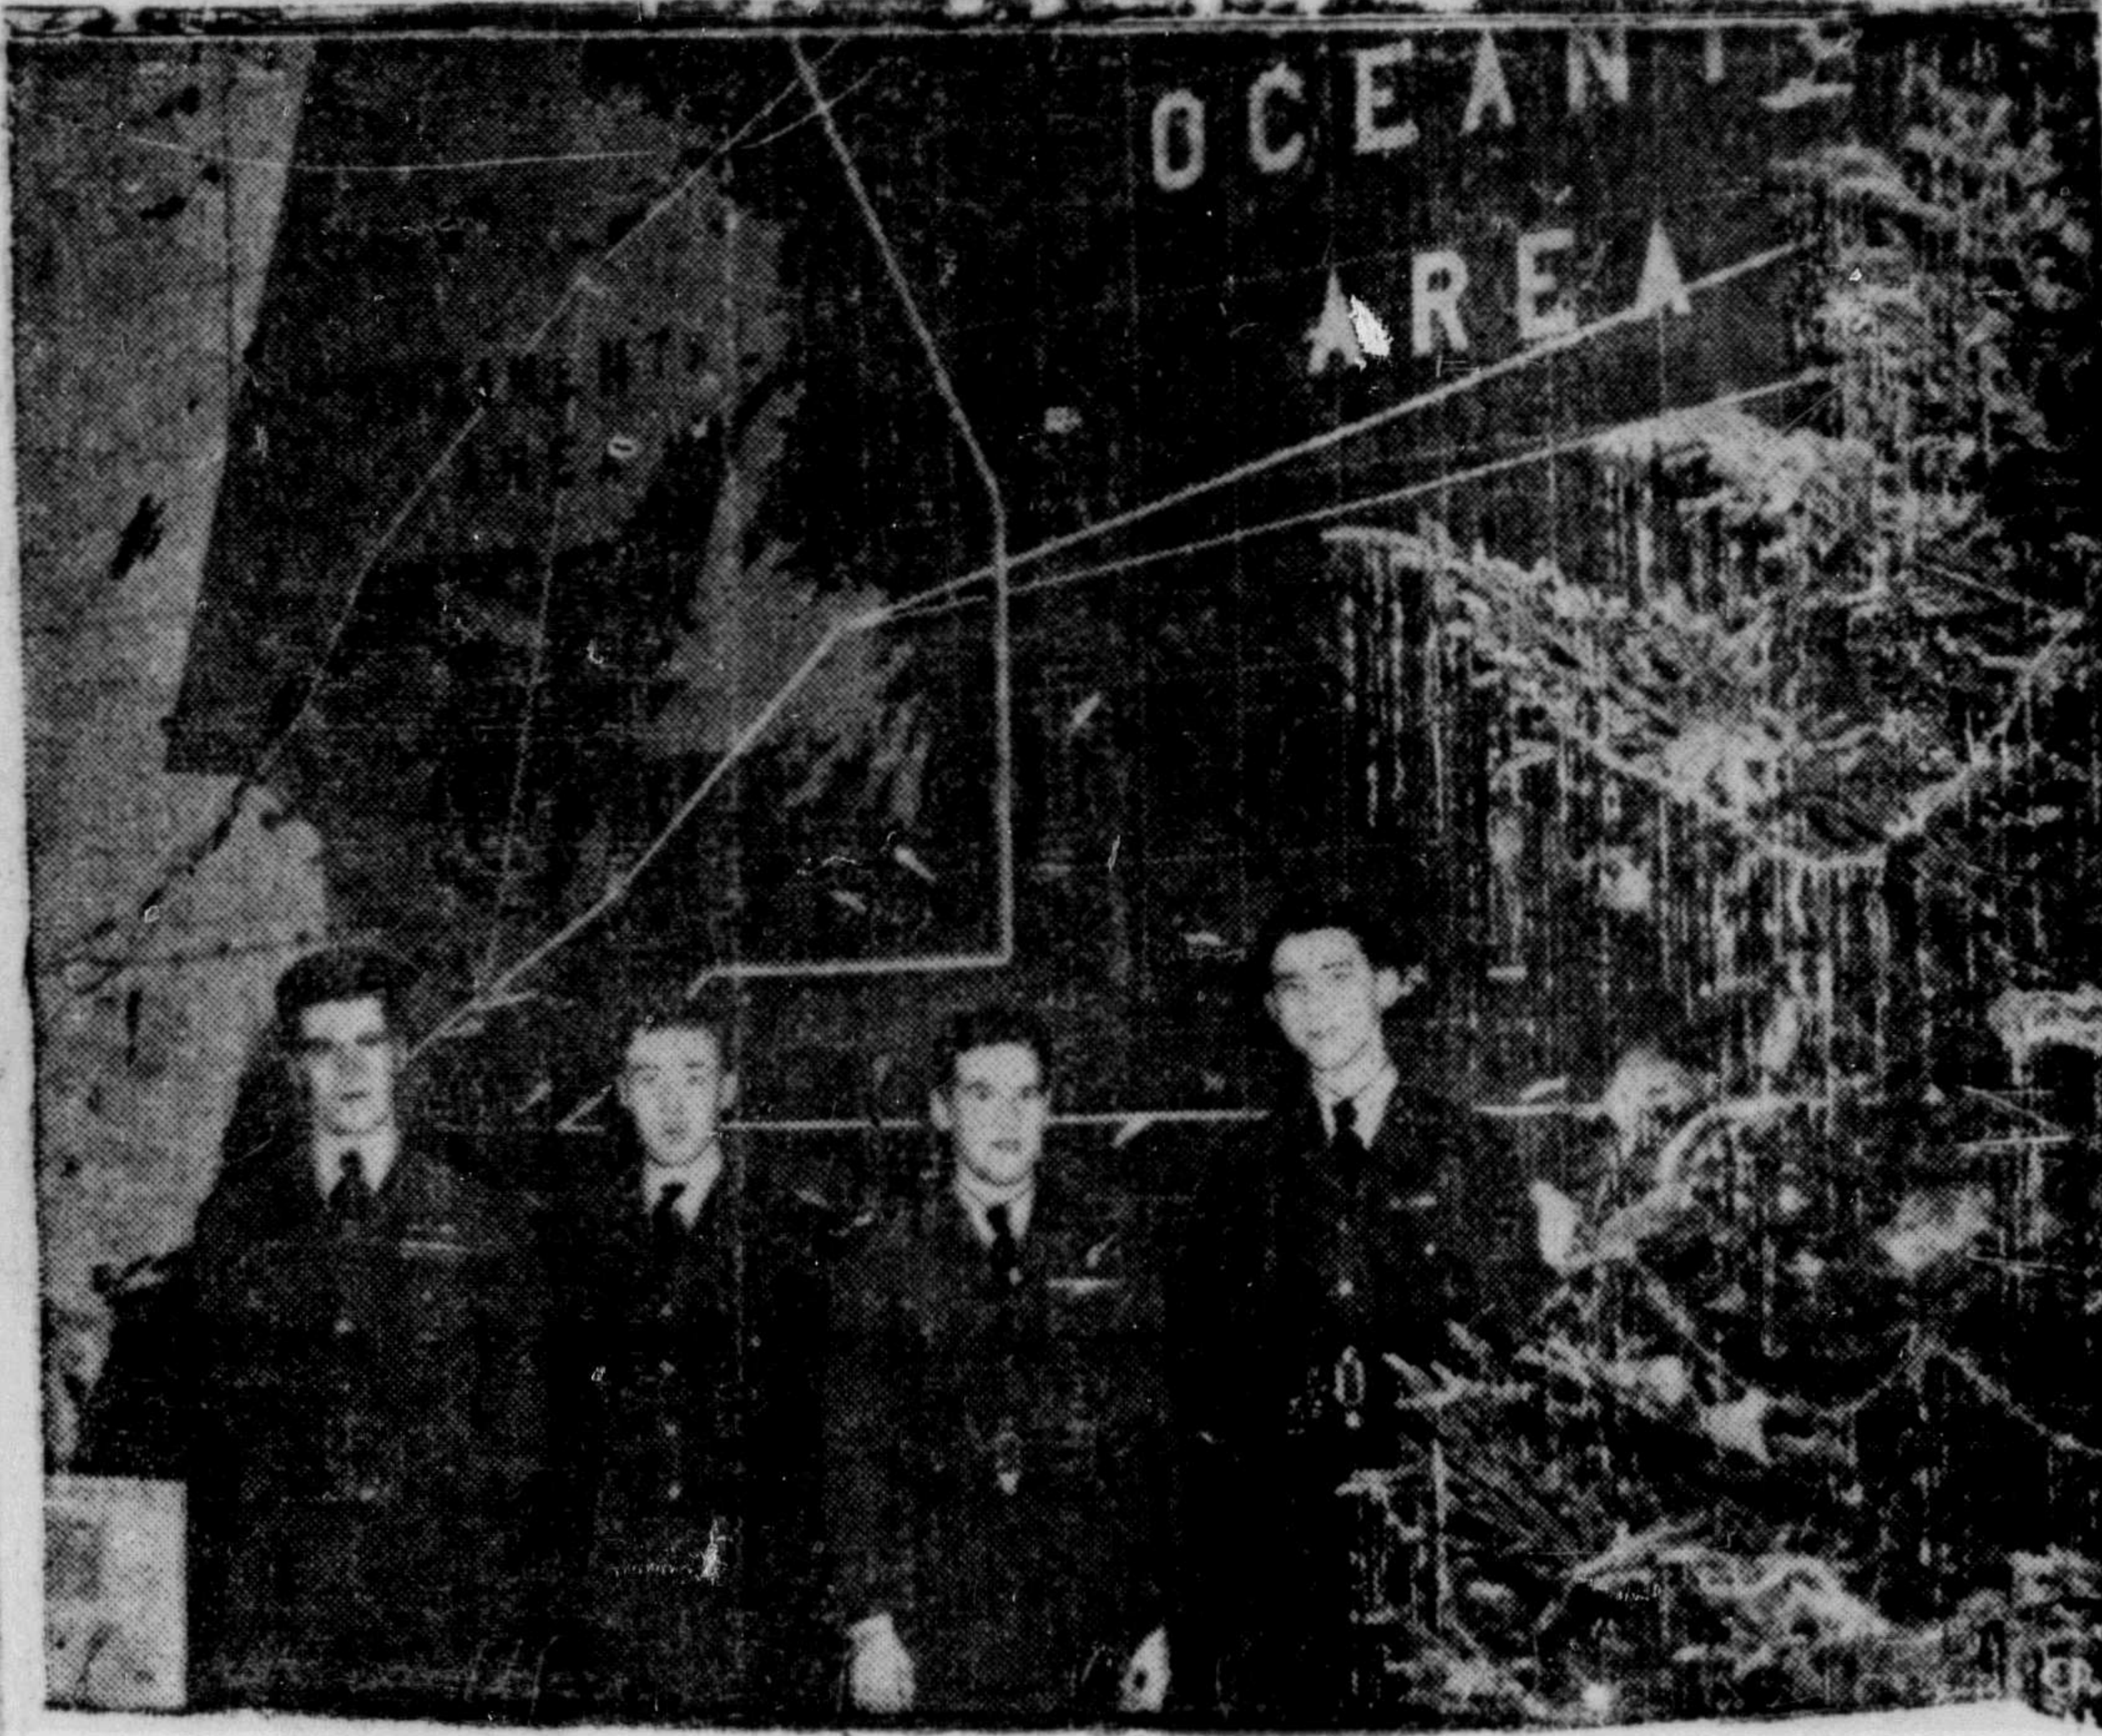

Oath of office to the new president and vice-president were administered by James T. Harvey.

In addition to the election of officers and presentation of the report of the retiring president, Dr. R. G. Large, general business was conducted by the meeting.

A vote of appreciation was accorded the retiring officers and executive for their successful efforts.

President S. G. Furk of the Junior Chamber of Commerce, a head table guest, spoke briefly. With Prince Rupert on the threshold of a new era of industrial expansion, he saw the need of an even more active continuation of the work of the two chamber of commerce bodies which had worked in such splendid co-operation and harmony in recent years.

The new president, G. R. S. Blackaby, urged the Chamber

**MERCY WORK CONTINUED** — There was no let up in the activities of the R.C.A.F. Search and Rescue unit at Halifax during the Christmas season. Mindful of last year when the staff spent a hectic holiday season, a Christmas tree was installed near the plotting board to give the required Yuletide touch. This R.C.A.F. photo shows, left to right, Flt. Lt. W. E. Gordon, Saskatoon; LAC C. Stevens, Didsbury, Alta.; FO R. E. Marleau, Cornwall, Ont.; and LAC A. Latham, Seal Harbor, N.S. Last Christmas season Search and Rescue reported three mercy flights, a missing aircraft and two ships in trouble. (CP Photo)

**Better English**

By D. C. WILLIAMS

1. What is wrong with this sentence? "She ran the whole way without hardly stopping."
2. What is the correct pronunciation of "delusive"?
3. Which one of these words is misspelled? Affrontery, effluence, affillate.
4. What does the word "ostentatious" mean?
5. What is a word beginning with ap that means "specially suitable"?

**ANSWERS**

1. Say, "She ran the whole way almost without stopping," or, "with hardly a stop." 2. pronounce the e as in me, u as in cube, s as in so (not as z), accent second syllable. 3. Effrontery. 4. Pretentious. "This is true philanthropy, that buries not its gold in ostentations charity, but builds its hospital in the human heart." —Harley. 5. Appropriate.

**SHIPS and WATERFRONT**

Bringing the first of many large cargoes of similar material to be delivered by the Frank Waterhouse Line from Vancouver, freighter Chilliwack, Capt. Harry Stephens, is due at Port Edward at the end of this week with 350 tons of cement to be used in the construction of the new celanese mill on Watson Island. The Chilliwack is also bringing general cargo for various coastal points in this area including Ocean Falls, Klenmu, Sandspit, Queen Charlotte Islands, and Alice Arm which will be the northern extremity of this voyage.

#### And It Was Real Gale

Weather Man in Hateful Mood—Vents spleen on Windows and Townfolk

"Oh give me time to blow the man down" sang the Weather Man yesterday afternoon, as he viewed, with an evil leer, struggling citizens trying to make their way across gleaming ice and breasting the fury of the gale.

He blew a whole lot of men down. Some just sat and slid for they were unable to rise. Driving rain soaked through outer garments, and wet underclothes gave one that clammy feeling.

Evening came on and the twilight sky was full of hats. They sailed high and fast.

"I've been on the north coast for more than 30 years" said a grizzled old fellow as he twisted himself through a cafe entrance into the screaming blast "and anyone who tries to tell me this

is only a fifty mile blow does not know his stuff." He gave another yank at his cap.

"It's more like seventy." A newspaperman, homeward bound with an armful of mail, was suddenly hurled forward on an icy incline. For about a hundred feet, travelling on stomach instead of legs, he made excellent time. The letters and papers and small purchases were snatched skyward and, when last sighted, were heading in the general direction of Juneau.

"Gone with the wind, I reckon," commented the scribbler. There were a few other remarks as well.

Noel Jones, news stand proprietor, has a sizeable black dog. Both were trying to stand on Second Avenue. A sort of grass roots gale came along and lifting the dog straight up for a few inches, set him back again on all fours. The dog gave an in-

(Continued on Page 4)

**MAYORALTY RACE**—Deputy Mayor Jack Lloyd of Halifax and Mayor Arthur Pettipas of Dartmouth congratulate each other after skating a dead heat in a challenge race. Lloyd who still had enough breath left to puff a cigar, was subbing for Mayor J. E. (Oce) Ahearn, who said he didn't want to take advantage of a former goaltender. Pettipas, right, who issued the challenge for the speed contest, is a former hockey goalie and sports writer.

### TOP-FLIGHT SHOW FOR CIVIC CENTRE

**Harlem GlobeTrotters With Famous Jesse Owens and Table Tennis Champ**

Prince Rupert sport fans will have one of the greatest sport shows of recent times on Monday and Tuesday, January 24 and 25, when the Harlem Globe Trotters play a three-game series in the Civic Centre gymnasium. The world famous colored team will come here direct from a series of games at Madison Square Garden, St. Louis Convention Hall, Chicago Stadium and other Midwest and Western cities. January 23 they will play in Seattle, flying direct to Prince Rupert for their series here. From Rupert they go on to Ketchikan, Anchorage, Fairbanks, and American Army bases in Alaska.

The Prince Rupert series will be more than a basketball exhibition, as the Globe Trotters carry a full complement of stars, other than their world champion basketball team. Headlining the galaxy of sport champions is the famous colored track star, Jesse Owens, the only runner to break four world records in one afternoon. Owens will give demonstrations in the Civic Centre Gym, also speaking on youth problems. He is an accomplished public speaker and youth worker. As if the zany antics and expert ball-handling of the Globe Trotters was not enough entertainment for the audience for the price of one admission, comedian Ed. Hammon will be travelling with the team to keep the fans in an uproar of laughter.

Team-owner, the Sapperstein is also bringing two table tennis champions to give a half-time demonstration that is quite capable of stealing the show. Prince Rupert is getting the full show with all the trimmings, exactly as presented in New York's famed Madison Square Gardens.

Civic Centre Manager Don

While the soccer men have to be relatively young and fit for frequent dirty weather conditions, the cricket umpires are generally older. But they say it's hard work out in the sun. They are paid £12 for a first-class match—£24 weekly—with third class rail fare and up to £1 daily for hotel expenses. Fixed salaries for boxing arbiters are laid down by the Board of Control until a fight reaches the big money class. Then when the gate is between £1,001 and £1,500 the referees get £17 for a top-line bout, rising to as much as £200 for a major scrap in a £40,000-gate show.

**\$50,000.00**  
*IN CASH PRIZES*

OPEN TO CANADA  
AND NEWFOUNDLAND ONLY

**\$1750.00** This Week...  
*and Every Week!*

1. Print your name and address on a plain sheet of paper.
  2. Mail this, together with Robin Hood Flour Guarantee Certificate, to:  
Robin Hood Flour Contest,  
Box 210, Toronto, Ont.
  3. Each week 3 entries will be drawn from all the mail received. The three persons whose names are drawn will be advised by telegram to complete the following:  
REMEMBER, if you are chosen to complete the sentence, you are bound to win one of these BIG prizes!  
It is not necessary to complete this sentence unless you are one of the lucky three notified each week.
  4. In 25 words or less, state—"I like Robin Hood Flour because..."
  5. In awarding prizes, judges' opinions will be based on the thought expressed in your letter, not on the writing ability shown. Judges' decisions will be final. All entries become the property of Robin Hood Flour Mills Ltd.
  6. Winners will receive the full amount of the prize money by enclosing with each entry the Guarantee Certificate contained in every bag of Robin Hood Flour! That is—  
1st prize, \$1000.00;  
2nd prize, \$500.00; and 3rd prize, \$250.00. Without Certificate, only half these amounts will be paid!
  7. Contest is open to every man, woman and child in Canada and Newfoundland—except employees of Robin Hood Flour Mills Limited, or its advertising agency and their families.
- Entries not received in time for the current week's contest will be held over for entry the following week. Winners will be notified by wire. Major prize winners will be listed in this publication and announced on the Claire Wallace show, "They Tell Me," over Trans-Canada Network, each week!
- 1st PRIZE \$1,000. • 2nd PRIZE \$500. • 3rd PRIZE \$250.
- Only if entries are accompanied by the Guarantee Certificate sealed in every bag of Robin Hood Flour. If no Guarantee Certificate is enclosed prizes will be half the amounts listed above.

**WINNERS**  
Weeks Nov. 29-Dec. 5,  
Dec. 6-12, Dec. 13-19

1st Prize

A rubber manufacturer manufacturing a full range of mechanical goods, tires and tubes, and accessories and rubber footwear requires the services of a salesman to handle the territory from Prince Rupert to Vanderhoof, preferably as a side line to one calling on all mills, mines, general stores and garages. Commission basis. Address all replies with full detail to Gut-Percha & Rubber Ltd., 526 Beatty St., Vancouver, B.C.

### HOW CAN I ???

By ANNE ASHLEY

Q. How can I renew dull patent leather?

A. The dull patent leather bag, or other articles of this leather, can be made to look like new by rubbing it thoroughly with a little milk and then polishing with a dry cloth.

Q. How can I separate stamps that are stuck together?

A. If they are stuck together or to a piece of paper, place a thin piece of paper over them and then run a hot iron over this paper, very lightly.

Q. How can I dissolve beeswax and turpentine floor wax?

A. Mix a little ammonia with the beeswax and turpentine, and the wax will dissolve readily.

**AND IT WAS REAL GALE**  
(Continued from Page 5)

quiring look at his boss, and barked.  
Scores of windows were smashed.  
Prince Rupert was today repairing the damage caused by the violent of the season whooping up officially to 54 mile an hour gusts. It shattered window glass throughout the city and caused cancellation of afternoon classes at Booth Memorial High School.  
The southeast gale began in the early morning hours of Monday and reached its peak velocity between noon and 3 p.m., according to the Digby Island weather station.  
No major damage was reported, although three plate glass windows in Third Avenue business places were smashed by its force as well as scores of smaller panes in city homes.  
Accompanied by a 40-degree temperature, the violent wind melted the six-weeks' old blanket of snow, reducing sidewalks to sheets of water-covered ice that made walking the most treacherous occupation of the day.

Literally dozens of people received bruises and other injuries from falls when the wind pushed against them on the icy streets.

Scaffolding cloaking the south side of Booth Memorial High School, which has been under repair since last summer, was blown down. The timbers striking the large windows sent glass flying into the classrooms on that side of the building. Classes were cancelled during the afternoon for fear of injury to the children.  
A plate glass window at the front of the Unemployment Insurance Commission office, sucked out by a vacuum created by two gusts, tumbled outward and almost injured a woman and child who had sought shelter in the doorway.  
Two other Third Avenue business places had display windows broken by the gale. They were the Rupert People's Store and W. F. Stone Ltd.  
In the late afternoon, the gale was joined by rainfall which further helped reduce the snow and ice level. The rain continued until 4 o'clock this morning, with 45 inches falling during the 12 hour period.  
During the hours of darkness, the gale reduced in force to 30 miles an hour, and this morning was little more than a light breeze.  
Coming from the southeast, the waterfront floats along the harbor were protected, although the harbor itself was whipped up to a foaming froth in exposed places.  
Another gale is forecast for tonight.

**ON WATERFRONT**

Backlash of the gale broke off a dolphin at the Armour Salvage Co. floats, endangering boats moored there briefly. The wharf was soon made fast, however. Today piles are being driven again at the seaward end of the float.  
The wind did a small amount of damage to the roof of Lindsay's Garage on Second Avenue.

**NEW REVISION COURT NAMED**

Prince Rupert's 1949 city council elected a five-man Court of Revision last night to consider appeals against property assessments. Members of the Court, which will sit in the spring, are Alderman H. M. Daggert, Alderman T. B. Black, Alderman G. W. Rudderham, Alderman H. S. Whalen, Alderman J. N. Forman.

**Reminiscences and Reflections**  
By W.J.

Summing it all up, if everybody found it necessary to go through another Christmas and New Year within the next few weeks, who would find it not only tiresome, but also exhausting—physically and financially?  
During 1948, no fewer than 1,008 hours of sunshine beamed on Prince Rupert. Oh, the intoxicating joy of reveling in such brightness and warmth! Speaking personally, a sun helmet was not worn but one did acquire a rich tan. It made folks look twice and register curiosity. Sometimes, shaving, one had to move cautiously.  
Chiang Kai-Shek should refrain from making any resolutions, pious or otherwise. Too risky, no matter what line he takes! He can't afford to make any pledge or promise to Chiang or anyone else.  
The fellows who stampeded to a place called California a century ago were not the only 'forty-niners in world history. We admit being only a hundred years late and rather shy on placer gold yet, nevertheless, it came within the general classification.  
Powerful gusts, whistling through Prince Rupert are all right, in a way. They blow the cobwebs and general mustiness out of one's system and work a good freshening effect. But they might be felt at some time other than when the rain-washed street were a glaze of uncommonly smooth ice.  
A test of super salesmanship appeared in the United States last week. It's a large quantity of red neckties, each bearing a portrait of Thomas E. Dewey. The goods had been ordered many months ago, the general idea being that they would be suitable for wear at the Republican inauguration.  
The venerable Alaska steamer Victoria, bringing in fish products for transshipment East over Canadian National Railways, is due to port at 3 o'clock this afternoon from Ketchikan and other ports.

**NEW YEAR  
NEW HOPES  
NEW JOBS  
NEW OPPORTUNITIES**

**1949**

In many ways the most favored part of Canada, British Columbia enters the New Year with new problems to solve, new challenges to meet, new opportunities to develop.

Taking stock of our position we might well remember these things:

- 1 Ours is the fastest growing province in Canada.
- 2 We need to attract outside capital to make jobs for our new citizens—but we ourselves in British Columbia are more competent than in the past to finance and manage our own industrial and commercial expansion based on our rich resources. We must invest, venture and show enterprise.
- 3 Despite uncertainties and fears, the energy and initiative of people around the world have attacked war damage and reduced shortages, but demand for goods and services remains urgent. Greater abundance for the greatest number must be our goal.
- 4 We must do our part to re-build normal world trade by buying from our customers, keeping our prices competitive, improving the quality of our products.
- 5 High living standards are impossible without good machinery. British Columbia industrial management and employees will benefit by constant improvement in the machinery of production.

During the fiscal year 1949, H. R. MacMillan Export Company Limited and its subsidiaries plan to make new capital expenditures in excess of \$8,750,000.

This company has progressed by practicing, insofar as it could, the policies above set forth. It has done the greater part of its business competitively with world suppliers in distant lands, has sold to the Canadian market at prices generally below world prices, has reinvested more than 88 per cent of its net profits in British Columbia job-creating enterprises and has borrowed on its credit to finance new projects making more efficient use of the forest resources it converts to useful products.

To its more than 5000 employees, its customers and the citizens of British Columbia, who benefit by vigorous enterprise, it pledges a continuance of these policies.

H. R. MacMILLAN,  
President.
