

Power Company Seeking New Twenty-Five Year Franchise From Prince Rupert City

\$5,000,000 Development Rate Structure Revision

Undertaking to complete a new power development within the city inside eighteen months, barring unforeseen circumstances, which would provide an additional 3000 horsepower, and to proceed from time to time thereafter as prospects justify with further developments until 100,000 horsepower is reached, the Northern British Columbia Power Co. Ltd., at a special meeting with the city council last night, asked for a twenty-five year renewal of the present power franchise with the city which expires March 15, 1954. The company's development to date is over 8,000 h. p. firm, which would be increased to over 11,000 h. p., and the connected over 10,000 which would be increased to over 14,000 h. p., according to Thomas B. Black, general manager of the Northern British Columbia Power Co., who presented to council proposals covering new power plant development, rate revision and franchise.

No Change In Cold Weather

Similar ominous prediction was again issued by the weatherman on Digby this morning. Officially, the next 24 hours will offer no change as temperatures will remain the same with prevalence of frosty air and easterly winds at 15 miles per hour. Maximum temperature yesterday was 15 above at 5 p.m. and then dropped to an overnight low of eight above between 4 and 7 a.m. this morning. Readings will remain much the same for the next 24 hours or more. All of B. C. will continue to be gripped by the cold air and no immediate change is in sight as temperatures drop to 50 below at many interior points.

Ships To Shanghai Have Mined By Nationalists

HONG KONG (CP)—A Canadian blockade run here today with first evidence that Chinese nationalists have mined the sea approaches to Shanghai.

WILLIE PEP KEEPS TITLE

ST. LOUIS — Willie Pep retained his world's featherweight boxing title with a fifth round knockout over Charley Riley, St. Louis challenger, before 11,550 fans last night.

Warm Air In North

But It May Not Reach This Area For Several Days

VANCOUVER — British Columbia, ill-equipped for frigid weather, today, waited for a break in the cold spell but the Weather Man had little cheer although he did say that "a mass of comparatively warm air" was developing in the far north and might push down by the weekend on the cold mass which still envelops the coast and interior. There was no indication, he said, that the cold wave would ease overnight.

LEAD YOUNGEST PROVINCE — The premiers of Canada's youngest provinces chat informally at the Dominion-Provincial Conference in Ottawa. Premier Manning of Alberta, left, told Newfoundland's Premier Smallwood he gladly transfers the honor of speaking last at such gatherings. The provinces present their views in order of seniority. (C. P. Photo)

Arms Dies

Germany — Gustav Bohlen and Halbach, German armaments today in Sabburg, Austrian sources said. Bohlen, 79 years of age and paralyzed ever since the war, he was exonerated because of ill-health. He headed the vast steel of Germany throughout the war. He was the major part of the Krupp plants turned into weapons for German both world wars.

Flash

NO DEAL WITH RUSSIANS
PARIS—A Spanish embassy official today denied reports that anti-Communist Spain is negotiating with a Russian trade representative here to buy Soviet. The official said that Spanish diplomatic and trade representatives here have no special dealings with Soviet representatives and that no special trade mission has arrived here recently.

GRANT FOR HAZELTON
OTTAWA—A special grant of \$8000 has been made by the federal government to the Wrinch Memorial Hospital at Hazelton. It will be used for the building of an addition to the nurses' residence so room may be made in the hospital proper for eight more beds.

KASLO HAS BIG FIRE
KASLO—This small Kootenay Lake town had a large fire last night which destroyed the Oddfellows building, the Moffatt Block, the Arcade Block and an apartment building.

KINGSTON FIRE FATAL
KINGSTON—A mother and two year old child were burned to death when fire destroyed a garage with apartment above. A man is missing and may also have perished.

MISSOURI SHORE
NORFOLK — USS Missouri, famous United States battleship upon which the Japanese signed terms of surrender to end World War II, went aground on a mud bank off the coast of Virginia today. Twelve tugs failed in a first attempt to free her. The Missouri was bound for Cuba.

Gift London

—A giant Douglas fir tree, 108 feet long with a diameter of 37 inches at the top, 19 inches at the top, is being shipped to London from a ship in the Fraser River and will become a flag pole near the city.

COMPANY BURNED

ELLTON, New Brunswick, and warehouse of the Shell Oil Co. were destroyed by fire. A large gasoline tank narrowly averted.

Ontario Church Fire-Damaged

CARLTON PLACE, Ontario — The interior of Zion United Church here was destroyed by fire Sunday. It will cost \$100,000 to rebuild.

Mississippi Is In Flood

CHICAGO — Imperilled townsfolk sandbagged the levees or fled before rising waters of the Wabash and Ohio Rivers in southern Indiana and Illinois today. Further downstream the Big Mississippi fed by all its swollen tributaries, prepared for its biggest flood fight in thirteen years. Hundreds are homeless in Illinois, Indiana and Arkansas. About 12,000 more may become homeless on short notice in southeastern Missouri where engineers may have to let the Mississippi River flow over the Birus Point-New Madrid flood wall.

War in China—Red Invasion Force Smashed

TAPHEL, Formosa — The Chinese Nationalists today announced that one of the heaviest air attacks of the civil war has smashed many Communist vessels massed for an intended invasion of Hainan and other Nationalist islands. An official report said that more than 100 planes had done extensive damage Sunday to junks along Luichow Peninsula near the big island of Hainan. It said that Nationalist planes sank many troop-laden Communist junks near Weichow, small island forty miles west of Luichow Peninsula.

B.C. Salmon For United Kingdom

OTTAWA — Confidential talks toward completion of a new Canadian salmon contract with the United Kingdom began today between members of a British food mission and two west coast salmon shippers. Representing the British Columbia salmon canning industry are J. M. Buchanan of Vancouver, president of British Columbia Packers Limited, and S. M. Rosenberg, Vancouver, vice-president of Canadian Fishing Co. Ltd. They conferred with Sir Andrew Jones, head of the British food mission, and it is understood that talks covered possible shipment of \$5,000,000 of West Coast salmon to the United Kingdom in 1950.

Death Claims Elderly Man

Death claimed another elderly Prince Rupert resident last night when Joe Jorgensen, 70, pensioner was found dead at his residence, cabin 16, Cow Bay at 7 o'clock. Discovered by neighbor J. O'Neil, who had called on the veteran of World War I, police and coroner M. M. Stephens were immediately summoned. The police believe death was sudden and from natural causes. Coroner M. M. Stephens, up to press time, did not state for certain the necessity of an inquest. It is not known whether deceased was married or if any relations are in the vicinity. He was a former Canadian Legion member.

Investments Are Lower

OTTAWA — Canada's 1950 capital investment program is shaping up into a \$3,200,000 affair, about \$200,000,000 below the peak year of 1949. Trade officials, still in the midst of tabulating preliminary investment estimates for the year, say the figures likely will show: 1. Decline in buying agricultural machinery and investment manufacturing. 2. Decline in prices of some construction materials. 3. Volume of investment is slightly below the 1949 record.

No Break In Cold Is Seen

VANCOUVER — Again no break is predicted for at least two days in British Columbia's protracted cold snap. Overnight lows included 53 below at Prince George and six above in Vancouver.

THE WEATHER

(Synopsis)
There is still no indication of any early break in the cold spell gripping British Columbia. Central regions of the Province are again registering the lowest temperatures in Western Canada. During the night the mercury dropped to 53 below zero at Prince George while at the coast temperatures ranged from 10 to 20 above. Gusty easterly winds are developing in the lower Fraser Valley and drifting snow will present additional hazards during the next 24 to 36 hours. Variable cloudiness extends over the southern areas of the province and snow flurries have occurred along the east coast of Vancouver Island and at widely scattered centres throughout the southern interior. Central regions and the northern mainland remain clear and cold. (Forecast)
North Coast Region—Cloudy with scattered snow flurries over the Queen Charlottes and mostly clear along the mainland today and Wednesday. Winds north-east, 25 miles per hour, in the exposed areas and light easterly elsewhere. Continuing cold. Lows tonight and highs Wednesday—at Port Hardy, 12, 22; Sandspit, 15, 25; Prince Rupert, 10, 20.

Attends Parley At Westminster

A. H. R. Howell, Veterans Land Act settlement supervisor for the Prince Rupert area, is in New Westminster for a ten-day conference of Veterans' Land Act officials from all parts of British Columbia. The conference will launch a nation-wide development program designed to assist veterans established on farms and small holdings. The provincial conference follows a similar gathering held at Ottawa on the federal level. Hon. H. R. Bowman, provincial minister of agriculture, will be the principal speaker.

Unloaded Cargo On Cumsheva Ice

So thick was the ice which has been formed by the current unusual cold snap that Union steamer Chilcolin, on her week-end voyage to the Queen Charlotte Islands, was unable to get any closer than a mile-and-a-half out to her usual call at Kelley's logging camp in Cumsheva Inlet. The ice had made a solid depth of eight inches. Capt. Harry McLean set members of the crew on the ice alongside and a ship's ladder was used as a sledge to haul freight to the wharf as seamen turned ice muckers. Some ten logs from the camp came out over the ice to board the steamer as passengers for outside.

Spain Wanting Canadian Wheat

MADRID — Communist Spain says she is threatened with famine and wants 500,000 tons of grain, perhaps even from Russia. Spain says it is willing to purchase United States dollars for the wheat if necessary. Ottawa officials say that Canada is quite prepared to sell wheat on this basis.

"No change or increase in any rate has been made from the year 1929. Although yearly gross earnings have been greater in the past decade, costs of operation, maintenance, and taxes combined have risen two hundred and eighty-six per cent over those shown for the lowest period prior to 1929. Earnings from increased energy sales have been insufficient to overcome higher production costs, and show a reasonable return on investments. Recently, within two years, expenses as defined above increased by 27% and in our 1949 statement a further increase of (Continued Page 4)

Diplomatic Dilemma

FORCIBLE SEIZURE by Communist Russia of the United States consulate office at Peiping may be expected to have an important bearing on the making of the final decision in the United States as to whether recognition is given to the Communists as the government of China—an issue which is becoming much of a political football and regrettable so since it is an issue of so much international portent. However, it can be reasoned with some logic that, even if the Communist regime is in control in China now, it is so hostile or so irresponsible that it could not be officially recognized, even if there was another government of any force in China that could be.

The situation now is that there is one nominal regime in China, the Nationalist, which is impotent, and the other—of the Communists—which cannot be recognized, not because it is ideologically unacceptable but because it is unworthy or unsafe by reason of its actions.

While it might have seemed, in the light of conditions a week ago, that recognition of Communist China might have been logical, circumstances might well be today that, as Mrs. Roosevelt suggests, there is nothing to be gained by such recognition immediately.

REVOLT AGAINST LEWIS

JOHN L. LEWIS IS REALLY LOSING control of his United Mines Workers of America, as dispatches published yesterday indicate, there can be no surprise. Indeed it has been quite incomprehensible to many people for a long time that one man could hold such autocratic and dictatorial control for so long, that there has not been rebellion long ere this at some of his peremptory and seemingly arbitrary edicts.

Now Lewis' local United Mine Workers of America unions appear to be bolting, refusing to accept further such unreasonable orders as the three-day week, designed no doubt as a compromise to keep his followers from revolt and at the same time to keep the operators in a state of embarrassment through being unable to produce what the demand needs.

The combination of a disservice to the public interest and the working of hardship on the miners themselves through inability to earn enough to keep them going may now prove the downfall of one of the No. 1 autocrats of the day.

DECENTRALIZATION NEEDED

IT IS ALL VERY WELL to speak of the growth of British Columbia, present as well as potential, but when this becomes confined to the expansion of a single city and its convenient environment in the extreme south west corner, the situation cannot be said to be healthy from the standpoint of industrial development.

The point was stressed in Vernon, recently, by Hon. Leslie H. Eyres, Minister of Trade and Industries, in an address to the Vernon Board of Trade. He said he did not think it good that 75 per cent of the province's population lives within an 80 mile radius of Vancouver. What is needed, Mr. Eyres declared, is development of the whole of British Columbia. This is a vast and a rich land, traversed by two transcontinental railways, to some extent by railways from north to south and widening systems of motor highways. There are more people in British Columbia than ever before.

Yet, as Mr. Eyres so impressively makes clear, 75 per cent of them are all in and within handy distance of one city. It is beyond anyone's ability to calculate how long it will take to see British Columbia populated so long as the tendency to concentrate at one particular point, prevails. In some respects, there must be a pitiful ignorance when young folks living in southern B. C. have an impression that in this far north modern conveniences are unknown.

23 Philatelists Now Enrolled

At a meeting of the Prince Rupert Philatelic Association last evening at the home of Kenneth Wilmot, 718 Second Avenue, encouraging results were reported on the membership drive. A total of 23 members are now enrolled and a number of others are expected to join shortly. The Committee appointed to obtain a permanent place of meeting for the Association re-

ported that, as the result of a satisfactory interview with Don Forward, the use of the Common Lounge at Civic Centre has been obtained for the Association on Thursday evenings. It was decided to hold a general meeting of the Association on Thursday evening of this week and thereafter meetings should be held on alternate Thursdays. Those present at last evening's meeting were Nick Christy in the chair, Miss Gerry Prockter, Duane Loughlan, Eugene Nelson and Kenneth Wilmot. Mr. Steele, the acting President, was absent due to illness, as was Ross Ingram.

DOG OF THE YEAR—Danny, a Kerry Blue terrier owned by Mrs. Eileen McEachern of Vancouver, has been named Dog of the Year by the Canadian Kennel Club. Full name of this champion, retiring now from competition, is International Champion Kenmoze Masterpiece. (C. P. Photo)

Ray Reflects and Reminisces

If there are prospects of the Sabbath becoming what might be "just another day" quite a few of us would miss that Saturday evening feeling. Quite apart from the way you may choose to spend the seventh day, there is something satisfying, welcome and restful in contemplating its approach.

One touch of zero bites the West Coast skin.

Five hundred army men marooned by snowbanks and out of table supplies in the Fraser Valley last week end. The Fraser Valley—advertised as Canada's evergreen land, and where Vancouver's market produce is grown. The irony of it.

A century ago, J. L. Moss of Versailles, Kentucky, was arranging to move to Oregon, driving there by oxen. Today, a Kansas daily reprints his auction sale advertisement, dated February 1, 1849. What Mr. Moss offered for sale included the following: ox team, clap-boards, maple syrup, two negro men, two negro boys, two mulatto wenches, two spin-

ning wheels, barrel of whiskey, a dozen pitchforks, rifle, bullet mould and powder horn, hams, bacon and sorgum molasses, apple-brandy and a dozen real books.

One hundred years does not seem so long ago, but, pondering Mr. Moss and his auction, makes one think of five hundred.

Some folks insist on saying there is nothing in a name yet who can deny that big money has been made by calling old and worn out furniture "antiques?"

Among the reunions now being celebrated is that of bacon and eggs.—London Free Press.

Last Friday was also the thirteenth. Water was flowing, and no fires had broken out. Co-operation with the mayor's suggestions could not have been lacking. Saturday, Sunday and yesterday were not so unpleasant if you say it quick. Meanwhile let's think less of the Arctic, and more of the 1950 seed calendars, now reported on the way west!

Victoria Report

by J. K. Nesbitt

Women In Forefront—Carson Snubs Yellowhead Route

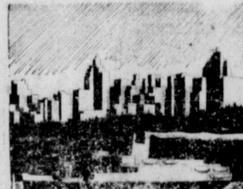

VICTORIA—The women are certainly taking over in the Speaker's office at the Legislative Buildings. The Speaker's attendant this year, for the first time in history will be a woman—Mrs. Peggy Inglis, mother of Peter Inglis, the European correspondent for the Southam newspapers and widow of Capt. T. B. Inglis, one-time city editor of The Victoria Times, killed in the 1914-18 war.

It will be Mrs. Inglis' duty to sit in the Speaker's outer office, make reservations for seats on the floor of the House and the Lades' and speaker's Galleries. Each day she will help dress Mrs. Hodges in her Speaker's robes, which are sometimes difficult to get into. When the Speaker gives a luncheon in the Legislative restaurant, Mrs. Inglis will see the places are properly set, flowers are on the table and will pour sherry beforehand in the Speaker's room. Sherry has always been a feature of Speaker's luncheons, although Mrs. Hodges could abolish the custom, being a teetotaler.

Mrs. A. E. Hall will be Speaker's secretary, so there won't be a man in sight in the Speaker's three-room suite of offices.

And, socially speaking, the last official stronghold sacred to males has, finally, inevitably been invaded by women.

TODAY'S NEWSPAPERBOY IS TOMORROW'S LEADER

Because

HIS NEWSPAPER WORK IS HIS CONTACT WITH THE BUSINESS WORLD HE WILL FACE FULLY WITHIN A FEW YEARS. AND IT PREPARES HIM BETTER TO MEET LIFE'S PROBLEM BY:

Teaching him the meaning of dependability and responsibility. He soon knows that his customers expect to receive their newspapers regularly and on time, and he soon realizes that the full production force of the newspaper depends on him to see that the readers get the product of their labors.

Teaching him sound business methods which he can use throughout his life—salesmanship—how to keep books—extend credit—collect—manage money—increase volume. In a simplified form, yes, but adapted perfectly to the development of a teen-age mind.

Teaching him the value of developing good traits of character such as courtesy, thrift and honesty.

Teaching him how to meet people and hold his own, and to play and work successfully with his fellow men.

Teaching him that the Canadian way to get things you want is to work to earn the money needed to purchase them.

Teaching him the value of education both at school and at home to enable him to be a real success.

Serving you better rain or shine . . .

. . . Your Daily News Carrier

men only. The chataleine of Government House, after making sure every place was perfectly set, the best cigars and wines ready, stayed discreetly in the background. The guests were males—no wives invited. Since women have been in the Legislature they, of course, have been asked. There is no doubt they prefer a state dinner to a state dinner—the first for the cabinet, and his cabinet, the (Continued)

Cold Weather Stops Dance

Even dances are having to be cancelled in Prince Rupert due to cold weather. Such was the case Friday when water pipes at the Sons of Norway Hall froze. And refreshments being the usual procedure during the dancing session hot coffee could not be concocted. But members are hoping a get together can evolve by next Friday night. Fingers are being crossed but, like the weather, anything can happen.

On the other hand, although it was mighty cold outside, the Oddfellows staged a dance in their hall that night. To the music of Andy's trio, about 75 couples shuffled their feet atop the waxed floor. One way of keeping warm anyway

Booster Pump Still Pumping

The critical city water supply picture is much the same, Mayor Rudderham stated Monday morning. The booster pumps at the emergency pumping plant at Shawatians continue to main- tain a flow of between 2,400,000 and 3,600,000 gallons of water per day.

No immediate danger is in sight, the Mayor said and, although a few of the lateral lines are frozen, the city mains are in good condition. However, it might be serious if a large fire broke out. In that case, all lines would be closed in order that sufficient water be concentrated for fighting purposes. In an event of that kind, thousands of dol- lars might be involved in repair- ing lines that were damaged by the frost.

At present, two city thawing machines are at work on num- erous lateral lines which have frozen up.

Mary Ostrom Is Shower Honoree

Bride elect, Mary Ostrom, was honored at a miscellaneous shower at the home of Mrs. Chris Berg last Wednesday evening. Other guests present were the Mesdames Earl Solland, B. Am- stutz, R. Telseth, M. Johansen, R. Wick, N. Codville, M. MacDougall, S. Marki, H. Luth, I. Berg, C. Bel- lany, N. Hedstrom, A. Forman, M. Bellis, D. Sollisen, S. Over- gaard, and M. Cook. Delicious refreshments were served by the hostess and a social evening was spent during which the honored guest opened many lovely gifts.

Visiting Hoopsters Guests at Dance

To show that winners can be good sports too, the Prince Rup- ert Jets were hosts to members of the U.B.C. Chiefs at a dance following the game in the Civic Centre Saturday night.

City damsels were on hand to aid the defeated southerners and, although maybe discouraged with night's events, enjoyed a happy evening of waltzes and jumps to three-quarter and four-quarter beats of Andy McNaughton's trio. The auditorium, Don Forward disclosed, was filled with about 140 persons.

RETIREES FROM RACING—Mrs. Harry Giddings of Oakville, Ont., one of three women licensed as racehorse trainers by the Incorporated Canadian Racing Association, has retired because of ill health. She has sold the breeding farm she managed after the death of her owner-trainer husband last year. Mrs. Giddings is shown here with Jockey J. Andino in a photo made last summer at Woodbine track in Toronto. (C. P. Photo)

Sport Shots

A remark passed by Frank Boucher of New York Rangers not long ago caused Elmer (Montreal Herald) Ferguson to stop and reflect just how important the goalie is to a hockey team. Fergy says he realizes that everyone knows the importance of the goalie but anyway he would just like to remind them if anyone has forgotten. Boucher's remarks were to the effect that Toronto Maple Leafs would not make the playoffs should the Leafs' pudgy netminder, Turk Broda, get hurt. "Not even the resourceful Conny Smythe could offset the loss of his fat, but capable net-minder," said Boucher.

To quote Fergy, "Detroit is finding out about this importance of good goalers. Terry Sawchuk, terrific in the American League, filled in for the injured Lumley and was scored on four times in one game, and in a second start, was beaten when Boston Bruins scored twice. So Red Wings not only lost two games, but Lumley's chances for the Vezina Trophy were hit hard, through no fault of his own."

"Rangers wouldn't be in second place if it wasn't for Chuck Rayner, even though some New York scribes are boosting Edgar LaPrade for the Hart Trophy," continues Fergy. Boston Bruins got off to a bad start because they had a green goaler, Jack Gelineau, who made a long hop from intercollegiate to major hockey. But Gelineau is finding himself and Bruins are moving up."

Basketball Time Table

Basketball league schedule for the remainder of the 1949-50 season is as follows:

Jan. 17—Boy Scouts vs. High School, Peoples vs. Dom's, Merchants vs. Fashion, Bo-Me-Hi vs. Brownwoods.
Jan. 21—Stones vs. Sea Cadets, High School vs. Rupert Hotel, Fashion vs. North Star, Bo-Me-Hi vs. Co-op.

Jan. 24—Sea Cadets vs. Boy Scouts, Dom's vs. High School, North Star vs. Merchants, Co-op vs. Brownwoods.
Jan. 23—Kinsmen vs. Stones, Rupert Hotel vs. Boy Scouts, Fashion vs. Merchants, Brownwoods vs. Bo-Me-Hi.

Jan. 30 and 31—House of David vs. Rupert Jets Series.
Feb. 4—Stones vs. High School, Sea Cadets vs. Kinsmen, North Star vs. Fashion, Co-op vs. Bo-Me-Hi.

Feb. 7—Rupert Hotel vs. Stones, High School vs. Peoples, Merchants vs. North Star, Brownwoods vs. Co-op.

Feb. 11—Kinsmen vs. Boy Scouts, High School vs. Sea Cadets, Merchants vs. Fashion, Bo-Me-Hi vs. Brownwoods.

Feb. 14—Stones vs. Boy Scouts, Dom's vs. Peoples, Fashion vs. North Star, Bo-Me-Hi vs. Co-op, Prade for the Hart Trophy, continues Fergy. Boston Bruins got off to a bad start because they had a green goaler, Jack Gelineau, who made a long hop from intercollegiate to major hockey. But Gelineau is finding himself and Bruins are moving up."

Feb. 21—Sea Cadets vs. Stones, High School vs. Dom's, Fashion vs. Merchants, Brownwoods vs. Bo-Me-Hi.

POWER COMPANY FRANCHISE (Continued from Page 1)

15% is indicated. Higher wages and material costs are basically the cause of this condition.

"The Company does not expect or contemplate retrieving past losses, but in view of a very large commitment for a new plant which it is prepared to make, it respectfully requests the Municipal Council to consider a rate revision as outlined and presented with this brief. Even with revision of rates, the Company has budgeted to operate at a loss for the next five years.

"The proposed rates imply a small increase in many instances, and an equitable, if not lower rate, in others. It should be noted however, that it is proposed to eliminate all flat rates apart from Street and Float Lighting.

"The Company is prepared to supply thermostatic or other controls at cost for any or all water heaters already connected to its system, and install such controls without any additional charge to the consumer. All costs of wiring changeover from any flat rate to meter would be borne by the Company. The consumer could also secure insulated water tank jackets at cost from the Company on application.

"By the utilization of thermostatic controls and tank jackets it is felt the consumer will still obtain on a metered basis an adequate supply of hot water at little or no additional monthly cost.

"Consumers now utilizing signs or outside displays at present on flat rate (on application) would be accorded similar consideration for control installations.

"The present rate for flat rate water heaters, is equivalent to 1/2¢ per K.W.Hr. This rate is considerably below the production cost per K.W.Hr. and is a direct loss to the Company for every K.W.Hr. of energy sold for this purpose. On a new plant at present day values, the cost of production per K.W.Hr. will be still greater.

"At this time it is proposed to show the comparative earnings received from the various classifications of customers by the Northern B. C. Power Co. Ltd and those received by the Provincial Power Commission.

"With higher revenue per K.W.Hr. sold the Commission in 1948-49 on total capital assets earned only 4.35% for all purposes. In the Nanaimo-Duncan area (the largest) with 10,740 customers, the Commission showed a deficit of \$96,226.75 for the year. The

Feb. 25—High School vs. Boy Scouts, Kinsmen vs. Rupert Hotel, North Star vs. Fashion, Co-op vs. Bo-Me-Hi.

Feb. 28—Peoples vs. High School, Merchants vs. North Star, Brownwoods vs. Co-op.
Mar. 4—Reserved for any postponements. Senior—Bo-Me-Hi vs. Brownwoods.

overall average received per K.W.Hr. sold in this area was 2.5¢, the lowest return of any area supplied by the Commission. The overall average received by the Northern B. C. Power Co. in Prince Rupert per K.W.Hr. sold in the same period was 1.35¢.

"It is evident that the Northern B. C. Power Co. with 3,660 customers, an investment of almost 3 million dollars and lower average earning rates per K.W.Hr. is receiving a much lower return than the Commission, and that the consumer in Prince Rupert is paying considerably less for energy used than the consumer in any area served by the Commission.

"The revenues per customer as given above were presented and corroborated by Mr. Weston, Chairman of the Provincial Power Commission, when he met the City Council in 1949. Mr. Weston likewise stated that the Commission had been unable to supply energy for any of its classified customers listed at rates as low as those in effect in Prince Rupert, and that the consumers of electric energy in this City obtained the second lowest rate of any in the Province.

"To encourage the utilization of electric energy a new low third step of 1¢ per K.W.Hr. is proposed in the suggested revised rate schedule for residential and commercial consumers. This concession alone will offset in a great many instances a slight increase in the first step rate.

"Power rates have been changed in form only, and existing power contracts are not expected to yield added returns.

"No change is proposed in the rate for Street or Float Lighting.

"It has been intimated to the Company by representatives of both Provincial Commissions that the present Prince Rupert rate schedules are obsolete and should be changed to conform with standard schedules now in use throughout the greater portion of the Province. The Company has endeavored to concur with the suggestion in drawing up the proposed new schedule.

FRANCHISE RENEWAL

As stated, the present franchise under which the Northern B. C. Power Co. operates expires in March, 1954. The terms of the franchise have been faithfully observed with a very considerable loss to the Company. Other implied promises have now been fulfilled, as without fear of contradiction, the Northern B. C. Power Co. Ltd. affirms that through its associate connections, it has materially assisted in the establishment of a new industry adjacent to Prince Rupert.

"The Company is prepared to make definite commitments to expand plant capacity as already outlined in this brief, and has already received assurance of sufficient funds to complete this project.

"Estimates have also been prepared for additional future power developments. Such developments would be completed as, and when required. The estimated total cost of such developments which may be necessary within a very short term of years is \$5,000,000.

"Realizing the potentialities of the areas which it serves the Nor-

thern B. C. Power Co. has through its available connections already made contacts which it hopes may result in still other industrial expansion within this city or district.

"Future investments and commitments naturally are predicated upon the opportunity to receive reasonable returns over a number of years. Assurance of operation and security may be regarded as a primary importance in planning the future plans of the company.

WHAT IS HOME WITHOUT A GARDEN?
It's still cold outside but it's not too early to talk about green-houses and things. Veteran and amateur gardeners stay close to their warm hearths, anyway, these long winter evenings, and get caught up on the reading and the lessons which they will soon enough be putting into practical application.
Have you ever wondered how florists grow those stocky pot plants of petunias, marigolds, and many other lovely annual flowers which they sell in the early spring?
Professional methods enable every live seed in a packet to pro-

duce a salable plant; and one man or boy, to start hundreds of plants each working day, without undue strain on mind or muscle.
Of course you must have a greenhouse, in order to start the plants as early as florists do, and bring them to flowering size as soon as it is safe to move them to the garden. But their method is worth knowing, even though you start seeds two or three weeks later in a hot bed, cold frame, or south window of your house.
First, seed is sown broadcast or in shallow drills (trenches) in a flat (shallow box) which has been filled with porous soil. This you can prepare by mixing one-third peat, one third sharp builder's sand, and one-third of your best garden top soil, sifted. See No. 1 in the accompanying illustrations.
Cover the seed lightly with the same soil, sifted through an ordinary kitchen sieve as shown in No. 2. Firm the soil gently, soak it with water by standing in a tub, so the water soaks up from

the bottom, and the seeds are not disturbed. Put in a dark, but well ventilated place until the seeds sprout, then bring it into all the light you can supply.
When the seedling plants have developed their first leaves, transplant them to another flat, spacing them two inches apart each way. At this early stage transplanting shock is at a minimum, and the tiny seedlings are easily lifted with roots intact using a pointed stick, or pocket-knife blade. Pegs fastened in a board the same size as the flat, enable all the holes required for the transplants to be made at once, properly spaced. Sometimes instead of pegs, holes are drilled in this board, through which a pointed stick can be passed to mark places for the transplants.
The roots are dropped into the prepared hole (No. 3), and soil pressed against them in one second. When the flat is filled, return to its place in the sun—all the sun you can give it—until the seedlings have developed several pairs of leaves and are ready to be potted.
Potting is quickly done, placing each seedling in the pot and filling in soil around it, leaving space at the top for watering. Pots may be of clay, 2 to 4-inch, depending on the size of the plant wanted; or paper pots or plant bands may be used. Avoid using a pot so small that the plant will receive a check in growth before safe to move to the garden.

Seasonable Ideas for Housekeepers

The New Year 1950 brings promise of good things to the Canadian homemaker with the abundance and variety of foods with which to feed her family.
Just now there is a generous supply of several staple foods. We might start off with a food alphabet and say A. is for Apples—always appreciated. B. is for Beans—so good for the budget. C. is for Corn—as it comes from the can.
Put these three foods on the market list and enjoy a great many delicious and economical dishes on the daily menus.
Home economists have been testing many recipes, old and new. They suggest these as well worth trying.

- Apple Cups**
3 small apples
1 cup sifted all-purpose flour
OR 1 cup plus 2 tablespoons sifted pastry flour
2 teaspoons baking powder
2 tablespoons sugar
1/2 teaspoon salt
1 egg
1/2 cup milk

Beans and Cheese Casserole
1 cup dried white (navy) beans
3 cups boiling water
1/2 teaspoon salt
1 small carrot
1 small onion
1/4 green pepper (optional)
2 stalks celery
3 tablespoons fat
3 tablespoons flour
2 cups milk
Salt and pepper to taste
1/4 cup grated "medium" Cheddar cheese.

Salmon With Mushrooms
1/2 lb. can salmon
2 oz. butter
1/4 lb. cooked mushrooms
6 stuffed olives
Tomato sauce
1 glass white wine
Salt
Cayenne pepper
Juice of 2 lemons
1 onion
Garlic clove
Parsley
Buttered Toast
Flake salmon, strain liquor. Put salmon and liquor into a casserole heat over a slow fire, add butter, cooked mushrooms, chopped olives, salt and cayenne pepper to taste, lemon juice onion and garlic clove, finely chopped, the juice of a tomato or a little tomato sauce, and one large glass of white wine. Serve very hot on pieces of buttered toast. Serves 4.

Seasonable Ideas for Housekeepers

The New Year 1950 brings promise of good things to the Canadian homemaker with the abundance and variety of foods with which to feed her family.
Just now there is a generous supply of several staple foods. We might start off with a food alphabet and say A. is for Apples—always appreciated. B. is for Beans—so good for the budget. C. is for Corn—as it comes from the can.
Put these three foods on the market list and enjoy a great many delicious and economical dishes on the daily menus.
Home economists have been testing many recipes, old and new. They suggest these as well worth trying.

- Apple Cups**
3 small apples
1 cup sifted all-purpose flour
OR 1 cup plus 2 tablespoons sifted pastry flour
2 teaspoons baking powder
2 tablespoons sugar
1/2 teaspoon salt
1 egg
1/2 cup milk

Beans and Cheese Casserole
1 cup dried white (navy) beans
3 cups boiling water
1/2 teaspoon salt
1 small carrot
1 small onion
1/4 green pepper (optional)
2 stalks celery
3 tablespoons fat
3 tablespoons flour
2 cups milk
Salt and pepper to taste
1/4 cup grated "medium" Cheddar cheese.

Salmon With Mushrooms
1/2 lb. can salmon
2 oz. butter
1/4 lb. cooked mushrooms
6 stuffed olives
Tomato sauce
1 glass white wine
Salt
Cayenne pepper
Juice of 2 lemons
1 onion
Garlic clove
Parsley
Buttered Toast
Flake salmon, strain liquor. Put salmon and liquor into a casserole heat over a slow fire, add butter, cooked mushrooms, chopped olives, salt and cayenne pepper to taste, lemon juice onion and garlic clove, finely chopped, the juice of a tomato or a little tomato sauce, and one large glass of white wine. Serve very hot on pieces of buttered toast. Serves 4.

Timely Recipes
Salmon With Mushrooms
1/2 lb. can salmon
2 oz. butter
1/4 lb. cooked mushrooms
6 stuffed olives
Tomato sauce
1 glass white wine
Salt
Cayenne pepper
Juice of 2 lemons
1 onion
Garlic clove
Parsley
Buttered Toast
Flake salmon, strain liquor. Put salmon and liquor into a casserole heat over a slow fire, add butter, cooked mushrooms, chopped olives, salt and cayenne pepper to taste, lemon juice onion and garlic clove, finely chopped, the juice of a tomato or a little tomato sauce, and one large glass of white wine. Serve very hot on pieces of buttered toast. Serves 4.

Better English
By D. C. WILLIAMS

1. What is wrong with this sentence "Who will the money be given by?"
2. What is the correct pronunciation of "theater"?
3. Which one of these words is misspelled: Exzema, exemplay, exuberance.
4. What does the word "recalcitrate" mean?
5. What is a word beginning with su that means "costly; luxurious"?

Answers
1. Say, "By whom will the money be given?" 2. Pronounce the-a-ter, first e as in see, a as in ask unstressed, accent first syllable. 3. Ezema. 4. To kick back or against; hence, to express opposition. "The more heartily did one recalcitrate his tricks." DeQuincey. 5. Sumptuous.

Modern Etiquette
Q. Is it correct for a young woman to go to visit the family of a young man on his invitation?
A. No. The invitation should come from either his mother or his sister.
Q. When a person calls another on the telephone, who should say "Good-by" first?
A. The person who makes the call should terminate the conversation.
Q. Should a player or his caddy replace divots on the golf course?
A. The caddy should do this. If he does not, the player should call his attention to the fact.

HOW CAN I ???
Q. How can I make it easy to apply varnish?
A. Fill a shallow vessel with hot water and place the can of varnish in it, while working. It will make the varnish flow much easier, and it will also dry in a shorter time.
Q. How can I prevent yellowing of white garments?
A. It is claimed that a white garment will not become yellow if a little kerosene is added to the

LIVING-COST COMPARISON—Post-war living costs have climbed in both Canada and the United States—but the increases have not been parallel. U.S. costs soared sharply with removal of price controls and during 1949 showed a tendency to fall off. Canadian costs climbed more gradually but retained the upward tendency during most of 1949. This Bureau of Statistics graph shows the trend of Canadian and U.S. living costs since 1940—but it does not compare them. The graph starts from the assumption that living costs in the period 1935 to 1939—and they were different to start with—equal 100. Therefore, this graph shows simply how costs have varied in each country—in terms of each country's base figure. (CP Photo)

TREASURE HUNT THRILLING FILM

An exciting chase through Mexico after a stolen Army payroll is the theme of a thrilling romantic action drama, "The Big Steal," showing at the Capitol Theatre this Wednesday and Thursday. Robert Mitchum, Jane Greer and William Bendix have the leading roles.

Mitchum and Bendix are a pair of Army officers hot on the trail of the stolen currency—Mitchum to clear his record and name and Bendix for mysterious reasons, while Miss Greer becomes involved in the affair through trying to get back some of her own money which has been taken. Opening at Vera Cruz, the story moves quickly into the interior as Mitchum and Miss Greer, unwilling partners, set out after their quarry with Bendix trailing them. Subsequent ad-

ventures build up to an exciting climax.

Patric Knowles and John Qualen are seen as two of the crooks Ramon Navarro and Don Alvarado portray Mexican police officers.

VICTORIA REPORTS
(Continued from page 2)

Senators and M. P.'s, members of the diplomatic corps, Bishops and Justices, top officers of navy, army and air force, The second dinner is for private M. L. A.'s. Now, however, Mrs. Hodges, as Speaker, will be invited to the first. To the second will go private M. L. A. Mrs. Tilly Rolston.

It appears that what Samuel Johnson said is now out of date: "Sir—nature has given woman so much power that the law cannot afford to give her more."

A group of Edmonton boosters who came to Victoria to press the government to back the Trans-Canada Highway through Edmonton and the Yellowhead Pass got a rude shock when Public Works Minister Carson was more or less cold to this route.

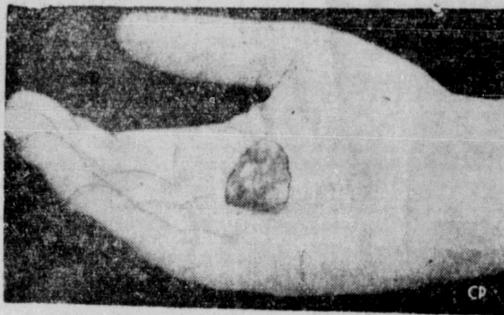

The Edmonton folk wanted the B. C. Government to go for the idea of an impartial commission to choose the best of three routes—the Yellowhead, Kicking Horse Pass and Crow's Nest Pass. Mr. Carson turned thumbs down, said a commission would take at least two years to do the job. Besides, he said, the Yellowhead and Kicking Horse routes pass through Federal parks and so commercial trucking is prohibited. Mr. Carson said B. C. could never give its backing to either route unless Ottawa would allow trucking.

Mr. Carson much prefers federal financial aid to provincial roads rather than a Trans-Canada Highway. He says that most of our travel is north and south, not east and west.

"What's the use of a road across this country, unless there are good feeder roads north and south?" he asked.

In the U. S. the Federal government gives money grants to the states for main highways. That's why they're so excellent. There's no doubt Ottawa should do the same with the provinces, especially B. C., where road building, because of towering mountains and yawning canyons is so expensive and difficult.

ROYAL DIAMOND—Dr. John Williamson, Canadian-born "diamond king" of Tanganyika, has presented to McGill University, Montreal, this replica of the 54-carat stone he gave Princess Elizabeth as a wedding present. (C. P. Photo)

TECHNICAL ADVANCE FOR TEACHING—One of the newest marvels of science, shown at a science exposition in New York, is the "scopicon"—a device that permits as many as ten persons to view microscopic slides at one time. Edward Ellis, foreground, is adjusting the master instrument and changing slides while eight persons view the slides simultaneously around the table. The instrument is expected to be of great value to schools.

NEHRU RECEIVES CANADIAN DELEGATE—Pandit Jawaharlal Nehru, prime minister of India, is pictured with Warwick Fledging Chipman, the high commissioner-designate of Canada when the latter called on the Indian leader at New Delhi recently.

HE MEANS "NO"—Field Marshal Viscount Montgomery attended a luncheon in London, after a visit to the United States, and as shown here, he gestures a firm "no" to a proffered glass of sparkling champagne. He is still a non-drinker.

825 MILES IN 1 HOUR, 54 MINUTES—Two Sea Fury fighter aircraft of the Royal Canadian Navy recently made a non-stop flight from Malton Airport outside of Toronto, to H.M.C.S. Shearwater, the R.C.N. air station at Dartmouth, N.S., in record making time of one hour and 54 minutes. Pilots of the navy's fast single seated fighters were Lieut. E. A. Myers of Toronto, left, and Lieut. Cdr. R. A. Creery of Victoria, right, both attached to the 19th Carrier Air Force Group at Shearwater. They made the 825-miles-long trip at 20,000 feet with an average ground speed of 435.5 miles per hour.
