President Truman Announces Hands Off Policy

No Military Aid Or Advice For Formosa

United States Not Getting Tangled Up With Chinese Civil War—Warning From New Zealand Minister

WASHINGTON, D.C. (CP)—President Truman declared an American "hands off" policy toward the Chinese island of Formosa. In a press conference statement, he said the United States has no intention of using its armed forces there or becoming involved in the civil conflict in China. No military aid or other aid would be extended.

The major policy statement on Formosa had been expected in the immediate future either by Mr. Truman or Secretary Dean Acheson. President confirmed the statement that the administration would keep hands off the problems of the island. The report came from Nationalist naval sources which also said that units of the Soviet Asiatic fleet recently arrived at Dairen. Navy sources predicted that the invasion would come from northern ports such as Dairen and Tsingtao.

No Train Cut Here

Jasper-Prince Rupert line of the Canadian National Railways, not being coal-burning, is not affected by the cut in train service on various lines of the Canadian National Railways which has been announced because of coal shortage, it is learned at local offices of the company. Transcontinental main line service of the company is not affected.

According to local information, several prairie lines are hit by the curtailment, some services being cut from six to three trains a week and others from three trains to two trains. Certain trains are cancelled.

850 To Hear B. C. Premier

LONDON—Premier Byron Johnson of British Columbia will make a special trip to London to attend the annual dinner of the Timber Trade Federation, March 22 at which he will be chief guest and speaker. The Federation says its owner, planned for 850 persons, will be one of the largest functions to have been held in London since the war. Representatives of at least 25 countries will be present.

THE WEATHER

Synopsis
A storm center near Skagway was splitting and becoming more complex this morning as it moved southeastward through British Columbia. Considerable moderation in temperature has occurred over the province and generally higher temperatures can be expected for the next two days over the southern section. Northern British Columbia, however, will experience a return to cold weather tomorrow. Weather will remain cloudy with scattered rain showers along the coast and a few snow flurries in the interior.

Forecast
North Coast Region—Cloudy with showers of rain or snow today and Friday. Little change in temperature. Winds—west, 35 mph, at exposed positions and west, 20 mph elsewhere today. Winds Friday—West, 15 mph. Lows tonight and highs tomorrow—at Port Hardy, 30 and 35; Sandspit, 30 and 35; Prince Rupert, 28 and 32.

Seamen Ask Protection

HONG KONG—The United States Department of State was asked yesterday by 29 members of the crew to arrange naval protection for the Shanghai-bound American freighter Flying Arrow or to authorize their release from contract to man the vessel.

The American also asked that the Department of State arrange repatriation for any United States seaman who elects to leave the ship rather than sail for the mined Communist-held port.

Brown's Mill Fire—

Confined To Store

There are food supplies on hand for at least three or four weeks for two families residing at Brown's Mill on Ecstall River which was visited by fire on Monday. The blaze was confined to the office and store building which was destroyed. James Donaldson, mill manager, disclosed last night following a trip to the plant. The mill is intact and none of the houses were touched by the flames.

There was no one in the store at the time of the fire. Mr. Donaldson said. Tom Brown, one of the residents, had been in the store half an hour previous in the course of making fires there and in other houses on account of the extremely cold weather. Coming from one of the houses he saw smoke issuing from the roof of the store, near the chimney.

It was so cold that even fire extinguishers were frozen. There was no means of fire fighting at that stage and it was fortunate that there was no wind to spread the conflagration.

Office sat, fell through the floor into the tide water below. Store stock and records were involved in the fire. Mr. Donaldson estimates the loss at \$4000 with some insurance.

It was a storey-and-a-half structure measuring about 30 by 50 feet.

Owing to thick ice in the Ecstall River, it is impossible at present to reach within a mile and a half of the mill by boat. Mr. Donaldson and his companions had to walk in from the boat. Three Rivers over the ice and were there during the middle of Wednesday night, having left here that morning.

There is a foot and a half of snow on the ground. Until the wintry conditions ameliorate nothing can be done about rebuilding office and store. It will be five or six weeks at least before the mill is reopened.

Rain And Snow To Continue

A mixture of rain and snow buffeted by westerly winds at 40 miles per hour on waters outside the harbor prevailed in Prince Rupert today and the weatherman predicted showers off shore and snow near the mainland and Prince Rupert will continue.

Temperatures have been climbing, and at 8 o'clock this morning, the reading stood at 35 above. At 11 p.m. Wednesday the thermometer recorded a minimum of 23 above.

The mild spell is welcomed after the New Year week-end of Saturday, Sunday and Monday when temperature in Prince Rupert and neighborhood kept hovering close to zero. There was an icy air until Monday noon a clear sky but since then snowfalls started and there has been good sledding, with the scrape of ice snow shovel heard in the land.

POSSIBLE ROUTE OF CHIGNECTO CANAL
STUDY CANAL PROPOSAL—The federal government is considering setting up a board of engineers to determine the economic possibilities of a canal across the isthmus of Chignecto between Nova Scotia and New Brunswick. The proposed 18-mile canal would link the Bay of Fundy and the Gulf of St. Lawrence, providing an all-inland route down the east coast. This map shows the canal that Maritimers have in mind and the ports it would serve. (C.P. Photo)

Much More Snow, Railway Running

Thirty inches of new dry snow fell since early this morning around Salvus in the lower Skeena Valley but is under control as far as railway service is concerned and the regular train from the east, due at 10:45 this evening, is expected to get in two hours and fifteen minutes late with a snow plow coming along in front of it.

Tuesday night's train from the East, here delay being partly due to snow conditions in the lower Skeena, finally arrived at 8:50 last night and the train for the East left at 1:35 a.m., five hours and 35 minutes late.

Two Years In Penitentiary

Two years in penitentiary at New Westminster was the sentence imposed in city police court yesterday afternoon by Magistrate W. D. Vance on Oscar White, a native, on a charge of breaking and entering the residence of Reg. Crozier, Fraser St., early on the morning of Boxing Day.

Principal evidence at the trial was a bottle of rum with a fancy figger which was found in possession of White and which Crozier identified as belonging to him. Jimmy McIntosh, White's companion in the breaking and entering, testified that White had broken the window by which entry was made and had opened a door to let him (McIntosh) in. McIntosh was found on the premises when Crozier returned home.

White had been released from Okalla only a few months ago after serving a previous term for breaking and entering.

McIntosh drew six months' suspended sentence.

Ownership By Public

VANCOUVER—Public ownership of the British Columbia Electric Railway Co. will be investigated this year by the Vancouver city council.

Mayor Charles Thompson said at the inaugural session of the 1950 city council yesterday that the city will consult with the provincial government on the prospects of purchasing the British Columbia Electric.

"It will be necessary for us to survey our situation," he said. "It will be necessary to consult the provincial government as to its intentions with regard to the future operations of the company."

Bulletins

TO HOLD YUGOSLAVIA
LONDON—The United States will oppose any Russian aggression against Yugoslavia which is clearly threatened at the present time. George V. Allen, American ambassador designate to Yugoslavia, told a Canadian Press Conference here. "America is fully sympathetic to efforts of Yugoslavia to maintain its independence and freedom," Allen said.

NEW YORK SUN FOLDS
NEW YORK—The New York Sun, famous newspaper which started 116 years ago, ceased publication today. It has been sold to an evening rival, the New York World-Telegram. Roy Howard, president of the World-Telegram and of Scripps-Howard newspapers, announced that, beginning tomorrow, the newspaper will be known as the World-Telegram and the Sun.

PLEADS INNOCENT
MANCHESTER, New Hampshire—Dr. Herman E. Sander today pleaded innocent in a loud voice to an indictment charging first degree murder in the so-called mercy slaying of an incurable woman cancer patient. The state agreed to his freedom pending trial under continuance of his \$25,000 bond with the stipulation that he refrain from medical practice until disposition of the case.

School Board Committees

Standing committees of the Prince Rupert School Board for 1950 were named last night at the monthly meeting.

Representatives for the various city schools were named as follows:

Bruce Brown, King Edward; W. J. Scott, Borden St.; Mrs. D. Becker, Booth Memorial; and A. J. Dominato, Conrad Street.

The following committees were announced, the first name acting as chairman:

Finance—W. J. Scott, Mrs. D. Becker
Personnel—Mrs. D. Becker, Bruce Brown
Grounds—A. J. Dominato, W. J. Scott

Building—All members of the board
Resolutions—Bruce Brown, W. J. Scott
Mrs. D. Becker will represent the board on the Union Board of Health.

MOST DRIVERS PASS

VICTORIA—Of 74,000 drivers tested by the Motor Vehicle Branch since November 20 only twenty-five failed to pass the tests, it was learned here. Age and eyesight were the two chief reasons for rejection.

ICE IN VANCOUVER
VANCOUVER—A freezing rain made streets extremely dangerous in Vancouver. At the airport 29 above was recorded. Morning flights were cancelled, owing to the extreme hazard on flying fields.

TO TALK ELECTION
LONDON—Prime Minister C. R. Attlee and Herbert S. Morrison, deputy Prime Minister, will hold a secret talk tonight on the date of Great Britain's general election—February or June—usually well-informed sources indicated today.

FROST HITS CALIFORNIA
CHICAGO—Winter's elements dealt damaging blows over wide areas of the United States from Southern California into Dixieland. A blast of sub-freezing weather endangered the multi-million dollar citrus and vegetable crops of Southern California. Scores of families were made homeless by floods in parts of Indiana, Illinois and Kentucky.

A snow flip on the main transmission line along Falls River across the Skeena caused about half an hour's interruption in power service into Prince Rupert late this morning.

A. O. Franks of the Daily News typographical staff, who has been indisposed for the past ten days, entered Prince Rupert General Hospital last night.

C. A. Berner, C.N.R. divisional superintendent, is leaving on tomorrow morning's way freight to attend the annual meeting of the Terrace and District Board of Trade tomorrow night.

Tenders For New School Buildings By Mid-March

Plans Finalized at Conference Between Board And Architect Last Night

Tenders for the new Booth Memorial School building, estimated cost of which is placed at around \$495,000, and King Edward Public School building \$325,000, financing of which went through the various stages of ratification last year, will be called possibly by the middle of March.

Announcement to this effect was made today following conference last night at the regular meeting of the board of school trustees with Frederick Brodie, representing the Vancouver firm of architects, Sharp Thompson, Berwick and Pratt, when further architectural and structural details were discussed. Working drawings are now in process of preparation preparatory to the calling of tenders simultaneously.

In view of the heavy building activity planned for the coming year the entire board was named to the building committee for 1950.

Routine business at the meeting was comparatively light. There was little correspondence. Those present were Dr. R. G. Large who was re-elected chairman, Bruce Brown, Mrs. Earl Becker, A. J. Dominato, W. J. Scott and Mrs. M. M. Roper, secretary.

The November accounts \$545.72, and December accounts, \$16,597.68 were ordered paid.

Mrs. Roper read a report, summarizing attendance at a recent conference in Victoria of school board secretaries. Emphasis had been laid at the conference, on budget affairs and that school estimates were not to be exceeded. If a higher estimate became an essential that such a request be made.

An application from Joseph Goscoe, for the position of vice-principal of King Edward School was received.

Few changes have been made in committees such as school finance, personnel, grounds and resolutions.

The necessity of adequate fire insurance, covering school furnishings and general equipment, was discussed briefly and finally referred to committee for report at the next meeting.

Chinaman Is Found Dead

Loo Soo, an elderly Chinaman, who had worked for Ling the Tailor for fifteen years, was found dead at 7 o'clock last evening in his room at the King George Hotel, Second Avenue and Eighth Street. The body was seated on a chair and slumped with head on a table. Discovery was made by the proprietor, Theodore Frystay, after Loo Soo had not been seen for a couple of days. He had been dead over 24 hours in a physician's opinion. An inquiry is being held by Coroner M. M. Stephens but death is believed to have been due to natural causes.

Now the National Planning Council had in hand a great scheme of beautification by means of which in this community the soul of Canada would find permanence of expression with a scheme of development of 900 square miles—two-fifths in Ontario and three-fifths in Quebec—which would involve the removal of all unsightly industrial developments, centering on a great park of eight square blocks flanked by such architectural edifices as the Parliament buildings, university structures, city hall, community centre, museum etc. Moved from the centre of the city to the far outskirts would be the railway station and tracks, factories etc. Provision was being made for a model city of 500,000 persons compared with the present 160,000 in Ottawa city and 270,000 in Greater Ottawa.

VANCOUVER ICE DELAYS FLIGHT

Air passengers from Vancouver to Prince Rupert will again be detained at Sandspit overnight tonight. The flight for the south left here at 1:30 p.m. to meet the flight from Vancouver which is due "some time" this afternoon, having been delayed in leaving Vancouver owing to the icy airport. Passengers southbound from here are expected to get through to Vancouver tonight but the hour will be too late for the Canso to return here before darkness today and is due back here about 9 tomorrow morning.

Mr. Applewhaite's discourse was listened to by a good attendance of Gyros with President Maurice Gyros in the chair and guests in the persons of Stephen Barclay and Clarence Cooper of Victoria.

We Are Concerned

THE FAR EAST and the Pacific give promise of being the arena of the cold war in 1950. Possibly Russia is satisfied with the progress of her influence in Europe during the past year or so. Maybe she has been adequately checked. In any case, there seems to have been a settling down of the crises there although there is no telling when some incident or action may cause another flare-up and once again turn attention to that quarter.

Meantime, the Asiatic sphere, is the scene of mounting crisis and uncertainty, intrigue and anxiety. A year ago we might have believed, or possibly we would have chose to have ignore the possibility, that within twelve months the communists would have completely overwhelmed continental China and would be standing ready to pounce on the last Nationalist stronghold of Formosa.

It is a significant thing that Great Britain should this very week be breaking off with Nationalist China and recognizing the Communist government. Like it or not, and it is not necessary to speculate or even know how close in relationship and material support Soviet Russia and Communist Russia may be, that is a very notable diplomatic victory for Red prestige and influence. Other western powers, including Canada, will now either follow suit or ignore the situation.

These military and diplomatic events across the Pacific water are of great importance to us right here in Prince Rupert. Indeed we are perilously close to them. They will affect our future and are rife with implications which have the real possibility of involving us directly and personally. They are something to which thinking people cannot shut their eyes and ears.

MAJESTIC ROBSON—This is the glorious sight the rail traveller sees during a five-minute stop a few miles west of Jasper, Alta., in the breathtaking heart of the Rockies. Mount Robson, snow and mist shrouding its silent majesty, rises 12,972 feet into the clouds. (C.P. Photo)

EVEN POPULAR GIRL HAS HER PROBLEMS

TORONTO — The prettiest, most popular girl in a class often has the most troubles says Jessie MacPherson, for 15 years dean of women at Victoria College at the University of Toronto.

"Students' problems stem from emotional conflicts that must be dispelled before they can be

happy, and often these problems are attributed to the home," Miss MacPherson told an interviewer.

"With the world so open and complex, it is much harder for modern girls to believe either in themselves or in the world.

"I'm a firm believer in progressive education, not exactly in a hands-off policy but in leaving a student alone to develop in natural and positive trends."

Ray Reflects . . . and Reminisces

The New Year started quietly in Prince Rupert. Not even a safe blown.

This is the rather cool month American and Canadian military forces will go away up north to find out what it's like in mid-winter. There are plenty of civilians, residing away down south who could give them that information.

Matthew Halton, Canadian correspondent in London, has already shown he is a pretty fair guesser. He is forthright and definite, and has plenty of competition. This New Year he tells the world that a British election is at hand and Churchill and the Tories will be returned. No "ifs and no buts." So much for little old Matt.

as a rule, work well together. Before this, reporters, invited to retire have fumed and stalked away. Others, smilingly pledging confidence, remained. But quite often the one who left, discovered the following day what it was all about. A row in the council is always first class copy. There was one during a Monday evening years ago, when, with no love lost between mayor and aldermen, the latter made the occasion one of embarrassment for the chief magistrate. Action was quick and positive. A constable was sent for.

Experience is said to be the best teacher. And considering what it costs, it ought to be.—Ex.

The British Ministry of Food can buy a South African tinned fish called snoek, more easily than salmon from British Columbia. So it's being done. Consumers are now discovering it takes a lot of thought, as well as work to disguise the taste of snoek. That's quite unnecessary where the glorious sockeye from B. C. is concerned. And who on earth wants to eat anything called snoek? That's punishment enough.

A local friend who tried to make a few phone calls New Year's Eve says he always found the line busy. A woman was speaking and there was much to say. He says he feels like revising the old saying "women's place is in the home" and have it go "on the phone" instead.

Municipal history here shows that city councils and the press,

a special kind of bathroom softness

Hand-e-wrap

Extra strong and heavily waxed to keep food fresher longer. No waste—the serrated metal edge gives an even tear—exactly where you want it.

Marriage In Chilliwack

An ivy entwined trellis, under a large silver wedding bell flanked by tiers of glowing candles, formed the setting for the wedding at Cooke's Presbyterian Church, Chilliwack, which recently united Ethel Glenwella Owen and Anton Peter Simundson. Rev. H. G. Funston performed the marriage rites for the daughter of Mr. and Mrs. T. E. Owen, 403 Mary Street, Chilliwack, and the son of Mr. and Mrs. John Simundson, Prince Rupert.

The brunette bride made a lovely picture in her American white satin gown, fashioned with molded bodice and bouffant skirt. Shirred satin and wide filmy lace outlined the net yoke and large back bows gave the skirt a bustled effect. Long gloves and chapel veil, held by a crown of pearls and brilliants, completed the bridal ensemble. For jewelry she wore the groom's gift, a silver pendant and carried a shower bouquet of vivid red roses.

Miss Pat Ford, as bridesmaid, was attired in peach-toned taffeta, styled with net-yoked bodice and full skirt. She wore a shoulder-length veil and carried pink carnations.

Little Jacqueline McMillan, New Westminster, niece of the groom, was a winsome flower girl. A wreath of white carnations adorned her auburn hair and she carried an old-fashioned nosegay of rosebuds, carnations and baby's breath.

The groom was attended by George Fleming, New Westminster, and ushers were Dick Galloway and Albert Ford (Chilliwack). H. St. J. Naffel played the wedding music and during the signing of the register, Miss Dorothy Davis sang "Because" White wedding bells and sprays

of salad decorated the Orange hall where the reception was held. Bride's parents and groom's mother received with the bridal party.

Presiding at the tea table which was centered with a crystal bowl of pink apple blossoms flanked by tall red tapers, were Mrs. Wm. McMillan, Mrs. E. Lundeburg, Mrs. G. Stevens and Mrs. D. Galloway. Serving the guests were Miss Trudy Wells, Miss Lydia Allinger, Miss Joyce Wrigglesworth, Miss Christine McDonald, Miss Doreen Armstrong and Miss Dulce Garnett.

William McMillan, New Westminster, proposed the toast to the bride.

Following their wedding trip to Victoria the couple have arrived to make their home at Prince Rupert.

D. M. McKerracher, district manager for Shell Oil Co., returned to the city on the Prince George yesterday from Vancouver, accompanied by Mrs. McKerracher and two children. They will take up residence on Ambrose Avenue.

Barbara Buys and Whys

MONTREAL, Jan. 5th — The great thing about saving, I've always found, is knowing how much I can afford to put away, and doing it. I try to plan my savings like a day's shopping, to make sure that I can do things comfortably, in easy stages — so I won't have to give up half way through. And this is the time of year I work out just how much I can afford to put regularly into my BANK OF MONTREAL Savings Account. For I'm one of more than a million who bank at the B of M. Canadians, you know, keep one billion dollars in savings in "My Bank" — more than any other bank in Canada.

Here's To Your Good Health! ... and here's one good way to help keep it that way! Drink the juice of one lemon in a glass of water first thing on arising... for this natural fruit drink helps you keep regular the healthful way! That's because lemon-water doesn't "tie you up in knots" as harsh laxatives do — just gently helps your system regulate itself! Lemons help get rid of colds, too. You just pour the juice of one lemon in a half glass of water. Then add — slowly — half teaspoon baking soda, and drink as a morning tonic. A glass every 2 or 3 hours helps a lot. Try hot lemonade, too, at bedtime! Always ask for SUNKIST CALIFORNIA LEMONS — the finest, juiciest of all.

Last Chance to send for this special SPECIAL offer! The folks at Heinz have invented some very handy plastic cap covers specially designed to fit over the tops of HEINZ BABY FOOD tins! When your baby doesn't eat a full tin of Heinz Baby Food at one mealtime, simply leave the balance in the tin, cover it with one of these plastic caps and store it in your refrigerator. Mothers who've used these caps tell me they're useful as can be — they save food, money, time and bother! Write to me — Barbara Brent, 1111 Crescent St., Montreal, P.Q. — enclosing 10c in coin or postage stamps and 3 labels from Heinz Baby Food tins and you'll receive THREE plastic cap covers and TWO plastic Baby Food Savers (for scooping out the last good morsels of Heinz Baby Food from every tin)! Be sure to tell me whether your baby is a boy or a girl so I'll know whether to send these five "food-n'-savers" in pink or blue.

Simple Enough For Everyday... grand enough for company-best... here's a dessert to tempt the fancy of the whole family! So irresistible, so sparkling and gay, JELL-O's seven glorious "locked-in" flavors are popular anytime! Serve Jell-O often.

JELL-O BANANA BAVARIAN CREAM
1 package Lemon Jell-O
2 cups hot water
1/4 teaspoon salt
2 1/2 cup sugar
1/2 cup heavy cream
5 bananas

For A New You This Happy New Year... here's something new in beauty! It's PENATEN — now found in the new WOODBURY DRY SKIN CREAM! Wonderful Penaten helps Woodbury Dry Skin Cream go deeper into pore openings... gives your skin an extra linolen beauty-dividend! Just 10 minutes a day with this marvellous, new-formula cream can make even the driest of skins look velvet-soft! Yes, if you make a daily beauty habit of Woodbury Dry Skin Cream — beginning now... you'll look so much younger — so much lovelier in 1950!

I Can't Remember When my family have been as enthusiastic about a breakfast food as they were when I served 'Cream of Wheat!' writes a reader. "They all said at once, 'THIS is good! Let's have this every morning!'... Yes, 5 Minute 'CREAM OF WHEAT' is truly a family 'favourite'... a delicious way to wake up early-morning sleepyheads! Cooks to stain-smooth digestibility in just 5 minutes of boiling! It's so good — and so good for you... for 5 Minute 'Cream of Wheat' provides Iron, Calcium and Phosphorus for diets deficient in these elements — and for less than 1c a bowl! Particularly good, I find, topped with brown sugar, raisins and cream!

New Year At Masset Cold

MASSET—In spite of heavy snowfall at Masset, the annual New Year's whist drive and dance was held at the Community Hall and was thoroughly enjoyed by those who braved the elements to turn out for the affair. The New Year was welcomed in an enthusiastic manner.

JUST "NERVE" GIRLS—Seventeen-year-old Olivia Rakowski is the only female member of the St. John's Tech wrestling, weight-lifting and fencing club in Winnipeg. Figure-conscious Olivia says she dropped five pounds by learning to lift 60. Other girls would like to be weight-lifters, she adds, "only they can't get up enough nerve." (C.P. Photo)

With 27 inches of snow on the ground it was almost impossible for traffic to move. The road to Old Masset was blocked and there was only transportation by boats, although a few hardy souls travelled by foot via the beach which was heavy going.

New Year's Eve was also the coldest night of the winter.

TOO LATE TO CLASSIFY

LETTERBOX
POSTAL SERVICE
 Editor, Daily News:—
 Regarding the editorial in the Daily News yesterday in respect to mail service in Prince Rupert, it seems to me that the editorial writer was certainly lacking in Christmas spirit. The writer is of the opinion that the lobby of the Post Office should have been open during the holiday at Christmas. However I notice that there was no issue of the Daily paper on that day. Neither were the stores or any other places of business open. If it is going to be "business as usual" let it apply to all. Further it may interest the

writer to know that the caretaker usually puts in a fourteen-hour day, opening the lobby at 7:30 a.m. and closing it at 9:30 p.m. Surely he is entitled to one day's holiday during the year.
 Regarding the matter of mail service, we do not fare badly as some other parts of the province. We have, excepting Sunday, a daily airmail service, three trains weekly and four boats each week bringing in mail.
 Also it may interest the editor to know that on all holidays there is always someone working in the office handling either incoming or outgoing mails. So that in effect it may be said that there is never a complete holiday for the postal staff.
 With the foregoing in mind I do not believe that anyone who is a fairminded person will object to the lobby being closed for the two holidays at this time of the year.
 R. J. TUBB

Auxiliary Has Cake Raffle

A cake raffle at a Canadian Legion Ladies Auxiliary whist, bridge, and crib tournament in the Legion Hall last night was won by W. Rothwell.

The event was convened by Mrs. W. Rothwell and assistants were Mrs. R. Beam, Mrs. C. Michaloff and Mrs. A. Croxford.

There were five tables of cards. High lady in cribbage was Mrs. A. W. Dickens Sr., and the men's high score was by Mrs. J. S. Black. At whist, Mrs. A. J. Croxford was first for ladies and J. Mostad for men. Mrs. W. Rothwell was high lady in bridge and Mrs. M. Montgomery won men's prize.

SHIPS and WATERFRONT

Due to inclement weather which commenced about 11 o'clock last night the C.P.R. steamer Princess Norah was delayed until 5 a.m. this morning on its southbound voyage to Vancouver. It was scheduled to remain in port until 11 p.m. at which time the Eugene, Oregon high school band concert and dance was to end at the Civic Centre. Passengers disembarking at Prince Rupert included John Conley from Juneau and Edith Longley and 8-year old Dennis Lattery. Miss Longley is accompanying the lad to his home in Prince George and will return to her home at Juneau.

Capt. David Ritchie, veteran halibut skipper of Prince Rupert, is back in the city after a trip up the coast from Ensenada, Mexico to Vancouver with his son, James Ritchie, in the latter's forty-foot salmon troller Kingfisher. The younger Ritchie had taken his boat to Mexican waters with the intention of fishing tuna, having been misinformed as to the regulations. The result was that he fell foul of the Mexican authorities and was detained at Ensenada for six weeks with his boat. With the assistance of the elder Ritchie, matters were finally cleared up and the Kingfisher was enabled to return to Van-

cover. It was an exceptionally rough trip for the small vessel, particularly northward from Eureka, California, to Cape Flattery and the Straits of Juan de Fuca

With a substantial list of passengers and freight cargo, C.N.R. steamer Prince George, Capt. William Eccles, arrived in port at 10:15 yesterday morning from Vancouver, Westview and Ocean Falls, sailing at midnight for Ketchikan whence she will return here this evening to sail at 11:15 on her return south.
