

Former United States Army administration building.

## Gale Lashes City, Tears Civic Centre Roof

A strong southeast gale which Sunday reached violence so far unprecedented this year, damaged the roof of Prince Rupert's Civic Centre, set rolling in the railway yards and gave shipping time before it finally exhausted itself last

afternoon, causing the heavy rainfall to penetrate into the Public Library on the first floor and the dining room below. Railway freight cars standing on sidings in the Canadian National yards, not securely braked, began to move through the force of the wind. Crew men of the Union steamer Camosun, which crossed Hecate Strait from Masset Sunday morning, reported that they could not remember a rougher crossing. The ship labored through great wind-whipped swells which washed over her fore deck continually. They were high in their praise for the former corvette as a sea boat.

## ROOF LIFTED

According to the anemometer at the Digby Island weather station, the gale reached its maximum force at 7 a.m. Sunday with a 58-mile-an-hour gust. Highest recorded velocity in the afternoon was 45-miles an hour. However, it was in the afternoon that the patent roofing of the Civic Centre was whipped loose. Managing Secretary Don Forward reported that he heard the heavy bonded roof tear loose above the Library rooms at 3 o'clock. Within 45 minutes a hastily-recruited crew of workmen were making emergency repairs. At that time it was raining heavily. "I heard it happen and within a matter of minutes I received calls from other people who had seen it lift from other places," said Mr. Forward who was on duty at the time.

Water, which leaked through the boards below, poured into the Public Library then through the floor into the dining room on the ground floor.

Members of the library staff and volunteers immediately began to move book shelves. None of the books in the room received water damage, Mr. Forward said. Before darkness fell, a temporary patch had been placed over the damaged area and the leakage, while not stopped, was reduced considerably.

It was the second time within less than two years that similar damage has been done to the roof. In March, 1948, a southeast gale ripped off a nearby portion, during the night, causing some water damage.

A heavy wooden table, stored at the rear of the Civic Centre, with other lumber, was picked up by the wind and hurled 30 feet to the street. A window in the furnace room was smashed as the heavy mass of wood went flying. Estimates of the velocity of gusts which roared over the city were above 60 miles an hour. It was a "dry" southeast wind Sunday morning but shortly after noon, rain began to fall. It increased during the afternoon and became a drenching downpour in the evening. In the 24-hour period up to 4 p.m. Sunday, one-half inch of rain fell. An equal amount came down last night. Throughout the city there were

# Toronto Financier Purchases Former United States Administration Bldg.

## ARROW LINE PURCHASES KAIEN BUSES

Purchase of Kaien Island Stages, Ltd., formerly operated by Art Murray, by Arrow Bus Lines Ltd. was announced today by Leonard Dixon and Mei Forbes proprietors of Arrow Bus Lines. The partners also announced the inclusion of Howard Wright, formerly with Kaien Island Stages, as a partner in the purchasing company.

Amount involved in the transaction was not given but Arrow Bus Lines has taken over the four buses belonging to Kaien Island Stages which it will operate between Prince Rupert and Port Edward in addition to its own city service.

The partners plan to organize an integrated bus service covering the city and Port Edward and will operate all their vehicles out of the bus terminal at the corner of Second Avenue and Second St. Kaien Island Stages formerly operated out of the 99 Taxi depot on Third Avenue.

All the buses will be painted the green-and-ivory colors of Arrow Bus Lines, the proprietors said.

FIRST LOOK—Just like any other first-time visitor, Prime Minister Nehru of India took the trip aboard the steamer Maid of the Mist for a close-up view of Niagara Falls. Flanked by External Affairs Minister Pearson, left, and Ontario Hydro Chairman Robert Saunders, the prime minister donned oilskins and gazed through the flying spray at a view he said exceeded his expectations. (CP Photo)

## BASKETBALL—

### Hoop Season Opens With Sr. League Excitement

**Bo-Me-Hi Wins Surprise Victory Over Co-ops—Play Augurs Well for Future**

**SENIOR—Bo-Me-Hi 43, Co-op 41**  
**INTERMED.—Fashion 22, Merchants 25**  
**JUNIOR—Sea Cadets 17, Boy Scouts 30**  
**Kinsmen 36, Stone's 11**

The full league hoop season in Prince Rupert got under way Saturday night and the crowd in attendance had plenty to be pleased about. In the Senior game Bo-Me-Hi scored a 43 to 41 upset over the highly favored Co-op team. The fans were treated to a game replete with thrills, spectacular shooting and mounting excitement as the two teams battled it out for the lead. There was a big crowd and, if these teams can keep on providing the fans with this brand of ball throughout the season, the Civic Centre Gym will be a very popular place to spend Tuesday and Saturday evenings during the next five months.

Preceding the main event the Shrine Club Band entertained with several selections and received an appreciative hand from the crowd.

The league was officially opened by B. C. Basketball Association representative Don Forward with the tossing up of the first ball. Players and fans then standing at attention for the National Anthem played by the Shrine Band. Before the official opening there were two Junior games, Boy Scouts winning over Sea Cadets with a 30 to 17 score and Kinsmen walking away to an easy win over Stones, the score 36 to 11. There was also a hard-fought intermediate fixture, Merchants emerging victorious over

reports of window panes being blown out by the heavy gusts. A telephone terminal shack connecting long distance lines with the city exchange at the corner of McBride on Eleventh Avenue was blown over, knocking out long-distance current. They had not been restored this morning. October, after its final fling (Continued on Page 2)

## THE WEATHER

North Coast—Sunny today; becoming overcast this evening. Continuous rain tonight. Cloudy with scattered showers tomorrow. Little change in temperature. Light winds increasing to southeast (30 mph) this evening and shifting to southwest (20 mph) late Tuesday morning. Lows tonight and highs tomorrow. At Sandspit—Prince Rupert—42 and 55.

## Bulletins

### C. A. MAGRATH DIES

VICTORIA — Charles A. Magrath, Member of the Legislature for Northwest Territories from 1892 to 1898, died yesterday. He was 89 years of age and was prominent for half a century in Canadian business, politics and wartime administration.

### STETTINIUS DIES

GREENWICH, Conn. — Edward R. Stettinius jr., former United States Secretary of State, died here early today. He was visiting at the home of his brother-in-law, Juan Trippe, who is head of Pan American Airlines. Cause of death is not immediately known. Stettinius observed his forty-ninth birthday October 22.

### JUNEAU HOUSE SHIFTED

JUNEAU — When a 60-mile gale struck Juneau yesterday, a five-room house was moved from its foundations and carried 15 feet down a hillside.

### ANTI-RED MOVE

CLEVELAND — Amid enthusiastic applause at the annual convention here today, Philip Murray, president, promised to clean the C.I.O. of Communists. The C.I.O. would not be allowed to be made the boring ground for Communists who first of all followed the interests of the Soviet party.

### CALLS CONFERENCE

OTTAWA — Prime Minister L. St. Laurent today called a Dominion - provincial conference for January 10 to consider amendments to the constitution.

### SETTLEMENT NEAR

CLEVELAND — It was reported today that a settlement of the United States steel strike was near and might be announced later in the day by Philip Murray president of the C.I.O.

### DOUGLAS EXONERATED

REGINA — Premier T. C. Douglas was exonerated late Saturday in a slander suit for \$100,000 brought by W. E. Tucker, leader of the Liberal party. The jury found 10 to 2 in favor of Douglas.

### B.C.E. REJECTED

WEST VANCOUVER — Only 51 percent of the voters were in favor Saturday of selling out the local bus line to B. C. Electric. Sixty percent was required to ratify sale.

## Apartment Project Is Plan of Frank Kaftel

**LARGE STRUCTURE TO BE USED IN RELIEVING HOUSING SHORTAGE**

Sale of the former United States army administration building by War Assets Corporation to Frank Kaftel, Toronto financier, was announced today in a telegram to the Daily News from E. T. Applewhite, Member of Parliament for Skeena, now in Ottawa.

The building will be converted into an apartment house, it is understood. Plans which have been drawn up call for about 50 apartments in the building.

The three-wing structure, which was built for headquarters for the American army sub-port here in 1942, has been empty since the end of the war. It contains more than 50,000 square feet of floor space.

Fronting on First Avenue across from the intersection of Seventh Street it is built in three wings which face the harbor above the Canadian National Railway tracks.

A recent survey by W. H. Shortridge, on behalf of the city and the Chamber of Commerce, found the building structurally sound and in good condition in many ways. Some rehabilitation work will have to be done.

Mr. Kaftel's interest in the building was aroused while he was on a visit to the city last August and negotiations for its purchase were begun shortly after.

During his visit here, Mr. Kaftel announced that he planned to build a large hotel and theatre on a Second Avenue site. It is understood from a local contact with the Toronto financial man that plans for the latter project are still proceeding.

## MINE STRIKE IS SETTLED

HEDLEY — A strike of 160 miners at the Hedley Nickel Plate mine, second largest gold producer in British Columbia, was settled last night on the basis of a 34c per day raise in pay, retroactive to September 20.

The miners had gone on strike October 25 for a 22 percent raise and a reduction in the work week from 44 to 40 hours, sick leave and pension plan concessions. These were not mentioned in the settlement proposals.

Skilled miners of the International Union of Mine, Mill and Smelter Workers at the mine had received \$1.01 daily.

## COASTGUARD IS DEMANDED

**Shipping and Fishing Interests of Vancouver are Agreed**

VANCOUVER — Shipping companies and fishing interests agreed in statements by their officials Saturday that a coast-guard service on the British Columbia coast is long overdue. Mishaps are occurring on the coast almost every day in connection with which a coast-guard would be of the greatest help and assistance.

There should be coastguard stations off the West Coast of Vancouver Island, the Queen Charlotte Islands and Queen Charlotte Sound, spokesmen for a fishermen's organization said.

## GEO. BRADBURY PASSES AWAY

George Bradbury, a familiar figure in the city for the last 23 years, died Sunday evening at the Pioneer Home where he had resided for the last six years. He was 73 years of age.

## 100,000 British Couples Live In Sin; New Laws Being Sought

LONDON — A leading British lawyer, S.W. Pollard, who claims that 100,000 British couples are "living in sin out of wedlock," threatened today to organize them in a fight for a change in the divorce laws.

Pollard, chairman of the Marriage Reform Committee said that present laws make it impossible for couples to divorce their legal mates.

## Hallowe'en

THIS IS HALLOWE'EN and we hope that all the young folk, for whom it is the traditional occasion for good fun and high jinks, will have a jolly time. During the last few years the record in the city for an orderly Hallowe'en has been enviable indeed and it is to be hoped it may continue that way. Local organizations such as the Kinsmen have been doing good work in the campaign to keep it orderly and more power to them! However, the young people themselves are largely responsible for the way in which the evening is observed. Only a few need get out of bounds to make it miserable and spoil the fun for everybody. But if everybody observes the suggestion of "Do as You Would be Done By," there need be no fear of trouble on Hallowe'en. Here's hoping that principle will prevail again tonight in Prince Rupert.

## CAPITAL

IF YOU OWN a hammer, you're a capitalist, says an advertisement in an American paper. You paid money for it because you can drive more nails with it in a day (and drive them better) than you can with a rock or the heel of your shoe. You saved money and invested it in the hammer because with the hammer you could produce more—your time would be more productive, that is, more valuable.

That's what capital is and that's what it is for. Now, suppose you hire a man to do repairs around your house. If he drives nails with a rock he won't get much repairing done in a day so you can't afford to pay him much. So you provide him with your hammer; he drives more nails and drives them straighter; he gets a lot more repairing done; so you can afford to pay him more.

That's exactly how capital works in industry. Millions of people save some of their money instead of spending it all on themselves. They pool these savings and buy a factory and machines. Workers use the machines to produce more and so make themselves worth more.

But they must produce enough to pay their own higher wages and a small wage to the owners of the machine—what is known as profit. Otherwise, why should savers invest in machines? With no return, they would spend their money like everyone else, and workers would go back to driving nails with rocks—and the low wages which that sort of production pays.

That's why workers should be just as much interested in making a profit for their company as in making high wages for themselves. No profit—no wages.

Wesley Singer of Masset was a brief visitor in the city on Sunday, arriving here on the Camosun in the afternoon and sailing in the evening on the same vessel on a trip to Vancouver.

Mr. and Mrs. Victor Duplisea and two children, Gordon and Shirley, of Osland are leaving for a two months' trip to Beausejour and Selkirk, Manitoba, with relatives.

**SECRET OF VICTORY**—Cpl. R. D. Pettinger of 23 Transport Company, R. C. A. S. C. Camp Borden, credits his new mustache with his repeat win in the third annual Canadian Truck Rodeo held in Toronto this week. Top Army driver, the corporal displays his facial adornment for Maj.-Gen. Chris Kokes, commanding officer of Central Command, who himself prefers the bushy type. (CP Photo)

## SUNDAY GALE

(Continued from Page 1)  
that reached the climax yesterday so far as Prince Rupert was concerned, appeared to be going out peacefully and in good order today.

Throughout the whole month of October there has been little to praise in the weather. Days and nights have been changeable and, on the whole, disagreeable. Late last week, gales were more

frequent, along with heavy rains. Saturday was rough and wild and wet. Powerful gusts prevailed on the harbor. But before daybreak today, the sound and fury had died away. There was not even a breeze, and the harbor surface was almost calm. There was even some starlight. One might wonder where the tons of falling water had all gone to, for rubbers were hardly necessary.

## Ray Reflects . . . . . . and Reminisces

Metlakatla, just over yonder, would like to become enfranchised. The venerable Indian village would do a bit of stepping out. Metlakatla has age, some substance and a record of industry and loyalty. The millions who make up Canada's population come from all over the earth. Who arrived first, anyway? Which reminds one of the late Will Rogers who, informed by a Yorker that his ancestors from England came over on the Mayflower, remarked that his forebears from Oklahoma were included in the reception committee.

Northern nuggets, during the week-end, had become less numerous and smaller. In other words the fervid first reports of the Yukon River placer strike were somewhat extravagant. Wait a while longer, and most of us will know the facts.

Water from Lake Woodworth comes again to meet so many of Prince Rupert's needs, the importance of which is never thought of until it's not there. Ever since 1911, Lake Woodworth's pure millions of gallons have been serving faithfully. Col.

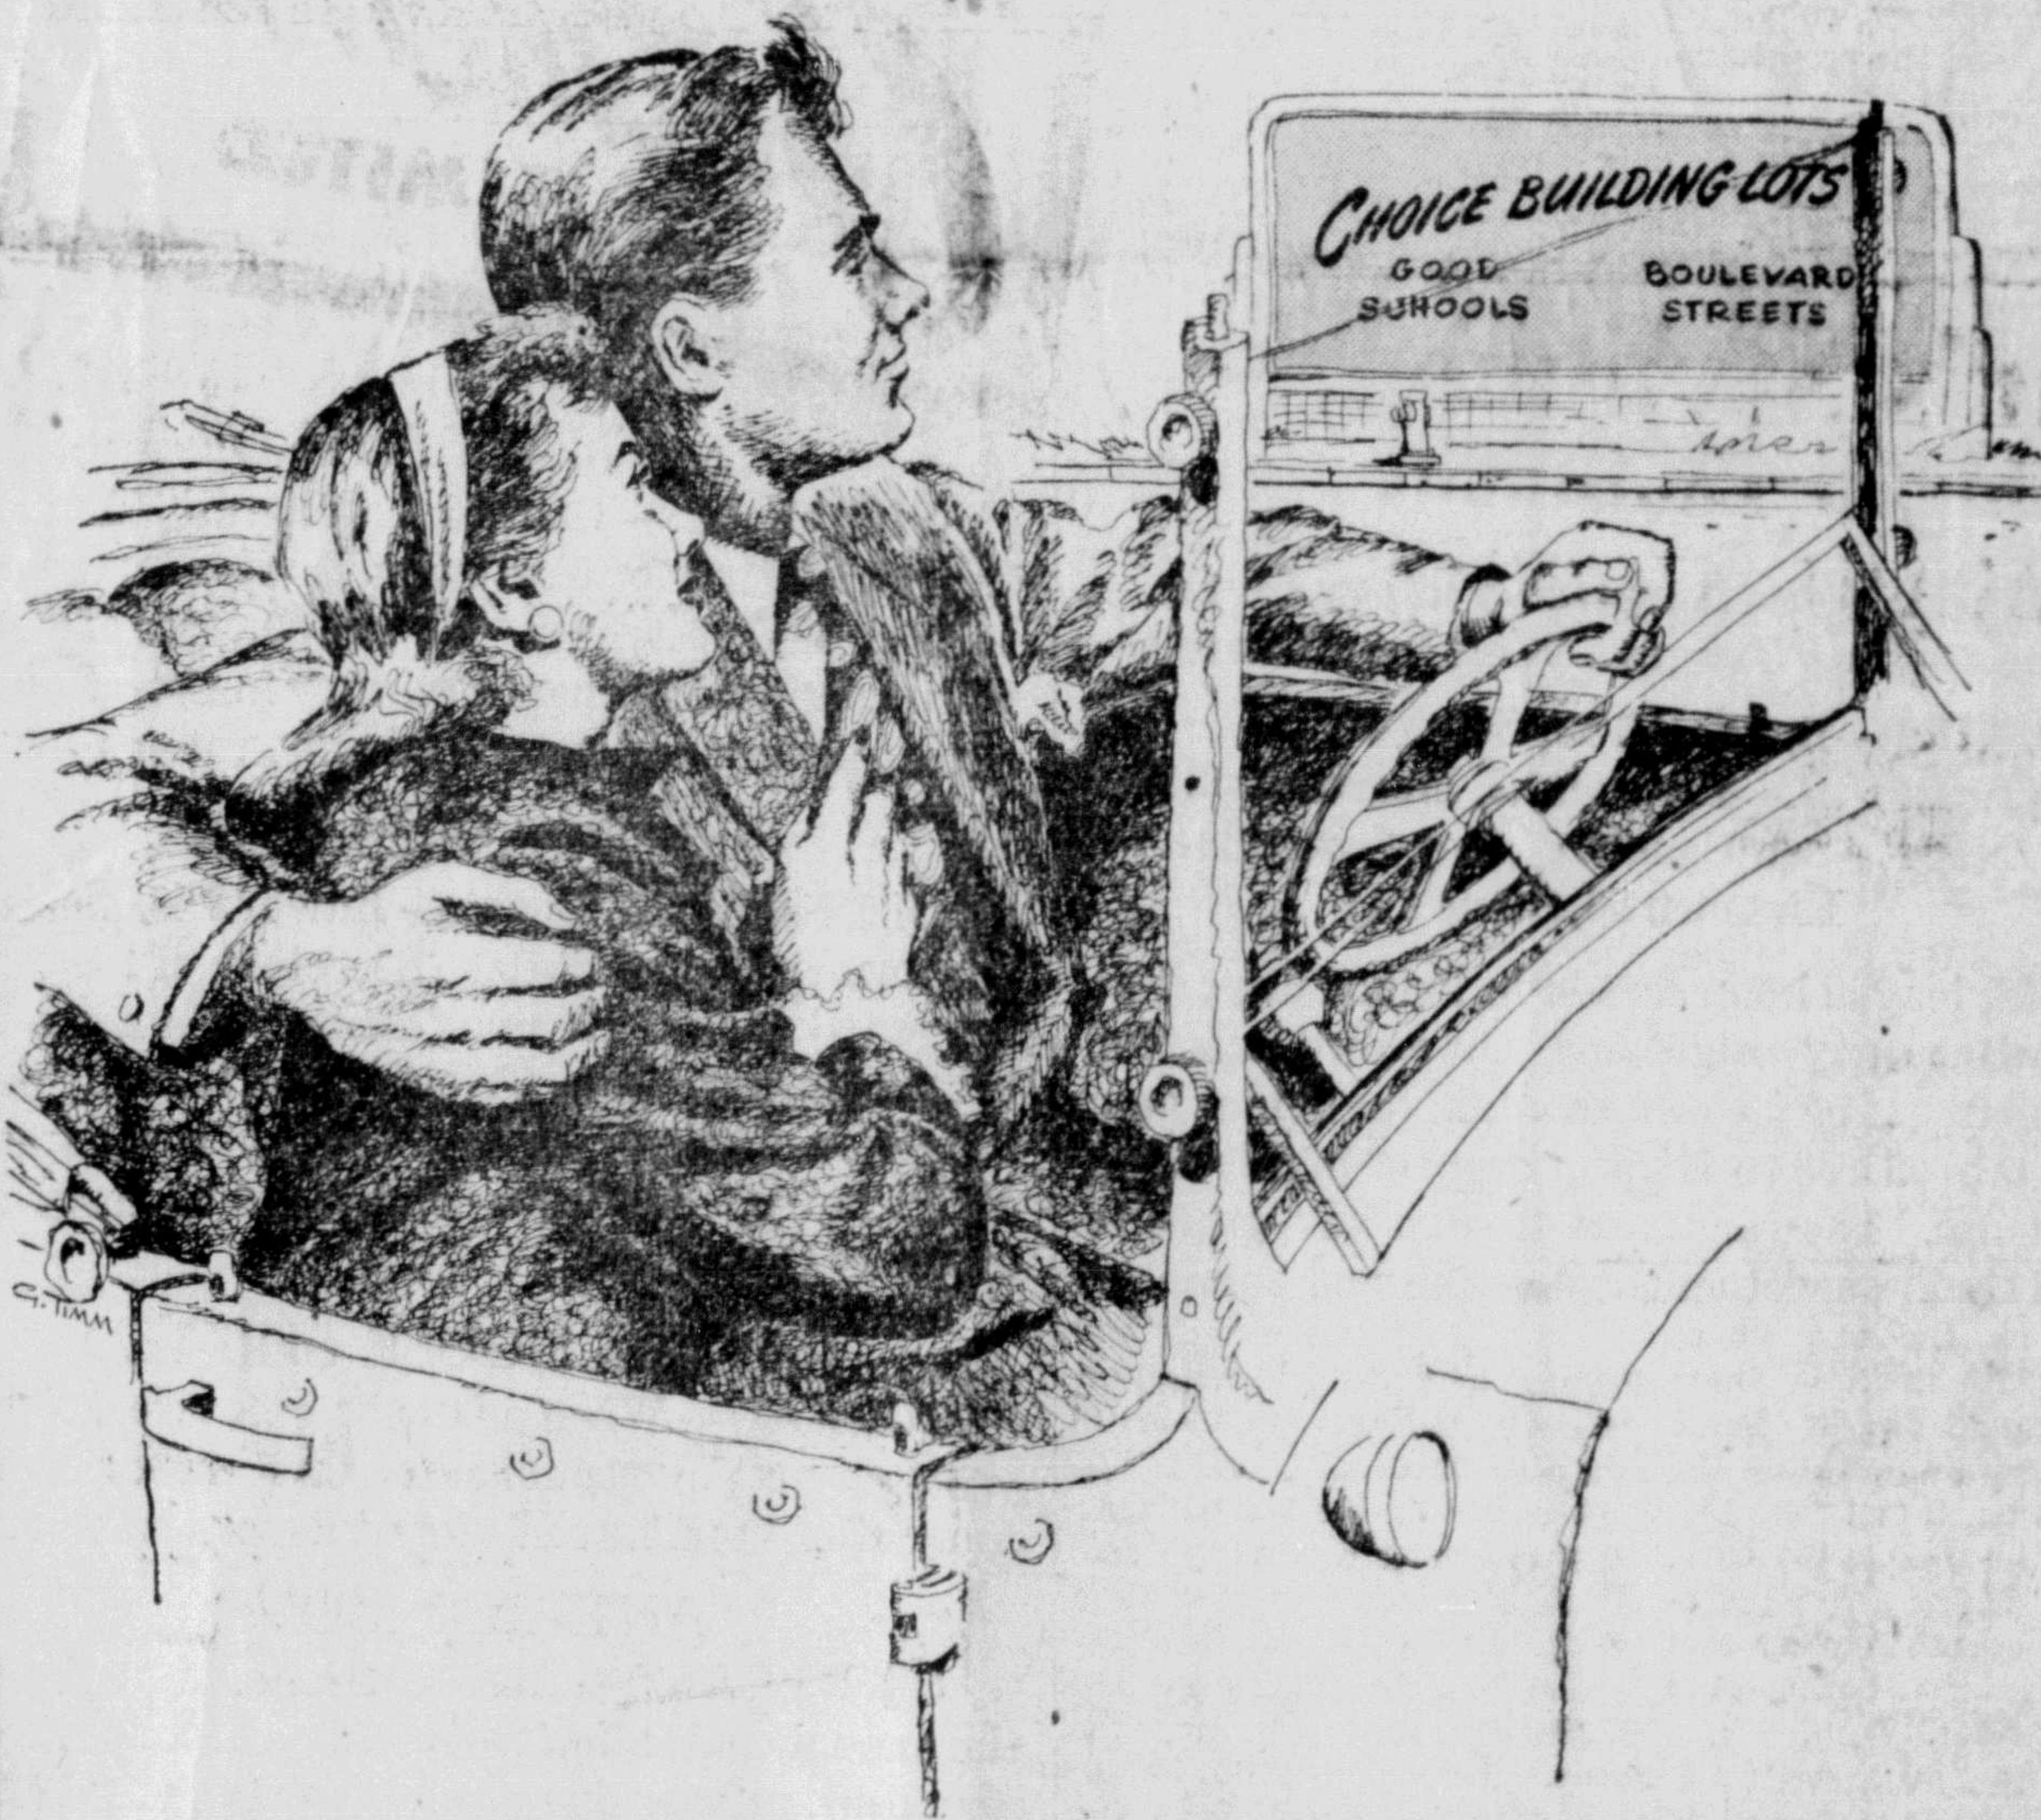

Wm. Mahlon-Davis, the first city engineer, designed a system suitable for a population of 20,000 within five years and the total cost was \$480,000. The lake is from 150 to 200 feet in depth and the surrounding watershed represents ten square miles of snow-capped mountain country.

Laurels have a habit of dropping when you try to rest on them.—Rosella Hughes.

Women in Vancouver, invited the other day to tell how they spent time on rainy days had a variety of answers. Here are a few. One said she could catch up on her sewing. One could read a good book and have the house cosy and warm. Another worked at clay modelling. Another welcomed a rainy day for then she was promptly served at stores if she went out. Another managed to sleep most of the time, and a householder who knew her own mind, said she loved a good storm anyway.

## Art Club Is Active Group

Another flourishing cultural group developing at the Civic Centre is the Prince Rupert Art Club which is meeting regularly with Mrs. J. T. Harvey as president and some twenty members enrolled. Local characters and objects are being sketched and at the meeting last week the sub-ject was a fully vocationally gar-bed local fisherman.

Miss Jean Faure, noted local artist, is acting as instructress and black and whites in pencil is the present form of drawing. The drawings are in three-foot lengths.

Next subject will be a live dog. Officers of the club are: Honorary President, Miss Jean Faure. President, Mrs. J. T. Harvey. Vice President, Mrs. L. M. Greene. Secretary - Treasurer, S. A. Cheeseman.

## HOOP SEASON OPENS

(Continued from Page One)

Ray Spring was a powerhouse for the school team, scoring 13 points.

Mickey Webster, just up from Intermediate play this season, looks like the rookie of the year and he turned in a handy eleven points for his efforts.

Syd Scherk was good for nine points, topping brother Don of the Co-op by one. The Scherk brothers seemed to get into each other's way all evening, Syd finally leaving the floor on five personals, the last one being on his older brother.

High School also lost Moore and Carlson by the foul route, Joe Davis getting the nod for the Co-op team for the same reason. Referees Comadina and Slatta called 28 penalties on the hard-working school team and 21 on the Co-op.

The game was marred by an accident to Jim Flaten, who had a fingernail jabbed in his eye necessitating medical attention.

Arney and Morgan were the big guns for Co-op with 16 and 10 points to their credit. Arney

was also high scorer for the evening.

Lineups and scoring  
Bo-Me-Hi—Carlson 4, Spring 13, Scherk 9, Webster 11, Moore, McChesney, Ratchford 4, Sharpe 2.—Total 43.

Co-op—Arney 16, Scherk 8, Morgan 10, Davis 1, Menzies, Haugan, Marshall, Flaten 6.

## INTERMEDIATE

The intermediate fixture between Fashion and Merchants was a ragged game, both teams fielding several new players in their line-ups as compared with last year. Scoring was low and Marshall of Merchants led the way with 8 points. Thirty-seven fouls were called by referees Calderone and Ciccone. Merchants had been predicted to win and they held the lead pretty well all the way although Fashion gave them a scare in the third quarter which ended all even at 15-5. The final score was 25-22 and Merchants earned the win.

Fashion—Gill 4, Intermeia, Hill 3, Hebb, 4, Scharff 6, Jones, Skog 4, Lien, Watson 1, Teichman. —Total 22.  
Merchants—Dumas 5, Currie 2,

IT PAYS TO ROLL YOUR OWN WITH  
**British Consols**  
Cigarette Tobacco

MILD, SWEET, BRIGHT VIRGINIA

Youngman 2, Marshall 8, Boulter 3, Anderson 2, Christoff, McChesney 3.—Total 25.

## JUNIOR LEAGUE

In the first of two Junior games the Boy Scouts outplayed and outscored a fighting Sea Cadet squad by the score of 30 to 17. Only in the first half did the Cadets hold the Scouts to a 12 to 9 half time score. The second half was all Scouts as they scored easily. Kristmanson was tops in scoring with 10 for Scouts while Toderas led the Cadets with 9.

In the second Junior game, Kinsmen took an easy 36 to 11 victory over an overwhelmed Stone's quintet. Stone's offensive in the first half was practically nil as they only managed to score 2 points to the Kinsmen 12. In the second half Kinsmen pulled out all stops as they garnered their second win of the season. Letourneau was the big scoring threat for Kinsmen with 13 points.

Individual scoring:  
Sea Cadets—Toderas 9, D. Leighton 2, Wing, Davidson 6, J. Leighton, Matthews, Chandler, Christensen.—Total 17.

Boy Scouts—Scherk 2, Hodgkinson 4, Eriksen, Ciccone 4, H. Webber 2, R. Webber 8, Pedersen, Findlay, Kristmanson 10.—Total 30.

Kinsmen—Peneff 1, Letourneau 13, A. Blackaby 4, McKay 5, H. Blackaby 7, MacIntosh 2, White 2, W. Blackaby 2, McAfee. Total 36.

Stones—Marshall 5, J. Parnell 4, Atkins 2, Stewart, Phillips, P. Parnell. Total 11.

## MANSON'S LEAD BOWLING AGAIN

Manson's were on even terms with Pioneers Sunday night in Mixed League Bowling as they tallied two points apiece. This places Manson's on top of the Mixed League although they have a game advantage over Macey's. Three teams were able to win four points apiece. They were Conrads from Royal Blues, Blowouts from Prince Rupert Plumbing, Sport Shop from Noble and Wick. In other games, Silver Streaks won 3 points from C. P. A. and Velvets won three points from Cantels.

High Ladies' single game was scored by B. Dunbar 238 and high ladies' total by M. Postuk of Blow-outs with 650. Men's single game Ian Dunbar 293 and also 3-game total 730.

Back in stride again adams's and Home Oil had plowed through their opponents Commercial and Canadian Legion to win four points each, Friday.

Jack Paul was largely responsible for the good showing of Mansons, bowling 268, 301 and 235 for a total of 802 pins, scoring high single and three game total for the evening.

Oddfellows, Undesirables, Jaycees No.1 and Rupert Motors each won three points from Triple C's, Crescents, Jaycees No. 2, and Ambassadors.

The standings to date:—  
Mansons ..... 21  
Maceys ..... 19

JUST LIKE HAWAII—Premier Nehru and his party received an oriental welcome from representatives of Toronto's Indian colony during a brief stop-over on their Canadian tour. Sarbjit Singh, daughter of the Indian Trade Commissioner in Toronto, is shown with her sister, Tardas, presenting Premier Nehru with a rose to go with the flower necklace he and his party are wearing. Shown here, left to right, are: Indian Trade Commissioner Gurpal Singh; Mrs. Singh; Mrs. Indira Gandhi, the prime minister's daughter; Tardas Singh; Mrs. Vijaya Lakshmi Pandit, Nehru's sister and Indian ambassador to the U. S.; Sarbjit Singh and Premier Nehru. (CP Photo)

PLACES WREATH—Defence Minister Chaxton, in Washington for conferences with Atlantic Pact nations as Canada's representative, prepares to place a wreath on the tomb of the Unknown Soldier in Arlington National Cemetery, just outside the U. S. capital. Lined up behind him are defence ministers from the other Atlantic Pact nations. (CP Photo)

Why  
Monamel  
is  
BEST AT ANY PRICE!

MORE BEAUTIFUL—MORE DURABLE

Because MONAMEL has always contained finest **PLASTIC RESINS** its gleaming surface is **extra hard** . . . resists acids, alkalis, stains, scratches . . . can even be scrubbed without marring its glossy finish. MONAMEL is color-fast, combining **lustrous beauty** with **lasting quality**.

GREATER HIDING-POWER & COVERAGE

Because MONAMEL has always contained **HIGH-STRENGTH TITANIUM** it gives **maximum hiding power** . . . and covers more area with **one coat** (over previously painted surfaces). The special process used in suspending the **TITANIUM** in MONAMEL, assures smooth, even body and consistent, through **opaqueness**.

EASY TO APPLY—ECONOMICAL

Because Monamel is now **better than ever** due to recent ingredient discoveries now incorporated in it. No higher quality is obtainable at any price. Monamel is **ready-to-use**, amazingly **easy to apply**, and **dries quickly**.

**Gordon & Anderson**

THIRD AVE.

PRINCE RUPERT, B.C.

#### WHAT ARE WE TRYING TO DO?

We try to have what people want.

We want our goods as good as you expect them to be according to the price you pay.

We try to sell well known goods at the prices advertised all over Canada.

Community silver, Bulova and Gruen watches Parker and Waterman pens are examples.

We sell Big Ben clocks at the same price as the jeweller in Peterborough where they are made.

We try to be earliest with the latest new goods.

We are trying to build a reputation for reliability and service.

No high pressure: no marking up goods to give a discount off.

Just plain reasonable profit.

**Bulgers**

# Bo-Me-Hi News

## HALLOWEEN DANCES

### Hallowe'en to be Observed With Two Student Dances

There will be two student dances held on Hallowe'en night. The senior dance at the Civic Centre will be sponsored by the Senior Council.

Decorating and refreshment committees are made up of Council members, who are consequently extremely busy. Dress will be informal, but the emphasis is on blue jeans and plaid shirts. A phonograph in care of Gerrie Prockter, will provide the motive power for the dances. Naturally, it is hoped there will be good attendance, both for the benefit of the Council's treasury and for the enjoyment of the pupils.

The Junior dance will be held in the Booth School auditorium. There will be games, refreshments and dancing, accompanied by gramophone music. Although the fun is not guaranteed, there is sure to be plenty of it. —Arnold Olsen 12-1.

## Lasting Things

These Things Remain Though Dynasties Pass.

1. The teacher, who, scribbling with the speed of light, covers the blackboard with important notes then effectively shields them from prying pupils by standing directly in front of them until the bell rings.
2. The student who is attacked by hay fever as the teacher has succeeded in gaining the attention of the class.
3. The 15 math problems to be handed in the morning after the night before.
4. The chalk-chewing teacher who wonders why there is never any chalk.
5. The joker who makes girls want to chew their toenails by scraping a ruler on the blackboard.
6. The fly in the ointment who wants to study when there is an important baseball game to discuss.
7. The fly in the ointment who wants to read poetry aloud when the rest of the class wants to study.

## Personalities

### Gerrie Prockter

The Grade Eleven (2) class representative for 1949 is Gerrie Prockter. Gerrie was born on September 26, 1933, in Regina, Sask. She has spent parts of her life in Sheffield, Eng., Williams Lake, Macklin, Sask., and Vanderhoof. She has lived in Prince Rupert since 1945. Her primary education was received at several schools. She has taken grades 8, 9, and 10 at Booth. Gerrie's hobbies are both extensive and interesting, for not only does Gerrie play badminton, swim and ski, she also collects stamps, match cases and pendants. Much of her other spare time is spent in helping direct a Brownie pack, in teaching Sunday School and singing in a choir. She likes Prince Rupert and does not wish to leave, partly because, to use her own words, she likes the rain.

### Fred Kristmanson

Fred Kristmanson is the 8-1 representative on the Junior Council. He first saw the light of day in Prince Rupert on September 12, 1936. He attended Kind Edward school from grade 1 to 6 and has attended Booth since then. This is not his first year on the council. He was the class president in grade 7. His favorite sports are basketball and baseball. He is a member of one of the local Boy Scout groups and has joined the Boy's Cooking Club at school. His hobby is stamp collecting. He has as yet no plans for the future after he leaves school.

### Ray Hunter

The class representative of Grade 12-1 is the well-known Ray Hunter. Ray was born on June 19, 1932, in Ventura, California. He has lived only 1 1/2 years in Prince Rupert having been in Ventura for six Vancouver for five and Castaic for the other five. He attended Lord Selkirk Elementary, Templeton Junior High and King Edward Senior High in Vancouver. This is not his first year as a class representative having held this position in King Edward High. His main hobbies are swimming, tennis and art. In connection with the latter he is a member of the Price Rupert Art Club. He is also on the Aurora. His future is still rather hazy but he is coming back to Booth for Grade 13 next year.

### Marion Greenwood

Marion Greenwood, whose name is often associated with the athletic groups at Booth, is this year's capable Senior Girls' sport representative. Marion, who was born in Winnipeg, June 25, 1932, has spent 14 of her 17 years in Prince Rupert. The other three were spent in the city of her birth. She took her first three grades at the Seal Cove School, the next 3 at King Edward and the remainder at Booth. At the moment Marion is in grade 12 and taking the University Entrance Course. Her personal life is very crowded these days because not only is Marion a player on the Bo-Me-Hi Rainbirds but she also coaches the junior girls' team and does valuable write-ups on sporting events for the journalism club. Naturally Marion is a Civic Centre member as her chief interests are,

## Editorial

### HALLOWE'EN

TODAY is Hallowe'en, or as more classically known, Holy Eve, the eve of All Saints, occurring on November 1.

Hallowe'en is also recognized as a time of good cheer and frolic and fun and possible romance, but keeping within the limits of propriety which, of course, is understood. There will be dances, games and contests, and numerous homes will, doubtless, have callers, many of whom it will be next thing to impossible to identify.

### SPORTSMANSHIP

To me there is no more enjoyable sport than basketball. Basketball is clean, fair and square. I find it is not half as much fun if one or two players keep the ball between themselves and that it is a lot more enjoyable if all the players get a chance to play. To play one doesn't have to be an expert player out willing to learn. One needs to be a good sport to be a good basketball player. These are the reasons why I enjoy playing basketball so much.

As can be seen, in line of sports. Finally, her ambition is to be a physical education teacher a future in which she can do nothing but succeed. Her ambition is to be either a physical education teacher or a nurse. However, we feel sure Marion will succeed whatever her profession.

### SIZE OF ATOM

A boy stood on a burning house And on the boy there stood a mouse And on the mouse there stood a bee And on the bee there stood a flea. And on the flea there softly sat Ten million atoms of this and that.

## Senior Dance Was Success

Two weeks ago on Oct. 14 the senior council of Booth Memorial High School held a dance in the canteen of the Navy Drill Hall. Music was provided by a phonograph under the direction of a large group of students. The M.C., Arnold Olsen persuaded several couples to dance. Soon after this, a seemingly tremendous crowd

ed the floor. At the dance this body retreated each lighted by stuck in a bottle. partook of refreshment form of doughnuts which were brought room set aside for dances varied from schottisches with between. This pace until 12 p.m. when waltz was played and agents quickly dispersed ways. The dance was ly successful, as it w
