### PHILIPPE ROY DIES

OTTAWA-Philippe Roy, 80, former Lieutenant Governor of Alberta and one-time Canadian ambassador to France, died here today. He was born at St. Francoise, Quebec, and educated at St. Anne de le Pocatiere College and Laval University.

### MAY AMELIORATE TAX

VICTORIA-Political observers say the government may be asked either to withdraw the three percent sales tax on restaurant meals or raise the present fifty-cent exemption. They believe that some back benchers, who do not like the tax, will demand some concession at the next session of the Legislature because an election is due next year.

### TO LIFT AUSTERITY

OTTAWA-Informed sources said today that they expect further relaxations will be made in the near future in prohibitions and quotas under the government's dollar saving austerity program which was launched a year ago to conserve hard currency by restricting imports from the United States. Sources said that steady improvement in Canada's foreign exchange position made it obvious that changes would be forthcoming.

### WISMER MAKES CHARGE

OTTAWA—Dispute as to whether the Canadian Pacific Railway gives favored rate treatment to its British Columbia subsidiary, Consolidated Mining & Smelting Co., flared before the Board of Transport Commissioners yesterday. Attorney-General Gordon Wismer contended that the C.P.R. undercharged C.M.S. and overcharged the rest of British Columbia. This was denied by General Traffic Manager C. E. Jefferson who said the Attorney-General's contention was "most absurd and unjustifiable." Chief Commissioner M. B. Archibald said the Board would do the judging.

University of B.C. Speaker Thinks Little of Generalissimo

VANCOUVER-The director of the Chinese Publicity Bureau in Vancouver does not think highly of Generalissimo Chiang Kai-Shek, according to what he recently said here. In an address to University of British Columbia United Nations Club, he declared Chiang is not interested in the Chinese people or nation. He said Chiang wants to build up power for himself, wife and brothers-in-law. The speaker was named Mor Cheolin.

Another Chinese speaker, Professor Ping-Ti-Ho asserted Chiang's private fortune is away into the millions.

### Red Troops Advancing -U.S. Marines to Shanghai

NANKING (CP)-President Chiang Kai-Shek extended martial law to all China under nationalist control except for the far western provinces and Formosa. The generalissimo's action was taken amid the deepening civil war crisis. Both Nanking and Peiping, North China metropolis, are threatened by the Chinese communist armies.

Chiang's proclamation extends military jurisdiction to areas thus far remote from the fighting. Shanghai, Nanking and Peip-

Frince Empert Dally News Ltd., 3rd Avenue, Prince Empert, British Columbia G. A. HUNTER, Managing Editor, H. C. PERRY, Managing Director.

FAST MINUTE FEARS notwithstanding and no Ladoubt partly due to the eleventh-hour appeal for entrants, a good and adequate list of candidates is in the field for the forthcoming civic election next Thursday. Seventeen public spirited citizens are to be commended for coming forward to offer their services. They present a good selection to choose from and, while nine of them will be defeated, all will have the satisfaction of knowing that they came forward to offer of their time and talents in dealing with problems which are many and difficult and in a service which is often thankless and unappreciated.

Now the seventeen good candidates are in the field, agreeing to accept the work and the responsibilities if they are chosen to do so, it should go without saying that a keen interest will be taken in the questions and problems at hand and that, when election comes next Thursday, there will be a full turn-out of voters to cast the tokens of their favor. It is mighty poor citizenship to be disinterested. So now the watchword is "Get Out and Vote."

### THE TELEPHONE PROJECT

(ASE in favor of the city council's \$550,000 telehone project, upon which the voters are being asked to give an expression of opinion at the civic election next week, was put with considerable efeffect before two local organizations yesterday by Ald. Thomas Black and, in summarized form, is passed on to the public through our news columns today. He would appear to have made a fairly sound tinancial analysis leading up to the somewhat optimistic conclusion that "when the loan is paid off in 20 years, the system will be as good as new and financially unencumbered"

The purpose here is not to answer or dispute Ald. Black but to express appreciation to him for having gone to the trouble to bring his financial explanation of the matter before the public which should be considering the pros and cons seriously before expressing its opinion in the plebiscite.

### DEAD IN EITHER CASE

OF COURSE there are vast differences between U communists and socialists.

The communist is an arsonist who burns down the house for the good of his cause. The socialist is a fellow with good intentions who sets a fire to warm things up a bit. He never notices that the \* wind is in the wrong direction.

Historians may say that the communist was the murderer of the Canadian's political and economic right. But the judge could do no more to the socialist than convict him of manslaughter.

In either case the victim would be dead.
