## Western Allies To Appeal To U.N. On Berlin

### Meeting With Being Sought

(CP)—Western power diplomatic today that Great Britain, the United States and the United Nations to the Berlin crisis is a new direct bid to request an immediate meeting with Prime Minister Joseph Stalin in order to reach an agreement.

Meantime in Berlin the Soviet administration's official newspaper today accused the western allies of "inciting" Berliners against Russian communism. The entire communist press railed against anti-communists in the most abusive terms yet used. They warned that Thursday's bloody street fighting following a huge anti-communist demonstration might have "serious consequences."

The Russian-licensed news agency A.D.N. reported last night that a German-led spy ring "supported by British and United States authorities had been smashed in eastern Germany with the arrest of fifteen agents."

### COALITION IN DANGER

Looks Like Trouble in Manitoba as Liberals Nominate for Conservative Seat

WINNIPEG, P. — Manitoba's eight-year old political truce under the coalition government appeared headed for a crisis today. Officials of both Liberal and Progressive - Conservative parties are bracing themselves for a knock-down drag-out battle over nomination of a Liberal candidate in Minnedosa provincial by-election as successor to a Progressive - Conservative H. S. Rungay of Newdale has been chosen as candidate. Dr. E. J. Rutledge had been the Progressive - Conservative member since 1927. An unwritten agreement said that the parties would not oppose each other in single member seats. The idea was that the parties would retain the seats held at that time.

### CONTRACTORS SUING GOVT.

As Result of Alleged Changing of Specifications on Hart Highway

VICTORIA, P. — Campbell Construction Co., contractors on Section "A," a 98-mile stretch on the John Hart Highway from Prince George to the Peace River district, is suing the British Columbia government for \$1,500,000 to \$2,500,000. A petition of right was granted by the cabinet some months ago to permit of the suit. The company is asking for general damages, claiming that alterations of specifications by government engineers made the work much more difficult than contemplated. The government denies the claim, contending that the company released it from all responsibility for more difficult work.

### Lottery Case Is Dismissed

Northern B.C. Agricultural Association Cleared in Car Disposal

Because the prosecution had failed to adduce evidence as to the actual existence of the organization named in the information, Magistrate W. D. Vance in city police court here Friday afternoon dismissed a charge against Northern B.C. Agricultural Association of unlawfully conducting a lottery in connection with the disposal of a Chrysler sedan at the recent Civic Centre Carnival in Prince Rupert.

The case arose following the sale of "shareholders" tickets in the automobile which culminated in a "division of property by lot." In view of the fact that not even documents had been produced to establish the existence of the Association, the magistrate decided that there was nothing for him to do but dismiss the case. Although, as it turned out that point was not necessary in the case of the defence, T. W. Brown, defence counsel, contended that an effort had been made to comply with the Code in legal division of property by lot. Rod MacLeod acted as counsel for the crown. Witnesses were Alex McRae, who told of handling an order for the printing of 10,000 tickets for the printing of 10,000 tickets in court; Constables Robert White and G. L. Simons, who purchased tickets on instructions from the chief of police and later attended drawing proceedings at the Civic Centre conducted by T. N. Youngs, who indicated that the nature of the car disposal proceedings at a meeting of shareholders was legal.

### FORTUNE IN TUNA FISH IS LANDED

During the month of August 685,200 pounds of tuna have been landed in Prince Rupert which extends from Alaska south to Cape Caution. Value of the catch is placed at \$171,889.

## Bulletins

### MEET ON BERLIN CRISIS

WASHINGTON—Top British and United States officials, including Senator Arthur Vandenberg, chief Republican policy maker on foreign affairs, met in extraordinary session today on the Berlin crisis with Russia.

### ACTRESS' INJURY MYSTERY

HOLLYWOOD—Blonde Rita Johnson, once considered a successor to Jean Harlow, is in critical condition today with a brain injury suffered mysteriously four days ago. Thursday night she underwent delicate surgery and had a blood clot removed. Her condition was reported "slightly improved" today. Detectives are investigating. The actress was on her way out to dinner when she complained that she had bumped her head. Then she partially collapsed without saying how. She had a large bump, bruised lip and brain concussion.

### COMMIE PURGE APPROVED

LONDON—The Trades Union Congress yesterday defeated by a narrow margin a resolution criticizing the government's procedure in purging Communists from the United Kingdom's civil service. The resolution, sponsored by the Association of Civil Service Designers and Draughtsmen, threw the convention into a bitter, two-hour, noisy debate.

### BROTHERHOOD SUSPENDED

OTTAWA—Split in the ranks of the Trades and Labor Congress of Canada over the issue of Communism brought the executive of the 370,000-member organization together yesterday in emergency session. The seven-man executive met to consider "action of some kind" over a major deviation from Trades and Labor Congress policy by a group of 32 high-ranking officials of unions within the Congress. The deviation consisted of endorsing last week's merger of the Seafarers' International Union (AFL) and the Canadian Lake Seamen's Union. Today the executive decided to suspend from the Congress the powerful Brotherhood of Railway and Steamship Clerks for failing to repudiate the action of Canadian Vice-President Frank Hall in directing the merger aimed against the Canadian Seamen's Union, Congress affiliate, which is allegedly red-dominated.

### AIR EQUIPMENT STOLEN

WINNIPEG—The Winnipeg Free Press said today it had learned that secret air field equipment had been stolen from Stevenson airport here and that Royal Canadian Mounted Police experts were investigating the possibility of an unnamed foreign power being responsible for the thefts. The newspaper said that Minister of Transport Chevrier had confirmed that there had been a theft of important parts of new instrument landing equipment.

### DI MAG GOING STRONG

NEW YORK—Sparked by the greatest present Yankee of them all, jolting Joe Di Maggio, the New York Yankees declared themselves back in the American League pennant race yesterday. Di Maggio rekindled the pennant hopes of the defending world champions with a tremendous grand slam home run that brought the Yanks an 11 to 6 victory over the league-leading Boston Red Sox. The defeat cut the lead of the Sox over the Yanks to 2½ games.

### APPOINTMENT CONFIRMED

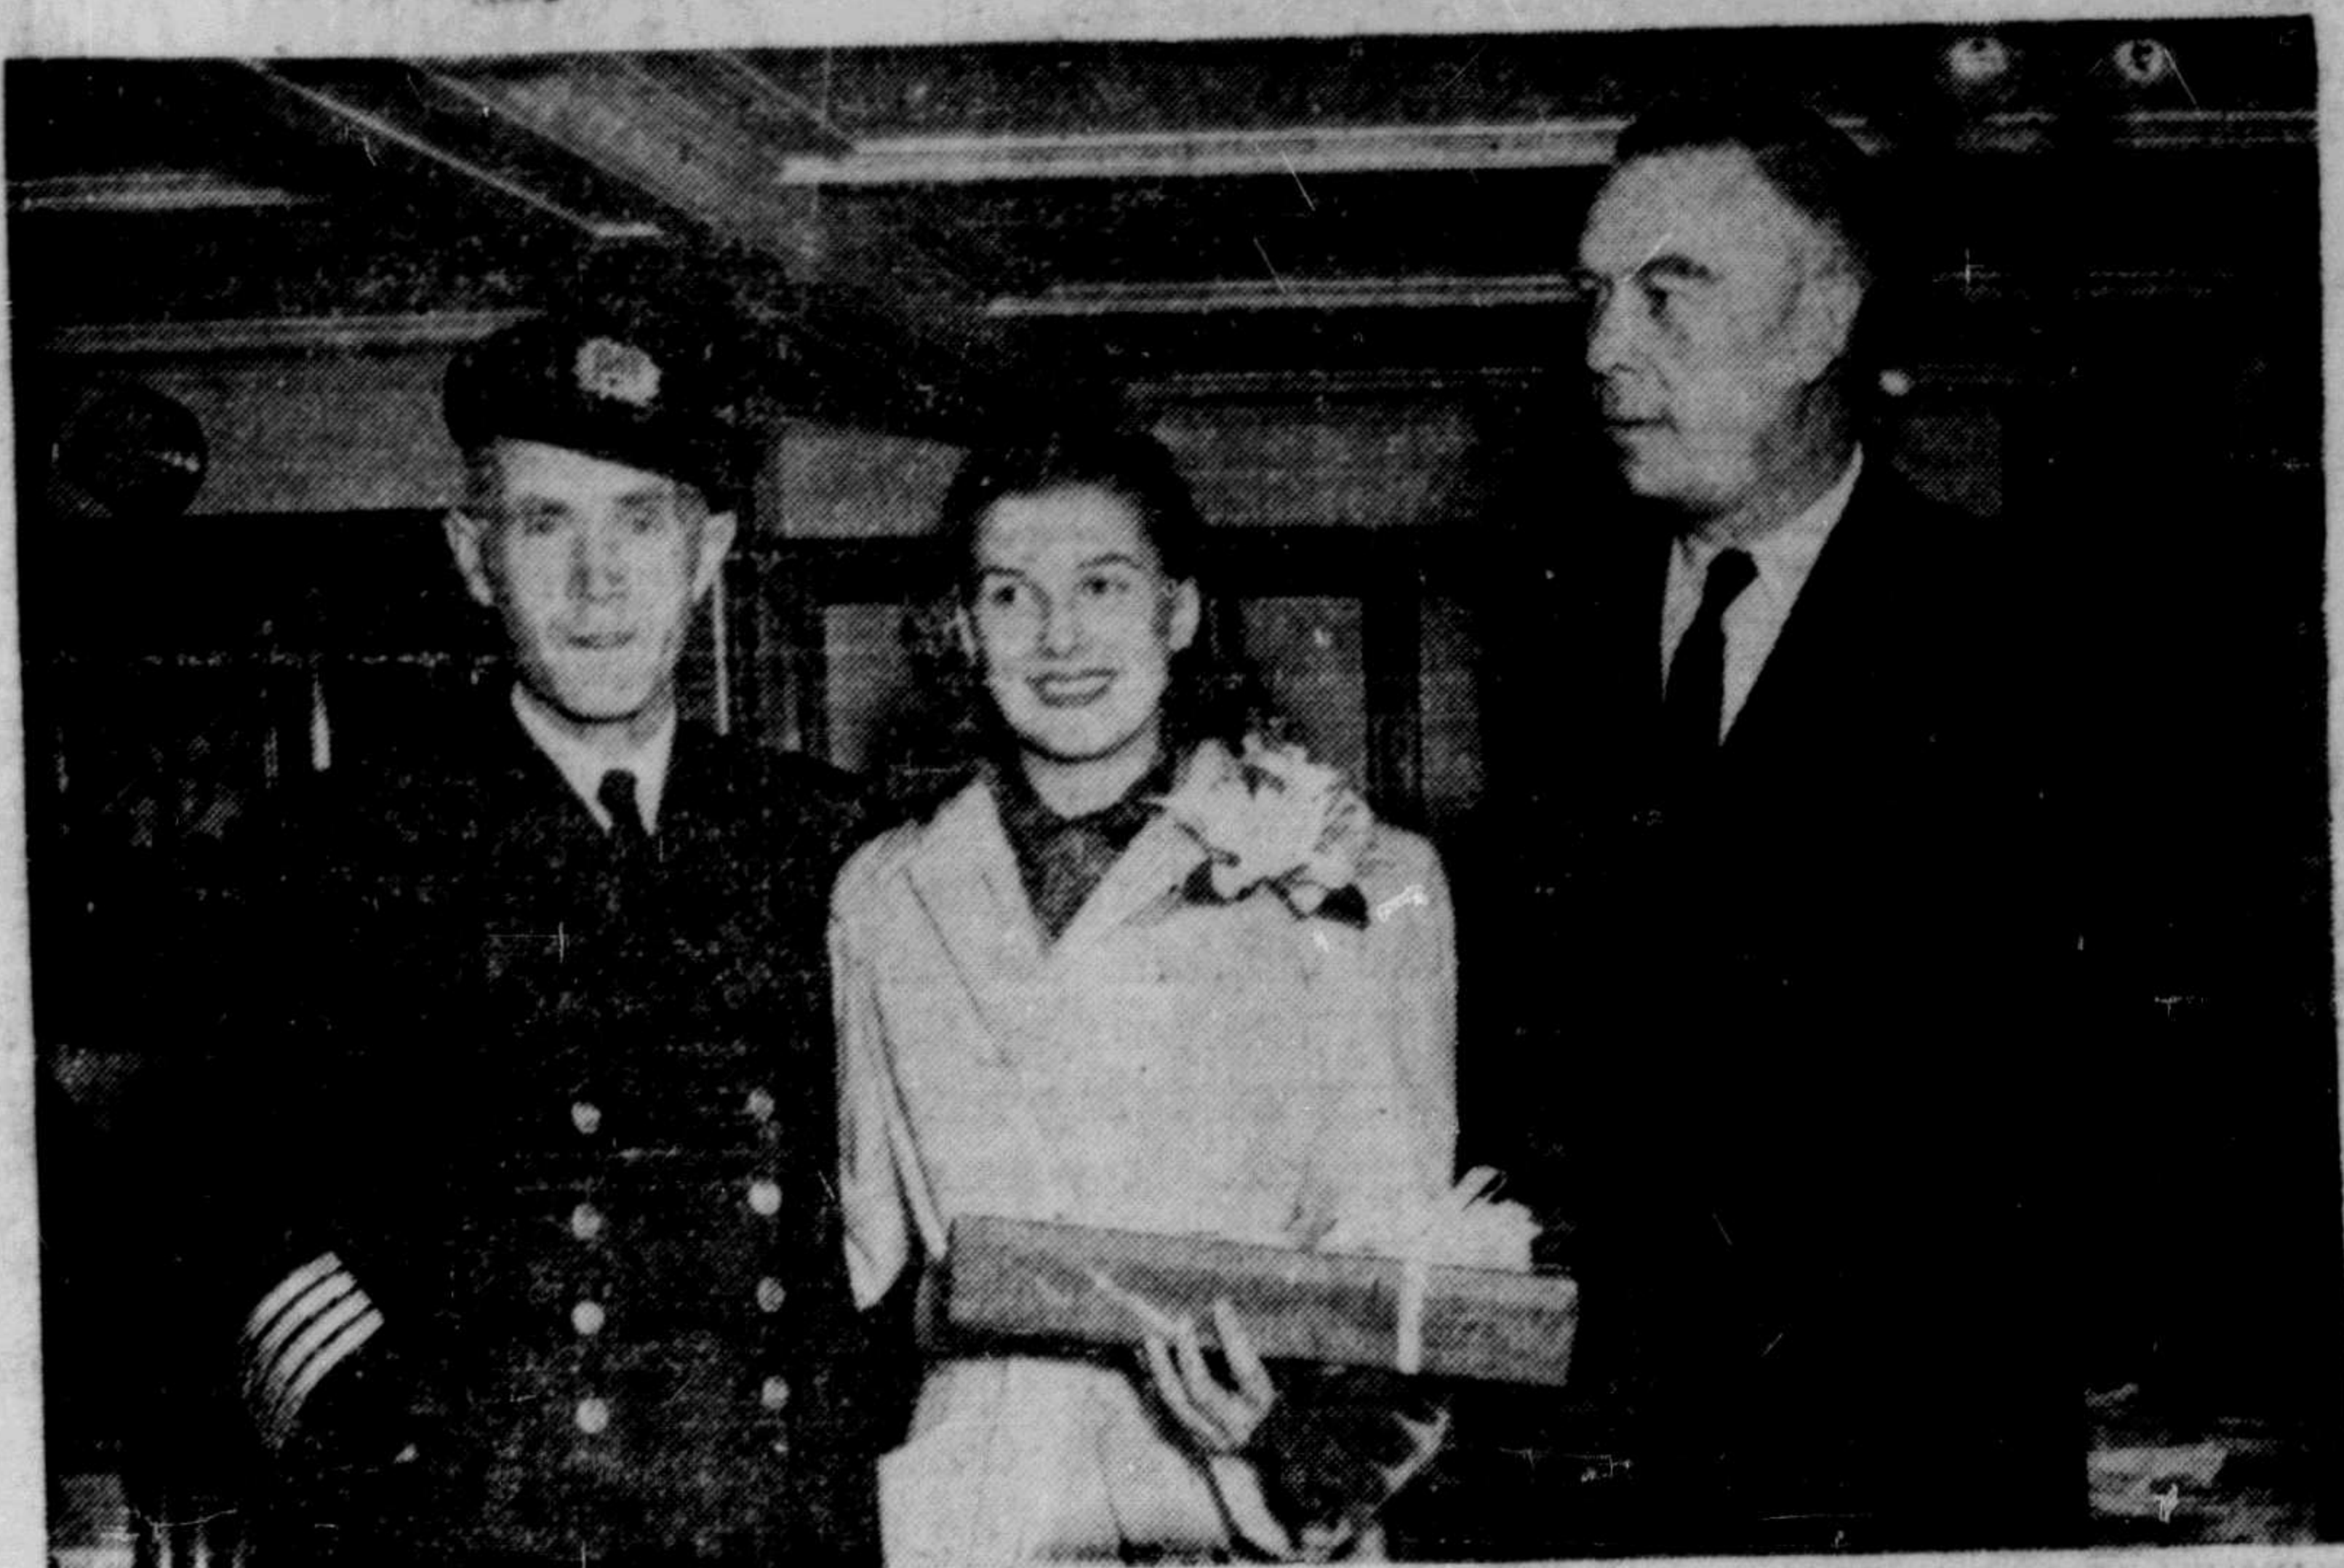

OTTAWA—Prime Minister King, at a farewell press conference, confirmed the appointment of L. B. Pearson as minister of external affairs. He was sworn into the cabinet yesterday and will contest the Ontario riding of Algoma East in a by-election on October 25 to fill the vacancy caused by appointment of Thomas Farquhar to the Senate. Mr. King said he would retire as Prime Minister as soon as he returns from a trip overseas.

### BASEBALL SCORES

**American League**  
New York 11, Boston 6.  
Detroit 1, Cleveland 10.  
Philadelphia 9-3, Washington 6-0. (Second game eight innings called).

(Only games scheduled).

### THE WEATHER

**Forecast**  
Queen Charlottes and North Coast—Cloudy today and Sunday. Occasional light rain or drizzle early Sunday in extreme northern section. Winds northwesterly (15 m.p.h.). Little change in temperature. Lows tonight and highs Sunday: Port Hardy and Massett 50 and 60, Prince Rupert 52 and 62.

PRESENTATION—Culmination of many triumphs and gifts from admirers was the presentation (above) by the Union Steamships Limited to Miss "PNE" (Margaret Brain of Prince Rupert) of a sterling silver Bessborough dresser set. Gerald McBean (right) general manager of Union Steamships, made the presentation to Miss Brain under the approving glance of Captain Ernest Sheppard, master of the SS. Catala, which brought Miss Brain back home to Prince Rupert yesterday afternoon.

AT CAPTAIN'S TABLE—Happy after her triumphs in Vancouver and Hollywood the 17-year old beauty smiles as she rejoins the Catala on her homeward trip. Miss Brain is shown in the lower picture at the skipper's table.

## 'It's Wonderful' to be Home, Miss 'PNE' Tells Admiring Townsfolk

Demonstration of Acclaim Brings Finale to Conquests of B.C. Beauty Queen

"It is just wonderful to be back home," declared lovely Margaret Brain as she stepped from the gangplank of the Catala and into the waiting arms of her mother and two brothers yesterday afternoon. Her first act was to pin her orchid corsage upon her mother.

Wearing the silver blue fur coat that had been presented to her before she left for the south, with her curls capped by a wine-colored original Madame Louise hat modelled after the Robin Hood style and with matching gloves, handbag and slippers, she had all the chic and style of a fashion model combined with the unspoiled fresh beauty and poise of youth. As cameras whirled and clicked Acting Mayor A. S. Nickerson, accompanied by Aldermen W. F. Stone, Arthur Brooksbank and T. B. Black, stepped forward to present "Queen Margie" with congratulations on behalf of the City and a beautiful bouquet of carnations and roses. As the welcoming delegation escorted the guest of honor along the dock to the waiting cars the large crowd broke into spontaneous cheers and George Brown, a member of the Shriner's Band, played "Margie" on his trumpet.

Accompanied by Alderman Nickerson and Mrs. Donald Morton, her official companion during the southern trip, "Margie" was driven through the streets of the city to the steps of the Court House. Leading the motor parade was the smartly uniformed Shriner's Band. And behind the decorated open car bearing the "Queen" came a car carrying Mrs. Brain, Victor and Gordon Brain and Mrs. R. Berry and her daughter. It was followed by vehicles containing the aldermen. Some dozen cars of well wishers completed the parade.

As the procession moved down Third Avenue under a beaming sun, people lined the street to get a glimpse of the girl who had won the beauty title of "Miss PNE," and the hearts of all those she had appeared before during her southern trip. She waved jauntily to the crowds. Presented with a brooch in

the form of a key to the city, "Margie" thanked Acting Mayor Nickerson for his warm address of welcome and for the city's gift.

"This reception is overwhelming," Margie admitted as she stood beside her mother and greeted the crowd of admirers on the Court House grounds. "I had a wonderful trip but I didn't know that half the people knew there was a beauty contest on. It is just wonderful and I want to thank you all."

Following the official welcome, Margie and her mother were escorted to their home by Acting Mayor Nickerson. The only mark on the day's reception was the absence of Margie's father, L. A. Brain, whose boat, the Universe, didn't get back from a trip to Bella Bella in time for him to meet his daughter as the Catala came in.

Last evening, over radio and from the Capitol Theatre stage, Margie availed herself of the opportunity to express her appreciation of the good wishes and support of the home folks throughout her great adventure. Her experiences in Vancouver and Hollywood had been marvellous but it really was good to be back home among the folks she really knew.

Highlights of her trip, Margie describes as the meetings with Alan Ladd, Frank Sinatra, Gene Kelly and Jimmy Durante. All were "regular" hard-working folks "even as you and I."

Special appreciation was voiced by Margie to Mrs. Betty Morton who had been her chaperone and real pal on the trip to Vancouver. A further presentation at the

Capitol Theatre was that of John Bulger & Son of a handsome compact.

Margie wore a smart short black dress with gold trimmings. So large were the theatre crowds that she was called upon to make two stage appearances. Manager J. Harry Black was the theatre interviewer and R. G. Moore on the air.

## Mrs. Todd Is Winner

JASPER PARK — Repeating her victory of last year with an exhibition of good sound golf, Mrs. J. H. Todd of the Oak Bay Golf Club, Victoria, defeated Mrs. Frank Dunn, Broadmoor Golf Club, Seattle, in the final for the ladies' championship here yesterday 3 and 2. Mrs. Todd has now equalled the record of Miss Barbara Winn, of Seattle, by winning the ladies' division twice in succession.

In the men's championship the players turned in some good and some loose golf but favorites finally came through and J. Edgar Green, Seattle, defeated Jack Starky, twice winner of the trophy, 4-2 in the top half and Gordon Verley, Victoria, defeated Dr. V. E. Fowler, Astoria, Wash., 3-2 in the lower bracket. Today the Totem Pole championship is being played over 36 holes between Green and Verley and the prizes won during the tournament will be presented by Lieutenant Governor J. E. Bowen.

### ALL SQUARE AT EIGHTEENTH

At the end of the first 18 holes in the Totem Pole golf championship today Gordon Verley, Victoria, and Edgar Green Seattle, finished all square. At one stage Green was three up, but steady golf on the incoming nine brought the match to even terms at the eighteenth.

Peter DeJong, former businessman of Prince Rupert, arrived on the Catala yesterday to pay a visit in the city on business.

## Developing Prince Rupert

AT THE SAME TIME as our old friend George Nickerson was complaining at a meeting of the Prince Rupert Liberal Association about the failure of the federal government and the railway company to live up to the original intentions in regard to the development of the port of Prince Rupert, Senator J. G. Turgeon was doing likewise at a Liberal meeting in Vancouver. It was an interesting coincidence.

Maybe we have been a little quiet of late in the campaign to bring about the usefulness of this part of the country in the national economy of Canada. Certainly, if we do not always keep it to the fore ourselves, we are inclined to be forgotten, even by the federal cabinet ministers who come to the coast and so consistently pass us up.

Now that Mr. Mackenzie King, who for all his greatness has, in the opinion of many of us, not been the complete friend of Prince Rupert that he might have been, is dropping out, it should be a good time to endeavour to impress upon the new regime our aims, aspirations and just claims in the hope that there may be a renewal of interest in the vision of a former great French-Canadian Prime Minister who had much to do in bringing us into being.

Meantime, the comments of Senator Turgeon, actually a Vancouver man, are appreciated. As a matter of fact, this is not the first time that he has taken up the cudgels on our behalf.

## SOMETHING TO SELL

EDWARD T. APPLEWHITE, the Liberal candidate for Skeena in the forthcoming federal election, makes out a strong case for the Liberal party as the only one that is really equipped and imbued to give Canada truly representative government and to maintain the unity and equilibrium of the nation. What Mr. Applewhite says is reasonable enough.

There is no doubt that the Liberal party, its mistakes and possible infirmities through such a long period of power notwithstanding, has a real bill of goods to offer. The trouble is that it has not been selling itself to the public. At the same time other parties have been offering their blandishments and have been successful in their salesmanship to the electors, particularly in the area right around these parts.

The Liberals should realize, no less a person than the retiring Prime Minister himself has warned them, that it is organizing and campaigning that they need. They have something good to sell. It is their fault if they allow it to go begging. They have been falling down terribly in the matter of party promotion.

## CHANGE THE LAW

A CHARGE AGAINST the Northern British Columbia Agricultural Association of operating a lottery was dismissed in city police court here yesterday. Actually, a technical point brought about the dismissal of the case, the court finding that the actual existence of such a defendant had not been proven. No ruling needed to be made under those circumstances as to whether or not there had been a violation of the law.

It was not an actual acquittal although, even if there was an offence, a conviction would, undoubtedly, have been unpopular.

There are many who feel that prosecutions of this kind should not be possible. It brings up the old question of legalization of sweepstakes, lotteries or whatever they may be called, for worthy causes, making them open and above board and without having to resort to dodges and subterfuges which are really evasions of a law—a law which many feel is out of keeping with the spirit of the times.

It is at least an inconsistent law when one considers that one of the worst forms of gambling—that of the race track—is not only legalized but is exploited by the government for revenue purposes. The logical question then arises: if it is legal to gamble on the ponies and for the government to raise money from that gambling, why should it be illegal to conduct honest local drawings with a percentage of the proceeds to go to worthy local causes?

## WINNING PUBLICITY

THE SPENDING of money could not have given Prince Rupert more and better publicity than did the trip of Margaret Brain to Vancouver and Hollywood. Everyone knew what it was all about. There had been a spirited contest. People were curious to see and meet the victor. And they just naturally took her to their hearts.

It sounds simple! But it was something different. If this was advertising, it was the kind that could not be purchased. If all the newspaper space, in featured illustrations and reading matter had had to be contracted for at the customary rates, the cash cost would have totalled a sizeable fortune.

But this had the compelling charm and freshness of novelty. Today, and for years to come, in thousands of memories all over the Pacific slope, Margie will mean Prince Rupert, and Prince Rupert will mean Margie. One complements the other.

## EXTENSION OF HOSPITAL ACT

Trades and Labor Council Would Provide for Pensioners and Low Income Earners

Trades and Labor delegates, in regular business session on Thursday night, received a report from the Vancouver Trades and Labor Council regarding the provincial government's Hospital Insurance Act. It was decided that copies of the Act be secured for study by the delegates as it was felt that some provisions should be made for old age pensioners and persons in the low income brackets who at present are not provided for.

Lack of proper supervision over plumbing installation in the city was complained of by several delegates. The matter was laid over pending receipt of further data.

In discussing the importance of the coming Trades and Labor Congress convention in Victoria it was the unanimous opinion of those present that the Council should be represented and the president, August Wallin, was the choice of the delegates to represent them.

All unions reported progress being made in organization. There was a good attendance and delegates and A. Wallin was chairman.

## Japanese Are Reading Bible

CHICAGO—Seichi Soito, general secretary of the Y.M.C.A. in Japan, in an interview here declared there is a tremendous Bible reading movement in Japan. They feel that once understanding the teachings of the Bible, the reasons for progress among peoples become clear.

## Reminiscences and Reflections

The average proof-reader confesses to a permanent feud with two words. They are "bride" and "bridge." Enmity also exists between him and the letter "g" which can rightly be styled an interloper or a deserter. The chief sin of "g" is being found where it is not supposed to be—anywhere except in its rightful and correct place, if spelling is to be correct. When "bridge", "bride" and little old "g" play around together anything is liable to happen in the shape of a heart-breaking blunder. But what hurts, of course, is to hearken to the other fellow's enjoyment. One cannot possibly share in it.

Fire in an Alberta oil well has been running wild for more than a week, a daily waste of about \$50,000 going up in the shape of enormous clouds of inky smoke. But a mere detail like this does not affect that particular well. So say the sprightly Albertans. It must be that sunny clime.

**CANADIAN "EX" SETS ALL-TIME RECORD**—Attendance at the opening day of the Canadian National Exhibition in Toronto surpassed all previous records as 105,000 persons made their way to the Exhibition grounds in the sweltering heat. Lord Louis Mountbatten opened the Exhibition which is being attended by people from the nine Canadian provinces. Distinguished railway executives who attended the opening ceremonies are: R. C. Vaughan, C.M.G., chairman and president, Canadian National Railways (centre), inspecting the National System's exhibit, with J. F. Pringle, vice-president, Central Region (left), while Walter S. Thompson, C.B.E., director of Public Relations, discusses the scene featuring Gaspe Peninsula and its habitation outdoor oven. Other executive officials who accompanied Mr. Vaughan to the opening ceremonies included M. A. Metcalf, C.B.E., vice-president and executive assistant; C. D. Cowie, vice-president and treasurer, and N. J. MacMillan, general counsel.

### LEGION W.A. OPENS SEASON

Report Made On Recent Nanaimo Convention

The Women's Auxiliary of the Canadian Legion opened their winter sessions with the President, Mrs. J. S. Black in the chair. Initiation of one new member took place.

Mrs. Rothwell, one of the delegates to the Provincial Convention which was held in Nanaimo, gave a good report of the proceedings and further reports will be given at the October meeting by the other delegate, Mrs. Black.

Committees were appointed for East and West sick visiting, also the bazaar committee. Arrangements were made for the Legion Week to be held between the November 6 Poppy Day to November 13 inclusive when Legion events will take place daily.

The monthly donations to Shaughnessy Hospital and Tranquille were approved.

### Modern Etiquette

By ROBERTA LEE

Q. What advances should the two families make as soon as a marriage engagement has been announced to the immediate families?

A. The mother and sisters of the groom should call immediately on the girl and her family, express their approval and extend a sincere welcome to the girl. Then, within a few days, the girl and her family should return the call.

Q. If the coffee or tea is extremely hot and one is in a hurry, isn't it permissible to pour it into the saucer to cool?

A. No, never. Merely exercise a little patience, and it will soon be cool enough.

Q. When one is introducing Mr. Jones to Mr. Smith, is it proper to say, "Mr. Jones, my friend, Mr. Smith?"

A. Not if Mr. Jones is also a friend. This expression implies that Mr. Smith only is your friend.

### Battery Wins Gilhuly Cup

High School Draws With  
Gunners But Latter  
Take Trophy

The replayed football game between the 120th Battery and High School provided more fireworks than any previous game of the season and resulted in a draw, two goals each. The point that the Battery gained was thereby enough to give them possession of the Gilhuly Cup so now they have won two trophies this season.

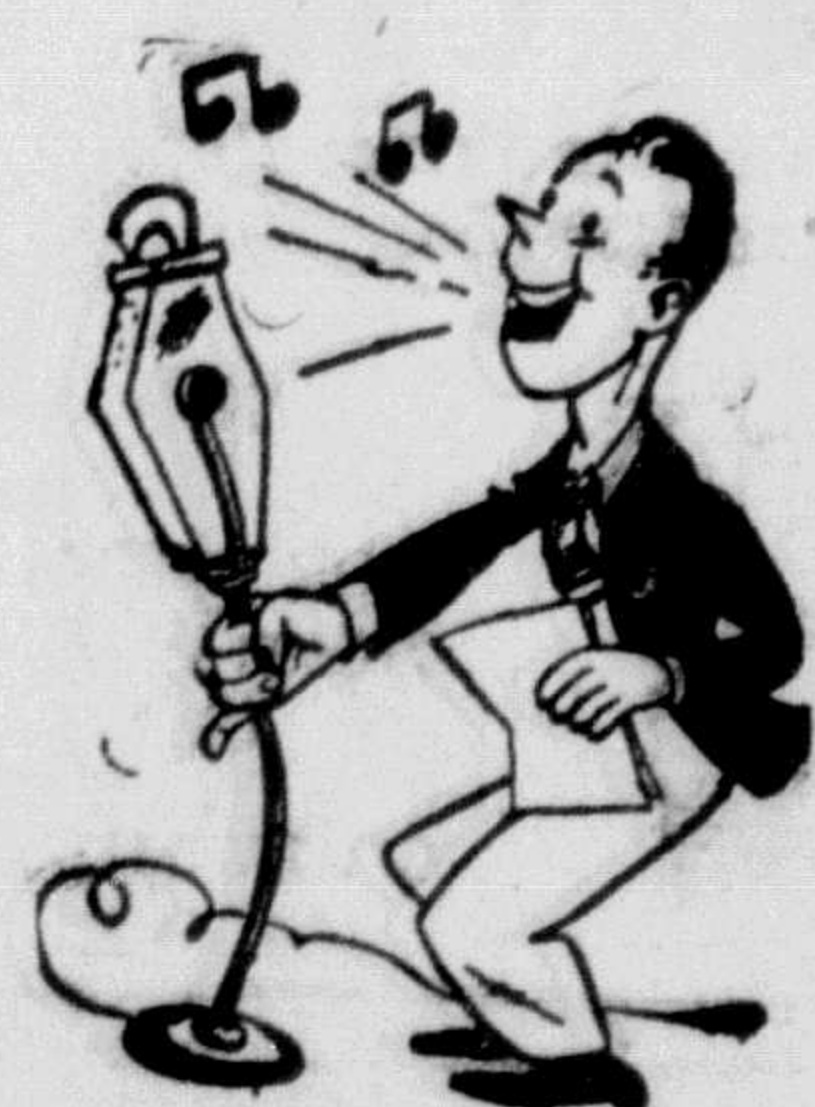

Play started fast and Pavlikis just missed with a good try. In a flash, play went to the other end and Wilson got in very close. The students pressed and Owens gave Adams a fine opening but the latter shot weakly. Ferguson cleared well and Dunbar and Helgerson made ground but High forwards came back in another dangerous attack, Cornwall breaking up the raid. Ward and Parkhouse attacked and Boulter had to stop Pavlikis' hard shot. Halverson crossed a beauty but Darrow Gomez cleared. Boulter came out and saved and then lost the ball. How it kept out was a mystery. Owens and Adams advanced but Ferguson and Darrow Gomez cleared. Sharpe was good but Ward and Parkhouse got away and Boulter had to save. A moment later Boulter just saved on the line after Cornwall dropped in a high centre. Sunberg blocked a hard drive but Holkestad centred nicely and Pavlikis kicked the ball out of Boulter's hand to score a good goal. Wilson sent Halverson ahead and Owens tested Morgan from Halverson's centre. Boulter stopped a great shot from Pavlikis and a hard fought first half found the Battery a goal up.

Battery went right through from the kick-off and Boulter had to save from Pavlikis. The students then attacked and Veitch blocked a hard drive. Ferguson cleared well. Mercer and Wilson worked through but Darrow Gomez cleared. Morgan came out to block an attack and was lucky to keep his lines intact. Battery made a fine forward drive and Ward crossed a beauty that Cornwall headed well past Boulter for a fine goal to put the Gunners two up.

Dunbar and Holkestad were clever but Sharpe beat them and then Wilson, Mercer and Adams came through fast for Adams to score with a grand low shot. Play was now very fast and the Battery defence was in trouble with Alex. Gomez and then Darrow Gomez checking the attack. Ferguson was too quick for Wilson but the students were fighting hard and Morgan was lucky to clear. Sunberg defended well and, when Pavlikis was nearly through, Olsen came back fast to save. Dunbar went ahead but Robinson checked him. Then Wilson controlled the ball well and crossed a beauty into the top corner to score a grand equalizer. Play became faster and tempers got frayed and the next thing Wilson was on the ground with Wilson on top. No blows were struck though everyone seemed willing to get into the excitement. After the storm was quelled and players and spectators sorted out Referee Woodside sent the two to the bench and play was resumed. Holkestad and Dunbar attacked but Sunberg cleared and then the students again took up the attack but both defences held out and a splendidly fought game ended in a two-all draw.

Teams:

120th Battery—Morgan; Ferguson, Darrow Gomez, Alex.

High School—Boulter; Robinson, Sunberg, Lien, Olsen, Sharpe, Halverson, Mercer, Wilson, Adams, Owens.

Referee, S. P. Woodside.

Linesmen—Bond, Nelson.

Scorers — Battery: Pavlikis and Cornwall; High School: Adams and Wilson.

**WAS REAL THRILLER**

This was really a thriller of a game with very little to choose between the teams. Actually High School spent more time in their opponents' area but there was no very marked difference. Morgan had no chance with either shot and saved well as did Boulter. Both had their share of good luck too. Ferguson and Gomez were safe defenders, kicking hard and tackling keenly. Cornwall again put up a good hard game but found the opposition not inclined to take things lying down. He headed a fine goal. Alex Gomez and Veitch worked hard. The forward line was fast and dangerous. All played well and showed more combination than usual. Ward again displayed a lot of class and Pavlikis was a forcing centre. Holkestad and Dunbar were clever and Parkhouse played a forceful, sometimes too forceful, game.

Boulter stopped many hard shots and came out and caught some dangerous centres. Sunberg defended very well and a newcomer, Robinson, turned in a fine game. Olsen and Sharpe were clever halfbacks, both tackling well and supporting their forwards with good passes. Lien played a much improved game. Adams, Wilson and Mercer combined well. Although at times lacking in force they were dangerous and kept the opposing defence busy. Owens centred well and "old-timer" Halverson showed many a neat play.

Last evening's drawn game completed the Gilhuly Cup series and the final standing is as follows:

## INTERNATIONAL FINAL IN GOLF

Mrs. Todd of Victoria to  
Meet Mrs. Dunn of Seattle

**JASPER PARK**—There will be an international final for the ladies' Totem Pole championship here today when Mrs. J. H. Todd, well known figure in Victoria golf circles, will meet Mrs. Frank Dunn of Broadmore Golf Club, Seattle, over the 18-hole route. Yesterday Mrs. Todd defeated Mrs. Bob Cleat, Vancouver, 4-2 and Mrs. Dunn defeated Miss Mary O'Brien, Seattle, 2-1 in the semi-finals. Both games were well played and the winners deserved the win.

In the ladies' championship consolation, Mrs. S. A. Maddocks, Nelson, defeated Mrs. Harold Husband, Victoria, 2-1 and Mrs. L. J. Wagner, Vancouver, defeated Mrs. (Dr.) L. Griffin, Vancouver, 4-3.

In the men's championship keen competition prevailed and today Ed. Green, Seattle, will meet Jack Starky, Edmonton, in the top half and Dr. V. E. Fowler, Seattle, will meet Gordon Verley, Victoria. The latter is a repeat match as these two met in the semi-finals last year.

Yesterday Ed. Green defeated A. S. Musgrave, Victoria, 5-3. Green was two up at the turn and never looked back. Starky won from George Straith on the eighteenth green. Starky was one up at the turn and carried this through to the eighteenth when Straith over-shot the green with his approach. Starky won with a par. Dr. Fowler won the first and was never down. He made the turn with Berry one up and stayed out in front to the end of the match on the seventeenth three up. Verley played excellent golf and took an early lead to be 2 up at the turn. He increased this as the game went along with some sparkling golf and ended the match on the short bad baby 5-3.

In the championship consolation Harold Husband, Victoria, beat Stan Haynes, Victoria, 3-2; Pete McIntyre, Trail, beat Dewey Anderson, Vancouver, 3-2; R. G. Armstrong, Vancouver, beat Dr. J. Collins, Seattle, 4-3, and Dr. W. C. Speidel, Seattle, beat George Norgan, Vancouver, 1 up.

First Flight—Bob Cleat, Vancouver, beat W. E. Williams, Toronto, 3-2; T. J. Donovan, Chicago, beat E. J. McFarland, Vancouver, on the nineteenth; Archie Trotter, Saskatoon, beat Don Straith, Victoria, 1 up and Jack Todd, Victoria, beat A. C. Weeks, Vancouver, 2-1.

Second Flight—Frank Dunn, Seattle, beat Dr. Carruth Portland, 1 up; Dr. J. W. Thompson, Vancouver, beat F. Wolfe, Edmonton, 1 up; C. Currell, Edmonton, beat E. G. Adams, Vancouver, 5-4, and Dr. D. H. Houston, Seattle, beat L. E.

Wells, Toronto, 2 up.

Third Flight—T. B. Randall, Vancouver, beat J. T. McCarthy, San Jose, 1 up; C. E. Robinson, London, Eng., beat G. L. Selman, Vancouver, 1 up; T. P. Dunlop, Vancouver, beat J. Cunningham, Vancouver, 3-2 and Dr. F. E. Fowler, Seattle, beat T. Gillespie, Seattle, 3-2.

Fourth Flight—D. W. Atkins, Vancouver, beat E. N. Kennedy, Edmonton, 19th; H. Keough, Saskatoon, beat C. McChattie, Vancouver, 3-2; J. S. Woodward, Saskatoon, beat W. C. Davis, Vancouver, 4-3, and Walter Rice, Winnipeg, beat W. R. Cumming, Vancouver, 3-1.

## SOCCER STUFF...

Last evening's football game gave the spectators full value for their money. It was really a game well worth seeing. A draw was a fair reflex of the play but either team might at any time have scored a winning goal. After the game players of both teams were on the best of terms, handshaking and congratulations being the order.

The game was the last one

CHURCH

SATURDAY SERMON

DELINQUENT FATHERS

(By PAUL A. BARBER, Full Gospel Tabernacle)

"Train up a child in the way he should go and when he is old he will not depart from it." —Proverbs 22:6.

J. Edgar Hoover, in a recent interview, laid the blame of children's misdeeds on their parents—mostly on the father. One of his case studies concerns a fourteen-year-old boy. This lad started smoking, drinking beer and running around with girls. One day he beat his neighbor to death just to get his car and drive around awhile.

This investigation brought out these points: The boy was allowed to quit school because he "didn't like the teacher." His parents always excused him, he was babied and spoiled. His father never made him go or asked him to go to church or Sunday School because the father did not go himself. The mother went alone to church. There were nine other children in the family, none of them went to Sunday School! A firm hand in discipline plus a father's GOOD EXAMPLE might have saved this boy.

Such conditions are becoming altogether too prevalent in many homes today but this is not something entirely new. In the First Book of Samuel we have the story of Eli, 1160 years before Christ lived on earth. Eli himself was not wicked. He was the high priest and was the very one who had told Samuel how to answer the voice of the Lord which came to him in the night. But Eli's sons were sinful, disobedient, ungrateful, unholy, and viciously immoral.

We would expect judgment to fall on the sons but not so. Primarily the judgment fell on Eli, the father, for not restraining his sons. "I have told him that I will judge his house forever for the iniquity which he knoweth; because his sons made themselves vile, and he restrained them not." (1 Sam. 3:13). Eli himself was a pious man and was a judge over Israel but he did not stop his sons from breaking God's laws. These grown sons were allowed to break the rules of the Temple. They had loose morals concerning women and openly disobeyed the commandments they were supposed to respect and help other to obey also.

The important fact to note is the responsibility that rests on the parents, and particularly the father, in training the children. To spare the rod is to invite much trouble later in most cases. I realize that the modern trend is away from such forms of punishment but the harvest of juvenile delinquency that we are reaping today is but another proof that the Bible is true when it says, "He that spareth his rod hateth his son; but he that loveth him chasteneth him betimes." The power of example is a great factor in leading a child into the paths of righteousness. A father who goes to church and Sunday school and takes his family with him has done more for his family than any other regular duty could accomplish. But, of course, that is not enough. He must live the Christian life before his family. Unfortunately, that is where most failures begin. The parents in the majority of homes in our land don't seem to know what it means to live a holy life. Instead they set the example of sin to their children. What can we expect from the next generation when this one fills the movie houses, leaving the churches empty, dances its way into corruption and vice, and consumes liquor at an unprecedented rate? In America there are eleven liquor outlets to every church. The great need of our day is a mighty spiritual revival that will cause our people to turn from the beggarly elements of the world and once again serve the God of our fathers in sincerity and truth. This can only be done through the personal acceptance of Christ, into the life of each individual, as Lord and Master. The presence of God in any home brings peace, law and order. Without restraint and without respect for righteous rules of conduct, there can be no lasting love or happy outcome to family affairs. Our Father in Heaven is faithful. His Word declares it and experience proves it. Let earthly fathers be faithful to their own, by example, precept, and prayer and we will have happier homes and more abundant living in the family circle.

Jones Act Amendment Under  
Consideration—Deer Hunting  
Opens This Week-End

Discussion has been proceeding between the Canadian Maritime Commission and representatives of the United States Department in regard to the possibility of the Jones Act being amended to permit of Canadian vessels participating in the carriage of freight of American origin and destination to and from Alaska as well as the transporting of passengers between Alaskan ports, according to correspondence which has passed between the Prince Rupert Liberal Association and Rt. Hon. Louis S. St. Laurent, Secretary of State for External Affairs. "The government is following this matter closely and our views as to desirable changes in the Jones Act are known in appropriate quarters," says a letter from Mr. St. Laurent who advises the local Association of the support given to necessary legislation by President Truman in the following terms in the course of a message to Congress: "Because of the unique transportation conditions existing in Alaska, I recommend that our maritime laws be amended to remove the present barrier to shipping goods in bond between the United States and Alaska via Canadian rail, port and shipping facilities. This barrier does not apply between any of our states and there is no reason thus to discriminate against Alaska. Furthermore, Canadian ships should be permitted to transport passengers and freight between Alaska ports in order to provide more adequate service. These recommendations are also in accord with the mutual interest which we will continue to have with our Canadian neighbors in the development of the great northwest territory of this continent."

Graham Reach is reporting net burning. It will be restored as soon as possible.

C.P.R. steamer Princess Norah, Capt. Graham Hughes, arrived in port at 10:30 yesterday morning and sailed at 1:30 for Alaska points. She will return to Prince Rupert on her way south next Wednesday afternoon.

Union steamer Coquitlam, Captain Aspinall, arrived yesterday morning at 11:30, after calling at Queen Charlotte Island points on the way north from Vancouver. She will leave for the Islands and Vancouver tonight at 11 o'clock. There are 30 passengers on board making the round trip.

Dr. Ben H. Talbot, a member of the Ohio State Game Commission, was here recently, a passenger on the steamer Prince George. That his tourist voyage north was an unqualified success was seen in the enthusiasm shown by him in a port up the coast where he boarded the Prince George with each hand fully occupied—one grasping a king salmon and the other a coho.

Mr. and Mrs. Harry Edgar, who left Prince Rupert in a small boat a few weeks ago to make their home in or near Victoria, had the pleasure of meeting John Currie, local pioneer, who recently moved to Cherry Point, in the neighborhood of Cobble Hill, Vancouver Island. Mr. Currie, who was doing some construction work at the time, made them thoroughly welcome.

Another deer hunting season gets under way in this district this week-end, today being the legal opening date. Judging from the 117 gun licences issued at the local Game Office, there is going to be considerable activity this fall in the venison quest. The rising price of meat, incidentally, brings deer hunting almost into the category of a profitable sport. With weather promising to be at least reasonably favorable, initial deer hunting parties of the season are getting away today. The deer hunting season in the western district (west of Remo) extends from today to November 30. In the eastern district the season commences next Wednesday, also closing there November 30. Of course, the hunting season will not be in full swing until November 15 when the pursuit of ducks and geese becomes legal in the western district, extending to January 3. In the eastern district (beyond the Kayex River) the bird season opens September 15 and extends to November 3.

A notice to mariners issued from the office of the district marine agent here announces that Red Cliff Point light in

## WORKING FOR MENTAL HEALTH

One in Twenty Canadians Go to Mental Institutions

OTTAWA—One in 20 Canadians will spend at least part of their lives in a mental institution.

But, despite the fact that in the last 15 years there has been a 60-per-cent increase in the population of mental hospitals, health and welfare officials aren't unduly alarmed over the situation.

First of all Canada's aging population has a lot to do with it.

Dr. C. G. Stoghill, chief of the department's mental health division, said in an interview here that about 25 per cent of those now in institutions are aged persons.

Then again, more persons are beginning to accept mental hospital care.

"While the mental hospital still is under a stigma, it is nothing like what it was some years ago," said Dr. Stoghill.

He added that Canada's 16 mental health clinics throughout the Dominion were doing much to assist persons in need of specialized treatment, but not hospital care.

**EXPANSION HELD UP**  
A shortage of trained personnel—and especially of social workers skilled in psychiatric treatment—is the main problem holding up post-war expansion of these clinics, particularly in western Canada.

Sometimes sponsored by a school board, juvenile court, parent-teacher organization, or other group, the clinic is staffed by a psychiatrist, a psychologist, and a social worker.

Behavior of epileptics, children, and others are studied at the clinic. Dr. Stoghill described as "a most healthy sign," the fact that teachers are beginning to show a great interest in what makes children behave the way they do.

As well as providing treatment, workers at the clinics tell teachers and parents how to detect undesirable behavior trends. Dr. Stoghill said he felt the time was quickly approaching when mental health services should be integrated with other health services to the community.

"People are realizing more
