Allies Declare Their Own Blockade of Russians

Twenty-Nine Are Killed In Canada's Worst Air Disaster

QUEBEC—Worst disaster in the history of civilian aviation in Canada occurred Saturday night when a specially chartered transport plane carrying twenty-nine persons from Port Menier to Gaspé crashed on a mountain top and all on board were killed.

Most of the victims were lumberjacks heading home for the week-end from their work on Anticosti Island. There were also two married couples, a baby and a single girl.

The Rimouski Airlines Dakota crashed into fogbound Cape Bon Ami headland. Only the gutted fuselage, one wing and a door remained of the two-engined plane.

All the victims died instantaneously, most of the bodies were unidentifiable. They were dragged down a steep mountainside on lumber sleds.

The lumberjacks had chartered the plane.

TUNA FISHING OFF B.C. COAST

The British Columbia tuna fleet is now operating in an area stretching from 70 miles south-west of Cape Flattery north to Cape Cook at the north end of Vancouver Island. Catches of albacore on July 23 ranged from 20 to 80 fish per boat.

A number of Prince Rupert vessels which have been fishing halibut during the early part of the summer are changing gear for tuna fishing.

Last week's sockeye average on the Skeena River was 237 fish per boat for the week, a slight drop from the previous week. Bad weather during the middle of the week created a slump in what otherwise might have been a record six day period for the season.

Seiners in the Naas seining area were reported to have had a poor week last week, but in the south, in the Butedale, Whale Channel areas and further down the coast, large hauls have been divided by a great number of boats.

More than 150 seiners are reported operating in the Butedale and Whale Channel area alone.

THREE DIVORCES ARE GRANTED

Chief Justice Hopes to Visit Prince Rupert More Often

Three divorce decrees were granted by Chief Justice Wendell B. Farris in a special session of divorce and matrimonial court Friday afternoon. All were uncontested cases with T. W. Brown, city barrister, acting for the petitioners.

Thanked by Mr. Brown for coming to Prince Rupert to hold the special session, Chief Justice Farris said that, now that the Supreme Court of British Columbia has more members, he hoped to be able to come to Prince Rupert and central B.C. more frequently than formerly. Members of the Supreme Court bench normally have come to this city only for the semi-annual sittings of Assize Court.

Chief Justice Farris granted decrees to:
Rudolph Henry Eckstein, fisherman, from May Rose Eckstein, whom he married at Vancouver in 1940. Robert James Harrison was named co-respondent.

John Stewart Parnell, logger, from Florence Josette Parnell, whom he married at Nanaimo in 1940. Louis La Chapelle was named co-respondent.

George Gordon Anderson, clerk, of Terrace, from Duneda Anderson.

NEW MANAGER FOR PHILLIES

PHILADELPHIA, @ — Eddie Sawyer, manager of the Toronto Maple Leafs in the International League, was today named manager of the Philadelphia Phillies in the National League.

PEACE AND INDEPENDENCE

Statement on Foreign Policy Made by Yugoslav Vice-Premier

BELGRADE, @ — Vice-Premier Eduard Kardelj today told members of the Yugoslav Communist party that "the new Yugoslavia will be governed in foreign policy by principles of peace, independence and support of the anti-imperialist policy of the Soviet Union." Principles included universal activity for peace and peaceful co-operation on the ground of full equality based on principles of the United Nations and economic co-operation of all countries on the grounds of equality and respect of mutual obligations.

Refusing Fine Proves Costly

KITCHENER, Ont. — Before a local citizen can obtain another driving licence he will be required to post an \$11,000 bond. This comes as a result of his reluctance to pay a \$10 damages for a fender scrape in a parking lot.

THE WEATHER

Synopsis

A weak disturbance moved south along the British Columbia coast during the night, bringing rain to the west coast of Vancouver Island this morning. Scattered showers are expected to spread to the southern mainland during the day. Cloudy weather should be quite general over most of the interior with afternoon temperatures a little lower than those of the past few days. Some improvement is expected in the next 48 hours with clearing skies and higher temperatures by Tuesday afternoon.

Forecast

Queen Charlottes and North Coast — Cloudy with widely scattered showers today and Tuesday. Winds light. Little change in temperature. Lows tonight and highs Tuesday: Port Hardy 56 and 60, Massett 48 and 60, Prince Rupert 50 and 60.

OPEN HEADQUARTERS FOR EISENHOWER—Workers for General Dwight Eisenhower are shown at work in the new Eisenhower for President quarters which took up an entire floor of the Philadelphia stock exchange. They were working well in advance of the influx of delegates to the Democratic national convention which opened in Philadelphia, Pa., on July 12. Sentiment for nomination of Eisenhower as U.S. President spread like wildfire after organization of the anti-Truman movement. "Ike" unequivocally refused nomination.

Bulletins

P-C CONVENTION

OTTAWA—National convention of the Progressive-Conservative party to name a new leader in succession to John Bracken, resigned, will be held during the latter part of September in Ottawa, it was decided today by the national executive.

HOPE AND CROSBY

VANCOUVER — Bob Hope and Bing Crosby are cruising "somewhere on the British Columbia coast" in a private yacht. Just where they are was a local mystery today.

CANADIAN SHIPS BEING TIED UP

HALIFAX—More Canadian freighters are being laid up because competition is too severe. Last month three Nova Scotia vessels stopped doing business because of high operational costs and foreign rivalry. The fourth vessel to quit the seas is the 10,000-ton ship Triport. Explanation is that foreign ships are more cheaply manned and sailed. Operational costs are less.

TRUMAN AND STALIN

WASHINGTON — President Truman reiterated today that he would be glad to meet Premier Stalin of Russia at any time but the meeting would have to be in Washington.

DEATH BY DROWNING

Verdict of Jury at Inquest Into Young Fisherman's Death

Death by drowning was the verdict of a coroner's jury Friday in the case of Harold Tynjala, 19-year old fisherman from Sointula, who fell into the harbor early on the morning of June 19 and whose body was recovered Thursday morning.

The inquest was conducted by Coroner M. M. Stephens and the jurors were J. J. Judge, foreman, Sam Julian, Alexander Graham, E. V. Whiting, E. H. Hicks and William Clarke.

Principal witnesses were Rolf Peterson, who worked with deceased on the halibut boat Chief Skugaid and had been with him at an uptown restaurant on the night in question, and Peter Richards, taxi driver, who drove Tynjala to an oil dock to board the boat and who, as far as is known, was the last person to see him alive.

Tynjala is believed to have fallen into the harbor while attempting to board the boat.

Boston Ponders—Music or Noise?

BOSTON—This city is wrestling with the question as to whether or not music can be correctly described as music or noise. William Ellis, chairman of a school board of appeals, says it's a matter of opinion. A law action has been taken, concerning the establishment of a music teaching school in Beacon Street, an old and tranquil residential centre. There is very strong objection.

FISH PACKER TOWED TO PORT

The 50-foot Ketchikan fish packer Kiska, carrying a cargo of Alaska salmon for the Canadian Fish and Cold Storage Co. here, was towed back to Ketchikan Saturday after a collision with another boat about 100 miles north of Prince Rupert.

The Kiska's 22-year old skipper, Capt. Jason C. Ellis, radioed Ketchikan of the trouble and a Coast Guard cutter was sent out through rough seas to take her in tow. The Kiska carried a crew of two in addition to Capt. Ellis, Fred M. Lind and Phillip Lauth, all of Ketchikan.

Railways Closed To Soviet Trains Owing To 'Technical' Trouble

BERLIN, (CP)—Railway communications between the Soviet zone of Germany and western Europe are halted by a joint Anglo-American order issued by Sir Brian Robertson, British commander-in-chief, and Major-General Lucius Clay, the American commander, an authoritative source said today.

The informant said that traffic of Russian zone origin would not be able to move through British and United States zones because of technical difficulties. The Russians had reported "technical difficulties" to be the reason for their rail blockade of western zones.

Top level talks between Russia and the western powers appeared to be shaping to take up the Berlin crisis and other German problems.

The joint Anglo-American move seems to be the most positive counter-move yet taken to break the month-old German blockade.

Generals Robertson and Clay took the action after a conference at Frankfurt.

Restrictions are effective at once against all trains "originating or terminating" in the Soviet zone.

In another development the Berlin city government dismissed Police President Paul Markgraf who was appointed by the Russians in 1945.

All indications point to the acceptance by United States, Great Britain and France of a Russian demand for a new conference on all of Germany.

TEST MATCH IS ON EVEN TERMS

LEEDS — Play continued on even terms today in the fourth cricket test match with England having scored 362 for the loss of eight wickets in their second inning at the end of the fourth day's play and now leading by exactly 400 runs with two wickets to fall.

The day's play began with Australia 457 for nine wickets and Lindwall and Toshack at bat but Lindwall was out with the addition of only one run so the Australian total for their first inning was 458 against England's total of 496. England's opening batsmen played steadily and, although no centuries were scored, a fairly substantial total was achieved. Hutton, 57; Washbrook, 65; Edrich, 54, and Compton 66, batted steadily against good Australian bowling. Crabb was out for 18 and Cranston failed to score.

Yardley scored only 7 but Evans batted well first with Bedser, out for 17, and then with Laker, not out 14, and increased England's total to 362 for eight wickets when play ended for the day. Evans was then 47 not out.

With two wickets to fall England is exactly 400 runs ahead. The fifth and last day's play will be tomorrow.

Youth Killed In Capilano Canyon

VANCOUVER — Fifteen-year old Lloyd Dillon of Vancouver lost his life yesterday while crossing Capilano Canyon. He fell off a log.

Russia's Friend Is Nominated

Wallace's Election Campaign Begins to Roll

PHILADELPHIA, @ — Henry Wallace, after winning the presidential nomination Saturday, today rolled out a new Progressive party down the road he and his followers promised to lead. They would "give and take" peace with Russia.

Wallace said: "We have just begun to roll."

The third party nominee set out to plant in every state seed of what he called a new political crusade. Some of the delegates said they were not in favor of endorsing Russian policies 100 per cent but they all professed friendship for the Soviet.

TUNNELLING WATER LINE

Ambitious Subterranean Project to Run Under Hill

Ambitious project for the big water line from Prudhomme Lake to Port Edward for the supply of the Columbia Cellulose Corporation's big celanese pulp mill is involving running under the height of land from a point just beyond the Galloway Rapids bridge to Prudhomme Lake. From Galloway Rapids, the big main will skirt the shore and the highway to Port Edward.

A start has already been made on the tunnel from Galloway Rapids and diamond drilling for soundings on the Prudhomme Lake end has just been started by the Pacific Diamond Drilling Co. which has been given the drilling contracts for this and other work on the mill site.

VANCOUVER MAN WINS

Lorne Main Takes Both Senior and Junior Tennis Championships

VANCOUVER, @ — Vancouver's two-fisted Lorne Main on Saturday won the Canadian men's tennis championships, defeating the powerful Gaetan Valois of Ottawa 6-3, 6-1, 2-6, 6-3.

Main, who cleverly handled all shots, also won the junior singles championship and shared with Don Platt of Toronto the junior men's doubles title. These were the only events Main entered.

Another junior, Patricia Lowe of Ottawa, was a triple winner with the junior women's singles, doubles and junior mixed titles.

HIGHWAY CONDITION

Skeena River Highway between Terrace and Prince Rupert can be said to be in very fair condition for some of the way but below par on certain sections, its state still reflecting the effects of the recent Skeena River floods.

From Prince Rupert to Tye, the road is in quite good shape. Between Tye and Kwinitsa it is very washboard with a high frequency of potholes from which the water, after rains like yesterday, strikes like a sea onto the windshields. Attention of the grader is badly needed here.

Roughness in the Saluvs area is, doubtless, due to the recent flood immersion. Repairs are continuing and at one point just west of Saluvs a short detour is now being used while the foundation of the road is being rebuilt.

From Saluvs to Terrace the condition of the road is again very good.

Much improvement in the road from Terrace to Lakelse is to be noted, particularly at the far end of Lakelse Lake where there has been considerable rebuilding and widening.

Top of the World

THE TOP OF THE WORLD is still, and is likely to remain, an area of vast and virtually unknown strategic possibilities. Hon. Brooke Claxton, Minister of Defence, in a recent speech in parliament, took the matter into the open. Frankly admitting that Russia was our only possible and potentially dangerous enemy, he said in substance that, not only was the threat improbable and distant, but, even if it arose, the only possible attack on Canada would be aimed to divert the attention of the people of this continent and, through a panic technique, to induce them to direct a disproportionate amount of effort into passive local defence. The distance that must be flown would mean that even a dominant air force would not be assured of accomplishing any strategic objective before it was destroyed. Despite this optimistic statement Mr. Claxton is still spending more money on the air force than on any of the other services and especially on jet planes, and others specially designed to meet Canadian defence needs.

SAFETY FOR SWIMMERS

MANY IMPROVEMENTS have been made this year to the popular Salt Lakes swimming resort across Prince Rupert Harbor, thanks to the provincial public works department which was spurred by the Soroptimist Club. In fact, things are in better shape at the Salt Lake than they have been for years. One lack however, seems to be life saving facilities in the event of distress occurring which often does at the best of regular bathing resorts. Fortunately, there have been no serious incidents there so far this season but one never knows when something might come up. Life saving equipment might never have to be used but, nevertheless, its easy availability is good insurance and provides a measure of relief and peace of mind.

FOR THE MANUFACTURER

FOOD starts on the farm but, before it reaches the housewife, it passes through many hands and processes, comments an exchange. First the manufacturer must buy from the farmer. According to government figures he had to pay \$2.65 in 1947 for farm products which cost him \$1 in 1939. At each step, the cost of doing business is up from 75 to 100 percent. In the matter of profits, the manufacturer is the most abused suspect in the crime of high prices. His profit, however, is the one element of cost which, far from increasing, has actually declined. The profits of the manufacturer and retailer together total five cents on the sales dollar. Suppose these profits were removed, how much difference in the price of a tin of beans? The can costs sixteen cents. The housewife would save four-fifths of a cent.

ANNIVERSARY OF BASTILLE

THE 159TH ANNIVERSARY of the fall of the Bastille, in Paris, was again celebrated this month. The date never does pass, unobserved, in the French capital. It means too much. The people themselves were in the throes of revolution. There were many horrors. Their enthroned rulers died, at the hands of the citizens, but revolt only came as the consequence of long continued oppression. The grim, prison-fortress was a symbol of this. With its fall also fell the principles and practices that for generations had denied France her freedom.

"The people cry for bread," said suppliants. "Why do they not eat cake?" was the reply of tyranny.

There is nothing surprising that this recognition of a famous date is so well observed. For history is proving that there can be more than one bastille—or attempt to establish one. One need not travel far today to detect signs and symbols against which the best protection is eternal vigilance.

'LET US ALONE' WEEK

EVERYONE has noticed the ever-increasing number of special "weeks" or "days," solemnly dedicated to some particular event or occasion ostensibly meriting public support. If people, busy with their own duties and affairs, were to co-operate to the desired extent there would be precious little time left for anything else. It is not that some of these special weeks are not worthy of encouragement. The trouble is there are too many. And so it comes that the recent launching of a "Let Us Alone Week," away down in Georgia, comes as something timely and appropriate and just as well understood in Canada as in the south.

ADVERTISE IN THE DAILY NEWS FOR BEST RESULTS

MATERIALISM IS THREAT TO WORLD PEACE

The threat of "practical atheism" to Christianity was the sermon topic of Rev. A. J. Lawton at the morning service at First United Church on Sunday. Mr. Lawton, of Port Simpson, is relieving the regular minister, Rev. R. A. Wilson, who is on vacation.

"Practical atheism" Mr. Lawton defined as the devotion of a man's entire energy to the accumulation of material things to the neglect of responsibilities to his fellow man and to God. He spoke on the parable of the rich farmer whom Jesus condemned, not because he was rich, but because of his exclusive pursuit of riches.

"Jesus looked beneath the surface and into the man's mind, and there he saw the materialist," Mr. Lawton said. "It is very true that we, too, worship material success."

Not until the world learns to make proper estimates of things and realizes that spiritual values are the determining factors in solving differences of opinions will there be peace and good will among individuals and nations, he declared.

A special musical number was the vocal solo "Down Here," sung by J. S. Wilson. Mrs. L. Dakin was organist.

SEA CADETS SET FOR CAMP

Eleven members of Capt. Cook Corps of Sea Cadets are sailing on the Camosun on Tuesday afternoon for Camp Latona in Howe Sound where they will spend two weeks at annual summer camp with Sea Cadets from other parts of the province.

The two-week camp will include training in seamanship, recreation and a one-day cruise aboard a naval vessel. The group will be in charge of Petty Officer Gordon Rothwell, Lieut. Commander Alex Mitchell, corps commander, who left by car for the south Saturday, may attend at least part of the camp.

Cadets leaving, in addition to P/O Rothwell, will include E. Jurvick, B. Anderson, M. Sedgwick, J. Ketcheson, W. Toderas, R. Holt, B. MacFarlane, D. Leighton, R. Rhodes and R. Wood.

THE PREMIER BLUES

(To the tune of "Bury Me Not on The Lone Prairie")

We are Gold dust miners and our hearts are sore,
We are leaving Premier cause they can't pay more,
That's what they told us so they closed her down,
Now we're headin' back for our home town.

The bunkhouse now; well no words can tell,
Of its lonesome rooms where the boys raised hell—
Where the clank of bottles rang loud and free,
Where they passed out colder than Sam McGee.

We had our sprees and our fightin's too,
Where many a white lad turned navy blue,
And sported a pair of big black eyes,
That would shame a belle who would win a prize.

And oh, those nights in the Stewart gaol,
When we hoped like H— they'd stand our bail,
When our pals got canned for hittin' the booze,
They took our pants and they swiped our shoes.

I see the valleys and glacier peaks,
Those ghostly buildings where no one sleeps,
The homes left empty where soon decay,
Will mould and rot 'till they melt away.

So we're bidding Premier a sad goodbye,
Our hearts are breaking but we cannot cry,
Our grief's too deep to be drowned in tears,
And our hearts too sore to be healed with beers.

—NELLIE WOODWARD.

THIS AND THAT

"It was reduced from all of your salary to half of your salary."

CITY FOLK ARE LEAVING FOR OLD COUNTRY

Four Prince Rupert people are leaving the city next month to visit their former homes in England and Scotland and one of them, an elderly lady, plans to stay there to complete her days.

Mrs. Ernest Burton, 76-year old Billmor lady, plans to sail on August 12 on the Aescania, from Montreal to return to the home in Cumberland, England, which she left more than 40 years ago. Accompanying her will be Mrs. Ethel Slaney, who will visit England for about six weeks before returning to Canada.

Mr. and Mrs. Robert Wood have arranged to sail on August 26 on the Britannic from New York for a three-month visit to Scotland. Mr. Wood is a Canadian National Railways employee.

Travel arrangements for the two groups were made by Arthur Brooksbank of the Dyb-havn and Hanson agency.

HOW CAN I ???

By ANNE ASHLEY

Q. How can I make good tarts?

A. Tart molds can be made over the backs of muffin tins. Make a syrup of sugar and water, drop fresh strawberries in it, and cook for a few minutes. Fill the tarts and serve with whipped cream.

Q. How can I remove lime that has accumulated on the inside of the teakettle?

A. Boil a strong solution of vinegar in the kettle. Rinse it thoroughly before refilling with water.

Q. How can I prevent soggy potatoes?

A. Never cover the potato dish when sending to the table, or the potatoes will become soggy by absorbing their own moisture.

RUPERT DOWNS SMITHERS IN BASEBALL SERIES OPENER

ANNUAL CLASSIC WITH INTERIOR WAS ALL BUT RAINED OUT
Prince Rupert 2, Smithers 1

An All-Star Prince Rupert baseball team defeated an invading Smithers squad by a score of 2-1 Sunday evening in a seven-inning game salvaged from what was to be a nine-inning double header, first half of the traditional annual series between the two towns.

Cancelled because of wet grounds was the afternoon game and the players glanced cautiously at the evening sky before beginning the evening game. However, they decided to take a chance which paid off in seven good innings of good baseball, despite the soggy ground.

Smithers' defeat was no fault of their pitcher, Carl Spicer, who came through with a three-hit game. After both teams had made a run each in the first inning, they remained tied until the sixth when Prince Rupert third baseman Benny Windle hit a single that paid off through a fielding error.

Smithers hit Prince Rupert pitcher Jack Lindsay for three singles in the first inning. Homenuke, first Smithers batter, singled and was followed by J. Hetherington who also made a hit scoring Homenuke. G. Hetherington and Spicer grounded out and J. Hetherington was tagged out when caught off base at third.

Prince Rupert's first run was made by Bruce Simundson, who had the distinction of scoring without any official times at bat. In three times he was at the plate he received three bases on balls.

A double play, J. Hetherington to Scott to Homenuke, tagged out Pavlikis and Windle for the first two out in the fourth. Spicer

struck out Morgan for the third out.

Canuck Interest In Olympics Lagging

LONDON—Canadian interest in the Olympic Games appears to date rather indifferent. Less than \$3,500 worth of tickets have been sold for the 17-day spectacle to the Dominion.

Individual batting averages released by the league scorer on players in the local softball league show that members of 99 Taxi team are still dominating this department. Five of the first ten players on the list are 99 men. Sonny Beynon leads the league with a towering average of .600 but has been in action in only four games to date.

Vic Dell of Gordon and Anderson, who has played in all of his team's eight league games, has compiled a very impressive average of .571. Two other players in the league have an average of .500 even—E. Pierce of 99 and R. Overgaard of the now defunct High School nine. General Motors is the only team in the league which has failed to place at least one player in the first ten.

Here are the averages of the top ten up to July 26:
W. Beynon, 99 Taxi600
V. Dell, G. & A.571
E. Pierce, 99 Taxi,500
R. Overgaard, Hi School,500
N. J. Gurvich, 99 Taxi483
D. Shier, H. S. & 99 Taxi471
J. Rosedale, 99 Taxi,433

Sport Shots

There's a sentimental story behind one of Britain's Olympic entries in the 4,000-metre bicycle pursuit race. It opened seven years ago when a 15-year old girl cyclist noticed a 17-year old youth racing for a rival club and decided to try to lure him into the boys' section of her club. She got her man—she married him. Now the girl Mrs. Doreen Cartwright, is chief trainer for her husband, Cyril, 30-mile British record-holder and twice 25-mile champion. An ex-miner, Cyril spends the week-days working in his butcher shop. He trains at night, accompanied by his wife, practicing starts and finishes on country lanes around Chatham Hill in Cheshire. Mrs. Cartwright is no slouch herself. She was in the group which won the British women's 25-mile team championship in 1945 and 1946.

British greyhound book-makers, after a lot of grumbling, have decided to pass on the new graduated licence tax to—you guessed it—the public. The Bookmakers Protective Association recommends that all its members deduct a fixed sum, amount to be determined later, from winning bets. The men in the rings won't take anything out of winning single wagers up to \$4 or more than \$400. But sixpence in the pound will be deducted from other winning bets.

The tax was imposed in the April budget. It ranges from \$6 to \$48 for each race meeting at all dog tracks having totalizators. The deductions will exceed the tax.

What the Swiss describe as "our most valuable Olympic competitor" is on the way to London. It's a model of Switzerland's greatest pride, her Federal Sports School. The 26-by-eight-foot model, which cost more than \$4,000 to build, will be entered in the Olympic architectural competition. The school itself is being built in the Jura Mountains at Magglingen, one of Switzerland's most scenic spots. It will have three terraces. One, 2,600 feet up, will have several natural swimming pools and a giant gymnasium. No. 2, at 3,400 feet, will be a "training village" and No. 3, at 4,000 feet, will provide football and hockey fields and running track.

BIGGEST PAYING HORSE RETIRED

Fracture in Race at Saturday Results in Styrie Going to Stud

NEW YORK—Styrie, \$1500 Cinderella horse who became the world's leading money-maker, today was retired from racing and will go to a farm for breeding purposes.

Finishing fourth to Tide Rips in the Monmouth Handicap Saturday at Oceanport, the Hirsch-Jacobs-owned tough turf veteran fractured a sesamoid bone. Ironically, he won on Saturday \$1500, the same amount as when he was claimed in 1943.

Styrie left all-time high winnings at \$911,335, just short of being the first horse to win a million dollars.

Upset Gives Co-op Win

Cellar Teams Battle In Softball League

CO-OP 8, G. & A. 7

Co-op and Gordon & Anderson the two bottom teams in the city softball league, mingled in conflict for nine innings Friday night with the result that Co-op made a belated drive which succeeded in wresting an 8-7 victory from the merchants. The win placed Co-op one step above the hardware men in the league standings.

With both teams having five losses behind them since the start of the season, Co-op reversed positions with G. & A. by virtue of having three victories as compared with two for G. & A. Thus these two continue to see-saw for the nether position in the league cellar.

Last night's game developed into an upset which saw the merchants set out to take a 4-0 advantage in the first three innings. Then Co-op put on a drive which brought them abreast of G. & A. in the seventh, continuing through to a two-run lead in the eighth which G. & A. were unable to overcome.

No particularly heavy hitting marked the game, although there was a satisfying number of doubles, particularly by G. & A. who clouted 11 hits off Co-op pitcher Cy Kellett while Co-op made seven hits off Whatman G. & A. moundsman.

Whatman, incidentally brought in G. & A.'s first run off a single. He was brought in by Vic Dell, third baseman, who doubled and later scored on an error.

Cardena Repairs Costing \$35,000—Coastal Movements

A contract for repairs to the Cardena which ran ashore at Lasqueti Island has been let to the B. C. Marine Engineers and Ship Builders Ltd. While damage is not serious as at first thought, it is nevertheless believed that the cost of the total work will not be less than \$35,000. The contract will be finished about mid-August.

With a good-sized list of local passengers and a considerable number of round trip tourists, Union steamer Camosun, Capt. John Boden, arrived in port at 8:30 last evening from the south and sailed at midnight for Alice Arm, Stewart and other northern points whence she will return here tomorrow morning to sail at 1:30 p.m. for Vancouver and waypoints.

TERRACE

Fred M. Wells arrived here on Saturday evening's train from Vancouver to pay a visit to the Omineca Gold Quartz property on Copper River 18 miles from Terrace. While Mr. Wells does not anticipate there will be a great deal of work on the property this season, he is confident of future success of the Omineca Gold Quartz ground as well as other showings in that area which have been attracting a good deal of attention of late. Development of the property has reached a point where erection of a mill should be the next step.

Mrs. Kenneth Kerr, who has been in Vancouver for specialist treatment, which has proven of much benefit, returned to Terrace from the south last week.

FOUR-YEAR-OLD
ON LONG TRIP

Little English Girl Makes Flight From England to Vancouver

MONCTON, N.B. — A tiny, blonde curly-haired, four-year-old girl, who travelled across the Atlantic from London, England, and made a trans-Canada flight to Vancouver alone, arrived here by Trans-Canada Airlines on Saturday night. The pretty little youngster, who was travelling more than 6,000 miles unaccompanied to the Pacific Coast city for adoption, was a model traveller and won the hearts of all the other passengers and the crew, said T.C.A. stewardess Edna Dechesneau, during a stop-over here.

When T.C.A. plane landed at Moncton, Daine was fast asleep with her dolly, Doreen, in her arms but before bed time came Daine was taught a song "Maisy Doats," by Carl O. Derby, a Portland, Michigan bank manager and a fellow bank manager of Halifax.

On the first occasion the stewardess stepped in to the cockpit, Daine became interested and wanted to see "in there," too. So Captain Ian Bell, a veteran T.C.A. pilot, gave her an opportunity to look over the technical side of a plane and also to ask him a hundred "what's that for?" questions.

One of the things about the diminutive tot that amazed the other passengers most was when the immigration officers at Gander, Newfoundland, asked her to show her passport and reached out for her bag to help her get it, she stepped back and clutched her small shoulder strap purse.

and, without any hesitation, handed her passport to him. From plane tickets and baggage checks to her passport and other papers she knew what each one was for.

The series of events that led to Daine's coming to make her home in Canada began with the death of her father some time ago and later the failure of her mother's health. The child went to live with her grandmother and the climax came when she too became seriously ill. Daine had no one left to look after her, that is no one except her aunt in far off Vancouver, Mrs. Ronald H. Kingshott, Daine's mother's sister, who came to Canada after the war with her British Columbia Artillery Regiment soldier whom she married in England during the war.

Poland was a great European power from the 14th to the 17th century.

Pioneer Personalities
T. D. PATTULLO

Present in the founding and later development of Prince Rupert and a former Premier of the province Dufferin Pattullo was born in Woodville, but most of his active and interesting life was spent in Western Canada.

Young man, he was early in Dawson, holding a position in the Federal government. Throughout the period of the gold rush when the northward movement was at its height, he was a member of the first Prince Rupert city council, sharing in that memorable election with great vigor and zest. One of the city became organized, the necessity of electric light and telephone systems became very obvious and Mr. Pattullo was one of the first to take the initial steps in that direction. It can be fairly said that the responsibilities and labors of the first city council were many and heavy, for, as settled communities are understood, the new town did not resemble one at all. Everything was primitive. Everything, so to speak, had to be provided from the grass roots up.

He served as mayor as well as alderman. Once, he went to London on business connected with municipal financing. It was in 1916, when the Liberals took office at Victoria that he was elected to represent Prince Rupert. He became a cabinet minister and was re-elected repeatedly for many years. Later he served for several years as Premier.

It may be said that the story of his career, since then, has been largely the story of British Columbia. He held different portfolios, one of the first being the Ministry of Lands. For several terms he was Premier of British Columbia. The highlight of the different administrations in which he shared came in 1938, the occasion being the presence in British Columbia of Their Majesties King George V and Queen Elizabeth.

ray; C. Baptie, W. Mitchell, J. Norrington.

The second game ended in a three-all draw. It was the "finest game seen in the city for many a day." The sailors scored direct from a corner kick and got a two-goal lead when Aex Haig turned the ball into his own goal. Warren scored for the locals and then Sonny Dickens equalized. The Navy went a goal ahead but Baptie equalized with the "best goal of the match from Wilson's perfect through pass." Prince Rupert—Corbett; Haig, Erskine; Angus MacDonald, S. Currie, Tom Hadden; Jack Wilson, Strachan, Baptie, Warren, A. Mitchell.

BABOON FELT
QUITE AT HOME

IPSWICH, Eng.—A friendly baboon, Elizabeth, knocked on the door of Mrs. Dorothy Plummers' home here. There was no one in and the door was unlocked. Elizabeth walked in, helped herself to oranges and bananas in the dining room and also a bag of cherries. Then she found a bottle of stout and picked up Mrs. Plummers' pocketbook. In the bathroom she turned on the faucets, used a powder puff and in the bedroom wrapped herself in a pink eiderdown and climbed into bed. There, drinking the stout, she was found by the police, who had been summoned by neighbors.

Elizabeth had escaped from her cage at the nearby fair grounds.

THREE MORE GIRLS ENTER

Youngman Sisters and Margaret Brain Would be "Miss P. N. E."

Entry of the popular Youngman sisters—Nina and Lorraine—and Margaret Brain bring to seven the number of girls now vying locally for the trip to the Pacific National Exposition in Vancouver which may lead to selection of "Miss P.N.E." and a free trip to Hollywood. Manager J. Harry Black has several more entries lined up and is wanting twenty in all to make a real contest of it.

Nina Youngman and Lorraine Youngman, who reside at 855 Fraser Street with their parents, Mr. and Mrs. C. L. Youngman,

are 18 and 17 years of age respectively. Both are brunettes and Nina, as well as having the extra year, outweighs and outstands Lorraine—but slightly. The former is 5 foot six inches and weighs 130 pounds. The latter is 5' 5" and weighs 122. Nina is a member of the Bank of Montreal staff. Lorraine is still a student at school.

Seventeen-year old Margaret Brain is a brunette telephone operator. Weighing 119 pounds and standing 5 foot 4½ inches, she is the daughter of Mr. and Mrs. Leslie Brain, 120 Eighth Avenue West.

WALK ON STOMACHS

Penguins move across ice by walking upright, or progressing on their stomachs, kicking with their legs.

Reminiscences and Reflections

By W.I.

A case, almost parallel with the circumstances surrounding an arrest here last Friday occurred years ago and perhaps is now remembered only by a few. The offender, also Chinese was looking forward to an early ocean voyage. He worked as janitor and handyman, having keys to numerous homes and stores. How long he had been an industrious collector of other people's property can only be conjectured. His room in the rear of the Bank of Montreal building, revealed an assortment of unused goods sufficiently varied and extensive to require most of the space in the police guard room. As the police explored, it took on the look of a glorified pack-rat's nest.

Recent inventions, it is announced, include buttons that cannot be torn off in a laundry. This leads the Christian Science Monitor to suggest a few other gadgets to which most of us will cheerfully say Amen—phones that can't ring while you're in the bath; theatre seats that won't remain empty in the middle row; radios that get loud enough for their owners before becoming too loud for the neighbors.

Fred James, employed as a reporter on the Daily News away back in 1910, or thereabouts, has retired, according to word received from Ottawa. He had been serving on various papers, through the years, finally taking over the duties of Director of Publicity for Federal Department of Agriculture. That's about as close as a newspaperman ever gets to becoming a farmer.

President Truman is reported to have remarked, the other day that the outlook for peace is excellent. He was thinking of Europe, of course. The organization of the Ku Klux Klan in Georgia, and shooting between white and colored, in Mississippi is something else again.

No matter what happens in Newfoundland the outcome will be of direct interest and concern to Prince Rupert people who can describe the venerable colony.—the deep, still inlets, the eternal ocean, the mists and gales, the fish, the hills, the cliffs and "shaggy wood"—the bronzed men who go down to the sea in ships and do business on great waters.

Relief from arthritis—perhaps permanently is claimed by a British Columbian. The government, having a few dollars for that purpose, will see what it amounts to. Public money has often been spent far more unwisely.

You saw it in the Daily News.

FILMS FOR AUGUST HERE

Interesting Lead-off Will be "Hucksters" This Week-end

Not the least interesting of the picture bookings which Manager J. Harry Black announces for patrons of the Capitol Theatre during the coming month is "The Hucksters," film adaptation of the much discussed book of the same name which is being offered the latter part of this week. There will be speculation as to how closely the picture follows the novel and how certain sequences in the story will be handled on the screen. The picture marks the return of Clark Gable who has not been seen for considerable time.

Following is the picture list for the ensuing month:

July 29, 30 and 31—"The Hucksters," with Clark Gable and Deborah Kerr.

August 1 and 2—"Tarzan and the Huntress," Johnny Weissmuller and Brenda Joyce; Zane Grey's "Arizona Ranger."

August 3 and 4—"Unfinished Dance," Margaret O'Brien and Syd Charisse.

August 5, 6 and 7—"Captain from Castille," Tyrone Power and Jean Peters.

August 8 and 9—"Dark Delusion," Lucille Bremer and James Craig; "Bigtown After Dark," Philip Reed and Hilary Brooks.

August 10 and 11—"Possessed," Joan Crawford and Van Heflin.

August 12, 13 and 14—"Red Stallion," Robert Paige and Ted Donaldson.

August 15 and 16—"Wreck of the Hesperus," Willard Parker and Patricia White, and "Blondie Knows Best," Penny Singleton and Arthur Lake.

August 17 and 18—"Deep Valley," Ida Lupino and Dane Clark.

August 19, 20 and 21—"Where There's Life," Bob Hope and Signe Hasso.

August 22 and 23—"Brute Force," Burt Lancaster and Hume Cronyn.

August 24 and 25—"The Unfaithful," Ann Sheridan and Zachary Scott.

August 26, 27 and 28—"Golden Earrings," Marlene Dietrich and Ray Milland.

August 29, 30 and 31—"Prince of the Thieves," Jon Hall and Patricia Morrison; "Lost Honymoon," Franchot Tone and Ann Richards.

September 1 and 2—"Alias a Gentleman," Wallace Beery and Tom Drake; "Laughing Lady," Ann Siegler and Webster Booth.

MEN'S FASTBALL SCHEDULE

July 26—Gordon & Anderson vs. Canadian National Recreation Association.

July 28—General Motors vs. Taxi.

July 31—Co-operative vs. General Motors.

August 2—99 Taxi vs. Canadian National Recreation Association.

The MODERATE MAN

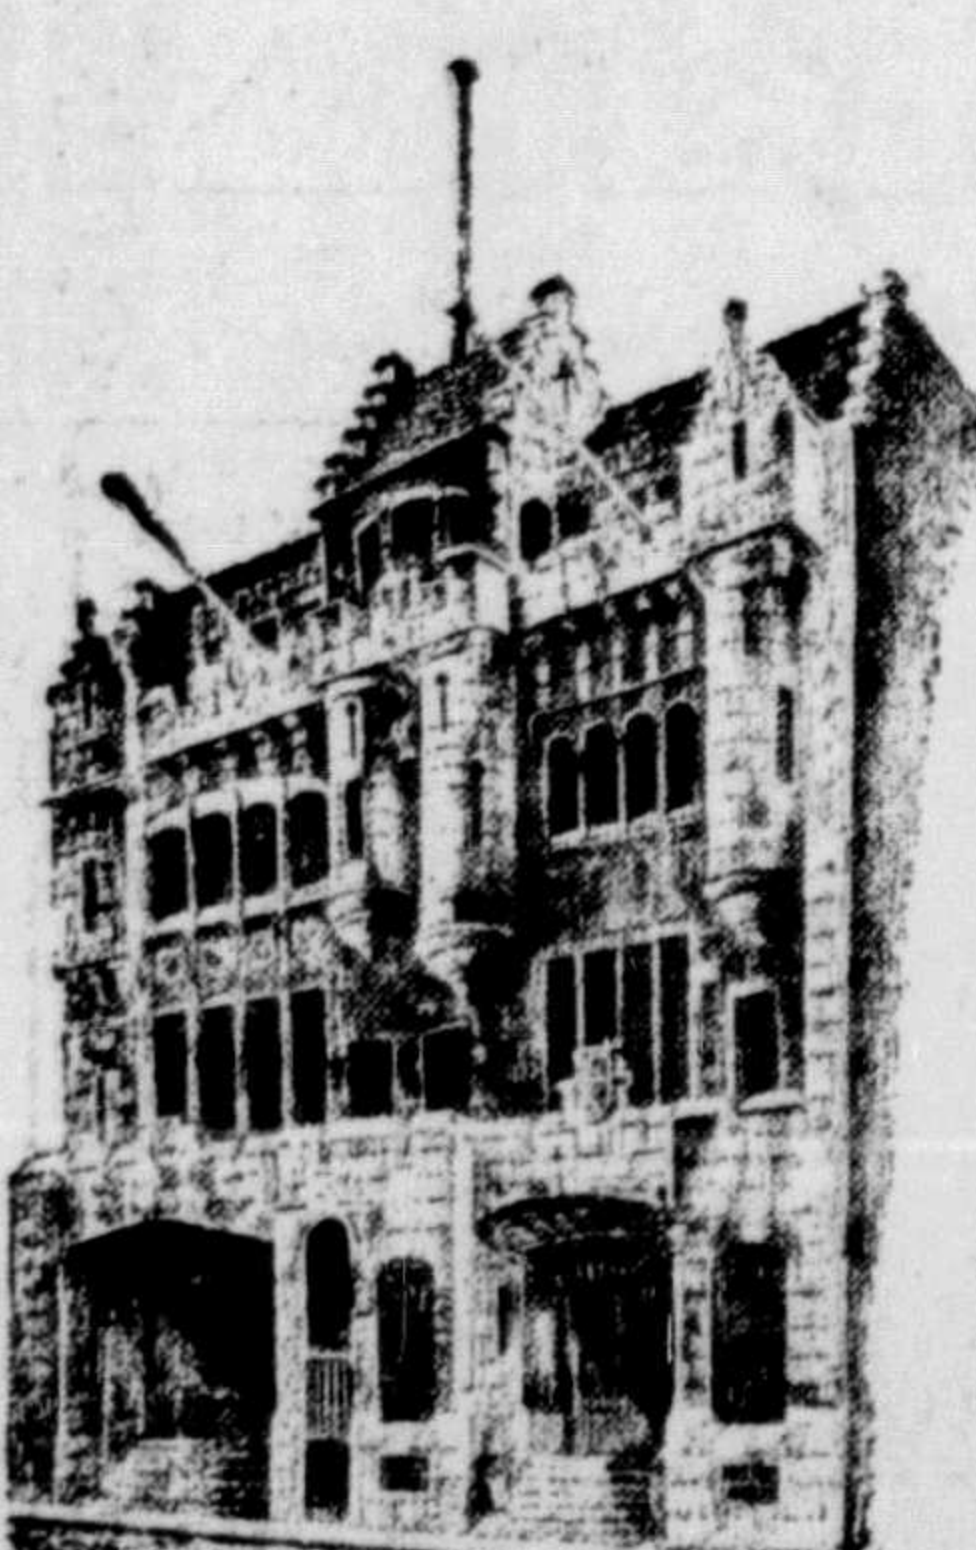

► A moderate man is temperate in his thinking
... in his actions ... in his convictions ... he is moderate in all things.

► He has the respect of his family, his friends and his associates. He is, in short, a contented and a happy man.

► And when an occasion calls for the use of whisky, he is a man who knows, as The House of Seagram has so frequently pointed out, that he has an obligation to himself, and to his community ... it is, to drink moderately or not at all.

Men who Think of Tomorrow
Practice Moderation Today!
