RESOLUTIONS FROM RUPERT

Considered at Municipalities Convention—George New President

HARRISON HOT SPRINGS, B.C.—Two Prince Rupert resolutions are up for consideration today at the convention of the British Columbia Municipalities. One proposes a standard business tax throughout the province, the other standardization of assessments.

Mayor Percy E. George of Victoria, first vice-president, was elected president of the Union yesterday by acclamation to succeed Mayor William M. Mott of New Westminster. Reeve Solomon Mussallem of Maple Ridge was acclaimed as vice-president and Mayor T. H. Waters of Nelson was elected second vice-president.

Also elected by acclamation were Commissioner A. D. McRae of Mission as village representative and R. R. F. Sewell of Victoria as secretary-treasurer for the sixteenth term.

Col. McQuarrie of Vancouver was elected solicitor.

Among the eight-member executive council is Mayor Nora Arnold of Prince Rupert.

The convention today is cleaning up on a total of something over 60 resolutions on the agenda. On the first day 23 resolutions were disposed of by the 141 delegates to the forty-fifth annual convention. Of these 14 were passed, eight defeated and one withdrawn. Eleven others were referred to special committees.

TERRACE ROAD NEVER WORSE

In Poor Condition Now as Result of Recent Heavy Rains

Motorists appear to be in agreement that the Skeena River Highway between Prince Rupert and Terrace was never in worse shape than it is today, the result, no doubt, of recent rains. Particularly bad is the section between Shames and Y'ee. "A lot of work will be required to put the road back in good shape again," says J. Harry Black, former president of the Prince Rupert Automobile Association, who returned at the first of the week with party consisting also of Johnny Garofani, George Hoey, Mickey Fudger and Richard Long, from a trip which took them as far as the Manson Creek country north of Vanderhoof and Prince George.

They also made a side trip to Glen Annan on the Stellaco River in the Francois Lake country where they enjoyed good hunting and fishing, bagging one moose.

The road east of Terrace is not in too bad shape, Mr. Black reports.

Collapse of Berlin Parley Is Feared

ARABS MAKE PEACE MOVE

AMMAN, @—Tariq Bey Afrik, commander of Arab irregulars in the Jerusalem area, met United Nations truce observers today and discussed the Arab withdrawal from Mount Zion and Abu Tor sectors of Jerusalem.

REPORT IS DISCOUNTED

Canadian Defence Headquarters Laugh at Russian Massing Talk

OTTAWA—Defence headquarters laugh at reports from Washington that the Canadian Army Intelligence "had proof" that Russians were massing aircraft in Siberia within striking distance of Northern Canada.

The U. S. Army and its air forces have major installations in Alaska closer to Siberia than any Canadian defence establishments in the north. Canada and the U. S. are jointly operating far northern weather stations and are adding to this chain on meteorological outposts along the Arctic rim of the continent.

MAE WEST IS DEFENDANT

LOS ANGELES—Mae West has appeared in court here to defend herself in a \$100,000 lawsuit. It is alleged she used material from a sketch based on the life of Catherine the Great, of Russia, without paying compensation to the writers of the successful sketch.

IMMIGRANT FLOW RISING

OTTAWA—Rivalling the busy years of "the twenties," new inhabitants of Canada are arriving in what could almost be termed a flood. The great bulk of the settlers are Britons and Europeans who are getting away from the after-the-war effects.

In the first half of this year, 57,275 have moved to the Dominion. Under the newly broadened immigration policy, the newcomers include independent farmers, close relatives of Canadian residents and farm and other types of workers, in addition to business people and others coming on their own.

DANES CLAIM RED VIOLATION

COPENHAGEN, @—Danish naval authorities say that at least 50 Russian planes violated Danish territory in flights off Bornholm Island in the Baltic and one group flew low over a Danish naval unit.

DeGaullists Are Invited

Asked by France's Latest Premier-Designate to Enter Cabinet

PARIS, @—DeGaullists today demanded a revision of the French constitution as their price to support the conservative cabinet that Henri Queuille hopes to form.

Meanwhile Queuille, war veteran and little known French politician, today promised an answer as to whether he could form a government to rule troubled France. His answer was to depend on a meeting today with parties whose support he had asked.

A 64-year old doctor from Brittany, Queuille has held several cabinet posts since the war and was minister of public works and transport in the Schuman government which fell Tuesday night.

It is the first time that the DeGaullists have been asked to participate in a government.

CUTTING OUT SEATTLE PORT

SAN FRANCISCO—A direct general cargo shipping service between California, Oregon and Alaska has been started by Coastwise Lines, Inc., and may mean a huge expansion of south-north trade. Until now, goods from California and Oregon destined for Alaska were shipped as far north as Seattle by truck and rail for transshipment to vessels.

Under the new plan there will be no calls at Seattle, whatever. Northbound, ships will touch at San Francisco and Portland, and southbound, at Whittier, in Alaska, and at Portland and Los Angeles.

Just Another Lawyer, Says St. Laurent

MONTREAL—Louis St. Laurent checked in here for the annual meeting of the Canadian Bar Association. He said he was registering as "just another lawyer."

RUSSIANS RELEASE U.S. OFFICIAL—A souvenir of his kidnap and release experience, a piece of black bread taken from a Soviet prison, is shown to a U.S. military police officer in Berlin by Thomas P. Headen, Deputy chief of the Information Services Division in the American zone. Headen was seized by Russian soldiers as he was walking with his wife and children. He was accused of taking pictures in the Potsdamer Platz. After spending a night in Soviet detention he was ordered released.

Nora Arnold Is Congratulated at B. C. Municipalities Convention

HARRISON HOT SPRINGS (CP)—The Union of British Columbia Municipalities yesterday voted to send congratulations to the Business and Professional Women of Canada for their recent selection of Mayor Nora Arnold as "Canada's outstanding woman of 1948."

Mayor William Mott, New Westminster, retiring president of the Union, praised Prince Rupert's woman mayor for her untiring efforts and outstanding activity in civic work and with the Union of British Columbia Municipalities.

Mrs. Arnold, one of two British Columbia women mayors, (the other is Mrs. E. D. Popoff of Slokan), said the distinction of being Canada's outstanding mayor was a "tremendous honor to myself, the city and the province. It is a great honor to all of us that a woman from an obscure part of northwest Canada should be so chosen."

THE WEATHER

Synopsis
A series of weak storms moving in from the Gulf of Alaska continues to give cloudy skies and showery weather over the northwestern corner of British Columbia. Fog and light drizzle persist along the central and northern coast except for brief clearing during the afternoon. Over the remainder of the province the fine weather will continue with afternoon temperatures reaching the seventies or eighties today and Friday.

Forecast
Queen Charlottes and North Coast—Cloudy in northern section with occasional light rain or drizzle this afternoon and again early Friday. Dense fog in remainder of area, clearing briefly in the afternoon and reforming at night. Light winds. Little change in temperature, with lows tonight and highs Friday—t Port Hardy, 50 and 60, Massett and Prince Rupert, 52 and 62.

CIRCUS SHIP IN DISASTER

HAVANA, @—A tiny circus ship was swallowed up by a hurricane which swept the Caribbean Sea in the dark morning of September 1 and 44 persons and 59 trained seals on board were missing. The Norwegian motor vessel Caribe, radioed yesterday that she had picked up 12 survivors.

"The fate of the remainder of the passengers and crew is unknown but we fear for the worst," said the Caribe's message.

Indianapolis Papers Merge

INDIANAPOLIS—Increasing costs of production has brought about the merger of Indiana's two largest newspapers—the News and the Star. Consolidation is announced—one morning and one evening.

Joe Louis Is Making Speech

PHILADELPHIA, @—Joe Louis is scheduled to address the National Association convention here on September 14 but sports writers say the chances are he will not tell whether he plans to fight again or how to find another Joe Louis.

Artificial Kidneys Medicine's Latest

CHICAGO—Two groups of medical research men report that they have developed artificial kidneys for use in the treatment of diseases which often are fatal.

RUSSIANS TELL AMERICANS MIND THEIR OWN BUSINESS

Will Not be Forced Into Settlement by Duress, Asserts Truman

WASHINGTON D. C. (CP)—Diplomatic authorities today indicated growing concern over possible early collapse of east-west negotiations for an agreement in Berlin. Signs are increasing, the western powers concede, that Kremlin may flash the red light on further parleys in the blockade dispute. Diplomats fear that Russia may use communist-inspired disorders in the beleaguered German capital as an excuse for such a stop order.

INDIA BLOOD BATH FEARED

Preparations Being Made to Evacuate Canadians, Britons and Americans

NEW DELHI, @—Moslem Pakistan's foreign ministry charged today that India's policy in Hyderabad would lead to a "communal blood bath" which would engulf the sub-continent. Air evacuation of Canadians, Britons and Americans will begin within a few days "in view of latest developments."

Evacuation From Volcano

MANILA @—An urgent radio appeal was broadcast tonight to all ships within call to remove the remaining 15,000 persons from volcano-ravaged Camiguin Island as a shower of deadly acidic ash spewed from Mount Hibokhibok which has been erupting since September 1.

Four Planes Last Evening

Aircraft of Different Lines Converge on Port

Prince Rupert had the appearance of being a very busy air centre early yesterday evening. Four planes, each from a different airline, were in the harbor waters at once.

First in was a high winged pontooned Norseman piloted by Bob Davis of the Queen Charlotte Airways and under charter to the Department of Fisheries. The Canadian Pacific Air Lines Canso, with Pilot Larry Dakin at the controls, came in next on her scheduled flight from Sandspit and she had scarcely put her hull in the water when Central B. C. Airlines' low-winged German Junkers seven-place monoplane buzzed over the city waterfront.

The Junkers, piloted by Jack Harriot of Prince George, who was accompanied by Bill Hilde, flight mechanic, arrived here from Fort St. James with orders to pick up a party from the Forestry Department and fly them to Telegraph Creek.

Pilot Harriot is not a stranger to Prince Rupert. While he was with the R.C.A.F. during the war he was on the regular mail flight in 1942 and 1943. A very perky passenger on board the Junkers was a tiny pup that the pilot picked up in Stewart ten days ago. Since then the small canine has become a seasoned traveller and will probably see a lot more of Northern British Columbia before his owner has a chance to present him to his small son in Prince George.

The all-metal Junkers is almost a curiosity in flying circles now as, according to Pilot Harriot, the ship he is flying is one of three left in Canada. Central B. C. Airways has one of the others and the third one is operating in Quebec.

Last aircraft to visit Prince Rupert yesterday was the Seabee owned by Skeena Air Transport which made a brief stop here and then buzzed off up the valley bound for Smithers.

GREAT PLANT AT KITIMAAT

Aluminum Co. of Canada Considers Establishing There

A Victoria dispatch to the Vancouver Sun says the Aluminum Co. of Canada's proposed site for a large aluminum producing plant in British Columbia may be moved further north from Vancouver to the head of Dean Channel or to Kitimaat at the head of Douglas Channel. Survey crews are now at work there.

The thing that moved the company to take this step was the objection by fishing interests to the diversion of waters from the Chilco system. The more northerly site would have nothing to do with the Fraser River area. It is estimated that the water system in the Kitimaat region will develop close to 1,500,000 horsepower, making it 50 per cent larger than the Chilco project.

RED SOX HAVE BIGGEST LEAD

Margin of Leadership in American League Increased to 2½ Games

NEW YORK @—The outlook appeared gloomy today for the rest of the American League as the battering Boston Red Sox boasted their largest lead of the season. They overcame a New York Yankees 10 to 6 lead Wednesday night to increase their margin over the runner-up New Yorkers to 2½ games. The previous best advantage of the Red Sox was a game and a half.

In the National League the Pittsburgh Pirates defeated the Cincinnati Reds 5 to 1 to further strengthen their hold on second place.

MARGIE RETURNS

MARGARET BRAIN will be home tomorrow and, in view of the distinction she has brought her home town, she deserves a really enthusiastic welcome home.

To "Margie" the past few weeks, looking back over it all, will seem possibly not exactly a dream, but a glamorous experience, not even remotely dreamed of months ago.

First, a Beauty Queen! The observed of the observers at Vancouver's annual exhibition, an event of consequence at that! Costly and handsome gifts in profusion! Contacts of value! Saluted and honored by some of British Columbia's chief citizens! Featured interviews and enlarged portraits in the press! Then, through sunny skies direct to Hollywood, place of enchantment, for three days, to hobnob with the stars of film! Back in B.C. and finally an ovation and reception in the old home town! Somehow one cannot but wonder if life will ever be quite the same again for Margie.

RACIAL DISCRIMINATION

HAVING POSED as a colored man, a member of the staff of the Post-Despatch of Pittsburgh, has returned home to tell of his month's tour through the southern States. He had been assigned to discover for himself, what the life of a negro is like in regions where once slavery existed. He went, well disguised, coached and accompanied by a real colored man.

His impartial and penetrating story is, to say the least, revealing. He went places, met people and observed plenty. It was never suspected that he was not other than what he represented himself to be. His findings do little credit to white people. He claims there is injustice, and a rigid caste system. It's "Jim Crow" all along the line. Everywhere, he asserts, there is this intolerance, and illiberality. War may have given some freedom. But evidently it did not also give happiness.

TAXING INDUSTRY

RICHARD L. NEUBERGER, a Portland, Oregon, magazine writer, paying another visit to Alaska in order to get material for the many articles which he sells concerning the Territory, at a local service club luncheon, informed all and sundry that income and industry taxes would not be detrimental to the establishment of new business in Alaska. He used the States of Oregon and California as examples.

We're not too well informed on Oregon tax conditions. On California tax conditions, however, if our memory serves us correctly, it wasn't too many years ago that California was attempting to lure new investors and keep its older, established business concerns with certain promises of tax exemptions for a specified period of time.

Governor Gruening and Neuberger seem to speak the same language. It was only last year, with the increased talk of an Alaskan pulp industry, that the Governor pointed to this as yet unborn babe, as a possible source of revenue to get the Territory out of the hole which, incidentally, has not yet been excavated.

We're not speaking against a sensible tax structure for the Territory. We do recommend, however, that new industry be given a chance to get on its feet before we even start thinking about how much money it can be taxed. Present established business concerns stand ready and willing to do their share under a fair and square system of taxation for reasonable government expenses.

—Juneau Empire.

NEWFOUNDLANDERS

NEWFOUNDLANDERS are as strong and hardy a race as can be found anywhere on the globe.

Fishermen, deep-water sailors and forest workers, they are at least the equal if not superior to those in similar occupations on either side of the Atlantic. Newfoundlanders are honor graduates of the school of hard knocks and when they emigrate they are almost invariably an asset to the countries in which they make their new homes.

Newfoundlanders of the outports can use a compass, or manipulate a dory with precision, before they can read. As coastal sailors they have few equals, manoeuvring their fishing schooners around the rugged coasts with efficiency and a minimum of mishaps at sea. As forecasters of weather many old Newfoundland sea-captains get results which astonish meteorological bureaux. Newfoundland youths acquire a sense of balance and muscular co-ordination which has brought many of them highly paid jobs as riggers in bridge building and sky-scraper construction. —Ottawa Journal.

A CLASSIFIED AD IN THE DAILY NEWS WILL BRING RESULTS

GYRO PLANNING FOR CONVENTION

Will Soon Start Active Preparations for Important Gathering Here in May

Active preparations for the 1949 district gyro convention will be launched shortly by the local club which was in business session yesterday and heard a report from C. G. Ham, delegate to the recent district conference in Vancouver, of the decision to hold the convention here. Present plans are for the special chartering of the steamer Prince George to bring the conventionists here, probably about mid-May.

Local Gyros intend to form a motor caravan to go to Prince George October 9 where a new club is to be instituted under the sponsorship of Kamloops and Prince Rupert.

Other forthcoming gyro dates will include an evening meeting featuring a program of pictures to be shown by Dr. R. G. Large September 21 to be followed by a private stag party at the home of A. J. Dominato and the annual picnic being planned for next Sunday.

The club heard a report from its playground committee that the opening of the new swimming pool in McClymont Park, which was originally to have taken place on Labor Day, had been deferred because of unfavorable weather and shortage of gravel supply had held up the construction work.

Guests at yesterday's luncheon were J. D. McRae and Joseph Chell, the latter the new inspector of schools here and former prominent gyro at New Westminster and Nelson.

Reminiscences and Reflections

By W.J.

Tourist traffic remains heavy, even though summer, in an official sense has gone or is very much on the wane. Some prefer fall travel, and often the choice is wise. Most of us take for granted that the visitors, in cheerful dress sauntering the Prince Rupert streets or filling cars, are Americans. It's true that many are, but it's equally a fact that many are former Canadians, who, though living across the border have not yet taken out naturalization papers. But all have that tourist look.

Charges in the barbering business continue to fluctuate. The cost went up in Prince Rupert, not so long ago. Changes are frequent in other western cities. And now comes something real new, all the way from Ottawa, no less. Five working days, the cost of children's haircuts will be forty cents. But on Saturdays, the charge will be sixty cents. Why? Where is the twenty cents difference between hair cutting on Saturdays and Wednesdays?

It is not news to say that a chronic forgetfulness in keeping a pledge still afflicts the Soviet when dealing with other nationals. There are plenty of reasons given, by way of explanation. It might be made to appear that there is inability to get the other fellow's point of view or his interpretation of the Russian angle to the situation. For there are recognized ways of trying to make black or blue some other color so long as it serves a purpose. But in Berlin today, it all seems to boil down to the plain objective of getting the United Nations out of town. The thing is to do it and let the way it is done go hang.

NEW THEATRE IN PRINCE RUPERT

A new theatre to be built in Prince Rupert, the Paramount at Third Avenue and First Street will seat 630, construction to commence at once. The contract is held by Mitchell & Currie. The plans, prepared by Townley & Matheson of Prince Rupert, show a one storey building of mill construction with reinforced concrete walls, flat tar and gravel roof and cement-render exterior. Hot water heating is specified—Journal of Commerce.

Canneryman's Fine Plane

JUNEAU — Nick Bez, long prominent in the fisheries of Alaska, has bought himself a new plane which is said to be something that's pretty good to fly in. The skipper is Capt. F. N. Bird.

It is painted a canary yellow for extra visibility in case of a forced landing. It also has all the special equipment available for a craft of its type—high frequency, radio, automatic direction finder equipment, all types of blind flying equipment, an nine hour fuel capacity.

Mr. Fred Thomas of Terrace returned to the interior last evening after a brief visit to the city.

MARRIED AT MILLER BAY

Miss Hilda Phillips Becomes Bride of Peter Cameron

Miller Bay Hospital was the scene of its first wedding ceremony on Saturday evening last when Mrs. Hilda Jeanette Phillips, the popular housekeeper at the institution for the past year, was united in marriage to Peter D. Cameron, well known Prince Rupert carpenter. The marriage was performed in the Nurses' Residence which was beautifully decorated for the occasion. An attractive pink and white arch was the setting. Venetian Archdeacon E. D. Hodson officiated. Two hundred guests were in attendance.

The bride, given in marriage by R. S. Woods and entering the room to the strains of the Wedding March from Lohengrin, wore a wedding dress of silver grey with white veil and coronet of orange blossoms. Her bouquet was of carnations and sweet peas.

The bridesmaid was Miss Shirley Dickie who was escorted by Dr. M. Ormiston-Clough and wore a pale blue dress with navy blue accessories and also carried a bouquet of carnations and sweet peas.

Mrs. R. S. Woods, as matron-of-honor, had a costume of blue with brown accessories and carried a similar bouquet. She was escorted by Berne Koenig. Joseph LeBlanc was groomsmen.

Following the ceremony, buffet refreshments were served. A three-tier wedding cake was duly cut by the bride. Toast to the bride was proposed by Dr. J. D. Galbraith with the groomsmen responding. Joseph LeBlanc proposed toasts to the bridesmaid and the matron of honor. Assisting the couple in receiving were Mrs. Eunice Davis, matron of the hospital, and Miss Mary Morton, assistant matron.

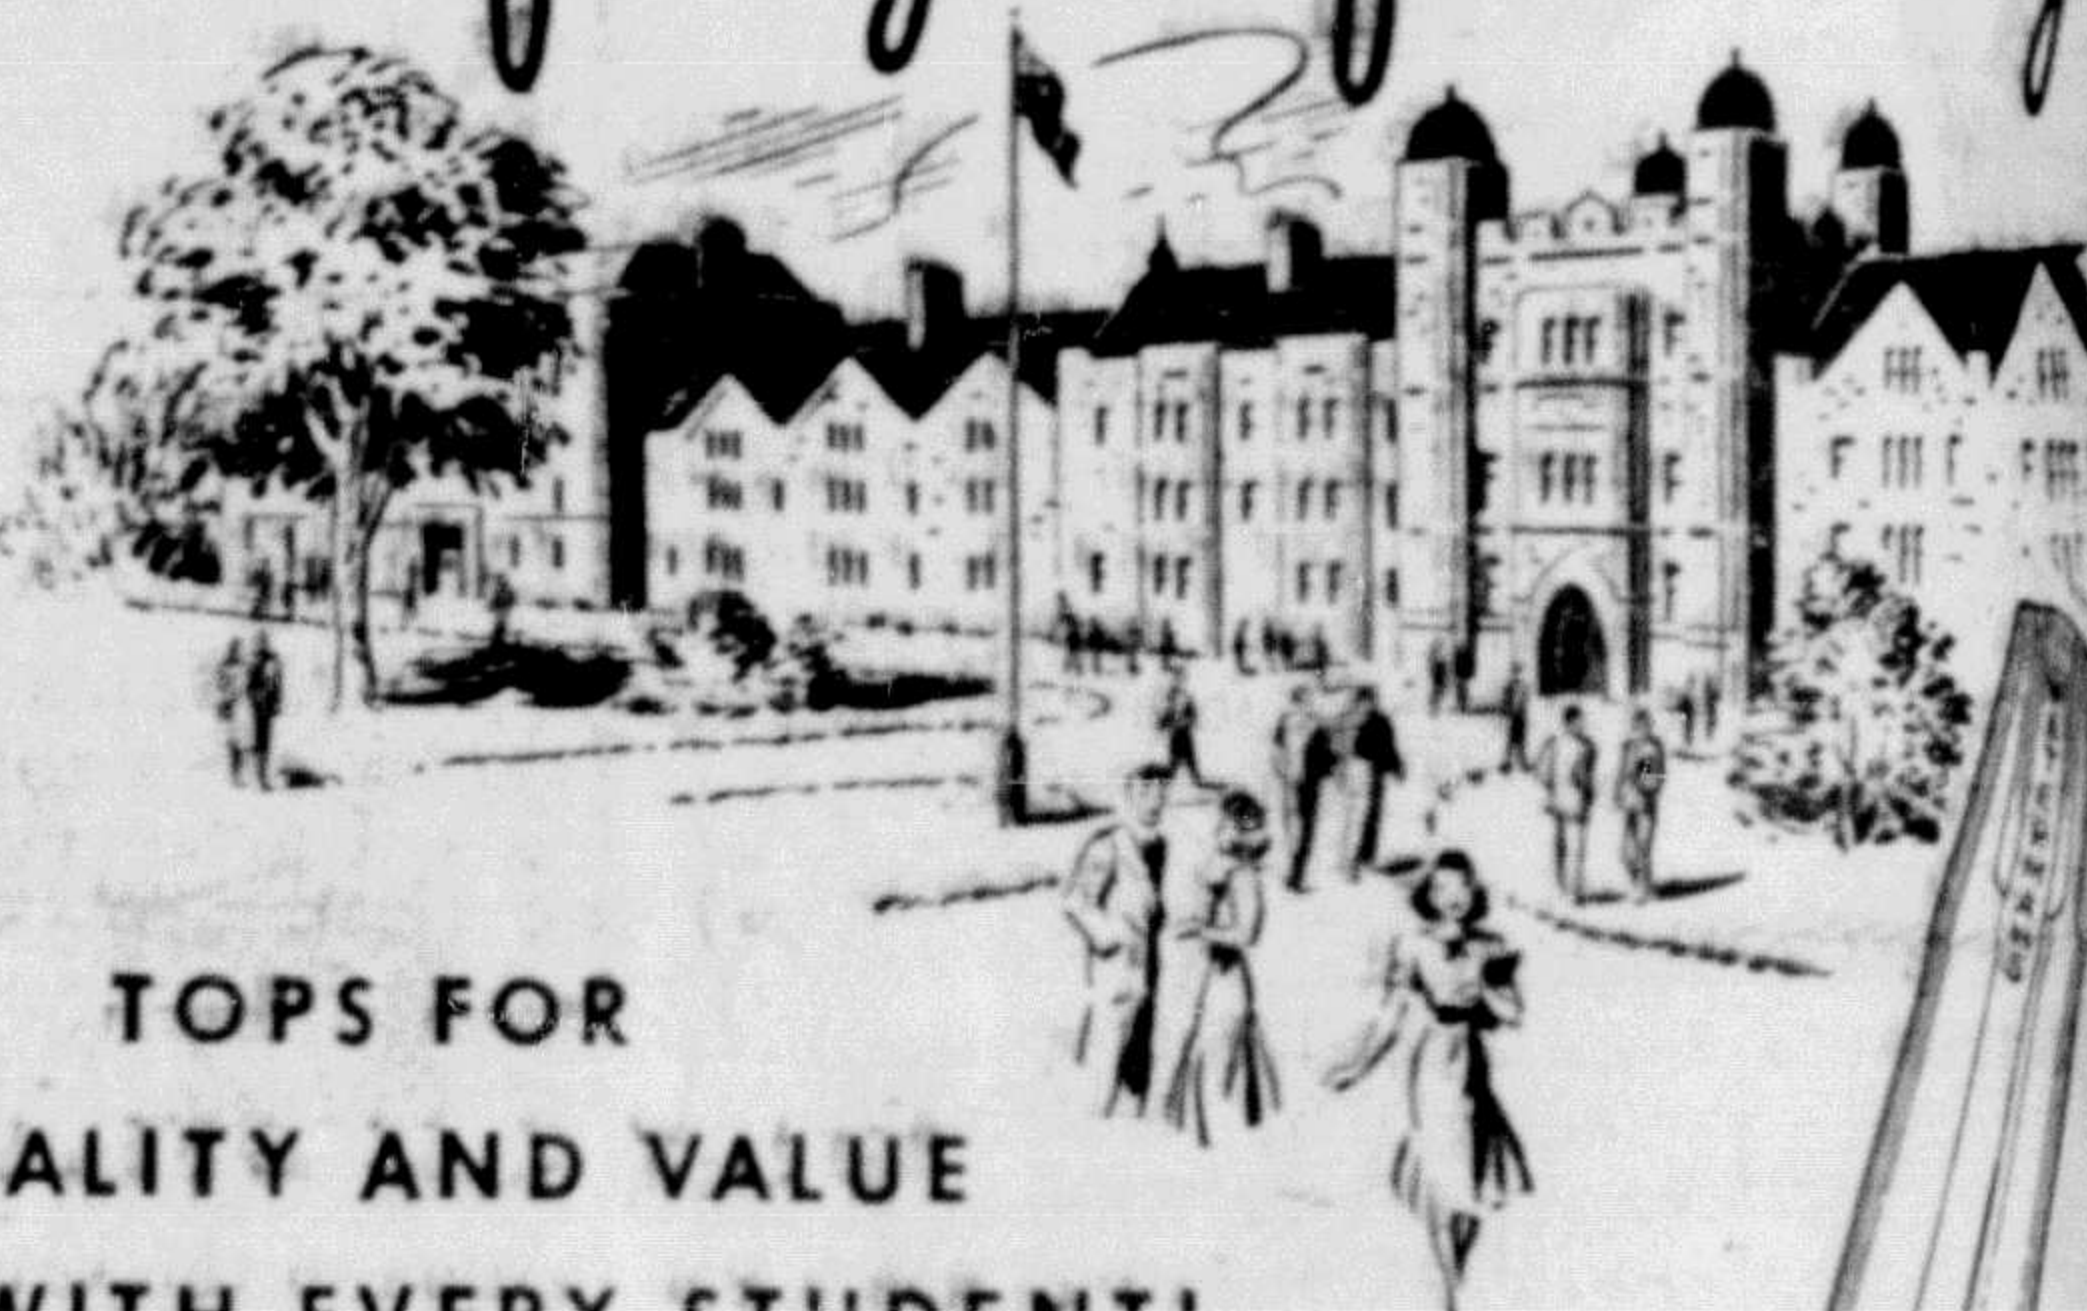

The evening was rounded out with dancing until midnight. The bride's bouquet was caught by Miss Elizabeth Wood.

Many beautiful gifts included a handsome case of flat silverware from the hospital staff. Mr. and Mrs. Cameron will leave next Sunday night on the Camosun for Greenville on the Naas River where they will engage in field work for the Department of Indian Affairs. The bride resided at Alyanah on the Naas River for many years before coming here. The groom is an esteemed resident of many years' standing in Prince Rupert.

Mrs. M. M. Roper, secretary of the Prince Rupert School Board will represent the board at the convention of British Columbia School Trustees' Association to be held in Vancouver September 20, 21 and 22, it was decided at last night's board meeting.

On Tuesday Chow pleaded guilty to two charges arising out of being in possession of an offensive weapon and ammunition without proper permits.

Lemon Pie Filling as This

SO SMOOTH... so tangy and fresh-flavored... just thick enough and never too thick — it seems scarcely possible that such perfect Lemon Pie Filling can be made so quickly and easy to make! But it is, and success is sure every time, with Jell-O Lemon Pie Filling!

Made by the makers of famous Jell-O — with real lemon flavor! Not a lemon jelly. Use it for pies, tarts, cake fillings, sauce, and for such easy dessert recipes as those on the package.

You always make your own — and beautifully?

Never go to the long, some way!

CHANGE of LIFE?

Are you going through the functional "middle age" period peculiar to women (35 to 52 yrs.)? Do you make you suffer from hot flashes, feel so nervous, high-strung, tired? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound also has what Doctors call a stomachic tonic effect!

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

BUYS AND WHYS BY Barbara Brent

A weekly shopping and information service for today's woman

MONTREAL, Sept. 9th—Wishful thinking is a waste of time when your figure begins to lose its good looks. Trim it down with reducing exercises and control it with wonderful foundation garments of C-I-L nylon! Yes, nylon is the newswatch fabric for foundation garments that mold your figure firmly—foundation garments without bulk—that are easy to wash and quick to dry—that are wonderfully wear and tear resistant. Nylon yarn makes strong, light-weight foundation garments to help bring back those lovely curves of yours or make your good figure still better!... and you can be sure of finest Nylon Yarn.

Free Schoolbook Covers! They're yours for the asking at the BANK OF MONTREAL—the best-looking schoolbook covers you've ever seen. These handsome covers will intrigue your youngsters for they picture school-children as they are and as they will be: doctors, business girls, farmers, singers, pilots! Text-books will keep clean and tidy inside these sturdy B of M covers! Ask for some today at your nearest branch of the B of M... or write to me, Barbara Brent, 1411 Crescent St., Montreal.

Fido Is A Wonderful Dog... but after an autumn rainstorm he just can't help smelling "doggy". And worst of all, he often leaves a "doggy" smell around the house or in your very pet chair! So here's what to do! Keep Fido!—but banish his "doggy" smell around the home by using VAPAIR! Simply uncup the bottle of this new room deodorant and pull up the wick and see how quickly your home becomes pleasant and livable again! Vapair works equally well on stale cooking or tobacco-smoke odours... and costs less than a cent a time to use! Ask for Vapair—at drug stores or counters. That big-value ten-ounce bottle is a mighty good buy—so Vapair "fans" say!

Fill Those Back-to-School Lunch Boxes with something extra good to eat and for a special surprise this scrumptious cake, made with CROWN BRAND CORN SYRUP... GINGER SPICE CAKE
Time 30-35 minutes
Temp. 350° F.
1/2 cup lard, shortening or home-rendered fat
1/2 cup brown sugar
3/4 cup Crown Brand Corn Syrup
1/2 cup boiling water
2 1/2 cups sifted pastry flour
1 tspn. baking powder
1 tspn. baking soda
2 eggs, well beaten
Cream lard, shortening or home-rendered fat and gradually beat in sugar and Crown Brand Syrup. Add boiling water and let stand until lukewarm. Then add sifted dry ingredients in 3 lots, beating well after each addition. Add well-beaten eggs and blend mixture with a rotary eggbeater. (This is a very thin batter). Pour into a well-greased pan 8" or 12" and bake in a moderate oven (350° F.) for 30 to 35 minutes. While still warm, dust top with powdered sugar.

How The Cereal People think up premiums I don't know! Now KELLOGGS have a fascinating one to please youngsters and grown-ups, too! You see, Kellogg's are currently putting good-looking cereal transfers in each package of PEP. I've seen them and they're certainly worth collecting... the butterflies and those cute dog heads to decorate your drinking glasses! So when Kellogg's Pep suddenly becomes extra-popular in your house, the transfers will be one of two reasons. The second reason is Pep's flavour... it's the crisp whole wheat, you know, that's good to eat!

There's Still Time To Fill Empty Jars with sparkling jellies... fresh-flavoured jams... and interesting preserves... that will help put excitement in next winter's meals! Grapes, apples, late plums—they do make such delicious jams and jellies! Especially when you use the quick, easy, economical method made possible by CERTO, bottled fruit pectin. Certo saves time, saves work... gives 50% more jam or jelly from your fruit... uses fruits at the peak of their full-ripe colour and flavour. And there are no failures if you follow their full-ripe colour and flavour. Only 1/2 to 1 minute boiling for jellies, 1 to 2 minutes for jams. See recipe booklet tucked under each Certo bottle label.

FOR A Velvet Blend... USE **Carnation**

You'll be enchanted with the velvet blend you get when you use super-smooth Carnation Milk. Everyday soups, sauces, salad dressings, frozen desserts—all milk-rich dishes—are transformed, as if by magic. Here's a wonderful recipe to prove it.

VELVET TOMATO SOUP
Easy to make and "out of this world" to eat!
1 can condensed tomato soup
1 tall can Carnation Milk

Heat milk and soup separately—slowly to prevent scorching. When hot (not boiling) blend soup into milk. Don't pour milk into soup, as this will cause curdling. Serves 4.

It takes more than kisses to keep a man happy! If you want your man always to be proud of you... if you want always to look your youngest, slimmest, and loveliest... you must keep your diet! And, in any diet to keep a lovely figure, you should eat certain special foods because of their vital "protective" qualities.

That is why Kellogg's All-Bran is included in scientific weight-control menus. All-Bran is made only from the outer layers of the wheat grain.

This is the vital part so rich in iron and certain other "protective" food elements your body must have.

Not only is All-Bran a "protective" food but it is guaranteed, on a double-your-money-back basis, to keep you regular naturally. Such natural regularity is always advisable, diet or no diet.

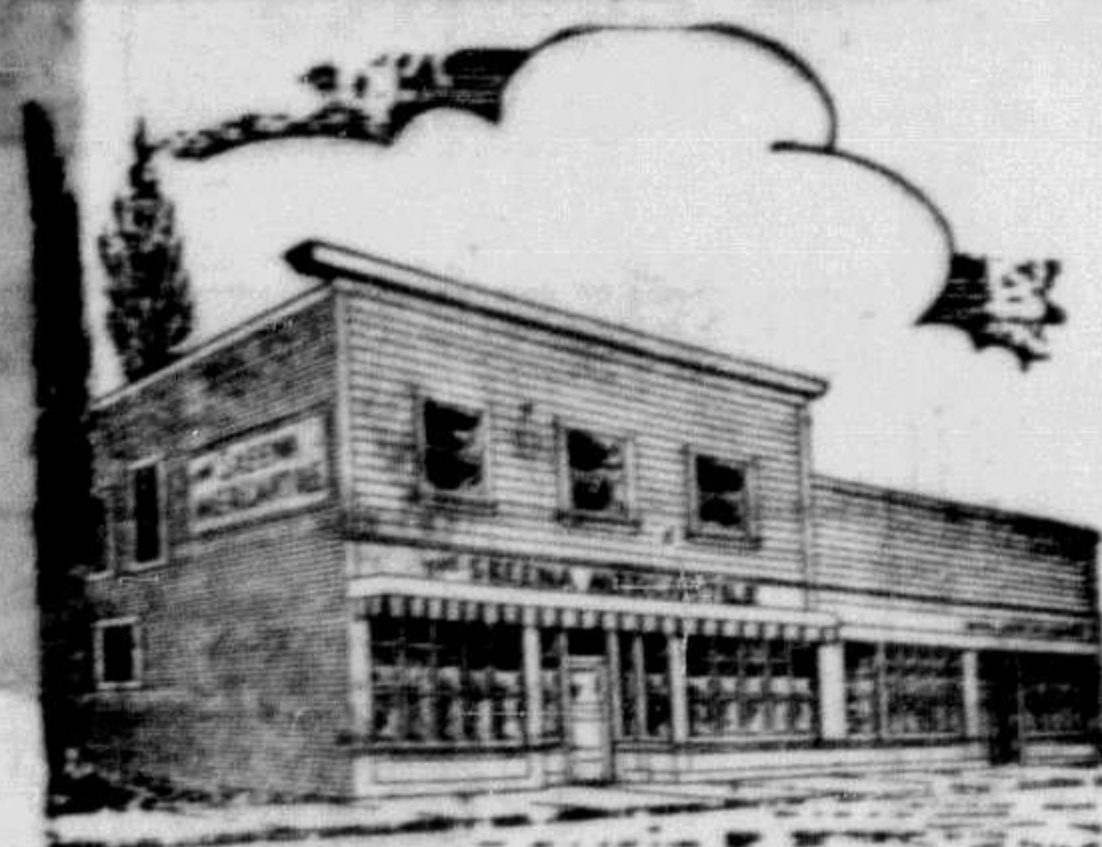

Make up your mind to take better care of yourself. Start eating All-Bran today.

BATTERY EARNS RIGHT TO MEET LEGION IN STUART SHIELD FINAL

GUNNERS DEFEATED BATTLING
HIGH SCHOOL 3-1 IN FIRST ROUND

In last evening's first round of Stuart Shield football, 102nd Battery deservedly won over High School and so earned the right to meet the Canadian Legion in the final of the competition next Sunday afternoon. The score was 3 to 1 for the Battery.

Play was ragged at the start with players on both teams mis-kicking at times.

Ward's centre was dangerous and then Cornwall went close with a hard drive. Boulter kicked away in another Battery attack and then the students got going. McKay and Mercer combined neatly and Olsen did some fine checking and feeding his forwards. Pavlikis gave Boulter a hot hand but the goalie cleared. At the other end Wilson was very nearly through. Dunbar and Holkestad made ground but Hebb cleared. Veitch stopped a dangerous move and Boulter did well to save from Ward and then from Pavlikis. Wilson set Owens up and the latter's shot was just wide. Battery attacked. Cornwall opened the scoring with a good shot after the ball had hit the crossbar. Olsen fed Wilson but Ferguson bottled him up. Mercer drove in a beautifully placed shot from a free kick but Morgan saved splendidly. Morgan saved a tricky header from Wilson following Olsen's through pass. Then Boulter mis-punched the ball and Pavlikis headed a second goal. High forwards all combined in a fine move but James was safe. Sharpe drove

in a great shot but Morgan saved and then Pavlikis drove high over from close in.

High defence was lax after play resumed and Boulter had to be quick to save from Dunbar. Cornwall made a clever run. Boulter was lucky when he mis-kicked after Hebb missed and when Dunbar had an open goal he hit the upright. Sharpe was clever and a fine cross from McKay went across the goal. Holkestad made a good run and set Pavlikis up but the latter shot over when he had the open goal. High attacked and, after a well-executed forward move, Mercer scored the best goal of the match when he first-timed Owens' centre into the top corner of the net. Boulter punched away Ward's corner kick and then James intercepted the ball to stop Wilson. Play was fast with Pavlikis topping the bar and then McKay and Mercer forcing their way through until Gomez and Ferguson finally stopped them. Boulter made a good save from Ward but slack backplay let Pavlikis in and he made the score 3-1. Wilson, Mercer and McKay combined but the latter shot over. High attacked again and Wilson gave Owens a set-up with only Morgan to beat but Owens was too slow. Hebb sent the Battery back and Lien and Owens both went close. Sunberg came through with a fine tackle and run. Gomez made a fine run but darts beat him. James again stopped a High School attack and Olsen tried a couple of shots but the whistle went with the Battery winning 3-1.

Teams: Battery — Morgan; Veitch, Gomez, Holkestad, Dunbar, Pavlikis, Parkhouse, Ward. High School — Boulter; Hebb, Sunberg, Adams, Olsen, Sharpe, McKay, Mercer, Wilson, Lien, Owens.

Referee — Woodside; linesmen, Halverson, Bond.

**BOTH TEAMS
PLAYED WELL**

Both teams put up a good brand of football after a shaky start, due perhaps to the long lay-off. Morgan had no chance with the scoring shot and stop-

STARTED BY MOORS

The manufacture of paper in Europe was first established by the Moors in Spain in the middle of the 12th century. The headquarters of the industry being Xativa, Valencia and Toledo.

Several dangerous tries. James was the best back on the field with Ferguson next. Cornwall, a newcomer, showed a lot of class playing a hard driving game with fine following. Gomez was more prominent towards the end of the game. Veitch was handicapped by a sore shin. Pavlikis scored a couple of goals and was always dangerous though he does not combine in constructive play. Ward crossed many centres and Parkhouse tried hard but was not much in the picture. Dunbar was good and Holkestad was clever.

Boulter stopped some very hard shots and was unlucky to give away the second goal. Hebb and Sunberg were not as safe as the Battery backs but did a good job at times. Sunberg's return to the team is a real help. Olsen, Sharpe and Adams did well in the half-back line tackling well and showing a surprising amount of resource in beating the opposition and feeding the forwards. McKay and Mercer were the better wing and Wilson was always trying hard. Owens' centre set Mercer up for the latter's great goal but both Owens and Lien were far too often out of position. When they crowd in, they spoil the rest of the forwards.

Friday evening's replay of the Gilhuly Cup game should provide a thriller between the same teams.

Sport Shots

Shaughnessy Heights Golf Club in Vancouver, scene of the Canadian Open to be played Sept. 22-25 is familiarly called a "good business man's course."

But it isn't necessarily an easy touch. It is just handy to the city! Kenny Black, 1939 Canadian amateur champ, set the course record—a nine-under-par "63—in a competition in which he defeated top-flight U.S. pros like Jimmy Thomson, Byron Nelson and Lawson Little.

However, in the club's 36-year history no one has been able to match the 72-hole record score—266—with which Bobby Locke won the Open last year at Toronto's Scarborough club. More than

JASPER GOLF CONTEST KEEN

Thrilling Matches in Both Men's and Women's Play

JASPER PARK — Competition was keen as mustered yesterday in the annual Totem Pole Golf championship and the feature match of the day saw Carl Haymond of Palm Springs, winner of the championship in 1946, sent to the sidelines by Gordon Verley, Victoria, who lost to Bing Crosby in last year's final on the thirty-sixth green. It was a thrilling match from start to finish and ended on the eighteenth green with Verley two up.

In the ladies championship, Mrs. J. H. Todd, Victoria, defending champion, moved ahead by defeating Mrs. C. E. Robinson, London, Eng. The ladies' final will be an international affair as two Seattle players are in the lower half and two B.C. ladies in the top half.

It took five holes before Haymond went one up in the feature match and he won the ninth to make the turn two holes up, all others being halved at the tenth. Haymond was almost dead out for a birdie when Verley blasted out of his second trap of the hole for a birdie to win. The match was all squared at the fourteenth but Verley had a birdie at the fifteenth to win. The 16th and 17th were halved and Haymond found plenty of trouble on the 18th to lose the hole and the match.

Other results in the men's championship were: Green, Seattle, beat Shoemaker, Seattle; Musgrave beat Thompson, Vancouver.

G. Straith, Victoria beat Gage, Vancouver.

Starky, Edmonton beat Ander, Vancouver.

Dr. V. E. Fowler, Seattle beat Wilkinson, Vancouver.

Berry, Vancouver beat Leathdale, Winnipeg.

Wood, Seattle beat Butler, Vancouver.

Verley, Victoria beat Haymond, Palm Springs.

In the championship consolation, Husband, Victoria, beat Ross, Vancouver; Haynes, Victoria beat Scythes, Toronto; Anderson, Vancouver, beat Marsa, Seattle; McIntyre, Trail, beat Leach, Victoria; Dr. Collins, Seattle beat Strohecker, Seattle; Armstrong, Vancouver, beat Ellis, Vancouver; Norgan, Vancouver, beat Bell, Victoria; and Dr. Speidel, Seattle beat Gilbert, Mount Vernon.

Ladies championship—Mrs. J. H. Todd, Victoria beat Mrs. C. Robinson, London, Eng.; Mrs. R. Cleat, Vancouver beat Mrs. G. M. Bell, Calgary; Miss M. J. O'Brien, Seattle beat Mrs. Dunlop, Vancouver; Mrs. F. Dunn, Seattle beat Mrs. A. Ander, Vancouver.

Ladies championship consolation—Mrs. S. Maddocks, Nelson beat Mrs. F. Strohecker, Seattle; Mrs. H. Husband, Victoria, beat Mrs. R. Armstrong, Vancouver; Mrs. L. Griffin, Vancouver beat Mrs. Desbrisay, Vancouver; Mrs. L. Wagner, Vancouver beat Mrs. G. Bronough, Portland.

First flight—Cleat, Vancouver, beat Dacre, Edmonton; Williams, Toronto beat Staff, Toronto; Donovan, Vancouver beat Dr. Calvert, Victoria; McFarland, Vancouver, beat Forst, Vancouver; Trotter, Saskatoon beat Jones, Winnipeg; D. Straith, Victoria beat Evans, San Francisco; Weeks, Vancouver beat Bell, Calgary and Todd, Victoria beat Sutton, Vancouver.

Second flight—Dr. Carruth, Portland beat Storie, Vancouver; Dunn, Seattle beat MacLeod, Victoria; Dr. Thompson, Vancouver beat Havens, Seattle; Wolfe, Edmonton beat Maddocks, Nelson; Adams, Vancouver beat Dr. Murray, Vancouver; Currell, Edmonton beat Field, Victoria.

Police Court Sequel To Traffic Accident
Ivar Johanson of Prince Rupert, charged with reckless driving, pleaded guilty in the city police court yesterday and was ordered by Magistrate W.D. Vance to pay a fine of \$50 or serve one month in jail. The case arose out of a traffic accident Saturday night when Johanson's car became involved with a vehicle owned by William Davidson at the corner of Seventh Avenue East and McBride Street. Total damage to the two cars was estimated at \$35.

Offensive Weapons Result In Fine

Bew Chow, a Chinese cannery worker, who recently arrived from Vancouver, learned yesterday morning in the city police court that it isn't wise to be in possession of offensive weapons or ammunition without proper permits. Constable White and Davidson discovered a loaded length of rubber hose and some 22 rifle ammunition among Chow's possessions in his quarters at the Pacific Rooms. To the charge of having an offensive weapon without a permit Chow pleaded guilty and was fined \$25 and costs by Magistrate W. D. Vance. On the second charge, an alien in possession of ammunition without a permit, Chow also pleaded guilty and was fined \$10 and costs.

CANADA'S GIANT
The Douglas fir is the largest tree in Canada, usually attaining a height of from 150 to 200 feet and a diameter of three to six feet.

Dr. Houston, Seattle beat Wagner, Vancouver; Wells, Toronto beat Bronough, Portland.

Third flight—McCarthy, San Jose beat Ritchings, Vancouver; Randall, Vancouver beat Desbrisay, Vancouver; Selman, Vancouver beat Steer, Edmonton; Robinson, London, Eng., beat Rae, Vancouver; Dunlop, Vancouver beat Watson, Vancouver; Cunningham, Vancouver beat Rogers, Edmonton; Gillespie, Seattle beat Gale, Vancouver; Dr. F. Publishers Had Fishing at Tiell

Oscar Stauffer of Topeka, Kansas, Ray Green of Concordia, Kansas and Gene Huse of Norfolk, Nebraska, prominent Midwest newspaper publishers, arrived in the city by plane yesterday after a week's fishing visit to Tiell, Queen Charlotte Islands, and sailed last night on the Prince George for Vancouver enroute to Campbell River, Vancouver Island. Mrs. Stauffer was also in the party. After trying the salmon fishing at Campbell River, they will visit Rogue River, Oregon, before returning home. The publishers had brought their cars with them.

NAVY VISITS HUDSON BAY

OTTAWA—For the first time in history, ships of Canada's Navy are today approaching Hudson Bay there to engage in training exercises. The exercises will include a call at Port Churchill where there are units of American vessels.

The Canadian vessels are led by the carrier *Magnificent*. Accompanying the squadron are the destroyers *Nootka* and *Haida*. There are army and air force personnel presumably on hand to advise on combined operations schemes. There are also representatives of the Defence Research Board, interested in cold weather defence experiments.

The commanding officer of *Magnificent* is Commodore G. R. Myles who comes from Rothesay in New Brunswick. He was formerly chief of naval personnel at Ottawa. The carrier had formerly been commanded by Commodore Harry DeWolf of Esquimalt who took over the Pacific command. At Port Churchill, there is a large joint defence establishment already in full operation.

SHIPS and WATERFRONT

Putting in here to discharge a large quantity of Alaskan fishery products, including 30,000 cases of canned salmon and four carloads of frozen fish, Alaska Steamship Co's big freight and passenger liner *Denali*, Capt. Ben Aspen, arrived in port at 1 o'clock yesterday afternoon and remained until 8 o'clock this morning when she sailed from the ocean dock for Seattle. There were also 160 passengers aboard the *Denali* consisting largely of Alaskan cannery workers heading south although there were a few round trip tourists including Judge and Mrs. Baird of Seattle. The *Denali* had been as far north as Yakutat, Kodiak and Seward and also called at Ketchikan and some of the lower Panhandle ports before coming in here.

Concluding her final voyage of the season in the Alaska tourist service, C.N.R. steamer *Prince George*, Capt. E. B. Caldwell, arrived in port at 7:30 last evening from Skagway and other northern points, sailing at 12:15 midnight for Vancouver. Next week the *Prince George* will be taking over the regular weekly service between Vancouver and Prince Rupert and north to Ketchikan in place of the *Prince Rupert* which, after breaking down while southbound from here to Vancouver last week, has been withdrawn from service and placed in dry dock for overhaul.

Ketchikan as well as Prince Rupert, has been making the most of the unlooked for, but profitable runs of tuna, just south of the Queen Charlotte Islands. At first, as much as \$600 per ton was being paid, but the Ketchikan fishermen hardly expect that this figure will continue very long.

PALMISTRY 3,000 B.C.
It is said that palmistry existed in China 3,000 years before Christ.

BRAVERY AWARDS TO BE PRESENTED

Local Kinsmen's Club Holds Its First Fall Meeting

Leonard Smith who dived into the chilly waters of Prince Rupert harbor and rescued three-year old "Rusty" Rougeau last December 13 is awaiting formal recognition of his act, the Kinsmen's Club heard at its meeting last night. The Kinsmen Club, at whose Kiddies Kamp Leonard acquired most of his swimming experience, brought the details of the young boy's heroic act to the notice of the Royal Canadian Humane Association. As the Club's own recognition of his bravery was later presented with a Kin crest gold ring and a free pass to this year's Kin camp, Leonard was in the south while the camps were in session this year but the pass offer still stands and the Club is now laying plans for a public presentation of a bronze medal for bravery and a certificate commemorating his deed both of which the Humane Association has forwarded to the secretary of the Club following a thorough investigation of Leonard's part in the rescue.

Following their first fall dinner meeting at the Civic Centre dining room last night, members of the Club met in the ladies' lounge to conduct their business meeting. Retiring President R. G. Moore gave a brief outline of the three camps held at Lakelse Lake this summer where over 60 boys and girls spent ten days each enjoying outdoor activities under competent supervising Members were told that proceeds from the sale of May 24 tickets had more than met the expense of the camp, leaving a certain amount of funds that will be used for needed improvements at the camp.

During the meeting the Club approved the motion setting October 16 as the tentative date for the installation night. Guest at last night's meeting was Kinsman Reginald Kelly of Victoria.

H.M.C.S. CRESCENT TO VISIT JUNEAU

The Canadian destroyer, H.M.C.S. *Crescent* is expected to pay a visit to Juneau this month. H.M.C.S. *Athabaskan*, which was also to have been in Juneau, will not go north, having had a change of orders.

HARRY WALLACE, SMITHERS, DIES

Harry Elmore Wallace of Smithers died in the Prince Rupert General Hospital on Sunday and his remains were shipped by train Monday to Smithers for burial.

For some 40 years Harry Wallace, known by his friends as "Jack," lived in the community of Smithers. A native of Kansas, he was in the valley well ahead of the Grand Trunk Pacific Railway and later he took up a farm a few miles out of the rail town of Smithers. Still later he worked for the Department of Public Works and was road foreman for that area many years until his retirement last June at the age of 69. Not only was Jack Wallace regarded as a good road foreman, but as a good neighbor. He was a widower.

This Dessert Has Everything

IRRESISTIBLE eye appeal... matchlessly bright, tangy flavor... just-right consistency — Jell-O offers all the things you want most in desserts. And it's unbelievably easy to make.

Add the fact that Jell-O is about the most economical dessert you can serve, and you'll agree — "Jell-O has everything".

Only Jell-O with its exclusive "locked-in" Jell-O flavor gives the most satisfying results. Look for the big red "JELL-O" letters on the box.

What's found only in Jell-O?
That "locked-in" Jell-O Flavor!
There are seven famous Jell-O flavors

TROPICAL FRUIT MEDLEY

1 package Lemon Jell-O
1 cup (each) hot water and orange juice
2 tablespoons sugar
1/2 cup (each) diced canned pineapple, seeded sweet grapes, sliced maraschino cherries

Dissolve Jell-O in hot water. Add orange juice and sugar. Chill. When slightly thickened, add fruits. Chill in individual moulds.

Jell-O is a trade-mark owned by General Foods, Limited
