Marie Balagno-Lundquist Tells Of Life Behind Iron Curtain

Destitution and Oppression — Was Ruled Out of Musical Competition

Leaving Poland is like stepping out of a tomb. Marie Balagno Lundquist, daughter of Mr. and Mrs. C. P. Balagno of Prince Rupert, told a Seattle newspaper on returning to that city after spending nearly two weeks behind the iron curtain as one of three Americans in the fourth international Chopin competition at Warsaw. The first week Americans practiced for their first performance — and were abruptly eliminated. That left the second week, Mrs. Lundquist recalled, to see how life went on in Poland.

"People are destitute," she said. "Their only hope seems to be that the United States will declare war on Russia. They're afraid of their shadows, afraid to speak in the street. And the only buildings I saw under reconstruction were those for the Communist party. They are going up by three continuous shifts of man labor. I heard there is only one tractor in Warsaw."

When all three Americans were ruled out of the contest after only 15 minutes playing time, Mrs. Lundquist recalled the prophecy of an Associated Press representative on her arrival: "You won't stand a chance."

"Eighteen points out of a possible 25 was supposed to keep one in a contest," Mrs. Lundquist said. "When I discovered a Brazilian boy with a score of 10 was allowed to continue and my score was 17½ I decided to protest." The result, the pianist said, was offer of a scholarship at the conservatory.

"I told them I'd take it too," she said. "If they'd let me continue. They refused. All I wanted was a chance to play a full program before a full jury—only 6 out of 25 were present for that first elimination."

NO PRESSURE

Mrs. Lundquist was a guest in the home of Everett Buckingham of the American Embassy. "No political pressure was put on any of the Americans," she said, "although we were taken to the secret police and quizzed on our personal histories before we left."

The pianist, whose trip by Scandinavian Airlines was made possible in part by civic-minded Northwest citizens, said her first job was to write notes of thanks to everyone who sent a donation to her.

"Then I'm going to give a concert. I'm not discouraged," she said.

ARE ARMING ON SLAV FRONTIER

BELGRADE — Ten rocket launching sites for V1's and V2's, the type that were used by Germany against Great Britain towards the end of the war have been set up in Rumania against the Yugoslav border, according to published statements in Yugoslavia. Food and ammunition depots are also being established as well as submarine bases on islands off the coast.

PRIME MINISTER OF INDIA HERE

OTTAWA — Pandit Nehru Prime Minister of India, arrived in Ottawa last night after spending the week-end at Niagara Falls where he crossed into Canada Saturday night. He was accompanied by Hon. L. B. Pearson, Canada's minister of external affairs, who went to Niagara Falls to meet him. To greet him as he landed at Rockcliffe were Prime Minister L. S. St. Laurent and former Prime Minister W. L. Mackenzie King. While here he is the guest of the Governor General at Rideau Hall. Mr. Nehru this afternoon addressed a joint session of the House of Commons and Senate.

CLEANING UP COMIC BOOKS

OTTAWA — Hon. Stuart Garrison, minister of justice, said in the House at the week-end that the government was willing to bring comic books in Canada under the Criminal Code and strengthen provisions dealing with obscene literature.

The Minister was speaking on a bill sponsored as a private measure by E. D. Fulton, Progressive-Conservative member for Kamloops, which would provide for the imposition of imprisonment up to two years on the publishers of obscene literature in the crime comic books.

At the suggestion of the minister, Mr. Fulton agreed that the amendment should be deferred until there had been consultation with the provincial attorneys-general.

Meantime the Commons gave second reading approval in principle to the Opposition member's bill that would make publishers, sellers and distributors of the crime comics subject to prosecution under the Criminal Code.

The bill will remain before committee of the whole of the House until the provinces indicate what type of amendment to the Code would, in their opinion, be most suitable.

Ald. Whalen For Mayor

Prince Rupert's civic election picture took on clearer definition by Alderman Harold S. Whalen that he will contest the Mayoralty seat which is being vacated this year by Mayor Nora E. Arnold.

Mr. Whalen's announcement places at two the number who have so far indicated their intention of getting into the mayoralty race. Alderman H. M. Daggett announced his intention on Thursday.

Ald. Whalen's candidature for mayor will cause a second by-election to complete his aldermanic term, since he must resign as alderman to run for Mayor. Alderman Daggett's seat also will come up for election under the same circumstances.

Thus in addition to the mayoralty race, there will be six aldermanic seats to fill in December. Four seats of the eight-man council come up for election on a two-year basis each year.

Both Alderman Whalen and Alderman Daggett were elected a year ago and have a year to go before the normal expiration of their terms.

Alderman George Rudderham, whose name has been mentioned as a likely candidate for Mayor, declined to comment when questioned by the Daily News this morning. "I have been asked to run by a number of people but I haven't made up my mind yet," Alderman Rudderham said.

Alderman Rudderham's two-year term expires this year. Other aldermen whose terms expire this year are Stone, Black and Casey.

CHURCH BACKS FRENCH LABOR

PARIS — The Roman Catholic Church threw its support behind French labor, seeking higher wages. "Our social climate is not good," said a communique from the Congress of French Cardinals and Archbishops adding: "Too many sufferings are being prolonged and increased in our country today among the workers and underprivileged. Too many wages are abnormally low. Too heavy a threat of unemployment weighs on the families of workers."

THE WEATHER

Synopsis
Cloudy conditions are general throughout the province today. A weather disturbance is developing in the Gulf of Alaska today and will bring rain and moderate southerly winds to the north coast tonight. Little change is expected in conditions elsewhere. Daytime temperatures will be in the forties or low fifties both days with tonight's temperatures in the low thirties in the interior and the low forties along the coast.

Forecast
North coast region—Cloudy today Intermittent rains tonight and tomorrow. Little change in temperature, winds light today southerly 20 mph tonight and tomorrow. Lows tonight and Highs tomorrow—Port Hardy, Sandspit and Prince Rupert 45 and 50

Non-Confidence Motions Are Up

Trade With Sterling Areas Subject of P.C. and C.C.F. Amendments

OTTAWA — Two motions of non-confidence in the government were moved at the week-end in the House of Commons as Opposition spokesmen criticized the 1949-50 budget and directed main attacks on trade policy.

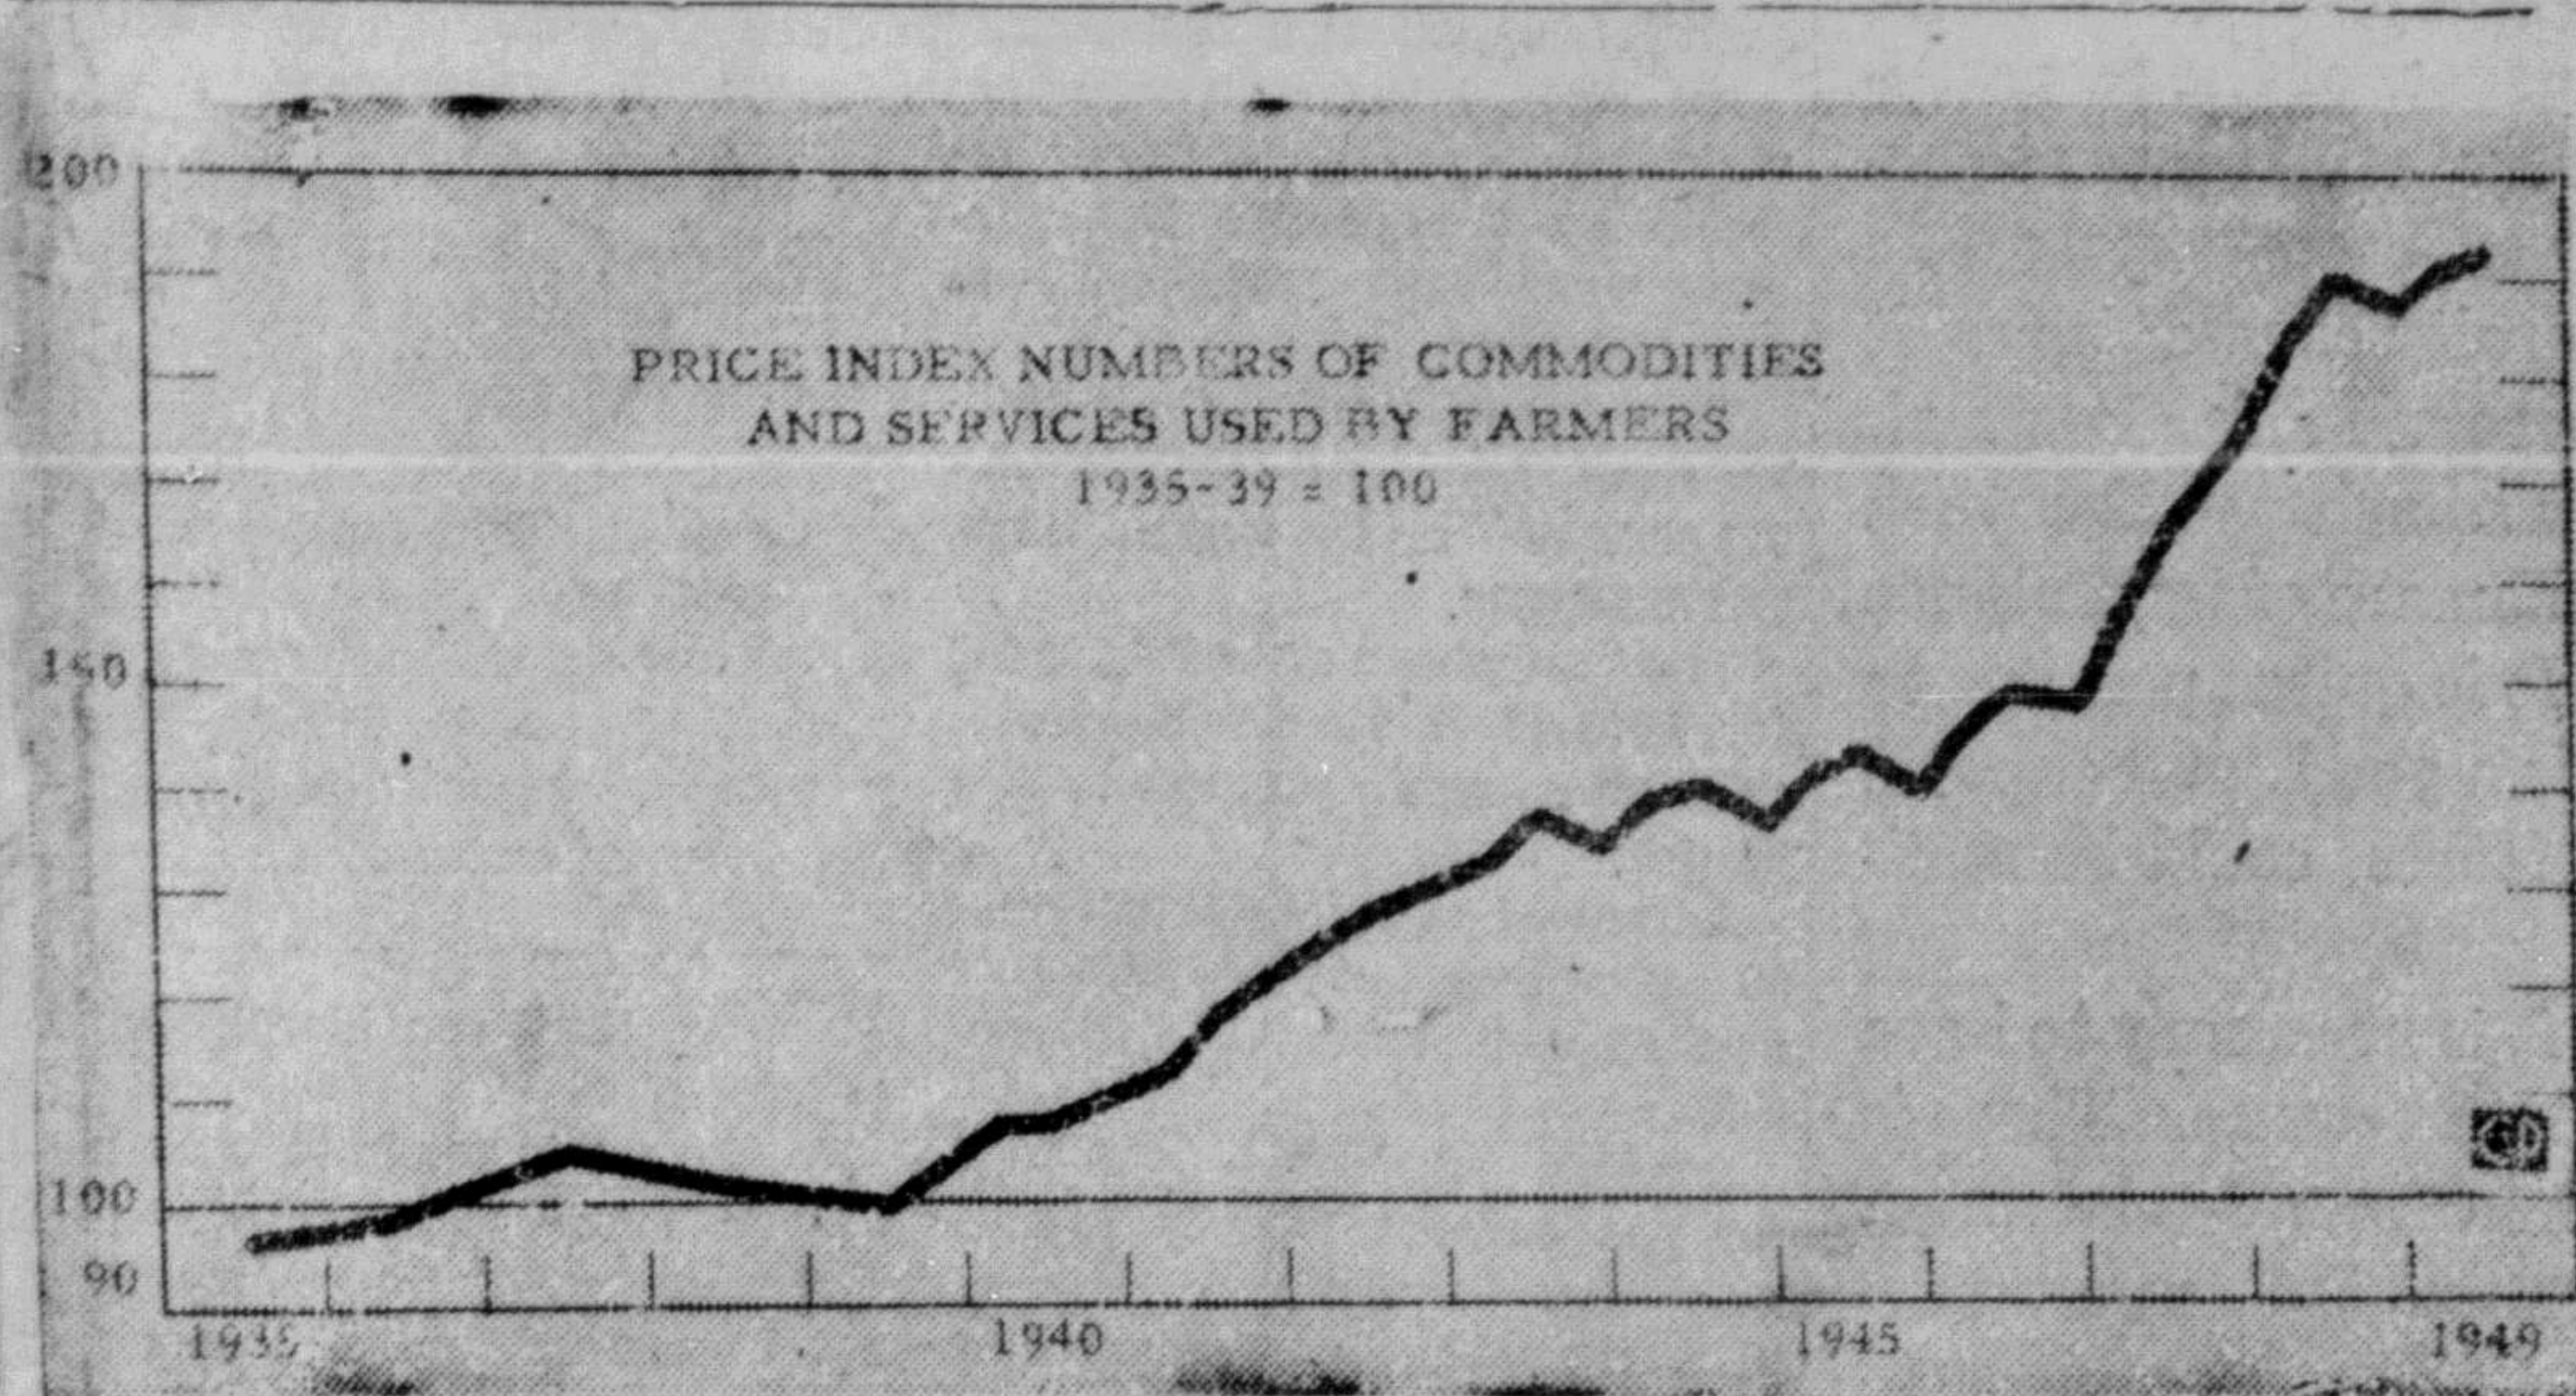

Hon. Earl Rowe, Progressive-Conservative financial critic, sponsored on motion in initiating debate in the budget which had been reintroduced. The motion asked the House to express regret "that the government had failed to take effective measures to prevent the present decline in our trade with the sterling area."

Ross Thatcher, C.C.F.-Moose Jaw, concluded a speech with an amendment to Mr. Rowe's motion, asking consideration of immediate tariff reduction to encourage increase of imports from the United Kingdom and other sterling areas.

Mayor to Miss Council Meeting

City council will have to choose an acting Mayor from among its own members at its regular meeting tonight. Mayor Nora Arnold today advised the city hall that, due to illness, she will be unable to attend tonight's meeting. A major item of business which will come up is decision on policy on the recommendation for telephone rate increases which were considered at a special meeting a week ago.

PRIME MINISTER ATTLEE CALLS FOR MORE AUSTERITY IN DRIVE TO IMPROVE DOLLAR STANDING

PRICES RISE—Farmers have to pay more for what they buy, just the same as city folks. The Bureau of Statistics graph shows how the prices of commodities and services used by farmers have climbed since 1935. Like the cost of living for city dwellers this index has done its steepest climbing since the war, took a tiny dip in late 1948 but has been on the rise again in recent months. (CP Photo)

Health Services, Education and Capital Spending Reduced

LONDON (CP)—Prime Minister Attlee announced today the slashing of \$250,000,000 (\$775,000,000) off government spending to ease Britain's economic crisis. The Prime Minister said there will be savings in the Labor government's socialized health program, in education, in public and private building, government administrative costs and in government public relations offices.

The prices of some foods will rise, Mr. Attlee told the House. The Prime Minister's program is tied in with Britain's recent devaluation of the pound from \$4.03 to \$2.80 in United States funds.

Mr. Attlee announced these cuts: Capital expenditures—Reduction of about £140,000,000. This covers such projects as school construction, highways and the like.

Education—About £5,000,000 in school spending for England, Wales and Scotland.

Health Services—Charge of a shilling will be made for each prescription under the national health service. Hitherto prescriptions had been issued and filled free of charge. This saving will amount to about £10,000,000.

RUSSIAN WAR IS INEVITABLE

SYDNEY — The Sydney Herald newspaper quotes General Sturdee of the United States as saying that war with Russia is inevitable and that United States and Australia are making joint defence preparations with that end in view.

Meantime Sturdee says that Australian defences are a farce and that the British Commonwealth will have to get used to playing second fiddle to the United States in military matters.

Report On Navy Life

OTTAWA — Reports that a series of "incidents" among members of the crew of three Canadian war ships at sea earlier this year were provoked by subversive elements are expected to be set at rest by th report of a board of investigation.

The 25,000-word report is expected to be tabled this week in the House of Commons and it is believed it will deal with the whole broad picture of Navy life and methods.

Disturbances occurred upon the aircraft carrier Magnificent, the destroyer Crescent and the destroyer Athabaska. They were described by the Navy at the time as being comparatively minor breaches of discipline.

Thirty Injured In Bus Collision

ORILLIA — Grey coach bus bound for North Bay collided with a car near here and some 30 persons were taken to hospital by ambulance and taxi. There were about 25 passengers on the bus. Some were said to be severely injured. The passengers in the car—the number not yet known—were also removed to the hospital. Police and hospital were unable to give the names of the injured.

Flash

PRINCETON MURDER

PRINCETON—An attractive Alberta nurse was found shot to death and stabbed in the chest. She had been raped in the bedroom of her cottage home in a sex crime unparalled in this mining town. A taxi owner, George Matthewson, returned home in the early morning to find the ravaged nude body of his 24-year old bride of only four months sprawled across the bed. She was the former Mona Gander-ton of Wainwright, Alberta.

HAWAIIAN STRIKE ENDS

WASHINGTON — The 176-day old strike of Hawaiian dock workers ended Sunday. It was the longest strike in United States shipping history.

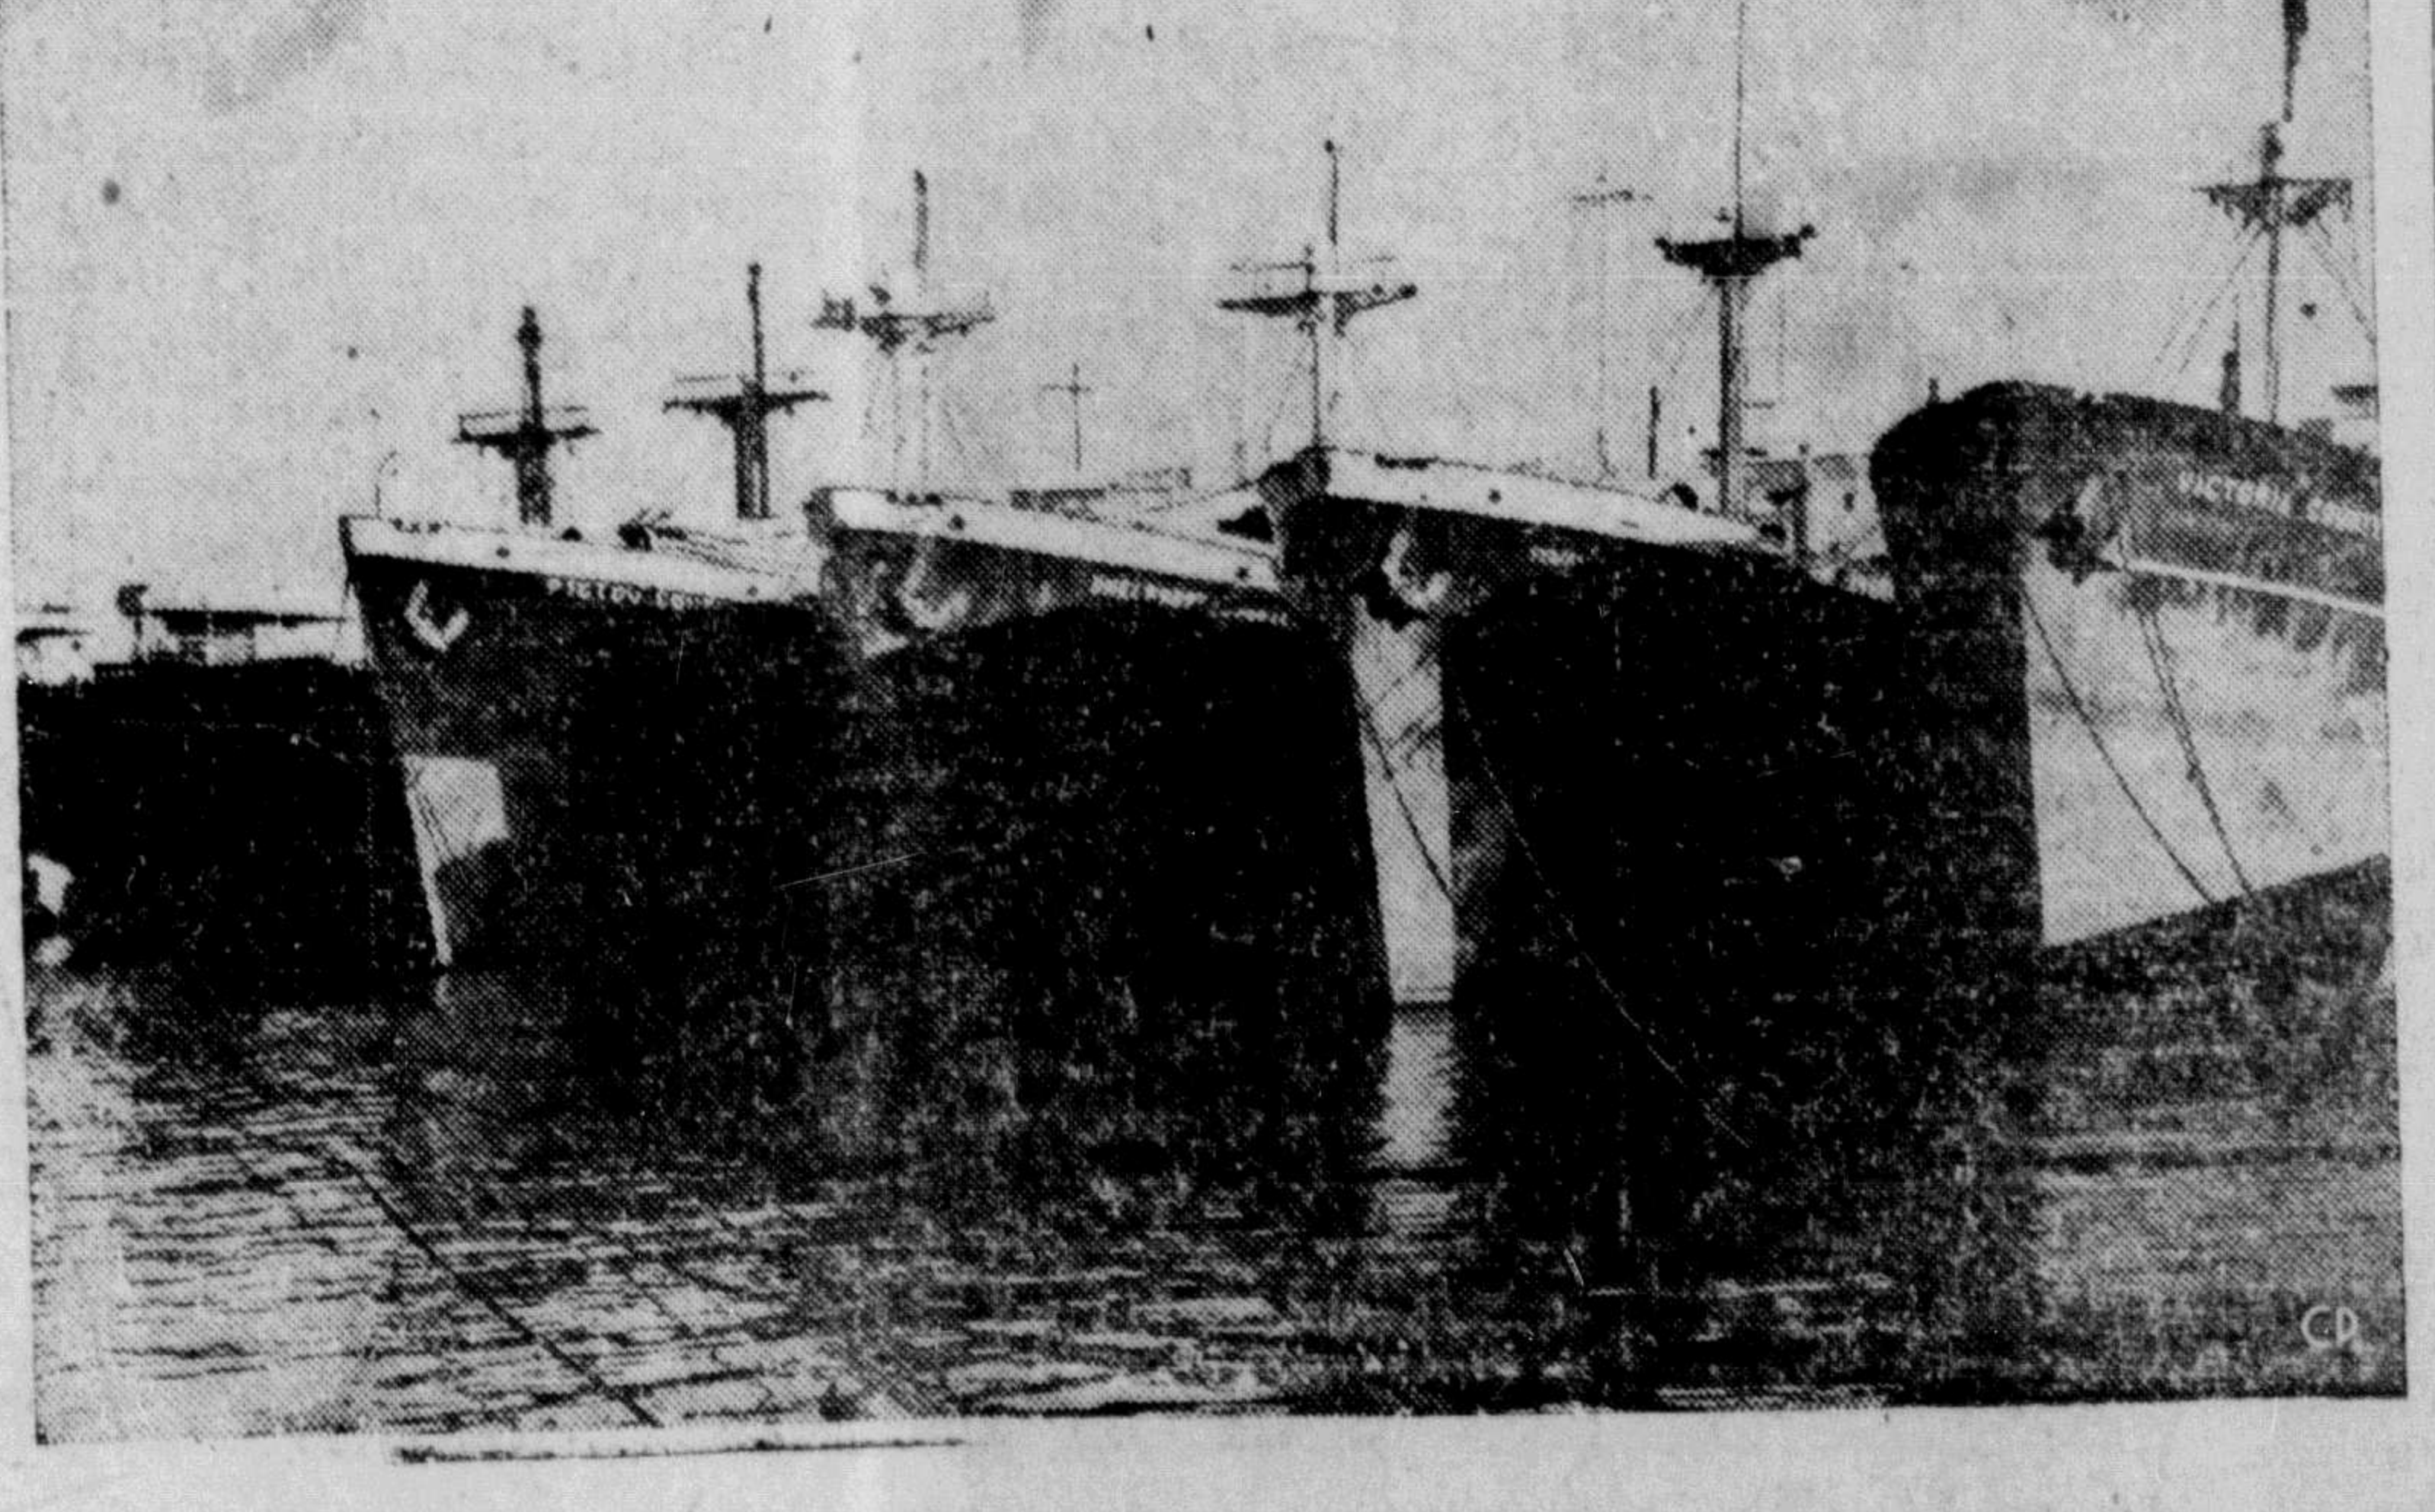

FOG IN VANCOUVER

VANCOUVER — Five vessels ran aground in fog-covered British Columbia waters during the week-end. The 495-ton Shell Oil tanker Western Shell and the 73-foot seiner Cape Mark, owned by Canadian Fishing Co., grounded in Vancouver harbor. Two other fishing boats and a large American yacht grounded elsewhere.

LOCAL TIDES

Low	9:21	7.5 feet
	22:05	2.9 feet

BEACHED—Their cargo derricks idle and on a skeleton watch aboard, these are six of a fleet of 12 Canadian ships "on the beach" at Halifax for lack of cargo. These six—all but one flying the Nova Scotian flag—are idle because their operation cost is about 25 per cent higher than those of other countries. Transport Minister Chevrier said the government was giving immediate and urgent consideration to the matter. (CP Photo)

BY-ELECTIONS ARE ON TODAY

OTTAWA — This is election day in eight federal constituencies in the first by-elections since the general election of June 27. Voters are filling vacancies in the House of Commons caused by six government appointments and two deaths.

The polls are operating from 8 a.m. to 6 p.m. local standard time, the voters to select new representatives for Montreal-Laurier, Montreal-Mercier, Montreal-Jacques Cartier, Kamourouska and Gatineau, all in Quebec; Resi-gouche-Madawaska, New Brunswick; Toronto-Greenwood, Ontario; and New Westminster, British Columbia.

Candidates in New Westminster are: William Mott, Liberal; Leslie Irvine, C.C.F.; Elmore Philippott, Independent; and Maurice Rush, Labor-Progressive.

WALK-OUT AT OSHAWA

OSHAWA—Local 222 of the United Auto Workers (C.I.O.) called a work stoppage at the General Motors plant here and summoned its more than 3,500 members to a mass meeting. The stoppage started at noon and the men are to remain away from work until Monday morning. The union said in a statement that on Oct. 18 it had submitted to two top company officials—W. A. Wecker, president and general manager, and J. B. Highfield, general manager of manufacturing—a letter asking a conference to discuss four major issues. The statement did not wish to make their public until after the mass meeting.

Nehru Speaks — Friendship Is Keynote

Within British Commonwealth and Among All Nations
OTTAWA — Prime Minister Pandit Nehru of India, speaking before a joint session of Senate and House today, said that the revision in the Commonwealth of Nations structure to include Indian countries was something of great significance. India's former suspicion of Britain had faded away in the status of free co-operation among the nations.

Rationing of Clothes Denied

LONDON — Britons raided their clothing shops because of rumors that clothes rationing will be restored. The Board of Trade officially denied that rationing would be reimposed. Several retailers had reported a sharp upswing in sales. Britain abolished rationing last spring after supplies finally caught up with demand.

Automobile Leaves Street, Overtakes

A car driven by Edward King, 18, left the road and overturned on Seventh Avenue East near Hays Cove Circle Saturday night, but none of its occupants were injured. The vehicle, heading east, came to rest in an upturned condition below the street. Defective steering apparatus was blamed for the mishap.

Municipal Candidates

WITH TWO MAYORALTY candidates already definitely announced for the civic election in December and the possibility of at least one more, there is no lack of interest in at least one phase of the contests. Ald. Daggett may be called a veteran of the latter days of municipal service. Ald. Whalen has done a year on the city council. Both know at first hand what it is all about and have had enough experience to realize the seriousness of the responsibilities which they express their willingness to assume.

In the interest in the mayoralty candidatures, it must not be forgotten that there are already six aldermanic seats to be filled. In some ways the work and responsibility of an alderman are of importance equal to those of the mayor. It is quite possible to have a situation where there is a good and capable mayor whose best work and efforts could be nullified by a group of aldermen.

Indeed, in policy making, it is necessary to have aldermen of ideas, ability and competence. There is a lot more to a civic election than merely electing a mayor. It should not be forgotten that, in a multiplicity of mayoral candidates, all but one is lost to the public service.

IT'S HIGH TIME

THAT DEFINITE RESULTS and action may be enabled promptly is to be heartily hoped for from the legislation sponsored in the federal Parliament by the Progressive-Conservative Member for Kamloops. There need be no difference of opinion on political grounds. Indeed, it is a wonder that a cleaning up has not come long ere this of the comic books and the pulp magazines and literature generally which pollute the newsstands of the country and contribute undoubtedly to the moral delinquency of the very young and the adolescents.

Possibly one of the reasons for deferred action has been that there is lack of realization through failure to observe on the part of many of the deplorable filth and literary depravity that really does exist. We are enthusiastic at times about our checking other influences that contribute to moral delinquency but this particular means has been allowed too long to go Scot free. More power to Mr. Fulton's move!

Highlights Of Budget

As Submitted at Ottawa Last Week

The eight percent sales tax is removed immediately on all fuel oils used for heating or lighting purposes.

Tax on cider and other wines containing less than seven percent proof spirits is reduced immediately from 50 to 25c per gallon.

Personal income tax credit of ten percent on common dividends is extended to include all classes of shares, retroactive to January 1, 1949.

The new tax changes will reduce government revenue by \$5,000,000 in the current year and \$11,000,000 in a full year.

All 1949-50 tax reductions are expected to cut government revenue by \$340,000,000 this current year and \$387,000,000 in the full year.

The government's final 1948-50 final revenues totalled \$2,771,000,000 and expenditures, \$2,176,000,000.

The surplus of \$595,000,000 for 1948-49 is \$20,000,000 greater than was predicted last March.

A revised estimate fixes 1949-50 revenues at \$2,550,000,000 and expenditures at \$2,460,000,000.

Possible surplus of \$87,000,000 for the current year is \$3,000,

SPECIALISTS MAY PAY CITY VISIT

Possibility that a team of two cancer specialists may make periodic visits to Prince Rupert in the future was announced at a meeting of the Prince Rupert branch of the B.C. Cancer Society last week by Rev. Fred Antrobus, who acted as local delegate to a meeting of the provincial society last month.

Reporting on the provincial meeting, Mr. Antrobus said that the plan, which so far is not definite, would call for two specialists from Vancouver visiting the city to consult with local practitioners regarding cancer patients.

Currently, there are some 8,000 persons in this province afflicted with cancer, and the annual increase of the disease is 2,500, Mr. Antrobus said.

A hospital has been completed in Vancouver expressly for out-of-town patients, he said. The hospital accommodates 16 patients.

Present at the executive meeting were Mrs. William Rothwell, Mrs. J. C. Gilker, Mrs. G. V. Hanley, Mrs. J. D. Fraser, Mrs. W. Richards, Mrs. D. R. Barclay and Fred Antrobus.

1000 more that the March estimate.

No change is made in portion of income tax reductions.

LETTERBOX

NEED IMMEDIATE

Editor, Daily News

Your editorial of October 17 and the letter in Friday night's paper by "Concerned" are worthy of comment.

You point out editorially that practically all Prince Rupert's civic utilities are in a state of crisis. The present condition of our sewerage system as well as the state of our water system is definitely dangerous. To bring these utilities to a reasonable standard of efficiency is not a problem of the future. It is an immediate necessity. I don't claim to be an expert on municipal finance, but I do know that, unless we tackle the problem of rehabilitation of our sewerage and water system aggressively and promptly, we run every risk of seeing this city faced with a major disaster.

"Concerned" in his letter suggests that the present method of financing is inequitable and to a large degree I agree with him but I submit, Mr. Editor, that the problem of rehabilitation of the utilities mentioned is so urgent that it simply cannot wait until we devise a better method of financing. The people of Prince Rupert simply cannot do without a good sewerage and water system. But they may just as well realize now that that will cost a very

great deal of money.

Any city council is going to be damned if they do and damned if they don't.

I hope, Mr. Editor, that their condemnation will be on the ground of "doing."

Thanking you for publishing this, I remain,

Yours truly
Eric Faure

Neil Kingston arrived in the city this afternoon from Masset on a business trip.

ADJUSTMENTS IN OIL PRICES

In connection with reductions in prices of heating and lighting oils made by oil companies following federal sales tax removal from such oils, it is explained that the sales tax is levied on prices that do not include transportation charges.

Adjustments will be made in cases where consumers are invoiced at former prices during the interval that instructions regarding reduced prices are transmitted to the hundreds of sales offices throughout the country.

The new prices do not take into account adjustments that will be necessary to offset increased freight rates that became effective October 17.

As freight rates vary widely at different points, extensive calculations are necessary before adjustments can be determined for the different points.

KINSMEN WORK ON KIDDIE CAMP

Prince Rupert Kinsmen took a big step Sunday toward completion of the first building of their permanent summer camp for children at Lakelse Lake when a contingent of them motored the 100-odd miles to work on the main recreation building.

The "T" shaped building of 30 by 20 foot dimension, has been going up by stages during the fall and Sunday's effort resulted in the wooden roof being completed and the greater part of the waterproof roofing paper being placed on it.

The work crew, numbering 16, left Prince Rupert early Sunday morning and completed a good day's work on the building before returning to the city, despite almost continuous rain. Highway between Prince Rupert and Terrace was reported in "bad" shape due to pot-holes which marked the surface the greater part of the way.

In addition to the nearly completed recreation hall which will also double for a dining room, the club plans six sleeping cabins. Work on these will begin later, considerable amount of clearing work on the camp site already has been done.

Those who took part in the project were George Dibb, Charles Collins, R. E. Montador, Bill Long, Bud Timmermeister, Harry Schwafield, Ed Garner, Jim Sheddin, Harry Sheardown, Ray McLean, Marcel Blain, Jim Thompson, Stan Saville, Bob Rudderham, Herb Young, and Jim Mellor.

Mrs. E. M. Davis of Miller Bay Hospital staff is sailing tomorrow afternoon on the Catala for a trip to Vancouver.

Moose Alumnus Committee Meets

Mooseheart alumni committee of the Women of the Moose chapter held a meeting Friday evening at the home of Mrs. J. Kasper, where a report was made on plans to make a local collection in aid of the Mooseheart scholarship fund. Objective of the fund is to provide money for Mooseheart graduates to achieve advance learning. Present at the meeting were Mrs. S. Haugan, Mrs. J. Thompson, Mrs. B. J. Bacon, Mrs. H. T. Muncy and Mrs. J. Kasper.

Nick Krook returned to the city by air Saturday afternoon from a business trip to Vancouver.

Meet the master of a difficult art!

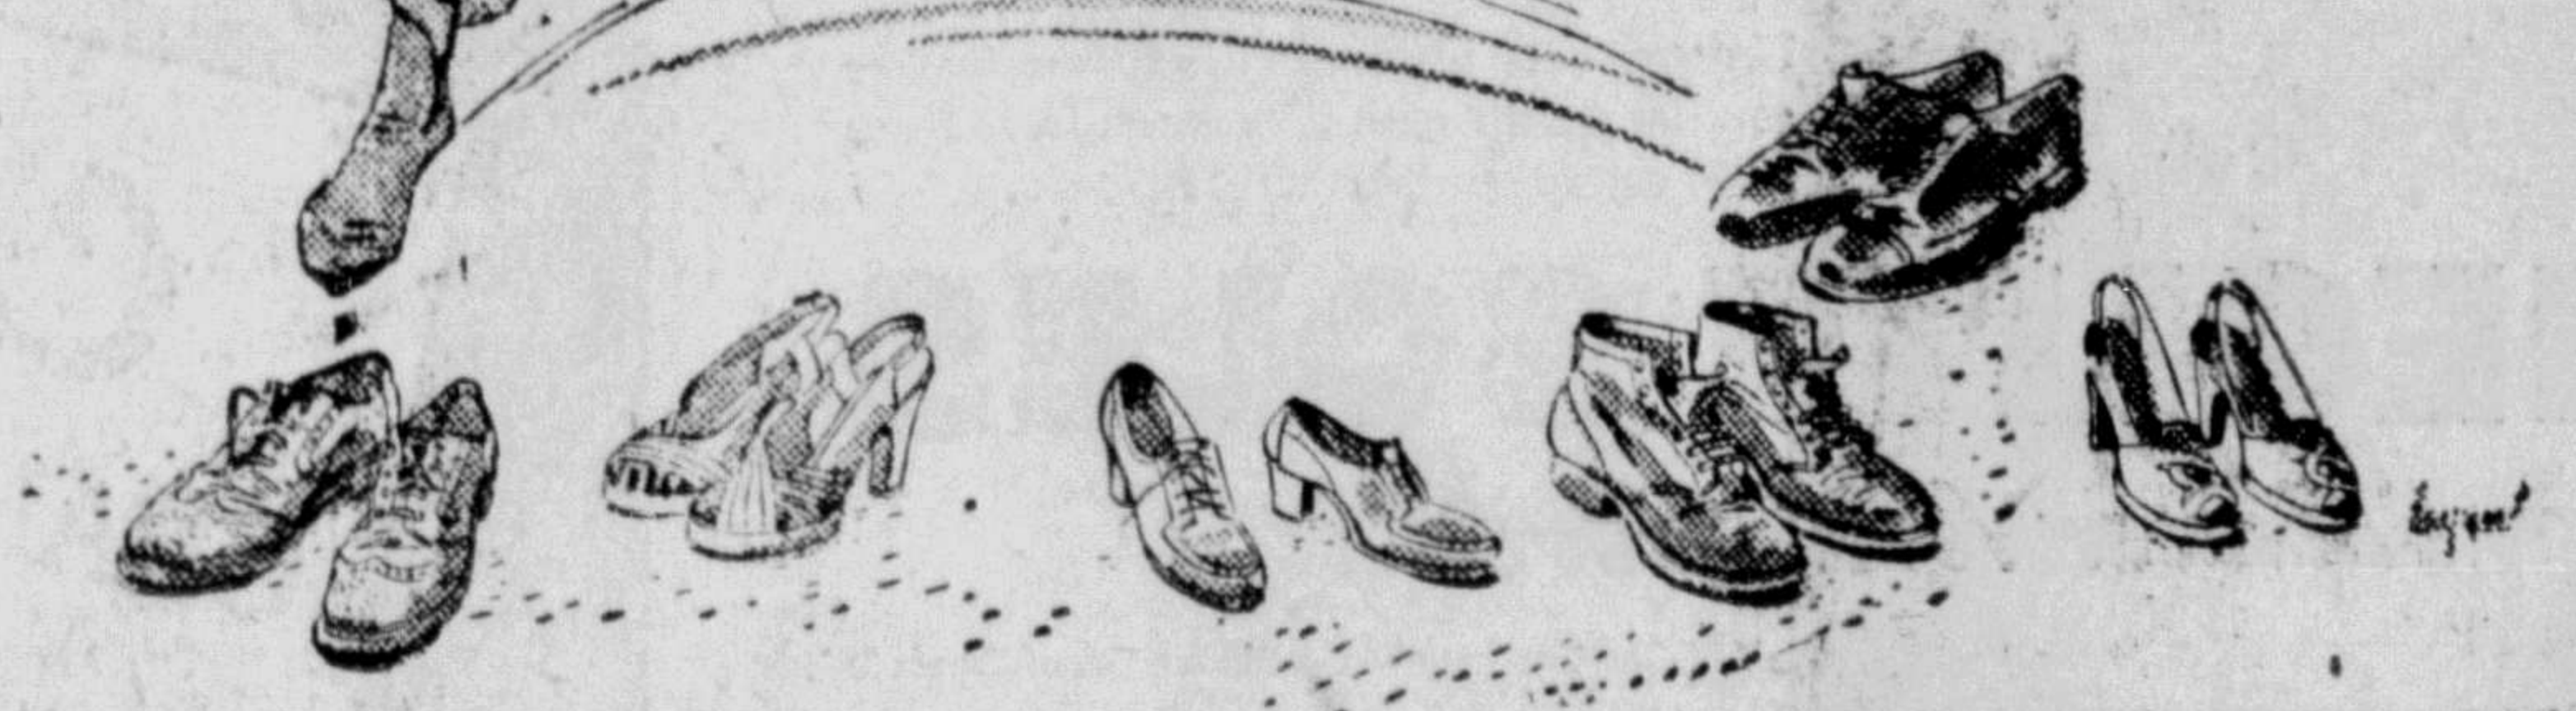

THIS man is constantly "putting himself in other people's shoes" in order to see their problems from their viewpoint. Doing this is an important part of his job. And he's so expert at it that he can easily make several of these quick changes in a single day.

With a middle-aged business man, for instance, he may be discussing ways and means of adding to a retirement fund. Right from the start, he will look at the facts in terms of that man's situation.

An hour later he may be considering, as though it were his own, the problem faced by a young father with dependents who need financial protection — or any of the various problems faced by countless other people who want to make the future more secure for themselves and their families.

He is the typical modern life insurance agent—a man who is not only an understanding listener, but a trained helper, too! Only through him can you get the advice you need to make life insurance meet your own individual needs.

More than a million Canadian families have benefited by the services of the skilled life underwriter. And he's always ready to help you!

A helpful citizen in your community.

When your agent sells you life insurance, he also helps to improve your community. For a large part of each life insurance dollar is put to work, through investments, to build schools, bridges, highways, industrial plants and many other projects that create jobs and make for better living. You share in these improvements, made possible through the efforts of your helpful fellow-citizen—the modern life insurance agent!

Basketball Opens —
Six Teams In Action As Junior League Begins

What should be a banner junior basketball season started Saturday night when High School and Kinsmen met in the opening game with the latter copping the victory 39 to 33. High School took control in the first half by playing good all round ball and the period ended with the scholars in the lead 15 to 12. In the second half Letourneau and Henry Blackaby took charge of the scoring for Kinsmen and led them to victory. Letourneau and Blackaby were high point scorers for the evening with 17 and 14 points respectively. For High School, Clark and Brown were the top scorers with 10 and 8 points.

In the second game the Sea Cadets fought hard but went down before the powerful Rupert Hotel squad by the score of 38 to 11. The veteran Hotel quintette were slow in starting but once they started to roll, the lighter and lesser experienced Cadets were no match for them. Marki and Sather were the big scoring guns for Rupert Hotel with 12 and 10 points. Toderas was the only scoring threat of Cadets. Most of the Sea Cadets squad were made up of former juvenile league players and it will take them time to get going and give the other teams real competition.

The third and final game of the evening was played between Stones and Boy Scouts with the Scouts taking the game 30 to 19. Scouts showed good teamwork with Roy Webber leading the way in scoring with 13 points. Stones couldn't get going and their passing and teamwork showed they

still needed lots of practice. Julie Parnell was their top point getter with 15 points.

Individual scoring:
Kinsmen— Letourneau 17, H. Blackaby 14, MacKay 5, A. Blackaby 1, Peneff, W. Blackaby 1, McAfee, T. White, McIntosh—39.

High School—Clark 10, Hamilton 7, Flewin 2, Smith 4, Taft, Shepard, Nickerson 1, Brown & Peterson 1—33.

Sea Cadets—Toderas 6, C. Wing J. Leighton, Davidson, D. Leighton, Chandler, L. Mathew, Sheardown—11.

Rupert Hotel—Marki 12, Sather 10, W. Stacey 2, Becker 2, A. McFarlane 7, Forman, Morrison, Donaldson, B. MacFarlane 5, E. Stacey 2—38.

Boy Scouts—Scherk 4, Hodgkinson 1, R. Webber 13, Kristmanson 2, Ciecone 4, H. Webber 4, Erickson 2, Pederson—30.

Stones—Marshall 2, Atkins, J. Parnell 15, P. Parnell, Phillips 2, Stewart, Anten—19.

T. P. Fairbairn of Queen Charlotte City called last night on the Camosun for Vancouver.

MANSONS' LEAD BOWLING AGAIN

Sparked with strong, steady bowling by Bertha Dunbar, Manson's went back into first place in the Mixed League by winning four points from Conrads on Sunday. Bertha Dunbar bowled high single 313 and three game total of 762. Noble and Wick and also Silver Streaks were other teams winning four points, defeating Blow-outs and Velvets respectively. C. P. A., Pioneers and Prince Rupert Plumbing won fromoyal Blues, Hangovers and Cantels respectively.

High men's single game was E. Hildebrand with 290 of the Hangovers and high three game total for men went to J. G. Paul of Mansons with 682. The second half of the fifth round will take place on Wednesday.

HUSKY POLICEMAN'S WALKING TEST PROVES NEOLITE BEST!

A city policeman was requested by Goodyear to test Neolite. He wore a leather sole on one shoe, NEOLITE on the other. Photograph below shows results.

THE RESULTS OF THE POLICEMAN TEST WERE ASTOUNDING! Both shoes received the same hard, day-in, day-out wear, in good weather and bad, on city pavements. Eventually the leather sole was worn right through. But the NEOLITE sole didn't even show serious signs of wear! What's more, this amazing new KIND of sole is completely waterproof, healthful, gloriously comfortable, insulates against heat and cold alike. Get NEOLITE on new shoes or as resoles — for the whole family!

Without this NAME -it's not the same!

NEOLITE SOLES

Agriculture In Skeena

Member for Skeena Tells Parliament of Its Importance in Riding

(From Hansard)

Mr. Applewhite (M. P. for Skeena): It may be a surprise to hon. members to know that the representatives of Skeena should take an interest in agriculture but I would assure hon. members that agriculture is only one of our primary industries. I think the minister will bear me out when I say that he has been approached by the Terrace board of trade and other organizations in the Skeena valley on more than one occasion requesting the establishment of a small illustration station in order to ascertain the value of the soil there for the production of small fruits and vegetables.

I regret that I cannot agree with the hon. member for Fraser Valley, who suggest that as his district has demonstrated its ability to produce more fruits and vegetables it should now have an illustration station in order to prove that they can do so. I suggest in all seriousness that the location of Terrace coupled with the tremendous development that is going on in the north-central area of British Columbia justifies the government in establishing a station there so that farmers may be advised what type of produce they should grow in order to take advantage of the markets which are now right at their doors at Prince Rupert and Prince George.

It may be said that there is already a station at Smithers, but Smithers is 141 miles from Terrace and as between the two locations there is a tremendous difference in the terrain. The type of farming carried on at Smithers is largely grain and stockraising, whereas the type of farming carried on at Terrace is the growing of fruits and vegetables. Terrace is the growing area possibly closest to the Pacific coast and it can readily supply the market of Prince Rupert. I request that the minister give consideration to this matter.

Mr. Gardiner (Minister of

"Magic Air" Heater and Defroster

Brings warm, fresh outside air to both front and back seat passengers. Adds comfort to your winters driving. Defroster acts like magic to keep windshield clear of ice, sleet and mist.

MERCURY LINCOLN Meteor

HONORED ON RETIREMENT

Friends and associates of J. Laurie, retiring Canadian National Railways, gathered in the CNR stores at the close of the week Friday afternoon to bid farewell to Mr. Laurie, who has been in charge of the store since January, 1938, and who has now reached the retiring age.

J. A. Teng, acting as chairman of the meeting, and on behalf of those gathered, presented to Mr. Laurie an engraved cigarette lighter and a purse of money, at the same time voicing the regrets at the termination of an association that has always been of the best but wishing for Mr. and Mrs. Laurie many years of fruitful activity and enjoyment. The purse which was present-

ed to Mr. Laurie was made by Gardiner Paul at the Civic Centre leather work class. Gardiner is the son of Mr. and Mrs. J. Paul, 118 9th Street, Prince Rupert.

To Mrs. Laurie, who had been invited to the ceremony, a handsome hand bag was presented.

Greetings were also received from Smithers, where Mr. Laurie was in charge of the CNR stores for ten years prior to coming to Prince Rupert in 1938.

During the first world war Mr. Laurie served with the 221st Winnipeg Battalion, overseas.

Mrs. Laurie has been an active member of the Queen Mary Chapter L.O.D.E.

Their immediate plans are as yet unsettled but they plan finally to settle on Vancouver Island. They expect to leave for the south early in October. Mr. and Mrs. E. S. Reace will reside in the house on Fifth Avenue West which they are vacating.

SHIPS and WATERFRONT

Calling briefly in port for water and supplies Friday evening was the C.P.R. freighter Nootka, Capt. Charles Robson, which arrived at 11:30 p.m. from Skagway and other Alaska points, sailing a few hours later in continuation of the voyage to Vancouver.

On a regularly scheduled 19-day voyage to Skagway and other Alaska points, with passengers and freight, C.P.R. steamer Princess Louise, arrived in port at noon Saturday from Vancouver and Ocean Falls. She sailed at 1:30 p.m. in continuation of the northern voyage whence she is due back here southbound Wednesday afternoon.

The Louise was under command of Capt. Peter Leslie, who took this trip from Capt. W. A. Hubenet who was on the bridge during the early part of the fall.

A good host has ALL the answers

Because Burnett's is an extra-dry (unsweetened) gin it lets you mix every drink to individual taste—adding sweetness for those who like it or leaving it out for those who like their gin drinks dry.

Next time you entertain serve the one gin that has the right answer for every taste preference.

Personalize your hospitality with—

BURNETT'S LONDON DRY GIN

Please mail me, without obligation, full particulars regarding enlistment requirements and openings now available in the R.C.A.F.

NAME (Please Print) _____
STREET ADDRESS _____
CITY _____ PROVINCE _____
EDUCATION (by grade and province) _____ AGE _____

You are eligible to apply if:
1. You are a Canadian citizen or other British subject.
2. You are single and between 17 and 30 years.
3. You have a minimum of one year less than Junior Matriculation for Radio trades and two years for all others... or equivalent in both cases.

ROYAL CANADIAN AIR FORCE

I work with the airframe, the instrument, the aero-engine and the electrical technicians—we are part of the team that keeps the Air Force flying.

Training and skill in any of these technical trades are valuable assets to any man in either service or civilian life, no matter where he is.

In the R.C.A.F. you get steady employment at good pay, a skilled trade, and a generous pension at the end of your service. The R.C.A.F. offers an excellent career to young Canadians.

You can get full particulars about the opportunities which exist for you in the R.C.A.F. by mailing the coupon today.
