

Statehood For Alaska Approved

Indians and Japanese To Get Vote

Franchise Being Extended To People in This Province

PRINCE RUPERT (CP)—Premier Byron Johnson in the Legislature yesterday an amendment to the Electoral Act which would give the franchise to Indians on reserves and Japanese subjects. The amendment does not touch the Liquor Act regarding Indians.

Indians who are off the reservation have the franchise. Doukhobors are now the only residents of British Columbia who are unable to vote.

Regret Expressed At Death of Official

A resolution expressing regret at the recent death of H. W. Brighton, British Columbia representative of the federal Department of Trade and Industry, was passed at the meeting of the Prince Rupert Chamber of Commerce last night. Mr. Brighton visited the north last fall on the occasion of the annual convention of the Associated Boards of Trade of Central British Columbia at JunEAU and manifested keen interest in the development of the port of Prince Rupert. The local Chamber will seek to learn who is to be his successor so a continuity of that interest may be maintained.

Complain Persecution—Refer To Commerce Chamber

Discriminatory and persecutory treatment of visitors to Prince Rupert received discussion at the meeting of the Prince Rupert Chamber of Commerce last night. The Chamber passed a resolution urging the authorities, in their current reconsideration of the Liquor Act, to immediately amend the Act to set up a committee to investigate the persecution of the natives and discrimination in the matter of liquor.

Hold-Up In Vancouver

Lone Bandit Gets Away With \$1100 from Girl Counting Cash

VANCOUVER (CP)—A lone bandit, holding a handkerchief over his face, snatched \$1080 early yesterday from the office of a Vancouver trucking company.

A woman employee of Purcell's Trucking Co. who was counting cash in the office, said the bandit "just walked in and grabbed the money. He was holding a handkerchief over his face. I don't think he said anything."

It was the second time the firm had been held up within three months. On December 18 two armed bandits slugged the owner, O. L. Purcell, and escaped with \$515.

His Story Was Hoax

WINNIPEG (CP)—The Royal Canadian Mounted Police said yesterday that a large-scale search here during the week-end for the fugitive desperado, Mickey McDonald, had been touched off on a hoax tip from 31-year-old John Perry Zoma.

Zoma, now in custody, admitted that he had made up his story that he had acted as a "grocery man" for McDonald and several companions on a farm near Austin, Manitoba, about eighty miles west of here.

Union War Threatened

Trades and Labor Congress and American Federation Not Seeing Eye to Eye

OTTAWA (CP)—The Trades and Labor Congress executive today threatened a jurisdictional war in Canada with the American Federation of Labor, its powerful United States ally, if the A. F. of L. makes good a veiled threat to pull some of its unions out of the Congress.

The Congress leadership cut loose with a slashing attack on "unwarranted" A. F. of L. attempts to dominate the T.L.C. in a letter prepared for dispatch to the 400,000 members of the Congress.

Immediate touch-off spark was a sharp reprimand delivered to the Congress by the American Federation of Labor executive last month over the Congress' suspension of Frank Hall, chief of the railwaymen's Union of the American Federation, which has been interpreted as an ultimatum to the Congress to fall in line with A. F. of L. policies or lose at least some of its international affiliates with a total membership estimated at 300,000.

Hall has been endeavouring to clean the Congress of communists.

If any of these unions try to withdraw from the Congress, the executive declared in a letter, "we will have no other choice than to take over jurisdiction" of those unions.

Train Late But Not For Slides

A late connection at Jasper will cause tonight's westbound passenger train to arrive an hour and forty minutes behind its scheduled arrival time of 10:45, it was announced at the railway divisional office here this morning. It should arrive here at 12:25 Wednesday morning.

No obstructions have occurred on the line in the lower Skeena sub-division since the week-end and train service is running smoothly, it was reported. Last night's eastbound train left on schedule and freight train movements are frequent.

Danger of further snowslides along the Skeena is diminishing daily as a result of warm winds which are causing the snow to disappear quickly on the higher slopes. However, the snowslide danger is not yet completely over, it was pointed out.

To Advertise Building Soon

Administration Structure of U.S. Installations to be Offered Within Few Days

The administration building portion of the United States wartime installations here will be advertised for sale within 10 days, the Prince Rupert Chamber of Commerce was advised last night by War Assets Corporation.

The Chamber has been interesting itself in the possibility of having the building taken over for use in providing additional housing in the city.

The Chamber also was advised that the matter of disposal of such installations as the large warehouse had been brought to the attention of the Minister of National Defence for investigation of its possible value for preservation for defence purposes.

The Chamber was assured that there would be full protection for any persons who might bid for use instead of demolition and plenty of time would be given prospective purchasers to investigate.

Air Strip Ruled Out

In view of the extremely high estimated cost of \$1,250,000 and "overestimation" of its actual value as a factor in improving of air transportation in and out of Prince Rupert, the Department of Transport has informed the Prince Rupert Chamber of Commerce that it does not consider as justified the establishment of an air strip at Tugwell Island.

The letter from the minister, Hon. Lionel Chevrier, read at last night's Chamber meeting, expressed the view that the first class seaplane base now existing so convenient to Prince Rupert was even more advantageous than would be an airstrip at Tugwell Island, handicaps of which were cited as the time required to reach it from Prince Rupert, the "unsheltered" water between the city and the island and the limited use, on account of unfavorable weather, which would be permitted.

In view of the discrepancies between the department's views and those of W. R. May of the Canadian Pacific Airlines, who had made an exhaustive survey and had estimated that airstrip development at Tugwell would cost only \$100,000, it was decided to refer the communication of Mr. Chevrier to C.P.A.

Bulgarian Clergymen Sentenced to Life

SOFIA (CP)—Four top defendants in Bulgaria's trial of Protestant churchmen were today sentenced to life imprisonment. Nine of the others got from five to nine years. Two were given suspended sentences.

All were accused of spying for Britain and the United States and most of them for black-market currency dealings.

Sentenced to life are Rev. Vassil Ziapov, 48, Congregationalist; Yanko Ivanov, 48, Methodist; Nikola Naumov, 49, Baptist, and Georgi Chernev, 46, Pentecostal.

The Weather

Synopsis
 Relatively cold air has moved south to cover the entire province in the past 24 hours. Cloudy skies with scattered showers at the coast and snow flurries over many of the southern interior regions have marked the leading edge of the cold. Considerable clearing is expected during the afternoon across southern British Columbia and somewhat lower temperatures will be recorded in most of these areas tonight. The northern coast and central interior regions will remain clear throughout.

Manitoba-B.C. Even

HAMILTON (CP)—Manitoba and British Columbia went into a first-place tie today after the third round of the Canadian curling championships. Each has three straight victories.

Ontario, which entered the round tied with the western provinces, dropped a 14 to 6 decision to the British Columbia rink, skipped by Reg Stone of Trail. Manitoba defeated Quebec 16 to 5.

Experts now rate British Columbia as the best contender for the "crack" Manitoba squad.

President Truman Will Now Ask Congress For Immediate Admission

WASHINGTON, D.C. (CP)—The lands committee of the House of Representatives today approved of statehood for Alaska and Hawaii.

Representative Morris (Democrat - Oklahoma) cast a dissenting vote on Hawaii and Representative Marshall (Democrat-Minnesota) voted against Alaska in only two minor objections.

President Truman will now ask Congress for immediate admission of the two territories as states.

Bill Odum Sets Mark

Flyies Non-Stop from Honolulu to East Coast of United States

TETERBORO, New Jersey, (CP)—Big Bill Odum soared in from Honolulu shortly after 11 a.m. Central Standard Time today, setting a 5000-mile world non-stop record for light planes.

Odum, aged 29, set down his Beachcraft, which carried 288 gallons of gasoline, just 36 hours and one minute after leaving Honolulu.

Hundreds of people swarmed around the plane as the former war ferry pilot succeeded in his second attempt to break the record.

Last time in January he had been forced down at Oakland, California.

Premier of China Quits

Will Open Way, It is Believed, To Peace With Communists

NANKING (CP)—Premier Sun Fo and his cabinet, carry-over from the Nationalist regime of the retired Generalissimo Chiang Kai-Shek, quit today. His resignation opens the way for a Premier more acceptable to the Communists in peace talks to end China's civil war.

Sun is on the Communist war criminals list and has been at odds with Acting President Li Tsung-Jen.

General Ho Ying-Chin, far more acceptable to the Reds, is expected to succeed Sun.

Sweden To Take Care of Itself

Determined to Provide Herself for Defence, Chief of Air Staff Declares

VANCOUVER (CP)—Sweden is determined to provide herself with defensive armament, Lt. Gen. Bengt Jorgenskiold, chief of staff of the Swedish air force said here at the week-end after a tour of Royal Canadian Air Force installations in Northern Canada. The general said his trip had resulted in a "very satisfactory" exchange of information.

No Orders, Mines Quit

HALIFAX (CP)—The current ailment in the Nova Scotia coal industry, where and how Nova Scotia coal is to be sold, will be diagnosed this week at Ottawa.

During the past fortnight several pits have been worked only part time and several miners have been thrown out of work.

The reason is no orders and the business enterprises made him a millionaire before he was 20 years of age.

H. G. T. PERRY—Sees Central British Columbia On Eve of Great Development

The whole north country—Prince Rupert and Central British Columbia—is on the eve of a great upsurge of industrial and economic expansion, H. G. T. Perry of Prince George declared before the Prince Rupert Chamber of Commerce last night.

"After a lifetime in the north, I was never so enthusiastic, so hopeful as I am today," asserted the veteran newspaper publisher who saw for the immediate future an unprecedented epoch of development tributary to the railway line between Red Pass and Prince Rupert.

A great consummation directly tributary to Prince Rupert was, of course, the \$25,000,000 celanese mill at Prince Rupert. Then there was the very definite possibility of the Aluminum Company of Canada plant in this area.

The importance of primary industry was apparent, Mr. Perry pointed out, when it was considered that, for every person employed in such an industry, indirect employment was given for 4 1/2 more persons.

Mr. Perry had, he said, observed with interest business which had been transacted by the Chamber. He suggested that the Chamber get in touch with the regional development division of the provincial Department of Trade and Industry, through W. H. Crocker of Prince George, when it required information such as had been requested in connection with resources tributary to possible northern railway development to Alaska.

As for a railway to the Peace River country, Mr. Perry expressed enthusiastic belief that as much of the fine coal of that area would reach the coast at Prince Rupert as over the Pacific Great Eastern to the south. Grain and cattle would also find its outlet through this port.

The discussion of treatment of natives at Prince Rupert and the question of the return of the Japanese to the Pacific coast led Mr. Perry to an inspiring appeal for an embracing of the great principles of freedom and liberty including that "of the people of the lesser nations in our midst," as expressed in the United Nations Charter of Human Rights.

"If we do not admit the equality of race, how can we avoid being called hypocrites?"

Buck was interned in the last war by Mr. St. Laurent who was then minister of justice.

To Check Tim Buck

OTTAWA (CP)—Prime Minister St. Laurent said yesterday that Communist activities were "under constant surveillance" and that statements made by Tim Buck, Labor-Progressive leader, would be checked by the Department of Justice.

The Prime Minister was answering a question by George Drew, Leader of the Opposition, on what the Progressive-Conservative chief described as a "world-wide pattern of treachery" disclosed by recent Communist statements. He said the Department of Justice was studying a bill to curb the party's activities.

Drew said that a statement made by nine Communist leaders in countries outside Russia indicating that they would aid Russia in event of war gave new meaning to a statement of Buck in Vancouver in 1946. Buck then said he would not defend Canada in the event of a war with the Soviet but would, in fact, follow the same course as he had in the last one.

Buck was interned in the last war by Mr. St. Laurent who was then minister of justice.

Need for Atlantic Pact

THE STORM in the United States Senate over the Atlantic Pact has died down as swiftly as it arose. It was never, indeed, a real storm. The pact was never (as some rather wild Washington correspondent suggested) in danger. The American will and intention to resist—and at once—any new aggression in Europe was not in question although there was the inevitably difficult problem of expressing that intention in the treaty formula. Such a formula of obligation must not be stronger than the legal power of the government to fulfil the obligation. Yet in such a case as this, it must be as strong as possible: so that a potential aggressor shall not misjudge the intention.

In such conditions, some commentators—notably Walter Lippmann—have suggested that the whole idea of a formal treaty is a mistake: that instead of a treaty there should be simply "military accords" reached by the general staffs, as to the action to be taken in such and such circumstances: plus ad hoc agreements about the British, American and Canadian (but mostly American) contribution to the "preparedness" of the continental democracies of Western Europe.

That is a tempting thesis. And there is a good precedent. In 1914 Britain had no formal obligation to help France if she were attacked. But the whole of the French plan of defence had been worked out on the assumption—based on "military accords"—that the British Army could take over one sector of the land front and that the British Royal Navy would guard the French coasts and if necessary deal with the German "high seas fleet." And when the moment came the British government acted without hesitation—even before Belgium was invaded and the treaty obligation became operative.

Why not then the same sort of arrangement now? The answer was also given by 1914. The British intention to come to the aid of France was in fact absolute. But it was not embodied in a formal public treaty. And, because of that, the German government did not believe in it. They thought that there was quite a reasonable chance that Britain would stay neutral. And they gambled on the chance. It is quite possible that had there been a formal Anglo-French treaty of alliance there would have been no war in 1940.

The point of a formal treaty pledge of assistance against aggression (though it can never, in a democracy, be absolute and unconditional) is that it should be a deterrent: that in Senator Vandenberg's phrase it "serves notice on any would-be aggressor." The purpose of such a treaty is not merely to ensure victory: it is to prevent war.

Nor, let it be added, is there to be—or indeed could be—anything in the pact to justify suspicions or accusations that there is any danger of its being an instrument of aggression. One democracy is very unlikely to commit an aggression. That seven (or even more, since there will be other adherents) should agree to do so in concert is grotesquely unthinkable.

Reminiscences and Reflections

In Quebec, the city council will enact a bylaw planned to greatly restrict the honking of horns by taxi cab drivers. It is felt the practice is on much too lavish a scale. It is also self-evident the Quebec council never chanced to be in Prince Rupert any day a native wedding was on the cards.

Premier St. Laurent, in his broadcast on the housing situation the other evening, said he could speak from personal experience that finding a dwelling was somewhat a matter of difficulty. But he never had to stand a leaky roof, put cheese in a rat-trap or use a party line.

One thing seems clear enough. It can never be said of V. M. Molotov who, as Soviet Foreign Minister, attended hundreds of meetings of the United Nations and who has now been relieved of his high office, was ever regarded as the life of the party.

Newfoundlanders possess widely known salmon streams and has long evinced a pride in this fact. There is fine sport

living in Victoria. He will be remembered by all local old timers, for himself and family were among the earliest of Prince Rupert people to settle down here. He took a deep interest in gardening and certainly demonstrated how beautiful flowers could be cultivated here. Mrs. Sherman passed away years ago. He is eighty-seven and, despite the fact of having been struck by a car, enjoys good health and able to be up and around as usual.

PENGUIN'S PROGRESS
Penguins can progress either by walking upright or flat on their stomachs, kicking with their legs.

Seeing a show the hard way has, in Prince Rupert, become a thing of the rugged past.

A YEAR OF ACHIEVEMENT

The year 1948 was the greatest in the fifty-seven year history of the Great-West Life. Among the achievements of the year are recorded:

\$198 millions of new protection placed on the lives of more than 39,000 people in Canada and the United States.

\$22 millions paid to living policyholders and beneficiaries... \$25 millions credited to them for future benefits.

These figures illustrate, in part, the expansion of the Company's services in 1948.

	1948	1947
Business in Force	\$1,346,000,000	\$1,207,000,000
New Business	198,000,000	195,000,000
Assets	331,000,000	304,000,000

A FUTURE TO SHARE

Great-West Life insurance is an investment in a more secure future. The Company and its 388,000 policyholders will share this future together. By entrusting their savings to the Great-West Life, these prudent people free themselves from worry about one important factor in the future. They know that their funds will be safely invested; they know that these all-important dollars will be ready when needed.

This partnership between the Great-West Life and its policyholders will endure for many, many years. In the distant future, the miracle of life insurance will continue to bring happiness and security to them and their families through the Great-West Life, the trustee of their plans for the future.

IS DROWNED AT BELLA BELLA
Donald George Tite, 2-year and 9-month-old son of Mr. and Mrs. George R. Tite of Bella Bella, was drowned there on March 1, according to a report received at district headquarters of provincial police from the officer in charge at Ocean Falls. An inquiry was held by the coroner at Ocean Falls and accidental death was established. There are, however, no details as yet.

The father of the child is a member of a well known pioneer Prince Rupert family.

COAST COLOR FILM VIEWED

A small group of city people took a vicarious trip up the inside passage from Vancouver to Dawson, then jumped to the opposite coast and crossed the Atlantic in a 45-minute interval aboard the Canadian Pacific steamer Princess Norah Monday afternoon.

The "travellers" were guests of Mrs. Nora Billings, hostess on the Princess Norah, who presented a premiere showing of a color film "Klondyke Holiday," prepared primarily for distribution in the United States to attract visitors to the pleasures of west coast travel. The film is a beautifully photographed document of a journey that has been made by thousands.

Included in the picture are scenic shots of Prince Rupert that do ample justice to the city in the best of weather and at the height of summer foliage. The film was followed by another which followed travellers on the Empress of Canada from Montreal through a tour of Scotland and England.

Those who viewed the films in the forward saloon of the Princess Norah while she was docked here southbound were F. J. Skinner, Inspector of Mines, Fred Hemsworth, Police Inspector Woods-Johnson, Fire Chief H. T. Lock, Mrs. C. S. Hansen, Mrs. D. H. E. MacLean, Customs Inspector S. P. Woodside, and Immigration Inspector James Nicoll.

JAP STAND IS DEFERRED

Prince Rupert Chamber of Commerce Would Consider Matter

No hasty expression of opinion on the matter of the return of the Japanese people to the Pacific Coast was considered justified at the meeting of the Prince Rupert Chamber of Commerce Monday night. A definite difference of opinion was discernable.

As from March 31 return of the Japanese to the coast will be permissible. The Maple Ridge Board of Trade had an emphatic resolution before the local Chamber holding that the Japanese had failed to prove themselves good and loyal citizens and their return to the coast could only lead to dangerous economic friction and racial feeling. The Maple Ridge board urged the continuation of dispersal across Canada as the only solution of the problem.

After some discussion, the Chamber tabled the matter for further consideration.

TO WELCOME NEWFOUNDLAND

Prince Rupert Chamber of Commerce will join in the welcome which all Canada will extend to Newfoundland when the old colony comes formally into Confederation on March 31. A message of felicitations will be sent.

Monday night, at the regular monthly meeting of the Chamber, Lt. M. J. Stapleton, himself a Newfoundlander, was present as representative of the Junior Chamber of Commerce. He informed the Senior body that the Jaycees would specially mark the entry of Newfoundland into Confederation by sending a message of welcome to Harbor Grace, a town which might be considered as corresponding to Prince Rupert and a totem pole as a token of friendship. There would also be a social "Newfoundland Night" observance.

A Baby is calling YOU

A wall of fire lays waste a village or a city block. A flood engulfs a whole community. From out the devastation a baby cries. The moan of a mother is heard. A child is suffering from burns, or cold, or hunger. A score, a hundred or a thousand people are left homeless. Within a few hours the Red Cross has organized relief. Food, blankets, clothing are rushed to the scene of the disaster. Shelter is found for the unfortunates. The shock of disaster is eased. Tears give way to smiles. This is but part of the great work YOUR

Red Cross is doing. Its Free Blood Transfusion Service is fast being extended to cover all Canada. It gives aid to crippled veterans. It supports Outpost Hospitals in lonely settlements. Its helping hand brings comfort to suffering humanity everywhere. The Red Cross urgently needs YOUR support now. Give generously.

TEN TEAMS ENTERED IN THIRD NATIVE HOOP TOURNEY HERE

Ten teams entered in the third annual Northern B.C. native basketball tournament which opened here this afternoon will crowd a dozen games into the next three days as they strive for the B.C. Packers Trophy, the championship award, and for the Junior Chamber of Commerce Trophy which will go to the winner of the consolation round.

Drawings took place Monday afternoon in the office of the Native Brotherhood of B.C. Wallace Block, where slips were pulled to line up the opponents for the first round.

This afternoon and this evening will see five games of the first round and a bye played off, clearing the way for four games of the semi-final rounds — two for the championship and two for the consolation — Wednesday.

The two final games will be played Thursday evening. Kitimaat, winner of the B.C. Packers trophy a year ago, will be the first team to play this afternoon, meeting Kitkatla at 5 p.m. for the opener of the preliminaries. Absent from the competition because of transportation difficulties is Kincolith, northern B.C. champions of 1947.

Interest with which the playoffs are met with in the native villages is indicated by the fact that this year's playoffs will see the largest number of teams in action since the annual competition was begun in 1947. Last year there were only eight. Hundreds of supporters from all points of the coast are with the players.

Port Simpson is making a double bid for supremacy, entering two teams — Y.P.E.A. and Athletic Club. This is the first year that any village has entered more than one team. Because of the fact that 10 teams are entered, a sudden-death playoff was necessary in order to equalize the semi-final round. In this playoff, Kitimaat and Kitkatla will meet, the winner to be pitted against the victor in the Bella Coola-Hartley Bay game which follows immediately. Winner of the third game will be qualified for the championship semi-final round. Teams in the competitions come from widespread parts of the coast. Most distant is the Bella Coola aggregation, from more than 200 miles south. Massett represents the Queen Charlotte Islands.

Here are the games scheduled for today:
Kitimaat versus Kitkatla.
Bella Coola versus Hartley Bay.
Greenview versus Aiyansh.
Metlakatla versus Port Simpson Y.P.E.A.
Masset versus Port Simpson Athletic Club.

The sixth game will be between the winners of the first two.
In addition to the B.C. Packers Trophy and the Junior Chamber of Commerce award, which incidentally was first put up last year and won by Port Simpson, there will be a "most valuable player" award presented by Indian Superintendent F. E. Anfield. Winner of this prized trophy will be chosen by a panel of judges on the basis of all-round usefulness to his team. The competitions will be directed by the Prince Rupert Basketball officials who will supply a panel of referees for the competitions.

BASKETBALL— Brownwoods in Play-Off

High School Almost Sunk—
Fashion Takes First
Intermediate Berth

In Monday night's basketball Brownwoods out-hustled Bo-Me-Hi and assured themselves of a play-off berth by defeating the Rainmakers 62 to 49. The loss for Bo-Me-Hi shoved them into the cellar and now makes their remaining game against Savoy a "must" win if they are to secure a play-off spot. Fashion footwear won first place in the Intermediate League by defeating the cellar dwelling Stone's 37 to 30. People's lost all chances of tying for first place as they were defeated by the High School Rainbirds 22 to 14. A last quarter drive netted the Rupert Hotel squad their win over the hapless High School 27 to 22.

A sharp-shooting Brownwoods squad out-shot and out-fought the Rainmakers. From the start the Shoemen ran up a lead with Shier showing the way for them. The score was 10 to 4 before the Rainmakers scored their first field goal. The score at the quarter was 19 to 9. The pace was fast in the second quarter with the teams popping shots from all angles. The play was slightly on the rough side and stayed that way the remaining time of the game. Bo-Me-Hi found their shooting eye in this quarter and matched Brownwoods basket for basket. The half-time score was 35 to 25 for Brownwoods.

In the third quarter Brownwoods continued to pile up their lead while Bo-Me-Hi were having difficulty in getting a team on the floor that could get their offence clicking. Brownwoods lost two top men in this quarter as Lavigne and Gurvich were

McMEEKIN'S IN 10-PIN LEAD

In the city men's 10-pin league yesterday, McMeekin climbed to a three-point lead by defeating Co-op 3-0, this breaking a tie that had developed at the previous session. Grotto holds third place and Royal Hotel the bottom of the four team league.

Nils Gunderson of Royal Hotel trundled the highest three-game score, 524, while Minor Simundson of McMeekin's rolled 225 for the highest single game tally.

**MORE GAMES IN
LEGION BILLIARDS**

Three games in the fourth handicap English billiards tournament now in progress at the Canadian Legion Hall were played last night.

D. C. Stewart, playing against John Bulger on even terms (both with a handicap of minus 10 points, won the match by a margin of 23 points after a close contest in which the winner made a break of 22 points.

George Dawes (x25, after a hard fought game against Graham Alexander (x25) was winner by 10 points with a score of 150 to 140. Both players were neck and neck, passing one another frequently throughout the match.

In the only game played in the second round, Bruce Simundson (x30) defeated Vic Duncan, with a similar handicap, by a score of 150 to 108.

BROWNWOODS IN PLAYOFF

(Continued from Page 4)
banished on fouls. The score at the quarter ended was 51 to 32. In the final quarter the game went to a shambles with players bouncing off each other as the game became rougher. Sun-berg and Syd Scherk ran the Bo-Me-Hi offense but the Brownwoods lead was too big and there was not enough time in the quarter. The game became a parade to the foul line as the players were overly aggressive. Shier and Marshall went to the bench in this quarter and that left Brownwoods with only four players on the floor and then their coach, Art Murray, entered the game for the remaining one minute of play. Bo-Me-Hi lost three men in the last quarter—Davidson, Spring and Scherk.

The officials had a field day as they called 57 fouls, tops for the past two seasons. Brownwoods took 70 shots and made 16. They made 17 of 42 free throws.

INTERMEDIATE
Fashion had a handful as they squeaked through to their win over Stone's. Stones checked them close and were rushing them on their shots. In the first quarter the play was slow with each team weak on their shooting. Stones led at the quarter, 6-5. In the second quarter the play was even with both teams working the ball and waiting for clear shots. Fashion edged into the lead 17 to 14 when half time came. In the third quarter the play was aggressive with more battling for the ball than team work and good shooting. Fashion led at the quarter 24 to 19. In the final quarter the scoring picked up as Fashion started to increase their lead but Stone's kept right on their heels. Fashion held on to the play and held the lead until the final

bell. Bob Gill of Fashion was outstanding on rebounds. Steve Dumas of Stone's was working the pivot smoothly. Fashion took 66 shots and made 17. They made 3 of 13 free throws. Stone's took 82 shots and made 13. They canned 4 of 13 free throws.

WIN STREAK ENDS
High School Rainbirds stopped the winning streak of People's which had reached eight straight as they dropped them with a 22-14 defeat. High School was led by Currie and Arletta Hamilton as they pushed through to their win. High School effectively bottled up high scoring Jackie Budinich by double checking. High School took an 8-2 lead in the first quarter and for the next two quarters held on as People's played hard and came up to within one point of them, 12-11, as the final quarter began. In the fourth People's were out-played and out-fought as High School found their shooting eye and Hamilton led them to their win.

High School took 51 shots and made 10. They made 2 of 7 free throws. People's took 37 shots and made 6. They made 2 of 7 free throws.

JUNIOR
In the Junior game Rupert Hotel pinned another defeat on High School but not before the latter had given them a scare and had held the lead at the three-quarter mark.

In the first half the play was even although Rupert Hotel had the better in shooting and took a 13 to 6 lead at half time. In the third quarter High School came alive and, led by Hamilton who scored all his 7 points in this quarter, went into a 16-13 lead while holding Rupert Hotel to no score. In the final quarter the High School defence weakened a bit and Jordan brought his team into the lead and they never lost it.

Rupert Hotel took 51 shots and made 12. They scored 3 of 18 free throws. High School took 45 shots and made 9. They scored 4 of 7 free throws.

you
love
your dog!

Express your love — nourish every inch of your dog! Feed GAINES! — it's kennel-tested — biologically proved nutritionally complete.
Cheaper! — to feed than any other type. A 5-lb. bag makes 10 to 12 lbs. of ready-to-eat food.
More convenient! — just mix with water (soup, milk or gravy). For variety, try GAINES KRUNCHON, which is GAINES Meal compressed into crunchy bite-size pellets.
Pays off in health! Each pound contains — proteins as in 1 1/2 lbs. beef; carbohydrates as in 1 1/2 qts. cooked oatmeal; fats as in 1 oz. butter; minerals as in 1 1/4 lbs. cheese; iron as in 3/4 lb. beef liver.
Plus all vitamins he needs.

TERRACE P.-T.
IN SESSION
TERRACE — Plans for the school operetta were advanced last Thursday even at the Parent Teacher Association meeting when Mrs. Baily stated that sewing bees had been arranged for the making of the children's costumes. She asked for old evening gowns to be made over, also 40 pairs of stockings to be re-sewn and dyed for the children as well as scraps of crepe to make flowers.
A request from the United Church Sunday School for the loan of the film strip camera recently purchased by the P.T.A. for the school to show religious slides was to be passed on to the School Board, as Mrs. Kennedy, liaison officer, reported that any such gift was the property of the School Board.
A closed vote was taken on whether to send a delegate to the Vancouver Easter conven-

tion of the Parent Teachers' Federation and resulted in 12 to 10 against. A resolution concerning the need of a dentist here will be forwarded there.
Mrs. McIlroy was appointed convener for the Easter tea.
An enjoyable talk on remedial reading and phonics was given by Mrs. McIntosh, Grade Three teacher. Two questions in the Problem Box were discussed, one resulting in the inquiries being instituted with regard to a residential school in Terrace.
The first telephone exchange in Canada was opened in 1878 at Hamilton, Ont.
THE ULTIMATE IN SOCKS — LEEDS, Eng. — Everlasting socks — they don't need mending and show no sign of wear after more than a year's use — have been perfected in Leeds University Textile Department under Prof. J. B. Speakman. Production will start shortly.

You
gotta keep feeling RIGHT...
living gets no cheaper!

"Can't afford to slow up with the kids... Jane... today's prices... gotta keep throwin' that punch... that means — keep fit."

You have to feel right and work right to be in the money. YOU CAN'T if you're troubled by irregularity due to lack of bulk foods in what you eat.

Post's Bran Flakes help provide gentle, natural laxative action. Help make food wastes move promptly — keep you feeling fit and on your toes.

Enjoy wholesome wheat nourishment too — Post's Bran Flakes are made with other parts of wheat.

And flavorful Post's Bran Flakes make good eating every morning. Large or regular package. Insist on POST'S BRAN.

Commodore of the Union Steamship Co. fleet, Capt. John Boden, left his vessel last week at Vancouver for a vacation and is being relieved by Capt. John J. Halcrow who is in command of the ship on the present voyage north.

MARRIED 59 YEARS
BOISSEVAIN, Man., ☉—Mr. and Mrs. John Peacock, who came to Boissevain in the 1890's from Bluevale, Ont., recently celebrated 59 years of married life. Mr. Peacock for years was active in the public life of the community.

SCHOOL PUPILS MAY WRITE TO NEWFOUNDLAND

The old "pen-pal" idea may be used by Prince Rupert elementary school children to welcome children in Newfoundland cities as Canadians when Confederation between the oldest Colony and Canada takes place this month.

The idea was proposed by Orin Odegard, secretary of the Prince Rupert Junior Chamber of Commerce, who plans to visit the principals of the four elementary schools—King Edward, Conrad Street, Annunciation and Borden Street—with a suggestion and a list of schools in Newfoundland.

FIREMEN'S UNION CHIEF IS VISITOR

John A. Staton, vice-president, International Association of Fire Fighters, arrived on yesterday's train from Edmonton to visit the Prince Rupert local of the Association. It is expected that he will discuss matters pertaining to superannuation systems, Workmen's Compensation coverage of occupational diseases and labor legislation. It is hoped that he may also assist with the presentation of the brief of the local union during their negotiations with the conciliation board over local wages. This is the first visit to Prince Rupert of an official of the International Association.

BATH, Eng., ☉—Superintendent L. E. Dodd, deputy chief constable, broke his collarbone when he had a sudden violent fit of coughing while getting out of bed.

John's as a token of new-found unity between the most westerly and most easterly of the Canadian provinces.

PIONEERS ARE APPRECIATIVE

Special Dinner Held at Westview Home Last Night

A pleasant hour was spent at the Pioneers' Home in Westview last evening when the eleven old timers living there acknowledged the thoughtfulness and kindness shown by friends and public generally.

A delicious special dinner was served. There were brief but most appropriate remarks and flash-light photos were made by Fred Chandler.

New management of the home was recently taken over by Mr. and Mrs. William Williamson, their predecessors having been Mr. and Mrs. Jack Minton and Mr. and Mrs. Montchal.

Co-worker with Mr. and Mrs. Williamson is Mrs. Bartlett. Occasion was taken to thank Mrs. Ross Richardson, for many years a nurse in Montreal, for her voluntary co-operation. Mrs. Richardson expects to leave this week to join her husband in Vancouver.

Among those who spoke were Mr. Madill, George Bradbury, and Mr. Hamilton. It was a pleasure to be able to tell of the satisfaction they felt in living under such agreeable circumstances, the good table, and the general comforts and services provided.

IT'S A HIT!

● One thing about this ad that is positively guaranteed is that everything said therein is the absolute truth. Everyone makes mistakes and we're no exception. And so here we are—admitting our errors and taking our licking with a smile.

● If you aren't torn to the very heart strings after reading this ad, then it isn't our fault. As for ourselves, well—after writing this, we just broke down and had a real cry—we felt so sorry for ourselves.

Reg. \$1 MEN'S TIES
