## Mortgage Of Young Women In Canada Alarming

### Metlakatla To Become "White" Indian Village

Native Community to be First in Canada to Achieve Such Status

Metlakatla, picturesque and historic native village west of Prince Rupert, may soon become the "white" Indian village in Canada. Culminating in a series of representations and negotiation, an enfranchisement board will convene at Metlakatla for a hearing on the application of the village to become an enfranchised community.

Compliance with the provisions of the Indian Act, which would have the implications of the federal provisions of the Indian Act, will be provided for such status, Metlakatla would become an enfranchised community in Canada.

Trust funds of the Metlakatla band, it is anticipated, would be divided in two—one half being distributed per capita among the population and the other half being transferred to the new corporation.

Metlakatla, with a population of 160 persons, would start off its autonomous career as an enfranchised community on sound footing. Only recently federal appropriation was granted for a new wharf there, the first the village has had in twenty-five years. The Indian Department has just finished the erection of a \$22,000 school and teacherage. (The school there would be incorporated into the public school district of Prince Rupert). Already the village has its water supply system, fire department, light plant and creditable roads and sidewalks.

The new "white" village would be responsible for all municipal services including policing. In the matter of liquor, restrictions existing under reservation status, on which liquor is completely banned, would be completely removed.

### GRIM FOREBODINGS BY CHANCELLOR OF EXCHEQUER IN BRITISH HOUSE

#### SAYS MISTAKE IS BEING MADE

OTTAWA (CP)—A. R. Mosher, president of the Canadian Congress of Labor, expressed the opinion today that the minister of reconstruction was making a mistake in not having an investigation made of the high cost of building in Canada.

The minister, Hon. R. H. Winters, said yesterday that the federal government does not intend to establish a royal commission "at this time" to investigate home building costs. He made this statement in a letter to Mr. Mosher in reply to a letter made public by Mr. Mosher yesterday in which the head of the 350,000-member Congress asked the government to immediately set up a royal commission or a Parliamentary committee to investigate building costs.

#### Must Fight For Living Standards

LONDON (CP)—Sir Stafford Cripps, Chancellor of the Exchequer, said today that Britain must conquer the dollar markets or "our civilization will fade and wither away."

In a speech strewn with statistics and melancholy warnings the Chancellor of the Exchequer called upon the country to fight as a team or suffer a "tragic fall" in living standards and widespread unemployment.

Meantime Opposition members stress the inadequacy of Prime Minister Attlee's new "austerity measures."

In the approaching vote, however, it is expected the government will have no difficulty in being sustained.

British Foreign Secretary Ernest Bevin, is shown at U. N. headquarters, shaking hands with Foreign Minister Edvard Kardelj, of Yugoslavia (right), in a blistering speech before the U. N. General Assembly. Bevin said the Soviet stand on control of atomic weapons is "stupid," and informed the world that the western powers will stand pat on the U. S.-sponsored plan for inspection of all atom factories before they would agree to scrap any A-bombs. In his speech before the General Assembly, Kardelj blasted Russia for the pressure being used in an attempt to bring Marshal Tito into alignment. He also said that Yugoslavia approved the Vyshinsky peace proposals made last Friday.

#### Is Critical Of Russia

Says No Individual Freedom Exists Under Soviet System

CHICAGO (CP)—Prime Minister Pandit Nehru of India said last night that he believes "individual freedom ceases to exist" under what he called "the Soviet system."

It was the first time since Mr. Nehru started his goodwill tour of the United States and Canada two weeks ago that he had criticized Russian methods.

However, the Indian Prime Minister tempered his words with a renewed statement that India wants no entanglements in the cold war and will not be pushed into any. His country, he said, wants peace and will work for it. He called upon the United States to work for it too.

#### MANITOBA NOMINATES

WINNIPEG (CP)—Nominations for Manitoba's general provincial election on November 10 closed at 1 p.m. today with the indication that at least a dozen government supporters would receive acclamations.

An unofficial count, pending final tabulation, showed 106 candidates in the field with Premier Douglas Campbell's coalition government supported by 65.

Seventeen ridings had only one candidate—a coalition candidate in each case.

Among those who opposed Mr. Campbell himself, who won by acclamation in both 1941 and 1945 elections.

Seven other members of the cabinet were without opposition on the basis of an early check.

The Opposition forces, of which the C.C.F. is the main group, are faced with competition in all their ridings.

The C.C.F. had 24 candidates in the election eve count.

### Flash

KETCHIKAN TRAGEDY

KETCHIKAN — Lawrence Frisch, a Metlakatla deer hunter, was killed late Wednesday in a 300-foot fall off a cliff at Menefee Anchorage in Moina Sound. Frisch's hunting companion, Cecil Simpson, who was marooned on the cliff overnight, was rescued uninjured.

MYSTERIOUS SOMETHING

BUFFALO—A "mysterious something" flashed across the skies here last night and astronomers said it was not a meteor. It had a bluish flame. It is the third time in recent weeks that such phenomena has been observed in the East.

DOPESTERS SENTENCED

VANCOUVER — Five men were sentenced today following conviction on charges of conspiracy to distribute narcotics. They were each sentenced to seven years' imprisonment and three had fines imposed up to \$10,000 or three years extra.

ORTIZ WINS

GLASGOW—Manuel Ortiz, world's bantamweight champion, floored the Scotsman, Jackie Paterson, four times last night to win a 10-round non-title decision over the former flyweight titleholder. Each weighed 124 pounds. The outdoor bout was before 15,900 chilled fans at Hampden Park football grounds.

### Girls Scarce, Not Enough To Meet Demand

DR. CHARLOTTE WHITTON DISCUSSES NURSING CRISIS

OTTAWA (CP)—Canada is face to face with a new and disturbing shortage—women. That is the warning given by Dr. Charlotte Whitton, one of the Dominion's foremost welfare workers, to Toronto nurses.

"What is becoming increasingly and disturbingly evident is that there are simply not enough girls and young women in Canada to go around," said Dr. Whitton in an address before the University of Toronto School of Nursing.

Dr. Whitton suggested that the nursing profession should make a thorough job analysis of nursing present and future. The "nursing gap" was not confined to Canada alone.

### GRAVITY FLOW AGAIN TONIGHT

Prince Rupert's water supply today was again flowing by gravity from Woodworth Lake for the first time since the 45-inch main was knocked out of service by a mudslide on October 14.

Workmen, who Monday completed replacing the three sections of pipe knocked out of position by the slide, Wednesday completed caulking and leading the joints to seal them against leakage.

Water started to flow through the main which is owned by the Northern B.C. Power Co. this morning but it was not channeled until late today into the city mains which, since the break, have been fed by the Shawatlans Lake pumping station.

Instead, it was released from a valve at the lower end of Shawatlans Lake in a flushing operation to clear the 18-inch city pipe of dirt and impurities.

After several hours of flushing, the water was turned into the main which goes under Shawatlans Passage and into the city.

Northern B. C. Power Co. manager T. B. Black and City Engineer Don Stewart spent the day at the scene of the break.

### Repeater In Turf Classic

Sterope Again Wins in Cambridgehire Stakes

NEWMARKET, England (CP)—Sterope yesterday won the one-mile and one furlong Cambridgehire Stakes, Britain's last major handicap of the fall flat-racing season. Sterope was a 33 to 1 choice.

Good Taste, 32 to 1, was second in a photo finish with Sterope in the classic on which the Irish Hospital Sweepstake is based.

Sterope also won the race last year.

The official decision was that Sterope won by a head.

Third place went to Mosey Hampton.

Good Taste had a three-length margin over Mosey Hampton.

The race was run in a howling gale and the jockeys had hard work battling against driving rain.

### Drew Would Check Gov't

OTTAWA (CP)—The Opposition wants to get a closer look at government expenditures. George Drew, Progressive-Conservative leader, suggested in the House of Commons yesterday that sessions could be shortened considerably if a special committee was established to consider estimates of expenditures of various departments. The committee plan, said Mr. Drew, would allow members to scrutinize government expenditures item by item and, at the same time, keep the sessions reasonably short.

John Diefenbaker, Progressive-Conservative, Lake Center, suggested that services of experts should be engaged at public expense to advise the Opposition on technical matters.

### Belgian Ambassador Sees Atlantic Pact As Saving World From Another War

ENVOY SPEAKS—

While the international situation is still "troubled and dangerous," the determination of all freedom-loving nations, as agreed upon in the North Atlantic Pact, to go to war at once and together in case of aggression against their conception of international relationship, freedom and democracy provides good hope that little by little the situation will clear itself without the necessity of having to go to war. With the existence of the great defensive pact, "Russia knows what it is up against." Had there been such a thing as a North Atlantic Pact, Germany might have considered more carefully and the World Wars of 1914 and 1939 might never have occurred.

Such opinion was expressed by Vicomte Alain du Parc, Belgian ambassador to Canada, who is a visitor in Prince Rupert and who addressed the Prince Rupert Gryo Club at its regular weekly luncheon.

Of tremendous importance in the present state of world affairs, Vicomte du Parc stressed the cooperation of the North Atlantic Pact, not only in the political but in the social and economic fields. He agreed with the principle that, in the development of world peace and security, barriers to trade between the nations should be done away with little by little but as expeditiously as possible.

The ambassador discussed Belgium's economic situation, declaring that its whole economic life depended upon its industries and export trade. He hoped to see the adverse trade balance for

### Gold Rush Excitement

Fishwheel, Alaska, Filled With Tense Mystery

FISHWHEEL, Alaska (CP)—Rumors that more nuggets have been found along the banks of the fabled Yukon River swept periodically through this third booming Gold Rush camp today but attempts to trace the finds met with a wall of cagey silence.

Prospectors eyed one another suspiciously unwilling to talk about their luck in panning the stream until they have filed claims.

Although temperature is falling below and snow is still falling many of the early arrivals have begun panning for the precious yellow stuff.

One nugget half an inch in diameter has been brought in.

### THE WEATHER

Storm Warning

North Coast Regions—Continued intermittent rain today. Continuous rain tonight. Scattered showers tomorrow remaining mild. Southeast winds, 20 miles per hour, increasing to southwest gales (45) this evening and shifting to southwest (30) about day-break Friday. Lows tonight and highs tomorrow—at Port Hardy, 45 and 55; Estevan, 48 and 55; Sandspit and Prince Rupert, 45 and 52.

Synopsis

Skies are dull and overcast over the entire province and rain is falling along most of the coast. Reports from ships at sea indicate that a storm is developing about 700 miles to the southwest of Vancouver Island. Gale warnings of winds up to 45 miles per hour have been issued for all exposed coastal waters. The weather will remain unsettled tomorrow in the wake of the storm but temperatures will remain mild. Regional forecast valid until midnight.

### TO TELL STORY OF HARRY MEDOS

The evangelistic campaign which Rev. J. W. Ross Macpherson, prominent social and prison worker from Vancouver, has been conducting here during the past ten days with marked enthusiasm and response, concludes tonight when the speaker will tell the story and moralize on the career of Harry Medos, executed murderer, who led the inspiration for his tragic downfall in life to the influence of crime moving pictures and stories.

Mr. Macpherson has been drawing nightly audiences ranging from forty to seventy persons. Presiding has been pastor Leonard A. Thorpe, new incumbent of Regular Baptist Church.

Mr. Macpherson is making the round trip to Ketchikan today and will return to Vancouver by air tomorrow.

### EDMONTON PULP MILL

MONTREAL (CP)—R. O. Swezey, Montreal investment broker, said today that he expects construction will begin in the spring of a \$12,000,000 paper mill near Edmonton to make use of timber lands granted by the Alberta government.

Mr. Swezey, who has been promoting the project for some time, said that financial talks are now going on in Montreal.

### ALASKA SHIP UNLOADS FISH

The Alaska Steamship Co. freighter Coastal Rambler docked here Wednesday to unload four carloads of frozen halibut for rail shipment to the eastern United States market.

Southbound from the Alaska ports, the Coastal Rambler, under command of Capt. J. Bras ten, carried a capacity load of canned salmon for Bellingham.

When she returns to Bellingham later this week, the vessel will have been away from her base port for a month.

Her consignment of frozen halibut, picked up at Wrangell, was handled by the Fishermen's Co-op here.

### NURSES OFF TO HAWAII

Honolulu is the destination of two former members of the nursing staff of Prince Rupert General Hospital, who left the city by air. They are Miss E. Sheppard and Miss R. Jacobson, who plan to work in a sanitarium in Hawaii.

## New Citizenship

AN UNPARALLELED EXPERIMENT in new citizenship may soon be witnessed a few miles from Prince Rupert. Final formalities in connection with the total enfranchisement en masse of the nearby native village of Metlakatla appear to be nearing consummation. Then Metlakatla will be the first Indian community in Canada to leave the wardship of the federal government under the Indian Act and assume its own community responsibilities apart from supervision and support of the federal department. In short, it will become a "white" community with all the privileges and responsibilities attached thereto. Possibly, too, there may be some factors which, at the outset at least, may be considered disadvantages. In any case, it will be a complete and drastic change of status.

There may be no parallel in Canada but there is one at the Alaska Metlakatla, not so far from here, and, from all accounts, it has worked out well and satisfactorily there and, in some respects, a model community has been developed.

The result of the enfranchisement of Metlakatla will be watched with more than local interest in view of its unprecedentedness. It is to be expected, too, that other progressive native villages may follow Metlakatla's example.

## CLIMATE AND WEATHER

CLIMATE is one of the greatest upsetters of human plans and activities, says the monthly letter of the Royal Bank of Canada. It dictates our economy, what we wear, the kind of house we live in, the sort of food we eat, how hard we work, and even when and where we spend our vacations. Farmers and industrial magnates must bow to it; all animal life, from insect to elephant, lives and dies under its rule.

No other earthly force can so mould civilizations as a change in climate. Men are pushed forward impetuously in some regions and held back to a sluggish pace in others, both physically and mentally. We think and act because of the burning of food in our tissues and the speed of this burning depends largely upon the type of our food and exercise. Exercise steps up the rate. If the temperature and humidity are too high, our body temperature rises quickly. We are soon prostrated. So we learn to take it easy in the tropics.

What we should like is more orderliness in the weather. There should be some snow and ice in winter, so that we are willing to work hard enough to enjoy a little leisure when spring comes. Spring should be a poet's delight, with flowers and bees and mating birds, and it should last two months. Summer should be warm enough to thaw the frost out of our bones, give us the right tint of tan, and grow our garden vegetables and gladiolus to the right size, texture and shade. Autumn should be long enough for us to rest after a strenuous summer, colorful enough to gratify our aesthetic sense and just cool enough to ease us gently into winter.

Every season should dignify itself by coming in on the proper date. This would enable us to make, sell and buy clothes in a reasonably stable way, and to know whether it is necessary to lay in another ton of coal.

Till these improvements can be made, the clothing manufacturer, the department store, the coal dealer and the consumer must plug along with the aid of almanacs, the meteorological bureau and their own amateur efforts at forecasting. Perhaps it is better so, because if our weather ideals were achieved what should we grumble about?

## JOB'S DAUGHTERS WINDOW DISPLAY

Pilgrimage during the past summer of Prince Rupert Bethel of Job's Daughters to Spokane where the drill team distinguished itself by winning two major awards is pictured in the benefit of public passersby with a specially arranged display in the window of Wallace's department store.

With an attractive setting in the orders colors of purple and white and a congratulatory banner, the window shows two models in the attractive drill team uniforms, scenes of the big international session, all centering on the two cups which the drill team won—one for military drill and one for exhibition drill. Large Canadian and American flags and a banner of the order itself embellish the scene.

## LETTERBOX

Our Venerable Mayor  
Editor, Daily News

The typographical error in the date in your account of my retirement from civic administration in last Thursday's paper has been the cause of much amusement among my friends and your readers.

The following letter received by me on this subject may amuse your readers as much as it did me:

"Dear Mrs. Arnold:—  
"We were honored with a short visit from you during the Municipal doings at Terrace and it comes as a distinct surprise that you have been concerned with the Council of Prince Rupert since 1143. Yes—eleven hundred and forty-three—according to your own newspaper.

"Seems to me that such personal items should not be exposed to this extent and besides that I don't believe it. A couple of hundred years either way may be permissible but this is certainly rubbing it in.

"Certainly you are entitled to a pension but somebody should be sued first.

Sincerely,  
"R. B."  
Many thanks,  
Yours sincerely,  
Nora E. Arnold  
MAYOR

## DEMAND ACTION ON EXHIBITION TENNIS COURT

Action will be demanded by city council on the part of a group of city men who acquired the foundation of the former Exhibition building in Roosevelt Park a couple of years ago for the declared purpose of converting it into a tennis court.

Remains of the building which was destroyed in a gale, were put up for public sale, then withdrawn at the request of the group which asked that it be turned over to them for construction of a public tennis project.

Lack of action in the meantime has caused council to press that something be done. The weather-beaten base still remains unused.

The matter was brought up again in council by Alderman W. F. Stone, who charged that the group had failed to live up to their agreement and that the city should take some action.

Alderman T. B. Black was in agreement and recalled that the city had turned down offers ranging from \$500 to \$700 from other bidders to turn the place over to the group.

"They acquired the piece of property from us on the understanding that they would use it for a specific purpose. We should demand an accounting," he declared.

Since no time limit was contained in the agreement, legal counsel had expressed the opinion that the city could not force the group to take action within any specified time. Acting City Clerk William Long, commented:

Council passed a motion that the agreement be amended to set a definite time limit in which the work of building a tennis court be carried out.

## WOULD RE-OPEN FIREMEN'S PACT

Council's agreement with city fire fighters will be re-opened at request of council to institute amendment regarding the rate of promotion of firemen. The agreement was signed earlier this year.

Utilities Chairman Daggett explained to council that it was desirable to request that the agreement be re-opened because of a clause which permits the advancement of new firemen to first-class status within one year, his rate of promotion was thought too speedy by the utilities committee.

Revision of the clause will not affect any of the present members of the fire hall staff Alderman Daggett said, but it

is being requested because of the eventually that at some future date new firemen may be employed. The committee felt that in this case the advancement of a recruit to first class fireman within one year would be too precipitous.

**SPY TOWN  
SHOT UP**

SPY TOWN, Mich. (P)—A  
middle aged farmer shot  
himself here and then  
wounded himself after wounding  
others on a mad spree with  
a shotgun.

Joe Runyon, aged 57, terrorized  
this sleepy little resort vil-  
lage, tramping back and forth  
across the street. He fired sev-  
en or eight charges from a 12-  
gauge shotgun through the  
windows of two taverns.

**SOCIAL and PERSONAL**

D. R. McKerricher, district  
manager of Shell Oil Co., return-  
ed to the city yesterday on the  
Prince George from a business  
trip to Vancouver.

Mr. and Mrs. William Cruick-  
shank returned to the city on the  
Prince George yesterday from a  
trip to Vancouver.

Tonight's train, due to arrive  
from the east at 10:15, was re-  
ported this morning to be run-  
ning on time.

There will be a meeting Fri-  
day at 7:30 p. m. of the Teen  
Camera Club; Civic Centre. All  
interested please attend. (252)

J. F. Edwards, superintendent  
of the city telephone depart-  
ment, was the speaker today at  
the weekly luncheon of the  
Prince Rupert Rotary Club.

Regular meeting of Oper-  
ating Engineers, Local 510, Fri-  
day Oct. 28th at 7:30, at the  
Carpenters Hall, members of  
Local 115 are invited to at-  
tend. (252)

Mooseheart night  
Thursday Oct. 27th  
Dinner at 7 p.m. to  
be followed by a pro-  
gram, Past Governor W. B. Mc-  
Callum presiding, all Moose  
members and women's Chapter  
members please attend. Bring  
with you, wives and husbands,  
this is a free evening. (251)

**VOTERS' LIST  
CLOSES MONDAY**

Registration period for new  
voters in the December civic  
election is nearing its deadline.  
The voters' list will close at 5  
p. m., Monday, Oct. 31, as pro-  
vided in the Municipal Elections  
Act.

It would appear that the 1948  
voters list, which has a record  
number of names in the city's  
history, will be topped this  
year, there have been 14 new re-  
registrations.

However, there is still no  
complete record of how many  
names will be dropped from the  
list on account of loss of prop-  
erty qualifications or removal  
from city.

In order to encourage regis-  
tration before Monday, the City  
Hall will be open two hours Fri-  
day evening and for four hours  
Saturday afternoon for the re-  
ceipt of names.

Seven of the 14 new regis-  
trations are non-residents and sev-  
en are license holders.

Jack Kemp of Rocklea, Sas-  
katchewan, has arrived in the  
city to spend the winter with his  
son-in-law and daughter, Mr.  
and Mrs. E. Telset, 429 Fifth  
Avenue West.

**Libby's**  
**CANADA'S LEADING  
TOMATO JUICE**

More people drink Libby's than any other  
tomato juice in Canada. There must be a  
reason why 4 out of 5 shoppers selected  
Libby's "Gentle Press" Tomato Juice in a  
recent test in 81 stores—there is... it's  
the tomato juice with the garden-fresh,  
"gentle press" goodness. Matchless in  
flavour because Libby's patented  
"Gentle Press" extracts only the  
purest, sweetest juice from  
fancy, field-ripened tomatoes.

You can taste the delectable difference  
and while you enjoy it, you benefit from  
the vitamins A and C of which Libby's is  
an excellent dietary source. These are the  
vitamins that help to maintain radiant,  
glowing health, and an insufficiency may  
lessen the resistance of your body to colds  
and other infections. It's a good health  
rule, and a pleasure, too, to drink at  
least one glassful of Libby's every day.

**FIRST IN FAVOUR — FIRST IN FLAVOUR**

**DOUBLE YOUR MONEY BACK**  
if you don't agree that Libby's "Gentle-Press" Tomato  
Products—Juice, Catchup, Chili Sauce and Soup—are  
the best you've ever tasted.

PRINCE RUPERT, B.C. STEWART, B.C.

**THE DILEMMA**—Tom O'Neil, a ward of the Children's Institute, holds out his arm for a blood test which will determine if he is the missing son of Mrs. Arthur Thompson of Dayton, Ohio, who was believed kidnapped in October, 1944. Tom, 11, has a nicked ear and webbed toes, and blood tests taken to prove his parentage. He was broken at the result of the blood test, wants to go home.

**PRINCESS ELIZABETH HAS A WINNER**—Princess Elizabeth is admiring "Monaveen," race horse jointly owned by the princess and her mother, Queen Elizabeth, after the horse won the Chichester handicap at Fontwell park. It was the first time that the racing colors of the princess were carried to victory.

**ONLY ONE OF HER KIND AT LIBERTY**—Describing herself as the only member of the U. S. Communist party's ruling board now at liberty, Elizabeth Gurley Flynn is shown as she gave New York reporters her view on the conviction of 11 top Communists. Miss Flynn termed the jury's verdict "Hitler-like."

**CARIBBEAN REPUBLIC TO STAGE WORD FAIR**—A general view of the exposition grounds in Port au Prince, Haiti, showing progress of construction for the world's fair which is to open in December. The little Caribbean Republic, with only a 4,000,000 population is spending \$25,000,000 on the fair which will have everything from industrial, agricultural and scientific exhibits to a gala entertainment area featuring, among other things, native voodoo dancing, cockfighting and performances by agricultural stars from the U. S. Many foreign governments are constructing booths on the exposition grounds.

**EXERCISE DEMOCRATIC RIGHT**—In the first national election held in Austria since 1945, Chancellor Leopold Figl is shown casting his ballot in Vienna. The 48-year-old head of the Austrian coalition government, who was an agricultural engineer before going into politics, is leader of People's Party, predominantly Catholic. His party remained Austria's strongest political group receiving almost half the ballots counted.

**LONG COMMUNIST TRIAL ENDS IN CONVICTIONS**—Eleven U. S. Communist leaders who had their day in court—for 35 weeks to be exact—found themselves at the end of the road when a jury of eight women and four men handed down a verdict of guilty for all in Judge Harold R. Medina's New York court. The judge later sentenced all but one to five years' imprisonment and \$10,000 fines each. The defendants are shown photographed as they left the courthouse. Left to right: A U. S. marshal; Harry Winston, 35, Communist national organization secretary; Eugene Dennis (real name Francis Eugene Waldron), 44, general secretary of U. S. Communist party; Jack Stachel, 49, educational director of the party; Gilbert Green, 43, of Chicago, Ill., state Communist chairman; Benjamin J. Davis, Jr., 46, city councilman; John B. Williamson, 46, labor secretary of Communist party; Robert Thompson, 34, New York state Communist chairman; Irving Potash, 47, party organizer; Gus Hall, 39, Cleveland Communist chairman; Carl Winter, 43, Detroit, Mich., chairman Communist party, and John Gates, 36, editor, Communist Daily Worker man in polka-dot tie in background unidentified.

Stories of ritual murders in Basutoland, South Africa, have caused a police investigation that has resulted in 50 natives being sentenced to death but has not stopped the murders. Shortly after two native chiefs had been hanged for murder, the body of another mutilated corpse was discovered. This Basuto woman, implicated in one of the deaths, signifies native mentality by saying she considers ritual murder a natural appeasement of supernatural forces.

**SUNNY SOUTHERN ALBERTA**—A mantle of snow covered Calgary during the week as the first snowstorm of winter swept across the Canadian prairies. The storm brought three inches of the white stuff to Calgary but in the Lethbridge area of southern Alberta, the fall was as much as 20 inches. Six-foot drifts blocked many rural roads. (CP Photo)

**WINTER NIGHT IN GERMANY**—United States M-26 tanks in the review of some 30,000 American, British, and Norwegian troops taking part in combined exercises near Sennelager, Germany. In background are Russian army units which took part. The Russians did not take part in the review but not the exercises.

**WRESTLING WITH A PROBLEM**—Some Berlin women are wrestling with each other. At the moment, wrestling contests were forbidden by police, on moral grounds. Here is the climax of a bout which attracted a large crowd. The winners, kept them amused if not enthusiastic.

**ROYAL CANADIAN AIR FORCE WAR DEAD UNVEILED AT CAMP**—A memorial to members of the Royal Canadian Air Force who fell in World War II was unveiled here by Gen. Richard McCreery, at the R.C.A.F. school in Canada. Gen. McCreery, who was chief of staff to Viscount Mountbatten and commander of the British army on the Burma front, was the guest speaker at the annual R.C.A.F. memorial held in the camp. Here he is shown during the ceremony.

### SUPPORT HEALTH BOARD PLEA FOR LARGER STAFF

Support will be given by city council to the Prince Rupert and District Union Board of Health in

**NOTICE TO CONTRACTORS**  
TENDERS are invited by the undersigned for the erection of additions to the Nurses' Home of the Prince Rupert General Hospital, Prince Rupert, B. C.

Plans and specifications and forms of Tender may be obtained from the undersigned or from the Architects, McCarter & Nairne, 1930 Marine Bldg., Vancouver, B. C. on deposit of a cheque for Fifty Dollars (\$50.00) which will be refunded on return of Plans and Specifications in good condition.

Sealed Tenders shall be filed in duplicate with the Administrator, Prince Rupert General Hospital, Prince Rupert, B. C. not later than 5:00 P.M. Wednesday, November 23rd, 1949.

Each tender shall be accompanied by a certified cheque in the amount of five per cent (5%) of the Tender, and by a Completion Bond letter.

The lowest or any tender may not necessarily be accepted.

D. C. Stevenson,  
Administrator,  
Prince Rupert General Hospital  
Prince Rupert, B. C.

its effort to have a full time laboratory technician stationed here for public health work and for a full-time director for the Prince Rupert Health Unit.

The aldermen expressed their approval of the idea after receiving a letter from the Union Board which deplored the lack of a technician for public health laboratory work and of a full time medical director.

Services of both are contained in the city's agreement with the provincial Department of Health and, since the city pays the Department on a per capita basis for public health protection, the aldermen could find no reason why they should not ask for the fullest protection possible.

Council has authorized the City Clerk to support the Union Board of Health in its request for a technician and a director.

For the last two years, a private city practitioner has been acting as part-time director, a situation which the aldermen felt was burdensome to the doctor and not completely satisfactory to the Health Unit.

Mr. and Mrs. Jack Judge are sailing on the Prince George tomorrow night on a trip to Vancouver.

### Sex Film Is Coming

Parent Teachers Would Review Screen Document—Happy Over Bylaw Passage

The picture films on sex education which are now under consideration by the provincial Department of Education to determine their suitability for presentation to school children will be obtained by the Prince Rupert Parent-Teacher Council, it was decided at the regular monthly meeting of that organization held in the Civic Centre and will be shown to parents, teachers and others interested at the next meeting of the Parent-Teacher Council November 21, to determine local opinion on these films. A special invitation will be sent to interested organizations, doctors, nurses and teachers.

The Council's newly-elected president, Martin Stuart, was in the chair for the first time. Under his supervision, chairmen were elected to the various committees as follows.

- Parent-Teacher news convener—Mrs. E. W. Becker.
- Publicity Convener—Mrs. Helen Marchildon.
- Literary and Library Convener—Mrs. R. E. Mortimer.
- Health Convener—J. C. Gilker.
- Membership Convener—Mrs. H. M. Lindseth.
- Civic Centre Committee Chairman—J. S. Wilson.
- Music & Drama Committee chairman—R. D. Cleland.
- Study Group Convener—Mrs. Greisel.
- Traffic & Safety Committee chairman—T. G. Bateman.
- Kindergarten Committee chairman—Mrs. Dan Parent.
- School Planning Committee—Alan M. Hurst and R. G. Moore.

**APPRECIATION**  
Mrs. E. W. Becker expressed appreciation on behalf of the School Board to the P.T.A.'s for the work they had done in publicizing the school bylaw and helping to get it passed. J. S. Wilson expressed in return the P. T. Council's genuine appreciation to the School Board for its untiring work and efforts on the Bylaw. Council members responded with a round of hearty applause.

Since the provincial Parent

Teacher Federation gives an award each year to each P.T.A. which has increased its membership over its last year, the president urged all P.T.A.'s to put forth a special membership drive to try to top even last year's record, in which every one of the city's four P.T.A.'s became eligible for the special membership award.

**RATS**  
J. C. Gilker, chairman of the health committee, reported that his committee's efforts in taking steps to have the city's rat population decreased, if not eliminated, were continuing. The committee has received the support of the Department of Health in Victoria in planning methods to destroy the rats. Samples of dead rats are being sent from here to Victoria for analysis to determine the extent of their harmfulness to humans. Mr. Gilker stressed again, however, that citizens have a very grave responsibility as far as this problem is concerned and that is to leave in their yards nothing that the rats can feed on. He urged that every citizen make sure his garbage can is covered and that no food is left where rats can get at it.

It was unanimously adopted by

Finest Quality—Easy to Use

# "SALADA" TEA BAGS

the Council to ask the President of the local Teachers' Federation, Frank Wright, to act as Honorary President of the Parent Teacher Council.

The Council went on record as favoring the appointment by the Provincial Department of Health of a full time lab technician and pathologist here for the purpose of testing water, milk, etc. toward the well-being of citizens in general and children in particular. All local P.T.A.'s will be asked to endorse a motion to that effect.

Those present at the meeting were President Martin Stuart,

Secretary-Treasurer John Jenkins, J. C. Gilker, Mrs. E. W. Becker, Mrs. Greisel, J. S. Wilson, R. D. Cleland, J. Sykes, Mrs. R. E. Mortimer, T. G. Bateman, Mrs. Helen Marchildon, J. Goscoe, Mrs. H. M. Lindseth.

### TRAIN SCHEDULE

For the East—  
Monday, Wednesday, Friday, 8:00 p.m.

From the East—  
Tuesday, Thursday, Saturday, 10:15 p.m.

### Psoriasis

#### A New Concentrated Prescription Found

Psoriasis is a chronic skin eruption characterized by circumscribed red, scaly adhesions. We do not know that a cure for Psoriasis has been found, but this prescription will clear the skin for approximately six months to one year. The prescription is a clear, colorless and odorless liquid and it contains no oil or grease. Clothing and linens cannot be stained or marked. Application is simple. The affected parts are washed with a pure soap and warm water; the prescription Exoff Concentrated is then patted on with a small swab of cotton—apply night and morning.

You can get this prescription at all druggists, simply ask for 3 ozs. of Exoff Concentrated and if your skin is tender or gets dry you should also obtain 1/2 oz. of Exoff Ointment. Cut this out as a reminder—it is well worth a trial.

Art Ross, elected last week to the hockey hall of fame, still holds the distinction of the highest paid player in hockey. Years ago Ross, now vice-president and general manager of Boston Bruins, received \$1,000 for two games to play with Cobalt against their hated rivals, Haileybury.

This distinction of Ross is recalled by Elmer (Montreal Herald) Ferguson who says the two newly-rich northern Ontario towns in those days were "so hockey-mad they essayed roles in the major league." But, says Fery, it is not because of this financial accomplishment that Ross deserves the honor of a place in the Hall of Fame.

"Ross deserves the spot because of his own playing feats, which were remarkable, and even more so for the fashion in which he pioneered the first invasion of hockey in the United States."

**MIXED LEAGUE IS EVENED UP**

With the loss of one point Wednesday night to Northern Lights, Maceys broke their winning streak and dropped into a first place tie with Maceys who also have had only one defeat.

Betty Brodie of Maceys led the ladies last night in game score with 249 while V. Wraithall of Headpinners had high ladies three game total with 619.

High men's single and total games scores went to V. Menzies of City Transfer with 285 and 664.

In other games Booth School and Handicaps made four points apiece over Watts and Nickerson and Bob Parker. Headpinners and Ideal Cleaners won three points each from Pushovers and Wharf Rats while Sport Shop and City Transfer split two points each.

WHAT ARE WE TRYING TO DO?

We try to have what people want.

We want our goods as good as you expect them to be according to the price you pay.

We try to sell well known goods at the prices advertised all over Canada.

Community silver, Bulova and Gruen watches Parker and Waterman pens are examples.

We sell Big Ben clocks at the same price as the jeweller in Peterborough where they are made.

We try to be earliest with the latest new goods.

We are trying to build a reputation for reliability and service.

No high pressure; no marking up goods to give a discount off.

Just plain reasonable profit.

**"POST OFFICE" AT REBEKAH BAZAAR**

The Oddfellows' Hall was a cheerful centre of activity Wednesday afternoon during the Fall bazaar and sale sponsored by the Rebekah Lodge. Mrs. J. W. McKinley, district deputy president, received the guests.

A novel attraction was the "post office," where a number of wrapped parcels, contributed by other Rebekah Lodges in the province were on sale. Selections were made by the purchasers on a "blind" basis which added to the interest. Mrs. Thomas Priest and Mrs. J. Delorme were in charge of the stall.

In the tea room were Mrs. Alex Barbe, Mrs. H. V. Tattersal and Mrs. Stevens. Serveurs were Mrs. Angus Gillis, Mrs. Rose Healy and Mrs. W. A. McLean.

At the pouring table were Mrs. W. McKinley, Mrs. W. S. Hammond and Mrs. J. Simpson.

In charge of the home cooking booth were Mrs. S. L. Peacey and Mrs. J. S. Irvine while the apron stall was under charge of Mrs. J. E. Boddie and Mrs. B. Gammon. Mrs. George Howe and Mrs. William McLeod were in charge of the rancy work.

Mrs. R. Halloch was fortune teller for the afternoon. Cashier was Mrs. Bruce Love, sr.

Mrs. A. M. Budinich left by air today on a trip to Vancouver, accompanying her mother, Mrs. W. E. Collison, who has been visiting here for some time.

Mr. and Mrs. J. Fiewin are sailing on the Prince George tonight on a trip to Vancouver.

"OBSTRUCTION"  
ON POWER LINE  
HALTS SERVICE

Prince Rupert was without light and electric power for more than an hour Wednesday afternoon as a result of an obstruction on the Falls River power line which has been carrying the complete load since the Shawatlans plant was shut down following the water line break two weeks ago.

Cause of the halt in service was reported by the Northern B. C. Power Co. to be an "obstruction" which apparently cleared itself. Location of the trouble at first was not known but later was pinpointed in the Cloyah Bay area.

Line Superintendent J. N. Forman said that, whatever the obstruction was, it apparently burned itself clear, which allowed service to be resumed. A crew is investigating the incident.

The power went off first for a 10-minute period from 2 o'clock to 2:10, then resumed. However, at 2:30 the lines went dead again and remained so until 4 o'clock.

There was no further stoppage of service during the night.

The Shawatlans hydro plant was expected to go back into

THIS CANNED SALMON LOAF costs so little-is so good!

- 1 lb. Canned Salmon
- 1 1/2 cups milk
- 1/4 cup bread crumbs
- 3 eggs
- 2 tbsp. lemon juice
- salt and pepper

Scald milk, add crumbs and cook 5 minutes, stirring constantly. Add beaten egg yolks and cook over hot water (double boiler) for 5 minutes, still stirring. Cool slightly, stir in flaked Canned Salmon, seasonings, lemon juice and finally fold in beaten egg whites. Turn into well greased dish, set this in hot water and bake for 3/4 hr., in 350-375 degrees F. Serves four.
