STARVING CHINESE, MAD WITH HUNGER, NOW RESORTING TO CANNIBALISM

"Probably True," Says Leader of Churches

HONG KONG (CP)—Hunger-mad peasants of China's great famine area are resorting to cannibalism, recent arrivals here said today. Starving peasant bands in North Central China are reported to be luring children into the hills to be eaten.
No confirmation is possible here but Dr. F. L. Chang of Shanghai, vice-president of the World Federation of Churches, said the reports are probably true.

Police Change— Cpl. Taylor Transferred

Cpl. A. H. (Curly) Taylor, who has been second in command of the city detachment of provincial police here, has been transferred to Vernon as non-commissioned officer in charge of city detachment there. His successor here will be Cpl. Arthur Wellens from Richmond Municipality near Vancouver.
Cpl. Taylor has been here for 3½ years, having come from Ladysmith. Last December he was presented here with his twenty year good service medal.
Cpl. and Mrs. Taylor and family will leave Sunday night next on the Camosun for the south. Their residence on First Street will be taken over by Cpl. and

CLOVERLEAFS OUT
LETHBRIDGE — Magrath Rockets Saturday advanced to the Western Canada basketball finals against Winnipeg by dumping Vancouver Clover Leafs 72 to 61. Magrath came up from behind to take the best of three series from the Leafs, defending Canadian Senior champions.

RUSSIA WALKS OUT
LAKE SUCCESS—Russia today walked out of the United Nations Commission on Human Rights spreading its boycott to 16 U. N. groups. Secretary K. Tsapapkin of Russia left the opening meeting of the commission's spring session after his proposal to oust nationalist China was rejected by a vote of 12-2. The walk-out was preceded by an attack by Tsapapkin against the United States.

PLANE BLAST, SEVEN DIE
PHOENIX, Arizona—A converted B-25 exploded in the air near here Saturday and plunged seven employees of the North American Aviation Co. of Los Angeles to their deaths. The wreckage was scattered over a half-mile

PLYWOOD PLANT CLOSES
NEW WESTMINSTER—The plant of Canada Forest Products was closed today after employees walked out in demand for fulfilment of a five consecutive shift contract. The company calls it an unjustified strike.

MOVED \$800,000,000
MONTREAL—The Bank of Canada moved yesterday and special precautions were taken on St. James Street as \$800,000,000 of money went with it. Armored cars, specially guarded, made the transfer on St. James Street. Traffic was moved off the old financial street during the transfer. One motorist strayed in by mistake and wound up in a police station.

**Drowning Accident—
Girl's Body
Recovered**

Body of four year old Emma Halzimisqui, one of the three natives drowned in the Naas River at Alyansh last Friday, was recovered at 10:30 a.m. Body of her sister, six-year-old Gloria, is still missing.

An inquiry into the tragedy was conducted by Coroner M. M. Stephens here this morning and a verdict of accidental death was pronounced. Information was brought in by Const. Ed Anderson who flew with Indian Superintendent, F. E. Anfield to the native village Sunday morning.

**Sergeant Brunton
To Port Alberni**
Sgt. Thomas J. Brunton, formerly of Prince Rupert and Terrace and for the past few years stationed at Smithers as non-commissioned officer in charge for the provincial police, is being transferred to Port Alberni, according to announcement at headquarters here. Sgt. Norman DeWitt, now at Prince George, will succeed Sgt. Brunton at Smithers.

VANCOUVER—Vancouver leads two games to one in the best of five series for the northern division play-offs of the Pacific Hockey League as a result of a 3 to 1 victory over Tacoma. New Westminster won over Seattle three to two. Los Angeles defeated San Francisco 4 to 2.

U. N. Flag Raised in Eritrea

The blue-and-white flag of the United Nations is run to the top of a flag pole at the Eritrea capital of Asmara, signalling the beginning of work by the U.N. Commission for Eritrea. The Commission is now in the former Italian colony to ascertain the wishes of the inhabitants and to make recommendations on its future status.

Snap Election For Britain In June Seen as Labor Manoeuvre Michael Greene Loses His Eye Would be Last Thing Conservatives Want

VANCOUVER—The injured right eye of Michael Greene of Prince Rupert was removed by a city surgeon.

The boy, son of Dr. and Mrs. L. M. Greene, suffered a torn pupil when an arrow entered his eye while he was playing in his home last Tuesday evening. He was flown to Vancouver where doctors found it impossible to save the eye.

An operation was performed Saturday.

French Ports Strike-Tied

PARIS—All but two French ports are tied up today by a 24-hour dockers' strike ordered by the Communist-led Confederation Generale du Travail. Two exceptions are Marseilles and Cherbourg. There are about 20,000 regular dock workers in France. It is reliably estimated that about 85 per cent obeyed the walkout order.

LONDON—The Labor Party's over-all majority in the House of Commons was reduced to three today with the death of F. A. Cobb, member for Brighouse and Spenborough, a Yorkshire constituency.

BASKETBALL

B.C. PLAY-OFFS

TONIGHT 8:30

LONDON (CP)—Prime Minister Attlee and his Labor Party lieutenants may decide on a snap election at any time within the next six months, political sources predicted today. Some observers believe the new contest may come as early as June, six months after the budget is announced April 18. This is the last thing the Conservative opposition wants and the government knows it.

Play-off Spots—

Canadiens In Second Place

**Detroit vs. Toronto
Montreal vs. New York**

These are the play-off positions for the National Hockey League as a result of schedule-concluding games at the end of the week. The league championship was settled some time ago in favor of Detroit Red Wings.

It was a fight to the end between Montreal and Toronto for the runner-up spot which the Canadiens finally won.

Saturday night the Canadiens blanked the Chicago Black Hawks 4 to 0 at the Forum in Montreal and went to Boston last night for a 3-all tie with the Bruins.

THE WEEK-END SCORES:

New Channel Dug For Kalum River To Facilitate Celanese Log Drive

TERRACE—The Kalum River, which joins the Skeena a short distance west of Terrace, will soon be running in a new channel near the confluence as a result of a straightening out operation which has nearly been completed by the Columbia Construction Co. Ltd. for the Columbia Cellulose Co.

The object is to facilitate the driving of timber from Columbia Cellulose big logging operations up the Kalum River towards the celanese plant near Prince Rupert.

Actually the river is being restored to what is believed to have been its original channel of many years ago, even before the town of Terrace came into being. A circuitous and sharp bend in the river will be eliminated with the new course passing through an Indian reserve.

The channel will be shortened about half a mile by the cut-through which will be sixty feet wide and fifteen feet deep.

Legion Building Opening Deferred

Owing to delay in delivery of some of the furnishings, formal opening of the new Canadian Legion quarters has been postponed from Wednesday until Saturday.

Col. C. W. Peck, V.C., beloved to all old veterans as leader of the first contingent out of the city in World War I, will be here to take a prominent part in the proceedings as will be Col. John McGregor V.C. Col. Peck is arriving on Wednesday and Col. McGregor will come Friday.

Yesterday afternoon Legion members turned out in force equipped with their gardening instruments and aided by a D-4 bulldozer placed at the disposal of the branch by Messrs Wood, Parr & McClay to tidy up the grounds and approaches to their new premises on the cliff side off First Avenue in preparation for the opening ceremony.

During the past two weeks the building has been viewed by many visitors who have expressed their surprise and appreciation of the facilities provided. As much work has to be accomplished before "Opening Day" it has been decided to close the building to visitors during the present week, but the officers of the local branch of the Canadian Legion have every intention of appointing a "Visitors Day" shortly after the Branch is established in its new quarters when residents of the city will have an opportunity of viewing the premises of which the members are justly proud.

Germans Are Slaughtered

KIEL, Germany—A west German newspaper published an unconfirmed report today that Russian troops had killed 102 German uranium mine workers, including four women, in quelling a riot Saturday near the Soviet zone town of Fronhausen.

Kiel or Machrichten said that 173 other Germans were injured in the riot stemming from a rebellion among workers following six accidents causing loss of life. It did not state the source of its information.

Blessed Spring Rains

WE ARE GLAD that the spring rains are here again. Particularly after our winter drought, they are something to be appreciated. Long may they continue to fall!

Blessed be the rains as their vibrant strains rise and fall in sweeping crescendos across the awakening countryside, as they strum their catchy tunes on the windowpanes and beat their drums on the roof tops.

Spring rains release the patches of winter snow and fill the creeks and brooks with wholesome laughter. They do their part in scrubbing the landscape even if they do show up our own collective and individual grime and neglectfulness.

But in spite of our spoilation of the scene, the spring rains will soon bring charm, reaching beneath the surface of the earth to coax early flowers to bloom, sprout the seed, turn the dead brown grass to green and the trees into wavy, scintillating leaf. Eventually our own shame is at least partially recovered by the northern verdure.

Meantime the rains linger on like a new melody and a lyric promising that soon from a refreshed and rejuvenated earth there will flower all the wondrous glories of another season.

Who are we to complain about the spring rains—even if they gang up the odd time with a boisterous gale? Let us all be thankful for their fresh and invigorating presence. They are one of our greatest natural assets.

CHINA DIFFICULT

THERSURLY ATTITUDE of the Chinese government is all the more difficult to understand, in that recent reports from that country indicate the new conquerors are experiencing trouble in handling their responsibilities the Victoria Times observes. Widespread famine resulting from crop failures has posed a problem that must be solved without loss of time if unrest is not to endanger the government. Economic difficulties inherent in the disruption of trade and the long-standing inflation of Chinese currency add further to the task of rehabilitation. The Moscow link apparently precludes any contacts with the West. It remains to be seen whether China can survive such treatment—whether Russia will be able to keep it up.

BETTER THAN SOME

IT'S STILL MARCH and the winter has been wicked, but a lot can be said for the Skeena Highway. Those who have just driven from Terrace to Prince Rupert this week, report the bed in good shape much of the distance is free of snow, and generally speaking everything is pretty fair. Which is more than can be said, at this season, for thousands of roads back east.

Letters to the Editor

PORT OF PACIFIC

Elditor, Daily News:
W. M. Mott, the member for New Westminster, speaking in our parliament on March 1, had this to say, as recorded on page 373 of Hansard of that date:
"I should like to say a few words about another problem that I believe faces us on the Pacific coast. It is something that should be planned for and that is our export-import trade. What are we doing or what are we going to do for the necessary facilities to handle these cargoes?"
For instance in the port of New Westminster we have nine docks. Before the war the largest number of deepsea boats that came into our port was 550 a year. We're now faced with this problem of trade that we expect will arise with the Far East—that is, with Japan and China—from which most of the trade to that port came before the war.
"I am certain that the present dock facilities in New Westminster will never be able to handle that trade and I am certain that Vancouver has not the facilities either. I mention this matter because it is something that should be planned, so the money could be loaned and we would know just where we are going."

While Mr. Mott and all the M.P.'s from lower B.C. are worrying over their ports and their monopoly on trains and Pacific sailings, Prince Rupert, which is located on the coast and 500 miles nearer Japan-China than is Vancouver, has been a huge blank in so far as overseas sailings are concerned. While Prince Rupert has one of the three number one harbors of the world, it has a large terminal elevator which is always empty. It has a large shipbuilding plant that was to build Hays' boats which were to ply between the G.T.P. railway and the Siberian railway. But an ocean liner has never slid down the ways. Rupert has a huge floating dry dock which has never had its lifting capacity tested. Rupert also has a standard railway and the U.S.A. government spent sixteen million dollars on the port and rail terminal, all of which was of no use to our people when the U.S. boys folded their tents.

I have already said that Rupert is 500 miles nearer Oriental points than is Vancouver and New Westminster and Mr. Mott has spoken of the 550 overseas boats docking at New Westminster but every one of those boats sailed 500 miles extra in order to pass up the port of Prince Rupert. Furthermore, a boat that makes a round trip to such a point as Hong Kong sails 1000 extra miles. Now let someone take a pencil and figure out just how many hundred thousands of extra miles of sailing was done by Mr. Mott's 550 boats in order to swell C.P.R.'s dividends and C.N.R.'s yearly deficits. And again it is claimed that Rupert is two days' sailing time nearer Hong Kong than is Vancouver and New Westminster. By checking up on the time table it will be seen

that 48 hours would put trans-Pacific and trans-Canada traffic in Winnipeg by the time the other boat docked in the Fraser And, were it possible to procure a standard railway between the city of Prince George and Vancouver, a train could take on the passenger, mail and express traffic at boat side at Rupert and make the trip by way of Hazelton, Prince George and the new rail line to Vancouver. Now, let someone use a pencil again and figure out just how many hours of the two days extra sailing would be saved.

And yet this very thing is done on the St. Lawrence river when fast trains meet mail boats at Father Point and rush the mail in to Montreal. But they hold trans-Pacific mail on board boat two days extra in order to put that traffic on C.P.R. trains at their port at Vancouver. And the Canadian people seem quite content to have all of our nation indefinitely tied down to one overseas port on the Pacific, and that one port as far south as we can place it. Then the question surely arises—How can we build Canada up to be a great power among the nations of the world?

TOO MUCH PRAISE?

Editor, Daily News:
To learn to play the piano is a slow process and the standard reached today is very high. It is an exquisite art and it is injurious to talk about young students as if they were at the top. Many of them are a long way from nowhere, but more than a long way from somewhere. Art is long, life is short.

Does the road wind up hill all the way? Yes, to the very end.
Mr. Bligh praised some of the students here more than he did Barbara Custance, and Marie Balagno never had the praise that some of these children had. They are only touching the hem of the garment, even the best of them. It is better for them to realize this and go on patiently plodding.

Mr. Bligh told me he meant to be honest. Honesty does not consist in trying. It consists in being.

LEADING PIANIST—Barbara Custance of Vancouver now is recognized as one of the foremost Canadian pianists. She returns March 22 to New York's Town Hall where she made a successful debut in 1943. Her training included study in Vancouver, London and New York. In 1948 Miss Custance was elected an Associate of the Royal Academy of Music, London, England, A.R.A.M. (Causa Honoris). (CP Photo)

Stanley Bligh and James McGrath, music and drama adjudicators during the Music and Drama Festival here for the past three days, returned to Vancouver aboard the Princess Norah Saturday afternoon. Both were very pleased with performances given during the event and hoped they would be both invited next year. Mr. McGrath will continue to Victoria from Vancouver.

Rail Rates Held Down

VANCOUVER — Business circles here said today that competition from United States carriers and inter-coastal shipping services are keeping down freight rates on many products being moved across Canada by rail.

Railway officials report that, although their lines have been allowed a 7.4 percent boost in rates, effective March 23, this will not be applied to commodity or competitive rates in force since September 1, 1949. This means that the majority of manufactured goods moving by rail from Toronto to Vancouver will continue to go under the old freight rates.

D. C. Stevenson, administrator of the Prince Rupert General Hospital, left by plane for Vancouver Saturday on hospital business. He will attend a meeting of the executive of the British Columbia Hospital Association in Vancouver this week.

MILK THAT WHIPS

Carnation Evaporated Milk will replace cream for many purposes, including whipping.

Carnation costs less than 1/2 as much as whipping cream.

Carnation whips beautifully, rapidly. Use same amount of undiluted Carnation as you would of cream.

Follow These Directions

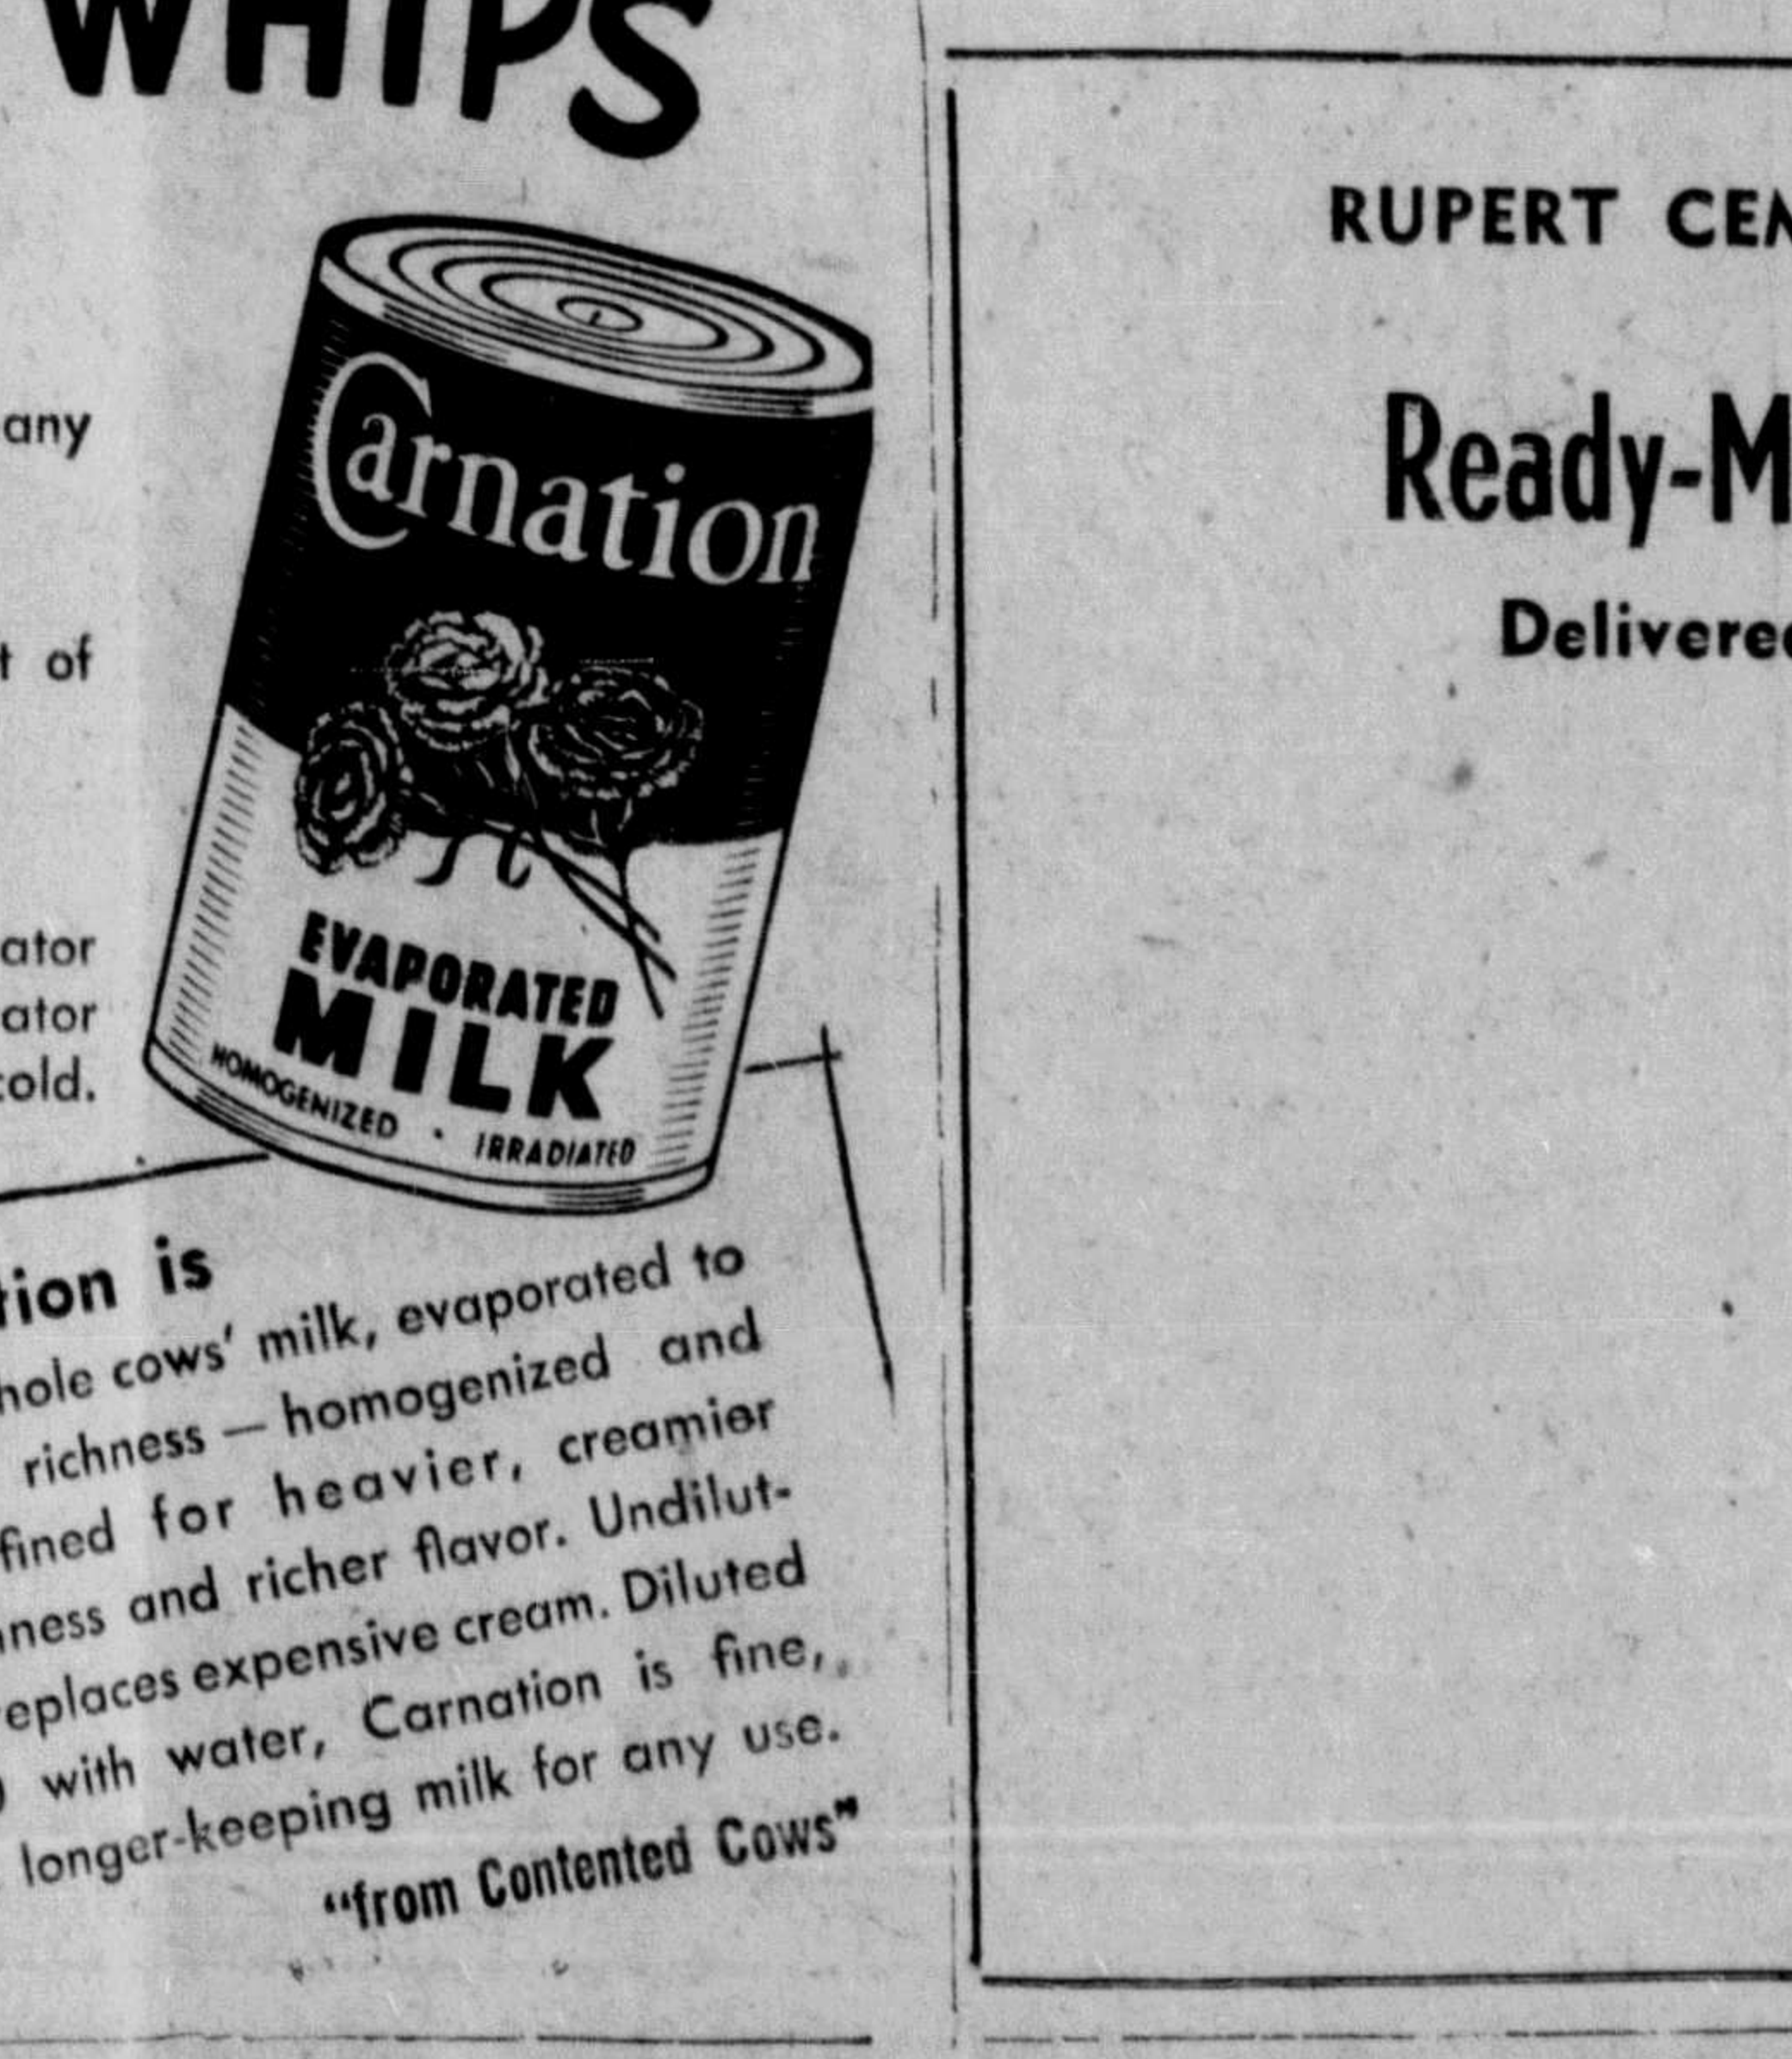

Chill Carnation icy-cold by leaving in freezing tray of refrigerator until ice crystals start to form; or put can under freezing coils in refrigerator overnight; or put can on ice overnight. Have beater and bowl very cold. Whip rapidly.

For topping cakes and desserts, beat in 1 1/2 tablespoons lemon juice and 1/2 cup sugar for each cup of Carnation.

Carnation is good, whole cows' milk, evaporated to double richness—homogenized and heat-refined for heavier, creamier smoothness and richer flavor. Diluted, it replaces expensive cream. Diluted 50-50 with water, Carnation is fine, safe, longer-keeping milk for any use.

ART CLUB—When the March meeting is held this Thursday, three still life studies will be set up and those who wish to draw one will bring charcoal, pastels or oils. Miss Faure's talk will come after the session of art work.

This month Miss Faure has prepared a talk with sketches on the subject of architecture. She will explain the rules by which good architecture is recognized, then trace the different styles from Egyptian through to Gothic, with descriptions of buildings of each type, and stories to illustrate the life of the people of the times.

An additional treat is in store for members and visitors. Ten of the thirty pictures of the Jean Park Cameron exhibit have arrived. This exhibit is being brought from Toronto by the Art Club for the Hobby Show, April 26, but some pictures have been sent ahead for publicity and those present on Thursday will be the first to see them.

Jean Park Cameron is one of Canada's younger painters whose pictures during the last twelve years have been exhibited in all the leading galleries in the Eastern Canada and have been chosen for the Royal Canadian Academy travelling exhibitions that have travelled from Halifax to Vancouver. Her pictures have been bought and hang in such assorted places as the Sarnia Collegiate, the Leningrad Gallery and Bing Crosby's home in Hollywood.

HOME ECONOMICS COURSE

Eileen Cross will no doubt feel gratified when she sees the large number signed up for her tailoring and Home Furnishing courses beginning April 3.

The tailoring list is almost up to capacity. This course will be in the Hobby room each afternoon for two weeks.

The list of those wishing to take the home furnishing course each evening is so long that she has been decided to use the small gym. Here there will be room for tables, chairs and chesters and whatever people wish to repair or recover. Also there will be room for any number who just wish to watch Miss Cross' demonstrations.

It is fortunate that, as the local stores have such attractive supplies of materials, it will be possible to choose one's project even after the course has begun.

Miss F. Hilton R.N., and Dr. Duncan Black of the Prince Rupert Health Unit returned to the city by plane Saturday after visiting Queen Charlotte Island points on unit business.

Mohawks Line-up Here Announced

The California Mohawks announced their all-star lineup for their northern tour in a telegram to the Jets Basketball Team received last night. The college aggregation will have Fob Hamilton of University of Oregon, Al Harper and Len Sondergard from Fresno State, Don Kramm of St. Mary's College, Jack Marcus representing San Francisco College, Johnny Chalfant also from Fresno State and Jack Lija of San Francisco. The team is travelling to Vancouver by car and will leave there tonight on the steamer Prince Rupert, arriving here Wednesday. They will be accompanied by Coach Brick Swegie. An exhibition game has been arranged at Ocean Falls on Tuesday night and they will play the Jets Wednesday and Thursday. After a series at Kitimat and Metlakatla, they will play Bo-Me-Hi next week on their southbound journey.

The Mohawks played at Dunsuir, California on Friday night trimming the Dunsuir loggers by a 63 to 39 margin.

SPORTS

BASKETBALL SURPRISE—

Kitimaats Force Jets to Extend Themselves

Winning of Northern B. C. Title No Cinch After All

Prince Rupert Jets carry a three point advantage into the second game of the Northern British Columbia B. C. play-offs tonight by virtue of their 49 to 46 victory over the Kitimaat Athletic Club Saturday night. The locals earned their victory the hard way as Kitimaat outplayed them right up to the final quarter. The Jets scored two quick baskets at the start of the fourth to take over the lead at 33 to 32 only to have Kitimaat snatch it right back.

Rupert scored eight points to hold a even point lead, Kitimaat again staging a brilliant comeback to tie it all up at 41 to 41. The last four hectic minutes saw the Jets again in the lead with Kitimat fighting like fury to overcome the advantage but Prince Rupert managed to hang on to win by three points.

It is hard to say whether the Jets were more surprised than the fans. Both players and spectators hadn't given much for the Kitimaat's chance in pre-game predictions. In fact, a good many regular fans stayed home because they felt it would be no contest. They should be clamoring for their seats tonight because Kitimaat ought to be right in until the finish if they play the type of ball they demonstrated on Saturday. The stake is the right to represent this Northern district in the B. C. Senior B Play-offs.

It was a good game to watch although both teams were off in their shooting. Prince Rupert had command of the rebounds at each end of the floor and this accounted in the main for their final victory. Kitimaat proved to be a smart-passing and brilliant ball-handling aggregation. Their floorwork brought much favorable applause from the spectators who gave the visitors plenty of support.

The refereeing was good. Johnny Comadina and Fred Calderoni kept firm control and called fouls about evenly, with 18 on the Jets and 15 on Kitimaat, who lost Chris Wil-

son and Robinson in the last period, each off with five personals.

The overall game can be summed up in the words of many sport fans, who claimed it to be one of the best basketball games seen this season.

Lineups:—KITIMAAT—F. Wilson 4, C. Smith, Ross, Woods, Williams 2, C. Wilson 15, R. Smith 4, Grant 18, Amos, Robinson—Total 46.

PRINCE RUPERT JETS—Holkestad 9, Spring 4, Lavigne 5, Flaten 7, Scherk 5, Arney 8, Morgan 9, Beynon, Davis 2—Total 49.

Preliminary

In the preliminary between the Peoples and High School girls, the league winners proved that they were still superior to the students in spite of the rigorous training program of the High School team. The final score was 22 to 10. Jackie Budnich starred for Peoples with 9 points to her credit. The game was clean, only 9 personals called on Peoples and 8 on the students.

Lineups:—

PEOPLES—Budnich 9, Howe 5, Damas 4, Bill, Bussey, Pottle, Thain 4—Total 22.

HIGH SCHOOL — Matson 1, Pavich 2, Webster, Lykegard 2, Greenwood, Keays 2, Paul 3, Marshall.—Total 10.

TERRACE RED CROSS DRIVE

TERRACE — The Red Cross campaign in Terrace is getting well along towards its objective of \$1400. The collection has now reached \$875. Chairman of the drive is the energetic George McAdams.

Newlyweds At Terrace Honored

TERRACE—Seyler Colfax, the founder of the Rebekah Lodge, was remembered Friday night, and a birthday cake inscribed with his name and made and decorated by Mrs. J. Loen was cut by the Noble Grand, Mrs. Bert West. It was a joint party given by the Oddfellows and Rebekahs to present wedding gifts to two of their members, Mr. and Mrs. L. Newhouser. There was a good crowd there in the Oddfellows' Hall and new games, with Bill Osborne as Master of Ceremonies, were thoroughly enjoyed. Community singing was indulged in and a sumptuous banquet, prepared by the Rebekahs, was served, buffet style. Mrs. West presented Mrs. Newhouser with a lovely blanket, and, in doing so, read a short, humorous poem on the short-comings of men and their good points. The gift was a complete surprise to the recipient as was the Oddfellows' gift of a rug to the groom. Suitable words of thanks were given by both of them.

Then W. Bailey, noble grand of the Oddfellows, had another gift — another rug — for another recently married man, George Hamer, who bashfully thanked his brothers-in-the-lodge.

The tables were then cleared, the carpet rolled up and dancing to the strains of the local orchestra was enjoyed until the early hours of the morning.

Result of Celanese — More Lumber Manufacturing

TERRACE — Exploitation of timber up the Kalum River on a large scale by the Columbia Cellulose Co. as a source of supply for the celanese mill near Prince Rupert is expected not only to provide a big logging payroll in this area but to result in an expansion of sawmilling operations in or near this community. Over and above the timber for the big coast mill, there will be high grade spruce, balsam and hemlock, not to mention cedar, available for lumber manufacturing purposes. According to report current here, at least one new and modern sawmill will be established.

Alex Gillanders, manager of the Terrace Co-operative, who has been in Vancouver on business, arrived in the city by Saturday afternoon's plane on his way back to the interior.

At 11:30 Sunday evening, city ambulance transferred Mrs. John Campbell of Metlakatla from a boat moored at Cow Bay to the General Hospital.

Convenor for the supper was Mrs. F. Clifford whose place, because of illness, had been taken by Mrs. McLroy. Others on the refreshment committee were Mrs. L. Llewellyn and Mrs. J. Loen.

Young Native Patient Dies

A 22-year old patient at Miller Bay Hospital died Saturday and his body is being transferred by boat Tuesday to the native settlement of Kemano near Butedale.

Leonard Paul, a former employee at Butedale, has been in hospital for some time. His family resides at the native village.

He is survived by his mother, Mrs. Clara Paul, and a large family of brothers and sisters.

Funeral services and burial will likely reside at the native village.

Celanese Buys Army Buildings

TERRACE — Buildings in the former Army camp just east of town which were occupied by the field ambulance corps during the war have been acquired by Columbia Cellulose Co. together with land on which they are situated, from George Little. They are to be reconditioned for use as quarters for the company's technical staff in connection with extensive logging operations in this area for the big celanese mill near Prince Rupert. In all about sixty men will be taken care of.

Mr. Klotz Gets His Fish—Spawning Survey Is On

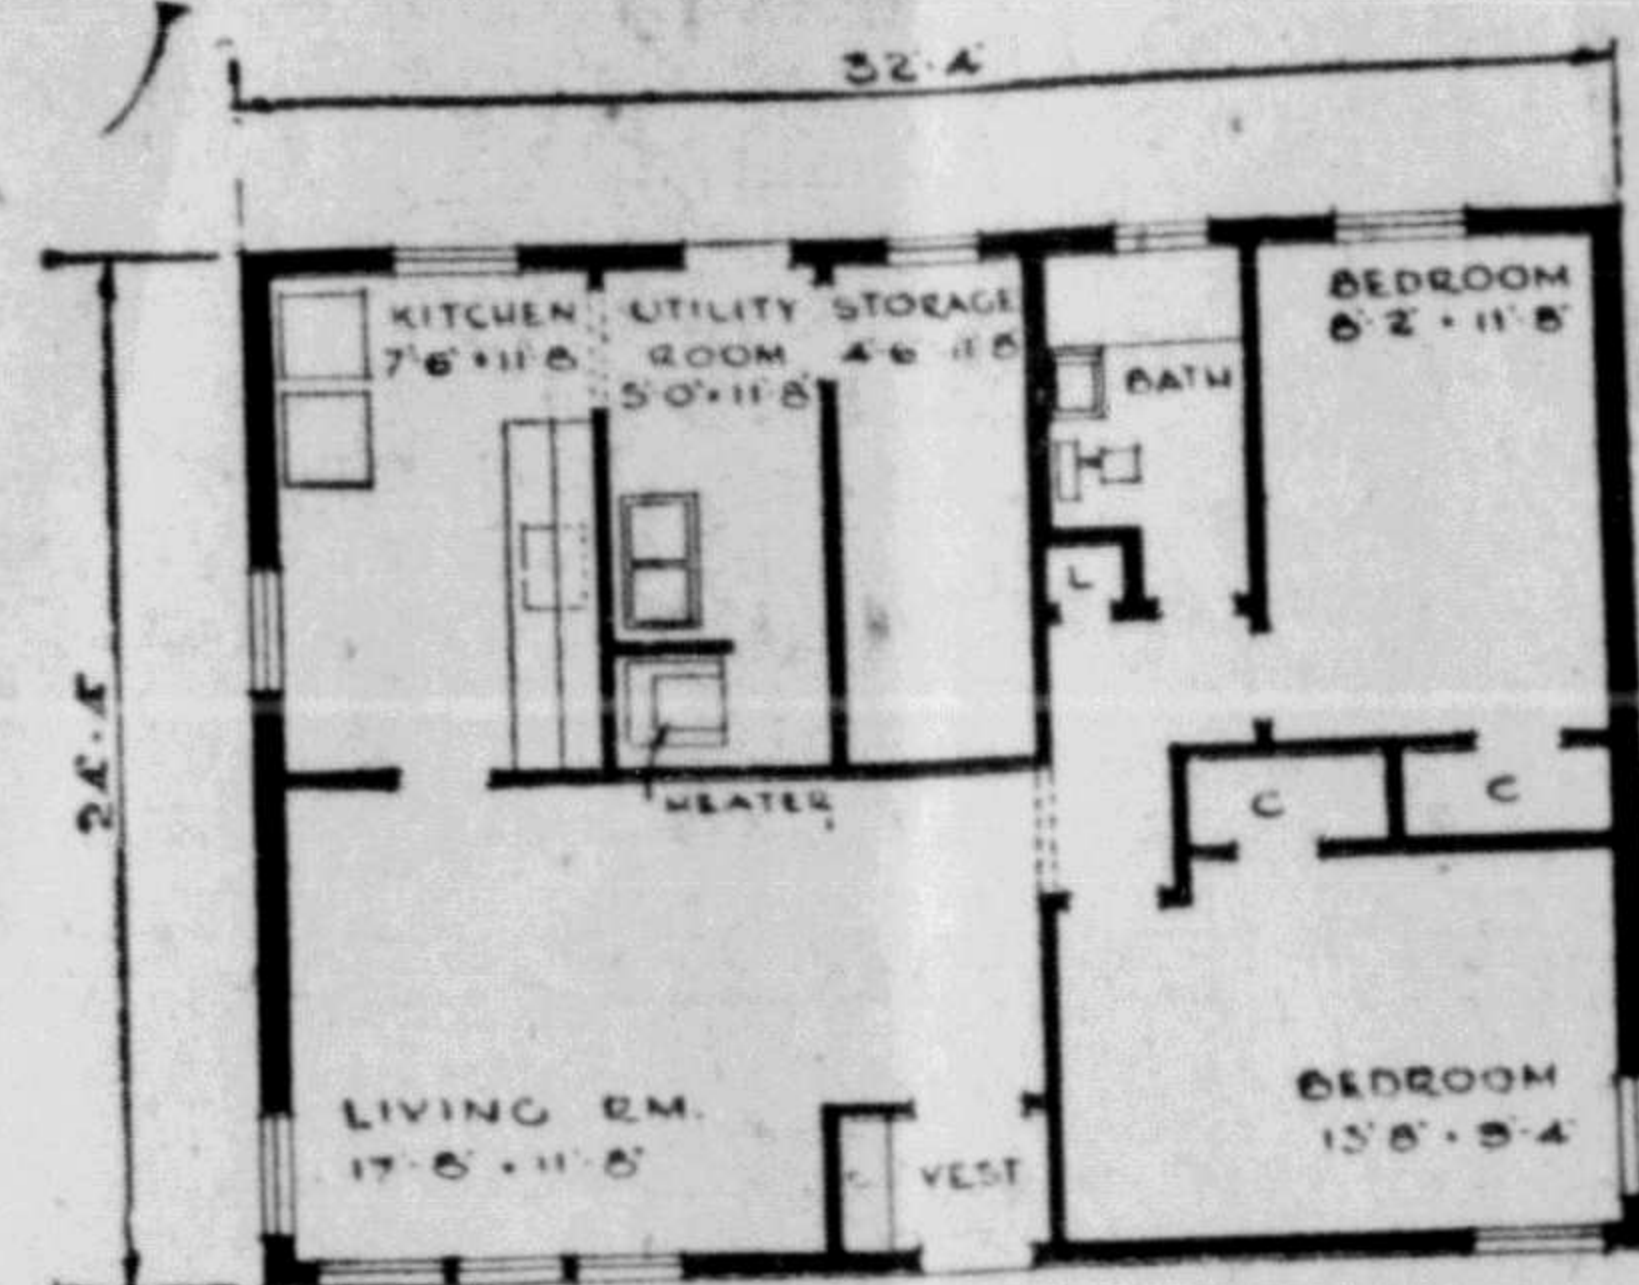

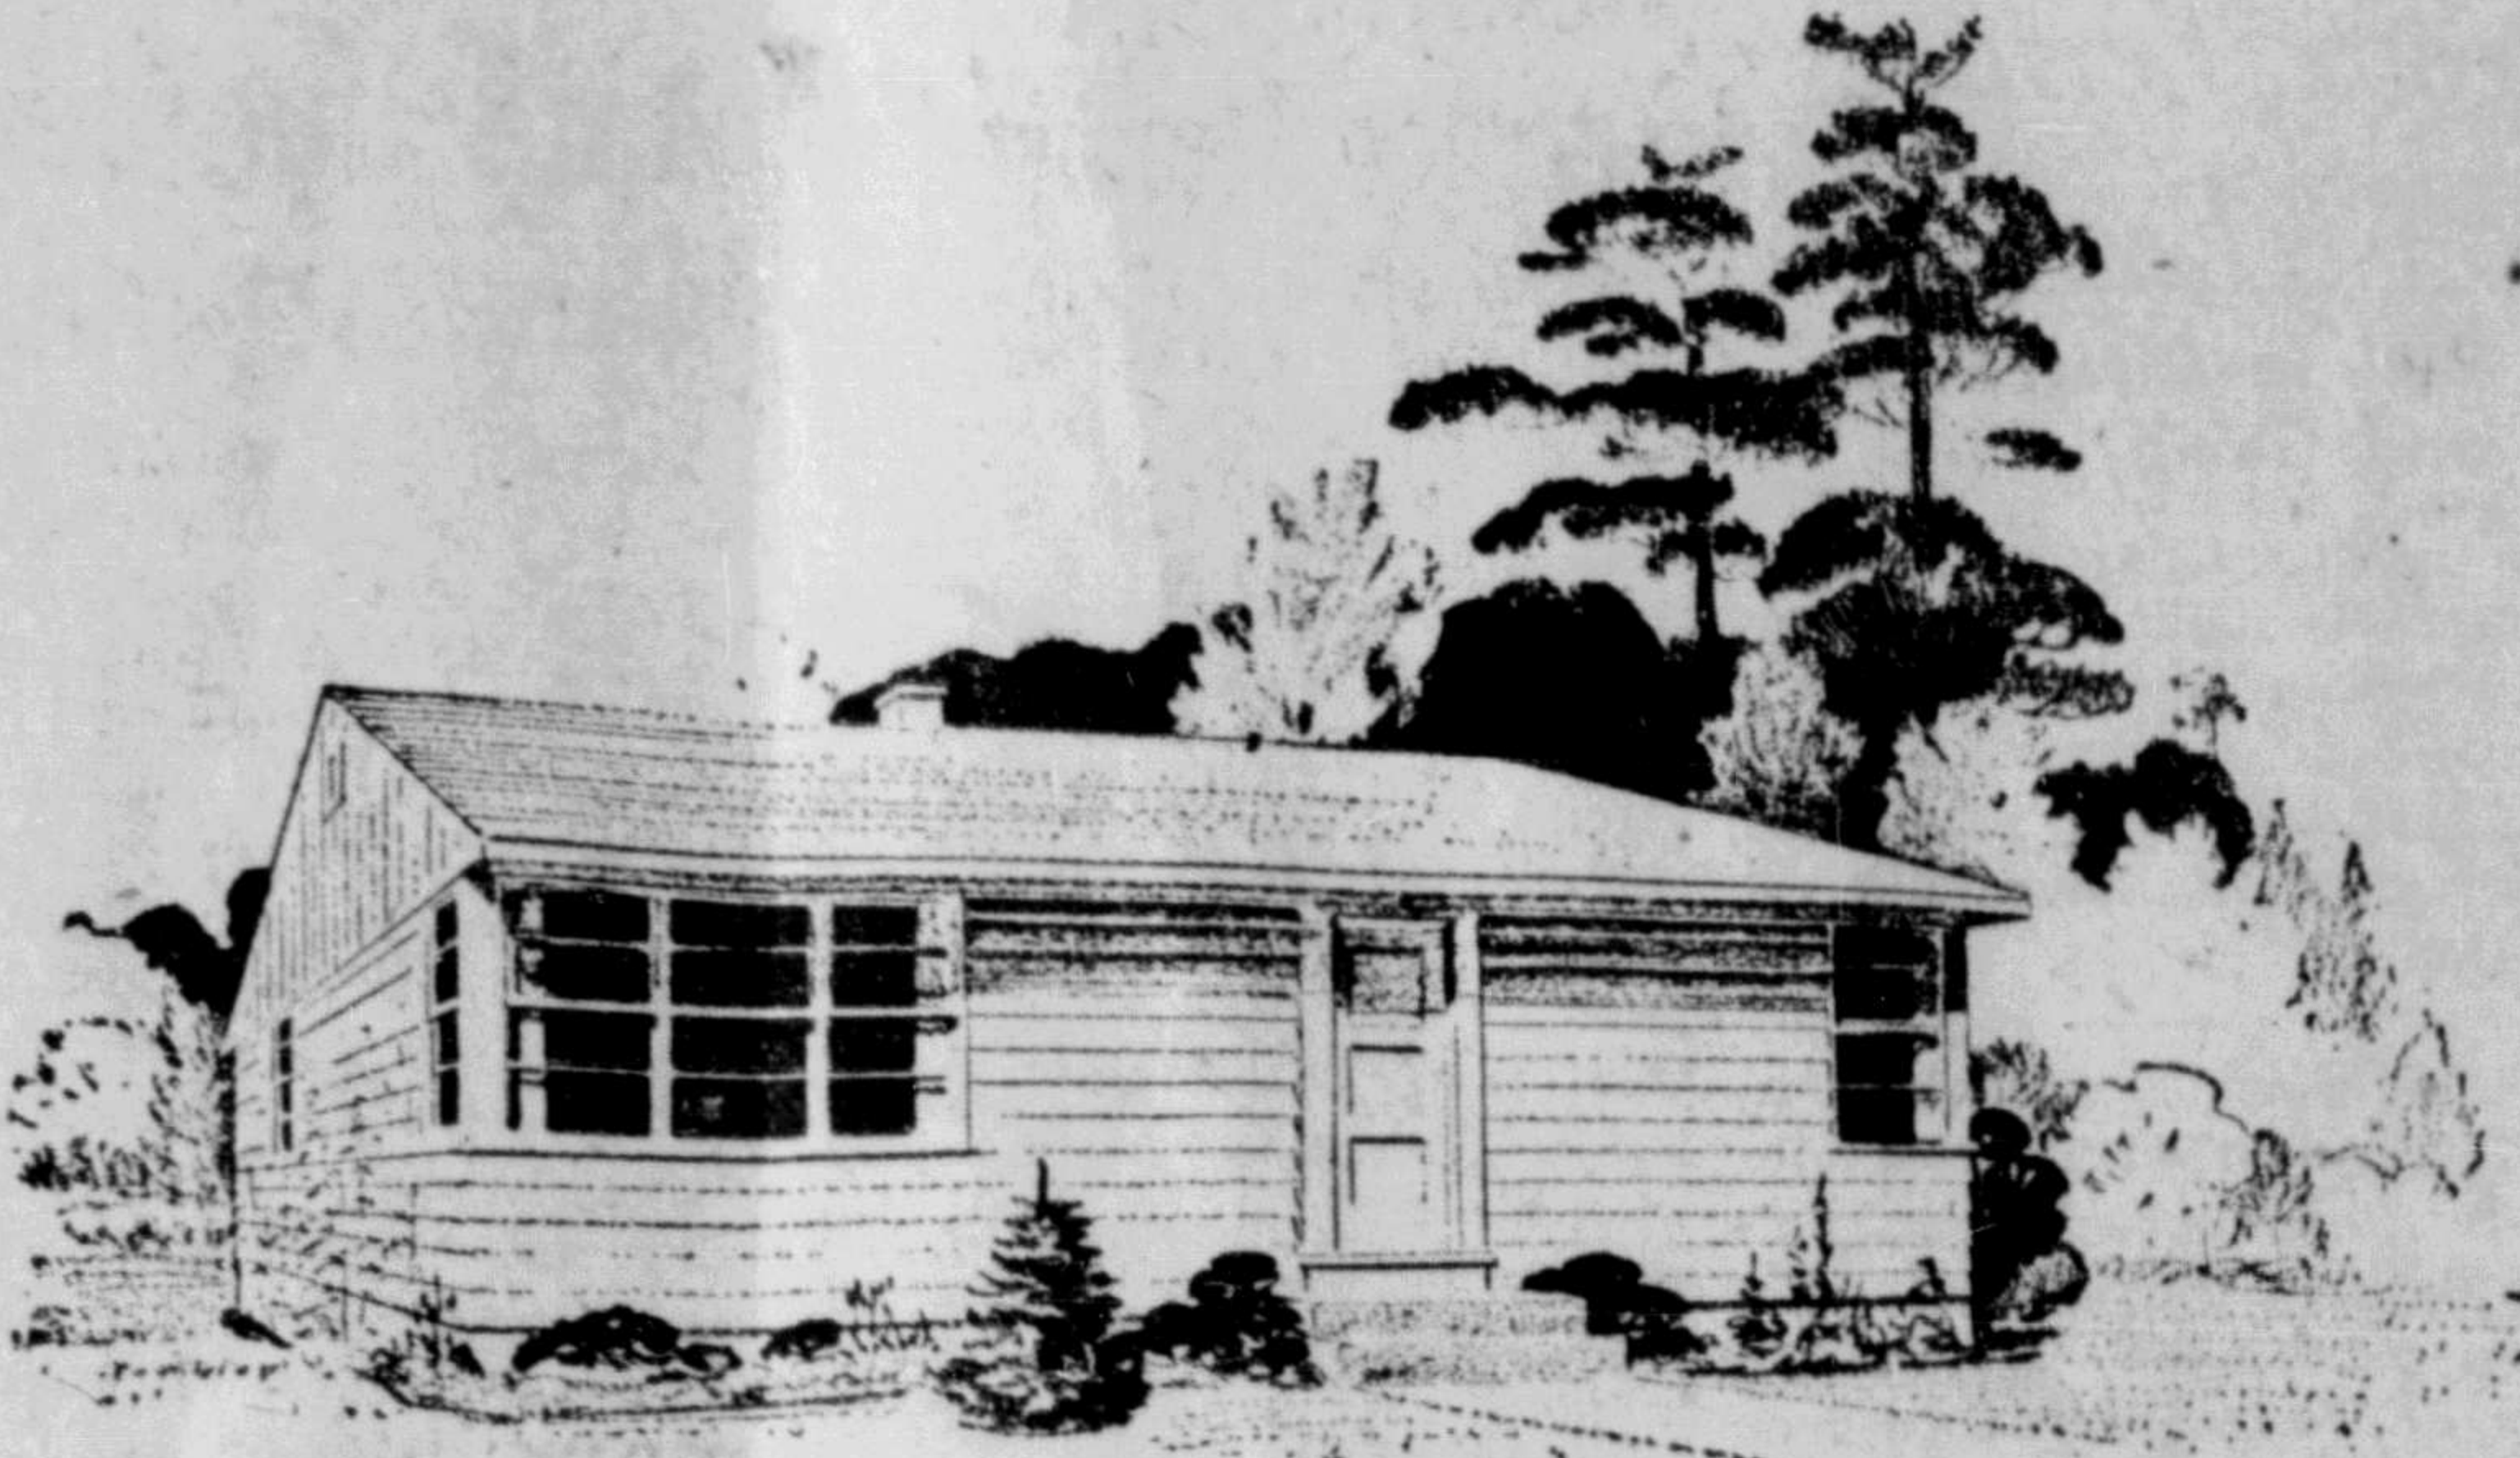

It takes a cool and unperturbed spirit to conduct such a big operation as the building of a \$25,000,000 pulp mill and Charlie Klotz, project engineer at Watson Island, proved he had plenty of sans froid last Sunday for other things as well. It appears that a big caterpillar, engaged in connection with Bennett and White's water line construction work, had become embedded after going off the road at Cloyah Bay and blasting had to be resorted to to extricate it. A party of youths were engaged in steelhead fishing in the creek alongside the road and, when warned of the blasting, scurried for shelter. But not Charlie. Reason was he had a beauty on the line and neither hell, high water or blasting operations was going to interfere with the fish. Amid a shower of mud and rocks, the redoubtable construction man reeled away. It was a fine sixpounder.

Union steamer Chilcotin Capt. Harry McLean, arrived in port at 4:15 p.m. Friday en route to south Queen Charlotte Island points. Passengers disembarking here included J. Cook, W. E. Stevenson, N. Rebin, W. Stubbart, F. Syms, Mr. and Mrs. P. Deane, A. Leask and J. Hanson. The Chilcotin which was here again last evening on her return south, leaving the run after this voyage to be replaced by the Camosun.

Almost together two Union Steamship Co. liners arrived in port about 6 o'clock last evening. First in was the Chilcotin, Capt. Harry McLean, from south Queen Charlotte Island points, sailing at 9 p.m. for Vancouver and waypoints. A few minutes later came the Coquitlam, Capt. John Boden, which sailed at 11 p.m. for Alice Arm, Stewart and other northern points whence she will return here tomorrow morning to sail south at 1:30 p.m.

For the past few days, three Fisheries Department vessels have been engaged in a herring spawning survey. One of the vessels, the Babine Post, Capt. Neil McDonald, is also engaged in an organized seal hunt in the Butedale area. Inspector on board is Joe Fielding. The other vessels out on a spawning survey are the Arrow Post, Capt. Jack McCall with Inspector Harry Grainger, working around Bella Bella, and the Sooke Post, Capt. George Fritz, with Inspector W. Strachan, in the Skeena River vicinity.

C. P. R. steamer Princess Norah, Capt. Graham Hughes, arrived in port here, at 4:15 Saturday afternoon from Alaska, sailing at 5:30 for Ocean Falls, Vancouver and waypoints. Passengers embarking here included Leo Dolron and J. Pedersen for Vancouver and W. S. Lythgoe for Ocean Falls.

FOR SMALL FAMILY—This two-bedroom bungalow is designed for the small family of three or four. Economical to build, this popular Canadian-styled dwelling has many distinctive features, including a low, modern

roofline and wide corner windows.

The large living-dining room area is 17'-8" x 11'-8" and is adjacent to the kitchen. The bright and airy kitchen is well lighted by two windows and is provided with ample cupboard space. The two bed-rooms, which are ideally located on the same side of the house, are within easy reach of the modern bathroom. A dividing closet-wall provides large storage space for each bedroom. There is also additional closet space in the front vestibule. Large windows ensure proper ventilation throughout the house.

The bungalow illustrated above is of frame construction and erected on a concrete slab floor. The exterior is of clapboard and gables are attractively finished with vertical siding.

For estimating purposes the total floor area is 785-square feet; cubic contents 12,952 cubic feet.
