## PRAIRIES NEED MORE MOISTURE

Hot Weather of Past Week Has Not Helped

WINNIPEG—Hot weather during the past week has drawn heavily on moisture reserves throughout the major crop areas of western Canada, according to the weekly crop report of the Department of Agriculture of the Canadian National Railways. Conditions in Manitoba remain better than in Saskatchewan and Alberta but further rains would be welcome immediately over most of Manitoba.

Aphids or plant lice continue their spread in southwestern Manitoba to more northerly and eastern districts and, while chiefly affecting late sown coarse grains, are also attacking late wheat. Control measures are now being attempted through the appropriate chemical.

Deterioration continues in western Saskatchewan and in east-central Alberta with prospects rapidly diminishing or extinct in some districts. In the Okanagan, hot weather is maturing cherries rapidly and shipment of this crop will pass its peak this week. Vegetables and fruits are all maturing nicely with no damage reported from any cause.

## Theo Collart Passes Away

City Pioneer Dies While on Visit to Native Belgium

Jean Joseph Theophile Collart, who entered business in Prince Rupert in 1909 with a few bales of hay as his capital and who in the next 40 years became a civic and business leader here, died a few days ago at Wavre, Belgium, his native village, while on a visit to his homeland. He was 74 years of age.

A Canadian by adoption, who knew no English when he came to Canada in 1904, Mr. Collart developed a strong love for central British Columbia and became one of the greatest champions of its development. At the same time, he retained a loyalty to his homeland which inspired him to return and fight for it during the First World War.

Mr. Collart left Prince Rupert about a month ago via Panama Canal on a visit to Belgium, planning to return late in the summer.

Born in 1875, Mr. Collart received his education in Belgium. Entering the army, he passed his officer's examinations at the age of 18, serving until he was 21 when he was given Reserve status with the rank of sub-lieutenant. He then worked in a bank for a salary of 75 francs a month for one year, later entering a stock brokers' office. He branched out into his own business which he operated for seven years before coming to Canada.

Coming to this country in 1904 with no knowledge of English, he endeavored to obtain homestead land in Alberta. He encountered difficulties, but finally settled in the Porcupine Hills, 40 miles from Macleod, where he cultivated 125 acres. During that time he had difficulties with neighboring ranchers who resented homesteaders settling on their traditional open range.

### CAME TO RUPERT

He farmed near Macleod until 1909 when he was lured west by stories of the opening of the Prince Rupert townsite. Selling his farm, he retained a quantity of hay and livestock feed which became his original business in Prince Rupert. His first business location was at the Market Place.

Shortly afterward, he sold out

## First Conviction Under B. C. Sales Tax

### Steps Are Taken Against Offenders

VICTORIA (CP)—The government reports the first conviction of violation and says that clamp-down of the sales tax law is being effected against other possible offenders. The first conviction has been

against Norman W. Dougherty of Vancouver who pleaded guilty to theft of \$1,263 in sales tax receipts. He has not yet been sentenced. In the past several who had been questioned made restitution but the government said that such leniency would end.

## JUNIOR BASEBALL STARTING AGAIN

After an upset due to the transition into the school holiday season which has taken some of the players out of town and made it difficult for some to turn out owing to seasonal working commitments, the Junior Baseball League, organized this season to develop the younger players and provide a reservoir of talent for use later in senior company, the Junior Baseball League is swinging into action again. An exhibition game will be played tomorrow evening, followed a week later by the opening game in the revamped league. Two teams—Lions and Wolves—have already been formed and a third is in process of organization.

Here are two teams which will meet tomorrow evening: Lions—Robert Jones, 1b; Dick Nickerson, 2b; Lawrence Kristmanson, p; Darrell Young, c; Allan Hartwig, 3b; Fred Kristmanson, rf; Sandy Hamilton, ss; Billy Morrison, cf; Ray McDonald, lf. Wolves—Derick Letourneau, c; Dick Wesch, 1b; Ronald Christoff, cf; Ken Laurie, ss; Tommy Sedgewick, 2b; Andy Owens, p; Bill Brown, 3b; Danny McAfee, rf; Neil Forman, lf.

and returned to Belgium where he remained for a short time. He came back to Prince Rupert and sold real estate until the First World War. During the early part of that conflict he went to France at his own expense and joined the Belgian army and was commissioned as a Lieutenant. He was wounded in action but served until after the Armistice, then returned to Prince Rupert and re-entered the real estate business with the late M. P. McCaffery as a partner. During the years he was active in the Prince Rupert Chamber of Commerce and Rotary Club and served several terms as an alderman and police commissioner. One of his major interests was the development of a rail line from the Peace River country through to Prince Rupert and he worked incessantly toward that end. He envisaged a completed northern rail line from Prince Rupert through to Churchill on Hudson's Bay.

About three years ago he sold his real estate business and went into semi-retirement. He built a new home on Fifth Avenue West. In 1936 he was a member of the Canadian contingent which attended the unveiling of the Canadian war memorial at Vimy Ridge. He was pre-deceased about a year ago by his wife, the former Clementine Gardner, whom he married at Folkestone, England, while overseas during World War I.

The brother of deceased who was with him here in the feed business in the early days now resides at San Francisco. Mr. Collart passed away at the home of his sister, Miss Flora Collart. There are other brothers and sisters in the Old Country.

## Warship Here Next Month

H.M.C.S. Ontario to Pay Three Day Visit to This Port

Senior ship of the Pacific Coast fleet of the Royal Canadian Navy, H.M.C.S. (cruiser) Ontario, will pay a visit to Prince Rupert from the morning of August 5 to the morning of August 8, according to an official notification received by Mayor Nora Arnold from the Department of National Defence. The Ontario's visit here will be in the course of a training cruise in northern waters. Other Canadian naval vessels will be in waters contiguous to the port this summer but as far as yet announced, Ontario will be the only one to visit Prince Rupert.

Ontario has a new commanding officer in the person of Capt. H. F. Pullen O.B.E., R.C.N., who recently succeeded Capt. J. C. Hibbard.

While he is best known as a destroyer captain, "Ontario's" new commanding officer is no stranger to the bigger ships. Early in his career he served for nearly two years in the battle cruiser, H.M.S. "Hood," and was executive officer of H.M.C.S. "Uganda," Canada's first modern cruiser, from her commissioning in October 1944 until November 1945.

During the war, Captain Pullen commanded the destroyers "St. Francis," "St. Laurent" and both the "Ottawa's." Prior to his staff course he was in command of H.M.C.S. "Nootka" and Captain "D." First Canadian Destroyer Flotilla.

For wartime services, Captain Pullen was awarded the O.B.E. and was Mentioned in Despatches.

## BASEBALL SCORES

TODAY  
National  
Boston 9, Chicago 4.  
Cincinnati 7, Brooklyn 6.  
(10 innings).  
Philadelphia 4, St. Louis 2.  
Pittsburg 9, New York 0.

## Flash

RUPERT MAN INJURED  
VANCOUVER—Police are probing the cause of severe injuries to a Prince Rupert man, Stanley Joseph, registered at the Stratford Hotel here. He was found lying in the street early today. He has a broken jaw and possible skull fracture. Police say he has been here for three days.

WINS KING'S PRIZE  
BISLEY CAMP, Surrey, Eng.—Capt. W. Brookes, 47-year-old garage owner and member of the Royal Army Service Corps, today blazed his way to victory in the King's Prize with an aggregate score of 278. His score in the major individual event of the annual Commonwealth rifle shoot was 10 points better than the nearest Canadian competitors—Sgt. William Hall of Ottawa, Warrant Officer Jacob Young, Victoria, and Sgt. Godfrey Kay of Hamilton, who were the highest scorers with aggregates of 268 each.

C.C.F. FOR E.R.P.  
WINNIPEG—Delegates attending the Manitoba C.C.F. convention, meeting in closed session for the second consecutive evening, voted last night to endorse the European Recovery Program and, after a long debate, approved the North Atlantic Security Pact. By endorsing E.R.P., the delegates reversed a stand of a year ago.

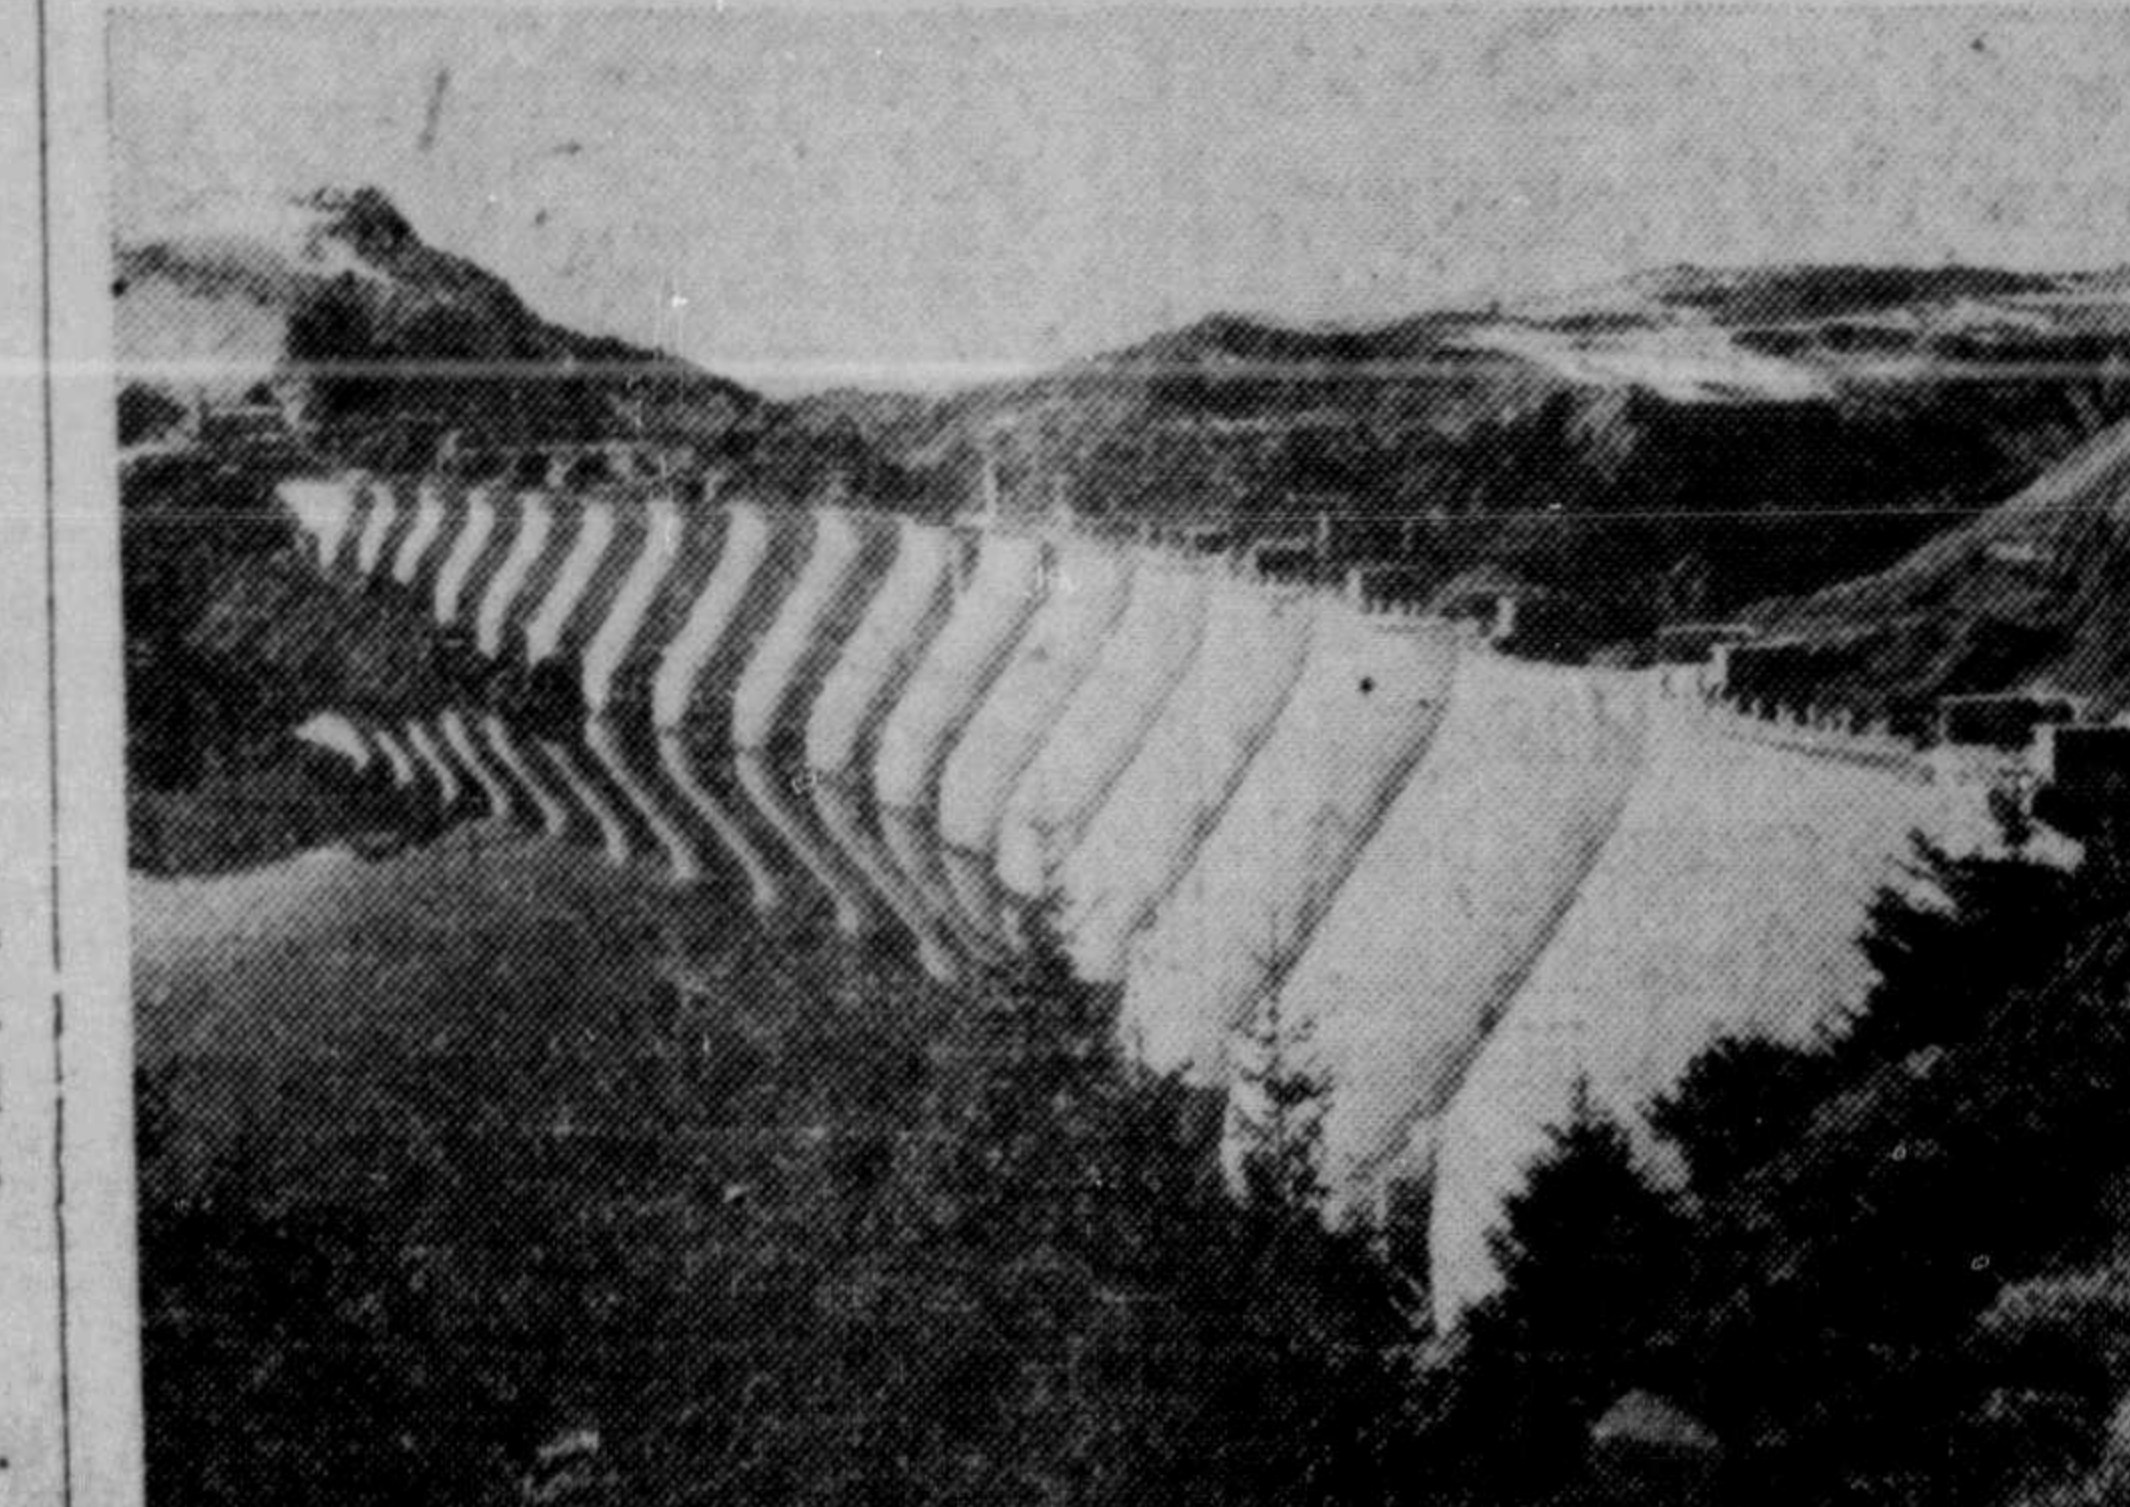

Just "SPECULATION"  
VANCOUVER—Harold Winch, British Columbia C.C.F. leader, described a Vancouver Daily Province story of possible purging within the section's ranks as "newspaper speculation." There is "no such action contemplated in B.C.," he said. He was referring to the expulsion of two Manitoba C.C.F. rankers. Much speculation existed on a similar move in B.C.

## THE WEATHER

Synopsis  
Cool cloudy weather will persist over British Columbia today with considerable shower activity throughout the interior. Gradually improving weather conditions are expected over most of the province Sunday.

Forecast  
Cloudy today and tomorrow. Scattered showers tomorrow. Little change in temperature. Wind westerly (15 m.p.h.). Lows tonight and highs tomorrow—Port Hardy 50 and 65, Masset 50 and 58, Prince Rupert 48 and 63.

## Design for Power

Not half-submerged milk bottles but units of a new-type power dam are these oddly-shaped concrete cylinders in the French Alps. The dam rests in a jagged, rocky chasm, inaccessible by road, necessitating construction of independent, "self-stabilizing" units. Plan is one of many submitted to the U.N. Scientific Conference on Conservation and Utilization of Resources (UNSCUR), meeting soon.

## FIRE MENACE STILL LARGE

Scattered Showers Help Somewhat But Danger Little Relieved

VANCOUVER—The annual fire hazard in British Columbia's vast forest areas remained virtually unchanged today as only scattered showers appeared to assist fire fighters watching for burning blazes throughout the province. Lower Mainland, Vancouver Island and Nelson and Prince George districts are hardest hit.

Restricted industrial closure has been placed on parts of the Vancouver forest area as tinder-dry conditions made a dangerous hazard.

## 'HIGHWAY 16' COMING HERE

"Highway 16," Government Travel Bureau's colorful moving picture film depicting the road and country between Prince Rupert and Prince George, is coming to Prince Rupert next Wednesday for an eight-day stay during which time it will be available for showing by local organizations. In view of the exceptional interest in this area, expectation is that there will be much demand. The picture was shown at Terrace this week and proved highly acceptable. Local organizations which have already spoken for the film are Rotary Club, July 21, Chamber of Commerce, July 22, and Gyro Club, July 27.

Arrangements for bringing the film here were made by the Prince Rupert Chamber of Commerce.

## C.C.F. Are Expelled

Two Members of Manitoba Legislature Thrown Out for Opposing Atlantic Pact

WINNIPEG—The Manitoba section of the C.C.F. has expelled from the party two ranking members for public utterances at variance with C.C.F. policy.

A closed session of the section's fourteenth annual convention took action against B. R. Richards and W. Doneleyke who made speeches criticizing the North Atlantic Security Pact after it had been endorsed by the C.C.F. national convention.

Both are members of the Manitoba Legislature, Mr. Richards for The Pas and Mr. Doneleyke for St. Clements.

Following their expulsion, the two members said that the party executive was wishing to get rid of "progressive elements" within the party.

William Ivel, a veteran Winnipeg C.C.F., felt the C.C.F. party was getting away from the farmers.

## Arson Is Suspected

Fire of Mysterious Origin In Exchange Block

What might have been a deliberate attempt to start a fire in the basement of the Exchange Block, corner of Third Avenue and Sixth Street, is being investigated by the city police and Fire Chief Earl Becker following the discovery yesterday of partially burned rags in the Rex Bowling Alleys.

The charred rags, which had been saturated with floor polishing oil, were found by Mrs. Clara Lipsin, proprietor of the Acme Clothing Store, on the street level of the Exchange Block. A lingering smell of smoke aroused her interest and she investigated the basement.

They had been placed in the gutter between two bowling alleys and had apparently burned themselves out during the night without doing any major damage to the building. Mrs. Lipsin called the fire department and the police.

John Gurvich, owner of the building, said that a quantity of varnish had been spilled over the bowling alleys several days ago. The alleys are closed for the summer months.

Doors to the bowling alleys, which normally are kept locked, were found unlocked. Fire Chief Becker said. Several persons had keys to the building. The fact that the polishing oil which was used was not particularly inflammable was said by Mr. Becker to have probably kept the fire from spreading and damaging or destroying the building.

In addition to the Rex Bowling Alleys, which are in the basement, the building houses Acme Clothing Store, Singer Sewing Machine Store and several apartments on the upper floor. A row of frame buildings are on the easterly side of the Exchange Block.

## WESTERNERS SHOWING WAY

TORONTO—Western athletes, led by a strong British Columbia contingent, showed the way Friday as the British Empire track and field trials opened under ideal weather conditions. The trials wind up today.

Yesterday's only record-breaking performance was turned in by 17-year-old Rich Ferguson of Toronto who ran three miles in fourteen minutes, 49.8 seconds for a Canadian record.

All British Columbia male athletes advanced to the final rounds but the girls really showed the way.

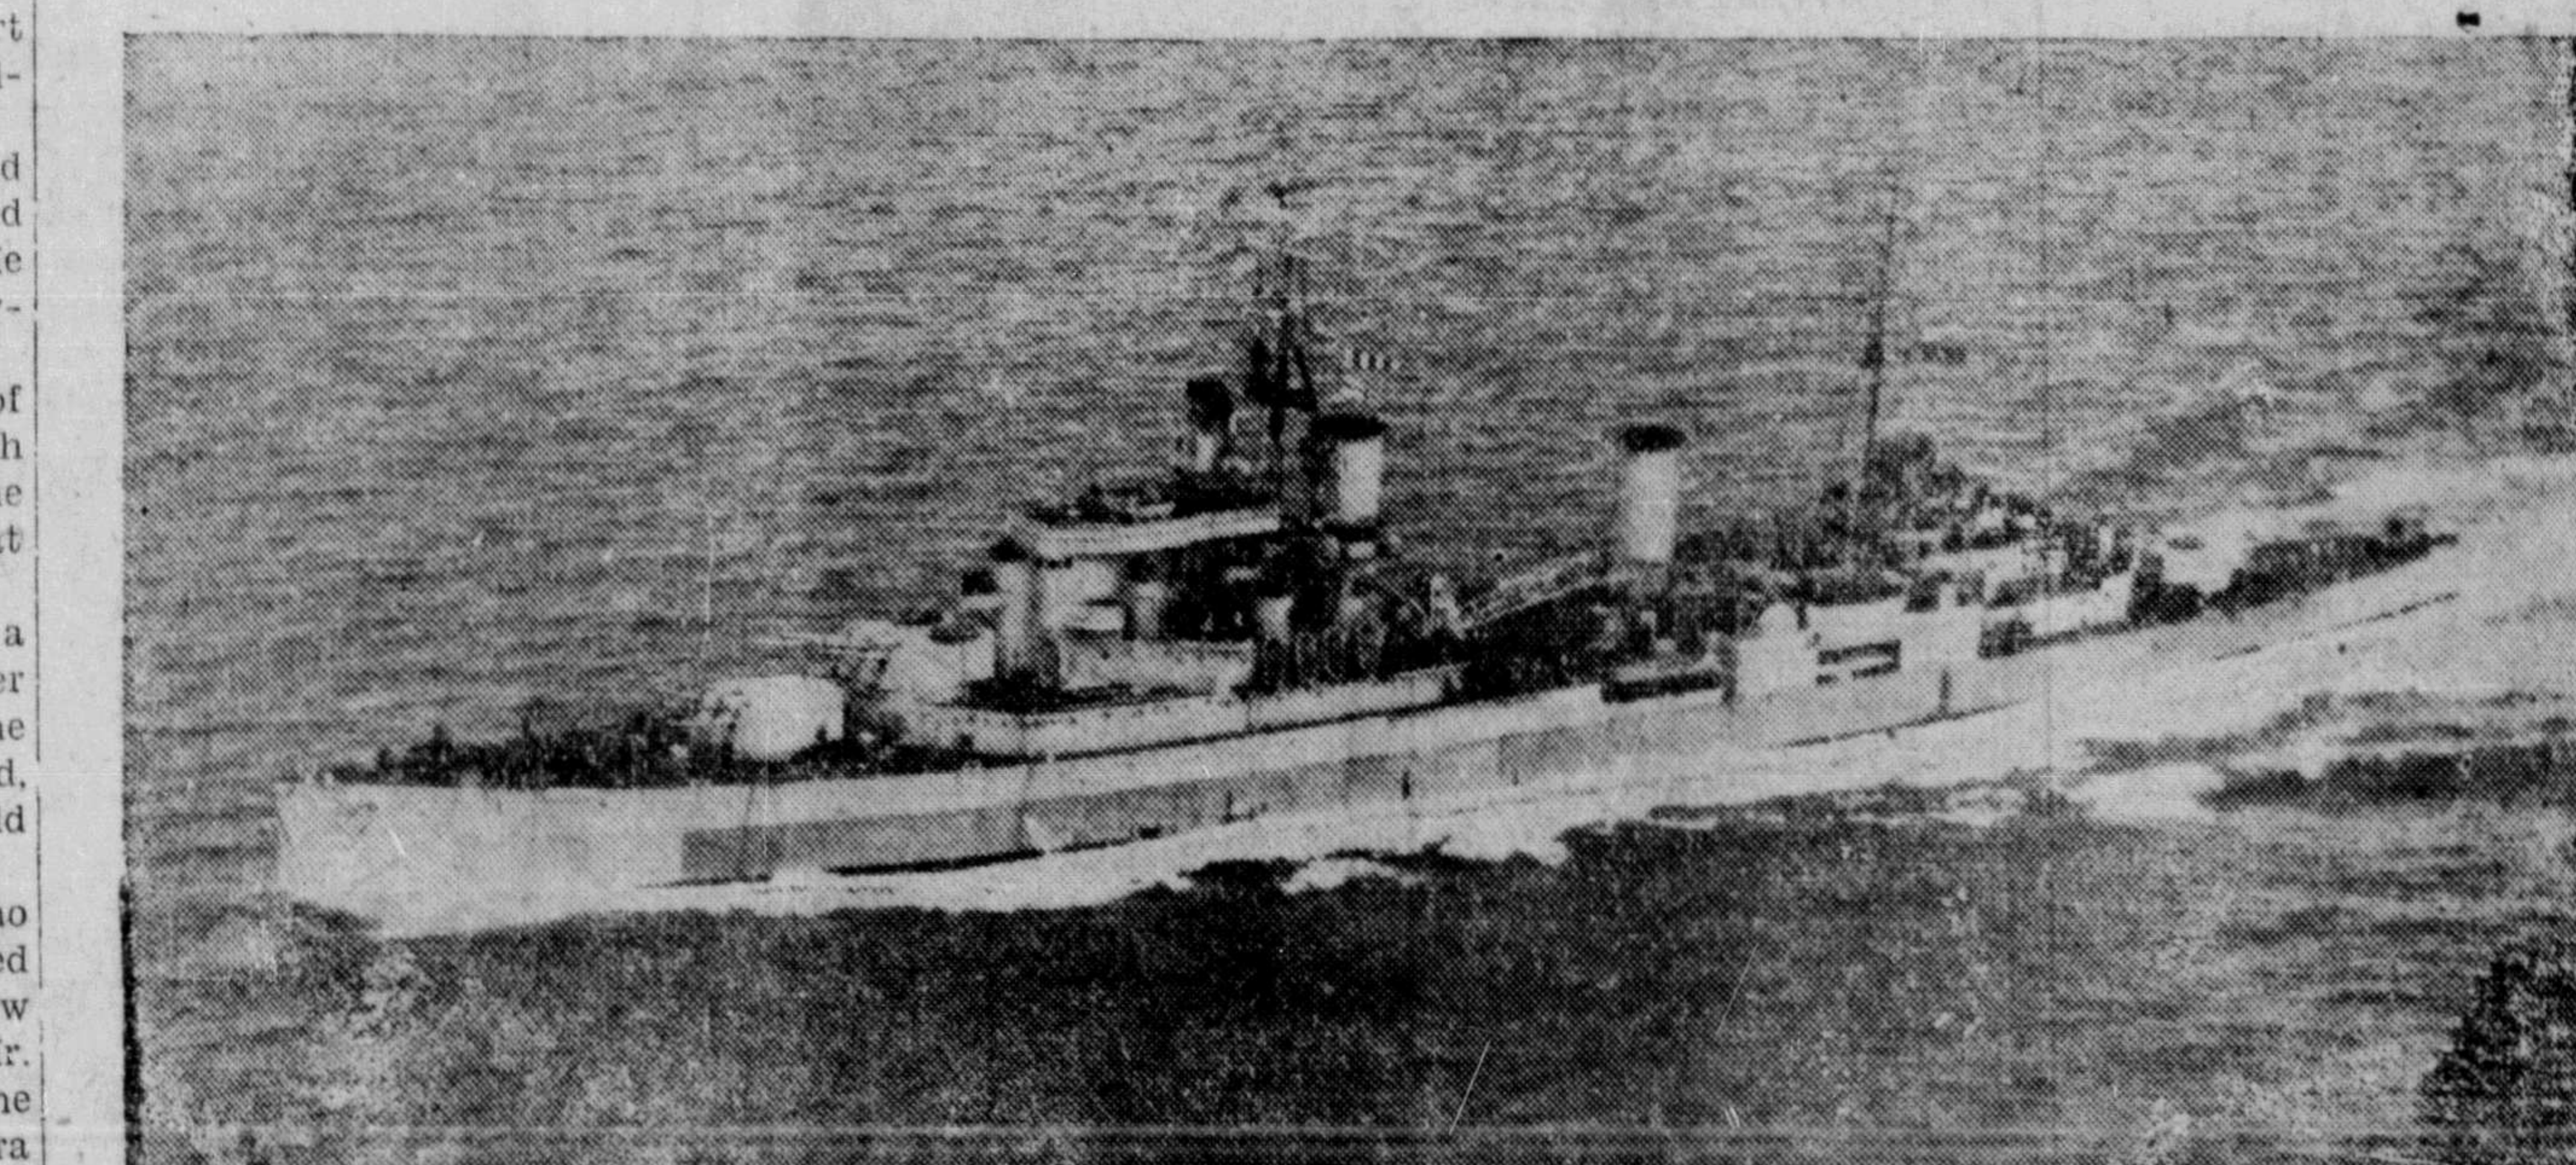

Vancouver's Shirley Gordon and Eleanor Cave placed one-two in the high jump.

Eleanor Mackenzie and Peggy Moore of Vancouver topped first two positions in the 100-yard dash and New Westminster's Pat Jones also won a 100-yard heat. Walter Federick of Hamilton today shattered the native Canadian six-mile record in the Dominion track and field championships, his time being 32 minutes and 44 seconds.

## ARE WORRIED ABOUT SPIES

WASHINGTON D. C.—A Senate committee pressed the Department of State today for information on how many aliens might be using diplomatic immunity as a shield for subversive activities.

Attorney General Tom Clark revealed yesterday that more than a score of foreigners were under investigation by the Department of Justice.

COMING HERE SOON—H. M. C. S. Ontario to pay visit to port early next month in course of training cruise.

## Atomic Secrets

THERE ARE TWO SIDES to the question of whether the United States should completely share atomic secrets with Great Britain. If Great Britain can be assured of complete supply of atomic weapons, should they be required, from the United States, it could be that it would be in the better interests of security that the secrets should remain in the United States. There would be that much less risk of their dissemination.

Great Britain, of course, could be trusted with their legitimate use but, the more that know them, the greater the risk of them getting into quarters where it might be undesirable that they should be. Spies are everywhere.

The important thing, it seems, would be that the weapons themselves would be fully available to Great Britain, not so much that the secrets should be.

Undoubtedly, Great Britain herself will some day complete possession of the secrets. So, also, might other countries which it is obviously desirable today should not have them.

## OLD AGE PROBLEM

CANADA'S OLD FOLK are having a pretty rugged time of it. And what's being done about it?

Some progress has been made in the way of economic security but little is being done to fulfil the natural desires of older people for human companionship, social and recreational interests and opportunities for full participation in the total life of the community.

This isn't an easy matter to solve. It is one of the most complex of all social problems. It involves a variety of economic circumstances, educational and cultural backgrounds, lifetime habits, health and other complicating factors.

The first step is to gather facts—where and how these people live; their health and economic status, and what resources are available to meet their needs. Study will disclose that any community has four classes of elderly citizens—the active, semi-active, inactive and senile.

In less than 50 years, Canada's 60-plus population has jumped from 400,000 to 1,500,000—and is continuing to out-distance general population gains because of lower birthrate and the fact that we live longer than our ancestors did.

Keeping older people active in mind and body, and helping them to retain their usefulness as citizens is a complex and urgent problem.

## LEVEL-HEADED MARGIE

IT IS GOOD to know that there are still girls in the world like Margaret Brain of Prince Rupert, says Vancouver Province.

Pretty 18-year-old Margaret, you remember, was crowned queen of the Pacific National exhibition last year. Since then she has had offers from Hollywood that might have led her to movie stardom.

But the glitter and glamor of the movie colony hasn't turned this girl's head. She was brought up in small towns, she says, and that's where she wants to live. She just doesn't think she would fit in and she has turned Hollywood down.

Most of us, like Margaret, are small-townners at heart. We like the freedom of anonymity, the corner-store atmosphere in our lives.

It's nice to know that there are still girls like Margaret, girls with a good sense of values as well as lots of charm. We like our own daughters that way too.

# Services in the Church

## DIRECTORY

Services in all churches at 11 a.m. and 7:30 p.m.; Sunday School at 12:15 except as shown.

**ANGELICAN CATHEDRAL**  
4th Ave. W. at Dunsinuir St.

## SATURDAY SERMON

(Rev. Canon Basil S. Procter, St. Andrew's Cathedral)

### GHOSTS AND COARSENESS

There are two things which have been characteristic of human beings from the earliest that we know anything about and they are that they see their own bodies and bodily functions as either funny or objectionable and that they find the dead uncanny. To dismiss these two things just because they were primitive gets us nowhere. Why were they primitive and, further, why do they persist? From the naturalistic point of view, a dog is even more primitive than the most primitive man but it is not apparent to us that the dog sees anything funny in being a dog.

There may be nothing funny to an angel about being an angel.

But to be incapable of laughing at a naughty story or getting a shudder out of a ghost story is for us to be less than human. And the fact that we regard these things as bad human characteristics (if we do) will not alter our basic situation in this regard. It is the opinion of one of the best authors of our time that here we have the clue which gives us the best possible starting point for Christian belief.

The reason why we make coarse jokes and have an innate sense of horror about corpses and such is that the spirit of man is out of step with his natural self, and nothing that we can do ourselves by education, discipline or any kind of turning to the right or the left can alter this. Man is a strange being to himself and he finds

## FOOTBALL— Battery Wins Easy Victory

Trounces Canadian Legion  
By Score of 5 to Nil

Heavy Battery trounced a game but ineffective Canadian Legion eleven by a score of five goals to nil in last night's Football League fixture. The game was well-contested during the first half, the interval score being one goal to nil for Battery.

After the interval, relentless Battery pressure reduced the Legion defence and the Army rammed home four more goals without reply from the Legionnaires.

Battery won the toss and decided to play uphill. Armstrong

started off the Legion attack and quickly forced an abortive corner. Battery defenders took charge, however, and quickly shifted the play into the Legion half but Pavlikis finished weakly as Krause cleared. Then Armstrong had a chance when Dunbar missed but Ferguson covered up and cleared. Play moved quickly to the other end where J. Eby headed clear. D. Gomez's long shot and Krause caught and cleared a stinger from Pavlikis. Seconds later Krause was called upon again as the leather rebounded dangerously off the bar. Battery continued their forcing ways, but Legion finally broke loose. A neat Armstrong to Baxter move was stopped by Dunbar. Then D. Gomez made a good run and finished well with a hard shot which the Legion custodian handled nicely. Battery regained possession and although a Veitch to Parkhouse combination was spoiled by Krause, Pavlikis grabbed the loose ball and deposited the sphere in the net to put the Battery one goal up. Murray was stopped. Then play moved quickly to the other end where Krause came out to stop Pavlikis. Alexander stopped Ward. Legion then moved to the attack but Baxter's high cross, intended for Armstrong, was punched clear by Morgan with Dunbar and Ferguson clearing the ball. D. Gomez's free kick was headed against the bar by Pavlikis and Krause had to be good to punch clear. Legion defenders were tangled but managed to clear their lines. Aird and Baxter were neat but ineffective as Dunbar broke up the play and cleared strongly. Vuckovich and Pavlikis moved forward but F. Eby broke up the play. Baxter's long shot was easily cleared by Morgan. Aird snared a rebound, but Ferguson blocked the attack. Krause was kept busy as Battery moved up again. Drives by Vuckovich and then by Ward required his attention. Then Pavlikis gave Vuckovich a great chance, but the opportunity was completely muffed and the interval arrived with the Battery leading by one goal to nil.

With the resumption of play, Battery, with the wind and hill in their favor, moved to the attack. Parkhouse was nearly through. Then a Veitch to Vuckovich move was stopped in time. The Legion defence was now hard pressed as Pavlikis

## Today in Sports ★ ★ ★ ★ ★ ★ McLAUGHLAN BEATS POTVIN IN CIVIC CENTRE WRESTLING

Jack (The Cat) McLaughlan grappled and grunted assiduously in the Civic Centre gymnasium last night in violent encounter with Tarzan (The Villian) Potvin and proved to a crowd of 400 wrestling fans that his title of junior coast heavyweight wrestling champion is a distinction that he will not have trifled with even in non-title competition.

He flattened Potvin, who was cast as the villain in strenuous drama, for his second fall in the fifth of six 10-minute rounds of what was one of the most colorful wrestling bouts ever to be put on in the Civic Centre here.

The two Vancouver fighters, both fast and agile, maintained constant action throughout the battle, thereby earning the benison of the crowd. Potvin, swarthy and bald, gave them ample opportunity to hiss and boo while McLaughlan, his crisp, curly hair figuratively embraced by a shining halo, fought heroically against Potvin's subtle skullduggery.

The first two rounds provided plenty of action, but no official falls. McLaughlan pinned Potvin's shoulders half way through the third round and was himself pinned in the fourth.

McLaughlan's winning fall was performed in the fifth round, despite Potvin's annoying habit of using the ropes and several other unethical plays which earned him disapproving lectures from George Pavich, the highly critical referee.

McLaughlan weighed in at 186 pounds and Potvin at 190. Referee Pavich survived nicely. At no time was his safety threatened, probably because he is a wrestler himself and outweighed both contenders by at least 40 pounds.

### BOXING BOUTS

Canadian Legion Athletic Club was responsible for an interesting card of seven boxing bouts which preceded the wrestling headliner. Highlight of this card was a bout between Rocky Sinclair, 130, of Stave Lake, Alberta, and Mike Rapzoy, 155, of Prince Rupert. The fast, hard-hitting encounter resulted in Sinclair receiving the judge's decision.

A note for future reference was marked down by Announcer Art Murray who relayed to the fans a challenge by Richard Morgan of Kitwanga to meet Sinclair in the next fight card at the Civic Centre.

Morgan, 148, a clean-fighting Indian lad, took a decision over Bobby Scharff. Throughout this fight, Morgan was the aggressor and the decision was a popular one with the fans.

Results of the other bouts: Charles Place, 127, won a decision over Bill Morrison, 132, of Saskatchewan. Donny Hewick, 90, King Edward School, won decision over Arthur Turcotte, 84, of Annunciation School.

Danny Newfield, 100, Borden Street School, took decision from Mike Clark, 85, of Borden Street in a fast, hard-hitting bout. Dick Bury, 67, Annunciation School, fought to a draw with Billy Watmough, 67, Borden Street.

Bobby Smith, 44, fought to a draw with Billy Saunders, 47. Judges were Jack Judge and George Howe. Bob Cameron was timekeeper and Russ Gatzke was referee.

## "NEOLITE for happy, healthy feet"

—WRITES THIS HOSPITAL NURSE

NEOLITE IS MY CHOICE  
FOR COMFORT  
AND SERVICE!

Foot health and comfort are all important for a nurse, because she's on her feet all day long, day after day. Miss Delaney found that sure-footed, flexible NEOLITE remained gloriously comfortable and healthful, even after many months of wear. What's more, her NEOLITE-soled shoes were still in first-class condition when the leather-soled pair were scuffed and worn.

You, too, can make your shoe dollars do double duty! Ask for NEOLITE soles on new shoes and resoles for all the family. They're light, waterproof, healthful and amazingly comfortable!

## PLAY BALL

### The Week's Wash—

Fans who stayed home from Tuesday night's league game missed the worst game of the year. It was a stinkeroo. But then they have them even in the Big Leagues—so why should we be different? Merchants, who played so horribly, bounced right back on Thursday and gave the Commercial one of the toughest battles of the season. No small credit is due Joe Davis for the Merchants' reversal of form. He makes playing first base look so easy you'd think your grandmother could do it. He gives the infield lots of confidence and when he does get a bad throw, he usually makes it look good. He will add needed power to the batting order too—so from now on the Merchants should give the other two teams some trouble.

## Salt Lake Ferry Daily Service Except Monday

## Soccer Schedule

Schedule for the North Star Trophy football series is as follows:

July 18—General Motors vs. Canadian Legion.

## FIVE TENDERS ON BUILDING

Five tenders for the reconstruction work on the former naval wardroom building off First Avenue, which has been acquired by the Canadian Legion and will be used as its headquarters and clubrooms, have been submitted. Final consultation is being made with the architect, J. H. Harvey of Vancouver, and announcement of the letting of the contract is expected within the next few days.

The executive of the Legion is carrying on essential business without regular monthly general meetings during the summer and it was in session this week to consider routine matters.

of life's comforts and consolers

Prince Rupert's natural advantages are being more clearly shown every day. A glance at the map is all that's needed, if one is interested in distances, and centralization. And if further proof were needed, think over the trend of the times, and look around you.

ADVERTISE IN THE DAILY NEWS FOR BEST RESULTS

**It won't be long now!**

No, sir; this is my last shift. I'll be pensioned when I walk through these gates tonight.

Forty years ago last Saturday, I joined Cominco\*—May 10, 1909. A pretty small company it was in those days—a few buildings perched up on the banks of the Columbia River and the Manager wondering from day to day how long it would keep going.

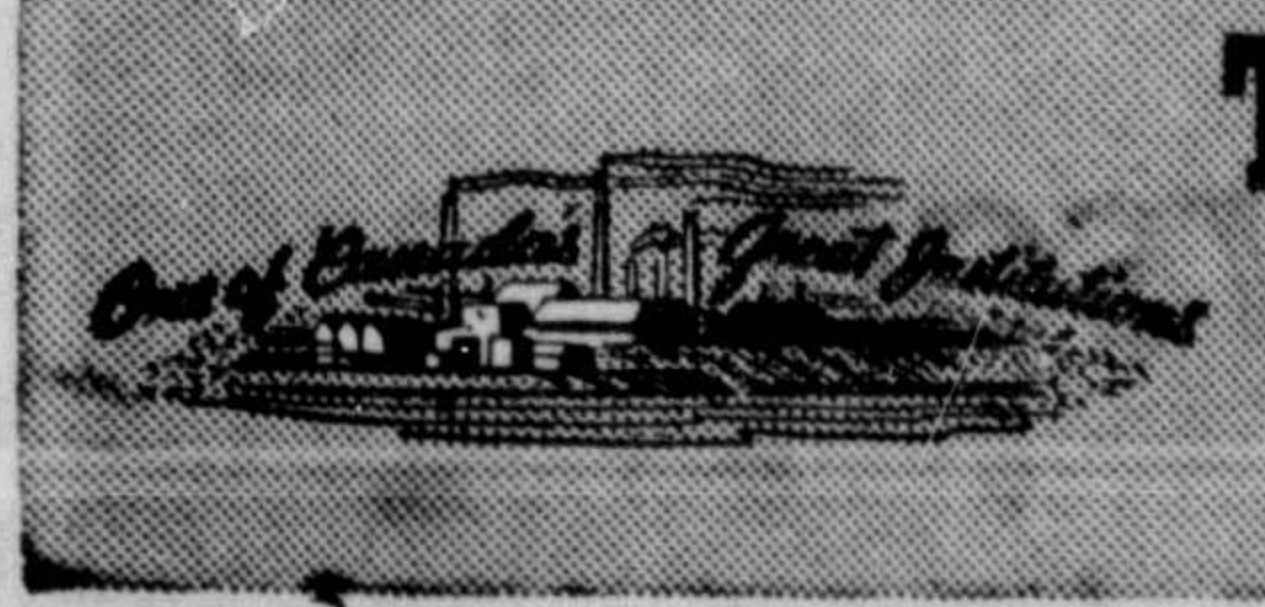

Well, it did, and today with an output of thousands of tons of metal and fertilizers, it's one of the biggest companies of its kind in the world. A good place to work too, at least I thought so or believe me, I wouldn't have stayed with it.

Now, I'm about to lead a life of leisure and do some of the things I've always longed to do.

We'll get along alright, the wife and I. Saved a bit over the years, got a few shares of company stock and now my Cominco pension—things don't look too bad.

I'm glad I stayed with Cominco—they encourage young men to stay in B.C. and make their career with the company.

Well—see you fellows fishing sometime!"

## Waterfront -- Whiffs

### Prince Rupert Dominant Halibut Port —Seiners Are Active Down Coast— Essington and Alberni Off Pontoons

The 1949 halibut season on the Pacific coast closed this week, ending a profitable period which saw almost 15,000,000 pounds of that type of fish landed here between May 1 and July 12. Last of the Area Three boats will land catches here at the week-end or early next week.

As usual, Prince Rupert was the dominant port in the halibut industry. Port facilities here handled 7,500,000 pounds of fish from Area Two which is 27 per cent of the quota allowed from that area.

Total landings here from both areas were 14,665,000 pounds, according to preliminary figures, bulk of which was from Canadian boats. A departure from immediate former years was the fact that a very small portion of this year's landings came from the camps. Most of it came from the regular fleet.

Canadian landings from Area Two totalled 6,850,000 pounds while American landings were 650,000 pounds. Percentage of American landings from Area Three at this port, however, was far greater. Area Three landings here were 7,165,000 pounds.

Gillnet fishing on the Skeena and Naas rivers this week maintained a volume similar to the previous week. Boats on the Skeena averaged 28 fish a day throughout the week, while on the Naas the daily average was a little lower—23 fish.

About 85 seine boats are concentrating in the Whale Channel and Wright Sound area after starting operations at the first of the week. Reports on their catches say that they have been getting 150 pinks, 25 sockeye, 25 chums and 20 coho per day. Seining in the Butedale area closed Thursday night—24 hours early for the week-end. The closure was placed in effect on account of the number of boats which have been concentrating in the area.

Salmon purse seining in the Naas waters, known as fisheries Area Three, will open at midnight, Sunday.

First pulp tow to leave the Prince Rupert district this season—a Davis raft composed of approximately 1,000,000 board feet of logs—was taken out of the harbor this week by the tug D.B.M. under command of Capt. I. Forsyth. It will be delivered to Northern Pulpwood Co. of Ocean Falls, which is the logging subsidiary of Pacific Mills. The logs were supplied by local contractors who got off to a late start this season because of a severe winter and poor spring. Operations are well under way now, however, and a fair season is anticipated. Arthur Johnson is local agent for Northern Pulpwood Ltd.

**MYSTERY OF ALBERNI**  
Two government vessels, which have been on the pontoons at the dry dock were refloated this week after substantial repair jobs. The snag boat Essington, which has undergone a major planking job to her flat-bottomed hull, took her trial run on Thursday in the harbor

and will soon be on the Skeena and Naas rivers clearing navigation channels. The Essington had a number of planks on her bottom replaced and general hull repairs. Some of the material replaced has been in the boat since built at the dry dock in 1931.

Second boat to come off the pontoons was the government lighthouse tender Alberni, which was brought here after she was beached on Calvert Island more than a month ago. Cause of her near-sinking was a section of plate, about the size of a saucer, which came out of the centre of a hull plate on the starboard side, just forward of the engine room.

Just what could cause a part of the hull plate to wear thin and drop out is apparently beyond explanation by her skipper, Capt. Joe Peterson, and the underwriters' surveyors. Suggestion that electrolysis might have been the cause have been discounted because the Alberni is fitted with zinc conductors to eliminate that.

The weekly sailing of the Union steamer Coquitlam from Vancouver to Prince Rupert and the south Islands did not take place this week because the vessel is receiving repairs at Vancouver to damage done when she went aground in Masset Inlet last week-end.

Two tourist boats were in port Friday. The Princess Louise, Capt. W. C. Hubert, carried a capacity list north to the Alaska ports, arriving here shortly before noon. The Canadian National cruise ship, Prince George, Capt. Ernest Caldwell, docked at

**BISLEY THREAT**—Capt. G. J. Gamble of Winnipeg, who took high honors in the Dominion of Canada Rifle Association shoot at Connaught Ranges near Ottawa last year, is one of the top Canadian threats in the Bisley competition now under way in England. (C. P. Photo)

7 p.m., southbound. She sailed north from here last Sunday.

Making a special run to south Queen Charlotte Island points with freight and mails during the absence of the steamer Coquitlam, now in Vancouver for repairs following a recent stranding, Frank Waterhouse freighter Island King, Capt. W. McCartney, will leave here Monday night at 6 o'clock. The vessel is now on her way north with freight for waypoints. At the end of next week the Chilkoot, Capt. Mike Uldall, largest vessel of the Frank Waterhouse line, will be here enroute to Masset Inlet.
